**Forward-Looking Statements**

This Current Report on Form 8-K/A may contain forward looking statements. Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. Sentences containing words such as believe, intend, may, expect, should, anticipate, plan, estimate, predict, project, or their negatives, or other similar expressions generally should be considered forward-looking statements. The Company cautions readers that various factors could cause the actual results of the Company to differ materially from those indicated by forward-looking statements. Accordingly, investors should not place undue reliance on forward-looking statements as a prediction of actual results. Among the factors that could cause the actual results to differ materially from those indicated in the forward-looking statements are risks and uncertainties related to: an economic slowdown in the markets we serve, the risk of doing business in international markets, a decrease in freight or passenger rail traffic, sustained declines in energy prices, a lack of state or federal funding for new infrastructure projects, increased regulation including conflict minerals, an increase in manufacturing or material costs, our ability to effectuate our strategy including evaluating potential opportunities such as strategic acquisitions, joint ventures, and other initiatives, and our ability to effectively integrate new businesses and realize anticipated benefits, the timeliness and availability of material from major suppliers, labor disputes, the impact of competition, variances in current accounting estimates and their ultimate outcomes, the seasonality of the Company s business, the adequacy of internal and external sources of funds to meet financing needs, the Company s ability to curb its working capital requirements and manage indebtedness, domestic and international income taxes, foreign currency fluctuations, inflation, the ultimate number of concrete ties that will have to be replaced pursuant to product warranty claims, an overall resolution of the related contract claims, the outcome of a lawsuit filed by Union Pacific Railroad as well as a reduction of future business with the Union Pacific Railroad, risk inherent in litigation, and domestic and foreign governmental regulations. Should one or more of these risks or uncertainties materialize, or should the assumptions underlying the forward-looking statements prove incorrect, actual outcomes could vary materially from those indicated. The risks and uncertainties that may affect the operations, performance and results of the Company s business and forward-looking statements include, but are not limited to, those set forth under Item 1A, Risk Factors section of our Annual Report on Form 10-K and our other periodic filings with the Securities and Exchange Commission.
