#### **InSite Post**

This is an exciting day at LogMeIn. We've announced that we have entered into a definitive merger agreement for LogMeIn to combine with Citrix's GoTo family of products. This transaction marks the beginning of what we see as an amazing new chapter for our company. Together we'll become one of the world's top 10 SaaS companies—a market leader with over \$1 billion in revenue, nearly 3,000 employees and more than two million customers in virtually every country across the globe.

Each office will host its own employee meeting, with the exception of offices in the United States, which will host one combined meeting. We've also created a dedicated new channel on InSite called **LogMeIn & GoTo**, intended to keep you informed of transaction details and progress. Check out the new section, as well as a quick video message from Bill on today's announcement:
