Purchase Agreement

On December 6, 2016, Parsley Energy, LLC (Parsley LLC), Parsley Finance Corp. (Finance Corp. and together with Parsley LLC, the Issuers) and certain subsidiaries of Parsley LLC (the Guarantors), entered into a purchase agreement (the Purchase Agreement) with Credit Suisse Securities (USA) LLC, as Representative of the several initial purchasers named therein (the Initial Purchasers), in connection with an offering (the Notes Offering) of \$650 million in aggregate principal amount of 5.375% senior unsecured notes due 2025 (the 2025 Notes). The Company expects the net proceeds from the Notes Offering to be approximately \$644.1 million, after deducting estimated fees and expenses, but disregarding accrued interest. The Company intends to use a portion of the net proceeds from the Notes Offering to repurchase for cash any and all of the Issuers' outstanding 7.500% senior unsecured notes due 2022 (the 2022 Notes) pursuant to a tender offer (the Tender Offer), pay fees and expenses thereof and, at its option, redeem any of the 2022 Notes that remain outstanding thereafter, and the remaining net proceeds for general corporate purposes, including potential future acquisitions. The Notes Offering is not conditioned on the consummation of the Tender Offer. The Tender Offer is conditioned on, among other things, the Notes Offering.

The 2025 Notes were issued and sold to the Initial Purchasers pursuant to an exemption from the registration requirements of the Securities Act, pursuant to Section 4(a)(2) thereunder. The Initial Purchasers intend to resell the 2025 Notes only to qualified institutional buyers in accordance with Rule 144A under the Securities Act and to certain persons outside the United States in accordance with Regulation S under the Securities Act. The 2025 Notes and related guarantees have not been registered under the Securities Act or applicable state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state laws.

The Purchase Agreement contains customary representations, warranties and agreements by the Issuers and the Guarantors and customary conditions to closing, obligations of the parties and termination provisions. Additionally, the Issuers and the Guarantors have agreed to indemnify the Initial Purchasers against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the Initial Purchasers may be required to make because of any of those liabilities. Furthermore, the Issuers and the Guarantors have agreed with the Initial Purchasers not to offer or sell any debt securities issued or guaranteed by the Issuers or the Guarantors having more than one year until maturity (or securities convertible into or exchangeable for the 2025 Notes or the guarantees thereof) for a period of 45 days after the date of the Purchase Agreement without the prior written consent of the Representative.

The Initial Purchasers and their respective affiliates have from time to time performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for the Issuers and their affiliates in the ordinary course of business for which they received and would receive customary compensation. In addition, in the ordinary course of their various business activities, the Initial Purchasers and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investments and securities activities may involve securities and/or instruments of the Issuers and their affiliates.

The foregoing description of the Purchase Agreement is qualified in its entirety by reference to such Purchase Agreement, a copy of which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.
