PRELIMINARY PROXY STATEMENT/PROSPECTUS

SUBJECT TO COMPLETION, DATED AUGUST 28, 2017

**WOLVERINE BANCORP, INC.
MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT**

On June 13, 2017, the boards of directors of Wolverine Bancorp, Inc. (Wolverine) and Horizon Bancorp (Horizon) approved an Agreement and Plan of Merger (the Merger Agreement) that provides for Wolverine to merge with and into Horizon. Immediately following the merger, Wolverine Bank, the wholly-owned subsidiary of Wolverine, will merge with and into Horizon Bank, the wholly-owned subsidiary of Horizon, with Horizon Bank as the surviving entity.

If the merger is completed, each outstanding share of Wolverine common stock (other than shares then held of record by Horizon, shares held as treasury shares of Wolverine, and certain shares held by the Wolverine Bank employee stock ownership plan) will be converted into the right to receive 1.0152 shares of Horizon common stock (subject to certain adjustments as described in the Merger Agreement), and \$14.00 in cash. Each Wolverine stockholder also will receive cash in lieu of any fractional shares of Horizon common stock that such stockholder would otherwise receive in the merger. Additionally, as described in more detail elsewhere in this proxy statement/prospectus, under the terms of the Merger Agreement, Wolverine would have the right to terminate the Merger Agreement during the five-day period following the date on which all regulatory approvals and other approvals required for the merger are received if Horizon's average common stock closing price over a specified period of time decreases below \$23.02 per share, and the decrease is more than 15% than the corresponding percentage performance of the SNL Small Cap U.S. Bank and Thrift Index during the same period. If Wolverine elects to exercise its termination right, Horizon has the right to prevent Wolverine's termination under these circumstances by agreeing to increase the exchange ratio pursuant to a formula set forth in the Merger Agreement.

Subject to the adjustments described in the Merger Agreement and based on Horizon's closing stock price of \$25.78 on August 24, 2017, the value of the aggregate consideration that Wolverine's stockholders will receive in the merger is approximately \$88.1 million. The boards of directors of both Wolverine and Horizon believe that the merger is in the best interests of each of their respective companies and shareholders.

Horizon's common stock is traded on the NASDAQ Global Select Market under the trading symbol HBNC. On June 13, 2017, the last day prior to the public announcement of the merger, the closing price of a share of Horizon common stock was \$27.50, which based on the 1.0152 exchange ratio and \$14.00 per share cash consideration, represented an implied value of \$41.92 per share of Wolverine common stock. On August 24, 2017, the latest practicable date before the date of this document, the closing price of a share of Horizon common stock was \$25.78,

which based on the exchange ratio and per share cash consideration, represented an implied value of \$40.17 per share of Wolverine common stock. Wolverine's common stock is traded on the NASDAQ Capital Market under the trading symbol WBKC. On June 13, 2017, the closing price of a share of Wolverine common stock was \$31.95. On August 24, 2017, the closing price of a share of Wolverine common stock was \$39.57.

Your vote is very important. We cannot complete the merger unless the stockholders of Wolverine approve the Merger Agreement and the merger. This document is a proxy statement that Wolverine is using to solicit proxies for use at its special meeting of stockholders to be held on October 3, 2017 to vote on the Merger Agreement and the merger. This document also serves as a prospectus relating to Horizon's issuance of up to 2,322,327 shares of Horizon common stock in connection with the merger. This proxy statement/prospectus describes the Wolverine special meeting, the merger proposal, and other related matters.

Wolverine's board of directors has determined that the merger is advisable and in the best interests of Wolverine, and the Wolverine board of directors unanimously recommends that the Wolverine stockholders vote FOR the approval and adoption of the Merger Agreement and FOR the approval of the other proposals described in this proxy statement/prospectus.

You should carefully read this entire proxy statement/prospectus, including the appendices hereto and the documents incorporated by reference herein, because it contains important information about the merger and the related transactions. **In particular, you should carefully read the information under the section entitled Risk Factors beginning on page 19.** You can also obtain information about Horizon and Wolverine from documents that each has filed with the Securities and Exchange Commission.

QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SPECIAL MEETING

Q: Why am I receiving these materials?

A: Horizon Bancorp (Horizon) is proposing to acquire Wolverine Bancorp, Inc. (Wolverine) in a transaction where Wolverine will merge with and into Horizon. Horizon would be the surviving entity in the merger, and Wolverine would cease to exist. Immediately following the merger, Wolverine Bank, Wolverine's wholly-owned federally-chartered savings bank subsidiary, will merge with and into Horizon Bank, Horizon's wholly-owned Indiana state-chartered commercial bank subsidiary, with Horizon Bank being the surviving entity (the Bank Merger).

In order to complete the merger of Wolverine with and into Horizon, the stockholders of Wolverine must vote to approve and adopt the Merger Agreement. Wolverine will hold a special meeting of its stockholders to solicit this approval, as well as solicit approvals on other merger-related matters. This proxy statement/prospectus contains important information about the merger, the Merger Agreement, a copy of which is attached as Appendix A to this proxy statement/prospectus, the special meeting of Wolverine stockholders, and other related matters, and we encourage you to read it carefully.

Q: What will Wolverine's stockholders be voting on at the special stockholders meeting?

A: At the special meeting of stockholders of Wolverine (the Special Meeting), Wolverine's stockholders will be asked to vote to (i) approve and adopt the Merger Agreement and the merger, (ii) approve, on a non-binding advisory basis, the compensation payable to the named executive officers of Wolverine in connection with the merger (the Merger-Related Compensation Proposal), and (iii) approve a proposal of the Wolverine board of directors to adjourn or postpone the Special Meeting, if necessary, to solicit additional proxies if there are not sufficient votes, in person or by proxy, to approve any of these items (the Adjournment Proposal).

Q: How does the Wolverine board of directors recommend that I vote at the Special Meeting?

A: The Wolverine board of directors unanimously recommends that Wolverine's stockholders vote **FOR** the approval and adoption of the Merger Agreement and the merger, **FOR** the approval of the Merger-Related Compensation Proposal, and **FOR** the approval of the Adjournment Proposal.

Q: What will Wolverine's stockholders receive in the merger?

A: If the merger is completed, each share of Wolverine common stock will be converted into the right to receive (i) 1.0152 shares of Horizon common stock (subject to certain adjustments as described in the Merger Agreement) (the exchange ratio), and (ii) \$14.00 in cash (the cash consideration). We refer to the cash consideration and the exchange ratio collectively as the merger consideration. Because the exchange ratio for the stock consideration is

fixed, the value of the stock consideration will fluctuate with the market price of Horizon's common stock. Accordingly, any change in the market price of Horizon's common stock prior to the completion of the merger will affect the market value of the merger consideration ultimately received by Wolverine's stockholders at the time of the merger.

The exchange ratio is subject to adjustment as follows:

if prior to the effective time of the merger, Horizon changes the number of shares of Horizon common stock outstanding by way of a stock split, stock dividend, recapitalization, reclassification, or similar transaction, or if Horizon establishes a record date for such a change, the exchange ratio will be adjusted accordingly so that each stockholder of Wolverine receives at the effective time, in the aggregate, the number of shares of Horizon common stock representing the same percentage of the outstanding shares of Horizon common stock that they would have received if such change had not occurred; or

if Wolverine elects to terminate the Merger Agreement because the average closing price of Horizon's common stock is less than \$23.02 for the 15 consecutive trading days before the date of the receipt of

Table of Contents

the approvals and consents necessary to consummate the merger (excluding any waiting periods applicable to regulatory applications), and if the decline in Horizon's share price is more than 15% than the corresponding percentage performance of the SNL Small Cap U.S. Bank and Thrift Index over the same time period, Horizon may elect to negate Wolverine's termination by increasing the exchange ratio pursuant to the formula specified in the Merger Agreement. See *The Merger Agreement – Merger Consideration* beginning on page 60.

In lieu of any fractional shares of Horizon common stock, Horizon also will pay each Wolverine stockholder who holds fractional shares an amount in cash equal to such fraction multiplied by the average per share closing price of a share of Horizon common stock as quoted on the NASDAQ Global Select Market during the 15 consecutive trading days preceding the second business day prior to the closing of the merger on which such shares were actually traded.

Q: Why is my vote important?

A: If you do not vote by proxy or in person at the Special Meeting, it will be more difficult for Wolverine to obtain the necessary quorum to hold the Special Meeting. In addition, if you fail to vote it will have the same effect as a vote *against* the approval of the Merger Agreement and the merger. The Merger Agreement and the merger must be approved and adopted by the holders of a majority of the issued and outstanding shares of Wolverine common stock entitled to vote at the Special Meeting.

Q: Why do Wolverine and Horizon want to merge?

A: The Wolverine board of directors, in unanimously determining that the merger is in the best interests of Wolverine and its stockholders, considered a number of key factors that are described under the heading entitled *The Merger – Wolverine's Reasons for the Merger; Board Recommendation* beginning on page 38. Additionally, Horizon's board of directors believes that combining Wolverine and Horizon will create a stronger Midwestern banking franchise. The merger will give the combined company greater scale, not only for serving existing customers more efficiently but also for future expansion. Horizon's board believes Horizon and Wolverine have similar, community-oriented philosophies, and the merger is expected to give Horizon a stronger presence in current and new markets. For additional information regarding Horizon's reasons for the merger, see *The Merger – Horizon's Reasons for the Merger* beginning on page 41.

Q: What is the value of the per share merger consideration?

A: On June 13, 2017, which is the last business day on which shares of Horizon common stock traded preceding the public announcement of the proposed merger, the closing price of a share of Horizon common stock was \$27.50, which, after giving effect to the 1.0152 exchange ratio and the cash consideration of \$14.00 per share, results in an implied value of approximately \$41.92 per Wolverine share. As of August 24, 2017, the most reasonably practicable date before the date of this proxy statement/prospectus, the closing price of a share of Horizon common stock was \$25.78, which, after giving effect to the exchange ratio and cash consideration, results in an implied value of

approximately \$40.17 per Wolverine share.

Q: What are the vote requirements to approve the matters that will be considered at the Special Meeting?

A: At the Special Meeting, the affirmative vote of holders of a majority of the issued and outstanding shares of Wolverine common stock is required to approve and adopt the Merger Agreement and the merger. The advisory vote on the Merger-Related Compensation Proposal and the vote on the Adjournment Proposal each require more votes to be cast in favor of the proposal than are cast against it.

Q: Who can vote at the Special Meeting?

A: All holders of record of Wolverine common stock as of the close of business on August 10, 2017, the record date for the Special Meeting, are entitled to receive notice of, and to vote at, the Special Meeting, or any postponement or adjournment of the Special Meeting scheduled in accordance with Maryland law.

Table of Contents

Q: Why am I being asked to cast a non-binding advisory vote on the Merger-Related Compensation Proposal?

A: The rules of the Securities and Exchange Commission (the SEC) require Wolverine to seek an advisory (non-binding) vote with respect to certain payments to be made to Wolverine's named executive officers in connection with the merger.

Q: What will happen if Wolverine's stockholders do not approve the Merger-Related Compensation Proposal at the Special Meeting?

A: Approval of the Merger-Related Compensation Proposal is not a condition to the completion of the merger. The vote with respect to the Merger-Related Compensation Proposal is an advisory vote and will not be binding on Wolverine (or Horizon following the merger). Accordingly, as such compensation is contractual, such compensation will become payable if the merger is completed regardless of the outcome of the advisory vote.

Q: What do I need to do now?

A: After you have carefully read this proxy statement/prospectus and have decided how you wish to vote your shares, please vote your shares promptly. You may vote in one of four ways: (1) by mail (by completing and signing the proxy card that accompanies this proxy statement/prospectus); (2) by telephone; (3) by using the Internet; or (4) in person (by either delivering the completed proxy card or by casting a ballot if attending the Special Meeting). It is important that you vote as soon as possible so that your shares can be voted at the Special Meeting.

If you hold your stock through a bank or broker (commonly referred to as held in street name), you may direct your bank or broker to vote in accordance with the instructions you have received from your bank or broker. Voting by proxy or directing your bank or broker to vote your shares will ensure that your shares are represented and voted at the Special Meeting.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: If you hold Wolverine shares in street name with a broker, your broker will not be able to vote your shares without instructions from you. You should contact your broker and ask what directions your broker will need from you. If you hold Wolverine shares in street name with a broker and you do not provide instructions to your broker on how to vote, your broker will not be able to vote your shares. This will have the same practical effect as a vote AGAINST approval and adoption of the Merger Agreement and the merger, but will have no impact on the Merger-Related Compensation Proposal or the Adjournment Proposal.

Q: Can I attend the Special Meeting and vote my shares in person?

A: Yes. All Wolverine stockholders are invited to attend the Special Meeting. If you are a Wolverine stockholder of record, you can vote in person at the Special Meeting. If you hold Wolverine shares in street name through a bank, broker, or other nominee, then you must obtain a legal proxy from the holder of record by contacting your bank, broker, or other nominee to vote your shares in person at the Special Meeting. If you plan to attend the Special Meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership and you must bring a form of personal photo identification with you in order to be admitted. Wolverine reserves the right to refuse admittance to anyone without proper proof of share ownership and without proper photo identification.

Q: What happens if I do not vote?

A: Because the required vote of Wolverine's stockholders to approve the Merger Agreement is based upon the number of issued and outstanding shares of Wolverine common stock entitled to vote rather than upon the number of shares actually voted, abstentions from voting and broker non-votes will have the same practical effect as a vote AGAINST the approval and adoption of the Merger Agreement, but will have no effect on the Merger-Related Compensation proposal or the Adjournment Proposal. If you return a properly

Table of Contents

signed proxy card but do not indicate how you want to vote, your proxy will be counted as a vote FOR the approval and adoption of the Merger Agreement and the merger.

Q: Can I change my vote before the Special Meeting?

A: Yes. If you are a Wolverine stockholder of record, there are three ways for you to revoke your proxy and change your vote. First, you may send written notice to Wolverine's Corporate Secretary before the Special Meeting stating that you would like to revoke your proxy. Second, you may complete and submit a new proxy card before the Special Meeting that is dated later than the date of your prior proxy card. If you submitted your proxy by Internet or by telephone, you can change your vote by voting over the Internet or by telephone. Third, you may vote in person at the Special Meeting. Merely being present at the Special Meeting, without voting at the meeting, will not constitute a revocation of a previously given proxy. If you hold your shares in street name with a bank or broker, you must follow the directions you receive from your bank or broker to change your vote.

Q: How do I vote shares held in Wolverine's Employee Stock Ownership Plan and the Wolverine Bank 401(k) Plan?

A: Wolverine maintains the Wolverine Bank Employee Stock Ownership Plan (the Wolverine Bank ESOP) that owns approximately 187,252 shares of Wolverine's common stock. Each participant will instruct the Wolverine Bank ESOP trustee, Pentegra Trust Company, how to vote the shares of Wolverine common stock allocated to his or her account under the Wolverine Bank ESOP. The Wolverine Bank ESOP trustee will vote unallocated shares of common stock and allocated shares for which voting instructions are not timely received in the same proportion as the allocated shares for which it has received timely voting instructions. A participant in the Wolverine Bank 401(k) Plan (the 401(k) Plan) is entitled to direct the 401(k) Plan trustee as to the shares in the Wolverine Bancorp, Inc. Stock Fund credited to his or her account. The 401(k) Plan trustee will vote all shares for which no directions are given or for which instructions were not timely received in the same proportion as shares for which the 401(k) Plan trustee received voting instructions. A participant in either the Wolverine Bank ESOP or the 401(k) Plan will need to vote by mail (by completing and signing the instruction card that accompanies this proxy statement/prospectus). A participant must return his or her instruction card to the ESOP trustee or 401(k) Plan trustee by 5:00 p.m. on September 26, 2017 in order to instruct the respective trustee how to vote such Wolverine shares.

If a participant properly executes the instruction card distributed by the trustee, the trustee will vote such participant's shares in accordance with the participant's instructions. Where properly executed instruction cards are returned to the trustee with no specific instruction as to how to vote at the Special Meeting, the trustee will vote shares FOR the approval and adoption of the Merger Agreement and the merger, FOR the Merger-Related Compensation Proposal, and FOR the Adjournment Proposal.

Q: Will Horizon's stockholders receive any shares or cash as a result of the merger?

A: No, Horizon's stockholders will not receive any cash or shares in the merger.

Q: When do you currently expect to complete the merger?

A: We expect to complete the merger early in the fourth quarter of 2017. However, we cannot assure you when or if the merger will occur. Wolverine's stockholders first must approve the Merger Agreement, among other things, before we are able to close the merger.

Q: Do Wolverine's stockholders have appraisal rights?

A: No. Under the Maryland General Corporation Law, the stockholders of Wolverine do not have appraisal rights with respect to the merger.

Q: What risks should I consider before I vote on the Merger Agreement?

A: You should read and carefully consider the risk factors set forth in the section entitled *Risk Factors* beginning on page 19 of this proxy statement/prospectus. You also should read and carefully consider the

Table of Contents

risk factors of Horizon contained in the documents that are incorporated by reference into this proxy statement/prospectus. See the section entitled *Where You Can Find More Information* beginning on page 151 of this proxy statement/prospectus.

Q: Should I send in my Wolverine stock certificates now?

A: No. Within five business days after the completion of the merger, you will receive a letter of transmittal describing how you may exchange your shares for the merger consideration and surrender your Wolverine stock certificates. At that time, you must send your completed letter of transmittal to Horizon's exchange agent named in the letter of transmittal in order to receive the merger consideration. You should not send your Wolverine stock certificates until you receive the letter of transmittal.

Q: What are the tax consequences of the merger to Wolverine's stockholders?

A: Horizon and Wolverine expect the merger to qualify as a reorganization within the meaning of Section 368(a) of the Code for U.S. federal income tax purposes. If the merger qualifies as a reorganization, then, in general, for U.S. federal income tax purposes: (1) a holder of Wolverine common stock generally will recognize gain, but not loss, in an amount equal to the lesser of the amount of cash received, or the amount of gain realized in the merger where the amount of such realized gain will equal the amount by which (a) the cash plus the fair market value of the Horizon common stock received, exceeds (b) the holder's aggregate adjusted tax basis in the Wolverine common stock; and (2) a holder of Wolverine common stock will recognize gain or loss, if any, on any fractional share of Horizon common stock for which cash is received equal to the difference between the amount of cash received and the holder's allocable tax basis in the fractional share. At the closing, Horizon and Wolverine are each to receive an opinion confirming these tax consequences. See *Material Federal Income Tax Consequences* beginning on page 85.

Your tax consequences will depend on your personal situation. You should consult your tax advisor for a full understanding of the tax consequences of the merger to you.

Q: What happens if the merger is not completed?

A: If the merger is not completed, Wolverine stockholders will not receive any consideration for their shares of Wolverine common stock in connection with the merger. Instead, Wolverine will remain an independent public company, and its common stock will continue to be listed and traded on the NASDAQ. Under specified circumstances, Wolverine may be required to pay Horizon a fee with respect to the termination of the Merger Agreement, as described under the section entitled *The Merger Agreement Termination Fee* beginning on page 78 of this proxy statement/prospectus.

Special Meeting of Wolverine's Stockholders; Required Vote (page 25)

The Special Meeting is scheduled to be held on Tuesday, October 3, 2017, at 3:00 p.m., local time, at The Midland Center for the Arts, Auditorium Lobby, located at 1801 West St. Andrews, Midland, Michigan. At the Special Meeting, Wolverine's stockholders will be asked to vote to adopt and approve the Merger Agreement, which provides for the merger of Wolverine into Horizon as contemplated by the Merger Agreement. You also will be asked to approve the Merger-Related Compensation Proposal and the Adjournment Proposal. Only Wolverine stockholders of record as of the close of business on August 10, 2017 are entitled to notice of, and to vote at, the Special Meeting and any adjournments or postponements of the Special Meeting.

As of August 10, 2017, the directors and executive officers of Wolverine, and their affiliates, owned and were entitled to vote 216,293 shares or approximately 10.3% of the 2,105,981 outstanding shares of Wolverine common stock. In connection with the execution of the Merger Agreement, all of the directors and executive officers of Wolverine and Wolverine Bank executed a voting agreement pursuant to which they agreed to vote all their shares in favor of the merger. A copy of that voting agreement is attached as Appendix C to this proxy statement/prospectus.

Approval of the Merger Agreement and the merger requires the affirmative vote of the holders of a majority of the issued and outstanding shares of Wolverine common stock. Approval of the Merger-Related Compensation Proposal and the Adjournment Proposal each require more votes to be cast in favor of the proposal than are cast against it.

The Merger and the Merger Agreement (page 30)

Horizon's acquisition of Wolverine is governed by the Merger Agreement. The Merger Agreement provides that, if all of the conditions are satisfied or waived, Wolverine will be merged with and into Horizon, with Horizon as the surviving corporation. Immediately following the merger, Wolverine Bank will merge with and into Horizon Bank, with Horizon Bank surviving. We encourage you to read the Merger Agreement, which is included as Appendix A to this proxy statement/prospectus and is incorporated by reference into this proxy statement/prospectus.

What Wolverine's Stockholders Will Receive in the Merger (page 60)

If the merger is completed, each share of Wolverine common stock held by a Wolverine stockholder will be converted into the right to receive (i) 1.0152 shares of Horizon common stock, and (ii) \$14.00 in cash. The exchange ratio is subject to the following adjustments:

Anti-Dilution Adjustments. If prior to the effective time of the merger, Horizon changes the number of shares of Horizon common stock outstanding by way of a stock split, stock dividend, recapitalization,

reclassification, or similar transaction, or if Horizon establishes a record date for such a change, the exchange ratio will be adjusted accordingly so that each holder of Wolverine common stock receives at the effective time, in the aggregate, the number of shares of Horizon common stock representing the same percentage of the outstanding shares of Horizon common stock that such stockholders would have received if such change had not occurred; or

Table of Contents

Decrease in Market Price of Horizon Common Stock. If Wolverine elects to terminate the Merger Agreement because the market price of Horizon's common stock has decreased below certain amounts specified in the Merger Agreement, Horizon will have the option of increasing the exchange ratio pursuant to the formula specified in the Merger Agreement in lieu of Wolverine's right to terminate the Merger Agreement.

Because the exchange ratio for the stock consideration is fixed, the value of the stock consideration will fluctuate with the market price of Horizon's common stock. Accordingly, any change in the market price of Horizon's common stock prior to the completion of the merger will affect the market value of the merger consideration ultimately received by Wolverine's stockholders at the time of the merger.

In lieu of any fractional shares of Horizon common stock, Horizon will distribute an amount in cash equal to such fraction multiplied by the average per share closing price of a share of Horizon common stock as quoted on the NASDAQ Global Select Market during the 15 consecutive trading days preceding the second business day prior to the closing of the merger on which such shares were actually traded.

Treatment of Wolverine Stock Options and Restricted Stock Awards (page 61)

All outstanding options (vested and unvested) to purchase Wolverine common stock will be converted into the right to receive from Horizon, at the effective time of the merger, an amount of cash equal to \$40.00 minus the per share exercise price for each share subject to a Wolverine stock option, less applicable tax withholdings. The payments on these options will be made by Wolverine to the optionholders immediately prior to the effective time of the merger. As of the date of this document, there were outstanding vested options to purchase an aggregate of 116,085 shares of Wolverine common stock at a weighted average exercise price of \$17.46 per share. In addition, as of the date of this document, options to purchase 64,000 shares of Wolverine common stock with a weighted average exercise price of \$26.88 were unvested.

At the effective time of the merger, each award of restricted stock of Wolverine that is outstanding immediately prior to the effective time of the merger will fully vest and be canceled and automatically converted into the right to receive the merger consideration. Horizon will make the payments with respect to these restricted stock awards, less applicable tax withholdings, in the same manner as the merger consideration is delivered to other Wolverine stockholders.

Reasons for the Merger; Recommendation of Wolverine's Board of Directors (page 38)

The Wolverine board of directors unanimously approved the Merger Agreement and the proposed merger. The Wolverine board believes that the Merger Agreement, including the merger contemplated by the Merger Agreement, is advisable and fair to, and in the best interests of, Wolverine and its stockholders, and therefore recommends that Wolverine's stockholders vote **FOR** the proposal to adopt and approve the Merger Agreement. In reaching its decision, the Wolverine board of directors considered a number of factors, which are described in the section captioned *The Merger - Wolverine's Reasons for the Merger; Board Recommendation* beginning on page 38. Because of the wide variety of factors considered, the Wolverine board of directors did not believe it practicable, nor did it attempt, to quantify or otherwise assign relative weight to the specific factors it considered in reaching its decision.

The Wolverine board also recommends that you vote **FOR** approval of the Merger-Related Compensation Proposal, and **FOR** the Adjournment Proposal.

No Appraisal Rights

Wolverine's stockholders do not have appraisal rights under the Maryland General Corporation Law.

Voting Agreements (page 61)

As of August 10, 2017, the record date for the Special Meeting, the directors and executive officers of Wolverine owned and were entitled to vote 216,293 shares or approximately 10.3% of the 2,105,981 outstanding

shares of Wolverine common stock. In connection with the execution of the Merger Agreement, all of the directors and executive officers of Wolverine and Wolverine Bank executed a voting agreement pursuant to which they agreed to vote their shares in favor of the merger. A copy of that voting agreement is attached as [Appendix C](#) to this proxy statement/prospectus.

Opinion of Wolverine's Financial Advisor (page 43)

In connection with the merger, Wolverine's financial advisor, Keefe, Bruyette & Woods, Inc. (KBW), delivered a written opinion, dated June 13, 2017, to the Wolverine board of directors as to the fairness, from a financial point of view and as of the date of the opinion, of the merger consideration to be received by the holders of Wolverine common stock in the proposed merger. The full text of KBW's opinion, which describes the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW in preparing the opinion, is attached as [Appendix B](#) to this proxy statement/prospectus. **The opinion was for the information of, and was directed to, the Wolverine board (in its capacity as such) in connection with its consideration of the financial terms of the merger. The opinion did not address the underlying business decision of Wolverine to engage in the merger or enter into the Merger Agreement or constitute a recommendation to the Wolverine board in connection with the merger, and it does not constitute a recommendation to any holder of Wolverine common stock as to how to vote in connection with the merger or any other matter.**

Regulatory Approvals (page 79)

Under the terms of the Merger Agreement, the merger cannot be completed until Horizon receives necessary regulatory approvals, which include a waiver from the Federal Reserve Bank of Chicago (the FRB) of the application requirements for the merger of Wolverine into Horizon, and the approvals of the FDIC and IDFI of the merger of Wolverine Bank into Horizon Bank. As of the date of this proxy statement/prospectus, Horizon has filed the required applications with the FDIC and IDFI, and we expect to receive FDIC and IDFI approval and the FRB's waiver in October 2017. Although we believe that we will be able to obtain these regulatory approvals and waivers, there can be no assurance that all requisite approvals and waivers will be obtained or that they will be obtained within the time period we anticipate.

New Horizon Shares Will Be Eligible for Trading (page 79)

The shares of Horizon common stock to be issued in the merger will be eligible for trading on the NASDAQ Global Select Market.

Conditions to the Merger (page 72)

The obligation of Horizon and Wolverine to consummate the merger is subject to the satisfaction or, in certain circumstances, waiver, on or before the completion of the merger, of a number of conditions, including, but not limited to:

the Merger Agreement must receive the requisite approval of Wolverine's stockholders;

approval of the merger by the appropriate regulatory authorities;

the accuracy of the representations and warranties of the other party under the Merger Agreement (subject to the materiality standards set forth in the Merger Agreement) as of the date of the Merger Agreement and as of effective date of the merger;

the covenants made by the parties must have been fulfilled or complied with in all material respects at or prior to the effective time of the merger;

the parties must have received the respective closing deliveries of the other parties to the Merger Agreement;

the Registration Statement on Form S-4, of which this proxy statement/prospectus is a part, relating to the Horizon shares to be issued pursuant to the Merger Agreement, must have been declared

Table of Contents

effective under the Securities Act of 1933, as amended, and no stop order suspending the effectiveness of the Registration Statement shall have been issued or threatened by the SEC;

the boards of directors of Horizon and Wolverine must have received an opinion from their respective legal counsel to the effect that the merger will qualify as a tax free reorganization for purposes of Section 368(a) of the Internal Revenue Code, as amended (the Code);

as of the end of the month prior to the effective time of the merger, Wolverine's consolidated stockholders equity, as defined in the Merger Agreement and subject to the exceptions listed in the Merger Agreement, will not be less than \$62.8 million;

Wolverine Bank will have provided notice of termination to Fiserv Solutions, Inc. under that certain Master Agreement, dated October 1, 2010 between Wolverine Bank and Fiserv Solutions, Inc., which relates to the data processing services provided to Wolverine Bank;

the shares of Horizon common stock to be issued to Wolverine's stockholders in the merger must have been approved for listing on the NASDAQ Global Select Market;

David H. Dunn, Wolverine's President and Chief Executive Officer, and Rick A. Rosinski, Wolverine's Chief Operating Officer, Treasurer, and Secretary, will have executed and delivered to Horizon mutual termination of employment agreements and will have entered into new employment agreements with Horizon Bank;

Wolverine Bank must receive all necessary regulatory approvals for and pay to Wolverine, at least one business day prior to the closing date of the merger, a cash dividend in the amount of Wolverine Bank's excess capital as determined and requested by Horizon; and

the absence of any applicable law or order prohibiting the merger, or the absence of any litigation seeking to prevent the completion of the merger.

For a further description of the conditions necessary to the completion of the merger, see *The Merger Agreement - Conditions to the Merger* beginning on page 72. We cannot be certain when, or if, the conditions to the merger will be satisfied or waived or that the merger will be completed.

Termination (page 76)

Horizon or Wolverine may mutually agree at any time to terminate the Merger Agreement without completing the merger, even if Wolverine's stockholders have approved it. Also, either party may decide, without the consent of the other party, to terminate the Merger Agreement under specified circumstances, including if the merger is not consummated by May 31, 2018 (provided that the terminating party did not cause the failure of the merger to be consummated by that date), if the required regulatory approvals are not received (provided that the terminating party has fulfilled its obligations under the Merger Agreement), or if Wolverine's stockholders do not approve the Merger

Agreement at the Special Meeting. In addition, either party may terminate the Merger Agreement if there is a breach of the agreement by the other party that would cause the failure of conditions to the terminating party's obligation to close, unless the breach is capable of being cured and is cured within 20 business days of notice of the breach. Each party also has the right to terminate the Merger Agreement under certain conditions related to Wolverine's receipt of a third party proposal.

Additionally, Wolverine has the right to terminate the Merger Agreement during the five-day period following the date on which all regulatory approvals and other approvals (disregarding any waiting period applicable to the regulatory approvals) required for the merger are received if Horizon's average common stock closing price is below \$23.02 per share, and the percentage decrease in stock price of Horizon from Horizon's closing stock price on the date of the Merger Agreement is more than 15% than the corresponding percentage performance of the SNL Small Cap U.S. Bank and Thrift Index during the same period. Horizon has the right to prevent Wolverine's termination under these circumstances, however, by agreeing to increase the exchange ratio pursuant to a formula set forth in the Merger Agreement.

Table of Contents

Termination Fee (page 78)

Wolverine is required to pay Horizon a \$3,539,000 termination fee under the following circumstances:

if Horizon terminates the Merger Agreement because (i) Wolverine's board of directors fails to include its recommendation to approve the merger in the proxy statement/prospectus delivered to stockholders, (ii) Wolverine's board of directors has withdrawn, modified, or changed its approval or recommendation of the Merger Agreement, (iii) Wolverine's board of directors approves or publicly recommends an acquisition proposal with a third party, or (iv) Wolverine has entered into or publicly announced an intention to enter into another acquisition proposal;

if (i) either party terminates the Merger Agreement because it is not approved by the requisite vote of the stockholders of Wolverine at the Special Meeting, or Horizon terminates the Merger Agreement because a quorum could not be convened at the Special Meeting or at a reconvened meeting held at any time prior to or on May 31, 2018, and (ii) prior to the date of such termination, Wolverine receives an acquisition proposal from a third party and, prior to the date that is twelve months after such termination, Wolverine or any of its subsidiaries (including Wolverine Bank) enters into any acquisition agreement with a third party or an acquisition proposal is consummated;

if either party terminates the Merger Agreement because the consummation of the merger has not occurred by May 31, 2018, and (i) prior to the date of such termination an acquisition proposal was made by a third party, and (ii) prior to the date that is twelve months after such termination, Wolverine or any of its subsidiaries (including Wolverine Bank) enters into any acquisition agreement or any acquisition proposal is consummated;

if Horizon terminates the Merger Agreement because Wolverine breaches or fails to perform any of its representations, warranties, or covenants, or because a material adverse effect (as defined in the Merger Agreement) with respect to Wolverine has occurred after the date of the Merger Agreement, and prior to the date that is twelve months after such termination, Wolverine or any of its subsidiaries (including Wolverine Bank) enters into any acquisition agreement with a third party or any acquisition proposal is consummated; or

Wolverine terminates the Merger Agreement because it receives a proposal, which its board of directors determines is superior to the merger with Horizon and the Wolverine board approves such proposal or publicly announces its intention to enter into an agreement with respect to such proposal.

Interests of Officers and Directors in the Merger that Are Different From Yours (page 80)

When Wolverine's stockholders consider the recommendation of the Wolverine board of directors to approve the Merger Agreement and the merger, you should be aware that certain of Wolverine's directors and executive officers have interests in the merger that are different from, or in addition to, the interests of Wolverine's stockholders generally that may present actual or apparent conflicts of interest. Wolverine's directors were aware of these interests

and took them into account in approving the Merger Agreement. These include: certain payments under mutual termination agreements for certain executive officers of Wolverine related to the termination of their existing employment agreements, continued employment, including new employment agreements, for certain executive officers of Wolverine, the assumption by Horizon of existing long-term incentive plans with two executive officers of Wolverine, the appointment of one Wolverine board member to the boards of Horizon and Horizon Bank, the formation of a Great Lakes Bay Region advisory board of directors, which may include representatives from the Wolverine or Wolverine Bank boards of directors, and the continuation of director and officer indemnification and liability insurance protections. See *Interests of Certain Directors and Officers of Wolverine in the Merger* beginning on page 80.

Table of Contents

Accounting Treatment of the Merger (page 79)

The merger will be accounted for as a business combination in accordance with United States generally accepted accounting principles.

Rights of Stockholders After the Merger (page 90)

When the merger is completed, Wolverine's stockholders will become Horizon stockholders, and their rights then will be governed by Horizon's articles of incorporation and bylaws and applicable law. Horizon is organized under Indiana law and Wolverine is organized under Maryland law. To review the differences in the rights of stockholders under each company's governing documents, see *Comparison of the Rights of Stockholders* beginning on page 90.

Material Federal Income Tax Consequences of the Merger (page 85)

Horizon and Wolverine expect the merger to qualify as a reorganization within the meaning of Section 368(a) of the Code for U.S. federal income tax purposes. If the merger qualifies as a reorganization, then, in general, for U.S. federal income tax purposes:

a holder of Wolverine common stock generally will recognize gain, but not loss, in an amount equal to the lesser of (1) the amount of cash received, or (2) the amount of gain realized in the merger. The amount of gain a Wolverine stockholder realizes will equal the amount by which (a) the cash plus the fair market value of the Horizon common stock received, exceeds (b) the stockholder's aggregate adjusted tax basis in the Wolverine common stock; and

a Wolverine stockholder will recognize gain or loss, if any, on any fractional share of Horizon common stock for which cash is received equal to the difference between the amount of cash received and the Wolverine stockholder's allocable tax basis in the fractional share.

To review the tax consequences of the merger to Wolverine's stockholders in greater detail, please see the section *Material Federal Income Tax Consequences* beginning on page 85. **Your tax consequences will depend on your individual situation. Accordingly, we strongly urge you to consult your independent tax advisor for a full understanding of the particular tax consequences of the merger to you.**

Recent Developments of Horizon

On May 23, 2017, Horizon announced that it entered into an Agreement and Plan of Merger to acquire LFCB. LFCB is a one-bank holding company headquartered in Lafayette, Indiana with total assets of \$167.7 million as of June 30, 2017. LFCB owns 100% of the capital stock of its subsidiary bank, Lafayette Community Bank (LCB), an Indiana-chartered commercial bank, which was established in 2000 and offers a full range of banking services and products with four branch locations serving Lafayette, Tippecanoe County, and the surrounding area. Pursuant to the transaction, LFCB will merge with and into Horizon, with Horizon as the surviving corporation. Immediately following the merger, LCB will merge with and into Horizon Bank, with Horizon Bank as the surviving bank.

Upon completion of the merger with LFCB, each LFCB shareholder will have the right to receive fixed consideration of \$1.73 per share in cash and 0.5878 shares of Horizon common stock for each share of LFCB's common stock. Based on Horizon's August 24, 2017 closing price of \$25.78 per share as reported on the NASDAQ Global Select Market, the transaction value is estimated at approximately \$32.4 million. The parties anticipate completing this merger in the third quarter of 2017.

Table of Contents**RISK FACTORS**

In addition to the other information contained in or incorporated by reference into this proxy statement/prospectus (see *Where You Can Find More Information* on page 151), including the risk factors included in Horizon's Annual Report on Form 10-K for the year ended December 31, 2016 and subsequent Quarterly Reports on Form 10-Q, you should consider carefully the risk factors described below in deciding how to vote. You should keep these risk factors in mind when you read forward-looking statements in this document and in the documents incorporated by reference into this document. Please refer to the section of this proxy statement/prospectus titled *Cautionary Note About Forward-Looking Statements* on page 23.

Fluctuations in the market price of Horizon's common stock may cause the value of the stock portion of the merger consideration to decrease.

Upon completion of the merger, each share of Wolverine common stock will be converted into the right to receive 1.0152 shares of Horizon common stock and \$14.00 in cash. The market value of the merger consideration may vary from the closing price of Horizon common stock on the date the merger was announced, on the date that this document was mailed to Wolverine's stockholders, on the date of the Special Meeting of Wolverine's stockholders, and on the date Horizon and Wolverine complete the merger and thereafter. While Wolverine will have the right to terminate the merger agreement in the event of a specified decline in the market value of Horizon common stock relative to the value of a designated market index unless Horizon elects to increase the aggregate merger consideration (see *The Merger Agreement Termination*), neither company is otherwise permitted to terminate the Merger Agreement or resolicit the vote of Wolverine's stockholders solely because of changes in the market price of Horizon's stock. Any change in the market price of Horizon's common stock prior to the completion of the merger will affect the market value of the merger consideration that Wolverine's stockholders will receive upon completion of the merger. Accordingly, at the time of the Wolverine Special Meeting, Wolverine's stockholders will not necessarily know, or be able to calculate with certainty, the market value of the merger consideration they will receive upon completion of the merger. Stock price changes may result from a variety of factors, including general market and economic conditions, changes in Horizon's business, operations, and prospects, and regulatory considerations. Many of these factors are beyond the control of Horizon. You should obtain current market quotations for shares of Horizon common stock before you vote.

The merger is subject to the receipt of consents and approvals from governmental and regulatory entities that may impose conditions that could have an adverse effect on Horizon.

Before the merger can be completed, Horizon must receive a waiver from the FRB of the application requirements for the merger of Wolverine into Horizon, and both the FDIC and IDFI must approve the merger of Wolverine Bank into Horizon Bank. The FDIC and IDFI will consider, among other factors, the competitive impact of the holding company merger and the bank merger, the financial and managerial resources of Horizon and Wolverine and their subsidiary banks, and the convenience and needs of the communities to be served. As part of that consideration, we expect that the FDIC and IDFI will review issues related to capital position, safety and soundness, and legal and regulatory compliance, including compliance with anti-money laundering laws. Horizon has received confirmation from the FRB that no formal application was required to be submitted to the FRB for the transactions contemplated by the Merger Agreement, but instead, Horizon could submit a waiver request. There can be no assurance as to whether these and other regulatory approvals will be received, the timing of those approvals, or whether any conditions will be imposed in connection with such approvals.

Additionally, these governmental entities may impose conditions on the completion of the merger or require changes to the terms of the merger. Such conditions or changes could have the effect of delaying completion of the merger or

imposing additional costs on, or limiting the revenues of, Horizon following the merger, any of which might have an adverse effect on Horizon following the merger.

The Merger Agreement may be terminated in accordance with its terms and the merger may not be completed, which could have a negative impact on Wolverine.

The Merger Agreement with Horizon is subject to a number of conditions that must be fulfilled in order to close. Those conditions include: approval by the stockholders of Wolverine, regulatory approval, the continued

Table of Contents

accuracy of certain representations and warranties by both parties (subject to the materiality standards set forth in the Merger Agreement), and the performance by both parties of certain covenants and agreements. In addition, certain circumstances exist in which Wolverine may terminate the merger, including by accepting a superior proposal or by electing to terminate if Horizon's stock price declines below a specified level. There can be no assurance that the conditions to closing the merger will be fulfilled or that the merger will be completed.

If the Merger Agreement is terminated, there may be various consequences to Wolverine, including:

Wolverine's business may have been adversely impacted by the failure to pursue other beneficial opportunities due to the focus of management on the merger, without realizing any of the anticipated benefits of completing the merger;

Wolverine may have incurred substantial expenses in connection with the merger, without realizing any of the anticipated benefits of completing the merger; and

The market price of Wolverine common stock might decline to the extent that Wolverine's market price following announcement of the merger reflects a market assumption that the merger will be completed. If the Merger Agreement is terminated and Wolverine's board of directors approves another merger or business combination, under certain circumstances Wolverine may be required to pay Horizon a \$3,539,000 termination fee. Wolverine's stockholders cannot be certain that Wolverine will be able to find a party willing to pay an equivalent or more attractive price than the price Horizon has agreed to pay in the merger.

Wolverine's stockholders will have a reduced ownership and voting interest after the merger and will exercise less influence over management.

Wolverine's stockholders currently have the right to vote in the election of the Wolverine board of directors and on other significant matters affecting Wolverine, such as the proposed merger with Horizon. When the merger occurs, each Wolverine stockholder will become a stockholder of Horizon with a percentage ownership of the combined organization that is much smaller than the stockholder's percentage ownership of Wolverine. In addition, on May 23, 2017, Horizon announced that it entered into an Agreement and Plan of Merger to acquire LFCB. Under the terms of that merger agreement, upon the completion of that merger each LFCB shareholder will have the right to receive fixed consideration of \$1.73 per share in cash and 0.5878 shares of Horizon common stock for each share of LFCB's common stock. See *Summary Recent Developments of Horizon* on page 18 above. The issuance of Horizon shares in the LFCB transaction will be further dilutive to the Wolverine stockholders. Based on the anticipated number of Horizon common shares to be issued in the merger, and assuming the completion of Horizon's merger with LFCB, it is anticipated that the Wolverine stockholders will only own approximately 9.96% of all of the outstanding shares of Horizon's common stock following the merger. Because of this, Wolverine's stockholders will have less influence on the management and policies of Horizon than they now have on the management and policies of Wolverine. Furthermore, stockholders of Horizon do not have preemptive or similar rights, and therefore, Horizon can sell additional voting securities in the future without offering them to the former Wolverine stockholders, which would further reduce their ownership percentage in, and voting control over, Horizon.

Horizon may be unable to successfully integrate Wolverine Bank's operations and retain Wolverine Bank's employees.

Immediately after the closing of the merger, Wolverine Bank will be merged with and into Horizon Bank. The possible difficulties of merging the operations of Wolverine Bank with Horizon Bank include:

integrating personnel with diverse business backgrounds;

combining different corporate cultures;

integrating systems; and

retaining key employees and customers.

Table of Contents

The process of integrating operations could cause an interruption of, or loss of momentum in, the activities of one or more of Horizon, Horizon Bank, or Wolverine Bank, and the loss of key personnel and/or customers. The merger of Wolverine Bank with Horizon Bank will benefit greatly from the experience and expertise of certain key employees of Wolverine Bank who are expected to be retained by Horizon. However, there can be no assurances that Horizon will be successful in retaining these employees for the time period necessary to integrate Wolverine Bank into Horizon Bank at the level desired by Horizon. The diversion of management's attention and any delays or difficulties encountered in connection with the merger and integration of Wolverine Bank into Horizon Bank could have an adverse effect on the business and results of operations of Horizon or Horizon Bank, and, therefore, its stock price.

Horizon may be unable to retain Wolverine's customers or grow the Wolverine business.

Wolverine operates in geographic markets and with customers primarily located in or near Midland and Saginaw Counties in the Great Lakes Bay Region of Northeastern Michigan. Horizon's markets and customers are located primarily in Northern and Central Indiana and Southwest Michigan. Although Horizon is not anticipating major differences between the preferences of Wolverine's customers compared to Horizon's customers, any time there is a change in products, services, ownership, or management of a bank, there is a risk that customers may seek to obtain some or all of their banking products and services from other banks. Horizon believes that the desire of Wolverine's customers to seek products or services elsewhere as a result of the merger will be lessened by the fact that certain key employees of Wolverine will be continuing with the bank after the merger.

The fairness opinion delivered to Wolverine's board of directors before the execution of the Merger Agreement does not reflect changes in circumstances subsequent to the date of the fairness opinion.

The fairness opinion of KBW was delivered to Wolverine's board of directors on June 13, 2017 and speaks only as of such date. Changes in operations and prospects of Horizon and Wolverine, general market and economic conditions, and other factors both within and outside of Horizon's and Wolverine's control may significantly alter the relative value of the companies by the time the merger is completed. KBW's opinion does not speak as of the time the merger will be completed or as of any date other than the date of such opinion.

The termination fee and the restrictions on solicitation contained in the Merger Agreement may discourage other companies from attempting to acquire Wolverine.

Until the completion of the merger, with some exceptions, Wolverine is prohibited from soliciting, initiating, encouraging, or participating in any discussion of, or otherwise considering, any inquiries or proposals that may lead to an acquisition proposal, such as a merger or other business combination transaction, with any person or entity other than Horizon. In addition, Wolverine has agreed to pay a termination fee of \$3,539,000 to Horizon if Horizon terminates the Merger Agreement after the board of directors of Wolverine withdraws, modifies, or changes its approval or recommendation of the Merger Agreement or approves or recommends an alternate acquisition transaction with a third party, or if Wolverine terminates the Merger Agreement after approving a third party proposal. These provisions could discourage other companies from trying to acquire Wolverine even though such other companies might be willing to offer greater value to Wolverine's stockholders than Horizon has offered in the Merger Agreement. The payment of the termination fee also could have a material adverse effect on Wolverine's financial condition.

Certain of Wolverine's officers and directors have interests that are different from, or in addition to, the interests of Wolverine's stockholders generally.

Certain of Wolverine's directors and executive officers have interests in the merger that are different from, or in addition to, the interests of Wolverine's stockholders generally that may present actual or apparent conflicts of interest.

Wolverine's directors were aware of these interests and took them into account in approving the Merger Agreement. These include: certain payments under mutual termination agreements for certain executive officers of Wolverine related to the termination of their existing employment agreements, continued employment, including new employment agreements, for certain executive officers of Wolverine, the assumption by Horizon of existing long-term incentive plans with two executive officers of Wolverine, the appointments of

Table of Contents

one Wolverine board member to the boards of Horizon and Horizon Bank, the formation of a Great Lakes Bay Region advisory board of directors, which may include representatives from the Wolverine or Wolverine Bank boards of directors, and the continuation of director and officer indemnification and liability insurance protections. See *Interests of Certain Directors and Officers of Wolverine in the Merger* beginning on page 80.

The merger may fail to qualify as a reorganization for federal tax purposes, resulting in the recognition by Wolverine's stockholders of taxable gain or loss in respect of their Wolverine shares.

Horizon and Wolverine intend the merger to qualify as a reorganization within the meaning of Section 368(a) of the Code. Although the Internal Revenue Service (the IRS) will not provide a ruling on the matter, Horizon and Wolverine, as a condition to closing, will each obtain an opinion from their respective legal counsel that the merger will qualify as a reorganization within the meaning of Code Section 368(a) for federal tax purposes. This opinion does not bind the IRS or prevent the IRS from adopting a contrary position. If the merger fails to qualify as a reorganization, a Wolverine stockholder generally would recognize gain or loss in an amount equal to the difference between (1) the sum of the amount of cash and the aggregate fair market value of the Horizon common stock received in the exchange, and (2) the Wolverine stockholder's aggregate adjusted tax basis in the Wolverine common stock surrendered in the exchange. Furthermore, if the merger fails to qualify as a reorganization, Horizon, as successor to Wolverine, may incur a significant tax liability since the merger would be treated as a taxable sale of Wolverine's assets for U.S. federal income tax purposes.

The shares of Horizon common stock to be received by Wolverine stockholders as a result of the merger will have different rights from the shares of Wolverine common stock.

The rights associated with Wolverine's common stock are different from the rights associated with Horizon's common stock. See the section of this proxy statement/prospectus entitled *Comparison of the Rights of Stockholders* (beginning on page 90) for a discussion of the different rights associated with Horizon's and Wolverine's common stock.

Each party is subject to business uncertainties and contractual restrictions while the merger is pending, which could adversely affect each party's business and operations.

In connection with the pendency of the merger, it is possible that some customers and other persons with whom Horizon or Wolverine has a business relationship may delay or defer certain business decisions or might seek to terminate, change, or renegotiate their relationships with Horizon or Wolverine, as the case may be, as a result of the merger, which could negatively affect Horizon's or Wolverine's respective revenues, earnings, and cash flows, as well as the market price of Horizon common stock or Wolverine common stock, regardless of whether the merger is completed. In addition, under the terms of the Merger Agreement, Wolverine is subject to certain restrictions on the conduct of its business prior to completing the merger, which may adversely affect its ability to execute certain of its business strategies, including the ability in certain cases to enter into or amend contracts, acquire or dispose of assets, incur indebtedness, or make capital expenditures. Such limitations could negatively affect Wolverine's business and operations prior to the completion of the merger.

Forward-looking statements are not guarantees of future performance and involve certain risks, uncertainties, and assumptions that are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. In addition to factors previously disclosed in Horizon's and Wolverine's reports filed with the SEC, factors that could cause actual results to differ from those discussed in the forward-looking statements include, but are not limited to:

expected revenue synergies and cost savings from the merger may not be fully realized or realized within the expected time frame;

Horizon's and Wolverine's common shares outstanding and common stock price volatility;

legislation affecting the financial services industry as a whole, and/or Horizon and Wolverine and their subsidiaries, individually or collectively;

the impact on Horizon's or Wolverine's businesses, as well as on the risks set forth above, of various domestic or international military or terrorist activities or conflicts.

Additional factors that could cause Horizon's and Wolverine's results to differ materially from those described in the forward-looking statements can be found in Horizon's and Wolverine's Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K filed with the SEC. All subsequent written and oral forward-looking statements concerning the proposed transaction or other matters and attributable to Horizon or Wolverine or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements referenced above. The Special Meeting will be held on Tuesday, October 3, 2017 at 3:00 p.m., local time, at The Midland Center for the Arts, Auditorium Lobby, located at 1801 West St. Andrews, Midland Michigan, and at any adjournment or postponement of that meeting.

Purpose of the Meeting

The Special Meeting is being held:

To approve and adopt the Merger Agreement by and between Horizon and Wolverine, pursuant to which Wolverine will merge with and into Horizon, and the merger;

To approve, on a non-binding advisory basis, the Merger-Related Compensation Proposal;

To approve the Adjournment Proposal; and

To transact such other business as may properly come before the Special Meeting or any adjournment of the Special Meeting.

Wolverine s board of directors and management is not aware of any other matters to be presented at the meeting other than those mentioned above and has not received notice from any stockholders requesting that other matters be considered. However, if any other business is properly presented before the Special Meeting and may properly be voted upon, the proxies solicited hereby will be voted on such matters in accordance with the best judgment of the proxy holders named therein.

A copy of the Merger Agreement is attached as Appendix A to this proxy statement/prospectus.

Recommendation of Wolverine s Board of Directors

The board of directors of Wolverine unanimously voted in favor of the Merger Agreement and the merger. Wolverine s board of directors believes that the Merger Agreement, the merger, and the transactions contemplated thereby are in the best interests of Wolverine and its stockholders, and recommends that Wolverine s stockholders vote:

FOR the approval and adoption of the Merger Agreement and the merger;

FOR the approval of the Merger-Related Compensation Proposal; and

FOR the approval of the Adjournment Proposal.

Record Date and Voting

The close of business on August 10, 2017 has been selected as the record date for the determination of Wolverine's stockholders entitled to notice of and to vote at the Special Meeting. On that date, 2,105,981 shares of Wolverine's common stock, par value \$0.01 per share, were outstanding. Stockholders will be entitled to one vote for each share of Wolverine's common stock held by them of record at the close of business on the record date on any matter that may be presented for consideration and action by the stockholders. The presence, in person or represented by proxy, of the holders of a majority of the outstanding shares of Wolverine's common stock will constitute a quorum for the transaction of business at the Special Meeting.

You may vote in one of four ways: (1) by mail (by completing and signing the proxy card that accompanies this proxy statement/prospectus); (2) by telephone; (3) by using the Internet; and (4) in person (by either delivering the completed proxy card or by casting a ballot if attending the Special Meeting. If your shares are held by a broker or other nominee, you must obtain a proxy from the broker or nominee giving you the right

to vote the shares at the Special Meeting. If you plan to attend the Special Meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership and you must bring photo identification with you in order to be admitted. We reserve the right to refuse admittance to anyone without proper proof of share ownership and without proper photo identification.

All proxies properly submitted in time to be counted at the Special Meeting will be voted in accordance with the instructions contained in the proxy. If you submit a proxy without voting instructions, the proxies named in the proxy will vote on your behalf for each matter described above in accordance with the recommendations of the Wolverine board of directors on all the proposals as set forth in this proxy statement/prospectus and on any other matters in accordance with their best judgment.

If you have shares held by a broker or other nominee, you may instruct the broker or other nominee to vote your shares by following the instructions the broker or other nominee provides to you. Proxies solicited by this proxy statement/prospectus may be exercised only at the Special Meeting and any adjournment or postponement thereof and will not be used for any other meeting.

Vote Required

The following votes will be required to approve the proposals:

The approval and adoption of the Merger Agreement and the merger (Proposal No. 1) requires the affirmative vote of a majority of the outstanding shares of Wolverine common stock entitled to vote at the Special Meeting; and

The Merger-Related Compensation Proposal (Proposal No. 2) and the Adjournment Proposal (Proposal No. 3) each requires that more votes be cast in favor of the proposal than against the proposal.

Abstentions and broker non-votes (described below) are counted to determine the presence or absence of a quorum but are not considered votes cast. **The required vote of Wolverine's stockholders on the Merger Agreement is based on the number of outstanding shares of Wolverine common stock and not the number of shares that are actually voted. Accordingly, the failure to submit a proxy card or to vote in person at the Special Meeting, or the abstention from voting by a Wolverine stockholder, or the failure of any Wolverine stockholder who holds shares in street name through a bank or broker to give voting instructions to such bank or broker (thereby resulting in a broker non-vote), will have the same effect as a vote AGAINST the Merger Agreement.** Abstentions and broker non-votes will not be included in the vote count on the Merger-Related Compensation Proposal or the Adjournment Proposal.

A broker non-vote occurs when a broker submits a proxy that does not indicate a vote on a proposal because the broker has not received instructions from the beneficial owners on how to vote on such proposal and the broker does not have discretionary authority to vote in the absence of instructions. Brokers generally have the authority to vote, even though they have not received instructions, on matters that are considered routine. However, under relevant stock exchange rules, the Merger Agreement proposal, the Merger-Related Compensation Proposal, and the Adjournment Proposal to be considered at the Special Meeting are not considered routine matters and brokers are not entitled to vote shares held for a beneficial owner on these matters without instructions from the beneficial owner of the shares. **To avoid a broker non-vote of your shares, you must provide voting instructions to your broker or other nominee.**

Shares Held by Officers and Directors

As of the record date:

Wolverine's directors and executive officers and their affiliates owned and were entitled to vote 216,293 shares of Wolverine common stock, representing approximately 10.3% of the outstanding shares of Wolverine common stock; and

Horizon's directors and executive officers and their affiliates owned and were entitled to vote less than 1% of the outstanding shares of Wolverine common stock. Horizon owns no shares of Wolverine common stock.

Revocability of Proxies

Submitting a proxy on the enclosed form of proxy does not preclude a Wolverine stockholder from voting in person at the Special Meeting. A Wolverine stockholder may revoke a proxy at any time prior to the vote at the Special Meeting by:

delivering to Rick A. Rosinski, Wolverine's Corporate Secretary, at Wolverine's corporate office at 5710 Eastman Avenue, Midland, Michigan 48640, on or before the date of the Special Meeting, a later-dated and signed proxy card or a written revocation of the proxy;

submitting a valid, later-dated proxy by Internet, telephone, or mail that is received prior to the Special Meeting;

attending the Special Meeting and voting in person; or

if you have instructed a broker to vote your shares, following the directions received from your broker to change those instructions.

You may not change your vote or revoke your proxy with respect to a proposal after the vote has been taken on such proposal at the Special Meeting. If you wish to revoke your proxy, you must do so sufficiently in advance to permit the necessary examination and tabulation of the subsequent proxy or revocation before the vote is taken. Attendance at the Special Meeting will not, in itself, constitute a revocation of a proxy.

Voting of Shares Held in Wolverine's ESOP or 401(k) Plan

Wolverine maintains an ESOP that owns approximately 187,252 shares of Wolverine common stock. Each participant will instruct the Wolverine Bank ESOP trustee, Pentegra Trust Company, how to vote the shares of Wolverine common stock allocated to his or her account under the ESOP. The ESOP trustee will vote unallocated shares of common stock and allocated shares for which voting instructions are not timely received in the same proportion as the allocated shares for which it has received timely voting instructions. A participant in the 401(k) Plan is entitled to direct the 401(k) Plan trustee as to the shares in the Wolverine Bancorp, Inc. Stock Fund credited to his or her account. The 401(k) Plan trustee will vote all shares for which no directions are given or for which instructions were not timely received in the same proportion as shares for which the 401(k) Plan trustee received voting instructions. A participant in either the Wolverine Bank ESOP or the 401(k) will need to vote by mail (by completing and signing the instruction card that accompanies this proxy statement/prospectus). A participant must return his or her instruction card to the ESOP trustee or 401(k) Plan trustee by 5:00 p.m. on September 26, 2017 in order to instruct the respective trustee how to vote such Wolverine shares.

Solicitation of Proxies

The proxy solicitation of Wolverine's stockholders is being made by Wolverine on behalf of the Wolverine board of directors and will be paid for by Wolverine. In addition to solicitation by mail, directors, officers, and employees of Wolverine may solicit proxies for the Special Meeting from Wolverine's stockholders personally or by telephone, the Internet, or other electronic means. However, Wolverine's directors, officers, and employees will not be paid any

special or extra compensation for soliciting such proxies, although they may be reimbursed for out-of-pocket expenses incurred in connection with the solicitation. Upon request, Wolverine will reimburse brokers, dealers, banks, trustees, and other fiduciaries for the reasonable expenses they incur in forwarding proxy materials to beneficial owners of Wolverine's common stock.

In addition, Wolverine has made arrangements with Laurel Hill Advisory Group to assist in soliciting proxies for the Special Meeting and has agreed to pay them \$6,000, plus out-of-pocket expenses, for these services.

YOUR VOTE IS VERY IMPORTANT. The Merger Agreement and the merger must be approved and adopted by the affirmative vote of the holders of a majority of the issued and outstanding shares of Wolverine common stock in order for the proposed merger to be consummated. Holders of Wolverine common stock are urged to read and carefully consider the information in the proxy statement/prospectus. **IF YOU DO NOT RETURN YOUR PROXY CARD, VOTE BY TELEPHONE OR BY INTERNET, OR DO NOT**

THE MERGER

This section of the proxy statement/prospectus describes material aspects of the proposed merger. While Horizon and Wolverine believe that the description covers the material terms of the merger, this summary may not contain all of the information that is important to you. You should read this entire proxy statement/prospectus and the other documents that we refer to carefully for more detailed information regarding the merger.

General

Horizon's and Wolverine's boards of directors have approved and adopted the Merger Agreement, the merger, and the transactions contemplated thereby. The Merger Agreement provides for the merger of Wolverine with and into Horizon, with Horizon as the surviving corporation. Immediately following the merger, Wolverine Bank, the wholly-owned federally-chartered savings bank subsidiary of Wolverine, will merge with and into Horizon Bank, the wholly-owned Indiana state-chartered commercial bank subsidiary of Horizon.

In connection with the merger, each outstanding share of Wolverine common stock will be converted into the right to receive (i) 1.0152 shares of Horizon common stock (subject to certain adjustments as described in the Merger Agreement), and (ii) \$14.00 in cash. All of the executive officers and members of the board of directors of Wolverine and Wolverine Bank have entered into a voting agreement pursuant to which they have agreed to vote their shares of Wolverine common stock in favor of the approval and adoption of the Merger Agreement and the merger.

Under the Merger Agreement, the executive officers and directors of Horizon and Horizon Bank serving at the effective time of the merger will continue to serve as such after the merger is consummated. In addition, Eric P. Blackhurst, a current member of the Wolverine board of directors, will be appointed to the boards of directors of Horizon and Horizon Bank, effective as of the closing. If the term of the class of directors to which Mr. Blackhurst is appointed expires less than three years after the effective time of the merger, Horizon and Horizon Bank will cause him to be nominated and recommended for election by Horizon's stockholders at the next election of directors as long as he continues to be eligible and qualified to serve as a director of Horizon and Horizon Bank.

Please see *The Merger Agreement* beginning on page 60 for additional and more detailed information regarding the legal documents that govern the merger, including information about the conditions to the merger and the provisions for terminating and amending the Merger Agreement.

Background of the Merger

Since Wolverine Bank's conversion from a mutual savings bank to a stock savings bank in January 2011, and concurrent (i) formation of Wolverine as the stock holding company of the bank and (ii) stock offering by Wolverine, Wolverine has managed its capital through organic growth, cash dividends and stock repurchases. Wolverine's board of directors and management also have periodically reviewed and assessed strategic opportunities and challenges. The board of directors has considered the difficulty in growing profitably and operating a publicly-traded community financial institution under current economic and competitive conditions. At the same time, like many other small financial institutions, Wolverine has experienced increasing costs for technology and regulatory compliance.

As part of the board of directors' and management's evaluation of ways to meet these challenges, they routinely have considered both internal growth strategies and strategic business combinations as means of achieving economies of scale. In connection with this ongoing assessment, from as early as 2013, the board of directors has met regularly with KBW to review developments in the banking industry generally, Wolverine's financial performance relative to certain other publicly-traded community financial institutions, capital management strategies (for example, stock repurchases

and dividends) and the mergers and acquisitions market, including valuation trends and potential merger or acquisition partners for Wolverine.

KBW is a nationally recognized investment banking firm with substantial experience advising financial institutions generally, including with respect to mergers and acquisitions. In addition, KBW had previously served as financial advisor to Wolverine in connection with Wolverine Bank's mutual-to-stock conversion and

Table of Contents

related stock offering by Wolverine that was completed in 2011. In addition to periodic meetings with KBW, representatives of the board of directors and management have also attended conferences to enhance their understanding of the banking industry and risks facing financial institutions.

On May 16, 2016, Wolverine's board of directors met as part of the board's ongoing assessment of Wolverine's strategic opportunities and challenges. Representatives of KBW attended the meeting. At the meeting, KBW discussed with the board developments in the banking industry, current valuation trends, an overview of the financial performance of Wolverine relative to certain other publicly-traded community financial institutions, current trends in shareholder activism, and the mergers and acquisitions market. KBW also discussed financial considerations for comparing the option of Wolverine continuing to operate on a stand-alone basis with that of pursuing a merger transaction, and discussed the merger and acquisition process and other merger considerations.

On June 13, 2016, David H. Dunn, President and Chief Executive Officer of Wolverine, provided a strategic update to the board of directors, which included a banking industry update and discussions of Wolverine's net income, net interest margin and operating expenses. The update also included, among other items, a comparable peer group overview focusing on certain key financial metrics, an executive summary of the 2016 budget, an overview of bank and thrift returns on average assets, a review of Wolverine's stock price since the initial public offering and a review of Wolverine's total shareholder return. Mr. Dunn noted the key drivers for increased consolidation in the banking industry and increased commercial real estate lending and the related regulatory focus on such lending.

At a special meeting on August 31, 2016, the board of directors met with representatives from Ernst & Young, an international accounting and advisory firm, who reviewed with the board the business, regulatory and operating challenges facing community banks, performance and trading metrics of different-sized financial institutions, the mergers and acquisitions market and recent shareholder activism.

At its regular meeting on September 12, 2016, the board of directors engaged in discussion regarding information from KBW relating to developments in the banking industry and gave further consideration to comparing the option of Wolverine continuing to operate on a stand-alone basis with that of pursuing a merger transaction.

At its regular meeting on October 10, 2016, the board of directors discussed Wolverine's strategic plan as well as strategic alternatives, including organic growth, acquiring another company, or merging with another company.

At its regular meeting on November 14, 2016, the board of directors again met with KBW to discuss developments in the banking industry, as well as current valuation trends, an overview of Wolverine's financial performance, the mergers and acquisitions market, and financial considerations related to Wolverine in a potential merger transaction, both as a buyer and as a seller. The board of directors again discussed its strategic plan as well as strategic alternatives, including organic growth, acquiring another company, or merging with another company.

At its regular meeting on December 12, 2016, the board of directors met to consider whether the board should initiate a process for a potential acquisition of Wolverine. Representatives of KBW and Wolverine's special legal counsel, Luse Gorman, PC (Luse Gorman), attended this meeting. The board reviewed Wolverine's recent financial performance and projected performance for 2016. Based on its discussion of relevant factors during this and prior meetings, as discussed above, the board determined that it was in Wolverine's best interests to explore possible alternatives for the acquisition of Wolverine. The board also reviewed and discussed with legal counsel the board's fiduciary duties in a merger context. The board then discussed engaging KBW to render financial advisory and investment banking services to Wolverine in connection with a possible acquisition of Wolverine. Following this discussion, the board of directors approved the engagement of KBW and the initiation of a process for the identification and evaluation of potential alternatives for the acquisition of Wolverine.

On January 6, 2017, at a special meeting, the board of directors reviewed with KBW a list of seven financial institution holding companies that could have an interest in a transaction with Wolverine, considering,

among other things, the ability to pay, regulatory standing, geographic location, presence and market share. The parties under consideration as acquisition partners had assets ranging from over \$1.5 billion to approximately \$100 billion. The board of directors authorized initial contact with six of these parties (including Horizon). As part of its efforts to maximize value for Wolverine stockholders in a potential merger transaction, the board of directors also instructed KBW to assist the board in identifying additional parties that could be contacted, utilizing similar criteria.

Following this meeting, seven additional parties that could have an interest in a transaction with Wolverine were identified with KBW's assistance. On January 13, 2017, the board of directors approved these seven additional parties to be contacted by KBW, bringing the total number of parties being considered by the board to 13.

At Wolverine's direction, beginning January 15, 2017, KBW contacted all 13 financial institution holding companies concerning their level of interest, if any, in a possible business combination with Wolverine. Wolverine's identity was not disclosed to these parties at that time. Eleven of these parties, including Horizon, indicated a preliminary interest. Wolverine executed non-disclosure agreements with five of these potential merger parties, after which those parties were informed of Wolverine's identity. On February 2, 2017, a virtual data room containing a confidential information memorandum and additional information about Wolverine was opened and access was granted to each of these five parties after they executed the non-disclosure agreements. These parties were initially given until February 22, 2017 to submit non-binding indications of interest.

From January 29, 2017 to January 31, 2017, Wolverine's Chairman, Richard M. Reynolds, and Mr. Dunn attended a banking conference at which meetings and discussions were held with Horizon and two other companies that had signed non-disclosure agreements. At these meetings, which were also attended by a representative of KBW, the parties discussed general matters about operations, including information that was contained in the confidential information memorandum. An additional, informal meeting was held at the conference with one other company that had signed a non-disclosure agreement. No matters relating to a merger were discussed with this other company at the meeting.

On February 7, 2017, Mr. Dunn and a representative of KBW held a phone conference with a financial institution holding company (Company A) that had signed a non-disclosure agreement. The parties discussed general matters about operations, including information that was contained in the confidential information memorandum.

At its regular meeting on February 13, 2017, Wolverine's board of directors met to review 2016 financial results, as well as the 2017 budget. The board of directors also reviewed the merger process to date, including the meetings held at the recent banking conference.

On February 22, 2017, Horizon submitted an indication of interest that proposed paying merger consideration of \$37.00 per Wolverine share, payable 70% in stock (1.0023 shares of Horizon stock for each Wolverine share) and 30% in cash (\$11.10 for each Wolverine share). Wolverine stockholders who held less than 100 shares of common stock would only receive cash consideration of \$37.00 per share. The indication of interest stated that Horizon would consider adding one independent member of Wolverine's board of directors to Horizon's board of directors. On that same day, Company A, who had also conducted preliminary due diligence, submitted an indication of interest that proposed paying merger consideration of between \$36.20 to \$37.50 for each Wolverine share, payable 50% in Company A common stock and 50% in cash. Company A also stated it would consider adding at least one member of the board of directors of Wolverine to Company A's board of directors. Each indication of interest provided that the cash portion of the merger consideration would be paid by Wolverine as a special dividend to stockholders immediately prior to the closing of the merger. Each indication of interest indicated that all employment/change in control agreements would be honored. No other indications of interest were received from parties other than Horizon and Company A.

At a special meeting on February 27, 2017, Wolverine's board of directors met to review the two indications of interest in detail. Representatives of Luse Gorman and KBW attended this meeting. The board of directors discussed the process to date and reviewed with KBW financial information about Horizon and

Company A, on both a historical and pro forma basis. Based on closing stock prices as of February 23, 2017, Horizon's proposal had an implied value of \$37.96 per Wolverine share, while Company A's proposal had an implied value of between \$38.76 and \$41.95 per Wolverine share. The board of directors also discussed its fiduciary duties in connection with a proposed acquisition of Wolverine. The board of directors authorized continued due diligence by Horizon and Company A, and instructed management and KBW to ask these companies to submit updated indications of interest following their completion of due diligence.

On March 7, 2017, Company A conducted onsite due diligence of Wolverine.

On March 13, 2017, at its regular meeting, Wolverine's board of directors reviewed the process to date, and discussed retaining an additional financial advisor to supplement its review of Wolverine's strategic options, including a separate review of the Horizon and Company A indications of interest, and a comparison of these offers to the value of the bank on a stand-alone basis and in a scenario where it conducts a going private transaction.

On March 14, 2017, March 23, 2017 and March 24, 2017, Horizon conducted in-person due diligence of Wolverine.

On March 23, 2017, management of Company A and Wolverine met to discuss additional due diligence matters.

On April 10, 2017, at its regular meeting, Wolverine's board of directors met separately with representatives of Horizon and Company A to discuss their companies, their offers and other information related to the merger process. Horizon and Company A also answered questions from Wolverine's board, management and KBW regarding various considerations pertinent to Wolverine's evaluation of the two indications of interest.

On April 12, 2017, Horizon submitted a revised indication of interest that proposed paying merger consideration of \$39.19 per Wolverine share, payable 70% in stock (1.0532 shares of Horizon stock for each Wolverine share) and 30% in cash (\$11.10 for each Wolverine share). Wolverine stockholders who held less than 100 shares of common stock would receive cash consideration of \$39.00 per share. Horizon's updated indication of interest reiterated its earlier offer that it would consider adding one independent member of the board of directors of Wolverine to Horizon's board of directors.

On that same day, Company A submitted a revised indication of interest that proposed paying merger consideration of \$38.80 for each Wolverine share, payable 50% in stock and 50% in cash. Company A's updated indication of interest provided that it would consider adding two members of the board of directors of Wolverine to Company A's board of directors.

On April 17, 2017, Wolverine's board of directors met at a special meeting to review the indications of interest in detail and to determine the next steps. Representatives of Luse Gorman attended this meeting. The board of directors reviewed with Luse Gorman its fiduciary duties relating to the ongoing process and its decision regarding how and with whom to proceed between the two indications of interest.

Also as part of its review of the indications of interest, and based on its discussion at the March 13, 2017 board meeting regarding potential retention of an additional financial advisor, Wolverine's board of directors received a presentation from Sheshunoff & Co. Investment Banking, L.P. (Sheshunoff). Sheshunoff provides investment banking services to financial institutions, including providing advice with respect to mergers and acquisitions. Wolverine was a participant in Sheshunoff's chief executive officer peer advisory and networking program. Sheshunoff reviewed the terms of the Horizon and Company A indications of interest and compared the pricing to hypothetical values of Wolverine as a going concern and in a merger transaction. Sheshunoff noted that the value of the offers from Horizon and Company A (\$85.0 million and \$85.8 million, respectively) exceeded Sheshunoff's estimated present value for

Wolverine of \$61.9 million as a going concern on a discounted cash flow analysis basis, and also exceeded Sheshunoff's estimated value for Wolverine on a market comparison approach of between \$60.7 million and \$67.1 million. Sheshunoff also noted that the value of the offers was consistent with Sheshunoff's estimated value of between \$81 million and \$86 million for Wolverine using an acquisition analysis approach. Sheshunoff discussed that qualitative factors (e.g., cultural fit, buyer

Table of Contents

regulatory issues, execution risk, price risk, and liquidity) are also important in determining the right partner. Sheshunoff also discussed the difficulties associated with Wolverine conducting a going private transaction, whereby Wolverine would, in lieu of pursuing a merger transaction, remain an independent company that repurchased its public float (i.e., shares held by unaffiliated stockholders), issued debt and equity securities to fund the repurchase, and discontinued filing reports with the Securities and Exchange Commission. Sheshunoff did not provide an opinion as to the value of the offers included in the indications of interest; rather, the board of directors considered the information provided by Sheshunoff as part of the board's decision regarding whether to proceed with a merger transaction and, if it were to proceed, with which party (Horizon or Company A).

At the April 17, 2017 meeting, Wolverine's board of directors also reviewed the Horizon and Company A indications of interest with KBW. KBW also discussed the merger process to date and financial information about Horizon and Company A, on both a historical and a pro forma basis. Based on closing stock prices as of April 13, 2017, Horizon's proposal had an implied value of \$37.75 per Wolverine share, while Company A's proposal had an implied value of \$39.26 per Wolverine share.

Wolverine's board of directors determined that it would proceed with merger negotiations with Horizon. In making this determination, the board considered, in addition to Horizon's and Company A's respective proposed per share consideration, Horizon's experience in completing merger transactions, the liquidity of Horizon's common stock (approximately 60,000 shares of Horizon common stock traded each day, which was significantly higher than the average daily trading volume for each of Wolverine and Company A), which would provide Wolverine stockholders with the option of selling their shares or remaining as stockholders of Horizon, Horizon's current operations and future prospects, and the potential that Horizon could provide superior long-term value to Wolverine's stockholders. The board also considered and weighed the potential impact of a transaction with each of Horizon and Company A on Wolverine's customers, employees and the community, including consideration of Horizon's significant presence in and understanding of the Michigan market and its similar culture in working with both customers and employees.

Wolverine's board of directors also approved the selection of Chairman Reynolds, President and Chief Executive Officer Dunn, and Directors Eric P. Blackhurst and J. Donald Sheets as members of a merger committee who were authorized to negotiate certain matters relating to a merger with Horizon, including the deal price offered by Horizon.

Immediately following the April 17, 2017 board meeting, the Wolverine merger committee met to review ways to enhance the value of the transaction to Wolverine stockholders, including instructing KBW to request that Horizon increase its offer price, remove the requirement that the cash portion of the consideration be paid by Wolverine to its stockholders as a special dividend, provide caps and collars on the offer price, and increase the cash portion of the merger consideration to 35%.

KBW contacted Horizon's financial advisor following the meeting of the merger committee to communicate the merger committee's requests, and on April 20, 2017, Wolverine's merger committee met to review the status of negotiations. The merger committee was advised by KBW that Horizon had responded by stating that it would increase its offer to \$40.00 for each Wolverine share, payable 65% in Horizon common stock and 35% in cash. Horizon also agreed to remove the requirement that the cash portion of the consideration be paid as a special dividend. Horizon did not agree to provide caps and collars on the offer price, so the merger committee discussed a double trigger walkaway right as an alternative method to provide Wolverine stockholders with protection against market price reductions on Horizon's common stock, whereby the Wolverine board of directors could terminate the merger agreement if Horizon's stock dropped a certain percentage on an absolute basis, and also dropped a certain percentage below that of a to-be-determined peer group. The merger committee also instructed KBW to discuss with Horizon or its financial advisor the possibility of a cash-stock election, whereby stockholders could request that they receive merger consideration in cash, Horizon common stock, or a combination thereof, subject to an allocation process that

would ensure that the final aggregate merger consideration was paid 65% in Horizon common stock and 35% on cash.

KBW contacted Horizon's financial advisor following the meeting of the Wolverine merger committee to carry out the merger committee's instructions. Horizon did not agree to provide a cash-stock election to

Wolverine stockholders. On April 21, 2017, Horizon submitted a revised indication of interest, which was distributed to each member of the Wolverine board. The revised indication of interest confirmed Horizon's offer to pay merger consideration of \$40.00 for each share of Wolverine common stock, payable 65% in Horizon common stock and 35% in cash. Wolverine stockholders who held less than 100 shares of common stock would receive cash consideration of \$40.00 per share. The indication of interest also removed the requirement that the cash portion of the merger consideration be paid by Wolverine as a special dividend. Although not included in the indication of interest, Horizon's financial advisor confirmed that the draft merger agreement to be provided to Wolverine would include a double-trigger walkaway right. Horizon's revised indication of interest also required Wolverine to negotiate exclusively with Horizon for 60 days following Wolverine's acceptance of the indication of interest. Wolverine's management executed the indication of interest on April 24, 2017.

Horizon continued due diligence over the next few weeks. On May 4, 2017, Horizon began providing Wolverine and its advisors documents regarding Horizon's business and operations for reverse due diligence by Wolverine.

On May 5, 2017, the Wolverine merger committee met to review the status of discussions and a general timeline of future events.

On May 11, 2017, Barnes & Thornburg LLP, counsel for Horizon, provided an initial draft of the merger agreement to Luse Gorman. The initial draft of the merger agreement included a termination fee of \$4,452,200, or approximately 5% of the deal value. The parties began negotiating the terms of the merger agreement.

On May 11, 2017 and May 17, 2017, management of Wolverine, with the assistance of representatives of Luse Gorman and KBW, interviewed certain members of senior management of Horizon, for reverse due diligence purposes.

On May 15, 2017, at its regular meeting, Wolverine's board of directors met to review the process to date and possible next steps. The board also met with three senior employees of Wolverine who had met with management of Horizon, and these employees provided the board with feedback as to those meetings and the synergies that could be achieved through a potential merger transaction with Horizon.

On May 18, 2017, KBW received two e-mails from representatives of Company A, noting Company A's recently increased stock trading price. One of the e-mails also indicated that the increased stock price would result in a deal value to Wolverine in excess of \$45.00 per share.

On May 18, 2017, the Wolverine merger committee met to discuss the e-mails received by KBW, the potential reasons for the recent increase in Company A's share value, and possible next steps. Representatives of KBW and Luse Gorman attended this meeting. Company A had recently become eligible for inclusion on a widely-tracked index. Index funds that track this index were required to purchase Company A's stock to reflect Company A's inclusion in the index. Representatives of Luse Gorman again reviewed the board's fiduciary duties with the merger committee. Following this meeting, the merger committee instructed KBW to provide summary information as to recent events to Horizon's financial advisor without disclosing the identity of Company A. Management was also authorized to provide summary information to Horizon's management, also without disclosing the identity of Company A.

On May 19, 2017, after receiving notice that Wolverine was evaluating recent communications from Company A, Horizon instructed its financial and legal advisors to suspend further work on the transaction until Horizon received a verbal indication from Wolverine that it intended to continue to pursue a transaction with Horizon. Through its financial advisor, Horizon communicated to Wolverine its intention to cease work on the transaction.

On May 19, 2017, the Wolverine merger committee met with representatives of KBW and Luse Gorman in attendance. Legal counsel again reviewed the board's fiduciary duties with the merger committee. KBW discussed financial aspects of the two alternative proposals. Based on closing prices from May 18, 2017, Horizon's proposal had an implied value of \$39.77 for each Wolverine share, while Company A's proposal had

Table of Contents

an implied value of \$45.61 for each Wolverine share. The merger committee discussed that Horizon had instructed its legal counsel and financial advisor to stop negotiating and cease work on the merger agreement to allow Wolverine to consider its alternatives in view of its fiduciary obligations. At the end of this meeting, the merger committee instructed KBW to contact Horizon's financial advisor to discuss potential ways to enhance the value of Horizon's offer, such as increased merger consideration or a floor on the deal pricing.

From May 19 to 22, 2017, Horizon's chief executive officer and its financial advisor discussed Wolverine's request. Based on the current financial aspects of the transaction, as previously reviewed with Horizon's board of directors, as well as other merger opportunities Horizon was considering, Horizon determined it had presented Wolverine with its best offer and was not willing to change the financial terms of its proposal. On May 22, 2017, Horizon's financial advisor notified KBW that it would not modify its proposal and that Horizon believed the previously negotiated transaction terms, combined with its attractive stock valuation, the liquidity profile of its stock, and Horizon's strong deal history, remained an attractive offer for Wolverine's stockholders.

On May 24, 2017, the Wolverine merger committee met with representatives of KBW and Luse Gorman. KBW advised the committee that Horizon was not willing to change any of the terms of its indication of interest. The merger committee also reviewed information relating to the implied value of Company A's proposal of \$45.84 per share, and how the price of Company A's common stock compared to that of certain other publicly-traded community financial institutions (which were publicly-traded banks and thrifts headquartered in the Midwest with total assets between \$900 million and \$1.5 billion and a return on average assets greater than or equal to 0.50%). Company A's common stock was trading at multiples of tangible book value and trailing 12 months earnings that were significantly higher than the median multiples for the other publicly-traded community financial institutions observed. In contrast, Horizon's common stock traded at a discount to its peers on a price-to-earnings basis. The merger committee and KBW discussed the likelihood that Company A's stock value would begin to trade in line with its peers following the completion of the rebalancing of the index in which Company A was being included, and also discussed Horizon's experience in completing merger transactions, the liquidity of Horizon's common stock versus Company A's common stock, the status of merger negotiations and the risk of losing Horizon as a merger partner if Wolverine were to try to negotiate an agreement with Company A. The merger committee instructed KBW to discuss additional information related to the comparison of Company A with other publicly-traded community financial institutions at an upcoming meeting of the full board.

On May 25, 2017, Wolverine's board of directors met at a special meeting to review recent events. Representatives of KBW and Luse Gorman attended the meeting. Legal counsel again reviewed the board's fiduciary duties in connection with the merger process and the board's decision. The board of directors discussed possible next steps, including letting the Horizon 60-day exclusivity period lapse in order to negotiate further with Company A, continuing to negotiate with Horizon with the goal of executing a definitive merger agreement, and contacting Horizon to better evaluate Horizon's expectations on next steps in view of recent developments. The board of directors reviewed the implied value of Company A's proposal (\$45.84 per share of Wolverine common stock, based upon Company A's stock price as of May 23, 2017). The board of directors reviewed comparisons of Company A's common stock to those of two peer groups of publicly-traded community financial institutions, on an earnings and tangible book value basis. The peer groups were: (i) publicly-traded banks and thrifts headquartered in the Midwest with total assets between \$900 million and \$1.5 billion and a return on average assets greater than or equal to 0.50%; and (ii) banks and thrifts listed on Nasdaq and headquartered in the Midwest with market capitalizations between \$200 million and \$300 million. The board discussed how Company A's current pricing significantly exceeded the top quartile of peer group pricing, and also discussed the expectation of future downward pressure on Company A's stock price. The board also considered the advantages of a transaction with Horizon, including increased liquidity for Wolverine stockholders compared to the limited liquidity in Company A's common stock, Horizon's current operations and future prospects, Horizon's proven ability to complete merger transactions, the status of merger negotiations with Horizon and the risk

of losing Horizon as a merger partner if Wolverine were to try to negotiate with Company A. At the completion of this meeting, the board of directors instructed KBW to contact Horizon's financial advisor to determine whether

Table of Contents

Horizon would allow Wolverine to contact Company A to get a better understanding of their level of interest in pursuing a merger with Wolverine in view of the recent increase in Company A's stock price (without disclosing the name of Company A).

KBW contacted Horizon's financial advisor following the meeting of Wolverine's board of directors to carry out the board's instructions. On May 26, 2017, Horizon's financial advisor informed KBW that Wolverine continued to be subject to an exclusivity agreement with Horizon, and that Horizon expected Wolverine to affirmatively state its intention to continue negotiations with Horizon, under the current terms, by May 31, 2017, or Horizon would terminate discussions.

On May 30, 2017, Wolverine's board of directors held a special meeting to review the communication from Horizon's financial advisor. Representatives of KBW and Luse Gorman attended the meeting. The board of directors reviewed the relative pricing offered by Horizon and Company A. Based on closing prices from May 30, 2017, Horizon's proposal had an implied value of \$39.60 per share of Wolverine common stock, with the total value of the merger consideration being 64.6% Horizon common stock and 35.4% cash, while Company A's proposal had an implied value of \$45.38 per share of Wolverine common stock, with the total value of the merger consideration being 57.3% Company A's common stock and 42.7% cash. The board of directors discussed Horizon's strength as a merger partner, including its long-term business and financial prospects when combined with Wolverine. The board of directors also discussed the risk of not being able to consummate any merger transaction if negotiations with Horizon were terminated and a transaction with Company A could not be negotiated on terms satisfactory to Wolverine. The board of directors discussed the future value of Company A's stock based on the recent increase in trading price and its value in relation to its peers. Following this discussion, based on its evaluation of all of the described factors that were discussed and considered over the course of several board and merger committee meetings, Wolverine's board of directors determined that it was in Wolverine's and its stockholders' best interests to proceed with Horizon. Therefore, the board agreed to continue to proceed toward the negotiation of a final, definitive merger agreement with Horizon.

The parties continued negotiations regarding the terms of the merger agreement and exchanged drafts of and comments on the merger agreement. As part of these negotiations, Horizon revised the merger agreement to reduce the termination fee to \$3,539,000, or approximately 4% of the deal value at that time. Horizon also revised the merger agreement to provide that all stockholders would receive the same merger consideration, such that stockholders owning fewer than 100 shares of Wolverine stock would not receive the cash consideration only.

On June 8, 2017, the Wolverine merger committee met with representatives of Luse Gorman to review the merger agreement and the status of open items. The merger committee also discussed the next steps in the process.

At a regular meeting of Wolverine's board of directors held on June 12, 2017 and attended by representatives of KBW and Luse Gorman, the board reviewed in detail with legal counsel the merger agreement and ancillary documents, including: (i) voting agreements to be entered into by Wolverine's directors and executive officers; (ii) employment agreements to be entered into by certain senior officers, including Mr. Dunn; and (iii) termination and release agreements to be entered into by certain senior officers, including Mr. Dunn. At this meeting, KBW reviewed with the board the financial aspects of the proposed merger and discussed on a preliminary basis the fairness opinion to be delivered by KBW with respect to the merger consideration to be received by the holders of Wolverine common stock in the proposed merger. The board of directors reviewed the relative pricing offered by Horizon and Company A. Based on closing prices from June 9, 2017, Horizon's proposal had an implied value of \$41.52 per share of Wolverine common stock, with the total value of the merger consideration being 66.3% Horizon common stock and 33.7% cash, while Company A's proposal had an implied value of \$43.25 per share of Wolverine common stock, with the total value of the merger consideration being 55.1% Company A common stock and 44.9% cash.

On June 12, 2017, the board of directors of Horizon met with Horizon's management who presented the terms of the merger agreement that had been distributed to the board prior to the meeting, the strategic rationale for the transaction, and the financial aspects of the merger. Following this presentation, the board of directors of

Table of Contents

Horizon reviewed and discussed the draft of the merger agreement and the consideration to be paid by Horizon to Wolverine's stockholders. Horizon's management responded to questions from the board regarding the merger and the merger consideration. Following a lengthy discussion, the board voted to approve management's finalization and execution of the merger agreement and all related documents.

At a special meeting of Wolverine's board of directors held on June 13, 2017 and attended by representatives of KBW and Luse Gorman, legal counsel updated the board as to the status of negotiations with Horizon. Legal counsel also discussed the proposed resolutions that the independent members of the board (all directors except for Mr. Dunn) would be requested to approve, as well as the proposed resolutions that the full board would be requested to approve. At this meeting, KBW again reviewed with the board the financial aspects of the proposed merger and rendered to the board an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in its opinion, the merger consideration to be received by the holders of Wolverine common stock in the proposed merger was fair, from a financial point of view, to the holders of Wolverine common stock. After further discussion, the independent members of Wolverine's board of directors voted unanimously to approve the merger agreement with Horizon in substantially the form presented, to recommend that Wolverine stockholders vote to approve the merger agreement and the merger, and to approve the executive compensation arrangements of senior officers, including Mr. Dunn. Following this vote, and taking into consideration the factors described under *Wolverine's Reasons for the Merger; Board Recommendation*, the board of directors voted unanimously to approve the Merger Agreement with Horizon in substantially the form presented, to recommend that Wolverine stockholders vote to approve the Merger Agreement and the merger, and to authorize management, with the assistance of counsel, to finalize and execute the Merger Agreement and all related documents.

Following approval of Wolverine's board of directors, on June 13, 2017, the parties executed the Merger Agreement. Wolverine and Horizon issued a joint press release publicly announcing the transaction prior to the opening of the financial markets on June 14, 2017.

Wolverine's Reasons for the Merger; Board Recommendation

Wolverine's board of directors unanimously recommends that Wolverine stockholders vote for approval and adoption of the Merger Agreement and the merger. The board's recommendation follows its determination that the merger and the Merger Agreement were fair to and in the best interest of Wolverine and its stockholders. In making its determination and recommendation in authorizing and approving the merger and in approving and adopting the Merger Agreement, Wolverine's board of directors consulted with members of Wolverine's management, and with representatives of KBW and Luse Gorman, and also considered a number of factors that the Wolverine board of directors viewed as relevant to its decisions, including, without limitation, the following:

information concerning the business, earnings, operations, financial condition, asset quality and prospects of Wolverine and Horizon, both individually and as a combined company;

the understanding of Wolverine's board of directors of the strategic options available to Wolverine and the board of directors' assessment of those options and the likelihood of Wolverine's execution of its business plan as an independent entity, and the board's determination that execution of the business plan was not more likely to create greater present value for Wolverine's stockholders than the value to be paid by Horizon;

management's assessment of the execution risks involved in attaining the performance levels assumed by the business projections relating to Wolverine;

the prospects of profitably deploying Wolverine's capital in a reasonable period of time;

the challenges facing Wolverine's management to grow Wolverine's franchise and enhance stockholder value given current market conditions, including increased operating costs resulting from regulatory and compliance mandates, continued pressure on net interest margin in the current interest rate environment and competition;

conditions and activity in the mergers and acquisition market providing an opportunity for Wolverine to deliver accelerated and enhanced stockholder value, as compared to organic growth;

the purchase price per share to be paid by Horizon and the resulting valuation multiples;

that over 65% of the merger consideration (as calculated at the time of entering into the Merger Agreement) would be in stock of Horizon, which would allow Wolverine stockholders to participate in the future performance of the combined company;

the increased need for scale to absorb the growing costs of operations, cyber security and compliance with banking regulations;

the compatibility of the business cultures of Wolverine and Horizon;

the complementary nature of and potential synergies related to Wolverine's and Horizon's business;

the geographic fit and increased customer convenience of the expanded branch network of Horizon;

the scale, scope, capital position, strength and diversity of operations, product lines and delivery systems that could be achieved by the combined company;

the historical performance of Horizon's common stock, Horizon's greater market capitalization, the stock's liquidity in terms of average daily trading volume and the level of future cash dividends anticipated to be received by Wolverine stockholders;

the continued participation of Wolverine's directors and management in the combined company, which enhances the likelihood that the expected benefits of the merger will be realized, in particular that:

Eric P. Blackhurst will be added to Horizon's and Horizon Bank's boards of directors following the completion of the merger; and

Messrs. Dunn and Roskinski will have ongoing roles with the combined company;

the stock component of the merger consideration, including the exchange ratio, and the potential for the price of Horizon common stock to increase after the signing of the Merger Agreement;

the financial presentation of KBW to the Wolverine board of directors and the opinion, dated June 13, 2017, of KBW to the Wolverine board of directors as to the fairness, from a financial point of view and as of the date of the opinion, to the holders of Wolverine common stock of the merger consideration in the proposed merger, as more fully described below under *Opinion of Wolverine's Financial Advisor* ;

the legal analyses as to the structure of the merger, the Merger Agreement, the fiduciary and legal obligations applicable to directors when considering a sale or merger of a company, and the process that Wolverine (including its board of directors) employed in considering potential strategic alternatives, including the merger with Horizon;

the results of the solicitation process conducted by Wolverine, with the advice and assistance of its advisors;

the terms of the Merger Agreement, including the fixed cash and stock consideration and the expected tax treatment of the merger as a reorganization for United States federal income tax purposes;

certain structural protections included in the Merger Agreement, including:

that the Merger Agreement does not preclude a third party from making an unsolicited acquisition proposal to Wolverine and that, under certain circumstances more fully described under *The Merger Agreement - Acquisition Proposals by Third Parties*, Wolverine may furnish non-public information to and enter into discussions with such a third party regarding an acquisition proposal;

the ability of the Wolverine board of directors to submit the Merger Agreement to stockholders without recommendation, in which event the board of directors may communicate the basis for its lack of a recommendation to the extent required by law;

the ability of Wolverine to terminate the Merger Agreement if the price of Horizon's common stock drops more than 15% relative to both its price before public announcement of the transaction and the SNL Small Cap U.S. Bank and Thrift Index;

the ability of Wolverine to terminate the Merger Agreement to enter into a definitive agreement for a superior proposal if certain requirements are met, in each case subject to the payment of a termination fee by Wolverine of \$3,539,000, an amount that was negotiated at arm's-length and was determined by the Wolverine board of directors to be reasonable under the circumstances and generally comparable to termination fees in other similar transactions; and

the covenant of Horizon to use its reasonable best efforts to obtain regulatory approval;

the anticipated effect of the merger on Wolverine's employees (including that Wolverine employees who do not continue as employees of Horizon will be entitled to severance benefits);

the effect on Wolverine's customers and the communities served by Wolverine, including Horizon's commitment to donate \$50,000 annually for a five-year period to nonprofit organizations and/or community schools in the markets served by Wolverine;

that Horizon will establish a Great Lakes Bay Region Advisory Board and add representatives from the communities served by Wolverine;

the ability of Horizon to complete the Merger, from a business, financial, and regulatory perspective, and its proven track record of successfully completing acquisition transactions; and

the ability of Horizon to pay the merger consideration and the relative value of the Horizon currency compared to its peers.

The Wolverine board of directors also considered a number of potential risks and uncertainties in connection with its consideration of the proposed merger, including, without limitation, the following:

the challenges of integrating Wolverine's business, operations and employees with those of Horizon;

that Horizon had recently announced the acquisition of another financial institution and the challenges of obtaining regulatory approval and integrating two institutions concurrently;

the potential risk of diverting management attention and resources from the operation of Wolverine's business and towards the completion of the merger;

the restrictions on the conduct of Wolverine's business before the completion of the merger, which are customary for public company merger agreements involving financial institutions, but which, subject to specific exceptions, could delay or prevent Wolverine from undertaking business opportunities that may arise or any other action it would otherwise take with respect to the operations of Wolverine absent the pending merger;

that the interests of certain of Wolverine's directors and officers may be different from, or in addition to, the interests of Wolverine's other stockholders as described under the heading *Interests of Certain Directors and Officers of Wolverine in the Merger*;

the risk of potential employee attrition and/or adverse effects on business and customer relationships as a result of the pending merger;

the need to and likelihood of obtaining approval by stockholders of Wolverine and bank regulators to complete the transaction;

the risks and costs associated with entering into the Merger Agreement and restrictions on the conduct of Wolverine's business before the merger is completed;

the possibility of a reduction in the trading price of Horizon common stock following the announcement of the Merger Agreement and prior to completion of the merger;

that a termination fee in the amount of \$3,539,000 would have to be paid to Horizon if Wolverine determined to terminate the Merger Agreement to accept a superior proposal or if Horizon determined to terminate the Merger Agreement due to Wolverine's material breach of its non-solicitation obligations, or, after the receipt of a third party proposal, Wolverine's breach of its representations or warranties, failure to recommend or the withdrawal or modification of its recommendation of the Merger Agreement, or entry into an acquisition agreement following its failure to obtain stockholder approval of the Merger Agreement;

the impact that provisions of the Merger Agreement relating to payment of a termination fee by Wolverine may have on Wolverine receiving an alternative proposal;

the potential costs associated with executing the Merger Agreement, including change in control payments and related costs, as well as estimated advisor fees; and

the possibility of litigation in connection with the merger.

This discussion of the information and factors considered by Wolverine's board of directors in reaching its conclusions and recommendation includes the factors identified above, but is not intended to be exhaustive and may not include all of the factors considered by the Wolverine board of directors. In view of the wide variety of factors considered in connection with its evaluation of the merger and the other transactions contemplated by the Merger Agreement, and the complexity of these matters, the Wolverine board of directors did not find it useful and did not attempt to quantify, rank or assign any relative or specific weights to the various factors that it considered in reaching its determination to approve the merger and the other transactions contemplated by the Merger Agreement, and to make its recommendation to Wolverine stockholders. Rather, the Wolverine board of directors viewed its decisions as being based on the totality of the information presented to it and the factors it considered. In addition, individual members of the Wolverine board of directors may have assigned different weights to different factors.

Certain of Wolverine's directors and executive officers have financial interests in the merger that are different from, or in addition to, those of Wolverine's stockholders generally. The Wolverine board of directors was aware of and considered these potential interests, among other matters, in evaluating the merger and in making its recommendation to Wolverine stockholders. For a discussion of these interests, see *Interests of Certain Directors and Officers of Wolverine in the Merger*.

For the reasons set forth above, Wolverine's board of directors has unanimously approved the Merger Agreement, has determined that the Merger Agreement and the transactions contemplated thereby, including the Merger and merger consideration, are advisable and in the best interests of Wolverine and its stockholders, and unanimously recommends that Wolverine stockholders vote FOR the proposal to approve and adopt the Merger Agreement and the merger, FOR the approval of the Merger-Related Compensation Proposal, and

FOR the Adjournment Proposal.

Horizon's Reasons for the Merger

To reach its decision to approve the Merger Agreement, Horizon's board of directors consulted with Horizon's management, as well as its financial and legal advisors, and considered a number of factors, including:

the business, earnings, operations, financial condition, management, prospects, capital levels, and asset quality of both Horizon and Wolverine, taking into account the results of Horizon's due diligence review of Wolverine, including Horizon's assessments of Wolverine's credit policies, asset quality, adequacy of loan loss reserves, interest rate risk, and litigation;

the overall greater scale that will be achieved by the merger that will better position the combined company for future growth;

Table of Contents

its belief that Horizon and Wolverine have similar cultures and similar community-oriented philosophies, and the complementary nature of the strengths of the management personnel of each company;

its ability to retain a seasoned management team to lead its banking efforts in the Great Lakes Bay Region of Michigan;

growth opportunities in the Great Lakes Bay Region and Oakland County, Michigan;

the belief of Horizon's management that the merger will result in pre-tax annual cost savings of approximately \$3.0 million in 2018, \$3.1 million in 2019, and \$3.2 million in 2020. Approximately \$2.2 million of the expected savings in 2018 are expected to result from reduced expenses for salaries, employee benefits, and other employee matters, approximately \$360,000 are expected to result from reduced data processing expenses, approximately \$120,000 are expected to result from reduced professional fees, and approximately \$365,000 are expected to result from reduced general, administrative, and other expenses;

the belief of Horizon that the merger will produce earnings enhancement opportunities from additional sources of non-interest income;

the estimation by Horizon's management that the merger will result in after-tax earnings per share accretion of \$0.10 in 2018, \$0.09 in 2019, and \$0.07 in 2020;

the likelihood of a successful integration of Wolverine's business, operations, and workforce with those of Horizon and of successful operation of the combined company, and the belief that customer disruption in the transition phase would not be significant due to the complementary nature of the markets served by Horizon and Wolverine;

the historical and current market prices of Horizon's common stock and Wolverine's common stock;

the fact that Wolverine's stockholders would own approximately 8.4% of the diluted share ownership of the combined company (giving effect to the completion of the previously announced acquisition of LFCB);

the financial and other terms and conditions of the Merger Agreement, including the fact that the exchange ratio and the per share amount of the cash merger consideration are both fixed, provisions designed to limit the ability of Wolverine's board of directors to entertain third party acquisition proposals, a provision giving Wolverine the right to terminate the Merger Agreement in the event of a specified decline in the market value of Horizon's common stock relative to a designated market index unless Horizon agrees to pay additional merger consideration, and provisions providing for payment by

Wolverine to Horizon of a \$3,539,000 termination fee if the Merger Agreement is terminated under certain circumstances;

the board's belief that Horizon will be able to finance the cash portion of the merger consideration on substantially the terms contemplated by it;

the interests of Wolverine's directors and executive officers in the merger, in addition to their interests generally as stockholders, as described under *Interests of Certain Directors and Officers of Wolverine in the Merger* beginning on page 80; and

the need to obtain Wolverine's stockholder approval and regulatory approvals in order to complete the transaction.

The foregoing discussion of the factors considered by Horizon's board of directors is not intended to be exhaustive, but rather includes the material factors considered by Horizon's board of directors. In reaching its decision to approve the Merger Agreement and the merger, Horizon's board of directors did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights

to different factors. Horizon's board of directors considered these factors as a whole, including discussions with, and questioning of, Horizon's management and its financial and legal advisors, and overall considered the factors to be favorable to, and to support, its determination.

For the reasons set forth above, Horizon's board of directors unanimously approved the Merger Agreement and the merger, and the transactions contemplated by the Merger Agreement.

Effects of the Merger

The respective boards of directors of Horizon and Wolverine believe that, over the long-term, the merger will be beneficial to Horizon's stockholders, including the current stockholders of Wolverine who will become Horizon stockholders if the merger is completed. The Horizon board of directors believes that one of the potential benefits of the merger is the cost savings that may be realized by combining the two companies and integrating Wolverine Bank into Horizon's banking subsidiary, which savings are expected to enhance Horizon's earnings.

Horizon expects to reduce expenses by combining accounting, data processing, retail and lending support, and other administrative functions after the merger, which will enable Horizon to achieve economies of scale in these areas. Promptly following the completion of the merger, which is expected to occur early in the fourth quarter of 2017, Horizon plans to begin the process of eliminating redundant functions and eliminating duplicative expenses that were identified prior to the completion of the merger. It is contemplated that after the merger Horizon Bank will continue to operate the main offices and branch offices of Wolverine Bank. For more information about Wolverine's branch offices, see *Additional Information About Wolverine Properties* beginning on page 134.

The amount of any cost savings Horizon may realize in 2017 will depend upon how quickly and efficiently Horizon is able to implement the processes outlined above during the year.

Horizon believes that it will achieve cost savings based on the assumption that it will be able to:

reduce data processing costs;

reduce staff;

reduce director fees;

reduce regulatory fees; and

reduce legal and accounting fees.

Horizon has based these assumptions on its present assessment of where savings could be realized based upon the present independent operations of the two companies. Actual savings in some or all of these areas could be higher or lower than is currently expected.

Horizon also believes that the merger will be beneficial to the customers of Wolverine as a result of the additional products and services offered by Horizon and because of its increased lending capabilities.

Negotiations, Transactions, or Material Contracts

Except as set forth above or elsewhere in this proxy statement/prospectus, none of Wolverine, Wolverine Bank, nor any of their respective directors, executive officers, or other affiliates had any negotiations, transactions, or material contracts with Horizon, Horizon Bank, or any of their directors, executive officers, or other affiliates during the past three years that would require disclosure under the rules and regulations of the SEC applicable to this proxy statement/prospectus.

Opinion of Wolverine's Financial Advisor

Wolverine engaged KBW to render financial advisory and investment banking services to Wolverine, including an opinion to the Wolverine board of directors as to the fairness, from a financial point of view, to the holders of Wolverine common stock of the merger consideration to be received by such stockholders in the

proposed merger of Wolverine with and into Horizon. Wolverine selected KBW because KBW is a nationally recognized investment banking firm with substantial experience in transactions similar to the merger. As part of its investment banking business, KBW is continually engaged in the valuation of financial services businesses and their securities in connection with mergers and acquisitions.

As part of its engagement, representatives of KBW attended the meeting of the Wolverine board held on June 13, 2017, at which the Wolverine board evaluated the proposed merger. At this meeting, KBW rendered to the Wolverine board an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in its opinion, the merger consideration in the proposed merger was fair, from a financial point of view, to the holders of Wolverine common stock. The Wolverine board approved the Merger Agreement at this meeting.

The description of the opinion set forth herein is qualified in its entirety by reference to the full text of the opinion, which is attached as Appendix B to this document and is incorporated herein by reference, and describes the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW in preparing the opinion.

KBW's opinion speaks only as of the date of the opinion. The opinion was for the information of, and was directed to, the Wolverine board (in its capacity as such) in connection with its consideration of the financial terms of the merger. The opinion addressed only the fairness, from a financial point of view, of the merger consideration in the merger to the holders of Wolverine common stock. It did not address the underlying business decision of Wolverine to engage in the merger or enter into the Merger Agreement or constitute a recommendation to the Wolverine board in connection with the merger, and it does not constitute a recommendation to any holder of Wolverine common stock or any stockholder of any other entity as to how to vote in connection with the merger or any other matter, nor does it constitute a recommendation regarding whether or not any such stockholder should enter into a voting, stockholders or affiliates agreement with respect to the merger.

KBW's opinion was reviewed and approved by KBW's Fairness Opinion Committee in conformity with its policies and procedures established under the requirements of Rule 5150 of the Financial Industry Regulatory Authority.

In connection with the opinion, KBW reviewed, analyzed and relied upon material bearing upon the financial and operating condition of Wolverine and Horizon and bearing upon the merger, including, among other things:

a draft of the Merger Agreement dated June 13, 2017 (the most recent draft then made available to KBW);

the audited financial statements and the Annual Reports on Form 10-K for the three fiscal years ended December 31, 2016 of Wolverine;

the unaudited quarterly financial statements and the Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2017 of Wolverine;

the audited financial statements and the Annual Reports on Form 10-K for the three fiscal years ended December 31, 2016 of Horizon;

the unaudited quarterly financial statements and the Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2017 of Horizon;

certain regulatory filings of Wolverine, Horizon and their respective subsidiaries, including (as applicable) the semi-annual reports on Form FR Y-9SP and quarterly reports on Form FR Y-9C and quarterly call reports required to be filed with respect to each semi-annual period and quarter (as the case may be) during the three-year period ended December 31, 2016 and the quarter ended March 31, 2017;

Table of Contents

certain other interim reports and other communications of Wolverine and Horizon to their respective shareholders; and

other financial information concerning the businesses and operations of Wolverine and Horizon that was furnished to KBW by Wolverine and Horizon or which KBW was otherwise directed to use for purposes of KBW's analyses.

KBW's consideration of financial information and other factors that it deemed appropriate under the circumstances or relevant to its analyses included, among others, the following:

the historical and current financial position and results of operations of Wolverine and Horizon;

the assets and liabilities of Wolverine and Horizon;

the nature and terms of certain other merger transactions and business combinations in the banking industry;

a comparison of certain financial and stock market information for Wolverine and Horizon with similar information for certain other companies the securities of which were publicly traded;

financial and operating forecasts and projections of Wolverine that were prepared by, and provided to KBW and discussed with KBW by, Wolverine management and that were used and relied upon by KBW at the direction of such management and with the consent of the Wolverine board;

publicly available consensus street estimates of Horizon (which estimates reflected the estimated pro forma impact of Horizon's pending acquisition of Lafayette Community Bancorp, which acquisition was publicly announced on May 23, 2017 (the Lafayette Acquisition)), as well as assumed long-term Horizon growth rates provided to KBW by Horizon management, all of which information was discussed with KBW by such management and used and relied upon by KBW based on such discussions, at the direction of Wolverine management and with the consent of the Wolverine board;

projected balance sheet and capital data of Horizon, giving effect to Horizon's estimates and assumptions regarding the pro forma impact of the Lafayette Acquisition, as of September 30, 2017, that was prepared by Horizon management, provided to and discussed with KBW by such management and used and relied upon by KBW based on such discussions at the direction of Wolverine management and with the consent of the Wolverine board; and

estimates regarding certain pro forma financial effects of the merger on Horizon (including, without limitation, the cost savings and related expenses expected to result from or be derived from the merger)

that were prepared by, and provided to and discussed with KBW by, the management of Horizon, and used and relied upon by KBW based on such discussions, at the direction of Wolverine management and with the consent of the Wolverine board.

KBW also performed such other studies and analyses as it considered appropriate and took into account its assessment of general economic, market and financial conditions and its experience in other transactions, as well as its experience in securities valuation and knowledge of the banking industry generally. KBW also participated in discussions that were held with the respective managements of Wolverine and Horizon regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters as KBW deemed relevant to its inquiry. Although KBW assisted with the efforts undertaken by Wolverine to solicit indications of interest from third parties regarding a potential transaction with Wolverine, KBW was not requested to, and did not, engage in further discussions with parties other than Horizon once Wolverine and Horizon entered into a period of exclusivity, notwithstanding the existence of another interested party that had recently indicated it might still have an interest in a potential transaction with Wolverine. KBW expressed no opinion as to whether any alternative sale or other transaction resulting from further discussions with parties other than Horizon could have been more favorable in any respect to holders of Wolverine common stock than the merger or whether the merger consideration would have been

Table of Contents

more favorable to holders of Wolverine common stock than the consideration that could have been received by such holders in any such alternative transaction.

In conducting its review and arriving at its opinion, KBW relied upon and assumed the accuracy and completeness of all of the financial and other information that was provided to it or that was publicly available and did not independently verify the accuracy or completeness of any such information or assume any responsibility or liability for such verification, accuracy or completeness. KBW relied upon the management of Wolverine as to the reasonableness and achievability of the financial and operating forecasts and projections of Wolverine referred to above (and the assumptions and bases therefor), and KBW assumed that such forecasts and projections were reasonably prepared and represented the best currently available estimates and judgments of such management and that such forecasts and projections would be realized in the amounts and in the time periods estimated by such management. KBW further relied, with the consent of Wolverine, upon Horizon management as to the reasonableness and achievability of the publicly available consensus street estimates of Horizon, the assumed Horizon long-term growth rates, and the estimates regarding certain pro forma financial effects of the merger on Horizon, all referred to above (and the assumptions and bases for all such information, including, without limitation, the cost savings and related expenses expected to result or be derived from the merger), and KBW assumed that all such information was reasonably prepared and represented, or in the case of the Horizon street estimates referred to above that such estimates were consistent with, the best currently available estimates and judgments of Horizon management and that the forecasts, projections and estimates reflected in such information would be realized in the amounts and in the time periods estimated. KBW expressed no view or opinion as to the Lafayette Acquisition (or any terms, aspects or implications thereof) and has assumed, with the consent of Wolverine, that the Lafayette Acquisition would be consummated as described to KBW by Horizon management, and would occur in the third quarter of 2017.

It is understood that the portion of the foregoing financial information of Wolverine and Horizon that was provided to KBW was not prepared with the expectation of public disclosure, that all of the foregoing financial information, including the publicly available consensus street estimates of Horizon, was based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and that, accordingly, actual results could vary significantly from those set forth in such information. KBW assumed, based on discussions with the respective managements of Wolverine and Horizon and with the consent of the Wolverine board, that all such information provided a reasonable basis upon which KBW could form its opinion and KBW expressed no view as to any such information or the assumptions or bases therefor. KBW relied on all such information without independent verification or analysis and did not in any respect assume any responsibility or liability for the accuracy or completeness thereof.

KBW also assumed that there were no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of either Wolverine or Horizon since the date of the last financial statements of each such entity that were made available to KBW. KBW is not an expert in the independent verification of the adequacy of allowances for loan and lease losses and KBW assumed, without independent verification and with Wolverine's consent, that the aggregate allowances for loan and lease losses for Wolverine and Horizon are adequate to cover such losses. In rendering its opinion, KBW did not make or obtain any evaluations or appraisals or physical inspection of the property, assets or liabilities (contingent or otherwise) of Wolverine or Horizon, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor did KBW examine any individual loan or credit files, nor did it evaluate the solvency, financial capability or fair value of Wolverine or Horizon under any state or federal laws, including those relating to bankruptcy, insolvency or other matters. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, KBW assumed no responsibility or liability for their accuracy.

KBW assumed, in all respects material to its analyses:

that the merger and any related transactions (including the bank subsidiary merger) would be completed substantially in accordance with the terms set forth in the Merger Agreement (the final

Table of Contents

terms of which KBW assumed would not differ in any respect material to KBW's analyses from the draft reviewed by KBW and referred to above) with no additional payments or adjustments to the merger consideration (including the allocation between cash and stock);

that the representations and warranties of each party in the Merger Agreement and in all related documents and instruments referred to in the Merger Agreement were true and correct;

that each party to the Merger Agreement and all related documents would perform all of the covenants and agreements required to be performed by such party under such documents;

that there were no factors that would delay or subject to any adverse conditions, any necessary regulatory or governmental approval for the merger or any related transaction (including the subsidiary bank merger) and that all conditions to the completion of the merger and any such related transaction would be satisfied without any waivers or modifications to the Merger Agreement or any of the related documents; and

that in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the merger and any related transaction (including the subsidiary bank merger), no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, would be imposed that would have a material adverse effect on the future results of operations or financial condition of Wolverine, Horizon or the pro forma entity, or the contemplated benefits of the merger, including without limitation the cost savings and related expenses expected to result or be derived from the merger.

KBW assumed that the merger would be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. KBW was further advised by representatives of Wolverine that Wolverine relied upon advice from its advisors (other than KBW) or other appropriate sources as to all legal, financial reporting, tax, accounting and regulatory matters with respect to Wolverine, Horizon, the merger and any related transaction (including the subsidiary bank merger), the Merger Agreement and the Lafayette Acquisition. KBW did not provide advice with respect to any such matters.

KBW's opinion addressed only the fairness, from a financial point of view, as of the date of the opinion, to the holders of Wolverine common stock of the merger consideration to be received by such holders in the merger. KBW expressed no view or opinion as to any other terms or aspects of the merger or any term or aspect of any related transaction (including the subsidiary bank merger), including without limitation, the form or structure of the merger (including the form of the merger consideration or the allocation of the merger consideration between cash and stock) or any such related transaction, any consequences of the merger or any such related transaction to Wolverine, its stockholders, creditors or otherwise, or any terms, aspects, merits or implications of any employment, consulting, voting, support, stockholder or other agreements, arrangements or understandings contemplated or entered into in connection with the merger or otherwise. KBW's opinion was necessarily based upon conditions as they existed and could be evaluated on the date of such opinion and the information made available to KBW through such date. Developments subsequent to the date of KBW's opinion may have affected, and may affect, the conclusion reached in KBW's opinion and KBW did not and does not have an obligation to update, revise or reaffirm its opinion. For purposes of KBW's analyses, KBW did not incorporate recently-announced proposed changes to United States tax

laws regarding corporate tax rates. KBW's opinion did not address, and KBW expressed no view or opinion with respect to:

the underlying business decision of Wolverine to engage in the merger or enter into the Merger Agreement;

the relative merits of the merger as compared to any strategic alternatives that are, have been or may be available to or contemplated by Wolverine or the Wolverine board;

the fairness of the amount or nature of any compensation to any of Wolverine's officers, directors or employees, or any class of such persons, relative to the compensation to the holders of Wolverine common stock;

Table of Contents

the effect of the merger or any related transaction on, or the fairness of the consideration to be received by, holders of any class of securities of Wolverine (other than the holders of Wolverine common stock, solely with respect to the merger consideration as described in KBW's opinion and not relative to the consideration to be received by holders of any other class of securities) or holders of any class of securities of Horizon or any other party to any transaction contemplated by the Merger Agreement;

any adjustment (as provided in the Merger Agreement) to the merger consideration assumed to be paid in the merger for purposes of KBW's opinion;

whether Horizon has sufficient cash, available lines of credit or other sources of funds to enable it to pay the aggregate amount of the cash consideration to the holders of Wolverine common stock at the closing of the merger;

the actual value of Horizon common stock to be issued in the merger;

the prices, trading range or volume at which Wolverine common stock and Horizon common stock would trade following the public announcement of the merger or the prices, trading range or volume at which Horizon common stock would trade following the consummation of the merger;

any advice or opinions provided by any other advisor to any of the parties to the merger or any other transaction contemplated by the Merger Agreement; or

any legal, regulatory, accounting, tax or similar matters relating to Wolverine, Horizon, their respective shareholders, or relating to or arising out of or as a consequence of the merger or any related transaction (including the subsidiary bank merger), or the Lafayette Acquisition, including whether or not the merger would qualify as a tax-free reorganization for United States federal income tax purposes.

In performing its analyses, KBW made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, which are beyond the control of KBW, Wolverine and Horizon. Any estimates contained in the analyses performed by KBW are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. In addition, the KBW opinion was among several factors taken into consideration by the Wolverine board in making its determination to approve the Merger Agreement and the merger. Consequently, the analyses described below should not be viewed as determinative of the decision of the Wolverine board with respect to the fairness of the merger consideration. The type and amount of consideration payable in the merger were determined through negotiation between Wolverine and Horizon and the decision of Wolverine to enter into the Merger Agreement was solely that of the Wolverine board.

The following is a summary of the material financial analyses presented by KBW to the Wolverine board in connection with its opinion. The summary is not a complete description of the financial analyses underlying the opinion or the presentation made by KBW to the Wolverine board, but summarizes the material analyses performed

and presented in connection with such opinion. The financial analyses summarized below includes information presented in tabular format. The tables alone do not constitute a complete description of the financial analyses. The preparation of a fairness opinion is a complex analytic process involving various determinations as to appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, KBW did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, KBW believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of

Table of Contents

the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinion.

For purposes of the financial analyses described below, KBW utilized an implied value of the merger consideration of \$41.49 per share of Wolverine common stock, consisting of the sum of (i) the implied value of the stock consideration of 1.0152 shares of Horizon common stock based on the closing price of Horizon common stock on June 12, 2017, and (ii) the cash consideration of \$14.00.

Wolverine Selected Companies Analysis. Using publicly available information, KBW compared the financial performance, financial condition and market performance of Wolverine to 12 selected publicly traded banks and thrifts that were headquartered in the Midwest U.S. and that had total assets between \$300 million and \$500 million and tangible common equity to tangible assets ratios greater than 10.00%. Targets of publicly announced merger transactions and mutual holding companies were excluded from the selected companies.

The selected companies were as follows:

BOSP Bancshares, Inc.	Liberty Bancorp, Inc.
Boyle Bancorp, Inc.	Madison County Financial, Inc.
Denmark Bancshares, Inc.	Northeast Indiana Bancorp, Inc.

Where consolidated holding company level financial data for the selected companies was unreported, subsidiary bank level data was utilized to calculate ratios. Certain financial data prepared by KBW, and as referenced in the tables presented below, may not correspond to the data presented in Wolverine s historical financial statements as a result of the different periods, assumptions and methods used by KBW to compute the financial data presented.

Selected Transactions Analysis. KBW reviewed publicly available information related to 12 selected whole bank and thrift transactions, with acquired companies headquartered in the Midwest U.S., announced since January 1, 2016 with assets between \$200 million and \$700 million, tangible common equity / tangible assets ratios greater than 10.00% and nonperforming assets to total assets ratios less than 3.00%. Table of Contents

For each selected transaction, KBW derived the following implied transaction statistics, in each case based on the transaction consideration value paid for the acquired company and using financial data (if available) based on the acquired company's then latest publicly available financial statements prior to the announcement of the respective transaction:

Price per common share to LTM EPS of the acquired company (in the case of selected transactions involving a private acquired company, this transaction statistic was calculated as total transaction consideration divided by LTM net income);

Price per common share to book value per share of the acquired company (in the case of selected transactions involving a private acquired company, this transaction statistic was calculated as total transaction consideration divided by total common equity);

Price per common share to tangible book value per share of the acquired company (in the case of selected transactions involving a private acquired company, this transaction statistic was calculated as total transaction consideration divided by total tangible common equity); and

Tangible equity premium to core deposits (total deposits less time deposits greater than \$100,000) of the acquired company, which we refer to as the core deposit premium.

The transaction statistics for the selected transactions were compared with the corresponding transaction statistics for the proposed merger based on the implied transaction value for the proposed merger of \$41.49 per share of Wolverine common stock and using historical financial information for Wolverine as of and for the twelve-month period ended March 31, 2017.

The results of the analysis are set forth in the following table (excluding the impact of the LTM EPS multiple for one of the selected transactions, which multiple was considered to be not meaningful because it was either less than zero or greater than 100.0x, and the impact of the core deposit premium of another of the selected transactions, which core deposit premium was also considered to be not meaningful):

considerations and judgments concerning differences in financial and operating characteristics of the companies involved.

Relative Contribution Analysis. KBW analyzed the relative standalone contribution of Horizon and Wolverine to various pro forma balance sheet and income statement items and the pro forma market capitalization of the combined entity. This analysis did not include purchase accounting adjustments or cost savings. To perform this analysis, KBW used (i) projected balance sheet and capital data for Horizon, giving effect to Horizon's estimates and assumptions regarding the pro forma impact of the then pending Lafayette Acquisition, as of September 30, 2017 provided by Horizon management, (ii) historical balance sheet and capital data for Wolverine as of March 31, 2017, (iii) publicly available EPS consensus street estimates of Horizon for 2017 and 2018, (iv) financial and operating forecasts and projections of Wolverine provided by Wolverine management, and (v) market capitalization data as of June 12, 2017 applying, in the case of Horizon, a pro forma adjustment to share count for estimated shares to be issued in the then pending Lafayette Acquisition. The results of KBW's analysis are set forth in the following table, which also compares the results of KBW's analysis with the implied pro forma ownership percentages of Horizon and Wolverine shareholders in the combined company

Forecasted Pro Forma Financial Impact Analysis. KBW performed a pro forma financial impact analysis that combined projected income statement and balance sheet information of Horizon and Wolverine. Using (i) closing balance sheet estimates as of September 30, 2017 for Horizon and Wolverine provided by Horizon management (giving effect, in the case of Horizon, to Horizon's estimates and assumptions regarding the pro forma impact of the then pending Lafayette Acquisition), (ii) publicly available consensus street estimates of Horizon for 2017 and 2018, (iii) an assumed long term EPS growth rate for Horizon provided by Horizon management, (iv) financial and operating forecasts and projections of Wolverine provided by Wolverine management and pro forma assumptions (including certain purchase accounting adjustments, cost savings and related expenses) provided by Horizon management, KBW analyzed the potential financial impact of the merger on certain projected financial results of Horizon. This analysis indicated the merger could be accretive to Horizon's estimated 2018 EPS and estimated 2019 EPS (assuming one-time merger-related charges at closing and no additional impact to EPS), accretive to Horizon's estimated book value per share as of September 30, 2017 and dilutive to Horizon's estimated tangible book value per share as of September 30, 2017. Furthermore, the analysis indicated that each of Horizon's tangible common equity to tangible assets ratio, leverage ratio, Tier 1 Risk-Based Capital Ratio and Total Risk Based Capital Ratio as of September 30, 2017 could be lower. For all of the above analysis, the actual results achieved by Horizon following the merger may vary from the projected results, and the variations may be material.

Wolverine Discounted Cash Flow Analysis. KBW performed a discounted cash flow analysis of Wolverine to estimate a range for the implied equity value of Wolverine. In this analysis, KBW used financial forecasts and projections relating to the net income and assets of Wolverine provided by Wolverine management, and assumed discount rates ranging from 12.0% to 16.0%. The ranges of values were derived by adding (i) the present value of the estimated excess cash flows that Wolverine could generate over the five-year period from 2017 to 2021 as a standalone company, and (ii) the present value of Wolverine's implied terminal value at the end of such period. KBW

assumed that Wolverine would maintain a tangible common equity to tangible asset ratio of 8.00% and would retain sufficient earnings to maintain that level. KBW derived implied terminal values using two methodologies, one based on tangible book value multiples and the other based on 2022 net income multiples. Using implied terminal values for Wolverine calculated by applying a terminal multiple range of 0.87x to 1.27x to Wolverine's estimated tangible book value as of December 31, 2022, this discounted cash flow

Table of Contents

analysis resulted in a range of implied values per share of Wolverine stock of approximately \$29.14 to \$35.66 per share. Using implied terminal values for Wolverine calculated by applying a terminal multiple range of 10.4x to 14.4x to Wolverine's estimated 2022 net income, this discounted cash flow analysis resulted in a range of implied values per share of Wolverine common stock of approximately \$35.82 to \$45.74 per share.

The discounted cash flow analysis is a widely used valuation methodology, but the results of such methodology are highly dependent on the assumptions that must be made, including asset and earnings growth rates, terminal values, dividend payout rates, and discount rates. The foregoing discounted cash flow analyses did not purport to be indicative of the actual values of Wolverine.

Horizon Discounted Cash Flow Analysis. KBW performed a discounted cash flow analysis of Horizon to estimate a range for the implied equity value of Horizon. In this analysis, KBW used publicly available consensus street estimates of Horizon for 2017 and 2018, as well as assumed long-term net income and asset growth rates of Horizon provided by Horizon management, and assumed discount rates ranging from 10.0% to 13.0%. The ranges of values were derived by adding (i) the present value of the estimated excess cash flows that Horizon could generate over the five-year period from 2017 to 2021 as a standalone company, and (ii) the present value of Horizon's implied terminal value at the end of such period. KBW assumed that Horizon would maintain a tangible common equity to tangible asset ratio of 8.00% and would retain sufficient earnings to maintain that level. In calculating the terminal value of Horizon, KBW applied a range of 14.3x to 18.3x estimated Horizon's 2022 net income. This discounted cash flow analysis resulted in a range of implied values per share of Horizon common stock of approximately \$25.02 to \$34.64 per share.

The discounted cash flow analysis is a widely used valuation methodology, but the results of such methodology are highly dependent on the assumptions that must be made, including asset and earnings growth rates, terminal values, dividend payout rates, and discount rates. The foregoing discounted cash flow analyses did not purport to be indicative of the actual values of Horizon.

Miscellaneous. KBW acted as financial advisor to Wolverine and not as an advisor to or agent of any other person. As part of its investment banking business, KBW is continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, KBW has experience in, and knowledge of, the valuation of banking enterprises. KBW and its affiliates, in the ordinary course of its and their broker-dealer businesses (and further to certain existing sales and trading relationships between KBW and Wolverine and between Horizon and a KBW broker-dealer affiliate, respectively), may from time to time purchase securities from, and sell securities to, Wolverine and Horizon. In addition, as market makers in securities, KBW and its affiliates may from time to time have a long or short position in, and buy or sell, debt or equity securities of Wolverine or Horizon for its and their own accounts and for the accounts of its and their respective customers and clients. KBW employees may also maintain individual positions in Wolverine common stock and Horizon common stock. Such positions included on the date of KBW's opinion and currently include an individual position in shares of Horizon common stock held by a senior member of the KBW advisory team providing services to Wolverine in connection with the proposed merger.

Pursuant to the KBW engagement agreement, Wolverine agreed to pay KBW a cash fee equal to 1.25% of the aggregate merger consideration, \$25,000 of which became payable promptly after execution of the engagement agreement, \$200,000 of which became payable upon the rendering of KBW's opinion, and the balance of which is contingent upon the consummation of the merger. Wolverine also agreed to reimburse KBW for reasonable out-of-pocket expenses and disbursements incurred in connection with its retention and to indemnify KBW against certain liabilities relating to or arising out of KBW's engagement or KBW's role in connection therewith. Other than in

connection with this present engagement, during the two years preceding the date of its opinion, KBW has not provided investment banking and financial advisory services to Wolverine. During the two years preceding the date of its opinion, KBW has not provided investment banking and financial advisory services to Horizon and has not received compensation for such services. KBW may in the future provide investment banking and financial advisory services to Wolverine or Horizon and receive compensation for such services.

Table of Contents**Certain Financial Projections Provided by Wolverine and Horizon**

Wolverine and Horizon do not, as a matter of course, publicly disclose forecasts or internal projections as to their future performance, earnings, or other results due to, among other reasons, the inherent uncertainty of the underlying assumptions and estimates. However, during February 2017, Wolverine's management provided Horizon certain nonpublic unaudited prospective financial information regarding Wolverine prepared by Wolverine's management. This nonpublic unaudited prospective financial information was prepared by Wolverine's management as part of the annual budget process. This prospective financial information was updated in April 2017, and again in June 2017. In addition, KBW, in connection with the financial analyses performed in rendering its fairness opinion, used certain unaudited projected balance sheet and capital data for Horizon, giving effect to Horizon's estimates and assumptions regarding the pro forma impact of the then-pending Lafayette Acquisition, as of September 30, 2017, which was provided by Horizon management. A summary of these projections is included in this proxy statement/prospectus because such initial forecasts and projected data were made available to Horizon and Wolverine, as the case may be, as described in the preceding sentences. They were also provided to Sheshunoff and KBW, who also received other prospective financial information that is described below.

This nonpublic unaudited prospective financial information was not prepared for the purposes of, or with a view toward, public disclosure or with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information, published guidelines of the SEC regarding forward-looking statements, or GAAP. The information included below does not comprise all of the prospective financial information provided by Horizon and Wolverine to each other or to KBW or Sheshunoff. However, a summary of the material elements of this information is set forth below.

Although presented with numerical specificity, the financial forecasts reflect numerous estimates and assumptions of Wolverine's and Horizon's respective management made at the time they were prepared, and, in the case of Wolverine, assume the execution of various strategic initiatives that Wolverine is no longer pursuing in light of the merger. These and the other estimates and assumptions underlying the financial forecasts involve judgments with respect to, among other things, the future interest rate environment, the timing and level of loan originations, deposit generation, operating and other expenses, effective tax rates and other economic, competitive, regulatory, and financial market conditions and future business decisions that may not be realized and that are inherently subject to significant uncertainties and contingencies. These uncertainties and contingencies include, among other things, the inherent uncertainty of the business and economic conditions affecting the industry in which Wolverine and Horizon operate, and the risks and uncertainties described under *Risk Factors* beginning on page 19 and *Cautionary Note About Forward-Looking Statements* beginning on page 23, all of which are difficult to predict and many of which are outside the control of Wolverine and Horizon and will be beyond the control of the combined company. There can be no assurance that the underlying assumptions would prove to be accurate or that the projected results would be realized. Actual results may differ materially from those reflected in the financial forecasts, whether or not the merger is completed. Further, these assumptions do not include all potential actions that the management of Wolverine and Horizon could or might have taken during these time periods.

The inclusion in this proxy statement/prospectus of the nonpublic unaudited prospective financial information below should not be regarded as an indication that Wolverine, Horizon, their respective boards of directors, or KBW or Sheshunoff considered, or now consider, these projections and forecasts to be fact or necessarily predictive of actual future results, and they should not be relied upon as such. The unaudited prospective financial information does not give effect to the merger of Wolverine and Horizon, including the impact of negotiating or executing the Merger Agreement, the expenses to be incurred in connection with consummating the merger, the potential synergies that may be achieved by the combined company as a result of the merger, the effect on either Horizon or Wolverine, as applicable, of any business or strategic decision or action that has been or will be taken as a result of the Merger

Agreement having been executed, or the effect of any business or strategic decisions or actions that would likely have been taken if the Merger Agreement had not been executed, but that were instead altered, accelerated, postponed, or not taken in anticipation of the merger.

Table of Contents

No assurances can be given that, if these financial forecasts had been prepared as of the date of this proxy statement/prospectus, the same underlying assumptions would be used. In addition, the financial forecasts may not reflect the manner in which Horizon would operate the Wolverine business after the merger. **Horizon and Wolverine do not intend to, and each disclaims any obligation to, make publicly available any update or other revision to this unaudited prospective financial information to reflect circumstances occurring since its preparation or to reflect the occurrence of unanticipated events, even in the event that any or all of the underlying assumptions are shown to be in error, or to reflect changes in general economic or industry conditions.**

The financial forecasts of Wolverine summarized in this section were prepared by and are the responsibility of the management of Wolverine. The financial forecasts of Horizon summarized in this section were prepared by and are the responsibility of the management of Horizon. No independent registered public accounting firm has examined, compiled, or otherwise performed any procedures with respect to the prospective financial information contained in these financial forecasts and, accordingly, no independent registered public accounting firm has expressed any opinion or given any other form of assurance with respect thereto and no independent registered public accounting firm assumes any responsibility for the prospective financial information.

Further, the unaudited prospective financial information does not take into account the effect on any of Wolverine, Wolverine Bank, Horizon, or Horizon Bank, as applicable, of any possible failure of the merger to occur. None of Wolverine, Wolverine Bank, Horizon, Horizon Bank, KBW or Sheshunoff, or their respective affiliates, officers, directors, advisors, or other representatives has made, makes, or is authorized in the future to make any representation to any stockholder of Wolverine, stockholder of Horizon, or other person regarding Wolverine's or Horizon's ultimate performance compared to the information contained in the unaudited prospective financial information or that the projected results will be achieved.

In light of the foregoing, and taking into account that the Special Meeting will be held several months after the unaudited prospective financial information was prepared, as well as the uncertainties inherent in any forecasted information, Wolverine stockholders are cautioned not to place unwarranted reliance on such information, and Wolverine urges its stockholders to review Wolverine's and Horizon's most recent financial statements for a description of their respective historical financial results.

You should read the Merger Agreement in its entirety, as it is the legal document governing the merger.

Structure of the Merger

Subject to the terms and conditions of the Merger Agreement, at the completion of the merger, Wolverine will merge with and into Horizon, with Horizon as the surviving corporation of such merger. The separate existence of Wolverine will terminate. The shares of Horizon common stock will continue to be listed on the NASDAQ Global Select Market under the symbol HBNC. Immediately following the merger, Wolverine Bank, the wholly-owned federally-chartered savings bank subsidiary of Wolverine, will merge with and into Horizon Bank, the wholly-owned Indiana-chartered commercial bank subsidiary of Horizon. The separate existence of Wolverine Bank will terminate. In addition, prior to the effective time of the merger, Wolverine Bank will use its reasonable best efforts to sell its wholly-owned real estate holdings subsidiary, Wolverine Commercial Holdings, LLC, and dissolve its wholly-owned subsidiary, Wolserv Corporation, which has a membership interest in a title company.

Under the Merger Agreement, the executive officers and directors of Horizon and Horizon Bank serving at the effective time of the merger will continue to serve as such after the merger is consummated. In addition, Eric P. Blackhurst, a current member of Wolverine's board of directors, will be appointed to the boards of directors of Horizon and Horizon Bank, effective as of the closing. If the term of the class of directors to which Mr. Blackhurst is appointed expires less than three years after the effective time of the merger, Horizon and Horizon Bank will cause him to be nominated and recommended for election by Horizon's stockholders at the next election of directors as long as he continues to be eligible and qualified to serve as a director of Horizon and Horizon Bank.

Merger Consideration

If the merger is completed, each share of Wolverine common stock issued and outstanding immediately prior to the effective time of the merger (other than shares held as treasury stock of Wolverine, shares held by the Wolverine Bank ESOP that are remitted to Wolverine prior to the effective time of the merger in order to repay the Wolverine Bank ESOP loan balance as further described below, and shares held by Horizon) will be converted into the right to receive both (i) 1.0152 shares of Horizon common stock (the exchange ratio or the stock consideration), and (ii) \$14.00 in cash (the cash consideration, and together with the stock consideration, the merger consideration). No fractional shares of Horizon common stock will be issued in the merger. Instead, Horizon will pay to each holder of Wolverine common stock who otherwise would be entitled to a fractional share of Horizon common stock an amount in cash (without interest) determined by multiplying such fraction by the average per share closing price of a share of Horizon common stock as quoted on the NASDAQ Global Select Market during the 15 consecutive trading days on which such shares were actually traded immediately preceding the second business day prior to the closing of the merger.

The exchange ratio is subject to adjustment as follows:

Anti-Dilution Adjustments. If prior to the effective time of the merger, Horizon changes the number of shares of Horizon common stock outstanding by way of a stock split, stock dividend, recapitalization, reclassification, or similar transaction, or if Horizon establishes a record date for such a change, the

exchange ratio will be adjusted accordingly so that each holder of Wolverine common stock will receive at the effective time, in the aggregate, the number of shares of Horizon common stock representing the same percentage of the outstanding shares of Horizon common stock that such stockholders would have received if such change had not occurred.

Decrease in Market Price of Horizon Common Stock. Wolverine may notify Horizon of its decision to terminate the Merger Agreement if, at any time during the five-day period commencing on the

Table of Contents

date on which all bank regulatory approvals (and waivers, if applicable) and all other approvals and consents necessary for consummation of the merger have been received (disregarding any waiting period) (the determination date), with such termination to be effective on the fifth day following the date Wolverine provides notice to Horizon after such determination date, only if both of the following conditions are satisfied:

the average of the daily closing prices of Horizon common stock as reported on the NASDAQ Global Select Market for the 15 consecutive trading days on which shares of Horizon common stock actually traded immediately preceding the determination date is less than \$23.02; and

the percentage decrease in the stock price of Horizon from Horizon's closing stock price on the date immediately prior to the date of the Merger Agreement is more than 15% than the corresponding percentage performance of the SNL Small Cap U.S. Bank and Thrift Index during the same period.

If Wolverine elects to exercise its termination right as described above, Horizon may elect to avoid termination of the Merger Agreement by increasing the exchange ratio to the lesser of the amounts determined pursuant to the following formula: (i) a quotient, the numerator of which is equal to the product of the \$27.08 (the initial Horizon market value), the exchange ratio (as then in effect), and the average daily closing value of the SNL Small Cap U.S. Bank and Thrift Index for the 15 consecutive trading days immediately preceding the determination date divided by the closing value of the SNL Small Cap U.S. Bank and Thrift Index on June 12, 2017, minus 0.15, and the denominator of which is equal to Horizon market value as determined on the determination date; or (ii) the quotient determined by dividing \$27.08 by the closing price for Horizon's common stock for the 15 consecutive trading days immediately preceding the determination date, and multiplying the quotient by the product of the exchange ratio (as then in effect) and 0.85. Since the formula is dependent on the future price of Horizon's common stock and that of the SNL Small Cap U.S. Bank and Thrift Index, it is not possible to determine at this time if the merger consideration will be adjusted pursuant to the foregoing provisions or what any such adjusted merger consideration would be. However, in general, more shares of Horizon common stock would be issued, to take into account the extent by which the average price of Horizon's common stock exceeded the decline in the average price of the common stock of the index group.

Treatment of Wolverine Stock Options and Restricted Stock Awards

The Merger Agreement provides that all outstanding options to purchase Wolverine common stock, whether or not vested, will be converted into the right to receive from Horizon, at the effective time of the merger, \$40.00 per share in cash, minus the per share exercise price for each share subject to a Wolverine stock option, less applicable tax withholdings. These payments will be made by Wolverine immediately prior to the effective time of the merger. As of the date of this proxy statement/prospectus, there were outstanding vested options to purchase 93,248 shares of Wolverine common stock at a weighted average exercise price of \$17.49 per share, and outstanding unvested options to purchase 88,337 shares of Wolverine common stock with a weighted average exercise price of \$24.43. Therefore, outstanding options as of the date of this proxy statement/prospectus will be cashed out for approximately \$3.5 million (based on the cash-out price of \$40.00 per share of Wolverine).

At the effective time of the merger, each award of restricted shares of Wolverine common stock, whether or not vested, that is outstanding immediately prior to the effective time of the merger will fully vest and be canceled and automatically converted into the right to receive the merger consideration. Horizon will make the payments with respect to these restricted share awards, less applicable tax withholdings, in the same manner as the merger consideration is delivered to other Wolverine stockholders.

Voting Agreements

As of the record date of the Wolverine Special Meeting, the executive officers and directors of Wolverine owned and were entitled to vote 216,293 shares or approximately 10.3% of the 2,105,981 outstanding

Table of Contents

shares of Wolverine common stock. In connection with the execution of the Merger Agreement, all of the directors and executive officers of Wolverine and Wolverine Bank executed a voting agreement pursuant to which they agreed to vote all their Wolverine shares in favor of the merger. A copy of that voting agreement is attached as Appendix C to this proxy statement/prospectus.

Treatment of Wolverine Bank's 401(k) Plan

The Wolverine Bank 401(k) Plan will be terminated no later than the day prior to the effective time of the merger. Distributions of participants' 401(k) Plan account balances will not begin until after a favorable determination letter is received from the IRS with respect to the Wolverine Bank 401(k) Plan's qualified status at the time of termination, except distributions may be made earlier upon the occurrence of a participant's retirement, death, disability, or termination of employment. Participants with outstanding plan loans under the Wolverine Bank 401(k) Plan as of the effective time will be permitted to continue repaying such outstanding loans (subject to the terms and conditions of such plan and the related loan procedures) on and after the effective time and until such time as plan termination distributions are paid. At such time as the loans are required to be repaid or will be taxed to the borrower if not repaid, Horizon (as successor-in-interest) will cause loans to be made, outside of any tax-qualified retirement plan, to those Wolverine Bank employees who had loans outstanding under the Wolverine Bank 401(k) Plan as of the loan repayment date, in an amount not to exceed the outstanding loan balance as of such date; *provided that*, such employee completes any necessary documentation and qualifies for such loan under the applicable loan policies and underwriting standards of Horizon. Each refinancing loan will have a fixed interest rate not to exceed 4% per annum and will have an amortization period not to exceed the remaining term of the plan loan.

Before the closing date, Horizon will amend its 401(k) plan to permit Wolverine Bank employees continuing with Horizon to enter the Horizon 401(k) plan as of the closing date, and those employees will be credited with prior years of service with Wolverine Bank for purposes of eligibility and vesting (but not benefit accruals). Horizon will permit Wolverine Bank 401(k) Plan participants who will be continuing employees of Horizon to roll over their account balances into the Horizon 401(k) plan, subject to the terms of Horizon's 401(k) plan and any applicable rollover restrictions.

Treatment of the Wolverine Bank Employee Stock Ownership Plan

No later than 10 days prior to the closing date of the merger, Wolverine will terminate the Wolverine Bank Employee Stock Ownership Plan, effective as of the closing date. Wolverine also will amend the Wolverine Bank ESOP to: (i) freeze participation under the plan and to provide that no distributions will be made until after the IRS issues a favorable determination letter that the plan termination does not adversely affect the Wolverine Bank ESOP's qualification for favorable income tax treatment under the Code (however, distributions may be made earlier upon the occurrence of a participant's retirement, death, disability, or termination of employment, or any other event, other than the plan termination, that requires a distribution from the plan); and (ii) provide that the excess of the proceeds from the sale or remittance of shares of Wolverine common stock held in the plan's unallocated suspense account over the unpaid principal and accrued interest of the Wolverine Bank ESOP loan attributable to the shares held in the suspense account will (after repayment of the note) be allocated to the accounts of the Wolverine Bank ESOP's active participants according to each active participant's proportionate Wolverine Bank ESOP account balance as of the day before the plan termination date. Wolverine will file, or cause to be filed, with the IRS an application for a favorable determination letter upon termination of the Wolverine Bank ESOP.

Wolverine will direct the trustee of the Wolverine Bank ESOP to cause the unpaid principal balance and accrued interest of the Wolverine Bank ESOP loan to be repaid by remitting a sufficient number of Wolverine shares held in the Wolverine Bank ESOP's suspense account to Wolverine or any other lender, including Horizon as successor in

interest to Wolverine, with each remitted share to be valued in an amount of cash equal to the merger consideration. All remaining Wolverine shares held by the Wolverine Bank ESOP (including any shares remaining in the suspense account) will be converted into the merger consideration.

Wolverine will make contributions to the Wolverine Bank ESOP prior to the effective time of the merger consistent with the terms of the plan and past practices.

Table of Contents**Exchange and Payment Procedures**

At and after the effective time of the merger, each certificate or book-entry account statement evidencing shares of Wolverine common stock (other than shares held as treasury stock of Wolverine, shares held by the Wolverine Bank ESOP that are remitted to Wolverine prior to the effective time of the merger to repay the Wolverine Bank ESOP loan balance and shares held by Horizon) will represent only the right to receive the merger consideration in accordance with the terms of the Merger Agreement. Horizon will provide the exchange agent with the irrevocable authorization to issue a sufficient number of shares of Horizon common stock to be used to issue the aggregate stock consideration to Wolverine stockholders and deposit with the exchange agent sufficient cash to pay the aggregate cash consideration payable to Wolverine stockholders. No later than five business days after the effective time of the merger, the exchange agent will mail a letter of transmittal to each holder of Wolverine common stock, which will include detailed instructions on how such holder may exchange such holder's Wolverine's stock certificates or book-entry statements for the merger consideration.

Horizon will cause a book-entry account statement representing the number of whole shares of Horizon common stock that each holder of Wolverine common stock has the right to receive and a check for \$14.00 per share plus any cash that such holder has the right to receive in lieu of a fractional share of Horizon common stock to be delivered to such stockholder as soon as reasonably practicable after the stockholder delivers to Horizon certificates or book-entry statements representing such shares of Wolverine common stock and a properly completed letter of transmittal, and any other documents required by the Merger Agreement or reasonably requested by Horizon or the exchange agent. No interest will be paid on any merger consideration that any such holder will be entitled to receive.

No dividends or other distributions on Horizon common stock with a record date occurring after the effective time of the merger will be paid to the holder of any unsurrendered certificate or book-entry statement representing shares of Wolverine common stock until the holder surrenders such certificate or book-entry statement in accordance with the Merger Agreement.

The stock transfer books of Wolverine will be closed at the effective time of the merger, and after the effective time, there will be no transfers on the stock transfer records of Wolverine of any shares of Wolverine common stock. Horizon will be entitled to rely on Wolverine's stock transfer books to establish the identity of those persons entitled to receive merger consideration. In the event of a dispute with respect to ownership of stock represented by any certificate or book-entry statement of Wolverine common stock, then Horizon will be entitled to deposit any merger consideration represented by the former Wolverine certificate in escrow with an independent third party selected by Horizon. If any former Wolverine certificate or book-entry statement is lost, stolen, or destroyed, upon the making of an affidavit of that fact by the person claiming such certificate or book-entry statement to be lost, stolen, or destroyed and, if required by Horizon, the posting by such person of a bond or other indemnity as Horizon may reasonably direct as indemnity against any claim that may be made with respect to the former Wolverine certificate or book-entry statement, Horizon will issue the merger consideration in exchange for such lost, stolen, or destroyed certificate or book-entry statement. All shares of Wolverine common stock owned by Horizon will be canceled and will cease to exist, and no stock of Horizon or other consideration will be exchanged for such stock.

If outstanding certificates or book-entry statements for Wolverine shares are not surrendered or the payment for the certificates or book-entry statements is not claimed prior to the date the merger consideration would otherwise escheat to the appropriate governmental entity, the unclaimed merger consideration will, to the extent permitted by law, become the property of Horizon free and clear of all claims of any person who may previously have been entitled to such consideration. Any former Wolverine stockholder who has not complied with these exchange procedures will only be able to look to Horizon for payment of the merger consideration or any dividends or distributions payable on Horizon stock. Neither the exchange agent, Horizon, nor Wolverine will have any liability to a Wolverine stockholder

for any escheat of the merger consideration under applicable law.

Horizon's stock transfer agent, Computershare, Inc., will act as the exchange agent in connection with the merger.

Dividends and Distributions

Until Wolverine common stock certificates or book-entry statements are surrendered for exchange, any dividends or other distributions declared after the effective time of the merger with respect to Horizon common shares into which shares of Wolverine common stock may have been converted will accrue but will not be paid. When such certificates or book-entry statements have been duly surrendered, Horizon will pay any unpaid dividends or other distributions, without interest. After the effective time of the merger, there will be no transfers on the stock transfer books of Wolverine of any shares of Wolverine common stock. When certificates or book-entry statements representing shares of Wolverine common stock are presented for transfer after the completion of the merger, they will be canceled and exchanged for the merger consideration.

Conduct of Business Prior to Completion of the Merger

Under the Merger Agreement, Wolverine and Horizon have agreed to certain restrictions on their activities until the merger is completed or terminated. In general, until the effective time of the merger:

Wolverine is required to conduct its business diligently, substantially in the manner as it is presently being conducted, and in the ordinary course of business;

Table of Contents

Wolverine is required to use reasonable best efforts to preserve its business organization intact in all material respects, keep available the services of the present officers and employees and preserve its present relationships with customers and persons with whom it has business dealings;

Wolverine is required to use reasonable best efforts to maintain all of the material properties and assets that it owns or utilizes in the operation of its business as currently conducted in good operating condition and repair, reasonable wear and tear excepted;

Horizon is required to use reasonable best efforts to preserve intact its business organization and assets and maintain its rights and franchises, and not take actions that would materially adversely affect the parties' ability to obtain the regulatory approvals for the merger, adversely affect its ability to perform its covenants under the Merger Agreement in any material respect, or result in its representations and warranties in the Merger Agreement not being true and correct or result in the failure of a condition to closing not being satisfied.

The following is a summary of the more significant restrictions imposed upon Wolverine, subject to the exceptions set forth in the Merger Agreement. Specifically, without the prior consent of Horizon, which cannot be unreasonably withheld, Wolverine, Wolverine Bank, and Wolverine's other subsidiaries may not:

and Horizon each will, and will cause each of their subsidiaries to, use reasonable best efforts to preserve intact their business organizations and assets and maintain their rights and franchises, and will not voluntarily take any action that would: (i) adversely affect the ability of the parties to obtain the regulatory approvals or materially increase the period of time necessary to obtain such approvals; (ii) adversely affect the parties' abilities to perform their covenants under the Merger Agreement in any material respect; or (iii) result in the parties' representations and warranties not being true and correct (subject to the standards set forth in the Merger Agreement) or in any of the conditions to the consummation of the merger not being satisfied;

Dunn dated July 1, 2016, and (ii) Rick A. Rosinski dated July 1, 2016, provided that, if required, these agreements will be amended prior to the effective time of the merger to provide that no payment will be made under these agreements or under any other arrangement that would constitute an excess parachute payment under Section 280G of the Code, and to the extent any payment would constitute an excess parachute payment, the payment will be reduced so that the payment would no longer be considered an excess parachute payment, and each executive enters into mutual termination of employment agreements and new employment agreements with Horizon Bank;

date, to amend the Wolverine Bank ESOP to freeze participation under the plan and to prohibit distributions of accrued benefits after the plan's termination date until the IRS issues a favorable determination letter as to the plan's qualification for favorable tax treatment under the Code (except for distributions permitted under the terms of the plan upon the occurrence of certain events), and to amend the Wolverine Bank ESOP to provide that the excess of the proceeds from the sale or remittance of shares of Wolverine common stock held in the plan's unallocated suspense account over the unpaid principal and accrued interest of the note attributable to the suspense shares shall (after repayment of the note) be allocated to the accounts of the plan participants on a pro rata basis; and Wolverine will file an application with the IRS for the favorable determination letter regarding the Wolverine Bank ESOP referenced above;

in the case of Horizon, to amend the Horizon Employee Stock Ownership Plan (the "Horizon ESOP") to permit continuing Wolverine employees to enter the Horizon ESOP as of the effective time of the merger (continuing employees will be credited with prior years of service with Wolverine for eligibility and vesting purposes, but not for benefit accruals);

in the case of Horizon, maintain a directors and officers liability insurance policy for up to six years after the effective time of the merger to cover the present officers and directors of Wolverine and its subsidiaries with respect to claims against such directors and officers arising from facts or events that occurred before the effective time, and continue for six years after the effective time the indemnification and exculpation rights of the present and former officers and directors of Wolverine and its subsidiaries against all losses, expenses, claims, damages, or liabilities arising out of or pertaining to matters existing or occurring on or prior to the effective time to the same extent then permitted under applicable law or the articles of incorporation or bylaws of Wolverine or its subsidiaries;

in the case of Horizon, to appoint Eric P. Blackhurst to Horizon's and Horizon Bank's boards of directors;

in the case of Horizon, to take all necessary or appropriate steps to cause the transactions contemplated under the Merger Agreement and any other dispositions of equity securities of Wolverine or acquisitions of equity securities of Horizon in connection with the transactions under the Merger Agreement to be exempt under Rule 16b-3(d) of the Securities Exchange Act of 1934; and

in the case of Horizon, for five years after the effective time of the merger, to cause Horizon Bank to donate \$50,000 annually to nonprofit organizations and/or community schools in the markets served by Wolverine Bank.

The Merger Agreement also contains certain additional covenants relating to employee benefits and other matters pertaining to officers and directors. See *The Merger Agreement Employee Benefits and Payments* beginning on page 75 and *Interests of Certain Directors and Officers of Wolverine in the Merger* beginning on page 80.

Acquisition Proposals by Third Parties

In the Merger Agreement, Wolverine agreed to immediately cease and cause to be terminated any existing solicitations, discussions, or negotiations with other persons or entities concerning a proposal to acquire Wolverine. In addition, until the merger is completed or the Merger Agreement is terminated, Wolverine has agreed that it, and its officers, directors, and representatives, and those of its subsidiaries, will not:

solicit, initiate, or knowingly encourage or facilitate, any inquiries to acquire Wolverine; or

initiate, participate in, or knowingly encourage any discussions or negotiations or otherwise knowingly cooperate regarding an offer or proposal to acquire Wolverine.

However, at any time before the Special Meeting, Wolverine may furnish information regarding Wolverine to, or engage in discussion with, any person or entity in response to a bona fide unsolicited proposal by the person or entity relating to an acquisition proposal if:

Wolverine's board of directors (after consultation with its financial advisor and outside legal counsel) determines in good faith that such proposal constitutes or is reasonably likely to lead to an offer that is materially more favorable to Wolverine's stockholders from a financial point of view and its other constituencies than the merger and is reasonably capable of being completed without undue delay, and the failure to consider such proposal would reasonably likely result in a breach of the fiduciary duties of Wolverine's board of directors; and

Wolverine provides any information to Horizon that it intends to provide to such third party, and only after having used its reasonable best efforts to enter into a confidentiality agreement with such third party, on terms no less favorable to Wolverine than those contained in the confidentiality agreement with Horizon, including not providing such third party with any exclusive right to negotiate with Wolverine.

Additionally, Wolverine will not fail to make, withdraw, or modify its recommendation to the Wolverine stockholders to approve the Merger Agreement or enter into any letter of intent or acquisition agreement constituting or related to any acquisition agreement, unless, at any time before the Special Meeting:

Wolverine's board of directors determines in good faith (after consulting with its financial advisors and outside counsel) that the failure to do so would reasonably likely result in a breach of its fiduciary duties to its stockholders under applicable law; and

Wolverine provides written notice to Horizon that it is prepared to change or withhold its recommendation to Wolverine's stockholders in response to a superior proposal, and provides

Table of Contents

Horizon with the most current version of any proposed written agreement or letter of intent relating to the superior proposal, and Horizon fails, within five business days of such notice, to make a proposal that would, in the reasonable good faith judgment of the Wolverine board of directors (after consultation with financial advisors and outside legal counsel), cause the offer that previously constituted a superior proposal to no longer constitute a superior proposal or that the change or withholding of the recommendation to Wolverine's stockholders is no longer required to comply with its fiduciary duties.

For purposes of the Merger Agreement, the term "superior proposal" means any acquisition proposal relating to Wolverine, Wolverine Bank, or any of their subsidiaries, that the Wolverine board of directors determines in good faith (after having received the advice of its financial advisor) to be (i) materially more favorable to the stockholders of Wolverine from a financial point of view and its other constituencies than the merger (taking into account all the terms and conditions of the proposal and the Merger Agreement, including the \$3,539,000 termination fee), and (ii) reasonably capable of being completed without undue delay.

Conditions to the Merger

The obligation of Horizon and Wolverine to consummate the merger is subject to the satisfaction, on or before the completion of the merger, of a number of conditions, which under the terms of the Merger Agreement cannot be waived, including:

The Merger Agreement must receive the approval of Wolverine's stockholders.

Horizon must have registered with the SEC the shares of Horizon common stock to be issued to Wolverine's stockholders in the merger, and all state securities and blue sky approvals, authorizations, and exemptions required to offer and sell such shares must have been received, the registration statement of which this proxy statement/prospectus is a part, must have been declared effective by the SEC and no stop order suspending the effectiveness of the registration statement can have been issued or threatened.

All regulatory approvals required to consummate the transactions contemplated by the Merger Agreement must have been obtained and remain in full force and effect, all statutory waiting periods applicable to those approvals must have expired, and none of those approvals must contain any conditions, restrictions, or requirements that would either (i) have a material adverse effect on Horizon, or (ii) reduce the benefits of the merger to such a degree that Horizon would not have entered into the Merger Agreement had such conditions, restrictions, or requirements been known.

The shares of Horizon common stock to be issued to Wolverine's stockholders must have been approved for listing on the NASDAQ Global Select Market, subject to official notice of issuance.

None of Horizon, Wolverine, or any of their subsidiaries are subject to any statute, rule, regulation, injunction, order, or decree which prohibits, prevents, or makes illegal the completion of the merger, and no litigation or similar proceeding will have been initiated relating to the merger which is likely

to have a material adverse effect on Wolverine or which seeks to prevent the completion of the merger.

The boards of directors of Horizon and Wolverine must have received an opinion from their respective legal counsel, dated as of the closing date, that the merger will qualify as a tax free reorganization for purposes of Section 368(a) of the Code.

The obligation of Horizon and Wolverine to consummate the merger also is subject to the satisfaction or waiver, on or before the completion of the merger, of the following conditions:

Wolverine and Horizon must have performed, in all material respects, all of their covenants and agreements as required by the Merger Agreement at or prior to the effective time of the merger.

Table of Contents

Each of Horizon and Wolverine must have received from the other at the closing of the merger all the items, documents, consents, and other closing deliveries, in form and content reasonably satisfactory to the recipient, required by the Merger Agreement.

The obligation of Horizon to consummate the merger also is subject to the satisfaction or waiver of other conditions, including:

The representations and warranties of Wolverine relating to organization and authority, corporate power and authority to conduct business with respect to both Wolverine and Wolverine Bank, subsidiaries, status as a federally-chartered savings bank, corporate power and authority to enter into the Merger Agreement, the Merger Agreement or merger conflicting with Wolverine's or its subsidiaries' articles of incorporation or bylaws, capitalization, interim events that have or are reasonably likely to have a material adverse effect on Wolverine, and a change in the conduct of Wolverine's business since March 31, 2017 (in each case, after giving effect to the matters set forth in Wolverine's disclosure schedules to the Merger Agreement) must be true, accurate, and correct (other than, in the case of the capitalization representation, such failures to be true, accurate, and correct as are *de minimis*) in accordance with its terms as of the closing date as though made on the closing date (except to the extent such representations and warranties speak as of the date of the Merger Agreement or some other date).

The representations and warranties of Wolverine relating to the Merger Agreement or merger conflicting with applicable law, financial statements and reports, absence of undisclosed liabilities, taxes, tax returns, and related reports, broker's, finder's, or other fees, the fairness opinion of Wolverine's financial advisor, and Wolverine's SEC filings (in each case, after giving effect to the matters set forth in Wolverine's disclosure schedules) must be true, accurate, and correct in all material respects as of the closing date as though made on the closing date (except to the extent such representations and warranties speak as of the date of the Merger Agreement or some other date).

All the other representations and warranties of Wolverine (without giving effect to any qualification as to materiality or material adverse effect set forth in such representations or warranties but, in each case, after giving effect to the matters set forth in Wolverine's disclosure schedules) must be true, accurate, and correct in all respects as of the date of the Merger Agreement and (except to the extent such representations and warranties speak as of an earlier date) as of the closing date as though made on closing date; *provided that*, for these purposes, the representations and warranties will be deemed to be true, accurate, and correct unless the failure or failures of the representations and warranties to be true, accurate, and correct, either individually or in the aggregate, and without giving effect to any materiality or material adverse effect qualifications in the representations or warranties, has had or would reasonably be expected to have a material adverse effect on Wolverine.

Messrs. Dunn and Rosinski have executed and delivered mutual termination of employment agreements to Horizon, and will have entered into new employment agreements with Horizon Bank.

Wolverine Bank must receive all necessary regulatory approvals for and pay to Wolverine, at least one business day prior to the closing date of the merger, a cash dividend in the amount of Wolverine Bank's excess capital as determined and requested by Horizon.

Wolverine Bank will have provided notice of termination to Fiserv Solutions, Inc. (Fiserv) with respect to that certain Master Agreement dated October 1, 2010 between Wolverine Bank and Fiserv, which relates to Wolverine Bank's data processing functions provided by Fiserv.

As of the end of the month prior to the effective time of the merger, Wolverine's consolidated stockholders' equity, as defined in the Merger Agreement and subject to the exceptions listed in the Merger Agreement, will not be less than \$62,800,000.

Table of Contents

Wolverine will have obtained all required third party consents under material contracts or agreements.

The obligation of Wolverine to consummate the merger also is subject to the satisfaction or waiver of other conditions, including:

The representations and warranties of Horizon relating to organization and authority, corporate power and authority, due organization, capitalization, and interim events since March 31, 2017 that have or are reasonably likely to have a material adverse effect on Horizon (in each case, after giving effect to the matters set forth in Horizon's disclosure schedules to the Merger Agreement) must be true, accurate, and correct (other than, in the case of the capitalization representation, such failures to be true, accurate, and correct as are *de minimis*) in each case as of the date of the Merger Agreement and (except to the extent such representations and warranties speak as of an earlier date) as of the closing date as though made on the closing date.

The representations and warranties of Horizon relating to the Merger Agreement or merger conflicting with applicable law, absence of undisclosed liabilities, financial statements and reports, taxes, tax returns, and related reports, and Horizon's SEC filings (in each case, after giving effect to the matters set forth in Horizon's disclosure schedules) must be true, accurate, and correct in all material respects as of the date of the Merger Agreement and (except to the extent such representations and warranties speak as of an earlier date) as of the closing date as though made on the closing date.

All the other representations and warranties of Horizon (without giving effect to any qualification as to materiality or material adverse effect set forth in such representations or warranties but, in each case, after giving effect to the matters set forth in Horizon's disclosure schedules) must be true, accurate, and correct in all respects as of the date of the Merger Agreement and (except to the extent such representations and warranties speak as of an earlier date) as of the closing date as though made on closing date; *provided that*, for these purposes, the representations and warranties will be deemed to be true, accurate, and correct unless the failure or failures of the representations and warranties to be true, accurate, and correct, either individually or in the aggregate, and without giving effect to any materiality or material adverse effect qualifications in the representations or warranties, has had or would reasonably be expected to have a material adverse effect on Horizon.

For purposes of the Merger Agreement, the term "material adverse effect" means, with respect to either party, any effect that is material and adverse to the results of operations, properties, assets, liabilities, conditions (financial or otherwise), value, or business of the party and its subsidiaries, on a consolidated basis, or that would materially impair the ability of Wolverine or Horizon to perform its obligations under the Merger Agreement or otherwise materially threaten or materially impede the consummation of the merger and the other transactions contemplated by the Merger Agreement. However, a "material adverse effect" does not include the impact of:

changes in banking and similar laws of general applicability to banks, savings associations, or their holding companies or interpretations of such laws by courts or governmental authorities;

changes in U.S. generally accepted accounting principles or regulatory accounting requirements applicable to banks, savings associations, or their holding companies generally;

effects of any action or omission taken by a party with the prior written consent of the other party or at the direction of the other party;

the expenses incurred by Wolverine and Wolverine Bank or Horizon and Horizon Bank in negotiating, documenting, effecting, and consummating the transactions contemplated by the Merger Agreement;

the announcement of the Merger Agreement and the transactions contemplated by the Merger Agreement, and the effect of compliance with the Merger Agreement on the business, financial

condition, or results of operations of Wolverine and its subsidiaries or Horizon and its subsidiaries;

any changes in general economic or capital market conditions affecting banks, savings associations, and their holding companies generally, including changes in interest rates; and

changes in national or international political or social conditions including the engagement by the U.S. in hostilities, whether or not pursuant to the declaration of a national emergency or war, or the occurrence of any military or terrorist attack upon or within the U.S. or any of its territories, possessions, offices, or military installations, unless it uniquely affects either or both of the parties or their subsidiaries, taken as a whole.

Expenses

Except as otherwise provided in the Merger Agreement, Wolverine and Horizon will be responsible for their respective expenses incidental to the merger.

Employee Benefits and Payments

The Merger Agreement requires Horizon to make available to the officers and employees of Wolverine and its subsidiaries who continue as employees of Horizon or any subsidiary substantially the same employee benefits as are generally available to similarly-situated Horizon employees. Those officers and employees also will receive credit for prior service with Wolverine and its subsidiaries for purposes of eligibility and vesting (but not benefit accrual) under the employee benefit plans of Horizon and its subsidiaries. If a Wolverine benefit plan is terminated at or prior to the effective time of the merger, continuing employees will become eligible to participate in Horizon's similar employee benefit plans, if any, as of the effective time of the merger. Additionally, if a Wolverine benefit plan is terminated after the effective time of the merger, continuing employees will be eligible to participate in Horizon's similar benefit plans, if any, on the date of such plan termination. Horizon will use its reasonable best efforts to: (i) waive waiting period and pre-existing condition provisions for continuing employees under health and dental plans; and (ii) give continuing employees credit under such plans for any deductibles and co-insurance payments. With respect to vacation and paid time off, continuing employees will be subject to the terms and conditions of Horizon's vacation and paid time off policies in place for similarly situated employees of Horizon, with credit given for prior years of service with Wolverine and its subsidiaries for determining vacation pay eligibility and the amount of vacation pay.

Other than with respect to Messrs. Dunn, Rosinski, Cherry, Clark, and Schmitt, employees of Wolverine Bank who are still employed by Wolverine Bank at the effective time of the merger and who will not continue as employees of Horizon, or who continue with Horizon but are terminated other than for cause within 12 months after the effective time or who resign because they are not offered a comparable position with Horizon Bank within a 25 mile radius of their current work location at Wolverine Bank, will be entitled to severance pay in accordance with Horizon's policies and procedures. In addition, Horizon, at its expense, will provide group career counseling for Wolverine Bank employees who will not be continuing with Horizon and will make professional career counseling services available through its internal employee assistance program for up to four visits per employee. Also, those terminated employees will be entitled to continuation coverage under group health plans as required by COBRA and to professional career counseling services.

In addition, Wolverine will pay out, in a lump sum no later than the closing date of the merger, all amounts payable pursuant to the employment agreements between Wolverine Bank and (i) Mr. Dunn dated July 1, 2016, and (ii) Mr. Rosinski dated July 1, 2016, as if the change in control payments contemplated by those employment

agreements had been triggered by the merger; *provided that*, Messrs. Dunn and Rosinski enter into mutual termination of employment agreements and new employment agreements with Horizon Bank concurrently with the execution of the Merger Agreement. Messrs. Dunn and Rosinski have executed the above-referenced mutual termination of employment agreements and new employment agreements with Horizon Bank, effective upon the completion of the merger.

Table of Contents

Horizon also will assume the LTIPs with Messrs. Dunn and Rosinski and the employment agreements with Messrs. Cherry, Clark, and Schmitt, and make the payments thereunder in accordance with the terms of those plans and agreements.

Additionally, certain executives and directors of Wolverine will receive certain payments and benefits in connection with the merger, which are described in the section captioned *Interests of Certain Directors and Officers of Wolverine in the Merger* beginning on page 80.

Termination

Subject to conditions and circumstances described in the Merger Agreement, either Horizon or Wolverine may terminate the Merger Agreement if, among other things, any of the following occur:

Wolverine's stockholders do not approve the Merger Agreement at the Special Meeting;

any governmental authority has issued an order, decree, judgment or injunction that permanently restrains, enjoins or otherwise prohibits or makes illegal the consummation of the merger, and such order has become final and non-appealable, or if any consent or approval of a governmental authority whose consent or approval is required to consummate the merger has been denied, or any application, filing, or notice for a regulatory approval has been withdrawn at the request or recommendation of the applicable governmental authority; *provided that*, the right to terminate the Merger Agreement under these provisions will not be available to a party whose failure to fulfill any of its obligations (excluding representations and warranties) under the Merger Agreement has been the cause of any event described in this paragraph;

the merger has not been consummated by May 31, 2018 (provided the terminating party did not cause the failure of the merger to be consummated by that date); or

the respective boards of directors of Horizon and Wolverine mutually agree to terminate the Merger Agreement.

Additionally, Horizon may terminate the Merger Agreement at any time prior to the effective time of the merger if any of the following occur:

any event has occurred that is not capable of being cured prior to or on May 31, 2018 and would result in a condition to Horizon's obligations to consummate the merger not being satisfied (as long as Horizon is not then in material breach of any of its representations, warranties, or covenants);

Wolverine breaches or fails to perform any of its representations, warranties, or covenants contained in the Merger Agreement and that breach or failure to perform would give rise to the failure of a closing condition to the merger, and such condition is not capable of being satisfied prior to or on

May 31, 2018, or has not been cured by Wolverine within 20 business days after Wolverine's receipt of written notice of such breach from Horizon (as long as Horizon is not then in material breach of any of its representations, warranties, or covenants);

any event, change, condition, circumstance or state of facts, or aggregation of events, changes, conditions, circumstance or state of facts, that has, individually or in the aggregate, a material adverse effect on Wolverine;

Wolverine's board of directors has failed to include its recommendation to approve the merger in the proxy statement/prospectus related to the Special Meeting;

Wolverine's board of directors, after receiving an acquisition proposal from a third party, has withdrawn, modified, or changed its approval or recommendation of the Merger Agreement and approved or recommended an acquisition proposal with a third party;

Wolverine has entered into, or publicly announced its intention to enter into, a definitive agreement, agreement in principle or letter of intent with respect to any acquisition proposal; or

Table of Contents

a quorum could not be convened at the Special Meeting or at a reconvened meeting held at any time prior to or on May 31, 2018.

Wolverine may terminate the Merger Agreement at any time prior to the effective time of the merger if any of the following occur:

any event will have occurred that is not capable of being cured prior to or on May 31, 2018 and would result in a condition to Wolverine's obligations to consummate the merger not being satisfied (as long as Wolverine is not then in material breach of any of its representations, warranties, or covenants);

Horizon breaches or fails to perform any of its representations, warranties, or covenants contained in the Merger Agreement and that breach or failure to perform would give rise to the failure of a closing condition to the merger, and such condition is not capable of being satisfied prior to or on May 31, 2018, or has not been cured by Horizon within 20 business days after Horizon's receipt of written notice of such breach from Wolverine (as long as Wolverine is not then in material breach of any of its representations, warranties, or covenants);

any event, change, condition, circumstance, or state of facts, or aggregation of events, changes, conditions, circumstance, or state of facts, that has, individually or in the aggregate, a material adverse effect on Horizon;

the Wolverine board of directors has approved an acquisition proposal from a third party, or Wolverine has entered into a definitive agreement, agreement in principle, or letter of intent with respect to a third-party acquisition proposal; or

at any time during the five-day period commencing on the first date on which all bank regulatory approvals (and waivers, if applicable) and all other approvals and consents necessary for the consummation of the merger have been received (disregarding any waiting period) (the determination date), with such termination to be effective on the fifth business day following the date Wolverine provides notice to Horizon after the determination date if both of the following conditions are satisfied:

the average of the daily closing price of Horizon common stock as reported on the NASDAQ Global Select Market for the 15 consecutive trading days immediately preceding the determination date on which shares of Horizon common stock actually traded (the Horizon Market Value) is less than \$23.02; and

the decline in Horizon's share price is more than 15% than the corresponding percentage performance of the SNL Small Cap U.S. Bank and Thrift Index.

If Wolverine elects to exercise its termination right as described above, Horizon may elect to avoid termination of the Merger Agreement by increasing the exchange ratio to the lesser of the amounts determined pursuant to the following formula: (i) a quotient, the numerator of which is equal to the product of the \$27.08 (the initial market value), the exchange ratio (as then in effect), and the average daily closing value of the SNL Small Cap U.S. Bank and Thrift Index for the 15 consecutive trading days immediately preceding the determination date divided by the closing value of the SNL Small Cap U.S. Bank and Thrift Index on the determination date, minus 0.15, and the denominator of which is equal to the Horizon Market Value on the determination date; or (ii) the quotient determined by dividing \$27.08 by the closing price for Horizon's common stock for the 15 consecutive trading days immediately preceding the determination date, and multiplying the quotient by the product of the exchange ratio (as then in effect) and 0.85. Since the formula is dependent on the future price of Horizon's common stock and that of the SNL Small Cap U.S. Bank and Thrift Index, it is not possible presently to determine what the adjusted merger consideration would be at this time, but, in general, more shares of Horizon common stock would be issued to Wolverine's stockholders.

Table of Contents

Under certain circumstances described in the Merger Agreement, a \$3,539,000 termination fee may be payable by Wolverine to Horizon if the Merger Agreement is terminated and the merger is not consummated. See *Termination Fee* directly below.

Termination Fee

Wolverine will pay Horizon a \$3,539,000 termination fee if the Merger Agreement is terminated for any of the following reasons:

if Horizon terminates the Merger Agreement because (i) Wolverine's board of directors fails to include its recommendation to approve the merger in the proxy statement/prospectus delivered to stockholders; (ii) Wolverine's board of directors has withdrawn, modified, or changed its approval or recommendation of the Merger Agreement; (iii) Wolverine's board of directors approves or publicly recommends an acquisition proposal with a third party; or (iv) Wolverine has entered into or publicly announced an intention to enter into another acquisition proposal;

if either party terminates the Merger Agreement because it is not approved by the requisite vote of the stockholders of Wolverine at the Special Meeting or by Horizon because a quorum could not be convened at Wolverine's stockholders meeting called to approve the merger and, in each case, prior to the date of such termination a third-party acquisition proposal was made, and prior to the date that is 12 months after such termination Wolverine or any of its subsidiaries enters into any acquisition agreement with a third party or an acquisition proposal is consummated;

if either party terminates the Merger Agreement because the consummation of the merger has not occurred by May 31, 2018, and (i) prior to the date of such termination an acquisition proposal was made by a third party, and (ii) prior to the date that is 12 months after such termination, Wolverine or any of its subsidiaries enters into any acquisition agreement or any acquisition proposal is consummated;

if Horizon terminates the Merger Agreement because (i) Wolverine breaches or fails to perform any of its representations, warranties, or covenants contained in the Merger Agreement and that breach or failure to perform would give rise to the failure of a closing condition to the merger, and such condition is not capable of being satisfied prior to or on May 31, 2018, or has not been cured by Wolverine within 20 business days after Wolverine's receipt of written notice of such breach from Horizon, or (ii) an event, change, condition, circumstance or state of facts, or aggregation of events, changes, conditions, circumstances or state of facts, that has, individually or in the aggregate, a material adverse effect on Wolverine has occurred, and prior to the date that is 12 months after such termination under (i) or (ii) above, Wolverine or any of its subsidiaries enters into any acquisition agreement or any acquisition proposal is consummated; or

if Wolverine terminates the Merger Agreement because Wolverine's board of directors has approved an acquisition proposal from a third party, or Wolverine has entered into a definitive agreement,

agreement in principle, or letter of intent with respect to a third-party acquisition proposal.

Management and Operations After the Merger

Horizon's officers and directors serving at the effective time of the merger will continue to serve as Horizon's officers and directors until such time as their successors have been duly elected and qualified or until their earlier resignation, death, or removal from office; *provided that*, Horizon and Horizon Bank will take all appropriate action so that, as of the effective time of the merger and in accordance with Horizon's bylaws and the bylaws of Horizon Bank, Eric P. Blackhurst will be appointed to the boards of directors of Horizon and Horizon Bank. If the term of the class of directors to which Mr. Blackhurst is appointed expires less than three years after the effective time of the merger, Horizon and Horizon Bank will cause him to be nominated and recommended

Table of Contents

for election by Horizon's stockholders at the next election of directors as long as he continues to be eligible and qualified to serve as a director of Horizon and Horizon Bank. Horizon's articles of incorporation and bylaws in existence as of the effective time of the merger will remain Horizon's articles of incorporation and bylaws following the effective time, until such articles of incorporation and bylaws are further amended as provided by applicable law.

Environmental Inspections

Under the Merger Agreement, if requested by Horizon, Wolverine will cooperate with an environmental consulting firm designated by Horizon in connection with the conduct, at any time after the date of the Merger Agreement, by the consultant of Phase I environmental site assessments and any other investigation reasonably requested by Horizon on all real property (except single family, non-agricultural residential property of one acre or less) owned or leased by Wolverine or any of its subsidiaries as of the date of the Merger Agreement or acquired thereafter, including OREO, to the extent not prohibited by any lease governing Wolverine Bank's lease of any bank branch. Horizon will furnish copies of any reports of the consultant that it receives with respect to any Wolverine property, promptly upon Horizon's receipt of such reports. Horizon will be responsible for the costs of the Phase I assessments, and Horizon and Wolverine will each bear 50% of the costs of any additional environmental investigation or testing as determined to be advisable or recommended by the consultant as a result of an actual or suspected Recognized Environmental Condition (as such term is defined by the American Society for Testing Materials).

Effective Time of the Merger

The merger will become effective on the day and at the time specified in the articles of merger of Horizon and Wolverine as filed with the Indiana Secretary of State and the Maryland Department of Assessments and Taxation. Unless otherwise mutually agreed to by the parties, the effective time of the merger will occur within 10 business days after the fulfillment of all conditions precedent to the merger and the expiration of all waiting periods in connection with the bank regulatory applications filed for the approval of the merger.

Regulatory Approvals for the Merger

Under the terms of the Merger Agreement, the merger cannot be completed until Horizon receives necessary regulatory approvals. The merger of Horizon Bank and Wolverine Bank requires the approval of the FDIC and IDFI. In addition, Horizon has filed the required documentation with the FRB to request a waiver of the FRB's approval for the merger of Wolverine into Horizon.

On July 27, 2017, Horizon Bank filed the required applications with both the IDFI and FDIC to obtain approval of the merger of Wolverine Bank into Horizon Bank. Horizon expects to receive FDIC and IDFI approval of the bank merger and the FRB's waiver of the application requirements for the merger of Wolverine into Horizon in October 2017. Although we believe that we will be able to obtain these regulatory approvals and waivers, there can be no assurance that all requisite approvals and waivers will be obtained or that they will be obtained within the time period we anticipate.

Accounting Treatment of the Merger

Horizon will account for the merger under the acquisition method of accounting in accordance with GAAP. Using the acquisition method of accounting, the assets (including identified intangible assets) and liabilities of Wolverine will be recorded by Horizon at their respective fair values at the time of the completion of the merger. The excess of Horizon's purchase price over the net fair value of the tangible and identified intangible assets acquired over liabilities assumed will be recorded as goodwill.

NASDAQ Global Select Market Listing

Horizon's common stock is listed on the NASDAQ Global Select Market under the symbol HBNC. The shares to be issued to the Wolverine stockholders in the merger will be eligible for trading on the NASDAQ Global Select Market.

Table of Contents**INTERESTS OF CERTAIN DIRECTORS AND OFFICERS OF WOLVERINE IN THE MERGER**

When Wolverine's stockholders are considering the recommendation of the Wolverine board of directors in connection with the Merger Agreement proposal, you should be aware that some of the employees and directors of Wolverine and Wolverine Bank have interests that are in addition to, or different from, the interests of Wolverine's stockholders generally, which are described below. Wolverine's board of directors was aware of these interests and considered them, among other matters, in approving the Merger Agreement and the transactions contemplated by the Merger Agreement. Except as described below, to the knowledge of Wolverine, the officers and directors of Wolverine do not have any material interest in the merger apart from their interests as stockholders of Wolverine.

Treatment of Stock Options

Directors and executive officers of Wolverine and Wolverine Bank hold outstanding Wolverine stock options. The Merger Agreement provides that, at the effective time of the merger, each stock option granted by Wolverine will vest and convert into the right to receive cash equal to the product of (1) the number of shares subject to such stock option, multiplied by (2) the excess of \$40.00 over the exercise price of such option, less applicable tax withholdings. The following table sets forth the number of outstanding stock options held by each of the executive officers and directors of Wolverine and Wolverine Bank as of August 24, 2017 (the latest practicable date prior to the filing of this document) and the cash-out value of the stock options as determined under the terms of the Merger Agreement.

Payments Under Employment Agreements with David H. Dunn and Rick A. Rosinski

Wolverine Bank maintains employment agreements with David H. Dunn, President and Chief Executive Officer of Wolverine and Wolverine Bank, and Rick A. Rosinski, Chief Operating Officer, Treasurer and Secretary of Wolverine and Wolverine Bank. The employment agreements with Messrs. Dunn and Rosinski provide for the following severance benefits in the event of a termination of employment by Wolverine Bank without cause or a resignation by the executive for good reason (each term as defined in the employment agreements) within 12 months following a change in control, such as the merger (a qualifying termination):

For Mr. Dunn, a lump sum cash severance payment: (1) equal to three times his annual base salary; and (2) equal to the amount of benefits that would have accrued on the executive's behalf under Wolverine Bank's 401(k) plan and employee stock ownership plan, with the amount of benefits determined based on the benefits accrued on behalf of the executive under such retirement plans during the 12 months preceding his date of termination. In addition, Wolverine Bank will provide Mr. Dunn for a period of three years (at no cost to Mr. Dunn) with non-taxable medical and dental coverage and life insurance coverage substantially identical to the coverage maintained by Wolverine Bank for him prior to his date of termination; provided, however, that such continued coverage would cease when Mr. Dunn becomes eligible for Medicare coverage unless he is covered by family coverage or coverage for himself and a spouse, in which case his family or spouse coverage would continue for the remainder of the three-year period.

For Mr. Rosinski, a lump sum cash severance payment: (1) equal to two times his annual base salary; and (2) equal to the amount of benefits that would have accrued on the executive's behalf under Wolverine Bank's 401(k) plan and employee stock ownership plan, with the amount of benefits determined based on the benefits accrued on behalf of the executive under such retirement plans during the 12 months preceding his date of termination. In addition, Wolverine Bank will provide Mr. Rosinski for a period of two years (at no cost to Mr. Rosinski) with non-taxable medical and dental coverage and life insurance coverage substantially identical to the coverage maintained by Wolverine Bank for him prior to his date of termination; provided, however, that

Table of Contents

such continued coverage would cease when Mr. Rosinski becomes eligible for Medicare coverage unless he is covered by family coverage or coverage for himself and a spouse, in which case his family or spouse coverage would continue for the remainder of the two-year period.

In connection with the Merger Agreement, Wolverine and Wolverine Bank entered into a mutual termination of employment agreement with each of Messrs. Dunn and Rosinski, which quantify and settle the benefits owed to the executives under their employment agreements. Under these agreements Messrs. Dunn and Rosinski will be entitled to a lump-sum cash payment of \$1,037,218 and \$443,830, respectively. The payments are contingent upon the consummation of the merger and the executive's execution of a release of claims related to his employment with Wolverine and Wolverine Bank through the date of the merger. Each mutual termination of employment agreement provides that the foregoing cash payments would be reduced by the minimum amount necessary so that they do not result in an excess parachute payment within the meaning of Section 280G of the Internal Revenue Code. It is not expected that the payments to Messrs. Dunn and Rosinski would result in excess parachute payments.

Continued Employment for David H. Dunn and Rick A. Rosinski

In addition to entering into a mutual termination of employment agreement, each of Messrs. Dunn and Rosinski entered into an employment agreement with Horizon Bank that will be effective as of the effective time of the merger. Mr. Dunn will serve as Regional Market President – Great Lakes Bay Region Michigan of Horizon Bank. Mr. Rosinski will serve as Vice President – Large Account Relationship Manager of Horizon Bank.

The new employment agreement for Mr. Dunn has a term that will begin as of the effective of the merger and continue for one year thereafter. Within 60 days of each anniversary date of the agreement, Mr. Dunn will meet with Horizon Bank to determine whether to continue his employment relationship. If the parties do not reach a mutual agreement for continued employment before the expiration date, then the employment agreement will expire and Mr. Dunn's employment will automatically terminate. The new employment for Mr. Rosinski has an initial term of one year, beginning immediately after the effective time of the merger. On each anniversary date of the effective time of the merger until the year in which Mr. Rosinski attains age 64, the term will be extended for an additional year, unless Horizon Bank provides written notice of non-renewal to Mr. Rosinski at least 30 days prior to the expiration of any one-year term period.

The employment agreements provide for an annual base salary of \$242,050 and \$135,100 for Messrs. Dunn and Rosinski, respectively. In addition, each executive is entitled to participate in the incentive compensation and employee benefit plans that are generally available to other Horizon Bank employees with similar job duties and responsibilities. Horizon Bank will also pay for Mr. Dunn's country club membership dues as mutually agreed to by Horizon Bank and Mr. Dunn. In the event of the executive's involuntary termination without cause or voluntary resignation for good reason (each term as defined in the employment agreements), each executive would be entitled to, in addition to any accrued but unpaid base salary and incentive compensation earned through the date of termination, a severance payment in an amount equal to his annual base salary for the remainder of the term of his agreement.

In addition, Messrs. Dunn and Rosinski agree (1) not to engage in certain competitive activities with respect to Horizon and Horizon Bank in the counties of Oakland, Midland and Saginaw, Michigan, (2) not to solicit or provide services to customers or prospective customers of Horizon Bank or any affiliate, (3) not to solicit for employment employees of Horizon Bank or its affiliates, and (4) not to disclose confidential information. The non-competition and non-solicitation restrictions contained in the agreements expire 36 months following the date of termination for Mr. Dunn and 24 months following the date of termination for Mr. Rosinski. The requirement to not disclose confidential information remains in effect at all times.

Assumption of Long-Term Incentive Plans with David H. Dunn and Rick A. Rosinski

Wolverine Bank maintains three Long-Term Incentive Plans: (1) a Long-Term Incentive Plan for Mr. Dunn, effective January 1, 2002 (the 2002 Plan); and (2) two Long-Term Incentive Plans for Messrs. Dunn and Rosinski, effective January 1, 2006 (the 2006 Plans). The plans were frozen on June 30, 2010 with respect

Table of Contents

to new contributions. In August 2010, amounts earned under the plans as a result of the satisfaction of certain objective performance measures were contributed to a rabbi trust and, as elected by Messrs. Dunn and Rosinski, invested in Wolverine common stock. The benefits payable to Mr. Dunn under the 2002 Plan will currently commence on December 31, 2018 and are payable in five annual installments, and the benefits payable to Messrs. Dunn and Rosinski under the 2006 Plans will currently commence on December 31, 2017 and are payable in five annual installments. Upon completion of the merger, Horizon will assume the 2002 Plan and 2006 Plans and will be prohibited from accelerating the timing of the payments without the consent of the executives; provided, however, that Messrs. Dunn and Rosinski will be prohibited from deferring the commencement date of the payments. Messrs. Dunn and Rosinski are permitted to make investment elections, with the option of either cash, Horizon common stock or any other investment alternative approved by Horizon. All amounts payable under the 2002 Plan and the 2006 Plans have been earned and fully accrued by Wolverine Bank without regard to the merger.

Eric P. Blackhurst Becoming a Director of Horizon and Horizon Bank

Eric P. Blackhurst, a director of Wolverine and Wolverine Bank, will be appointed to the boards of directors of both Horizon and Horizon Bank effective as of the closing of the merger. Mr. Blackhurst's initial term on the Horizon board of directors will expire at the 2019 annual meeting of Horizon's stockholders, at which point Horizon and Horizon Bank will nominate him for re-election by Horizon's stockholders as long as he continues to be eligible and qualified to serve as a director of Horizon and Horizon Bank.

Great Lakes Bay Region Advisory Board

Horizon has agreed to form, as soon as reasonably practical after the effective time of the merger, a Great Lakes Bay Region Advisory Board comprised of three to five members from communities served by Wolverine Bank. The members of the advisory board may include representatives from the Wolverine and/or Wolverine Bank boards of directors, or other third parties as determined by Horizon. Each of such persons will be entitled to receive fees and shares of Horizon common stock in amounts equal to those received by members of Horizon's other advisory boards of directors.

Indemnification and Insurance of Directors and Officers

Horizon has agreed that all rights to indemnification and exculpation from liabilities arising out of or pertaining to matters existing or occurring on or prior to the effective time of the merger in favor of the present and former officers and directors of Wolverine and Wolverine Bank as provided under the articles of incorporation or bylaws of Wolverine or Wolverine Bank, or permitted under applicable law, will survive the merger and continue for six years following the merger.

In addition, Horizon has agreed to maintain a directors' and officers' liability insurance policy for up to six years following the merger to cover the present officers and directors of Wolverine and Wolverine Bank with respect to claims against such directors and officers arising from facts or events that occurred before the effective time of the merger; *provided that*, Horizon is not obligated to pay each year more than 150% of Wolverine's annual premiums for such coverage.

Employee Stock Ownership Plan

The Wolverine Bank ESOP is a tax-qualified plan that covers substantially all of the employees of Wolverine Bank who have attained age 21. The ESOP received a share acquisition loan from Wolverine, the proceeds of which were used to acquire shares of Wolverine common stock for the benefit of plan participants. The ESOP has pledged the

shares acquired with the loan as collateral for the loan and holds them in a suspense account, releasing them to participants' accounts as the loan is repaid, using contributions received from Wolverine Bank. Prior to the effective time of the merger, the outstanding share acquisition loan of the ESOP will be repaid by the ESOP by delivering a sufficient number of unallocated shares of Wolverine common stock to Wolverine. Any unallocated shares remaining in the suspense account (after the repayment of the outstanding share acquisition loan) will be allocated to the active plan participants pro-rata as earnings. As of the effective time of the merger, the ESOP will be terminated and all allocated shares of common stock held by the ESOP will be converted into the merger consideration.

Table of Contents

As a result of the foregoing, Wolverine's executive officers, as well as other employees who participate in the ESOP, would receive a benefit in connection with the ESOP's termination to the extent that the stock price of Wolverine common stock multiplied by the number of shares held in the suspense account exceeds the outstanding loan used to acquire those shares.

Merger-Related Executive Compensation for Wolverine's Named Executive Officers

This section sets forth the information required by Item 402(t) of Regulation S-K regarding the compensation for each of Wolverine's named executive officers that is based on or otherwise relates to the merger. The merger-related compensation payable to these individuals is subject to a non-binding advisory vote of Wolverine's stockholders, as described below in the Merger-Related Compensation Proposal.

The following table sets forth the amount of payments and benefits that each of Wolverine's named executive officers would receive in connection with the merger, assuming the following: (1) the effective time of the merger is October 1, 2017; and (2) Messrs. Dunn and Rosinski remain continuously employed with Horizon Bank beginning at the effective time of the merger pursuant to their employment agreements, as described under *Continued Employment for David H. Dunn and Rick A. Rosinski*. The table does not include the value of benefits that the named executive officers are vested in without regard to the occurrence of a change in control. Amounts below are based on certain assumptions that may or may not actually occur. As a result, the actual amounts to be received by a named executive officer may materially differ from the amounts set forth below.

Executive	Cash⁽¹⁾ (\$)	Equity⁽²⁾ (\$)	Other⁽³⁾ (\$)	Total (\$)
David H. Dunn	1,037,218	853,792	581,544	2,472,554
Rick A. Rosinski	443,830	398,715	386,901	1,229,446

- (1) In connection with the Merger Agreement, each of the named executive officers entered into a mutual termination of employment agreement which quantifies and settles the benefits owed to the executives under their employment agreements. Under these agreements, the named executive officers are entitled to the lump-sum cash payment set forth in the table. The payments are contingent upon the consummation of the merger and the executive's execution of a release of claims related to his employment with Wolverine and Wolverine Bank through the date of the merger. The cash severance payable to Messrs. Dunn and Rosinski under the mutual termination of employment agreements is considered a single trigger benefit, since it is payable upon a change in control of Wolverine, provided the executive executes a general release of claims. Each mutual termination of employment agreement provides that the payments set forth in the table would be reduced by the minimum amount necessary so that they do not result in an excess parachute payment within the meaning of Section 280G of the Internal Revenue Code.
- (2) The amounts in this column represent the aggregate value of: (1) the Wolverine restricted stock awards for which vesting would be accelerated based on a per share price of \$39.60, which is the average closing market price of Wolverine common stock over the first five business days following the public announcement of the merger; and (2) the cash payment for all outstanding Wolverine options, based on a per share value of \$40.00, less the applicable per share exercise price. Such vesting and payment are considered single trigger benefits, since they are payable upon a change in control of Wolverine. For Mr. Dunn, his equity amount is attributable to the payment in cancellation of 37,612 stock options. For Mr. Rosinski, his equity amount represents \$79,200 attributable to the value of 2,000 restricted stock awards for which vesting is accelerated and \$319,515

attributable to the payment in cancellation of 15,037 stock options.

- (3) The amounts in this column represent the estimated additional benefits to be received by the named executive officer that is attributable to the Wolverine Bank ESOP upon its termination and the repayment of the outstanding ESOP loan to Wolverine.

MATERIAL FEDERAL INCOME TAX CONSEQUENCES

General. The following is a summary of the material anticipated United States federal income tax consequences generally applicable to a U.S. Holder (as defined below) of Wolverine common stock with respect to the exchange of Wolverine common stock for Horizon common stock pursuant to the merger. This discussion assumes that U.S. Holders hold their Wolverine common stock as capital assets within the meaning of Section 1221 of the Code. This summary is based on the Code, administrative pronouncements, judicial decisions and Treasury Regulations, each as in effect as of the date of this proxy statement/prospectus. All of the foregoing is subject to change at any time, possibly with retroactive effect, and all are subject to differing interpretation. No advance ruling has been sought or obtained from the Internal Revenue Service regarding the United States federal income tax consequences of the merger. As a result, no assurance can be given that the Internal Revenue Service would not assert, or that a court would not sustain, a position contrary to any of the tax consequences set forth below.

This summary does not address any tax consequences arising under United States federal tax laws other than United States federal income tax laws, nor does it address the income tax consequences applicable to participants in the 401(k) plan or with respect to employee benefits generally, nor the laws of any state, local, foreign, or other taxing jurisdiction, nor does it address any aspect of income tax that may be applicable to non-U.S. Holders of Wolverine common stock. In addition, this summary does not address all aspects of United States federal income taxation that may apply to U.S. Holders of Wolverine common stock in light of their particular circumstances or U.S. Holders that are subject to special rules under the Code, such as holders of Wolverine common stock that are partnerships or other pass-through entities (and persons holding their Wolverine common stock through a partnership or other pass-through entity), persons who acquired shares of Wolverine common stock as a result of the exercise of employee stock options or otherwise as compensation or through a tax-qualified retirement plan, persons subject to the alternative minimum tax, tax-exempt organizations, financial institutions, broker-dealers, traders in securities that have elected to apply a mark to market method of accounting, insurance companies, persons having a functional currency other than the U.S. dollar and persons holding their Wolverine common stock as part of a straddle, hedging, constructive sale, or conversion transaction.

For purposes of this summary, a U.S. Holder is a beneficial owner of Wolverine common stock that is for United States federal income tax purposes:

a United States citizen or resident alien;

a corporation, or other entity taxable as a corporation for United States federal income tax purposes, created or organized under the laws of the United States or any state therein or the District of Columbia;

a trust if (1) it is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust, or (2) it was in existence on August 20, 1996 and has a valid election in effect under applicable Treasury Regulations to be treated as a United States person; or

an estate, the income of which is subject to United States federal income taxation regardless of its source.

If a partnership (including an entity treated as a partnership for United States federal income tax purposes) holds Wolverine common stock, the tax treatment of a partner in the partnership will generally depend on the status of such partner and the activities of the partnership.

Horizon and Wolverine intend for the merger to qualify as a reorganization within the meaning of Section 368(a) of the Code. Barnes & Thornburg LLP, as counsel to Horizon, and Luse Gorman, PC, as counsel to Wolverine, each has rendered an opinion, attached as Exhibits 8.1 and 8.2, respectively, to the Registration Statement of which this proxy statement/prospectus is a part, that the merger will be treated as a reorganization within the meaning of Section 368(a) of the Code, subject to the limitations, assumptions, and qualifications

Table of Contents

described therein. The obligations of Horizon and Wolverine to consummate the merger are conditioned upon the receipt of an opinion from Barnes & Thornburg LLP, counsel to Horizon, and an opinion from Luse Gorman, PC, counsel to Wolverine, to the effect that the merger will for federal income tax purposes qualify as a reorganization based upon the assumptions, representations, warranties, and covenants made by Horizon and Wolverine, including those contained in the Merger Agreement. The opinion of Barnes & Thornburg LLP also will provide that the merger will qualify as a statutory merger under Indiana state law. If any of the representations or assumptions upon which the opinions are based are inconsistent with the actual facts existing at the effective time of the merger, the tax consequences of the merger could be adversely affected. The determination by tax advisors as to whether the proposed merger will be treated as a reorganization within the meaning of Section 368(a) of the Code will depend upon the facts and law existing at the effective time of the proposed merger unless tax counsel determines that such determination may be made as of the last business day before the Merger Agreement becomes a binding contract in accordance with Treasury Regulation Section 1.368-1(e).

Horizon and Wolverine have not requested and do not intend to request any ruling from the Internal Revenue Service. Accordingly, each Wolverine stockholder is urged to consult his, her, or its own tax advisors as to the specific tax consequences resulting from the merger, including tax return reporting requirements, the applicability and effect of federal, state, local, and other applicable tax laws and the effect of any proposed changes in the tax laws.

Pursuant to the Merger Agreement, Horizon and Wolverine may exercise their respective right to terminate the merger if Barnes & Thornburg LLP or Luse Gorman, PC, as applicable, are unable to render the tax opinion at closing. If the market price of the Horizon common stock as of the effective time declines relative to the market price of Wolverine common stock to the extent that the value of the Horizon common stock received by the Wolverine stockholders in the merger is less than 40% of the fair market value of the total consideration received in the merger by Wolverine's stockholders for their shares of Wolverine common stock upon the merger, then Horizon and Wolverine will not be obligated to consummate the merger pursuant to the Merger Agreement because Barnes & Thornburg LLP or Luse Gorman, PC would be unable to render their respective favorable tax opinion on the merger.

Assuming the merger is treated as a reorganization within the meaning of Section 368(a) of the Code, no gain or loss will be recognized by Horizon, its subsidiaries, or Wolverine or Wolverine Bank by reason of the merger. The material United States federal income tax consequences of the merger to the U.S. Holders are described below.

Exchange of Wolverine Common Stock for Horizon Common Stock and Cash. As a result of receiving a combination of Horizon common stock and cash in exchange for shares of Wolverine common stock, a U.S. Holder will recognize gain, but not loss, equal to the lesser of (1) the amount of cash received, or (2) the amount of gain realized in the merger. The amount of gain a U.S. Holder realizes will equal the amount by which (a) the cash plus the fair market value at the effective time of the merger of the Horizon common stock received, exceeds (b) the U.S. Holders' aggregate adjusted tax basis in the Wolverine common stock surrendered in the merger. Any recognized loss disallowed will be included in the adjusted basis of the Horizon common stock received in the merger, as discussed below. Any recognized gain will be taxed as a capital gain or a dividend, as described below. The aggregate adjusted tax basis of the shares of Horizon common stock received in the merger will be the same as the aggregate adjusted tax basis of the shares of Wolverine common stock surrendered in the merger decreased by the amount of cash received in the merger and increased by (i) the gain recognized in the merger, if any, and (ii) the recognized loss disallowed in the merger, if any. The holding period for shares of Horizon common stock received by such U.S. Holder will include such U.S. Holder's holding period for the Wolverine common stock surrendered in exchange for the Horizon common stock, provided that such shares of Wolverine common stock were held as capital assets of the U.S. Holder at the effective time of the merger. If a U.S. Holder acquired different blocks of Wolverine common stock at different times or at different prices, any gain or loss will be determined separately with respect to each block of Wolverine common stock, and the cash and shares of Horizon stock received will be allocated pro rata to each such block of stock. U.S.

Table of Contents

Holders of Wolverine common stock should consult their tax advisors with regard to identifying the bases or holding periods of the particular shares of Horizon common stock received in the merger.

Taxation of Capital Gain. Except as described under *Potential Recharacterization of Gain as a Dividend* below, gain that U.S. Holders recognize in connection with the merger generally will constitute capital gain and will constitute long-term capital gain if such U.S. Holders have held (or are treated as having held) their Wolverine common stock for more than one year as of the date of the merger. Long-term capital gain of non-corporate U.S. Holders of Wolverine common stock is generally taxed at preferential rates. For non-corporate U.S. Holders, long-term capital gain generally can be taxed at a maximum U.S. federal income tax rate that is lower than the rate for ordinary income or for short-term capital gains. The maximum U.S. federal income tax rate in effect for long-term capital gains recognized during 2017 is 20% for high income taxpayers, i.e., married couples filing joint returns and surviving spouses with taxable income in excess of \$470,700, heads of household with taxable income in excess of \$444,550, and other individuals with taxable income in excess of \$418,400. The maximum long-term capital gains rate for most other non-high income taxpayers is 15%. In addition, net investment income of certain high-income taxpayers may be subject to an additional 3.8% tax (i.e., the net investment income tax) under Section 1411 of the Code. The definition of high income taxpayers for purposes of the net investment income tax is different than as defined above for purposes of the capital gains rate. Because the impact of the net investment income tax depends primarily upon the particular circumstances of a U.S. Holder, U.S. Holders should consult their own tax advisors regarding the potential impact of these tax rules to them.

Potential Recharacterization of Gain as a Dividend. It is possible that gain recognized by a U.S. Holder will not be capital gain if the U.S. Holder's receipt of cash has the effect of a distribution of a dividend, in which case the gain will be treated as dividends to the extent of the U.S. Holder's ratable share of accumulated earnings and profits, as calculated for United States federal income tax purposes. For purposes of determining whether a U.S. Holder's receipt of cash has the effect of a distribution of a dividend, the U.S. Holder will be treated as if he, she, or it first exchanged all of his, her, or its Wolverine common stock solely in exchange for Horizon common stock and then Horizon immediately redeemed a portion or all of that stock for the cash that the U.S. Holder actually received in the merger (referred to herein as the *deemed redemption*). Receipt of cash will generally not have the effect of a distribution of a dividend to the U.S. Holder if such receipt is, with respect to the U.S. Holder, not essentially equivalent to a dividend, substantially disproportionate, or a complete redemption, each within the meaning of Section 302(b) of the Code.

The deemed redemption will not be essentially equivalent to a dividend and, therefore, will not have the effect of a distribution of a dividend with respect to a U.S. Holder if it results in a meaningful reduction in the U.S. Holder's proportionate interest in Horizon. If a U.S. Holder that has a relatively minimal stock interest in Horizon and no right to exercise control over corporate affairs suffers a reduction in the U.S. Holder's proportionate interest in Horizon, the U.S. Holder should be regarded as having suffered a meaningful reduction in the U.S. Holder's proportionate interest in Horizon. For example, the IRS has held in a published ruling that, in the case of a less than 1% stockholder who does not have management control over the corporation, any reduction in the stockholder's proportionate interest will constitute a meaningful reduction. The IRS has also indicated in rulings that any reduction in the interest of a minority shareholder that owns a small number of shares in a publicly and widely held corporation and that exercises no control over corporate affairs would result in capital gain (as opposed to dividend) treatment.

The deemed redemption will be substantially disproportionate, and, therefore, will not have the effect of a distribution of a dividend with respect to a U.S. Holder who owns less than 50% of the voting power of the outstanding Horizon common stock if the percentage of the outstanding Horizon voting (including all classes that carry voting rights) and common stock (both voting and nonvoting) that is actually and constructively owned by the U.S. Holder immediately after the deemed redemption is reduced to less than 80% of the percentage of the outstanding Horizon common stock that is considered to be actually and constructively owned by the U.S. Holder immediately before the deemed

redemption.

The deemed redemption will be a complete redemption, and, therefore, will not have the effect of a distribution of a dividend with respect to a U.S. Holder, if it results in a complete termination of a U.S. Holder's

Table of Contents

interest in the outstanding Horizon common stock that is considered to be actually and constructively owned by the U.S. Holder immediately before the deemed redemption.

For purposes of applying the foregoing tests, a U.S. Holder will be deemed to own the stock it actually owns and the stock it constructively owns under the attribution rules of Section 318 of the Code. Under Section 318 of the Code, a U.S. Holder will be deemed to own the shares of stock owned by certain family members, by certain estates and trusts of which the U.S. Holder is a beneficiary and by certain affiliated entities, as well as shares of stock subject to an option actually or constructively owned by the U.S. Holder or such other persons. In the event of a complete redemption within the meaning of Section 302(b)(3) of the Code, a U.S. Holder may elect to waive the attribution rules of Section 318 of the Code pursuant to Section 302(c) of the Code.

The determination of whether a cash payment will be treated as having the effect of a dividend depends primarily upon the facts and circumstances of each U.S. Holder. U.S. Holders are urged to consult their own tax advisors regarding the tax treatment of the cash received in the merger.

Taxation of Dividend. If, after applying the tests described in *Potential Recharacterization of Gain as a Dividend* above, the deemed redemption results in the gain recognized by a U.S. Holder being classified as a dividend, such dividend will be treated as either ordinary income or qualified dividend income. Any gain treated as qualified dividend income will be taxable to individual Wolverine U.S. Holders at the long-term capital gains rate, provided that the U.S. Holder held the shares giving rise to such income for more than 60 days during the 121-day period beginning 60 days before the closing date. The maximum rate on qualified dividends for high income taxpayers is currently 20%. In addition, certain high-income taxpayers may be subject to an additional 3.8% net investment income tax. Any gain treated as ordinary income will be taxable at ordinary income rates.

Cash Received In Lieu of a Fractional Share of Horizon Common Stock. A U.S. Holder who receives cash in lieu of a fractional share of Horizon common stock will be treated as having received the fractional share pursuant to the merger and then as having exchanged the fractional share for cash in a redemption by Horizon of the fractional share. As a result, such U.S. Holder will generally recognize gain or loss equal to the difference between the amount of cash received and the basis in the U.S. Holder's fractional share interest as set forth above. This gain or loss will generally be capital gain or loss, and will be long-term capital gain or loss if, as of the effective date of the merger, the holding period for such shares is greater than one year. See discussion in *Taxation of Capital Gain* above for information regarding the tax rates applicable to long-term capital gains, including the potential application of the net investment income tax. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting. Payments of cash to a U.S. Holder may, under certain circumstances, be subject to information reporting and backup withholding at a rate of 28% of the cash payable to the U.S. Holder, unless the U.S. Holder provides proof of an applicable exemption or furnishes his, her, or its taxpayer identification number (Form W-9), and otherwise complies with all applicable requirements of the backup withholding rules. Any amounts withheld from payments to a U.S. Holder under the backup withholding rules are not additional tax and will be allowed as a refund or credit against the U.S. Holder's U.S. federal income tax liability to the extent that they exceed such U.S. Holder's federal income tax liability, provided the required information is furnished to the Internal Revenue Service.

A U.S. Holder will be required to retain records pertaining to the merger with regard to the stock consideration received by such U.S. Holder. A U.S. Holder who is a significant holder of Wolverine shares and who receives shares of Horizon will be required to retain records pertaining to the merger with regard to the stock consideration received by such U.S. Holder and file a statement with his, her, or its U.S. federal income tax return in accordance with Treasury Regulation Section 1.368-3 setting forth information regarding the parties to the merger, the date of the

merger, such U.S. Holder's basis in the Wolverine common stock surrendered and the fair market value of the Horizon common stock and cash received in the merger. A significant holder is a holder of Wolverine common stock who, immediately before the merger, owned at least 1% of the outstanding stock of Wolverine or securities of Wolverine with a basis for federal income tax purposes of at least \$1 million.

The preceding discussion is intended only as a summary of material U.S. federal income tax consequences of the merger. This discussion does not address tax consequences that may vary with, or are contingent on, individual circumstances. It is not a complete analysis or discussion of all potential tax effects that may be important to you. Thus, Wolverine urges its stockholders to consult their own tax advisors as to the specific tax consequences to them resulting from the merger, including tax return reporting requirements, the applicability and effect of federal, state, local, and other applicable tax laws and the effect of any proposed changes in the tax laws. The foregoing summary of material U.S. federal income tax consequences of the merger is not intended or written to be used, and cannot be used, by any shareholder of Wolverine or any other person for the purpose of avoiding penalties that may be imposed by the Internal Revenue Service.

COMPARISON OF THE RIGHTS OF STOCKHOLDERS

Under the Merger Agreement, Wolverine stockholders will exchange their shares of Wolverine common stock for shares of Horizon common stock and cash (and cash for fractional share interests). Horizon is organized under the laws of the State of Indiana, and the rights of Horizon stockholders are governed by the laws of the State of Indiana, including the IBCL, and Horizon's articles of incorporation and bylaws. Wolverine is organized under the laws of the State of Maryland, and the rights of Wolverine stockholders are governed by the laws of the State of Maryland, including the Maryland General Corporation Law (the "MGCL"), and the articles of incorporation of Wolverine, as amended (the "Wolverine Articles") and the bylaws of Wolverine (the "Wolverine Bylaws"). Upon consummation of the merger, Wolverine's stockholders receiving the stock consideration will become Horizon stockholders, and the Amended and Restated Articles of Incorporation of Horizon (the "Horizon Articles"), the Amended and Restated Bylaws of Horizon (the "Horizon Bylaws"), and the IBCL will govern their rights as Horizon stockholders.

The following summary discusses some of the material differences between the current rights of Horizon stockholders and Wolverine stockholders under the Horizon Articles, Horizon Bylaws, Wolverine Articles, Wolverine Bylaws, and applicable law.

The statements in this section are qualified in their entirety by reference to, and are subject to, the detailed provisions of, as applicable, the Horizon Articles, the Horizon Bylaws, the Wolverine Articles, the Wolverine Bylaws, and applicable law.

Authorized Capital Stock

Horizon

Horizon currently is authorized to issue up to 66,000,000 shares of common stock, no par value, of which approximately 22,200,447 shares were outstanding as of August 24, 2017. Horizon also is authorized to issue up to 1,000,000 shares of preferred stock. Horizon's board may fix the preferences, limitations, and relative voting and other rights of the shares of any series of preferred stock that it designates. As of August 24, 2017, options to purchase 339,556 shares of Horizon common stock were outstanding.

Wolverine

Wolverine currently is authorized to issue up to 100,000,000 shares of capital stock in one class of common stock, \$0.01 par value per share. Wolverine also is authorized to issue up to 50,000,000 shares of preferred stock. As of August 24, 2017, 2,104,183 shares of common stock were outstanding and no shares of preferred stock are outstanding. Under the MGCL and the articles of incorporation of Wolverine, the board of directors may increase or decrease the number of authorized shares without stockholder approval. In addition, the board of directors may, without stockholder approval, establish one or more series of preferred stock and, for any series of preferred stock, to determine the terms and rights of the series, including voting rights, dividend rights, conversion and redemption rights and liquidation preferences. The ability of Wolverine to issue shares of preferred stock could have an anti-takeover effect. As of August 24, 2017, options to purchase 180,085 shares of Wolverine common stock were outstanding.

Voting Rights and Cumulative Voting

Horizon

Each holder of Horizon common stock generally has the right to cast one vote for each share of Horizon common stock held of record on all matters submitted to a vote of shareholders of Horizon.

Indiana law provides that shareholders may not cumulate their votes in the election of directors unless the corporation's articles of incorporation so provide. The Horizon Articles do not grant cumulative voting rights to Horizon shareholders.

Wolverine

Each holder of Wolverine common stock generally has the right to cast one vote for each share of Wolverine common stock held of record on all matters submitted to a vote of stockholders of Wolverine. The

Table of Contents

Wolverine Articles prohibit cumulative voting. The Wolverine Articles also provide that in no event will any person who beneficially owns more than 10% of the then-outstanding shares of common stock, be entitled or permitted to vote any of the shares of common stock held in excess of the 10% limit. This provision has been included in the articles of incorporation in reliance on Section 2-507(a) of the MGCL, which entitles stockholders to one vote for each share of stock unless the articles of incorporation provide for a greater or lesser number of votes per share or limit or deny voting rights.

Dividends

Horizon

Horizon may pay dividends and make other distributions at such times, in such amounts, to such persons, for such consideration, and upon such terms and conditions as the Horizon board may determine, subject to all statutory restrictions, including banking law restrictions discussed elsewhere in this proxy statement/prospectus.

Horizon has no issued and outstanding shares of preferred stock that take preference in dividend distributions over shares of common stock in certain circumstances. See *Preferred Stock* below.

Wolverine

Holders of common stock are entitled, when declared by the Wolverine board, to receive dividends, subject to the rights of holders of preferred stock. Under Maryland law, no dividends, redemptions, stock repurchases or other distributions may be declared or paid if, after giving effect to the dividend, redemption, stock repurchase or other distribution, (1) the corporation would not be able to pay its debts as they become due in the usual course of business, or (2) the corporation's total assets would be less than the sum of its total liabilities plus, unless the corporation's charter provides otherwise, the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights are superior to those receiving the distribution. The board of directors may base a determination regarding the legality of the declaration or payment of a distribution on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable in the circumstances.

In addition, a Maryland corporation that would be prohibited from making a distribution because its assets would be less than the sum of its total liabilities and preferences of outstanding preferred stock may also make a distribution from the net earnings of the corporation for the fiscal year in which the distribution is made, the net earnings of the corporation for the preceding fiscal year, or the sum of the net earnings of the corporation for the preceding eight fiscal quarters.

Liquidation

Horizon

In the event of the liquidation, dissolution, and/or winding-up of Horizon, the holders of shares of Horizon common and preferred stock, as the case may be, are entitled to receive, after the payment of or provision of payment for Horizon's debts and other liabilities and of all shares having priority over the common stock, a ratable share of the remaining assets of Horizon. Horizon presently has no issued and outstanding shares of preferred stock that take preference in liquidation distributions over its shares of common stock. See *Dividends* directly above, and *Preferred Stock* directly below.

Wolverine

In the event of the liquidation, dissolution, or winding up of Wolverine, the holders of its common stock would be entitled to receive, after payment or provision for payment of all its debts and liabilities, all of the assets of Wolverine available for distribution. If preferred stock is issued, the holders thereof may have a priority over the holders of the common stock in the event of liquidation or dissolution.

Preferred Stock

Horizon

In general, the Horizon board is authorized to issue preferred stock in series and to fix and state the voting powers, designations, preferences, and other rights of the shares of each such series and the limitations thereof. The Horizon board is authorized to issue up to 1,000,000 shares of preferred stock, but no shares of preferred stock are currently outstanding. If any preferred stock is issued, the Horizon board may fix the designation, preferences, limitations, relative voting, and other rights of the shares of such preferred stock.

Wolverine

Pursuant to the Wolverine Articles, preferred stock may be issued with preferences and designations as Wolverine's board of directors may from time to time determine. Wolverine's board of directors may, without stockholder approval, issue shares of preferred stock with voting, dividend, liquidation and conversion rights. The issuance of shares of preferred stock could dilute the voting strength of the holders of the common stock and may assist management in impeding an unfriendly takeover or attempted change in control.

No Sinking Fund Provisions

No common or preferred shares of Horizon or Wolverine are subject to any mandatory redemption, sinking fund, or other similar provisions.

Additional Issuances of Stock

Horizon

Except in connection with the proposed merger with LFCB, and as otherwise provided in this proxy statement/prospectus, Horizon has no specific plans for the issuance of additional authorized shares of its common stock or for the issuance of any shares of preferred stock. In the future, the authorized but unissued shares of Horizon common and preferred stock will be available for general corporate purposes, including, but not limited to, issuance as stock dividends or in connection with stock splits, issuance in future mergers or acquisitions, issuance under a cash dividend reinvestment and/or stock purchase plan, issuance under a stock incentive plan, or issuance in future underwritten or other public or private offerings.

Section 23-1-26-2 of the IBCL permits the board of directors of an Indiana corporation to authorize the issuance of additional shares, unless the corporation's articles of incorporation reserve such a right to the corporation's shareholders. Under the Horizon Articles, no shareholder approval is required for the issuance of additional shares. As a result, the Horizon board may issue preferred stock, without shareholder approval, possessing voting and conversion rights that could adversely affect the voting power of Horizon's common shareholders, subject to any restrictions imposed on the issuance of such shares by the NASDAQ Stock Exchange.

Wolverine

Under the MGCL and Wolverine's Articles, Wolverine's board of directors may increase or decrease the number of authorized shares without stockholder approval. Wolverine has no specific plans for the issuance of additional authorized shares of its common stock or for the issuance of any shares of preferred stock.

Number of and Restrictions Upon Directors

Horizon

The Horizon Bylaws state that the Horizon board will be composed of five to 15 members, with the actual number being set by the Horizon board. Currently, the number of directors is set at twelve members. The Horizon board is divided into three classes, as nearly equal in number as possible, with the term of office of one class expiring each year. Each director holds office for the term for which he or she was elected and until his or her successor is elected and has qualified, whichever period is longer, or until his or her death, resignation, or removal. The Horizon Bylaws provide that a director will not qualify to serve as such effective as of the end of the term during which he or she becomes 75 years of age, and that a non-incumbent director may not be nominated for election as a director if he or she is 60 years of age at the time of election.

Table of Contents

Wolverine

Wolverine's Articles require the board of directors to be divided into three classes and that the members of each class will be elected for a term of three years and until their successors are elected and qualified, with one class being elected annually.

Additionally, Wolverine's Bylaws provided that a person is not qualified to serve as director if he or she: (1) is under indictment for, or has ever been convicted of, a criminal offense involving dishonesty or breach of trust and the penalty for such offense could be imprisonment for more than one year, (2) is a person against whom a banking agency has, within the past ten years, issued a cease and desist order for conduct involving dishonesty or breach of trust and that order is final and not subject to appeal, or (3) has been found either by a regulatory agency whose decision is final and not subject to appeal or by a court to have (i) breached a fiduciary duty involving personal profit, or (ii) committed a willful violation of any law, rule or regulation governing banking, securities, commodities or insurance, or any final cease and desist order issued by a banking, securities, commodities or insurance regulatory agency. The Wolverine Bylaws provide that no person may serve on the board of directors and at the same time be a director or officer of a financial institution or credit union that has an office in any county in which Wolverine or any of its subsidiaries has an office or any contiguous county. The Wolverine Bylaws also provide that no person at least 70 years of age is eligible for election, reelection, appointment or reappointment to the board of Wolverine. Further, no director can serve as a director of Wolverine beyond the annual meeting of the stockholders of Wolverine immediately following the director becoming 70 years of age.

Removal of Directors

Horizon

Under Indiana law, directors may be removed in any manner provided in the corporation's articles of incorporation. In addition, the shareholders or directors may remove one or more directors with or without cause, unless the articles of incorporation provide otherwise.

Under the Horizon Articles, any director may be removed, with or without cause, either at a meeting or by written consent, by the affirmative vote of at least 70% of all of the outstanding shares of capital stock of Horizon entitled to vote on the election of directors. Any director may be removed with cause by the affirmative vote of (i) the holders of a majority of all of the outstanding shares of capital stock of Horizon entitled to vote on the election of directors at a meeting of shareholders called for that purpose, or (ii) two-thirds or more of the other directors.

Wolverine

Under Maryland law, if a board of directors has been divided into classes, a director may not be removed without cause. The Wolverine Articles provide that directors may be removed only for cause, and only by the affirmative vote of the holders of at least a majority of the voting power of all of Wolverine's then-outstanding common stock entitled to vote.

Special Meetings of the Board

Horizon

The Horizon Bylaws provide that special meetings of the Horizon board may be called by, or at the request of, the Chairman, the President or a majority of the directors.

Wolverine

Wolverine's Bylaws provide that special meetings of the board of directors may be called by one-third of the directors then in office, the president or the chairperson of the board.

Advance Notice Requirements for Presentation of Business and Nominations of Directors at Annual Meetings of Stockholders

Horizon

Pursuant to the Horizon Bylaws, nominations for election to the Horizon board may be made by the Horizon board or by any Horizon shareholder. Nominations, other than those made by or on behalf of the existing management of Horizon, must be made in writing and must be delivered or mailed to the President of Horizon not less than 120 calendar days in advance of the date of Horizon's proxy statement released to shareholders in connection with the previous year's annual meeting of shareholders. All such shareholder nominations must include the information specified in the Bylaws.

The Horizon Bylaws also provide that shareholders may submit proposals for business to be considered at Horizon's annual meeting of shareholders, and have those proposals included in Horizon's proxy and proxy statement delivered to shareholders, if the shareholder has given written notice to Horizon's Secretary at least 120 days before the date of Horizon's proxy statement for the prior year. Such proposals must be made in writing, must be received at Horizon's principal executive offices not less than 120 calendar days in advance of the date of Horizon's proxy statement released to shareholders in connection with the previous year's annual meeting of shareholders and must contain the information specified in the Bylaws.

Wolverine

Wolverine's Bylaws provide an advance notice procedure for certain business, or nominations to the board of directors, to be brought before an annual meeting of stockholders. In order for a stockholder to properly bring business before an annual meeting, or to propose a nominee to the board of directors, Wolverine's Secretary must receive written notice not earlier than the close of business on the 90th day nor later than the 80th day prior to the date of the annual meeting. In the event that less than 90 days' prior public disclosure of the date of the meeting is given to stockholders, notice by the stockholder must be received not later than the 10th day following the day on which public disclosure of the date of such meeting is first made. No adjournment or postponement of a meeting of stockholders will commence a new period for the giving of notice.

Special Meetings of Stockholders

Horizon

The Horizon Bylaws state that special shareholders' meetings may be called by the Chairman, the President, or, by the Secretary, at the request in writing of a majority of the directors.

Wolverine

Wolverine's Bylaws provide that special meetings of the stockholders may be called by the president, the majority of the board of directors or Wolverine's Secretary upon a request in writing therefor, signed by a majority of stockholders.

Indemnification

Horizon

Under the IBCL as applicable to Horizon, an Indiana corporation may indemnify an individual made a party to a proceeding because the individual is or was a director or officer against liability incurred in the proceeding if (i) the individual's conduct was in good faith, (ii) the individual reasonably believed, in the case of conduct in the individual's official capacity with the corporation, that the individual's conduct was in the best interests of the corporation, and in all other cases, that the individual's conduct was at least not opposed to the corporation's best interests, and (iii) in the case of any criminal proceeding, the individual either had reasonable cause to believe that the individual's conduct was lawful, or the individual had no reasonable cause to believe that the individual's conduct was unlawful.

Unless limited by its articles of incorporation, a corporation must indemnify a director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the director was a party because

Table of Contents

the director is or was a director of the corporation against reasonable expenses incurred by the director in defense of the proceeding.

The Horizon Articles provide that every person who is or was or has agreed to become a director or officer of Horizon will be indemnified by Horizon against any and all liability and expense that may be incurred by him or her resulting from any claim, provided that the person acted in good faith and, for civil actions, acted in what he or she reasonably believed to be in or not opposed to the best interests of Horizon, or, for criminal actions, had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe that his conduct was unlawful. Horizon also may, but is not required to, indemnify an employee or agent under similar circumstances. The indemnification by Horizon extends to attorneys' fees, judgments, fines, liabilities, and settlements. Horizon must also advance expenses for the defense of a director or officer upon determination of eligibility and upon receipt of written affirmation of eligibility and an undertaking by such person to repay such expenses if it should ultimately be determined that he is not entitled to indemnification.

In order for a director or officer to be entitled to indemnification, the Horizon board, special legal counsel or the shareholders must determine that the director has met the standards of conduct required by the Horizon Articles.

Wolverine

Wolverine's Articles provide that a director of the corporation will not be liable to the corporation or its stockholders for monetary damages, subject to the limitations, described below. Under Wolverine's Articles, directors' and officers' liability to the corporation or its stockholders for money damages may be expanded or limited, except that liability of a director or officer may not be limited: (1) to the extent that it is proved that the person actually received an improper benefit or profit in money, property, or services, for the amount of the improper benefit or profit; (2) to the extent that a final adjudication adverse to the person is entered based on a finding that the person's action or failure to act was the result of active and deliberate dishonesty and was material to the cause of action in the proceeding; or (3) to the extent otherwise provided under Maryland law.

Under Maryland law, a corporation may not indemnify a director or officer if it is established that: (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding, and (a) was committed in bad faith or (b) was the result of active and deliberate dishonesty; or (2) the director or officer actually received an improper personal benefit in money, property or services; or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

Under Maryland law, a corporation may not indemnify a director or officer who has been adjudged liable in a suit by or in the right of the corporation or in which the director or officer was adjudged liable to the corporation or on the basis that a personal benefit was improperly received. A court may order indemnification if it determines that the director is fairly and reasonably entitled to indemnification, even though the director did not meet the prescribed standard of conduct, was adjudged liable to the corporation or was adjudged liable on the basis that personal benefit was improperly received; however, indemnification for an adverse judgment in a suit by or in the right of the corporation, or for a judgment of liability on the basis that personal benefit was improperly received, is limited to expenses. Except for a proceeding brought to enforce indemnification or where a resolution of the board of directors or an agreement approved by the board expressly provides otherwise, a corporation may not indemnify a director for a proceeding brought by the director against the corporation.

The Wolverine Articles provide that it will indemnify (1) its current and former directors and officers to the fullest extent required or permitted by Maryland law, including the advancement of expenses and (2) other employees or agents to such extent as is authorized by the board of directors and Maryland law. Maryland law allows Wolverine to

indemnify any person for expenses, liabilities, settlements, judgments and fines in suits in which such person has been made a party by reason of the fact that he or she is or was a director, officer or employee of Wolverine.

Preemptive Rights

Horizon

Although permitted by the IBCL, the Horizon Articles do not provide for preemptive rights to subscribe for any new or additional common or preferred stock.

Wolverine

Under the MGCL, unless the articles of incorporation provide otherwise, stockholders have no preemptive rights. Wolverine's Articles do not provide for preemptive rights. Accordingly, Wolverine's stockholders do not have preemptive rights.

Amendment of Articles of Incorporation and Bylaws

Horizon

Except as otherwise provided below, amendments to the Horizon Articles must be approved by a majority vote of the Horizon board and also by a vote of shareholders entitled to vote on the matter in which more votes are cast in favor of the amendment than against the amendment. The following provisions of the Horizon Articles may not be altered, amended, or repealed without the affirmative vote of at least 70% of the outstanding shares of Horizon stock entitled to vote on such matter:

Section 6.3, which establishes a three-tier director class structure; and

Section 6.4, regarding director removal.

The Horizon Articles may be amended by the Horizon board without shareholder approval to designate a new series of preferred shares.

The Horizon Bylaws may be amended only by a majority vote of the number of directors of the Horizon board in office at the time of the vote.

Wolverine

Wolverine's Articles may be amended, upon the submission of an amendment by the board of directors to a vote of the stockholders, by the affirmative vote of at least two-thirds of the outstanding voting common stock of Wolverine, or by the affirmative vote of a majority of the outstanding shares of common stock if at least two-thirds of the members of the board of directors approves such amendment. However, approval by at least 80% of the outstanding common stock is required to amend certain provisions regarding, but not limited to, the limitation of voting rights, majority voting, classification of the board, board vacancies, removal of directors, amendment of the bylaws, acquisition offers, issuance of preferred stock, a stockholder quorum, indemnification of officers and directors, limitations on liability, cumulative voting, advance notice requirements for stockholder proposals and nominations, and the provision requiring at least 80% outstanding voting stock approval to amend the aforementioned provisions.

Restrictions on Unsolicited Changes in Control (Anti-Takeover Protections)

Horizon

General. The Horizon Articles include several provisions that may have the effect of rendering the company less attractive to potential acquirors, thereby discouraging future takeover attempts that certain shareholders might deem to be in their best interests, or pursuant to which shareholders might receive a substantial premium for their shares over then-current market prices, but would not be approved by the company's board of directors. These provisions also have the effect of rendering the removal of management and the incumbent board of directors more difficult. However, the Horizon board has concluded that the potential benefits of these restrictive provisions outweigh the possible disadvantages.

Directors. Certain provisions in the Horizon Articles and Horizon Bylaws impede changes in the majority control of the company's board of directors. The Horizon Articles provide that the board will be divided into three classes, with directors in each class elected for staggered three-year terms. As a result, it would take two annual elections to replace a majority of the Horizon board.

Table of Contents

The Horizon Bylaws provide that any vacancy occurring in the Horizon board, including a vacancy created by resignation, death, incapacity, or an increase in the number of directors, may be filled for the remainder of the unexpired term by a majority vote of the directors then in office. No decrease in the number of directors of Horizon can have the effect of shortening the term of any incumbent director.

Finally, the Horizon Bylaws impose certain notice requirements in connection with the nomination by shareholders of candidates for election to the board of directors, and for proposals by shareholders of business to be acted upon at a meeting of shareholders.

Under the Horizon Articles, any director may be removed, with or without cause, by the affirmative vote of the holders of 70% of all of the outstanding shares of Horizon's capital stock entitled to vote on the election of directors. Any Horizon director may be removed with cause by the affirmative vote of (i) the holders of a majority of all of the outstanding shares of capital stock of Horizon entitled to vote on the election of directors, or (ii) two-thirds or more of the other directors.

Restrictions on Call of Special Meetings. The Horizon Bylaws state that special shareholders' meetings may be called by the Chairman, the President, or, at the request in writing of a majority of the directors, by the Secretary.

No Cumulative Voting. The Horizon Articles do not provide for cumulative voting rights in the election of directors.

Authorization of Preferred Stock. Horizon is authorized to issue preferred stock from time to time in one or more series subject to applicable provisions of law, and the board of directors is authorized to fix the designations, powers, preferences, and relative participating, optional, and other special rights of such shares, including voting rights, if any. In the event of a proposed merger, tender offer, or other attempt to gain control of Horizon not approved by the board of directors, it might be possible for the Horizon board to authorize the issuance of a series of preferred stock with rights and preferences that would impede the completion of such a transaction. An effect of the possible issuance of preferred stock, therefore, may be to deter a future takeover attempt. The board of directors of Horizon has no present plans or understandings for the issuance of any preferred stock and it does not intend to issue any preferred stock except on terms that the board may deem to be in the best interests of Horizon's shareholders.

Evaluation of Offers. The IBCL specifically authorizes directors, in considering the best interests of a corporation, to consider the effects of any action on shareholders, employees, suppliers, and customers of the corporation, the communities in which offices or other facilities of the corporation are located, and any other factors the directors consider pertinent. Horizon's Articles provide that the Horizon board, when evaluating a business combination or tender or exchange offer, in addition to considering the adequacy of the amount to be paid in connection with any such transactions, may consider all of the following factors and any other factors that it deems relevant: (a) the social and economic effects of the transaction on Horizon and its subsidiaries, and each of their respective employees, depositors, loan and other customers, creditors, and other elements of the communities in which Horizon and its subsidiaries operate or are located; (b) the business and financial condition and earnings prospects of the acquiring person or persons, including, but not limited to, debt service and other existing or likely financial obligations of the acquiring person or persons, and the possible effect of such conditions upon Horizon and its subsidiaries and the other elements of the communities in which Horizon and its subsidiaries operate or are located; and (c) the competence, experience, and integrity of the acquiring person or persons and its or their management.

Procedures for Certain Business Combinations. The Horizon Articles require the affirmative vote of 70% of the outstanding shares of all classes of voting stock (reduced to 66^{2/3}% under certain conditions), and an independent majority of shareholders, to approve certain business combinations with holders of more than 10% of Horizon's voting shares or their affiliates.

Amendments to Articles and Bylaws. As noted above, except for certain exceptions, amendments to the Horizon Articles must be approved by a majority vote of the Horizon board and also by a vote of shareholders in which more votes are cast in favor of the amendment than against the amendment. Additionally, the following

Table of Contents

provisions of the Horizon Articles may not be altered, amended or repealed without the affirmative vote of at least 70% of the outstanding shares of Horizon stock entitled to vote on such matter: (i) Section 6.3, which establishes a three-tier director class structure; and (ii) Section 6.4, regarding director removal.

The Horizon Articles may be amended by the Horizon board without shareholder approval to designate a new series of preferred shares.

The Horizon Bylaws may be amended only by a majority vote of the total number of directors of Horizon.

Wolverine

Directors. The Wolverine board of directors is divided into three classes. The members of each class are elected for a term of three years and only one class of directors is elected annually. Thus, it takes at least two annual elections to replace a majority of the board of directors. Further, the Wolverine Bylaws impose notice and information requirements in connection with the nomination by stockholders of candidates for election to the board of directors or the proposal by stockholders of business to be acted upon at an annual meeting of stockholders. The Wolverine Bylaws also set forth qualifications as to individuals who can and cannot serve on the board of directors.

Under Wolverine's Bylaws, any vacancy occurring on the board of directors, including any vacancy created by reason of an increase in the number of directors, may be filled only by the affirmative vote of two-thirds of the remaining directors, and any director so chosen will hold office for the remainder of the term to which the director has been elected and until his or her successor is elected and qualified.

Restrictions on Call of Special Meetings. The Wolverine Bylaws provide that special meetings of stockholders can be called by the president, by a majority of the whole board of directors or upon the written request of stockholders entitled to cast at least a majority of all votes entitled to vote at the meeting.

Prohibition of Cumulative Voting. The Wolverine Articles prohibit cumulative voting for the election of directors.

Limitation of Voting Rights. The Wolverine Articles provide that in no event will any person who beneficially owns more than 10% of the then-outstanding shares of common stock, be entitled or permitted to vote any of the shares of common stock held in excess of the 10% limit.

Restrictions on Removing Directors from Office. The Wolverine Articles provide that directors may be removed only for cause, and only by the affirmative vote of the holders of at least a majority of the voting power of all of our then-outstanding common stock entitled to vote (after giving effect to the limitation on voting rights discussed above in *Limitation of Voting Rights*).

Authorization of Preferred Stock. The Wolverine Articles authorize 50,000,000 shares of serial preferred stock. Wolverine is authorized to issue preferred stock from time to time in one or more series subject to applicable provisions of law, and the board of directors is authorized to fix the designations, and relative preferences, limitations, voting rights, if any, including without limitation, offering rights of such shares (which could be multiple or as a separate class). In the event of a proposed merger, tender offer or other attempt to gain control of Wolverine that the board of directors does not approve, it may be possible for the board of directors to authorize the issuance of a series of preferred stock with rights and preferences that would impede the completion of the transaction. An effect of the possible issuance of preferred stock therefore may be to deter a future attempt to gain control of Wolverine. The board of directors has no present plan or understanding to issue any preferred stock.

Amendments to Articles of Incorporation and Bylaws. The provisions requiring the affirmative vote of 80% of outstanding shares for certain stockholder actions have been included in the Wolverine Articles in reliance on Section 2-104(b)(4) of the MGCL. Section 2-104(b)(4) permits the articles of incorporation to require a greater proportion of votes than the proportion that would otherwise be required for shareholder action under the MGCL.

Table of Contents

Business Combinations with Interested Stockholders. Under Maryland law, business combinations between Wolverine and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, statutory share exchange or, in circumstances specified in the statute, certain transfers of assets, certain stock issuances and transfers, liquidation plans and reclassifications involving interested stockholders and their affiliates or issuance or reclassification of equity securities. Maryland law defines an interested stockholder as: (i) any person who beneficially owns 10% or more of the voting power of Wolverine's voting stock after the date on which Wolverine had 100 or more beneficial owners of its stock; or (ii) an affiliate or associate of Wolverine at any time after the date on which Wolverine had 100 or more beneficial owners of its stock who, within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then-outstanding voting stock of Wolverine. A person is not an interested stockholder under the statute if the board of directors approved in advance the transaction by which the person otherwise would have become an interested stockholder. However, in approving a transaction, the board of directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the five-year prohibition, any business combination between Wolverine and an interested stockholder generally must be recommended by the board of directors of Wolverine and approved by the affirmative vote of at least: (i) 80% of the votes entitled to be cast by holders of outstanding shares of voting stock of Wolverine, and (ii) two-thirds of the votes entitled to be cast by holders of voting stock of Wolverine other than shares held by the interested shareholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested stockholder. These super-majority vote requirements do not apply if Wolverine's common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

Evaluation of Offers. The Wolverine Articles provide that its board of directors, when evaluating a transaction that would or may involve a change in control of Wolverine (whether by purchases of its securities, merger, consolidation, share exchange, dissolution, liquidation, sale of all or substantially all of its assets, proxy solicitation or otherwise), may, in connection with the exercise of its business judgment in determining what is in the best interests of Wolverine and its stockholders and in making any recommendation to the stockholders, give due consideration to all relevant factors, including, but not limited to:

the economic effect, both immediate and long-term, upon Wolverine's stockholders, including stockholders, if any, who do not participate in the transaction;

the social and economic effect on the present and future employees, creditors and customers of, and others dealing with, Wolverine and its subsidiaries and on the communities in which Wolverine and its subsidiaries operate or are located;

whether the proposal is acceptable based on the historical, current or projected future operating results or financial condition of Wolverine;

whether a more favorable price could be obtained for Wolverine's stock or other securities in the future;

the reputation and business practices of the other entity to be involved in the transaction and its management and affiliates as they would affect the employees of Wolverine and its subsidiaries;

the future value of the stock or any other securities of Wolverine or the other entity to be involved in the proposed transaction;

any antitrust or other legal and regulatory issues that are raised by the proposal;

the business and historical, current or expected future financial condition or operating results of the other entity to be involved in the transaction, including, but not limited to, debt service and other existing financial obligations, financial obligations to be incurred in connection with the proposed

Table of Contents

transaction, and other likely financial obligations of the other entity to be involved in the proposed transaction; and

the ability of Wolverine to fulfill its objectives as a financial institution holding company and on the ability of its subsidiary financial institution(s) to fulfill the objectives of a federally insured financial institution under applicable statutes and regulations.

If the Wolverine board of directors determines that any proposed transaction should be rejected, it may take any lawful action to defeat such transaction.

State and Federal Law

Indiana State Law. Several provisions of the IBCL could affect the acquisition of shares of Horizon common stock, or otherwise affect the control of Horizon. Chapter 43 of the IBCL prohibits certain business combinations, including mergers, sales of assets, recapitalizations, and reverse stock splits, between corporations (assuming the company has over 100 shareholders) and an interested shareholder (defined as the beneficial owner of 10% or more of the voting power of the outstanding voting shares) for five years following the date on which the shareholder obtained 10% ownership, unless the acquisition was approved in advance of that date by the board of directors of the company. If prior approval is not obtained, several price and procedural requirements must be met before the business combination can be completed. Horizon has elected in the Horizon Articles to not be governed by Chapter 43 of the IBCL.

In addition, the IBCL contains a Control Share Acquisition Statute that may have the effect of discouraging or making more difficult a hostile takeover of an Indiana corporation. This provision also may have the effect of discouraging premium bids for outstanding shares. The Control Share Acquisition Statute provides that, unless otherwise provided in a corporation's articles of incorporation or by-laws, shares acquired in certain acquisitions of the corporation's stock (which take the acquiror over the successive thresholds of 20%, 33%, and 50% of the corporation's stock) will be accorded voting rights only if a majority of the disinterested shareholders approves a resolution granting the potential acquiror the ability to vote such shares. An Indiana corporation is subject to the Control Share Acquisition Statute if it has 100 or more shareholders and its principal place of business is in Indiana. An Indiana corporation otherwise subject to the Control Share Acquisition Statute may elect not to be covered by the statute by so providing in its articles of incorporation or bylaws. Horizon has elected not to be governed by the Control Share Acquisition Statute.

The Control Share Acquisition Statute does not apply to a plan of affiliation and merger, if the corporation complies with the applicable merger provisions and is a party to the plan of merger. Thus, the provisions of the Control Share Acquisition Statute do not apply to the merger.

The IBCL specifically authorizes Indiana corporations to issue options, warrants, or rights for the purchase of shares or other securities of the corporation or any successor in interest of the corporation. These options, warrants, or rights may, but need not be, issued to shareholders on a pro rata basis.

The IBCL specifically authorizes directors, in considering the best interests of a corporation, to consider the effects of any action on shareholders, employees, suppliers, and customers of the corporation, and communities in which offices or other facilities of the corporation are located, and any other factors the directors consider relevant. As described above, the Horizon Articles contain a provision having a similar effect. Under the IBCL, directors are not required to approve a proposed business combination or other corporate action if the directors determine in good faith that such approval is not in the best interests of the corporation. In addition, the IBCL states that directors are not required to redeem any rights under, or render inapplicable, a shareholder rights plan or to take or decline to take any other action solely because of the effect such action might have on a proposed change of control of the corporation or the amounts

to be paid to shareholders upon such a change of control. The IBCL explicitly provides that the different or higher degree of scrutiny imposed in Delaware and certain other jurisdictions upon director actions taken in response to potential changes in control will not apply. The Delaware Supreme Court has held that defensive measures in response to a potential takeover must be reasonable in relation to the threat posed.

Table of Contents

In taking or declining to take any action or in making any recommendation to a corporation's shareholders with respect to any matter, directors are authorized under the IBCL to consider both the short-term and long-term interests of the corporation as well as interests of other constituencies and other relevant factors. Any determination made with respect to the foregoing by a majority of the disinterested directors will conclusively be presumed to be valid unless it can be demonstrated that such determination was not made in good faith.

Because of the foregoing provisions of the IBCL, the Horizon board has flexibility in responding to unsolicited proposals to acquire Horizon, and accordingly it may be more difficult for an acquiror to gain control of Horizon in a transaction not approved by its board of directors.

Maryland State Law. The MGCL provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the shares entitled to be voted on the matter, excluding shares of stock owned by the acquiror or by officers or directors who are employees of the corporation. Control shares are voting shares of stock which, if aggregated with all other such shares of stock previously acquired by the acquiror, or in respect of which the acquiror is able to exercise or direct the exercise of voting power except solely by virtue of a revocable proxy, would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

1. one-tenth or more but less than one-third;
2. one-third or more but less than a majority; or
3. a majority of all voting power.

Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of control shares, subject to certain exceptions for shares acquired through descent or distribution, in satisfaction of a pledge or in a merger, consolidation or share exchange to which the corporation is a party. The control share acquisition statute applies to any Maryland corporation with 100 or more beneficial owners of its stock other than a close corporation or an investment company.

A person who has made or proposes to make a control share acquisition, upon satisfaction of certain conditions (including an undertaking to pay expenses and delivery of an acquiring person statement), may compel the corporation's board of directors to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any stockholders' meeting. If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement within 10 days following a control share acquisition then, subject to certain conditions and limitations, the corporation may redeem any or all of the control shares (except for those which voting rights have previously been approved) for fair value, determined without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition or of any meeting of stockholders at which the voting rights of such shares are considered and not approved. Moreover, if voting rights for control shares are approved at a stockholders' meeting and the acquiror becomes entitled to exercise or direct the exercise of a majority or more of all voting power, other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of such appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition. The foregoing provisions may be modified by a Maryland corporation's charter or bylaws. Although Wolverine's bylaws provide that the Maryland Control Share Acquisition law will be inapplicable to acquisitions of

Wolverine's common stock, this provision may be repealed at any time by a majority vote of the whole board of directors, in whole or in part, at any time, whether before or after a control share acquisition and may be applied to any prior or subsequent control share acquisition.

The Wolverine Articles provide that its board of directors, when evaluating a transaction that would or may involve a change in control of Wolverine (whether by purchases of its securities, merger, consolidation, share exchange, dissolution, liquidation, sale of all or substantially all of its assets, proxy solicitation or otherwise), may, in connection with the exercise of its business judgment in determining what is in the best

interests of Wolverine and its stockholders and in making any recommendation to the stockholders, give due consideration to all relevant factors, including, but not limited to, certain enumerated factors. For a list of these enumerated factors, see *Evaluation of Offers* above.

Federal Limitations. Subject to certain limited exceptions, the Bank Holding Company Act and the Change in Bank Control Act, together with related regulations, require approval of the Federal Reserve Board prior to any person or company acquiring control of a bank holding company. Control is conclusively presumed to exist if an individual or company acquires 25% or more of any class of voting securities of the bank holding company. Control is rebuttably presumed to exist if a person or company acquires 10% or more, but less than 25%, of any class of voting securities and either the bank holding company/savings and loan holding company has registered securities under Section 12 of the Securities Exchange Act of 1934 or no other person owns a greater percentage of that class of voting securities immediately after the transaction.

Wolverine was incorporated in Maryland in 2010 as part of the mutual-to-stock conversion of Wolverine Bank, for the purpose of becoming the savings and loan holding company of Wolverine Bank. Since being incorporated, other than holding the common stock of Wolverine Bank, retaining approximately 50% of the net cash proceeds of the stock conversion offering and making a loan to the employee stock ownership plan of Wolverine Bank, Wolverine has not engaged in any business activities, except the repurchase of shares of its outstanding common stock as previously publicly disclosed. At June 30, 2017, Wolverine had \$385.9 million of total assets, \$262.7 million of deposits and \$62.2 million of total stockholders' equity.

Wolverine is authorized to pursue business activities permitted by applicable laws and regulations, which may include the acquisition of banking and financial services companies. See *Supervision and Regulation - Holding Company Regulation* beginning on page 131 for a discussion of the activities that are permitted for savings and loan holding companies. Wolverine may also borrow funds for reinvestment in Wolverine Bank.

Wolverine's cash flow depends on earnings from the investment of the net proceeds retained from its initial public stock offering that was consummated in January 2011, and any dividends received from Wolverine Bank. Wolverine neither owns nor leases any property, but pays a fee to Wolverine Bank for the use of its premises, equipment and furniture. At the present time, Wolverine employs only persons who are officers of Wolverine Bank who also serve as officers of Wolverine. Wolverine uses the support staff of Wolverine Bank from time to time and pays a fee to Wolverine Bank for the time devoted to Wolverine by employees of Wolverine Bank. However, these persons are not separately compensated by Wolverine. Wolverine may hire additional employees, as appropriate, to the extent it expands its business in the future.

Wolverine Bank

Wolverine Bank, a wholly owned subsidiary of Wolverine, is a federally chartered savings bank headquartered in Midland, Michigan, the heart of the Great Lakes Bay Region with a population of over 500,000. Wolverine Bank was originally chartered in 1933. Wolverine Bank provides financial services primarily to individuals, families and businesses in the Great Lakes Bay Region of Michigan and throughout all of Michigan through its two banking offices located in Midland, Michigan, which is the County Seat of Midland County, and its banking office in Frankenmuth, which is located in neighboring Saginaw County. Midland, Michigan is located approximately 120 miles northwest of Detroit and approximately 90 miles north of Lansing, Michigan, in the eastern portion of Michigan's lower peninsula.

Wolverine Bank's business consists primarily of taking deposits from the general public and investing those deposits, together with funds generated from operations and borrowings, in commercial real estate loans including multi-family loans and land loans, one-to-four family residential mortgage loans, construction loans, and home equity loans and lines of credit and to a lesser extent, commercial non-mortgage loans and consumer loans (consisting primarily of mobile home loans, automobile loans, loans secured by savings deposits and other consumer loans). At June 30, 2017, \$266.5 million, or 81.1%, of Wolverine Bank's total loan portfolio was comprised of commercial mortgage loans including multi-family mortgage loans and land loans, and \$32.2 million, or 9.8%, of Wolverine Bank's total loan portfolio was comprised of one-to-four family residential mortgage loans. Wolverine Bank also may invest in securities, including U.S. government and agency debt securities, and to a lesser extent, municipal obligations.

Wolverine Bank offers a variety of deposit accounts, including statement savings accounts, certificates of deposit, money market accounts, commercial and consumer checking accounts and retirement accounts, including health savings accounts.

Wolverine Bank offers extended hours at its branch offices, and is dedicated to offering alternative banking delivery systems utilizing state-of-the-art technology, including ATMs, online banking, remote deposit capture, telephone banking, and mobile banking delivery systems.

Table of Contents

Generally, Wolverine Bank retains in its portfolio all adjustable-rate loans that it originates, as well as fixed-rate one-to-four family residential mortgage loans with terms of less than 15 years. Consistent with Wolverine Bank's interest rate risk strategy and based upon the market and rate environment, Wolverine Bank will consider holding in its portfolio longer term fixed-rate one-to-four family residential mortgage loans. Historically, as part of Wolverine Bank's interest rate risk strategy, Wolverine Bank has sold substantially all of its fixed-rate one-to-four family residential mortgage loans with terms of 15 years or greater on a servicing-released basis. In 2016 Wolverine Bank originated \$17.3 million of loans for sale and sold \$18.1 million of fixed-rate one-to-four family residential mortgage loans, including refinances, in order to generate fee income and consistent with Wolverine Bank's interest rate risk strategy.

Wolverine Bank's executive offices are located at 5710 Eastman Avenue, Midland, Michigan 48640. Wolverine Bank's telephone number at this address is (989) 631-4280. Wolverine Bank's website address is www.wolverinebank.com. Information on Wolverine Bank's website is not incorporated into this proxy statement/prospectus and should not be considered part of this proxy statement/prospectus.

Market Area

Wolverine Bank operates from two banking offices located in Midland, Michigan, a banking office in Frankenmuth, which is located in neighboring Saginaw County, and a loan production office in Troy, Michigan, which is located in Oakland County. The Great Lakes Bay Region of Michigan, located in the eastern portion of Michigan's lower peninsula, approximately 120 miles north of Detroit, is Wolverine Bank's primary market area for both lending and deposits. The Great Lakes Bay Region, with a population of over half a million residents, is a hub of research, product development, agribusiness and manufacturing for the auto, chemical, plastics, silicon, advanced materials and technology industries. Wolverine Bank also does significant commercial real estate lending in the Metro Detroit, Greater Lansing and Greater Grand Rapids Regions.

Wolverine Bank's operations tend to be influenced by the economic trends experienced throughout Michigan. Wolverine Bank competes for deposits with community banking institutions, credit unions and regional and superregional financial institutions with greater financial and other resources than Wolverine Bank has. In recent years, both Wolverine Bank's primary market area as well as Michigan as a whole has experienced limited to negative growth, reflecting in part, the economic downturn. Future business and growth opportunities will be influenced by economic and demographic characteristics of Wolverine Bank's primary market area and of Michigan.

According to the United States Census Bureau, as of July 2015, the latest date for which the data is available, Midland County has a population of approximately 84,000 and Saginaw County has a population of approximately 200,000. This market area has experienced limited population growth from 2001 to 2015. Specifically, Midland County's population remained nearly unchanged over the 2001 to 2015 period, while Saginaw County's population shrank at a 1.8% compounded annual rate over the period. The foregoing demographic trends are projected to continue for both Saginaw and Midland Counties where modest population shrinkage is projected through 2016. Household growth trends coincide with the population growth trends as growth also has been modest over the 2001 to 2015 period. Households within Midland and Saginaw Counties, Michigan are expected to remain flat or shrink modestly over the next four-year period.

Midland County's per capita and median household income levels approximate Michigan and national averages. Conversely, per capita and household income levels were below these averages for Saginaw County in 2016.

Historically, Wolverine Bank's primary market area, and specifically the City and County of Midland, has been heavily dependent upon the three largest employers: The Dow Chemical Company, MidMichigan Medical Center and

Dow Corning Corporation, a wholly owned subsidiary of The Dow Chemical Company. These three entities employ approximately 8,500 persons in Midland County. The Dow Chemical Company is a major multinational producer of specialty chemicals, advanced materials, agro sciences technology-based products and solutions, and Dow Corning is a producer of silicone and a global leader in silicon-based technology and innovation. In addition, these companies have been in the forefront of the development and

Table of Contents

commercialization of solar energy products and technologies. Historically, these companies have been very important to the local economy because of the employment opportunities and their philanthropic and outgrowth activities.

According to the Michigan Bureau of Labor Market Information and Strategic Initiatives, as of December 2016, unemployment rates in Midland County, the Bay City Metropolitan Statistical Area (MSA) and the Saginaw MSA were 4.1%, 4.9% and 4.5%, respectively. The unemployment rate at December 31, 2016 for the State of Michigan was 5.0% and the national average was 4.7%. While there has been some improvement in the national unemployment rate over the last twelve months, Wolverine Bank's primary market area continues to be significantly affected by the weaknesses in the national and Michigan economies, and any recovery is expected to be slow and prolonged.

Competition

Wolverine Bank faces intense competition in its market area both in making loans and attracting deposits. Wolverine Bank competes with credit unions, which historically have had a very strong presence in Michigan. Wolverine Bank also competes with commercial banks, savings institutions, mortgage brokerage firms, finance companies, mutual funds, insurance companies and investment banking firms. Some of Wolverine Bank's competitors have greater name recognition and market presence that benefit them in attracting customers, and offer certain services that Wolverine Bank does not or cannot provide.

Specifically, Wolverine Bank is subject to a high level of competition from two sources. Chemical Bank holds an approximate 67% share of commercial bank and thrift deposits in Wolverine Bank's market in Midland County as well as a significant market share in other contiguous markets. Additionally, the Dow Chemical Employees Credit Union operates through a single office in Midland and holds in excess of \$1.3 billion of deposits. Thus, while the presence of Dow Chemical and Dow Corning corporate headquarters in Midland area provides high earnings and has limited the economic deterioration experienced in many similar Michigan jurisdictions, Wolverine Bank's ability to capture banking relationships from Dow employees is difficult due to the significant presence of these institutions.

Wolverine Bank's deposit sources are primarily concentrated in the communities surrounding its banking offices located in the Great Lakes Bay Region of Michigan, including the Michigan counties of Midland and Saginaw. As of June 30, 2016, the latest date for which Federal Deposit Insurance Corporation (FDIC) data are available, Wolverine Bank ranked second of nine bank and thrift institutions with offices in Midland County with a 16.0% deposit market share. When including credit unions, which have a substantial deposit market share in Wolverine Bank's primary market area, Wolverine Bank held approximately 7.8% of the total federally insured deposits in Midland County. Wolverine Bank ranked 13 of 15 bank and thrift institutions with offices in Saginaw County with a 0.8% deposit market share. When including credit unions, Wolverine Bank's market share dropped to 0.4% of the federally insured deposits within Saginaw County.

Lending Activities

Wolverine Bank's principal lending activity is the origination of commercial mortgage loans including multi-family and land loans, residential mortgage loans and home equity loans, construction loans, and to a lesser extent, commercial non-mortgage loans and other consumer loans.

Commercial Real Estate, Multifamily and Land Loans. Wolverine Bank originates commercial real estate mortgage loans, loans on multifamily dwellings and loans on undeveloped land. At December 31, 2016, \$195.9 million, or 58.3% of Wolverine Bank's loan portfolio, consisted of commercial real estate loans, \$54.8 million, or 16.3% of the loan portfolio, consisted of multifamily loans, and \$11.5 million, or 3.4% of the total loan portfolio, consisted of land

loans. Of the \$195.9 million of commercial real estate loans, \$35.4 million were secured by non-owner occupied one-to-four family rental properties.

Wolverine Bank originates commercial real estate and multifamily loans secured primarily by office buildings, strip mall centers, owner-occupied offices, hotels, condominiums, apartment buildings and developed lots. At December 31, 2016, Wolverine Bank's commercial real estate, multifamily and land loans had an average loan balance of approximately \$488,000. At December 31, 2016, substantially all of Wolverine Bank's commercial real estate, multifamily and land loans were secured by properties located in Michigan. On a limited basis to existing local customers of Wolverine Bank, Wolverine Bank has made commercial real estate loans outside of Michigan, and at December 31, 2016 had seven commercial real estate loans outside of Michigan, of which one was collateralized by land in Ohio with a loan balance of \$231,000, one was collateralized by commercial property in Tennessee with a loan balance of \$2.4 million, three were collateralized by commercial property in Florida with loan balances totaling \$3.0 million, and two were collateralized by commercial property in Indiana with loan balances totaling \$4.6 million. All commercial real estate loans outside of Michigan were performing in accordance with their repayment terms at December 31, 2016.

Table of Contents

Wolverine Bank's commercial real estate, multifamily and land loans are generally written for terms of up to five years with a balloon payment at the end of the fifth year, with a 15-year amortization schedule. Wolverine Bank's Small Business Administration loans, and on a limited basis other commercial real estate loans, are originated with terms of up to 10 years. On occasion, Wolverine Bank may make these types of loans with amortization terms of up to 25 years. The majority of Wolverine Bank's commercial real estate, multifamily and land loans have fixed interest rates. The rates on Wolverine Bank's adjustable-rate commercial real estate and multifamily loans are generally tied to the prime interest rate as reported in *The Wall Street Journal*. Many of Wolverine Bank's adjustable-rate commercial real estate loans are not fully amortizing and, therefore, require a balloon payment at maturity. Wolverine Bank's commercial real estate, multifamily and land loans are generally subject to prepayment penalties. A portion of Wolverine Bank's commercial real estate and multifamily loans represent permanent financing for borrowers who have completed real estate construction for which Wolverine Bank previously provided construction financing.

In underwriting commercial real estate and multifamily loans, Wolverine Bank generally lends up to 70% of the property's appraised value and up to 65% of the property's appraised value if the property is unimproved land. On occasion, Wolverine Bank may lend up to 80% of the appraised value on these types of loans. Wolverine Bank bases its decisions to lend on the economic viability of the property and the creditworthiness of the borrower. In evaluating a proposed commercial real estate loan, Wolverine Bank emphasizes the ratio of the property's projected net cash flow to the loan's debt service requirement (generally requiring a minimum ratio of 120%), computed after deduction for a vacancy factor and property expenses Wolverine Bank deems appropriate. Personal guarantees are typically obtained from commercial borrowers. Wolverine Bank generally requires title insurance insuring the priority of its lien, fire and extended coverage casualty insurance, and, if appropriate, flood insurance, in order to protect its security interest in the underlying property.

Commercial real estate loans generally carry higher interest rates and have shorter terms than one-to-four family residential mortgage loans. Commercial real estate loans, however, entail significant additional credit risks compared to one-to-four family residential mortgage loans, as they typically involve larger loan balances concentrated with single borrowers or groups of related borrowers. In addition, the payment of loans secured by income-producing properties typically depends on the successful operation of the related real estate project, and thus may be subject to a greater extent to adverse conditions in the real estate market and in the general economy. Also, if Wolverine Bank makes a land acquisition loan on property that is not yet approved for the planned development, there is the risk that approvals will not be granted or will be delayed. At December 31, 2016, Wolverine Bank's largest commercial real estate loan had an outstanding balance of \$6.0 million, was secured by various properties and was performing in accordance with its repayment terms.

One-to-Four Family Residential Mortgage Loans. At December 31, 2016, \$35.4 million, or 10.5% of Wolverine Bank's total loan portfolio, consisted of owner-occupied one-to-four family residential mortgage loans. Wolverine Bank offers residential mortgage loans that conform to Fannie Mae and Freddie Mac underwriting standards (conforming loans) as well as non-conforming loans. Wolverine Bank generally underwrites its one-to-four family residential mortgage loans based on the applicant's employment and credit history and the appraised value of the subject property. Wolverine Bank also offers loans through various agency programs which are originated for sale.

Wolverine Bank currently offers fixed-rate conventional mortgage loans with terms of up to 30 years that are fully amortizing with monthly loan payments, and adjustable-rate mortgage loans that generally provide an initial fixed interest rate for one year with annual interest rate adjustments thereafter, that amortize over a period up to 30 years. Private mortgage insurance is generally required for all of Wolverine Bank's one-to-four family residential mortgage loans that exceed an 80% loan-to-value ratio. At December 31, 2016, fixed-rate one-to-four family residential mortgage loans totaled \$25.8 million, of which \$5.7 million contained five-year balloon payment terms, and adjustable-rate one-to-four family residential mortgage loans totaled \$9.5 million.

Wolverine Bank's one-to-four family residential mortgage loans are generally conforming loans, underwritten according to Fannie Mae or Freddie Mac guidelines. Wolverine Bank generally originates both fixed- and adjustable-rate mortgage loans in amounts up to the maximum conforming loan limits as established

Table of Contents

by the Federal Housing Finance Agency for Fannie Mae and Freddie Mac, which is currently \$417,000 for single-family homes in Wolverine Bank's market area. At December 31, 2016, Wolverine Bank had four one-to-four family residential mortgage loans that had principal balances in excess of \$417,000. At that date, Wolverine Bank's average one-to-four family residential mortgage loan had a principal balance of \$102,000. Wolverine Bank also originates loans above the lending limit for conforming loans, which are referred to as jumbo loans. Most of Wolverine Bank's jumbo loans are originated with a five-year fixed-rate term and a balloon payment, with up to a 30-year amortization schedule. Additionally, occasionally Wolverine Bank will originate fixed-rate jumbo loans with terms of up to 30 years. At December 31, 2016, Wolverine Bank's largest one-to-four family residential mortgage loan had an outstanding balance of \$626,000 and was performing in accordance with its repayment terms.

Wolverine Bank actively monitors its interest rate risk position to determine the desirable level of investment in fixed-rate mortgages. In recent years there has been increased demand for long-term fixed-rate loans, as market rates have dropped and remained near historic lows. As a result, Wolverine Bank has sold substantially all of its fixed-rate one-to-four family residential mortgage loans that do not contain balloon payment terms as these loans have all had terms of 15 years or greater. Generally, however, Wolverine Bank retains in its portfolio fixed-rate one-to-four family residential mortgage loans with terms of less than 15 years, although this has represented a very small percentage of the fixed-rate loans that Wolverine Bank has originated in recent years due to the favorable long-term rates for borrowers.

Wolverine Bank currently offers several types of adjustable-rate mortgage loans secured by residential properties with interest rates that are fixed for an initial period of one year. Wolverine Bank offers adjustable-rate mortgage loans that are fully amortizing. After the initial fixed period, the interest rate on adjustable-rate mortgage loans generally resets every year based upon a contractual spread or margin above the one-year Treasury Note, adjusted to a constant maturity, as published weekly by the Federal Reserve Board, subject to periodic and lifetime limitations on interest rate changes. Generally the initial change in interest rates on Wolverine Bank's adjustable-rate mortgage loans cannot exceed two percentage points, subsequent interest rate changes cannot exceed two percentage points and total interest rate changes cannot exceed six percentage points over the life of the loan.

Adjustable-rate mortgage loans generally present different credit risks than fixed-rate mortgage loans, primarily because the underlying debt service payments of the borrowers increase as interest rates increase, thereby increasing the potential for default and higher rates of delinquency. At the same time, the marketability of the underlying collateral may be adversely affected by higher interest rates. Since changes in the interest rates on adjustable-rate mortgages may be limited by an initial fixed-rate period or by the contractual limits on periodic interest rate adjustments, adjustable-rate loans may not adjust as quickly to increases in interest rates as Wolverine Bank's interest-bearing liabilities.

Wolverine Bank does not offer or purchase loans that provide for negative amortization of principal, such as Option ARM loans, where the borrower can pay less than the interest owed on the loan, resulting in an increased principal balance during the life of the loan.

Wolverine Bank generally requires title insurance on all of its one-to-four family residential mortgage loans, and also requires that borrowers maintain fire and extended coverage casualty insurance in an amount at least equal to the lesser of the loan balance or the replacement cost of the improvements. Wolverine Bank also requires flood insurance, as applicable. Wolverine Bank does not conduct environmental testing on residential mortgage loans unless specific concerns for hazards are identified by the appraiser used in connection with the origination of the loan.

Construction Loans. Wolverine Bank also originates construction loans for one-to-four family residential properties and commercial properties, including multifamily properties. At December 31, 2016, \$13.5 million, or 4.0%, of

Wolverine Bank's total loan portfolio, consisted of construction loans, all of which were secured by one-to-four family residential real estate, multifamily loans, and commercial mixed-use buildings and homes.

Wolverine Bank makes construction loans for commercial properties, including multifamily loans and commercial mixed-use buildings and homes built by developers on speculation. Construction loans for

Table of Contents

commercial real estate are made in accordance with a schedule reflecting the cost of construction, and are generally limited to a 70% loan-to-completed appraised value ratio. Wolverine Bank generally requires that a commitment for permanent financing be in place prior to closing the construction loan. At December 31, 2016, Wolverine Bank's largest construction loan had a principal balance of \$4.5 million and was secured by multi-family real estate. This loan was performing in accordance with its repayment terms at December 31, 2016.

Construction loans for one-to-four family residential properties are originated with a maximum loan to value ratio of 70% and are generally interest-only loans during the construction period, which typically does not exceed nine months. After this time period, the loan converts to permanent, amortizing financing following the completion of construction. Depending on the complexity of the construction project, Wolverine Bank may choose to extend the term of an interest-only construction loan made on a one-to-four family residential property. At December 31, 2016, the additional unadvanced portion of these construction loans totaled \$5.8 million.

Repayment of loans on income-producing property is normally expected from the property's eventual rental income, income from the borrower's operations, the personal resources of the guarantor, or the sale of the subject property. Repayment of construction loans is usually expected from permanent financing upon completion of construction. Wolverine Bank typically provides the permanent mortgage financing on its construction loans on income-producing property.

Generally, before making a commitment to fund a construction loan, Wolverine Bank requires an appraisal of the property by a state-certified or state-licensed appraiser. Wolverine Bank reviews and inspects properties before disbursement of funds during the term of the construction loan.

Construction financing generally involves greater credit risk than long-term financing on improved, owner-occupied real estate. Risk of loss on a construction loan depends largely upon the accuracy of the initial estimate of the value of the property at completion of construction compared to the estimated cost (including interest) of construction and other assumptions. If the estimate of construction cost is inaccurate, Wolverine Bank may be required to advance additional funds beyond the amount originally committed in order to protect the value of the property. Moreover, if the estimated value of the completed project is inaccurate, the borrower may hold a property with a value that is insufficient to assure full repayment of the construction loan upon the sale of the property. Construction loans also expose Wolverine Bank to the risk that improvements will not be completed on time in accordance with specifications and projected costs. In addition, the ultimate sale or rental of the property may not occur as anticipated.

Home Equity Loans and Lines of Credit. In addition to traditional one-to-four family residential mortgage loans, Wolverine Bank offers home equity loans and home equity lines of credit that are secured by the borrower's primary or secondary residence. Home equity loans and lines of credit are generally underwritten using the same criteria that Wolverine Bank uses to underwrite one-to-four family residential mortgage loans. Home equity loans may be underwritten with a loan-to-value ratio of 80% when combined with the principal balance of the existing first mortgage loan. Wolverine Bank's home equity loans are primarily originated with fixed rates of interest with terms of up to five years, a balloon payment, and a 15-year amortization schedule. Home equity lines of credit generally are originated with variable rates tied to the prime interest rate, with an established floor and monthly payments of 2.0% of the outstanding balance.

At December 31, 2016 Wolverine Bank had \$4.0 million, or 1.2% of its total loan portfolio, in home equity loans and \$1.7 million of home equity lines of credit. Wolverine Bank had \$1.9 million of undisbursed funds related to home equity lines of credit as of year-end. Wolverine Bank's largest home equity loan was approximately \$593,000.

Home equity loans secured by second mortgages have greater risk than one-to-four family residential mortgage loans secured by first mortgages. Wolverine Bank faces the risk that the collateral will be insufficient to compensate it for loan losses and costs of foreclosure. When customers default on their loans, Wolverine Bank attempts to foreclose on the property and resell the property as soon as possible to minimize foreclosure and carrying costs. However, the value of the collateral may not be sufficient to compensate Wolverine Bank for the

Table of Contents

amount of the unpaid loan and it may be unsuccessful in recovering the remaining balance from those customers. Particularly with respect to Wolverine Bank's home equity loans, decreases in real estate values could adversely affect the value of property used as collateral for Wolverine Bank's loans.

Commercial Non-Mortgage Loans. Wolverine Bank also originates commercial non-mortgage (term) loans and variable lines of credit. These loans are generally originated to small- and medium-sized companies in Wolverine Bank's primary market area. Wolverine Bank's commercial non-mortgage loans are generally used for working capital purposes or for acquiring equipment, inventory or furniture. These loans are primarily secured by business assets other than real estate, such as business equipment and inventory, accounts receivable or stock. The commercial non-mortgage loans that Wolverine Bank offers have fixed interest rates or variable-rates indexed to the Prime Rate as published in *The Wall Street Journal*, and with terms ranging from one to seven years. Wolverine Bank's commercial non-mortgage loan portfolio consists primarily of secured loans.

At December 31, 2016, Wolverine Bank had \$20.0 million of commercial non-mortgage loans outstanding, representing 6.0% of its total loan portfolio.

When making commercial non-mortgage loans, Wolverine Bank considers the financial statements, lending history and debt service capabilities of the borrower, the projected cash flows of the business and the value of the collateral, if any. Generally Wolverine Bank's loans are guaranteed by the principals of the borrower.

Commercial non-mortgage loans generally have a greater credit risk than residential mortgage loans. Unlike residential mortgage loans, which generally are made on the basis of the borrower's ability to make repayment from his or her employment and other income, and that are secured by real property whose value tends to be more easily ascertainable, commercial non-mortgage loans are of higher risk and typically are made on the basis of the borrower's ability to make repayment from the cash flow of the borrower's business. As a result, the availability of funds for the repayment of commercial non-mortgage loans may be substantially dependent on the success of the business itself. Further, the collateral securing the loans may depreciate over time, may be difficult to appraise and may fluctuate in value based on the success of the business. Wolverine Bank seeks to minimize these risks through its underwriting standards.

At December 31, 2016, Wolverine Bank's largest commercial non-mortgage loan outstanding was for \$3.7 million and was secured by other collateral. At December 31, 2016, this loan was performing in accordance with its repayment terms.

Consumer Loans. To a lesser extent, Wolverine Bank offers a variety of consumer loans, including new and used automobile loans, recreational vehicle loans, and loans secured by certificates of deposits and other collateral, including marketable securities. At December 31, 2016, Wolverine Bank's consumer loan portfolio totaled \$1.1 million, or 0.3% of its total loan portfolio.

Consumer loans generally have shorter terms to maturity, which reduces Wolverine Bank's exposure to changes in interest rates. In addition, Wolverine Bank's management believes that offering consumer loan products helps to expand and create stronger ties to Wolverine Bank's existing customer base by increasing the number of customer relationships and providing cross-marketing opportunities.

Consumer and other loans generally have greater risk compared to longer-term loans secured by improved, owner-occupied real estate, particularly consumer loans that are secured by rapidly depreciable assets, such as automobiles. In these cases, any repossessed collateral for a defaulted loan may not provide an adequate source of repayment of the outstanding loan balance. As a result, consumer loan collections are dependent on the borrower's

continuing financial stability and thus are more likely to be adversely affected by job loss, divorce, illness or personal bankruptcy.

Loan Originations, Purchases, Sales, Participations and Servicing. Lending activities are conducted primarily by Wolverine Bank's loan personnel. All loans that Wolverine Bank originates are underwritten pursuant to its standard policies and procedures. In addition, Wolverine Bank's one-to-four family residential mortgage loans generally incorporate Fannie Mae or Freddie Mac underwriting guidelines. Wolverine Bank

Table of Contents

originates both adjustable-rate and fixed-rate loans. Wolverine Bank's ability to originate fixed- or adjustable-rate loans is dependent upon the relative customer demand for such loans, which is affected by current market interest rates as well as anticipated future market interest rates. Wolverine Bank's loan origination and sales activity may be adversely affected by a rising interest rate environment which typically results in decreased loan demand. Most of Wolverine Bank's commercial real estate and commercial non-mortgage loans are generated by its internal business development efforts and referrals from professional contacts. Most of Wolverine Bank's originations of one-to-four family residential mortgage loans, consumer loans and home equity loans and lines of credit are generated by existing customers, referrals from realtors, residential home builders, walk-in business and from Wolverine Bank's website.

Consistent with Wolverine Bank's interest rate risk strategy, in the low interest rate environment that has existed in recent years, it has sold on a servicing-released basis substantially all of the conforming, fixed-rate one-to-four family residential mortgage loans with maturities of 15 years or greater that it has originated.

From time to time, Wolverine Bank will purchase loan participations secured by properties within and outside of its primary market area in which it is not the lead lender. Historically, the loan participations have been secured by one-to-four family residential properties, commercial properties throughout Michigan, or business assets other than real estate. In these circumstances, Wolverine Bank follows its customary loan underwriting and approval policies. Wolverine Bank has sufficient capital to take advantage of these opportunities to purchase loan participations, as well as strong relationships with other community banks in its primary market area and throughout Michigan that may desire to sell participations, and Wolverine Bank intends to increase its purchases of participations in the future as a growth strategy. At December 31, 2016, Wolverine Bank's loan participations totaled \$11.4 million, or 3.6% of its loan portfolio, all of which were collateralized by properties outside of its primary market area.

Loan Approval Procedures and Authority. Wolverine Bank's lending activities follow written, non-discriminatory underwriting standards and loan origination procedures established by its Board of Directors. The loan approval process is intended to assess the borrower's ability to repay the loan and the value of the collateral that will secure the loan. To assess the borrower's ability to repay, Wolverine Bank reviews the borrower's employment and credit history and information on the historical and projected income and expenses of the borrower. Wolverine Bank will also evaluate a guarantor when a guarantee is provided as part of the loan.

Wolverine Bank's policies and loan approval limits are established by its Board of Directors. Wolverine Bank's Manager of Commercial Underwriting may approve secured commercial loans up to \$500,000 and unsecured loans up to \$50,000. Similarly, Wolverine Bank's Assistant Consumer Underwriter has authority to approve secured consumer loans up to \$200,000 and saleable secured residential loans up to the secondary market limit (currently \$417,000). Wolverine Bank's President and CEO may approve secured loans up to \$1.0 million and unsecured loans up to \$500,000. The President and CEO in combination with a Manager of Underwriting may approve secured loans up to \$1,500,000 or unsecured loans up to \$750,000, and these limits are increased to \$2,000,000 (consumer or residential loans), \$2,500,000 (commercial loans) and \$1,000,000 (unsecured loans) with the addition of a second Manager of Underwriting. Two or more board members may approve loans up to \$3,500,000. All loans in excess of \$3,500,000 must be approved by its Board of Directors. There is one other individual with lending authority, but at lower limits than stated above. There are higher limits for each lending authority described above for renewals or extensions.

Table of Contents

Wolverine Bank generally requires appraisals by a rotating list of independent, licensed, third-party appraisers of all real property securing loans. All appraisers are approved by the Board of Directors annually.

Non-performing and Problem Assets

For all of Wolverine Bank's loans, once a loan is past its grace period, a computer generated past due notice is mailed. Past due notices continue to be mailed monthly in the event the account is not brought current. Prior to the time a loan is 30 days past due, Wolverine Bank attempts to contact the borrower by telephone. Thereafter Wolverine Bank continues with follow-up calls. Generally, once a loan becomes 90 days delinquent and no acceptable workout arrangement has been reached, Wolverine Bank commences the foreclosure or repossession process. A summary report of all loans 90 days or more past due, or 30 days or more past due if the loan is less than one-year old, is provided monthly to Wolverine Bank's Board of Directors.

Loans are usually placed on non-accrual status when the payment of principal and/or interest is 90 days or more past due. Loans are also placed on non-accrual status when it is determined collection of principal or interest is in doubt or if the collateral is in jeopardy. When loans are placed on non-accrual status, unpaid accrued interest is fully reversed, and further income is recognized only to the extent received and only after the loan is returned to accrual status. The loans are typically returned to accrual status if unpaid principal and interest are repaid so that the loan is current.

For the year ended December 31, 2016, gross interest income that would have been recorded had Wolverine Bank's non-accruing loans been current in accordance with their original terms was \$647,000. Wolverine Bank recognized interest income of \$35,000 on such loans for the year ended December 31, 2016.

At December 31, 2016, Wolverine Bank's non-accrual loans totaled \$6.1 million. The non-accrual loans consisted primarily of five real estate relationships with principal balances totaling \$9.1 million, with a net balance of \$5.4 million after charge-offs. These loans are secured primarily by developed land and commercial real estate properties.

Table of Contents

Other than as disclosed in the above tables, there are no other loans at December 31, 2016 that management has serious doubts about the ability of the borrowers to comply with the present loan repayment terms.

Troubled Debt Restructurings. Troubled debt restructurings (TDRs) are defined under ASC 310-40 to include loans for which either a portion of interest or principal has been forgiven, or for loans modified at interest rates or on terms materially less favorable than current market rates. Wolverine Bank periodically modifies loans to extend the term or make other concessions to help borrowers stay current on their loans and to avoid foreclosure. Wolverine Bank generally does not forgive principal or interest on loans or modify the interest rates on loans to rates that are below market rates. At December 31, 2016, Wolverine Bank had \$5.2 million of troubled debt restructurings, of which \$4.4 million were included as non-accrual loans in the preceding table. At December 31, 2016 Wolverine Bank's troubled debt restructuring related to 11 loans, nine of which related to commercial real estate. As of December 31, 2016 accruing TDR loans totaled \$303,000 as compared to \$200,000 at December 31, 2015.

Total loans delinquent 60 or more days decreased \$1.0 million to \$2.0 million at December 31, 2016 from \$3.0 million at December 31, 2015. The decrease in delinquent loans was due primarily to a decrease of \$781,000 in total delinquent land loans.

Table of Contents

Real Estate Owned and Foreclosed Assets. Real estate acquired by Wolverine Bank as a result of foreclosure or by deed in lieu of foreclosure is classified as real estate owned. When property is acquired it is recorded at estimated fair market value at the date of foreclosure, establishing a new cost basis. Estimated fair value generally represents the sale price a buyer would be willing to pay on the basis of current market conditions, including normal terms from other financial institutions, less the estimated costs to sell the property. Holding costs and declines in estimated fair market value result in charges to expense after acquisition. In addition, Wolverine Bank could repossess certain collateral, including automobiles and other titled vehicles, called other repossessed assets. At December 31, 2016, Wolverine Bank had \$86,000 in real estate owned.

Classification of Assets. Wolverine Bank's policies, consistent with regulatory guidelines, provide for the classification of loans and other assets that are considered to be of lesser quality as substandard, doubtful, or loss assets. An asset is considered substandard if it is inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. Substandard assets include those assets characterized by the distinct possibility that Wolverine Bank will sustain some loss if the deficiencies are not corrected. Assets classified as doubtful have all of the weaknesses inherent in those classified substandard with the added characteristic that the weaknesses present make collection or liquidation in full, on the basis of currently existing facts, conditions and values, highly questionable and improbable. Assets (or portions of assets) classified as loss are those considered uncollectible and of such little value that their continuance as assets is not warranted. Assets that do not expose Wolverine Bank to risk sufficient to warrant classification in one of the afore-mentioned categories, but which possess potential weaknesses that deserve Wolverine Bank's close attention, are required to be designated as special mention.

When Wolverine Bank classifies assets as either substandard or doubtful, it undertakes an impairment analysis, which may result in allocating a portion of its general loss allowances to a specific allowance for such assets as Wolverine Bank deems prudent. The allowance for loan losses is the amount estimated by Wolverine Bank's management as necessary to absorb credit losses incurred in the loan portfolio that are both probable and reasonably estimable at the balance sheet date. When Wolverine Bank classifies a problem asset as doubtful, it charges the asset off. For other classified assets, Wolverine Bank provides a specific allowance for that portion of the asset that is considered uncollectible. Wolverine Bank's determination as to the classification of its assets and the amount of its loss allowances are subject to review by its principal federal regulator, the Office of the Comptroller of the Currency, which can require that Wolverine Bank establish additional loss allowances. Wolverine Bank reviews its asset portfolio on a monthly basis to determine whether any assets require classification in accordance with applicable regulations.

The following table sets forth Wolverine Bank's amounts of classified assets and criticized assets (classified assets and loans designated as special mention) at the dates indicated. At the dates presented Wolverine Bank had no assets classified as doubtful.

Of the \$7.6 million of substandard assets at December 31, 2016, \$5.6 million were comprised of commercial real estate loans, \$1.1 million were land loans, \$871,000 were one-to-four family residential mortgage loans, and \$86,000 were other real estate owned.

Allowance for Loan Losses

Analysis and Determination of the Allowance for Loan Losses. Wolverine Bank's allowance for loan losses is the amount considered necessary to reflect probable incurred losses in its loan portfolio. Wolverine

Table of Contents

Bank evaluates the need to establish allowances against losses on loans on a quarterly basis. When additional allowances are necessary, a provision for loan losses is charged to earnings.

Wolverine Bank's methodology for assessing the appropriateness of the allowance for loan losses consists of two key elements: (1) specific allowances for identified problem loans; and (2) a general valuation allowance on the remainder of the loan portfolio.

Specific Allocations for Identified Problem Loans. Wolverine Bank may establish a specific allocation for certain loans. Loss is measured by determining the present value of expected future cash flows, the loan's observable market value, or, for collateral-dependent loans, the fair value of the collateral adjusted for market conditions and selling expenses. Factors in identifying a specific problem loan include: (1) the strength of the customer's personal or business cash flows; (2) the availability of other sources of repayment; (3) the amount due or past due; (4) the type and value of collateral; (5) the strength of Wolverine Bank's collateral position; (6) the estimated cost to sell the collateral; and (7) the borrower's effort to cure the delinquency. In addition, for loans secured by real estate, Wolverine Bank considers the extent of any past due and unpaid property taxes applicable to the property serving as collateral on the mortgage.

General Valuation Allowance on the Remainder of the Loan Portfolio. Wolverine Bank establishes a general allowance for loans that are not deemed impaired to recognize the inherent losses associated with lending activities, but which, unlike specific allocations, have not been allocated to particular problem loans. This general valuation allowance is determined by segregating the loans by loan category and assigning allowance percentages based on Wolverine Bank's historical loss experience, delinquency trends and management's evaluation of the collectability of the loan portfolio. The allowance may be adjusted for significant factors that, in management's judgment, affect the collectability of the portfolio as of the evaluation date. These significant factors may include changes in lending policies and procedures, changes in existing general economic and business conditions affecting Wolverine Bank's primary market area, credit quality trends, collateral value, loan volumes and concentrations, seasoning of the loan portfolio, recent loss experience in particular segments of the portfolio, duration of the current business cycle and bank regulatory examination results. The applied loss factors are re-evaluated quarterly to ensure their relevance in the current real estate environment. Although Wolverine Bank's policy allows for a general valuation allowance on certain smaller-balance, homogenous pools of loans classified as substandard, it has historically evaluated every loan classified as substandard, regardless of size, for potential impairment.

In addition, as an integral part of their examination process, the Office of the Comptroller of the Currency will periodically review Wolverine Bank's allowance for loan losses. Such agency may require that Wolverine Bank recognize additions to the allowance based on the Office of the Comptroller of the Currency's judgments of information available to them at the time of their examination.

Wolverine Bank periodically evaluates the carrying value of loans and the allowance is adjusted accordingly. While Wolverine Bank uses the best information available to make evaluations, future adjustments to the allowance may be necessary if conditions differ substantially from the information used in making the evaluations.

The accrual of interest on loans is discontinued at the time the loan is 90 days delinquent unless the credit is well secured and in the process of collection. Loans are placed on nonaccrual status or charged-off at an earlier date if collection of principal or interest is considered doubtful.

All interest accrued but not collected for loans, including troubled debt restructurings, that are placed on nonaccrual status or charged off is reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Generally, loans are returned to accrual status when all

the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

The following table sets forth the allowance for loan losses allocated by loan category, the total loan balances by category (including loans held for sale), and the percent of loans in each category to total loans at the dates indicated. The allowance for loan losses allocated to each category is not necessarily indicative of future losses in any particular category and does not restrict the use of the allowance to absorb losses in other categories. Wolverine Bank had no unallocated allowance at the dates presented.

The allowance for loan losses decreased \$735,000, or 7.9%, to \$9.3 million at December 31, 2016 from \$10.1 million at December 31, 2015. The decrease in Wolverine Bank's allowance for loan losses was due in part to continued economic improvement, stabilized levels of non-performing assets, stabilized delinquencies and reduced specific allocations as a result of improved asset quality as well as improvement in Wolverine Bank's qualitative and environmental factors.

Table of Contents**Investments**

Wolverine Bank conducts investment transactions in accordance with its board-approved investment policy, which is reviewed at least annually by the Audit Committee of the Board, and any changes to the policy are subject to ratification by the full board of directors. This policy dictates that investment decisions give consideration to the safety of the investment, liquidity requirements, potential returns, the ability to provide collateral for pledging requirements, minimizing exposure to credit risk, potential returns and consistency with Wolverine Bank's interest rate risk management strategy. Authority to make investments under approved guidelines is delegated to Wolverine Bank's management investment committee, comprised of Wolverine Bank's President and Chief Executive Officer and Wolverine Bank's Chief Operating Officer and Treasurer. All investments are reported to its board of directors for ratification at the next regular board meeting.

Wolverine Bank's current investment policy permits it to invest in any legally permissible investment security, including U.S. Treasury obligations, agency debt securities insured and guaranteed by Fannie Mae, Freddie Mac and Ginnie Mae and other eligible federal agencies, municipal securities, banker's acceptances, certificates of deposit, overnight investments and eligible mutual funds.

Wolverine Bank does not engage in any speculative trading or any transactions in short sales, options, mortgage derivative products or other financial derivative products. In recent years, Wolverine Bank has not purchased any mortgage-backed securities. As a federal savings bank, Wolverine Bank is generally not permitted to invest in equity securities, although this general restriction does not apply to Wolverine, which may acquire up to 5% of voting securities of any company without regulatory approval.

ASC 320-10, Investment Debt and Equity Securities requires that, at the time of purchase, Wolverine Bank designate a security as held to maturity, available-for-sale, or trading, depending on its ability and intent. Securities available for sale are reported at fair value, while securities held to maturity are reported at amortized cost. Wolverine Bank does not maintain a trading portfolio.

Municipal Obligations. At December 31, 2016, Wolverine Bank held no municipal obligations. Wolverine Bank's policy allows it to purchase municipal securities of credit-worthy issuers. Wolverine Bank is not permitted to invest more than 2.0% of its total assets in municipal obligations.

Investment Securities Portfolio. The following table sets forth the composition of Wolverine Bank investment securities portfolio at the dates indicated, excluding Federal Home Loan Bank of Indianapolis stock and federally insured interest-earning time deposits. Sources of Funds

General. Deposits traditionally have been Wolverine Bank's primary source of funds for its lending and investment activities. Wolverine Bank also borrows, primarily from the Federal Home Loan Bank of Indianapolis, to supplement

cash flow needs, to lengthen the maturities of liabilities for interest rate risk management purposes and to manage Wolverine Bank's cost of funds. Wolverine Bank's additional sources of funds are the proceeds from the sale of loans originated for sale, scheduled loan payments, maturing investments, loan prepayments, retained earnings and income on other earning assets.

Deposits. Wolverine Bank generates deposits primarily from the areas in which its branch offices are located and from existing and prospective customers. Wolverine Bank relies on its competitive pricing, convenient locations and customer service to attract and retain both retail and commercial deposits. Additionally, Wolverine Bank has attracted deposits from numerous Michigan cities, townships, counties and nonprofit organizations due to its successful marketing efforts, community ties, and financial stability and strength.

Table of Contents

Wolverine Bank offers a variety of deposit accounts with a range of interest rates and terms. Wolverine Bank's deposit accounts consist of savings accounts, checking accounts, money market accounts, certificates of deposit and retirement accounts. At December 31, 2016, Wolverine Bank had \$21.0 million in brokered deposits, of which \$3.1 million was through the Certificate of Deposit Account Registry Service (CDARS) network. When a customer makes a deposit and requests the full protection of FDIC insurance, but where such deposit exceeds applicable limits, Wolverine Bank may use the CDARS network to place the funds into certificates of deposit issued by banks in the network so that the full amount of the deposit is insured by the FDIC.

Interest rates, maturity terms, service fees and withdrawal penalties are established on a periodic basis. Deposit rates and terms are based primarily on current operating strategies, including the cost of alternate sources of funds, and market interest rates, liquidity requirements, interest rates paid by competitors and Wolverine Bank's deposit growth goals.

At December 31, 2016, Wolverine Bank had a total of \$127.2 million in certificates of deposit, of which \$75.4 million had remaining maturities of one year or less.

The following tables set forth the distribution of Wolverine Bank's average total deposit accounts, by account type, for the periods indicated.

In addition, Wolverine Bank and Wolverine have an agreement for allocating and for reimbursing the payment of their consolidated tax liability.

Personnel

As of June 30, 2017, Wolverine Bank had 32 full-time employees and 24 part-time employees. Wolverine Bank's employees are not represented by any collective bargaining group. Management believes that Wolverine Bank has a good working relationship with its employees.

Supervision and Regulation**General**

Wolverine Bank is supervised and examined by the Office of the Comptroller of the Currency and is also subject to examination by the FDIC. This regulation and supervision establishes a comprehensive framework of activities in which an institution may engage and is intended primarily for the protection of the FDIC's deposit insurance fund and depositors, and not for the protection of stockholders. Under this system of federal regulation, financial institutions are periodically examined to ensure that they satisfy applicable standards with respect to their capital adequacy, assets,

management, earnings, liquidity and sensitivity to market interest rates. Wolverine Bank also is a member of and owns stock in the Federal Home Loan Bank of Indianapolis, which is one of the 12 regional banks in the Federal Home Loan Bank System. Wolverine Bank also is regulated to a lesser extent by the Board of Governors of the Federal Reserve System, or Federal Reserve Board, which governs reserves to be maintained against deposits and other matters. The Office of the Comptroller of the Currency examines Wolverine Bank and prepares reports for the consideration of its Board of Directors on any operating deficiencies. Wolverine Bank's relationship with its depositors and borrowers also is regulated to a great extent by federal law and, to a much lesser extent, state law, especially in matters concerning the ownership of deposit accounts and the form and content of Wolverine Bank's loan documents.

Any change in these laws or regulations, whether by the FDIC, the Office of the Comptroller of the Currency or Congress, could have a material adverse impact on Wolverine, Wolverine Bank and their operations.

Table of Contents

As a savings and loan holding company, Wolverine is required to comply with the rules and regulations of the Federal Reserve Board and to file certain reports with and is subject to examination by the Federal Reserve. Wolverine is also subject to the rules and regulations of the Securities and Exchange Commission under the federal securities laws.

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the *Dodd-Frank Act*) made extensive changes in the regulation of federal savings banks such as Wolverine Bank. Under the *Dodd-Frank Act*, the Office of Thrift Supervision was eliminated. Responsibility for the supervision and regulation of federal savings banks was transferred to the Office of the Comptroller of the Currency, which is the agency that is primarily responsible for the regulation and supervision of national banks. Pursuant to the *Dodd-Frank Act*, responsibility for the regulation and supervision of savings and loan holding companies, such as Wolverine, was transferred to the Federal Reserve Board, which supervises bank holding companies. Additionally, the *Dodd-Frank Act* created a new Consumer Financial Protection Bureau as an independent bureau of the Federal Reserve Board. The Consumer Financial Protection Bureau assumed responsibility for the implementation of the federal financial consumer protection and fair lending laws and regulations, a function previously assigned to prudential regulators, and has authority to impose new requirements. However, institutions of less than \$10 billion in assets, such as Wolverine Bank, will continue to be examined for compliance with consumer protection and fair lending laws and regulations by, and be subject to the primary enforcement authority of, their prudential regulator rather than the Consumer Financial Protection Bureau.

The material regulatory requirements that are applicable to Wolverine Bank and Wolverine are described below.

Dodd-Frank Act

The *Dodd-Frank Act* made significant changes to the regulatory structure for depository institutions and their holding companies, as well as changes that affect the lending, investments and other operations of all depository institutions. The *Dodd-Frank Act* required the Federal Reserve Board to set minimum capital levels for both bank holding companies and savings and loan holding companies that are as stringent as those required for the insured depository subsidiaries, and the components of Tier 1 capital for holding companies were restricted to capital instruments that were then currently considered to be Tier 1 capital for insured depository institutions. The legislation also established a floor for capital of insured depository institutions that cannot be lower than the standards in effect upon passage, and directed the federal banking regulators to implement new leverage and capital requirements that take into account off-balance sheet activities and other risks, including risks relating to securitized products and derivatives.

The *Dodd-Frank Act* created a new Consumer Financial Protection Bureau with broad powers to supervise and enforce consumer protection laws. The Consumer Financial Protection Bureau has broad rule-making authority for a wide range of consumer protection laws that apply to all banks and savings institutions such as Wolverine Bank, including the authority to prohibit unfair, deceptive or abusive acts and practices. The Consumer Financial Protection Bureau has examination and enforcement authority over all banks and savings institutions with more than \$10 billion in assets. Banks and savings institutions with \$10 billion or less in assets are still examined for compliance by their applicable bank regulators. The new legislation also weakened the federal preemption available for national banks and federal savings associations, and gave state attorneys general the ability to enforce applicable federal consumer protection laws.

The *Dodd-Frank Act* broadened the base for FDIC insurance assessments. Assessments are now based on the average consolidated total assets less tangible equity capital of a financial institution, rather than on total deposits. The legislation also permanently increased the maximum amount of deposit insurance for banks, savings institutions and credit unions to \$250,000 per depositor. The *Dodd-Frank Act* increased stockholder influence over boards of directors by requiring companies to give stockholders a non-binding vote on executive compensation and so-called golden parachute payments. The legislation also directs the Federal Reserve Board to promulgate rules prohibiting excessive

compensation paid to bank holding company executives, regardless of whether the company is publicly traded or not. Further, the legislation requires that originators of securitized

Table of Contents

loans retain a percentage of the risk for transferred loans, directs the Federal Reserve Board to regulate pricing of certain debit card interchange fees and contains a number of reforms related to mortgage originations.

Federal Banking Regulation

Business Activities. A federal savings bank derives its lending and investment powers from the Home Owners Loan Act, as amended, and the regulations of the Office of the Comptroller of the Currency. Under these laws and regulations, Wolverine Bank may invest in mortgage loans secured by residential and commercial real estate, commercial business and consumer loans, certain types of debt securities and certain other assets, subject to applicable limits. Wolverine Bank also may establish subsidiaries that may engage in activities not otherwise permissible for Wolverine Bank, including real estate investment and securities and insurance brokerage.

Capital Requirements. Office of the Comptroller of the Currency regulations require savings banks to meet three minimum capital standards: a 1.5% tangible capital ratio, a 4% leverage ratio (3% for savings banks receiving the highest rating on the CAMELS rating system), and an 8% risk-based capital ratio.

The risk-based capital standard for savings banks requires the maintenance of Tier 1 (core) and total capital (which is defined as core capital and supplementary capital) to risk-weighted assets of at least 4% and 8%, respectively. In determining the amount of risk-weighted assets, all assets, including certain off-balance sheet assets, are multiplied by a risk-weight factor of 0% to 200%, assigned by the Office of the Comptroller of the Currency, based on the risks believed inherent in the type of asset. Core capital is defined as common stockholders' equity (including retained earnings), certain noncumulative perpetual preferred stock and related surplus and minority interests in equity accounts of consolidated subsidiaries, less intangibles other than certain mortgage servicing rights and credit card relationships. The components of supplementary capital include cumulative preferred stock, long-term perpetual preferred stock, mandatory convertible securities, subordinated debt and intermediate preferred stock, the allowance for loan and lease losses limited to a maximum of 1.25% of risk-weighted assets and up to 45% of net unrealized gains on available-for-sale equity securities with readily determinable fair market values. Overall, the amount of supplementary capital included as part of total capital cannot exceed 100% of core capital. Additionally, a savings bank that retains credit risk in connection with an asset sale may be required to maintain additional regulatory capital because of the purchaser's recourse against the savings bank. In assessing an institution's capital adequacy, the Office of the Comptroller of the Currency takes into consideration not only these numeric factors but qualitative factors as well, and has the authority to establish higher capital requirements for individual associations where necessary.

In July 2013, the Office of the Comptroller of the Currency and the other federal bank regulatory agencies issued a final rule that revised their leverage and risk-based capital requirements and the method for calculating risk-weighted assets to make them consistent with agreements that were reached by the Basel Committee on Banking Supervision and certain provisions of the Dodd-Frank Act. Among other things, the rule established a new common equity Tier 1 minimum capital requirement (4.5% of risk-weighted assets), increased the minimum Tier 1 capital to risk-based assets requirement (from 4% to 6% of risk-weighted assets) and assigned a higher risk weight (150%) to exposures that are more than 90 days past due or are on nonaccrual status and to certain commercial real estate facilities that finance the acquisition, development or construction of real property. The final rule also required unrealized gains and losses on certain available-for-sale securities holdings to be included for purposes of calculating regulatory capital requirements unless a one-time opt-in or opt-out is exercised. The rule limits a banking organization's capital distributions and certain discretionary bonus payments to executive officers if the banking organization does not hold a capital conservation buffer consisting of 2.5% of common equity Tier 1 capital to risk-weighted assets in addition to the amount necessary to meet its minimum risk-based capital requirements. The final rule also implements the Dodd-Frank Act's directive to apply to savings and loan holding companies consolidated capital requirements that are not less stringent than those applicable to their subsidiary institutions. The final rule was effective January 1, 2015.

The capital conservation buffer will be phased in from January 1, 2016 to January 1, 2019, when the full capital conservation buffer will be effective.

At June 30, 2017 Wolverine Bank's capital exceeded all applicable requirements.

Table of Contents

Loans-to-One Borrower. Generally, a federal savings bank may not make a loan or extend credit to a single or related group of borrowers in excess of 15% of unimpaired capital and surplus. An additional amount may be loaned, equal to 10% of unimpaired capital and surplus, if the loan is secured by readily marketable collateral, which generally does not include real estate. As of June 30, 2017, Wolverine Bank did not have any relationships in excess of 15% of unimpaired capital and surplus.

Capital Distributions. Office of the Comptroller of the Currency regulations govern capital distributions by a federal savings bank, which include cash dividends, stock repurchases and other transactions charged to the savings bank's capital account. A savings bank must file an application for approval of a capital distribution if:

the total capital distributions for the applicable calendar year exceed the sum of the savings bank's net income for that year to date plus the savings bank's retained net income for the preceding two years;

the savings bank would not be at least adequately capitalized following the distribution;

the distribution would violate any applicable statute, regulation, agreement or Office of the Comptroller of the Currency imposed condition; or

the savings bank is not eligible for expedited treatment of its filings.

Even if an application is not otherwise required, every savings bank that is a subsidiary of a holding company must still file a notice with the Office of the Comptroller of the Currency at least 30 days before the Board of Directors declares a dividend or approves a capital distribution.

The Office of the Comptroller of the Currency may disapprove a notice or application if:

the savings bank would be undercapitalized following the distribution;

the proposed capital distribution raises safety and soundness concerns; or

the capital distribution would violate a prohibition contained in any statute, regulation or agreement.

In addition, the Federal Deposit Insurance Act provides that an insured depository institution shall not make any capital distribution, if after making such distribution the institution would be undercapitalized. A savings bank may not make a capital distribution that would reduce its regulatory capital below the amount required for the liquidation account established in connection with its conversion to stock form.

Liquidity. A federal savings bank is required to maintain a sufficient amount of liquid assets to ensure its safe and sound operation.

Community Reinvestment Act and Fair Lending Laws. All savings banks have a responsibility under the Community Reinvestment Act and related regulations of the Office of the Comptroller of the Currency to help meet the credit needs of their communities, including low- and moderate-income borrowers. In connection with its examination of a federal savings bank, the Office of the Comptroller of the Currency is required to assess the savings bank's record of compliance with the Community Reinvestment Act. In addition, the Equal Credit Opportunity Act and the Fair Housing Act prohibit lenders from discriminating in their lending practices on the basis of characteristics specified in those statutes. A savings bank's failure to comply with the provisions of the Community Reinvestment Act could, at a minimum, result in denial of certain corporate applications such as the acquisition or sale of branches or mergers, or in restrictions on its activities. The failure to comply with the Equal Credit Opportunity Act and the Fair Housing Act could result in enforcement actions by the Office of the Comptroller of the Currency, as well as other federal regulatory agencies and the Department of Justice. Wolverine Bank received a satisfactory Community Reinvestment Act rating in its most recent federal examination. The Community Reinvestment Act requires all institutions insured by the Federal Deposit Insurance Corporation to publicly disclose their rating.

Transactions with Related Parties. A federal savings bank's authority to engage in transactions with its affiliates is limited by Office of the Comptroller of the Currency regulations and by Sections 23A and 23B of the

Table of Contents

Federal Reserve Act and its implementing Regulation W promulgated by the Federal Reserve Board. An affiliate is generally a company that controls, or is under common control with an insured depository institution such as Wolverine Bank. Wolverine is an affiliate of Wolverine Bank. In general, transactions between an insured depository institution and its affiliates are subject to certain quantitative and collateral requirements. In addition, Office of the Comptroller of the Currency regulations prohibit a savings bank from lending to any of its affiliates that are engaged in activities that are not permissible for bank holding companies and from purchasing the securities of any affiliate, other than a subsidiary. Finally, transactions with affiliates must be consistent with safe and sound banking practices, not involve low-quality assets and be on terms that are as favorable to the institution as comparable transactions with non-affiliates. The Office of the Comptroller of the Currency requires savings banks to maintain detailed records of all transactions with affiliates.

Wolverine Bank's authority to extend credit to its directors, executive officers and 10% stockholders, as well as to entities controlled by such persons, is currently governed by the requirements of Sections 22(g) and 22(h) of the Federal Reserve Act and Regulation O of the Federal Reserve Board. Among other things, these provisions require that extensions of credit to insiders:

- (a) be made on terms that are substantially the same as, and follow credit underwriting procedures that are not less stringent than, those prevailing for comparable transactions with unaffiliated persons and that do not involve more than the normal risk of repayment or present other unfavorable features; and
- (b) not exceed certain limitations on the amount of credit extended to such persons, individually and in the aggregate, which limits are based, in part, on the amount of Wolverine Bank's capital.

In addition, extensions of credit in excess of certain limits must be approved by Wolverine Bank's Board of Directors.

Enforcement. The Office of the Comptroller of the Currency has primary enforcement responsibility over federal savings banks and has the authority to bring enforcement action against all institution-affiliated parties, including directors, officers, stockholders, attorneys, appraisers and accountants who knowingly or recklessly participate in wrongful action likely to have an adverse effect on a federal savings bank. Formal enforcement action by the Office of the Comptroller of the Currency may range from the issuance of a capital directive or cease and desist order, to removal of officers and/or directors of the institution, and the appointment of a receiver or conservator. Civil penalties cover a wide range of violations and actions, and range up to \$25,000 per day, unless a finding of reckless disregard is made, in which case penalties may be as high as \$1 million per day. The Federal Deposit Insurance Corporation also has the authority to terminate deposit insurance or to recommend to the Director of the Office of the Comptroller of the Currency that enforcement action be taken with respect to a particular savings institution. If action is not taken by the Director, the Federal Deposit Insurance Corporation has authority to take action under specified circumstances.

Standards for Safety and Soundness. Federal law requires each federal banking agency to prescribe certain standards for all insured depository institutions. These standards relate to, among other things, internal controls, information systems and audit systems, loan documentation, credit underwriting, interest rate risk exposure, asset growth, compensation, and other operational and managerial standards as the agency deems appropriate. Interagency guidelines set forth the safety and soundness standards that the federal banking agencies use to identify and address problems at insured depository institutions before capital becomes impaired. If the appropriate federal banking agency determines that an institution fails to meet any standard prescribed by the guidelines, the agency may require the institution to submit to the agency an acceptable plan to achieve compliance with the standard. If an institution fails to meet these standards, the appropriate federal banking agency may require the institution to implement an acceptable

compliance plan. Failure to implement such a plan can result in further enforcement action, including the issuance of a cease and desist order or the imposition of civil money penalties.

Prompt Corrective Action Regulations. Under prompt corrective action regulations, the Office of the Comptroller of the Currency is authorized and, under certain circumstances, required to take supervisory actions

against undercapitalized savings banks. For this purpose, a savings bank is placed in one of the following five categories based on the savings bank's capital:

well-capitalized (at least 5% leverage capital, 6% Tier 1 risk-based capital and 10% total risk-based capital);

adequately capitalized (at least 4% leverage capital, 4% Tier 1 risk-based capital and 8% total risk-based capital);

undercapitalized (less than 3% leverage capital, 4% Tier 1 risk-based capital and 8% total risk-based capital);

significantly undercapitalized (less than 3% leverage capital, 3% Tier 1 risk-based capital and 6% total risk-based capital); and

critically undercapitalized (less than 2% tangible capital).

Generally, the Office of the Comptroller of the Currency is required to appoint a receiver or conservator for a savings bank that is critically undercapitalized within specific time frames. The regulations also provide that a capital restoration plan must be filed with the Office of the Comptroller of the Currency within 45 days of the date a savings bank receives notice that it is undercapitalized, significantly undercapitalized or critically undercapitalized. Any holding company of a savings bank that is required to submit a capital restoration plan must guarantee the lesser of an amount equal to 5% of the savings bank's assets at the time it was notified or deemed to be undercapitalized by the Office of the Comptroller of the Currency, or the amount necessary to restore the savings bank to adequately capitalized status. This guarantee remains in place until the Office of the Comptroller of the Currency notifies the savings bank that it has maintained adequately capitalized status for each of four consecutive calendar quarters, and the Office of the Comptroller of the Currency has the authority to require payment and collect payment under the guarantee. Failure by a holding company to provide the required guarantee will result in certain operating restrictions on the savings bank, such as restrictions on the ability to declare and pay dividends, pay executive compensation and management fees, and increase assets or expand operations. The Office of the Comptroller of the Currency may also take any one of a number of discretionary supervisory actions against undercapitalized savings banks, including the issuance of a capital directive and the replacement of senior executive officers and directors.

At June 30, 2017, Wolverine Bank met the criteria for being considered well-capitalized.

Deposit Insurance. Wolverine Bank is a member of the Deposit Insurance Fund, which is administered by the FDIC. Deposit accounts in Wolverine Bank are insured up to a maximum of \$250,000 for each separately insured depositor.

The FDIC imposes an assessment for deposit insurance on all depository institutions. Under the FDIC's risk-based assessment system, insured institutions are assigned to risk categories based on supervisory evaluations, regulatory capital levels and certain other factors. An institution's assessment rate depends upon the category to which it is assigned and certain adjustments specified by FDIC regulations, with less risky institutions paying lower rates. Assessment rates (inclusive of possible adjustments) currently range from 2 ½ to 45 basis points of each institution's

total assets less tangible capital. The FDIC may increase or decrease the scale uniformly, except that no adjustment can deviate more than two basis points from the base scale without notice and comment rulemaking. The FDIC's current system represents a change, required by the Dodd-Frank Act, from its prior practice of basing the assessment on an institution's volume of deposits.

In addition to the FDIC assessments, the Financing Corporation is authorized to impose and collect, through the FDIC, assessments for anticipated payments, issuance costs and custodial fees on bonds issued by the Financing Corporation in the 1980s to recapitalize the former Federal Savings and Loan Insurance Corporation. The bonds issued by the Financing Corporation are due to mature in 2017 through 2019. For the quarter ended June 30, 2017, the annualized Financing Corporation assessment was equal to 0.54 basis points of total assets less tangible capital.

Table of Contents

The Dodd-Frank Act increased the minimum target Deposit Insurance Fund ratio from 1.15% of estimated insured deposits to 1.35% of estimated insured deposits. The FDIC must seek to achieve the 1.35% ratio by September 30, 2020. Insured institutions with assets of \$10 billion or more are supposed to fund the increase. The Dodd-Frank Act eliminated the 1.5% maximum fund ratio, instead leaving it to the discretion of the FDIC and the FDIC has exercised that discretion by establishing a long-term fund ratio of 2%.

The FDIC has authority to increase insurance assessments. Any significant increases would have an adverse effect on the operating expenses and results of operations of Wolverine Bank. Wolverine Bank's management cannot predict what assessment rates will be in the future.

Insurance of deposits may be terminated by the FDIC upon a finding that an institution has engaged in unsafe or unsound practices, is in an unsafe or unsound condition to continue operations or has violated any applicable law, regulation, rule, order or condition imposed by the FDIC. Management of Wolverine Bank does not know of any practice, condition or violation that may lead to termination of Wolverine Bank's deposit insurance.

Prohibitions Against Tying Arrangements. Federal savings banks are prohibited, subject to some exceptions, from extending credit to or offering any other service, or fixing or varying the consideration for such extension of credit or service, on the condition that the customer obtain some additional service from the institution or its affiliates or not obtain services of a competitor of the institution.

Federal Home Loan Bank System. Wolverine Bank is a member of the Federal Home Loan Bank System, which consists of 12 regional Federal Home Loan Banks. The Federal Home Loan Bank System provides a central credit facility primarily for member institutions as well as other entities involved in home mortgage lending. As a member of the Federal Home Loan Bank of Indianapolis, Wolverine Bank is required to acquire and hold shares of capital stock in the Federal Home Loan Bank. As of June 30, 2017, Wolverine Bank was in compliance with this requirement.

Qualified Mortgages and Retention of Credit Risk. The Consumer Financial Protection Bureau has issued a rule designed to clarify for lenders how they can avoid legal liability under the Dodd-Frank Act, which would hold lenders accountable for ensuring a borrower's ability to repay a mortgage. Loans that meet this qualified mortgage definition will be presumed to have complied with the new ability-to-repay standard. Under the Consumer Financial Protection Bureau's rule, a qualified mortgage loan must not contain certain specified features, including:

excessive upfront points and fees (those exceeding 3% of the total loan amount, less bona fide discount points for prime loans);

interest-only payments;

negative-amortization; and

terms longer than 30 years.

Also, to qualify as a qualified mortgage, a borrower's total monthly debt-to-income ratio may not exceed 43%. Lenders must also verify and document the income and financial resources relied upon to qualify the borrower for the loan and underwrite the loan based on a fully amortizing payment schedule and maximum interest rate during the first five

years, taking into account all applicable taxes, insurance and assessments. The Consumer Financial Protection Bureau's rule on qualified mortgages could limit Wolverine Bank's ability or desire to make certain types of loans or loans to certain borrowers, or could make it more expensive/and or time consuming to make these loans, which could limit Wolverine Bank's growth or profitability.

In addition, the Dodd-Frank Act requires the regulatory agencies to issue regulations that require securitizers of loans to retain not less than 5% of the credit risk for any asset that is not a qualified residential mortgage. The regulatory agencies have issued a proposed rule to implement this requirement. The Dodd-Frank Act provides that the definition of qualified residential mortgage can be no broader than the definition of qualified mortgage issued by the Consumer Financial Protection Bureau for purposes of its regulations (as

Table of Contents

described above). Although the final rule with respect to the retention of credit risk has not yet been issued, the final rule could have a significant effect on the secondary market for loans and the types of loans Wolverine Bank originates, and restrict its ability to make loans.

Other Regulations

Interest and other charges collected or contracted for by Wolverine Bank are subject to state usury laws and federal laws concerning interest rates. Wolverine Bank's operations are also subject to federal laws applicable to credit transactions, such as the:

Truth-in-Lending Act, governing disclosures of credit terms to consumer borrowers;

Home Mortgage Disclosure Act, requiring financial institutions to provide information to enable the public and public officials to determine whether a financial institution is fulfilling its obligation to help meet the housing needs of the community it serves;

Equal Credit Opportunity Act, prohibiting discrimination on the basis of race, creed or other prohibited factors in extending credit;

Fair Credit Reporting Act, governing the use and provision of information to credit reporting agencies;

Fair Debt Collection Act, governing the manner in which consumer debts may be collected by collection agencies;

Truth in Savings Act; and

rules and regulations of the various federal agencies charged with the responsibility of implementing such federal laws.

The operations of Wolverine Bank also are subject to the:

Right to Financial Privacy Act, which imposes a duty to maintain confidentiality of consumer financial records and prescribes procedures for complying with administrative subpoenas of financial records;

Electronic Funds Transfer Act and Regulation E promulgated thereunder, which govern automatic deposits to and withdrawals from deposit accounts and customers' rights and liabilities arising from the use of automated teller machines and other electronic banking services;

Check Clearing for the 21st Century Act (also known as Check 21), which gives substitute checks, such as digital check images and copies made from that image, the same legal standing as the original paper check;

The USA PATRIOT Act, which requires savings banks to, among other things, establish broadened anti-money laundering compliance programs, and due diligence policies and controls to ensure the detection and reporting of money laundering. Such required compliance programs are intended to supplement existing compliance requirements that also apply to financial institutions under the Bank Secrecy Act and the Office of Foreign Assets Control regulations; and

The Gramm-Leach-Bliley Act, which places limitations on the sharing of consumer financial information by financial institutions with unaffiliated third parties. Specifically, the Gramm-Leach-Bliley Act requires all financial institutions offering financial products or services to retail customers to provide such customers with the financial institution's privacy policy and provide such customers the opportunity to opt out of the sharing of certain personal financial information with unaffiliated third parties.

Holding Company Regulation

General. Wolverine is a non-diversified savings and loan holding company within the meaning of the Home Owners Loan Act. As such, Wolverine is registered with the Federal Reserve Board and is subject to

Table of Contents

Federal Reserve Board regulations, examinations, supervision and reporting requirements. In addition, the Federal Reserve Board has enforcement authority over Wolverine and its non-insured subsidiaries. Among other things, this authority permits the Federal Reserve Board to restrict or prohibit activities that are determined to be a serious risk to the subsidiary savings institution.

Permissible Activities. The business activities of Wolverine are generally limited to those activities permissible for financial holding companies under Section 4(k) of the Bank Holding Company Act of 1956, as amended, or for multiple savings and loan holding companies. A financial holding company may engage in activities that are financial in nature, including underwriting equity securities and insurance as well as activities that are incidental to financial activities or complementary to a financial activity. The Dodd-Frank Act added that any savings and loan holding company that engages in activities permissible for a financial holding company must meet the qualitative requirements for a bank holding company to be a financial holding company and conduct the activities in accordance with the requirements that would apply to a financial holding company's conduct of the activity. A multiple savings and loan holding company is generally limited to activities permissible for bank holding companies under Section 4(c)(8) of the Bank Holding Company Act, subject to the prior approval of the Federal Reserve Board, and certain additional activities authorized by Federal Reserve Board regulations.

Federal law prohibits a savings and loan holding company, including Wolverine, directly or indirectly, or through one or more subsidiaries, from acquiring more than 5% of another savings institution or holding company thereof, without prior written approval of the Federal Reserve Board. It also prohibits the acquisition or retention of, with certain exceptions, more than 5% of a nonsubsidiary company engaged in activities that are not closely related to banking or financial in nature, or acquiring or retaining control of an institution that is not federally insured. In evaluating applications by holding companies to acquire savings institutions, the Federal Reserve Board must consider the financial and managerial resources, future prospects of the company and institution involved, the effect of the acquisition on the risk to the federal deposit insurance fund, the convenience and needs of the community and competitive factors.

Capital. Savings and loan holding companies have not historically been subjected to consolidated regulatory capital requirements. However, the Dodd-Frank Act required the Federal Reserve Board to set for all depository institution holding companies minimum consolidated capital levels that are as stringent as those required for the insured depository subsidiaries. The previously discussed final rule regarding regulatory capital requirements implements the Dodd-Frank Act as to savings and loan holding companies. Consolidated regulatory capital requirements identical to those applicable to the subsidiary depository institutions apply to savings and loan holding companies as of January 1, 2015. As is the case with institutions themselves, the capital conservation buffer will be phased in between 2016 and 2019.

Dividends. The Federal Reserve Board has issued policy guidance regarding the payment of dividends by bank holding companies that it has made applicable to savings and loan holding companies as well. In general, the Federal Reserve Board's policies provide that dividends should be paid only out of current earnings and only if the prospective rate of earnings retention by the holding company appears consistent with the organization's capital needs, asset quality and overall financial condition. Federal Reserve Board guidance provides for prior regulatory review of capital distributions in certain circumstances such as where the company's net income for the past four quarters, net of dividends previously paid over that period, is insufficient to fully fund the dividend or the company's overall rate of earnings retention is inconsistent with the company's capital needs and overall financial condition. The ability of a holding company to pay dividends may be restricted if a subsidiary bank becomes undercapitalized. These regulatory policies could affect the ability of Wolverine to pay dividends or otherwise engage in capital distributions.

Source of Strength. The Dodd-Frank Act extended the source of strength doctrine to savings and loan holding companies. The regulatory agencies must issue regulations requiring that all bank and savings and loan holding companies serve as a source of strength to their subsidiary depository institutions by providing capital, liquidity and other support in times of financial stress.

Federal Securities Laws

Wolverine's common stock is registered with the Securities and Exchange Commission under the Securities Exchange Act of 1934. Wolverine is subject to the information, proxy solicitation, insider trading restrictions and other requirements under the Securities Exchange Act of 1934.

Sarbanes-Oxley Act of 2002

The Sarbanes-Oxley Act of 2002 addresses, among other issues, corporate governance, auditing and accounting, executive compensation, and enhanced and timely disclosure of corporate information. As directed by the Sarbanes-Oxley Act, Wolverine's Chief Executive Officer and Chief Financial Officer are required to certify that Wolverine's quarterly and annual reports do not contain any untrue statement of a material fact. The rules adopted by the Securities and Exchange Commission under the Sarbanes-Oxley Act have several requirements, including having these officers certify that: they are responsible for establishing, maintaining and regularly evaluating the effectiveness of Wolverine's internal control over financial reporting; they have made certain disclosures to Wolverine's auditors and the audit committee of the board of directors about Wolverine's internal control over financial reporting; and they have included information in Wolverine's quarterly and annual reports about their evaluation and whether there have been changes in Wolverine's internal control over financial reporting or in other factors that could materially affect internal control over financial reporting. Wolverine has policies, procedures and systems designed to ensure compliance with these regulations.

Taxation

Federal Taxation

General. Wolverine and Wolverine Bank are subject to federal income taxation in the same general manner as other corporations, with some exceptions discussed below. The following discussion of federal taxation is intended only to summarize material federal income tax matters and is not a comprehensive description of the tax rules applicable to Wolverine and Wolverine Bank.

Method of Accounting. For federal income tax purposes, Wolverine and its subsidiaries currently report income and expenses on the accrual method of accounting with a tax year ending December 31st for filing its consolidated federal income tax returns. The Small Business Protection Act of 1996 eliminated the use of the reserve method of accounting for bad debt reserves by savings institutions, effective for taxable years beginning after 1995.

Minimum Tax. The Internal Revenue Code of 1986, as amended, imposes an alternative minimum tax at a rate of 20% on a base of regular taxable income plus certain tax preferences, referred to as alternative minimum taxable income. The alternative minimum tax is payable to the extent alternative minimum taxable income is in excess of an exemption amount. Net operating losses can, in general, offset no more than 90% of alternative minimum taxable income. Certain payments of alternative minimum tax may be used as credits against regular tax liabilities in future years. At June 30, 2017, Wolverine Bank had no minimum tax credit carryforward.

Corporate Dividends. Wolverine may exclude from its income 100% of dividends received from Wolverine Bank as a member of the same affiliated group of corporations.

Audit of Tax Returns. Wolverine and its subsidiaries' federal income tax returns have not been audited in the most recent five-year period.

State Taxation

Companies headquartered in Michigan, such as Wolverine Bank, are subject to a Michigan capital tax which is an assessment of 0.29% of a company's consolidated net capital, based on a rolling five-year average. Other applicable state taxes include generally applicable sales, use and real property taxes.

As a Maryland business corporation, Wolverine is required to file an annual franchise tax return with the State of Maryland.

Legal Proceedings

As of the date of this document, Wolverine was not involved in any pending legal proceedings other than routine legal proceedings occurring in the ordinary course of business that, in the aggregate, involve amounts that Wolverine's management believes will not materially adversely affect Wolverine's financial condition, results of operations or cash flows.

Market Price and Dividend Information and Related Stockholder Matters

For information regarding the high and low prices per share for Wolverine common stock and the cash dividends declared by Wolverine for each quarterly period within the last two fiscal years and the first three quarters of 2017, as well as certain other related stockholder matters, see *Summary Market Prices and Share Information* on page 17 above.

Dividend payments by Wolverine Bancorp depend, in large part, on dividends it receives from Wolverine Bank, because Wolverine has no source of income other than dividends from Wolverine Bank and interest payments with respect to Wolverine's loan to the Wolverine Bank ESOP.

Wolverine is subject to state law limitations and federal bank regulatory policy on the payment of dividends. Maryland law generally limits dividends if the corporation would not be able to pay its debts in the usual course of business after giving effect to the dividend or if the corporation's total assets would be less than the corporation's total liabilities plus the amount needed to satisfy the preferential rights upon dissolution of stockholders whose preferential rights on dissolution are superior to those receiving the distribution.

The Federal Reserve Board has issued policy guidance regarding the payment of dividends by bank holding companies that it has made applicable to savings and loan holding companies as well. In general, the Federal Reserve Board's policies provide that dividends should be paid only out of current earnings and only if the prospective rate of earnings retention by the holding company appears consistent with the organization's capital needs, asset quality and overall financial condition. Federal Reserve Board guidance provides for prior regulatory review of capital distributions in certain circumstances such as where the company's net income for the past four quarters, net of dividends previously paid over that period, is insufficient to fully fund the dividend or the company's overall rate of earnings retention is inconsistent with the company's capital needs and overall financial condition. The ability of a holding company to pay dividends may be restricted if a subsidiary bank becomes undercapitalized.

Table of Contents**Management's Discussion and Analysis of Financial Condition and Results of Operations of Wolverine*****Critical Accounting Policies***

Wolverine considers accounting policies that require management to exercise significant judgment or discretion or make significant assumptions that have, or could have, a material impact on the carrying value of certain assets or on income, to be critical accounting policies. Wolverine considers the following to be its critical accounting policies.

Allowance for Loan Losses. Wolverine believes that the allowance for loan losses and related provision for loan losses are particularly susceptible to change in the near term, due to changes in credit quality, which are evidenced by trends in charge offs and in the volume and severity of past due loans. In addition, Wolverine's portfolio is comprised of a substantial amount of commercial real estate loans that generally have greater credit risk than one- to four-family residential mortgage and consumer loans because these loans generally have larger principal balances and are non-homogenous.

The allowance for loan losses is maintained at a level to cover probable credit losses inherent in the loan portfolio at the balance sheet date. Based on Wolverine's estimate of the level of allowance for loan losses required, Wolverine records a provision for loan losses as a charge to earnings to maintain the allowance for loan losses at an appropriate level. The estimate of Wolverine's credit losses is applied to two general categories of loans:

loans that Wolverine evaluates individually for impairment under Accounting Standards Codification 310-10, Receivables; and

groups of loans with similar risk characteristics that Wolverine evaluates collectively for impairment under Accounting Standards Codification 450-20, Loss Contingencies.

The allowance for loan losses is evaluated on a regular basis by Wolverine's management and reflects consideration of all significant factors that affect the collectability of the loan portfolio. The factors used to evaluate the collectability of the loan portfolio include, but are not limited to, current economic conditions, Wolverine's historical loss experience, the nature and volume of the loan portfolio, the financial strength of the borrower, and estimated value of any underlying collateral. This evaluation is inherently subjective as it requires estimates that are subject to significant revision as more information becomes available. Actual loan losses may be significantly more than the allowance for loan losses Wolverine has established, which could have a material negative effect on Wolverine's financial results.

Income Tax Accounting. The provision for income taxes is based upon income in Wolverine's consolidated financial statements, rather than amounts reported on its income tax return. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in tax rates on Wolverine's deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment date. Under U.S. GAAP, a valuation allowance is required to be recognized if it is more likely than not that a deferred tax asset will not be realized. The determination as to whether Wolverine will be able to realize the deferred tax assets is highly subjective and dependent upon judgment concerning Wolverine's evaluation of both positive and negative evidence, Wolverine's forecasts of future income, applicable tax planning strategies, and assessments of current and future economic and business conditions. Positive evidence includes the existence of taxes paid in available carryback years as well as the probability that

taxable income will be generated in future periods, while negative evidence includes any cumulative losses in the current year and prior two years and general business and economic trends. Any reduction in estimated future taxable income may require Wolverine to record a valuation allowance against its deferred tax assets. Any required valuation allowance would result in additional income tax expense in the period and could have a significant impact on Wolverine's future earnings. Positions taken in Wolverine's tax returns may be subject to challenge by the taxing authorities upon examination. The benefit of an uncertain tax position is initially recognized in the financial statements only

Table of Contents

when it is more likely than not the position will be sustained upon examination by the tax authorities. Such tax positions are both initially and subsequently measured as the largest amount of tax benefit that is greater than 50% likely of being realized upon settlement with the tax authority, assuming full knowledge of the position and all relevant facts. Differences between Wolverine's position and the position of tax authorities could result in a reduction of a tax benefit or an increase to a tax liability, which could adversely affect Wolverine's future income tax expense.

Wolverine believes its tax policies and practices are critical accounting policies because the determination of its tax provision and current and deferred tax assets and liabilities have a material impact on its net income and the carrying value of Wolverine's assets. Wolverine believes its tax liabilities and assets are properly recorded in the consolidated financial statements at June 30, 2017, December 31, 2016 and December 31, 2015 and no valuation allowance was necessary.

Comparison of Financial Condition at June 30, 2017 and December 31, 2016

Total assets decreased \$48.5 million, or 11.2%, to \$385.9 million at June 30, 2017 from \$434.4 million at December 31, 2016. The decrease was primarily the result of a decrease of \$41.5 million in interest-earning demand deposits due to the payoff in early January 2017 of \$27.0 million of federal funds purchased, the payoff of \$13.0 million variable-rate Federal Home Loan Bank advances that originated in December 2016, the maturity of \$5.0 million Federal Home Loan Bank advance, and a decrease of \$6.2 million in net loans receivable offset by \$12.0 million of federal funds purchased.

Loans held for sale decreased \$238,000 to \$0 at June 30, 2017 from \$238,000 at December 31, 2016.

Net loans decreased \$6.2 million, or 2.1%, to \$314.4 million at June 30, 2017 from \$320.6 million at December 31, 2016. Commercial non-mortgage loans decreased \$5.2 million, or 25.9%, one-to four-family loans decreased \$3.2 million, or 9.0%, and construction loans decreased \$3.1 million, or 23.0%, partially offset by an increase in commercial real estate loans of \$6.6 million, or 3.4%.

The undisbursed portion of loans increased \$468,000 to \$6.3 million at June 30, 2017 from \$5.8 million at December 31, 2016.

Other real estate owned increased \$112,000, or 130.2%, to \$198,000 at June 30, 2017, from \$86,000 at December 31, 2016 resulting from additions of \$190,000 offset by net sales of \$78,000.

Other assets, consisting primarily of net deferred and accrued federal taxes, decreased \$204,000 to \$4.5 million at June 30, 2017 from \$4.7 million at December 31, 2016.

Deposits decreased \$17.8 million to \$262.7 million at June 30, 2017 from \$280.5 million at December 31, 2016. Core deposits (consisting of interest-bearing and noninterest-bearing checking accounts, money market accounts and savings accounts) decreased \$1.2 million, primarily due to decreases in money market and checking accounts. Certificates of deposit decreased \$16.7 million, or 13.1%, to \$110.5 million at June 30, 2017 from \$127.2 million at December 31, 2016, primarily due to maturities that were not renewed.

Federal Home Loan Bank advances decreased \$18.0 million to \$42.0 million at June 30, 2017 from \$60.0 million at December 31, 2016 due to the payoff of \$13.0 million variable rate advances in early January and other scheduled maturities.

Federal Funds purchased decreased \$15.0 million, or 55.6%, to \$12.0 million at June 30, 2017 from \$27.0 million at December 31, 2016 due to the payoff of \$27.0 million in early January offset by new advances of \$12.0 million in June.

Interest payable and other liabilities, consisting primarily of liabilities for checks and money orders, and accrued expenses, increased \$1.1 million from \$5.9 million at December 31, 2016 to \$7.0 million at June 30, 2017 due to a \$1.8 million increase in borrower's prepaid taxes and insurances, increased accrued profit sharing of \$410,000, and increased accounts payable of \$324,000 offset in part by a decrease in accrued dividends payable of \$1.5 million.

Table of Contents

Total stockholders' equity increased \$1.2 million, or 2.0%, to \$62.2 million at June 30, 2017 from \$61.0 million at December 31, 2016, primarily due to net income of \$2.6 million offset in part by dividends payable of \$1.7 million.

Total assets increased \$16.6 million, or 4.0%, to \$434.4 million at December 31, 2016 from \$417.8 million at December 31, 2015. The increase resulted from an increase of \$50.8 million in cash and cash equivalents offset in part by a \$39.0 million decrease in interest-earning time deposits.

Cash and cash equivalents increased \$50.8 million, or 96.0%, to \$103.6 million at December 31, 2016 from \$52.9 million at December 31, 2015. The increase in cash and cash equivalents was primarily due to a \$13.0 million advance, the maturing of \$39.0 million of interest-earning time deposits, and increased Federal funds purchased of \$3.0 million.

Mortgage loans held for sale decreased \$343,000, or 59.0%, to \$238,000 at December 31, 2016 from \$581,000 at December 31, 2015 due to fluctuation in mortgage secondary market activities.

One-to-four family residential mortgage loans decreased \$4.3 million, to \$35.4 million at December 31, 2016 from \$39.7 million at December 31, 2015, primarily due to repayments and refinances. Additionally, Wolverine does not hold a significant amount of fixed rate one-to-four family residential mortgage loans in its portfolio in the current interest rate environment. Other assets, consisting primarily of deferred federal taxes, decreased \$452,000, or 8.7%, to \$4.7 million at December 31, 2016, from \$5.2 million at December 31, 2015. A decrease to the corporate federal income tax rate may impair Wolverine's deferred tax assets (DTAs). At December 31, 2016, Wolverine's DTAs were approximately \$3.3 million. While a decline in the corporate tax rate may lower Wolverine's tax provision expense, it may also significantly impair the value of Wolverine's DTAs in the year the rate decrease is enacted. Such impairment could have a material adverse effect on Wolverine's financial condition and results of operations.

Federal Home Loan Bank stock remained constant at \$2.7 million from December 31, 2015 to December 31, 2016.

Provision for Loan Losses. Based on Wolverine's analysis of the factors described in *Critical Accounting Policies Allowance for Loan Losses*, Wolverine recorded a negative provision for loan losses of \$1.5 million for the three months ended June 30, 2017 and a negative provision for loan losses of \$200,000 for the three months ended June 30, 2016. The negative provision in the 2017 period was primarily due to a decrease of \$760,000 in specific allocations related to four commercial relationships and a \$568,000 reduction in qualitative factors. At June 30, 2017, non-performing loans totaled \$4.5 million, or 1.5% of total loans, as compared to \$7.1 million, or 2.1% of total loans, at June 30, 2016. The allowance for loan losses to total loans receivable was 2.2% at June 30, 2017 and 2.8% at June 30, 2016. The negative provision expense in 2017 is also due to continued economic improvement, stabilized levels of non-performing assets, and stabilized delinquencies. All loans deemed impaired are reviewed for additional impairment at least each quarter. Overall, management continues to focus on resolving non-performing assets and maintaining levels of asset quality. In addition to its collections department personnel in working out loans, Wolverine continues to involve business development officers and, on significant assets, underwriters and senior management.

Noninterest Expense. Noninterest expense increased \$1.0 million for the three months ended June 30, 2017 as compared to the three months ended June 30, 2016. This was primarily due to a \$697,000 increase in professional and service fees related to the merger, a \$261,000 increase in salaries and employee benefits expense, and a \$75,000 increase in loan legal expense. This was offset in part by a decrease of \$79,000 in Federal Deposit Insurance Corporation premiums.

Also, the yield on certificates of deposit increased 17 basis points to 1.27% for the 2017 period from 1.10% for the 2016 period.

The increase in net interest income reflected the increase in net loans; paying off of maturing, higher interest rate Federal Home Loan Bank advances; managing the maturities of higher interest rate certificates of deposit; and managing the inflow, interest rates, and term structure of new deposits. These items were offset by Wolverine's ongoing interest rate risk strategy of selling in the secondary market long-term, fixed-rate one- to four-family residential mortgage loans during the current low interest rate environment.

The negative provision expense in 2017 is also due to continued economic improvement, stabilized levels of non-performing assets, and stabilized delinquencies. All loans deemed impaired are reviewed for additional impairment at least each quarter. In addition to its collections department personnel in working out loans, Wolverine continues to involve business development officers and, on significant assets, underwriters and senior management.

The decrease was primarily attributable to a decrease of \$125,000 in net gain on loan sales offset by a \$36,000 decrease in net gain on the sale of other real estate owned, and a \$23,000 decrease in loan fees earned offset in part by a \$47,000 increase in loan fees earned.

Noninterest Expense. Noninterest expense increased \$1.0 million, or 27.2% for the six months ended June 30, 2017 as compared to the six months ended June 30, 2016. This was offset in part by a \$396,000 decrease in loan legal expenses from \$322,000 at December 31, 2015 to a reimbursement of \$74,000 at December 31, 2016, due primarily to recoveries of legal expenses previously incurred.

Income Tax Expense. Wolverine recorded a \$2.4 million income tax expense for the year ended December 31, 2016 compared to a \$1.5 million income tax expense for 2015, reflecting income of \$6.8 million before income tax expense during 2016 versus income of \$4.7 million before income tax expense during 2015. Wolverine's effective tax rate was 35.6% for 2016 compared to an effective tax rate of 32.6% for 2015.

Asset Quality

Other real estate owned totaled \$198,000, or 0.1% of total assets, at June 30, 2017 compared to \$86,000, or 0.0% of total assets, at December 31, 2016. The largest other real estate owned relationship as of June 30, 2017 was \$190,000, which consisted primarily of commercial real estate.

Non-performing assets, which includes non-performing loans, other real estate owned and troubled debt restructurings, totaled \$4.9 million, or 1.3% of total assets, at June 30, 2017 compared to \$6.5 million, or 1.5% of total assets, at December 31, 2016.

Wolverine's largest substandard and non-performing relationship as of June 30, 2017 has a balance of \$2.9 million. Of the \$6.1 million loans rated substandard, approximately \$1.6 million are performing.

Other real estate owned totaled \$86,000, or 0.0% of total assets, at December 31, 2016 as compared to \$130,000, or 0.3% of total assets, at December 31, 2015. The largest relationship as of December 31, 2015 was \$78,000 or 90.7% of other real estate owned, which consisted of one-to-four family property.

Non-performing assets totaled \$6.5 million, or 1.5% of total assets, at December 31, 2016 as compared to \$7.5 million, or 1.8% of total assets, at December 31, 2015.

The largest substandard relationship as of December 31, 2016 had a total balance of \$3.0 million. Of the \$7.6 million loans rated substandard, approximately \$2.1 million are performing.

Table of Contents**Average Balances and Yields**

The following tables set forth average balance sheets, average yields and costs, and certain other information for the periods indicated. Tax-equivalent yield adjustments have not been made for tax-exempt securities. All average balances are based on month-end balances, which Wolverine's management deems to be representative of operations. Non-accrual loans were included in the computation of average balances, but have been reflected in the table as loans carrying a zero yield. The yields set forth below include the effect of deferred fees, discounts and premiums that are amortized or accreted to interest income or expense.

- (1) Net interest rate spread represents the difference between the yield on average interest earning assets and the cost of average interest-bearing liabilities.
- (2) Net interest earning assets represents total interest earning assets less total interest-bearing liabilities.
- (3) Net interest margin represents net interest income divided by average total interest earning assets.

Rate/Volume Analysis

The following table presents the effects of changing rates and volumes on Wolverine's net interest income for the fiscal years indicated. The rate column shows the effects attributable to changes in rate (changes in rate multiplied by prior volume). The volume column shows the effects attributable to changes in volume (changes in volume multiplied by prior rate). The net column represents the sum of the prior columns. For purposes of this table, changes attributable to both rate and volume, which cannot be segregated, have been allocated to the changes due to rate and the changes due to volume in proportion to the relationship of the absolute dollar amounts of change in each.

Management of Market Risk

General. Because the majority of Wolverine's assets and liabilities are sensitive to changes in interest rates, its most significant form of market risk is interest rate risk. Wolverine is vulnerable to an increase in interest rates to the extent

that its interest-bearing liabilities mature or reprice more quickly than its interest-earning assets. As a result, a principal part of Wolverine's business strategy is to manage interest rate risk and limit the exposure of its net interest income to changes in market interest rates. Accordingly, Wolverine's Board of Directors has established an internal Asset/Liability Management Committee pursuant to its Interest Rate Risk Management Policy that is responsible for evaluating the interest rate risk inherent in its assets and liabilities, for determining the level of risk that is appropriate, given Wolverine's business strategy, operating environment, capital, liquidity and performance objectives, and for managing this risk consistent with the guidelines approved by the Board of Directors.

Wolverine's interest rate sensitivity is monitored through the use of an interest rate risk model that reports Economic Value of Equity (EVE) and Earnings-at-Risk (EaR).

Table of Contents

Wolverine has sought to manage its interest rate risk in order to control the exposure of its earnings and capital to changes in interest rates. As part of Wolverine's ongoing asset-liability management, it currently uses the following strategies to manage interest rate risk:

- (i) sell the majority of Wolverine's long-term, fixed rate one-to-four family residential mortgage loans that it originates;
- (ii) lengthen the weighted average maturity of Wolverine's liabilities through retail deposit pricing strategies;
- (iii) invest in shorter-term investment securities, interest-earning time deposits, and overnight deposits;
- (iv) originate commercial mortgage loans, including multi-family loans and land loans, commercial loans and consumer loans, which tend to have shorter terms and higher interest rates than one-to-four family residential mortgage loans, and that generate customer relationships that can result in larger noninterest-bearing demand deposit accounts; and
- (v) maintain adequate levels of capital.

Economic Value of Equity. An Economic Value of Equity (EVE) report measures an institution's interest rate risk by focusing on changes in its economic value of equity. EVE is an estimate of the economic net worth of an institution's on- and off-balance sheet assets, and provides an indication of an institution's ability to withstand loss. Unlike book capital, however, because EVE is a present value measure, changes in economic value caused by changes in interest rates are recognized immediately. The economic value is determined for the base case for a set of yield curve shock scenarios. These scenarios include rate shocks -100 basis points to +400 basis points. Wolverine's model estimates the economic value of each type of asset, liability and off-balance-sheet contract under the assumption of instantaneous rate increases or decreases of 100 to 300 basis points in 100 basis point increments. An increase in interest rates from 3% to 4% would mean, for example, a 100 basis point increase in the "Change In Rates" column below.

The table below sets forth, as of December 31, 2016, the calculation of the estimated changes in Wolverine's economic value of equity that would result from the designated immediate changes in the yield curve.

		At December 31, 2016		EVE as a Percentage of Present Value of Assets ⁽³⁾	
Change in		Estimated (Decrease) in EVE			
Interest Rates					Increase (Decrease)
(basis points) ⁽¹⁾	Estimated EVE ⁽²⁾	Amount	Percent	EVE Ratio ⁽⁴⁾	(basis points)

0		60,503				13.95%	
-100		60,633		130	0.21%	13.86%	(9)

- (1) Assumes an instantaneous uniform change in interest rates at all maturities.
- (2) EVE is the discounted present value of expected cash flows from assets, liabilities and off-balance sheet contracts.
- (3) Present value of assets represents the discounted present value of incoming cash flows on interest earning assets.
- (4) EVE Ratio represents EVE divided by the present value of assets.

The table above indicates that at December 31, 2016, in the event of a 200 basis point increase in interest rates, Wolverine would experience a 0.70% increase in economic value of equity. In the event of a 100 basis point decrease in interest rates, Wolverine would experience a 0.21% increase in economic value of equity.

Certain shortcomings are inherent in the methodologies used in determining interest rate risk through changes in economic value of equity. Modeling changes in economic value of equity require making certain

Table of Contents

assumptions that may or may not reflect the manner in which actual yields and costs respond to changes in market interest rates. In this regard, the economic value of equity tables presented assume that the composition of Wolverine's interest-sensitive assets and liabilities existing at the beginning of a period remains constant over the period being measured and assume that a particular change in interest rates is reflected uniformly across the yield curve regardless of the duration or repricing of specific assets and liabilities. Accordingly, although the economic value of equity tables provide an indication of Wolverine's interest rate risk exposure at a particular point in time, such measurements are not intended to and do not provide a precise forecast of the effect of changes in market interest rates on its net interest income and will differ from actual results.

Earnings-at-Risk. The EaR report provides monthly projections of the Net Income and Net Interest Income over 24 months under a set of interest rate scenarios. Depending on the repricing of the funding and investment, the net income may have significant variations over time and over the scenarios. Therefore, this report provides valuable information in identifying any risk in future earnings. The maximum loss in earnings compared with the base case is called the Earnings-at-Risk.

Liquidity and Capital Resources

Liquidity is the ability to meet current and future financial obligations of a short-term nature. Wolverine's primary sources of funds consist of deposit inflows, loan sales and repayments, retail CDs and money markets with larger customers (i.e. municipalities, colleges and universities, nonprofits, medium businesses, etc.), and maturities of securities. While maturities and scheduled amortization of loans and securities are predictable sources of funds, deposit flows and mortgage prepayments are greatly influenced by general interest rates, economic conditions and competition. Wolverine's Asset/Liability Management Committee is responsible for establishing and monitoring Wolverine's liquidity targets and strategies in order to ensure that sufficient liquidity exists for meeting the borrowing needs and deposit withdrawals of Wolverine's customers as well as unanticipated contingencies. For the year ended December 31, 2016, Wolverine's liquidity ratio averaged 17.6% of its total assets. Wolverine believes that it has enough sources of liquidity to satisfy its short- and long-term liquidity needs as of December 31, 2016.

Wolverine regularly monitors and adjusts investments in liquid assets based upon its assessment of: (i) expected loan demand; (ii) expected deposit flows; (iii) yields available on interest-earning deposits and securities; and (iv) the objectives of its asset/liability management program. Excess liquid assets are invested generally in interest-earning deposits and short- and medium-term securities.

Wolverine's most liquid assets are cash and cash equivalents. The levels of these assets are affected by Wolverine's operating, financing, lending and investing activities during any given period. At December 31, 2016, cash and cash equivalents totaled \$103.6 million.

Wolverine's cash flows are derived from operating activities, investing activities and financing activities as reported in its Statements of Cash Flows included in its financial statements.

At December 31, 2016, Wolverine had \$6.1 million in loan commitments outstanding plus \$6.3 million in unused lines of credit to borrowers and \$787,000 in standby letters of credit. Depending on market conditions, Wolverine may be required to pay higher rates on certificates of deposits or other borrowings than it currently pays on the certificates of deposit due on or before December 31, 2017 in order to retain the deposits. Moreover, it is Wolverine's intention as it continues to grow its commercial real estate loan portfolio, to emphasize lower cost deposit relationships with these commercial customers and thereby replace higher cost certificates with lower cost deposits. Wolverine has the ability to attract and retain deposits by adjusting the interest rates offered.

Wolverine's primary investing activity is originating loans. During the years ended December 31, 2016 and 2015, Wolverine originated \$105.4 million and \$97.3 million of loans, respectively.

Financing activities consist primarily of activity in deposit accounts and Federal Home Loan Bank advances. Wolverine had a net decrease in total deposits of \$1.2 million for the year ended December 31, 2016. Deposit flows are affected by the overall level of interest rates, the interest rates and products offered by Wolverine and its local competitors, and by other factors.

Table of Contents

Liquidity management is both a daily and long-term function of business management. If Wolverine requires funds beyond its ability to generate them internally, borrowing agreements exist with the Federal Home Loan Bank of Indianapolis, which provides an additional source of funds. Federal Home Loan Bank advances were \$60.0 million at December 31, 2016 and \$47.0 million December 31, 2015. Federal Home Loan Bank advances have been used primarily to fund loan demand. At December 31, 2016, Wolverine had the ability to borrow up to an additional \$35.9 million from the Federal Home Loan Bank of Indianapolis and had Federal Funds purchase limits of \$27.0 million with four correspondent banks, of which Wolverine had \$27.0 million in Federal Funds purchased as of December 31, 2016.

Wolverine Bank is subject to various regulatory capital requirements, including a risk-based capital measure. The risk-based capital guidelines include both a definition of capital and a framework for calculating risk-weighted assets by assigning balance sheet assets and off-balance sheet items to broad risk categories. At December 31, 2016, Wolverine Bank exceeded all regulatory capital requirements. Wolverine Bank is considered well capitalized under regulatory guidelines.

Off-Balance Sheet Arrangements and Aggregate Contractual Obligations

Commitments. As a financial services provider, Wolverine routinely is a party to various financial instruments with off-balance-sheet risks, such as commitments to extend credit and unused lines of credit. While these contractual obligations represent Wolverine's future cash requirements, a significant portion of commitments to extend credit may expire without being drawn upon. Such commitments are subject to the same credit policies and approval process accorded to loans Wolverine makes.

Contractual Obligations. In the ordinary course of Wolverine's operations, it enters into certain contractual obligations. Such obligations include data processing services, operating leases for premises and equipment, agreements with respect to borrowed funds and deposit liabilities.

Impact of Inflation and Changing Prices

Wolverine's financial statements and related notes have been prepared in accordance with U.S. GAAP. U.S. GAAP generally requires the measurement of financial position and operating results in terms of historical dollars without consideration of changes in the relative purchasing power of money over time due to inflation. The impact of inflation is reflected in the increased cost of Wolverine's operations. Unlike industrial companies, Wolverine's assets and liabilities are primarily monetary in nature. As a result, changes in market interest rates have a greater impact on performance than the effects of inflation.

Table of Contents***Executive Compensation***

The following table presents information for compensation earned by, awarded to, or paid to Mr. Blackhurst for the fiscal year ended December 31, 2016:

Name	Fees Earned or Paid in Cash (\$)	Option Awards⁽¹⁾⁽²⁾ (\$)	Total (\$)
Eric P. Blackhurst	28,500	14,325	42,825

(1) The amount represents the aggregate grant date fair value for outstanding stock option awards granted during 2016 computed in accordance with Financial Accounting Standards Board Accounting Standards Classification Topic 718. The assumptions used to determine the value of stock option awards are described in Note 14 of the notes to the consolidated financial statements of Wolverine for the year ended December 31, 2016 included in this document. Amounts reported are grant date fair values computed based upon the Black-Scholes option valuation model, which estimated the present dollar value of Wolverine's stock options at the time of the grant. The actual value, if any, that may be realized will depend on the excess of the stock price over the exercise price on the date the option is exercised. Therefore, there is no assurance that the value realized by Mr. Blackhurst will be at or near the value shown above.

(2) As of December 31, 2016, Mr. Blackhurst held 9,006 unvested stock options.

Each person who serves as a director of Wolverine also serves as a director of Wolverine Bank and earns director and committee fees only in his or her capacity as a board or committee member of Wolverine Bank.

Each individual who serves as a director of Wolverine Bank earns an annual retainer, attendance and committee fees. For the year ended December 31, 2016, an annual retainer of \$17,500 was paid to each director. In addition, each director was paid a fee of \$750 for each board meeting attended. Additionally, for each committee meeting attended, each director was paid a fee of \$1,500 if the director served as chairperson of the committee or \$750 if the director served as a member of the committee.

Transactions With Certain Related Persons

In the ordinary course of business, Wolverine Bank makes loans available to its directors, officers and employees. These loans are made in the ordinary course of business on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable loans to other borrowers not related to Wolverine Bank. Management of Wolverine Bank believes that these loans neither involve more than the normal risk of collectability nor present other unfavorable features.

The Sarbanes-Oxley Act of 2002 generally prohibits a public company from making loans to its executive officers and directors, but it contains a specific exemption from such prohibition for loans made by a federally insured financial institution such as Wolverine Bank to Wolverine's executive officers and directors in compliance with federal banking regulations. As of the date of this document, all of Wolverine Bank's loans to directors and executive officers, including loans to Mr. Blackhurst, were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans to persons not related to Wolverine Bank, and did not involve more than the normal risk of collectability or present other unfavorable features.

NON-BINDING ADVISORY VOTE ON MERGER-RELATED COMPENSATION

(PROPOSAL NO. 2)

As required by Section 14A of the Exchange Act and Rule 14a-21(c) promulgated thereunder, Wolverine is required to submit a proposal to its stockholders for a non-binding advisory vote to approve the payment of certain compensation to the named executive officers of Wolverine that is based on or otherwise relates to the merger. This proposal gives Wolverine stockholders the opportunity to express their views on the compensation that Wolverine's named executive officers may be entitled to receive that is based on or otherwise relates to the merger.

The compensation that Wolverine's named executive officers may be entitled to receive that is based on or otherwise relates to the merger is summarized in *Interests of Certain Directors and Officers of Wolverine in the Merger*, beginning on page 80. This summary and the related table include all compensation and benefits that may be paid or provided in connection with the completion of the merger.

Therefore, Wolverine is requesting the approval of Wolverine's stockholders, on a non-binding advisory basis, of the compensation of the named executive officers of Wolverine based on or related to the merger and the agreements and understandings concerning such compensation. As required by Rule 14a-21(c) of the Exchange Act, Wolverine is asking its stockholders to adopt the following resolution:

RESOLVED, that the compensation to be paid or become payable to the named executive officers of Wolverine Bancorp, Inc. that is based on or otherwise relates to the merger of Wolverine Bancorp, Inc. with and into Horizon Bancorp, and the agreements and understandings concerning such compensation, as disclosed in the section captioned *Interests of Certain Directors and Officers of Wolverine in the Merger* beginning on page 80 and the related table and narratives pursuant to Item 402(t) of Regulation S-K and the associated narrative discussion, are hereby APPROVED.

The vote on this Proposal 2 is a vote separate and apart from the vote on Proposal 1 to approve and adopt the Merger Agreement. Accordingly, you may vote to approve this Merger-Related Compensation Proposal and vote not to approve Proposal 1 on the Merger Agreement and vice versa. Because the proposal is advisory in nature only, a vote for or against approval will not be binding on either Wolverine or Horizon regardless of whether the merger is approved. Accordingly, as the compensation to be paid to the named executive officers of Wolverine based on or related to the merger is contractual with the executives, regardless of the outcome of this vote, such compensation will be payable, subject only to the conditions applicable thereto, if the merger is completed. This proposal includes compensation that would be paid or provided by Wolverine if paid or provided prior to or upon the closing of the merger, and which would be paid or provided by Horizon if paid or provided following closing of the merger. If the merger is not completed, Wolverine's board of directors will consider the results of the vote in making future executive compensation decisions.

For the Merger-Related Compensation Proposal to be approved, more votes must be cast by Wolverine's stockholders in favor of the proposal than are cast against it. Abstentions and broker non-votes will not be included in the vote count and will have no effect on the outcome of the proposal.

Wolverine's board of directors unanimously recommends that stockholders vote FOR the approval of the non-binding advisory resolution approving the merger-related compensation of Wolverine's named executive officers, and the agreements or understandings concerning such compensation.

ADJOURNMENT OF THE SPECIAL MEETING

(PROPOSAL NO. 3)

In addition to the proposal to approve the Merger Agreement, the stockholders of Wolverine also are being asked to approve a proposal to adjourn or postpone the Special Meeting to permit further solicitation of proxies in the event that an insufficient number of shares is present in person or by proxy to approve the Merger Agreement.

A majority of the outstanding shares of Wolverine common stock is required to be represented at the Special Meeting, in person or by proxy, for a quorum to be present. In the event that stockholder participation at the Special Meeting is lower than expected, Wolverine would like the flexibility to postpone or adjourn the meeting in order to attempt to secure broader shareholder participation. If Wolverine desires to adjourn the Special Meeting, Wolverine will request a motion that the Special Meeting be adjourned, and delay the vote on the Merger Agreement proposal described herein until the Special Meeting is reconvened. If Wolverine adjourns the Special Meeting for 30 days or less, Wolverine will not set a new record date and will announce prior to adjournment the date, time, and location at which the Special Meeting will be reconvened. No other notice will be provided. Unless revoked prior to its use, any proxy solicited for the Special Meeting will continue to be valid for any adjourned or postponed Special Meeting, and will be voted in accordance with the shareholder's instructions and, if no contrary instructions are given, for the Merger Agreement proposal.

Any adjournment will permit Wolverine to solicit additional proxies and will permit a greater expression of the views of Wolverine's stockholders with respect to the merger. Such an adjournment would be disadvantageous to stockholders who are against the proposal to approve the Merger Agreement because an adjournment will give Wolverine additional time to solicit favorable votes and increase the chances of approving that proposal. Wolverine has no reason to believe that an adjournment of the Special Meeting will be necessary at this time.

Wolverine's board of directors recommends that shareholders vote FOR the proposal to adjourn or postpone the Special Meeting, if necessary.

regularly scheduled 2018 annual meeting of stockholders, stockholder proposals must be submitted in writing by November 17, 2017, to Horizon's Secretary, 515 Franklin Square, Michigan City, Indiana 46360, which date is 120 calendar days before the anniversary date of the release of the proxy statement relating to Horizon's 2017 Annual Meeting. If notice of any other stockholder proposal intended to be presented at the 2018 annual meeting is not received by Horizon on or before November 17, 2017, the proxy solicited by the Horizon board of directors for use in connection with that meeting may confer authority on the proxies to vote in their discretion on such proposal, without any discussion in the Horizon proxy statement for that meeting of either the proposal or how such proxies intend to exercise their voting discretion. Any such proposals will be subject to the requirements of the proxy rules and regulations adopted under the Securities Exchange Act of 1934, as amended. If the date of the 2018 annual meeting is changed, the dates set forth above may change.

Horizon's Bylaws also provide that a stockholder wishing to nominate a candidate for election as a director or to have any other matter considered by the stockholders at the annual meeting must give Horizon written notice of the nomination not fewer than 120 days in advance of the date that Horizon's proxy statement was released to stockholders in connection with the previous year's annual meeting, which nomination or proposal date for the 2018 annual meeting is November 17, 2017. Stockholder nominations must include the detailed information about the nominee required by the Bylaws and also must comply with the other requirements set forth in the Bylaws. Proposals to bring other matters before the stockholders must include a brief description of the proposal and the other information required by the Bylaws. Copies of the Bylaws are available to stockholders free of charge upon request to Horizon's Secretary.

Wolverine

If the merger occurs, there will be no Wolverine annual meeting of stockholders for 2018 or thereafter. In that case, stockholder proposals must be submitted to Horizon in accordance with the procedures described above. If the merger is not completed, Wolverine will provide notice of the record date and annual meeting date for its 2018 annual stockholders meeting.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

(Amounts in Thousands, except per share amounts)

Note 1: Basis of Presentation

The unaudited condensed consolidated financial statements of Wolverine Bancorp, Inc. (the Company), the holding company of Wolverine Bank (the Bank), have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for interim financial information and the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) believed necessary for a fair presentation have been included. The condensed consolidated balance sheet of the Company as of December 31, 2016 has been derived from the audited consolidated balance sheet of the Company as of that date. Operating results for the three and six month periods ended June 30, 2017 are not necessarily indicative of the results that may be expected for the year ending December 31, 2017 or for any other period. These consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto filed as part of our Annual Report on Form 10-K as filed with the Securities and Exchange Commission on March 31, 2017.

Note 2: Accounting Developments

FASB Accounting Standards Update No. 2017-09, Compensation – Stock Compensation (Topic 718), Scope Modification

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2017-09, *Compensation – Stock Compensation (Topic 718), Scope of Modification Accounting*. These amendments provide guidance on determining which changes to the terms and conditions of share-based payment awards require an entity to apply modification accounting under Topic 718. The guidance is effective for public business entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2017. Early adoption is permitted, including adoption in an interim period. The amendments should be applied on a prospective basis to an award modified on or after the adoption date. The Company is assessing the impact of ASU 2017-09 and does not expect it to have a material impact on its accounting and disclosures.

FASB ASU No. 2017-08, Receivable – Nonrefundable Fees and Other Costs (Subtopic 310-20)

The FASB issued ASU No. 2017-08, *Receivables – Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization on Purchased Callable Debt Securities*. The guidance provides amendments to shorten the amortization period for certain callable debt securities held at a premium. Specifically, the amendments require the premium to be amortized to the earliest call date. These amendments do not require an accounting change for securities held at a discount; the discount continues to be amortized to maturity.

The guidance is effective for public business entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Early adoption is permitted, including adoption in an interim period. If an entity early adopts in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that

includes that interim period. The amendments should be applied on a modified retrospective basis, with a cumulative-effect adjustment directly to retained earnings as of the beginning of the period of adoption. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2017-04, Intangibles – Goodwill and Other (Topic 350)

The FASB has issued ASU No. 2017-04, *Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment*. The new guidance is intended to simplify the subsequent measurement of goodwill by eliminating Step 2 from the goodwill impairment test.

Table of Contents

Wolverine Bancorp, Inc.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

(Amounts in Thousands, except per share amounts)

The annual, or interim, goodwill impairment test is performed by comparing the fair value of a reporting unit with its carrying amount. An impairment charge should be recognized for the amount by which the carrying amount exceeds the reporting unit's fair value; however, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit.

In addition, the income tax effects of tax deductible goodwill on the carrying amount of the reporting unit should be considered when measuring the goodwill impairment loss, if applicable. The amendments also eliminate the requirements for any reporting unit with a zero or negative carrying amount to perform Step 2 of the goodwill impairment test. An entity still has the option to perform the qualitative assessment for a reporting unit to determine if the qualitative impairment test is necessary. The amendments should be applied on a prospective basis. The nature of and reason for the change in accounting principle should be disclosed upon transition.

The amendments in this update should be adopted for annual or any interim goodwill impairment tests in fiscal years beginning after December 15, 2019. Early adoption is permitted on testing dates after January 1, 2017. The Company does not expect adoption of this ASU to have a material impact on its consolidated financial statements.

FASB ASU No. 2017-01, Business Combinations (Topic 805)

The FASB has issued ASU No. 2017-01, *Business Combinations (Topic 805): Clarifying the Definition of a Business*. The amendments in this update provide a more robust framework to use in determining when a set of assets and activities is a business. Because the current definition of a business is interpreted broadly and can be difficult to apply, stakeholders indicated that analyzing transactions is inefficient and costly and that the definition does not permit the use of reasonable judgment. The amendments provide more consistency in applying the guidance, reduce the costs of application, and make the definition of a business more operable.

The amendments in this update become effective for annual periods and interim periods within those annual periods beginning after December 15, 2017. We are currently evaluating the impact of adopting the new guidance on the consolidated financial statements, but it is not expected to have a material impact.

FASB ASU No. 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (a consensus of the Emerging Issues Task Force)

The FASB has issued ASU No. 2016-15, *Statement of Cash Flows (Topic 230)*. This update addresses eight specific cash flow issues with the objective of reducing the existing diversity in practice of how certain cash receipts and cash payments are presented and classified in the statement of cash flow. In November 2016, the FASB issued ASU No. 2016-18, which gave clarification on how restricted cash was to be presented in the cash flow statement.

The amendments are effective for public business entities for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. Early adoption

is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments

The FASB has issued ASU No. 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The main objective of this amendment is to provide

Table of Contents

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

(Amounts in Thousands, except per share amounts)

financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date.

The ASU requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Financial institutions and other organizations will now use forward-looking information to better inform their credit loss estimates.

Many of the loss estimation techniques applied today will still be permitted, although the inputs to those techniques will change to reflect the full amount of expected credit losses. Organizations will continue to use judgment to determine which loss estimation method is appropriate for their circumstances.

The ASU requires enhanced disclosures to help investors and other financial statement users better understand significant estimates and judgments used in estimating credit losses, as well as the credit quality and underwriting standards of an organization's portfolio. These disclosures include qualitative and quantitative requirements that provide additional information about the amounts recorded in the financial statements.

In addition, the ASU amends the accounting for credit losses on available-for-sale debt securities and purchased financial assets with credit deterioration.

For public business entities that are U.S. Securities and Exchange Commission (SEC) filers, the amendments in this Update are effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. For all other public business entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2020, including interim periods within those fiscal years. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021. All entities may adopt the amendments in this Update earlier as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. The Company will be evaluating the impact of adopting this ASU and has not determined the anticipated impact on the consolidated financial statements.

FASB ASU No. 2016-09, Compensation – Stock Compensation (Topic 718)

The FASB issued ASU No. 2016-09, *Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting*.

The ASU is intended to improve the accounting for employee share-based payments and affects all organizations that issue share-based payment awards to their employees. Several aspects of the accounting for share-based payment award transactions are simplified, including the income tax consequences, the classification of awards as either equity or liabilities, and the classification on the statement of cash flows.

For public business entities, the amendments became effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods. For all other entities, the amendments are effective for annual periods beginning after December 15, 2017, and interim periods within annual periods beginning after December 15, 2018. Early adoption is permitted for any entity in any interim or annual period. The amendments in this update became effective for the Company on January 1, 2017 and did not have a material impact on the consolidated financial statements.

FASB ASU No. 2016-08, 2016-10, 2016-12, Revenue from Contracts with Customers (Topic 606)

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. In March 2016, the FASB issued ASU 2016-08, *Principal versus Agent Considerations (Reporting Revenue Gross versus Net)*, which clarifies the guidance in determining revenue

(Amounts in Thousands, except per share amounts)

recognition as principal versus agent. In April 2016, the FASB issued ASU 2016-10, *Identifying Performance Obligations and Licensing*, which provides guidance in accounting for immaterial performance obligations and shipping and handling. In May 2016, the FASB issued ASU 2016-12, *Narrow-Scope Improvements and Practical Expedients*, which provides clarification on assessing the collectability criterion, presentation of sales taxes, measurement date for noncash consideration and completed contracts at transition. This ASU also provides a practical expedient for contract modifications.

For public business entities, the amendments are effective for annual reporting periods beginning after December 15, 2017, including interim reporting periods with that reporting period, as deferred by ASU 2015-14. Early application is permitted as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within the reporting period.

All other entities should apply the guidance to annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019. Early application is permitted for all other entities as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within annual reporting periods beginning one year after the annual reporting period in which the entity first applies the guidance in Update 2014-09. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2016-07, Investments – Equity Method and Joint Ventures (Topic 323)

In March 2016, the FASB issued ASU 2016-07, *Investments – Equity Method and Joint Ventures: Simplifying the Transition to the Equity Method of Accounting*. The amendments eliminate the requirement that when an investment qualifies for use of the equity method as a result of an increase in the level of ownership interest or degree of influence, an investor must adjust the investment, results of operations, and retained earnings retroactively on a step-by-step basis as if the equity method had been in effect during all previous periods that the investment had been held.

The amendments require that the equity method investor add the cost of acquiring the additional interest in the investee to the current basis of the investor's previously held interest and adopt the equity method of accounting as of the date the investment becomes qualified for equity method accounting. Therefore, upon qualifying for the equity method of accounting, no retroactive adjustment of the investment is required.

The amendments require that an entity that has an available-for-sale equity security that becomes qualified for the equity method of accounting recognize through earnings the unrealized holding gain or loss in accumulated other comprehensive income at the date the investment becomes qualified for use of the equity method.

The amendments became effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016. The amendments were applied prospectively upon their effective date to increases in the level of ownership interest or degree of influence that result in the adoption of the equity method. Adoption of

the ASU did not have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2016-06, Derivatives and Hedging (Topic 815): Contingent Put and Call Options in Debt Instruments

The FASB has issued ASU No. 2016-05, *Derivatives and Hedging (Topic 815): Effect of Derivative Contract Novations and Existing Hedge Accounting Relationships*. The amendments apply to all reporting entities for which there is a change in the counterparty to a derivative instrument that has been designated as a hedging instrument.

The amendments clarify what steps are required when assessing whether the economic characteristics and risks of call (put) options are clearly and closely related to the economic characteristics and risks of their

debt hosts, which is one of the criteria for bifurcating an embedded derivative. Consequently, when a call (put) option is contingently exercisable, an entity does not have to assess whether the event that triggers the ability to exercise a call (put) option is related to interest rates or credit risks.

This standard became effective for public business entities for fiscal year beginning after December 15, 2016 including interim periods within those fiscal years. Nonpublic business entities should apply the amendments for fiscal years beginning after December 15, 2017, and interim periods within fiscal years beginning after December 15, 2018. Early application is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. Adoption of the ASU did not have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2016-02 Leases (Topic 842)

The FASB has issued ASU No. 2016-02, *Leases*. Under the new guidance, lessees will be required to recognize the following for all leases (with the exception of short-term leases) at the commencement date:

A lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and

A right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term.

Under the new guidance, lessor accounting is largely unchanged. Certain targeted improvements were made to align, where necessary, lessor accounting with the lessee accounting model and Topic 606, *Revenue from Contracts with Customers*.

The new lease guidance simplified the accounting for sale and leaseback transactions primarily because lessees must recognize lease assets and lease liabilities. Lessees will no longer be provided with a source of off-balance sheet financing.

This standard will be effective for public business entities for fiscal year beginning after December 15, 2018 including interim periods within those fiscal years. Nonpublic business entities should apply the amendments for fiscal years beginning after December 15, 2019 and interim periods within fiscal years beginning after December 15, 2020.

Early application is permitted for all business entities upon issuance.

Lessees (for capital and operating leases) and lessors (for sales-type, direct financing and operating leases) must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements.

The modified retrospective approach would not require any transition accounting for leases that expired before the earliest comparative period presented. Lessees and lessors may not apply a full retrospective transition approach.

Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

**FASB Accounting Standards Updates No. 2016-01, *Financial Instruments – Overall* (Subtopic 825-10):
*Recognition and Measurement of Financial Assets and Financial Liabilities***

The FASB has issued ASU No. 2016-01, *Financial Instruments – Overall* (Subtopic 825-10): *Recognition and Measurement of Financial Assets and Financial Liabilities*. The new guidance is intended to improve the recognition and measurement of financial instruments. The ASU affects public and private companies, not-for-profit organizations, and employee benefit plans that hold financial assets or owe financial liabilities.

The new guidance makes targeted improvements to existing U.S. GAAP by:

Requiring equity investments (except those accounted for under the equity method of accounting, or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income;

Requiring public business entities to use the exit price notion when measuring the fair value of financial instruments for disclosure purposes;

Requiring separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (i.e., securities or loans and receivables) on the balance sheet or the accompanying notes to the financial statements;

Eliminating the requirement to disclose the fair value of financial instruments measured at amortized cost for organizations that are not public business entities;

Eliminating the requirement for public business entities to disclose the method(s) and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet; and

Requiring a reporting organization to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk (also referred to as own credit) when the organization has elected to measure the liability at fair value in accordance with the fair value option for financial instruments.

The new guidance is effective for public companies for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The new guidance permits early adoption of the own credit provision. In addition, the new guidance permits early adoption of the provision that exempts private companies and not-for-profit organizations from having to disclose fair value information about financial instruments measured at amortized cost. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

Note 3: Securities

Undisbursed portion of loan	6,287	5,819
Allowance for loan losses	7,288	9,326
Net Loans	\$ 314,432	\$ 320,606

The risk characteristics of each loan portfolio segment are as follows:**1-4 family, home equity, and consumer**

With respect to residential loans that are secured by one-to four-family residences and are primarily owner-occupied, we generally establish a maximum loan-to-value ratio and require Private Mortgage Insurance (PMI) if that ratio is exceeded. Home equity loans are typically secured by a subordinate interest in one-to four-family residences, and consumer loans are typically secured by consumer assets such as automobiles or recreational vehicles. Some consumer loans are unsecured such as small installment loans. Repayment of these loans is primarily dependent on the personal income of the borrowers, which can be impacted by economic conditions in their market areas such as unemployment levels. Repayment can also be impacted by changes in property values on residential properties.

Home equity loans secured by second mortgages have greater risk than one- to four-family residential mortgage loans secured by first mortgages. We face the risk that the collateral will be insufficient to compensate us for loan losses and costs of foreclosure. When customers default on their loans, we attempt to foreclose on the property and resell the

property as soon as possible to minimize foreclosure and carrying costs. However, the value of the collateral may not be sufficient to compensate us for the amount of the unpaid loan and we may be unsuccessful in recovering the remaining balance from those customers.

Particularly with respect to our home equity loans, decreases in real estate values could adversely affect the value of property used as collateral for our loans.

Consumer and other loans generally have greater risk compared to longer-term loans secured by improved, owner-occupied real estate, particularly consumer loans that are secured by rapidly depreciable assets, such as automobiles. In these cases, any repossessed collateral for a defaulted loan may not provide an adequate source of repayment of the outstanding loan balance. As a result, consumer loan collections are dependent on the borrower's continuing financial stability and thus are more likely to be adversely affected by job loss, divorce, illness or personal bankruptcy.

Commercial real estate and multifamily

Commercial real estate and multifamily loans generally have greater credit risk than the owner-occupied one- to four-family residential mortgage loans that we originate for retention in our loan portfolio. Repayment of these loans generally depends, in large part, on sufficient income from the property securing the loan or the borrower's business to cover operating expenses and debt service. These types of loans typically involve larger loan balances to single borrowers or groups of related borrowers compared to one- to four-family residential mortgage loans. Changes in economic conditions that are beyond the control of the borrower may affect the value of the security for the loan, the future cash flow of the affected property or business, or the marketability of a construction project with respect to loans originated for the acquisition and development of property. Additionally, due to declining property values in our primary market area and in Michigan, the loan to value ratios of many of our commercial real estate and multifamily loans have increased significantly from the loan to value ratios that were assigned to these loans at the time of origination.

Land

Land loans generally have greater credit risk than the owner-occupied one-to four-family residential mortgage loans that we originate for retention in our portfolio. Repayment of these loans generally depends, in large part, on the sale of the land. The sale of land can either take place when the land is undeveloped or developed. Generally, other cash flow sources of the borrower are utilized to make additional payments on land loans. Changes in economic conditions that are beyond the control of the borrower may affect the value of the security for the loan, the future cash flow of the affected property or business, or the marketability of a construction project with respect to loans originated for the acquisition and development of property. Additionally, due to declining property values in our primary market area and in Michigan, the loan to value ratios of many of our land loans have increased significantly from the loan to value ratios that were assigned to these loans at the time of origination.

Construction

Construction loans include those for one- to four-family residential properties and commercial properties, including multifamily loans and commercial mixed-use buildings and homes built by developers on speculation. With respect to construction loans for one- to four-family residential properties and which are primarily owner-occupied, we generally establish a maximum loan-to-value ratio and require PMI if that ratio is exceeded. These are generally interest-only loans during the construction period which typically does not exceed nine months.

Construction loans for commercial real estate are made in accordance with a schedule reflecting the cost of construction, and are generally limited to a 75% loan-to-completed appraised value ratio. For all construction loans, we generally require that a commitment for permanent financing be in place prior to closing the construction loan

Repayment of one-to four-family residential property loans is primarily dependent on the personal income of the borrowers, which can be impacted by economic conditions in their market areas such as unemployment levels.

Repayment of commercial property loans and homes built by developers on speculation is normally expected from the property's eventual rental income, income from the borrower's operations, the personal resources of the guarantor, or the sale of the subject property. Generally, before making a commitment to fund a construction loan, we require an appraisal of the property by a state-certified or state-licensed appraiser. We generally review and inspect properties before disbursement of funds during the term of the construction loan.

Construction financing generally involves greater credit risk than long-term financing on improved, owner-occupied real estate. Risk of loss on a construction loan depends largely upon the accuracy of the initial

Table of Contents

Wolverine Bancorp, Inc.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

(Amounts in Thousands, except per share amounts)

estimate of the value of the property at completion of construction compared to the estimated cost (including interest) of construction and other assumptions. If the estimate of construction cost is inaccurate, we may be required to advance additional funds beyond the amount originally committed in order to protect the value of the property. Moreover, if the estimated value of the completed project is inaccurate, the borrower may hold a property with a value that is insufficient to assure full repayment of the construction loan upon the sale of the property. Construction loans also expose us to the risk that improvements will not be completed on time in accordance with specifications and projected costs. In addition, the ultimate sale or rental of the property may not occur as anticipated.

Commercial non-mortgage

Commercial non-mortgage loans generally have a greater credit risk than residential mortgage loans. Unlike residential mortgage loans, which generally are made on the basis of the borrower's ability to make repayment from his or her employment and other income, and which are secured by real property whose value tends to be more easily ascertainable, commercial non-mortgage loans are of higher risk and typically are made on the basis of the borrower's ability to make repayment from the cash flow of the borrower's business.

As a result, the availability of funds for the repayment of commercial non-mortgage loans may be substantially dependent on the success of the business itself. Further, the collateral securing the loans may depreciate over time, may be difficult to appraise and may fluctuate in value based on the success of the business. In determining the appropriate level of allowance for loan loss, we analyze various components of our portfolio. The following components are analyzed: all substandard loans on an individual basis; all loans that are designated special mention or closely monitored; loans not classified according to purpose or collateral type; and overdrawn deposit account balances.

We also factor in historical loss experience and qualitative considerations, including trends in charge offs and recoveries; trends in delinquencies and impaired/classified loans; effects of credit concentrations; changes in underwriting standards and loan review system; experience in lending staff; current industry conditions; and current market conditions.

Consistent with regulatory guidance, charge offs on all loan segments are taken when specific loans, or portions thereof, are considered uncollectible. Our policy is to promptly charge these loans off in the period the uncollectible loss is reasonably determined.

For all loan portfolio segments except one-to-four family residential loans and consumer loans, we promptly charge off loans, or portions thereof, when available information confirms that specific loans are uncollectible based on information that includes, but is not limited to, (1) the deteriorating financial condition of the borrower, (2) declining collateral values, and/or (3) legal action, including bankruptcy, that impairs the borrower's ability to adequately meet its obligations. For impaired loans that are considered to be solely collateral dependent, a partial charge off is recorded when a loss has been confirmed by an updated appraisal or other appropriate valuation of the collateral.

We charge off one-to-four family residential and consumer loans, or portions thereof, when we reasonably determine the amount of the loss. We adhere to timeframes established by applicable regulatory guidance which provides for the charge off of one-to-four family first and junior lien mortgages to the net realizable value less costs to sell when the loan is more than 180 days past due, charge off of unsecured open-end loans when the loan is more than 180 days past due, and charge down to the net realizable value when other secured loans are more than 120 days past due. Loans at these respective delinquency thresholds for which we can clearly document that the loan is both well-secured and in the process of collection, such that collection will occur regardless of delinquency status, need not be charged off.

We categorize loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, credit documentation and current economic trends, among other factors. We analyze loans individually by classifying the loans as to credit risk. This analysis is performed during the loan approval process and is updated as circumstances warrant.

The Pass asset quality rating encompasses assets that have performed as expected. These assets generally do not have delinquency or servicing issues. Loans assigned this rating include loans to borrowers possessing solid credit quality with acceptable risk. Borrowers in these grades are differentiated from higher grades on the basis of size (capital and/or revenue), leverage, asset quality, stability of the industry or specific market area and quality/coverage of collateral. These borrowers generally have a history of consistent earnings and reasonable leverage.

The Closely Monitored asset quality rating encompasses assets that have been brought to the attention of management and may, if not corrected, warrant a more serious quality rating by management. These assets are usually in the first phase of a deficiency situation and may possess similar criteria as Special Mention assets. This grade includes loans to borrowers which require special monitoring because of deteriorating financial results, declining credit ratings,

decreasing cash flow, increasing leverage, marginal collateral coverage or industry stress that has resulted or may result in a changing overall risk profile.

The Special Mention asset quality rating encompasses assets that have potential weaknesses that deserve management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the asset or in the institution's credit position at some future date. Special mention assets are not adversely classified and do not expose an institution to sufficient risk to warrant adverse classification. This grade is intended to include loans to borrowers whose credit quality has clearly deteriorated and where risk of further decline is possible unless active measures are taken to correct the situation. Weaknesses are considered potential at this state and are not yet fully defined.

The Substandard asset quality rating encompasses assets that are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any; assets having a well-defined

weakness(es) based upon objective evidence; assets characterized by the distinct possibility that we will sustain some loss if the deficiencies are not corrected; or the possibility that liquidation will not be timely. Loans categorized in this grade possess a well-defined credit weakness and the likelihood of repayment from the primary source is uncertain. Significant financial deterioration has occurred and very close attention is warranted to ensure the full repayment without loss. Collateral coverage may be marginal and the accrual of interest has been suspended.

The Doubtful asset quality rating encompasses assets that have all of the weaknesses of those classified as Substandard. In addition, these weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions and values, highly questionable and improbable.

The Loss asset quality rating encompasses assets that are considered uncollectible and of such little value that their continuance as assets of the Bank is not warranted. A loss classification does not mean that an asset has no recovery or salvage value; instead, it means that it is not practical or desirable to defer writing off or reserving all or a portion of a basically worthless asset, even though partial recovery may be realized in the future.

The accrual of interest is discontinued on all loan classes at the time the loan is 90 days past due unless the credit is well-secured and in process of collection. In all cases, loans are placed on nonaccrual or charged off at an earlier date if collection of principal or interest is considered doubtful. The entire balance of a loan is considered delinquent if the minimum payment contractually required to be made is not received by the specified due date.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

(Amounts in Thousands, except per share amounts)

All interest accrued but not collected for loans that are placed on nonaccrual or charged off is reversed against interest income. Subsequent payments on non-accrual loans are recorded as a reduction of principal, and interest income is recorded only after principal recovery is reasonably assured. Nonaccrual loans are returned to accrual status when, in the opinion of management, the financial position of the borrower indicates there is no longer any reasonable doubt as to the timely collection of interest or principal. We generally require a period of satisfactory performance of not less than six months before returning a nonaccrual loan to accrual status.

A loan is considered impaired, in accordance with the impairment accounting guidance (ASC 310-10-35-16), when based on current information and events, it is probable we will be unable to collect all amounts due from the borrower in accordance with the contractual terms of the loan. Impaired loans include non-performing commercial loans but also include loans modified in troubled debt restructurings where concessions have been granted to borrowers experiencing financial difficulties.

These concessions could include a reduction in the interest rate on the loan, payment extensions, forgiveness of principal, forbearance or other actions intended to maximize collection. Interest income on loans individually classified as impaired is recognized on a cash basis after all past due and current principal payments have been made.

Interest payments on impaired loans are typically applied to principal unless collectability of the principal amount is reasonably assumed, in which case interest is recognized on a cash basis and is reasonable compared to interest income noted above.

Troubled Debt Restructuring (TDR)

We may grant a concession or modification for economic or legal reasons related to a borrower's financial condition that we would not otherwise consider resulting in a modified loan which is then identified as a troubled debt restructuring. We may modify loans through rate reductions, short-term extensions of maturity, interest only payments, or payment modifications to better match the timing of cash flows due under the modified terms with the cash flows from the borrower's operations. Loan modifications are intended to minimize the economic loss and to avoid foreclosure or repossession of the collateral.

We identify loans for potential restructure primarily through direct communication with the borrower and evaluation of the borrower's financial statements, revenue projections, tax returns, and credit reports. Even if

Table of Contents

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

(Amounts in Thousands, except per share amounts)

the borrower is not presently in default, management will consider the likelihood that cash flow shortages, adverse economic conditions, and negative trends may result in a payment default in the near future.

For one-to-four family residential and home equity lines of credit, a restructure often occurs with past due loans and may be offered as an alternative to foreclosure. There are other situations where borrowers, who are not past due, experience a sudden job loss, become over-extended with credit obligations, or other problems, have indicated that they will be unable to make the required monthly payment and request payment relief.

When considering a loan restructure, management will determine if: (i) the financial distress is short or long term; (ii) loan concessions are necessary; and (iii) the restructure is a viable solution.

When a loan is restructured, the new terms often require a reduced monthly debt service payment. No TDRs that were on non-accrual status at the time the concessions were granted have been returned to accrual status. For commercial loans, management completes an analysis of the operating entity's ability to repay the debt. If the operating entity is capable of servicing the new debt service requirements and the underlying collateral value is believed to be sufficient to repay the debt in the event of a future default, the new loan can be placed on accrual status after six months of performance with the new loan terms. To date, there have been no commercial loans restructured and immediately placed on accrual status after the execution of the TDR.

For retail loans, an analysis of the individual's ability to service the new required payments is performed. If the borrower is capable of servicing the newly restructured debt and the underlying collateral value is believed to be sufficient to repay the debt in the event of a future default, the new loan can be placed on accrual status after six months of performance to the new loan terms. The reason for the TDR is also considered, such as paying past due real estate taxes or payments caused by a temporary job loss, when determining whether a retail TDR loan could be returned to accrual status. Retail TDRs remain on nonaccrual status until sufficient payments have been made to bring the past due principal and interest current and/or after six months of performance to the new loan terms at which point the loan could be transferred to accrual status.

There were no TDRs that had payment defaults during the six months ended June 30, 2017. Default occurs when a TDR is 90 days or more past due, transferred to nonaccrual status, or transferred to other real estate owned within twelve months of restructuring.

Management monitors the TDRs based on the type of modification or concession granted to the borrower. These types of modifications may include rate reductions, payment/term extensions, forgiveness of principal, forbearance, and other applicable actions. Management predominantly utilizes rate reductions and lower monthly payments, either from a longer amortization period or interest only repayment schedule, because these concessions provide needed payment relief without risking the loss of principal. Management will also agree to a forbearance agreement when it is deemed appropriate to avoid foreclosure.

The following table summarizes the loans that were restructured as TDRs during the three and six months ended June 30, 2017 and 2016:

	Three months ended June 30, 2017			Six months ended June 30, 2017

Note 5: Disclosures About Fair Value of Assets and Liabilities

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value on a nonrecurring basis and recognized in the accompanying condensed consolidated balance sheets, as well as the general classification of such assets under the valuation hierarchy. We have no assets or liabilities measured at fair value on a recurring basis and no liabilities measured at fair value on a nonrecurring basis.

Recurring and Nonrecurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying consolidated balance sheets measured at fair value on a nonrecurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2017 and December 31, 2016.

Collateral-dependent Impaired Loans

The estimated fair value of collateral-dependent impaired loans is based on the appraised fair value of the collateral, less estimated cost to sell. Collateral-dependent impaired loans are classified within Level 3 of the fair value hierarchy.

The Company considers the appraisal or an evaluation as the starting point for determining fair value and then considers other factors and events in the environment that may affect the fair value. Appraisals of the collateral underlying collateral-dependent loans are obtained when the loan is determined to be collateral-dependent or subsequently as deemed necessary and approved by management. Appraisals are reviewed for accuracy and consistency by the Credit Analysis department. Typically, appraisers are selected from the list of approved appraisers maintained by the Underwriting department. The appraised values may be reduced by discounts to consider a lack of marketability or estimated cost to sell if repayment or satisfaction of the loan is dependent on the sale of the collateral. These discounts and estimates are developed by the Credit Analysis department and approved by management.

Unobservable (Level 3) inputs

The following table presents quantitative information about unobservable inputs used in recurring and nonrecurring Level 3 fair value measurements other than goodwill at June 30, 2017 and December 31, 2016.

Fair Value of Financial Instruments

The following table presents estimated fair values of our financial instruments recognized in the accompanying consolidated balance sheets at amounts other than fair value at the individual dates. The fair values of certain instruments were calculated by discounting expected cash flows, which involves significant judgments by management and uncertainties. Because no market exists for certain financial instruments and because management does not intend to sell these financial instruments, we do not know whether the fair values shown below represent values at which the respective financial instruments could be sold individually or in the aggregate.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

(Amounts in Thousands, except per share amounts)

The following methods and assumptions were used to estimate the fair value of all other financial instruments recognized in the accompanying consolidated balance sheets at amounts other than fair value.

Cash and Cash Equivalents, Federal Home Loan Bank Stock, Federal Funds Purchased, Interest Receivable, and Interest Payable

The carrying amount approximates fair value.

Held to Maturity Securities

Fair values equal quoted market prices, if available. If quoted market prices are not available, fair value is estimated based on quoted market prices of similar securities.

Loans Held for Sale

Fair value of loans held for sale is estimated by discounting the future cash flows using the market rates at which similar loans would be made to borrowers with similar remaining maturities.

Loans

The fair value of loans is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities. Loans with similar characteristics were aggregated for purposes of the calculations.

Deposits

Deposits include demand deposits, savings accounts, checking accounts and certain money market deposits. The carrying amount approximates fair value. The fair value of fixed-maturity time deposits is estimated using a discounted cash flow calculation that applies the rates currently offered for deposits of similar remaining maturities.

Federal Home Loan Bank Advances

Rates currently available to us for debt with similar terms and remaining maturities are used to estimate the fair value of existing debt.

Commitments to Originate Loans, Letters of Credit and Lines of Credit

Loan commitments and letters-of-credit generally have short-term, variable rate features and contain clauses, which limit our exposure to changes in customer credit quality. Accordingly, their carrying values, which are immaterial at the respective balance sheet dates, are reasonable estimates of fair value.

Note 6: Earnings Per Share (In thousands except per share amounts)

Basic earnings per common share (EPS) excludes dilution and is computed by dividing net income applicable to common stock by the weighted average number of common shares outstanding for the year. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock (such as stock options) were exercised or converted into additional common shares that would then share in the earnings of the entity. Diluted EPS is computed by dividing net income applicable to common stock by the weighted average number of common shares outstanding for the year, plus an incremental number of common-equivalent shares computed using the treasury stock method.

Unvested share-based payment awards, which include the right to receive non-forfeitable dividends or dividend equivalents, are considered to participate with common stock in undistributed earnings for purposes of computing EPS. Accordingly, the Company is required to calculate basic and diluted EPS using the two-class method. Restricted stock awards granted by the Company are considered participating securities. Calculations of EPS under the two-class method (i) exclude from the numerator any dividends paid or owed on participating securities and any undistributed earnings considered to be attributable to participating securities and (ii) exclude from the denominator the dilutive impact of the participating securities.

Unearned ESOP shares, which are not vested and unvested restricted stock awards, are excluded from the computation of average shares outstanding.

Note 7: Share-Based Compensation

In May 2012, the Company's stockholders approved the Wolverine Bancorp, Inc. 2012 Equity Incentive Plan (Plan) which provides for awards of stock options and restricted stock to key officers and outside directors. The cost of the Plan is based on the fair value of the awards on the grant date. The fair value of restricted stock awards is based on the closing price of the Company's stock on the grant date. The fair value of stock options is estimated using a Black-Scholes option pricing model using assumptions for dividend yield, stock price volatility, risk-free interest rate, and option term. These assumptions are based on management's judgments regarding future events, are subjective in nature, and contain uncertainties inherent in an estimate. The cost of the awards are being recognized on a straight-line basis over the five-year vesting period during which participants are required to provide services in exchange for the awards.

Until such time as awards of stock are granted and vest or options are exercised, shares of the Company's common stock under the Plan shall be authorized but unissued shares. The maximum number of

shares authorized under the Plan is 351,050. Total shared-based compensation expense for the six months ended June 30, 2017 and 2016 was \$154 and \$173, respectively.

We have audited the accompanying consolidated balance sheets of Wolverine Bancorp, Inc. (Company) as of December 31, 2016 and 2015, and the related consolidated statements of income and comprehensive income, stockholders' equity and cash flows for the years then ended. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing auditing procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. Our audits also included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Wolverine Bancorp, Inc. as of December 31, 2016, and 2015, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Wolverine Bank (the *Bank*), a wholly owned subsidiary of Wolverine Bancorp, Inc. (the *Company*), is a federally chartered savings bank primarily engaged in providing a full range of banking and financial services to individual and business customers in the Great Lakes Bay Region and beyond. The Company is subject to competition from other financial institutions. The Company is subject to the regulation of the Federal Reserve Board and the Bank is subject to the regulation of the Officer of the Comptroller of the Currency, and both undergo periodic examinations.

The Bank's additional wholly owned subsidiaries, Wolserv Corporation, a Michigan corporation which has a membership interest in a title company, and Wolverine Commercial Holdings LLC, a Michigan LLC owned by Wolverine Bank which holds certain real estate, are included in the consolidated financial statements.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Material estimates that are particularly susceptible to significant change relate to the determination of the allowance for loan losses, valuation of real estate acquired in connection with foreclosures or in satisfaction of loans and financial instruments.

Cash Equivalents

We consider all liquid investments with original maturities of three months or less to be cash equivalents.

Securities

Held-to-maturity securities, which include any security for which we have the positive intent and ability to hold until maturity, are carried at historical cost adjusted for amortization of premiums and accretion of discounts.

Amortization of premiums and accretion of discounts are recorded as interest income from securities. Realized gains and losses are recorded as net security gains (losses). Gains and losses on securities are determined on the specific-identification method.

Loans Held for Sale

Mortgage loans originated and intended for sale in the secondary market are carried at the lower of cost or fair value in the aggregate. Net unrealized losses, if any, are recognized through a valuation allowance by charges to noninterest income. Gains and losses on loan sales are recorded in noninterest income, and direct loan origination costs and fees are deferred at origination of the loan and are recognized in noninterest income upon sale of the loan.

Notes to Consolidated Financial Statements

Loans

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or payoffs are reported at their outstanding principal balances adjusted for any charge-offs, the allowance for loan losses, any deferred fees or costs on originated loans and unamortized premiums or discounts on purchased loans. Interest income is reported on the interest method and includes amortization of net deferred loan fees and costs over the loan term. Generally, loans are placed on nonaccrual status at ninety days past due and interest is considered a loss, unless the loan is well-secured. Accrued interest for loans placed on nonaccrual status is reversed against interest income.

Allowance for Loan Losses

The allowance for loan losses is established as losses are estimated to have occurred through a provision for loan losses charged to income. Loan losses are charged against the allowance when management believes the uncollectability of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance for loan losses is evaluated on a regular basis by management and is based upon management's periodic review of the collectability of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

The allowance consists of allocated and general components. The allocated component relates to loans that are classified as impaired. For those loans that are classified as impaired, an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. The general component covers non-classified loans and is based on historical charge-off experience and expected loss given default derived from our internal risk rating process. Other adjustments may be made to the allowance for pools of loans after an assessment of internal or external influences on credit quality that are not fully reflected in the historical loss or risk rating data.

A loan is considered impaired when, based on current information and events, it is probable that we will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured on a loan-by-loan basis for commercial and construction loans by either the present value of

expected future cash flows discounted at the loan's effective interest rate, the loan's obtainable market price or the fair value of the collateral if the loan is collateral dependent.

Groups of loans with similar risk characteristics are collectively evaluated for impairment based on the group's historical loss experience adjusted for changes in trends, conditions and other relevant factors that affect repayment of the loans. Accordingly, we do not separately identify individual consumer and residential loans for impairment measurements, unless such loans are the subject of a restructuring agreement due to financial difficulties of the borrower.

Notes to Consolidated Financial Statements

December 31, 2016 and 2015

(Amounts in Thousands, except per share data)

Premises and Equipment

Depreciable assets are stated at cost less accumulated depreciation. Depreciation is charged to expense using the straight-line and accelerated methods over the estimated useful lives of the assets ranging from 3 to 39 years.

Federal Home Loan Bank Stock

Federal Home Loan Bank stock is a required investment for institutions that are members of the Federal Home Loan Bank system. The required investment in the common stock is based on a predetermined formula, carried at cost, and evaluated for impairment.

Real Estate Owned

Assets acquired through, or in lieu of, loan foreclosure are held for sale and are initially recorded at fair value less cost to sell at the date of foreclosure, establishing a new cost basis. Subsequent to foreclosure, valuations are periodically performed by management and the assets are carried at the lower of carrying amount or fair value less cost to sell. Revenue and expenses from operations and changes in the valuation allowance are included in net income or expense from foreclosed assets.

Earnings Per Common Share

Basic earnings per common share (EPS) excludes dilution and is computed by dividing net income applicable to common stock by the weighted average number of common shares outstanding for the year. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock (such as stock options) were exercised or converted into additional common shares that would then share in the earnings of the entity. Diluted EPS is computed by dividing net income applicable to common stock by the weighted average number of common shares outstanding for the year, plus an incremental number of common-equivalent shares computed using the treasury stock method.

Unvested share-based payment awards, which include the right to receive non-forfeitable dividends or dividend equivalents, are considered to participate with common stock in undistributed earnings for purposes of computing EPS. Accordingly, the Company is required to calculate basic and diluted EPS using the two-class method. Restricted stock awards granted by the Company are considered participating securities. Calculations of EPS under the two-class method (i) exclude from the numerator any dividends paid or owed on participating securities and any undistributed earnings considered to be attributable to participating securities and (ii) exclude from the denominator the dilutive impact of the participating securities.

Unearned ESOP shares, which are not vested, and unvested restricted stock awards are excluded from the computation of average shares outstanding.

Income Taxes

We account for income taxes in accordance with income tax accounting guidance (ASC 740, *Income Taxes*). The income tax accounting guidance results in two components of income tax expense: current and deferred. Current income tax expense reflects taxes to be paid or refunded for the current period by applying the provisions of the enacted tax law to the taxable income or excess of deductions over revenues. We determine deferred income taxes using the liability (or balance sheet) method. Under this method, the net deferred tax asset or liability is based on the tax effects of the differences between the book and tax bases of assets and liabilities, and enacted changes in tax rates and laws are recognized in the period in which they occur.

Deferred income tax expense results from changes in deferred tax assets and liabilities between periods. Deferred tax assets are recognized if it is more likely than not, based on the technical merits, that the tax position

Notes to Consolidated Financial Statements

(Amounts in Thousands, except per share data)

will be realized or sustained upon examination. The term more likely than not means a likelihood of more than 50 percent; the terms examined and upon examination also include resolution of the related appeals or litigation processes, if any. A tax position that meets the more-likely-than-not recognition threshold is initially and subsequently measured as the largest amount of tax benefit that has a greater than 50 percent likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The determination of whether or not a tax position has met the more-likely-than-not recognition threshold considers the facts, circumstances and information available at the reporting date and is subject to management's judgment. Deferred tax assets are reduced by a valuation allowance if, based on the weight of evidence available, it is more likely than not that some portion or all of a deferred tax asset will not be realized.

We recognize interest and penalties on income taxes as a component of income tax expense.

We file consolidated income tax returns with our subsidiaries.

Recently Issued Accounting Standards

FASB Accounting Standards Updates No. 2017-04, Intangibles – Goodwill and Other (Topic 350)

The FASB has issued Accounting Standards Update (ASU) No. 2017-04, Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment. The new guidance is intended to simplify the subsequent measurement of goodwill by eliminating Step 2 from the goodwill impairment test.

The annual, or interim, goodwill impairment test is performed by comparing the fair value of a reporting unit with its carrying amount. An impairment charge should be recognized for the amount by which the carrying amount exceeds the reporting unit's fair value; however, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit. In addition, the income tax effects of tax deductible goodwill on the carrying amount of the reporting unit should be considered when measuring the goodwill impairment loss, if applicable. The amendments also eliminate the requirements for any reporting unit with a zero or negative carrying amount to perform Step 2 of the goodwill impairment test. An entity still has the option to perform the qualitative assessment for a reporting unit to determine if the qualitative impairment test is necessary. The amendments should be applied on a prospective basis. The nature of and reason for the change in accounting principle should be disclosed upon transition.

The amendments in this update should be adopted for annual or any interim goodwill impairment tests in fiscal years beginning after December 15, 2019. Early adoption is permitted on testing dates after January 1, 2017. The Company does not expect adoption of this ASU to have a material impact on its consolidated financial statements.

FASB Accounting Standards Updates No. 2017-01, Business Combinations (Topic 805)

The FASB has issued Accounting Standards Update (ASU) No. 2017-01, *Business Combinations (Topic 805): Clarifying the Definition of a Business*. The amendments in this update provide a more robust framework to use in determining when a set of assets and activities is a business. Because the current definition of a business is interpreted broadly and can be difficult to apply, stakeholders indicated that analyzing transactions is inefficient and costly and that the definition does not permit the use of reasonable judgment. The amendments provide more consistency in applying the guidance, reduce the costs of application, and make the definition of a business more operable.

The amendments in this update become effective for annual periods and interim periods within those annual periods beginning after December 15, 2017. We are currently evaluating the impact of adopting the new guidance on the consolidated financial statements, but it is not expected to have a material impact.

FASB ASU No. 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (a consensus of the Emerging Issues Task Force)

The FASB has issued Accounting Standards Update (ASU) No. 2016-15, *Statement of Cash Flows (Topic 230)*. This update addresses eight specific cash flow issues with the objective of reducing the existing diversity in practice of how certain cash receipts and cash payments are presented and classified in the statement of cash flow. In November 2016, the FASB issued ASU No. 2016-18, which gave clarification on how restricted cash was to be presented in the cash flow statement.

The amendments are effective for public business entities for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. Early adoption is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments

The FASB has issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The main objective of this amendment is to provide financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date.

The ASU requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Financial institutions and other organizations will now use forward-looking information to better inform their credit loss estimates.

Many of the loss estimation techniques applied today will still be permitted, although the inputs to those techniques will change to reflect the full amount of expected credit losses. Organizations will continue to use judgment to determine which loss estimation method is appropriate for their circumstances.

The ASU requires enhanced disclosures to help investors and other financial statement users better understand significant estimates and judgments used in estimating credit losses, as well as the credit quality and underwriting standards of an organization's portfolio. These disclosures include qualitative and quantitative requirements that provide additional information about the amounts recorded in the financial statements.

In addition, the ASU amends the accounting for credit losses on available-for-sale debt securities and purchased financial assets with credit deterioration.

For public business entities that are U.S. Securities and Exchange Commission (SEC) filers, the amendments in this Update are effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. For all other public business entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2020, including interim periods within those fiscal years. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021. All entities may adopt the amendments in this Update earlier as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. The Company will be evaluating the impact of adopting this ASU and has not determined the anticipated impact on the consolidated financial statements.

FASB ASU No. 2016-09, Compensation – Stock Compensation (Topic 718)

The FASB issued ASU No. 2016-09, Compensation – Stock Compensation (Topic 718): *Improvements to Employee Share-Based Payment Accounting*.

The ASU is intended to improve the accounting for employee share-based payments and affects all organizations that issue share-based payment awards to their employees. Several aspects of the accounting for share-based payment award transactions are simplified, including the income tax consequences, the classification of awards as either equity or liabilities, and the classification on the statement of cash flows. The amendments in this update became effective on January 1, 2017 and did not have a material impact on the consolidated financial statements.

For public business entities, the amendments are effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods. For all other entities, the amendments are effective for annual periods beginning after December 15, 2017, and interim periods within annual periods beginning after December 15, 2018. Early adoption is permitted for any entity in any interim or annual period. The amendments in this update became effective on January 1, 2017 and did not have a material impact on the consolidated financial statements.

FASB ASU No. 2016-08, 2016-10, 2016-12, Revenue from Contracts with Customers (Topic 606)

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. In March 2016, the FASB issued ASU 2016-08, *Principal versus Agent Considerations (Reporting Revenue Gross versus Net)*, which clarifies the guidance in determining revenue recognition as principal versus agent. In April 2016, the FASB issued ASU 2016-10, *Identifying Performance Obligations and Licensing*, which provides guidance in accounting for immaterial performance obligations and shipping and handling. In May 2016, the FASB issued ASU 2016-12, *Narrow-Scope Improvements and Practical Expedients*, which provides clarification on assessing the collectability criterion, presentation of sales taxes, measurement date for noncash consideration and completed contracts at transition. This ASU also provides a practical expedient for contract modifications.

For public business entities, the amendments are effective for annual reporting periods beginning after December 15, 2017, including interim reporting periods with that reporting period, as deferred by ASU 2015-14. Early application is permitted as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within the reporting period.

All other entities should apply the guidance to annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019. Early application is permitted for all other entities as of annual reporting periods beginning after December 15, 2016, including interim

reporting periods within annual reporting periods beginning one year after the annual reporting period in which the entity first applies the guidance in Update 2014-09. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2016-07, Investments – Equity Method and Joint Ventures (Topic 323)

The amendments eliminate the requirement that when an investment qualifies for use of the equity method as a result of an increase in the level of ownership interest or degree of influence, an investor must adjust the investment, results of operations, and retained earnings retroactively on a step-by-step basis as if the equity method had been in effect during all previous periods that the investment had been held.

Table of Contents

Notes to Consolidated Financial Statements

December 31, 2016 and 2015

(Amounts in Thousands, except per share data)

The amendments require that the equity method investor add the cost of acquiring the additional interest in the investee to the current basis of the investor's previously held interest and adopt the equity method of accounting as of the date the investment becomes qualified for equity method accounting. Therefore, upon qualifying for the equity method of accounting, no retroactive adjustment of the investment is required.

The amendments require that an entity that has an available-for-sale equity security that becomes qualified for the equity method of accounting recognize through earnings the unrealized holding gain or loss in accumulated other comprehensive income at the date the investment becomes qualified for use of the equity method.

The amendments are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016. The amendments should be applied prospectively upon their effective date to increases in the level of ownership interest or degree of influence that result in the adoption of the equity method. Earlier application is permitted. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2016-06, Derivatives and Hedging (Topic 815): Contingent Put and Call Options in Debt Instruments

The FASB has issued Accounting Standards Update (ASU) No. 2016-05, *Derivatives and Hedging (Topic 815): Effect of Derivative Contract Novations and Existing Hedge Accounting Relationships*. The amendments apply to all reporting entities for which there is a change in the counterparty to a derivative instrument that has been designated as a hedging instrument.

The amendments clarify what steps are required when assessing whether the economic characteristics and risks of call (put) options are clearly and closely related to the economic characteristics and risks of their debt hosts, which is one of the criteria for bifurcating an embedded derivative. Consequently, when a call (put) option is contingently exercisable, an entity does not have to assess whether the event that triggers the ability to exercise a call (put) option is related to interest rates or credit risks.

This standard will be effective for public business entities for fiscal year beginning after December 15, 2016 including interim periods within those fiscal years. Nonpublic business entities should apply the amendments for fiscal years beginning after December 15, 2017, and interim periods within fiscal years beginning after December 15, 2018. Early application is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

FASB ASU No. 2016-02 Leases (Topic 842)

The FASB has issued Accounting Standards Update (ASU) No. 2016-02, *Leases*. Under the new guidance, lessees will be required to recognize the following for all leases (with the exception of short-term leases) at the commencement date:

A lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and

A right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term.

Under the new guidance, lessor accounting is largely unchanged. Certain targeted improvements were made to align, where necessary, lessor accounting with the lessee accounting model and Topic 606, *Revenue from Contracts with Customers*.

Notes to Consolidated Financial Statements

(Amounts in Thousands, except per share data)

The new lease guidance simplified the accounting for sale and leaseback transactions primarily because lessees must recognize lease assets and lease liabilities. Lessees will no longer be provided with a source of off-balance sheet financing.

This standard will be effective for public business entities for fiscal year beginning after December 15, 2018 including interim periods within those fiscal years. Nonpublic business entities should apply the amendments for fiscal years beginning after December 15, 2019 and interim periods within fiscal years beginning after December 15, 2020.

Early application is permitted for all public business entities and all nonpublic business entities upon issuance.

Lessees (for capital and operating leases) and lessors (for sales-type, direct financing and operating leases) must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The modified retrospective approach would not require any transition accounting for leases that expired before the earliest comparative period presented. Lessees and lessors may not apply a full retrospective transition approach.

Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

FASB Accounting Standards Updates No. 2016-01, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*

The FASB has issued Accounting Standards Update (ASU) No. 2016-01, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*. The new guidance is intended to improve the recognition and measurement of financial instruments. The ASU affects public and private companies, not-for-profit organizations, and employee benefit plans that hold financial assets or owe financial liabilities.

The new guidance makes targeted improvements to existing U.S. GAAP by:

Requiring equity investments (except those accounted for under the equity method of accounting, or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income;

Requiring public business entities to use the exit price notion when measuring the fair value of financial instruments for disclosure purposes;

Requiring separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (i.e., securities or loans and receivables) on the balance sheet or the accompanying notes to the financial statements;

Eliminating the requirement to disclose the fair value of financial instruments measured at amortized cost for organizations that are not public business entities;

Eliminating the requirement for public business entities to disclose the method(s) and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet; and

Requiring a reporting organization to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk (also referred to as *own credit*) when the organization has elected to measure the liability at fair value in accordance with the fair value option for financial instruments.

The new guidance is effective for public companies for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The new guidance permits early adoption of the own credit provision. In addition, the new guidance permits early adoption of the provision that exempts private companies and not-for-profit organizations from having to disclose fair value information about financial instruments measured at amortized cost. Adoption of the ASU is not expected to have a significant effect on the Company's consolidated financial statements.

Note 2: Restriction on Cash and Due From Banks

We are required to maintain reserve funds in cash and/or on deposit with the Federal Reserve Bank. The reserve required at December 31, 2016 was \$459.

At December 31, 2016, the Company's cash accounts exceeded federally insured limits by approximately \$391. Additionally, the Company had approximately \$1,733 and \$98,665 on deposit with the Federal Home Loan Bank of Indianapolis and Federal Reserve Bank of Chicago, as of December 31, 2016, which are not federally insured.

Note 3: Securities

The amortized cost and approximate fair values of securities are as follows:

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Approximate Fair Value
Held to Maturity Securities:

One-to four-family	\$ 35,389	\$ 39,719
Home equity	4,031	5,459

Undisbursed portion of loan	5,819	6,050
Allowance for loan losses	9,326	10,061
Net Loans	\$ 320,606	\$ 314,613

The risk characteristics of each loan portfolio segment are as follows:

1-4 Family, Home Equity, and Consumer

With respect to residential loans that are secured by 1-4 family residences and are primarily owner occupied, we generally establish a maximum loan-to-value ratio and require PMI if that ratio is exceeded. Home equity loans are typically secured by a subordinate interest in 1-4 family residences, and consumer loans are typically secured by consumer assets such as automobiles or recreational vehicles. Some consumer loans are unsecured such as small installment loans. Repayment of these loans is primarily dependent on the personal income of the borrowers, which can be impacted by economic conditions in their market areas such as unemployment levels. Repayment can also be impacted by changes in property values on residential properties.

Home equity loans secured by second mortgages have greater risk than one-to-four family residential mortgage loans secured by first mortgages. We face the risk that the collateral will be insufficient to compensate us for loan losses and costs of foreclosure. When customers default on their loans, we attempt to foreclose on the property and resell the property as soon as possible to minimize foreclosure and carrying costs. However, the value of the collateral may not be sufficient to compensate us for the amount of the unpaid loan and we may be unsuccessful in recovering the remaining balance from those customers. Particularly with respect to our home equity loans, decreases in real estate values could adversely affect the value of property used as collateral for our loans.

Consumer and other loans generally have greater risk compared to longer-term loans secured by improved, owner-occupied real estate, particularly consumer loans that are secured by rapidly depreciable assets, such as automobiles. In these cases, any repossessed collateral for a defaulted loan may not provide an adequate source of repayment of the outstanding loan balance. As a result, consumer loan collections are dependent on the borrower's continuing financial stability and thus are more likely to be adversely affected by job loss, divorce, illness or personal bankruptcy.

Commercial real estate and multi-family

Commercial real estate and multi-family loans generally have greater credit risk than the owner-occupied one-to-four family residential mortgage loans that we originate for retention in our loan portfolio. Repayment of these loans generally depends, in large part, on sufficient income from the property securing the loan or the borrower's business to cover operating expenses and debt service. These types of loans typically involve larger loan balances to single borrowers or groups of related borrowers compared to one-to-four family residential mortgage loans. Changes in economic conditions that are beyond the control of the borrower may affect the value of the security for the loan, the future cash flow of the affected property or business, or the marketability of a construction project with respect to loans originated for the acquisition and development of property. Additionally, due to declining property values in our primary market area and in Michigan, the loan to value ratios of many of our commercial real estate and multi-family have increased significantly from the loan to value ratios that were assigned to these loans at the time of origination.

Land

Land loans generally have greater credit risk than the owner-occupied one-to four-family residential mortgage loans that we originate for retention in our portfolio. Repayment of these loans generally depends, in large part, on the sale of the land.

The sale of land can either take place when the land is undeveloped, or developed. Generally, other cash flow sources of the borrower are utilized to make additional payments on land loans. Changes in economic conditions that are beyond the control of the borrower may affect the value of the security for the loan, the future cash flow of the affected property or business, or the marketability of a construction project with respect to loans originated for the acquisition and development of property. Additionally, due to declining property values in our primary market area and in Michigan, the loan to value ratios of many of our land loans have increased significantly from the loan to value ratios that were assigned to these loans at the time of origination.

Construction

Construction loans include those for one-to-four family residential properties and commercial properties, including multifamily loans and commercial mixed-use buildings and homes built by developers on speculation. Construction loans for one-to-four family residential properties are originated with a maximum loan to value ratio of 70% and are generally interest-only loans during the construction period which typically does not exceed nine months. Construction loans for commercial real estate are made in accordance with a schedule reflecting the cost of construction, and are generally limited to a 70% loan-to-completed appraised value ratio. For all construction loans, we generally require that a commitment for permanent financing be in place prior to closing the construction loan.

Repayment of one-to four-family residential property loans is primarily dependent on the personal income of the borrowers, which can be impacted by economic conditions in their market areas such as unemployment levels. Repayment of commercial property loans and homes built by developers on speculation is normally expected from the property's eventual rental income, income from the borrower's operations, the personal resources of the guarantor, or the sale of the subject property. Generally, before making a commitment to fund a construction loan, we require an appraisal of the property by a state-certified or state-licensed appraiser. We review and inspect properties before disbursement of funds during the term of the construction loan.

Construction financing generally involves greater credit risk than long-term financing on improved, owner-occupied real estate. Risk of loss on a construction loan depends largely upon the accuracy of the initial estimate of the value of the property at completion of construction compared to the estimated cost (including interest) of construction and other assumptions. If the estimate of construction cost is inaccurate, we may be

(Amounts in Thousands, except per share data)

required to advance additional funds beyond the amount originally committed in order to protect the value of the property. Moreover, if the estimated value of the completed project is inaccurate, the borrower may hold a property with a value that is insufficient to assure full repayment of the construction loan upon the sale of the property. Construction loans also expose us to the risk that improvements will not be completed on time in accordance with specifications and projected costs. In addition, the ultimate sale or rental of the property may not occur as anticipated.

Commercial non-mortgage

Commercial non-mortgage loans generally have a greater credit risk than residential mortgage loans. Unlike residential mortgage loans, which generally are made on the basis of the borrower's ability to make repayment from his or her employment and other income, and which are secured by real property whose value tends to be more easily ascertainable, commercial non-mortgage loans are of higher risk and typically are made on the basis of the borrower's ability to make repayment from the cash flow of the borrower's business. As a result, the availability of funds for the repayment of commercial non-mortgage loans may be substantially dependent on the success of the business itself. Further, the collateral securing the loans may depreciate over time, may be difficult to appraise and may fluctuate in value based on the success of the business.

In determining the appropriate level of allowance for loan loss, we analyze various components of our portfolio. The following components are analyzed: all substandard loans on an individual basis; all loans that are designated special mention or closely monitored; loans not classified according to purpose or collateral type; and overdrawn deposit account balances. We also factor in historical loss experience and qualitative considerations, including trends in charge offs and recoveries; trends in delinquencies and impaired/classified loans; effects of credit concentrations; changes in underwriting standards and loan review system; experience in lending staff; current industry conditions; current market conditions; and change in regional employment conditions.

In instances where risk and loss exposure is clearly identified with a particular asset, a specific valuation allowance will be established or the asset or a portion of the asset will be charged off.

Consistent with regulatory guidance, charge offs on all loan segments are taken when specific loans, or portions thereof, are considered uncollectible. Our policy is to promptly charge these loans off in the period the uncollectible loss is reasonably determined.

For all loan portfolio segments except one-to-four family residential loans and consumer loans, we promptly charge off loans, or portions thereof, when available information confirms that specific loans are uncollectible based on information that includes, but is not limited to, (1) the deteriorating financial condition of the borrower, (2) declining collateral values, and/or (3) legal action, including bankruptcy, that impairs the borrower's ability to adequately meet its obligations. For impaired loans that are considered to be solely collateral dependent, a partial charge off is recorded when a loss has been confirmed by an updated appraisal or other appropriate valuation of the collateral.

We charge off one-to-four family residential and consumer loans, or portions thereof, when we reasonably determine the amount of the loss. We adhere to timeframes established by applicable regulatory guidance which provides for the charge off of one-to-four family first and junior lien mortgages to the net realizable value less costs to sell when the loan is 180 days past due, charge off of unsecured open-end loans when the loan is 180 days past due, and charge down to the net realizable value when other secured loans are 120 days past due. Loans at these respective delinquency thresholds for which we can clearly document that the loan is both well-secured and in the process of collection, such that collection will occur regardless of delinquency status, need not be charged off.

We categorize loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, credit documentation and current economic trends, among other factors. We analyze loans individually by classifying the loans as to credit risk. This analysis is performed during the loan approval process and is updated as circumstances warrant.

The Pass asset quality rating encompasses assets that have performed as expected. These assets generally do not have delinquency or servicing issues. Loans assigned this rating include loans to borrowers possessing solid credit quality with acceptable risk. Borrowers in these grades are differentiated from higher grades on the basis of size (capital and/or revenue), leverage, asset quality, stability of the industry or specific market area and quality/coverage of collateral. These borrowers generally have a history of consistent earnings and reasonable leverage.

The Closely Monitored asset quality rating encompasses assets that have been brought to the attention of management and may, if not corrected, warrant a more serious quality rating by management. These assets are usually in the first phase of a deficiency situation and may possess similar criteria as Special Mention assets. This grade includes pass grade loans to borrowers which require special monitoring because of deteriorating financial results, declining credit ratings, decreasing cash flow, increasing leverage, marginal collateral coverage or industry stress that has resulted or may result in a changing overall risk profile.

The Special Mention asset quality rating encompasses assets that have potential weaknesses that deserve management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the asset or in the institution's credit position at some future date. Special mention assets are not adversely classified and do not expose an institution to sufficient risk to warrant adverse classification. This grade is intended to include loans to borrowers whose credit quality has clearly deteriorated and where risk of further decline is possible unless active measures are taken to correct the situation. Weaknesses are considered potential at this state and are not yet fully defined.

Table of Contents**Wolverine Bancorp, Inc.****Notes to Consolidated Financial Statements****December 31, 2016 and 2015**

(Amounts in Thousands, except per share data)

The Substandard asset quality rating encompasses assets that are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any; assets having a well-defined weakness(es) based upon objective evidence; assets characterized by the distinct possibility that we will sustain some loss if the deficiencies are not corrected; or the possibility that liquidation will not be timely. Loans categorized in this grade possess a well-defined credit weakness and the likelihood of repayment from the primary source is uncertain. Significant financial deterioration has occurred and very close attention is warranted to ensure the full repayment without loss. Collateral coverage may be marginal and the accrual of interest has been suspended.

The Doubtful asset quality rating encompasses assets that have all of the weaknesses of those classified as Substandard. In addition, these weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions and values, highly questionable and improbable.

The Loss asset quality rating encompasses assets that are considered uncollectible and of such little value that their continuance as assets of the bank is not warranted. A loss classification does not mean that an asset has no recovery or salvage value; instead, it means that it is not practical or desirable to defer writing off or reserving all or a portion of a basically worthless asset, even though partial recovery may be realized in the future.

Nonaccrual Loan and Past Due Loans. The accrual of interest is discontinued on all loan classes at the time the loan is 90 days past due unless the credit is well-secured and in process of collection. In all cases, loans are placed on nonaccrual or charged off at an earlier date if collection of principal or interest is considered doubtful. The entire balance of a loan is considered delinquent if the minimum payment contractually required to be made is not received by the specified due date.

All interest accrued but not collected for loans that are placed on nonaccrual or charged off is reversed against interest income. Subsequent payments on non-accrual loans are recorded as a reduction of principal, and interest income is recorded only after principal recovery is reasonably assured. Nonaccrual loans are returned to accrual status when, in the opinion of management, the financial position of the borrower indicates there is no longer any reasonable doubt as to the timely collection of interest or principal. We generally require a period of satisfactory performance of not less than six months before returning a nonaccrual loan to accrual status.

A loan is considered impaired, in accordance with the impairment accounting guidance (ASC 310-10-35-16), when based on current information and events, it is probable we will be unable to collect all amounts due from the borrower in accordance with the contractual terms of the loan. Impaired loans include nonperforming commercial loans but also include loans modified in troubled debt restructurings where concessions have been granted to borrowers experiencing financial difficulties. These concessions could include a reduction in the interest rate on the loan, payment extensions, forgiveness of principal, forbearance or other actions intended to maximize collection. Interest income on loans individually classified as impaired is recognized on a cash basis after all past due and current principal payments have been made.

We have entered into transactions with certain executive officers, directors and their affiliates (related parties). In management's opinion, such loans and other extensions of credit and deposits were made in the ordinary course of business and were made on substantially the same terms (including interest rates and collateral) as those prevailing at the time for comparable transactions with other persons. Further, in management's opinion, these loans did not involve more than normal risk of collectability or present other unfavorable features.

Loans to related parties totaled \$8,083 and \$7,248 at December 31, 2016 and 2015, respectively. The increase was due to \$3,148 in new loans and refinances and \$2,313 in payoffs and repayments.

Troubled Debt Restructuring (TDR)

We may grant a concession or modification for economic or legal reasons related to a borrower's financial condition that we would not otherwise consider resulting in a modified loan which is then identified as a troubled debt restructuring. We may modify loans through rate reductions, short-term extensions of maturity, interest only payments, or payment modifications to better match the timing of cash flows due under the

modified terms with the cash flows from the borrowers' operations. Loan modifications are intended to minimize the economic loss and to avoid foreclosure or repossession of the collateral.

We identify loans for potential restructure primarily through direct communication with the borrower and evaluation of the borrower's financial statements, revenue projections, tax returns, and credit reports. Even if the borrower is not presently in default, management will consider the likelihood that cash flow shortages, adverse economic conditions, and negative trends may result in a payment default in the near future.

For one-to-four family residential and home equity lines of credit, a restructure often occurs with past due loans and may be offered as an alternative to foreclosure. There are other situations where borrowers, who are not past due, experience a sudden job loss, become over-extended with credit obligations, or other problems, have indicated that they will be unable to make the required monthly payment and request payment relief.

When considering a loan restructure, management will determine if: (i) the financial distress is short or long term; (ii) loan concessions are necessary; and (iii) the restructure is a viable solution.

When a loan is restructured, the new terms often require a reduced monthly debt service payment. No TDRs that were on non-accrual status at the time the concessions were granted have been returned to accrual status. For commercial loans, management completes an analysis of the operating entity's ability to repay the debt. If the operating entity is capable of servicing the new debt service requirements and the underlying collateral value is believed to be sufficient to repay the debt in the event of a future default, the new loan can be placed on accrual status after six months of performance with the new loan terms. To date, there have been no commercial loans restructured and immediately placed on accrual.

For retail loans, an analysis of the individual's ability to service the new required payments is performed. If the borrower is capable of servicing the newly restructured debt and the underlying collateral value is believed to be sufficient to repay the debt in the event of a future default, the new loan can be placed on accrual status after six months of performance to the new loan terms. The reason for the TDR is also considered, such as paying past due real estate taxes or payments caused by a temporary job loss, when determining whether a retail TDR loan could be returned to accrual status. Retail TDRs remain on nonaccrual status until sufficient payments have been made to bring the past due principal and interest current and/or after six months of performance to the new loan terms at which point the loan could be transferred to accrual status.

The following tables summarize the loans that have been restructured as TDRs during the twelve months ended December 31, 2016 and 2015:

(Amounts in Thousands, except per share data)

The TDRs described above for the twelve months ended December 31, 2016 did not have a material impact on the allowance for loan losses or a material charge-off.

A default on a TDR occurs when a TDR is 90 days or more past due, transferred to nonaccrual status, or transferred to other real estate owned. The Company did not have any TDR loans default during the past 12 months. The Company had no TDR loans that defaulted in 2016.

The following tables summarize the loans that have been restructured as TDRs based on the type of modification or concession granted to the borrower during the twelve months ending December 31, 2016 and 2015:

As of December 31, 2016	Payment Extension		Rate Reduction		Combination		Totals
	Number	Amount	Number	Amount	Number	Amount	
Commercial Real Estate	2	826					826

	Number	Amount	Number	Amount	Number	Amount	
Commercial Real Estate					3	817	817
Total		\$		\$	3	\$ 817	\$ 817

Management monitors the TDRs based on the type of modification or concession granted to the borrower. These types of modifications may include rate reductions, payment/term extensions, forgiveness of principal, forbearance, and other applicable actions. During the year ended December 31, 2016 and 2015, management predominantly utilized rate reductions and lower monthly payments, either from a longer amortization period or interest only repayment schedule, because these concessions provide needed payment relief without risking the loss of principal. Management will also agree to a forbearance agreement when it is deemed appropriate to avoid foreclosure.

Retained earnings at December 31, 2016 include approximately \$2,019 for which no deferred federal income tax liability has been recognized. This amount represents an allocation of income to bad debt deductions for tax purposes only. Reduction of amounts so allocated for purposes other than tax bad debt losses or adjustments arising from carryback of net operating losses would create income for tax purposes only, which would be subject to the then-current corporate income tax rate. The deferred income tax liabilities on the preceding amounts that would have been recorded if they were expected to reverse into taxable income in the foreseeable future were approximately \$686

at December 31, 2016.

ASC Topic 740-10 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides b on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. The Company did not identify any uncertain tax positions that it believes should be recognized in the consolidated financial statements.

Note 9: Regulatory Matters

We are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on our financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, we must meet specific capital guidelines that involve quantitative measures of our assets, liabilities, and certain off-balance-sheet items as calculated under regulatory accounting practices. Our capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors.

Basel III Capital Rules

In July 2013, the three federal bank regulatory agencies jointly published final rules (the Basel III Capital Rules) establishing a new comprehensive capital framework for U.S. banking organizations. The rules implement the Basel Committee's December 2010 framework known as Basel III for strengthening international capital standards as well as certain provisions of the Dodd-Frank Act. These rules substantially revise the risk-based capital requirements applicable to bank holding companies and depository institutions, compared to the current U.S. risk-based capital rules. The Basel III Capital Rules define the components of capital and address other issues affecting the numerator in banking institutions' regulatory capital ratios. These rules also address risk weights and other issues affecting the denominator in banking institutions' regulatory capital ratios and replace the existing risk-weighting approach with a more risk-sensitive approach.

The Basel III Capital Rules were effective for the Bank on January 1, 2015 (subject to a four-year phase-in period). The Basel III Capital Rules, among other things, (i) introduce a new capital measure called Common Equity Tier 1 (CET1), (ii) specify that Tier 1 capital consist of CET1 and Additional Tier 1 Capital instruments meeting specified requirements, (iii) define CET1 narrowly by requiring that most deductions/adjustments to regulatory capital measures be made to CET1 and not to the other components of capital and (iv) expand the scope of the deductions/adjustments as compared to existing regulations. Under the Basel III Capital Rules, the initial minimum capital ratios as of January 1, 2015, will be as follows:

4.5% CET1 to risk-weighted assets

6.0% Tier 1 capital to risk-weighted assets

8.0% Total capital to risk-weighted assets

4.0% Minimum leverage ratio

Implementation of the deductions and other adjustments to CET1 began on January 1, 2015, and will phase in over a four-year period (beginning at 40% on January 1, 2015, and an additional 20% per year thereafter). Under the new rule, in order to avoid limitations on capital distributions, including dividend payments and certain discretionary bonus payments to executive officers, a banking organization must hold a capital conservation buffer composed of CET1 capital above its minimum risk-based capital requirements. The implementation of the capital conservation buffer began on January 1, 2016, at the 0.625% level and will phase in over a four-year period (increasing by that amount on each subsequent January 1 until it reaches 2.5% on January 1, 2019).

Quantitative measures established by regulation to ensure capital adequacy require us to maintain minimum amounts and ratios (set forth in the table below). Management believes, as of December 31, 2016 and 2015, that we meet all

capital adequacy requirements to which we are subject including the capital conservation buffer.

Dividend Restriction

The Bank is subject to certain restrictions on the amount of dividends that it may declare without prior regulatory approval. At December 31, 2016 the bank may not make a dividend declaration without prior regulatory approval.

Note 10: Employee Benefits

We have a retirement savings 401(k) plan covering substantially all employees. Employees may contribute up to 100% of their compensation with us matching 100% of the employee's contribution on the first 3% of the employee's compensation and 50% of the employee's contributions that exceed 3% but does not exceed 5%. Additionally, we can make discretionary contributions to our 401 (k) plan. Employer contributions charged to expense for the years ended 2016 and 2015 were \$83 and \$75 respectively.

Employee Stock Ownership Plan (ESOP)

As part of the conversion, we established an ESOP covering substantially all of our employees. The ESOP acquired 200,600 shares of WBKC common stock at \$10.00 per share in the conversion with funds provided by a loan from the Company. Accordingly, \$2,006 of common stock acquired by the ESOP reduced stockholders' equity. Shares are released to participants proportionately as the loan is repaid. Compensation expense is recorded equal to the fair market value of the stock when contributions, which are determined annually by our Board of Directors, are made to the ESOP. Dividends on allocated shares are recorded as dividends and charged to retained earnings. Dividends on unallocated shares are used to repay the loan.

ESOP expense for the years ended December 31, 2016 and 2015 was \$555 and \$391, respectively.

Table of Contents**Wolverine Bancorp, Inc.****Notes to Consolidated Financial Statements****December 31, 2016 and 2015**

The ESOP shares as of December 31 were as follows:

Allocated shares	73,220	55,665
Unearned shares	121,755	141,255
Total ESOP shares	194,975	196,920
Fair value of unearned shares at December 31	\$ 3,847	\$ 3,763

We are obligated at the option of each beneficiary to repurchase shares of the ESOP upon the beneficiary's termination or after retirement. At December 31, 2016 and 2015, the fair value of the 73,220 and 55,665 allocated shares held by the ESOP was \$2,314 and \$1,483.

Note 11: Disclosures About Fair Value of Assets and Liabilities

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value on a nonrecurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of such assets under the valuation hierarchy. We have no assets or liabilities measured at fair value on a recurring basis and no liabilities measured at fair value on a nonrecurring basis.

Impaired Loans (Collateral Dependent)

The estimated fair value of collateral-dependent impaired loans is based on the appraised fair value of the collateral, less estimated cost to sell. Collateral-dependent impaired loans are classified within Level 3 of the fair value hierarchy.

The Company considers the appraisal or evaluation as the starting point for determining fair value and then considers other factors and events in the environment that may affect the fair value.

Appraisals of the collateral underlying collateral-dependent loans are obtained when the loan is determined to be collateral-dependent and subsequently as deemed necessary by management. Appraisals are reviewed for accuracy and consistency by management. Appraisers are selected from the list of approved appraisers maintained by management. The appraised values are reduced by discounts to consider lack of marketability and estimated cost to sell if repayment or satisfaction of the loan is dependent on the sale of the collateral. These discounts and estimates are developed by management by comparison to historical results.

The following methods and assumptions were used to estimate the fair value of all other financial instruments recognized in the accompanying consolidated balance sheets at amounts other than fair value.

Cash and Cash Equivalents, Federal Home Loan Bank Stock, Federal Funds Purchased, Interest Receivable, and Interest Payable

The carrying amount approximates fair value.

Held to Maturity Securities

Fair values equal quoted market prices, if available. If quoted market prices are not available, fair value is estimated based on quoted market prices of similar securities.

Loans and Loans held for sale

The fair value of loans is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities. Loans with similar characteristics were aggregated for purposes of the calculations.

Deposits

Deposits include demand deposits, savings accounts, NOW accounts and certain money market deposits. The carrying amount approximates fair value. The fair value of fixed-maturity time deposits is estimated using a discounted cash flow calculation that applies the rates currently offered for deposits of similar remaining maturities.

Federal Home Loan Bank Advances

Rates currently available to the Company for debt with similar terms and remaining maturities are used to estimate the fair value of existing debt.

Commitments to Originate Loans, Letters of Credit and Lines of Credit

Loan commitments and letters-of-credit generally have short-term, variable rate features and contain clauses which limit the Company's exposure to changes in customer credit quality. Accordingly, their carrying values, which are immaterial at the respective balance sheet dates, are reasonable estimates of fair value.

Note 12: Commitments and Contingent Liabilities

Some financial instruments, such as loan commitments, credit lines, letters of credit and overdraft protection, are issued to meet customer financing needs. These are agreements to provide credit or to support the credit of others, as long as conditions established in the contract are met, and usually have expiration dates. Commitments may expire without being used. Off-balance-sheet risk to credit loss exists up to the face amount of these instruments, although material losses are not anticipated. The same credit policies are used to make such commitments as are used for loans, including obtaining collateral at exercise of the commitment.

At year-end, these financial instruments are summarized as follows:

	2016	2015
Commitments to extend credit	\$ 6,111	\$ 7,133
Unused portions of lines of credit	6,268	6,778
Standby letters of credit	787	990

Commitments to make loans generally expire within thirty to ninety days, while unused lines of credit expire at the maturity date of the individual loans.

Note 14: Share Based Compensation

In May 2012, the Company's stockholders approved the Wolverine Bancorp, Inc. 2012 Equity Incentive Plan (Plan) which provides for awards of stock options and restricted stock to key officers and outside directors. The cost of the Plan is based on the fair value of the awards on the grant date. The fair value of restricted stock awards is based on the closing price of the Company's stock on the grant date. The fair value of stock options is estimated using a Black-Scholes option pricing model using assumptions for dividend yield, stock price volatility, risk-free interest rate, and option term. These assumptions are based on management's judgments regarding future events, are subjective in nature, and contain uncertainties inherent in an estimate. The cost of the awards are being recognized on a straight-line basis over the five-year vesting period during which participants are required to provide services in exchange for the awards.

Table of Contents**Wolverine Bancorp, Inc.****Notes to Consolidated Financial Statements****December 31, 2016 and 2015**

(Amounts in Thousands, except per share data)

Until such time as awards of stock are granted and vest or options are exercised, shares of the Company's common stock under the Plan are authorized but unissued shares. The maximum number of shares authorized under the Plan is 351,050. Total share-based compensation expense pursuant to the Plan for the years ended December 31, 2016 and 2015 was \$334 and \$319, respectively.

Exercise price for the stock options	\$ 26.75

Risk-free interest rate	2.51%
Expected dividend yield	5.00%
Expected life (in years)	7.50
Exercise price for the stock options	\$ 26.03

Risk-free interest rate Based on the U.S. Treasury yield curve and expected life of the options at the time of grant.

Expected dividend yield The Company currently has a Cash Dividend Policy whereby the Company expects to pay a cash dividend to shareholders on an annual basis. The expected dividend yield was estimated for the portion of the life of the options that the Company expects to pay a dividend.

Expected life Based on an average of the five year vesting period and the ten year contractual term of the stock option plan.

Table of Contents**Wolverine Bancorp, Inc.****Notes to Consolidated Financial Statements****December 31, 2016 and 2015**

(Amounts in Thousands, except per share data)

Exercise price for the stock options Based on the closing price of the Company's stock on the date of grant.

The total fair value of options vested in the year ended December 31, 2016 was \$768. Stock option expense for the years ended December 31, 2016 and 2015 was \$62 and \$62, respectively.

Restricted Stock Awards

Restricted stock awards are accounted for as fixed grants using the fair value of the Company's stock at the time of grant. Unvested restricted stock awards may not be disposed of or transferred during the vesting period. Restricted stock awards carry with them the right to receive dividends.

The table below presents the restricted stock award activity for the period shown:

The parties agree to cooperate and to take all reasonable actions prior to the Effective Time, including executing all requisite documentation, as may be reasonably necessary to effect the Merger in accordance with the terms and subject to the conditions hereof.

1.02 Reservation of Right to Revise Structure. At Horizon's election, the Merger may alternatively be structured so that (a) WBKC is merged with and into any other direct or indirect wholly-owned subsidiary of Horizon, or (b) any direct or indirect wholly-owned subsidiary of Horizon is merged with and into WBKC; *provided, however*, that no such change shall: (1) alter or change the amount or kind of the Merger Consideration (as defined in Section 2.01), or the treatment of the holders of common stock, \$0.01 par value per share, of WBKC (the **WBKC Common Stock**) (including the holders of WBKC Restricted Stock Awards, as defined in Section 2.02(b)), or the holders of options for WBKC Common Stock; (2) prevent the parties from obtaining the opinions of counsel referred to in Sections 7.01(h) and 7.02(h) or otherwise cause the transaction to fail to qualify for the tax treatment described in Section 1.03 or adversely affect the tax treatment of WBKC's shareholders pursuant to this Agreement; or (3) materially impede or delay consummation of the transactions contemplated by this Agreement. In the event of such a revision, the parties agree to execute an appropriate amendment to this Agreement (to the extent such amendment only changes the method of effecting the business combination and does not substantively affect this Agreement or the rights and obligations of the parties or their respective shareholders) in order to reflect such revision.

1.03 Tax Free Reorganization. Horizon and WBKC intend for the Merger to qualify as a reorganization within the meaning of Section 368(a) and related sections of the Internal Revenue Code of 1986, as amended (the **Code**), and for this Agreement to constitute a plan of reorganization for purposes of Sections 354 and 361 of the Code, and they agree to cooperate and to take such actions as may be reasonably necessary to assure such result.

1.04 Absence of Control. Subject to any specific provisions of the Agreement, it is the intent of the parties to this Agreement that neither Horizon nor WBKC by reason of this Agreement shall be deemed (until consummation of the transactions contemplated here) to control, directly or indirectly, the other party or any of its respective Subsidiaries (as defined in the introductory paragraphs to Article III and Article IV) and that neither shall exercise or be deemed to exercise, directly or indirectly, a controlling influence over the management or policies of such other party or any of its respective Subsidiaries.

1.05 Bank Merger. The parties will cooperate and use reasonable best efforts to effect the merger of Wolverine Bank with and into Horizon Bank (the **Bank Merger**) immediately following the Effective Time pursuant to a merger agreement to be mutually agreed upon between the parties. At the effective time of the Bank Merger, the separate corporate existence of Wolverine Bank will terminate. Horizon Bank will be the surviving bank (the **Surviving Bank**) and will continue its corporate existence under applicable law. The Articles of Association or other governing charter document of Horizon Bank, as then in

Table of Contents

effect, will be the Articles of Association or other governing charter document of the Surviving Bank, and the Bylaws of Horizon Bank, as then in effect, will be the Bylaws of the Surviving Bank. The directors of Horizon Bank following the effective time of the Bank Merger shall be those individuals serving as directors of Horizon Bank at the effective time of the Bank Merger, until such time as their successors have been duly elected and have qualified or until their earlier resignation, death, or removal as a director; provided, however, that Horizon Bank shall take all appropriate action so that, as of the effective time of the Bank Merger, and subject to and in accordance with the Bylaws of Horizon Bank, Eric P. Blackhurst (or such other director as shall be mutually agreed upon), shall be appointed as a director of Horizon Bank. The officers of Horizon Bank serving at the effective time of the Bank Merger shall continue to serve as the officers of the Surviving Bank, until such time as their successors shall have been duly elected and have qualified or until their earlier resignation, death, or removal from office.

1.06 Sale of Real Estate Subsidiary. Prior to the Effective Time, WBKC shall cause Wolverine Bank to use its reasonable best efforts to take all steps necessary to sell Wolverine Commercial Holdings, LLC, a Michigan limited liability company (**Commercial Holdings**), as of the Effective Time (the **Commercial Holdings Termination**).

1.07 Dissolution of Title Business Holding Company. Prior to the Effective Time, WBKC shall cause Wolverine Bank to use its reasonable best efforts to take all steps necessary to dissolve Wolserv Corp., a Michigan corporation (**Wolserv**), as of the Effective Time (the **Wolserv Termination**).

1.08 No Dissenters Rights. Shareholders of WBKC are not entitled to any dissenters rights under Title 3 of the Maryland General Corporation Law, as amended. WBKC shall take no action which would result in the loss of such exemption prior to the Effective Time.

ARTICLE II.**MANNER AND BASIS OF EXCHANGE OF STOCK**

2.01 Merger Consideration. Subject to the terms and conditions of this Agreement, at the Effective Time, each share of WBKC Common Stock issued and outstanding immediately prior to the Effective Time (other than shares held as treasury stock of WBKC, shares held by the Bank ESOP that are remitted to WBKC prior to the Effective Time for purposes of repayment of the ESOP loan balance as contemplated by Section 5.16(c) and shares held directly or indirectly by Horizon, except shares held in a fiduciary capacity or in satisfaction of a debt previously contracted, if any; collectively, the **Exempt WBKC Stock**) shall become and be converted into the right to receive in accordance with this Article II both: (i) 1.0152 shares of Horizon common stock (the **Exchange Ratio**) (as adjusted in accordance with the terms of this Agreement), without par value (the stock consideration to be paid in the Merger is referred to herein as the **Stock Consideration**); and (ii) \$14.00 in cash (the cash consideration to be paid in the Merger is referred to herein as the **Cash**).

Consideration) (with the Stock Consideration and the Cash Consideration collectively referred to herein as the **Merger Consideration**).

2.02 Treatment of WBKC Equity Awards.

(a) **Stock Options.** All outstanding options to purchase WBKC Common Stock, whether or not vested (**WBKC Options**), shall be converted into the right to receive from Horizon, at the Effective Time, an amount in cash equal to \$40.00 minus the per share exercise price for each share of WBKC Common Stock subject to a WBKC Option; provided, however, that there shall be withheld from such cash payment any taxes required to be withheld by applicable law. Such payment shall be made by WBKC immediately prior to the Effective Time. The Compensation Committee of WBKC shall take any required action under the WBKC Equity Plan regarding this treatment of the WBKC Options, and WBKC shall use its best efforts to obtain from all holders of an option or agreement their agreement to the treatment of their options in the manner contemplated by this Section on or before thirty (30) days after the date of this Agreement (the **Conversion Deadline**) by executing and delivering to Horizon an agreement in the same form as Exhibit 2.02 attached hereto. WBKC shall amend any such plan accordingly (or take such other action as is necessary to cause all outstanding WBKC Options to terminate as of the Effective Time) prior to the Effective Time. Each such option shall be canceled and cease to exist by virtue of such payment. Execution of a cancellation agreement by every holder of WBKC Options shall not be a condition precedent to consummation of the transactions contemplated herein.

(b) **Restricted Stock.** At the Effective Time, each award of shares of WBKC Common Stock granted under the WBKC 2012 Equity Incentive Plan, whether or not vested, that is outstanding immediately prior to the Effective Time (a **WBKC Restricted Stock Award**) shall fully vest and be canceled and be converted automatically into the right to receive the Merger Consideration. Horizon shall issue the consideration described in this Section 2.02(b), less applicable tax withholdings, in the same manner as the Merger Consideration is delivered to other WBKC shareholders.

2.03 Anti-Dilution Adjustments. If Horizon changes (or establishes a record date for changing) the number of shares of Horizon common stock issued and outstanding prior to the Effective Time by way of a stock split, stock dividend, recapitalization, reclassification or similar transaction with respect to the outstanding Horizon common stock, and the record date therefor is prior to the Effective Time, the Exchange Ratio shall be adjusted accordingly so that each shareholder of WBKC at the Effective Time shall receive, in the aggregate, such number of shares of Horizon common stock representing the same percentage of the outstanding shares of Horizon common stock that such shareholders would have received if any of the foregoing actions had not occurred. No adjustment shall be made under this Section 2.03 solely as a result of Horizon changing its cash dividend levels or issuing additional shares of Horizon common stock, provided it receives fair market value for such shares or such shares are issued in connection with a Horizon employee benefit plan or similar plan.

Table of Contents

2.04 No Fractional Shares. Notwithstanding any other provision in this Agreement, no fractional shares of Horizon common stock and no certificates or scrip therefor, or other evidence of ownership thereof, will be issued in the Merger; instead, Horizon shall pay to each holder of WBKC Common Stock who otherwise would be entitled to a fractional share of Horizon common stock an amount in cash (without interest) determined by multiplying such fraction by the average of the daily closing sales prices of a share of Horizon's common stock, rounded to the nearest cent, during the fifteen (15) consecutive trading days immediately preceding the second business day prior to the Closing Date; *provided, however*, that closing sales prices shall only be used for days during which such shares are actually traded on the NASDAQ Global Select Market.

2.05 Exchange Procedures.

(a) Horizon shall appoint its transfer agent, Computershare, Inc. (**Exchange Agent**), as the exchange agent for the surrender of certificates formerly representing WBKC Common Stock in exchange for the Merger Consideration.

(b) At and after the Effective Time, each physical certificate or book-entry account statement evidencing outstanding shares of WBKC Common Stock (each an **Old Certificate**) (other than the Exempt WBKC Stock) shall represent only the right to receive the Merger Consideration in accordance with the terms of this Agreement. No later than the business day prior to the Closing Date, Horizon shall provide the Exchange Agent with the irrevocable authorization to issue a sufficient number of shares of Horizon common stock to be used to issue the aggregate Stock Consideration to holders of WBKC Common Stock and deposit, or cause to be deposited, with the Exchange Agent, an amount in cash sufficient to pay the aggregate Cash Consideration payable to holders of WBKC Common Stock (together with cash for any fractional shares pursuant to Section 2.04).

(c) No later than five (5) business days after the Effective Time (and provided WBKC has delivered to the Exchange Agent all information which is necessary for the Exchange Agent to perform its obligations hereunder), the Exchange Agent shall mail to each holder of WBKC Common Stock a letter of transmittal providing instructions to the WBKC shareholder as to the transmittal to the Exchange Agent of the Old Certificates in exchange for the issuance of the Merger Consideration applicable thereto pursuant to the terms of this Agreement.

(d) Horizon shall cause a book-entry account statement representing that number of whole shares of Horizon common stock that each holder of WBKC Common Stock has the right to receive pursuant to Section 2.01 as the holder's aggregate Stock Consideration and a check in the amount of such holder's aggregate Cash Consideration, along with any cash in lieu of fractional shares or dividends or distributions which such holder shall be entitled to receive, if any, to be delivered to such shareholder as soon as reasonably practicable after the shareholder delivers to Horizon the Old Certificates (or bond or other indemnity satisfactory to Horizon if any of such Old Certificates are lost, stolen or destroyed) owned by such shareholder, accompanied by a properly completed and executed letter of transmittal, in the

Table of Contents

form and substance satisfactory to Horizon, and any other documents required by this Agreement or reasonably requested by Horizon or the Exchange Agent. No interest will be paid on any Merger Consideration that any such holder is entitled to receive pursuant to this Article II.

(e) No dividends or other distributions on Horizon common stock with a record date occurring after the Effective Time shall be paid to the holder of any unsurrendered Old Certificate representing shares of WBKC Common Stock until the holder thereof surrenders such Old Certificates in accordance with this Article II. After becoming so entitled in accordance with this Section 2.05, the record holder thereof also shall be entitled to receive any dividends or other distributions, without any interest thereon, that were previously payable with respect to shares of Horizon common stock that such holder had the right to receive upon surrender of the Old Certificate.

(f) The stock transfer books of WBKC shall be closed at the Effective Time, and from and after the Effective Time, there shall be no transfers on the stock transfer records of WBKC of any shares of WBKC Common Stock. If, after the Effective Time, Old Certificates are presented to Horizon, they shall be canceled and exchanged for the Merger Consideration deliverable in respect thereof pursuant to this Agreement in accordance with the procedures set forth in this Article II.

(g) Horizon shall be entitled to rely upon WBKC's stock transfer books to establish the identity of those individuals, partnerships, corporations, trusts, joint ventures, organizations, or other entities (each, a **Person**) entitled to receive the Merger Consideration, which books shall be conclusive with respect thereto. In the event of a dispute with respect to ownership of stock represented by any Old Certificate, Horizon shall be entitled to deposit any Merger Consideration represented thereby in escrow with an independent third party selected by Horizon and thereafter be relieved from any and all liability with respect to any claims thereto.

(h) If any Old Certificate shall have been lost, stolen, or destroyed, upon the making of an affidavit of that fact by the Person claiming such Old Certificate to be lost, stolen, or destroyed and, if required by Horizon, the posting by such Person of a bond or other indemnity satisfactory to Horizon as indemnity against any claim that may be made against it with respect to such Old Certificate, Horizon will issue in exchange for such affidavit of lost, stolen, or destroyed Old Certificate, the Merger Consideration deliverable in respect thereof pursuant to, and in accordance with, the other terms and conditions of this Article II.

(i) Notwithstanding anything in this Agreement to the contrary, at the Effective Time, all shares of WBKC Common Stock that are held as treasury stock of WBKC or owned by Horizon (other than shares held in a fiduciary capacity or in satisfaction of a debt previously contracted) shall be canceled and shall cease to exist, and no stock of Horizon or other consideration shall be exchanged therefor.

Table of Contents

(j) Notwithstanding the foregoing, no party hereto, nor the Exchange Agent, shall be liable to any former holder of WBKC Common Stock for any amount properly delivered to a public official pursuant to applicable abandoned property, escheat, or similar laws.

(k) If outstanding Old Certificates are not surrendered or the payment for them is not claimed prior to the date on which the Merger Consideration payable therefor would otherwise escheat to, or become the property of any governmental unit or agency, the unclaimed Merger Consideration shall, to the extent permitted by abandoned property and any other applicable law, become the property of Horizon (and to the extent not in its possession shall be delivered to it), free and clear of all claims or interest of any Person previously entitled thereto. Any former shareholder of WBKC who has not theretofore complied with this Article II shall thereafter look only to the Surviving Corporation for payment of the Merger Consideration and any unpaid dividends and distributions on Horizon's Common Stock deliverable in respect of each former share of WBKC Common Stock such shareholder holds as determined pursuant to this Agreement, in each case, without any interest thereon. Neither the Exchange Agent nor any party to this Agreement shall be liable to any holder of shares of WBKC Common Stock for any Merger Consideration properly delivered to a public official pursuant to applicable abandoned property, escheat, or similar laws.

ARTICLE III.

REPRESENTATIONS AND WARRANTIES OF WBKC

On or prior to the date hereof, WBKC has delivered to Horizon a schedule (the **WBKC Disclosure Schedule**) setting forth, among other things, items the disclosure of which is necessary or appropriate either in response to an express disclosure requirement contained in a provision hereof or as an exception to one or more representations or warranties contained in this Article III or to one or more of its covenants contained in Article V. However, for purposes of the WBKC Disclosure Schedule, any item disclosed on any schedule therein is deemed to be fully disclosed with respect to other sections of this Agreement under which such item may be relevant, but only to the extent that it is reasonably clear on the face of such schedule that such item applies to such other section of this Agreement, and such item is described in sufficient detail to enable Horizon to identify the items to which it applies.

For the purpose of this Agreement, and in relation to WBKC, a **Material Adverse Effect** means any effect that (i) is material and adverse to the results of operations, properties, assets, liabilities, conditions (financial or otherwise), value, or business of WBKC and its Subsidiaries (as defined below in this introduction to Article III) on a consolidated basis, or (ii) would materially impair the ability of WBKC or any of its Subsidiaries to perform its obligations under this Agreement or any related agreement or otherwise materially threaten or materially impede the consummation of the Merger and the other transactions contemplated by this Agreement; *provided, however*, that Material Adverse Effect on WBKC shall not be deemed to include the impact of (a) changes in banking and similar laws of general applicability to banks, savings associations, or their holding companies or interpretations thereof by courts or governmental authorities, (b) changes in United States

Table of Contents

generally accepted accounting principles (**GAAP**) or regulatory accounting requirements applicable to banks, savings associations or their holding companies generally, (c) effects of any action or omission taken with the prior written consent of Horizon or at the direction of Horizon, (d) the expenses incurred by WBKC and Wolverine Bank in negotiating, documenting, effecting, and consummating the transactions contemplated by this Agreement, (e) the announcement of this Agreement and the transactions contemplated hereby, and the effect of compliance with this Agreement, on the business, financial condition, or results of operations of WBKC and its Subsidiaries, (f) any changes in general economic or capital market conditions affecting banks, savings associations and their holding companies generally, including, without limitation, changes in interest rates, and (g) changes in national or international political or social conditions, including the engagement by the United States in hostilities, whether or not pursuant to the declaration of a national emergency or war, or the occurrence of any military or terrorist attack upon or within the United States, or any of its territories, possessions or diplomatic or consular offices, or upon any military installation, equipment, or personnel of the United States, unless it uniquely affects WBKC or any of its Subsidiaries, taken as a whole.

For the purpose of this Agreement, and in relation to WBKC and its Subsidiaries, **knowledge** means those facts that are actually known by the officers of WBKC and its Subsidiaries who are listed on Section 3.0 of the WBKC Disclosure Schedule. Additionally, for the purpose of this Agreement, and in relation to WBKC, its **Subsidiaries** shall mean any entity which is required to be consolidated with WBKC for financial reporting purposes pursuant to GAAP.

Accordingly, WBKC hereby represents and warrants to Horizon as follows, except as set forth in the WBKC Disclosure Schedule:

3.01 Organization and Authority.

(a) WBKC is a corporation duly organized and validly existing under the laws of the state of Maryland and is a registered savings and loan holding company under the HOLA. WBKC has full power and authority (corporate and otherwise) to own and lease its properties as presently owned and leased and to conduct its business in the manner and by the means utilized as of the date hereof. Section 3.01(a) of the WBKC Disclosure Schedule sets forth a complete list of WBKC's Subsidiaries. Except as provided in Section 3.01(a) of the WBKC Disclosure Schedule, WBKC owns directly no voting stock or equity securities of any corporation, partnership, association, or other entity.

(b) Wolverine Bank is a federally chartered savings bank existing under the laws of the United States. Except as set forth in Section 3.01(b) of the WBKC Disclosure Schedule, no Subsidiary owns voting stock or equity securities of any corporation, partnership, association, or other entity.

Table of Contents**3.02 Authorization.**

(a) WBKC has the requisite corporate power and authority to enter into this Agreement and to perform its obligations hereunder, subject to the fulfillment of the conditions precedent set forth in Sections 7.02(e) and (f) hereof. This Agreement and its execution and delivery by WBKC have been duly authorized and approved by the Board of Directors of WBKC and, assuming the accuracy of the representation contained in Section 4.02(a), constitutes a valid and binding obligation of WBKC, subject to the terms and conditions hereof, and is enforceable in accordance with its terms, except to the extent limited by general principles of equity and public policy and by bankruptcy, insolvency, fraudulent transfer, reorganization, liquidation, moratorium, readjustment of debt, or other laws of general application relating to or affecting the enforcement of creditors' rights.

(b) Except as set forth in Section 3.02(b) of the WBKC Disclosure Schedule, and subject to the fulfillment of the conditions precedent set forth in Sections 7.02(e) and (f) hereof, neither the execution of this Agreement nor consummation of the Merger contemplated hereby: (i) conflicts with or violates the Articles of Incorporation or Bylaws of WBKC or the charter documents of any of WBKC's Subsidiaries; (ii) conflicts with or violates any applicable local, state, federal, or foreign law, statute, ordinance, rule, or regulation (provided that the approvals of or filings with applicable government regulatory agencies or authorities required for consummation of the Merger are obtained) or any court or administrative judgment, order, injunction, writ, or decree; (iii) conflicts with, results in a breach of, or constitutes a default under, or requires any notice or consent under, any note, bond, indenture, mortgage, deed of trust, license, lease, contract, agreement, arrangement, commitment, or other instrument to which WBKC or any of its Subsidiaries is a party or by which WBKC or any of its Subsidiaries is subject or bound; (iv) results in the creation of or gives any Person the right to create any lien, charge, claim, encumbrance, or security interest, or results in the creation of any other rights or claims of any other party (other than Horizon) or any other adverse interest, upon any right, property, or asset of WBKC or any of its Subsidiaries; or (v) terminates or gives any Person the right to terminate, accelerate, amend, modify, or refuse to perform under any note, bond, indenture, mortgage, agreement, contract, lease, license, arrangement, deed of trust, commitment, or other instrument to which WBKC or any of its Subsidiaries is bound or with respect to which WBKC or any of its Subsidiaries is to perform any duties or obligations or receive any rights or benefits, except for such conflicts, breaches, defaults, notices, consent, liens, charges, claims, encumbrances, security interests, adverse interests, terminations, accelerations, amendments, modifications or refusals to perform under (iii), (iv) or (v) of this Section 3.02(b) that, either individually or in the aggregate, will not have a Material Adverse Effect on WBKC.

(c) Other than in connection or in compliance with the provisions of the applicable federal and state banking, securities, antitrust, and corporation statutes, all as amended, and the rules and regulations promulgated thereunder, no notice to, filing with, exemption by, or consent, authorization, or approval of any governmental agency or body is necessary for consummation of the Merger by WBKC.

As of the date of this Agreement, the WBKC Options have a weighted average exercise price of \$20.87 per share. Such issued and outstanding shares of WBKC Common Stock and the shares underlying the WBKC Options have been duly and validly authorized by all necessary corporate action of WBKC, are validly issued, fully paid, and nonassessable, and have not been issued in violation of any preemptive rights. WBKC has no capital stock authorized, issued, or outstanding other than as described in this Section 3.03(a) and has no intention or obligation to authorize or issue any other capital stock or any additional shares of stock or securities convertible into stock. Each share of WBKC Common Stock is entitled to one vote per share.

(b) Except as set forth in Section 3.03(b) of the WBKC Disclosure Schedule, all of the issued and outstanding shares of capital stock or other equity ownership interests of each Subsidiary of WBKC are owned by WBKC, directly or indirectly, free and clear of all liens, pledges, charges, claims, encumbrances, restrictions, security interests, options, and preemptive rights and of all other rights or claims of any other Person with respect thereto.

(c) Other than the WBKC Options and except as set forth in Section 3.03(c) of the WBKC Disclosure Schedule, there are no options, warrants, commitments, calls, puts, plans, agreements, understandings, arrangements, or subscription rights relating to any shares of capital stock of WBKC (whether outstanding or to be issued), or any shares of capital stock of WBKC's Subsidiaries (whether outstanding or to be issued), or any securities convertible into or representing the right to purchase or otherwise acquire any common stock or debt securities of WBKC or its Subsidiaries, by which WBKC is or may become bound or may, or is required to, issue any additional securities of WBKC or any Subsidiary. Except for the withholding of shares to satisfy tax obligations in connection with the vesting of WBKC Restricted Stock or the exercise of WBKC Options, WBKC does not have any outstanding contractual or other

obligation to repurchase, redeem, or otherwise acquire any of the issued and outstanding shares of WBKC Common Stock. WBKC is not a party to any voting trusts, voting arrangements, buy-sell agreements, or similar arrangements affecting the capital stock of WBKC or its Subsidiaries.

(d) WBKC has no knowledge of any Person which beneficially owns (as defined in Rule 13d-3 under the Securities Exchange Act of 1934 (the **1934 Act**)) 10% or more of the outstanding shares of WBKC Common Stock.

3.04 Organizational Documents. The Articles of Incorporation and Bylaws of WBKC and any similar governing documents for each of WBKC's Subsidiaries, represent true, accurate, and complete copies of such corporate documents in effect as of the date of this Agreement and have previously been delivered to Horizon.

3.05 Compliance with Law.

(a) None of WBKC or any of its Subsidiaries is currently in material violation of, and during the preceding five (5) years, none has been in material violation of, any applicable local, state, federal, or foreign law, statute, regulation, rule, ordinance, order, restriction, or requirement, and none is in violation of any order, injunction, judgment, writ, or decree of any court or government agency or body (collectively, the **Law**) except where such violation would not have a Material Adverse Effect on WBKC. WBKC and its Subsidiaries possess and hold all licenses, franchises, permits, certificates, and other authorizations necessary for the continued conduct of their business without interference or interruption, except where the failure to possess and hold the same would not have a Material Adverse Effect on WBKC, and such licenses, franchises, permits, certificates, and authorizations are transferable (to the extent required) to Horizon at the Effective Time without any material restrictions or limitations thereon or the need to obtain any consents of government agencies or other third parties other than as set forth in this Agreement.

(b) Section 3.05(b) of the WBKC Disclosure Schedule sets forth, as of the date hereof, a schedule of all officers (vice presidents and higher) and directors of WBKC who have outstanding loans from WBKC or any of its Subsidiaries, and there has been no default on, or forgiveness or waiver of, in whole or in part, any such loan during the two (2) years immediately preceding the date hereof.

(d) All of the existing offices and branches of Wolverine Bank have been legally authorized and established in accordance with all applicable federal, state, and local laws, statutes, regulations, rules, ordinances, orders, restrictions, and requirements, except as would not reasonably be expected to have, either individually or in the aggregate, a Material Adverse Effect on WBKC. Wolverine Bank has no approved but unopened offices or branches.

3.06 Accuracy of Information Provided to Horizon. WBKC agrees that the information concerning WBKC or any of its Subsidiaries that is provided or to be provided by WBKC to Horizon for inclusion or that is included in the Registration Statement or Proxy Statement (each as defined in Section 6.02), and any other documents to be filed with any regulatory authority or governmental entity in connection with the Merger and the other transactions contemplated by this Agreement will: (a) at the respective times such documents are filed and, in the case of the Registration Statement, when it becomes effective and, with respect to the Proxy Statement, when mailed, not be false or misleading with respect to any material fact, or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading; or (b) in the case of the Proxy Statement or any amendment thereof or supplement thereto, at the time of the WBKC Shareholders Meeting, not be false or misleading with respect to any material fact, or omit to state any material fact necessary to correct any statement in any earlier communication with respect to the solicitation of any proxy for the meeting in connection with which the Proxy Statement shall be mailed. Notwithstanding the foregoing, WBKC shall have no responsibility for the truth or accuracy of any information with respect to Horizon or any of its Subsidiaries or any of their affiliates contained in the Registration Statement or the Proxy Statement or in any document submitted to, or other communication with, any regulatory agency or governmental entity.

3.07 Litigation and Pending Proceedings.

(a) Except for lawsuits described in Section 3.07(a) of the WBKC Disclosure Schedule and lawsuits involving collection of delinquent accounts, there are no material claims, actions, suits, proceedings, mediations, arbitrations, or investigations pending or, to the knowledge of WBKC, threatened against WBKC or any of its Subsidiaries, and to WBKC's knowledge, there is no basis for any claim, action, suit, proceeding, litigation, arbitration, or investigation against WBKC or any of its Subsidiaries that individually or in the aggregate would reasonably be expected to have a Material Adverse Effect on WBKC.

(b) Neither WBKC nor any of its Subsidiaries is: (i) subject to any outstanding judgment, order, writ, injunction, or decree of any court, arbitration panel, or governmental agency or authority, except in the ordinary course of business regarding customer and fiduciary accounts; (ii) presently charged with, or under governmental investigation with respect to, any actual or alleged violations of any law, statute, rule, regulation, or ordinance (other than immaterial violations raised as part of examinations by banking regulators in the ordinary course of operating a banking business); or (iii) the subject of any pending or, to the knowledge of WBKC, threatened proceeding by any government regulatory agency or authority having jurisdiction over their respective business, assets, capital, properties, or operations.

3.30 Bank Secrecy and Anti-Money Laundering Compliance. During the last three (3) years, neither WBKC nor any of its Subsidiaries has received any notice or communication from any regulatory authority alleging violation of, or noncompliance with, any legal requirement concerning bank secrecy or anti-money laundering, including the Currency and Foreign Transactions Reporting Act, the Money Laundering Control Act of 1986, Annunzio-Wylie Anti-Money Laundering Act, the Money Laundering Suppression Act of 1994, and the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (also known as the USA PATRIOT Act) (each such legal requirement and the rules promulgated thereunder, a **BSA/AML Law**). WBKC and its Subsidiaries have not been cited, fined, or otherwise notified of any failure by it to comply with a BSA/AML Law which has not been cured. To the knowledge of WBKC and its Subsidiaries, there are no facts or circumstances that could form the basis for assertion of any proceeding against WBKC or its Subsidiaries under any BSA/AML Law that, if determined adversely to WBKC or its Subsidiaries, would reasonably be likely, either individually or in the aggregate, to have a Material Adverse Effect on WBKC.

3.31 Agreements with Regulatory Agencies. Except as set forth in Section 3.31 of the WBKC Disclosure Schedule, neither WBKC nor any of its Subsidiaries is subject to any cease-and-desist, consent order or other order, or enforcement action issued by, or is a party to any written agreement, consent agreement, or memorandum of understanding with, or is a party to any commitment letter or similar undertaking to, or is subject to any order or directive by, or has been ordered to pay any civil money penalty by, or has been, during the preceding five (5) years, a recipient of any supervisory letter from, or, during the preceding five (5) years, has adopted any policies, procedures, or board resolutions at the request or suggestion of any regulatory agency or other governmental entity that currently restricts (or restricted), in any material respect, the conduct of its business or that in any material manner relates to its capital adequacy, its ability to pay dividends, its credit or risk management policies, its management, or its business, other than those of general application that apply to similarly situated bank holding companies or their subsidiaries (a **WBKC Regulatory Agreement**), nor has WBKC or any of its Subsidiaries been advised, during the preceding five (5) years, by any regulatory agency or other governmental entity that it is considering issuing, initiating, ordering, or requesting any such WBKC Regulatory Agreement. There are no refunds or restitutions required to be paid or corrective actions (including items designated as matters requiring attention) required to be taken as a result of any criticism of any regulatory agency or body cited in any examination report of WBKC or any of its Subsidiaries as a result of an examination by any regulatory agency or body, or set forth in any accountant s or auditor s report to WBKC or any of its Subsidiaries.

3.32 Approval Delays. To WBKC s knowledge, as of the date hereof, there is no reason why the granting of any of the Regulatory Approvals (as defined in Section 7.01(e)) would be denied or unduly delayed.

3.33 Internal Controls. WBKC and its Subsidiaries have devised and maintain a system of internal accounting controls sufficient to provide reasonable assurances regarding the reliability of financial reporting and the preparation of financial statements for external

purposes in accordance with GAAP. During the preceding three (3) years, (i) through the date hereof, neither WBKC nor any of its Subsidiaries has received or otherwise had or obtained knowledge of any material complaint, allegation, assertion, or claim, whether written or oral, regarding the accounting or auditing practices, procedures, methodologies, or methods of WBKC or any of its Subsidiaries or their respective internal accounting controls, including any material complaint, allegation, assertion, or claim that WBKC or any of its Subsidiaries has engaged in questionable accounting or auditing practices, and (ii) no attorney representing WBKC or any of its Subsidiaries, whether or not employed by WBKC or any of its Subsidiaries, has reported evidence of a violation of securities laws, breach of fiduciary duty, or similar violation by WBKC or any of its officers, directors, employees, or agents to the Board of Directors of WBKC or any committee thereof or to any director or officer of WBKC.

3.34 Fiduciary Accounts. WBKC and each of its Subsidiaries has properly administered all accounts for which it acts as a fiduciary, including, without limitation, accounts for which it serves as a trustee, agent, custodian, personal representative, guardian, conservator, or investment advisor, in accordance with the terms of the governing documents and applicable laws and regulations. Neither WBKC nor any of its Subsidiaries, nor any of their respective directors, officers, or employees, has committed any breach of trust with respect to any fiduciary account, and the records for each such fiduciary account are true and correct and accurately reflect the assets of such fiduciary account.

3.35 Fairness Opinion. The board of directors of WBKC has received an opinion of KBW (which, if initially rendered verbally, has been or will be confirmed by a written opinion, dated the same date) to the effect that, as of the date of such opinion, and based upon and subject to the factors, assumptions and qualifications contained therein, the Merger Consideration to be received by the common stockholders of WBKC in the Merger is fair to such common stockholders, from a financial point of view. Such opinion has not been amended or rescinded as of the date of this Agreement..

3.36 WBKC Securities and Exchange Commission Filings. For the past five (5) years, WBKC has filed all material reports and other filings with the Securities and Exchange Commission (the **SEC**) required to be filed by it (**WBKC SEC Reports**). All such WBKC SEC Reports were true, accurate, and complete in all material respects as of the dates of the WBKC SEC Reports, and no such filings contained any untrue statement of a material fact or omitted to state a material fact necessary in order to make the statements, at the time and in the light of the circumstances under which they were made, not false or misleading. As of the date of this Agreement, there are no outstanding or unresolved comments in any comment letters received by WBKC, and to the knowledge of WBKC, none of the WBKC SEC Reports is the subject of any ongoing review by the SEC.

For the purpose of this Agreement, and in relation to Horizon and its Subsidiaries, **knowledge** means those facts that are actually known by the officers of Horizon who are listed on Section 4.0 of the Horizon Disclosure Schedule. None of Horizon or any of its Subsidiaries is delinquent in the payment of any material amount due pursuant to any trade payable, and each has properly accrued for such payables in accordance with GAAP, except where the failure to so accrue would not constitute a Material Adverse Effect on Horizon.

5.05 Accruals for Loan Loss Reserve and Expenses.

(a) Prior to the Effective Time, WBKC shall make and shall cause its Subsidiaries to make, consistent with GAAP and applicable banking laws and regulations, such appropriate accounting entries in its books and records and use reasonable best efforts to take such other actions as WBKC and its Subsidiaries shall deem to be necessary or desirable in anticipation of the Merger including, without limitation, accruals or the creation of reserves for employee benefits and Merger-related expenses.

(b) WBKC recognizes that Horizon may have adopted different loan and accounting policies and practices (including loan classifications and levels of loan loss allowances). Subject to applicable law (including without limitation applicable banking laws and regulations and GAAP), from and after the date hereof, WBKC shall consult and cooperate in good faith with Horizon with respect to conforming the loan and accounting policies and practices of WBKC to those policies and practices of Horizon for financial accounting and/or income tax reporting purposes, as reasonably specified in each case in writing from Horizon to WBKC, based upon such consultation and subject to the conditions in Section 5.05(d).

(c) Subject to applicable law (including without limitation applicable banking laws and regulations and GAAP), WBKC shall consult and cooperate in good faith with Horizon with respect to determining, as reasonably specified in a written notice from Horizon to WBKC, based upon such consultation and subject to the conditions in Section 5.05(d), the amount and the timing for recognizing for financial accounting and/or income tax reporting purposes of WBKC's expenses of the Merger.

been satisfied and certifies to WBKC that Horizon will at the Effective Time deliver to WBKC the certificate contemplated in Section 7.02(g).

(e) WBKC's representations, warranties, and covenants contained in this Agreement shall not be deemed to be untrue or breached in any respect for any purpose as a consequence of any modifications or changes undertaken at Horizon's request in compliance with Section 5.05(d).

5.06 Acquisition Proposals.

(a) WBKC will, and will cause each of its Subsidiaries to, and its and their respective officers, directors, and representatives (including KBW) to, immediately cease and cause to be terminated any existing solicitations, discussions, or negotiations with any Person concerning an Acquisition Proposal (as defined in Section 5.06(e)). During the period from the date of this Agreement through the Effective Time, WBKC shall not terminate, amend, modify, or waive any material provision of any confidentiality or similar agreement to which WBKC or any of its Subsidiaries is a party (other than any involving Horizon).

(b) Except as permitted in this Section 5.06, WBKC shall not, and shall cause its Subsidiaries and any of their respective directors, officers, and representatives (including KBW) not to, (i) solicit, initiate, or knowingly encourage or facilitate, or take any other action designed to, or that could reasonably be expected to, facilitate (including by way of furnishing non-public information) any inquiries with respect to an Acquisition Proposal, or (ii) initiate, participate in, or knowingly encourage any discussions or negotiations or otherwise knowingly cooperate in any way with any Person regarding an Acquisition Proposal; provided, however, that, at any time prior to obtaining the approval of the Merger by WBKC's shareholders, if WBKC receives a bona fide Acquisition Proposal that the WBKC Board of Directors determines in good faith constitutes or is reasonably likely to lead to a Superior Proposal (as defined in Section 5.06(f)) that was not solicited after the date hereof and did not otherwise result from a breach of WBKC's obligations under this Section 5.06, WBKC may furnish, or cause to be furnished, non-public information with respect to WBKC and its Subsidiaries to the Person who made such proposal (provided that all such information has been provided to Horizon prior to or at the same time it is provided to such Person) and may participate in discussions and negotiations regarding such proposal if (A) the WBKC Board of Directors determines in good faith, and following consultation with its outside legal counsel and financial advisor, that failure to do so would be reasonably likely to result in a breach of its fiduciary duties to WBKC's shareholders under applicable law, and (B) prior to taking such action, WBKC has used its reasonable best efforts to enter into a confidentiality agreement with such Person containing terms no less favorable to WBKC than those contained in the Confidentiality Agreement (as defined in Section 11.09) and which confidentiality agreement shall not provide such Person with any exclusive right to negotiate with WBKC. Without limiting the foregoing, it is agreed that any violation of the restrictions contained in the first sentence of this Section 5.06(b) by any representative (including KBW) of WBKC or its Subsidiaries shall be a breach of this Section 5.06 by WBKC.

(c) Neither the WBKC Board of Directors nor any committee thereof shall (or shall agree or resolve to) (i) fail to make, withdraw, or modify in a manner adverse to Horizon, or propose to withdraw or modify in a manner adverse to Horizon (or take any action inconsistent with), the recommendation by such WBKC Board of Directors or any such committee regarding this Agreement or the Merger, or approve or recommend, or propose to recommend, the approval or recommendation of any Acquisition Proposal (any of the foregoing being referred to herein as an **Adverse Recommendation Change**), or (ii) cause or permit WBKC or Wolverine Bank to enter into any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement, or other agreement (each, an **Acquisition Agreement**) constituting or related to, or which is intended to or would be reasonably likely to lead to, any Acquisition Proposal (other than a confidentiality agreement referred to in Section 5.06(b)). Notwithstanding the foregoing, at any time prior to the special meeting of WBKC's shareholders to approve the Merger, the WBKC Board of Directors may, in response to a Superior Proposal, effect an Adverse Recommendation Change, provided, that the WBKC Board of Directors determines in good faith, after consultation with its outside legal counsel and financial advisor, that the failure to do so would be reasonably likely to result in a breach of its fiduciary duties to the shareholders of WBKC under applicable Law, and provided, further, that the WBKC Board of Directors may not effect such an Adverse Recommendation Change unless (A) the WBKC Board shall have first provided prior written notice to Horizon (an **Adverse Recommendation Change Notice**) that it is prepared to effect an Adverse Recommendation Change in response to a Superior Proposal, which notice shall, in the case of a Superior Proposal, attach the most current version of any proposed written agreement or letter of intent relating to the transaction that constitutes such Superior Proposal (it being understood that any amendment to the financial terms or any other material term of such Superior Proposal shall require a new notice and a new five (5) business day period), and (B) Horizon does not make, within five (5) business days after receipt of such notice, a proposal that would, in the reasonable good faith judgment of the WBKC Board of Directors (after consultation with outside legal counsel and WBKC's financial advisor), cause the offer previously constituting a Superior Proposal to no longer constitute a Superior Proposal or that the Adverse Recommendation Change is no longer required in order to comply with the WBKC Board's fiduciary duties to the shareholders of WBKC under applicable Law. WBKC agrees that, during the five (5) business day period prior to its effecting an Adverse Recommendation Change, WBKC and its officers, directors, and representatives shall negotiate in good faith with Horizon and its officers, directors, and representatives regarding any revisions to the terms of the transactions contemplated by this Agreement proposed by Horizon.

(d) In addition to the obligations of WBKC set forth in paragraphs (a), (b), and (c) of this Section 5.06, WBKC shall as promptly as possible, and in any event within two (2) business days after WBKC first obtains knowledge of the receipt thereof, advise Horizon orally and in writing of (i) any Acquisition Proposal or any request for information that WBKC reasonably believes could lead to or contemplates an Acquisition Proposal, or (ii) any inquiry WBKC reasonably believes could lead to any Acquisition Proposal, the terms and

conditions of such Acquisition Proposal, request or inquiry (including any subsequent amendment or other modification to such terms and conditions), and the identity of the Person making any such Acquisition Proposal or request, or inquiry. In connection with any such Acquisition Proposal, request, or inquiry, if there occurs or is presented to WBKC any offer, material change, modification, or development to a previously made offer, letter of intent, or any other material development, WBKC (or its outside counsel) shall (A) advise and confer with Horizon (or its outside counsel) regarding the progress of negotiations concerning any Acquisition Proposal, the material resolved and unresolved issues related thereto, and the material terms (including material amendments or proposed amendments as to price and other material terms) of any such Acquisition Proposal, request, or inquiry, and (B) promptly upon receipt or delivery thereof, provide Horizon with true, correct, and complete copies of any document or communication related thereto.

(e) For purposes of this Agreement, **Acquisition Proposal** shall mean (i) any inquiry, proposal, or offer from any Person or group of Persons (other than as contemplated by this Agreement) relating to, or that could reasonably be expected to lead to, any direct or indirect acquisition or purchase, in one transaction or a series of transactions, of (A) assets or businesses that constitute 25% or more of the revenues, net income, or assets of WBKC and its Subsidiaries, taken as a whole, or (B) 25% or more of any class of equity securities of WBKC or any of its Subsidiaries; (ii) any tender offer or exchange offer that, if consummated, would result in any Person beneficially owning 25% or more of any class of equity securities of WBKC or any of its Subsidiaries; (iii) any merger, consolidation, business combination, recapitalization, liquidation, dissolution, joint venture, binding share exchange, or similar transaction involving WBKC, Wolverine Bank, or any of its other Subsidiaries pursuant to which any Person or the shareholders of any Person would own 25% or more of any class of equity securities of WBKC, Wolverine Bank, or any of WBKC's other Subsidiaries or of any resulting parent company of WBKC or Wolverine Bank; or (iv) any other transaction the consummation of which could reasonably be expected to impede, interfere with, prevent, or materially delay the Merger or that could reasonably be expected to dilute materially the benefits to Horizon of the transactions contemplated hereby, other than the transactions contemplated hereby. For purposes of this Section 5.06, a **Person** shall include a natural Person, or any legal, commercial, or Governmental Authority, including, a corporation, general partnership, joint venture, limited partnership, limited liability company, trust, business association, group acting in concert, or any Person acting in a representative capacity.

(f) For purposes of this Agreement, **Superior Proposal** shall mean any Acquisition Proposal (but changing the references to 25% or more in the definition of **Acquisition Proposal** to 50% or more) that the WBKC Board determines in good faith (after having received the advice of its financial advisor), to be (i) materially more favorable to the shareholders of WBKC from a financial point of view and its other constituencies than the Merger (taking into account all the terms and conditions of such proposal and this Agreement (including any break-up fees, expense reimbursement provisions, and conditions to consummation and any changes to the financial terms of this Agreement proposed by Horizon in response to such offer or otherwise)), and (ii) reasonably capable of being completed

without undue delay taking into account all financial, legal, regulatory, and other aspects of such proposal.

5.07 Press Releases. Horizon and WBKC shall use reasonable best efforts (i) to develop a joint communications plan with respect to this Agreement and the transactions contemplated hereby, (ii) to ensure that all press releases and other public statements with respect to this Agreement and the transactions contemplated hereby shall be consistent with such joint communications plan, and (iii) except where (and to the extent that) such prior consultation is not reasonably possible due to time considerations in respect of any announcement required by applicable law or by obligations pursuant to any listing agreement with or rules of the NASDAQ Stock Market, to consult with each other before issuing any press release or otherwise making any public statement with respect to this Agreement or the transactions contemplated hereby.

5.08 Changes and Supplements to Disclosure Schedules. WBKC shall promptly supplement, amend, and update, upon the occurrence of any change prior to the Effective Time, and as of the Effective Time, the WBKC Disclosure Schedule with respect to any matters or events hereafter arising which, if in existence or having occurred as of the date of this Agreement, would have been required to be set forth or described in the WBKC Disclosure Schedule or this Agreement and including, without limitation, any fact which, if existing or known as of the date hereof, would have made any of the representations or warranties of WBKC contained herein materially incorrect, untrue, or misleading. No such supplement, amendment, or update shall have any effect for the purposes of determining satisfaction of the conditions set forth in Article VII.

5.09 Failure to Fulfill Conditions. In the event WBKC determines that a condition to its obligation to complete the Merger cannot be fulfilled and that it will not waive that condition, it will promptly notify Horizon.

5.10 Access; Information.

(a) Horizon and WBKC, and their representatives and agents, shall, upon reasonable notice to the other party, at all times during normal business hours prior to the Effective Time, have reasonable access to the properties, facilities, operations, books, and records of the other party (other than minutes that discuss any of the transactions contemplated by this Agreement). Horizon and WBKC, and their representatives and agents, may, prior to the Effective Time, make or cause to be made such reasonable investigation of the operations, books, records, and properties of the other party and their Subsidiaries and of their financial and legal condition as deemed necessary or advisable to familiarize themselves with such operations, books, records, properties, and other matters; provided, however, that such access or investigation shall not interfere unnecessarily with the normal business operations of WBKC or Horizon or either of their Subsidiaries; provided further, neither WBKC, Horizon, nor any of their Subsidiaries shall be required to take any action that would provide access to or to disclose information where such access or disclosure would violate or prejudice the rights of any customer or other person or would result in the waiver by any of them of the

privilege protecting communications between any of them and any of their counsel. In addition, after receipt of all Regulatory Approvals and the necessary shareholders' approval, WBKC shall cooperate with Horizon to facilitate introductions to Wolverine Bank's customers and key business partners and referral sources.

(b) No investigation by Horizon or WBKC shall affect the representations and warranties made by WBKC or Horizon herein.

(c) Any confidential information or trade secrets received by Horizon, WBKC, or their representatives or agents in the course of such examination will be treated confidentially, and any correspondence, memoranda, records, copies, documents, and electronic or other media of any kind containing such confidential information or trade secrets or both shall be destroyed by Horizon or WBKC, as applicable, or at Horizon's or WBKC's request, returned to Horizon or WBKC, as applicable, in the event this Agreement is terminated as provided in Article VIII hereof; provided, however, that the parties may retain such received confidential information to comply with applicable law or regulation or professional standard or bona fide internal compliance policy requirements and any such retained information must be treated confidentially. Additionally, any confidential information or trade secrets received by Horizon or WBKC, or either of their agents or representatives, in the course of their examinations (whether conducted prior to or after the date of this Agreement) shall be treated confidentially and in accordance with the Confidentiality Agreement (as defined in Section 11.09). This Section 5.10 will not require the disclosure of any information to Horizon or WBKC which would be prohibited by law or regulation.

(d) WBKC shall also provide Horizon with copies of minutes and consents from all Board of Director and committee meetings no later than two (2) business days after such minutes are approved at the next monthly meeting of the Board of Directors (other than minutes that discuss any of the transactions contemplated by this Agreement and other than portions of minutes that contain information that is expressly exempt from disclosure pursuant to this Section 5.10).

5.11 Financial Statements. As soon as internally available after the date of this Agreement, WBKC will deliver to Horizon any additional audited consolidated financial statements which are prepared on its behalf or at its direction, the monthly consolidated unaudited balance sheets and profit and loss statements of WBKC prepared for its internal use, Wolverine Bank's Call Reports for each quarterly period completed prior to the Effective Time, all other financial reports or statements submitted to regulatory authorities after the date hereof, and all other financial statements and financial information reasonably requested by Horizon (collectively, **Subsequent WBKC Financial Statements**). The Subsequent WBKC Financial Statements will be prepared on a basis consistent with past accounting practices and GAAP (to the extent applicable) and shall present fairly the financial condition and results of operations as of the dates and for the periods presented (except in the case of unaudited financial statements or Call Report information for the absence of notes and/or year-end adjustments).

5.12 **Environmental.** If requested by Horizon, WBKC will cooperate with an environmental consulting firm designated by Horizon (the **Designated Environmental Consultant**) in connection with the conduct, at any time after the date hereof (the **Investigation Period**), by the Designated Environmental Consultant of Phase I environmental site assessments and any other investigation reasonably requested by Horizon on all real property (except single family, non-agricultural residential property of one acre or less) owned or leased by WBKC or any of its Subsidiaries as of the date of this Agreement or acquired thereafter, including OREO, to the extent not prohibited by any lease governing Wolverine Bank's lease of any branch. Horizon will proceed with such assessments, testing, and investigations as soon as reasonably practicable after the date of this Agreement and will diligently work to pursue such assessments, testing, and investigations through completion. Horizon shall furnish true and complete copies of any reports of the Designated Environmental Consultant that it receives with respect to any WBKC property, promptly upon Horizon's receipt of such reports. Horizon shall be responsible for the costs of the Phase I environmental site assessments, and Horizon and WBKC shall each bear 50% of the costs of any additional environmental investigation or testing as determined to be advisable or recommended by the Designated Environmental Consultant as a result of an actual or suspected **Recognized Environmental Condition** (as such term is defined by the American Society for Testing Materials).

5.13 **Governmental Reports and Shareholder Information.** Promptly upon its becoming available, WBKC shall furnish to Horizon one (1) copy of each financial statement, report, notice, or proxy statement sent by WBKC to any Governmental Authority or to WBKC's shareholders, and of any order issued by any Governmental Authority in any proceeding to which WBKC is a party. For purposes of this Agreement, **Governmental Authority** shall mean any government (or any political subdivision or jurisdiction thereof), court, bureau, agency, or other governmental entity having or asserting jurisdiction over the applicable party or its business, operations, or properties.

5.14 **Adverse Actions.** During the period from the date of this Agreement to the Effective Time, except with the written consent of Horizon, which consent will not be unreasonably withheld, WBKC will, and it will cause each of its Subsidiaries to, use reasonable best efforts to preserve intact its business organization and assets and maintain its rights and franchises, and voluntarily take no action that would: (i) adversely affect the ability of the parties to obtain the Regulatory Approvals or materially increase the period of time necessary to obtain such approvals; (ii) adversely affect its ability to perform its covenants and agreements under this Agreement in any material respect; or (iii) result in the representations and warranties contained in Article III of this Agreement not being true and correct on the date of this Agreement or at any future date on or prior to the Closing Date (subject to the standards set forth in Section 7.01(a) hereof) or in any of the conditions set forth in Article VII hereof not being satisfied; *provided, however*, that the foregoing shall not be deemed to require WBKC to take any action which would otherwise violate any other provision of this Agreement.

5.15 Employee Benefits and Employees.

(a) Neither the terms of Section 6.03 hereof nor the provision of any employee benefits by Horizon or any of its Subsidiaries to employees of WBKC or any of its Subsidiaries shall: (a) create any employment contract, agreement, or understanding with or employment rights for, or constitute a commitment or obligation of employment to, any of the officers or employees of WBKC or any of its Subsidiaries; or (b) prohibit or restrict Horizon or its Subsidiaries, whether before or after the Effective Time, from changing, amending, or terminating any employee benefits provided to its employees from time to time.

(b) Before the date that is forty-five (45) days after the public announcement of the Merger, Horizon will use its reasonable best efforts to notify WBKC of the employees Horizon intends to retain after the Effective Time. Prior to the Closing Date, WBKC shall be responsible for timely giving any notices to, and terminating (but in no event earlier than the date all Regulatory Approvals are received), any employees whose employment will not be continued by Horizon, and Horizon or WBKC shall pay any and all amounts which are due and payable to such employees in connection with the termination of their employment, including, without limitation, all accrued vacation and sick pay and the severance amounts contemplated by Section 6.03(h) of this Agreement.

(c) Before Closing, with WBKC's prior consent (which consent shall not be unreasonably withheld), Horizon may conduct such training and other programs as it may, in its reasonable discretion and at its sole expense, elect to provide for those employees who will be continuing employment with Horizon; provided, however, that such training and other programs shall not materially interfere with or prevent the performance of the normal business operations of WBKC.

5.16 Amendment and Termination of Bank ESOP.

(a) WBKC shall make contributions to the Bank ESOP between the date hereof and the Effective Time consistent with the terms of the Bank ESOP and past practices, including, without limitation, any contributions required pursuant to the terms and conditions of the ESOP Loan Documents.

or termination of employment, or any other event, other than the plan termination, that requires a distribution from the Bank ESOP; (iii) amend the Bank ESOP to provide that the excess of the proceeds from the sale or remittance of shares of WBKC Common Stock held by the Bank ESOP in the Bank ESOP's unallocated suspense account (**Suspense Shares**) over the unpaid principal and accrued interest of the Exempt Note attributable to the Suspense Shares shall (after repayment of the Exempt Note as contemplated in Section 5.16(c) of this Agreement) be allocated to the accounts of the Bank ESOP's active participants according to each active participant's proportionate Bank ESOP account balance as of the day before the ESOP Termination Date.

(c) As soon as practicable following the execution of this Agreement, WBKC will file, or cause to be filed, with the Internal Revenue Service an application for a favorable determination letter upon termination of the Bank ESOP requesting the issuance to WBKC of the favorable determination letter described in Section 5.16(b). A copy of the completed and filed application shall be provided to Horizon at least five (5) business days prior to the Effective Time. On the Closing Date, immediately prior to the Effective Time, WBKC shall direct the Trustee of the Bank ESOP to cause the unpaid principal balance and accrued interest through the Closing Date of the Exempt Note (such unpaid principal and accrued interest shall be referred to as the **ESOP Loan Balance**) to be repaid by remitting a sufficient number of Suspense Shares to WBKC or any other lender (including Horizon, as successor in interest to WBKC, as applicable) to repay the ESOP Loan Balance, with each remitted share to be valued in an amount equal to the cash equivalent of the Merger Consideration. All remaining shares of WBKC Common Stock held by the ESOP (including the remaining Suspense Shares) shall be converted into the right to receive the Merger Consideration.

(d) Following the Effective Time, Horizon shall use its reasonable best efforts in good faith to obtain the Internal Revenue Service favorable determination letter as promptly as possible, including adopting any amendments to the Bank ESOP that may be required by the Internal Revenue Service. As soon as practicable following the receipt of a favorable determination letter from the Internal Revenue Service regarding the tax-qualified status of the Bank ESOP upon its termination, the remaining account balances in the Bank ESOP shall either be distributed to participants and beneficiaries or rolled over to an eligible tax-qualified retirement plan or individual retirement account as a participant or beneficiary may direct.

(e) On or before the Effective Time, the Bank ESOP Committee shall have directed Pentegra Trust Company (the **ESOP Trustee**), as directed trustee of the Bank ESOP, to (i) provide to the Bank ESOP participants similar notices and materials provided to other WBKC shareholders with respect to those matters requiring a vote of the shareholders under this Agreement; (ii) obtain direction from the Bank ESOP's participants as to how to vote those shares of WBKC Common Stock allocated to the accounts of the Bank ESOP's participants with respect to those matters for which a shareholder vote is required under this Agreement; (iii) vote those shares of WBKC Common Stock in accordance with the direction of the Bank ESOP's participants and in accordance with the Bank ESOP; and (iv) vote the Suspense Shares and allocated shares of WBKC Common Stock for which no participant

(g) As soon as practicable following the execution of this Agreement, Horizon will amend the Horizon Employee Stock Ownership Plan (the **Horizon ESOP**) to permit Continuing Employees to enter the Horizon ESOP as of the Effective Time, and Continuing Employees will be credited with prior years of service with WBKC for purposes of eligibility and vesting (but not benefit accruals).

5.17 Termination of Wolverine Bank 401(k) Plan.

(a) WBKC maintains the Bank 401(k) Plan. WBKC shall make contributions to the Bank 401(k) Plan between the date hereof and the Effective Time consistent with the terms of the Bank 401(k) Plan and past practices, including, without limitation, elective deferral contributions of those Bank 401(k) Plan participants who are employed by WBKC or its Subsidiaries.

(b) As soon as practicable following the execution of this Agreement, WBKC, pursuant to the provisions of the Bank 401(k) Plan, shall, subject to review and approval by Horizon: (i) adopt resolutions to terminate, subject to the consummation of the Merger, the Bank 401(k) Plan effective as of a date that is not later than the day before the Effective Time (the **Plan Termination Date**) and to provide that the 401(k) Trustee shall designate the then-current Horizon 401(k) plan trustee as the named fiduciary with respect to the Bank 401(k) Plan until assets of the Bank 401(k) Plan are distributed fully, and (ii) amend the Bank 401(k) Plan effective as of a date not later than the Plan Termination Date to freeze participation in and benefit accruals under the Bank 401(k) Plan, to vest fully all accrued benefits, and to provide that no distributions of accrued benefits shall be made from the Bank 401(k) Plan, or its related employee benefit trust, subsequent to the Plan Termination Date until such time as the Internal Revenue Service issues a favorable determination letter to the effect that the plan termination does not adversely affect the Bank 401(k) Plan's qualification for favorable income tax treatment under the Code, except distributions may be made earlier if required by the terms of the Bank 401(k) Plan upon the occurrence of retirement, death, disability, or termination of employment, or any other event, other than the plan termination, that requires a distribution from the Bank 401(k) Plan. Notwithstanding the preceding provisions, participants with outstanding plan loans under the Bank 401(k) Plan as of the Effective Time shall be permitted to continue repaying such outstanding loans (subject to the terms and conditions of such plan and the related loan procedures) on and after the Effective Time and until such time as plan termination distributions are paid pursuant to the preceding sentence. At such time as the loans are required to be repaid or will be taxed to the borrower if not repaid (the **401(k) Loan Repayment Date**), Horizon, if any, shall cause loans to be made,

outside of any tax-qualified retirement plan, to those WBKC employees who had loans outstanding under the Bank 401(k) Plan as of the 401(k) Loan Repayment Date, in an amount not to exceed the outstanding loan balance as of the 401(k) Loan Repayment Date, provided that any such WBKC employee completes any necessary documentation and is determined to qualify for such loan under applicable loan policies and underwriting standards of Horizon. Each such refinancing loan shall have a fixed rate of interest not to exceed four percent (4.0%) per annum and shall have an amortization period not to exceed the remaining term of the loan granted under the Bank 401(k) Plan.

(c) As soon as practicable following the execution of this Agreement, WBKC will file, or cause to be filed, with the Internal Revenue Service an application for a favorable determination letter upon termination of the Bank 401(k) Plan (IRS Form 5310 and related attachments) requesting the issuance to WBKC of the favorable determination letter described in Section 5.17(b). A copy of the completed and filed IRS Form 5310 shall be provided to Horizon at least five (5) business days prior to the Effective Time. Following the Effective Time, Horizon shall use its reasonable best efforts in good faith to obtain the Internal Revenue Service favorable determination letter as promptly as possible, including adopting any amendments to the Bank 401(k) Plan that may be required by the Internal Revenue Service. As soon as practicable following the receipt of a favorable determination letter from the Internal Revenue Service regarding the tax-qualified status of the Bank 401(k) Plan upon its termination, the remaining account balances in the Bank 401(k) Plan shall either be distributed to participants and beneficiaries or transferred to an eligible tax-qualified retirement plan or individual retirement account as a participant or beneficiary may direct.

(d) Any contributions due to the Bank 401(k) Plan for the period prior to the Plan Termination Date, and not yet paid on the Plan Termination Date, will be contributed by WBKC, or by Horizon Bank if after the Effective Time, as soon as administratively feasible following the Plan Termination Date.

(e) WBKC shall continue in full force and effect, until the Effective Time: (i) the fidelity bond, if any, issued to WBKC as described in ERISA Section 412; and (ii) the ERISA fiduciary liability insurance policy currently in effect, if any, for the benefit of the covered fiduciaries of the Bank 401(k) Plan.

(f) On or before the Effective Time, WBKC shall have directed the 401(k) Trustee or plan administrators to (i) provide to the Bank 401(k) Plan participants similar notices and materials provided to other WBKC shareholders with respect to those matters requiring a vote of the shareholders under this Agreement; (ii) obtain direction from the Bank 401(k) Plan participants as to how to vote those shares of WBKC Common Stock allocated to the accounts of the Bank 401(k) Plan participants with respect to those matters for which a shareholder vote is required under this Agreement; (iii) vote those shares of WBKC Common Stock in accordance with the Bank 401(k) Plan participants and in accordance with the Bank 401(k) Plan; and (iv) vote the shares of WBKC Common Stock for which no participant investment direction has been timely received by the 401(k) Trustee or plan administrators in accordance with the Bank 401(k) Plan.

(g) As soon as practicable following the execution of this Agreement, Horizon will amend the Horizon Employees Thrift Plan (**Horizon 401(k) Plan**) to permit Continuing Employees to enter the Horizon 401(k) Plan as of the Effective Time, and Continuing Employees will be credited with prior years of service with WBKC for purposes of eligibility and vesting (but not benefit accruals). Horizon agrees to permit Bank 401(k) Plan participants who become employees of Horizon to roll over their account balances in the Bank 401(k) Plan to the Horizon 401(k) Plan, subject to the terms of the Horizon 401(k) Plan, including any rollover restrictions.

5.18 Disposition of Welfare Benefit and Sec. 125 Plans.

(a) All fully insured welfare benefit (health, dental, vision, prescription drug, EAP, life/AD&D, LTD) and Internal Revenue Code Section 125, or cafeteria, plans currently sponsored by WBKC or Wolverine Bank shall be terminated as of the Effective Time, unless Horizon determines that any such plan shall be continued past the Effective Time. WBKC shall take, or cause to be taken, all actions necessary to terminate all of WBKC's and any Subsidiary's group insurance policies as of the Effective Time, unless otherwise instructed in writing by Horizon.

(b) As of the Effective Time, and to the extent not prohibited by applicable law, WBKC shall take, or cause to be taken, all actions necessary to assign any and all applicable group insurance policies to Horizon and to provide Horizon all necessary financial, enrollment, eligibility, contractual, and other information related to its welfare benefit and cafeteria plans to assist Horizon in the administration of such plans, unless Horizon determines that any or all of the group insurance policies should be terminated as of the Effective Time.

(c) From the date of this Agreement through the Effective Time, WBKC shall continue to: (i) pay the applicable insurance premiums necessary to continue the benefits under WBKC's fully insured welfare benefit plans; (ii) contribute to the cafeteria plan the pre-tax amounts which the cafeteria plan participants elect to defer from compensation; and (iii) pay all eligible claims incurred, in accordance with the terms and conditions of such plan, under the cafeteria plan's health and dependent care flexible spending accounts prior to the Effective Time.

(d) As of the date of the termination of the WBKC cafeteria plan, if any, and if directed by Horizon, the balances in the health flexible spending accounts of Continuing Employees thereunder shall be transferred to the applicable components of the Horizon cafeteria plan. Benefit and compensation deferral elections in effect at that time shall be continued under the Horizon cafeteria plan, subject to subsequent changes as provided in the Horizon plan. All benefit payments related to the transferred balances shall be made in accordance with the Horizon cafeteria plan.

5.19 Long-Term Incentive Plans. At the Effective Time, Horizon shall assume those certain Long-Term Incentive Plans with David H. Dunn and Rick A. Rosinski

(collectively, the **LTIPs**) and the timing and amount of the payments thereunder will be made in accordance with the LTIP plan documents and election forms, as detailed in Section 5.19 of the WBKC Disclosure Schedule. WBKC agrees to amend the LTIPs effective as soon as administratively feasible after the date of this Agreement to: (i) delete the provisions which permit the election of subsequent voluntary deferral periods (including the subsequent deferral of any installment payments); (ii) prohibit WBKC, Horizon or any affiliate or successor from terminating the LTIPs and/or accelerate the timing of payments thereunder without participant consent; and (iii) permit current LTIP owners to make deemed investment elections for amounts payable under the LTIPs (with the investment options of cash or Horizon common stock), including amounts previously credited to the Stock Units Accounts under the LTIPs (subject to the ability of Horizon to override the investment elections at its sole discretion). Horizon and WBKC agree that all amounts payable under the LTIPs as of the Closing Date will be maintained by Horizon or any affiliate or successor in a separate irrevocable grantor trust (which shall meet the requirements of Internal Revenue Service Revenue Procedure 92-65, as amended or superseded from time to time), the trustee of which grantor trust shall be determined by Horizon at the Effective Time, and all payments due under such LTIPs will be made from such trust in accordance with the LTIPs and applicable election forms, provided that the current owners of the LTIPs shall be provided the opportunity to make deemed investment elections applicable to amounts payable under the LTIPs following the completion of the Merger.

5.20 Change in Control Payments, Mutual Termination of Employment Agreements and New Employment Agreements; Honoring WBKC Plans. WBKC will pay out all amounts payable upon a change in control pursuant to the employment agreements between Wolverine Bank and (i) David H. Dunn, dated July 1, 2016, and (ii) Rick A. Rosinski, dated July 1, 2016 (collectively, the **Employment Agreements**), as identified in the WBKC Disclosure Schedule, as if the change in control payments contemplated by the Employment Agreements had been triggered by the Merger, *provided, however, that*, if required, all such agreements shall be amended with the written consent of the affected parties prior to the Effective Time to ensure and expressly provide that no payment shall be made under such agreements or under any other plan, arrangement or agreement applicable to the individual that would constitute an excess parachute payment (as such term is defined in Section 280G of the Code), and to the extent any such payment would constitute an excess parachute payment, the payment will be reduced to \$1.00 less than the amount that would be considered an excess parachute payment. The payment of such amounts shall be contingent upon each of the two (2) above-named officers entering into (x) a mutual termination of employment agreement in a form reasonably acceptable to Horizon and executed concurrently with the execution of this Agreement (the **Mutual Termination of Employment Agreements**), and (y) an employment agreement with Horizon Bank in a form reasonably acceptable to Horizon and executed concurrently with the execution of this Agreement (the **Horizon Executive Employment Agreements**). The change in control payments will be made in a lump sum no later than the Closing Date. Horizon shall honor the employment agreements between Wolverine Bank and (i) Brian Cherry, dated June 30, 2016; (ii) Jeremy Clark, dated December 15, 2016; and (iii) John W. Schmitt, dated June 30, 2016, and the

5.21 Subsidiary Merger, Commercial Holdings Termination and Wolserv Termination. Prior to the Effective Time, WBKC shall, and shall cause each Subsidiary to, use its reasonable best efforts to take such action as necessary to (i) prepare to effectuate the Bank Merger as contemplated in Section 1.05 hereof; (ii) effectuate the Commercial Holdings Termination as contemplated in Section 1.06 hereof; (iii) effectuate the Wolserv Termination as contemplated in Section 1.07 hereof; and (iv) reconstitute the directors and officers of WBKC or any Subsidiary, amend the articles of incorporation or bylaws of WBKC or any Subsidiary, or make such other changes as Horizon may request if necessary to accomplish the same.

5.22 Cooperation on Conversion of Systems. WBKC agrees to commence immediately after the date of this Agreement (and continue until Closing or completed) using its reasonable best efforts to ensure an orderly transfer of information, processes, systems, and data to Horizon and to otherwise assist Horizon in facilitating the conversion of all of WBKC's systems into, or to conform with, Horizon's systems (including cooperating with Horizon in the training of WBKC's and its Subsidiaries' employees on Horizon's systems), so that, as of the Closing, the systems of WBKC are readily convertible to Horizon's systems to the fullest extent possible without actually converting them prior to the Closing. WBKC and Horizon shall meet on a regular basis to discuss and plan for the conversion of WBKC's data processing and related electronic informational systems to those used by Horizon, which planning shall include, without limitation: (i) discussion of possible termination by WBKC of third-party service provider arrangements effective at or following the Effective Time; (ii) non-renewal of personal property leases and software licenses used by WBKC in connection with its systems operations; and (iii) retention of outside consultants and additional employees to assist with the conversion and outsourcing, as appropriate, of proprietary or self-provided system services. In the event that WBKC takes, at the request of Horizon, any action relative to third parties to facilitate the conversion that results in the imposition of any fees, expenses or charges, Horizon Bank shall pay any such fees, expenses and charges directly to such third parties.

5.23 Installation/Conversion of Equipment; Training. Prior to Closing, at times mutually agreeable to Horizon and WBKC, Horizon may, at Horizon's sole expense, install teller equipment, platform equipment, security equipment, and computers, at the WBKC and Wolverine Bank offices, branches, and ATM locations, and WBKC shall cooperate with Horizon in connection with such installation; *provided, however*, that such installations shall not interfere with the normal business activities and operations of WBKC or Wolverine Bank or require material alterations to WBKC's or Wolverine Bank's facilities; *provided further*, in the event of the termination of this Agreement, Horizon shall remove all such installed computers and equipment at Horizon's sole expense. In addition, prior to Closing, at times mutually agreeable to Horizon and WBKC, Horizon may conduct such training and other programs as it may, in its sole discretion and at its expense, elect to provide for those employees that Horizon elects to offer employment; *provided, however*, that such training and

other programs shall not interfere with the normal business activities and operations of WBKC or Wolverine Bank.

ARTICLE VI.

COVENANTS OF HORIZON

Horizon covenants and agrees with WBKC and covenants and agrees to cause its Subsidiaries to act as follows (and, where applicable, WBKC covenants and agrees with Horizon as follows):

6.01 Approvals. Horizon shall have primary responsibility for the preparation, filing and costs of all bank regulatory applications required for consummation of the Merger (except those only applicable to WBKC or Wolverine Bank, if any), and all parties shall file such applications as promptly as practicable after the execution of this Agreement (provided that each party has timely provided all information requested in writing by the other party or its counsel), and in no event later than forty-five (45) days after the execution of this Agreement; *provided, however*, that the parties acknowledge and agree that Horizon has made application to convert Horizon Bank from a national bank to an Indiana-state chartered bank, and all regulatory applications may, at Horizon's election, be filed after such conversion is consummated (presently anticipated to occur on or before June 30, 2017). Horizon shall provide WBKC and its counsel appropriate opportunity to review and comment on such bank regulatory applications, including any supplements or amendments to such filings and all responses for additional information and replies to comments, prior to such filings being filed with a bank regulatory agency. Horizon shall promptly notify WBKC upon the receipt of any comments on such bank regulatory agencies and shall provide WBKC with copies of all correspondence between Horizon and any bank regulatory agency. Horizon and WBKC shall cooperate fully and use reasonable best efforts to procure, upon terms and conditions reasonably acceptable to each of them, all consents, authorizations, approvals, registrations, and certificates, to complete all filings and applications and to satisfy all other requirements prescribed by law which are necessary for consummation of the Merger on the terms and conditions provided in this Agreement. Horizon agrees that it will consult with WBKC with respect to such consents, authorizations, approvals, registrations, and certificates, and agrees that it will keep WBKC apprised of the status of matters relating to completion of the transactions contemplated hereby.

6.02 SEC Registration.

(a) For the purposes (x) of registering the Horizon Common Stock to be offered to holders of WBKC Common Stock in connection with the Merger with the SEC under the Securities Act and (y) of holding the WBKC shareholders meeting, as soon as practicable following the date of this Agreement, but no later than thirty (30) business days after the date of this Agreement, WBKC (with the assistance of Horizon as appropriate) shall prepare the required proxy disclosures, in accordance with the rules and regulations of the SEC, to be used in connection with the WBKC shareholders meeting to obtain approval for the Merger (the **Proxy Statement**), and as soon as reasonably practicable thereafter, Horizon shall prepare

and file with the SEC a registration statement on Form S-4 under the Securities Act of 1933, as amended (the **1933 Act**) covering the shares of Horizon Common Stock to be issued pursuant to this Agreement, in which the Proxy Statement will be included as a prospectus. Such registration statement and any amendments and supplements thereto are referred to in this Agreement as the **Registration Statement**. Horizon shall provide WBKC and its counsel with appropriate opportunity to review and comment on the Registration Statement, and shall incorporate all appropriate comments thereto prior to the time it is initially filed with the SEC or any amendments are filed with the SEC.

Horizon shall use its reasonable best efforts to cause the same to become effective and thereafter, until the Effective Time or termination of this Agreement, to keep the same effective and, if necessary, amend and supplement the same. Horizon shall, as soon as practicable after filing the Registration Statement, make all filings required to obtain all blue sky exemptions, authorizations, consents, or approvals required for the issuance of Horizon common stock.

(b) The parties shall use reasonable best efforts to respond (with the assistance of the other party) as promptly as practicable to any comments of the SEC with respect thereto. Horizon shall promptly notify WBKC upon the receipt of any comments from the SEC or its staff, or any request from the SEC or its staff for amendments or supplements to the Registration Statement or Proxy Statement, as the case may be, and shall provide WBKC with copies of all correspondence between Horizon and the SEC. Horizon shall provide WBKC and its counsel with appropriate opportunity to review and comment on such response and shall incorporate all appropriate comments thereto prior to filing its response with the SEC. If prior to the Effective Time any event occurs with respect to WBKC, Horizon or any Subsidiary of WBKC or Horizon, respectively, or any change occurs with respect to information supplied by or on behalf of WBKC or Horizon, respectively, for inclusion in the Proxy Statement or the Registration Statement that, in each case, is required to be described in an amendment of, or a supplement to, the Proxy Statement or the Registration Statement, WBKC or Horizon, as applicable, shall promptly notify the other of such event, and WBKC or Horizon, as applicable, shall cooperate in the prompt filing with the SEC of any necessary amendment or supplement to the Proxy Statement and the Registration Statement and, as required by applicable Law, in disseminating the information contained in such amendment or supplement to WBKC's shareholders and to Horizon's shareholders.

(c) Horizon shall cause the shares of Horizon Common Stock to be issued in the Merger to be approved for listing on the NASDAQ Global Select Market (subject to official notice of issuance) prior to the Effective Time.

6.03 **Employee Benefit Plans and Employee Payments.**

(a) Horizon shall make available to the officers and employees of WBKC or any Subsidiary who continue as employees of Horizon or any Subsidiary after the Effective Time (**Continuing Employees**), substantially the same employee benefits as are generally available to similarly-situated Horizon employees.

(b) Horizon and WBKC agree to address any issues related to the differences between the vacation and paid time off policies of WBKC and any Subsidiary (including,

without limitation, any banked paid time) and the vacation and paid time off policies of Horizon and communicate the proposed reconciliation of the policies to the Continuing Employees prior to the Effective Time. Effective as of the later of the Effective Time or the date on which the Horizon vacation and paid time off policies are made available to the Continuing Employees, such Continuing Employees will be subject to the terms and conditions of the Horizon vacation/paid time off policy in place for similarly situated employees of Horizon, with credit given for all prior years of service with WBKC or any Subsidiary for purposes of determining vacation pay eligibility and the amount of such vacation pay.

(c) Continuing Employees will receive credit for prior service with WBKC or its Subsidiaries, or their predecessors, for purposes of eligibility and vesting (but not benefit accrual) under the employee benefit plans of Horizon and its Subsidiaries. The Horizon 401(k) Plan will be amended as provided in Section 5.17(f) of this Agreement and the Horizon ESOP will be amended as provided in Section 5.16(g) of this Agreement.

(d) To the extent a WBKC employee benefit plan is terminated at or prior to the Effective Time, Continuing Employees shall become eligible to participate in Horizon's similar employee benefit plans, if any, as of the Effective Time. To the extent a WBKC employee benefit plan is terminated after the Effective Time, Continuing Employees shall become eligible to participate in Horizon's similar employee benefit plans, if any, on the date of such plan termination. Horizon will use its reasonable best efforts to: (i) avoid subjecting Continuing Employees to any waiting periods or additional pre-existing condition limitations under the health and dental plans of Horizon or its Subsidiaries in which they are eligible to participate than they otherwise would have been subject to under the health and dental plans of WBKC; and (ii) give credit under the applicable plan for any deductibles and co-insurance payments made by such Continuing Employees under the corresponding WBKC plan during the balance of the then current 12-month period of coverage.

(e) To the extent permitted under the terms of any tax-qualified retirement plan maintained by Horizon after the Effective Time and subject to the terms and conditions thereof, such plan shall accept eligible rollover distributions (within the meaning of Code Section 402(c)(4)) of cash amounts received from the Bank 401(k) Plan with respect to any Continuing Employees.

(f) Horizon may elect to continue to maintain all fully insured employee welfare benefit and cafeteria plans currently in effect at the Effective Time until such time as Horizon determines, in its sole discretion, to modify or terminate any or all of those plans. Claims incurred under the employee welfare benefit and cafeteria plans prior to plan termination shall be paid in accordance with the applicable plan's claim submission procedures and deadlines.

(g) Until the Effective Time, WBKC or a Subsidiary of WBKC, whichever is applicable, shall be liable for all obligations for continued health coverage pursuant to Section 4980B of the Code and Sections 601 through 609 of ERISA (**COBRA**) for eligible employees who incur a qualifying event before the Effective Time. Horizon or a Horizon

Table of Contents

Subsidiary, whichever is applicable, shall, after the Effective Time, be liable for (i) all obligations for continued health coverage under COBRA with respect to each qualified beneficiary of WBKC or a Subsidiary of WBKC who incurs a termination on and after the Effective Time, and (ii) for continued health coverage under COBRA from and after the Effective Time for each qualified beneficiary of WBKC or a Subsidiary of WBKC who incurs a qualifying event before the Effective Time.

(h) Except for the employees identified in Section 5.20 and any other employee receiving a separate change in control, severance or similar payment in connection with the Closing of the Merger, those employees of Wolverine Bank as of the Effective Time: (i) who are still employed by Wolverine Bank and who Horizon or its Subsidiaries elect not to employ after the Effective Time or who are terminated other than for cause (as determined by Horizon and/or pursuant to its policies or any agreement applicable to the employee) within twelve (12) months after the Effective Date or who resign because they are not being offered a comparable position with Horizon Bank that is within a twenty-five (25) mile radius of the current address of their primary work location at Wolverine Bank; and (ii) who sign and deliver a termination and release agreement in a form substantially similar to the agreement provided in Section 6.03(h) of the Horizon Disclosure Schedule, shall be entitled to severance pay in the amount described in Section 6.03(h) of the Horizon Disclosure Schedule. Such employees, who sign and deliver the termination and release agreement, will receive their severance in a lump-sum payment within sixty (60) days of termination of employment. Furthermore, any of such terminated employees shall be entitled to continuation coverage under Horizon Bank's group health plans as required by COBRA, subject to timely election and payment of the applicable COBRA premium by such terminated employees. In addition, Horizon, at its expense, will provide group career counseling for the Wolverine Bank employees who will not be continuing with Horizon and will make professional career counseling services available through its internal employee assistance program for up to four (4) visits per employee. Nothing in this Section shall be deemed to limit or modify Horizon's or Horizon Bank's at-will employment policy or any employee's at-will employment status.

6.04 Adverse Actions. During the period from the date of this Agreement to the Effective Time, except with the written consent of WBKC, which consent will not be unreasonably withheld, Horizon will, and it will cause each of its Subsidiaries to, use reasonable best efforts to preserve intact its business organization and assets and maintain its rights and franchises, and voluntarily take no action that would: (i) materially adversely affect the ability of the parties to obtain the Regulatory Approvals or materially increase the period of time necessary to obtain such approvals; (ii) adversely affect its ability to perform its covenants and agreements under this Agreement in any material respect; or (iii) result in the representations and warranties contained in Article IV of this Agreement not being true and correct on the date of this Agreement or at any future date on or prior to the Closing Date (subject to the standards set forth in Section 7.02(a) hereof) or in any of the conditions set forth in Article VII hereof not being satisfied; *provided, however*, that the foregoing shall not be deemed to require Horizon to take any action which would otherwise violate any other provision of this Agreement.

Table of Contents**6.05 D&O Insurance and Indemnification.**

(a) Subject to the limits of applicable federal banking law and regulations, Horizon shall indemnify and hold harmless (including the advancement of expenses as incurred) each present and former director and officer of WBKC and its Subsidiaries, including Wolverine Bank (each, an **Indemnified Party**) for a period of six (6) years following the Effective Time, against any costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages, or liabilities incurred in connection with any claim, action, suit, proceeding, or investigation, whether civil, criminal, administrative, or investigative, arising out of or pertaining to matters existing or occurring at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, to the same extent (and subject to the making of the same findings as to eligibility for such indemnification and/or advancement of expenses) that such Indemnified Party would have been indemnified (or entitled to advancement of expenses) as a director or officer of WBKC or any of its Subsidiaries under applicable law or WBKC's, or any such Subsidiaries', articles of incorporation or bylaws as in effect as of the date of this Agreement.

(b) Provided WBKC has historically carried directors' and officers' liability insurance and subject to the conditions of this Section 6.05(b), Horizon shall cause the persons serving as officers and directors of WBKC and Wolverine Bank immediately prior to the Effective Time to be covered for a period of up to six (6) years after the Effective Time by the directors' and officers' liability insurance policy currently maintained by WBKC (the **Existing Policy**) or by a comparable or better policy (the **Replacement Policy**). Prior to the Effective Time, as instructed by Horizon, WBKC shall cause the applicable broker of record designation for its Existing Policy and its existing Financial Institution Bond to be assigned to Horizon's designee. Such assignments in favor of Horizon's designee shall be executed by WBKC with sufficient time to allow Horizon and its designee to place the insurance required by this Section. The Existing Policy or Replacement Policy, subject to policy terms and conditions, shall provide coverage with respect to covered acts or omissions occurring prior to the Effective Time; provided, however, that Horizon shall not be required to pay annual premiums for the Existing Policy (or for any Replacement Policy) in excess of 150% of the annual premium for the current annual term of the Existing Policy (the **Maximum Amount**); and, provided, further, however, that, if Horizon is unable to maintain or obtain the insurance called for by this Section 6.05(b), Horizon shall obtain as much comparable insurance as is available for the Maximum Amount. Horizon's obligations within this Section 6.05(b) apply solely and exclusively to the Existing Policy and the existing Financial Institution Bond at each policy's current limits of insurance, as well as its other terms, conditions, exclusions and annual premiums as of the date of this Agreement, and which must be continuously maintained in force by WBKC without interruption, cancellation, or amendment until the Effective Time or Horizon's obligations within this Section shall cease.

(c) The provisions of this Section 6.05 shall survive the Effective Time and the obligations of Horizon provided under this Section 6.05 are intended to be enforceable against Horizon directly by each Indemnified Party and his or her heirs and personal representatives.

Table of Contents

Horizon shall pay all reasonable costs, including attorneys' fees, upon the final disposition of any claim, action, suit, proceeding or investigation by any Indemnified Party in successfully enforcing the indemnity and other obligations provided for in this [Section 6.05](#) to the fullest extent permitted under applicable law, the articles of incorporation of WBKC or the bylaws of WBKC; provided, however, such payment of costs shall be paid by Horizon in advance of the final disposition of such claim, action, suit, proceeding or investigation upon receipt of: (i) written affirmation of an Indemnified Party's good faith belief that the Indemnified Party is eligible to receive the indemnification provided for in this [Section 6.05](#); and (ii) an unconditional written undertaking by or on behalf of the Indemnified Party to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by Horizon as authorized in this [Section 6.05](#).

(d) In the event that either Horizon or any of its successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving entity of such consolidation or merger, or (ii) transfers all or substantially all of its properties and assets to any Person, then, and in each such case, proper provision shall be made so that the successors and assigns of Horizon shall assume the obligations set forth in this [Section 6.05](#).

6.06 Changes and Supplements to Horizon Disclosure Schedule. Horizon shall promptly supplement, amend, and update, upon the occurrence of any change prior to the Effective Time, and as of the Effective Time, the Horizon Disclosure Schedule with respect to any matters or events after the date of this Agreement arising which, if in existence or having occurred as of the date of this Agreement, would have been required to be set forth or described in the Horizon Disclosure Schedule or this Agreement and including, without limitation, any fact which, if existing or known as of the date hereof, would have made any of the representations or warranties of Horizon contained herein materially incorrect, untrue, or misleading. No such supplement, amendment, or update shall have any effect for the purposes of determining satisfaction of the conditions set forth in [Article VII](#).

6.07 Great Lakes Bay Region Advisory Board. As soon as reasonably practical after the Effective Time, Horizon agrees to form a Great Lakes Bay Region Advisory Board comprised of three to five members and add representatives to the advisory board from the communities served by Wolverine Bank. Each member of the Great Lakes Bay Region Advisory Board will receive fees and shares of Horizon Common Stock in amounts equal to those received by members of Horizon's other advisory boards of directors.

6.08 Horizon and Horizon Bank Board. Horizon and Horizon Bank shall take all appropriate action so that, as of the Effective Time and subject to and in accordance with the Bylaws of Horizon and Horizon Bank, Eric P. Blackhurst (or such other director as shall be mutually agreed upon), shall be appointed as a director of Horizon and Horizon Bank. If the term of the class of directors to which he is appointed shall expire less than three (3) years from the Effective Time, Horizon and Horizon Bank agree to cause him to be nominated and recommended for election by the shareholders at the next election of directors as long as he continues to meet all of Horizon's and Horizon Bank's director qualifications, is otherwise

qualified to serve as a director of Horizon and Horizon Bank under all applicable laws and regulations, and is not prohibited from serving in such a capacity by any bank or securities regulatory authority or similar self-governing body with jurisdiction over Horizon or Horizon Bank.

6.09 Issuance of Horizon Common Stock. The Horizon Common Stock to be issued by Horizon to the shareholders of WBKC pursuant to this Agreement will, on the issuance and delivery to such shareholders pursuant to this Agreement, be duly authorized, validly issued, fully paid, and nonassessable. The shares of Horizon Common Stock to be issued to the shareholders of WBKC pursuant to this Agreement are and will be free of any preemptive rights of the shareholders of Horizon or any other person, firm, or entity. The Horizon Common Stock to be issued to the shareholders of WBKC pursuant to this Agreement will not be subject to any restrictions on transfer arising under the 1933 Act, except for Horizon Common Stock issued to any shareholder of WBKC who may be deemed to be an affiliate (under the Securities Act) of Horizon after completion of the Merger pursuant to Rule 145 of the Securities Act.

6.10 Community Investment. Horizon agrees that for a period of five (5) years following the Effective Time, it shall cause Horizon Bank to donate \$50,000 annually to nonprofit organizations and/or community schools in the markets served by Wolverine Bank. The continuation of these annual donations will be dependent upon Horizon's continued financial performance, and their permissibility under applicable law, including all banking regulations. These donations shall be administered by Horizon's Great Lakes Bay Region Advisory Board, subject to oversight by the Horizon Bank Board of Directors and/or Horizon's Chief Executive Officer.

6.11 Consideration Availability. Horizon agrees at all times from the date of this Agreement until the Stock Consideration has been paid in full to reserve a sufficient number of shares of Horizon Common Stock to be issued as the Stock Consideration. Horizon has no reason to believe it will not have a sufficient amount of cash, or have access to a sufficient amount of cash, to fulfill its obligations with respect to cash payments under this Agreement.

6.12 Short-Swing Trading Exemption. Horizon shall take all steps, as may be necessary or appropriate, to cause the transactions contemplated by Article II and any other dispositions of equity securities of WBKC (including derivative securities) or acquisitions of equity securities of Horizon in connection with the consummation of the transactions contemplated by this Agreement to be exempt under Rule 16b-3(d) promulgated under the Exchange Act.

6.13 Failure to Fulfill Conditions. In the event Horizon determines that a condition to its obligation to complete the Merger cannot be fulfilled, and that it will not waive that condition, it will promptly notify WBKC.

CONDITIONS PRECEDENT TO THE MERGER

7.01 Conditions Precedent to Horizon's Obligations. The obligation of Horizon to consummate the Merger is subject to the satisfaction and fulfillment of each of the following conditions on or prior to the Effective Time, unless waived in writing by Horizon, *provided, however*, that the conditions set forth in Sections 7.01(d), (e), (f), (h), and (k) cannot be waived by Horizon:

All other representations and warranties of WBKC set forth in this Agreement (read without giving effect to any qualification as to materiality or Material Adverse Effect set forth in such representations or warranties but, in each case, after giving effect to the first paragraph of Article III) shall be true, accurate and correct in all respects as of the date of this Agreement and (except to the extent such representations and warranties speak as of an earlier date) as of the Closing Date as though made on and as of the Closing Date, provided, that for purposes of this sentence, such representations and warranties shall be deemed to be true, accurate and correct unless the failure or failures of such representations and warranties to be so true, accurate and correct, either individually or in the aggregate, and without giving effect to any qualification as to materiality or Material Adverse Effect set forth in such representations or warranties, has had or would reasonably be expected to have a Material Adverse Effect on WBKC.

(b) **Covenants.** Each of the covenants and agreements of WBKC shall have been fulfilled or complied with, in all material respects, at or prior to the Effective Time.

The Registration Statement with respect thereto shall have been declared effective by the SEC and no stop order shall have been issued or threatened.

(e) **Regulatory Approvals.** All regulatory approvals required to consummate the transactions contemplated hereby (**Regulatory Approvals**) shall have been obtained and shall remain in full force and effect and all statutory waiting periods in respect thereof shall have expired and no such approvals shall contain any conditions, restrictions, or requirements which would (i) following the Effective Time, have a Material Adverse Effect on Horizon, or (ii) reduce the benefits of the transactions contemplated hereby to such a degree that Horizon would not have entered into this Agreement had such conditions, restrictions, or requirements been known at the date hereof.

(f) **Shareholder Approval.** The shareholders of WBKC shall have approved and adopted this Agreement as required by applicable law and the terms of this Agreement.

(g) **Officers Certificate.** WBKC shall have delivered to Horizon a certificate signed by its President and its Secretary, dated as of the Effective Time, certifying that: (i) the representations and warranties of WBKC contained in Article III are true, accurate, and correct subject to the standard specified in Section 7.01(a); (ii) all the covenants of WBKC have been complied with in all material respects at or prior to the Effective Time; and (iii) WBKC has satisfied and fully complied with all conditions necessary to consummate the transactions contemplated by this Agreement.

In rendering such opinion, counsel may require and rely upon customary representation letters of the parties hereto and rely upon customary assumptions.

(i) *[Intentionally Omitted.]*

(j) **Material Proceedings.** None of Horizon, WBKC, or any of their Subsidiaries, shall be subject to any statute, rule, regulation, injunction, order, or decree, which shall have been enacted, entered, promulgated, or enforced, which prohibits, prevents, or makes illegal the completion of the Merger, and no claim, litigation, or proceeding which is likely, in the reasonable, good faith judgment of Horizon, to have a Material Adverse Effect on WBKC, shall have been initiated relating to this Agreement or the Merger or seeking to prevent the completion of the Merger.

TERMINATION OF MERGER

8.01 **Termination.** This Agreement may be terminated and abandoned at any time prior to the Closing Date, only as follows:

- (a) by the mutual written consent of Horizon and WBKC;
- (b) by either of WBKC or Horizon by written notice to the other:
 - (i) if this Agreement and the Merger are not approved by the requisite vote of the shareholders of WBKC at the meeting of shareholders of WBKC contemplated in Section 5.01;
 - (ii) (x) if any Governmental Authority of competent jurisdiction shall have issued an order, decree, judgment, or injunction or taken any other action that permanently restrains, enjoins, or otherwise prohibits or makes illegal the consummation of the Merger, and such order, decree, judgment, injunction, or other action shall have become final and non-appealable, or (y) if any consent or approval of any Governmental Authority whose consent or approval is required to consummate the Merger has been denied and such denial (despite the reasonable best efforts of the parties hereto to appeal or reverse such denial) has become final and non-appealable; or (z) any application, filing, or notice for a regulatory approval has been withdrawn at the request or recommendation of the applicable Governmental Authority; *provided, however*, that the right to terminate this Agreement under this Section 8.01(b)(ii) shall not be available to a party whose failure (or the failure of any of its affiliates) to fulfill any of its obligations (excluding warranties and representations) under this Agreement has been the cause of or resulted in the occurrence of any event described in clauses (x), (y) and (z) above;
 - (iii) if the consummation of the Merger shall not have occurred on or before May 31, 2018 (the *Outside Date*); *provided* that the right to terminate this Agreement under this Section 8.01(b)(iii) shall not be available to any party whose breach of any representation, warranty, covenant, or other agreement contained in this Agreement causes the failure of the Merger to occur on or before the *Outside Date*; or
- (c) by written notice from Horizon to WBKC, if:
 - (i) any event shall have occurred which is not capable of being cured prior to or on the *Outside Date* and would result in any condition set forth in Section 7.01 not being satisfied prior to or on the *Outside Date* (*provided*, that Horizon is not then in material breach of any representation, warranty, covenant, or other agreement contained herein);
 - (ii) WBKC breaches or fails to perform any of its representations, warranties, or covenants contained in this Agreement, which breach or failure to perform would

give rise to the failure of a condition set forth in Section 7.01, and such condition is incapable of being satisfied prior to or on the Outside Date or such breach has not been cured by WBKC within twenty (20) business days after WBKC's receipt of written notice of such breach from Horizon (*provided*, that Horizon is not then in material breach of any representation, warranty, covenant, or other agreement contained herein); or

(iii) there shall have occurred after the date of this Agreement any event, change, condition, circumstance, or state of facts, or aggregation of events, changes, conditions, circumstance, or state of facts, that has had, individually or in the aggregate, a Material Adverse Effect on WBKC.

(d) by written notice from WBKC to Horizon if:

(i) any event shall have occurred which is not capable of being cured prior to or on the Outside Date and would result in any condition set forth in Section 7.02 not being satisfied prior to or on the Outside Date (*provided*, that WBKC is not then in material breach of any representation, warranty, covenant, or other agreement contained herein);

(ii) Horizon breaches or fails to perform any of its representations, warranties, or covenants contained in this Agreement, which breach or failure to perform would give rise to the failure of a condition set forth in Section 7.02 and such condition is incapable of being satisfied prior to or on the Outside Date or such breach has not been cured by Horizon within twenty (20) business days after Horizon's receipt of written notice of such breach from WBKC (*provided*, that WBKC is not then in material breach of any representation, warranty, covenant, or other agreement contained herein); or

(e) by written notice from Horizon to WBKC:

(i) if the WBKC Board of Directors shall fail to include its recommendation to approve the Merger in the Proxy Statement;

(ii) in the event of an Adverse Recommendation Change;

(iii) if the WBKC Board shall approve any Acquisition Proposal or publicly recommend that the holders of WBKC Common Stock accept or approve any Acquisition Proposal; or

(iv) if WBKC shall have entered into, or publicly announced its intention to enter into, a definitive agreement, agreement in principle, or letter of intent with respect to any Acquisition Proposal.

(f) by written notice by Horizon to WBKC if a quorum could not be convened at the meeting of shareholders of WBKC contemplated in Section 5.01 or at a reconvened meeting held at any time prior to or on the Outside Date.

(g) by written notice by WBKC to Horizon at any time during the five (5) day period commencing on the Determination Date if, and only if, both of the following conditions are satisfied, such termination to be effective on the fifth (5th) business day following the date WBKC provides notice to Horizon after the Determination Date as set forth below:

- (i) the Horizon Market Value (as determined on the Determination Date) is less than \$23.02; and
- (ii) the number obtained by [dividing the Horizon Market Value by the Initial Horizon Market Value] shall be less than the number obtained by [dividing ((A) the Final Index Price by (B) the Initial Index Price) minus 0.15];

subject, however, to the following three sentences. If WBKC elects to exercise its termination right pursuant to this Section 8.01(g), it shall give prompt written notice thereof to Horizon. During the five (5) business day period commencing with its receipt of such notice, Horizon shall have the option to increase the Exchange Ratio to equal the lesser of (i) a quotient, the numerator of which is equal to the product of the Initial Horizon Market Value, the Exchange Ratio (as then in effect), and the [Index Ratio minus 0.15] and the denominator of which is equal to the Horizon Market Value (as determined on the Determination Date); or (ii) the quotient determined by dividing the Initial Horizon Market Value by the Horizon Market Value (as determined on the Determination Date), and multiplying the quotient by the product of the Exchange Ratio (as then in effect) and 0.85. If within such five (5) business day period, Horizon delivers written notice to WBKC that it intends to proceed with the Merger by paying such additional consideration as contemplated by the preceding sentence, and notifies WBKC of the revised Exchange Ratio, then no termination shall have occurred pursuant to this Section 8.01(g), and this Agreement shall remain in full force and effect in accordance with its terms (except that the Exchange Ratio shall have been so modified).

For purposes of this Section 8.01(g), the following terms shall have the meanings indicated below:

Determination Date shall mean the first date on which all Regulatory Approvals (and waivers, if applicable) and all other approvals and consents necessary for consummation of the Merger have been received (disregarding any waiting period).

Final Index Price means the average of the daily closing value of the Index for the fifteen (15) consecutive trading days immediately preceding the Determination Date.

Index means the SNL Small Cap U.S. Bank and Thrift Index or, if such Index is not available, such substitute or similar Index as substantially replicates the SNL Small Cap U.S. Bank and Thrift Index.

Table of Contents

Index Ratio means the Final Index Price divided by the Initial Index Price.

Initial Horizon Market Value means \$27.08, adjusted as indicated in the last sentence of this Section 8.01(g).

Initial Index Price means the closing value of the Index on the date immediately prior to the date of this Agreement.

Horizon Market Value means the average of the daily closing sales prices of a share of Horizon's common stock, rounded to the nearest cent, during the fifteen (15) consecutive trading days immediately preceding the Determination Date; *provided, however*, that closing sales prices shall only be used for days during which Horizon's shares are actually traded on the NASDAQ Global Select Market.

If Horizon or any company belonging to the Index declares or effects a stock dividend, split-up, combination, exchange of shares or similar transaction between the date of this Agreement and the Determination Date, the prices for the common stock of such company shall be appropriately adjusted for the purposes of applying this Section 8.01(g).

(h) By written notice from WBKC to Horizon if the WBKC Board has approved any Acquisition Proposal or if WBKC shall have entered into a definitive agreement, agreement in principle, or letter of intent with respect to any Acquisition Proposal.

8.02 Effect of Termination.

(a) Subject to the remainder of this Section 8.02, in the event of the termination of this Agreement pursuant to Section 8.01, this Agreement shall forthwith become null and void and have no effect, without any liability on the part of Horizon or WBKC and each of their respective subsidiaries, directors, officers, employees, advisors, agents, or shareholders and all rights and obligations of any party under this Agreement shall cease, except for the agreements contained in Section 5.06, this Section 8.02 and Article XI, which shall remain in full force and effect and survive any termination of this Agreement; provided, however, that nothing contained in this Agreement, including this Section 8.02, except for the amounts payable pursuant to subsections (a), (c), or (d), shall relieve any party hereto from liabilities or damages arising out of any fraud or intentional or willful breach by such party of any of its representations, warranties, covenants, or other agreements contained in this Agreement or any related agreement.

(b) WBKC shall pay to Horizon an amount in cash equal to \$3,539,000 (the **Termination Fee**) if:

(i) this Agreement is terminated by Horizon pursuant to Section 8.01(e); or

(ii) this Agreement is terminated by either party pursuant to Section 8.01(b)(i) as a result of the failure of WBKC's shareholders to approve the Agreement and the Merger by the requisite vote or by Horizon pursuant to

Table of Contents

Section 8.01(f) and, in each case, (A) prior to the date of such termination, an Acquisition Proposal was made, and (B) prior to the date that is twelve (12) months after such termination, WBKC or any of its Subsidiaries enters into any Acquisition Agreement or any Acquisition Proposal is consummated (regardless of whether such Acquisition Proposal is made or consummated before or after termination of this Agreement); or

(iii) this Agreement is terminated by either WBKC or Horizon pursuant to Section 8.01(b)(iii) and (A) prior to the date of such termination, an Acquisition Proposal was made, and (B) prior to the date that is twelve (12) months after such termination WBKC or any of its Subsidiaries enters into any Acquisition Agreement or any Acquisition Proposal is consummated.

(iv) this Agreement is terminated by Horizon pursuant to Section 8.01(c)(ii) or (iii), and prior to the date that is twelve (12) months after such termination, WBKC or any of its Subsidiaries enters into any Acquisition Agreement or any Acquisition Proposal is consummated.

(v) This Agreement is terminated by WBKC pursuant to Section 8.01(h).

(c) Any fee due under Section 8.02(a) shall be paid by WBKC by wire transfer of same day funds within three business days after written demand for payment is made by Horizon.

(d) In the event Horizon would be entitled to the Termination Fee pursuant to Section 8.02(a), then Horizon may elect, in its sole discretion, to terminate this Agreement and require the payment of such Termination Fee, in which event the Termination Fee shall be the sole and exclusive remedy for such termination event and such fee shall constitute liquidated damages; provided, however, this Agreement shall not be terminated until the Termination Fee is paid in full. WBKC acknowledges that the agreements contained in this Section 8.02 are an integral part of the transactions contemplated by this Agreement, and that, without these agreements, Horizon would not have entered into this Agreement. Accordingly, if WBKC fails promptly to pay the Termination Fee, and, in order to obtain such payment, Horizon commences a suit that results in a judgment against WBKC for the Termination Fee, WBKC shall also pay to Horizon its reasonable costs and expenses (including attorneys' and accountants' fees and expenses) in connection with such suit and any appeal relating thereto, together with interest at the national prime rate in effect on the date such payment was required to be made.

In connection with the foregoing, the parties hereto consent to the jurisdiction and venue of such courts and expressly waive any claims or defenses of lack of personal jurisdiction of or proper venue by such courts. 11.09 Entire Agreement. This Agreement and the Exhibits hereto supersede all other prior or contemporaneous understandings, commitments, representations, negotiations, or agreements, whether oral or written, among the parties hereto relating to the Merger or matters contemplated herein and constitute the entire agreement between the parties hereto, except as otherwise provided herein and except for the confidentiality letter agreement dated January 23, 2017, by and between the parties (the **Confidentiality Agreement**). Upon the execution of this Agreement by all the parties hereto, any and all other prior writings of either party relating to the Merger, will terminate and will be rendered of no further force or effect. The parties hereto agree that each party and its counsel reviewed and revised this Agreement and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party will not be employed in the interpretation of this Agreement or any amendments or exhibits hereto.

11.10 Survival of Representations, Warranties or Covenants. Except as set forth in the following sentence, none of the representations, warranties, or covenants of the parties will survive the Effective Time or the earlier termination of this Agreement, and thereafter the parties will have no further liability with respect thereto. The Board of Directors

Wolverine Bancorp, Inc.

5710 Eastman Ave.

Midland, MI 48640

Members of the Board:

You have requested the opinion of Keefe, Bruyette & Woods, Inc. (KBW or we) as investment bankers as to the fairness, from a financial point of view, to the common shareholders of Wolverine Bancorp, Inc., (Wolverine) of the Merger Consideration (as defined below) to be received by such shareholders in the proposed merger (the Merger) of Wolverine with and into Horizon Bancorp (Horizon), pursuant to the Agreement and Plan of Merger (the Agreement) to be entered into by and between Wolverine and Horizon. Pursuant to the Agreement and subject to the terms, conditions and limitations set forth therein, at the Effective Time (as defined in the Agreement), each share of common stock, par value \$0.01 per share, of Wolverine (Wolverine Common Stock) that is issued and outstanding immediately prior to the Effective Time (other than Exempt WBKC Stock (as defined in the Agreement)) shall become and be converted into the right to receive both: (i) 1.0152 shares of common stock, no par value per share, of Horizon (Horizon Common Stock, and such number of shares of Horizon Common Stock issuable per share of Wolverine Common Stock, the Stock Consideration) and (ii) \$14.00 in cash (the Cash Consideration). The Cash Consideration and the Stock Consideration, taken together, are referred to herein as the Merger Consideration. The terms and conditions of the Merger are more fully set forth in the Agreement.

The Agreement further provides that for the merger, immediately following the Effective Time, of Wolverine Bank, a wholly-owned subsidiary of Wolverine, with and into Horizon Bank, National Association, a wholly-owned subsidiary of Horizon (Horizon Bank), with Horizon Bank as the surviving entity, pursuant to a separate merger agreement (such transaction, the Bank Merger).

KBW has acted as financial advisor to Wolverine and not as an advisor to or agent of any other person. As part of our investment banking business, we are continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, we have experience in, and knowledge of, the valuation of banking enterprises. We and our affiliates, in the ordinary course of our and their broker-dealer businesses (and further to certain existing sales and trading relationships between KBW and Wolverine and between Horizon and a KBW broker-dealer affiliate, respectively), may from time to time purchase securities from, and sell securities to, Wolverine and Horizon. In addition, as market makers in securities, we and our affiliates may from time to time have a long or short position in, and buy or sell, debt or equity securities of Wolverine or Horizon for our and their own accounts and for the accounts of our and their respective customers and clients. KBW employees may also maintain individual positions in Wolverine Common Stock and Horizon Common Stock. As Wolverine has previously been informed by KBW, such positions currently

include an individual position in shares of Horizon Common Stock held by a

senior member of the KBW advisory team providing services to Wolverine in connection with the proposed Merger. We have acted exclusively for the board of directors of Wolverine (the Board) in rendering this opinion and will receive a fee from Wolverine for our services. A portion of our fee was payable promptly after execution of the engagement agreement by and between KBW and Wolverine, a portion is payable upon the rendering of this opinion, and a significant portion is contingent upon the successful completion of the Merger. In addition, Wolverine has agreed to indemnify us for certain liabilities arising out of our engagement.

Other than in connection with this present engagement, in the past two years, KBW has not provided investment banking and financial advisory services to Wolverine. In the past two years, KBW has not provided investment banking and financial advisory services to Horizon and received compensation for such services. We may in the future provide investment banking and financial advisory services to Wolverine or Horizon and receive compensation for such services.

In connection with this opinion, we have reviewed, analyzed and relied upon material bearing upon the financial and operating condition of Wolverine and Horizon and bearing upon the Merger, including among other things, the following: (i) a draft of the Agreement dated June 13, 2017 (the most recent draft made available to us); (ii) the audited financial statements and the Annual Reports on Form 10-K for the three fiscal years ended December 31, 2016 of Wolverine; (iii) the unaudited quarterly financial statements and the Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2017 of Wolverine; (iv) the audited financial statements and the Annual Reports on Form 10-K for the three fiscal years ended December 31, 2016 of Horizon; (v) the unaudited quarterly financial statements and the Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2017 of Horizon; (vi) certain regulatory filings of Wolverine, Horizon and their respective subsidiaries, including (as applicable) the semi-annual reports on Form FR Y-9SP and quarterly reports on Form FR Y-9C and quarterly call reports required to be filed with respect to each semi-annual period and quarter (as the case may be) during the three-year period ended December 31, 2016 and the quarter ended March 31, 2017; (vii) certain other interim reports and other communications of Wolverine and Horizon to their respective shareholders; and (viii) other financial information concerning the businesses and operations of Wolverine and Horizon that was furnished to us by Wolverine and Horizon or which we were otherwise directed to use for purposes of our analyses. Our consideration of financial information and other factors that we deemed appropriate under the circumstances or relevant to our analyses included, among others, the following: (i) the historical and current financial position and results of operations of Wolverine and Horizon; (ii) the assets and liabilities of Wolverine and Horizon; (iii) the nature and terms of certain other merger transactions and business combinations in the banking industry; (iv) a comparison of certain financial and stock market information for Wolverine and Horizon with similar information for certain other companies the securities of which are publicly traded; (v) financial and operating forecasts and projections of Wolverine that were prepared by, and provided to us and discussed with us by, Wolverine management and that were used and relied upon by us at the direction of such management and with the consent of the Board; (vi) publicly available consensus street estimates of Horizon (which estimates reflect the estimated pro forma impact of Horizon's pending acquisition of Lafayette Community Bancorp, which acquisition was publicly announced on May 23, 2017 (the Lafayette Acquisition)), as well as assumed long-term Horizon growth rates provided to us by Horizon management, all of which information was discussed with us by such management and used and relied upon by us based on such discussions, at the direction of Wolverine

management and with the consent of the Board; (vii) projected balance sheet and capital data of Horizon, giving effect to Horizon's estimates and assumptions regarding the pro forma impact of the Lafayette Acquisition, that was prepared by Horizon management, provided to and discussed with us by such management and used and relied upon by us based on such discussions at the direction of Wolverine

management and with the consent of the Board; and (viii) estimates regarding certain pro forma financial effects of the Merger on Horizon (including, without limitation, the cost savings and related expenses expected to result from or be derived from the Merger) that were prepared by, and provided to and discussed with us by, the management of Horizon and used and relied upon by us based on such discussions, at the direction of Wolverine management and with the consent of the Board. We have also performed such other studies and analyses as we considered appropriate and have taken into account our assessment of general economic, market and financial conditions and our experience in other transactions, as well as our experience in securities valuation and knowledge of the banking industry generally. We have also participated in discussions that were held with the respective managements of Wolverine and Horizon regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters as we have deemed relevant to our inquiry. As you are aware, although we have assisted with the efforts undertaken by Wolverine to solicit indications of interest from third parties regarding a potential transaction with Wolverine, we have not been requested to, and have not, engaged in further discussions with parties other than Horizon since Wolverine and Horizon entered into a period of exclusivity notwithstanding the existence of another interested party which recently indicated it may still have an interest in a potential transaction with Wolverine. We express no opinion as to whether any alternative sale or other transaction resulting from further discussions with parties other than Horizon could have been more favorable in any respect to holders of Wolverine Common Stock than the Merger or whether the Merger Consideration would be more favorable to holders of Wolverine Common Stock than the consideration that could have been received by such holders in any such alternative transaction.

In conducting our review and arriving at our opinion, we have relied upon and assumed the accuracy and completeness of all of the financial and other information that was provided to us or that was publicly available and we have not independently verified the accuracy or completeness of any such information or assumed any responsibility or liability for such verification, accuracy or completeness. We have relied upon the management of Wolverine as to the reasonableness and achievability of the financial and operating forecasts and projections of Wolverine referred to above (and the assumptions and bases therefor), and we have assumed that such forecasts and projections were reasonably prepared and represent the best currently available estimates and judgments of such management and that such forecasts and projections will be realized in the amounts and in the time periods currently estimated by such management. We have further relied, with the consent of Wolverine, upon Horizon management as to the reasonableness and achievability of the publicly available consensus street estimates of Horizon, the assumed Horizon long-term growth rates, and the estimates regarding certain pro forma financial effects of the Merger on Horizon, all referred to above (and the assumptions and bases for all such information, including, without limitation, the cost savings and related expenses expected to result or be derived from the Merger), and we have assumed that all such information was reasonably prepared and represents, or in the case of the Horizon street estimates referred to above that such estimates are consistent with, the best currently available estimates and judgments of Horizon management and that the forecasts, projections and estimates reflected in such information will be realized in the amounts and in the time periods currently estimated. We express no view or opinion as to the Lafayette Acquisition (or any terms, aspects or implications thereof) and have assumed, with the consent of Wolverine, that the Lafayette Acquisition will be consummated as described to us by Horizon management in the third quarter of 2017.

Edgar Filing: HORIZON BANCORP /IN/ - Form S-4/A

It is understood that the portion of the foregoing financial information of Wolverine and Horizon that was provided to us was not prepared with the expectation of public disclosure, that all of the foregoing financial information, including the publicly available consensus street estimates of Horizon, is based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general

economic and competitive conditions and that, accordingly, actual results could vary significantly from those set forth in such information. We have assumed, based on discussions with the respective managements of Wolverine and Horizon and with the consent of the Board, that all such information provides a reasonable basis upon which we could form our opinion and we express no view as to any such information or the assumptions or bases therefor. We have relied on all such information without independent verification or analysis and do not in any respect assume any responsibility or liability for the accuracy or completeness thereof.

We also assumed that there were no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of either Wolverine or Horizon since the date of the last financial statements of each such entity that were made available to us. We are not experts in the independent verification of the adequacy of allowances for loan and lease losses and we have assumed, without independent verification and with your consent, that the aggregate allowances for loan and lease losses for Wolverine and Horizon are adequate to cover such losses. In rendering our opinion, we have not made or obtained any evaluations or appraisals or physical inspection of the property, assets or liabilities (contingent or otherwise) of Wolverine or Horizon, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor have we examined any individual loan or credit files, nor did we evaluate the solvency, financial capability or fair value of Wolverine or Horizon under any state or federal laws, including those relating to bankruptcy, insolvency or other matters. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, we assume no responsibility or liability for their accuracy.

We have assumed, in all respects material to our analyses, the following: (i) that the Merger and any related transactions (including the Bank Merger) will be completed substantially in accordance with the terms set forth in the Agreement (the final terms of which we have assumed will not differ in any respect material to our analyses from the draft reviewed by us and referred to above) with no additional payments or adjustments to the Merger Consideration (including the allocation between cash and stock); (ii) that the representations and warranties of each party in the Agreement and in all related documents and instruments referred to in the Agreement are true and correct; (iii) that each party to the Agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents; (iv) that there are no factors that would delay or subject to any adverse conditions, any necessary regulatory or governmental approval for the Merger or any related transaction (including the Bank Merger) and that all conditions to the completion of the Merger and any such related transaction will be satisfied without any waivers or modifications to the Agreement or any of the related documents; and (v) that in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the Merger and any related transaction (including the Bank Merger), no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, will be imposed that will have a material adverse effect on the future results of operations or financial condition of Wolverine, Horizon or the pro forma entity, or the contemplated benefits of the Merger, including without limitation the cost savings and related expenses expected to result or be derived from the Merger. We have assumed that the Merger will be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. We have further been advised by representatives of

Wolverine that Wolverine has relied upon advice from its advisors (other than KBW) or other appropriate sources as to all legal, financial reporting, tax, accounting and regulatory matters with respect to Wolverine, Horizon, the Merger and any related transaction (including the Bank Merger), the Agreement and the Lafayette Acquisition. KBW has not provided advice with respect to any such matters.

This opinion addresses only the fairness, from a financial point of view, as of the date hereof, to the holders of Wolverine Common Stock of the Merger Consideration to be received by such holders in the Merger. We express no view or opinion as to any other terms or aspects of the Merger or any term or aspect of any related transaction (including the Bank Merger), including without limitation, the form or structure of the Merger (including the form of Merger Consideration or the allocation of the Merger Consideration between cash and stock) or any such related transaction, any consequences of the Merger or any such related transaction to Wolverine, its shareholders, creditors or otherwise, or any terms, aspects, merits or implications of any employment, consulting, voting, support, shareholder or other agreements, arrangements or understandings contemplated or entered into in connection with the Merger or otherwise. Our opinion is necessarily based upon conditions as they exist and can be evaluated on the date hereof and the information made available to us through the date hereof. It is understood that subsequent developments may affect the conclusion reached in this opinion and that KBW does not have an obligation to update, revise or reaffirm this opinion. For purposes of our analyses, we have not incorporated recently-announced proposed changes to United States tax laws regarding corporate tax rates. Our opinion does not address, and we express no view or opinion with respect to, (i) the underlying business decision of Wolverine to engage in the Merger or enter into the Agreement, (ii) the relative merits of the Merger as compared to any strategic alternatives that are, have been or may be available to or contemplated by Wolverine or the Board, (iii) the fairness of the amount or nature of any compensation to any of Wolverine's officers, directors or employees, or any class of such persons, relative to the compensation to the holders of Wolverine Common Stock, (iv) the effect of the Merger or any related transaction on, or the fairness of the consideration to be received by, holders of any class of securities of Wolverine (other than the holders of Wolverine Common Stock, solely with respect to the Merger Consideration as described herein and not relative to the consideration to be received by holders of any other class of securities) or holders of any class of securities of Horizon or any other party to any transaction contemplated by the Agreement, (v) any adjustment (as provided in the Agreement) to the Merger Consideration assumed to be paid in the Merger for purposes of our opinion, (vi) whether Horizon has sufficient cash, available lines of credit or other sources of funds to enable it to pay the aggregate amount of the Cash Consideration to the holders of Wolverine Common Stock at the closing of the Merger, (vii) the actual value of Horizon Common Stock to be issued in the Merger, (viii) the prices, trading range or volume at which Wolverine Common Stock or Horizon Common Stock will trade following the public announcement of the Merger or the prices, trading range or volume at which Horizon Common Stock will trade following the consummation of the Merger, (ix) any advice or opinions provided by any other advisor to any of the parties to the Merger or any other transaction contemplated by the Agreement, or (x) any legal, regulatory, accounting, tax or similar matters relating to Wolverine, Horizon, their respective shareholders, or relating to or arising out of or as a consequence of the Merger or any related transaction (including the Bank Merger), or the Lafayette Acquisition, including whether or not the Merger would qualify as a tax-free reorganization for United States federal income tax purposes.

This opinion is for the information of, and is directed to, the Board (in its capacity as such) in connection with its consideration of the financial terms of the Merger. This opinion does not constitute a recommendation to the Board as to how it should vote on the Merger, or to any holder of Wolverine Common Stock or any shareholder of any other entity as to how to vote in connection with the Merger or any other matter, nor does it constitute a recommendation regarding whether or not any such shareholder should enter into a voting, shareholders', or affiliates' agreement with

respect to the Merger or exercise any dissenters or appraisal rights that may be available to such shareholder.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Horizon Bancorp is an Indiana corporation. Horizon's officers and directors (and those who have agreed to such positions) are entitled to be indemnified under Indiana law and our Articles of Incorporation against certain liabilities and expenses. Chapter 37 of The Indiana Business Company Law (the "IBCL") requires a corporation, unless its articles of incorporation provide otherwise, to indemnify a director or an officer of the corporation who is wholly successful, on the merits or otherwise, in the defense of any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal, against reasonable expenses, including counsel fees, incurred in connection with the proceeding. The IBCL also permits a corporation to indemnify a director or an officer who is made a party to a proceeding because the individual was a director or an officer of the corporation against liability incurred in the proceeding if the individual's conduct was in good faith and the individual reasonably believed, in the case of conduct in the individual's official capacity with the corporation, that the conduct was in the corporation's best interests, and in all other cases, that the individual's conduct was at least not opposed to the corporation's best interests. In a criminal proceeding, the individual must also either have had reasonable cause to believe the individual's conduct was lawful or no reasonable cause to believe the individual's conduct was unlawful. The IBCL also permits a corporation to pay for or reimburse reasonable expenses incurred before the final disposition of a proceeding and permits a court of competent jurisdiction to order a corporation to indemnify a director or officer if the court determines that the person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the person met the standards for indemnification otherwise provided in the IBCL.

Horizon's Articles of Incorporation provide for mandatory indemnification of officers and directors (and those who have agreed to such positions) if they are wholly successful on the merits of a proceeding and satisfy the standards of conduct specified by the IBCL set forth in the preceding paragraph. The Articles of Incorporation also provide that any director or officer of Horizon or any person who is serving at the request of Horizon as a director or officer of another entity shall be indemnified and held harmless by Horizon to the same extent as Horizon's directors and officers. In any proceeding, an officer or director is entitled to be indemnified against all liabilities and expenses related to the proceeding including attorneys' fees, judgments, fines, penalties and amounts paid or to be paid in settlement. Horizon's Articles of Incorporation also provide such persons with certain rights to be paid or reimbursed for expenses incurred in defending any such proceeding in advance of the final disposition. The Articles of Incorporation also provide that Horizon has the discretion to indemnify employees and agents to the same extent, and on the same basis, as it is required to indemnify its officers and directors.

The Articles of Incorporation also authorize Horizon to maintain insurance to protect itself and any director, officer, employee or agent of Horizon against expense, liability or loss, whether or not Horizon would have the power to indemnify such person against such expense, liability or loss under the IBCL or pursuant to its Articles of Incorporation. Horizon currently maintains such insurance.

Item 22. Undertakings.

The undersigned registrant hereby undertakes:

(a) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(1) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933.

II-2

Table of Contents

(2) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement.

(3) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(d) For purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(e) To deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

(f) That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(g) That every prospectus (1) that is filed pursuant to paragraph (f) immediately preceding, or (2) that purports to meet the requirements of Section 10(a)(3) of the Securities Act of 1933 and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 20 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the

Table of Contents

successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(i) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(j) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Pursuant to the requirements of the Securities Act, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Michigan City, State of Indiana, on August 28, 2017.
