Letter to our Shareholders

from our Chair and our

Chief Executive Officer

March 14, 2018

Dear Fellow Shareholders,

Thank you for your continued support of Wells Fargo during 2017. Our top priority remains rebuilding the trust of our shareholders, customers, team members, communities, and regulators. We continue to make the changes necessary for Wells Fargo to become better, stronger, and more customer-focused than ever before. We are focused on achieving our six aspirational goals for Wells Fargo to be *the* financial services leader in customer service and advice, team member engagement, innovation, risk management, corporate citizenship, and shareholder value. At the same time, the board and senior management are committed to satisfying the requirements of the consent order that we agreed to with the Board of Governors of the Federal Reserve System on February 2, 2018.

As part of our transformation, Wells Fargo is committed to a thorough review of the products we offer and the internal procedures we use to get things done. When we uncover anything that may be questionable, we address it and remediate any customers who may have been financially harmed. To strengthen Wells Fargo's corporate culture, we are listening to our team members and inviting outside reviewers to help identify enhancements so we can make sure our culture is consistent across the organization. We continue to make investments in our team, including raising the minimum wage base range for U.S.-based, entry-level team members to \$15 an hour and enhancing benefits. Team member turnover is at its lowest level since 2013.

As we look ahead, we remain focused on understanding our customers' financial needs and helping them succeed financially. To deliver excellent customer experiences, we are investing in data, technology, operations, and risk management so team members have the tools they need to meet customers' needs. We have enhanced the branch experience for customers and accelerated our pace of innovation so we can create new kinds of lasting value for consumers and businesses. We will continue to make changes to strengthen Wells Fargo, and we firmly believe that the quality of our team members, our diversified business model, nationwide franchise, and investment in innovation, along with our commitment to our six goals, will generate long-term value for our investors.

The board recognizes that it must continue to strengthen and enhance its governance oversight. To support these efforts, the board made significant changes to board composition, reconstituted several board committees, amended committee charters to enhance risk oversight, and continued to work with senior management to improve the reporting and analysis provided to the board. Many of these changes were informed by the board's rigorous self-examination, which was facilitated by a third-party in 2017, and reflected the feedback received from our investors and other stakeholders.

On behalf of our board of directors and management team, we are pleased to invite you to attend our 2018 Annual Meeting of Shareholders on April 24, 2018, at 10:00 a.m., Central Daylight Time, at the Des Moines Marriott Downtown, 700 Grand Avenue, Des Moines, Iowa, 50309. A notice of the meeting and our 2018 Proxy Statement containing important information about the matters to be voted upon and instructions on how you can vote your shares follow this letter.

Your vote is important to us. Please vote as soon as possible even if you plan to attend the annual meeting. Thank you for your interest in and support of Wells Fargo.

Sincerely,

Elizabeth A. Duke

Proxy Summary

This summary highlights certain information contained in this proxy statement. You should read the entire proxy statement carefully before voting.

BUSINESS OVERVIEW AND STRENGTHS

Wells Fargo is a diversified, community-based financial services company. We provide banking, investments, mortgage, and consumer and commercial finance through more than 8,300 locations, 13,000 ATMs, digital (online, mobile, and social), and contact centers (phone, email, and correspondence), and we have offices in 42 countries and territories to support customers who conduct business in the global economy. With approximately 263,000 active, full-time equivalent team members, we serve one in three households in the United States.

We understand the importance and responsibility of our role as a systemically important financial institution, as a major employer, as a provider of financial services within our communities, and as a responsible corporate citizen. We recognize that recent issues, including the sales practices matter, have had an impact on Wells Fargo and its reputation, including our team members, customers, investors, and other stakeholders. As discussed throughout this proxy statement, we continue to focus on serving our customers, rebuilding trust, and building a stronger, better Wells Fargo.

We have confidence in the strength of our diversified business model and other strong aspects of our business and operations highlighted below.

OUR VISION, VALUES, AND GOALS

We use our Vision, Values, and Goals to guide us toward growth and success.

Our Vision is to satisfy our customers' financial needs and help them succeed financially.

Our Values are: What's right for customers, people as a competitive advantage, ethics, diversity and inclusion, and leadership

We aspire to create deep and enduring relationships with our customers by providing them with an exceptional experience and by understanding their needs and delivering the most relevant products, services, advice, and guidance. In early 2017, our CEO Timothy J. Sloan also established six new aspirational goals for our Company.

Our Goals: We want to become the financial services leader in these six areas

Customer service and advice

Team member engagement

Innovation

Risk management

Corporate citizenship

Shareholder value

INVESTOR ENGAGEMENT AND RESPONSIVENESS

Since 2010 we have had an investor outreach program with independent director participation to help us better understand the views of our investors on key corporate governance topics. In addition to engagement with our largest institutional investors, we have enhanced our engagement efforts with additional investors and stakeholders to hear their perspectives and help identify focus and priorities for the coming year. The constructive and candid feedback we receive from our investors and other stakeholders during these meetings is important and helps us inform our priorities, assess our progress, and enhance our corporate governance practices and disclosures each year.

CORPORATE GOVERNANCE HIGHLIGHTS

Enhancements to Corporate Governance Practices and Shareholder Rights

Informed by Investor Feedback and Board Self-Evaluation

Shareholders owning at least 20% (threshold lowered in March 2018 from 25%) of our common stock may call special meetings (since 2011 our By-Laws have provided our shareholders with a meaningful right to call special meetings of shareholders)

Adopted proxy access in 2015 with a 3%/3 years ownership threshold

Engaged a third party to facilitate the Board's comprehensive 2017 self-evaluation; Since 2014 the Board's self-evaluation process has included an assessment of the contributions of individual directors to the work of the Board and its committees

Amended Corporate Governance Guidelines in 2018 to more fully reflect the role of the Board and work it is doing to enhance governance and oversight practices, including as part of our plans to satisfy the requirements of the consent order that the Company entered into with the Board of Governors of the Federal Reserve System on February 2, 2018

Disclosed additional information on our Company's gender and racial/ethnic pay gaps in the U.S. on our website in February 2018

Adopted overboarding policy in 2017 limiting the number of boards on which our directors may serve (3 total boards for public company CEOs; 4 total public company boards for other directors, unless the GNC determines such other board service would not impair the director's service to our Company); No director serves on more than 3 total public company boards and our CEO does not serve on another public company board other than Wells Fargo

Separated the roles of Chair and CEO and amended our By-Laws to require the Chair to be independent in 2016

BOARD REFRESHMENT AND COMPOSITION

The Board's refreshment process and changes to its composition, oversight, and governance practices have been informed by robust self-evaluation and feedback provided by our investors following our 2017 annual meeting.

Comprehensive third-party facilitated Board self-evaluation conducted following the 2017 annual meeting and in advance of its typical year-end timing

Focus areas of the evaluation included Board composition; performance and materials; structure and effectiveness; Board responsibilities; tone at the top and culture; and governance practices

Prior to our 2017 Annual Meeting

Our Board took a number of actions in response to the retail banking sales practices matter, including to refresh Board composition and to enhance independent oversight, including:

Separated the roles of Chair of the Board and CEO

Amended the By-Laws to require that the Chair be independent

Elected 2 new directors (Karen Peetz and Ron Sargent) who enhanced the financial services, regulatory, consumer retail, and

* Based on completed years of service from date first elected to the Board human capital management experience on our Board

Took significant executive accountability actions, including forfeitures and clawbacks totaling more than \$180 million

Since our 2017 Annual Meeting

At our 2017 annual meeting, Wells Fargo shareholders sent the entire Board a clear message. The Board heard that message and since that time took a number of additional actions in response, including:

Elected Betsy Duke as independent Chair, effective January 1, 2018

Engaged in a thoughtful Board refreshment process while maintaining an appropriate balance of new perspectives and experience on the Board

Elected 4 new independent directors (Juan Pujadas, Celeste Clark, Ted Craver, and Maria Morris) who further enhanced financial services, risk management, technology, human capital management, finance and accounting, corporate responsibility, and regulatory experience on our Board; **in total, the Board elected 6 new directors in 2017 who bring relevant experience consistent with the Company's strategy and risk profile**

Changed the leadership and composition of key Board committees, including the Risk Committee and Governance and Nominating Committee

Reconstituted the Risk Committee to, among other things, include 4 members with experience identifying, assessing, and managing risk exposures of large, financial firms as provided in the Federal Reserve's Enhanced Prudential Standards for large U.S. bank holding companies

Continued its focus on the importance of maintaining Board diversity (both gender and ethnic); 3 of the 6 new directors elected by our Board in 2017 are women and 2 of those new directors elected are ethnically diverse

EXECUTIVE COMPENSATION HIGHLIGHTS

2017 Executive Compensation Program

The Human Resources Committee (HRC) maintained the same overarching framework for our named executives 2017 compensation that it used in 2016, including an emphasis on the following four compensation principles:

Pay for Performance

We link compensation to Company, business line, and individual performance

Our executives receive a high proportion of compensation as long-term compensation in the form of performance share awards

Equity and annual incentive awards are subject to reduction to promote executive accountability

Foster Risk Management Culture

Our compensation programs are structured to promote a culture of prudent risk management

Our executive compensation program allows the HRC discretion to account for risk outcomes

We are continuing to strengthen our Incentive Compensation Risk Management program, and enhance the HRC's oversight of key risk issues

Attract and Retain Top Executive Talent

We offer competitive pay to attract, motivate, and retain industry executives with the skills and experience to drive superior long-term Company performance

Encourage Creation of

Long-Term Shareholder Value

We use performance-based long-term stock awards to encourage sustained stockholder value creation

A high proportion of our compensation is tied to long-term Company performance

Our share retention requirements are intended to align our executives' interests with our shareholders' interests over the long-term, while mitigating compensation-related risk

Named Executives 2017 Compensation

The table below summarizes our named executives' 2017 compensation. This table is not a substitute for, and should be read together with, the Summary Compensation Table, which presents named executive compensation paid, accrued, or awarded for 2017 in accordance with SEC disclosure rules and includes additional compensation elements and other important information.

Named Executive ⁽¹⁾	Base Salary (\$) ⁽²⁾	Annual Incentive Award (\$) ⁽³⁾	Long-Term Performance Share Award (\$) ⁽⁴⁾	Long-Term Restricted Share Rights Award (\$) ⁽⁵⁾	Total (\$)
Timothy J. Sloan	2,400,000	0	15,000,000		17,400,000
John R. Shrewsberry	1,956,731	950,000	9,000,000		11,906,731
Avid Modjtabai	1,750,000	831,250	8,000,000		10,581,250
Perry G. Pelos	1,120,192	593,750	5,000,000		6,713,942
Jonathan G. Weiss	802,885	2,050,000	2,700,000	850,000	6,402,885
David M. Carroll	1,016,346	484,896	8,000,000		9,501,242

(1) Mr. Weiss served as head of Wells Fargo Securities from 2014 until he succeeded Mr. Carroll as Senior Executive Vice President, Wealth and Investment Management, effective July 1, 2017. Mr. Carroll retired effective July 31, 2017.

(2) Effective March 5, 2017, the HRC approved an increase in Mr. Shrewsberry's base salary from \$1,750,000 to \$2,000,000 to reflect his overall Company leadership responsibilities, including the expansion of his role during 2016 to include oversight of our Technology group. Effective August 6, 2017, the HRC approved an increase in Mr. Weiss' base salary from \$500,000 to \$1,250,000 to reflect the responsibilities and the compensation structure associated with his new role.

(3) A portion of the 2017 annual incentive award amount for Mr. Weiss was paid in restricted share rights (RSRs) granted on February 26, 2018 that vest over three years.

(4) Dollar value on February 28, 2017, the date of grant, of 2017 Performance Shares at target. Actual pay delivered or realized for Performance Shares will be determined in the first quarter of 2020 and may range from zero to 150% of the target shares (zero to 125% for Mr. Weiss), plus dividend equivalents, depending on Company performance for 2017 to 2019 and risk assessments.

(5) Dollar value on December 14, 2017, the date of grant, of RSRs that vest over three years.

Our Strategy and Goals

OUR LONG TERM STRATEGY

Strategy Overview

By recommitting to our Vision and Values and strengthening our culture we are enabling our Company's transformation to become a better, stronger company and more customer-focused than ever before. Our focus on customers is reflected first in our Values and our six Goals, which define our enterprise strategy. We have also refreshed our consumer and wholesale strategies to promote collaboration across our business lines in order to deliver excellent customer experiences. In addition, we are simplifying our businesses and offerings and strengthening our risk management and support functions to serve our customers more efficiently and effectively.

CUSTOMER-FOCUSED STRATEGY

Our long-standing Vision and commitment to satisfy our customers' financial needs and help them succeed financially is the foundation of our business. However, our businesses have often acted independently of one another and missed opportunities to serve customers better through more coordinated efforts. Our historically decentralized model engaged customers through a product-focused approach rather than the customer-focused, cross-channel experiences that our customers expect today. By changing the way we operate and moving away from decentralization, we are reducing complexity and risk while improving customer experiences and efficiency.

Our businesses are working together to pursue one cohesive strategy that will allow us to seamlessly serve our customers. This involves creating a compelling value proposition for our customers, rebuilding our brand, differentiating in faster-growing segments, and delivering an exceptional customer experience. In addition, we are enhancing the experience in our branches, offices, and call centers and investing in our digital platform to meet the cross-channel expectations of our customers.

Our team members are our greatest asset and key to our ability to deliver excellent customer experiences. We are strengthening our team members' abilities to meet customer needs by simplifying our organization, building common and efficient processes, enhancing training and tools, and investing in our data, technology, operations, and risk management capabilities.

Our Strategy and Goals

DEMONSTRATING PROGRESS ON OUR SIX GOALS

In March 2017, our CEO and President Timothy J. Sloan announced six new goals for our Company. While our Vision and Values should guide every action we take and every decision we make, our goals are designed to clearly state our aspirations for the future, and to make sure that we are all focusing on activities that will build a better, stronger Wells Fargo. As we work to meet these Goals, our Vision and Values come to life in the way we conduct business and the way we prioritize our day-to-day activities. These are important because they help keep the focus on what matters most.

We want to become *the* financial services leader in the six areas below and the following chart summarizes our progress on these Goals:

Maintaining our focus on developing deep and enduring customer relationships

Investing in our digital platform to meet the cross-channel expectations of our customers

Rolling out transformational changes to processes, training, and customer interactions to take the customer experience in our branches to a new level

Making changes to deposit accounts that benefit our customers, including:

i **Overdraft RewardSM feature:** Waives overdraft and non-sufficient funds (NSF) fees if a covering direct deposit is received by 9 a.m. the day after the account is overdrawn

i Automatic zero-balance alerts sent during the day allow customers time to make a covering deposit or transfer

i Eliminating overdraft and NSF fees on small-dollar transactions of \$5 or less

i Reducing the maximum number of overdraft and NSF fees that can be assessed from 4 to 3 per day

Team member turnover is at its lowest since 2013

Raised our minimum hourly wage for our lowest paid team members and enhanced benefits

Awarded broad-based restricted share rights awards equivalent to 50 shares of Wells Fargo common stock to eligible full-time employees, and the equivalent of 30 shares to eligible part-time employees, with a two-year vesting period

Introduced a new compensation plan and performance management objectives in our Community Bank and expanded our incentive compensation risk management program

Conducted enterprise culture assessment survey in 2017

Continue to actively seek feedback from and listen to our team members, through channels such as team member pulse surveys and focus groups

Expanded our Raise Your Hand communications initiative and released our new Speak Up and Non-retaliation Policy

Card-free ATM access via one-time password to Wells Fargo's 13,000 ATMs and Near Field Communication (NFC) access to over 7,000 ATMs

Debit card On/Off capability

Zero2P payments experience

Intuitive Investor digital brokerage advisory mobile offering

Personalized insights and advice with predictive banking technology

Daily Change: Interactive mobile app encouraging customers to save

Make an Appointment API to schedule appointments with Wells Fargo on non-Wells Fargo websites

Increased digital account opening and loan application functionality for deposits, mortgage, and credit card

Transforming Wells Fargo

OUR JOURNEY AND PROGRESS TO REBUILD TRUST

We highlight below some of the key actions our Board and our Company have taken on our path to making things right, fixing problems, and building a better, stronger Wells Fargo.

Key Actions Taken by Our Board and Our Company

Leadership

Independent Board Leadership

Separated the roles of Chair and CEO and amended the Company's By-Laws to require an independent Chair

Elected Betsy Duke (former member of the Federal Reserve Board of Governors) as independent Chair

Board Refreshment and Enhancement of Qualifications and Experience on the Board

Elected six new directors to the Board in 2017

Three long-tenured directors retired from the Board on December 31, 2017; Board refreshment process continues with the retirement at our 2018 annual meeting of three of the Board's longest-serving directors and a director who was scheduled to retire in 2019

Enhanced overall Board and committee skills and capabilities while maintaining an appropriate balance of perspectives and experience

Board Committee Structure

Reviewed Board committee structure and leadership and amended committee charters to sharpen focus and reduce duplication in risk oversight

Evaluation of Board Effectiveness

Conducted a comprehensive 2017 Board self-evaluation that was facilitated by a third party (Mary Jo White, former Chair of the Securities and Exchange Commission) which, together with feedback from investors and other stakeholders, helped inform many of the Board's changes

Community Bank and Other Company Leadership Changes

Announced new leaders and organizational structure in the Community Bank, creating a more streamlined and efficient organization; created a new Change Leader position, responsible for redefining the business model in branches to focus on the customer experience

Established a dedicated office to oversee our Company-wide Rebuilding Trust Program

Customers

Focusing on Customer Remediation

Remediating customers in connection with retail banking sales practices, including under the stipulated judgment with the Los Angeles City Attorney and under our CFPB and OCC consent orders, as well as by working with customers directly and offering free mediation services

Reached a class-action settlement which sets aside \$142 million for remediation and settlement expenses to cover customers and former customers with claims of unauthorized accounts dating back to 2002; notifying customers to make them aware of their possible eligibility to receive compensation under this broad and far-reaching settlement agreement

Engaged a third-party to conduct a detailed analysis of our customers' accounts to help identify potential harm as a result of unacceptable retail banking sales practices and expanded the review time period to almost eight years (2009 through 2016 (almost double the original analysis)); providing customer remediation based on this expanded review

Providing an estimated \$145 million in cash remediation and \$37 million in account adjustments for customers due to issues related to auto Collateral Protection Insurance policies

Planned remediation of home lending customers who may have been improperly charged fees for mortgage interest rate lock extensions requested from September 16, 2013 through February 28, 2017

Making Things Right for Our Customers

Committed to making things right for any customer who may have been financially harmed by unacceptable retail banking sales practices, regardless of the time frame

Expanded the Company's customer complaint servicing and resolution process and reached out to 40 million retail and 3 million small business customers asking them to contact us with any concerns about their accounts

Table of Contents

Transforming Wells Fargo

Customers (continued)

Established a dedicated 24/7 toll-free number for customers with concerns about their accounts, or any aspect of their relationship with Wells Fargo; customer service representatives are available 24/7 at (877) 924-8697

Enhancing Transparency for Our Customers

Improved controls by sending automatic notifications to customers after a personal or small business checking account, savings account, or credit card has been opened

Launched a special page on our website at <http://www.wellsfargo.com/commitment> to keep customers updated on our progress to address unacceptable retail banking sales practices

Continuing to Improve

Reviewing every area of the business to identify and fix any problems, being transparent and open about what we find, and making things right

Team Members

Enhancing Our EthicsLine Processes for Team Members to Raise Concerns

Made enhancements to the EthicsLine intake process, including changes based on feedback from our team members, and hired an outside expert to help identify possibilities for additional improvements to make sure that team members have a trusted and confidential way to report ethics concerns

Investing in Our Team

Raised the minimum hourly wage for U.S.-based team members to \$15 per hour (effective March 2018), which reflects an 11% increase to the minimum hourly rate on top of the 12% increase announced earlier in 2017

Announced in September 2017 that U.S.-based team members would be eligible for additional paid holiday time; team members received two personal holidays each year and Wells Fargo added two holidays to the existing schedule of fixed, observed holidays beginning in 2018, resulting in an increase in the total number of paid holidays from 8 to 12

Enhanced paid parental and critical care leave and backup adult care benefits in 2016

Committing to Pay Equity

Publicly disclosed in February 2018 that after accounting for factors such as role, tenure, and geography; results show that women based in the U.S. at Wells Fargo earn more than 99 cents for every dollar earned by their male peers, and our team members who are people of color in the U.S. earn more than 99 cents for every dollar earned by their white peers, which is in addition to the information we disclosed in March 2017 regarding our pay equity review processes

Enhancing Our Non-Retaliation Policies, Practices, and Training

Expanded our Raise Your Hand communications initiative encouraging team members to speak up when they see something unethical or if they have an idea to help reduce risk

Enhanced our Speak Up and Non-Retaliation Policy and expanded training for our retail bank managers and bankers; Enhanced training includes acceptable sales practices and how to report unethical behavior in addition to reinforcing our non-retaliation policy and our Code of Ethics and Business Conduct

Conducting Reviews of Termination Decisions

Established a process enabling former team members to request a review of their termination or resignation allegedly due to sales performance/sales culture reasons; those who are eligible for re-employment have an opportunity to work with a special recruiting team to identify and explore opportunities for re-employment with Wells Fargo

Reviewing and Strengthening Our Culture

Engaged outside culture experts to help understand cultural weaknesses that need to be strengthened

Following third-party reviews and team member feedback, including a detailed culture assessment and ongoing pulse surveys, launched a Culture Program to clearly articulate the culture we want and the behaviors we expect from all team members and to build a disciplined and objective approach to monitoring our culture

Enhancing Our Recruiting and Coaching Practices

Launched a holistic approach to hiring and recruiting to underscore our focus on having team members who can deliver a high quality customer experience and help rebuild trust

Rolled out of transformational changes to processes, training, and customer interaction within the Community Bank to take customer and team member experience to a new level

Listening to Our Team Members

Continuing to seek feedback directly from our team members, including through Town Halls with the CEO and other members of senior management, listening tours held by our executives, Team Moments chats (live chats and Q&A with various senior leaders), increased internal communications and comments posted directly by team members on Teamworks (Wells Fargo's intranet), frequent team member sentiment pulse surveys, ethics surveys, and focus groups

Incentive Compensation

Eliminating Product Sales Goals and Changing the Community Bank Incentive Programs

Eliminated product sales goals for retail bankers who serve customers in bank branches and call centers

Created a new incentive compensation plan and performance management objectives for retail bankers with a focus on customer experience, stronger oversight and controls, and team versus individual incentives

Enhancing Our Incentive Compensation Risk Management

Expanded our incentive compensation risk management program to include all incentive plans and all team members who are eligible to receive incentive compensation, and to take into account both financial and reputation risks

Reviewing the incentive compensation arrangements of all eligible roles across our Company for a broad range of actual and potential financial, reputational, and regulatory risks through our incentive compensation risk management program

Risk Management and Accountability

Independent Board Investigation and Executive Accountability Actions

Released findings, including root causes identified, from the Board's independent investigation of retail banking sales practices and related matters

Took actions to promote executive accountability resulting in the termination of a number of Community Bank managers for cause due to sales practices-related issues and compensation forfeitures and clawbacks with a total impact of over \$180 million, which included the elimination of 2016 bonuses and reduction of 2014 Performance Shares by up to 50% for eight Operating Committee members

Enhancing Oversight and Monitoring of Complaints and Allegations

Created a Conduct Management Office to centralize the handling of internal investigations, EthicsLine and ethics oversight, complaints oversight, and sales practices oversight

Increased oversight of our retail bank monitoring activities approximately a \$50 million investment annually including a mystery shopper program involving 18,000 branch visits a year and 450 conduct risk reviews each year in branches across the U.S.

Improving Compliance and Customer Remediation

Invested significantly in regulatory compliance and remediation, with additional investments expected in 2018

Created a Commitment to Customer Center of Excellence, responsible for establishing centralized enterprise standards and enhancing execution of remediation efforts across Wells Fargo's consumer businesses

Centralizing Core Functions to Enhance Risk and Compliance Controls

Strengthened risk framework by centralizing core functions like Risk (includes Compliance), Human Resources, and Finance, while enhancing our risk and compliance controls as we pursue a cohesive approach to risk Company-wide

Strengthening Compliance and Operational Risk, Including Technology and Data Capabilities

Invested over 2016 and 2017 in technology risk, including cybersecurity, with additional investments expected in 2018

Invested in automation and technology enhancements for risk controls that improve the ability to identify emerging trends and risks

Invested in data management with ongoing investments expected in 2018

Created an Enterprise Data Management function in September 2017, responsible for defining the infrastructure, business source systems, and governance of all Company data

Continuing to execute comprehensive plans that address compliance and operational risk management programs, organizations, technology, and controls

Strengthening Talent in Our Risk Organization

Hired external leadership talent to strengthen our risk management capabilities, including a head of Regulatory Relations (new position), a Chief Compliance Officer, and a Chief Operational Risk Officer

Hired more than 2,000 team members from outside the Company in 2016 and 2017 to strengthen talent in Risk Management

Assessing, Strengthening, and Measuring Our Culture

RECOMMITMENT TO OUR VISION AND VALUES

Our journey to strengthen our culture is an ongoing process that starts with making sure that all of our team members have a consistent understanding of our Vision, Values, and Goals. We define our culture by our Vision and Values which guide every action we take and every decision we make. Our Vision, Values and six Goals serve as our guide to serving customers and helping each other as one Wells Fargo. In 2017, we recommitted to our Vision and Values and created a simpler, more focused Vision, Values, and Goals booklet to make it easier for all of our team members to understand what we value most as a company. Our Board of Directors approved our new Vision, Values, and Goals booklet in October 2017 and every team member across our Company received a copy. In addition, new team members and new directors of our Company receive our Vision, Values, and Goals booklet as part of their onboarding.

LISTENING AND INTROSPECTION INVITING OUTSIDE-IN PERSPECTIVES

As a demonstration of change in our culture, we continue to look for ways to listen to team members, industry experts, and others as we work to transform our Company and deliver on our Wells Fargo Vision, Values, and Goals through a consistent and compelling team member experience. Over the past year, team members have shared their voices in a number of ways, including directly with our senior leaders, through surveys and focus groups and participating in two-way dialogue on our internal social media platforms. We have engaged a number of outside experts to review our team member feedback on our culture measurement methodologies, processes, and procedures to give us objective, outside perspectives on how we can improve.

Culture Assessment Survey

All Wells Fargo team members were invited to participate in a company-wide culture assessment survey in 2017 to help uncover both the positive attributes and potential weaknesses in our Company's culture. The goal of this study was to assess culture at a macro level and to identify patterns in business groups or regions where we have an opportunity to strengthen our culture in four key areas:

Ethics

Customer focus

Diversity and inclusion

Commitment to the organization

Senior leaders are working together to identify actions that can be taken to foster a deliberate, Company-wide culture with a goal of providing clarity on expectations for leaders, managers, and team members and ultimately improving the overall team member experience.

Team Moments internal social Team members are welcome to join Team Moments groups to post and comment on a variety of topics

Teamworks (Wells Fargo intranet) articles/news comments Team members have the ability to post comments in response to articles and news that are posted on the Teamworks intranet

BEHAVIORAL METRICS MEASURING AND MONITORING OUR CULTURE

We continuously monitor key metrics and align those metrics with team member feedback to measure the team member experience both quantitatively and qualitatively. For example, while turnover is improving overall, our exit surveys help us understand why team members have chosen to leave the Company and what steps we can take to retain talent and make Wells Fargo an even better place to work.

Summarize key culture initiatives and key people, conduct, risk, and audit metrics to better monitor culture-related elements across our Company's business and enterprise staff groups

KEY LEARNINGS AND ACTIONS PLANNED

In order to develop short- and long-term roadmaps and recommendations based on what we have heard from team members through all of the channels discussed above, a team of internal and external experts reviewed and synthesized over three dozen research studies and almost 50,000 team member comments from online stories, leadership listening tours, and internal social media chats. The results of this meta-analysis serve as the foundation for many cross-functional efforts to support a consistent and compelling culture for all team members. The feedback tells us that we need to align our systems, processes, and behaviors to drive our Vision and Values in a consistent and compelling way. Based on our key learnings from team members, we have made specific enhancements to our programs, resources, and expectations for team members. For example:

Pay Increases. We increased the minimum hourly wage for U.S.-based team members and enhanced benefits.

More Paid Time Off. We added four new days of paid time off for all eligible U.S.-based team members.

Investing in Our Managers. We are investing in developing managers and setting clearer expectations for what it means to be a people manager at Wells Fargo.

Resource Materials. We developed new resource materials and tools in support of our simplified, more focused Vision, Values, and Goals booklet.

Performance Management Changes. We are helping to make sure that our Values are consistently part of the day-to-day experience working at Wells Fargo by defining behaviors for all team members that are aligned with our Values.

Measuring and Monitoring Changes We Are Making. We are looking at how we measure culture, engagement, and team member experience going forward. We already know that we will measure more often, through a variety of methods, rather than relying primarily on one annual event like we had done in the past.

All of Our Systems, Processes, Programs, and Policies Have To Align With and Support Our Culture

Building a strong, deliberate culture will take time. It is a process and involves more than just updating documents to clearly state who we want to be and what we expect. **Our leadership, systems, tools, processes, and policies, including our incentive compensation and performance management programs, all have to align with and support the kind of culture we want to build.** To accomplish this, we are connecting people and projects across the organization so we can build this culture together for all of Wells Fargo.

Alignment of Incentives

with Our Culture

In addition to the career-development opportunities, broad array of benefits, and strong offering of work-life programs, we offer market competitive compensation.

Our compensation programs are designed around our four compensation principles: pay for performance; foster a culture of risk management; attract and retain talent; and encourage creation of long-term shareholder value.

These compensation principles, along with our Vision and Values, are supported by our incentive compensation risk management program, which establishes the expectations and requirements related to the design and oversight of incentive compensation arrangements for our team members.

The goal of our incentive compensation risk management program is to develop and manage incentive compensation arrangements that align with our strategy and Values, comply with applicable laws and regulations, and appropriately balance risk and financial rewards.

Alignment of Performance Management

with Our Culture

Performance management has a direct link to our pay for performance philosophy, also integrating our Vision and Values with a focus on setting clear expectations for our team members and enabling ongoing coaching and performance conversations throughout the year.

Performance management is a key aspect of our culture, and it provides each team member the opportunity for personal responsibility, accountability, reward, and recognition.

Performance management helps our Company compete for business and develop a stronger management culture, and helps our team members reach their potential.

Our performance management program is supported by our performance management policy, which establishes the expectations and requirements to help make sure that our performance management standards are clear, applied consistently across our Company, and aligned with applicable regulations.

Corporate Governance

OUR CORPORATE GOVERNANCE FRAMEWORK AND DOCUMENTS

Our Board is committed to sound and effective corporate governance principles and practices, and has adopted Corporate Governance Guidelines to provide the framework for the governance of our Board and our Company. These Guidelines address, among other matters, the role of our Board, Board membership criteria, director retirement and resignation policies, our Director Independence Standards, information about the committees and other policies and procedures of our Board, including the majority vote standard for directors, management succession planning, our Board's leadership structure, and director compensation. Our Board reviews its Corporate Governance Guidelines annually as part of its Board self-evaluation process.

Corporate Governance Framework

In February 2018, our Board amended its Corporate Governance Guidelines to more fully articulate the role of the Board and work it is doing to enhance governance and oversight practices, including as part of our plans to satisfy the requirements of the consent order that the Company entered into with the Board of Governors of the Federal Reserve System on February 2, 2018. The following are fundamental aspects of our Board's governance framework:

Board Oversight of Strategic Plans, Risk Tolerance, and Financial Performance

Reviewing, monitoring and, where appropriate, approving the Company's strategic plans, risk tolerance, risk management framework, and financial performance, including reviewing and monitoring whether the strategic plans and risk tolerance are clear and aligned and include a long-term perspective on risks and rewards that is consistent with the capacity of the Company's risk management framework

Board Composition, Governance Structure, and Practices

Maintaining a Board composition, governance structure, and practices that support the Company's risk profile, risk tolerance, and strategic plans, including having directors with diverse skills, knowledge, experience, and perspectives, and engaging in an annual self-evaluation process of the Board and its committees

CEO and Other Senior Management

Succession Planning and Performance

Board Oversight of Integrity and Reputation

Supporting the stature and independence of the Company's independent risk management (including compliance), legal, and internal audit functions

Selecting, and engaging in succession planning for, the Company's Chief Executive Officer and, as appropriate, other members of senior management

Reinforcing a culture of ethics, compliance, and risk management, and overseeing the processes adopted by senior management for maintaining the integrity and reputation of the Company

Monitoring and evaluating the performance of senior management, and holding senior management accountable for implementing the Company's strategic plans and risk tolerance and maintaining the Company's risk management and control framework

Monitoring and evaluating the alignment of the compensation of senior management with the Company's compensation principles

Board Reporting and Accountability

Working in consultation with management in setting the Board and committee meeting agendas and schedules

Managing and evaluating the information flow to the Board to facilitate the Board's ability to make sound, well-informed decisions by taking into account risk and opportunities and to facilitate its oversight of senior management

Our Corporate Governance Documents

Information about our Board's and our Company's corporate governance, including the following corporate governance documents, is available on our website at <https://www.wellsfargo.com/about/corporate/governance>:

The Board's **Corporate Governance Guidelines**, including its **Director Independence Standards**

Our **Code of Ethics and Business Conduct** applicable to our team members, including our executive officers, and directors

Charters for each of the Board's seven standing committees, including the Audit and Examination Committee, the Governance and Nominating Committee, and the Human Resources Committee

Our **Board Communication Policy**, which describes how shareholders and other interested parties can communicate with the Board

Our **By-Laws**, which require that the Chair of our Board be independent

Insight into the Boardroom and the Board's Priorities

In addition to enhancing its corporate governance framework, the Board has made substantial enhancements to information flow and escalation of matters to the Board as well as the reporting and analysis provided by senior management to the Board. Our directors continue to engage frequently with members of management outside of Board meetings to discuss, receive updates on, and learn more about our business, key risks, industry, strategic direction, and performance. Our Chair and Committee chairs are particularly focused on agenda planning for Board and committee meetings.

Processes and Priorities

Agenda and meeting planning processes. Our Chair and Committee chairs are working in consultation with management in setting and prioritizing Board and committee meeting agendas, including to provide more in-depth strategy sessions and other special presentations. In addition, the Board has made changes to its Board meeting schedule, including to increase the length of regularly scheduled meetings, hold more in-person meetings, and provide sufficient time for executive sessions with the Chief Executive Officer, Chief Financial Officer, and General Counsel.

Feedback on Board and committee meeting materials. Board members are providing regular feedback to management during and in-between Board and committee meetings on the form, usefulness, and quality of meeting materials. In addition, the Board provided specific feedback to management following its 2017 self-evaluation on needs to streamline Board materials and enhance the quality and use of meeting highlights summaries, executive summaries, dashboards, and plans with specific milestones and accountability to facilitate the Board's review and focus on key issues and monitoring of progress.

Enhancements to systems and management reporting capabilities. Fundamental to the Board's ability to receive the right information are changes the Company is making to its organizational structure, including to centralize control functions such as Risk (including Compliance), Human Resources, and Finance, and to invest in technology and data capabilities to enhance management's ability to identify, assess, escalate, and report matters to the Board. Our Board has set clear expectations for management that, as issues are identified, they will be promptly escalated and reported to the Board and our regulators.

Other interactions with members of management in between Board meetings. Our directors regularly participate in calls and "deep dives" with management on particular matters, such as technology and cyber security.

Communications among board members. Our Chair and Committee chairs meet and speak regularly with each other and with members of management in between Board and committee meetings, including to discuss meeting agenda planning, recent developments, escalated matters, and progress on key initiatives.

Meetings with customers. Our Board members meet with customers in several ways, including through organized events, branch or other office site visits, and during personal visits to our branches.

Weekly updates on press coverage and current developments. Our directors receive weekly or more frequent updates, as appropriate, on press coverage of the Company and current events that relate to our business.

COMPREHENSIVE ANNUAL EVALUATION OF BOARD EFFECTIVENESS

Each year, our Board conducts a comprehensive self-evaluation in order to assess its own effectiveness, review our governance practices, and identify areas for enhancement. Our Board's annual self-evaluation also is a key component of its director nomination process and succession planning.

The Governance and Nominating Committee, in consultation with our independent Chair, reviews and determines the overall process, scope, and content of our Board's annual self-evaluation process. As provided in its charter, each of our Board's standing committees also conducts a separate self-evaluation process annually which is led by the committee chair. Our Board's and each committee's self-evaluation includes a review of the Corporate Governance Guidelines and its committee charter, respectively, to consider any proposed changes.

The GNC has continued to enhance the form and scope of the Board's self-evaluation process based on director feedback, best practices, experience, and regulatory expectations. The following are some of the enhancements made to the self-evaluation process over the last few years:

Implemented use of one-on-one discussions to obtain candid feedback from each director on the Board

Evaluation of the individual contributions of directors to the Board and its committees

Request targeted feedback on additional topics, such as culture, lessons learned, and best practices (including those observed by our directors through other board service) See the chart below for more information on topics covered in connection with the Board's 2017 self-evaluation

Amended the Corporate Governance Guidelines in 2018 to specify, among other things, that the self-evaluations include:

- i Consideration of best practices with respect to committee refreshment and committee chair rotations in connection with the GNC's and the Board's annual review of Board member committee assignments and committee chair positions
- i Annual assessment of the most effective format for the Board's and each committee's self-evaluation and that the Board may determine to engage a third party to facilitate the evaluation periodically **As discussed below, the Board engaged a third-party during 2017 to facilitate its self-evaluation and anticipates doing so again in 2018 for both the Board and each committee's 2018 self-evaluation**

Board Self-Evaluation Process How Candid Feedback is Obtained

The following chart reflects the key components of the Board's annual self-evaluation process. Additional information on the topics covered in the scope of the evaluation is included below.

USE OF THIRD-PARTY TO FACILITATE BOARD SELF-EVALUATION

In 2017, the Board decided to conduct its comprehensive self-evaluation after the 2017 annual meeting and prior to its typical year-end timing.

To facilitate its 2017 self-evaluation, the Board engaged Mary Jo White, a senior partner at Debevoise & Plimpton LLP and former Chair of the Securities and Exchange Commission.

Ms. White assisted the Board in conducting its evaluation process, which included her one-on-one discussions with each director, to obtain their candid feedback and assessments.

The GNC and the Board determined to enhance and expand the scope of the Board's 2017 self-evaluation based on recommendations made by Ms. White as a part of her engagement.

The Board anticipates engaging a third party again in 2018 to (1) facilitate the Board's 2018 self-evaluation, which the Board expects will include an assessment of Board effectiveness and a review of progress made in implementing changes based on feedback provided in connection with the Board's 2017 self-evaluation process, and (2) facilitate each Board committee's 2018 self-evaluation.

OUR INVESTOR ENGAGEMENT PROGRAM

As part of our commitment to effective corporate governance practices, since 2010 we have had an investor outreach program with independent director participation to help us better understand the views of our investors on key corporate governance topics. In addition to engagement with our largest institutional investors, we have enhanced our engagement efforts with additional investors and stakeholders to hear their perspectives and help identify focus areas and priorities for the coming year. The constructive and candid feedback we receive from our investors and other stakeholders during these meetings is important and helps us inform our priorities, assess our progress, and enhance our corporate governance practices and disclosures each year.

Following our 2017 annual meeting, we contacted our largest institutional investors and engaged with institutional investors representing more than 35% of our Company's common stock. We also met with numerous other stakeholders to discuss our Company's progress as well as corporate governance and ESG practices, policies, and disclosures.

Board-led Engagement Program

Year-Round Engagement Process

Independent director participation since 2010

Our engagement occurs year round

Following the 2017 annual meeting, our Chair and members of management considered the 2017 annual meeting voting results and engaged with institutional investors to understand their concerns and perspectives

Our independent Chair, Betsy Duke, held in-person engagement meetings and calls with institutional investors representing more than 35% of our outstanding shares

We also held engagement meetings and calls with other investors and stakeholders, including upon their request

Active outreach to institutional investors during the spring and the fall/winter as well as engagement meetings with investors and other stakeholders at their request to understand their priorities and concerns in the areas of corporate governance, executive compensation, environmental sustainability, social responsibility, and other matters

Continual review of our governance practices and framework in light of best practices, recent developments, and regulatory expectations

Our independent Chair leads our external Stakeholder Advisory Council which was formed to provide our Board and senior management with feedback on current and emerging issues from a stakeholder perspective

Provide institutional investors with courtesy copies of periodic updates, including news of significant corporate governance and Board changes, as part of our ongoing engagement process

Coordinated engagement efforts with our new external Stakeholder Relations group, which includes Investor Relations and Government Relations

Reporting and Evaluation of Investor Feedback

Topics Discussed Since 2017 Annual Meeting

Feedback from investor and other stakeholder engagement is summarized and shared with:

- i the full Board
- i the Board's Governance and Nominating Committee
- i the Board's Human Resources Committee
- i the Board's Corporate Responsibility Committee
- i senior management

Our Board conducts a comprehensive annual self-evaluation, which includes consideration of investor and other stakeholder feedback on various matters such as our annual say-on-pay vote, other annual meeting voting results, and investor and stakeholder sentiment on various other matters

Board refreshment, including Board and committee composition and the level and pace of refreshment

Experience and qualifications of new directors, including any additional experience the Board has identified for future refreshment efforts

Company performance and progress, including revenue and earnings growth and expense reduction plans; culture changes; team member engagement and turnover; and how the Company is measuring its progress

Management reporting and information flow to the Board, including how the Board makes sure that it is getting the right information

Status of the Company's ongoing reviews of businesses and controls

Company transparency and disclosures, including recommendations for enhancements

Our Board reviews our governance practices annually, and more frequently when appropriate, and uses investor and other stakeholder feedback to identify areas for potential enhancements to our policies, practices, and disclosures

Executive compensation, including structure and metrics, and Community Bank incentive plan changes

Regulatory relations, including compliance with our February 2, 2018 Federal Reserve consent order

Corporate Governance

Demonstrated Track Record of Responsiveness to Investors and Other Stakeholders

Our Board values and considers the feedback it receives from our investors and other stakeholders and has taken a number of actions over the last several years to increase shareholder rights and enhance the Board's structure that took into account those perspectives.

2018

Enhanced existing shareholder right to call a special meeting – reduced threshold from 25% to 20% of outstanding shares (since 2011 our shareholders have had a meaningful right to call special meetings of shareholders under our By-Laws)

Continued Board refreshment process begun in 2017 with four directors retiring at our 2018 annual meeting

Enhanced our governance practices as reflected in our Corporate Governance Guidelines, including to:

i More fully articulate the role of the Board and work it is doing to enhance governance and oversight practices

i Reflect the importance of periodic Board refreshment and maintaining an appropriate balance of tenure, skills, knowledge, experience, and perspectives on the Board

i Provide more detail about the Board's self-evaluation process, including by:

Providing that the GNC and the Board annually assess the most effective format for the Board's and each committee's self-evaluation and that the Board may determine to engage a third party to facilitate the evaluation periodically

Specifying that the Board considers at least annually upcoming retirements under its director retirement policy, the average tenure and overall mix of director tenures of the Board, along with other factors, as part of Board succession planning and its director nomination process

i Explain that the GNC will consider best practices with respect to committee refreshment and committee chair rotations in connection with the GNC's and the Board's annual review of committee member assignments and chair positions

Disclosed additional information on our Company's gender and racial/ethnic pay gaps in the U.S. on our website at <http://stories.wf.com/wells-fargo-releases-pay-equity-study-results/>; we have committed to expand our pay equity reviews to other geographic areas of operation in the future, make compensation adjustments in line with a goal of gender pay equity, and review a report on pay gaps on an annual basis

2017

Elected six new Board members and reconstituted the leadership and composition of key Board committees, including the Risk Committee and Governance and Nominating Committee See *Board Refreshment and Composition* for more information

Enhanced the qualifications and experience represented on our Board consistent with our strategy and risk profile through recent composition changes, including financial services, risk management, technology/cyber, regulatory, human capital management, financial reporting, accounting, consumer, and social responsibility experience

Five directors retired during 2017, including three long-tenured directors at the end of 2017

Amended various Board Committee charters to enhance oversight of risk

i See *Our Board and Its Committees* *Committees of Our Board* for more information about changes made to Board committee charters to enhance oversight of risk, including conduct risk, compliance risk, operational risk, technology risk, and information security/cyber risk

Launched external Stakeholder Advisory Council to provide feedback on current and emerging issues

Seven members, all external, represent groups focused on consumer rights, fair lending, the environment, human rights, civil rights, and governance

Corporate Governance

2017 (continued)

Adopted an overboarding policy applicable to the Company's directors which limits the number of boards on which our directors may serve to a total of 4 public company boards (total of 3 for public company CEOs), unless the GNC determines that such other board service would not impair the director's service to the Company

Enhanced disclosures on our website on environmental, social and governance (ESG) matters Access our ESG Guide from our Investor Relations webpage at <https://www.wellsfargo.com/about/investor-relations/>

Added disclosure to our website relating to our commitment to gender and racial/ethnic pay equity, our annual pay equity analysis conducted by outside compensation experts, and oversight of our pay equity reviews by the Human Resources Committee

Updated our Code of Ethics and Business Conduct to incorporate, among other things, our standards related to our commitment on core ESG principles, such as supporting our communities, respecting human rights and protecting the environment; compliance with our Code of Ethics is taken into account in connection with incentive compensation determinations

2016

Separated the roles of Chair and CEO and amended our By-Laws to require that the Chair be an independent director

Amended our Corporate Governance Guidelines in late 2016 and early 2017 to reflect changes made in the Board's leadership structure and specify certain duties of the independent Chair

Board took actions beginning in 2016 and early 2017 to promote executive accountability, resulting in a total compensation impact of over \$180 million

2015

Adopted proxy access in December 2015 allowing an eligible shareholder (or a group of up to 20 shareholders) who has owned 3% of the Company's stock for 3 years to nominate up to the greater of 2 directors and 20 percent of the Board, subject to the terms and conditions in the Company's By-Laws

Added two new directors (Betsy Duke and Suzanne Vautrinot) and enhanced the qualifications and experience represented on our Board through these composition changes, including financial services, risk management, regulatory, and cyber security experience

Increased oversight of political and lobbying activities and spending, including by increasing management reporting to the Corporate Responsibility Committee on political and lobbying activities

Enhanced proxy statement disclosures about Board and committee self-evaluations, Board succession planning, and the experience of our directors – additional enhancements continue to be made to our disclosures in these areas each year

Enhanced Board self-evaluation process to include candid one-on-one discussions with each director

2014

Adopted express **prohibitions on pledging** of the Company's equity securities by directors and executive officers

Enhanced Board self-evaluation process by encouraging directors to provide **feedback on the individual contributions of directors** to the Board and its committees

Increased the director retirement age to 72 with the understanding, as disclosed in our 2015 proxy statement, that directors may not necessarily serve until their retirement age

Enhanced independent Board leadership responsibilities to include facilitating the Board's review and consideration of shareholder proposals

Expanded our political activities and lobbying disclosure on our website to include information about national and regional trade groups receiving more than \$25,000 in dues from the Company (previously only disclosed amounts more than \$100,000)

STRONG INDEPENDENT BOARD LEADERSHIP

Our Board Leadership Structure

During 2016, taking into account feedback from our investors, our Board made changes in its leadership structure to:

Separate the roles of Chair and CEO

Amend our Company's By-Laws and its Corporate Governance Guidelines to require that the Chair of the Board be independent

In August 2017, the Board elected Elizabeth A. (Betsy) Duke, former member of the Federal Reserve Board of Governors, to succeed Stephen W. Sanger as independent Chair effective January 1, 2018. Ms. Duke previously served as independent Vice Chair of the Board from October 2016 to December 2017.

Ms. Duke has a strong leadership background, is actively engaged as Chair on Board matters, and works closely with the CEO. She has extensive financial services and regulatory experience and brings a fresh perspective as a more recently elected director. Ms. Duke frequently interacts with Mr. Sloan and other members of management to provide her perspectives on important issues facing our Company and the informational needs of our Board. She also communicates with the chairs of each of the Board's committees and subcommittees and with the other independent directors both inside and outside of the Board's normal meeting schedule to discuss Board and Company issues as they arise.

Meet Betsy Duke,

Member of Wells Fargo's Board since February 2015

Chair of Wells Fargo's

Board of Directors

First female Chair of a large U.S. financial institution

Member of the Risk Committee, Governance and Nominating Committee, Credit Committee, and Finance Committee

Former member of the Board of Governors of the Federal Reserve Board

Former teller and former community bank executive, including chief operating officer and chief executive officer roles

Consumer focus, including through her prior service as Chair of the Federal Reserve's Committee on Consumer and Community Affairs

I am honored to serve as Chair of our Board and to lead the Board in its continuing efforts to strengthen and enhance our governance and oversight over the Company's risk management practices. During 2017, we made necessary changes to Board and committee composition, committee oversight responsibilities, and management reporting to the Board. The feedback I have received directly from our investors and other stakeholders has informed many of the changes we have made.

ANNUAL INDEPENDENT CHAIR SELECTION

Our Board's Governance and Nominating Committee is responsible for periodically evaluating our Board's leadership structure and, based on the recommendation of the GNC, our Board selects the Chair of the Board annually and may elect a Vice Chair to assist the Chair from among its members.

Our Board believes that having strong independent Board leadership in the form of an independent Chair, with clearly defined authority and responsibilities shown in the chart below, provides enhanced independent leadership and oversight for our Company and our Board. The separation of the CEO and Chair positions allows Ms. Duke to focus on governance of our Board (including Board composition and the recruitment of new directors, Board meeting schedule and agenda setting, Board committee succession planning, Board committee responsibilities, managing the information flow and management reporting to the Board, investor engagement and outreach on governance matters, and our relationships with our regulators), and allows Mr. Sloan to focus his attention on our business and strategy, including restoring the trust of our customers, team members, and other stakeholders.

Table of Contents

Corporate Governance

Area of Responsibility	Authority and Responsibilities of Independent Board Chair
Board Agendas and Information	Approving Board meeting agendas and schedules Working with committee chairs to have coordinated coverage of Board responsibilities Facilitating communication between the Board and senior management, including advising the CEO and other members of senior management of the Board's informational needs and approving the types and forms of information sent to the Board
Board Meetings and Executive Sessions	Presiding at meetings and executive sessions of the Board Calling and chairing special meetings of the Board and executive sessions or meetings of non-management or independent directors
Board Communications and External Stakeholders	Serving as the principal liaison among the independent directors, and between the independent directors and the CEO and other members of senior management Facilitating effective communication between the Board and shareholders Facilitating the Board's review and consideration of shareholder proposals Serving as an additional point of contact for the Company's primary regulators
Board Composition and Membership	Presiding over each meeting of shareholders Evaluating potential Board candidates and making director candidate recommendations to the GNC
Advisory Role	Working with committee chairs to oversee coordinated coverage of Board responsibilities
CEO Performance Evaluation	Serving as an advisor to the CEO
Ethics	Participating, along with other directors, in the performance evaluation of the CEO
Company Strategy	Setting the ethical tone for the Board and reinforcing a strong ethical culture Reinforcing the expectation for all Board members to stay informed about the strategy and performance of the Company
External Advisors	Leading the Board's review of the Company's strategic initiatives and plans and discussing the implementation of those initiatives and plans with the CEO Recommending the retention of advisors or consultants who report directly to the Board

Although the CEO's performance evaluation is led by the Chair of the HRC, the Chair of our Board also has an important role in the evaluation, which is a multi-step process involving, among other things, individual director feedback and Board discussions regarding the CEO's performance and discussions with the CEO regarding his assessment of his own performance. Ms. Duke participates, along with other directors, in the CEO performance evaluation and in the Board's review of management succession and development plans. Her participation in those

processes helps her evaluate the most effective Board leadership structure for our Company. In addition, Ms. Duke's participation in our Company's investor engagement program, engagement with our regulators, and leadership role with our external Stakeholder Advisory Council and facilitating our Board's review and consideration of shareholder proposals provide her with valuable insight into the views of our investors and other stakeholders regarding our Company's corporate governance practices, including its Board leadership structure. Our Board believes that these and the other activities of the independent Chair serve to enhance the independent leadership of our Board in order to provide robust oversight and promote overall Board effectiveness.

ADDITIONAL INDEPENDENT BOARD LEADERSHIP

In addition to an independent Chair, our Board has a significant majority of independent directors (11 of the 12 director nominees are independent under the Director Independence Standards) and independent Board committees. James H. Quigley, Chair of the A&E Committee, serves as independent Chairman of Wells Fargo Bank, N.A., our Company's principal banking subsidiary.

Table of Contents**Corporate Governance****MANAGEMENT SUCCESSION PLANNING AND DEVELOPMENT**

A primary responsibility of our Board is identifying and developing executive talent at our Company, especially the CEO and other senior leaders of our Company. Continuity of excellent leadership at all levels of our Company is part of our Board's mandate for delivering superior performance to shareholders. Toward that goal, the executive talent development and succession planning process is integrated into our Board's annual activities.

Our Board has assigned to the HRC, as set forth in its charter, the responsibility to oversee our Company's talent management and succession planning process, including CEO evaluation and succession planning. Our Corporate Governance Guidelines require that the CEO and management annually report to the HRC and our Board on succession planning (including plans in the event of an emergency) and management development. Our Board's Corporate Governance Guidelines also require that the CEO and management provide the HRC and Board with an assessment of persons considered potential successors to certain senior management positions at least once each year.

Management and our Board take succession planning very seriously and while the Corporate Governance Guidelines require an annual review, the process for management development and succession planning occurs much more frequently.

Ongoing Interactions Throughout the Year between Management, the HRC, our Chair, and our Board

Management also regularly identifies high potential executives for additional responsibilities, new positions, promotions, or similar assignments to expose them to diverse operations within our Company, with the goal of developing well-rounded, experienced, and discerning senior leaders

Identified individuals are often positioned to interact more frequently with our Board so that directors may gain familiarity with these executives as part of our talent management and succession planning process

Key Results of Our Management Succession Planning Since 2016

During 2017, the Company made certain senior management changes which reflect our thoughtful management succession planning process, including naming:

C. Allen Parker, previously managing partner with the law firm of Cravath, Swaine & Moore LLP, as General Counsel in March 2017

Jonathan G. Weiss, formerly head of Wells Fargo Securities, LLC, as head of Wealth and Investment Management, in July 2017 following the retirement of David M. Carroll

Mary T. Mack as the head of Consumer Lending, in addition to her role as head of Community Banking, in December 2017

As part of our Board's and management's transformation efforts, our Company also identified specific needs and hired external talent to strengthen our Company's capabilities in various areas including by hiring:

Sarah Dahlgren, a former Partner at McKinsey & Company in their risk practice, and previously a 25-year veteran of the Federal Reserve Bank of New York, as **head of Regulatory Relations (new position)**, effective March 2018

Mike Roemer, a 27-year financial services veteran who most recently served as group head of Compliance for Barclays, as **Chief Compliance Officer**, effective January 2018

Mark D. Arcy, previously global head of Operational Risk at State Street, as **Chief Operational Risk Officer**, effective February 2017

More than 2,000 new team members hired externally into Risk Management in 2016 and 2017

BOARD REFRESHMENT AND COMPOSITION

Board Succession Planning

Over the past year, our Board's succession planning focused primarily on the composition of our Board and its committees, upcoming retirements under our director retirement policy, succession plans for committee chairs, our commitment to Board diversity, and recruiting strategies for adding new directors. In its succession planning, the GNC and our Board consider the results of our Board's annual self-evaluation, as well as other appropriate information, including the types of skills and experience desirable for future Board members and the needs of our Board and its committees at the time in light of the Company's strategy and risk profile.

Thoughtful, Deliberate Board Refreshment Process. The Board's refreshment actions reflect a thoughtful and deliberate process that was informed by our Company's engagement with shareholders and other stakeholders as well as the Board's annual self-evaluation and director nomination processes.

Appropriately Balance Experience and Perspectives While Ensuring an Orderly Transition. Our Board has taken care as part of its Board refreshment process to appropriately balance new perspectives and the experience of existing directors while undergoing an orderly transition of roles and responsibilities on the Board and its committees.

Importance of Board Diversity. In addition, our Board continues to focus on the importance of maintaining Board diversity (both gender and ethnic); three of the six new directors who joined our Board in 2017 and 2018 are women and two of those new directors are ethnically diverse.

DIRECTOR TENURE AND RETIREMENT AGE POLICIES

No Term Limits; Appropriate Balance of Skills, Knowledge, Experience, and Perspectives

In February 2018, our Board amended its Corporate Governance Guidelines to better reflect its recognition of the importance of periodic Board refreshment and maintaining an appropriate balance of tenure, experience, and perspectives on the Board.

The Board values the contributions of both newer perspectives as well as directors who have developed extensive experience and insight into the Company, and as a result does not believe arbitrary term limits are appropriate.

The Board believes that directors should not have an expectation of being renominated annually and that the Board's annual self-evaluation is a key component of its director nomination process.

In connection with the Board's annual self-evaluation and director nomination processes, the Board considers at least annually upcoming retirements under its director retirement policies, the average tenure and overall mix of individual director tenures of the Board, the overall mix of the diverse skills, knowledge, experience, and perspectives of directors, each individual director's performance and contributions to the work of the Board and its committees, the personal circumstances and other time commitments of directors, along with other factors the Board deems appropriate.

Director Retirement Age of 72

Our Board established the retirement age of 72 for directors with the understanding that directors may not necessarily serve until their retirement age.

Our Board's retirement age policy is intended to facilitate our Board's recruitment of new directors with appropriate skills, experience, and backgrounds and provide for an orderly transition of leadership on our Board and its committees.

Corporate Governance

Board Refreshment and Board Size

The Board has made changes to its composition that resulted from a thoughtful process informed by the Board's comprehensive self-evaluation and director nomination processes and feedback received from the Company's engagement with shareholders and other stakeholders. As part of Board succession planning, the Board will seek to add new directors that complement the overall skills and capabilities of the Board in ways identified through the Board's self-evaluation. Although the Board's size may fluctuate in the near term as it recruits new directors, the Board expects that its size will settle over time toward the lower end of its recent historical range of 14 to 16 directors. As always, gender and ethnic diversity remain a priority for the Board in its director recruitment efforts.

Table of Contents**Corporate Governance****Board Qualifications and Experience****MINIMUM QUALIFICATIONS**

Our Board has identified the following minimum qualifications for its directors:

Character and Integrity	Must be an individual of the highest character and integrity
CEO / Leadership Experience	Demonstrated breadth and depth of management and/or leadership experience, preferably in a senior leadership role such as CEO, president, or partner, in a large or recognized organization or governmental entity
Financial Literacy or Other Relevant Professional or Business Experience	Financial literacy or other professional or business experience relevant to an understanding of our Company and its business
Independence and Constructive Collegiality	Must have a demonstrated ability to think and act independently as well as the ability to work constructively in a collegial environment

Our Board believes that CEO or other senior management and/or leadership experience provides our directors with substantial experience relevant to serving as a director of our Company, including in many of the areas discussed below that our Board views as important when evaluating director nominees.

Our Board believes that each of our nominees satisfies our director qualification standards and during the course of their business and professional careers as a chief executive officer or other senior leader has acquired extensive executive management experience in these and other areas.

ADDITIONAL QUALIFICATIONS AND EXPERIENCE IDENTIFIED BY OUR BOARD AS IMPORTANT TO OUR COMPANY, STRATEGY, AND OPERATIONS

The GNC and our Board desire that the Board as a whole has an appropriate balance of skills, knowledge, experience, and perspectives that are relevant to our Vision, Values, and Goals. Recent changes made to our Board are representative of the Board's commitment to refreshment and focus on Board diversity. The Board recruited new directors during 2017 to complement and enhance the existing skills and experience of our Board in specific areas which were identified by our Board through its annual self-evaluation process. For more information on the Board's comprehensive self-evaluation process, see *Comprehensive Annual Evaluation of Board Effectiveness*. CURRENT BOARD QUALIFICATIONS AND EXPERIENCE

The following chart reflects areas of qualifications and experience that our Board views as important when evaluating director nominees. The GNC and our Board believe that each director nominee brings to our Board his or her own unique background and range of expertise, knowledge, and experience, including as a result of his or her valued service on our Board and its committees, that provide our Board as a whole with an appropriate and diverse mix of qualifications, skills, and attributes necessary for our Board to fulfill its oversight responsibility to our Company's shareholders. Additional information on the business experience and other skills and qualifications of each of our director nominees is included under *Item 1 Election of Directors*. Each director also contributes other important skills, expertise, experience, and personal attributes to our Board that are not reflected in the chart below.

Table of Contents

Corporate Governance

Importance of Board Diversity

Although the GNC does not have a separate policy specifically governing diversity, as described in the Corporate Governance Guidelines and its charter the GNC will consider, in identifying first-time candidates or nominees for director, and in evaluating individuals recommended by shareholders, the current composition of our Board in light of the diverse communities and geographies we serve and the interplay of the candidate's or nominee's experience, education, skills, background, gender, race, ethnicity, and other qualities and attributes with those of the other Board members. The GNC also incorporates this broad view of diversity into its director nomination process by taking into account all of the factors above, in addition to having a diverse candidate pool for each director search the Board undertakes, when evaluating and recommending director nominees to serve on our Board so that our Board's composition as a whole appropriately reflects the current and anticipated needs of our Board and our Company.

In implementing its practice of considering diversity, the GNC may place more emphasis on attracting or retaining director nominees with certain specific skills or experience, such as industry, regulatory, operational, or financial expertise, depending on the circumstances and the composition of our Board at the time. Gender, race, and ethnic diversity also have been, and will continue to be, a priority for the GNC and our Board in its director nomination process because the GNC and our Board believe that it is essential that the composition of our Board appropriately reflects the diversity of our Company's team members and the customers and communities they serve.

The GNC believes that it has been successful in its efforts over the years to promote gender, race, and ethnic diversity on our Board. It is a reflection of our long-standing commitment to Board diversity that many of our longest-serving directors, including directors who retired or are retiring from our Board in 2016-2018, are diverse. In addition, three of the six new directors who joined our Board in 2017 and 2018 are women and two of those new directors are ethnically diverse. The GNC and our Board believe that our 12 director nominees for election at our 2018 annual meeting bring to our Board a variety of different backgrounds, skills, professional and industry experience, and other personal qualities, attributes, and perspectives that contribute to the overall diversity of our Board. The charts below show the diversity of our 12 director nominees. The Board expects to maintain its focus on the importance of Board diversity as well as desired qualifications and experience identified by the Board in future director recruitment efforts.

The GNC and our Board will continue to monitor the effectiveness of their practice of considering diversity through assessing the results of any new director search efforts, and through the GNC's and our Board's annual self-evaluation processes in which directors discuss and evaluate the composition and functioning of our Board and its committees.

Table of Contents**Corporate Governance****ITEM 1 ELECTION OF DIRECTORS**

Our Board understands the critical role it plays in protecting and serving the interests of shareholders and meeting the expectations of our regulators and other stakeholders. This has been reflected in every change our Board has made over the past year to its composition and practices, including many that reflect valuable feedback we have received from investors and other stakeholders. Our Board believes that it has the right mix of professional experiences and diverse perspectives as reflected in the chart below to provide effective oversight and governance of our Company and management. See [Board Refreshment and Composition](#) for more information about our Board.

Director Nominees for Election

Below we provide information about our Board's nominees, including their age and the month and year in which they first became a director of our Company, their business experience for at least the past five years, the names of publicly-held companies (other than our Company) where they currently serve as a director or served as a director during the past five years, and additional information about the specific experience, qualifications, skills, or attributes that led to our Board's conclusion that each nominee should serve as a director of our Company.

Our Board has set 12 directors as the number to be elected at the annual meeting and has nominated the individuals named below. All nominees are currently directors of Wells Fargo & Company and have been previously elected by our shareholders, except for Celeste A. Clark, Theodore F. Craver, Jr., and Maria R. Morris (each elected effective January 1, 2018), and Juan A. Pujadas (elected effective September 1, 2017). Each of Ms. Clark and Morris and Messrs. Craver and Pujadas is standing for election by our shareholders for the first time at the annual meeting. John S. Chen, Lloyd H. Dean, Enrique Hernandez, Jr. and Federico F. Peña, each a current director, are not standing for re-election and will retire from our Board at the 2018 annual meeting. Our Board has determined that each nominee for election as a director at the annual meeting is an independent director, except for Timothy J. Sloan, as discussed under [Director Independence](#). Directors are elected to hold office until our next annual meeting and until their successors are elected and qualified. All nominees have told us that they are willing to serve as directors. If any nominee is no longer a candidate for director at the annual meeting, the proxy holders will vote for the rest of the nominees and may vote for a substitute nominee in their discretion, or our Board may reduce its size. In addition, as described under [Director Election Standard](#), each of the nominees has tendered his or her resignation as a director in accordance with our Corporate Governance Guidelines to be effective only if he or she fails to receive the required vote for election to our Board and our Board accepts the resignation.

Corporate Governance

Director Election Standard and Nomination Process

DIRECTOR ELECTION STANDARD

Our By-Laws provide that directors will be elected using a majority vote standard in an uncontested director election (i.e., an election where, as of the record date, the only nominees are those nominated by our Board, such as at this meeting). Under this standard, a nominee for director will be elected to our Board if the votes cast for the nominee exceed the votes cast against the nominee. However, directors will be elected by a plurality of the votes cast in a contested election.

Under Delaware law, directors continue in office until their successors are elected and qualified or until their earlier resignation or removal. Our Corporate Governance Guidelines provide that our Board will nominate for election and appoint to fill Board vacancies only those candidates who have tendered or agreed to tender an advance, irrevocable resignation that would become effective upon their failure to receive the required vote for election and Board acceptance of the tendered resignation. Each director nominee named in this proxy statement has tendered an irrevocable resignation as a director in accordance with our Corporate Governance Guidelines, which resignation will become effective if he or she fails to receive the required vote for election at the annual meeting and our Board accepts his or her resignation.

Our Corporate Governance Guidelines also provide that the GNC will consider the tendered resignation of a director who fails to receive the required number of votes for election, as well as any other offer to resign that is conditioned upon Board acceptance, and recommend to our Board whether or not to accept such resignation. The GNC, in deciding what action to recommend, and our Board, in deciding what action to take, may consider any factors they deem relevant. The director whose resignation is under consideration will abstain from participating in any decision of the GNC or our Board regarding such resignation. If our Board does not accept the resignation, the director will continue to serve until his or her successor is elected and qualified. Our Board will publicly disclose its decision on the resignation within 90 days after certification of the voting results.

REFRESHING THE BOARD AND NOMINATING DIRECTORS

GNC Leadership of the Director Nomination Process

The GNC is responsible for leading the director nomination process, which includes identifying, evaluating, and recommending for nomination candidates for election as new directors and incumbent directors, regardless of who nominates a candidate for consideration. The goal of the GNC's nominating process is to assist our Board in attracting and retaining competent individuals with the requisite leadership, executive management, financial, industry, and other expertise who will act as directors in the best interests of our Company and its shareholders. The GNC regularly reviews the composition of our Board in light of its understanding of the backgrounds, industry, professional experience, personal qualities and attributes, and various geographic and demographic communities represented by current members. As discussed above, the GNC also oversees our Board's self-evaluation process.

Identification and Assessment of Director Candidates

The GNC identifies potential candidates for first-time nomination as a director through various sources, including recommendations it receives from the following:

Current and former Board members,

Third-party search firms,

Shareholders, and

Contacts in the communities we serve.

The GNC has the authority to engage a third party search firm to identify and provide information on potential candidates. A key objective of the GNC in connection with its identification of potential director candidates is to use multiple sources and actively seek out qualified women and ethnically diverse candidates in order to have a diverse candidate pool for each search the Board undertakes.

Juan A. Pujadas, who became a director in 2017, was identified and recommended to the GNC by a former non-management director of the Company. Celeste A. Clark, Theodore F. Craver, Jr., and Maria R. Morris, who became directors in 2018, were each identified and recommended by non-management directors of the Company to our former Chair for consideration by the GNC. In addition to identifying and providing information on a number of potential director candidates, a third party search firm reviewed and provided information about Ms. Clark and Morris and Messrs. Craver and Pujadas for review by the GNC and our Board.

When the GNC has identified a potential new director nominee, it obtains publicly available information on the background of the potential nominee to make an initial assessment of the candidate in light of the following factors:

Whether the individual meets our Board-approved minimum qualifications for director nominees described under *Board Qualifications and Experience*;

Table of Contents

Corporate Governance

Whether there are any apparent conflicts of interest in the individual serving on our Board; and

Whether the individual would be considered independent under our Director Independence Standards, which are described under Director Independence.

In addition, as discussed under Comprehensive Annual Evaluation of Board Effectiveness, the GNC considers the results of the Board's annual self-evaluation, including the individual contributions of directors to the work of the Board and its committees, in connection with its determination to nominate existing directors for election at each annual meeting of shareholders.

The GNC determines, in its sole discretion after considering all factors it considers appropriate, whether a potential new director nominee meets the Board's minimum qualifications and also considers the composition of the entire Board taking into account the particular qualifications, skills, experience, and attributes that our Board believes are important to our Company such as those described under Board Qualifications and Experience.

If a candidate passes this initial review, the GNC arranges introductory meetings with the candidate and our Chair, the GNC Chair, and the CEO to discuss the candidate's background and determine the candidate's interest in serving on our Board. If determined appropriate by the Chair and GNC Chair and if the candidate is interested in serving on our Board, the GNC arranges additional meetings with members of the GNC and other members of our Board. The candidate also may meet with Company executives, including as part of the candidate's consideration of potentially joining our Board. If our Board and the candidate are both still interested in proceeding, the candidate provides us additional information for use in determining whether the candidate satisfies the applicable requirements of our Corporate Governance Guidelines, Code of Ethics and Business Conduct, and any other rules, regulations, or policies applicable to members of our Board and its committees and for making any required disclosures in our proxy statement. Assuming a satisfactory conclusion to the process outlined above, the GNC then presents the candidate's name for approval by our Board or for nomination for approval by the shareholders at the next shareholders' meeting, as applicable.

Board Nomination Process

Process for Shareholders to Recommend Individuals for Consideration by the GNC

The GNC will consider an individual recommended by one of our shareholders for nomination as a new director. In order for the GNC to consider a shareholder-recommended nominee for election as a director, the shareholder must submit the name of the proposed nominee, in writing, to our Corporate Secretary at: Wells Fargo & Company, MAC# D1053-300, 301 South College Street, 30th Floor, Charlotte, North Carolina 28202. All submissions must include the following information:

The shareholder's name and address and proof of the number of shares of our common stock he or she beneficially owns;

The name of the proposed nominee and the number of shares of our common stock he or she beneficially owns;

Sufficient information about the nominee's experience and qualifications for the GNC to make a determination whether the individual would meet the minimum qualifications for directors; and

Such individual's written consent to serve as a director of our Company, if elected.

Our Corporate Secretary will present all shareholder-recommended nominees to the GNC for its consideration. The GNC has the right to request, and the shareholder will be required to provide, any additional information with respect to the shareholder-recommended nominee as the GNC may deem appropriate or desirable to evaluate the proposed nominee in accordance with the nomination process described above.

Communicating with our Board

Shareholders and other interested parties may communicate with our Board, including our Board's Chair or our non-employee or independent directors as a group, in the following ways:

Sending an e-mail to BoardCommunications@wellsfargo.com, or

Sending a letter to Wells Fargo & Company, P.O. Box 63750, San Francisco, California 94163.

Additional information about communicating with our directors and our Board's process for reviewing communications sent to it or its members is provided on our website at <https://www.wellsfargo.com/about/corporate/governance>.

Director Orientation Process and Continuing Education

NEW DIRECTOR ORIENTATION

All new directors on our Board receive an orientation to the Company and training that is individually tailored, taking into account the director's experience, background, education and committee assignments. Our new director orientation program is led by members of senior management, in consultation with the Chair of our Board and each of our new directors, and covers a review of our business groups, strategic plans, financial statements and policies, risk management framework and significant risks, regulatory matters, our internal and external auditors, corporate governance and key policies and practices (including our Code of Ethics and Business Conduct), as well as the roles and responsibilities of our directors. Orientation sessions are typically held in-person and also may include specific site visits.

ONGOING DIRECTOR TRAINING

The Board and its committees participate in and receive various forms of training and education throughout the year, including business update sessions; management presentations on the Company's businesses, services, and products; and information on industry trends, regulatory developments, best practices, and emerging risks in the financial services industry. Other educational and reference materials on governance, regulatory, risk, and other relevant topics are regularly included in Board and committee meeting materials and maintained in an electronic library available to

directors.

CONTINUING DIRECTOR EDUCATION

We also encourage our directors to attend outside director and other continuing education programs and make available to directors information on director education programs that might be of interest on developments in our industry, corporate governance, regulatory requirements and expectations, the economic environment, or other matters relevant to their duties as a director of our Company.

Director Independence

Our Corporate Governance Guidelines provide that a significant majority of the directors on our Board, and all members of the AEC, GNC, HRC, and Risk Committee must be independent under applicable independence standards. Each year our Board affirmatively determines the independence of each director and each nominee for election as a director. Under New York Stock Exchange (NYSE) rules, in order for a director to be considered independent, our Board must determine that the director has no material relationship with our Company (either directly or as a partner, shareholder, or officer of an organization that has a relationship with our Company). To assist our Board in making its independence determinations, our Board adopted the Director Independence Standards appended to our Corporate Governance Guidelines. These Director Independence Standards consist of the NYSE's bright line standards of independence as well as additional standards, known as categorical standards of independence, adopted by our Board. The Director Independence Standards are available on our website at: <https://www.wellsfargo.com/about/corporate/governance>.

Based on the Director Independence Standards, our Board considered information in early 2018 regarding banking and financial services, commercial, charitable, familial, and other relationships between each director, his or her respective immediate family members, and/or certain entities affiliated with such directors and immediate family members, on the one hand, and our Company, on the other, to determine the director's independence. After reviewing the information presented to it and considering the recommendation of the GNC, our Board determined that, except for Timothy J. Sloan, who is a Wells Fargo employee, all current directors and director nominees (John D. Baker II, John S. Chen, Celeste A. Clark, Theodore F. Craver, Jr., Lloyd H. Dean, Elizabeth A. Duke, Enrique Hernandez, Jr., Donald M. James, Maria R. Morris, Karen B. Peetz, Federico F. Peña, Juan A. Pujadas, James H. Quigley, Ronald L. Sargent, and Suzanne M. Vautrinot) are independent under the Director Independence Standards, including the NYSE's bright line standards of independence. Messrs. Chen, Dean, Hernandez, and Peña, each a current director, are not standing for re-election and will retire from our Board at the 2018 annual meeting. Our

Table of Contents**Corporate Governance**

Board determined, therefore, that 11 of our Board's 12 director nominees are independent. The Board previously determined that Elaine L. Chao was an independent director prior to her resignation from our Board in January 2017, Susan E. Engel was an independent director prior to her retirement from our Board in April 2017, and each of Cynthia H. Milligan, Stephen W. Sanger, and Susan G. Swenson was an independent director prior to their retirement from our Board in December 2017.

In connection with making its independence determinations, our Board considered the following relationships, as well as the relationships with certain directors described under *Related Person Transactions*, under the Director Independence Standards and determined that all of these relationships satisfied the NYSE bright line standards of independence and were immaterial under our Board's categorical standards of independence:

Banking and Financial Services Relationships	Our Company's banking and other subsidiaries had ordinary course banking and financial services relationships in 2017 with certain of our directors, some of their immediate family members, and/or certain entities affiliated with such directors and their immediate family members, all of which were on substantially the same terms as those available at the time for comparable transactions with persons not affiliated with our Company and complied with applicable banking laws.
---	--

Business Relationships	Our Company and its subsidiaries purchase products or services in the ordinary course of business from wireless telecommunications carriers, including products and services provided to those carriers by BlackBerry Limited and our Company purchases software products and services from BlackBerry Limited, where John S. Chen is executive chairman and chief executive officer. The aggregate amount of payments made by our Company during 2017 to these carriers and to BlackBerry for the use of BlackBerry devices and other products and services did not exceed 1% of BlackBerry's or our Company's 2017 consolidated gross revenues.
-----------------------------------	---

Charitable Relationships	Our Company or its charitable foundation made charitable contributions during 2017 to a tax-exempt organization where Lloyd H. Dean is employed as an executive officer in an aggregate amount less than \$150,000, which is less than 0.002% of Dignity Health's 2017 consolidated gross revenues.
-------------------------------------	---

Other

Relationships

Elizabeth A. Duke has outstanding pension and supplemental retirement plan balances with an aggregate actuarial present value of approximately \$174,000 earned from her prior employment with SouthTrust Corporation and its successor, Wachovia Corporation, which employment ended in 2005. Our Company assumed these pre-existing obligations under the applicable plans following the Wachovia merger at the end of 2008.

Theodore F. Craver, Jr. has an outstanding pension balance with an aggregate actuarial present value of approximately \$525,000 earned from his prior employment with First Interstate Bancorp, which employment ended when First Interstate was acquired by legacy Wells Fargo in April 1996.

No additional service-based contributions or accruals will be made to any of these plan balances. Payment of the plan balances is not conditioned on any future service or performance by Ms. Duke or Mr. Craver and are currently being made in accordance with the applicable plan documents.

Table of Contents**Corporate Governance****OUR BOARD AND ITS COMMITTEES****Board and Committee Meetings; Annual Meeting Attendance**

Directors are expected to attend all Board meetings and meetings of committees on which they serve. Directors also are expected to attend each annual shareholders' meeting. All of the 15 nominees for director in 2017 attended our Company's 2017 annual shareholders' meeting.

Our Board held 14 meetings during 2017. Attendance by our Board's current directors at meetings of our Board and its committees averaged 98.67% during 2017. Each current director who served as a director during 2017 attended at least 75% of the total number of 2017 meetings of our Board and committees on which he or she served. Our Board met in executive session without management present during 9 of its 2017 meetings. During 2017, our former independent Chairman, Stephen W. Sanger, chaired each of the executive sessions of the non-management and independent directors. Ms. Duke, our current independent Chair, now chairs all such executive sessions.

Committees of our Board**RECONSTITUTED KEY BOARD COMMITTEES AND ENHANCED RISK OVERSIGHT**

As part of changes our Board has made to its composition, the Board continued to review committee oversight responsibilities and amended committee charters to restructure the Board's oversight activities and enhance its oversight of risk, including conduct risk, compliance risk, operational risk, information security/cyber risk and technology risk. In addition, the Board reconstituted key Board committees, including the Risk Committee, Governance and Nominating Committee, and Human Resources Committee. Changes to committee leadership, membership, and oversight responsibilities included the following:

Committee	Key Membership Composition Changes	Changes in Oversight Responsibilities
Risk Committee	Appointed Karen Peetz as new Chair Added 4 directors (Maria Morris, Karen Peetz, Juan Pujadas, and Suzanne Vautrinot) Enhanced financial services, compliance, operational, cyber, and technology experience with new composition Restructured Risk Committee membership to include	Consolidated oversight of Corporate Risk and enterprise-wide risk management activities under Risk Committee Moved oversight of complaints and complaints management to the Risk Committee in connection with its oversight of the activities of the Company's Conduct Management Office (includes complaints, internal investigations, ethics, allegations, and sales practices oversight) Established 2 new subcommittees of the Risk Committee to provide more focused oversight of:

qualifications and experience in specific risk areas

1. Compliance risk, and
2. Technology, information security, and cyber risks as well as data governance and management

Federal Reserve Enhanced Prudential Standards require at least one member of the Risk Committee to have experience identifying, assessing, and managing risk exposures of large financial firms. The Board has determined that the Risk Committee includes 4 directors who have large financial institution risk management experience and other members with additional risk management experience in financial reporting, technology/cyber, and operational/physical security

Governance and Nominating Committee

Appointed Donald James as new Chair

Continues to oversee Board-level governance matters, including Board and committee composition

Added 3 directors (Betsy Duke, Don James, and Ron Sargent)

Oversees our preparation of a business standards review and report in addition to its other oversight responsibilities

Human Resources Committee

Added 3 directors (Maria Morris, Karen Peetz, and Ron Sargent)

Enhanced oversight responsibilities include human capital management, culture, and ethics

Appointed Ron Sargent as new Chair, effective April 24, 2018

Continues to oversee our incentive compensation risk management program which was expanded to include a broader population of team members and incentive plans

CURRENT BOARD COMMITTEE MEMBERSHIP AND CHARTERS

Our Board has established seven standing committees: Audit and Examination, Corporate Responsibility, Credit, Finance, Governance and Nominating, Human Resources, and Risk. Our Board's committees act on behalf of our Board and report on their activities to the entire Board. Our Board appoints the members and chair of each committee based on the recommendation of the GNC. The following table provides current membership information for each of our Board's standing committees.

Our Board has adopted a charter for each standing Board committee that addresses its purpose, authority, and responsibilities and contains other provisions relating to, among other matters, membership and meetings. In its discretion each committee may form and delegate all or a portion of its authority to subcommittees of one or more of its members. As required by its charter, each committee annually reviews and assesses its charter's adequacy and reviews its performance, and also is responsible for overseeing reputation risk related to its responsibilities. Committees may recommend charter amendments at any time, and our Board must approve any recommended charter amendments. Additional information about our Board's seven standing committees, including their key responsibilities, appears below and a current copy of each committee's charter is available on our website at: <https://www.wellsfargo.com/about/corporate/governance>.

BOARD COMMITTEE COMPOSITION AND OVERSIGHT RESPONSIBILITIES**Risk Committee (Risk)**

Karen B. Peetz,
Chair

In 2017, the Board made significant changes to the way that it thinks about the role of the Risk Committee as well as the overall composition of the Risk Committee. We are focused on all key enterprise risks facing our business as well as oversight of the Corporate Risk Function and our independent risk management activities. In addition, we created two subcommittees to provide more focused oversight over the Company's compliance risk, technology and information security/cyber risks, and data governance and management. The collective experience and knowledge of the new membership of the Risk Committee is a reflection of our focus on our key risks.

Pujadas

Annually recommends to our Board, and monitors adherence to, our risk appetite (or risk tolerance), and reviews our aggregate enterprise-wide risk profile and its alignment with our strategy and risk appetite;

Quigley Oversees operational risk, compliance risk (including annual compliance plan), financial crimes risk (Bank Secrecy Act and Anti-Money Laundering), information security risk (including cyber), technology risk, and data management and governance, and approves significant supporting operational risk, compliance, financial crimes, information security, and technology programs and/or policies, including our business continuity and regulatory compliance risk management programs and third party risk management policy;

Vautrinot

Committee

Qualifications

and Experience:

Oversees our enterprise-wide risk culture;

Oversees the activities of our Conduct Management Office and enterprise-wide conduct risk; and

Oversees liquidity and funding risks, and risks associated with acquisitions and significant new business or strategic initiatives.

Formed New Compliance Subcommittee and Technology Subcommittee: In order to provide more focused oversight of the Company's compliance risk, technology risk, information security/cyber risk, and data governance and management, the Risk Committee formed two subcommittees during 2017 which report to the Risk Committee.

The Risk Committee delegated oversight under its charter for the Company's compliance risk to a Compliance Subcommittee (members are Peetz (Chair), Duke, and Quigley).

The Risk Committee delegated oversight under its charter for the Company's technology risk, information security/cyber risk, and data management and governance to a Technology Subcommittee (members are Vautrinot (Chair), Hernandez, Morris, and Pujadas).

Independence: Our Board has determined that each member of the Risk Committee is independent, as independence is defined by NYSE rules.

Risk Expertise: The Federal Reserve's Enhanced Prudential Standards for large U.S. bank holding companies require at least one member of the Risk Committee to have experience identifying, assessing, and managing risk exposures of large financial firms. Our Board has determined, in its business judgment, that four members (Duke, Morris, Peetz, and Pujadas) have large financial institution risk management experience. In addition, other members of the Risk Committee bring additional risk management experience in specific areas, including financial reporting (Quigley), technology/cyber (Pujadas and Vautrinot), and operational/physical security (Hernandez).

Table of Contents**Corporate Governance****Audit and Examination Committee (AEC)****James H. Quigley,
Chair**

The AEC's primary role is to oversee the integrity of our financial statements and financial and risk reporting, external auditors, and our internal audit function and regulatory activities. Changes made to the AEC's membership over the last year have enhanced the financial services, financial reporting, and risk management experience of the committee. A key focus for the AEC is its oversight of regulatory activities of the Company and monitoring management's progress in addressing those matters. In addition, we continue to be supportive of the Company's commitment to transparency with our regulators and investors about the changes we are making.

Independence: Our Board has determined that each member of the AEC is independent, as independence for audit committee members is defined by NYSE and SEC rules.

Financial Expertise: Our Board has determined, in its business judgment, that all current members of the AEC listed above are financially literate as required by NYSE rules and each current AEC member (John D. Baker II, Theodore F. Craver, Jr., Federico F. Peña, James H. Quigley, and Ronald L. Sargent) qualifies as an audit committee financial expert as defined by SEC regulations. No AEC member may serve on the audit committee of more than two other public companies.

Governance and Nominating Committee (GNC)

Donald M. James,
Chair

Evaluating the feedback we have received from our investors, conducting a comprehensive assessment of our Board's effectiveness (facilitated by a third party), refreshing the Board, succession planning for the independent Chair role, recruiting new directors, and enhancing the Board's and its committee's risk oversight responsibilities were among the key priorities for the GNC in 2017. The results of our ongoing succession planning process are significant and have enhanced the mix of skills, knowledge, experience, and perspectives on our Board as we oversee management's efforts to transform the Company.

Lloyd H. Dean,
Chair

A key focus of the HRC is to make sure that the Company's compensation principles and practices are aligned with its incentive programs. The risk-balancing design of the Company's executive compensation program that the HRC put in place is what allowed us to take significant executive accountability actions when the HRC and the Board determined it appropriate to do so, without the requirement of a financial restatement. In 2017, we significantly expanded our oversight responsibilities to include a broader scope of incentive plans and programs as well as the Company's culture, ethics program and oversight, and team member allegations so that the HRC also receives information and reporting from management on and can more effectively oversee the alignment of our programs that contribute to our team member experience.

Oversees our Company's Code of Ethics and Business Conduct and ethics, business conduct, and conflicts of interest program, including training on ethical decision-making and processes for reporting and resolution of ethics issues;

Oversees actions taken by our Company regarding shareholder approval of executive compensation matters, including advisory votes on executive compensation; and

Has the sole authority to retain or obtain the advice of and terminate any compensation consultant, independent legal counsel or other advisor to the HRC, and evaluates the independence of its advisors in accordance with NYSE rules.

The HRC may delegate certain of its responsibilities to one or more HRC members or to designated members of senior management or committees. The HRC has delegated authority to the Director of Human Resources and the Director of Compensation for the administration of our Company's benefit and compensation programs; however, the HRC generally has sole authority relating to incentive compensation plans applicable to executive officers, the approval of awards under any equity-based plans or programs and material amendments to any benefit or compensation plans or programs.

Independence: Our Board has determined that each member of the HRC is a non-employee director under Rule 16b-3 of the Securities Exchange Act of 1934, as amended, an outside director for purposes of Section 162(m) of the Internal Revenue Code, and is independent, as independence for compensation committee members is defined by NYSE rules.

Corporate Responsibility Committee (CRC)

Frederico F. Peña, Chair	<i>Wells Fargo has a long-standing and demonstrated commitment to being a socially responsible company and contributing to the communities in which we live and do business. As a reflection of that commitment, the Board formed the CRC in 2011 to oversee the Company's policies, programs, and strategies on significant social responsibility matters and monitor our reputation and relationships with external stakeholders on those matters. While the CRC's charter was revised over time, the committee has remained primarily focused on important social responsibility issues, including human rights, environmental sustainability, community reinvestment, and supplier diversity. With the recent changes made to the CRC's charter in 2018, the committee will continue to be focused on overseeing these issues and the Company's efforts to restore its brand going forward.</i>

Corporate Governance

Our Board's Role in Risk Oversight

Wells Fargo manages a variety of risks that can significantly affect our financial performance and our ability to meet the expectations of our customers, shareholders, regulators and other stakeholders. Among the significant risks that we manage are conduct risk, operational risk, compliance risk, credit risk, and asset/liability management related risks, which include interest rate risk, market risk, liquidity risk, and funding related risks. We operate under a Board-level approved risk framework which outlines our Company-wide approach to risk management and oversight, and describes the structures and practices employed to manage current and emerging risks inherent to Wells Fargo.

RISK FRAMEWORK

Our risk framework consists of three lines of defense – (1) Wells Fargo's lines of business and certain other enterprise functions, (2) Corporate Risk, our Company's primary second-line of defense led by our Chief Risk Officer who reports to the Board's Risk Committee, and (3) Wells Fargo Audit Services, our internal audit function which is led by our Chief Auditor who reports to the Board's Audit & Examination Committee.

Our Board and the management-level Operating Committee (composed of direct reports to the CEO and President, including the Chief Risk Officer and Chief Auditor who report to the CEO administratively, and to their respective Board committees functionally) have overall and ultimate responsibility to provide oversight for our three lines of defense and the risks we take, and carry out their oversight through management-level governance committees with specific risk management responsibilities. The Enterprise Risk Management Committee, chaired by our Chief Risk Officer, oversees the management of all risk types across the Company, and additionally provides primary oversight for reputation risk and strategic risk. The Enterprise Risk Management Committee reports to the Board's Risk Committee, and serves as the focal point for risk governance and oversight at the management level.

BOARD RISK OVERSIGHT

The business and affairs of the Company are managed under the direction of the Board, whose responsibilities include overseeing the Company's risk management structure. Our Board carries out its risk oversight responsibilities directly

Our **Risk Framework** outlines our overarching approach to risk management, including the objectives and primary components of that approach, and distributes risk responsibilities across our three lines of defense. It institutionalizes and communicates the method by which we manage our risk exposures and serves as a guide to team members as they carry out their day-to-day responsibilities.

Our **Statement of Risk Appetite (or Risk Tolerance)** describes the nature and magnitude of risk that Wells Fargo is willing to take as we pursue our strategic objectives and serves as a guide to business and risk leaders as they manage risk on a daily basis. It defines the qualitative and quantitative parameters for certain individual risk types, including parameters that serve as early warning indicators, as well as parameters that are not expected to be exceeded in the normal course of business.

and through the work of its seven standing committees, including its Risk Committee. All of these committees report to the full Board and are comprised solely of independent directors. Each Board committee has defined authorities and responsibilities for considering a specific set of risk issues, as outlined in its charter, and works closely with management to understand and oversee our Company's key risk exposures.

The Risk Committee oversees enterprise-wide risks. The Board's other standing committees also have primary oversight responsibility for certain specific risk matters. The full Board receives reports at each of its meetings from the Board committee chairs about committee activities, including risk oversight matters, and the Risk Committee receives a quarterly report from the management-level Enterprise Risk Management Committee regarding current or emerging risk matters. Additional information about our risk management framework and practices, as well as the risk oversight responsibilities of each of our Board committees, is described in the *Financial Review - Risk Management* section in our 2017 annual report on Form 10-K and under *Our Board and Its Committees* in this proxy statement.

The Board's Risk Committee oversees our Company's Corporate Risk function and plays an active role in approving and overseeing the Company's enterprise-wide risk management framework established by management to manage risk. The Risk Committee and the full Board review and approve the enterprise statement of risk appetite annually, and the Risk Committee also actively monitors the risk profile relative to the approved risk appetite.

The Corporate Risk organization, which is the Company's independent risk management function, is headed by the Company's Chief Risk Officer who, among other things, is responsible for setting the strategic direction and driving the execution of Wells Fargo's risk management activities. The Chief Risk Officer is appointed by and reports to our Board's Risk Committee. The Chief Risk Officer, as well as the Chief Risk Officer's direct reports, work closely with the Board's committees and frequently provide reports and updates to the committees and the committee chairs on risk matters during and outside of regular committee meetings, as appropriate.

Table of Contents**Corporate Governance**

As part of our Board's and its committee's annual self-evaluation process, our Board's committees annually review their respective charters in light of regulatory expectations, best practices, updates to our Company's risk coverage statement (which defines the key risk types facing our Company), update of our Company's risk management framework and other functional risk management frameworks, and director and committee feedback. As a result of its continuing review of committee responsibilities and oversight of risks, our Board has made recent changes to enhance the risk oversight responsibilities of various Board committees, including reconstituting our Risk Committee, and will continue to review our Board's and its committees' oversight responsibilities as part of its annual self-evaluation process or more frequently as needed. For additional information on recent enhancements made to the Board's oversight of risk, including through its committees, see *Our Board and Its Committees*.

Our Board believes that its Board leadership structure with separate CEO and independent Chair roles has the effect of enhancing our Board's risk oversight function because of our independent Chair's involvement in risk oversight matters, including as a member of our Board's Risk Committee. Our Board also believes that Mr. Sloan's knowledge of our Company's businesses, strategy, and risks significantly contributes to our Board's understanding and appreciation of risk issues.

BOARD OVERSIGHT OF CYBER RISK

Information security is a significant operational risk for financial institutions such as Wells Fargo, and includes the risk of losses resulting from cyber attacks. In light of that risk, our Board is actively engaged in the oversight of our Company's information security risk management and cyber defense programs. The Risk Committee receives regular updates and reporting from the Company's Chief Information Security Officer, head of the Cyber Defense Program, and head of Enterprise Information Technology on our information security / cyber risk strategy, cyber defense initiatives, cyber event preparedness, and cyber security risk assessments. As part of those updates, the Risk Committee receives information related to any third-party assessments of the Company's cyber program. In addition, the Risk Committee annually approves the Company's information security program, which includes the cyber defense program and information security policy. In 2017, the Risk Committee also formed a Technology Subcommittee to provide focused oversight of technology, information security and cyber risks as well as data governance and management. The Technology Subcommittee reports to the Risk Committee and updates are provided by the Risk Committee to the full Board.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Current directors John S. Chen, Lloyd H. Dean, Donald M. James, Karen B. Peetz, and Ronald L. Sargent and former directors Susan E. Engel and Stephen W. Sanger served as members of the HRC during 2017. During 2017, no member of the HRC was an employee, officer, or former officer of the Company. None of our executive officers served in 2017 on the board of directors or compensation committee (or other committee serving an equivalent function) of any entity that had an executive officer serving as a member of our Board or the HRC. As described under *Related Person Transactions*, some HRC members had banking or financial services transactions in the ordinary course of business with our banking and other subsidiaries.

(1) The following directors who appear in the table above left our Board during 2017:

Ms. Chao resigned as a director effective January 31, 2017 upon her confirmation as Secretary of the United States Department of Transportation.

Ms. Engel retired as a director effective April 25, 2017, the date of our 2017 annual meeting.

Mses. Milligan and Swenson and Mr. Sanger retired as directors effective December 31, 2017.

(2) Includes fees earned, whether paid in cash or deferred, for service on our Company's Board in 2017 (including any such amounts paid in 2018) as described under Cash Compensation. Also includes fees paid to non-employee directors who serve on the board of directors of Wells Fargo Bank, National Association (the "Bank"), a wholly owned subsidiary of our Company, or are members of one or more special purpose committees. Messrs. Dean, Hernandez, Peña, and Quigley, as the current directors of the Bank, and Mr. Sanger as a former director of the Bank from January 1, 2017 to December 31, 2017, received an annual cash retainer of \$10,000, payable quarterly in arrears, and a fee of \$2,000 for any separate meeting of the Bank Board not held concurrently with, immediately prior to, or following a Company Board or committee meeting. In 2017, all except one Bank Board

meeting was held concurrently with, immediately prior to, or following a Company Board or committee meeting. A fee of \$2,000 was paid for special purpose committee meetings attended which were not held concurrently with, immediately prior to, or following a Company Board or committee meeting.

Table of Contents**Corporate Governance****Structure of our Director Compensation Program****CASH COMPENSATION**

The following table shows the components of cash compensation paid to non-employee directors in 2017. Cash retainers and fees are paid quarterly in arrears. Directors who join the Board during the year receive a prorated annual cash retainer.

2017 Component	Amount (\$)
Annual Cash Retainer	75,000
Annual Independent Chairman Retainer ¹	250,000
Annual Independent Vice Chairman Retainer ²	100,000
Annual Committee Chair Fees	
AEC and Risk Committee	40,000
CRC, Credit Committee, Finance Committee, GNC and HRC	25,000
Regular or Special Board or Committee Meeting Fee ³	2,000

- (1) The Company's independent Chairman receives a \$250,000 annual retainer, in lieu of any Committee Chair fee the Chairman might otherwise receive.
- (2) The Company's independent Vice Chairman (if any) receives a \$100,000 annual retainer, in lieu of any Committee Chair fee the Vice Chairman might otherwise receive.
- (3) Includes standing committee meetings as well as special purpose committee meetings not held concurrently with or immediately prior to or following a Company Board or standing committee meeting. Separate meeting fees are not paid for attendance at subcommittee meetings.

EQUITY COMPENSATION

For 2017, each non-employee director elected to our Board at our Company's annual meeting of shareholders received on that date an award of Company common stock having a value of \$180,000. Each non-employee director who joins our Board as of any other date receives, as of such other date, an award of Company common stock having a value of \$180,000 prorated to reflect the number of months (rounded up to the next whole month) until the next annual meeting of shareholders. The dollar value of each stock award is converted to a number of shares of Company common stock using the closing price on the grant date, rounded up to the nearest whole share.

DEFERRAL PROGRAM

A non-employee director of our Company or the Bank may defer all or part of his or her cash compensation and stock awards. Cash compensation may be deferred into either an interest-bearing account or common stock units with

dividends reinvested. The interest rate paid in 2017 on interest-bearing accounts was 1.84%. Stock awards may be deferred only into common stock units with dividends reinvested. Deferred amounts are paid either in a lump sum or installments as elected by the director.

STOCK OWNERSHIP POLICY

Our Board has adopted a director stock ownership policy that each non-employee director, within five years after joining our Board, own shares of our common stock having a value equal to five times the annual cash retainer, and maintain at least that ownership level while a member of our Board and for one year after service as a director ends. Each director who has been on our Board for five years or more exceeded this ownership level as of December 31, 2017, and each director who has served less than five years is on track to meet this ownership level.

GNC USE OF COMPENSATION CONSULTANT AND LEGAL ADVISORS

The GNC is authorized to retain and obtain advice of legal, accounting, or other advisors at our expense without prior permission of management or our Board. The GNC retained FW Cook, a nationally recognized compensation consulting firm, to provide independent advice on non-employee director compensation matters for 2017. FW Cook compiles compensation data for the financial services companies the GNC considers our Labor Market Peer Group (which is the same peer group used to evaluate our Company's executive compensation program) from time to time, and reviews with the GNC our Company's non-employee director compensation program generally and in comparison to those of our Labor Market Peer Group. FW Cook also advises the GNC on the reasonableness of our non-employee director compensation levels compared to our Labor Market Peer Group.

Our Commitment as a

Socially Responsible Company

OUR COMMITMENT AND STRATEGIC PRIORITIES

Our commitment to corporate citizenship is included among our Company's six Goals. We want to make every community in which we live and do business better through our products and services, culture and business practices, and philanthropy. We aim to integrate corporate social responsibility into all we do. Three strategic priorities guide our work:

GIVING BACK TO OUR COMMUNITIES

Philanthropy

We support thousands of national and community-based nonprofits annually to help revitalize and strengthen communities. We are among the top corporate cash donors among U.S. companies, donating \$286.5 million to more than 14,500 nonprofits in 2017.

We are targeting an increase of approximately 40% in our annual donations to nonprofit and community organizations in 2018.

Our long-term target is to invest 2% of after-tax profits in corporate philanthropy beginning in 2019.

Community Outreach

We work with a wide range of nonprofits and community organizations to stabilize and strengthen low-to-moderate income neighborhoods, as well as address global social, economic, and environmental challenges. These are just a few of the areas we support through our community outreach and grant programs:

i Advancing social inclusion

i Developing women and diverse leaders

Team Member Volunteerism and Giving

Our success as a company results from the care and compassion of our team members who bring our culture to life each day.

Our team members generously give hundreds of thousands of volunteer hours each year, making their communities stronger for everyone and improving lives.

In 2017, team members volunteered two million hours in their communities.

Based on the generosity of our team members, we were rated by United Way Worldwide as the largest workforce giving campaign in the U.S. in 2017 (9th consecutive year).

i Increasing the financial capability of
consumers

i Empowering self-reliance through
small businesses

i Strengthening communities and
families through sustainable housing

i Advancing clean technology and
innovation

i Supporting environmental education

i Fostering resilient communities

During 2017, some of our executive officers, directors (including certain of our HRC members), and each of the persons we know of that beneficially owned more than 5% of our common stock on December 31, 2017 (Warren E. Buffett/Berkshire Hathaway Inc., BlackRock, Inc., and The Vanguard Group), and some of their respective immediate family members and/or affiliated entities had loans, other extensions of credit and/or other banking or financial services transactions with our banking and other subsidiaries in the ordinary course of business, including deposit and treasury management services, brokerage, investment advisory, capital markets, investment banking, and insurance transactions. Except for the relocation loan to a former executive officer as described below, all of these lending, banking, and financial services transactions were on substantially the same terms, including interest rates, collateral, and repayment (as applicable), as those available at the time for comparable transactions with persons not related to our Company, and did not involve more than the normal risk of collectability or present other unfavorable features. In the ordinary course of business, we also sell or purchase insurance and other products and services, including the purchase of aviation services, of Berkshire Hathaway and its affiliates and purchase investment management technology products and advisory services from BlackRock and its affiliates. We and our customers also may invest in mutual funds, exchange traded funds and other products affiliated with BlackRock and Vanguard in the ordinary course of business. All of these transactions were entered into on an arms length basis and under customary terms and conditions.

Relocation Program

Under our Relocation Program, as in effect prior to the July 30, 2002 revisions described below, executive officers who relocated at our request were eligible to receive a first mortgage loan (subject to applicable lending guidelines) from Wells Fargo Home Lending on the same terms as those available to our team members, which terms included waiver of the loan origination fee. Executive officers who relocated to a designated high cost area were eligible to receive from our Company a mortgage interest subsidy on the first mortgage loan of up to 25% of the executive's annual base salary, payable over a period of not less than the first three years of the first mortgage loan, and a 30-year, interest-free second mortgage down payment loan in an amount up to 100% of his or her annual base salary to purchase a new primary residence. The down payment loan must be repaid in full if the executive terminates employment with our Company or retires, or if the executive sells the home. Our Relocation Program was revised effective as of July 30, 2002 to eliminate these loan benefits for executive officers in compliance with the requirements under the Sarbanes-Oxley Act of 2002. Under the revised Relocation Program, any executive officer who received the mortgage interest subsidy and interest-free down payment loan benefit described above was allowed to continue to receive those benefits, but is not allowed to amend the terms of the loan to which these benefits relate.

We had an interest-free loan outstanding under this Relocation Program to one of our former executive officers during 2017, which was paid in full during the year. The following table provides information about that loan as of December 31, 2017:

Transactions with Entities Affiliated with Directors

Enrique Hernandez, Jr., one of our directors, is chairman, president, chief executive officer, and a majority owner of Inter-Con Security Systems, Inc. In 2017, Inter-Con provided guard services to certain of our Company's retail banking stores under an agreement we first entered into in 2005. Payments in 2017 to Inter-Con under this contract did not exceed 1% of Inter-Con's or our Company's 2017 consolidated gross revenues, and each year since this contractual relationship began our Board has determined that our relationship with Inter-Con does not impair Mr. Hernandez's independence under our Director Independence Standards. In 2017, we paid Inter-Con approximately \$1.28 million for services under this contract. We believe that these services were provided on terms at least as favorable as would have been available from other parties. Mr. Hernandez is retiring from our Board at our 2018 annual meeting.

Family and Other Relationships

Since 1986, our Company has employed Mary T. Mack's sister, Susan T. Hunnicutt, who is currently a Wholesale Banking relationship manager. In 2017, Ms. Hunnicutt received compensation of approximately \$219,000. In February 2017, we also granted her 173 RSRs, which will convert to shares of common stock upon vesting and which had a grant date fair value of approximately \$10,000 (based on the NYSE closing price per share of our common stock on the grant date of \$57.88). Since 2015, our Company has employed Richard D. Levy's son-in-law, Matthew T. Bush, who is currently an Operational Risk Consultant in our Corporate Risk group. In 2017, Mr. Bush received compensation of approximately \$128,000.

We established the compensation paid to Ms. Hunnicutt and Mr. Bush in 2017 in accordance with our employment and compensation practices applicable to team members with equivalent qualifications and responsibilities and holding similar positions. In addition to this compensation, Ms. Hunnicutt and Mr. Bush also received employee benefits generally available to all of our team members. Neither Ms. Hunnicutt nor Mr. Bush is an executive officer of our Company and neither individual directly reports to an executive officer of our Company.

In 2010, our Board, based on the recommendation of the GNC, agreed as a matter of policy to strongly discourage our Company's employment of any immediate family members of directors.

RELATED PERSON TRANSACTION POLICY AND PROCEDURES

Our Board has adopted a written policy and procedures for the review and approval or ratification of transactions between our Company and its related persons and/or their respective affiliated entities. We refer to this policy and procedures as our Related Person Policy. Related persons under this policy include our directors, director nominees, executive officers, holders of more than 5% of our common stock, and their respective immediate family members. Their immediate family members include spouses, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and any person (other than a tenant or employee) who shares the home of a director, director nominee, executive officer, or holder of more than 5% of our common stock.

Except as described below, the Related Person Policy requires either the GNC or AEC, depending upon the related person involved, to review and either approve or disapprove transactions, arrangements, or relationships in which:

The amount involved will, or may be expected to exceed \$120,000 in any fiscal year;

Our Company is, or will be a participant; and

A related person or an entity affiliated with a related person has, or will have a direct or indirect interest. We refer to these transactions, arrangements, or relationships in the Related Person Policy as Interested Transactions. Any potential Interested Transactions that are brought to our Company's attention are analyzed by our Company's Law Department, in consultation with management and with outside counsel, as appropriate, to determine whether the transaction or relationship does, in fact, constitute an Interested Transaction requiring compliance with the Related Person Policy. Our Board has determined that the GNC or AEC does not need to review or approve certain Interested Transactions even if the amount involved will exceed \$120,000, including the following transactions:

Lending and other financial services transactions with related persons or their affiliated entities that comply with applicable banking laws and are in the ordinary course of business, non-preferential, and do not involve any unfavorable features;

Employment of a named executive officer or of an executive officer if he or she is not an immediate family member of another Company executive officer or director and his or her compensation would be reported in our proxy statement if he or she was a named executive officer and the HRC approved (or recommended that our Board approve) such compensation;

Table of Contents

Information About Related Persons

Compensation paid to one of our directors if the compensation is reported pursuant to SEC rules in our proxy statement;

Transactions with another entity at which a related person's only relationship with that entity is as a director, limited partner, or beneficial owner of less than 10% of that entity's ownership interests (other than a general partnership interest);

Transactions with another entity at which a related person's only relationship with that entity is as an employee (other than an executive officer), if such transactions are in the ordinary course of business, non-preferential, and the amount involved does not exceed the greater of \$1 million or 2% of such other entity's consolidated gross revenues;

Charitable contributions by our Company or a Company-sponsored charitable foundation to tax-exempt organizations at which a related person's only relationship is as an employee (other than an executive officer) or a director or trustee (other than chairman of the board or board of trustees), if the amount involved (excluding Company matching funds) does not exceed the lesser of \$1 million or 2% of such organization's consolidated gross revenues; and

Transactions with holders of more than 5% of our common stock and/or such holders' immediate family members or affiliated entities, if such transactions are in the ordinary course of business of each of the parties, unless such shareholder is one of our executive officers, directors or director nominees, or an immediate family member of one of them.

The GNC approves, ratifies, or disapproves those Interested Transactions required to be reviewed by the GNC which involve a director and/or his or her immediate family members or affiliated entities. The AEC approves, ratifies, or disapproves those Interested Transactions required to be reviewed by the AEC that involve our executive officers, holders of more than 5% of our common stock, and/or their respective immediate family members or affiliated entities. Under the Related Person Policy, if it is not feasible to get prior approval of an Interested Transaction, then the GNC or AEC, as applicable, will consider the Interested Transaction for ratification at a future committee meeting. When determining whether to approve or ratify an Interested Transaction, the GNC and AEC will consider all relevant material facts, such as whether the Interested Transaction is in the best interests of our Company, whether the Interested Transaction is on non-preferential terms, and the extent of the related person's interest in the Interested Transaction. No director is allowed to participate in the review, approval, or ratification of an Interested Transaction if that director, or his or her immediate family members, or their affiliated entities are involved. The GNC or AEC, as applicable, annually reviews all ongoing Interested Transactions.

Ownership of Our Common Stock

DIRECTORS AND EXECUTIVE OFFICERS

Stock Ownership Requirements and Other Policies

STOCK OWNERSHIP REQUIREMENTS

To reinforce the long-term perspective of stock-based compensation and emphasize the relationship between the interests of our directors and executive officers with your interests as shareholders, we require our non-employee directors and our executive officers to own shares of our common stock. Our Board has adopted robust stock ownership policies that apply to our directors and executive officers as summarized in the chart below.

Director Stock Ownership Policy

Requirements

After five years on the Board, each non-employee director **must own stock having a value equal to five times the annual cash retainer we pay our directors**, and maintain at least that stock ownership level while a member of the Board and for one year after service as a director terminates.

Executive Officer Stock Ownership Policy

Requirements

Until one year following retirement, our executive officers **must hold shares equal to at least 50% of the after-tax profit shares (assuming a 50% tax rate) acquired** upon the exercise of options or vesting of RSRs and Performance Shares, subject to a **maximum requirement of ten times the executive officer's cash salary**.

Shares counted toward ownership include shares a non-employee director has deferred pursuant to the Directors Stock Compensation and Deferral Plan (Directors Plan) and any applicable predecessor director compensation and deferral plans, shares (or share equivalents) an executive officer holds in the Company 401(k) Plan, Supplemental 401(k) Plan, Deferred Compensation Plan, Direct Purchase and Dividend Reinvestment Plan, and shares owned by an executive officer's spouse. Compliance with these stock ownership requirements is calculated annually and reported to the GNC (for non-employee directors) or to the HRC (for executive officers).

ANTI-HEDGING POLICIES

To further strengthen the alignment between stock ownership and your interests as shareholders, our Code of Ethics and Business Conduct requirements prohibit all team members, including our executive officers, and directors from engaging in derivative or hedging transactions involving any Company securities, including our common stock.

NO PLEDGING POLICY

Our Board has adopted policies which are reflected in our Corporate Governance Guidelines that prohibit our directors and executive officers from pledging Company equity securities as collateral for margin or other similar loan transactions.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, and related regulations require our directors, executive officers, and anyone holding more than 10% of our common stock to report their initial ownership of our common stock and any changes in that ownership to the SEC and the NYSE. We are required to disclose in this proxy statement the failure to file these reports by any reporting person when due. We assist our directors and executive officers in complying with these requirements. All reporting persons of the Company satisfied these filing requirements during 2017. In making these disclosures, we are relying on written representations of certain reporting persons and copies of the reports filed with the SEC.

INCENTIVE COMPENSATION RISK MANAGEMENT AND TEAM MEMBER PERFORMANCE MANAGEMENT

Described below are (1) our enterprise-wide Incentive Compensation Risk Management (ICRM) program and the changes we continue to make to strengthen the program to restore the trust of our customers, team members, investors, and other stakeholders, and (2) changes we are making to our team member performance management program. Incentive compensation and performance management are important components of how we reinforce our Company's strategy and Values and discourage unnecessary or inappropriate risk-taking.

Incentive Compensation Risk Management

The goal of our ICRM program is to develop and manage incentive compensation arrangements that align with our strategy and Values, comply with applicable laws and regulations, and balance risk and financial rewards. Our ICRM program provides the governance framework, policies, risk management standards, and processes under which we manage incentive compensation risk. In response to the 2010 Interagency Guidance on Sound Incentive Compensation Policies, we established our ICRM program, which was initially focused primarily on financial (credit, market, and liquidity) risk. Over time, we have refined the ICRM program's scope to better reflect Wells Fargo's risk appetite and risk-management goals, account for a broader range of risks beyond financial, such as reputation risk, and to meet evolving regulatory requirements.

ICRM PROGRAM FRAMEWORK

The ICRM program framework has three main components supported by our overarching ICRM governance processes:

**Incentive Compensation Risk
Management Governance**

Our lines of business have primary responsibility for compensation risk

Our centralized control functions develop our ICRM program standards and provide oversight of compliance with our standards, including through annual monitoring and validation of compensation results

Our Board's Human Resources Committee (HRC) and our management-level Incentive Compensation

Committee (ICC) oversee our overall compensation strategy and our ICRM program

We describe below each of these components of our ICRM program, including ICRM governance, and provide details on the enhancements we are making to each component.

58 Wells Fargo & Company 2018 Proxy Statement

Table of Contents**Executive Compensation****INCENTIVE COMPENSATION RISK MANAGEMENT GOVERNANCE**

Our ICRM program governance takes place at all levels of our Company:

Line of business leaders	u	Each line of business is responsible for understanding the risks associated with each role covered by an incentive compensation arrangement and for ensuring its incentive compensation arrangements are balanced appropriately and do not encourage unnecessary or inappropriate risk-taking.
Risk, human resources, and other centralized control functions	u	Our centralized Human Resources group, partnering with our centralized Risk group, is responsible for managing the ICRM program and providing independent oversight.
Incentive Compensation Committee (ICC)	u	The ICC oversees the ICRM program. The ICC is chaired by a senior Human Resources leader, and consists of senior Risk, Human Resources, and business executives.
Our Board of Directors Human Resources Committee (HRC)	u	The HRC establishes our overall incentive compensation strategy and oversees the effectiveness of our risk management practices relating to incentive compensation plans and programs for senior executives and those roles able, individually or as a group, to expose our Company to material risk.

Enhanced ICRM Governance

Broadened the ICRM program to cover all team members who are eligible to receive incentive compensation.

Centralized our control functions so that team members in Risk (includes Compliance), Human Resources, and Finance now report to corporate leaders, rather than line of business leaders. We believe centralizing the reporting of our line of business control functions significantly strengthens the independent oversight of the incentive compensation programs within our lines of business.

Expanded and clarified the roles and responsibilities across our three lines of defense (1) the lines of business, (2) Corporate Risk, and (3) Wells Fargo Audit Services, our internal audit function (WFAS).

Improved the connections among our ICRM program, performance management processes, risk oversight, and conduct management.

Developed sales practices incentive guidance designed to ensure our sales incentive programs do not encourage inappropriate behavior, the metrics are not easily manipulated, the goals are attainable, and risk and reward are properly balanced.

Expanded the HRC's oversight responsibilities, as reflected in its charter, to include human capital management, culture, and our Code of Ethics and Business Conduct.

Executive Compensation

ROLES COVERED BY THE ICRM PROGRAM

Our ICRM program covers all team members who are eligible to participate in an incentive compensation plan. In addition, the program provides for heightened oversight of team members in roles that may be able, individually or as a group, to expose Wells Fargo to material risk, as well as roles that are subject to specific regulatory requirements. Currently, the roles subject to heightened oversight include:

Our executive officers;

Senior management, including the heads of our lines of business and our control functions (our control functions include Risk, Human Resources, Finance, and WFAS); and

Groups of employees who, in the aggregate, may expose the organization to material risk, or are subject to specific regulatory requirements (e.g., commercial bankers, traders, mortgage consultants, and community bank regional presidents).

INCENTIVE COMPENSATION RISK BALANCING

Risk management is incorporated into the design of all of our compensation programs. Human Resources coordinates our annual review of all incentive compensation plans. During this review, we assess risk balancing, compliance with laws and regulations, and the programs' potential to encourage our team members to take unnecessary or inappropriate risks.

Plans are developed and reviewed by business leaders and members of our centralized corporate groups, including Human Resources, Risk, Finance, and Legal.

For any new incentive plans, we conduct an initial risk assessment. As part of this assessment, we evaluate the team member roles covered by the plan, the inherent risks of those roles, the plan's structure and risk-balancing features, and any additional controls in place.

Ongoing plans are reviewed annually for alignment with all of our incentive standards, any new risks that have emerged, the existence of appropriate risk mitigation features, and compliance with applicable laws, regulations, and policies.

For team members who may be able, individually or as a group, to expose Wells Fargo to material risk, as well as roles that are subject to specific regulatory requirements, heightened oversight is provided through the ICRM program. For example, risk management and accountability are considered in developing these team members' annual performance objectives, during the review of their compensation arrangements, and in conducting their annual

performance evaluations to ensure that their incentive award payouts reflect risk outcomes.

For our executives and certain other members of senior management, our compensation program also includes balancing features that account for current and longer-term risk horizons. For these team members, we provide a combination of annual and long-term incentive awards that are subject to performance and forfeiture provisions, clawback policies, consideration of qualitative aspects of performance, and/or the discretionary ability to reduce payouts. Additional details on the compensation risk management features applicable to our executive officers are provided in the CD&A.

Expanded Incentive Compensation Risk Balancing

Incorporated sales practices as part of the risk assessments for all sales incentive plans and provided for enhanced monitoring and governance.

Implemented more detailed reviews and oversight through our ICRM process for incentive plans covering material risk takers or individuals or groups who could pose sales practices risk.

MONITORING AND VALIDATION

As part of the ICRM program and in compliance with our Company-wide guidelines, our business groups have established programs for monitoring compliance with ICRM policies and procedures and for validating annual incentive compensation award decisions. The goal of our monitoring program is to have processes and controls that lead to consistent application of our policies and procedures for roles requiring heightened oversight, including downward adjustments to annual incentive compensation award payments as a result of compliance, risk, or other issues. We also use the results of our monitoring program to facilitate enhancements to our policies and procedures, support pre-award decisions, and facilitate post-award validation efforts.

Table of Contents

Executive Compensation

For select roles covered under our ICRM program, the focus of our monitoring has been on year-end performance evaluations and compensation decisions. As part of the incentive compensation process, our centralized Risk and Human Resources groups conduct independent reviews of risk outcomes, such as loan losses or risk ratings. Human Resources reviews and reports on compliance with defined procedures and guidelines, including on use of discretion, to help ensure risk outcomes, individual performance evaluations, and compensation adjustments are aligned.

Our Chief Risk Officer and our Chief Administrative Officer provide input on risk outcomes and compensation decisions for other members of senior management. The HRC reviews and approves all incentive compensation recommendations for senior management, taking into account the summary of the risk evaluation provided by our Chief Risk Officer and our Chief Administrative Officer.

In addition to monitoring requirements, we also validate award outcomes following the completion of our annual incentive compensation process. Our validation analysis is conducted by the appropriate control functions to evaluate the effectiveness of our incentive compensation award decisions, with a focus on roles and responsibilities with a high degree of inherent risk and on any adverse risk outcomes.

Our validation process also allows us to identify opportunities to enhance our incentive compensation plan designs and our processes.

For select roles covered by the ICRM program, the ICC reviews the risk assessment and monitoring and validation outcomes, and provides perspective on any enhancement opportunities that can be implemented for the next performance cycle. Management provides a report on these results to the HRC.

Stronger Monitoring and Validation

We continue to enhance our incentive compensation design process to include stronger controls and oversight by our compensation and risk groups.

We continue to enhance our monitoring and validation programs to include stronger controls and more consistent guidelines, including for use of discretion.

Reporting to the ICC and HRC has been enhanced and incorporates additional roles and requirements in order to provide enhanced oversight of the link between overall risk performance and compensation.

Team Member Performance Management

We are evolving how we evaluate and manage our team members' performance. We continue to better define and standardize our team member performance management policies, processes, and governance to implement a core and common performance management experience for team members across the Company. These changes are intended to make our policies and processes more consistent across the enterprise, strengthen the role of human resources as a control function, provide increased monitoring of compensation decisions, and improve the tools and resources used by managers to coach team members and manage their performance. We believe these changes will provide a more integrated approach to team member performance management, incentive compensation, and incentive compensation risk mitigation.

ITEM 2 ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

We provide our shareholders with an advisory vote to approve the compensation of our named executives, or say on pay. Our Board has held an annual say on pay vote since 2011, consistent with the preference expressed by our shareholders in 2011 and 2017. The next vote after this year's say on pay vote will occur at our 2019 annual meeting.

This year's say on pay vote gives our shareholders an opportunity to express their views on our 2017 compensation program and related decisions for our named executives. This proxy statement describes our named executives' 2017 compensation, our compensation principles, and our incentive compensation risk management program.

Highlights include:

For all 2017 compensation decisions for our named executives, our HRC continued to be guided by our compensation principles:

1. Pay for Performance
2. Foster Risk Management Culture
3. Attract and Retain Top Executive Talent
4. Encourage Creation of Long-Term Shareholder Value

Our Company continues to enhance and broaden the scope of our compensation risk management practices so that they do not encourage unnecessary or inappropriate risk-taking and so that our incentive compensation arrangements align with our strategy and Values, comply with applicable laws and regulations, and appropriately balance risk and financial rewards.

Advisory Resolution (Say on Pay)

We are requesting your non-binding, advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Company's named executives, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables, and related material, is hereby APPROVED.

Voting and Effect of Vote

You may vote *FOR*, *AGAINST*, or *ABSTAIN* on this Item 2. Because your vote is advisory, it will not be binding on our Company, Board, or HRC and will not overrule any decision by our Board or require our Board to take any action. However, our Board values our shareholders' views on executive compensation matters and will consider the outcome of this vote when making future compensation decisions for named executives.

Board Recommendation

As noted in the Compensation Discussion and Analysis (CD&A) section of this proxy statement, our HRC believes that its 2017 compensation decisions were consistent with our compensation principles, and that the compensation paid to our named executives for 2017 was reasonable and appropriate.

Item 2 Advisory Resolution to Approve Executive Compensation

Our Board recommends that you vote **FOR** the advisory resolution to approve the compensation paid to our Company's named executives, as disclosed in this proxy statement in the CD&A, the compensation tables, and related material.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This CD&A describes our executive compensation philosophy, our 2017 executive compensation program, and our compensation decisions for the current and former executive officers named in the Summary Compensation Table:

Named Executive	Position
Timothy J. Sloan	CEO and President
John R. Shrewsberry	Senior Executive Vice President and CFO
Avid Modjtabai	Senior Executive Vice President, Payments, Virtual Solutions and Innovation
Perry G. Pelos	Senior Executive Vice President, Wholesale Banking
Jonathan G. Weiss*	Senior Executive Vice President, Wealth and Investment Management
David M. Carroll*	Former Senior Executive Vice President, Wealth and Investment Management

* Mr. Weiss served as head of Wells Fargo Securities from 2014 until he succeeded Mr. Carroll as Senior Executive Vice President, Wealth and Investment Management, effective July 1, 2017. Mr. Carroll retired effective July 31, 2017.

Table of Contents**Executive Compensation****2017 Compensation and Financial Performance Overview****2017 COMPENSATION HIGHLIGHTS**

The HRC structured a high proportion of our named executives' 2017 compensation as long-term, performance-based equity that is forward-looking, contingent on financial performance and risk assessments, and subject to substantial holding requirements that extend beyond retirement to further support strong risk management. Performance Share values shown in the table are for awards made in 2017 that will vest at the end of three years based on our Return on Realized Common Equity (RORCE) performance. The Restricted Share Rights (RSRs) shown for Mr. Weiss reflect an award made in 2017 that will vest in equal annual installments over three years. Both the Performance Shares and the RSRs shown are subject to the HRC's discretion to reduce or eliminate these awards upon the occurrence of specified conditions. This table is not a substitute for, and should be read together with, the Summary Compensation Table, which presents named executive compensation paid, accrued, or awarded for 2017 in accordance with Securities and Exchange Commission (SEC) disclosure rules and includes additional compensation elements and other important information.

- (1) Mr. Weiss served as head of Wells Fargo Securities from 2014 until he succeeded Mr. Carroll as Senior Executive Vice President, Wealth and Investment Management, effective July 1, 2017. Mr. Carroll retired effective July 31, 2017.
- (2) Effective March 5, 2017, the HRC approved an increase in Mr. Shrewsberry's base salary from \$1,750,000 to \$2,000,000 to reflect his overall Company leadership responsibilities, including the expansion of his role during 2016 to include oversight of our Technology group. Effective August 6, 2017, the HRC approved an increase in Mr. Weiss' base salary from \$500,000 to \$1,250,000 to reflect the responsibilities and the compensation structure associated with his new role.

(3)

A portion of the 2017 annual incentive award amount for Mr. Weiss was paid in RSRs granted on February 26, 2018 that vest over three years.

- (4) Dollar value on February 28, 2017, the date of grant, of 2017 Performance Shares at target. Actual pay delivered or realized for Performance Shares will be determined in the first quarter of 2020 and may range from zero to 150% of the target shares (zero to 125% for Mr. Weiss), plus dividend equivalents, depending on Company performance for 2017 to 2019 and risk assessments.
- (5) Dollar value on December 14, 2017, the date of grant, of RSRs that vest over three years.

2017 Pay Mix

The charts below summarize the percentage of each element of pay shown above, based on the actual annual incentive awards earned and the value of the long-term performance shares (at target) and RSRs at the time of grant for our CEO and for our other named executives as a group.

COMPENSATION PRINCIPLES

In deciding 2017 named executive compensation, the HRC continued to be guided by the same four compensation principles that have historically governed its pay decisions for named executives:

1. **Pay for Performance** Link compensation to Company, business line, and individual performance so that superior performance results in higher compensation and inferior performance results in lower compensation;
 2. **Foster Risk Management Culture** Structure compensation to promote a culture of prudent risk management consistent with our Company's Vision and Values;
 3. **Attract and Retain Top Executive Talent** Offer competitive pay to attract, motivate, and retain industry executives with the skills and experience to drive superior long-term Company performance; and
 4. **Encourage Creation of Long-Term Shareholder Value** Use performance-based long-term stock awards with meaningful and lasting share retention requirements to encourage sustained shareholder value creation.
- The following table illustrates how these compensation decisions were tied to our compensation principles:

COMPANY 2017 FINANCIAL PERFORMANCE

We had solid financial performance in 2017 as we continued to execute on our plan of building a better bank for the future and to make progress on our efficiency initiatives. We earned \$22.2 billion in 2017 with \$88.4 billion of revenue. We ended the year with record deposit balances and had the largest loan portfolio of any U.S. bank. Retail bank household retention improved in 2017 and branch satisfaction with most recent visit scores were back to the levels we had prior to the sales practices settlements. Credit losses were at historically low levels and capital and liquidity were exceptionally strong. We returned a record \$14.5 billion to shareholders through common stock dividends and net share repurchases in 2017, up 16% from 2016.

2017	Net income of \$22.2 billion, compared with \$21.9 billion for 2016
Company	Diluted earnings per share (EPS) of \$4.10, compared with \$3.99 for 2016
Financial	Revenue of \$88.4 billion, compared with \$88.3 billion for 2016
Performance Highlights	Noninterest expense of \$58.5 billion, compared with \$52.4 billion for 2016
	Return on assets of 1.15%, compared with 1.16% for 2016
	Return on equity of 11.35%, compared with 11.49% for 2016
	Returned \$14.5 billion to shareholders through dividends and net share repurchases
	Strong capital position Common Equity Tier 1 ratio (fully phased-in) well above the regulatory minimum, including regulatory buffers, and our internal buffer
	Efficiency ratio of 66.2%, compared with 59.3% for 2016
	Loans of \$956.8 billion, compared with \$967.6 billion at year end 2016
	Deposits of \$1.34 trillion, compared with \$1.31 trillion at year end 2016
	Total shareholder return of 13.2%, 6.4%, and 15.3%, respectively, for the 1-, 3- and 5-year periods ended December 31, 2017

Governance Framework for Compensation Decisions

In making compensation decisions for our named executives, the HRC applies its discretion within a governance framework that includes consideration of risk management, absolute and relative company performance, business line performance for business line leaders, individual performance, and independent advice.

RISK MANAGEMENT

The HRC's compensation governance framework includes assessments of the risks inherent in executive compensation practices. The HRC's risk management assessments involve a number of senior executives from our Company's risk management, human resources, legal, and compliance functions. As described under *Incentive Compensation Risk Management and Team Member Performance Management*, our Company continues to strengthen and further enhance the oversight of our executive compensation practices and the scope of its risk management processes. Summarized below are the risk management features of our compensation program for executive officers.

Long-Term, Performance-Based, and At-Risk Compensation

A high proportion of named executives' compensation is in the form of long-term, performance-based equity.

Long-term equity remains at risk until payment, which allows the HRC to assess risk outcomes as they emerge over time.

Annual incentive awards are subject to risk assessments and, at the HRC's discretion, may be paid in the form of long-term equity.

Long-Term Compensation Risk-Balancing Features

Our Performance Shares require achievement of absolute and relative financial performance targets.

Performance Shares are denominated in share equivalents based on the Company's stock price at the time of grant, and thus reflect total shareholder return through the date of distribution.

Performance Share awards are reduced if our Company incurs a net operating loss.

Equity compensation does not accelerate upon retirement (pays on the original payment schedule).

Compensation Policies Reinforce

Risk Management

Our Company's stock ownership policy applies to executives until one year after retirement.

Executive officers are prohibited from pledging Company equity securities in connection with a margin or other similar loan and from derivative and hedging transactions involving Company stock.

Equity compensation is subject to forfeiture conditions and clawback provisions that allow the HRC to consider risk outcomes.

Compensation Programs and Individual Performance Evaluations Include Risk Considerations

The HRC evaluates our named executives performance based on their focus on appropriate risk management practices and compliance with our Code of Ethics and Business Conduct and other policies to maintain individual accountability for risk outcomes and to encourage leadership that aligns with our Vision and Values.

The HRC oversees management's review of our incentive and commission-based compensation practices to ensure pay aligns with our compensation principles, including prudent risk management.

COMPANY PERFORMANCE

The HRC regularly assesses our Company's absolute performance and its performance relative to peers. This focus on Company performance is demonstrated by the HRC's decision to tie long-term incentive compensation to Company performance over time. Further, for each fiscal year, the HRC determines threshold performance measures under our Performance Policy that is part of the Long-Term Incentive Compensation Plan (LTICP), at least one of which must be achieved for annual incentives to be earned by named executives. Upon satisfaction of a threshold performance goal, our named executives may be awarded a maximum amount of incentive compensation of 0.2% of our Company's net income, as adjusted for certain items, or such lesser amount as the HRC determines in its discretion. However, even if one or more threshold performance goals are satisfied, we may not pay annual incentive awards to named executives if our Company does not have positive net income. As described below under HRC Discretion, the HRC retains discretion to adjust or eliminate annual incentive awards.

PEER GROUP ANALYSIS

The HRC uses peer group data to inform its decisions regarding the compensation of named executives. For 2017, the HRC continued to use two separate, but overlapping peer groups: (1) the Financial Performance Peer Group, which is a subset of the KBW Bank Sector Index and consists of 11 financial services companies that best match our Company in scope, scale, business model/mix, and geography and with which we most directly compete for financial capital and customers; and (2) the Labor Market Peer Group, which consists of ten companies with which we most directly compete for executive talent based on requisite expertise, knowledge, and experience.

The following tables summarize our peer groups for 2017 and how the HRC used them:

Purpose: Assess our Company's relative overall financial performance

Set and measure RORCE performance for Performance Share awards

Bank of America Corporation

For 2017, the HRC compared our Company's financial performance with the Financial Performance Peer Group based on measures commonly used for analyzing financial services companies, including those relating to:

BB&T Corporation

Capital One Corporation

profitability, including EPS, revenue, net interest margin, efficiency ratio, operating leverage, and pre-tax pre-provision income;

The Bank of New York Mellon Corporation

In considering the 2017 compensation actions for our named executives and to track competitive pay levels and trends generally, the HRC reviewed compensation data for the Labor Market Peer Group. The Labor Market Peer Group companies provide the basis for our competitive compensation comparisons that the HRC considers in establishing the total compensation opportunities for our named executives. The HRC considers total compensation for competitiveness with total compensation for comparable positions and performance at peer companies.

BUSINESS LINE PERFORMANCE

The HRC assesses business line performance results in determining annual incentive awards for executives with business line responsibilities, including Messrs. Carroll, Pelos, and Weiss and Ms. Modjtabai. The HRC considers business line financial results, taking into account not only the business line's performance and its contribution to the Company's overall performance, but also the quality of those results, such as risks taken to achieve the results, and the difficulty of achieving those results. Success or failure at achieving strategic business line objectives may be factored into the HRC's executive compensation decisions for these business line leaders. However, the HRC does not base incentive compensation decisions for these named executives solely on business line performance; the HRC believes they must also have a significant stake in the Company's overall performance to encourage collaboration among business lines and as a check against unnecessary or inappropriate risk-taking at the individual business line level. Due to differences in organizational structure and external business segment reporting, our business lines rarely correspond perfectly to the business lines of Peer Group members. Therefore, the HRC does not compare business unit financial performance with the Financial Performance Peer Group.

INDIVIDUAL PERFORMANCE

The HRC considers the individual performance of the named executives, both as part of an annual assessment and in the Board's year-round interactions with them. The HRC annually reviews the CEO's achievement of individual qualitative objectives and the CEO's assessment of each of our other named executives as part of overall executive compensation decision-making. These objectives include regulatory compliance, risk management accountability, compliance with our policies on information security, and diversity and inclusion objectives, as well as objectives appropriate for each executive's position and responsibilities. For qualitative performance objectives, including diversity and inclusion goals, the HRC exercises its judgment and discretion in assessing performance. The HRC may adjust or eliminate incentive compensation awards, regardless of the achievement of applicable financial performance goals or individual qualitative objectives, if the HRC determines that a named executive has failed to comply with our policies, including our Code of Ethics and Business Conduct, or does not meet qualitative individual performance goals related to diversity and inclusion.

Our CEO assists the HRC in evaluating performance for those executive officers who reported to him during the year, providing his assessment of each officer's individual performance, as well as his perspective on his individual performance, the Company's overall performance, and the contributions of each business line to Company performance. Our CEO makes compensation recommendations to the HRC for these executives. The HRC makes its own determinations regarding our CEO's individual performance and compensation with input from non-management members of the Board who ratify and approve the CEO's compensation. The HRC also reviews and evaluates each named executive's individual performance as part of its responsibilities for talent management and succession planning.

INDEPENDENT COMPENSATION CONSULTANT ADVICE

The HRC is authorized to retain and obtain advice of legal, accounting, or other advisors at our Company's expense without prior permission of management or our Board. The HRC retained FW Cook to provide independent advice on executive compensation matters for 2017. To help maintain the independence of any consultant retained by the HRC, the HRC is required under its charter to pre-approve all services performed for our Company by FW Cook, other than

the services performed for the GNC for non-employee director compensation. The HRC annually reviews the services performed by and the fees paid to FW Cook, and FW Cook does no other work for our Company or management other than to provide consulting services to the GNC, HRC, and Board that are directly related to executive and non-employee director compensation. All services provided to the HRC and our Board in 2017, other than those performed for the GNC for non-employee director compensation, were pre-approved by the HRC. In November 2017, the HRC assessed the independence of FW Cook and its Chairman, George Paulin, who is the lead advisor, and concluded that no conflict of interest exists.

From time to time, FW Cook compiles compensation data for the Labor Market Peer Group, and reviews with the HRC our executive compensation programs generally and compared to those of our Labor Market Peer Group. FW Cook also advises the HRC on the reasonableness of our compensation levels compared to our Labor Market Peer Group, and the appropriateness of our compensation program structure in supporting our business objectives. During 2017, the HRC reviewed data compiled by FW Cook, including FW Cook's calculations of the 50th, 75th, and 90th percentile amounts of annual salary, annual incentive, long-term equity, and total compensation amounts for Labor Market Peer Group named executives. The HRC used this compensation information, together with any reported changes in Labor Market Peer Group compensation, to help develop a framework for evaluating the competitiveness of the 2017 compensation for our named executives. Mr. Paulin participated in all but one of the regularly scheduled HRC meetings during 2017.

Executive Compensation

HRC DISCRETION

The final element in our compensation governance framework is the HRC's exercise of business judgment and discretion to make compensation decisions for our named executives after taking into account all other aspects of our framework. There are certain situations where the HRC has no discretion to award incentive compensation, such as when a performance goal required for payment of incentive compensation under our Performance Policy is not met. However, if a threshold performance goal under our Performance Policy is satisfied, the HRC has discretion to decline to make awards or to award less than the maximum amount under the Performance Policy, if in the exercise of its business judgment the HRC determines exercising such discretion would be in the best interests of shareholders. The HRC also has discretion to pay some or all of any earned annual incentive award in stock instead of cash, or to provide for vesting and payment over time.

The HRC believes that our compensation governance framework provides a reliable and structured approach for making pay decisions. The HRC also believes that use of rigid formulas may not always provide the best results for shareholders; therefore, it takes into account all of the factors in our framework when making its compensation decisions. As a result, the HRC uses its discretion to make annual incentive award decisions for our named executives, but informs that discretion based on market and performance considerations, as explained throughout this CD&A.

How the HRC Considers Prior Say on Pay Votes and Investor Feedback

At our Company's 2017 annual meeting, our shareholders approved the advisory resolution on the 2016 compensation of our named executives by approximately 96% of shares present at the meeting and entitled to vote on the advisory resolution. Our Company, Board, and the HRC pay careful attention to communications received from our shareholders on executive compensation matters, including the say on pay vote. During 2017, the HRC considered feedback received from our major shareholders on our executive compensation program and disclosures through our investor outreach program and the approval by our shareholders of our say on pay resolution in 2017. That feedback was reflected in the HRC's decision to continue to maintain the overarching framework for our named executives compensation for 2017. Additional details on our investor engagement program are provided under *Our Investor Engagement Program*.

EXECUTIVE ACCOUNTABILITY ACTIONS TAKEN DURING 2016 AND 2017

As described in our 2017 proxy statement, our Board and the HRC took decisive actions to promote executive accountability in response to unacceptable retail banking sales practices, which included:

Our former CEO, John G. Stumpf forfeited all of his unvested equity awards, worth approximately \$41 million.

Carrie L. Tolstedt, former head of our Community Bank, left our Company and forfeited all of her unvested equity awards, worth approximately \$19 million.

None of the executive officers named in our 2017 proxy statement, nor any of the other members of our Operating Committee who were in place before it was reconstituted in November 2016, received an annual incentive award for 2016.

The HRC reduced by approximately \$26 million the payout on the 2014 Performance Shares held by the eight members of our Operating Committee who were in place before it was reconstituted in November 2016, and reduced by 20% to 40% the payout on all 2014 Performance Shares held by other senior managers.

In addition, in April 2017, at the conclusion of our Board's independent investigation into our retail banking sales practices, our Board took additional compensation actions related to Mr. Stumpf and Ms. Tolstedt. In Mr. Stumpf's case, our Company clawed back compensation of approximately \$28 million (the value at the time of distribution in March 2016 of shares issued to him following vesting of his 2013 Performance Share award). In Ms. Tolstedt's case, our Company caused to be forfeited all of her outstanding stock options (valued at approximately \$47 million based on the closing price of our common stock on April 7, 2017). As noted above, Ms. Tolstedt previously forfeited her unvested equity awards.

DISCLOSURE OF FUTURE CLAWBACKS

In the future, if our Board or the HRC decides to clawback compensation following a determination that a senior executive has engaged in misconduct, including in a supervisory capacity, that results in significant financial or reputation harm to our Company or in a material financial restatement, our Board or the HRC will determine whether and to what extent public disclosure of information regarding such clawback, including the amount of compensation and the executive(s) impacted, is appropriate, subject to applicable legal and contractual restrictions, including privacy laws.

Table of Contents**Executive Compensation****Compensation Elements**

For 2017, our Company's executive compensation program consisted of the following elements:

Element	Purpose	Key Characteristics
Base Salary	Provides fixed compensation reflecting the executive's experience and level of responsibility	Paid in cash Can be adjusted based on competitive market conditions
Annual Incentive Award	Decreases focus on short-term risk taking Rewards annual Company, business line, and/or individual performance	Threshold performance criteria, award opportunity, and structure established by the HRC Payout determined after end of year
Long-Term Compensation	Aligns management and shareholder interests Emphasizes performance-based culture Creates strong long-term performance incentive, ownership, and retention tool	Paid in cash or in a combination of cash and stock that vests over three years Annual awards delivered as performance shares i HRC determines performance criteria, with 2017 grants tied to 3-year RORCE compared to the Financial Performance Peer Group, subject to absolute performance levels i May vest from zero to 150% of target i Amount reduced if net operating loss during any year of performance period Off-cycle awards delivered as RSRs Subject to forfeiture conditions and stock ownership policy

Benefit Programs	Offers same health and welfare benefits that are provided to all Company employees on the same terms	401(k) Plan with Company match and discretionary profit sharing contributions Company health insurance, life insurance, and severance plans (employees pay certain costs for health and life insurance) Limited; de minimis overall absolute value
Perquisites and Other Compensation	Enhance personal security and productivity	
Compensation Decisions for Named Executives		

The HRC took the compensation actions described below for the named executives in 2017. The HRC's decision-making was conducted within the compensation governance framework described above.

2017 ANNUAL BASE SALARIES

Effective March 5, 2017, the HRC increased Mr. Shrewsberry's base salary from \$1,750,000 to \$2,000,000 to reflect his overall Company leadership responsibilities, including the expansion of his role during 2016 to include oversight of our Technology group. Effective August 6, 2017, the HRC approved an increase in Mr. Weiss's base salary from \$500,000 to \$1,250,000 to reflect the responsibilities and the compensation structure associated with his new role. The other named executives' base salaries remained unchanged during 2017.

Executive Compensation

2017 ANNUAL INCENTIVE AWARDS

In accordance with the performance measures under our Performance Policy under the LTICP, the HRC established two alternative Performance Policy goals as a precondition to our named executives earning 2017 annual incentive awards:

Corporate Financial Objectives Under Performance Policy

(1) EPS of at least \$3.00 or (2) RORCE of at least the median of the Financial Performance Peer Group

The Company's actual results exceeded both of these Performance Policy goals for 2017 with EPS of \$4.10 and RORCE of 11.2%, which is above the median RORCE in the Financial Performance Peer Group (8.9%). Satisfaction of the Performance Policy goals gave the HRC the authority under the Performance Policy to award 2017 incentive compensation to our named executives of up to 0.2% of the Company's 2017 net income (or \$44.4 million based on net income of \$22.2 billion), or such lesser amount as the HRC in its discretion determines.

In considering annual incentive compensation for the named executives and in exercising its discretion to pay less than the maximum permitted by the Performance Policy, the HRC established target and maximum incentive award opportunities of 50% and 100% of base salary, respectively, for our named executives, except as described below for Messrs. Sloan and Weiss.

The HRC did not establish a pre-determined target and maximum opportunity for Mr. Sloan to retain greater discretion in determining his annual incentive award. The HRC established qualitative performance objectives for Mr. Sloan regarding strategic leadership, financial discipline and accountability, culture, risk management, talent development, succession planning, and his role in driving and leading our efforts to build and sustain a diverse and inclusive culture, articulating the Company's mission, strategic vision and accomplishments to stakeholders, and offering national leadership on relevant Company and industry issues.

Mr. Weiss served as head of Wells Fargo Securities (WFS) until July 1, 2017, when he succeeded Mr. Carroll as head of Wealth and Investment Management (WIM). Effective August 6, 2017, consistent with the responsibilities and compensation structure of Mr. Weiss's new role, for the remainder of the year, the HRC increased his base salary from \$500,000 to \$1,250,000 and reduced his target incentive opportunity from 550% to 50% and his maximum incentive opportunity from 825% to 100% of base salary.

Annual Incentive Award Considerations

In determining 2017 annual incentive awards for our named executives, the HRC considered information pertaining to the factors described above under Governance Framework for Compensation Decisions. Other than achievement of one of the alternative Performance Policy goals described above, which was a precondition to payment of 2017 annual incentive awards to our named executives, the HRC did not assign greater importance or weight to any one factor in its decision-making process. In addition, although the HRC reviewed compensation data for similarly situated executives in the Labor Market Peer Group to assess the competitiveness of the Company's overall pay and compensation mix, it did not make a separate preliminary determination of an annual incentive award amount and then adjust it to reflect the Labor Market Peer Group data.

The HRC considered the following factors, among others, in making 2017 annual incentive award determinations for our named executives. The HRC's consideration of these factors reflected Mr. Sloan's self-assessment and his assessment of the other named executives.

74 Wells Fargo & Company 2018 Proxy Statement

Table of Contents**Executive Compensation**

For named executives with business line responsibilities, the HRC considered business line operating performance, including as described above, but did not determine annual incentive compensation for those named executives or adjust their annual incentive compensation based on whether specific business line numerical financial targets were achieved and, therefore, performance against specific business line numerical financial targets was not a material determinant of 2017 annual incentive award decisions for these named executives. Consistent with the process described above in *Governance Framework for Compensation Decisions*, the HRC, in its discretion, considered business line financial results not in isolation or with a predetermined or set importance or weight but holistically, in the context of the business line's contribution to the Company's overall financial performance, the difficulty of achieving the results in the particular economic, regulatory or strategic environment, the quality of the results from a risk management perspective, and the degree of collaboration and teamwork among business lines.

Annual Incentive Award Decisions

Upon consideration of the performance of the named executives, including the factors set forth above, the HRC approved 2017 annual incentive awards as described below. The HRC decided to pay a portion of any 2017 annual incentive award over \$1 million in RSRs that vest ratably over three years. The HRC structured the payment in this manner to properly balance growth initiatives and appropriate risk-taking, and to be consistent with the Company's emphasis on long-term incentives. The HRC also believes the payment of a portion of a named executive's annual incentive award over \$1 million in the form of an RSR award that vests over time and is subject to forfeiture conditions, as well our stock ownership policy, helps mitigate risks inherent in annual incentive compensation.

Performance Share Metrics. Each Performance Share entitles the holder to receive one share of Company common stock upon vesting plus dividend equivalents on the final number of earned and vested Performance Shares reinvested as additional Performance Shares from the date of grant and subject to the same vesting terms. The 2017 Performance Share awards are scheduled to vest in the first quarter of 2020 based on the average of our Company's RORCE over the three-year performance period ending December 31, 2019, both relative to the Financial Performance Peer Group and subject to absolute performance levels. The final number of earned and vested Performance Shares is subject to adjustment upward to a maximum of 150% (125% for Mr. Weiss) of the original target number granted, or downward to zero, and is also subject to adjustment in the event of a net operating loss and to forfeiture by the HRC, as described below.

RORCE, as defined in the LTICP, means the net income of our Company as reported in our consolidated financial statements (and subject to possible adjustments as provided in the LTICP or the applicable form of award agreement), on an annualized basis less dividends accrued on outstanding preferred stock, divided by our Company's average total common equity excluding average accumulated comprehensive income as reported in our consolidated financial statements for the relevant performance period.

Absolute RORCE Performance. If our Company's three-year average RORCE is equal to or greater than the specified maximum absolute performance level, the 2017 Performance Share award would result in vesting at maximum. If our Company's three-year average RORCE is below the threshold absolute performance level, then the award would result in no payout.

If Company RORCE is:	Then, Award % Vesting is:
Average three-year RORCE is greater than or equal to 15%	150% ⁽¹⁾ x NOL-Adjusted Target Award Number (NOL adjustment is described below)
Average three-year RORCE is less than 2%	Does not vest

Relative RORCE Performance. If our Company's three-year average RORCE is less than 15%, but equal to or greater than 2%, the 2017 Performance Share award would vest based on our Company's relative performance among the companies in the Financial Performance Peer Group.

If Company RORCE is:	Then, Award % Vesting is:
Top Quartile Ranking of 75% or more	150% ⁽¹⁾ x NOL-Adjusted Target Award Number
Second Quartile Ranking of 50% or more	100% to <150% ⁽¹⁾⁽²⁾ x NOL-Adjusted Target Award Number
Third Quartile Ranking of 25% or more	50% to <100% ⁽²⁾ x NOL-Adjusted Target Award Number
Bottom Quartile Ranking below 25%	0% to <50% ⁽²⁾ x NOL-Adjusted Target Award Number

(provided not lowest ranked)

(1) 125% for Mr. Weiss, who was not an executive officer at the time of grant.

(2) Award percentage vesting is interpolated on a straight-line basis.

Net Operating Loss Adjustment. For any year in the three-year performance period that our Company incurs a net operating loss, the target number of Performance Shares will be reduced by one-third. For purposes of the Performance Share awards, net operating loss (NOL) means a loss that results from adjusting a net loss as reported in our consolidated financial statements to eliminate the effect of the following items, each determined based on generally accepted accounting principles: (1) losses resulting from discontinued operations; (2) extraordinary losses; (3) the cumulative effect of changes in generally accepted accounting principles; and (4) any other unusual or infrequent loss that is separately identified and quantified.

Forfeiture Conditions. The HRC incorporates additional forfeiture conditions in Performance Share and RSR awards granted to our named executives to further balance risk and to reward our executives for focusing on long-term performance in a manner consistent with appropriate risk management practices and outcomes. The HRC has full discretion to cause the executives to forfeit all or a portion of unpaid Performance Share and RSR awards upon the occurrence of specified conditions, including behavior that may have caused a material financial restatement or material reputation harm to our Company, as discussed above under *Executive Accountability*.

Stock Ownership Policy. Consistent with our stock ownership policy, and as a condition to receiving Performance Share and RSR awards, each named executive has agreed to hold, while employed by our Company and for at least one year after retirement, shares of our common stock equal to at least 50% of the after-tax shares (assuming a 50% tax rate) acquired upon exercise or vesting of equity awards, up to a maximum shareholding requirement of ten times the executive's base salary. This holding restriction is intended to align our named executives' interests with our shareholders' interests over the long-term and to mitigate compensation-related risk.

RSR Award

In December 2017, the HRC awarded Mr. Weiss 14,354 RSRs with a fair market value of approximately \$850,000 in connection with the transition from his role as head of Wells Fargo Securities to his new position as Senior Executive Vice President, Wealth and Investment Management (WIM). The award will vest in three equal annual installments beginning on the first anniversary of the grant date and is subject to the forfeiture conditions described above. The award is consistent with the compensation structure for the Company's senior executives, which emphasizes long-term equity compensation that is at risk until payment. Also consistent with this compensation structure, effective August 6, 2017, following Mr. Weiss' appointment as head of WIM, the HRC increased Mr. Weiss' base salary from \$500,000 to \$1,250,000 and reduced his target incentive opportunity from 550% to 50% and his maximum incentive opportunity from 825% to 100% of base salary for the remainder of the year.

Performance Shares Outstanding During 2017

The Performance Shares granted to our named executives during 2014, 2015, and 2016 had the same absolute and relative performance measures as the 2017 Performance Shares, as described above under 2017 Long-Term Incentive Compensation. For these four Performance Share awards that our named executives had outstanding in 2017, any amounts earned are summarized below:

Performance Shares Outstanding During 2017

	2014 Performance Shares (2014-2016)			2015 Performance Shares (2015-2017)		2016 Performance Shares (2016-2018)		2017 Performance Shares (2017-2019)

For the Performance Shares granted in February 2014, the maximum payout value (150% of target for Messrs. Sloan and Carroll and Ms. Modjtabei; 125% of target for Messrs. Shrewsberry and Pelos) was earned based on the HRC's certification in February 2017 of our Company's average RORCE performance of 12.7%, which resulted in a ranking equal to or greater than the 75th percentile compared with peers. However, in February 2017, the HRC reduced the payout to 75% of target for Messrs. Sloan, Shrewsberry, and Carroll and Ms. Modjtabei, and to 100% of target for Mr. Pelos, based on the accountability of all those in senior management for the overall operational and reputation risk of our Company.

For the Performance Shares granted in February 2015, the maximum payout value (150% of target for Messrs. Sloan, Shrewsberry and Carroll and Ms. Modjtabei; 125% of target for Messrs. Pelos and Weiss) was earned based on the HRC's certification in February 2018 of our Company's average RORCE performance of 11.9%, which resulted in a ranking equal to or greater than the 75th percentile compared with peers.

The payout value for the Performance Shares granted in February 2016 and 2017 will be determined in the first quarter following the performance period, based on the HRC's certification in the first quarter of 2019 and 2020, respectively, of our Company's average RORCE against the pre-established goals, subject to downward adjustment by 1/3 for each year our Company incurs a net operating loss, and subject to forfeiture conditions, as described under Executive Accountability.

For additional information about the terms of these awards and the reduced payout for the performance shares granted in February 2014, see the CD&A discussion above, the narrative discussion following the Grants of Plan-Based Awards Table, footnotes (3) and (4) to the Outstanding Equity Awards at Fiscal Year-End Table, and our prior year proxy statements.

Executive Compensation

Performance Shares Granted in 2018

For Performance Shares granted in 2018 to our named executives, the HRC increased the required absolute RORCE performance level for payout from 2% to 5% and determined that, for an award to pay out above 125% based on the Company's RORCE, the Company's total shareholder return for the performance period must be in the top quartile of the Financial Performance Peer Group.

Other Compensation Components

RETIREMENT AND OTHER BENEFIT PROGRAMS

Our named executives are eligible for the same benefits generally available to all team members, including health, disability, and other benefits, and our Company 401(k) Plan (with a Company match and potential discretionary profit sharing contribution). Our Company matched up to 6% of eligible participants' certified compensation during 2017 and, in January 2018, the HRC authorized a discretionary profit sharing contribution of 1% of each eligible participant's certified compensation under our Company 401(k) Plan based on our Company's 2017 financial performance.

Employees hired prior to July 1, 2009 participate in our Company's qualified Cash Balance Plan, which was frozen in July 2009. Certain of our named executives, together with team members whose covered compensation exceeds Internal Revenue Code limits for qualified plans, also participated in our nonqualified Supplemental 401(k) and Supplemental Cash Balance Plans prior to those plans being frozen in July 2009. Following the freezing of the plans, our Company no longer makes additional contributions for participants in these plans, although additional investment income continues to accrue to participants' individual accounts at the rates provided for in the plans.

Named executives and certain other highly compensated team members also can participate in our Deferred Compensation Plan. Subject to IRS limitations, this plan also provides for supplemental Company matching and profit sharing contributions for any compensation deferred into the Deferred Compensation Plan by plan participants, including named executives, that otherwise would have been eligible for a matching or profit sharing contribution under our Company's 401(k) Plan.

The HRC believes these programs are similar to and competitive with those offered by our Labor Market Peer Group. We provide information about the benefits under these plans in the 2017 Pension Benefits table and 2017 Nonqualified Deferred Compensation table and related footnotes and narratives.

PERQUISITES AND OTHER COMPENSATION

The HRC has intentionally limited perquisites to executive officers. For example, we do not provide executive officer benefits for relocation-related home purchase expenses and reimbursements for financial planning services, automobile allowance, club dues, and parking. For security or business purpose, we provide a car and driver to our CEO and from time to time to certain other executives, primarily for business travel and occasionally for commuting. In addition, the HRC may from time to time approve security measures, including residential security systems and services, if determined to be in the business interests of our Company for the safety and security of our executives and other team members. In 2017, our Company paid for the cost of assessing residential security, for regular maintenance

of previously installed home security systems, and for new systems for certain of our executive officers. From time to time we may pay the cost, if any, for a named executive's spouse to attend a Wells Fargo business-related event where spousal attendance is expected or customary, including allowing an executive's spouse to travel on our corporate aircraft for a Wells Fargo business purpose.

POST-RETIREMENT ARRANGEMENTS

We do not have employment or other severance agreements with our named executives. We have a plan that provides salary continuation for team members, including named executives, who are discharged under the circumstances stated in that plan, such as following a reduction in force or other elimination of a team member's position. Mr. Carroll did not receive any salary continuation, severance payments, or retirement enhancements in connection with his separation from our Company during 2017, although he did receive payment for his accrued but unused paid time off.

Tax Considerations

Section 162(m) of the Internal Revenue Code generally limits the deductibility of compensation paid to certain executive officers in excess of \$1 million during a year. The exemption from Section 162(m)'s deduction limit for certain performance-based compensation has generally been repealed, effective for years beginning after December 31, 2017, and the group of covered executive officers has been expanded to include the chief financial officer and certain former executive officers. Therefore, compensation (including performance-based compensation) paid to covered executive officers in excess of \$1 million in calendar year 2018 and subsequent calendar years generally will not be deductible unless it qualifies for transition relief applicable to certain written binding contracts in effect on November 2, 2017 which are not modified in any material respect on or after such

Table of Contents

Executive Compensation

date. Given the uncertain scope of the transition relief and the absence of rulemaking at this time, the impact of the elimination of the performance-based compensation exemption from Section 162(m) with respect to outstanding performance awards and other pre-2018 performance incentives paid after 2017 is not yet known.

The HRC has considered the impact of Section 162(m) as well as other tax and accounting consequences when determining named executive compensation, although tax deductibility was not the primary factor used by the HRC in setting compensation and the HRC expects that Section 162(m) will become less of a factor with the repeal of the performance-based compensation exemption. The HRC sets named executive compensation in accordance with our four compensation principles and within the governance framework described in this CD&A and expects that it will grant awards and provide for compensation for named executives that will not be deductible under Section 162(m) when it determines that such arrangements are in the best interests of the Company and its shareholders.

Conclusion

The HRC believes that the 2017 compensation decisions for our named executives were consistent with our four compensation principles, reasonable, and appropriate.

COMPENSATION COMMITTEE REPORT

In its capacity as the compensation committee of our Board, the HRC has reviewed and discussed with management the CD&A that immediately precedes this report. Based on this review and these discussions, the HRC has recommended to our Board that the CD&A be included in this proxy statement and incorporated by reference in our Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

- (1) Mr. Weiss served as head of Wells Fargo Securities from 2014 until he succeeded Mr. Carroll as Senior Executive Vice President, Wealth and Investment Management, effective July 1, 2017. Mr. Carroll retired effective July 31, 2017. To comply with SEC rules, we include compensation information for Mr. Carroll, who would have been considered a named executive had he remained an executive officer as of December 31, 2017.
- (2) Effective March 5, 2017, the HRC approved a base salary increase for Mr. Shrewsberry from \$1,750,000 to \$2,000,000. Effective August 6, 2017, the HRC approved a base salary increase for Mr. Weiss from \$500,000 to \$1,250,000.
- (3) For 2017, the stock awards included in column (e) include: (i) for all named executives, the 2017 Performance Shares which are scheduled to vest, if at all, in the first quarter of 2020, subject to our achievement of certain financial performance for the three-year period ending December 31, 2019 and the awards forfeiture conditions; and (ii) for Mr. Weiss, RSRs granted on December 14, 2017, which are scheduled to vest in three equal annual installments beginning on December 15, 2018.
- (4) Under the applicable FASB ASC Topic 718 rules, the 2017 Performance Shares grant date will not be determined until after the conclusion of the performance period, and for the RSRs, until the applicable vesting date, because the HRC has the discretion to cause all or a portion of any unpaid award to be forfeited upon the occurrence of certain trigger events. As a result, the total amount reported in column (e) above represents the fair value of each of the Performance Share and RSR awards on its respective service inception date (i.e., the date the HRC approved each award), based: (i) for Performance Shares, upon the then-probable outcome of the RORCE performance condition (i.e., the target value of the awards); and (ii) for RSRs, upon the full number of shares subject to the award. See Notes 1 and 19 to our 2017 financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017, regarding assumptions underlying the valuation of these awards.

Accordingly, the amounts included in column (e) for 2017 include: (i) for the Performance Share awards, the fair value of the award on February 28, 2017, the service inception date, calculated by multiplying the target number of shares subject to the award by \$57.88, the NYSE closing price per share on that date; and (ii) for the RSRs, the fair value of the award on December 14, 2017, the service inception date, calculated by multiplying the full number of shares subject to the award by \$59.22, the NYSE closing price on December 14, 2017. The target number of Performance Shares, as reflected in the Grants of Plan-Based Awards table, is the number of shares that would be earned for achieving the absolute performance threshold and median performance relative to peers for the performance period, assuming no forfeiture pursuant to the HRC's exercise of its discretion.

Table of Contents**Executive Compensation**

- (5) The Performance Shares included in column (e) for 2017 and discussed above are subject to adjustment upward (to a maximum of 125% of the target award for Mr. Weiss and 150% of the target award for each other named executive) or downward (to zero) depending upon the achievement of certain absolute and relative performance conditions based on the average of our RORCE for the three fiscal years ending on December 31, 2017, 2018, and 2019, and subject to further downward adjustment by 1/3 in the event our Company incurs a net operating loss for any year in the three-year performance period, and subject to the HRC's discretion to cause the forfeiture of the awards.

Assuming (1) that our Company's performance during the measurement period for the 2017 Performance Share awards results in the maximum number of Performance Shares vesting, and (2) the HRC does not exercise its discretion to cause the forfeiture of the Performance Shares, the named executives would be entitled to receive the following number of Performance Shares, together with related dividend credits payable in the form of additional Performance Shares, having the related total service inception date fair value shown after his or her name:

Mr. Sloan 388,735 Performance Shares, \$22,499,982; Mr. Shrewsberry 233,242 Performance Shares, \$13,500,047; Ms. Modjtabai 207,327 Performance Shares, \$12,000,087; Mr. Pelos 129,579 Performance Shares, \$7,500,033; Mr. Weiss 58,311 Performance Shares, \$3,375,041; and Mr. Carroll 207,327 Performance Shares, \$12,000,087.

Additional information about the Performance Shares appears in our CD&A and in the Grants of Plan-Based Awards table, footnotes, and related narrative.

- (6) Amounts shown in column (f) for 2017 reflect the annual incentive awards paid or awarded in February 2018 based on 2017 performance for each named executive. A portion of Mr. Weiss' award was paid in the form of 5,837 RSRs scheduled to vest in three equal annual installments beginning on March 15, 2019. Although the RSRs were granted in 2018, they reflect compensation for 2017 performance. The amount shown for Mr. Weiss for 2017 also includes \$14,102 in investment earnings on an annual incentive award granted to him in 2014 under the Company's Long-Term Compensation Award Plan (the LTCAP) prior to his becoming a named executive. Under the terms of the LTCAP, a participant may invest an award's unvested portion in investment options that generally mirror those under our Company's 401(k) Plan. Mr. Weiss' 2014 award vested over a period of three years; \$14,102 represented the investment earnings portion of the third and last installment (\$667,301) of the 2014 award paid to him in April 2017.

As shown in column (f) for 2016, none of our named executives for whom 2016 compensation disclosure is required earned an annual incentive award. Amounts shown in column (f) for 2015 reflect the annual incentive awards paid or awarded in February 2016 based on 2015 performance.

- (7) Amounts shown in column (g) for 2017 represent the change in the actuarial present value of each named executive's pension benefits under our Cash Balance and Supplemental Cash Balance Plans from December 31, 2016. All benefits under these plans were frozen in July 2009, and no additional retirement benefit has accrued to any named executive since that date. We are required by SEC rules to show the change in the amount included in

column (g) generally using the same actuarial method and assumptions we use for financial accounting purposes to calculate the current value of a future pension benefit payout as described in footnote (2) to the Pension Benefits table below. Information about the actuarial and other assumptions used to compute the value of pension benefits for our named executives is discussed in Note 1 (Summary of Significant Accounting Policies Pension Accounting) and Note 21 (Employee Benefits and Other Expenses Pension and Postretirement Plans) to our 2017 financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017, and under 2017 Pension Benefits below, including in footnotes (2) and (3) to the 2017 Pension Benefits table. In addition to \$143,673 for the change in the actuarial present value of Mr. Carroll's pension benefits, the amount shown for Mr. Carroll also includes above-market interest earned on compensation previously deferred under certain frozen Wachovia deferred compensation plans. See footnote (8) below and the table, footnotes, and related narrative under 2017 Nonqualified Deferred Compensation for additional information regarding Mr. Carroll's deferred compensation.

- (8) Except as described below for Mr. Carroll, none of the named executives received any above-market or preferential earnings on deferred compensation for the years shown, and therefore no earnings on deferred compensation are included in column (g) pursuant to SEC rules, other than for Mr. Carroll. The amount shown for Mr. Carroll includes above-market interest of \$13,284 earned on amounts deferred by him under the Wachovia Deferred Compensation Plan I and the Wachovia Deferred Compensation Plan II (the Wachovia Deferred Compensation Plans I and II) calculated at a rate per annum equal to the prime rate averaged over four quarters plus 2%. The Wachovia Deferred Compensation Plans I and II were frozen prior to the Wachovia merger, and neither Mr. Carroll nor any other participants may make additional deferrals under, nor may any new team members participate in, these plans, although interest will continue to accrue on previously deferred amounts.
- (9) For each named executive, All Other Compensation for 2017 includes a Company matching contribution of \$16,200 under our Company's 401(k) Plan, and a profit sharing contribution made in 2018 for 2017 of \$2,700 in connection with the discretionary profit sharing contribution approved in January 2018 for all eligible participants based on our 2017 performance. The HRC has intentionally limited perquisites to our named executives; however, each of the named executives was eligible to receive the following perquisites in 2017, none of which individually exceeded the greater of \$25,000 or ten percent of the named executive's total perquisites, except as set forth below: a residential security assessment, including regular maintenance of previously installed home security systems or new systems for certain executive officers, and the cost, if any, for a named executive's spouse to attend a business-related event where spousal attendance is expected or customary. The amount shown for Mr. Sloan in column (h) for 2017 includes \$87,203 associated with the installation of and upgrades to his home security system, and the amount for Mr. Carroll includes \$48,798 which was a payment of his accrued but unused paid time off at the time of his retirement. Additionally, for security and business reasons, the Company provides Mr. Sloan with a car and driver, primarily for business travel and occasionally for commuting. Perquisites for each of our other named executives during 2017 did not exceed \$10,000 and, as a result, the amounts shown under All Other Compensation in column (h) for 2017 for each of these named executives do not include disclosure of any perquisite amounts as permitted under SEC rules. See Perquisites and Other Compensation in our CD&A for additional information.

- (1) Our Performance Policy under which we make annual incentive compensation awards to named executives is a non-equity incentive plan under SEC rules. The amounts shown in columns (d) and (e) represent the 2017 estimated future payment of awards to the named executives upon satisfaction of performance conditions established pursuant to the Performance Policy, except in the case of Mr. Sloan. The HRC did not establish a pre-determined target and maximum incentive award opportunity below the overall limit for Mr. Sloan for 2017 to retain greater discretion in determining his annual incentive award. Additional information regarding Mr. Weiss' annual incentive award appears in the narrative following this table and in our CD&A. The amount of the actual annual incentive award to each named executive for 2017 appears in column (f) of the Summary Compensation Table under Non-Equity Incentive Compensation.

- (2) The potential equity incentive plan awards shown in columns (g) and (h) represent the target and maximum number of Performance Share awards granted during 2017, with the value described in footnote (4) included in column (e) of the Summary Compensation Table. Additional information regarding the terms of these awards appears in the narrative following this table and in our CD&A.
- (3) The stock award shown in column (i) represents RSRs granted to Mr. Weiss on December 14, 2017 included in column (e) of the Summary Compensation Table and discussed in footnotes (3) and (4) to that table. Additional information regarding this award appears in the narrative following this table and in our CD&A.
- (4) Under the applicable FASB ASC Topic 718 rules, the 2017 Performance Shares grant date will not be determined until after the conclusion of the performance period, and for the RSRs, until the applicable vesting date, because the HRC has the discretion to cause all or a portion of any unpaid award to be forfeited upon the occurrence of certain trigger events. As a result, the total amount reported in column (k) above represents the fair value of each of the Performance Share and the RSR awards on its respective service inception date (i.e., the date the HRC approved each award), based: (i) for Performance Shares, upon the then-probable outcome of the RORCE performance condition (i.e., the target value of the awards); and (ii) for RSRs, upon the full number of shares subject to the award. *See* Notes 1 and 19 to our 2017 financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017, regarding assumptions underlying the valuation of these awards, and footnote (4) to the Summary Compensation Table for additional information.

ADDITIONAL INFORMATION ABOUT THE GRANTS OF PLAN-BASED AWARDS TABLE

Annual Incentive Awards

Mr. Weiss served as head of Wells Fargo Securities until July 1, 2017 when he succeeded Mr. Carroll as Senior Executive Vice President, Wealth and Investment Management. In February 2017, the HRC approved target and maximum incentive opportunities for Mr. Weiss of 550% and 825%, respectively, of his \$500,000 base salary, as shown in columns (d) and (e) above. Effective August 6, 2017, consistent with the responsibilities and compensation structure of Mr. Weiss new role, for the remainder of the year, the HRC increased his base salary to \$1,250,000 and reduced his respective target and maximum incentive opportunities to 50% and 100% of base salary.

Table of Contents**Executive Compensation****Performance Shares**

The HRC granted the named executives Performance Shares in February 2017. The potential target and maximum share amounts of these awards are shown in columns (g) and (h) in the table above. Each Performance Share represents the right to receive one share of Company common stock upon vesting, net of withholding for income taxes, and also includes the right to receive dividend equivalents in the form of additional Performance Shares. These additional Performance Shares will be distributed in shares of our common stock when and if the underlying Performance Shares vest and are distributed.

The 2017 Performance Share awards will vest after three years in the first quarter of 2020, with the target number of Performance Shares for each named executive subject to adjustment upward (to a maximum of 150% of the original target amount granted, except for Mr. Weiss' award, which has a maximum of 125% of the original target amount granted) or downward (to zero) based on our Company's RORCE performance over the three-year period ending December 31, 2019, and additional net operating loss and forfeiture conditions. Additional information about the terms of these awards appears in the CD&A and in footnotes (3), (4), and (5) to the Summary Compensation Table.

The HRC, in its discretion, may clawback or cause the forfeiture of these awards upon the occurrence of certain trigger events under our Company's clawback policies and the forfeiture provisions contained in each equity award. More information regarding these policies and provisions is provided under Executive Accountability in the CD&A.

In addition to the HRC's discretion to cause the awards' forfeiture upon certain trigger events, named executives who received an award of 2017 Performance Shares will forfeit their award if their employment terminates prior to the vesting date, other than due to death, disability, displacement, divestiture, a change-in-control of any Company affiliate that employs the named executive, or retirement. Upon the named executive's retirement prior to the vesting date for the Performance Shares, an award generally will continue to vest in accordance with its terms (subject to satisfying the RORCE and net operating loss conditions, and subject to the award's forfeiture conditions) on the scheduled vesting date, provided the executive meets certain additional vesting conditions following termination of employment through that vesting date. These additional conditions are (1) complying with the terms of an agreement with our Company regarding non-disclosure of trade secrets and other confidential information, and the non-solicitation of team members and customers, (2) complying with specified non-disparagement requirements, and (3) to the extent enforceable by our Company under applicable state law, not performing services as an officer, director, employee, consultant, or otherwise for any business which is in competition with any line of business of our Company or its affiliates for which the named executive had executive responsibilities while employed by our Company or its affiliates, and which does business in any location in the geographic footprint of our Company in which the executive had executive responsibilities. In addition, we may be required to obtain regulatory approval prior to payment of an award held by a named executive who has terminated employment with our Company. The HRC may reduce, delay vesting, revoke, cancel, or impose additional conditions and restrictions on these awards to comply with any applicable law or regulation.

RSRs

The RSRs granted to Mr. Weiss on December 14, 2017 are scheduled to vest in three equal annual installments beginning on December 15, 2018. Any unvested RSRs under this grant will forfeit upon any termination other than for death or disability. Upon Mr. Weiss' death or disability while employed by Wells Fargo, the award will immediately

vest, unless earlier forfeited in the discretion of the HRC upon the occurrence of certain trigger events.

Stock Ownership Policy

As a condition to receiving any Performance Share or RSR award, the named executives have agreed to hold, while employed by our Company and for at least one year after retirement, shares of Company common stock equal to at least 50% of the after-tax shares (assuming a 50% tax rate) acquired upon vesting of the Performance Shares or RSRs, subject to a maximum shareholding requirement of ten times the named executive's base salary.

Executive Compensation

- (2) Pursuant to the terms of the applicable stock option award agreement, if a named executive's employment with our Company is terminated for cause, the outstanding exercisable stock options shown in column (b) above will be immediately forfeited and expire upon the named executive's receipt from us of written or oral notice of termination.
- (3) The unvested units of stock shown for the named executives in column (g) represent: (1) RSRs and dividend equivalents credited in the form of additional RSRs; and (2) Performance Shares granted in 2015 and dividend equivalents credited in the form of additional Performance Shares. All unvested units of stock shown are subject to the awards' forfeiture conditions.

The Performance Shares, RSRs, and related dividend equivalents shown in the table above have the following vesting schedules:

- A. In four equal installments one-fourth of the award vested on March 15, 2015, 2016 and 2017; the indicated balance of the award will vest on March 15, 2018;
- B. In four equal installments one-fourth of the award vested on July 22, 2015, 2016, and 2017; the indicated balance of the award will vest on July 22, 2018;
- C. In three equal installments one-third of the award vested on March 15, 2016 and 2017; the indicated balance of the award will vest on March 15, 2018;
- D. In four equal installments one-fourth of the award vested on March 15, 2016 and 2017; the indicated balance of the award will vest in equal installments on March 15, 2018 and 2019;
- E. In four equal installments one-fourth of the award vested on July 28, 2016 and 2017; the indicated balance of the award will vest in equal installments on July 28, 2018 and 2019;
- F. In three equal installments one third of the award vested on March 15, 2017; the indicated balance of the award will vest in equal installments on March 15, 2018 and 2019;
- G. In three equal installments one third of each indicated award vested on March 15, 2018; the indicated balance of the award will vest in equal installments on March 15, 2019 and 2020;

H. In three equal installments one third of the award will vest on December 15, 2018, 2019 and 2020; and

I. In one installment on March 15, 2018, based on the satisfaction of applicable performance criteria certified by the HRC on March 1, 2018 for the three-year performance period ended December 31, 2017.

The 2015 Performance Shares performance period was completed on December 31, 2017. Based on our Company's relative RORCE performance, the awards vested at their maximum payout of 150% of target (other than the awards for Messrs. Pelos and Weiss, which vested at their maximum of 125% of target). The 2015 Performance Shares shown represent the actual number of shares, including dividend equivalents, payable in March 2018.

- (4) The number of shares shown in column (i) represents the maximum number, including dividend equivalents, of (a) Performance Shares granted in 2016 that will vest in full, if at all, in the first quarter of 2019 after completion of the three-year performance period ending December 31, 2018, and (b) Performance Shares granted in 2017 that will vest in full, if at all, in the first quarter of 2020 after completion of the three-year performance period ending December 31, 2019, subject to the HRC's determination that our Company has met RORCE performance criteria for the applicable three-year performance periods, as well as the net operating loss and forfeiture conditions specified in each award. The performance criteria and forfeiture conditions for the 2017 Performance Shares are discussed in our CD&A and following the Grants of Plan-Based Awards table above. As required by SEC rules, we are reporting the number of Performance Shares (including dividend equivalents, as described in footnote (5) below), at the maximum payout (150% of target, except for the 2016 Performance Share awards for Messrs. Pelos and Weiss and the 2017 Performance Share awards for Mr. Weiss, which have a maximum payout of 125% of target), based on our Company's performance through December 31, 2017.
- (5) The number of RSRs (including the 2015 Performance Shares) shown in column (g) and the number of Performance Shares shown in column (i) include dividend equivalents. These dividend equivalent RSRs and Performance Shares will vest in each case when and as the related RSR or Performance Share award vests, and were calculated based on dividends paid on our Company's common stock and the NYSE closing price per share of Company common stock on each dividend payment date. As of December 31, 2017, our named executives were credited with the following respective numbers of dividend equivalents: Mr. Sloan 16,188 RSRs (includes 2015 Performance Shares) and 25,376 Performance Shares; Mr. Shrewsberry 13,904 RSRs (includes 2015 Performance Shares) and 17,146 Performance Shares; Ms. Modjtabai 13,354 RSRs (includes 2015 Performance Shares) and 16,575 Performance Shares; Mr. Pelos 4,186 RSRs (includes 2015 Performance Shares) and 5,791 Performance Shares; Mr. Weiss 8,763 RSRs (includes 2015 Performance Shares) and 4,887 Performance Shares; and Mr. Carroll 13,370 RSRs (includes 2015 Performance Shares) and 16,575 Performance Shares.

- (1) For purposes of column (c), the value realized on exercise of an option means the amount equal to the difference between the option exercise price and the NYSE closing share price of our common stock on each applicable date of exercise, times the number of options exercised.
- (2) The number of shares shown in column (d) represents Performance Share awards and RSRs and related dividend equivalents in the form of additional Performance Shares and RSRs, respectively, that vested on various dates during 2017. The value realized upon the vesting of these Performance Share awards and RSRs and related dividend equivalents is equal to the number of shares vested, times the NYSE closing share price of our common stock on each applicable vesting date.

(1) Effective July 1, 2009, we froze the Wells Fargo Cash Balance Plan (the Cash Balance Plan) and the Wells Fargo Supplemental Cash Balance Plan (the Supplemental Cash Balance Plan) (together with the Cash Balance Plan, the Combined Plans). Also effective July 1, 2009, we froze and merged the Wachovia Corporation Pension Plan (the Wachovia Pension Plan), in which Messrs. Weiss and Carroll participated, into the Cash Balance Plan. As the result of these actions: (1) no additional benefits other than investment credits have or will accrue under the Combined Plans and the Wachovia Pension Plan, as discussed in the narrative following the table; (2) the years of credited service for all plans were also frozen; and (3) for Messrs. Weiss and Carroll, all benefits accrued for their accounts under the Wachovia Pension Plan will be paid under the Cash Balance Plan.

- (2) The amounts shown in column (d) are determined as of December 31, 2017 and represent the present value of the named executives' respective accrued retirement benefits under the Combined Plans as of December 31, 2017, discounted to that date using the same assumptions and accounting policies (ASC 715) that we used to compute our benefit obligations under these plans and arrangements in our financial statements, except that (1) we made no assumption for death or termination of employment of named executives prior to normal retirement age, and (2) we used the normal retirement age under the terms of the Combined Plans applicable to each named executive, as follows: age 65 for Messrs. Sloan, Shrewsberry, Pelos, and Weiss, and Ms. Modjtabai. A description of the accounting policies, actuarial, and other assumptions we used to compute these benefits, except as noted above, can be found under Note 1 (Summary of Significant Accounting Policies – Pension Accounting) and Note 21 (Employee Benefits and Other Expenses – Pension and Postretirement Plans) to our 2017 financial statements. See also the information under footnote (7) to the Summary Compensation Table.

Additional information about the retirement benefits payable to Mr. Carroll appears in footnote (3) below.

- (3) Mr. Carroll retired effective July 31, 2017. Mr. Carroll's received a distribution of his retirement benefits based on the value of his account balance under the qualified Cash Balance Plan as shown in the above table as a lump sum distribution of \$1,150,008 on August 1, 2017.

DESCRIPTION OF PENSION PLANS

Cash Balance Plan and Supplemental Cash Balance Plan

Our named executives, except as described below for Messrs. Weiss and Carroll, were eligible to participate in the Combined Plans until they were frozen on July 1, 2009. As a result of this freeze, and except for investment credits as described below, no additional retirement benefits or additional years of credited service have accrued for our named executives since this date. Messrs. Weiss and Carroll participated in the Wachovia Pension Plan until it was frozen and merged into the Cash Balance Plan, also effective July 1, 2009. As the result of this merger, all benefits accrued by Messrs. Weiss and Carroll under the Wachovia Pension Plan were also frozen. No additional benefits have accrued to their accounts since that date, other than interest credits.

Table of Contents**Executive Compensation**

as described below. Mr. Carroll's benefits upon his retirement effective July 31, 2017 were paid to him from the Cash Balance Plan as a lump sum in the amount of \$1,150,008 on August 1, 2017. The Cash Balance Plan is a defined benefit pension plan intended to qualify under the Internal Revenue Code (IRC) and comply with the Employee Retirement Income Security Act of 1974, as amended (ERISA). Under the Cash Balance Plan, pension benefits generally are determined by the value of the team member's vested cash balance account. Prior to the freeze of the Cash Balance Plan, we credited a team member's account with compensation credits and investment credits each quarter, based on a percentage of the team member's certified compensation, as defined in the Cash Balance Plan, for the quarter, calculated using the team member's age and years of credited service as of the end of each quarter. Since the freeze of the Cash Balance Plan, a team member's account no longer receives compensation credits.

As permitted by ERISA and the IRC, team members who participated in the Cash Balance Plan whose benefits under the Cash Balance Plan were limited due to IRC imposed limits or whose benefits were limited because they chose to defer a portion of their compensation into the Deferred Compensation Plan (as defined below), also participated in the Supplemental Cash Balance Plan. The Supplemental Cash Balance Plan is an unfunded, nonqualified deferred compensation plan subject to IRC Section 409A. Under the Supplemental Cash Balance Plan, participants also received compensation and investment credits to their plan accounts, determined by points assigned to each team member at the end of each year based on years of service and age.

We continue to credit each account, on the last day of each quarter, with investment credits. For 2017, we determined each quarterly investment credit by multiplying the amount of the account balance at the beginning of the quarter by 25% of an average of 30-year U.S. Treasury bond rates (adjusted quarterly). Under the Cash Balance Plan, the investment credit for each calendar quarter beginning on or after January 1, 2009 is required to be not less than 25% of 2.83%. The minimum rate does not apply to the Supplemental Cash Balance Plan. Under the terms by which the Wachovia Pension Plan was merged into the Cash Balance Plan, Messrs. Weiss and Carroll's accounts receive interest credits based on the yield on 10-year U.S. Treasury Constant Maturities.

Normal retirement age under the Combined Plans is defined as age 65. We pay the value of the team member's account balance under the Cash Balance Plan at any time after termination of employment in either a lump sum or an actuarially equivalent monthly annuity as the team member elects. We pay the value of a team member's account balance in the Supplemental Cash Balance Plan in either a lump sum or an actuarially equivalent monthly annuity in the year following the team member's separation from service as defined in the Supplemental Cash Balance Plan and IRC Section 409A. Pursuant to IRC Section 409A and the terms of the Cash Balance Plan, all team members who were participants in the Supplemental Cash Balance Plan made an irrevocable election as to the form of distribution (lump sum or monthly annuity) prior to December 31, 2008. If no such election was made, the Cash Balance Plan provides for a lump sum distribution of benefits. Mr. Sloan irrevocably elected to receive his benefit as an annuity and Ms. Modjtabai irrevocably elected to receive her benefit as a lump sum. Messrs. Shrewsbury and Pelos made no elections, and thus will receive their respective benefits as lump sum distributions. Mr. Weiss does not, and Mr. Carroll did not participate in the Supplemental Cash Balance Plan.

- (1) None of the earnings shown in column (d) for Messrs. Sloan, Shrewsberry, Pelos or Weiss, or for Ms. Modjtabai have been included in the Summary Compensation Table because none are preferential or above-market. As discussed in footnotes (7) and (8) to the Summary Compensation Table, \$13,284 of the earnings shown for Mr. Carroll in column (d) above represents earnings on deferred compensation under the frozen Wachovia Deferred Compensation Plans discussed below at an interest rate (the prime rate averaged over four quarters plus 2%) that may be deemed preferential or above-market. As required by SEC rules, this amount has been included

for Mr. Carroll in column (g) to the Summary Compensation Table.

- (2) The Wells Fargo Supplemental 401(k) Plan (the Supplemental 401(k) Plan), frozen effective July 1, 2009, allowed only employer contributions. All employer contributions allocated to the Supplemental 401(k) Plan accounts are treated as if invested in our common stock and can be paid only in the form of shares of our common stock. Distributions of these shares will be made in either a lump sum or annual installments payable over ten or fewer years as elected by the named executive prior to December 31, 2008. If a named executive elects installment distribution, all shares remaining in his or her account will earn dividends (which will be credited to the CD Investment Option described below, unless the executive elects to have such dividends reinvested in the form of additional shares) at the same rate as all other Company common shareholders.
- (3) Amounts earned as salary or cash incentive and deferred by those named executives who participated in the Wells Fargo Deferred Compensation Plan (the Deferred Compensation Plan), the Wachovia Elective Deferral Plan, the Wachovia Deferred Compensation Plans I and II (together with the Wachovia Elective Deferral Plan, the Wachovia Elective Deferral and Deferred Compensation Plans), or the Wachovia Savings Restoration Plan are included in column (f), and have been disclosed in the Summary Compensation Table and related footnotes in our proxy statements for each prior year in which we included the named executive. Earnings on these amounts for named executives other than Mr. Carroll were not considered preferential as discussed in footnote (1), and therefore not disclosed. Amounts included for Mr. Carroll for years prior to 2008 were included in Wachovia Corporation proxy statements. The aggregate amount of (i) all salary and cash annual incentive compensation awards deferred under the Deferred Compensation Plan and (ii) contributions credited under the Supplemental 401(k) Plan until the plan was frozen on July 1, 2009, that we disclosed for Mr. Shrewsberry in Summary Compensation Tables in prior years proxy statements, and the years in which he appeared in those prior proxy statements, was \$2,658,667 in cash annual incentive award deferrals (2014-2017).

Table of Contents**Executive Compensation**

The number of shares of our common stock credited to the Supplemental 401(k) Plan account for each named executive as of December 31, 2017 is:

Name	Common Stock Share Credits
Sloan	42,234
Shrewsberry	10,316
Modjtabai	16,454
Pelos	7,610

We calculated these common stock share credits for each named executive by dividing the Supplemental 401(k) Plan account balance on December 31, 2017, less any dividends earned and credited to the CD Investment Option, by \$60.67, the closing price of our common stock on December 29, 2017, the most recent preceding trading day.

DESCRIPTION OF NONQUALIFIED DEFERRED COMPENSATION PLANS**Deferred Compensation Plan**

Each of our named executives is eligible to participate in the Deferred Compensation Plan. The Deferred Compensation Plan is an unfunded, nonqualified deferred compensation plan subject to IRC Section 409A. The Deferred Compensation Plan allows certain members of management and highly compensated team members to defer the receipt of compensation that would otherwise be paid to them currently until a future year or years selected by the team member. For 2017, compensation eligible for deferral includes salaries, incentives, commissions, and bonuses earned during 2017 and payable no later than March 15, 2018, subject to any limitations on the compensation amount or type determined by the plan administrator. The Deferred Compensation Plan also provides for supplemental Company matching contributions and supplemental Company discretionary profit sharing contributions related to any compensation deferred by a plan participant, including named executives, that would have been eligible (up to certain IRS limits) but for this deferral for a matching contribution or discretionary profit sharing contribution under the 401(k) Plan.

The Deferred Compensation Plan currently offers three broad categories of earnings options, which generally mirror the investment options offered in the 401(k) Plan. Information about each such option offered under the Deferred Compensation Plan, including its potential earnings return, appears below. A team member may allocate deferred compensation among the earnings options in increments of 1% and may elect to reallocate his or her deferral account as of each business day. However, any deferral amounts allocated to the common stock option are required to remain in the common stock option and may not be reallocated.

CD Investment Option. Under the CD investment option, deferred compensation will earn the same return as if it were a \$10,000 certificate of deposit with a maturity of one year sold by the Bank available in Minnesota. The rate offered in 2017 for the CD investment option was 0.05%.

Funds Investment Option. Under the funds investment option, deferred compensation will earn the same return as if invested in one of the funds investment options selected by the participant and shown in the table below. This table shows the funds investment options available to plan participants during 2017, and the total return for each fund listed in the table. Total return is calculated by taking the change in net asset value of a fund, reinvesting all income and capital gains or other distributions during the indicated calendar year, and dividing the result by the starting net asset value. Total return does not reflect sales charges (if applicable), but does account for management, administrative and Rule 12b-1 fees, as well as other costs that are automatically deducted from fund assets.

Common Stock Investment Option. Under the Company common stock investment option, deferred compensation will earn the same return as if invested in our common stock, including reinvestment of dividends. The reported high, low and closing sales prices per share of our common stock and the cash dividend paid per share for each quarter during 2017 is shown in the table below.

	High Price	Low Price	Closing Price	Dividend
First Quarter	\$ 59.99	\$ 53.35	\$ 55.66	\$ 0.380

Upon withdrawal, account balances allocated to the common stock option are distributed in shares of our common stock, and account balances allocated to the other earnings options are paid in cash.

A team member electing to defer compensation selects the year the distribution is to begin and the method of the distribution either lump sum or annual installments over no more than ten years. A team member may not make an early withdrawal of any portion of a deferral account for amounts deferred for 2004 or later, but may withdraw all or a portion of a deferral account for amounts deferred on or after January 1, 2013 due to an unforeseen emergency, as defined in the Deferred Compensation Plan. Early withdrawal of amounts deferred for 2003 or earlier are governed by the terms of the Deferred Compensation Plan in effect at the time of the deferral.

Once selected, the team member cannot change the method of distribution, but may elect one time to re-defer a distribution to a year that is at least five years after the date originally selected if it relates to a deferral for 2005 or later, or at least three years after the date originally selected if it relates to a deferral for 2004 or earlier. Distributions will begin in March of the year selected by the team member. The Deferred Compensation Plan specifies certain timing for distributions after a separation from service, as defined in the plan and IRC Section 409A, depending on whether the separation from service occurs before or after

the originally scheduled distribution date, and also provides for distribution of deferred plan account balances to a team member's beneficiaries upon death.

Supplemental 401(k) Plan

Our named executives, except Messrs. Weiss and Carroll, were eligible for, and were automatically enrolled in, the Supplemental 401(k) Plan until it was frozen on July 1, 2009. The Supplemental 401(k) Plan is an unfunded, nonqualified deferred compensation plan subject to IRC Section 409A and designed to restore certain benefits lost under the Wells Fargo 401(k) Plan due to IRC-imposed limits on contributions and/or eligible compensation. Prior to the freeze, the Supplemental 401(k) Plan provided for Company contributions equal to the team member's deferral election in the Wells Fargo 401(k) Plan as of January 1 for the relevant year up to 6% of certified compensation, as defined in the Wells Fargo 401(k) Plan. No team member contributions were accepted in the Supplemental 401(k) Plan.

Supplemental 401(k) Plan account contributions are treated as if invested in our common stock, and are credited to reflect dividends paid. Prior to January 1, 2015, all dividend allocations were treated as if reinvested in our common stock; after January 1, 2015, dividend allocations are credited to the CD investment option unless the team member elects before the dividend payment date to have the dividend treated as if reinvested in our common stock. Information regarding the CD investment option and our common stock, including the applicable dividend rate per share is shown under *Deferred Compensation Plan* above. We will distribute a team member's vested Supplemental 401(k) Plan account balance following a separation in service as defined in the plan, either in a lump sum or in installments as previously elected by the team member, in the form of (a) shares of our common stock, with cash for any fractional shares and for dividend allocations after January 1, 2015, or (b) cash, depending on the investment allocations (common stock or the CD investment option) made by the team member.

Wachovia Elective Deferral and Deferred Compensation Plans; Wachovia Savings Restoration Plan

As former Wachovia executives, Messrs. Weiss and Carroll were eligible to participate in the following deferred compensation plans: Mr. Weiss in the Wachovia Elective Deferral Plan; Mr. Carroll in the Wachovia Deferred Compensation Plans I and II; and Messrs. Weiss and Carroll in the Wachovia Savings Restoration Plan. Participation in these plans was frozen and contributions ceased for the Wachovia Elective Deferral Plan, effective December 31, 2008, and for the Wachovia Deferred Compensation Plans I and II, and the Wachovia Savings Restoration Plan, effective December 31, 2001 and 2007, respectively.

The Wachovia Elective Deferral Plan was an unfunded, nonqualified deferred compensation plan that allowed certain highly compensated team members to defer base salary and/or incentive payments on a pre-tax basis until a future date elected by the participant, subject to a minimum 5-year deferral period, and earlier distribution upon the participant's retirement, death, disability or separation from service. The terms of the plan required the participant to irrevocably elect the form of payment (either in installments or in a lump sum), and permitted early withdrawal of account balances in the case of an emergency resulting in severe financial hardship. The participant was entitled to invest all or a portion of the deferral account in one or more investment options available under the plan, as elected by the participant, and to receive the earnings on the deferred amounts, based on those investment elections on a pre-tax basis, subject to income tax withholding, upon the distribution of the deferral account. In addition, a participant's salary deferral amount was subject to a company match in certain circumstances.

The Wachovia Deferred Compensation Plans I and II were unfunded, nonqualified deferred compensation plans that allowed certain highly compensated and management team members to defer base salary and/or incentive payments until a future date (generally retirement, death, or separation from service). Participants' account balances are credited on December 31 each year with a rate of interest equal to the average of the Prime Rate over four quarters plus 2%. These plans specify the form and term of payment for participants' account balances (depending on the plan, either in installments or in a lump sum) and permit early withdrawal of account balances in certain circumstances, including periodic early voluntary withdrawals (subject to a 6% early withdrawal penalty) and in the case of an emergency resulting in severe financial hardship.

The Wachovia Savings Restoration Plan is a frozen, unfunded, nonqualified deferred compensation plan that previously provided for pre-tax deferral contributions to restore Wells Fargo 401(k) plan contributions beyond the IRS qualified plan contribution limitations. Team members with an annual base salary greater than IRC annual covered compensation limits were eligible to participate and could elect to contribute up to 30% of base salary. Wachovia matched participants' contributions on a dollar for dollar basis up to 6% of base salary. Participants direct, and may re-allocate daily, their deferred balances among investment index benchmarks that generally mirror those offered in the Wells Fargo 401(k) Plan. Participants elected, at the time they

joined the plan, the timing of the payment of their account balances (on or after five years of participation, or the earlier of separation or retirement), as well as the form and term of payment of their accounts (lump sum or ten annual installments), and may petition for, and receive an early distribution of, their account balances in the event of an emergency causing severe financial hardship in accordance with IRC Section 409A.

Potential Post-Employment Payments

We do not have employment or other severance agreements with our named executives. Mr. Carroll, who retired effective July 31, 2017, was not paid severance and did not receive any retirement enhancements in connection with his separation from our Company, but will continue to vest on schedule in outstanding Performance Shares and RSRs, valued at \$27,774,166 and \$7,464,311, respectively, based on the closing price of our common stock on December 29, 2017, the last trading day of 2017, of \$60.67 for a total of \$35,238,477.

The table below shows estimated post-employment payments for our named executives serving as of December 31, 2017, assuming they had terminated employment on that day. To estimate the payment amounts for each named executive, we used the closing price of our common stock on December 29, 2017, the last trading day of 2017, of \$60.67.

The following items are not included in the table below:

Retirement benefits under our Cash Balance Plan and Supplemental Cash Balance Plan, which are described above under 2017 Pension Benefits.

Distributions of balances under our deferred compensation plans and Supplemental 401(k) Plan, which balances are shown in the Nonqualified Deferred Compensation table above.

Payments and benefits provided on a non-discriminatory basis to team members upon termination of employment. These include accrued salary and accrued but unused paid time off, severance payments under our Salary Continuation Pay Plan, distributions of plan balances under our 401(k) Plan, and welfare benefits provided to all retirees, including access to unsubsidized retiree medical insurance.

Retiree medical insurance subsidies, which are available to certain of our team members based on their service histories with Wells Fargo or legacy organizations. The estimated value of these retiree medical insurance subsidies are as follows: Mr. Sloan \$46,136 and Mr. Pelos \$78,911, based on the following assumptions: (a) each named executive retired and began receiving benefits on December 31, 2017 and elected to cover his spouse; (b) a discount rate of 3.55%; and (c) the same assumptions used for our 2017 year-end financial disclosures.

(1) The amounts in the table represent potential payments to each named executive, other than Mr. Carroll, based on a termination assumed to occur on December 31, 2017.

None of the outstanding equity awards granted under the LTICP have automatic single trigger vesting upon an acquisition of our Company or major Board changes.

Generally, unvested Performance Shares and RSRs are treated as follows upon termination of employment:

Reason for Termination	Impact on Vesting
Death	Immediate vesting of Performance Shares (at target, unless the final number earned is determinable because the termination occurs after the end of the performance period), subject to forfeiture provisions

Disability or involuntary due to displacement, divestiture, or an affiliate change in control	Immediate vesting of RSRs, subject to forfeiture provisions Continued vesting on schedule of Performance Shares, subject to (i) RORCE and net operating loss performance, (ii) forfeiture provisions, and (iii) compliance with covenants. Covenants may include (a) non-competition, (b) non-solicitation of team members and customers, (c) non-disclosure of trade secrets and other confidential information, and (d) non-disparagement, subject to applicable laws and regulations
Retirement (unless terminated for cause)	Immediate vesting of RSRs, subject to forfeiture provisions Continued vesting on schedule of Performance Shares, subject to RORCE performance, forfeiture provisions, and compliance with covenants noted above
Other voluntary or involuntary termination (if not retirement eligible)	Continued vesting on schedule of RSRs, subject to forfeiture provisions Performance Shares and RSRs forfeit immediately

Table of Contents**Executive Compensation**

The RSR award granted to Mr. Weiss in December 2017 will (i) vest immediately, subject to forfeiture provisions, upon death or disability and (ii) forfeit upon any termination other than death or disability. In the event of a termination by Mr. Weiss as a result of disability, Mr. Weiss would be eligible to receive \$7,710,915 in RSRs and \$8,091,241 in Performance Share awards for a total of \$15,802,156.

See Executive Accountability in our CD&A for a description of our equity award forfeiture provisions and clawback policies.

- (2) The value shown in the table for the RSRs and for the 2015 Performance Shares, for which the performance period was completed on December 31, 2017, includes the value as reflected in the Outstanding Equity Awards at Fiscal Year-End table. For the 2016 and 2017 Performance Shares, (i) for death, awards are valued at target pursuant to the terms of the applicable award agreements; and (ii) for disability, certain involuntary terminations, or voluntary retirement, awards are valued at the maximum level of performance achievement as of December 31, 2017. However, because the applicable performance period for each of these awards has not yet been completed, the actual number of 2016 and 2017 Performance Shares earned will depend on our Company's relative level of RORCE performance over the performance period for each award and the satisfaction of the net operating loss performance condition. Each award may also be credited additional dividend equivalents, as described in the Outstanding Equity Awards at Fiscal Year-End table.
- (3) Under the LTICP, certain involuntary terminations include terminations due to displacement and receipt of a lump sum severance benefit, placement on a leave that results in receipt of severance benefits, or a termination associated with an affiliate change in control. Under the LTICP, retirement generally occurs when a named executive has reached the earliest of (a) age 55 with ten completed years of service, (b) 80 points (with one point credited for each completed age year and one point credited for each completed year of service); or (c) age 65. As of December 31, 2017, each of our named executives, other than Messrs. Shrewsberry and Pelos, met this definition of retirement. Because the RSR award granted to Mr. Weiss in December 2017 will (i) vest immediately, subject to forfeiture provisions, upon death or disability and (ii) be forfeited upon any termination other than death or disability, in the event of a termination by Mr. Weiss as a result of an involuntary termination or retirement, Mr. Weiss would be eligible to receive \$6,840,058 in RSRs and \$8,091,241 in Performance Share awards for a total of \$14,931,299.
