### **Item 2.05 Costs Associated with Exit or Disposal Activities**

On April 3, 2018, the Board of Directors of Sally Beauty Holdings, Inc. (the Company) approved a cost reduction plan designed to help fund important long-term growth initiatives. This program will entail strategic cost savings initiatives, including headcount reductions, primarily at the Company's corporate headquarters in Denton, Texas, which represent an expansion of the restructuring plan announced this past November (2018 Restructuring Plan) and reflects the Company's continued focus on streamlining operations and improving efficiencies in order to drive long-term profitable growth.

The new organizational efficiency actions are expected to generate annualized benefits in the range of \$14 million to \$15 million, with benefits in fiscal year 2018 in the range of \$6 million to \$7 million. The Company intends to reinvest these benefits to support long-term growth initiatives. It is expected that the other cost savings initiatives will generate further substantial benefits as the strategies are finalized and implemented over the balance of the current fiscal year and beyond. The charges to be incurred in connection with this plan in fiscal 2018, consisting primarily of employee separation costs and the cost of third party consultants, are expected to be in the range of \$15 million to \$16 million.

The restructuring actions disclosed earlier this fiscal year (focused primarily on the Company's international operations) are still expected to generate annualized benefits in the range of \$12 million to \$14 million, with approximately \$8 million realized in fiscal year 2018. Total restructuring charges related to the 2018 Restructuring Plan, including the international restructuring initiatives previously disclosed, are now expected in the range of \$28 million to \$30 million, the majority of which are expected to be recorded in the current fiscal year, including approximately \$6 million that was recorded in the Company's fiscal first quarter ended December 31, 2017.

The Company's cost reduction plan and long-term growth strategy are described in the news release attached hereto as Exhibit 99.1.
