REPORT ON REVIEW BY INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT

To the Board of Directors Force Protection, Inc. and Subsidiary

We have reviewed the accompanying consolidated balance sheet of Force Protection, Inc., and Subsidiary (formerly known Sonic Jet Performance, Inc.) as of June 30, 2004 and the related statements of consolidated operations for the three and six months ended June 30, 2004 and 2003 and cash flows for the six months ended June 30, 2004 and 2003 included in the accompanying Securities and Exchange Commission Form 10-QSB for the period ended June 30, 2004. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States and standards of PCAOB, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States.

We have previously audited, in accordance with auditing standards generally accepted in the United States, the balance sheet as of December 31, 2003, and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended (not presented herein). In our report dated March 2, 2004, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying balance sheet as of June 30, 2004 is fairly stated in all material respects in relation to the balance sheet from which it has been derived.
