Yes No

If "Yes" is marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b): 82- _____.

BRASKEM ACQUIRES SUNOCO CHEMICALS IN THE UNITED STATES

The acquisition of Sunoco's polypropylene business for US\$350 million initiates the Company's operations in the U.S. market

São Paulo, Brazil, February 1, 2010 **BRASKEM S.A.** (BOVESPA: BRKM3, BRKM5 and BRKM6; NYSE: BAK; LATIBEX: XBRK), the leading resin producer in the Americas announced that it has signed an agreement with Sunoco, Inc. (Sunoco), an U.S.-based oil company, for the acquisition by Braskem of the polypropylene (PP) business of Sunoco Chemicals, Inc. (Sunoco Chemicals). Sunoco will receive US\$350 million for the shares in Sunoco Chemicals (only PP assets), upon closing, within 60 days. This transaction represents an important step in Braskem's international expansion process.

Sunoco Chemicals has annual production capacity of 950,000 tons of polypropylene. The company headquarters is located in Philadelphia, PA, and Sunoco Chemicals has three plants located at La Porte, TX, Marcus Hook, PA, and Neal, WV, which account for approximately 13% of installed U.S. polypropylene production capacity.

The acquisition of Sunoco Chemicals provides Braskem with a solid and competitive platform for growth in the world's biggest market, which will complement its ongoing internationalization strategy through important greenfield projects under development in Mexico, Venezuela and Peru, said Braskem's CEO Bernardo Gradin.

In addition to Sunoco's industrial units, the acquisition also includes a technology and development center in Pittsburgh, PA, which will play an essential role for Braskem in continuing to provide support for clients in product and market development and technical assistance services.

Braskem expects to leverage this industrial and commercial base to complete potential acquisitions or strategic alliances in the future and expand its presence in the U.S. market and its leadership role as the largest resin producer in the Americas, aiming to achieve its objective to become one of the 5 largest petrochemical companies worldwide.

In this acquisition, Braskem had 2 financial advisors: JP Morgan and Blackstone.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
