A. Proposed Long-Term Incentive Plan – Stock Purchase Option

STOCK-BASED COMPENSATION PLAN

ANNEX 13 TO CVM INSTRUCTION Nº 481/09

1. Provide copy of the proposed plan

Enclosed herewith is a copy of the proposed Long-Term Incentive Plan – Stock Purchase Option (“Plan”) (Annex I).

2. Inform the main details of the proposed plan, identifying:

a. Potential beneficiaries

The Vice-Presidents and Directors of the Company or of its controlled companies, as applicable, may be elected as beneficiaries of options to be granted thereto for purchase of preferred shares issued by the Company (“Option” and “Shares”), as selected by the Company’s Internal Evaluation Committee, which selection shall be approved by the Company’s Personnel Management and Corporate Governance Committee (“Committee”)(“Beneficiaries”).

b. Maximum number of options to be granted

The Options granted under the Plan added to the Awards (rights to receive preferred shares issued by the Company under the Restricted Shares Plan, as defined below) granted under the terms of the Long-Term Incentive Plan – Gol’s Restricted Shares Plan, approved by the Special Shareholders’ Meeting of the Company to be held on October 19, 2012 (“Restricted Shares

Plan”), may confer rights on a certain number of shares not to exceed, at any time whatsoever, five percent (5%) of the shares issued by the Company. In case the granted Options are not exercised, the shares to which they refer shall not be once again computed in the number of shares included in the Plan.

c. Maximum number of shares covered by the plan

See item 2.b above.

d. Purchase conditions

Each Option entitles the Beneficiary to purchase one (1) Share, subject to the terms and conditions set forth in the respective Instrument of Adhesion (private instrument entered into between the Company and the Beneficiary, under which the Beneficiary will adhere to the terms and conditions of the Plan).

The Internal Evaluation Committee shall, either annually or whenever deemed by it to be convenient and as approved by the Committee, provide for criteria for Options to be granted to each category of Beneficiary, in order to achieve the Plan’s goals. Save as otherwise provided for by the Committee or by the Board of Directors, the Option granting criteria shall stipulate the following, with due regard to the general criteria set forth in the Plan:

- (i) the total maximum number of Options to be granted to the Beneficiaries, for each fiscal year;
- (ii) the Beneficiaries on whose behalf Options will be granted under the Plan;
- (iii) calculation of the Option exercise price and payment terms thereof;
- (iv) any restrictions other than those provided for in the Plan applicable to the shares subscribed upon exercising the Options; and
- (v) eventual penalties.

In addition to the general terms and conditions provided for in the Plan and in the Option granting criteria, the terms and conditions of each Option granted to each Beneficiary shall be set forth in Instruments of Adhesion to be entered into between the Company and the Beneficiaries.

The Committee, with due approval by the Board of Directors, may subordinate the exercise of the Option to certain conditions, as well as impose restrictions on the transfer of the Shares purchased through the exercise of the Options, and may also grant to the Company repurchase options and/or the right of first refusal in case of sale of these same Shares by the Beneficiary.

e. Detailed criteria for calculating the exercise price

The exercise price of the Options shall be calculated based on the average price, weighted by volume, of the shares of the same kind recorded in the sixty (60) trading sessions prior to the Granting Date, which is the date on which the Board of Directors shall determine the number of Options to be granted to the Beneficiaries.

The exercise price shall be paid by the Option holders in cash, in money or, exceptionally, under other terms as may be determined by the Committee, with due regard to the minimum realization provided for in the law in case of issuance of new shares.

f. Criteria for establishing the exercise period

Without prejudice to the other terms and conditions set forth in the respective Instruments of Adhesion, the Options shall be vested for exercise for the period from the Granting Date until the dates specified below, as follows:

- (i) twenty percent (20%) of the Options may be exercised after the 1st anniversary of the Granting Date;
 - (ii) thirty percent (30%) of the Options may be exercised after the 2nd anniversary of the Granting Date; and
 - (iii) fifty percent (50%) of the Options may be exercised after the 3rd anniversary of the Granting Date.
-

The exercise of all the granted Options shall not be permitted until after a minimum period of three (3) years has elapsed from the Granting Date.

The Plan will become effective upon approval by the General Shareholders' Meeting of the Company and shall remain in effect for a period of ten (10) years counted from the Granting Date.

g. Settlement of options

The Options shall be settled by delivery of Shares from the Company to the Beneficiaries. In order to meet the exercise of the Options under the terms of the Plan, the Company may, at the Board of Directors' discretion, either issue new shares up to the limit of the authorized capital stock or dispose of treasury shares.

h. Criteria and events which, if occurred, will give rise to suspension, change or termination of the plan

Change to the Plan: it shall be solely incumbent upon the General Shareholders' Meeting of the Company to change the Plan, as well as to create new performance or incentive plans backed on option granting. Further, any material legal change regarding regulations of joint-stock companies, publicly-held companies, labor laws and/or tax effects of a stock purchase plan, may give rise to full review of the Plan, which review will be submitted to the Shareholders' Meeting.

Termination of the Plan: the Plan shall be terminated, at any time, by decision of the General Shareholders' Meeting of Gol, or upon the occurrence of the following events:

- (i) reorganization of the Company, as defined below;
- (ii) dissolution or liquidation of the Company;
- (iii) deregistration of the Company as a publicly-held company;

(iv) termination of its term; or

(v) shareholders' resolution to the effect of terminating the Plan.

Reorganization of the Company means: incorporation, merger, spin-off or reorganization of Gol, in which the surviving company is not Gol or a Gol group company, or the substantial sale of all the Company's assets, or the transfer of the Company's share control.

No suspension of the Plan is expected.

3. Justify the proposed plan, by explaining:

a. The main goals of the plan

The Plan's goals are to allow persons who may be elected as Beneficiaries ("Eligible Persons") to purchase Shares with a view to: (a) stimulate the expansion, success and achievement of the corporate goals of the Company; (b) to align the interests of the Company's shareholders to those of the Eligible Persons; and (c) to allow the Company or other of its controlled companies to attract and keep the Eligible Persons bound thereby.

b. How the plan contributes to such goals

The Plan consists in the granting of Options for purchase of Shares, with due regard to the applicable rules, as pre-established in the Plan, in relation to the exercise price of the Options and to the periods for exercise thereof. In order to contribute to the Plan's goals described in item 3.a above, the Plan provides for (i) grace periods for the exercise of the Options and (ii) that, in case the Beneficiaries withdraw themselves from the Company or a controlled company, as applicable, for any reason whatsoever, all the Options granted thereto and not yet vested at the withdrawal date shall be forthwith terminated by operation of law, regardless of prior notice or indemnity. Further, Plan Beneficiaries' gains, upon exercising the Options, are directly related (i) to the appreciation of the shares issued by the Company and owned by the Beneficiaries, after the granting of the Options and (ii) to the Beneficiaries remaining in their offices, it being certain that both situations stimulate the Beneficiary to act towards obtaining the expansion and success of the Company.

c. How the plan is inserted in the company's compensation policy

The Plan is inserted in the Company's Long-Term Compensation Policy, described in item 13.1 of its Reference Form. As already mentioned in the referred item of the Reference Form, the Company's Long-Term Incentive Program was submitted to a review, which resulted in the proposal for the Plan, as well as in the Restricted Shares Plan, as presented herein. The options granted during the term of the previous plan shall continue in force and shall be regulated by the plan in effect at the time of the granting thereof.

d. How the plan aligns the beneficiaries' and the company's interests at short, medium and long term

At short term, the Plan aligns the Beneficiaries' interests to the Company's interests by means of the unfolding of the individual objectives of the Company's annual goals. Further, the Plan strongly link the Beneficiary's individual performance to the Company's goals, once the Beneficiaries are entitled to an additional incentive for implementing medium and long term actions with a view to add value to the Company and which will be, therefore, reflected on the appreciation, on the market, of the shares issued by the Company and owned by the Beneficiary. In addition, the Plan is a strong talent attraction and retention tool in the Company.

4. Stimulating the company's expenses arising out of the plan, according to the accounting rules applicable thereto

The amount of the estimated expenses of the stock purchase option plan, in accordance with the CPC 10 R1 approved by Resolution no. 650 of the CVM, dated December 16, 2010, which deals with stock-based compensation, is of two million, two hundred and forty-eight thousand, five hundred and seventy-three reais (R\$ 2,248,573.00), being: one million, two hundred and twenty-three thousand, one hundred and eighty-three reais (R\$ 1,223,183.00) in 2012, six hundred and eighty-nine thousand, eight hundred and forty-eight reais (R\$ 689,848.00) in 2013, and three hundred and thirty-five thousand, five hundred and forty-two reais (R\$ 335,542.00) in 2014.

4. CRITERIA FOR OPTION GRANTING

Option Granting. Save as otherwise decided by the Committees or by the Board of Directors, Options shall be granted to the Beneficiaries in April of each calendar year.

Right. Each Option entitles the Beneficiary to the right of purchasing one (1) Share, subject to the terms and conditions provided for in the respective Instrument of Adhesion.

Criteria for Option Granting. The Internal Evaluation Committee shall, every year or at such time when it deems convenient and as approved by the Committee, establish the Criteria for Granting Options to each category of Beneficiaries in order to attain the goals of this Plan.

Save as otherwise decided by the Committees or by the Board of Directors, the Criteria for Option Granting shall provide for the following, with due regard to the general criteria set forth in this Plan:

Interpretation of the Criteria for Option Granting. In case of conflict between the Criteria for Option Granting and the provisions in this Plan or in any instrument or contract executed under the Plan, the provisions hereof shall prevail.

Instrument of Adhesion. Apart from the general terms and conditions set forth in this Plan and from the Criteria for Option Granting, the terms and conditions of each Option granted to a Beneficiary will be established upon the execution of Instruments of Adhesion between the Company and the Beneficiary.

Differentiated Treatment. The Instruments of Adhesion will be entered into individually with each Beneficiary, and the Committee, subject to approval by the Board of Directors, shall treat Beneficiaries in a similar situation on a differentiated basis, not being required, by any rule of isonomy or analogy whatsoever, to apply to other Beneficiaries any condition, benefit or resolution deemed by it to be applicable solely to certain Beneficiaries and/or groups of Beneficiaries subject to those particular circumstances. However, the Committee may also award, in exceptional cases, a especial treatment to the rights resulting from the granting of Options, provided that neither the rights already conferred upon the Beneficiaries nor the basic principles of the Plan are affected. Said exceptional treatment will not constitute a precedent claimable by other Beneficiaries and is also subject to approval by the Board of Directors. Further, the Committee may include new Beneficiaries in the Plans already approved and still effective, granting them those Options as it deem to be adequate, with due regard to the total maximum number of Options annually established by the Committee and to the other conditions set forth in this Plan.

Subordination of Option Exercise. The Committee, subject to approval of the Board of Directors, may subordinate the exercise of the Option to certain conditions, as well as impose restrictions on the transfer of the Shares purchased upon the exercise of Options, and may also reserve to the Company repurchase options and/or right of first refusal in case of disposal by the Beneficiary of the same Shares.

No Relation with Compensation. The Options granted under the terms of the Plan, as well as the exercise thereof by the Beneficiaries, do not have any relation nor are subject to their compensation, whether fixed or variable, or to any possible profit sharing.

Communication between the Company and the Beneficiary. Any Beneficiary wishing to exercise his/her Option shall notify the Company of his/her intent in writing, by letter sent to the Human Resources Executive Committee of the Company, indicating the number of Options he/she intends to exercise.

Termination of Options. The Options not exercised within the terms and under the conditions provided for herein shall be deemed as automatically terminated, without right to indemnity, with due compliance with the maximum effective term of the Options.

Suspension of Options. The Board of Directors may determine the suspension of the right to exercise the Options, upon the occurrence of situations which, under the terms of the law or of the applicable regulations, restrict or prevent Shares to be negotiated by the Beneficiaries.

Number of Shares Included in the Plan. The Options granted according to the Plan, added to the Award granted under the terms of the Long Term Incentive Plan – Restricted Stock Plan of Gol, approved by the Special Shareholders' Meeting of the Company held on [•][•], 2012, may confer rights on a certain number of shares as long as it does not exceed, at any time, 5% (five per cent) of the shares issued by the Company. In case the Options granted are not exercised, the shares to which they are attached will no longer be computed in the number of shares included in the Plan.

Types of Shares Included in the Plan. The Plan shall confer the right of acquisition of preferred shares issued by the Company.

Mandatory Adjustments. If the number of Shares is increased or reduced or if the Shares are exchanged for different types or classes of shares, as a result of bonus, split-up, reverse split-up or conversion of shares of some type or class into another, the Committee shall effect the due adjustments to the number and type of the shares that have been granted in accordance with the Options, whether they have been already exercised or not, in order to avoid distortion in the application of this Plan. The adjustments may not modify the Exercise Price of the Options granted, but not yet exercised.

Optional Adjustments. Whenever it is deemed necessary or advisable by reason of transactions having similar effects to those generating mandatory adjustments, as defined in the preceding paragraph, the Committee shall effect those adjustments as it deems to be appropriate to the number and type of the shares issued under the Options that were exercised and to those which were granted, but not yet exercised. The adjustments may not change the Exercise Price of the Options granted, but not yet exercised.

Share Fraction. No share fraction will be granted as Option, sold or issued according to the Plan or to any Mandatory Adjustment or Optional Adjustment.

8. SHARE DELIVERY AND TRANSFER RESTRICTIONS

Option Transfer. Options granted under the terms of this Plan are personal and non-transferrable, and the Beneficiary may not, in any circumstance whatsoever, assign, transfer or otherwise dispose of the Options, or the rights and obligations arising thereunder, to any third party.

Share Delivery. No Share will be delivered to the holder because of the exercise of the Options unless all legal and regulatory requirements arising out of this Plan shall have been fully complied with.

Transfer of Shares Acquired Upon the Exercise of Options. The Committee may impose restrictions on the transfer of the Shares, as well as establish the preemptive rights, prices and conditions for the repurchase thereof, including those shares as may be acquired by reason of bonus, split-up, subscription or any other form of acquisition, provided that such holder's rights have arisen out of the Plan.

9. EMPLOYMENT TERMINATION

Termination Without Cause. In the case of Termination of Employment of a Beneficiary due to the Company's interest, for any reason whatsoever, except for cause, all the Options that shall have been granted to him/her and not yet vested shall be automatically terminated, by operation of law, regardless of prior notice or indemnity. Notwithstanding the foregoing, the Beneficiary shall be entitled to exercise the Options already vested at the termination date, within not more than ninety (90) days counted from the Termination date and upon cash payment.

Termination For Cause or due to Beneficiary's Interest. In case of Termination of Employment of a Beneficiary for cause or due to the Beneficiary's interest, all the Options that shall have been granted to him/her and not yet vested shall be automatically terminated, by operation of law, regardless of prior notice or indemnity. 10. BENEFICIARY'S DEATH, PERMANENT DISABILITY OR RETIREMENT

Death. In case of death of an Option holder, all Options not yet vested shall become immediately vested, and the Options will be extended to the heirs or successors of the Options holder, either by legal succession or as stated in a last will and testament, and the Options may be exercised, in whole or in part, by the heirs and/or successors of the Options holder, upon payment in cash of the Exercise Price, within ninety (90) days from the date of Beneficiary's death

Permanent Disability. In case of permanent disability of a Beneficiary, all Options not yet vested shall become immediately vested, regardless of previous notice or indemnity. The vested Options shall be exercised within ninety (90) days from the notice of termination of employment due to the disability, upon payment in cash of the Exercise Price.

Retirement. In case of retirement of a Beneficiary, and consequent termination of employment with the Company, all Options not yet vested shall automatically become terminated, regardless of previous notice or indemnity. The Options already vested shall be exercised within ninety (90) days from the notice of termination of employment due to retirement, upon payment in cash of the Exercise Price.

11. APPLICABLE REGULATION

This Plan, the Options granted under this Plan and the acquisition of Shares arising out of the Options shall comply with: (i) the regulations of the applicable Securities and Exchange Commission and (ii) any occasional restrictions that may be imposed by the Policy on Negotiation of Shares Issued by the Company.

Shareholders' Preemptive Rights. Under the terms of the provisions in art. 171, §3 of Law nº 6.404/76, as amended, and its alterations, the shareholders will not have preemptive rights upon the acquisition of Shares arising out of the exercise of Options.

12. EFFECTIVE DATE AND TERMINATION OF THE PLAN

Effective Date. The Plan shall become effective upon approval by the Company's Shareholders' Meeting and shall be valid for at least 10 (ten) years counted from the Granting Date; however, it may be terminated at any time by decision of the Shareholders' Meeting of Gol, upon the occurrence of the following events: reorganization, dissolution or liquidation of the Company or termination of its listing as a publicly-held company.

Termination by Expiration of Period. Termination of the Plan by expiration of its effective term shall not affect the enforceability of the Options still valid, as previously granted, or the enforcement of the restrictions, as set forth in the Plan, with respect to negotiation of the Shares and/or preemptive rights.

Termination by Resolution of the Shareholders. Termination of the Plan by resolution of the Company's shareholders shall not affect the enforceability of the Options still valid, as previously granted, or the enforcement of the restrictions, as set forth in the Plan, with

respect to negotiation of the Shares and/or preemptive rights

Termination by Reorganization of the Company. In the event of reorganization of the Company, the Plan will be terminated and any Options granted until then shall be terminated. If in the documents establishing the Reorganization of the Company a written provision is set forth, in connection with such transaction, determining the continuance of the Plan and the undertaking of the Options granted until then with the replacement of such Options by new Options, the successor company or an affiliate thereof or its controlled companies, shall proceed to the proper adjustments to the number, type and price of the shares and, in this case, the Plan shall continue as provided for at such time.

However, in case a Beneficiary has changed from one eligible category to a non-eligible category and, therefore, is in a non-eligible category at the Granting Date, he/she will not qualify for granting.

B. Proposed Long-Term Incentive Plan – Restricted Shares Plan

STOCK-BASED COMPENSATION PLAN

ANNEX 13 TO CVM INSTRUCTION Nº 481/09

1. Provide copy of the proposed plan

Enclosed herewith is a copy of the proposed Long-Term Incentive Plan – Restricted Shares Plan (“Restricted Shares Plan”) (Annex II).

2. Inform the main details of the proposed plan, identifying:

a. Potential beneficiaries

The Vice-Presidents, the Directors and other employees of the Company or of its controlled companies, as applicable, may be elected as beneficiaries of options to be granted for purchase of preferred shares issued by the Company (“Restricted Shares”), as selected by the Company’s Internal Evaluation Committee, which selection shall be approved by the Company’s Personnel Management and Corporate Governance Committee (“Committee” and “Beneficiaries”).

b. Maximum number of options to be granted

In the case of the Restricted Shares Plan, there are no options to be granted, but rather Awards to be granted, as defined below.

The Awards (rights granted to the Beneficiaries to receive Restricted Shares by the end of the grace period, as defined below) added to the options granted under the terms of the Long-Term Incentive Plan – Gol’s Stock Purchase Plan, to be approved by the Special Shareholders’ Meeting of the Company to be held on October 19, 2012, may confer rights on a certain number of shares not to exceed, at any time whatsoever, five percent (5%) of the shares issued by the Company.

The grace period of the Restricted Shares Plan is three (3) years counted from the Granting Date (“Grace Period”), which, on its turn, is the date on which the Board of Directors determines the number of Restricted Shares to be granted to the Beneficiaries.

c. Maximum number of shares covered by the plan

See item 2.b above.

d. Purchase conditions

In the case of the Restricted Shares Plan, there is not purchase of shares issued by the Company covered by the Restricted Shares Plan, but rather delivery of such shares.

Each Award entitles the Beneficiary to receive one (1) Restricted Share, subject to the terms and conditions set forth in the respective Instrument of Adhesion (private instrument entered into between the Company and the Beneficiary, under which the Beneficiary will adhere to the terms and conditions of the Restricted Shares Plan).

The Internal Evaluation Committee shall, either annually or whenever deemed by it to be convenient and as approved by the Committee, provide for Criteria for Granting of Awards to each category of Beneficiary, in order to achieve the goals of the Restricted Shares Plan.

Save as otherwise provided for by the Committee or by the Board of Directors, the Criteria for Granting of Award shall stipulate the following, with due regard to the general criteria set forth in the Restricted Shares Plan:

- (i) the total maximum number of Options to be granted to the Beneficiaries, for each fiscal year;
- (ii) the Beneficiaries on whose behalf the Awards will be granted under the Restricted Shares Plan;
- (iii) any restrictions other than those provided for in the Restricted Shares Plan applicable to the Restricted Shares received; and
- (iv) eventual penalties.

The number of Awards to be granted to each Beneficiary, in each fiscal year, shall be defined pursuant to such methodology as may be determined by the Committees (which means, jointly, the Internal Evaluation Committee and the Committee).

In addition to the general terms and conditions provided for in the Restricted Shares Plan and in the Award Granting Criteria, the terms and conditions of each Award granted to each Beneficiary shall be set forth in Instruments of Adhesion to be entered into between the Company and the Beneficiaries.

The Committee, with due approval by the Board of Directors, may granting of the Award to certain conditions, as well as to impose restrictions on the transfer of the Restricted Shares to which the Beneficiaries are entitled, and may also grant to the Company repurchase options and/or the right of first refusal in case of sale of these same Restricted Shares by the Beneficiary.

e. Detailed criteria for calculating the exercise price

In the case of the Restricted Shares Plan, there is no exercise price.

f. Criteria for establishing the exercise period

In the case of the Restricted Shares Plan, there is no term for exercise of options, but rather a term for the Restricted Shares to be delivered.

Without prejudice to the other terms and conditions set forth in the respective Instruments of Adhesion, the transfer of all the Restricted Shares arising out of the Awards granted shall not

be permitted unless after a minimum period of three (3) years has elapsed from the Granting Date.

The Restricted Shares Plan will become effective upon approval by the General Shareholders' Meeting of the Company and shall remain in effect for a period of ten (10) years counted from the Granting Date.

g. Settlement of options

In the case of the Restricted Shares Plan, there is no settlement of options, but rather settlement of Awards.

The Awards shall be settled upon delivery of Restricted Shares from the Company to the Beneficiaries. The Company may, at the Board of Directors' discretion, transfer to the Beneficiaries the preferred shares of the Company held as treasury shares.

h. Criteria and events which, if occurred, will give rise to suspension, change or termination of the plan

Change to the Plan: it shall be solely incumbent upon the General Shareholders' Meeting of the Company to change the Restricted Shares Plan, as well as to create new performance or incentive plans based on granting of shares issued by the Company. Further, any material legal change regarding regulations of joint-stock companies, publicly-held companies, labor laws and/or tax effects of an incentive plan based on stock granting, may give rise to full review of the Restricted Shares Plan, which review will be submitted to the Shareholders' Meeting.

Termination of the Restricted Shares Plan: the Restricted Shares Plan shall be terminated, at any time, by decision of the General Shareholders' Meeting of Gol, or upon the occurrence of the following events:

- (i) reorganization of the Company, as defined below;
- (ii) dissolution or liquidation of the Company;
- (iii) deregistration of the Company as a publicly-held company;
- (iv) termination of its term; or
- (v) shareholders' resolution to the effect of terminating the Restricted Shares Plan.

Reorganization of the Company means: incorporation, merger, spin-off or reorganization of Gol, in which the surviving company is not Gol or a Gol group company, or the substantial sale of all the Company's assets, or the transfer of the Company's share control.

No suspension of the Restricted Shares Plan is expected.

3. Justify the proposed plan, by explaining:

a. The main goals of the plan

The Restricted Shares Plan's goals are to allow persons who may be elected as Beneficiaries ("Eligible Persons") to receive Restricted Shares with a view to: (a) stimulate the expansion, success and achievement of the corporate goals of the Company; (b) align the interests of the Company's shareholders to those of the Eligible Persons; and (c) allow the Company or other of its controlled companies to attract and keep the Eligible Persons bound thereby.

b. How the plan contributes to such goals

In order to contribute to the achievement of the goals of the Restricted Shares Plan described in item 3.a above, the Restricted Shares Plan provides for that the transfer of the Restricted Shares shall abide by the Grace Period of three (3) years counted from the Granting Date. Further, in relation to the withdrawals of Beneficiaries of the Company or of a controlled company, as the case may be, in the event such withdrawal occurs due to the Company's interest, for any other reason than a fair cause, the Beneficiary entitled to Awards the Grace Period of which has not ended by the withdrawal date shall be entitled to receive a number of Restricted Shares that is proportional to the Grace Period elapsed until then, calculated in number of months. In case the withdrawal of the Beneficiaries occurs due to the Beneficiary's interest or to the Company's interest by reason of fair cause, all the Awards granted thereto and whose Grace Periods have not ended at the withdrawal date shall be forthwith terminated by operation of law, regardless of prior notice or indemnity. In addition, the amount of the Restricted Shares Plan Beneficiaries' gains, is directly related (i) to the appreciation of the shares issued by the Company after the transfer of the Restricted Shares and (ii) to the Beneficiaries remaining in their offices, it being certain that both situations stimulate the Beneficiary to act towards obtaining the expansion and success of the Company.

c. How the plan is inserted in the company's compensation policy

The Restricted Shares Plan is inserted in the Company's Long-Term Compensation Policy, described in item 13.1 of its Reference Form. As already mentioned in the referred item of the Reference Form, the Company's Long-Term Incentive Program was submitted to a review, which resulted in the proposal for the Restricted Shares Plan as well as for the Plan, as presented herein. The options granted during the term of the previous plan shall continue in force and shall be regulated by the plan in effect at the time of the granting thereof.

d. How the plan aligns the beneficiaries' and the company's interests at short, medium and long term

At short term, the Restricted Shares Plan aligns the Beneficiaries' interests to the Company's interests by means of the unfolding of the individual objectives of the Company's annual goals. Further, the Restricted Shares Plan strongly link the Beneficiary's individual performance to the Company's goals, once the Beneficiaries are entitled to an additional incentive for implementing medium and long term actions with a view to add value to the Company and which will be, therefore, reflected on the appreciation, on the market, of the shares issued by the Company and owned by the Beneficiary. In addition, the Restricted Shares Plan is a strong talent attraction and retention tool in the Company.

4. Stimulating the company's expenses arising out of the plan, according to the accounting rules applicable thereto

The amount of the estimated expenses of the restricted shares plan, in accordance with the CPC 10 R1 approved by Resolution no. 650 of the CVM, dated December 16, 2010, which deals with stock-based compensation, is of four million, five hundred and thirty-six thousand and ninety-six reais (R\$ 4,536,096.00), being one million, five hundred and twelve thousand and thirty-two reais (R\$ 1,512,032.00) from 2012 to 2014.

Right. Each Award entitles the Beneficiary to receive one (1) Restricted Share, subject to the terms and conditions provided for in the respective Instrument of Adhesion. From the Granting Date until the end of the Vesting Period, each Award shall entitle the Beneficiary to receive the amount equivalent to the dividends that would be received by the holder of one share of the same category of the Restricted Share that will be transferred to the Beneficiary at the end of the Vesting Period.

Criteria for Award Granting. The Internal Evaluation Committee shall, every year or at such time when it deems convenient and as approved by the Committee, establish the Criteria for Granting Awards to each category of Beneficiaries in order to attain the goals of this Restricted Shares Plan.

Save as otherwise decided by the Committee or by the Board of Directors, the Criteria for Award Granting shall provide for the following, with due regard to the general criteria set forth in this Restricted Shares Plan:

Instrument of Adhesion. Apart from the general terms and conditions set forth in this Restricted Shares Plan and from the Criteria for Award Granting, the terms and conditions of each Award granted to a Beneficiary will be established upon the execution of Instruments of Adhesion between the Company and the Beneficiary.

Differentiated Treatment. The Instruments of Adhesion will be entered into individually with each Beneficiary, and the Committee, subject to approval by the Board of Directors, shall treat Beneficiaries in a similar situation on a differentiated basis, not being required, by any rule of isonomy or analogy whatsoever, to apply to other Beneficiaries any condition, benefit or resolution deemed by it to be applicable solely to certain Beneficiaries and/or groups of Beneficiaries subject to those particular circumstances. However, the Committee may also award, in exceptional cases, a especial treatment to the rights resulting from the granting of Awards, provided that neither the rights already conferred upon the Beneficiaries nor the basic principles of the Restricted Shares Plan are affected. Said exceptional treatment will not constitute a precedent claimable by other Beneficiaries and is also subject to approval by the Board of Directors. Further, the Committee may include new Beneficiaries in the Restricted Shares Plans already approved and still effective, granting them those Awards as it deem to be adequate, with due regard to the total maximum number of Options annually established by the Committee and to the other conditions set forth in this Plan.

Subordination of Award Granting. The Committee, subject to approval of the Board of Directors, may subordinate the granting of the Award to certain conditions, as well as impose restrictions on the transfer of the Restricted Shares to which the Beneficiaries are entitled, and may also reserve to the Company repurchase options and/or right of first refusal in case of disposal by the Beneficiary of the same Restricted Shares.

No Relation with Compensation. The Options granted under the terms of the Plan, as well as the exercise thereof by the Beneficiaries, do not have any relation nor are subject to their compensation, whether fixed or variable, or to any possible profit sharing.

6. RESTRICTED SHARES INCLUDED IN THE PLAN

Number of Restricted Shares Included in the Plan. All the transfers of restricted shares determined hereunder presuppose the respective agreement by the Beneficiaries. responsibility in relation to the effective delivery of such shares.

Notwithstanding, all the Restricted Shares the Vesting Period thereof has elapsed at the Termination date, shall be transferred to the Beneficiary within not more than ninety (90) days counted from the Termination date.
