POWER GENERATION WITHIN CHINA
INCREASES BY 8.05% FOR THE THREE QUARTERS OF 2015

This announcement is made pursuant to Rule 13.10B of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

Huaneng Power International, Inc. (the "Company") announces its power generation for the first three quarters of 2015.

According to the Company's preliminary statistics, for the third quarter of 2015, the Company's total power generation by the power plants within China on consolidated basis amounted to 81.178 billion kWh, representing an increase of 13.85% over the same period last year, and the total electricity sold by the Company amounted to 76.437 billion kWh, representing an increase of 13.66% over the same period last year. For the nine months ended 30 September 2015, the Company's total power generation by the power plants within China on consolidated basis amounted to 241.003 billion kWh, representing an increase of 8.05% over the same period last year, and the total electricity sold by the Company amounted to 227.090 billion kWh, representing an increase of 7.72% over the same period last year. For the first three quarters of 2015, the Company's average on-grid electricity settlement price for its power plants within China amounted to RMB446.68 per MWh, representing a decrease of 1.48% over the same period last year.

Newly acquired projects last year and newly operated generating units this year mainly contributed to the power generation growth of the Company. Reduction in power generation of certain power plants over the same period of the previous year was mainly due to: (1) the slow growth of China's economy in the first three quarters of 2015 and deepening of the State's economic restructuring caused decline in power consumption of the whole society; (2) commencement of operation of various nationwide west-to-east ultra-high-voltage power transmission lines occupied the power generation space of thermal power units in Henan, Shanghai, Jiangsu, Zhejiang and Guangdong and other southeast coastal areas; the Company was affected to a greater extent due to a relatively high proportion of the Company's thermal power units in such region; (3) the cool temperature since the beginning of summer this year caused a reduction in the cooling load; (4) large nuclear generating

units put into production in Liaoning and Fujian in 2014 fully released their production capacity in 2015; also new nuclear generating units commenced production in Zhejiang and Fujian in 2015 – the above affected the power generating capacity of thermal generating units in the above regions.

The power generation (in billion kWh) by each of the Company's domestic power plants are listed below:

According to the major terms of the commercial arrangement set out above, and on principles of safeguarding the maximum benefits of the Company, the Company shall negotiate with the Tiancheng Leasing Company. On reaching unanimous agreement between the parties, the Company shall sign the relevant agreements regarding the finance leasing and leaseback business and shall publish a further announcement on the major terms once the relevant agreements are signed.

PRICING POLICY

The pricing policy of the Transaction shall be in accordance with the normal commercial terms (on arm's length terms or on terms which shall be no less favourable than those offered by independent third parties), basing on the market prices on principles of fairness, openness, voluntary and trustworthiness as negotiated by the parties. Specific pricing policy is as follows: the consolidated finance costs of the Transaction shall not exceed the benchmark RMB lending rate for 5 year term as quoted by The People's Bank of China for the corresponding period of withdrawal, and on terms, which shall be no less favourable than those offered by independent third parties. Such finance costs shall not be higher than the finance costs for comparable finance lease services available from other finance leasing companies in the PRC and will not be higher than the finance costs for similar finance lease services offered by Tiancheng Leasing Company to other members of Huaneng Group.

PURPOSE OF THE TRANSACTION AND ITS IMPACT ON THE COMPANY

The Transaction is conducive to broaden the financing channels, lower the finance cost, vitalize the inventory of fixed assets, and improve the asset utilization efficiency ratio of the Company. Not only can it satisfy the Company's normal operation production needs for use of equipment assets, it also serves to alleviate the demands for capital by the Company. It does not exist circumstances that will prejudice the interests of the Company and its Shareholders.

BOARD CONFIRMATION

On 20 October 2015, the Eleventh Meeting of the Eighth Session of the Board of Company has approved the Resolution regarding the related transactions on finance leasing and leaseback services of controlled subsidiaries. Pursuant to Rule 14A.68(8) of the Hong Kong Listing Rules, Messrs. Cao Peixi, Guo Junming, Liu Guoyue, Li Shiqi, Huang Jian and Fan Xi Xia, all being Directors of the Board of the Company and being regarded as having a connected interest in the continuing connected transaction, abstained from voting on the resolution. The relevant resolution was voted by Directors who are not connected to the Transaction.

The Board (including the independent non-executive Directors) is of the view that the Transaction is: (i) in the ordinary and usual course of business of the Company; (ii) on normal commercial terms (on arm's length basis or on terms no less favourable to the independent third parties offered by the Company); and (iii) on terms that are fair and reasonable and in the interest of the Company and its shareholders as a whole.

IMPLICATION UNDER THE HONG KONG LISTING RULES

As the scale of the Transaction does not exceed 5% of the relevant applicable ratio as calculated in accordance with Rule 14.07 of the Hong Kong Listing Rules, the Transaction is subject to the reporting and announcement requirements under Rules 14A.71 and 14A.35 of the Hong Kong Listing Rules but are exempt from the Independent Shareholders' approval requirements.

However, pursuant to the Shanghai Listing Rules, the transaction as mentioned in this announcement between the Company and Huaneng Group (together with its subsidiaries and associates, all being treated as concerted related parties of the Company under the Shanghai Listing Rules) shall be subject to approval by the Independent Shareholders of the Company. The Company proposes to convene an extraordinary general meeting in January 2016 to seek approval from Independent Shareholders to (among other things) approve the transaction on finance lease and leaseback business proposed to be conducted between the Company and its subsidiaries with Huaneng Group including Tiancheng Leasing Company.

To comply with the requirements of the Hong Kong Listing Rules, the Company shall establish an Independent Board Committee comprising of the independent non-executive Directors of the Company to advise the Independent Shareholders on (among other things) the transaction on finance lease and leaseback business proposed to be conducted between the Company (and its subsidiaries) and Huaneng Group including Tiancheng Leasing Company, and shall appoint an independent financial adviser who will provide an opinion on the relevant finance lease and leaseback transaction to the Independent Board Committee and the Independent Shareholders.

According to the requirements of Rules 14A.46(1) and 19A.39A of the Hong Kong Listing Rules and the PRC Company Law, the Company shall dispatch a circular containing, among other things, further details of the connected transaction regarding the finance leasing and leaseback business, a letter from the Independent Board Committee and an opinion of the independent financial adviser to Shareholders as soon as possible but in any event not later than mid-December 2015.
