## THE AMENDMENT TO OUR ARTICLES OF INCORPORATION

### Background And Reason For The Amendment

We are a development stage company. Our principal executive offices are located at 544 NW 77th Street, Boca Raton, FL 33487. Our telephone number is (954) 970-3826.

In order for us to continue to implement our current business plan and expand our line of business, we need to secure additional financing. In order to attract new financing without incurring significant debt on our books, we need to have the flexibility to offer additional shares of our common stock in order to attract these investors. As of the date of this Information Statement we have 318,409,512 common shares issued and outstanding, along with 80,970,283 shares of our common stock reserved for issuance underlying outstanding options, warrants and convertible notes. We also had 300,000 shares of Series C Preferred Stock issued and outstanding. Each share of Series C Preferred Stock is entitled to 300 votes on all matters submitted to a vote of the Company's shareholders. We also have 1,800,000 shares of Series E Preferred Shares issued and outstanding. Each share of Series E stock has voting rights equal to 68.02721 common shares. Neither the Series C nor Series E Preferred Stock is convertible into any of our common shares.

On May 29, 2014 our Board of Directors and the consenting stockholders adopted and approved a resolution to effect an amendment to our Articles of Incorporation to increase the number of shares of authorized common stock from 400,000,000 to 1,000,000,000. Such amendment is referred to herein as the "Authorized Shares Amendment." Currently, we have 100,000,000 shares of common stock authorized, of which 27,180,290 shares are issued and outstanding. As a result of the Authorized Shares Amendment, Oro East Mining will have 2,000,000,000 shares of shares of common stock authorized for issuance, of which 1,456,394,200 will be available for issuance, after also giving effect to a twenty-for-one (20:1) forward stock split, referenced below. The Board of Directors will be able to authorize the issuance of the additional 1,456,394,200 shares of common stock without seeking further action or vote of our stockholders.

The issuance by us of common stock could dilute both the equity interests and the earnings per share of existing holders of our common stock. Such dilution may be substantial, depending upon the amount of shares issued.

Any additional issuance of common stock could, under certain circumstances, have the effect of delaying or preventing a change in control of DNA Brands, Inc. by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control of DNA Brands, Inc. Shares of common stock could be issued, or rights to purchase such shares could be issued, to render more difficult or discourage an attempt to obtain control of DNA Brands, Inc. by means of a tender offer, proxy contest, merger or otherwise. The ability of the Board of the Directors to issue such additional shares of common stock could discourage an attempt by a party to acquire control of DNA Brands, Inc. by tender offer or other means. Such issuances could therefore deprive stockholders of benefits that could result from such an attempt, such as the realization of a premium over the market price that such an attempt could cause. Moreover, the issuance of such additional shares of common stock to persons whose interests aligned with that of the Board of Directors could make it more difficult to remove incumbent officers and directors from office even if such change were to be favorable to stockholders generally.

While the increase in the number of shares of common stock authorized may have anti-takeover ramifications, the Board of Directors believes that the financial flexibility offered by the amendment outweighs any disadvantages. To the extent that the increase in the number of shares of common stock authorized may have anti-takeover effects, the amendment may encourage persons seeking to acquire DNA Brands, to negotiate directly with the Board of Directors, enabling the Board of Directors to consider a proposed transaction in a manner that best serves the stockholders' interests.

Our Board of Directors believes that it is advisable and in the best interests of DNA Brands, Inc to have available additional authorized but unissued shares of common stock in an amount adequate to provide for our future needs. The unissued shares of common stock will be available for issuance from time to time as may be deemed advisable or required for various purposes, including the issuance of shares in connection with financing or acquisition transactions.

We have (i) no present plans or commitments for the issuance or use of the proposed additional shares of common stock in connection with any financing, and (ii) no present plans, proposals or arrangements, written or otherwise, at this time to issue any of the additional authorized shares of common stock in connection with a merger, share exchange or acquisition.

The form of Amendment is set forth in Exhibit A. The Amendment will become effective on the date that Articles of Amendment to the Articles of Incorporation is filed with the Secretary of State of the State of Colorado, which is expected to occur twenty (20) days following the date this Information Statement has been mailed to our shareholders.

The Consent provides the necessary corporate authorization under Colorado law to enable the filing and effectiveness of such an amendment.

#### No Appraisal Rights

Our stockholders are not entitled to appraisal rights under the CRS with respect to the Amendment.

This Information Statement does not constitute an offer of any of our securities for sale.

This notice and information statement (the "Information Statement") is being provided to our stockholders on or about June \_\_, 2014.

## PRINCIPAL STOCKHOLDERS

The following table sets forth information regarding the beneficial ownership of our Common Stock as of June \_\_, 2014 with regard to the following criteria (i) each person, or group of affiliated persons, known to us to own beneficially 5% or more of our outstanding common stock; (ii) each of our directors; (iii) each of our named executive officers; and (iv) all of our directors and named executive officers as a group. If two or more persons share voting power or investment power with respect to specific securities, each such person is deemed to be the beneficial owner of such securities. Except as we otherwise indicate below and under applicable community property laws, we believe that the beneficial owners of the common stock listed below, based on information they have furnished to us, have sole voting and investment power with respect to the shares shown.
