CONTROLS AND PROCEDURES

Disclosure controls and procedures are defined by the Securities and Exchange Commission as those controls and procedures that are designed to ensure that information required to be disclosed in the Registrant's filings under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms. The Registrant's Chief Executive Officer and Chief Financial Officer have evaluated the Registrant's disclosure controls and procedures as of December 31, 2008 and have determined that such disclosure controls and procedures are effective.

Internal control over financial reporting is a process designed by, or under the supervision of, senior management, and effected by the Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and preparation of the Company's consolidated financial statements in accordance with Canadian generally accepted accounting principles (GAAP), including a reconciliation to United States GAAP.

These controls include policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that receipts and expenditures are being made only in accordance with authorizations of management and directors of the Company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the annual financial statements or interim financial statements.

There have been no changes during the year ended December 31, 2008 to internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, internal controls over financial reporting.

The design of any system of controls and procedures is based in part upon certain assumptions about the likelihood of future events. There can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

INTERNAL CONTROL OVER FINANCIAL REPORTING

Management’s Report on Internal Control over Financial Reporting is provided on page 42 of the Registrant’s Management’s Discussion and Analysis in Exhibit 99.2.

AUDIT COMMITTEE FINANCIAL EXPERT

The Registrant’s Board of Directors has determined that it has at least one audit committee financial expert serving on its Audit Committee. Mr. A. Terence Poole has been determined to be such audit committee financial expert and is independent, as that term is defined by Nasdaq’s corporate governance standards applicable to the Registrant. The Commission has indicated that the designation of Mr. Poole as an audit committee financial expert does not make Mr. Poole an expert for any other purpose, impose any duties, obligations or liability on Mr. Poole that are greater than those imposed on members of the audit committee and board of directors who do not carry this designation or affect the duties, obligations or liability of any other member of the audit committee.

CODE OF ETHICS

The Registrant has adopted a code of ethics that applies to directors, officers and employees including the Registrant’s principal executive officer, principal financial officer and principal accounting officer. A copy of the Registrant’s code, entitled Code of Business Conduct, can be found on the Registrant’s website at www.methanex.com. No waivers from or material amendments to the provisions of the Code were made in 2008.
