Note 1 – Basis of presentation

The condensed interim financial statements included herein, presented in accordance with United States generally accepted accounting principles and stated in US dollars, have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in financial statements prepared in accordance with US generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These condensed statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these condensed interim financial statements be read in conjunction with the financial statements of the Company for the year ended December 31, 2009 and notes thereto included in the Company's Form 10-K annual report. The Company follows the same accounting policies in the preparation of interim reports.

Results of operations for the interim periods are not indicative of annual results.

Note 2 – History and organization of the company

The Company was originally organized September 17, 2004 (Date of Inception) under the laws of the State of Nevada, as Teacher's Pet, Inc. On August 20, 2010, the Company filed an amendment to its articles of incorporation to change its name to Giggles N' Hugs, Inc. The Company is authorized to issue 1,125,000,000 shares of its \$0.001 par value common stock.

The Company has had minimal operations and is considered a development stage company. The Company has limited operations and in accordance with FASB ASC 915-10, "Development Stage Entities," the Company is considered a development stage company.

Note 3 – Going concern

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. As of September 30, 2010, the Company had a net loss of \$51,071. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

The Company is currently contemplating an offering of its equity or debt securities to finance continuing operations. There are no agreements or arrangements currently in place or under negotiation to obtain such financing, and there are no assurances that the Company will be successful and without sufficient financing it would be unlikely for the Company to continue as a going concern.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

Note 4 – Accounting policies and procedures

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Loss per share

Net loss per share is provided in accordance with FASB ASC 260-10, "Earnings per Share". Basic loss per share is computed by dividing losses available to common stockholders by the weighted average number of common shares outstanding during the period. Diluted income (loss) per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is anti-dilutive. The Company had no dilutive common stock equivalents, such as stock options or warrants as of September 30, 2010.

Recent Accounting Pronouncements

In February 2010, the FASB issued Accounting Standards Update 2010-09 (ASU 2010-09), Subsequent Events (Topic 855), amending guidance on subsequent events to alleviate potential conflicts between FASB guidance and SEC requirements. The adoption of this guidance did not have a material impact on our financial statements.

ASU 2010-17 is effective for interim and annual periods beginning after June 15, 2010. The adoption of ASU 2010-17 is not expected to have any material impact on our financial position, results of operations or cash flows.

In April 2010, the FASB (Financial Accounting Standards Board) issued Accounting Standards Update 2010-18 (ASU 2010-18), Receivables (Topic 310): Effect of a Loan Modification When the Loan is Part of a Pool That Is Accounted for as a Single Asset-a consensus of the FASB Emerging Task Force. The Company does not expect the provisions of ASU 2010-19 to have a material effect on the financial position, results of operations or cash flows of the Company.

Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

This Quarterly Report contains “forward-looking statements,” as defined within the Private Securities Litigation Reform Act of 1995, about Giggles ‘N’ Hugs, Inc.’s business, financial condition and prospects that reflect management’s assumptions and beliefs based on information currently available. Forward-looking statements may include the words “may,” “could,” “estimate,” “intend,” “continue,” “believe,” “expect” or “anticipate” or other similar words. These forward-looking statements present our estimates and assumptions only as of the date of this report. Except for our ongoing securities laws, we do not intend, and undertake no obligation, to update any forward-looking statement.

All statements other than statements of historical fact are forward-looking statements for purposes of federal and state securities laws, including, but not limited to, any projections of earnings, revenue or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements concerning proposed new services or developments; any statements regarding future economic conditions or performance; any statements or belief; and any statements of assumptions underlying any of the foregoing. We can give no assurance that the expectations indicated by such forward-looking statements will be realized. If any of our management’s assumptions should prove incorrect, or if any of the risks and uncertainties underlying such expectations should materialize, Giggles ‘N’ Hugs’ actual results may differ materially from those indicated by the forward-looking statements.

The key factors that are not within our control and that may have a direct bearing on operating results include, but are not limited to, acceptance of our services, our ability to expand our customer base, managements’ ability to raise capital in the future, the retention of key employees and changes in the regulation of our industry. There may be other risks and circumstances that management may be unable to predict.

Management’s Discussion

Background and Recent Developments

We were originally incorporated under the laws of the State of Nevada on September 17, 2004, under the name Teacher’s Pet, Inc. (“TPET”). Our prior stated business objective was to sell products and provide services to assist teachers and parents further the education of children aged between kindergarten through sixth grade. As of the date of this quarterly report, we generated minimal revenues from that line of business. Due to our lack of sufficient financial resources and inability to establish our educational supply business, we sought business opportunities with established companies and financing from third party sources. In August, 2010, we identified an opportunity to enter into a relationship with a child-friendly restaurant in the Brentwood region of Los Angeles, California.

On August 20, 2010, TPET filed an amendment to its articles of incorporation to change its name to “Giggles ‘N’ Hugs, Inc.” On September 23, 2010, we entered into a reverse triangular merger by and among Giggles ‘N’ Hugs Sub Co., a Nevada corporation and wholly owned subsidiary of the Company, and GNH, Inc. (“GNH”), a Nevada corporation, SUB CO and GNH being the constituent entities in the merger, whereby we intend to issue 14,000,000 shares of its common stock in exchange for 100% of GNH’s outstanding common stock. Pursuant to the terms of the merger, SUB CO will be merged with GNH wherein SUB CO shall cease to exist and GNH will become a wholly owned subsidiary of the Company. Subject to the terms and conditions set forth in the Merger Agreement, the Merger is anticipated to become effective on December 31, 2010.

The Merger Agreement contains normal conditions to closing, including requiring the audited financial statements of GNH. Additionally, the Merger Agreement sets forth conditions that we shall have obtained a cancellation of

45,000,000 shares of common stock held by our majority shareholder.

The Merger with GNH, upon closing, will provide us with the ownership of 100% of Giggles 'N' Hugs, LLC, which owns one operating Giggles 'N' Hugs Restaurant in Brentwood, California and another Giggles 'N' Hugs Restaurant under construction in Century City, California. As of the date of this quarterly report, we have not entered into any definitive agreements.

Results of Operations

During the three month periods ended September 30, 2010 and 2009, we did not generate any revenues. In the nine months ended September 30, 2010, we generated only \$200 in revenues, compared with none in the comparable period ended September 30, 2009. Since our inception on September 17, 2004 to September 30, 2010, we generated \$200 in revenues.

Operating expenses during the three months ended September 30, 2010 were \$2,963, consisting of \$163 in depreciation expense related to our computer equipment and \$2,800 in general and administrative expenses such as accounting, professional and miscellaneous office expenditures. In comparison, total expenses in the three months ended September 30, 2009 were \$1,529, of which \$279 is attributable to depreciation expense and \$1,250 in general and administrative costs. The increase in total expenses from 2009 to 2010 is primarily attributable to filings made with the Secretary of State of Nevada totaling \$1,050, as well as a \$250 increase in accounting fees.

In the nine month period ended September 30, 2010, total expenses were \$13,253, compared to \$6,637 in the comparable nine months ended September 30, 2009. The \$6,616 increase from 2009 to 2010 was mainly influenced by a \$2,290 increase in accounting fees during the period, as well as \$3,500 in one-time business consulting fees.

Since our inception to September 30, 2010, total expenses were \$49,757, composed of \$4,730 in depreciation expense and \$45,027 in general and administrative expenses. Also since inception, we incurred interest expense of \$4 related to a credit card bill and recorded impairment expense of \$1,510 related to the write-down of our inventory due to obsolescence.

We have not been profitable from our inception in 2004 through September 30, 2010, and our accumulated deficit amounts to \$51,071. There is significant uncertainty projecting future profitability due to our history of losses and lack of revenues. We are materially dependent upon the successful closing of the September 23, 2010 Merger Agreement to be able to continue to operate as a going concern. In our current state, without merging with GNH, we have no recurring or guaranteed source of revenues and cannot predict when, if ever, we will become profitable. There is significant uncertainty projecting future profitability due to our minimal operating history and lack of guaranteed ongoing revenue streams.

Plan of Operation

We are focused exclusively on successfully consummating the Merger with GNH. If we are unable to effect the proposed transaction, we have limited capital resources and no saleable inventory with which to operate our educational supply business. Additionally, our ability to fund our operating expenses and debt service requirements are in doubt, and we cannot guarantee that we will be able to satisfy such. As such, we would require a significant infusion of cash through sales of our debt or equity securities. There are no formal or informal agreements to attain such financing. We can not assure you that any financing can be obtained or, if obtained, that it will be on reasonable terms. Without realization of additional capital, it would be unlikely for us to continue as a going concern.

Our management does not anticipate the need to hire additional full- or part- time employees over the next 12 months, as the services provided by our current officers and directors appear sufficient at this time. Our officers and directors work for us on a part-time basis, and are prepared to devote additional time, as necessary. We do not expect to hire any additional employees over the next 12 months. However, in the normal course of our business, we expect to contract non-salaried third-party consultants to provide various professional services to our clients on our behalf. These consultants are considered independent and will be paid on a per-project basis and are not considered employees.

Critical Accounting Policies

Our Management's Discussion and Analysis of Financial Condition and Results of Operations section discusses our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of the financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, we evaluate our estimates and judgments, including those related to revenue recognition, recoverability of intangible assets, and contingencies and litigation. We base our estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The most significant accounting estimates inherent in the preparation of our consolidated financial statements include estimates as to the appropriate carrying value of certain assets and liabilities which are not readily apparent from other sources, primarily the valuation of intangible assets.

The methods, estimates and judgments we use in applying these most critical accounting policies have a significant impact on the results we report in our consolidated financial statements.

The Company does not expect the provisions of ASU 2010-19 to have a material effect on the financial position, results of operations or cash flows of the Company.

In July 2010, the FASB (Financial Accounting Standards Board) issued Accounting Standards Update 2010-20 (ASU 2010-20), Receivables (Topic 310): Foreign Currency Issues: Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses. For public entities, the disclosures as of the end of a reporting period are effective for interim and annual reporting periods ending on or after December 15, 2010. The disclosures about activity that occurs during a reporting period are affecting for interim and annual reporting periods beginning on or after December 15, 2010. PART II – OTHER INFORMATION

Risk Factors

We have a limited operating history for you to evaluate our business.

We have been engaged in the business of selling educational supplies for only a short amount of time, and have incurred losses since our inception. As a company with limited operating history, it is difficult for potential investors to evaluate our business. Our proposed operations are therefore subject to all of the risks inherent in light of the expenses, difficulties, complications and delays frequently encountered in connection with the formation of any new business, as well as those risks that are specific to our industry. Investors should evaluate us in light of the delays, expenses, problems and uncertainties frequently encountered by companies developing markets for new products and services. We may never overcome these obstacles.

We may not consummate our merger with Giggles ‘N’ Hugs.

We have entered into a merger agreement to acquire the ownership of a restaurant in Brentwood, California and another restaurant under construction in Century City, California. This merger is contingent upon certain terms and conditions, such as obtaining audited financial statements of the target entity and there can be no assurance the terms and conditions of the agreement can be satisfied. In the event the merger with Giggles ‘N’ Hugs is unsuccessful, we have no other viable alternatives.

Even if we complete our merger with Giggles ‘N’ Hugs, we may not be able to successfully manage its operations.

We have entered into a merger agreement with Giggles ‘N’ Hugs, an operator of child-friendly restaurants in the Los Angeles, California metropolitan area. Even if all terms and conditions of the merger agreement are satisfied and the merger is successfully completed, we will be required to assume the operational responsibilities for the restaurants. There can be no assurance that we will successfully transition ownership, responsibilities, contractual obligations or business strategies and failure to do so would impair operations.

If we are unable to continue as a going concern, investors may face a complete loss of their investment.

We have yet to commence our planned operations. As of the date of this quarterly report, we have had only limited start-up operations and generated no revenues. Taking these facts into account, our independent registered public accounting firm has expressed substantial doubt about our ability to continue as a going concern in the independent registered public accounting firm’s report to the financial statements included in our annual report. If our business fails, the investors in this offering may face a complete loss of their investment.

Giggles ‘N’ Hugs may not be able to attain profitability without additional funding, which may be unavailable.

We have limited capital resources. To date, we have not generated cash from our operations. Unless we begin to generate sufficient revenues from our proposed business objective of selling teacher’s supplies to finance operations as a going concern, we may experience liquidity and solvency problems. Such liquidity and solvency problems may force us to go out of business if additional financing is not available. We intend to raise additional capital through offerings and sales of equity or debt securities. In the event we are unable to raise sufficient funds, we will be forced to go out of business and will be forced to liquidate. A possibility of such outcome presents a risk of complete loss of investment in our common stock.

We may be unable to generate sales without sales, marketing or distribution capabilities.

We have not commenced our planned business of selling educational supplies to teachers and schools and do not have any sales, marketing or distribution capabilities. We cannot guarantee that we will be able to develop a sales and marketing plan or to develop an effective chain of distribution. In the event we are unable to successfully implement these objectives, we may be unable to generate sales and operate as a going concern.

Our management team does not have extensive experience in public company matters, which could impair our ability to comply with legal and regulatory requirements.

Our management team has had limited public company management experience or responsibilities. This could impair our ability to comply with legal and regulatory requirements such as the Sarbanes-Oxley Act of 2002 and applicable federal securities laws including filing required reports and other information required on a timely basis. There can be no assurance that our management will be able to implement and affect programs and policies in an effective and timely manner that adequately respond to increased legal, regulatory compliance and reporting requirements imposed by such laws and regulations. Our failure to comply with such laws and regulations could lead to the imposition of fines and penalties and further result in the deterioration of our business.

Our current management has limited experience in the restaurant industry and may be unable to manage the Giggles 'N' Hugs restaurants.

Our current officers have no specific experience in the restaurant business. Because of that, we may face additional risks and challenges, for which we have no ability to forecast. There can be assurance that our current management will produce successful operations and we are significantly dependent upon our ability to locate, attract and hire experienced personnel. In the event we are unable to do so, we may be unable to manage the operations of Giggles 'N' Hugs restaurants, assuming the consummation of the Merger.
