MEMBERSHIP AND MEETINGS OF THE BOARD OF DIRECTORS AND ITS COMMITTEES

INFORMATION REGARDING MEETINGS AND COMMITTEES OF THE BOARD

The Board of Directors held five meetings during Fiscal 2017. The Board of Directors has standing Audit, Compensation and Stock Option, Nominating and Strategic Planning committees.

The Audit Committee is currently comprised of three independent members – Messrs. Samuel C. Hathorn, Jr. (Chairman), Stanley M. Sheridan (Deputy Chairman) and Cecil D. Conlee. The Audit Committee held three meetings during Fiscal 2017. The principal functions of the Audit Committee are to appoint the independent auditors of the Company and to review with the independent auditors and the Company's internal audit department the scope and results of audits, the internal accounting controls of the Company, audit practices and the professional services furnished by the independent auditors. The Company's Board of Directors has determined that Messrs. Conlee, Hathorn and Sheridan satisfy the requirements for an audit committee financial expert under the rules and regulations of the Commission and that each member of the Audit Committee is "independent" as defined in the NASDAQ listing standards. The Audit Committee's charter is available on our website at www.nationalbeverage.com under "Investors – Corporate Governance".

The current members of the Company's Compensation and Stock Option Committee are Messrs. Cecil D. Conlee (Chairman), Samuel C. Hathorn, Jr. (Deputy Chairman) and Stanley M. Sheridan. During Fiscal 2017, the Compensation and Stock Option Committee held two meetings. The principal functions of the Compensation and Stock Option Committee are to consider, review and approve all compensation arrangements, including base salary, annual incentive awards and stock option grants, for officers and employees of the Company and to administer the Company's employee benefit programs. The Compensation and Stock Option Committee does not have a charter.

The current members of the Company's Nominating Committee are Messrs. Nick A. Caporella (Chairman), Samuel C. Hathorn, Jr. (Deputy Chairman) and Stanley M. Sheridan. During Fiscal 2017, the Nominating Committee held two meetings. The Nominating Committee recommends to the Board of Directors candidates for election to the Board. The Nominating Committee considers possible candidates from any source, including shareholders, for nominees for directors. In evaluating the qualifications of nominees, the Nominating Committee considers a variety of factors, such as education, work experience, knowledge of the Company and the beverage industry, membership on the board of directors of other corporations, civic involvement and diversity. The Nominating Committee does not have a specific policy with respect to diversity on the Board of Directors. Recommendations for director candidates, which shall include written materials with respect to the potential candidate, should be sent to Corporate Secretary, National Beverage Corp., P.O. Box 16720, Fort Lauderdale, Florida 33318. All shareholder nominees for director will be considered by the Nominating Committee in the same manner as any other nominee. All recommendations should be accompanied by a complete statement of such person's qualifications (including education, work experience, knowledge of the Company's industry, membership on the board of directors of another corporation and civic activity) and an indication of the person's willingness to serve. The Nominating Committee does not have a charter.

The current members of the Company's Strategic Planning Committee are Messrs. Nick A. Caporella (Chairman), Cecil D. Conlee and Samuel C. Hathorn, Jr. The Strategic Planning Committee did not meet separately during Fiscal 2017 as the election of Mr. Conlee to the Board in 2009 allowed the advice and consultation of the committee members to be obtained during the regular meetings of the Board.

In addition to the above standing committees, the Board of Directors from time to time has appointed certain ad hoc committees. During Fiscal 2017, such committees included the Special Committee, formed to evaluate capital deployment options, the Litigation Advisory Committee, formed to assist Company management with certain legal matters and the Strategic Transaction Committee, formed to evaluate strategic business opportunities.

Each director attended all of the meetings of the Board and standing committees on which he serves. We have no formal policy regarding directors' attendance at annual meetings of shareholders but all directors have attended past annual shareholder meetings and we anticipate that all directors will attend the 2017 Meeting.

Mr. Nick A. Caporella currently beneficially owns 73.5% of the Company's outstanding Common Stock. As a result, the Company is a "controlled company" within the meaning of the NASDAQ listing standards and is therefore not currently required to have independent directors comprise a majority of its Board of Directors or to have independent directors comprise its Compensation and Stock Option Committee or its Nominating Committee. However, independent directors comprise the majority of the Nominating Committee and the Compensation and Stock Option Committee is comprised of only independent directors. Messrs. Cecil D. Conlee, Samuel C. Hathorn, Jr. and Stanley M. Sheridan qualify as independent directors under the NASDAQ listing standards.

In compliance with NASDAQ listing standards, the independent directors hold meetings at which only independent directors are present.

QUORUM AND VOTING PROCEDURE

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. Votes cast by proxy or in person at the Meeting will be tabulated by the inspectors of election appointed for the Meeting and will be counted in determining whether or not a quorum is present. A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by such proxy are not being voted by such shareholder with respect to a particular matter ("non-voted shares"). This could occur, for example, when a broker is not permitted to vote shares held in "street name" on certain matters in the absence of instructions from the beneficial owner of the shares. Non-voted shares with respect to a particular matter will not be considered shares present and entitled to vote on such matter, although such shares may be considered present and entitled to vote for other purposes and will be counted for purposes of determining the presence of a quorum. Shares voting to abstain as to a particular matter and directions to "withhold authority" to vote for directors will not be considered non-voted shares and will be considered present and entitled to vote with respect to such matter. Non-voted shares and abstentions will have no effect on the matters brought to a vote at the Meeting. As a result of Mr. Nick A. Caporella's beneficial ownership of 73.5% of the outstanding shares of Common Stock of the Company, the election of the Class III director will be approved by vote of shareholders at the Meeting.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING

Election of Director

Currently, the Board is comprised of five directors elected in three classes (the “Classes”). Directors in each class hold office for three-year terms and the terms of the Classes are staggered so that the term of one Class terminates each year. The term of the current Class III director expires at the 2017 Meeting.

The Board of Directors has nominated Nick A. Caporella for election as director in Class III, with a term of office of three years expiring at the Annual Meeting of Shareholders to be held in 2020 and when his respective successor has been duly elected and qualified. In order to be elected as a director, a nominee must receive a plurality of affirmative votes cast by the shares present or represented at a duly convened meeting. Shareholders have no right to vote cumulatively.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE NOMINEE FOR THE CLASS III DIRECTOR.

(a former affiliate of the Company) until March 1994. Throughout his more than 50-year business career, he has founded or managed as the Chief Executive Officer successful companies and has served as a public company Chairman, Chief Executive Officer or President since 1976. The Company was founded as a result of Mr. Caporella's vision and innovation and his extraordinary career, entrepreneurial spirit, business acumen and civic leadership qualify him to serve on the Board.

Continuing Directors

Joseph G. Caporella has served as President of the Company since September 2002 and, prior to that date, served as Executive Vice President since January 1991. He is the son of Mr. Nick A. Caporella. Since joining the Company in 1988, he has been involved in all aspects of the Company's operations, including procurement, supply chain management, distribution and sales leadership. Mr. Caporella's more than 25 years of experience in the beverage industry coupled with his extensive knowledge of the day-to-day business operations of the Company qualify him to serve on our Board.

Samuel C. Hathorn, Jr. was employed by Trendmaker Homes, Inc. from 1981 until his retirement in September 2007. He served as President since 1983 and was appointed Chief Executive Officer in January 2007. Trendmaker Homes, Inc. was a Houston, Texas-based homebuilding and land development subsidiary of Weyerhaeuser Company. Mr. Hathorn has also held senior executive and financial positions with several public corporations and served as a director of Burnup & Sims Inc. from 1981 until 1997 and of Hartman Commercial Properties REIT, a publicly-traded real estate investment trust, from 2000 to 2005. Mr. Hathorn first served on the Company's Board of Directors from its inception in 1985 to September 1993 while also serving as a Burnup & Sims director and representative during the Company's formative years. He returned to our Board in June 1997 and has served as a director since that time. Mr. Hathorn's extensive expertise as a seasoned financial executive, his professional business acumen and his intimate knowledge of our business qualify him to serve on our Board.

Cecil D. Conlee is a partner of CGR Advisors, an Atlanta, Georgia based real estate investment advisory firm that he founded in 1990. He served as a director of Oxford Industries, Inc., an international apparel design, sourcing and

marketing company from 1985 until June 2011, and was a member of the Executive Committee and Chairman of the Audit Committee. He also served as a director of Central Parking Corp. from 1996 to 2006. Mr. Conlee has been a member of the Company's Strategic Planning Committee since 1995 and was a lead director of Burnup & Sims Inc. for more than 20 years. As a result, he gained unique knowledge and experience during the formative years of the Company. In addition, Mr. Conlee holds an MBA from Harvard University and is a Trustee Emeritus of Vanderbilt University. Mr. Conlee's education, business acumen, leadership skills, civic involvement and his knowledge and experience related to our Company qualify him to serve on our Board.

Stanley M. Sheridan was employed by Faygo Beverages, Inc., a wholly-owned subsidiary of National Beverage Corp., from 1974 until his retirement in 2004. He joined Faygo Beverages, Inc. as Chief Financial Officer in 1974 and was promoted to President in May 1987 when Faygo Beverages, Inc. was acquired by National Beverage Corp. He holds an MBA in Accounting and has served on the boards of various private companies and charitable organizations. Mr. Sheridan's retirement in 2004 and his absence from Faygo Beverages, Inc. qualify him as an independent director for the Company. Mr. Sheridan's 30 years of experience in the beverage industry and his professional management expertise as a chief executive in the soft drink industry make him extremely familiar with our business. These qualifications and his financial and accounting expertise qualify him to serve on our Board.

BOARD LEADERSHIP STRUCTURE

The Board of Directors does not have a policy addressing whether the same person should serve as both the Chief Executive Officer and Chairman of the Board or if the roles should be separate but believes that it should have the flexibility to make its determination based upon what it considers to be the appropriate leadership structure for the Company at the time. The Board further believes that having a single person serving as both Chief Executive Officer and Chairman of the Board, coupled with our use of individual chairmen for each of our Board committees, currently provides the best form of leadership for our Company. Accordingly, the Board has not deemed it necessary or appropriate to create the position of lead independent director, in that each Committee Chairman functions in the capacity akin to that of a lead director. Combining the Chairman and Chief Executive Officer roles fosters clear accountability, effective decision-making, alignment of our corporate strategies and has served the Company well for many years. As our Chief Executive Officer, Mr. Nick A. Caporella is and has been responsible for overseeing the operations of the Company and implementing the Company's corporate strategies. The Board believes that the breadth of Mr. Caporella's business experience, professional and successful track record in all of his undertakings in the Company, along with his position as founder and controlling shareholder of the Company, make him uniquely qualified to continue to preside over the entire Board, lead its strategies and discussions and set its agendas.

BOARD'S ROLE IN RISK OVERSIGHT

While management is primarily responsible for the day-to-day assessment and risk management programs, the Board of Directors is responsible for oversight of enterprise-wide exposures, including strategic, operational, financial, legal and regulatory risks. The Board performs its oversight function both directly and indirectly through Board committees that are chaired by professionals with varied and extensive business experience. The Audit Committee assists the Board in evaluating financial risks and risks related to the Company's financial reporting, internal controls and compliance with legal and regulatory requirements. The Compensation and Stock Option Committee assists the Board in evaluating risks associated with leadership assessment, management succession planning and our compensation philosophy and programs. In addition to committee reports, the Board receives regular presentations from senior management and senior department heads, which include presentations regarding the annual operating plan as well as long-term operational and strategic matters.

ADVISORY VOTES ON EXECUTIVE COMPENSATION AND FREQUENCY OF AN ADVISORY VOTE

As required by Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), the Company is providing its shareholders the opportunity to vote on two non-binding advisory proposals: (1) to approve the compensation of our Executive Officers; and (2) the frequency of future advisory votes on executive compensation. Based on the advisory vote of our shareholders at the 2011 Annual Meeting, the Board determined that the Company will hold shareholder advisory votes on executive compensation every three years. Therefore, a shareholder advisory vote on executive compensation is scheduled to take place at the Meeting.

While the Board believes that requiring shareholders to vote on these matters is unnecessary in light of the Company’s ownership structure and the philosophy employed by the Board to determine executive compensation, the Board appreciates the time its shareholders take to consider the proposals and encourages all shareholders to vote their shares on these matters.

As set forth in our Compensation Discussion and Analysis, the objectives of the Company’s compensation program are to (1) attract, motivate, develop and retain top quality executives who will increase long-term shareholder value and (2) deliver competitive total compensation packages based upon the achievement of both Company and individual performance goals. The Company’s executive compensation is discussed in further detail in our Compensation Discussion and Analysis which follows.

The Company is asking its shareholders to indicate their support for the compensation paid to the Company’s Executive Officers for the purposes of compliance with the Dodd-Frank Act solely. The proposal to approve executive compensation is not intended to address any specific item of compensation, but rather the overall compensation of the Company’s Executive Officers and the philosophy, policies and practices described in this Proxy Statement. It should be noted that the amounts reflected on the Summary Compensation Table for Mr. Nick A. Caporella represent the total management fee paid to CMA. Both Mr. Caporella and Mr. Bracken (as well as all other personnel employed by CMA) are compensated by CMA.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE TO APPROVE THE OVERALL COMPENSATION OF THE COMPANY’S EXECUTIVE OFFICERS BY VOTING “FOR” ON THE PROXY CARD.

To further comply with the Dodd-Frank Act, the Company is also providing its shareholders the opportunity to cast an advisory vote on whether future advisory votes on the compensation of the Company’s Executive Officers should occur every one, two or three years. The Board believes that a triennial vote complements its compensation philosophy and its compensation program that promotes long-term shareholder value.

THE BOARD OF DIRECTORS RECOMMENDS THAT AN ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S EXECUTIVE OFFICERS BE INCLUDED IN THE COMPANY'S PROXY STATEMENT EVERY THREE YEARS.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

Compensation Discussion and Analysis

The following discussion and analysis is intended to provide an understanding of the Company's compensation philosophy and policies and the actual compensation earned by each of our Executive Officers. It should be noted that neither Mr. Nick A. Caporella nor Mr. Bracken receives cash compensation from the Company. The services of both are provided to the Company by CMA and their cash compensation is based solely on and included within the management fee paid to CMA. (See "Management Services Agreement – Compensation" and "Certain Relationships and Related Party Transactions".)

At the 2014 Annual Meeting 86% of the shares voted by our shareholders were voted to approve, on an advisory basis, the compensation of our Executive Officers. We believe this vote supports our view that the Company's compensation decisions and compensation philosophy and policy discussed below appropriately align the interests of our Executive Officers with the short and long-term goals of the Company. Also based on the advisory vote of our shareholders at the 2011 Annual Meeting, the Board determined that the Company will hold shareholder advisory votes on executive compensation every three years. The next shareholder advisory vote on executive compensation is scheduled to take place at the Annual Meeting of Shareholders to be held in 2020.

Compensation Philosophy

The objectives of the Company's compensation program are to (1) attract, motivate, develop and retain top quality executives who will increase long-term shareholder value and (2) deliver competitive total compensation packages based upon the achievement of both Company and individual performance goals. The Company expects its executives to balance the risks and related opportunities inherent in our industry and in the performance of his or her duties, and to adhere to the Company's philosophy and business principles in order to participate in any upside opportunity once actual performance is measured.

To achieve the above goals, the Compensation and Stock Option Committee has set forth a compensation program for its Executive Officers that includes the following elements:

- Base salary;
- Annual cash bonuses;
- Share-based compensation; and

Retirement, health and other benefits.

In order to maintain a competitive compensation program for its Executive Officers, the Compensation and Stock Option Committee, on a semi-annual basis: (a) reviews compensation practices to assure fairness, relevance, support of the strategic goals of the Company and contribution of the executive to the creation of long-term shareholder value, (b) considers the relevant mix of compensation components and (c) implements a compensation plan that reasonably allocates a portion of each executive's total compensation to incentives and other forms of longer-term compensation linked to Company and individual performance, and the creation of shareholder value.

Factors Considered In Determining Compensation

The Compensation and Stock Option Committee reviews executive compensation levels for its Executive Officers on a semi-annual basis to ensure that they remain competitive within the beverage industry. The overall value of the compensation package for an Executive Officer is determined by the Compensation and Stock Option Committee in consultation with the Chief Executive Officer, other key officers and the Board. The factors considered by the Compensation and Stock Option Committee include those related to both the overall performance of the Company and the individual performance of the Executive Officer. Consideration is also given to comparable compensation data for individuals holding similarly responsible positions at other and peer group companies in determining appropriate compensation levels.

With respect to long-term incentive compensation to be awarded to Executive Officers, the Company maintains three equity-based plans: (a) the 1991 Omnibus Incentive Plan, (b) the Special Stock Option Plan and (c) the Key Employee Equity Partnership Program (each plan is discussed in more detail below).

The timing, amount and form of awards under these plans for each of the Executive Officers is made at the discretion of the Compensation and Stock Option Committee based on recommendations of the Chief Executive Officer. Any such awards are granted only upon the written approval of the Compensation and Stock Option Committee. No stock-based awards or other equity rights have been granted to Mr. Nick A. Caporella since the Company's inception.

Elements of Executive Compensation

Base Salary

Base salary is used to attract and retain Executive Officers and is determined using comparisons with industry competitors and other relevant factors including the seniority of the individual, the functional role of the position, the level of the individual's responsibility and the ability to replace the individual. Salaries for the Executive Officers are reviewed by the Compensation and Stock Option Committee, the Chief Executive Officer and the Board on a semi-annual basis. Changes to base salaries, if any, are affected primarily by individual performance.

Annual Cash Bonuses

Annual cash bonuses are intended to be a significant component of an Executive Officer's compensation package. The amount of annual bonus compensation to be awarded to the Executive Officers, if any, is determined by the Compensation and Stock Option Committee, upon recommendation by the Chief Executive Officer. While the Chief Executive Officer and the Compensation and Stock Option Committee consider the Company's overall performance and each individual's performance when determining the amount of bonus to award, there is no predefined written plan, acknowledged by the recipient, with respect to performance measures that obligates the Company to pay an annual cash bonus and the Compensation and Stock Option Committee retains absolute discretion to award bonuses and to determine the amount of such bonuses.

Share-Based Compensation (Long-Term Incentive Programs)

Share-based long-term incentive compensation is provided to Executive Officers through the award of stock options. The primary purpose of stock options is to provide Executive Officers and other employees with a personal and financial interest in the Company's success through stock ownership, thereby aligning their interests with those of our shareholders. The Compensation and Stock Option Committee believes that the value of stock options will reflect the Company's financial performance over the long-term. Because the Company's stock option programs require vesting periods before options may be exercised and an exercise price based on either the fair market value as of the date of grant or the amount of Common Stock held, the value of stock options and stock ownership increases when the market value of the Company's common shares increases over time.

Share-based awards made under the Company's 1991 Omnibus Incentive Plan (the "Omnibus Plan") typically consist of options to purchase Common Stock which vest over five years and have a term of ten years. Certain key executives of the Company also receive grants from time to time under the Company's Special Stock Option Plan (the "Special Option Plan"). The vesting schedule and exercise price of these options are tied to the executive's ownership levels of Common Stock. Generally, the terms of the Special Option Plan allows for the reduction in exercise price upon each vesting date of the option. The vesting schedule and exercise price reduction of such options may be accelerated at the discretion of the Compensation and Stock Option Committee. While the Compensation and Stock Option Committee considers the Company's overall financial performance during the respective vesting periods, there is no predefined written plan with respect to financial measures that obligates the Company to such acceleration, and the Compensation and Stock Option Committee has not elected to accelerate the vesting or price reduction of any options held by Executive Officers during the past three fiscal years. The Company issues share-based awards with long-term vesting schedules designed to increase the level of the executive's stock ownership, encourage long-term employment, promote adherence to the Company's principles and philosophy and create long-term value for shareholders, while inducing corporate compatibility within the management team.

In addition, share-based compensation is awarded under the Company's Key Employee Equity Partnership Program (the "KEEP Program"). The KEEP Program is designed to positively align interests between the Company's executives and its shareholders beyond traditional option programs while, at the same time, stimulating and rewarding management for "partnering-up" with the Company to create shareholder value. The KEEP Program provides for granting stock options to key employees, officers and directors of the Company who invest their personal funds in Common Stock. Participants who purchase shares of Common Stock in the open market receive grants of stock options equal to 50% of the number of shares purchased up to a maximum of 6,000 shares purchased in any two-year period. Options under the KEEP Program are automatically forfeited upon the sale of shares originally acquired by the participant. The options are granted at an initial exercise price of 60% of the purchase price paid for the shares acquired and reduce to the par value of Common Stock at the end of the six-year vesting period.

The Company's long-term incentive programs are generally intended to provide rewards to executives only if value is created for shareholders over time and the executive continues in the employ of the Company. The Compensation and Stock Option Committee believes that employees should have sufficient holdings of the Company's Common Stock so that their decisions will appropriately foster sound judgment in the exercise of their duties. The Compensation and Stock Option Committee reviews with the Chief Executive Officer the recommended individual awards and evaluates the scope of responsibility, strategic and operational goals and individual contributions in making final awards under the Omnibus Incentive Plan and the Special Option Plan, and determines participants in the KEEP Program.

Options issued pursuant to the Special Option Plan and the KEEP Program after December 31, 2004 are considered deferred compensation arrangements under Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"). Accordingly, option recipients must make a written election to exercise option grants on specified future dates to avoid being subject to additional income taxes, interest and withholding. The election is irrevocable, but may be subject to acceleration upon proper termination of employment, disability or in certain other limited circumstances, at the discretion of the Board of Directors. All Executive Officers holding options granted under these plans have made such an election.

With respect to share-based compensation, the Company recognizes stock compensation expense in accordance with FASB Accounting Standards Codification Topic 718 which requires public companies to measure the cost of employee services received in exchange for an award of equity instruments based on the grant date fair value of the award. The Company uses the Black-Scholes option-pricing model to determine the grant date fair value.

The Company ensures that stock option awards approved by the Compensation and Stock Option Committee will be granted subsequent to any planned release of material non-public information. The Company has not engaged in the backdating, cancellation or re-pricing of stock options awarded to its Executive Officers.

Retirement, Health and Other Benefits

The Company provides retirement, health and other benefits as an additional incentive to retain employees. The Company maintains a defined contribution 401(k) plan that allows employees to make plan contributions on a pre-tax basis and currently contributes an additional profit sharing contribution on behalf of each employee. Profit sharing contributions are allocated to all employees who meet certain minimum service requirements, based on a percentage of total compensation, which amount is subject to change from year to year. Although Executive Officers are eligible to participate in the 401(k) plan, they have been prevented from participating at the same level as non-executives, due to the rules under Section 401(a)(17) of the Code which dictate the application of an annual limitation on contributions.

We currently make available to our Executive Officers and all employees a comprehensive health, dental, life and disability insurance program. The health care insurance program offers a variety of coverage options, which may be selected at the employee's discretion. The Company currently provides a basic term-life insurance policy to all employees and makes additional coverage available at the employee's expense and discretion.

The Company does not provide any additional perquisites to Executive Officers, other than a car allowance, which is included in the Summary Compensation Table below. The total of all perquisites to any Executive Officer did not equal or exceed \$10,000 for Fiscal 2017.

Employment, Change in Control and Severance Agreements

The Company does not typically enter into, and does not currently have, any formal employment, change in control, severance or other similar agreements with any Executive Officer. The Company's stock option plans, however, provide that unvested options held by all employees will fully vest if a change of control (as defined in the plans)

occurs or if options of an equivalent value are not provided in the event the Company is not the surviving entity of a merger or consolidation. Based on the difference between the closing stock price of the Company's Common Stock on April 29, 2017 and the option exercise prices on that date, the values of unvested options held by our Executive Officers were: Joseph G. Caporella - \$1,734,592; George R. Bracken - \$1,002,266; and Gregory P. Cook - \$269,964.

The Company may also, from time to time, pay severance to an employee, including an Executive Officer, based on, among other things, years of service, functional role or position and level of the individual's responsibility and reasons for terminating his or her services. The Company believes in trust, loyalty and commitment from both the Company and the Executive Officers and that employment agreements are not necessary to achieve its goals and meet the needs of the Executive Officers. The Company believes that the fact that most of the executives of the Company have been with the Company for a long period of time supports this belief.

MANAGEMENT SERVICES AGREEMENT – COMPENSATION

CMA, pursuant to a management agreement, provides the services of and compensates the Company's Chief Executive Officer, Chief Financial Officer and senior and other corporate personnel, who provide management, administrative and creative functions to the Company. Although management fees paid to CMA have been disclosed in "Certain Relationships and Related Party Transactions" since the inception of the management agreement in 1992, during 2009, the Commission requested that we modify the presentation of amounts paid to Mr. Nick A. Caporella and Mr. Bracken. In a comment letter dated February 9, 2009, the Commission staff requested that, due to Mr. Caporella's 100% ownership of CMA, the entire management fee paid to CMA be reflected as compensation to Mr. Caporella in the body of the Summary Compensation Table. As a result, we agreed (for reporting purposes) to include the management fee paid by the Company to CMA under the caption "All Other Compensation" with respect to Mr. Nick A. Caporella in the Summary Compensation Table. We believe this method of reporting constitutes an ultra-conservative and most probable misleading approach that could have the reader construe that these amounts are paid by the Company and/or CMA directly to him due to his ownership of CMA. These amounts paid by the Company to CMA, as reflected in the Summary Compensation Table, should not be interpreted as the actual amount of compensation paid to him by either the Company or CMA and are shown only to comply with the comment letter dated February 9, 2009. The cash compensation of Mr. Bracken, who serves as Principal Financial Officer of National Beverage Corp., is also paid by CMA and is included under the "All Other Compensation" caption in the Summary Compensation Table. (See "Certain Relationships and Related Party Transactions".)

SUMMARY COMPENSATION TABLE

The following table sets forth information concerning compensation awarded to, earned by or paid to our Executive Officers, and payments made to CMA, for services rendered during the past three fiscal years:

Mr. Nick A. Caporella, our Chairman of the Board and Chief Executive Officer, and Mr. George R. Bracken, our Executive Vice President-Finance, do not receive any cash compensation from the Company as their services are provided to us through CMA. As described above in “Compensation Discussion and Analysis” and “Management Services Agreement – Compensation” and below in “Certain Relationships and Related Party Transactions”, we pay an annual base management fee equal to one percent of our consolidated net sales for the services that CMA provides, which include, among other things, the services of Mr. Nick A. Caporella and Mr. Bracken, as well as senior and other corporate personnel who are not required to be included in the table above, and the supervision of the Company’s financial, legal, executive recruitment, internal audit and management information systems departments. The amounts set forth with respect to Mr. Nick A. Caporella under the caption “All Other Compensation” represent the total management fees paid by us to CMA (which is compliant with the conservative presentation requested by the Commission) for the respective fiscal years and should not be construed to be actual compensation paid by either the Company or CMA to Mr. Caporella. The amounts set forth with respect to Mr. Bracken under the caption “All Other Compensation” represent payments to him by CMA.

As prescribed by SEC regulations, amounts represent the grant date fair value for Special Option awards granted on August 27, 2014 computed in accordance with Accounting Standards Codification 718 based on the Black-Scholes option-pricing model. (See Note 8 to the Financial Statements included in the Company’s Annual Report on Form 10-K for additional information regarding the assumptions utilized.) Special Options generally vest over five to nine-year periods and accordingly the Company recognizes compensation expense with respect to these options over the projected vesting periods. The gain realized by the recipient, if any, upon exercise is dependent upon future events and therefore, the amount reflected on this table is not necessarily the amount that will be realized. Accordingly, the Company believes that this methodology does not fully reflect the periodic cost to the Company or the value to the recipient and therefore has provided additional Generally Accepted Accounting Principles (“GAAP”) based option expense information. (See footnote 3 below.)

Amounts represent the annual compensation expense recognized for stock option awards computed in accordance with GAAP pursuant to Accounting Standards Codification 718 based on the Black-Scholes option-pricing model. (See Note 8 to the Financial Statements included in the Company’s Annual Report on Form 10-K for additional information regarding the assumptions utilized.) Options held by our Executive Officers generally vest over five to nine-year periods and are expensed in accordance with GAAP. The Company believes that the annual compensation expense provides a more meaningful measure of the value of these options for any given fiscal year than the grant date fair value amount prescribed by SEC regulations and therefore has been included as supplementary information.

⁴The Company’s Board and management believe that anomalies exist in the request to conform with SEC requirements and therefore have aligned this presentation to more appropriately recognize expense in accordance with GAAP and more clearly inform the reader. As stated in the Summary Compensation Table, the amounts under

Mr. Nick A. Caporella's SEC compensation column are more clearly defined in footnote 1 of this section.

Mr. Nick A. Caporella has not been awarded stock options, therefore, his total does not differ from the SEC
5 recommended total. GAAP option expense for Mr. Bracken is included in "All Other Compensation", therefore his
GAAP total is reflected in that column.

GRANTS OF PLAN-BASED AWARDS IN FISCAL 2017

OUTSTANDING EQUITY AWARDS AT END OF FISCAL 2017

The following table sets forth information about the number of outstanding equity awards held by our Executive Officers at April 29, 2017. No equity awards have been granted to Nick A. Caporella since the inception of the Company.

<u>Name</u>	Number of Securities		Option Awards		Option Expiration Date
	Underlying Unexercised Options (# Exercisable)	Underlying Unexercised Options (# Unexercisable)	Number of Securities Underlying Unexercised Options (# Unexercisable)	Option Exercise Price (\$)	
Joseph G. Caporella	30,104	7,896	5.68	1	7/27/2020
	5,600	14,400	13.60	1	8/26/2024
George R. Bracken	5,680	2,320	5.68	1	7/27/2020

Gregory P. Cook	3,000	—	11.35		5/04/2020
	1,400	3,600	13.60	1	8/26/2024

Options granted under the Company's Special Option Plan are exercisable for a ten-year period and vest in relatively equal amounts at approximately 16-month intervals. The exercise price can be reduced and the vesting schedule can be accelerated if the optionee purchases and maintains ownership of shares of Common Stock and the Company achieves performance objectives as determined by the Board. Based upon these factors, full vesting can occur from 64 to 104 months after issuance and the exercise price can range from 50% to 7% of the initial grant price if the options are held until the final vesting date.

OPTION EXERCISES AND STOCK VESTED IN FISCAL 2017
