Non-GAAP EPS increased 23.5% from \$3.02 in 2017 to \$3.73 in 2018. Non-GAAP EPS represents diluted EPS excluding the impact of certain items such as special charges and acquisition expenses that are not indicative of the performance of our ongoing operations, and the impact of amortization of intangible assets related to acquisitions. Non-GAAP EPS differs from other similar non-GAAP EPS measures for annual incentive plans (see Annex A) and performance shares (see Annex B). For a further discussion of, and a reconciliation of diluted EPS to non-GAAP EPS, please see pages 47 and 48, “NON-GAAP MEASURES – Non-GAAP EPS” in Item 7 of Part II, Management’s Discussion and Analysis of Financial Condition and Results of Operations section, of the 2018 Form 10-K.

Compensation Highlights

The Compensation Committee (the “***Compensation Committee***”) of the Board of Directors (the “***Board***”) of the Company approved the following actions during fiscal year 2018 and at the beginning of fiscal year 2019 to maintain and improve the pay-for-performance nature of our executive compensation program:

Implemented the ICF International 2018 Omnibus Incentive Plan (the “***2018 Incentive Plan***”), which included new features designed to increase corporate governance and shareholder protection.

Supported the continuation of an annual, non-binding, advisory vote of the Company’s stockholders regarding the Company’s overall pay-for-performance executive compensation programs which, in 2018, garnered the support of 97% of the votes cast in favor of the program. ICF’s advisory vote regarding overall pay-for-performance at the 2019 annual meeting of stockholders will be the ninth consecutive annual vote by stockholders on this matter.

Continued utilizing performance-based share awards (“***PSAs***”) as a key component of ICF’s long-term incentive program. PSAs are performance contingent awards where executives may earn shares depending on the Company’s actual performance against pre-established performance measures. The performance periods of the PSAs are long-term and, therefore, align executives’ interests with the interests of long-term stockholders.

Approved an updated Company Executive Stock Ownership Policy, dated as of December 2018 (the “***2018 Executive Stock Ownership Policy***”), which increases the ownership requirement for the Chief Executive Officer (“***CEO***”) from 4x to 5x base salary. As of April 2, 2019, each of our named executive officers (“***NEOs***”) met the stock ownership guidelines.

Continued the performance focus in the Company’s annual bonus program rigorously linking pay to performance. Annual threshold, target and maximum performance goals were established with appropriate incentive payouts at each level. In February 2019, the Compensation Committee and the Board approved adjustments to the pay-for-performance metrics.

Continued annual review of NEO compensation against best practices and market data. In 2019, NEO equity incentive targets were increased to achieve market competitiveness and reflect sustained strong business performance.

Extensively reviewed external executive compensation trends to ensure that the Company's executive compensation practices align with market best practices. The peer group data and other market data from nationwide salary surveys are used to provide a relevant basis for determining executive pay levels.

For additional information on compensation related matters, see the Compensation Discussion & Analysis (the "**CD&A**") section of this Proxy Statement, beginning on Page 31.

Corporate Governance Highlights

ICF has a longstanding commitment to effective governance of its business and affairs for the benefit of stockholders. The Board's Governance and Nominating Committee (the "***Governance and Nominating Committee***") periodically reviews our Corporate Governance Guidelines to maintain effective and appropriate standards of corporate governance.

Board Leadership Structure

Our Board leadership structure currently consists of a Chairman of the Board (the "***Chairman***"), who also serves as our CEO, a Lead Independent Director, and independent committee chairs. The Board believes that ICF is currently best served in combining the CEO and Chairman positions, complemented by a strong and effective Lead Independent Director.

Lead Independent Director

Ms. Eileen O'Shea Auen was re-elected to serve as ICF's Lead Independent Director as of May 31, 2018. Both the Board and management believe that strong, independent Board leadership is a critical aspect of effective corporate governance.

Lead Independent Director responsibilities include, but are not limited to:

Chairing any meeting of the independent directors in executive session;

Facilitating communications between other members of the Board and the Chairman and CEO; however, each director is free to communicate directly with the Chairman and CEO;

Working with the Chairman and CEO in the preparation of the agenda for each Board meeting and in determining the need for special meetings of the Board;

Consulting with the Chairman and CEO on matters relating to corporate governance and Board performance;

Leading the deliberation and action by the Board or a Board committee regarding any offer, proposal or other solicitation or opportunity involving a possible acquisition or other change of control of the Company, including by merger, consolidation, asset or stock sale or exchange, or recapitalization;

In conjunction with the Chair of the Governance and Nominating Committee, overseeing and participating in the annual board evaluation and succession planning process;

Participating in the Compensation Committee's annual performance evaluation of, and succession planning for, the Chairman and CEO; and

Meeting with any director whom the Lead Independent Director deems is not adequately performing his or her duties as a member of the Board or any committee.

Board Committees

The three (3) standing committees established by the Board meet on a regular basis and operate under written charters approved by the Board. Each committee performs an annual self-evaluation to determine whether the committee is functioning effectively and fulfilling its duties as prescribed by its charter. All members of the Audit Committee of the Board (the "***Audit Committee***"), the Compensation Committee and the Governance and Nominating Committee are independent and each committee has the ability to hire and terminate its own outside advisors.

Board Risk Oversight

Management is responsible for the day-to-day management of the risks we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. Our Board meets regularly to discuss the strategic direction and the issues and opportunities facing our Company. Our Board provides guidance to management regarding our strategy, including in connection with our results of operations and related trends and factors contributing to or affecting our results, long-term strategy, financial reporting, and risks associated with these aspects of the Company's business. The involvement of the Board in setting our business strategy is an important part of determining the types and appropriate levels of risk undertaken by the Company. Management conducts regular enterprise risk assessments that include feedback from the Board, to ascertain and define the most significant risks facing the Company. After assessments are complete, management reports regularly to the Board and Board committees on the status and completion of actions associated with the most significant risks.

We have also established a Code of Business Ethics and Conduct (the "***Code of Ethics***") that establishes standards of conduct and expectations for our employees and the overall manner in which we conduct business. The Code of Ethics, along with our other policies and business standards, and our overall risk and compliance programs are components of mitigating the risks associated with the operation of our business.

Continuing Education

ICF's Corporate Governance Guidelines encourage all directors to receive continuing education in areas that will assist them in discharging their duties.

Table of Contents

Stock Ownership and Holding Period Requirements

The Board believes that designated executives of the Company should have a financial stake in ICF so that their interests are aligned with those of the stockholders, which will cause them to more effectively represent ICF's stockholders. The 2018 Executive Stock Ownership Policy requires executives to own ICF common stock in a value equal to, or in excess of the multiple of their annual base salary as shown below:

CEO:	5x
Other NEOs:	2x
Other designated executives:	1x

For designated executives (including NEOs) as of January 1, 2015, ownership levels are to be achieved within five (5) years of that date. For executives appointed after such date, such levels, if not achieved by their fifth anniversary of becoming such an executive, are to be achieved no later than December 31 of that year.

The Board also believes that its members should share stockholders' focus on the Company's long-term value. As such, the Board adopted a Board member stock ownership policy establishing, as a guideline (but not an absolute requirement), that non-employee directors of the Company be expected to own shares of Company common stock valued at five (5) times such director's annual cash meeting retainer, which may include shares of unvested restricted stock (i.e., directors are strongly encouraged to hold common stock valued at \$300,000). Such ownership level is to be achieved over a period of four (4) years after becoming a member of the Board.

As of April 2, 2019, each of our NEOs and non-employee directors either met the above stock ownership guidelines or is expected to meet the applicable ownership guidelines within the specified time period assuming that, for the NEOs, their PSAs are paid at target.

Anti-Hedging and Anti-Pledging

Pursuant to the Company's Policy on Insider Information and Securities Trading ("***Policy on Insider Information***") the Company considers it improper and inappropriate for any employee, officer or director of the Company to engage in short-term or speculative transactions in the Company's securities. The Policy on Insider Information specifically prohibits directors, officers and other employees from engaging in short sales of the Company's securities and transactions in puts, calls or other derivative securities (sometimes referred to as "***hedging***"). Each of the NEOs and directors complied with the Policy on Insider Information during fiscal year 2018.

Individual stock grant agreements prohibit the pledging or assignment of stock grants.

Good Governance Practices

As of the end of 2018, the Board was 86% independent, 29% female, 29% minority and included a female Lead Independent Director.

The Board reflects a range of talents, ages, skills, diversity, and expertise.

Each director attended over 75% of applicable Board/committee meetings in 2018.

The Board has three (3) independent standing committees, each operating under a written charter, chaired by an independent director, and composed entirely of independent directors: Audit, Compensation, and Governance and Nominating.

The Board has adopted comprehensive Corporate Governance Guidelines to guide its oversight and leadership.

The Board conducts an annual evaluation of the CEO.

ICF has stock ownership guidelines for directors and executive officers. We have policies restricting hedging and short sales of ICF International equity securities by directors and executive officers. Individual stock grant agreements prohibit the pledging or assignment of stock grants.

The Board reviews management talent and succession planning annually.

No stockholder rights plan or "poison pill" has been adopted.

The Compensation Committee, in conjunction with an independent compensation consultant, routinely reviews our pay-for-performance executive compensation program.

Neither the Board nor management has engaged in related party transactions.

The CEO's and Chief Operating Officer's severance agreements have a "double trigger" in connection with any compensation, equity or benefits paid in the event of a change of control.

The Board has a strong Lead Independent Director with clearly articulated responsibilities.

All directors are independent, except the Chairman and CEO.

The Company has a majority voting standard in uncontested director elections.

The Board and committees conduct an annual self-evaluation process.

Proxy Summary - 6

Table of Contents

Board Evaluation

The Directors participate in an annual evaluation of the full Board and each committee on which they serve in order to assess the performance and effectiveness of the Board and its committees. The responses and comments are presented to and discussed with the Board and each committee of the Board. The Lead Independent Director and the Chair of the Governance and Nominating Committee periodically supplement the annual evaluation process with individual meetings and peer evaluations with each Director. These supplemental discussions are intended to enhance the existing Board evaluation process and foster even greater discussion regarding the adequacy and effectiveness of the Board and such committees.

Compensation Recoupment Policy

The Company's recoupment policy is set forth in the 2018 Incentive Plan. Under this policy, if any of the Company's financial statements are required to be restated due to errors, omissions, or fraud, the Compensation Committee may direct that the Company recover all or a portion of any award (cash or equity) granted or paid to a participant with respect to such fiscal year which is negatively affected. If so directed, the amount to be recovered from the participant shall be the amount by which the award exceeded the amount that would have been payable to the participant had the financial statements been initially filed as restated, or any greater or lesser amount (including, but not limited to, the entire award) that the Compensation Committee shall determine. In no event shall the amount to be recovered by the Company be less than the amount required to be repaid or recovered as a matter of law (including but not limited to amounts that are required to be recovered or forfeited under Section 304 of the Sarbanes-Oxley Act of 2002).

Advisory Say on Pay Vote Regarding ICF International's Overall Pay-For-Performance Named Executive Officer Compensation Program (Proposal 2)

Stockholders are being asked to cast a non-binding, advisory say on pay ("**Say on Pay**") vote on our NEO compensation program. Last year, approximately 97% of the votes cast by our stockholders regarding the Say on Pay proposal were in support of our NEO compensation program. In evaluating this year's Say on Pay proposal, we recommend that you

carefully review the CD&A section of the proxy statement, which explains how and why the Compensation Committee arrived at its executive compensation actions and decisions for 2018.

Ratification of the Selection of Grant Thornton as Our Independent Registered Public Accounting Firm (Proposal 3)

The Audit Committee has appointed, and the Board has approved the appointment of, Grant Thornton LLP (“***Grant Thornton***”) as the Company’s independent registered public accounting firm (“***independent auditor***”) for 2019. While we are not required to have stockholders ratify the selection of Grant Thornton as the Company’s independent auditor, we are doing so because we believe it is good corporate governance practice. If stockholders do not ratify the selection, the Audit Committee will reconsider the appointment, but may nevertheless retain Grant Thornton as the Company’s independent auditor. Even if the selection is ratified, the Audit Committee may, at its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change is in the best interests of the Company and its stockholders.

Submission of Stockholder Proposals or Nominations for 2020 Annual Meeting of Stockholders

Stockholder proposals submitted for inclusion in our 2020 proxy statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, must be received by us by December 21, 2019. Notice of stockholder proposals to nominate a person for election as a Director or to introduce an item of business at the 2020 annual meeting of stockholders outside Rule 14a-8 must be received by us no earlier than January 31, 2020 and no later than March 1, 2020.

Our Board recommends that you vote your shares FOR: (i) the nominees for election to the Board; and (ii) Proposals 2 and 3.

Who is entitled to vote?

Holders of record of our common stock as of the close of business on April 2, 2019, are entitled to vote at the Annual Meeting. At that time, we had 18,861,729 outstanding shares of common stock. We have no other outstanding classes of stock that are entitled to vote at the annual meeting. Voting stockholders are entitled to one (1) vote per share.

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

We are pleased to utilize the U.S. Securities and Exchange Commission (the “**SEC**”) rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing to many of our stockholders a notice about the Internet availability of the proxy materials instead of a paper copy of such materials. All stockholders receiving the notice will have the ability to access the proxy materials over the Internet and to request a paper copy of the proxy materials by mail.

Table of Contents

VOTING AND MEETING INFORMATION

To reduce the expenses of delivering duplicate notices to stockholders, we are relying upon SEC rules that permit us to deliver only one (1) notice about the Internet availability of the proxy materials to multiple stockholders who share an address, unless we receive contrary instructions from any stockholder at that address. Upon request, whether oral or written, we will deliver a separate copy of the notice about the Internet availability of the proxy materials to any stockholder at a shared address who requests his or her own copy or if multiple copies are sent to one address and the stockholders who share the address would only like to receive a single copy. Requests should be made to ICF International, Inc., 9300 Lee Highway, Fairfax, Virginia 22031, Attention: Corporate Secretary, phone number (703) 934-3000.

How can I access the proxy materials over the Internet?

Your notice about the Internet availability of the proxy materials, proxy form, or voting instruction form will contain instructions on how to view our proxy materials for the Annual Meeting on the Internet. Our proxy materials are also publicly available, free of charge, at www.proxyvote.com. Our proxy materials will be available at this website through the conclusion of the Annual Meeting.

Your notice of Internet availability of proxy materials, proxy form, or voting instruction form will contain instructions on how you may request access to proxy materials electronically on an ongoing basis. Choosing to access your proxy materials electronically will help us conserve natural resources and reduce the costs of printing and distributing our proxy materials.

How may I obtain a paper copy of the Company's proxy materials, 2018 Annual Report, and/or other financial information?

Stockholders receiving a notice about the Internet availability of the proxy materials will find instructions regarding how to obtain a paper copy of the proxy materials on their notice. Stockholders also may request a free copy of our Proxy Statement and/or our Annual Report on Form 10-K for the year ended December 31, 2018, filed with the SEC on February 27, 2019 (the "**2018 Form 10-K**"), by writing to: ICF International, Inc., 9300 Lee Highway, Fairfax, Virginia 22031, Attention: Corporate Secretary. Alternatively, stockholders can access our 2018 Form 10-K on our Investor Relations website at: <http://investor.icf.com>. We will also furnish any exhibit to the 2018 Form 10-K, if specifically requested.

How do I vote?

You may vote in person at the Annual Meeting, on the Internet, by telephone, or through a proxy or voting instruction form. Stockholders who have received a notice of the availability of the proxy materials by mail may submit proxies

over the Internet by following the instructions on the notice. Stockholders who have received a paper copy of a proxy form or a voting instruction form by mail may either:

- (i) submit their proxy over the Internet using their computer or by telephone by following the instructions on the proxy form or voting instruction form; or
- (ii) submit their proxy by mail by signing and dating the proxy form or voting instruction form received and returning it in the prepaid envelope.

What if I hold shares indirectly?

If you hold shares in a stock brokerage account, or through a bank or other nominee, you are considered to be the beneficial owner of shares held in “***street name***” and these proxy materials are being forwarded to you by your broker or nominee. As the beneficial owner, you have the right to direct your broker how to vote. If you do not direct your broker how to vote, your broker is permitted to vote your shares on the ratification of the selection of the independent registered public accounting firm, even if you do not furnish voting instructions. However, your broker will not be able to vote on other matters.

If your shares are held in street name, your broker or other nominee may have procedures that will permit you to vote by telephone or electronically through the Internet.

Can I change my vote?

You have the right to revoke your proxy at any time before votes are counted at the Annual Meeting by:

notifying us at our corporate offices by writing to ICF International, Inc., 9300 Lee Highway, Fairfax, Virginia 22031, Attention: Corporate Secretary;

entering a new vote by using the Internet or the telephone, or by mailing a new proxy form or new voting instruction form bearing a later date, which will automatically revoke your earlier voting instructions; or

voting in person at the Annual Meeting.

Attendance at the Annual Meeting will not in itself constitute revocation of your proxy.

Attending the Annual Meeting

Attendance at the Annual Meeting is limited to stockholders who, as of the record date, are:

stockholders of record;

beneficial holders of ICF International common stock held by a broker, bank, or other nominee; or

2

VOTING AND MEETING INFORMATION

authorized representatives of entities who are record or beneficial holders.

In order to be admitted to the Annual Meeting, a stockholder must present a valid photo identification or other satisfactory proof of identification, and the following materials:

stockholders of record must present the top portion of their proxy card, which will serve as an admission ticket;

beneficial holders will need proof of stock ownership. A recent brokerage statement or letter from a bank or broker is an example of proof of stock ownership. If you want to vote your shares of ICF common stock held in street name in person at the Annual Meeting, you must obtain a written proxy in your name from the broker, bank or other nominee who is the record holder of your shares; and

in addition to any evidence required above for record or beneficial holders, authorized representatives must present a letter from the entity certifying as to their status as an authorized representative.

Cameras, recording devices and other electronic devices, and the use of cellular phones or tablets will not be permitted at the Annual Meeting. Representatives will be at the entrance to the Annual Meeting and these representatives will have the authority, on the Company's behalf, to determine whether the admission policies and procedures are being followed and whether you will be granted admission to the Annual Meeting.

What are the requirements and procedures for a quorum, abstentions, and broker non-votes?

Your shares are counted as present at the Annual Meeting if you attend the meeting, if you properly return a proxy by mail, you vote by telephone or electronically, or if you hold your shares in street name and your broker, bank or other nominee votes your shares on Proposal 3. In order for us to vote on matters at the Annual Meeting, a majority of our outstanding shares of common stock as of April 2, 2019 and entitled to vote must be present in person or by proxy at the Annual Meeting. This is referred to as a quorum. Abstentions will be counted for purposes of establishing a quorum at the meeting and will be counted as voting (but not for or against) on the affected proposal. Broker non-votes will be counted for purposes of establishing a quorum but will not be counted as voting. A broker non-vote occurs when a broker, bank, or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and/or has not received voting instructions from the beneficial owner. If a quorum is not present, the Annual Meeting will be adjourned or postponed until a quorum is present.

How many votes are needed to approve each item?

For the election of two (2) directors, each for a term of three (3) years:

You may vote in favor of the nominees or withhold votes as to the nominees.

There is no cumulative voting for the election of directors.

For uncontested director elections, directors must be elected by a majority of the votes cast with respect to each director in the election of directors, which means that nominee(s) receiving more “for” votes than “withheld from” or “against” votes cast will be elected.

Abstentions will have no effect on the outcome of the election.

Election of directors is a non-routine proposal, which means that brokers or other nominees do not have discretion to vote any uninstructed shares. Broker non-votes represent votes not entitled to be cast on this matter and thus will have no effect on the result of the vote.

The Say on Pay vote is only an advisory vote to the Board regarding the compensation of the Company’s named executive officers (“*NEOs*”).

You may vote in favor of or against the Company’s compensation system, or you may abstain from voting.

Since this an advisory vote only, there are no minimum stockholder approval requirements. However, in order for the resolution to pass, a majority of the votes entitled to be cast for this advisory vote must be received. While this is an advisory vote and it is not bound by it, the Board will seriously consider the outcome.

Abstentions will have the same effect as voting against this proposal.

The approval of this proposal is a non-routine proposal which means that brokers or other nominees do not have discretion to vote any uninstructed shares. Broker non-votes represent votes not entitled to be cast on this matter and thus will have no effect on the result of the vote.

In voting on the ratification of the selection of Grant Thornton as the independent registered public accounting firm:

You may vote in favor of the proposal, against the proposal, or abstain from voting.

The ratification of the selection of Grant Thornton as the independent registered public accounting firm is an advisory vote only that is performed as a means of good corporate governance, and as such, there are no minimum stockholder approval requirements. However, in order for ratification to occur, a majority of the votes entitled to be cast for this advisory vote must be received. While this is an advisory vote and it is not bound by it, the Board will seriously consider the outcome.

Abstentions will have the same effect as voting against the proposal.

Broker non-votes will have no effect on the voting, although no broker non-votes are expected to exist in connection with this vote as ratification of the independent registered public accounting firm is considered a routine matter under applicable rules.

In order to minimize the number of broker non-votes, the Company encourages you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the Notice of Internet Availability of Proxy Materials or voting instruction form and by the organization that holds your shares.

VOTING AND MEETING INFORMATION

How will voting on any other business be conducted?

We currently do not know of any business to be considered at the Annual Meeting other than the three (3) proposals described in this Proxy Statement. If any other business is properly presented at the Annual Meeting, your proxy gives authority to the named proxies to vote your shares on such matters, including any adjournment or postponement of the meeting, in their discretion.

Who will count the vote?

Representatives of American Election Services, LLC will tabulate the votes and act as inspectors of election.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election and published within four (4) business days following the conclusion of the Annual Meeting via a Form 8-K current event filing.

PROPOSAL 1

ELECTION OF DIRECTORS

Our authorized number of directors is presently fixed at seven (7), divided into three (3) classes, as noted below:

CLASS I

Dr. Srikant M. Datar

Mr. Peter M. Schulte

CLASS II

Mr. Sudhakar Kesavan

Mr. Michael J. Van Handel

CLASS III

Ms. Eileen O’Shea Auen

Ms. Cheryl W. Gris 

Mr. Randall Mehl

Our directors are elected to serve three-year terms, so that the term of office of one (1) class of directors expires at each annual meeting.

The Board has nominated the following individuals, each of whom is currently a Class I director, for election as directors for a term expiring at our annual meeting in 2022 or until their respective successors have been elected and qualified.

Dr. Srikant M. Datar

Mr. Peter M. Schulte

If any of these nominees becomes unavailable for election, the accompanying proxy may be voted for a substitute, or in favor of holding a vacancy to be filled by the directors. We have no reason to believe that any nominee will be unavailable. The uncontested director nominees will be elected by a majority of the votes cast at the Annual Meeting with respect to each director. For the Company’s purposes, “a majority of the votes cast” with respect to each director means that the number of votes for the director exceed the number of votes against or withheld from the director. You

may vote for each nominee named.

Each of the nominees and each continuing director is a seasoned business leader who contributes an array of experience, qualifications, attributes, and skills to the Board. The following pages regarding each nominee and each continuing director provide background information and a summary of some of each person's key qualifications to serve as a director. Please also see the chart summarizing how each nominee and each continuing director reflects Board selection criteria adopted by our Governance and Nominating Committee of the Board (the "***Governance and Nominating Committee***"). The age indicated for each individual is as of December 31, 2018.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE **FOR** THE DIRECTOR NOMINEES

PROPOSAL 2

ADVISORY SAY ON PAY VOTE REGARDING ICF'S

OVERALL PAY-FOR-PERFORMANCE NAMED EXECUTIVE OFFICER COMPENSATION PROGRAM

In April of 2017, the Board approved a resolution providing that the Company would hold an annual stockholder advisory vote on executive compensation, as advised by the Company's stockholders at the 2017 Annual Meeting. Pursuant to that resolution and as required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the "*Exchange Act*"), this proposal, commonly known as a "Say on Pay" proposal gives you as a stockholder the opportunity to endorse or not endorse the Company's NEOs compensation program through the following resolution:

"Resolved, that the stockholders approve ICF International's overall pay-for-performance executive compensation program, as described in the Compensation Discussion and Analysis, the compensation tables and the related narratives and other materials in the Proxy Statement."

Approval of the Say on Pay proposal requires the affirmative vote of a majority of the votes entitled to vote thereon present in person or by proxy at the Annual Meeting.

The Compensation Committee of the Board (the "*Compensation Committee*") and the full Board believe that the Company's executive compensation program, as described in the Compensation Discussion and Analysis ("*CD&A*") and other sections noted in the resolution set forth above, reflects a pay-for-performance culture at the Company that is rooted in our values. The Compensation Committee and the Board believe that the executive compensation program is rational and effective in that it aligns the interests of the NEOs with both the short-term and long-term interests of stockholders, while reducing incentives for unnecessary and excessive risk taking.

In 2015, the Compensation Committee adopted a performance-based equity program (the "*Performance Program*") that provides for the award of performance-based shares ("*PSAs*") from time to time pursuant to the 2010 Omnibus Incentive Plan, as amended (the "*2010 Incentive Plan*"). On May 31, 2018, the stockholders approved the ICF International, Inc. 2018 Omnibus Incentive Plan (the "*2018 Incentive Plan*") to replace the 2010 Incentive Plan. The Performance Program is designed to provide an incentive compensation opportunity that takes into account both the Company's internal financial objectives and external market performance. The Compensation Committee continued to grant performance-based equity awards to the NEOs in 2016, 2017, 2018 and 2019.

In making a decision on the Say on Pay proposal the Board asks that stockholders consider the following:

ICF's NEO compensation is competitive and in line with its market peers.

ICF's executive compensation program is incentive-based and reflects a pay-for-performance culture.

ICF's executive compensation program relies heavily on stock-based awards vesting over a period of time.

PSAs vest over three (3) years, contingent on achievement of certain performance thresholds.

Restricted stock units ("**RSUs**") vest over a period of three (3) years with a vesting term of 25% vesting on each of the first anniversary and second anniversary, and 50% vesting on the third anniversary.

The Performance Program further emphasizes ICF's commitment to a pay-for-performance culture that links compensation to positive results.

ICF offers only limited perquisites.

In addition, at the Company's 2018 Annual Meeting, approximately 97% of the votes cast on the Say on Pay proposal were voted in favor of the Company's compensation program. The Compensation Committee and the Board believe this affirms the stockholders' strong support of the Company's approach to named executive compensation.

In accordance with applicable law, this vote is "advisory," meaning it will serve as a recommendation to the Board, but will not be binding. The Compensation Committee will seriously consider the outcome of this vote when determining future compensation arrangements for named executive officers.

It is expected that the next Say-on-Pay vote will occur at the 2020 annual meeting of stockholders.

PROPOSAL 3

RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTANT

The Audit Committee of the Board (the “*Audit Committee*”) has appointed Grant Thornton to serve as our independent registered public accounting firm (“*independent auditor*”) for fiscal year 2019 and requests that stockholders ratify such appointment. For a discussion of factors considered by the Audit Committee in connection with the appointment of Grant Thornton, see “Audit Committee Report – Auditor Selection.”

Ratification of the appointment of Grant Thornton as our independent auditor requires a majority of the votes entitled to vote thereon present in person or by proxy at the Annual Meeting. If our stockholders do not ratify Grant Thornton as our independent auditor, the Audit Committee will reconsider its decision. Even if stockholders vote in favor of the appointment, the Audit Committee may, in its discretion, and without re-submitting the matter to the Company’s stockholders, direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and stockholders.

VOTING AND MEETING INFORMATION

Pre-Approval of Audit and Non-Audit Services

The Audit Committee is authorized by its charter to pre-approve all audit and permitted non-audit services to be performed by our independent auditor. The Audit Committee reviews and approves the independent auditor's retention to perform audit services, including the associated fees. The Audit Committee also evaluates other known potential engagements of the independent auditor, including the scope of the proposed work and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent auditor's independence from management. At subsequent meetings, the Audit Committee will receive updates on the services actually provided by the independent auditor firm, and management may present additional services for approval. The Audit Committee has delegated to the Chair of the Audit Committee the authority to evaluate and approve engagements on behalf of the Audit Committee in the event that a need arises for pre-approval between Audit Committee meetings. If the Chair so approves any such engagement, he will report that approval to the full Audit Committee at its next meeting.

Approval of Fees

Our Audit Committee has reviewed all of the fees described above. In connection with the Audit Committee's review and approval of the amount of fees paid to the independent auditor for audit, audit-related and other services, the Audit Committee considers, among other factors:

The independent auditor's qualifications and quality control procedures;

The quality of the independent auditor's overall performance;

The complexity of the audit and related services in a particular year;

Publicly available information concerning audit fees paid by peer companies; and

The impact, if any, of the level of audit and non-audit fees on the auditor's independence.

The Audit Committee believes that such fees are compatible with maintaining the independence of Grant Thornton.

AUDIT COMMITTEE REPORT

AUDIT COMMITTEE REPORT

The Company's Audit Committee is appointed by the Board, and each of the members of the Audit Committee has been determined by the Board to be "independent" under the applicable NASDAQ standards. The Board has also determined that all of the members of the Audit Committee are "financially literate" under the NASDAQ rules. The Audit Committee's Chairman, Dr. Srikant M. Datar and Committee member Mr. Michael Van Handel each qualify and are designated as "audit committee financial experts", as defined by the SEC.

Audit Committee Duties

Under the Audit Committee's Charter, the committee's duties and responsibilities include, among others:

Oversight of the relationship with the independent auditor, including being directly responsible for the appointment and compensation of the Company's independent auditor;

Assessing the qualifications, performance and independence of the Company's independent auditor;

Reviewing the activities, qualifications and performance of the Company's internal audit function;

Monitoring financial reporting and disclosure and related matters;

Reviewing and evaluating the Company's overall risk profile, the procedures and policies adopted to identify and manage such risks and related disclosures;

Retaining independent external advisors as the Audit Committee determines necessary or appropriate;

Annually reviewing the adequacy of the Audit Committee's charter and the Audit Committee's own performance; and preparing this report to the Company's stockholders.

The Audit Committee also periodically reviews the Company's Code of Business Ethics and Conduct and receives reports from the Company's Compliance Committee, which is charged with the implementation of the Code of

Business Ethics and Conduct. In this connection, the Audit Committee oversees the Company's procedures for the receipt, retention and treatment, on a confidential basis, of any complaints received by the Compliance Committee. The Company encourages employees and third-party individuals and organizations to report concerns about our accounting, internal accounting controls, auditing matters or other matters that may or appear to involve financial or any other wrongdoing.

Audit Committee Oversight Role

In performing its functions, the Audit Committee acts in an oversight capacity. In that role the Audit Committee relies on the work and assurances of: the Company's management, which has the primary responsibility for financial statements and reports, internal controls and financial reporting processes; the internal audit function; and the independent auditor that, in its reports, expresses opinions on the conformity of the Company's financial statements to United States generally accepted accounting principles ("**US GAAP**") and on the effectiveness of the Company's internal control over financial reporting.

Audit Committee Activities

During the year, the Audit Committee meets with management and representatives of the independent auditor and the internal audit function to review and discuss the Company's quarterly financial statements before the Company's results are released to the public. Members of the Committee also review the Company's quarterly reports on Form 10-Q and the annual report on Form 10-K. In the course of these activities, the Audit Committee:

Reviews the scope of, overall plans for and status of the annual audit and internal audit program;

Consults with management, the internal audit function and the independent auditor on topics such as the Company's processes for risk assessment and risk management and related disclosures;

Reviews and approves the Company's policy for preapproval of audit and permitted non-audit services by the independent auditor;

Reviews with management, the internal audit function and the independent auditor the scope and effectiveness of the Company's disclosure controls and procedures, including for purposes of evaluating the accuracy and fair presentation of the Company's financial statements in connection with the certifications made by the Company's Chief Executive Officer and Chief Financial Officer;

Receives advice on critical accounting policies and the impact of new accounting principles and guidance; and

Reviews significant legal and other developments in the Company's processes for monitoring compliance with law and Company policies and oversees the activities of the Company's Chief Ethics and Compliance Officer and

management's Compliance Committee.

The Audit Committee meets, not less than annually, with the independent auditor, in each case with and without members of management present, to discuss the results of the auditor's examinations and evaluations of the Company's internal controls and the overall quality and integrity of the Company's financial reporting.

AUDIT COMMITTEE REPORT

Review of Fiscal 2018 Financial Statements

The Audit Committee reviewed and discussed with our management and with our independent auditor, Grant Thornton, the consolidated financial statements of ICF and its subsidiaries and related notes, the disclosures under the headings “Management’s Discussion and Analysis” and “Management’s Report on Internal Controls”, and other financial disclosures as set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018. In connection with this review, the Audit Committee:

Discussed with Grant Thornton those matters required to be discussed by Auditing Standard No. 1301 (Communications with Audit Committees), issued by the Public Company Accounting Oversight Board (“*PCAOB*”), and Rule 2-07 (Communication with Audit Committees) of SEC Regulations S-X; and

Received from Grant Thornton the written communications required by Ethics and Independence Standard No. 3526 (Communication with Audit Committees Concerning Independence), issued by the PCAOB, as to Grant Thornton’s compliance with all rules, standards, and policies of the PCAOB and SEC governing auditor independence.

Based on the activities, reviews and discussions outlined above, the Audit Committee recommended to the Board that the audited consolidated financial statements for the fiscal year ended December 31, 2018 be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 as filed with the SEC.

Auditor Selection

As described under the heading, “Proposal 3: Ratification of the Selection of Independent Registered Public Accountant”, the Audit Committee also approved the selection of Grant Thornton as the Company’s independent auditor for the fiscal year ending December 31, 2019 as being in the best interest of the Company. Grant Thornton has served as the Company’s independent auditor since the Company went public in 2006.

In connection with the appointment of the independent auditor, the Audit Committee discusses and considers factors such as the following:

The independent auditor’s historical and recent performance on the audit, taking into account the views of management and the internal audit function;

External data relating to audit quality and performance, including recent PCAOB reports on the independent auditor and its peer firms;

The familiarity of the independent auditor, and the team assigned to the Company's audit and related work, with the government services industry;

The independent auditor's tenure as the Company's independent auditor and its familiarity with the Company's accounting policies and practices and internal control over financial reporting;

The independent auditor's capacity, capability and expertise in handling the breadth and complexity of the Company's global operations;

The independent auditor's independence and objectivity and the quality and candor of communications within management and the Audit Committee; and

The appropriateness of the auditor's fees for audit and non-audit services.

For a discussion of factors considered by the Audit Committee in reviewing the amount of fees paid to Grant Thornton for audit and other services, see "Proposal 3: Ratification of the Selection of the Independent Registered Public Accountant – Approval of Fees".

The Audit Committee also reviews and considers the performance of the lead audit partner. Under applicable law, the lead audit partner must rotate after five (5) years, and the Company's current lead audit partner has served in that capacity for four (4) years. The process for selection of the Company's lead audit partner pursuant to this rotation policy will involve meetings between the chair of the Audit Committee and the candidate for the role, as well as discussions and meetings with the Audit Committee and, of course, management.

Table of Contents**CORPORATE GOVERNANCE AND BOARD MATTERS****CORPORATE GOVERNANCE AND BOARD MATTERS***Board and Committee Meetings in 2018*

The table below shows the number of Board and Committee meetings held in 2018. Our Board has eight (8) regularly scheduled meetings per year and special meetings are called as the need arises. These meetings are usually held at our headquarters in Fairfax, Virginia.

	Number of Meetings Held
Board of Directors	8
Audit Committee	8
Compensation Committee	5
Governance and Nominating Committee	5

Directors are expected to attend Board meetings, our annual stockholders' meeting, and the meetings of the committees on which they serve. During 2018, each director attended at least 75% of the total meetings of the Board and those committees on which he or she served. Each director attended our annual meeting of stockholders held in 2018.

Corporate Governance Guidelines

Our Board has established a set of Corporate Governance Guidelines that addresses such matters as, among other things, the roles of the Board and management (including the role of the Lead Independent Director), Board and director responsibilities, Board composition, selection of directors, operations of the Board (including meetings), and functions of the Board committees. The Board believes such guidelines, which are reviewed at least annually, are appropriate for the Company in its effort to maintain "best practices" as to corporate governance.

Director Independence

The Board has affirmatively determined that Ms. Eileen O’Shea Auen, Ms. Cheryl W. Gris , Dr. Srikant M. Datar, and Messrs. Randall Mehl, Peter M. Schulte and Michael Van Handel, are independent directors in accordance with the requirements of NASDAQ and the rules of the SEC. We believe we comply with all applicable requirements of the SEC and NASDAQ relating to director independence and the composition of the committees of our Board. In addition, former director Mr. Sanjay Gupta met these independence standards during his service as a director in 2018.

Board Leadership Structure; Lead Independent Director

The Board’s leadership structure includes a Lead Independent Director and Mr. Kesavan serving as both Chairman of the Board (“***Chairman***”) and Chief Executive Officer (“***CEO***”). Based on the Company’s favorable experience with this Board leadership structure and the factors outlined below, the Board continues to believe that the current leadership structure serves the Company well and there is no need to alter that structure at the present time.

The Board believes that when there is a combined Chairman and CEO, it is in the best interests of the Company and its stockholders to designate a Lead Independent Director who is an independent director and, among other duties:

Chairs any meeting of the independent directors in executive session;

Facilitates communications between other members of the Board and the Chairman and CEO; however, each director is free to communicate directly with the Chairman and CEO;

Works with the Chairman and CEO in the preparation of the agenda for each Board meeting and in determining the need for special meetings of the Board;

Consults with the Chairman and CEO on matters relating to corporate governance and Board performance;

Leads the deliberation and action by the Board or a Board committee regarding any offer, proposal, or other solicitation or opportunity involving a possible acquisition or other change of control of the Company, including by merger, consolidation, asset or stock sale or exchange, or recapitalization;

In conjunction with the Chair of the Governance and Nominating Committee, oversees and participates in the annual board evaluation and succession planning process;

participates in the Compensation Committee’s annual performance evaluation of, and succession planning for, the Chairman and CEO; and

meets with any director whom the Lead Independent Director deems is not adequately performing his or her duties as a member of the Board or any committee.

The charter of the Governance and Nominating Committee calls for the annual review of the Lead Independent Director position. The Company believes that having a Lead Independent Director, particularly in presiding over executive sessions of independent directors, effectively encourages full engagement of all directors. Eileen O'Shea Auen was first appointed to serve as our Lead Independent Director as of June 5, 2015 and has been appointed each year since.

Table of Contents

CORPORATE GOVERNANCE AND BOARD MATTERS

Each of our directors other than Mr. Kesavan is independent, and the Board believes that the independent directors provide effective oversight of management. The Board has complete access to the Company's management team, and the Board and its committees regularly receive reports from management on the Company's business affairs and the issues it faces.

The Board believes that its programs for overseeing risk, as described under "Risk Oversight" below, would be effective under a variety of leadership frameworks; therefore, this factor does not materially affect its choice of structure.

Risk Oversight

Our business is subject to various types of risk. Some of the Company's most significant risks are outlined in our 2018 Form 10-K under Item 1A, "Risk Factors." Management is responsible for the day-to-day management of the risks we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. Our Board meets regularly to discuss the strategic direction and the issues and opportunities facing our Company. Our Board provides guidance to management regarding our strategy, including in connection with our results of operations and related trends and factors contributing to or affecting our results, long-term strategy, financial reporting, and risks associated with these aspects of the Company's business. The involvement of the Board in setting our business strategy is an important part of determining the types and appropriate levels of risk undertaken by the Company. Management conducts regular enterprise risk assessments to ascertain and define the most significant risks facing the Company, which incorporates feedback from the Board. After assessments are complete, management reports regularly to the Board on the status and completion of actions associated with the most significant risks.

The Board, as a whole, regularly reviews information and reports from members of senior management on areas of material risk, including risks related to the markets served by the Company and contract execution risks. The full Board also considers the risks associated with potential acquisitions. The Audit Committee reviews and evaluates the Company's overall risk profile, and the procedures and policies implemented by management to identify and manage such risks. The Compensation Committee is responsible for overseeing the management of risks relating to our compensation plans and arrangements. The Governance and Nominating Committee manages risks associated with the independence of the Board and potential conflicts of interest.

Board Evaluation

Each year, the directors undertake an evaluation for the Board and each committee on which they serve, that elicits feedback on the performance and effectiveness of the Board and its committees. As part of this evaluation, the directors are asked to consider the role of the Board and its committees, relations with management, composition and meetings. The responses and comments are compiled by the Corporate Secretary and presented to the Governance and

Nominating Committee for initial review. The responses and comments are then presented to each committee and the full Board. Where appropriate, the Governance and Nominating Committee may consider feedback received from the evaluation process as part of the Director nominations the Governance and Nominating Committee submits to the full Board (and, where applicable, recommendations for assignments of Board members to various committees). In addition, as part of the Board evaluation process, the Lead Independent Director and the Governance and Nominating Committee Chair periodically meet individually and hold peer evaluations with each Director. These supplemental discussions are intended to enhance the existing Board evaluation process and foster even greater discussion regarding the adequacy and effectiveness of the Board and such committees.

Board Committees

The Board has three (3) designated standing committees: Audit Committee, Compensation Committee and Governance and Nominating Committee. Each committee is composed entirely of independent directors, as defined by NASDAQ. Each committee has a charter, and a current copy of each committee charter can be found in the “Investor Relations – Corporate Governance” portion of our website (www.icf.com).

Table of Contents**CORPORATE GOVERNANCE AND BOARD MATTERS**

To be eligible to be a nominee for election or reelection as a director of the Company, a person must submit to the Corporate Secretary (in accordance with the time periods prescribed for delivery of notice under the Company's Bylaws) at the above address a written response to a questionnaire with respect to the background and qualification of such person (which questionnaire shall be provided by the Corporate Secretary upon written request) and a written representation and agreement (in the form provided by the Corporate Secretary upon written request) that such person: (i) is not and will not become a party to (x) any agreement, arrangement, or understanding with, and has not given any commitment or assurance to, any person or entity as to how such person, if elected as a director of the Company, will act or vote on any issue or question (a "**Voting Commitment**") that has not been disclosed to the Company or (y) any Voting Commitment that could limit or interfere with such person's ability to comply, if elected as a director of the Company, with such person's fiduciary duties under applicable law; (ii) is not and will not become a party to any agreement, arrangement, or understanding with any person or entity other than the Company with respect to any direct or indirect compensation, reimbursement, or indemnification in connection with service or action as a director that has not been disclosed therein; and (iii) would be in compliance, if elected as a director of the Company, and will comply with all applicable publicly disclosed corporate governance, conflict of interest, confidentiality, and stock ownership and trading policies and guidelines of the Company.

Executive Stock Ownership Policy

The Company strives to ensure alignment with stockholder interests by means of ensuring that Company executives have an equity stake in the Company that is consistent with the long-term performance of the Company. In 2018, the Compensation Committee adopted a revised Executive Stock Ownership Policy (the "**2018 Executive Stock Ownership Policy**") that became effective on January 1, 2019, which increased the level of stock ownership the CEO is required to hold.

The 2018 Executive Stock Ownership Policy requires executives to own ICF common stock in a value equal to, or in excess of, the multiple of their annual base salary as shown below:

CEO:	5x
Other NEOs:	2x
Other designated executives:	1x

The following types of equity count toward satisfying the stock ownership requirement: (i) any shares held outright as a result of vested RSUs or PSAs, (ii) shares acquired through the exercise of stock options or purchased through the Company's employee stock purchase plan ("**Employee Stock Purchase Plan**") qualified pursuant to Section 423 of the Internal Revenue Code ("**Code**") or through the open market, (iii) unvested RSUs, and (iv) vested in-the-money stock options. In addition, designated executives are required to hold all shares acquired from vested RSUs, vested PSAs and stock option exercises, net of shares withheld for taxes, until they meet the 2018 Executive Stock Ownership

Policy requirements.

For designated executives (including NEOs) as of January 1, 2015, ownership levels are to be achieved within five (5) years of that date, and for executives appointed after such date, such levels, if not achieved by their fifth anniversary of becoming such an executive, are to be achieved no later than December 31 of that year. As of April 2, 2019, each of our NEOs either met these stock ownership guidelines or is expected to meet the applicable ownership guidelines within the specified time period.

Board Stock Ownership Guidelines

The Board believes that its members should be incentivized to focus on the Company's long-term stockholder value. As such, the Board adopted a Board member stock ownership policy establishing, as a guideline (but not an absolute requirement), that non-employee members of the Board are expected to own shares of Company common stock valued at five (5) times such director's annual cash meeting retainer, which may include shares of unvested restricted stock (i.e., directors are strongly encouraged to hold common stock valued at \$300,000). Such ownership level is to be achieved over a period of four (4) years after becoming a member of the Board. As of April 2, 2019, each of our non-employee directors either met these stock ownership guidelines or is expected to meet the ownership guidelines within the specified time period.

Director Continuing Education

The Board believes that director continuing education is important for maintaining a current and effective Board, and has adopted a Director Continuing Education Policy. The Company's policy encourages directors to participate in continuing education and accredited director education programs, with the intent of becoming and remaining well informed about the Company, its industry and business, its relative performance to its competitors and regulatory issues and economic trends affecting the Company.

Prohibitions on Derivatives Trading, Hedging and Pledging

Pursuant to the Company's Policy on Insider Information and Securities Trading ("***Policy on Insider Information***") the Company considers it improper and inappropriate for any employee, officer or director of the Company to engage in short-term or speculative transactions in the Company's securities. The policy specifically prohibits directors, officers and other employees from engaging in short sales of the Company's securities and transactions in puts, calls or other derivative securities (sometimes referred to as "***hedging***"). In addition, stock grant agreements prohibit the pledging or assignment of awards. Each of the NEOs and directors complied with this policy during fiscal year 2018.

(2)

Represents the meeting retainers and annual payments earned in 2018. Pursuant to our Annual Equity Election program in place up to July 2018, each director received an annual payment of \$120,000 paid in arrears in quarterly installments, which the Director could elect to receive in cash, unregistered stock, or a combination thereof. Directors could also elect to receive their meeting retainer fees in the form of cash, unregistered stock or a combination thereof. Each director elected to receive all or a portion of his or her payment under the Annual Equity Election program in the form of unregistered stock, with the grant date fair value for such unregistered stock computed in accordance with FASB ASC Topic 718. As of July 1, 2018, director compensation was modified as per footnote 4 below.

(3) Includes quarterly retainer payments and/or annual payment made in the form of unregistered stock in lieu of cash at the election of the director, representing the grant date fair value for such unregistered stock computed in accordance with FASB ASC Topic 718. The total value of stock issued for the Annual Equity Election program and the retainer fees was \$342,084.

(4) As of July 1, 2018, the annual payment component of director compensation was modified, such that directors receive a director equity award in the annual amount of \$120,000, issued on the first business day of July following the annual meeting for continuing Directors and Directors appointed at the annual meeting, with such grant vesting in equal quarterly increments on September 1, December 1, March 1 and June 1, representing the grant date fair value for such stock computed in accordance with FASB ASC Topic 718. All other payments, including meeting retainers, are paid in cash.

(5) Total Compensation for each director may differ from the sum of the individual components due to changes in roles and/or committee assignments during 2018.

(6) Mr. Gupta served on the Board until September 30, 2018, so his compensation reflects only a partial year.

Director Compensation

The following discussion outlines the compensation that was earned by our non-employee directors during 2018, as well as our anticipated director compensation structure for 2019. The compensation of our Board is evaluated from time to time by our Governance and Nominating Committee.

Directors who are employed by us do not receive additional compensation for their service on the Board. All directors are entitled to reimbursement of expenses for attending each meeting of the Board and each committee meeting.

For the first half of 2018, each director had the option to choose to receive a \$120,000 annual payment in the form of cash, unregistered stock or a combination of the two, issued on a pro rata basis quarterly. Shares issued during the first half of 2018, pursuant to this annual payment were issued from treasury stock.

In addition to the \$120,000 annual payment for 2018, the annual cash meeting retainer was \$60,000, covering the six (6) regular Board meetings during the year, one (1) annual meeting, and a reasonable number of special Board meetings. The chair of the Audit Committee received a cash retainer of \$32,000 (including the additional member fee) and each other Audit Committee member received a cash retainer of \$12,000. The chair of the Compensation Committee received a cash retainer of \$18,000 (including the additional member fee) and each other Compensation Committee member received a cash retainer of \$8,000. The chair of the Governance and Nominating Committee received a cash retainer of \$18,000 (including the additional member fee) and each other Governance and Nominating Committee member received a cash retainer of \$8,000. Retainer for the Lead Independent Director is an annual cash fee of \$20,000.

Our non-employee directors receive compensation quarterly, based upon the aggregate annual payment that they each are entitled to receive based on each director's committee Chair and/or membership roles. For the first half of 2018, Board members could also elect to receive their quarterly cash compensation in the form of common stock at the fair value of our common stock on the first business day of the quarter.

CORPORATE GOVERNANCE AND BOARD MATTERS

On July 1, 2018, a new director compensation plan went into effect and includes:

Directors receive an annual equity award in the form of RSUs, based upon an award amount of \$120,000, which vests quarterly over a one-year period.

All other Director compensation is paid in cash, on the first business day of each fiscal quarter.

Cash fees are pro-rated based upon the date of a Director's departure from the Board for the upcoming quarter, provided that a Director who serves until the annual meeting of stockholders shall receive the full amount of cash fees for such fiscal quarter.

Cash fees for new Directors are pro-rated based upon the date of the Director's appointment to the Board.

The average of the aggregate of all fees (including equity) paid to directors during any year is limited to \$400,000.

CORPORATE GOVERNANCE AND BOARD MATTERS

Certain Relationships and Transactions with Related Persons

Our Code of Ethics, which applies to all directors, executive officers and employees, emphasizes the importance of avoiding situations or transactions in which personal interests interfere with the best interests of us and/or our stockholders. In addition, the Board has a policy and process for reviewing and evaluating interested director transactions designed to alert the Board, and in particular the Governance and Nominating Committee, of material transactions involving the Company and directors and their affiliates so that the Board may be aware of and consider such transactions in advance, on a case-by-case basis. As to matters coming before the Board in which individual directors may have a personal interest, the Board has adopted procedures to ensure that all directors voting on such a matter disclose any personal interest, abstain from voting on the matter, and discuss the transaction with counsel if necessary. The Board has delegated the task of discussing, reviewing, and approving transactions between the Company and any of our executive officers or Board members to the Governance and Nominating Committee.

There have not been any transactions during the last fiscal year to which we have been a party, in which the amount involved in the transaction exceeded \$120,000, and in which any of our directors, executive officers or holders of more than five percent (5%) of our capital stock had or will have a direct or indirect material interest other than equity and other compensation, termination, change-in-control and other arrangements, which are described in the section captioned “Executive Compensation—Potential Payments upon Termination or Change of Control.”

Other Transactions Considered for Independence Purposes

For each director and nominee for director who is identified as independent, the SEC rules require the description of transactions, relationships or arrangements that are not required to be disclosed as related person transactions, but that were considered by the Board in determining that the director is independent. There were no transactions that the Company believes are related person transactions. There were, however, transactions with independent directors that did not rise to the level of a related person transaction, but that were considered for independence purposes. These included contracts with two companies in each case involving a single ICF director who also served as independent director for such company. The contracts involved small amounts of monetary compensation. Further, the director’s sole connection was by virtue of service as an independent director with each respective company and having no control over decisions made with respect to the awarded contracts. The Board affirmatively determined that each such transaction did not impair the applicable director’s independence.

CEO PAY RATIO

CEO PAY RATIO

Following is a reasonable estimate, prepared under applicable SEC rules, of the ratio of the annual total compensation of our CEO, Sudhakar Kesavan, to the median of the annual total compensation of our other employees.

We identified our median employee based on the total taxable earnings paid during the twelve month period ended December 31, 2017. For the fiscal year ended on December 31, 2018, no material changes were made to the Company's employee population or compensation arrangements, including employee pay levels or demographics that we reasonably believe would impact pay ratio disclosure for 2018. There were also no material changes in pay for the employee who we identified last year as the median employee. As such, we believe the person previously identified as the median employee continues to be a good representative for the CEO Pay Ratio calculation.

After identifying the median employee, we determined the median employee's total compensation for 2018, including any perquisites and other benefits, in the same manner that we determine the total compensation of our named executive officers for purposes of the Summary Compensation Table disclosed in the CD&A section of this Proxy Statement. The median employee's annual 2018 total compensation was \$74,545. The annual total compensation of our CEO, as reported in the Summary Compensation Table in this proxy statement, was \$3,639,810. We did not annualize any compensation. Based on this information for 2018, we reasonably estimate that the ratio of our CEO's annual total compensation to the annual total compensation of our median employee was 49:1. Our pay ratio estimate has been calculated in a manner consistent with Item 402(u) of Regulation S-K.

The SEC's pay ratio disclosure rules provide reporting companies with a great deal of flexibility in determining the methodology used to identify the median employee and the pay ratio. Our methodology may differ materially from the methodology used by other companies to prepare their pay ratio disclosures. In addition, the percentage of employees outside of the United States may vary substantially from company to company. Factors such as these may contribute to a lack of comparability between our pay ratio and the pay ratio reported by other companies, including those within our sector.

Compensation Highlights

The Committee took the following actions in fiscal year 2018 and at the beginning of fiscal year 2019 to maintain and improve the pay-for-performance nature of our executive compensation program:

Implemented the 2018 Incentive Plan, which included features designed to increase corporate governance and shareholder protection.

Supported the continuation of an annual, non-binding, advisory vote of the Company’s stockholders regarding the Company’s overall pay-for-performance executive compensation programs which, in 2018, garnered the support of 97% of the votes cast in favor of the program. ICF’s advisory vote regarding overall pay-for-performance at the 2019 annual meeting of stockholders will be the ninth consecutive annual vote by stockholders on this matter.

Continued utilizing PSAs as a key component of ICF’s long-term incentive program. PSAs are performance contingent awards where executives may earn shares depending on the Company’s actual performance against pre-established performance measures. The performance periods of the PSAs are long-term, and therefore, align

executives' interests with the interests of long-term stockholders.

Approved the 2018 Executive Stock Ownership Policy that became effective on January 1, 2019, which increased the ownership requirement for the CEO from 4x to 5x base salary. As of April 2, 2019, each of our NEOs either met the stock ownership guidelines or is expected to meet the stock ownership guidelines within the specified time period.

Continued the performance focus in the Company's annual bonus program (the "***Annual Incentive Program***") rigorously linking pay to performance. Annual threshold, target and maximum performance goals were established with appropriate incentive payouts at each level. In February 2019, the Committee and the Board approved adjustments to the pay-for-performance metrics.

Continued annual review of NEO compensation against best practices and market data. In 2019, NEO equity incentive targets were increased to achieve market competitiveness and reflect sustained strong business performance.

Extensively reviewed external executive compensation trends to ensure that the Company's executive compensation practices align with market best practices. The peer group and other market data from nationwide salary services are used to provide a relevant basis for determining executive pay levels.

EXECUTIVE COMPENSATION

Stockholder-Aligned Executive Compensation Practices

The Company implements and maintains leading practices in its executive compensation programs as outlined below:

What We Do

Our pay-for-performance executive compensation program is presented for a non-binding advisory vote during the annual meeting of stockholders.

Target compensation is analyzed and compared against regressed peer data and market-based benchmarks. Actual compensation may increase or decrease depending on performance.

Our selection of peer companies is balanced so that the Company's revenue is close to the median of the peer group. The peer group is reviewed annually to ensure appropriate companies are included and others removed if involved in mergers and acquisitions activities.

The Committee has engaged an independent compensation consultant.

We require one (1) year minimum vesting for our equity awards, except for grants totaling no more than a maximum of five percent (5%) of the shares available for grant.

Our annual equity award grants provide for vesting over three (3) years for RSUs and PSAs.

All NEOs and other designated executive officers are subject to stock ownership requirements which further align their interests with stockholders.

In accordance with their severance agreements, the CEO and COO have a "double-trigger" in connection with any benefits paid under those agreements in the event of a change of control.

Our 2018 Incentive Plan includes "double trigger" accelerated vesting for equity awards in the event of a change of control of the Company plus termination within twenty-four (24) months following the change of control for our NEOs.

We do not issue dividend payments on unvested equity awards.

Our clawback policy covers cash and equity awards and applies to all employees.

We have limited perquisites.

We review tally sheets for each executive annually to ensure there is sufficient retention capability built into the pay package, and that the NEOs have similar interests as stockholders.

What We Don't Do

Our executive officers and directors are prohibited from hedging Company shares.

Individual equity grant agreements prohibit the pledging or assignment of stock grants.

Our 2018 Incentive Plan prohibits the repricing of equity awards or cash-buyout of underwater stock options and PSAs.

Our 2018 Incentive Plan will not allow the recycling of shares used to exercise options or sold to pay withholding taxes.

We do not provide tax gross-ups.

Compensation Philosophy and Objectives

The fundamental objectives of the Company's compensation philosophy remain:

Reward performance and contribution to our business. Our compensation programs are designed to reward extraordinary performance with higher compensation. Likewise, where individual performance falls short of expectations and/or

Company performance lags behind budgeted plan performance, the programs deliver lower or no payouts.

Pay-for-performance and retention must be balanced. Although performance is a key element of the Company's compensation philosophy, in order to attract and retain a highly skilled work force we must remain competitive with the pay of our peer companies with which we compete for talent. We assess competitiveness using a peer group methodology that factors in ICF's relative size compared to the size of our peer group companies through regression analysis. In addition, we review market benchmarks for pay across several large global compensation surveys, regressed for our company size.

Compensation should be aligned with stockholder interests. Key employees should receive a substantial proportion of their compensation as equity in order to align their individual financial interests with the financial interests of our stockholders.

The relationship between overall Company goals and each individual's personal goals should be clear. Employees should be able to easily understand how their efforts can affect their pay, both directly through individual performance and indirectly by contributions to the business unit and Company achieving strategic and operational goals.

Provide reasonable perquisites for NEOs. Our compensation programs include only those perquisites commonly provided to attract and retain the NEOs and/or improve the NEO's ability to carry out his or her responsibilities safely and effectively.

Development of Financial/Strategic Performance Goals. Each year, Company management presents its budget, revenue forecast, and strategy to the Board in the November/December timeframe, allowing the Board and management to develop a consensus on financial and strategic goals for the following year. These goals are reflected in the compensation program for the following year and the metrics that will drive individual performance goals, total compensation targets and actual compensation levels.

Elements of Compensation Program. Consistent with prior years, the principal components of our NEOs' 2018 compensation included: (i) base salary, (ii) annual incentive compensation and (iii) long-term incentive equity awards. The following table outlines the key components of our compensation program for our NEOs (excluding health and similar benefits, which are generally available to all employees).

	Compensation Element	Purpose	Design
Fixed Component	Base Salary	Provides a pay opportunity that is generally competitive with the companies with which we compete for talent	Based on performance, length of time in position and pay relative to market
		Optimize the profitability and growth of the Company through incentives consistent with the Company's goals	Financial performance targets are established at the beginning of each fiscal year
Short-Term Incentive Performance-Based Component	Annual Incentive Compensation	Link and align the personal interests of participants with an incentive for excellence in individual performance	Actual awards will be based on the performance of the Company and the executive against the fiscal year's goals
		Promote teamwork	80% of award based on financial targets and 20% based on individual performance

			Grants to be made based on performance and service-based as follows:
		Enhance the link between the creation of stockholder value and long-term executive incentive compensation	50% performance 50% retention
Long-Term Incentive Performance-Based Component	Long-Term Incentive	Encourage participants to focus on long-term Company performance	50% of award = PSAs with 3 year cliff vesting based on performance metrics
	Equity Awards	Provide an opportunity for increased equity ownership by executives	2 year adjusted EPS goal
		Provide a retention tool for key talent	3 year rTSR goal as a modifier
			50% of award = RSUs with 3 year vesting at 25%, 25%, 50% per year

Actual pay vs. target for the Short-Term Incentive and the Long-Term Incentive, and the resulting mix of pay components versus target mix, will vary due to the performance of the Company and the NEOs. This provides the Committee flexibility in awarding incentive compensation and making pay adjustments to maintain competitive levels of total compensation. For each NEO, the Committee reviews a tally sheet which assigns a dollar amount to each identified compensation element as well as current and potential wealth accumulation based on outstanding equity awards. The Committee believes the tally sheet is a useful tool to ensure there is sufficient retention capability built into existing pay packages and that the NEOs have a stake in the Company's performance, consistent with the interests of Company stockholders.

EXECUTIVE COMPENSATION

CEO and COO Total Compensation Relationship. The Committee has determined that the President and COO's total targeted annual compensation should generally approximate 60% of the CEO's total targeted annual compensation, based on consistent, competitive market data for peer companies.

Assessment of Annual Performance. For purposes of compensation awards:

The CEO's performance is assessed by the Committee and recommendations are submitted to the Board for final determination.

The President and COO's performance and the CFO's performance are assessed by the CEO, and recommendations are submitted to the Committee for final determination.

The performance of the other NEOs is assessed by the CEO, President and COO, and the CFO, and recommendations are submitted to the Committee for final determination.

Impact of Acquisitions. Because strategic merger and acquisition transactions have historically been an integral element of the Company's growth strategy, our executive compensation structure reflects the time and effort needed to successfully identify, negotiate and integrate acquisitions. Typically, our executives are rewarded for this element through share price appreciation in the long-term incentive component rather than receiving an explicit cash award tied to merger and acquisition transactions. However, should a transaction exceed 10% of the Company's prior year's gross revenue, then based on the timing and size of the acquisition, executives may be given an opportunity to earn an extra incentive with no change in previously established performance targets.

Implementing Our Objectives

Use of Market Data

ICF uses regressed survey data from several nationally recognized compensation surveys to supplement peer group data. This is especially helpful in addressing NEO roles other than the CEO, COO, and CFO role. The Group Leader roles are not always consistent with the fourth and fifth paid NEOs in proxy filings of our peers in the peer group. Therefore, market data is reviewed to support the peer group data.

Use of Peer Company Data

The Committee annually reviews our peer group and the methodology for choosing participating companies. The five (5) guiding principles used for the selection of peer companies are:

Size: We aim for the overall peer group median to approximate our revenue, and we generally select peers between 0.5x to 2.5x of our revenue. In some instances, a peer may fall outside this range if it is otherwise deemed a strong business and talent comparator.

Similar business characteristics: Selected peer companies either compete with us or have similar market demands.

Talent pool: Selected peer companies compete with us for talent.

External constituents: Some selected peer companies were named by our equity research analysts as peers, or other companies that identify ICF as a peer.

Sectors: In addition to focusing on Professional Services (our designated Global Industry Classification Standard (“*GICS*”)), other relevant sectors, including IT Services, Health Care Technology and Commercial Services were also reviewed.

We believe the companies selected for our 2018 peer group (the “*2018 Peer Group*”) continue to reflect our current mix of services. In September 2017, the Committee unanimously approved the addition of Engility Corporation to the Company’s peer group for fiscal year 2018 compensation decisions by the Committee. CEB, Gartner and NCI were removed from the peer group due to merger and acquisition activities.

Annual Compensation Practice Review

In anticipation of the upcoming executive compensation review cycle, the Committee continued its engagement of Aon as its independent compensation consultant (“**Aon**”) to assist the Committee in reviewing the Company’s compensation policies and practices for 2018. In particular, the Committee asked Aon to discuss current executive compensation trends and provide feedback regarding management’s competitive assessment for executive positions. For additional information regarding Aon and its relationship with the Committee see “Role of Compensation Consultants in Compensation Decisions” below.

In making its compensation determinations, the Committee reviewed and assessed the analysis and recommendations of Company management. The Committee also requested the views of Aon and obtained an assessment of management’s analysis from management’s executive compensation consultant, Semler Brossy Consulting Group, LLC (“**Semler Brossy**”). In connection with its evaluation of management’s recommendations, as well as its discussions with Aon and Semler Brossy, the Committee determined that while the peer group compensation data was the appropriate primary focus, the Company does compete with many other companies for top executive-level talent. Thus, the peer group assessment is just one of many inputs into the Committee’s decisions.

Role of Management in Compensation Decisions. In early 2018, the Committee made compensation determinations for all NEOs. In the case of executives other than the CEO, the CEO annually reviews the performance of the executive team, provides a summary of the fiscal year accomplishments by the executive team and Company as a whole to the Committee, and then makes recommendations to the Committee based on these reviews and an analysis of competitive market data. The Committee considers these CEO recommendations when making its determinations as to the President and COO and CFO, and takes into account input from the CEO, President and COO, and CFO with respect to other NEOs.

Role of Compensation Consultants in Compensation Decisions. In retaining Aon in 2018, the Committee determined, and periodically re-assesses such determination, that Aon’s engagement does not present any conflicts of interest. In making this determination, the Committee considered the following factors, consistent with SEC requirements:

- (i) the provision of other services to the Company by Aon (including without limitation, the engagement of Aon by the Governance and Nominating Committee);
- (ii) the fees to be paid to Aon by the Committee and by the Governance and Nominating Committee;
- (iii) the policies and procedures of Aon that are designed to prevent conflicts of interest;

(iv) any business or personal relationship between Aon and a member of the Committee;

EXECUTIVE COMPENSATION

(v) any stock of the Company owned by Aon or the Aon personnel providing services to the Committee; and

(vi) any business or personal relationships between the executive officers of the Company and Aon or the Aon personnel providing services to the Committee.

The Committee's charter provides the Committee with sole authority to retain, terminate and approve fees of a compensation consultant to the Committee and that all such fees, as determined by the Committee, shall be paid by the Company.

In 2018, Aon continued to serve in an advisory capacity to review and discuss with the Committee and/or the Committee Chair the competitive assessment performed by the Company's management, offer suggestions and provide insight into market compensation trends.

In addition, as noted above, management retained Semler Brossy to assist in developing its recommendations to the Committee regarding compensation benchmarking, compensation practices, short-term incentive design, and long-term incentive design, particularly the Performance Program.

The Committee considered management's assessment and recommendations, as well as the information provided by both Aon and Semler Brossy (with respect to management's assessment), in making its compensation determinations. However, as specified its charter, the Committee retains final approval of all material elements of executive compensation, with the exception of CEO compensation, which is approved by the Board.

2018 Say on Pay Vote

At the Company's 2018 annual meeting, stockholders cast an advisory vote regarding the Company's executive compensation. Approximately 97% of the votes cast on the Say on Pay proposal were voted in favor of the Company's executive compensation program. Given this significant level of support from the Company's stockholders, the Committee and the Board believe that the Company is taking a measured, informed and responsible approach to executive compensation which incorporates all of the Company's objectives and policies set forth above, including, but not limited to, a pay-for-performance culture that retains executives who perform strongly. For 2018, and as set forth below, the Board and the Committee considered this substantial affirmation as one of many factors in crafting its compensation program.

Executive Compensation Components

For the fiscal year ended December 31, 2018, the principal components of compensation for our NEOs included: (i) base salary; (ii) annual incentive compensation; and (iii) long-term incentive equity awards.

For the NEOs, the Committee has discretion with respect to the size, types, amounts, and principal components of compensation, and, in the case of cash bonuses and equity awards, whether to make any available. For incentive compensation, the Committee establishes pre-determined percentage weights for each component of the annual bonus, and pre-determined percentage weights for equity awards. The following section summarizes the role of each compensation component and how decisions are made for the NEOs.

Base Salary

The Committee annually reviews the salaries of our NEOs. In considering salary adjustments, the Committee takes into account peer group market data, individual performance and changes in job responsibilities. In March of 2018, salaries were increased by 3% for all NEOs except Ms. Glover, who received a 6% increase, to better align with her expanded role with the Company and market practice for comparable positions. Annual base salaries for 2017 and 2018 are shown below.

ANNUAL BASE SALARY

Executive	2017 Base Salary	2018 Base Salary	2018% Increase
Sudhakar Kesavan	\$866,091	\$892,074	3%
John Wasson	\$657,238	\$676,956	3%
James Morgan	\$530,483	\$546,398	3%
Ellen Glover	\$402,126	\$426,254	6%
Sergio Ostria	\$402,126	\$414,190	3%

Annual Incentive Compensation

Both our cash bonuses and equity awards are made pursuant to our 2018 Incentive Plan. The 2018 Incentive Plan is designed to: (i) optimize the profitability and growth of the Company through incentives consistent with the Company's goals; (ii) link and align the personal interests of participants with an incentive for excellence in individual performance; and (iii) promote teamwork.

Annual Incentive Program for 2018. Based on the same factors used to determine base salary, the Committee concluded that target cash incentive awards as a percentage of base salary would remain the same in 2018 as they were in 2017, as shown below.

The performance factors to be taken into account in defining each NEO's eligibility for an incentive award for performance year 2018 also remained largely consistent with 2017.

The performance factors to be taken into account in defining each NEO's eligibility for an incentive award for performance year 2018 also remained largely consistent with 2017.

The underlying financial goals that make up these performance factors are meant to challenge our NEOs. For this reason, the target financial goals and the actual results used for calculating incentive awards may differ from our publicly disclosed financial results. The 2018 performance goals were set based on the 2017 actual results and anticipated 2018 performance.

For each award granted under the Annual Incentive Program for 2018, an executive receives eighty percent (80%) of the award in the form of a financial performance-based bonus opportunity tied to financial and strategic goals (performance factors). Twenty percent (20%) of the award is in the form of an individual performance bonus opportunity based on specific business challenges faced by the executive during the fiscal year. The individual performance bonus amount is contingent on achievement of non-financial goals previously identified for each executive when set by the Committee. The Committee sets each of the goals at levels that it believes are attainable, but which still require consistently high level performance by each executive.

The Committee established threshold, target and maximum levels for each of the 2018 performance factors, as follows:

2018 PERFORMANCE FACTORS – KESAVAN, WASSON AND MORGAN

Financial Performance	Payout	Threshold	Target	Maximum	Weighting
Factors	Range	Payout	Payout	Payout	
Company Gross Revenue	90% - 110%	50%	100%	175%	35%
Adjusted EPS	85% - 115%	50%	100%	175%	35%
Total Government Contract Backlog	80% - 120%	50%	100%	175%	10%
Total Financial Goals:					80%

2018 PERFORMANCE FACTORS – GLOVER AND OSTRIA

Financial Performance	Payout	Threshold	Target	Maximum	Weighting
Factors	Range	Payout	Payout	Payout	
Company Gross Revenue	90% - 110%	50%	100%	175%	15%
Adjusted EPS	85% - 115%	50%	100%	175%	25%
Group Gross Revenue	90% - 110%	50%	100%	175%	15%
Group Operating Margin	85% - 115%	50%	100%	175%	15%
Group Contract Backlog	80% - 120%	50%	100%	175%	10%
Total Financial Goals:					80%

Performance between threshold and maximum levels will be determined by straight-line interpolation between the targeted amounts. Performance below any threshold level results in no bonus amount for that performance factor.

The 2018 Company performance factors and actual results, as described herein, are shown in the following table:

**COMPANY
PERFORMANCE
FACTORS**

	2018 (2)			
	Threshold	Target	Maximum	Actual
Gross Revenue	\$ 1,138.5	\$ 1,265.0	\$ 1,391.5	\$ 1,338.0
Adjusted EPS (1)	3.35	3.94	4.53	3.60
Total Govt. Contract Backlog	1,188.48	1,485.6	1,782.72	1,841.5

(2) All numbers except adjusted EPS are in \$ millions and rounded up.

Table of Contents**EXECUTIVE COMPENSATION**

Through formulaic calculation of actual results in combination with the weighting of each performance factor, the bonus earned for the performance-based portion for each executive is below:

**FINANCIAL PERFORMANCE
FACTORS BONUS – RESULTS**

Executive	Target	Actual
Sudhakar Kesavan	80%	92.58%
John Wasson	80%	92.58%
James Morgan	80%	92.58%
Ellen Glover	80%	89.20%
Sergio Ostria	80%	78.78%

With respect to each NEO performance, the Committee's determinations also considered each person's contributions toward the individual non-financial performance bonus factors. The Committee approved the range of payouts for the individual performance portion of the NEOs' compensation as follows:

**INDIVIDUAL PERFORMANCE
BONUS – RESULTS**

Executive	Target	Actual
Sudhakar Kesavan	20%	12%
John Wasson	20%	12%
James Morgan	20%	12%
Ellen Glover	20%	15%
Sergio Ostria	20%	12%

The Committee and the Board considered the overachievement vs. the Gross Revenue and Backlog goals and the underachievement vs. the adjusted EPS goal, and based on management's recommendation, the Committee approved a discretionary reduction of 20% to each NEO payout score. This downward adjustment was considered to be appropriate given the importance of maintaining a high level of profitability while driving revenue growth.

Taking into account the total targeted annual incentive compensation for the NEOs for 2018, the achievement of financial performance goals and individual, non-financial performance goals, and the 20% discretionary reduction, the Committee awarded each executive's 2018 annual incentive as follows:

ANNUAL INCENTIVE PLAN – FINAL RESULTS

Executive	Target	Initial Results	Reduction factor	% of	2018 Bonus	Cash Payment	Equity Grant
				Bonus Paid			
Sudhakar Kesavan	100%	104.58%	20%	83.66%	\$746,349		\$746,349
John Wasson	100%	104.58%	20%	83.66%	\$453,097		\$453,097
James Morgan	100%	104.58%	20%	83.66%	\$319,999	\$160,000	\$159,999
Ellen Glover	100%	104.20%	20%	83.36%	\$177,658	\$177,658	
Sergio Ostria	100%	90.78%	20%	72.62%	\$150,395	\$75,200	\$75,195

In 2018, management elected to fund the Annual Incentive Program with a mix of cash and equity in the form of RSUs to reward achievement in areas of the business that performed well against their objectives and more broadly to encourage retention and reinforce long-term results. Messrs. Kesavan and Wasson received all of their Annual Incentive Program award in the form of equity, and each of Mr. Morgan and Mr. Ostria received half of their Annual Incentive Program award in cash and half in equity. Ms. Glover received all of her Annual Incentive Program award in cash.

Long-Term Incentive Equity Awards

Equity Awards. The equity component of the Company's compensation program is designed to:

enhance the link between the creation of stockholder value and long-term executive incentive compensation;

encourage participants to focus on long-term Company performance;

provide an opportunity for increased equity ownership by executives;

provide a retention tool for key talent; and

maintain competitive levels of long-term incentive compensation.

In determining awards to the NEOs, the Committee considers current value and projected share usage. Equity awards vary among participants based on their positions within the Company, their individual contributions, and the value they have added to the organization.

Table of Contents**EXECUTIVE COMPENSATION**

The NEOs' annual equity award has been divided evenly between RSUs and PSAs. RSUs are focused on executive retention with time-based vesting requirements. PSAs under the Performance Program are tied to the Company's compounded annual growth rate in adjusted EPS and the Company's cumulative total stockholder return relative to its compensation peer group ("*rTSR*").

Performance Share Awards. The number of shares that the participant ultimately will receive in connection with a PSA is based on the Company's performance during two (2) periods. The initial performance period (the "**Initial Performance Period**") is two (2) years, from the beginning of year one (1) to the end of the year two (2), and at the end of such period the PSA will be calculated based on adjusted EPS. There will be no payout if adjusted EPS does not meet or exceed threshold performance.

Performance Level vs. Adjusted

	% of Payout
EPS Goal	
Maximum	150%
Target	100%
Threshold	50%
<Threshold	0%

The secondary performance period (the "**Secondary Performance Period**") is three (3) years, from the beginning of year one (1) to the end of year three (3), with the PSA further calculated and paid out at the end of such period based on rTSR multiplied by the adjusted EPS payout calculation.

rTSR Performance Level vs. Modifier of Adjusted

Compensation Peer Group	EPS Result
Maximum	125%
Target	100%
Threshold	75%

The PSA shares are eligible to vest only following the expiration of the Secondary Performance Period. Actual shares vested will be based on the actual financial measures and rTSR achieved within a threshold (37.5%) and maximum

(187.5%). Performance between threshold and maximum will be determined by straight line interpolation between the targeted amounts.

The number of RSUs and PSAs awarded to an individual participant is determined by:

1. Dividing the target dollar value of the annual equity grant by two (2) to determine the amount to be granted as RSUs, with the other half to be delivered as PSAs.

2. Dividing the resulting RSU and PSA grant target values by the average share price of ICF stock over the twenty (20) day period preceding the grant date to arrive at the number of RSUs and PSAs to be granted. The Committee approves annual awards at a pre-determined quarterly meeting of the Committee, and such awards are effective at a pre-determined date.

2018 Annual Equity Awards. In 2018, we continued the use of RSUs and PSAs. The RSUs will have the same vesting schedule as in 2017. The PSAs will continue to be tied to the Company’s adjusted EPS (“**PSA Adjusted EPS**”) and rTSR. The Initial Performance Period began on January 1, 2018 and will end on December 31, 2019 (two (2) years), and at the end of such period the percentage of PSAs available for vesting will be calculated based on PSA Adjusted EPS. The Secondary Performance Period began on January 1, 2018 and will end on December 31, 2020 (three (3) years), with the PSA vesting further modified at the end of such period based on rTSR. The shares underlying the PSAs will be eligible to vest only following the expiration of the Secondary Performance Period.

Target long-term incentive percentages remained the same for our NEOs from 2017 to 2018, other than for Ms. Glover. Ms. Glover’s target long-term incentive percentage increased from 60% to 70%, which was better aligned with her expanded role with the Company and market practice for comparable positions.

(1) Represents the grant date fair value computed in accordance with FASB ASC Topic 718.

(2) Includes the 2018 Annual Equity Award paid in the form of RSUs and PSAs, issued in March 2018, and the stock awards related to the Annual Incentive Program, issued in March 2019.

2018 Performance Share Awards. In 2018, we granted the fourth set of PSAs under our Performance Program, the vesting of which is tied in the Initial Performance Period to the PSA Adjusted EPS and, in the Secondary Performance Period, to the Company's rTSR performance. The Initial Performance Period for these PSAs began on January 1, 2018 and will end on December 31, 2019.

The Secondary Performance Period began on January 1, 2018 and will end on December 31, 2020 (three (3) years). The PSAs are eligible to vest only following the expiration of the Secondary Performance Period.

2017 Performance Share Awards. In 2017, we granted the third set of PSAs under our Performance Program, the vesting of which was tied in the Initial Performance Period to the PSA Adjusted EPS and, in the Secondary Performance Period, to the Company's rTSR performance. The Initial Performance Period for these PSAs began on January 1, 2017 and ended on December 31, 2018.

In February 2019 the Committee met to review the Initial Performance Period EPS measurement and the proposed adjustments to reported EPS, for the purpose of considering the exclusion of several items from EPS and determining the PSA Adjusted EPS. As a starting point, the Committee noted that the Company reported EPS of \$3.18 for fiscal year 2018. Under the terms of the PSA Agreement and the 2010 Incentive Plan, the substantial positive effect of the tax law changes effected by the TCJA were excluded from the EPS calculation. This reduced the initial EPS from \$3.18 to \$2.68. The Committee then reviewed and considered whether certain expenses should be excluded from the reported EPS. After discussion and deliberation, the Committee approved aggregate exclusions of approximately \$7.1 million, on a pre-tax basis. On an after-tax basis, the total adjustments considered by the Committee, excluding changes as a result of the newly enacted TCJA, were approximately \$4.4 million.

The after-tax adjustments for the exclusions resulted in an adjustment to reported EPS of \$0.23, or a PSA Adjusted EPS of \$2.91 for purposes of determining calculations for the Initial Performance Period and for establishing the baseline EPS for the 2019 PSA grants. See attached Annex B to this proxy statement for a description of the GAAP reconciliation.

The Committee's determination exceeded the threshold requirement, which was \$2.57, and would generate a payout calculation of 150.0% (the maximum), assuming the rTSR performance factor for the Secondary Performance Period is met and applied. The Secondary Performance Period began on January 1, 2017 and will end on December 31, 2019 (three (3) years). The PSAs are eligible to vest only following the expiration of the Secondary Performance Period

2016 Performance Share Awards. In 2016, we granted the second set of PSAs under our Performance Program, the vesting of which was tied in the Initial Performance Period to the PSA Adjusted EPS and, in the Secondary Performance Period, to the Company's rTSR performance. The Initial Performance Period for these PSAs began on January 1, 2016 and ended on December 31, 2017.

Previously, the Committee approved the PSA Adjusted EPS of \$2.66 for fiscal year 2017. This generated a payout calculation of 125.22% for the Initial Performance Period.

The Secondary Performance Period began on January 1, 2016 and ended on December 31, 2018 (three (3) years). Upon completion of the Secondary Performance Period, the 2010 Incentive Plan and the Performance Program require that the Committee (i) review the performance of the Company's rTSR ranking among its Peer Group; and (ii) determine and certify the final payout.

The Company engaged Aon to calculate its cumulative total stockholder return over the Performance Period relative to its Peer Group. It was measured by (A) the sum of (i) the Company's Average Stock Price (for the 45 day trading period ending December 31, 2018), and (ii) the cumulative amount of dividends declared during the Performance Period, assuming dividend reinvestment on the ex-dividend date, divided by (B) the Company's Average Stock Price at the beginning of the Performance Period (for the 45 day trading period ending December 31, 2015); provided, that for purposes of calculating rTSR percentile rank, the Company shall be excluded from the Peer Group. It calculated the Company's total shareholder return at the 87th percentile of the group resulting in a 125% rTSR vesting modifier to the PSA Adjusted EPS calculation of 125.22%, resulting in a total of approximately 156.53% of target shares vested. The Compensation Committee approved and certified the calculation and the vested shares were released in January 2019.

2019 Base Salary. The Compensation Committee annually reviews the salaries of our NEOs. In considering salary adjustments, the Committee takes into account: peer group market data, individual performance and changes in job responsibilities. In March 2019, the Committee approved the following salaries:

ANNUAL BASE SALARY

	2018 Base	2019 Base	2019%

Sudhakar Kesavan	\$892,074	\$918,836	3%

In developing its recommendations for 2019 target total compensation, the Committee reviewed the short-term incentive design framework. They found that, like the Company, most of the 2019 Peer Group members use a combination of measures such as earnings per share and revenue, as well as individual performance components to evaluate performance for the calculation of incentive awards. For 2019, the Committee and Board approved adjustments to the performance metrics used for NEO Annual Incentive award determination and adjusted the threshold, target and maximum ranges, as well as adjusting payout levels to further emphasize NEO focus on profitable growth, in alignment with shareholder interests.

In particular, backlog has been eliminated as a NEO annual incentive performance factor, as we continue to expand our business in non-government markets where backlog is not a relevant metric. The performance-based bonus (80%) will be based on updated Company performance factors, weighted as shown here:

2019 Annual Equity Awards. In 2019, we will continue the award of RSUs and PSAs. The RSUs and PSAs will have the same three-year vesting schedules as in 2018. The PSAs will continue to be tied to the Company's adjusted EPS and rTSR. The Initial Performance Period began on January 1, 2019 and will end on December 31, 2020 (two (2) years). At the end of such period the percentage of PSAs available for vesting will be calculated based on PSA Adjusted EPS. The Secondary Performance Period began on January 1, 2019 and will end on December 31, 2021 (three (3) years) with the PSA vesting further modified at the end of such period, based on rTSR. The shares underlying the PSAs will be eligible to vest only following the expiration of the Secondary Performance Period.

Following are adjustments to the 2019 NEO Equity targets which the Committee and Board determined to be warranted in order to close a gap in total direct compensation ("**TDC**"), market competitiveness and to recognize sustained strong business performance:

Retirement and Other Benefits

Savings Plan. Our NEOs are eligible to participate in the

Company's tax-qualified defined contribution profit-sharing plan, which has a Section 401(k) feature. Under the terms of this plan:

Eligible employees may elect to contribute up to 70% of their eligible compensation as salary deferral contributions to the plan, subject to statutory limits.

We make matching contributions each pay period equal to 100% of an employee's 401(k) contributions up to the first 3% of the employee's compensation.

We also make matching contributions equal to 50% of the employee's 401(k) contributions up to the next 2% of the employee's compensation.

We do not make matching contributions for employee 401(k) contributions in excess of 5% of the employee's compensation.

Company contributions to this plan for our NEOs are included under the "All Other Compensation" column of the Summary Compensation Table below.

Perquisites. The Company does not provide any material perquisites or personal benefits to its named executives.

Severance Benefits. As of December 31, 2018, the Company was a party to severance protection agreements with Messrs. Kesavan and Wasson. We also have an employment agreement with Mr. Kesavan and severance letter agreements with each of Mr. Wasson, Mr. Morgan, Ms. Glover and Mr. Ostria which provide severance benefits in the event of a termination in conjunction with a change of control and in certain other situations. We believe these agreements, which provide severance in certain situations, serve to promote stability and continuity among our NEOs. The terms of these agreements and information regarding applicable payments under such agreements are provided under "Payments Pursuant to Employment Agreement," "Payments Pursuant to Severance Letter Agreements," and "Payments in the Event of a Change of Control," below.

Compensation Practices and Risk

The Committee annually considers, in establishing and reviewing the executive compensation program, whether the program encourages unnecessary or excessive risk taking. We do not believe the Company's compensation policies and practices are reasonably likely to have a material adverse effect on the Company in connection with risk management practices and risk-taking incentives.

The Committee's goal is to design and establish a compensation program to encourage prudent risk management and discourage inappropriate risk-taking by granting a diverse portfolio that rewards the creation of long term stockholder value. To help achieve this goal, the Committee considers the risk profile of the primary compensation elements, including Base Salary, the Annual Incentive Program and Equity Awards.

The Committee believes that the base salaries of the NEOs, being fixed in amount, do not encourage inappropriate risk-taking. Performance factors which serve as the basis for the Annual Incentive Program of the Company's NEOs may be adjusted each year to account for changes in our business and related risks. Also, a significant proportion of the NEOs' compensation is in the form of equity awards with performance and retention features that extend over a period of years. These equity awards do not encourage unnecessary or excessive risk-taking because their ultimate value is tied to our stock price and other stockholder aligned measures (i.e., adjusted EPS growth). The equity awards are subject to long-term vesting schedules so as to help ensure that the NEOs have significant value tied to long-term

stock price performance. Specifically, all equity compensation is based either on performance over a three (3)-year period or vesting for a three (3)-year period. This encourages the NEOs to focus on long-term performance as well as annual results, further reducing inappropriate risk-taking likely to produce only short-term benefits and allowing sufficient time for risk outcomes to emerge.

Additionally, awards under each of the 2010 Incentive Plan and the 2018 Incentive Plan are subject to clawback provisions based on certain factors, as noted in “Compensation Recoupment Policy”.

- (1) The annual base salary adjustments for our NEOs are made in March of each evaluation year and are effective immediately.

- The amounts reported in the “Stock Awards” column (e) of the table above reflect the aggregate grant date fair value of RSUs and PSAs from both the annual incentive program and the equity awards program. These values have been determined under the principles used to calculate the grant date fair value of equity awards for purposes of the Company’s financial statements. For a discussion of the methodologies used to value the awards reported in the “Stock Awards” column (e), please see the discussion of stock awards contained in Note 14 – Accounting for Stock-based compensation to our consolidated financial statements included in our 2018 Form 10-K. Additionally, the 2018 closing per share prices used to calculate fair value amounts of each individual 2018 stock award at December 31, 2018 are found below in the table “Grants of Plan-Based Awards in 2018.”

The grant date fair value amounts for RSUs include awards granted under the 2018 annual equity award program. See further detail found in the table "Equity Incentive Awards – 2018." The grant date fair value of PSAs is calculated based upon the probable performance under the awards' goal, which was target performance achievement. Assuming the maximum payout of the PSAs is achieved, the value of each NEO's award as of the grant date is as follows:

Name	2018	2018
	Grant Date Fair Value	Grant Date Fair Value
	PSAs at Target Payout	PSAs at Maximum Payout

- (3) Amounts reported in the “Option Awards” column (f) of the table above reflect the aggregate grant date fair value of option awards. The Company did not elect to issue options after fiscal year 2015.

- (4) Amounts shown consist of payouts for the cash portion of bonuses in 2018 under the Annual Incentive Program. Messrs. Kesavan and Wasson received their 2018 bonus exclusively in the form of RSUs.

(1) Amounts represent the target cash bonus payouts for fiscal 2018 awards under the Annual Incentive Program. The actual payout amounts under the Annual Incentive Program for 2018 are reported in the Non-Equity Incentive Compensation column of the Summary Compensation Table above. The performance-based bonus is worth 80% of the overall payout, calculated on achievement of threshold targets and interpolation between minimum and maximum targets for each performance factor. The individual performance-based bonus is worth 20% of the payout, determined upon achievement of non-financial goals set by the Committee. The actual payouts under the Annual Incentive Program for 2018 were: \$746,349 for Mr. Kesavan; \$453,097 for Mr. Wasson; \$319,999 for Mr. Morgan; \$177,658 for Ms. Glover; and \$150,395 for Mr. Ostria.

(2) The PSAs in these columns represent the threshold, target and maximum number of shares issuable under the 2018 Performance Program. The final payout is subject to the achievement of the performance goals.

(3) These RSU awards, granted pursuant to the annual equity grant, vest in three (3) installments, 25% on each of March 12, 2019 and March 12, 2020, and 50% on March 12, 2021. The closing price of the Company's common stock on the grant date was \$60.65.

(4) The grant date fair value for the PSAs, which are subject to performance conditions, is based on the probable outcome of the performance conditions, which was achievement of target. The grant date fair value of \$65.05 was determined by using the Monte Carlo simulation model and is based on the closing price of our common stock of \$60.65 on the grant date.

(3) Represents PSAs granted on March 20, 2017 for the 2017-2019 performance period. The PSAs are earned and paid out in shares of ICF stock at the end of the three-year performance period, based upon the performance of two metrics (PSA Adjusted EPS and rTSR). The Initial Performance Period, which is based on PSA Adjusted EPS, began on January 1, 2017 and ended on December 31, 2018. On January 14, 2019, the Compensation Committee approved the PSA Adjusted EPS of \$2.91 which results in the maximum payout of 150.00% of the target. This percentage will be further modified by the rTSR performance factor for the Secondary Performance Period. The Secondary Performance Period began on January 1, 2017 and will end on December 31, 2019. The rTSR will be applied as a modifier to the PSA Adjusted EPS metric, as a multiplier ranging from 75% to 125%. The number of shares of stock shown in this column is based on the actual PSA Adjusted EPS level of performance at 150.00% of target and the rTSR performance at 100% of target.

(4) Represents PSAs granted on March 12, 2018 for the 2018-2020 performance period. The PSAs are earned and paid out in shares of ICF stock at the end of the three-year performance period based upon the performance of two metrics (PSA Adjusted EPS and rTSR), subject to the Compensation Committee's approval. The number of shares of stock shown in this column is based on the threshold level of performance as the Initial Performance Period has not been finalized.

Deferred Compensation Plan

We maintain a non-qualified deferred compensation plan (the “***Deferred Compensation Plan***”) for a select group of key management and highly compensated employees who have been designated as eligible to participate in the Deferred Compensation Plan by the Board or the Compensation Committee.

The Deferred Compensation Plan allows participants to defer up to 80% of base salary and/or up to 100% of bonus and commissions. All amounts deferred are 100% vested. In addition, the Company may credit a participant’s Deferred Compensation Plan account with Company contributions required under an employment agreement or any other agreement and/or with discretionary Company contributions. Company contributions are vested pursuant to the terms of any relevant agreement or, if none, on the anniversary of the date on which such Company contribution was credited to the participant’s account balance, in accordance with the following schedule; provided, however, that the participant must be in the service of the Company as an employee on such anniversary to receive vesting credit:

Less than 1 year—0%

1 year but less than 2 years—33%

2 years but less than 3 years—67%

3 or more years—100%

Two (2) of the NEOs participated in the Deferred Compensation Plan in 2018. No Company contributions were credited under the Deferred Compensation Plan for 2018. Deferred Compensation Plan accounts are deemed to be invested in one (1) or more investment options selected by each participant from investment options offered under the Deferred Compensation Plan.

Table of Contents**EXECUTIVE COMPENSATION**

Deferred Compensation Plan participants are entitled to receive distributions from their Deferred Compensation Plan accounts upon separation from service, death, disability and/or upon a specified date. Subject to the provisions of Section 409A of the Code, Deferred Compensation Plan participants may elect to receive distributions from the Deferred Compensation Plan in single lump-sum payments or installment payments over a period of two (2) to five (5) years for deferrals to specified dates, or two (2) to fifteen (15) years for deferrals until death, disability or other separation from service. If no such election is made, a participant shall be deemed to have elected a lump-sum form of payment. The following table sets forth information, as of December 31, 2018, regarding contributions and balances of NEOs under the Deferred Compensation Plan:

	Executive	Company	Aggregate	Aggregate	Aggregate

(2) The aggregate balance for Mr. Kesavan and Mr. Wasson includes \$733,622 and \$116,391, respectively, that was reported as compensation in the Salary and Non-Equity Incentive Compensation columns of the Summary Compensation Table in previous years.

(3) Mr. Kesavan maintains a balance in the plan, but did not actively defer funds into the plan in 2018.

Employment Agreement

We entered into an amended and restated employment agreement with Sudhakar Kesavan as of the effective date of our initial public offering on September 27, 2006, which we further amended and restated on December 29, 2008, for the purpose of bringing it into compliance with Section 409A of the Code. The agreement provides that Mr. Kesavan will serve as our CEO and Chairman and that he will receive annual increases to his base salary at least equal to the increase in the consumer price index, unless otherwise agreed to by Mr. Kesavan and the Company. The Committee may further increase Mr. Kesavan's base salary under that agreement based on the performance of the Company and other factors deemed relevant by the Committee. Mr. Kesavan will also be eligible to receive annual incentive bonuses

equal to up to 100% of his base salary at the discretion of the Committee. In addition, we are also required to maintain a life insurance policy in an amount of at least \$1 million, payable to Mr. Kesavan's immediate family. Mr. Kesavan may terminate this agreement by giving 45 days' notice to the Company, and the Company may terminate this agreement either without cause or for cause upon written notice. The benefits that Mr. Kesavan will receive upon termination of his employment or change of control are described under "Potential Payments upon Termination or Change of Control."

Potential Payments upon Termination or Change of Control

We maintain employment, severance, and change of control agreements with certain of our NEOs. The following summaries describe and quantify the payments that each NEO would receive if his or her employment with us were terminated or if we had a change of control and the NEO's employment were terminated following the change of control. The summaries assume that the termination and/or change of control occurred on December 31, 2018, and that the relevant stock price is the closing market price for our common stock on NASDAQ on December 31, 2018, which was \$64.78 per share.

Payments Pursuant to Employment Agreement

We have entered into an amended and restated employment agreement with Mr. Kesavan, under which he serves as our CEO and Chairman. If we terminate Mr. Kesavan's employment for cause, we will be obligated to him only for his base salary and bonus accrued but not yet paid as of the termination date, continuance of his healthcare coverage as required by law, vesting of all outstanding options and other equity awards that were issued prior to the date of employment termination with payment in compliance with Section 409A, and reimbursement for any outstanding reasonable business expenses incurred in the performance of his duties. As defined in the employment agreement, "cause" means the following: (i) material violation of our written policies; (ii) willful conduct materially and demonstrably injurious to the Company; (iii) being charged with certain criminal conduct; or (iv) abuse of drugs or alcohol in the workplace.

If we terminate Mr. Kesavan's employment without cause or Mr. Kesavan terminates his employment for "good reason," Mr. Kesavan will receive the following: (i) the amounts he would have received if terminated for cause; (ii) two (2) times his annual base salary (which will be paid in two (2) tranches: (y) the first tranche will be paid monthly in approximately equal installments over the 24-month period following the termination date, with the aggregate amount not to exceed certain limitations set forth in Section 409A; and (z) the second tranche will be comprised of the difference of the total of two (2) times his annual base salary minus the aggregate amount paid in the first tranche, and will be paid in a single lump sum payment on the first business day after six (6) months from the termination date); (iii) vesting of all outstanding options and other equity awards that were issued prior to the date of employment termination with payment in compliance with Section 409A; (iv) a pro rata share of his annual incentive compensation award for the fiscal year in which he was terminated payable in a lump sum on the later of the (a) date that is 90 days following the end of that fiscal year or (b) date that is six (6) months after the date of such termination; and (v) continuation, at the Company's expense, of Mr. Kesavan's family health and dental insurance policy in effect as of the date of termination for 24 months following termination (or, if the Company cannot continue coverage of such policy, the Company shall pay for equivalent coverage). Also, while not specifically stated in his employment agreement, Mr. Kesavan is entitled to outplacement services for a period of 12 months, or his first acceptance of an employment offer, if shorter. Termination by the Company without cause includes: (i) any reason other than cause (as defined in the

employment agreement and summarized above); (ii) death of Mr. Kesavan; or (iii) in the Company's sole discretion, if Mr. Kesavan becomes disabled (as defined in the employment agreement). Termination by Mr. Kesavan for good reason is any voluntary termination by Mr. Kesavan upon 45 days' written notice to the Company.

Table of Contents**EXECUTIVE COMPENSATION**

All amounts and benefits under the employment agreement shall be paid in a manner or form that complies with Section 409A or an exception thereunder.

Mr. Kesavan's employment agreement requires that he comply with certain covenants and requirements upon termination. Mr. Kesavan must maintain the confidentiality of all of our information and must not solicit present or prospective clients or employees for a period of two (2) years following termination. Mr. Kesavan's PSA agreement requires that, upon termination without cause or termination for good reason, the PSAs vest according to the actual EPS and rTSR during the performance period.

The payments that would have been made to Mr. Kesavan, pursuant to Mr. Kesavan's employment agreement, if he had incurred a termination of his employment as of December 31, 2018, are as follows:

Name	Pro Rata		Welfare Benefits	Outplacement Services	Unvested and Accelerated Awards
	Bonus Share	Severance			
S. Kesavan					
With Cause	—	—	—	—	\$ 8,340,944
Without Cause for any Reason	\$ 746,349	\$ 1,784,148	\$ 27,850	\$ 6,000	8,340,944
Death or Disability	746,349	1,784,148	27,850	6,000	7,753,096

Payments Pursuant to Severance Letter Agreements

We entered into a severance letter agreement with each of Mr. Ostria, Ms. Glover and Mr. Morgan. Subject to certain restrictions and terms, each severance letter agreement provides that, in the event of an involuntary termination of employment without cause (as defined in the 2010 Incentive Plan), Ms. Glover and Messrs. Morgan and Ostria are each entitled to nine (9) months' severance based on such executive's: (i) then-current base salary; and (ii) the bonus payment in the prior 12-month period. Such severance will be paid in bi-weekly installments in accordance with the Company's scheduled pay dates. Ms. Glover and Messrs. Morgan and Ostria are further entitled to continue their group health plan coverage under COBRA and, for the duration of the severance payments, the Company will pay a portion of their monthly COBRA premiums equal to the employer's monthly portion of the group health plan premiums as an active employee of the Company. Each of them is also eligible for six (6) months of executive career transition assistance. Such agreements also contain change of control provisions as discussed below under "Payments in the

Event of a Change of Control.”

In the event of termination without cause or termination for good reason, the PSA agreements for Mr. Morgan, Ms. Glover and Mr. Ostria require that PSAs vest according to the actual EPS and rTSR performance for the applicable performance period, as adjusted for the pro rata share of the performance period completed. In the event Mr. Morgan, Ms. Glover or Mr. Ostria terminates his or her employment other than for good reason, he or she shall forfeit all unvested PSAs.

All amounts and benefits under these agreements shall be paid in a manner and form that complies with Section 409A or an exception thereunder.

We previously entered into an amended severance letter agreement with Mr. Wasson. Mr. Wasson is entitled to certain payments in the event of termination of employment, prior to a change of control, by the Company other than for cause (as defined in the severance protection agreement discussed below) or a voluntary resignation after a material adverse change in job responsibilities, compensation or work location. In the event of a termination of employment under such circumstances, Mr. Wasson is entitled to (i) continuation of his base salary for 12 months or, if greater, the period during which he is subject to non-compete obligations, and (ii) an amount equal to the average annual bonus paid to him over the three (3) years prior to his termination. The base salary severance benefits will be paid on the bi-weekly pay dates following separation from service in accordance with the Company’s scheduled pay dates or, if longer, on the bi-weekly pay dates during the time period the executive is subject to any non-competition restrictions with the Company. The bonus severance benefit will be paid within the 15-day period following the last payment of such bi-weekly base salary severance benefits. In addition, Mr. Wasson is entitled to accelerated vesting of all stock options, restricted stock and other equity awards. Consistent with the terms of Mr. Wasson’s PSA agreement, upon his termination without cause or for good reason, the PSAs will vest according to the actual EPS and rTSR performance during the performance period. Further, the severance letter agreement provides that Mr. Wasson is entitled to continuation of health care coverage (including medical, hospitalization, dental and vision) for himself and his dependents on the same terms as in effect on his termination date for as long as salary continues to be paid under the agreement (and, thereafter, he and his dependents may elect group health plan continuation coverage under COBRA). Finally, while not specifically stated in his employment agreement, Mr. Wasson is entitled to outplacement services for a period of 12 months, or his first acceptance of an employment offer, if shorter. Payment of these severance benefits is subject to Mr. Wasson’s compliance with certain covenants and requirements upon termination.

Table of Contents**EXECUTIVE COMPENSATION**

The payments that would have been made to Mr. Morgan, Ms. Glover and Mr. Ostria described above, in the event of termination of employment without cause or, in the case of Mr. Wasson, a voluntary resignation after a material adverse change in job responsibilities, compensation or work location, had occurred as of December 31, 2018, and all severance letter agreements had been in effect on such date, are presented in the following table.

Name	Salary Continuation	Bonus Payment	Welfare Benefits	Outplacement Services	Unvested Awards
J. Wasson	\$ 676,956	\$385,100	\$9,532	\$ 6,000	\$4,072,875
J. Morgan	409,799	239,999	10,424	3,000	1,362,389
E. Glover	319,691	133,244	6,903	3,000	516,384
S. Ostria	310,643	112,796	7,115	3,000	456,999

Payments in the Event of Death or Disability

If any NEO dies or becomes disabled while employed by us, any unvested options or RSUs held by that NEO will vest and become exercisable immediately. PSAs will vest according to the target EPS for the period and the actual performance of the rTSR, with the date of death or disability serving as the end of the performance period for such measurement.

Payments in the Event of Retirement

If Mr. Kesavan or Mr. Wasson retires while employed by us, the PSAs will vest upon the date of retirement and be paid out based on the actual performance of the rTSR at the end of the measurement period.

If Mr. Morgan, Ms. Glover or Mr. Ostria retires while employed by us, PSAs will vest according to the actual EPS and rTSR performance for the applicable performance period, as adjusted for the pro rata share of the performance period completed. The date of retirement shall serve as the end of the performance period for such measurement. All other equity awards will vest as if such NEO had voluntarily resigned.

Payments in the Event of a Change of Control

We have entered into amended severance protection agreements with Messrs. Kesavan and Wasson that provide for payments in the event of termination of employment resulting from a change of control. In the event payments are made pursuant to these agreements, those payments supersede any other agreement between us and the NEO.

Under the severance protection agreements, both Messrs. Kesavan and Wasson have a “*double trigger*”, in that neither executive will receive under those agreements certain payments and benefits in connection with a change of control unless they are terminated without cause or resign for good reason within twenty-four (24) months following such change of control. A change of control is defined as follows: (i) the acquisition by an individual, group or entity of beneficial ownership of 35% or more of our outstanding voting shares, subject to certain exceptions; (ii) a change in our Board under certain circumstances such as an actual or threatened (x) election contest, (y) solicitation of proxies or (z) tender offer; (iii) the consummation of a reorganization, merger or consolidation, or sale of all or substantially all of our assets, subject to certain limitations and conditions set forth in the agreement; and/or (iv) approval by our stockholders of a liquidation or dissolution of the Company.

Termination “*without cause*” means any termination other than one for: (i) material violation of our material written policies; (ii) willful conduct materially and demonstrably injurious to the Company; (iii) being charged with certain criminal conduct; and/or (iv) drug or alcohol abuse in the workplace. Termination for “*good reason*” includes: (i) material adverse change in the executive’s job duties or responsibilities, compensation or location of employment; (ii) bankruptcy of the Company; (iii) material breach by the Company of the severance protection agreement; and/or (iv) failure to require any successor of the Company to assume the severance protection agreement.

In the event of a change of control and a termination of the employment of Messrs. Kesavan and Wasson without cause or their resignation for good reason within twenty-four (24) months of the change of control, they will be entitled to the following payments:

base salary earned through date of termination and pro rata bonus for the year of termination;

lump-sum payment equal to three (3) times the named executive’s average annual taxable W-2 compensation during the three (3) years prior to the calendar year in which the termination occurs;

continued coverage for thirty-six (36) months after termination for them and their dependents and beneficiaries under the same or equivalent life insurance, medical, dental, hospitalization, financial counseling and tax consulting benefits provided by the Company to similarly situated executives during the continuation period of such coverage (any such coverage and benefits thereunder shall comply with Section 409A);

outplacement services for a period of twelve (12) months, or the named executive’s first acceptance of an employment offer, if shorter; and

100% vesting of all equity awards granted under the 2010 Incentive Plan or the 2018 Incentive Plan, except that, in accordance with the PSA agreements for Messrs. Kesavan and Wasson, PSAs will vest according to the target EPS for the performance period and the actual performance of the rTSP, with the date of termination used as the end of the performance period for such measurement. Each payment or distribution of any such awards subject to Section 409A will be made in a manner that complies with Section 409A.

Table of Contents**EXECUTIVE COMPENSATION**

Further, adjustment shall be made to minimize the amount of compensation payable in the event of a change of control that is subject to Section 280G of the Code. All amounts and benefits under these agreements shall be paid in a manner and form that complies with Section 409A or an exception thereunder. The payments that would have been made to Messrs. Kesavan and Wasson, if termination of employment related to a change of control had occurred as of December 31, 2018, are as follows:

Name	Pro Rata	Lump-Sum	Welfare	Outplacement	Unvested
	Bonus	Payment	Benefits	Services	Awards
S. Kesavan	\$746,349	\$13,601,054	\$41,775	\$ 6,000	\$7,753,096
J. Wasson	453,097	7,438,999	28,596	6,000	3,800,880

As mentioned above, we entered into a severance letter agreement with each of Mr. Morgan, Ms. Glover and Mr. Ostria. Such agreements also contain change of control provisions, which are triggered if, within twelve (12) months of a change of control (as defined in the 2010 Incentive Plan and the 2018 Incentive Plan) there is: (i) a material reduction of the nature and scope of any such executive's authorities, powers, functions or duties, (ii) a material reduction in their compensation or (iii) a relocation of their primary work location by more than 50 miles from their work location immediately prior to such change of control. In the event of such a change of control, each of Mr. Morgan, Ms. Glover and Mr. Ostria will be paid (a) a lump sum based on a pro-rated share of their then-current year's bonus target, and (b) twelve (12) months of severance based on their then-current base salary, plus the bonus payment each received in the prior twelve (12) months. The change of control payment will be paid in bi-weekly installments in accordance with the Company's scheduled pay dates. In addition, any RSUs or non-qualified stock options issued prior to June 5, 2015 and held by each of Mr. Morgan, Ms. Glover and Mr. Ostria will immediately vest upon a change of control. The fair market value (as defined in the 2010 Incentive Plan) of any RSUs will be paid to Mr. Morgan, Ms. Glover and Mr. Ostria in a lump sum within three (3) days of the change of control and non-qualified stock options will either be cancelled and replaced with a replacement award (as defined in the 2010 Incentive Plan) or cancelled in exchange for a lump sum payment of the fair market value of such non-qualified stock options. Equity grants made after June 5, 2015 will vest on an accelerated basis following a change in control if the executive is terminated other than for cause within two (2) years following the change of control. In accordance with the PSA agreements for Mr. Morgan, Ms. Glover and Mr. Ostria, PSAs will vest according to the target EPS for the performance period and the actual performance of the rTSR, with the date of termination serving as the end of the performance period for such measurement.

Mr. Morgan, Ms. Glover and Mr. Ostria are further entitled to continue their group health plan coverage under COBRA and, for the duration of the severance payments, the Company will pay a portion of their monthly COBRA premiums equal to the employer's monthly portion of the group health plan premiums as an active employee of the Company. Each of them is also eligible for six (6) months of executive career transition assistance.

The payments that would have been made to each of Mr. Morgan, Ms. Glover and Mr. Ostria, if termination of employment related to a change of control had occurred as of December 31, 2018 are as follows:

Name	Pro Rata Bonus Target	Severance Payment	Welfare Benefits	Outplacement Services	Unvested Awards
J. Morgan	\$382,479	\$ 866,397	\$13,899	\$ 3,000	\$2,587,641
E. Glover	213,127	603,912	9,204	3,000	1,119,906
S. Ostria	207,095	564,585	9,487	3,000	997,917

During the time a NEO receives payment under an agreement, the NEO agrees not to solicit employees from our successor and to maintain the confidentiality of our and our successor's information. The NEO also must provide a general release of all claims and causes of action against us and our successors arising from, or relating to, the NEO's employment with us.

REPORTING COMPLIANCE

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers, directors and persons who own more than 10% of a registered class of equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file.

Based solely upon our review of copies of the reports we received and written representations provided to us from the individuals required to file such reports, we believe that each of our executive officers, directors and greater than 10% stockholders have complied with applicable reporting requirements for transactions in our common stock during the year ended December 31, 2018, except for a Form 4 detailing purchases made by Mr. Peter Schulte's daughters, and over which he has control, which was filed late due to an administrative error.

STOCKHOLDERS' PROPOSALS FOR THE 2020 ANNUAL MEETING

Under applicable SEC rules, any stockholder who intends to present a proposal at the 2020 Annual Meeting and who wishes to have the proposal included in our proxy statement and form of proxy for that meeting must deliver the proposal to us at our executive offices no later than December 21, 2019, or, if next year's Annual Meeting is held on a date more than 30 calendar days from May 31, 2020, a stockholder proposal must be received a reasonable time before the Company begins to post, print and mail its proxy materials for such Annual Meeting. All stockholder proposals must comply with all applicable rules and regulations adopted by the SEC.

The Company's Bylaws provide that, in order for a stockholder to make nominations for the election of directors or proposals for business to be brought before the Annual Meeting, a stockholder must deliver notice of such nominations and/or proposals to the Corporate Secretary no earlier than the close of business on the 120th day, and not later than the close of business on the 90th day, prior to the first anniversary of the preceding year's Annual Meeting (for next year's 2020 Annual Meeting, these dates would be January 31, 2020 and March 1, 2020, respectively). However, if the Annual Meeting is more than 30 days before or more than 60 days after such anniversary date, the notice must be received no earlier than the close of business on the 120th day prior to the date of such Annual Meeting and not later than the close of business on the later of the 90th day prior to the date of such Annual Meeting. Further, if the date of the Annual Meeting is more than 30 days before or more than 60 days after such anniversary date, and the first public announcement of the date of such Annual Meeting is less than 100 days

prior to the Annual Meeting date, notice must be delivered no later than the close of business on the 10th day following the public announcement date. A copy of the Bylaws may be obtained from the Company by writing to ICF International, Inc., 9300 Lee Highway, Fairfax, Virginia 22031, Attention: Corporate Secretary. In addition to the timing requirements set forth above, any stockholder nominations for the election of directors or proposals for business must comply with all other requirements set forth in the Company's Bylaws.

SOLICITATION BY BOARD; EXPENSES OF SOLICITATION

We will pay all expenses in connection with the solicitation of the proxies. In addition to solicitation by mail, our directors, officers and employees may solicit proxies by telephone, electronically, in writing or in person, without receiving any extra compensation for such activities. We have retained The Proxy Advisory Group, LLC, a proxy soliciting firm, to provide proxy related advice and informational support, and may seek additional assistance with the solicitation of proxies from stockholders for a services fee, plus customary disbursements. The fees to The Proxy Advisory Group, LLC are not expected to exceed \$25,000 in the aggregate. We also will reimburse brokers and nominees who hold shares in their names for expenses they incur to furnish proxy materials to the beneficial owners of such shares.

Any stockholder who has not received a copy of the Annual Report may obtain a copy by writing to the Corporate Secretary of the Company. The Annual Report is not to be treated as part of the proxy solicitation material or as having been incorporated by reference into this Proxy Statement.

2019 ANNUAL INCENTIVE COMPENSATION Adjusted EPS - GAAP Reconciliation

The Compensation Committee establishes performance factors as part of the Company's Annual Incentive Program. Included among the performance factors approved by the Committee is the performance factor for Adjusted EPS. - Special charges related to severance for staff realignment: These costs are either involuntary employee termination benefits for Company officers who have been terminated as part of a consolidation or reduction in operations, or
- (2) collective termination benefits of an identifiable group of employees terminated as part of a discontinued service offering.
 - (3) Acquisition-related expenses related to closed and anticipated-to-close acquisitions, consisting primarily of consultant and other outside third-party costs.
 - (4) Elimination of Incentive Bonus accrued for 2018 to present net income prior to bonus for determination of Annual Incentive Bonus.

Table of Contents**ANNEX B****2018 PSA ADJUSTED EPS - GAAP Reconciliation**

In connection with PSAs, upon completion of an Initial Performance Period, the 2010 Incentive Plan and the Performance Program require that the Compensation Committee (i) reviews the performance of the Company and propose adjustments to the reported EPS; and (ii) determines the PSA Adjusted EPS in accordance with the PSA Agreement and our 2010 Incentive Plan, which may exclude certain specified items. These exclusions are intended to ensure that the participants are compensated for the Company's performance and are neither penalized nor rewarded for certain categories of specified adjustments.

For purposes of calculating the PSA Adjusted EPS for the PSAs granted in 2016, 2017 and 2018, the Compensation Committee began with the Company's reported diluted EPS of \$3.27 and \$3.18 for fiscal year 2017 and 2018, respectively, and excluded categories of items and amounts to arrive at the PSA Adjusted EPS. Since 2018 is operating under a different tax rate due to the TCJA, the Compensation Committee elected to adjust the 2018 EPS, for the purpose of calculating the performance of the Company under the 2017 PSA grants. The 2018 EPS has been recast to reflect what the Company's performance would have been under a comparable tax rate, 37.3% effective tax rate. Since PSA Adjusted EPS is a non-GAAP measure, see the reconciliation of this non-GAAP measure below:

- (3) Acquisition-related expenses related to closed and anticipated-to-close acquisitions, consisting primarily of consultant and other outside third-party costs.
- (4) Infrastructure expenses related to costs incurred developing and upgrading internal software and processes for future operations.
- (5) Branding expenses incurred related to branding operations for the future.

Special charges due to additional cash bonus expense: In response to the TCJA that was passed in December 2017 (6) and will take effect in 2018, we increased the portion of bonuses that will be paid in cash, which will increase the amount that can be deducted for income tax purposes for 2017.

- (7) Income tax effects were calculated using an effective U.S. GAAP tax rate of 25.9% and 37.0%, prior to the adjustments for changes in the tax rate under new tax regulations, for the year ended December 31, 2018 and 2017, respectively. For purposes of calculating the performance 2018, the 2018 financial performance was recast using an effective tax rate of 37.3%.

Adjustment for the decrease in the rate for 2017 related to favorable net adjustments of \$16.2 million resulting (8) from the enactment of the TCJA in December 2017. As a result of the TCJA, we were required to make favorable provisional adjustments for revaluing our deferred tax assets and liabilities and permanent non-taxable income that were partially offset by the “transition tax” and establishment of a valuation allowance on certain deferred tax assets.
