PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation by the Board of Directors of GAIN Capital Holdings, Inc. (the “Board of Directors”) of proxies to be voted at our 2016 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Thursday, June 30, 2016 at 11:00 a.m. Eastern Time via live webcast at [www.virtualshareholdermeeting.com/gcap2016AM](http://www.virtualshareholdermeeting.com/gcap2016AM), and at any adjournment or adjournments thereof. Holders of record of shares of our common stock, \$0.00001 par value (“Common Stock”), as of the close of business on May 9, 2016, will be entitled to notice of and to vote at the Annual Meeting and any adjournment or adjournments thereof. As of the date of this proxy statement, there were 48,723,123 shares of Common Stock issued and outstanding (excluding shares held by the Company as treasury stock). Each share of Common Stock is entitled to one vote on any matter presented to stockholders at the Annual Meeting.

In this proxy statement, “GAIN”, “Company”, “we”, “us”, and “our” refer to GAIN Capital Holdings, Inc. and, except as otherwise specified herein, include GAIN’s subsidiaries.

PROPOSALS

If proxies are properly submitted by telephone, via the Internet or by signing, dating and returning a proxy card, which you may have elected to receive by mail, the shares of Common Stock represented thereby will be voted in the manner specified therein. If not otherwise specified, and the proxy card is signed, the shares of Common Stock represented by the proxies will be voted:

- (1) FOR the election of two (2) Class III Directors to serve until the 2019 Annual Meeting of Stockholders, or until their successors shall have been duly elected and qualified;
- (2) FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2016; and
- (3) To transact such other business as may properly come before the Annual Meeting or any adjournment or adjournments thereof.

The Board of Directors does not know of any matters other than proposals (1) and (2) listed above to be brought before the Annual Meeting. If any other matters properly come before the meeting, the persons named in the enclosed form of proxy or their substitutes will vote in accordance with their best judgment on such matters. Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by (1) written notice addressed to and received by our Secretary, (2) by submitting a duly executed proxy bearing a later date, (3) granting a subsequent proxy through the Internet or telephone, or (4) by electing to vote at the Annual Meeting. Your most recent proxy card or telephone or Internet proxy is the one that is counted.

REQUIRED VOTE

In an uncontested election, a nominee for director shall be elected if the votes cast for such nominee’s election exceed the votes cast against such nominee’s election. Cumulative voting for the election of directors is not permitted.

The affirmative vote by the holders of a majority of the shares of Common Stock cast at the Annual Meeting is required for the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2016, provided a quorum is present in person or by proxy.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock issued and outstanding on the record date will constitute a quorum. Abstentions and “broker non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A “broker non-vote” occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because

that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Shares not present at the Annual Meeting and shares voting “abstain” have no effect on the election of directors or the ratification of the

selection of our independent registered public accounting firm because they are not considered “votes cast” under Delaware law.

If you are a beneficial owner, your bank, broker or other holder of record is permitted to vote your shares on the ratification of Deloitte & Touche LLP as our independent registered public accounting firm, even if the record holder does not receive voting instructions from you.

#### Information About These Proxy Materials

Why you received these proxy materials. You have received these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting. This proxy statement includes information that we are required to provide to you under the rules of the U.S. Securities and Exchange Commission (the “SEC”) and that is designed to assist you in voting your shares. If you own our Common Stock in more than one account, such as individually and also jointly with your spouse, you may receive more than one notice relating to these proxy materials. To assist us in saving money and to serve you more efficiently, we encourage you to have all your accounts registered in the same name and address by contacting our transfer agent:

Broadridge Corporate Issuer Solutions, Inc.

Philadelphia, PA 19103

Telephone: (800) 830-4936

Notice of Internet Availability of Proxy Materials. In accordance with rules and regulations adopted by the SEC, we are furnishing proxy materials to all of our stockholders over the Internet. On or about May 16, 2016, we will begin distributing to all stockholders a notice containing instructions on how to access our 2016 proxy statement and Annual Report and vote online at [www.proxyvote.com](http://www.proxyvote.com) (the “E-Proxy Notice”). The E-Proxy Notice instructs you as to how you may access and review all of the important information contained in the proxy materials. The E-Proxy Notice also instructs you as to how you may submit your proxy over the Internet. If you would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the E-Proxy Notice.

Stockholders may sign up to receive future E-Proxy Notices and other stockholder communications electronically instead of by mail. This will reduce our printing and postage costs, eliminate bulky paper documents from your personal files and mitigate the environmental impact of our Annual Meeting. In order to receive the communications electronically, you must have an e-mail account, access to the Internet through an Internet service provider and a web browser that supports secure connections. For additional information regarding electronic delivery enrollment visit [www.investorvote.com](http://www.investorvote.com) (for holders of record) or [www.proxyvote.com](http://www.proxyvote.com) (for holders through intermediaries) or contact our transfer agent or your broker.

Householding. The SEC’s rules permit us to deliver a single E-Proxy Notice or a set of Annual Meeting materials to one address shared by two or more of our stockholders. This delivery method is referred to as “householding” and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one E-Proxy Notice or a set of Annual Meeting materials to multiple stockholders who share an address, unless we received contrary instructions from the affected stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the E-Proxy Notice or Annual Meeting materials to any stockholder at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of the E-Proxy Notice or Annual Meeting materials, contact:

## QUESTIONS AND ANSWERS ABOUT THE 2016 ANNUAL MEETING OF STOCKHOLDERS

What is the purpose of the 2016 Annual Meeting of Stockholders?

At the Annual Meeting of Stockholders, our stockholders will be asked to:

- (1) Elect two Class III Director nominees;
- (2) Ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2016; and
- (3) Transact such other business as may properly come before the Annual Meeting or any adjournment or adjournments thereof.

Who is entitled to vote?

The record date for the Annual Meeting is May 9, 2016. Only stockholders of record at the close of business on that date are entitled to vote at the Annual Meeting. The only class of stock entitled to be voted at the Annual Meeting is our Common Stock. Each outstanding share of Common Stock is entitled to one vote for all matters before the Annual Meeting. As of the date of this proxy statement, there were 48,723,123 shares of Common Stock issued and outstanding (excluding shares held by the Company as treasury stock).

What is the difference between being a “record holder” and holding shares in “street name”?

A record holder holds shares in his or her name. Shares held in “street name” means shares that are held in the name of a bank, brokerage firm or similar institution on a person’s behalf.

For shares held in street name, your bank or brokerage firm will not be able to vote your shares with respect to the election of directors if you have not provided them with directions as to how to vote your shares that they hold.

Am I entitled to vote if my shares are held in “street name”?

If your shares are held by a bank or a brokerage firm, you are considered the “beneficial owner” of those shares held in “street name.” If your shares are held in street name, these proxy materials are being forwarded to you by your bank or brokerage firm (the “record holder”), along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions.

If you do not give instructions to your bank or brokerage firm within ten days of the Annual Meeting, the record holder may vote on matters that the New York Stock Exchange (“NYSE”) determines to be “routine”, but will not be permitted to vote your shares with respect to “non-routine” items. Under the NYSE rules, the Ratification of Appointment of the Independent Registered Public Accounting Firm (proposal (2)) is a routine matter, while proposal (1) is a non-routine matter. When a broker or bank has not received instructions from the beneficial owners or persons entitled to vote and the broker or bank cannot vote on a particular matter because it is not routine, then there is a “broker non-vote” on that matter. Therefore, your broker will not be able to vote your shares with respect to the election of directors if you have not provided directions to your broker. Broker non-votes do not count as votes for or against any proposal. We strongly encourage you to submit your voting instructions and exercise your right to vote as a stockholder.

As the beneficial owner of shares of Common Stock, you are invited to attend the Annual Meeting. If you are a beneficial owner, however, you may not vote your shares at the Annual Meeting unless you obtain a proxy form from the record holder of your shares.

How many shares must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock issued and outstanding on the record date will constitute a quorum.

Who can attend the 2016 Annual Meeting of Stockholders?

All of the Company’s stockholders entitled to vote at the Annual Meeting may attend our 2016 Annual Meeting of Stockholders via live webcast at [www.virtualshareholdermeeting.com/gcap2016AM](http://www.virtualshareholdermeeting.com/gcap2016AM).

What if a quorum is not present at the Annual Meeting?

If a quorum is not present at the scheduled time of the Annual Meeting, a majority of the outstanding shares represented at the Annual Meeting, by proxy or in person, and entitled to vote, may adjourn the Annual Meeting.

How do I vote?

Stockholders of record can vote while attending the Annual Meeting or by proxy. There are three ways to vote by proxy:

• by Telephone — You can vote by telephone by calling 1-800-690-6903 and following the instructions on the E-Proxy Notice or proxy card;

• by Internet — You can vote over the Internet at [www.proxyvote.com](http://www.proxyvote.com) by following the instructions on the E-Proxy Notice or proxy card; or

• by Mail — You can vote by mail by signing, dating and mailing the proxy card, which you may have elected to receive by mail.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day, 7 days a week and will close at 11:59 p.m., Eastern Time, on June 29, 2016.

If your shares are held in the name of a bank, brokerage firm or other record holder, you will receive instructions from the record holder. You must follow the instructions of the record holder in order for your shares to be voted.

Telephone and Internet voting also will be offered to stockholders. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote:

• by submitting a duly executed proxy bearing a later date;

• granting a subsequent proxy through the Internet or telephone;

• if you are a registered stockholder, by giving written notice of such revocation to the Secretary of GAIN prior to or at the Annual Meeting; or

• electing to vote while attending the Annual Meeting.

Your most recent proxy card or telephone or Internet proxy is the one that is counted. Your attendance at the Annual Meeting itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote while attending the Annual Meeting.

Who will count the votes?

Representatives of Broadridge Corporate Issuer Solutions, Inc., our inspectors of election, will tabulate and certify the votes. Alternatively, a representative of our transfer agent may serve as an inspector of election.

How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends that you vote:

(1) FOR the election of each of the Class III Director nominees; and

(2) FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2016.

What if I do not specify how my shares are to be voted?

If you submit a signed proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors.

Will any other business be conducted at the Annual Meeting?

We know of no other business that will be presented at the Annual Meeting. If any other matter properly comes before the stockholders for a vote at the Annual Meeting, however, the proxy holder will vote your shares in accordance with their best judgment.

How many votes are required to elect the director nominee?

In an uncontested election, a nominee for director shall be elected if the votes cast for such nominee's election exceed the votes cast against such nominee's election. In a contested election (i.e., one in which one or more candidates have been nominated by any of our stockholders in accordance with our Amended and Restated Bylaws), the voting standard will be a plurality of votes cast. Cumulative voting for the election of directors is not permitted. In the election of directors, stockholders may either vote "FOR" each nominee for election, "AGAINST" each nominee for election, or "ABSTAIN" from voting for one or more nominees for election. Shares that are represented by valid proxy cards or properly voted via the Internet and that are marked "ABSTAIN" with regard to the election of the nominees for director will be excluded entirely from the vote and will have no effect on the outcome. If no vote is specified on the properly submitted proxy and in the absence of directions to the contrary, the shares will be voted "FOR" the election of each of the nominees for Class III Director named in this proxy statement. Our Corporate Governance Guidelines provide that an incumbent director nominee is expected to tender his or her resignation promptly if he or she fails to receive the required number of votes for re-election. If an incumbent director fails to receive the required vote for re-election and tenders his or her resignation, then, within 90 days following certification of the stockholder vote, the Nominating and Corporate Governance Committee will act to determine whether to accept the director's resignation and will submit such recommendation for prompt consideration and action by our Board of Directors.

How many votes are required to ratify the appointment of our independent registered public accounting firm?

The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2016 requires the affirmative vote of a majority of the shares of Common Stock cast at the Annual Meeting. You may vote "FOR," "AGAINST," or "ABSTAIN" with respect to the proposal to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2016. Abstentions and broker non-votes will not be counted and, accordingly, will have no effect on the outcome of the vote on this proposal.

What is an abstention and how will abstentions be treated?

An "abstention" represents a stockholder's affirmative choice to decline to vote on a proposal. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares voting "abstain" have no effect on the election of directors or the ratification of our independent registered public accounting firm for the year ending December 31, 2016.

.

What are broker non-votes and what effect do they have on the proposals?

Generally, broker non-votes occur when shares held by a broker in "street name" for a beneficial owner are not voted with respect to a particular proposal because the broker (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters, such as the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm, without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on certain non-routine items, such as the election of directors. Broker non-votes count for purposes of determining whether a quorum exists but do not count as entitled to vote with respect to individual proposals relating to non-routine matters. Thus, if you do not give your broker specific instructions, your shares may not be voted on these matters and will not be counted in determining the number of shares necessary for approval, although they will count for purposes of determining whether a quorum exists.

Where can I find the voting results of the 2016 Annual Meeting of Stockholders?

We plan to announce preliminary voting results at the Annual Meeting and we will include the final results in a Current Report on Form 8-K, which we intend to file with the SEC shortly after the Annual Meeting.

Proxy Solicitation

We will bear the costs of solicitation of proxies for the Annual Meeting, including preparation, assembly, printing and mailing of this proxy statement, the Annual Report, the E-Proxy Notice, the proxy card and any additional information furnished to stockholders. Copies of our E-Proxy Notice will be furnished to banks, brokerage firms, fiduciaries and custodians holding shares of Common Stock beneficially owned by others to forward to such beneficial owners. We

may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation material to such beneficial owners. We will bear the cost of maintaining a website compliant with SEC regulations to provide internet availability of this proxy statement, our Annual Report and proxy card. We have retained Broadridge Corporate Issuer Solutions, Inc. in connection with this Annual Meeting to provide such a web hosting facility for such purposes. No additional compensation will be paid to our directors, officers or other employees in connection with our Annual Meeting.

Independent Registered Public Accounting Firm

We have been advised that a representative of Deloitte & Touche LLP, our independent registered public accounting firm for the year ended December 31, 2016, will attend the Annual Meeting, will have an opportunity to make a statement if such representative desires to do so, and will be available to respond to questions.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Third Amended and Restated Certificate of Incorporation provides that our Board of Directors is divided into three classes, with each class serving a consecutive three-year term. Currently, our Board of Directors is comprised of six members.

The term of the current Class III Directors will expire on the date of the Annual Meeting. The nominees for election as the Class III Directors at the Annual Meeting are described below. The Nominating and Corporate Governance Committee of the Board of Directors has nominated each candidate for election. If elected, the nominees are expected to serve for a three-year term expiring at the Annual Meeting of Stockholders of the Company in 2019 or until their successors have been elected and qualified. Each of the nominees has expressed his willingness to serve as a director if elected, and the Board of Directors expects that each nominee will be available for election as a director. However, if by reason of an unexpected occurrence, a nominee is not available for election, the persons named in the form of proxy have advised that they will vote for such substitute nominee as the Nominating and Corporate Governance Committee may propose.

Set forth in the table below is certain information about the nominees for election as Class III Directors, as well as those members of the Board of Directors whose current terms will extend beyond the Annual Meeting, including each director's age and length of service as a director of GAIN, business experience for at least the past five years and the names of other publicly held companies on whose boards the director serves or has served in the past five years. ## Director Experience, Qualifications, Attributes and Skills

We believe that the backgrounds and qualifications of our directors, considered as a group, provide a broad mix of experience, knowledge and abilities that allow the Board of Directors to fulfill its responsibilities. Our Board of Directors is composed of a diverse group of leaders in their respective fields. Many of the current directors have leadership experience at major domestic companies, as well as experience serving on other companies' boards of directors, which provides an understanding of different business processes, challenges and strategies facing boards of directors and other companies. Each member of our Board of Directors possesses certain attributes, skills and experiences that we, and the Board of Directors, believe uniquely qualify each director to serve on our Board of Directors. The following highlights the specific experience, qualification, attributes and skills of our individual directors that have led our Nominating and Corporate Governance Committee to conclude that these individuals should serve on our Board of Directors:

Mr. Schenk, the former Chief Financial Officer of Jefferies, has both financial expertise and financial markets experience.

Mr. Calhoun, our former Managing Director and Chief Operating Officer, has both operational and forex industry experience.

Mr. Quick, the former President of the American Stock Exchange and President and Chief Executive Officer of Quick & Reilly, Inc., has significant operational and corporate governance experience. Mr. Quick is Chairman of the Board of Directors.

Mr. Stevens, our current President and Chief Executive Officer, has more than 25 years of experience in the forex industry.

Mr. Bevilacqua, a representative of VantagePoint Capital Partners, one of our largest stockholders, has extensive expertise in the on-line brokerage and private equity industries.

Mr. Sugden has extensive investment experience as a venture capitalist and financial expertise as a former Chief Financial Officer.

## Vote Required for Election

A nominee for director shall be elected if the votes cast for such nominee's election exceed the votes cast against such nominee's election.

## Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES FOR DIRECTOR.

## CORPORATE GOVERNANCE

### General

We believe that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. Our Board of Directors has adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics and charters for our Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Risk Committee. You can access these documents in the "Investor Relations" section of our website ([ir.gaincapital.com](http://ir.gaincapital.com)) under the "Governance" tab or by writing to our Secretary at our offices at Bedminster One, 135 U.S. Highway 202/206, Bedminster, New Jersey 07921.

### Independence of Directors

Our Board of Directors has determined that each of the members of the Board of Directors, with the exception of Glenn H. Stevens, who serves as our President and Chief Executive Officer, is independent as that term is defined under the applicable independence listing standards of the New York Stock Exchange ("NYSE"). The NYSE independence standards include a series of objective tests, including that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his or her family members have engaged in various types of business dealings with us. In addition, as further required by the NYSE rules, our Board of Directors has made a subjective determination as to each independent director that no relationships exist that, in the opinion of our Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

### Meetings

Under our Corporate Governance Guidelines, directors are responsible for attending the meetings of the Board of Directors, meetings of committees on which they serve and the annual meeting of stockholders, and devoting the time needed, and meeting as frequently as necessary, to discharge their responsibilities properly. Our Board of Directors held seven meetings during the year ended December 31, 2015. During the year, no incumbent director attended fewer than 75% of the aggregate of all meetings of the Board of Directors held during the period in which he served as a director and the total number of meetings held by any committee on which he served during the period. Mr. Quick attended the Company's 2015 Annual Meeting of Stockholders.

### Board Leadership Structure and Role in Risk Oversight

The Board of Directors evaluates its leadership structure and role in risk oversight on an ongoing basis. Since December 2010, our leadership structure has separated the Chairman of the Board of Directors and Chief Executive Officer roles into two positions. Currently, Peter Quick is the Chairman of the Board of Directors and Glenn H. Stevens is the President and Chief Executive Officer. The Board of Directors determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company or other relevant factors. After considering these factors, the Board of Directors determined that continuing to separate the positions of Chairman of the Board of Directors and Chief Executive Officer is the appropriate leadership structure at this time. The Board of Directors believes that its independence and its ability to provide oversight of our management and risks are best served through the combination of the independent Chairman, the composition of the Board of Directors and its committee system. If in the future the Board of Directors determines that it would be in the Company's interest to have a non-independent Chairman, it will appoint an independent Lead Director.

Our Board of Directors has an active role, as a whole and at the committee level, in overseeing management of our business and risks. Our Board of Directors regularly reviews information regarding our financial results, liquidity and operations, as well as risks associated with each. Our Compensation Committee is responsible for overseeing and managing our compensation plans and arrangements. The Audit Committee oversees, reviews and manages our financial risks. The Nominating and Corporate Governance Committee monitors and manages the independence of our Board of Directors and potential conflicts of interest among members of the Board of Directors. The Risk Committee oversees our risk-management practices. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports and management presentations to the full Board of Directors about such risks.

### Election Arrangements

On December 10, 2014, we entered into a letter agreement with VantagePoint Venture Partners IV (Q), L.P., VantagePoint Venture Partners IV, L.P., VantagePoint Venture Partners IV Principals Fund, L.P. and VP New York Venture Partners, L.P.

(collectively, the "VPVP Funds"), pursuant to which we agreed to extend certain rights previously granted to the VPVP Funds to designate a nominee (the "VPVP Designee") to serve on our Board of Directors. These rights had expired on their terms immediately prior to our 2014 Annual Meeting of Stockholders on June 25, 2014. Pursuant to the letter agreement, in the event that Thomas Bevilacqua, the current VPVP Designee, shall cease to serve on the Board for any reason, the vacancy resulting thereby shall be filled promptly by appointment to the Board of a VPVP Designee designated by the VPVP Funds. The agreement also provides that if the VPVP Designee resigns due to his failure to receive sufficient votes to be elected, the Board shall fill the vacancy with a different individual designated by the VPVP Funds, and that if the VPVP Designee is not elected following an election contest, the Board will expand the size of the Board and appoint a different individual designated by the VPVP Funds to fill the newly created vacancy. The individual designated as the VPVP Designee must, in each case, meet director independence requirements applicable to all directors of the primary exchange on which our common stock is listed for trading, currently the New York Stock Exchange ("NYSE"), as well as the criteria for director nominees generally as adopted by our Nominating and Corporate Governance Committee from time to time. Our obligations under the letter agreement will terminate on the earliest to occur of (i) such time when the VPVP Funds are the beneficial owners, in the aggregate, of less than five percent (5%) of our outstanding capital stock, (ii) immediately after our 2017 Annual Meeting of Stockholders and (iii) such time as the VPVP Funds notify us that they no longer require a VPVP Designee to serve on the Board of Directors.

#### Board Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Risk Committee. Our Board of Directors and its committees set schedules to meet throughout the year and can also hold special meetings and act by written consent under certain circumstances. The independent members of our Board of Directors also regularly hold separate executive session meetings at which only independent directors are present. The Chairman of the Board of Directors presides over the executive session meetings. In the event that the Chairman of the Board of Directors was not independent, the Lead Director would preside over the executive session meeting, or, in the event that the Lead Director was absent from the executive session meeting, the non-management members of the Board would designate a different director to preside over the executive session meeting. Our Board of Directors has delegated various responsibilities and authority to its committees as generally described below. The committees regularly report on their activities and actions to the full Board of Directors. Except for our Risk Committee, which includes Mr. Stevens, each member of each committee of our Board of Directors qualifies as an independent director in accordance with the applicable NYSE standards and SEC rules and regulations. Each committee of our Board of Directors has adopted a written charter approved by our Board of Directors, each of which is posted in the "Investor Relations" section of our website ([ir.gaincapital.com](http://ir.gaincapital.com)) under the "Governance" tab.

#### Audit Committee

The Audit Committee of our Board of Directors oversees our accounting practices, system of internal controls, audit processes and financial reporting processes. Among other things, our Audit Committee is responsible for reviewing our disclosure controls and processes and the adequacy and effectiveness of our internal controls. It also discusses the scope and results of the audit with our independent registered public accounting firm, reviews with our management and our independent registered public accounting firm our interim and year-end results of operations and, as appropriate, initiates inquiries into aspects of our financial affairs. In addition, our Audit Committee has sole and direct responsibility for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm, including approving services and fee arrangements. Our Audit Committee is also responsible for establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and matters related to our Code of Business Conduct and Ethics, and for the confidential, anonymous submission by our employees of concerns regarding these matters.

The current members of our Audit Committee are Mr. Schenk, who serves as Chairman, Mr. Quick and Mr. Sugden. Each of the members of the Audit Committee is independent as defined by the applicable NYSE listing standard and

SEC rules applicable to Audit Committee members.

Our Board of Directors has determined that Mr. Schenk is an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC. The Audit Committee held four meetings during the year ended December 31, 2015.

#### Compensation Committee

The Compensation Committee of our Board of Directors has primary responsibility for discharging the responsibilities of our Board of Directors relating to executive compensation policies and programs. Specific responsibilities of our Compensation Committee include, among other things, evaluating the performance of our Chief Executive Officer and determining our Chief Executive Officer's compensation. In consultation with our Chief Executive Officer, it also determines the compensation of our other executive officers. In addition, our Compensation Committee administers our equity compensation plans and has the authority to grant equity awards and approve modifications of those awards under our equity compensation plans, subject to the terms and conditions of any equity award policy adopted by our Board of Directors. Our Compensation Committee also reviews and approves various other compensation policies and matters and has authority, in its sole discretion, to retain and set compensation of any advisors to the Compensation Committee. The Compensation Committee may delegate authority to individual Compensation Committee members or such subcommittees as the Compensation Committee deems appropriate and the Compensation Committee may review the actions of all such individuals or subcommittees, as appropriate.

The current members of our Compensation Committee are Mr. Sugden, who serves as Chairman, Mr. Schenk and Mr. Quick. Each of the current members of the Compensation Committee is independent as defined by the applicable NYSE listing standards currently applicable to Compensation Committee members. The Compensation Committee held four meetings during the year ended December 31, 2015.

#### Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of our Board of Directors oversees the nomination of directors, including, among other things, identifying, evaluating and making recommendations of nominees to our Board of Directors, and evaluates the performance of our Board of Directors and individual directors. When identifying director nominees, our Board of Directors considers the qualifications and skills represented on our Board of Directors. One of the considerations evaluated by our Board of Directors is the diversity of experience and background of directors. This consideration is broad and is consistent with our Company's non-discrimination policies, and includes diversity of skill sets and experience as well as background, including race and gender. Our Board of Directors seeks candidates who possess the background, skills and expertise to make a significant contribution to our Board of Directors, to the Company and to our stockholders. There are no specific minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by a nominee; however, desired qualities that are considered include: high-level leadership experience in business or administrative activities and significant accomplishments related thereto; breadth of knowledge about issues affecting us; proven ability and willingness to contribute special competencies to Board activities; personal integrity; loyalty to us and concern for our success and welfare; willingness to apply sound and independent business judgment; awareness of a director's vital role in assuring our good corporate citizenship and corporate image; no present conflicts of interest; availability for meetings and consultation on Company matters; enthusiasm about the prospect of serving; and willingness to assume broad fiduciary responsibility.

The Nominating and Corporate Governance Committee considers recommendations for nominations from a variety of sources, including members of the Board of Directors, business contacts, community leaders and members of management. As described below, the Nominating and Corporate Governance Committee also considers stockholder recommendations for Board of Director nominees. The Nominating and Corporate Governance Committee's process for identifying and evaluating candidates is the same with respect to candidates recommended by members of the Board of Directors, management, stockholders or others.

The Nominating and Corporate Governance Committee considers director nominees recommended by stockholders. In accordance with our Amended and Restated Bylaws, stockholders who wish their proposed nominee to be considered by the Nominating and Corporate Governance Committee should submit information about their nominees in writing to the Company's Secretary, (i) in the case of an election of directors at an annual meeting of stockholders, not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than 20 days, or delayed by more than 60 days, from the first anniversary of the preceding year's annual meeting, a stockholder's notice must be so received not earlier than the 120th day prior to such annual meeting and not later than the close of business on the

later of (A) the 90th day prior to such annual meeting and (B) the tenth day following the day on which notice of the date of such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever first occurs; or (ii) in the case of an election of directors at a special meeting of stockholders, provided that the Board of Directors has determined that directors shall be elected at such meeting, not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of (x) the 90th day prior to such special meeting and (y) the tenth day following the day on which notice of the date of such special meeting was mailed or public disclosure of the date of such special meeting was made, whichever first occurs.

The stockholder's notice to the Secretary shall set forth as to each proposed nominee: (1) such person's name, age, business address and, if known, residence address, (2) such person's principal occupation or employment, (3) the class and

number of shares of stock of the Company which are beneficially owned by such person, (4) a statement whether each such nominee, if elected, intends to tender, promptly following such person's failure to receive the required vote for election or re-election at the next meeting at which such person would face election or re-election, an irrevocable resignation effective upon acceptance of such resignation by the Board of Directors, in accordance with our Corporate Governance Guidelines, and (5) any other information concerning such person that must be disclosed as to nominees in proxy solicitations pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended. In addition, to be effective, the stockholder's notice must be accompanied by the written consent of the proposed nominee to serve as a director if elected. Our Amended and Restated Bylaws also include additional notice requirements with respect to those giving the notice.

Our Nominating and Corporate Governance Committee is also responsible for reviewing developments in corporate governance practices, evaluating the adequacy of our corporate governance practices and making recommendations to our Board of Directors concerning corporate governance matters.

The current members of our Nominating and Corporate Governance Committee are Mr. Quick, who serves as Chairman, Mr. Schenk and Mr. Sugden. Each of the members of the current Nominating and Corporate Governance Committee is independent as defined by the applicable NYSE listing standard and SEC rules applicable to Nominating and Corporate Governance Committee members. The Nominating and Corporate Governance Committee held one meeting during the year ended December 31, 2015.

#### Risk Committee

The Risk Committee assists our Board of Directors in overseeing our risk-management practices. Our Risk Committee reviews risk reports generated by our management to ensure that we are effectively identifying, monitoring and controlling market, credit, operational, legal, regulatory risks and other risks relevant to the Company's operations. As appropriate, our Risk Committee communicates with other committees with respect to risk issues. In addition, the Risk Committee has oversight responsibilities for risks relating to our balance sheet (primarily our trading portfolio, capital and liquidity) and the impact of market conditions and interest rates on our operations.

The current members of our Risk Committee are Mr. Calhoun, who serves as the Chairman, Mr. Stevens and Mr. Schenk. Messrs. Calhoun and Schenk are independent as defined by the applicable NYSE listing standard. The Risk Committee held four meetings during the year ended December 31, 2015.

#### Stockholder Communications with the Board of Directors

Stockholders and other parties interested in communicating directly with the Board of Directors as a group or with our independent directors may do so by writing to the Board of Directors, c/o Secretary, Bedminster One, 135 U.S. Highway 202/206, Bedminster, New Jersey 07921. The Secretary will review all correspondence and regularly forward to the Board of Directors or independent directors, as applicable, all such correspondence that, in the opinion of the Secretary, deals with the functions of the Board of Directors or committees thereof or that the Secretary otherwise determines requires attention. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Chairman of the Audit Committee. We have adopted a Whistleblower Policy in our Code of Business Conduct and Ethics, which establishes procedures for submitting these types of concerns, either personally or anonymously through a toll-free telephone "hotline" or web-based reporting system operated by an independent third party. All communications through our Whistleblower Policy are sent to Peter Quick, the Chairman of our Board of Directors and Joseph Schenk, the Chairman of our Audit Committee. A copy of our Code of Business Conduct and Ethics, which contains our Whistleblower Policy, is available in the "Investor Relations" section of our website ([ir.gaincapital.com](http://ir.gaincapital.com)) under the "Governance" tab.

#### Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. A copy of our Code of Business Conduct and Ethics is available in the "Investor Relations" section of our website ([ir.gaincapital.com](http://ir.gaincapital.com)) under the "Governance" tab. Any amendments to, or waivers under, our Code of Business Conduct and Ethics that are required to be disclosed by the rules promulgated by the SEC will be disclosed in the Company's filings with the SEC and on our website at [www.gaincapital.com](http://www.gaincapital.com).

#### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who beneficially own more than 10 percent of our Common Stock, to file reports of ownership and changes in ownership with the SEC. We are required to report in this proxy statement any failure in 2015 of any such person to file any of these reports prior to the required due dates. To our knowledge, based solely upon a review of the copies of such reports furnished to us and written representations from our executive officers and directors, during the year ended December 31, 2015, all persons subject to the reporting requirements of Section 16(a) filed the required reports with the SEC on a timely basis, except for the Initial Statement of Beneficial Ownership of Securities on Form 3 for our Chief Financial Officer, Nigel Rose, which was not filed on a timely basis following his appointment as Chief Financial Officer in October 2015.

#### Compensation Committee Interlocks and Insider Participation

The Compensation Committee is currently comprised of Mr. Sugden, Mr. Quick and Mr. Schenk. No current member of the Compensation Committee is a current or former officer or employee of the Company or any of its subsidiaries. During the year ended December 31, 2015, none of our executive officers served as members of the board of directors or compensation committee of any entity which has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee.

#### TRANSACTIONS WITH RELATED PERSONS

Since January 1, 2015, we have not entered into any transactions with related persons, nor are there any currently proposed transactions with related persons, involving more than \$120,000.

#### REVIEW OF RELATED PERSON TRANSACTIONS

Our Board of Directors has adopted a written Code of Business Conduct and Ethics, under which our employees and officers are discouraged from entering into any transaction that may cause a conflict of interest for us. In addition to the Code of Business Conduct and Ethics, our Board of Directors has adopted a Related Person Transaction Policy in order to assist the Board of Directors in reviewing, approving and ratifying related person transactions and to assist the Company in complying with its disclosure obligations. Under the Related Person Transaction Policy, any transaction involving the Company in which a related person has a direct or indirect material interest must be approved or ratified by the Board of Directors. In approving or rejecting such proposed transactions, the Board of Directors considers the facts and circumstances that are available and deemed relevant, including the material terms of the transactions, risks, benefits, costs, availability of other comparable services or products and, if applicable, the impact on a director's independence. Our Board of Directors will approve only those transactions that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our Board of Directors determines in the good-faith exercise of its discretion. Copies of each of the Code of Business Conduct and Ethics and the Related Person Transaction Policy are posted in the "Investor Relations" section of our website ([ir.gaincapital.com](http://ir.gaincapital.com)) under the "Governance" tab.

### Summary of Our Executive Compensation Program

#### Program Objectives

Our executive compensation program is designed to further the Company’s annual and long-term business objectives by providing our executives with compensation that is competitive within our industry sector and that continues to offer an incentive to our executives to enhance the value of our Common Stock. Our annual incentive program links compensation directly to the attainment of both corporate and individual performance objectives established by the Board of Directors through the Compensation Committee on an annual basis. Our long-term incentive awards help to ensure that our executives make a long-term commitment to the growth and profitability of the Company and provide further alignment with stockholder interests.

#### Compensation Setting and Review Process

Our Compensation Committee annually reviews each of the Named Executive Officer’s total compensation, which includes base salary, annual cash incentive awards and long-term equity incentive awards. In reviewing the

compensation levels for our executives, including the Named Executive Officers, the Compensation Committee considers the Company's ongoing business strategy and growth, each individual executive's past performance, experience, importance to our business, internal equity, the applicable terms of the executive's employment agreement, prior year adjustments to compensation and historical grants of long-term incentive awards. As a general matter, the Compensation Committee has determined that the Company will continue to require highly experienced leaders, and motivating and retaining qualified executives will remain critical to our future success.

During the first quarter of each year, our Compensation Committee, with the input of our Chief Executive Officer, develops and approves an annual management incentive plan for the year for our executives, including the Named Executive Officers, which we refer to as the “MIP.” Awards under the MIP are determined based on the achievement of Company targets, such as annual revenue and/or adjusted EBITDA (which consists of the Company’s net income adjusted for depreciation, amortization, income tax, restructuring expenses and certain non-recurring items, and which we refer to in this report as “EBITDA”), and personal goals and objectives. In March 2015, the Compensation Committee determined that 30% of the 2015 MIP awards would be based upon achievement of a Company EBITDA target, 25% of the 2015 MIP awards would be based upon achievement of a Company annual revenue target, 30% of the 2015 MIP award would be based upon achievement of personal goals and objectives, and the remaining 15% of the 2015 MIP award would be based upon the annual price performance of the Company’s common stock measured against a peer index determined by the Compensation Committee. In past years, the Company’s practice has been to pay 30% of the MIP awards for a particular year following the first half of the year, based on semi-annual progress towards our annual revenue and EBITDA targets and achievement of personal objectives in the first half of the year, with the remaining 70% of the MIP awards being paid in the first quarter of the following year based on the achievement of our annual revenue and EBITDA targets and achievement of personal goals and objectives for the full year. However, due to the financial performance of the Company during the first half of 2015, the Company determined that no MIP Awards would be paid in July and the full 2015 MIP awards would be paid in the first quarter of 2016 based on the achievement for the full year 2015 of the goals and objectives described above.

In addition, during the first half of each year, the Compensation Committee determines the primary compensation elements for our executive officers, including our Named Executive Officers for the year. For the compensation of the Company’s Chief Executive Officer, the Compensation Committee reviews and approves the Company’s corporate goals and objectives and the Chief Executive Officer’s personal goals and objectives. Based on this evaluation, the Compensation Committee sets the base salary, annual cash incentive award and long-term equity incentive award for the Chief Executive Officer for the relevant year. For the other executive officers, including the Named Executive Officers, the Chief Executive Officer makes a recommendation to the Compensation Committee regarding the compensation elements for each executive officer and discusses with the Compensation Committee the personal goals and objectives for each executive officer. Based on the Chief Executive Officer’s recommendation and its independent review and analysis, the Compensation Committee, in its discretion, sets the base salary, annual cash incentive award and long-term equity incentive award for each executive officer for the relevant year.

In the first quarter of the year following the year in which the corporate and personal goals and objectives are set, the Compensation Committee reviews the performance of the Company and the Chief Executive Officer during the prior year, in light of the previously discussed corporate and personal goals and objectives, and determines the final amount of the annual cash incentive award payable to the Chief Executive Officer. For the other executive officers, the Chief Executive Officer provides the Compensation Committee with input regarding the achievement of each executive officer’s personal goals and objectives and makes a recommendation regarding the final amount of the annual cash incentive award payable to each executive officer. In light of the Company’s achievement of its corporate goals and objectives and the Compensation Committee’s independent review and analysis, the Compensation Committee, in its discretion, approves or modifies the Chief Executive Officer’s recommendation regarding the final amount of the annual cash incentive award for each executive officer (other than the Chief Executive Officer, which is discussed above).

The Compensation Committee generally determines the amounts of long-term equity incentive awards for our executive officers, including our Named Executive Officers, once each year, as further described below.

At our 2011 Annual Meeting of Stockholders, our stockholders voted, in non-binding advisory votes (i) to approve the compensation of our Named Executive Officers and (ii) in favor of having a non-binding stockholder vote on executive compensation once every three years. At our 2014 Annual Meeting of Stockholders, our stockholders again voted, in a non-binding advisory vote, to approve the compensation of our Named Executive Officers. During 2013, 2014 and 2015, the Compensation Committee considered the results of the applicable advisory votes, along with many other factors in evaluating the Company’s executive compensation programs as discussed in this CD&A, including the Compensation Committee’s assessment of the interaction of our compensation programs with our corporate business

objectives, evaluations of our programs' ability to align the executive officers' incentives with the short- and long-term goals of the Company, and the Compensation Committee's views on market compensation practices and levels at peer companies in our industry based on publicly-available information and their experience in the industry, each of which is evaluated in the context of the Compensation Committee's duty to act as the Directors determine to be in the stockholders' best interests. Given the support stockholders expressed for the Company's executive compensation programs at both the 2011 and 2014 Annual Meetings of Stockholders, the Compensation Committee elected to apply the same general principles in determining the types and amounts of compensation to be paid to our Named Executive Officers in 2013, 2014 and 2015.

The Compensation Committee also reviews and discusses with management the CD&A prepared for inclusion in the Company's annual report and proxy statement in accordance with SEC rules and, based upon such review and discussions, recommends to the Board of Directors whether such CD&A should be included in such annual report and proxy statement. The Compensation Committee oversees the administration of incentive compensation plans and equity-based plans for all executive officers and, on at least a yearly basis, reviews and approves these plans. The Compensation Committee has the authority, in its sole discretion, to retain and terminate a consulting firm to assist in the evaluation of executive compensation. The Compensation Committee may also retain and terminate independent legal, financial or other advisors as it may deem necessary. In addition, at least once a year, the Compensation Committee reviews and assesses the risk implications and incentives created by our executive compensation program and our compensation policies and practices for the Company as a whole. Through this review, the Compensation Committee has concluded that the Company's compensation programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee reports to the Board of Directors regularly on its actions and deliberations.

#### Elements of Compensation

The primary compensation elements for our executives, including the Named Executive Officers, are:

- base salary;
- annual cash incentive awards;
- long-term equity incentive awards; and
- retirement and other benefits.

In addition, during 2015, certain executives, including all of the Named Executive Officers other than Mr. Emerson, had employment agreements with the Company that provided for potential payments and benefits upon termination of employment for a variety of reasons, including, in some instances, following a change in control of the Company. For details, see “— Potential Payments Upon Termination or Change in Control” below.

#### Compensation Actions in 2015 and 2016

##### Summary

The following is a summary of the actions taken in 2015 and 2016 affecting the 2015 compensation of the Named Executive Officers. Each of these actions was recommended, and approved, by the Compensation Committee or the Board of Directors. For a more detailed description of these actions, please refer to the sections entitled “— Base Salary,” “— Annual Incentive Awards” and “— Long-Term Equity Incentive Awards” following this summary.

In February 2015, the Compensation Committee determined to continue for 2015 the compensation philosophies it used in 2013 and 2014, which were to continue to pay for performance with competitive salaries, supplemented by rewarding employees through performance-based annual cash incentives and long-term equity compensation.

In March 2015, the 2015 EBITDA and annual revenue targets for the 2015 MIP were approved by our Compensation Committee. The Compensation Committee determined that 30% of the 2015 MIP awards would be based upon achievement of the Company EBITDA target, 25% of the 2015 MIP awards would be based upon achievement of the Company annual revenue target, 30% of the 2015 MIP award would be based upon achievement of personal goals and objectives, and the remaining 15% of the 2015 MIP award would be based upon the annual price performance of the Company's common stock measured against a peer index determined by the Compensation Committee.

In May 2015, with respect to the 2015 long-term equity compensation, the Compensation Committee approved the granting of a total award made up of 80% restricted stock units and 20% non-qualified stock options, consistent with the 80% restricted stock units and 20% non-qualified stock options granted in 2014.

In March 2016, the Named Executive Officers (except for Mr. Emerson, who resigned in October 2015) received their 2015 annual incentive award payouts under the MIP. The Named Executive Officers' respective annual incentive awards were based on the Company's actual results as compared to the applicable EBITDA and annual revenue targets, recommendations made to the Compensation Committee by the Chief Executive Officer based on each individual's (other than the Chief Executive Officer's) achievement of their respective personal goals and objectives and discretionary adjustments made to the payouts by the Compensation Committee.

Mr. Stevens

Mr. Stevens's total cash compensation is positioned higher than the other Named Executive Officers due to his unique background and experience in the financial services and forex industries. Mr. Stevens was previously Chief Forex Dealer at Merrill Lynch & Co., Inc. and was head of North American sales and trading at National Westminster Bank plc. Before moving to the position of Chief Executive Officer of our Company, Mr. Stevens was head of our global trading operations. The compensation paid to individuals that are head traders is among the highest paid at large banks and broker-dealers.

26

---

Mr. Stevens's background as a trader and his management skills make him a highly sought after executive. To attract and retain his services, we have determined that his compensation is required to be at a level commensurate with what we believe competing firms in the industry would pay for his services. In addition, consistent with compensation practices in the financial services and forex industries, a greater portion of Mr. Stevens's compensation is derived from variable incentive compensation as compared to our other Named Executive Officers. For 2015, Mr. Stevens's target base salary accounted for 31% of his target total cash compensation and his target variable incentive compensation accounted for 69% of his target total cash compensation. Mr. Stevens's 2015 long term equity award of 56,851 non-qualified stock options and 82,018 restricted stock units was based on consideration by our Compensation Committee, which factored in the amount of total shares authorized under the provisions of the GAIN Capital Holdings, Inc. 2010 Omnibus Incentive Compensation Plan, as amended (the "2010 Plan") for the 2015 grant pool. Given that Mr. Stevens is the highest paid employee and has the most responsibility, Mr. Stevens was issued the largest amount of restricted stock units and stock options.

Mr. Rose

Mr. Rose has served as our Chief Financial Officer since October 2015. Prior to becoming our Chief Financial Officer, Mr. Rose served as our Group Finance Director, a role he began when we acquired City Index (Holdings) Limited and its subsidiaries on April 1, 2015. Mr. Rose has strong financial and operational skills and an excellent understanding of our business. For 2015, Mr. Rose's target base salary accounted for 62% of his target total cash compensation and his target variable incentive compensation accounted for 38% of his target total cash compensation. Mr. Rose's 2015 long term equity award of 13,119 non-qualified stock options and 18,927 restricted stock units was based on a recommendation of our Chief Executive Officer and consideration by our Compensation Committee.

Mr. Rotsztain

Mr. Rotsztain joined the Company as our Executive Vice President, General Counsel and Secretary in 2011. In 2012, Mr. Rotsztain became the Company's Head of Corporate Development and assumed responsibility for global compliance and regulatory matters. Mr. Rotsztain has extensive experience in strategic transactions, securities law, corporate governance and advising public companies generally; however, he does not have the trading background and knowledge possessed by Mr. Stevens. As a result, a higher portion of Mr. Rotsztain's total cash compensation has been fixed, in the form of base salary. In addition, the proportion of Mr. Rotsztain's total compensation comprised of long-term equity awards was, in part, determined with regard to his role as the Head of Corporate Development and a desire to align his incentives with the long-term corporate development goals of the Company. For 2015, Mr. Rotsztain's target base salary accounted for 52% of his target total cash compensation and his target variable incentive compensation accounted for 48% of his target total cash compensation. Mr. Rotsztain's 2015 long term equity award of 20,408 non-qualified stock options and 29,442 restricted stock units was based on a recommendation of our Chief Executive Officer and consideration by our Compensation Committee.

Mr. Scott

Mr. Scott is the Company's Chief Operating Officer and joined the Company in 2011. With 18 years of experience in management and technology, Mr. Scott has developed the necessary skills to oversee our operational and technological efforts; however, he does not have the trading background and knowledge possessed by Mr. Stevens. As a result, a higher portion of Mr. Scott's total cash compensation has been fixed, in the form of base salary. In addition, the proportion of Mr. Scott's total compensation comprised of variable incentive compensation was, in part, determined with regard to his position being largely focused on supporting revenue generating activities. For 2015, Mr. Scott's target base salary accounted for 57% of his target total cash compensation, and his target variable incentive compensation accounted for 43% of his target total cash compensation. Mr. Scott's 2015 long-term equity award of 13,119 non-qualified stock options and 18,927 restricted stock units was based on a recommendation of our Chief Executive Officer and consideration by our Compensation Committee.

Ms. Roady

Ms. Roady is the Company's Chief Commercial Officer and joined the Company in 1999. With over 15 years of experience in the retail forex industry, Ms. Roady has developed a unique skill set overseeing all aspects of our retail business; however, she does not have the trading background and knowledge possessed by Mr. Stevens. As a result, a

higher portion of Ms. Roady's total cash compensation has been fixed, in the form of base salary. In addition, the proportion of Ms. Roady's total compensation comprised of variable incentive compensation was, in part, determined with regard to her position being focused on driving revenue for the Company. For 2015, Ms. Roady's target base salary accounted for 61% of her total cash compensation, and her target variable incentive compensation accounted for 39% of her total cash compensation. Ms. Roady's 2015 long-term equity award of 14,577 non-qualified stock options and 21,030 restricted stock units was based on a recommendation of our Chief Executive Officer and consideration by our Compensation Committee.

### Base Salary

We fix executive officer base compensation at a level that is based on input from our Compensation Committee, survey data from publicly available sources and the executive officer's previous compensation history. We aim to set base salaries at levels which we believe best enable us to hire and retain individuals in a competitive environment and reward individual performance according to the relative levels of contribution to our overall business goals. We make periodic adjustments to base salary based on individual performance and contributions, market trends, competitive position and our financial situation. We view base compensation as one component of our Named Executive Officers' total annual cash compensation and sometimes change the mix between base compensation and annual incentive compensation. The base salary of Mr. Stevens did not change for 2015, while the base salaries of the remaining Named Executive Officers, other than Mr. Emerson, increased modestly from 2014. The base salaries earned by the Named Executive Officers during 2015 are reported in the Summary Compensation Table later in this report.

### Annual Incentive Awards

As discussed above, at the beginning of each year, our Compensation Committee, with the input of our Chief Executive Officer, develops the MIP for the year for our executives, including the Named Executive Officers, and other key employees. The MIP serves to attract, retain and motivate our executives by tying potential cash awards to the achievement of a mix of corporate and individual performance objectives approved by our Compensation Committee on an annual basis.

### Establishment of Target Award Levels and Measures

The Compensation Committee established target award performance measures under the MIP, with target award opportunities consistent with any specific thresholds included in the employment agreements of the Named Executive Officers, where applicable.

Name	2015 Target Incentive Compensation as a % Base Salary
Glenn H. Stevens	223 %
Nigel Rose	60 %
Diego A. Rotsztain	93 %
Jeffrey A. Scott	76 %
Samantha Roady	64 %

For 2015, the target Company revenue was \$455.1 million and the target Company EBITDA was \$91.8 million. The table below shows each Named Executive Officer's (other than Mr. Emerson's) MIP potential payout, assuming 100% achievement of the revenue and EBITDA targets, 100% achievement of each Named Executive Officer's personal objectives and 100% achievement of the annual price performance objectives for the Company's common stock measured against the applicable peer index:

Name	Target Total Incentive Compensation
Glenn H. Stevens	\$ 1,450,000
Nigel Rose	\$ 170,000
Diego A. Rotsztain	\$ 350,000

Jeffrey A. Scott	\$ 265,000
Samantha Roady	\$ 225,000

Target award opportunities are based on the target awards for prior years, and the Compensation Committee's views on market compensation practices and levels at peer companies in our industry based on publicly-available information and their experience in the industry.

## 2015 Award Payouts

In February 2016, our Chief Executive Officer formulated his recommendations for the Compensation Committee with respect to proposed annual incentive award payouts under the 2015 MIP. In developing his recommendations, our Chief Executive Officer reviewed the Company's performance against the corporate EBITDA and revenue targets for the year, as well as the annual price performance of the Company's common stock measured against the applicable peer index. During 2015 we achieved EBITDA of \$84.7 million, compared to a MIP target of \$91.8 million, or 92% of the MIP EBITDA target. In addition, during 2015, we achieved revenue of \$435.3 million compared to a MIP target of \$455.1 million, or 96% of the MIP revenue target. Further, during 2015, the annual price performance of the Company's common stock measured against the applicable peer index resulted in a payment of 50% of the MIP target amount relating to such price performance.

For the Chief Executive Officer's 2015 MIP award, in accordance with the MIP, the Compensation Committee awarded payouts with respect to Mr. Stevens's non-equity incentive compensation target attributable to the Company's EBITDA target and the Company's revenue target in light of the Company's actual EBITDA and revenue performance, as well as the annual price performance of the Company's common stock measured against the applicable peer index. The remaining portion of the Chief Executive Officer's non-equity incentive compensation was based on a consideration of the Chief Executive Officer's achievement of his personal goals and objectives and a discretionary adjustment to the payout made by the Compensation Committee.

For each of the other Named Executive Officers (other than Mr. Emerson), in accordance with the MIP, the Chief Executive Officer recommended payouts with respect to each of their non-equity incentive compensation targets attributable to the Company's EBITDA target and the Company's revenue target in light of the Company's actual EBITDA and revenue performance, as well as the annual price performance of the Company's common stock measured against the applicable peer index. With respect to the remaining portion of each of the other Named Executive Officers' non-equity incentive compensation, the Chief Executive Officer considered the achievement of their respective personal goals and objectives and made a recommendation to the Compensation Committee. After reviewing the Chief Executive Officer's recommendations, the Compensation Committee approved the final 2015 MIP award payouts with discretionary adjustments. Annual payments for 2015 for each of the Named Executive Officers (other than Mr. Emerson) are listed below:

Name	2015 Non-Equity Incentive Compensation Payouts	
	Semi-Annual	Total
Glenn H. Stevens	\$ —\$ 840,000	\$ 840,000
Nigel Rose	\$ —\$ 170,000	\$ 170,000
Diego A. Rotsztain	\$ —\$ 297,000	\$ 297,000
Jeffrey A. Scott	\$ —\$ 224,000	\$ 224,000
Samantha Roady	\$ —\$ 202,000	\$ 202,000

## Long-Term Equity Incentive Awards

The Compensation Committee uses long-term equity incentives to motivate our executive officers to promote the success of the Company's business and increase firm value. By providing our executives and other key employees with a direct stake in the Company's success, these incentives are intended to create a closer identification of their interests with those of our stockholders, stimulate their efforts on the Company's behalf and strengthen their desire to remain with the Company. Typically, recommendations for long-term equity incentive awards for our executives, including the Named Executive Officers, are made by the Compensation Committee, taking into account the recommendations of our Chief Executive Officer, as appropriate. Our long-term equity incentive awards historically have consisted of both restricted stock units or restricted stock awards and stock options. Decisions regarding whether to grant restricted

stock units/awards, options or a combination of both have generally been based on the Compensation Committee's desire to balance the upside potential of stock options (since an executive will realize value from an option only if the market price of the Company's Common Stock appreciates and stays above the option's exercise price for a sustained period until the options vest) with the attractions of a "full value share" award (since restricted shares, once vested, have an intrinsic value equal to the market price of the Company's Common Stock).

In May 2015, the Compensation Committee approved long-term equity incentive awards in the form of a combination of 80% restricted stock units and 20% stock options to our executive officers, including the Named Executive Officers (other than

Mr. Emerson, who did not receive an equity incentive award grant in 2015). The decision to include stock option grants was based on the Compensation Committee's desire to provide value to our executives while at the same time incentivizing management to increase the value of the Company over the long term. The non-qualified stock options and restricted stock units generally vest based on continued service to the Company over four years in equal annual 25% increments, subject to acceleration under certain circumstances. See "— Potential Payments upon Termination or Change in Control" below. The Compensation Committee believes that these vesting requirements help to create and maintain an environment that motivates retention and longevity of our executive officers and other key employees.

### Equity Award Grant Practices

During 2015, all equity awards were granted under the 2010 Plan. At our 2015 Annual Meeting of Stockholders, the Company's stockholders approved the adoption of our 2015 Omnibus Incentive Compensation Plan (the "2015 Plan"), and future equity awards are expected to be made under the 2015 Plan. Equity awards are generally granted to executives, certain other employees and our directors on an annual basis. In the case of directors, equity awards are generally granted when a new director joins our Board of Directors and then thereafter on an annual basis.

Recommendations for grants and awards to executive officers, including the Named Executive Officers, and directors are made to our Compensation Committee. Our Compensation Committee must approve all stock option grants and other equity awards to executive officers and directors. Our Compensation Committee retains the discretion to make additional awards to executive officers at other times in connection with the initial hiring of a new executive, for retention purposes or otherwise.

Each stock option grant and other equity award must specify all of the material terms of the grant or award, including the date of grant, exercise price, vesting schedule, term and any other terms or conditions that the Compensation Committee deems appropriate. Option grants made to our executive officers, or any of our other employees or directors, are made with an exercise price equal to the fair market value of a share of the Company's Common Stock on the date of grant.

The grant date fair value of the long-term incentive awards made to the Named Executive Officers who received grants in 2015 is reported in the 2015 Summary Compensation Table and the 2015 Grants of Plan-Based Awards

Table included later in this report.

#### Employment, Severance and Change in Control Arrangements

During 2015, we had an employment agreement with each of our Named Executive Officers, except for Mr. Emerson, including employment agreements that were entered into with Ms. Roady and Messrs. Stevens, Rotsztain and Scott on May 5, 2015. Mr. Rose became our Chief Financial Officer in October 2015, and his existing employment agreement with City Index (Holdings) Limited, which was acquired by the Company in April 2015, remained in effect subsequent to the acquisition.

#### Ms. Roady and Messrs. Stevens, Rotsztain and Scott

Among other terms, the employment agreements with Ms. Roady and Messrs. Stevens, Rotsztain and Scott provide for payments and other benefits if we terminate the executive's employment without cause, or if he or she terminates employment for good reason. The amount of severance payable generally differs depending on whether the termination of employment occurred before or after a change in control of the Company.

Our Compensation Committee approved the severance and change-in-control provisions in these agreements because such provisions allow our executives to focus on the best interests of the Company, including long-term goals and strategic interests, to the benefit of the stockholders. Specifically, these provisions address the potential financial hardships which may be experienced by these executive officers if their employment is terminated under specified circumstances and allow the officers to focus their attention on their assigned duties, notwithstanding the potential impact a change-in-control transaction could have on their respective careers or positions. The severance level for Mr. Stevens is greater than for the other executives because of his greater Company responsibilities.

The severance and change-in-control arrangements that were applicable to Ms. Roady and Messrs. Stevens, Rotsztain and Scott for 2015 are set forth in each of their respective employment agreements, as discussed in detail below under “— Executive Compensation — Potential Payments Upon Termination or Change in Control — Employment Agreements and Change in Control Arrangements.”

In general terms, under the terms of these agreements, a change-in-control is deemed to have occurred: (i) if a person, entity or affiliated group acquires more than 50% of our then outstanding voting securities; (ii) if any person, entity or affiliated group acquires assets of the Company that have a total gross fair market value equal to or more than 75% of the total gross fair market value of all of the assets of the Company immediately before such acquisition of acquisitions; or (iii) if a majority of the members of our Board of Directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the incumbent Board members.

#### Mr. Rose

As noted above, Mr. Rose became our Chief Financial Officer in October 2015, and his existing employment agreement with City Index (Holdings) Limited, which was acquired by the Company in April 2015, remained in effect subsequent to the acquisition. Under Mr. Rose's employment agreement, he is entitled to twelve months' prior notice of the termination of his employment absent certain circumstances specified in his employment agreement, including gross misconduct, negligent or incompetent performance of his duties or conviction of a criminal offense. During the applicable notice period (including any period of garden leave), Mr. Rose is entitled to receive his pay and contractual benefits in the usual way. The severance arrangements that were applicable to Mr. Rose for 2015 are set forth in his employment agreements, as discussed in detail below under “— Executive Compensation — Potential Payments Upon Termination or Change in Control — Employment Agreements and Change in Control Arrangements.”

#### Equity Plans

In the event of a change-in-control, all outstanding options and restricted equity awards held by all grantees under the terms of our 2006 Equity Compensation Plan (“2006 Plan”) and 2010 Plan vest, unless our Compensation Committee determines otherwise. Similarly, the restricted equity award agreements provide for accelerated delivery of vested restricted equity awards upon the occurrence of a change in control unless our Compensation Committee determines otherwise. In addition, the employment agreements with Ms. Roady and Messrs. Stevens, Rotsztain and Scott include accelerated vesting provisions for time-vesting equity awards in the event that such Named Executive Officer's

employment is terminated without cause or the executive resigns with good reason within a specified period after a change in control occurs. Our Compensation Committee believes that these contractual rights provided a valuable incentive for management. For more details regarding the terms of the employment agreements, see “— Executive Compensation —Potential Payments Upon Termination or Change in Control — Employment Agreements and Change in Control Arrangements” below.

#### Tax and Accounting Treatment

The Compensation Committee considers the tax and accounting effects of various compensation elements when designing our annual incentive and equity compensation plans and making other compensation decisions. Although the Compensation Committee designs our plans and programs to be tax-efficient and to minimize compensation expense, these considerations are secondary to meeting the overall objectives of the executive compensation program. We account for stock-based compensation in accordance with generally accepted accounting principles. Consequently, stock-based compensation cost is measured at the grant date based on the fair value of the award in accordance with FASB ASC Topic 718. We generally recognize stock-based compensation expense ratably over the vesting period of each award except as otherwise required by FASB ASC Topic 718.

#### Adjustment or Recovery of Awards — Clawback Provisions

Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) requires the SEC to direct the national securities exchanges to prohibit the listing of any security of an issuer that does not develop and implement a clawback policy. At this time, the SEC has not finalized rules related to clawback policies. Once the final rules are in place, we intend to adopt a clawback policy that fully complies with SEC regulations.

Likewise, under Section 304 of the Sarbanes-Oxley Act, if we are required to restate our financial results due to material noncompliance with any financial reporting requirements as a result of misconduct, the Chief Executive Officer and Chief Financial Officer could be required to reimburse us for (1) any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document and (2) any profits realized from the sale of our securities during those 12 months.

Further, the employment agreements of Ms. Roady and Messrs. Stevens, Rotsztain and Scott provide that, to the extent permitted or required by governing law, our Compensation Committee had the discretion to require each such Named Executive Officer to repay to us the amount of any incentive compensation to the extent the Compensation Committee or Board of Directors determines that such incentive compensation was not actually earned by such Named Executive Officer because (i) the amount of such payment was based on the achievement of financial results that were subsequently the subject of a material accounting restatement that occurs within three years of such payment (except in the case of a restatement due to a change in accounting policy or simple error); (ii) the Named Executive Officer engaged in fraud, gross negligence or intentional misconduct; or (iii) the Named Executive Officer deliberately misled the market or the Company’s stockholders regarding our financial performance. For more details regarding the terms of employment agreements of the Named Executive Officers during 2015, see “— Executive Compensation — Potential Payments Upon Termination or Change in Control — Employment Agreements and Change in Control Arrangements”

#### Retirement, Nonqualified Deferred Compensation Plan and Other Benefits

We provide a 401(k) retirement savings plan, which is a tax-qualified defined contribution plan, and a non-qualified deferred compensation plan to our executive officers and employees, including the Named Executive Officers. Under the 401(k) plan, each participant may contribute up to 100% of his or her pretax compensation, up to a statutory limit, which for most employees was \$18,000 in 2015. Under the 401(k) plan, each employee is fully vested in his or her deferred salary contributions. Employee contributions are held and invested at the employee's direction by the plan's trustee. We match 100% of the first 3% of the employee's salary contributed to the plan and 50% on the next 2% with immediate vesting on all employer contributions. Our matching contributions to the accounts of the Named Executive Officers are disclosed in the 2015 Summary Compensation Table. We also maintain a non-qualified deferred compensation plan primarily for the purpose of providing deferred compensation for a select group of employees, including the Named Executive Officers, thereby creating an incentive for such employees to remain employed by us and to promote our continued growth. This nonqualified deferred compensation plan provides that each eligible employee may defer all of their cash compensation. Under this plan, each employee is fully vested in his or her deferred compensation. Employee deferrals are held and invested at the employee's direction by the plan's trustee. We do not match employee deferrals into this plan. Only Mr. Stevens had an outstanding balance under the deferred compensation plan as of December 31, 2015.

Potential Payments Upon Termination or Change in Control

Employment Agreements and Change in Control Arrangements

Glenn H. Stevens

Employment Agreement

On April 14, 2012, we entered into an amended and restated employment agreement with Mr. Stevens, our President and Chief Executive Officer, which provided that it would continue, unless earlier terminated by the parties, until the third anniversary of its effective date. Consequently, the agreement expired on its terms in April 2015. As reported on our Current Report on Form 8-K, as filed with the Securities and Exchange Commission on May 11, 2015, we entered into a new employment agreement with Mr. Stevens on May 5, 2015. The discussion below relates solely to the terms of Mr. Stevens's current employment agreement, as in effect from May 5, 2015.

The employment agreement provides for an annual base salary and permits us to adopt a flexible incentive compensation program and provides that Mr. Stevens is eligible to participate in any such incentive compensation programs that we maintain from time to time for our executive officers. Also, it provides that, to the extent permitted or required by governing law, our Compensation Committee has discretion to require Mr. Stevens to repay to us the amount of any incentive compensation to the extent the Compensation Committee or Board of Directors determined that such incentive compensation was not actually earned by Mr. Stevens because (i) the amount of such payment was based on the achievement of financial results that were subsequently the subject of a material accounting restatement that occurs within three years of such payment (except in the case of a restatement due to a change in accounting policy or simple error); (ii) Mr. Stevens had engaged in fraud, gross negligence or intentional misconduct; or (iii) Mr. Stevens had deliberately misled the market or the Company's stockholders regarding the Company's financial performance.

Mr. Stevens's employment agreement provides for certain payments and benefits depending upon the circumstances of his termination of employment. If Mr. Stevens resigns without "Good Reason" (as defined in the agreement) or we terminate his employment for "Cause" (as defined in the agreement), we would have to pay to him any earned and unpaid salary through the date of his termination, as well as any accrued and unused paid time off and appropriate expense reimbursements, all of which we refer to as his accrued benefits. If Mr. Stevens dies or his employment is terminated due to disability during the term of the agreement, in addition to his accrued benefits, Mr. Stevens (or his estate) is entitled to receive pro rata incentive compensation, based on a formula set forth in the employment agreement, for the performance periods in which his termination occurred. The pro rata incentive compensation would be paid when such incentive compensation was paid to other executives. In addition, if Mr. Stevens dies or his employment is terminated due to disability during the term of the agreement, he (or his estate) is also entitled to receive an amount equal to 12 months' of his then current base salary, which would either be paid via a lump sum, in the case of Mr. Stevens's death, or through salary continuation payments in the event of termination due to disability. Mr. Stevens's employment agreement also provides that, in the event we terminate his employment at any time without "Cause" or he resigns for "Good Reason," he is entitled to receive payment of his accrued benefits. In addition, the agreement provides that if his employment terminates under those circumstances, absent a "Change in Control" (as defined in the agreement), and he executes a general release of any and all claims that he may have had against us in connection with his employment or termination of employment, Mr. Stevens is entitled to receive the following payments and benefits:

- severance in the form of salary continuation payments for 18 months, equal to his monthly base salary in effect at that time;

- payment of any accrued and unpaid incentive compensation earned prior to the date of his termination;

- if Mr. Stevens is employed for at least one full fiscal quarter during the fiscal year in which the termination of employment occurs, pro-rata incentive compensation with respect to such fiscal year in an amount calculated pursuant to a formula set forth in the employment agreement, taking into account the Company's performance during the

relevant fiscal year, and assuming achievement by the Company of 100% of its objectives relating to the annual price performance of the Company's common stock and by Mr. Stevens of 75% of his personal objectives for such fiscal year. The pro rata incentive compensation would be paid when such incentive compensation was paid to other executives;

an amount equal to 1.5 times Mr. Stevens's aggregate incentive compensation for the fiscal year in which the termination of employment occurs, assuming achievement by the Company of 100% of any applicable Company operating metrics and achievement by Mr. Stevens of 75% of his personal objectives, which amount shall be paid in accordance with the Company's normal payroll practices over the 12-month period following Mr. Stevens' last day of employment;

continued health benefits at the same premium rates charged to other current employees for the 24-month period following termination of employment; and with respect to outstanding equity awards, time-based equity grants held by Mr. Stevens at the time of termination of employment that would vest within the 30-month period (assuming a monthly vesting schedule) following the termination date would immediately vest and become exercisable. If such termination occurs coincident with or within 18 months after a Change in Control, then he is entitled to receive the same severance benefits described above, with the following changes:

Mr. Stevens would be entitled to receive severance payments in an amount equal to 24 months of his monthly base salary in effect at that time, payable in a lump sum upon his termination. Mr. Stevens would be entitled to receive payment, on a pro rata basis, of incentive compensation generally based on his target incentive compensation amount for the performance period in which his termination occurs. This pro rata incentive compensation would be paid in a lump sum upon his termination. Mr. Stevens would be entitled to receive a lump sum payment, upon his termination, in an amount equal to two times his target incentive compensation for the fiscal year in which his termination occurs. With respect to outstanding equity awards, all equity grants held by Mr. Stevens at the time of his termination that are subject to time-based vesting conditions would immediately vest and become exercisable in full. Mr. Stevens's employment agreement also contains nondisclosure, noncompetition and nonsolicitation provisions. The nondisclosure provisions provide for protection of our confidential information. The noncompetition and nonsolicitation provisions of Mr. Stevens's agreement were designed to prevent him from competing with us or soliciting our customers or employees for a period of 18 months following termination of employment for any reason (or, in the case of a termination without Cause or Good Reason following a Change in Control as described above, for a period of 6 months). Mr. Stevens's right to receive severance is conditioned upon Mr. Stevens's being in compliance with the confidentiality, noncompetition and nonsolicitation provisions of his agreement, and the employment agreement provides that we could recoup severance payments from him if he breaches those restrictive covenants.

Mr. Stevens's employment agreement does not provide for the payment of any tax gross-up to him in the event that his severance benefits cause him to be liable for the payment of golden parachute excise taxes. We can, however, reduce his severance benefits to a level below that which would cause him to be liable for the payment of golden parachute excise taxes if he would receive a greater net after-tax benefit by receiving the reduced severance benefits rather than receiving the full severance benefits and having to pay the excise taxes.

#### Other Named Executive Officers

##### Mr. Rotsztain's, Mr. Scott's and Ms. Roady's Employment Agreements

In April 2012, we entered into amended and restated employment agreements with Diego Rotsztain, our General Counsel, Head of Corporate Development and Secretary, Jeffrey Scott, our Chief Operating Officer, and Samantha Roady, our Chief Commercial Officer. Pursuant to their terms, the employment agreements of Ms. Roady and Messrs. Rotsztain and Scott expired in April 2015. As reported on our Current Report on Form 8-K, as filed with the Securities and Exchange Commission on May 11, 2015, we entered into a new employment agreement with Ms. Roady and Messrs. Rotsztain and Scott on May 5, 2015. The discussion below relates solely to the terms of the current employment agreements as in effect from May 5, 2015.

Each of these executives' employment agreements provide for an annual base salary, permits us to adopt a flexible incentive compensation program and provides that each executive is eligible to participate in any such incentive compensation programs that we maintain from time to time for our executive officers. Also, it provides that, to the extent permitted or required by governing law, our Compensation Committee has discretion to require each executive to repay to us the amount of any incentive compensation to the extent the Compensation Committee or Board of Directors determined that such incentive compensation was not actually earned by the executives because (i) the amount of such payment was based on the achievement of financial results that were subsequently the subject of a material accounting restatement that occurs within three years of such payment (except in the case of a restatement due to a change in accounting policy or simple error); (ii) the executive had engaged in fraud, gross negligence or

intentional misconduct; or (iii) the executive had deliberately misled the market or the Company's stockholders regarding the Company's financial performance.

Each of these executives' employment agreement provides for certain payments and benefits depending upon the circumstances of his or her termination of employment. If the executive resigns without "Good Reason" (as defined in the agreement) or we terminate his or her employment for "Cause" (as defined in the agreement), we would have to pay to the executive any earned and unpaid salary through the date of termination, as well as any accrued and unused paid time off and

appropriate expense reimbursements, all of which we refer to as his or her accrued benefits. If the executive dies or his or her employment is terminated due to disability during the term of the agreement, in addition to the accrued benefits, the executive (or his or her estate) is entitled to receive pro rata incentive compensation, based on a formula set forth in the employment agreement, for the performance periods in which the termination of employment occurred. The pro rata incentive compensation would be paid when such incentive compensation was paid to other executives. In addition, if the executive dies or his or her employment is terminated due to disability during the term of the agreement, the executive (or his or her estate) is also entitled to receive an amount equal to 12 months' of his or her then current base salary, which would either be paid via a lump sum, in the case of the executive's death, or through salary continuation payments in the event of termination due to disability.

Each of these executives' employment agreement also provides that, in the event we terminate his or her employment at any time without "Cause" or he or she resigns for "Good Reason," the executive is entitled to receive payment of his or her accrued benefits. In addition, the agreement provides that if the executive's employment terminates under those circumstances, absent a "Change in Control" (as defined in the agreements), and he or she executes a general release of any and all claims that he or she may have had against us in connection with the executive's employment or termination of employment, the executive is entitled to receive the following payments and benefits:

- severance in the form of salary continuation payments for 12 months, equal to his or her monthly base salary in effect at that time;

- payment of any accrued and unpaid incentive compensation earned prior to the date of termination; if the executive is employed for at least one full fiscal quarter during the fiscal year in which the termination of employment occurs, pro-rata incentive compensation with respect to such fiscal year in an amount calculated pursuant to a formula set forth in the employment agreement, taking into account the Company's performance during the relevant fiscal year, and assuming achievement by the Company of 100% of its objectives relating to the annual price performance of the Company's common stock and by the executive of 75% of his or her personal objectives for such fiscal year. The pro rata incentive compensation would be paid when such incentive compensation was paid to other executives;

- an amount equal to the executive's aggregate incentive compensation for the fiscal year in which the termination of employment occurs, assuming achievement by the Company of 100% of any applicable Company operating metrics and achievement by the executive of 75% of his or her personal objectives, which amount shall be paid in accordance with the Company's normal payroll practices over the 12-month period following the executive's last day of employment;

- continued health benefits at the same premium rates charged to other current employees for the 18-month period following termination of employment; and

- with respect to outstanding equity awards, time-based equity grants held by the executive at the time of termination of employment that would vest within the 18-month period (assuming a monthly vesting schedule) following the termination date would immediately vest and become exercisable.

If such termination occurs coincident with or within 12 months after a Change in Control, then each executive is entitled to receive the same severance benefits described above, with the following changes:

- Each executive would be entitled to receive severance payments in an amount equal to 24 months of his or her monthly base salary in effect at that time, payable in a lump sum upon termination.

- Each executive would be entitled to receive payment, on a pro rata basis, of incentive compensation generally based on his or her target incentive compensation amount for the performance period in which termination occurs. This pro rata incentive compensation would be paid in a lump sum upon termination.

- Each executive would be entitled to receive a lump sum payment, upon termination, in an amount equal to two times his or her target incentive compensation for the fiscal year in which termination occurs.

- With respect to outstanding equity awards, all equity grants held by each executive at the time of termination that are subject to time-based vesting conditions would immediately vest and become exercisable in full.

These employment agreements also contain nondisclosure, noncompetition and nonsolicitation provisions. The nondisclosure provisions provided for protection of the Company's confidential information. The noncompetition and nonsolicitation provisions were designed to prevent the executives from competing with us or soliciting our customers or employees for a period of 12-months following termination of employment (or, in the case of a termination without Cause or for Good Reason following a Change in Control as described above, for a period of 6 months). Each executive's right to receive severance is conditioned upon such executive being in compliance with the confidentiality, noncompetition and nonsolicitation provisions of his or her agreement, and the employment agreement provides that we could recoup severance payments from the executive if he or she breaches those restrictive covenants.

None of the executives' employment agreements provide for the payment of any tax gross-up in the event that the applicable severance benefits cause the executive to be liable for the payment of golden parachute excise taxes. We can, however, reduce the severance benefits to a level below that which would cause the executive to be liable for the payment of golden parachute excise taxes if he or she would receive a greater net after-tax benefit by receiving the reduced severance benefits rather than receiving the full severance benefits and having to pay the excise taxes.

#### Mr. Rose's Employment Agreement

As noted above, Mr. Rose became our Chief Financial Officer in October 2015, and his existing employment agreement with City Index (Holdings) Limited, which was acquired by the Company in April 2015, remained in effect subsequent to the acquisition and throughout 2015. Under Mr. Rose's employment agreement, he is entitled to twelve months' prior notice of the termination of his employment absent certain circumstances specified in his employment agreement, including gross misconduct, negligent or incompetent performance of his duties or conviction of a criminal offense. During the applicable notice period (including any period of garden leave), Mr. Rose is entitled to receive his pay and contractual benefits in the usual way.

Mr. Rose's employment agreements also contain nondisclosure, noncompetition and nonsolicitation provisions. The nondisclosure provisions provided for protection of the Company's confidential information. The noncompetition and nonsolicitation provisions were designed to prevent Mr. Rose from competing with us or soliciting our customers or employees for a period of 12-months following termination of employment.

Mr. Rose's employment agreements does not provide for the payment of any tax gross-up in the event that his severance benefits cause him to be liable for the payment of golden parachute excise taxes.

#### Mr. Emerson's Separation Agreement

Jason Emerson resigned as the Company's Chief Financial Officer effective as of October 1, 2015. In connection with his resignation, Mr. Emerson entered into a separation agreement with the Company that provided for the following payments and benefits:

- any earned and unpaid salary through the date of termination, as well as any accrued and unused paid time off;
- a lump sum payment of \$200,000, which was paid to Mr. Emerson at the same time as bonuses were paid to the Named Executive Officers in the first quarter of 2016;

- severance in the amount of three months of Mr. Emerson's base salary, which was paid in equal installments in accordance with the Company's payroll policies through December 31, 2015;

- continued health benefits at the same premium rates charged to other current employees for the period ending December 31, 2015; and

- with respect to outstanding equity awards, time-based equity grants held by Mr. Emerson at the time of termination of employment that would vest during the period from the termination date through March 31, 2016 immediately vested and became exercisable.

#### Potential Payments Upon Termination or Change of Control Table

The table below reflects the compensation and benefits, if any, that would have been due to each of the Named Executive Officers (other than Mr. Emerson) under the terms of their employment agreements with us upon (i) a voluntary termination; (ii) a termination for cause; (iii) an involuntary termination other than for cause or resignation for good reason, both before and after a change in control; (iv) a change in control; or (v) a termination due to death, disability or retirement. The amounts shown assume that each termination of employment or the change in control, as applicable, was effective as of December 31, 2015 and was governed by the terms of each of the Named Executive Officer's employment agreement. The amounts shown in the table are estimates of the amounts which would be paid upon termination of employment or change in control, as applicable. The actual amounts to be paid can only be determined at the time of the actual termination of employment or change of control, as applicable.

The value of accelerated vesting of options, if any, for purposes of the table below is calculated by multiplying the number of unvested shares subject to each option the vesting of which is accelerated upon the specified event by the amount by which the fair market value of a share of our Common Stock as of December 31, 2015 (which was \$8.11), exceeds the per share exercise price of the option. The value of accelerated vesting and payment of restricted stock units and restricted stock awards for purposes of the table below is calculated by multiplying the aggregate number of

restricted stock units/awards, the vesting of which is accelerated upon the specified event, by the fair market value of a share of our Common Stock as of December 31, 2015 (which was \$8.11).

(1) The amounts reflected in this table are calculated based on the terms of the Named Executive Officer's current employment agreement, which became effective May 5, 2015.

(2) Pursuant to the terms of his employment agreement, Mr. Stevens is entitled to payment of 18 months' continued base salary plus pro-rata incentive compensation with respect to the termination year in an amount calculated based upon the Company's revenue and EBITDA performance during the relevant fiscal year, and assuming achievement by the Company of 100% of its objectives relating to the annual price performance of the Company's common stock and by Mr. Stevens of 75% of his personal objectives for such fiscal year. Since the table assumes termination as of December 31, 2015, Mr. Stevens's pro rata incentive compensation payment is calculated based

upon actual revenue and EBITDA performance results of the Company for the fiscal year, and assuming achievement by the Company of 100% of its objectives relating to the annual price performance of the Company's common stock and by Mr. Stevens of 75% of his personal objectives for such fiscal year. Mr. Stevens is also entitled to receive over a 12-month period an additional amount equal to 1.5 times his aggregate incentive compensation for the termination year, assuming achievement by the Company of 100% of any applicable Company operating metrics (including annual stock price performance) and achievement by Mr. Stevens of 75% of his personal objectives. The amount set forth in the table is equal to (i) 1.5 times Mr. Stevens's 2015 base salary, \$975,000, plus (ii) a pro rata incentive compensation payment of \$1,291,835, plus (iii) an additional incentive compensation payment of \$2,011,875.

(3) Pursuant to the terms of his employment agreement, Mr. Stevens is entitled to payment of (i) 24 months' base salary, plus (ii) a lump sum amount equal to two times his target cash incentive compensation for the termination year, plus (iii) pro-rata incentive compensation with respect to the termination year based upon the greater of his actual incentive compensation for the termination year or his target incentive compensation for the termination year. Since the table assumes termination as of December 31, 2015, Mr. Stevens's pro rata incentive compensation payment is reflected as

the full amount of the target cash incentive compensation payable to him for the assumed year of termination, which exceeded the actual cash incentive compensation paid to him for 2015. The amount set forth in the table is equal to (i) two times Mr. Stevens's 2015 base salary, \$1,300,000, plus (ii) two times Mr. Stevens's 2015 target cash incentive compensation amount, \$2,900,000, plus (iii) the full amount of Mr. Stevens's 2015 target cash incentive compensation, \$1,450,000.

Pursuant to the terms of his employment agreement, upon Mr. Stevens's termination of employment due to disability or death, Mr. Stevens or his estate is entitled to any accrued and unpaid salary as well as any accrued but unused PTO and appropriate expense reimbursements. Mr. Stevens or his estate is also entitled to receive pro-rata incentive compensation with respect to the termination year in an amount calculated based upon the Company's revenue and EBITDA performance during the relevant fiscal year, and assuming achievement by the Company of 100% of its objectives relating to the annual price performance of the Company's common stock and by Mr. Stevens of 100% of his personal objectives for such fiscal year. Since the table assumes termination as of (4) December 31, 2015, Mr. Stevens's pro rata incentive compensation payment is calculated based upon actual revenue and EBITDA performance results of the Company for the fiscal year, and assuming achievement by the Company of 100% of its objectives relating to the annual price performance of the Company's common stock and by Mr. Stevens of 100% of his personal objectives for such fiscal year. Mr. Stevens is also entitled to receive over a 12-month period an additional amount equal to 12 months of his monthly base salary at the time of his termination. The amount set forth in the table is equal to (i) a pro rata incentive compensation payment of \$1,400,585, plus (ii) an amount equal to Mr. Stevens's 2015 base salary, \$650,000.

This amount reflects 30 months accelerated vesting of 110,250 stock options. This excludes 89,525 options with an (5) exercise price that exceeded the fair market value of our Common Stock as of December 31, 2015 of \$8.11 for which there would have been no value upon acceleration.

This amount reflects accelerated vesting of 110,250 stock options. This excludes 89,525 options with an exercise (6) price that exceeded the fair market value of our Common Stock as of December 31, 2015 of \$8.11 for which there would have been no value upon acceleration.

This amount reflects 30 months accelerated vesting and payment of 203,221 restricted stock units and restricted (7) stock awards based on a price per share as of December 31, 2015 of \$8.11.

This amount reflects accelerated vesting and payment of 222,017 restricted stock units and restricted stock awards (8) based on a price per share as of December 31, 2015 of \$8.11.

This amount is equal to 24 months of continued health benefits assuming a monthly cost to the Company of \$1,000 (9) to provide such benefits.

As noted above, Mr. Rose became our Chief Financial Officer in October 2015, and his existing employment (10) agreement with City Index (Holdings) Limited, which was acquired by the Company in April 2015, remained in effect subsequent to the acquisition and throughout 2015.

Pursuant to the terms of his employment agreement, Mr. Rose is entitled to receive payment for any accrued but (11) unused PTO. The entire amount of \$4,251 represents accrued but unused PTO.

Pursuant to the terms of his employment agreement, Mr. Rose is entitled to twelve months' prior notice of the termination of his employment absent certain circumstances specified in the employment agreement. During the (12) applicable notice period (including any period of garden leave), Mr. Rose is entitled to receive his pay and contractual benefits in the usual way. The amount set forth in the table is equal to 12 months of Mr. Rose's 2015 base salary, \$350,000, plus accrued PTO of \$4,251.

Mr. Rose's employment agreement does not provide for any payments with respect to death or disability, although (13) Mr. Rose may be eligible to receive statutory disability pay in the United Kingdom, of which he is a resident.

Mr. Rose's stock options issued during 2015 have an exercise price higher than the fair market value of \$8.11 on (14) December 31, 2015, and accordingly, there would have been no value upon acceleration of these stock options.

This amount reflects accelerated vesting and payment of 18,927 restricted stock units based on a price per share (15) as of December 31, 2015 of \$8.11. Although Mr. Rose's employment agreement does not provide for the acceleration of these restricted stock units upon a change of control, the restricted stock units would be subject to acceleration based on the terms of the Company's 2010 Plan unless otherwise determined by the Compensation

Committee of the Company's Board of Directors.

Since the table assumes termination as of December 31, 2015, Mr. Rotsztain's pro rata incentive compensation payment is calculated based upon actual revenue and EBITDA performance results of the Company for the fiscal year, and assuming achievement by the Company of 100% of its objectives relating to the annual price performance of the Company's common stock and by Mr. Rotsztain

## REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors oversees the Company's financial reporting process on behalf of the Board of Directors. Management is responsible for the Company's disclosure controls and procedures and financial reporting process, including its system of internal control over financial reporting, and for preparing the Company's financial statements in accordance with accounting principles generally accepted in the United States. The Company's independent auditors are responsible for auditing those financial statements and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent auditors. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at [www.gaincapital.com](http://www.gaincapital.com).

The Audit Committee has met and held discussions with management and the independent auditors, both separately and together. Management has represented to the Audit Committee that the Company's audited financial statements for 2015 were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the financial statements with management and the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended (AICPA, Professional Standards, Vol. 1 AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, the Audit Committee has discussed with the independent auditors their independence from the Company and its management, including the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence. Finally, the Audit Committee has discussed with the Company's independent auditors the overall scope and plans for their audits, the results of their examinations, their evaluations and assessment of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting. In its oversight function, the Audit Committee relies on the representations of management and the independent auditors and thus does not have an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies or appropriate internal control over financial reporting, that the Company's financial statements are presented in accordance with accounting principles generally accepted in the United States, that the audit of the Company's financial statements has been carried out in accordance with auditing standards generally accepted in the United States, or that the independent auditors are in fact "independent."

Based upon the Audit Committee's discussions with management and the independent auditors as described above and the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 filed with the SEC.

Respectfully submitted by the Audit Committee of the Board of Directors.

(c) Tax Fees represent fees for professional services related to tax reporting, compliance and transaction services assistance.

**Pre-Approval Policies and Procedures**

The Audit Committee has adopted policies and procedures relating to the pre-approval of all audit and non-audit services, including tax services, to be provided by our independent auditors. Under these policies and procedures, the Audit Committee approves in advance the provision of services and fees for such services that are specifically identified in the independent auditor's annual engagement letter for the audits and reviews, in management's annual budget relating to services to be provided by the independent auditors and any amendments to the annual budget reflecting additional services to be provided by, or higher fees of, the independent auditors. All other services to be provided by the independent auditors are pre-approved by the Audit Committee as they arise. The Chairman of the Audit Committee has been delegated authority to pre-approve services in accordance with these policies and procedures. The Chairman is to report any such approval of services to the Audit Committee at its next meeting. The Audit Committee considers, among other things, whether the provision of such audit or non-audit services is consistent with applicable regulations regarding maintaining auditor independence, whether the provision of such services would impair the independent auditors' independence and whether the independent auditors are best positioned to provide the most effective and efficient service.
