BRT REALTY TRUST  
ANNOUNCES RESULTS OF OPERATIONS  
FOR THE QUARTER AND NINE MONTHS ENDED JUNE 30, 2004

Great Neck, New York, August 10, 2004 -- BRT Realty Trust (NYSE:BRT) today announced its results of operations for the three and nine months ended June 30, 2004. For the three months ended June 30, 2004 BRT reported total revenues of \$4,886,000 and net income of \$2,309,000, or \$0.30 per share on a diluted basis, including gains from the sale of securities and gains from the sale of real estate assets totaling \$563,000, or \$.07 per share. This compares with total revenues, net income and net income per share on a diluted basis of \$3,765,000, \$4,754,000, and \$.62 per share, respectively, for the three months ended June 30, 2003, including gains from the sale of securities and gains from the sale of real estate assets totaling \$2,668,000, or \$.35 per share. The weighted average number of common shares outstanding on a diluted basis was 7,738,076 and 7,617,296 for the three months ended June 30, 2004 and 2003, respectively.

BRT also reported that for the nine months ended June 30, 2004 it had total revenues of \$13,154,000 and net income of \$8,854,000, or \$1.14 per share, on a diluted basis, including gains from the sale of securities and gains from the sale of real estate assets totaling \$2,791,000, or \$.36 per share. For the nine months ended June 30, 2003, BRT reported total revenues of \$11,409,000 and net income of \$9,795,000, or \$1.29 per share on a diluted basis, including gains from the sale of securities and gains from the sale of real estate assets totaling \$3,009,000, or \$.40 per share. The weighted average number of common shares outstanding on a diluted basis was 7,733,032 and 7,575,045 for the nine months ended June 30, 2004 and 2003, respectively.

Jeffrey A. Gould, President and Chief Executive Officer of BRT commented that the results in both current periods reflect the strength of BRT's core lending

business, as revenues increased quarter versus quarter and nine months versus nine months by 30% and 15%, respectively, due to a significant increase in loan originations resulting in an increase in the average balance of loans outstanding in each of the current periods. Mr. Gould noted that the gains from the sale of securities were greater in the 2003 periods than in the 2004 periods. For the three months ended June 30, 2004, gains from the sale of securities was \$4,000, as compared to \$2,468,000, or \$.32 per share, for the three months ended June 30, 2003. For the nine months ended June 30, 2004 gains from the sale of securities was \$1,641,000, or \$.21 per share, compared to \$2,614,000, or \$.35 per share, for the nine months ended June 30, 2003. Net income was positively affected in the 2004 periods as a result of a gain on the sale of real estate assets of \$559,000, or \$.07 per share for the 2004 quarter versus \$200,000, or \$.03 per share, for the 2003 quarter and \$1,150,000, or \$.15 per share, for the 2004 nine month period, versus \$395,000, or \$.05 per share, for the 2003 nine month period. Timing of gains from securities sales and real estate asset sales, Mr. Gould noted, is not predictable.

Commenting further, Mr. Gould noted that interest expense, the advisor's fee and general and administrative expenses increased in the 2004 periods in line with the increased level of the Trust's loan originations. However, real estate operating expenses increased \$752,000 quarter versus quarter and \$905,000 nine months versus nine months as a result of "non-recurring" legal fees and other costs incurred by the Trust in defending a lawsuit which was concluded in June 2004. It is not anticipated that any significant additional expenses will be incurred with respect to this litigation in future periods.
