Independence of the Board of Directors

The Board has reviewed the materiality of any relationship that each of our directors has with the Company, either directly or indirectly. Based upon this review, the Board has determined that the following members of the Board are “independent directors” as defined by the rules of The NASDAQ Stock Market: Michael Beeghley, Mohit Bhansali and Michael Brauser.

Arrangements between Officers and Directors

To our knowledge, there is no arrangement or understanding between any of our officers and any other person, including Directors, pursuant to which the officer was selected to serve as an officer.

Family Relationships

None of our Directors are related by blood, marriage, or adoption to any other Director, executive officer, or other key employee.

Other Directorships

Other than as disclosed above, none of the Directors of the Company are also directors of issuers with a class of securities registered under Section 12 of the Exchange Act (or which otherwise are required to file periodic reports under the Exchange Act).

Legal Proceedings

We are not aware of any of our directors or officers being involved in any legal proceedings in the past ten years relating to any matters in bankruptcy, insolvency, criminal proceedings (other than traffic and other minor offenses) or being subject to any of the items set forth under Item 401(f) of Regulation S-K.

Corporate Governance

General

We believe that good corporate governance is important to ensure that the Company is managed for the long-term benefit of our stockholders. This section describes key corporate governance practices that we have adopted.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. These persons are required by regulation to furnish us with copies of all Section 16(a) reports that they file. Based on our review of the copies of these reports received by us, or written representations from the reporting persons that no other reports were required, we believe that, during fiscal year 2016, all filing requirements applicable to our current officers, directors and greater than 10% beneficial owners were complied with.

Code of Business and Ethical Conduct

We have adopted a Corporate Code of Conduct and Ethics that applies to all employees, including our principal executive officer and principal financial and accounting officer, and directors. The code can be found on our website at www.polarityte.com. We will provide, without charge, a copy of our Corporate Code of Conduct and Ethics upon request to: Secretary, PolarityTE, Inc., 4041-T Hadley Road, S. Plainfield, New Jersey 07080. Disclosure regarding any amendments to, other than technical, administrative or non-substantive amendments, or waivers from, provisions of the Corporate Code of Conduct and Ethics that apply to our directors, principal executive and financial officers will be included in a Current Report on Form 8-K within four business days following the date of the amendment or waiver.

BOARD LEADERSHIP STRUCTURE

The Board of Directors is currently chaired by the Chief Executive Officer of the Company, Dr. Lough. The Company believes that combining the positions of Chief Executive Officer and Chairman of the Board of Directors helps to ensure that the Board of Directors and management act with a common purpose. Integrating the positions of Chief Executive Officer and Chairman can provide a clear chain of command to execute the Company's strategic initiatives. The Company also believes that it is advantageous to have a Chairman with an extensive history with and knowledge of the Company, and extensive technical and industry experience. Notwithstanding the combined role of Chief Executive Officer and Chairman, key strategic initiatives and decisions involving the Company are discussed and approved by the entire Board of Directors. In addition, meetings of the independent directors of the Company are regularly held, which Dr. Lough does not attend. The Company believes that the current leadership structure and processes maintains an effective oversight of management and independence of the Board of Directors as a whole without separate designation of a lead independent director. However, the Board of Directors will continue to monitor its functioning and will consider appropriate changes to ensure the effective independent function of the Board of Directors in its oversight responsibilities.

ROLE OF THE BOARD IN RISK OVERSIGHT

One of the Board of Director's key functions is informed oversight of the Company's risk management process. The Board of Directors does not have a standing risk management committee, but rather administers this oversight function directly through the Board of Directors as a whole, as well as through various Board of Directors standing committees that address risks inherent in their respective areas of oversight. In particular, our Board of Directors is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. The Audit Committee considers and discusses with management the Company's major financial risk exposures and related monitoring and control of such exposures as well as compliance with legal and regulatory requirements. The Nominating & Governance Committee monitors the effectiveness of our corporate governance guidelines. The Compensation Committee assesses and monitors whether our compensation policies and programs have the potential to encourage excessive risk-taking. Any findings regarding material risk exposure to the Company are reported to and discussed with the Board of Directors.

To assist it in carrying out its duties, the Board of Directors has delegated certain authority to an Audit Committee, a Compensation Committee and a Nominating Committee as the functions of each are described below.

*Denotes directors who meet our criteria for “independence.”

Audit Committee. The Board has a standing Audit Committee, currently consisting of Mohit Bhansali (Chairman), Michael Brauser and Michael Beeghley, as of December 1, 2016. Prior to that, our Audit Committee consisted of Edward Karr (Chairman), Andrew Kaplan and Mohit Bhansali. Our Audit Committee held 4 meetings during fiscal year 2016. The Audit Committee acts under a written charter, which more specifically sets forth its responsibilities and duties, as well as requirements for the Audit Committee’s composition and meetings. Our Audit Committee charter complies with Rule 10A-3 of the Exchange Act, and the requirements of The NASDAQ Capital Market. Our Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act. The charter of the Audit Committee can be found on our website at www.polarityte.com.

The Board has determined that each member of the audit committee is “independent,” as that term is defined by applicable SEC rules. In addition, the Board has determined that each member of the audit committee is “independent,” as that term is defined by the rules of The NASDAQ Capital Market.

The Board has determined that Mr. Mohit Bhansali is a “financial expert” serving on its Audit Committee, and that Michael Brauser and Michael Beeghley are each independent, as the SEC has defined that term in Item 407 of Regulation S-K. Please see the biographical information for these individuals contained in the section above entitled, “The Board of Directors.”

Nominating and Governance Committee. The Board has a standing Nominating and Governance Committee. As of December 1, 2016, the Nominating and Governance Committee consists of Michael Beeghley (Chairman), Mohit Bhansali and Michael Brauser. Prior to that our Nominating and Corporate Governance Committee consisted of

Andrew Kaplan (Chairman) and Michael Beeghley. The Nominating and Governance Committee may employ a variety of methods for identifying and evaluating nominees for director. Both members of the Nominating and Governance Committee qualify as independent as defined by the rules of the Nasdaq Stock Market. The Nominating and Governance Committee held 3 meetings during fiscal year 2016. The Nominating and Governance Committee acts under a written charter, which more specifically sets forth its responsibilities and duties, as well as requirements for its composition and meetings. The charter of the Nominating and Governance Committee can be found on our website at www.polarityte.com.

The Nominating and Governance Committee regularly assesses the size of the Board, the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. Candidates may be evaluated at regular or special meetings of the Nominating and Governance Committee, and may be considered at any point during the year.

As reflected in its charter, factors considered by the Nominating and Governance Committee in the selection of director nominees are those it may deem appropriate, including judgment, character, high ethics and standards, integrity, skills, diversity, independence, experience with businesses and organizations of a comparable size to the Company, the interplay of the candidate's experience with the experience of other members of the Board of Directors and the extent to which the candidate would be a desirable addition to the Board or any of its committees. In addition, in considering nominees for director, the Nominating and Governance Committee will review the qualifications of available candidates that are brought to the attention of the Nominating and Governance Committee by any member of the Board, stockholders and management or identified by the Nominating and Governance Committee through the use of search firms or otherwise.

The Nominating and Governance Committee does not set specific, minimum qualifications that nominees must meet in order for the Nominating and Governance Committee to recommend them to the Board, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account the needs of the Company and the composition of the Board. Members of the Nominating and Governance Committee discuss and evaluate possible candidates in detail prior to recommending them to the Board. While we do not have a formal policy on diversity, the Nominating and Governance Committee considers diversity of experience as one of the factors it considers in conducting its assessment of director nominees, along with such other factors as it deems appropriate given the then current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability.

If a stockholder wishes to propose a candidate for consideration as a nominee by the Nominating and Governance Committee, it should follow the procedures described in this section and in the Company's Nominating and Governance Committee Charter. The Nominating and Governance Committee Charter adopted by the Nominating and Governance Committee provides that nominees recommended by stockholders are given appropriate consideration and will be evaluated in the same manner as other nominees. Following verification of the stockholder status of persons proposing candidates, the Nominating and Governance Committee makes an initial analysis of the qualifications of any candidate recommended by stockholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Board of Directors before deciding to undertake a complete evaluation of the candidate. If any materials are provided by a stockholder or professional search firm in connection with the nomination of a director candidate, such materials are forwarded to the Nominating and Governance Committee as part of its review. Other than the verification of compliance with procedures and stockholder status, and the initial analysis performed by the Nominating and Governance Committee, a potential candidate nominated by a stockholder is treated like any other potential candidate during the review process by the Nominating and Governance Committee.

Director Nominations

There have been no material changes to the procedures by which a stockholder may recommend nominees to the Board of Directors since our last disclosure of these procedures.

Compensation Committee; Compensation Committee Interlocks and Insider Participation. The Compensation Committee of the Board is composed entirely of directors who are not our current or former employees, each of whom meets the applicable definition of "independent" as defined by the rules of The NASDAQ Capital Market. None of the members of the Compensation Committee during fiscal 2016 (i) had any relationships requiring disclosure by the Company under the SEC's rules requiring disclosure of related party transactions or (ii) was an executive officer of a company of which an executive officer of the Company is a director. The current members of the Compensation Committee, as of December 1, 2016, are Michael Beeghley (Chairman), Michael Brauser and Mohit Bhansali. Prior to that, our Compensation Committee consisted of Andrew Kaplan (Chairman), and Edward Karr. The Compensation Committee has no interlocks with other companies. The Compensation Committee held 3 meetings during fiscal year 2016. The charter of the Compensation Committee can be found on our website at www.polarityte.com.

Narrative Disclosure to Summary Compensation Table

Incentive Bonus Opportunity

The Compensation Committee has the authority to award incentive bonuses to our executives. The incentive bonus program is based on the Company's fiscal year performance.

The incentive bonus program is an important component of total cash compensation because it rewards our executives for achieving annual financial and operational goals and emphasizes variable or "at risk" compensation.

On April 19, 2013, the Compensation Committee approved the adoption of a new annual short-term incentive plan for fiscal year 2013 and subsequent years (the "STI Plan"). In 2013, under the STI Plan, each of the named executive officers was eligible to receive an incentive bonus based upon a targeted percentage of his base salary, which was 100% for the Chief Executive Officer and 50% for the Chief Financial Officer. The incentives could be earned based on our performance relative to a mix of strategic objectives, such as (i) growing cash flow from our console business, (ii) expanding our digital games business, measured in terms of revenue, infrastructure and talent acquisitions, business acquisitions, and product pipeline, and (iii) managing to adjusted operating income, cash flow and liquidity goals, eliminating operating losses on certain platforms, and repositioning the Company to invest in growth areas. In addition, in determining the eligibility for bonuses under the plan, the payout level for the strategic objectives was based on the Committee's discretionary assessment of each officer's performance relative to the overall mix of objectives. Based on its review of overall performance, the Compensation Committee approved an incentive payout of \$150,000 for the Chief Executive Officer and \$84,000 for the Chief Financial Officer.

No incentive plan was offered for fiscal year 2016.

Long-Term Incentives

We believe that long-term performance will be enhanced through equity awards that reward our executives and other employees for maximizing stockholder value over time and that align the interests of our executives and other employees with those of stockholders. The Compensation Committee believes that the use of equity awards offers the best approach to achieving our compensation goals because equity ownership ties a significant portion of an individual's compensation to the performance of our stock.

On March 30, 2015, at our 2015 annual meeting, our stockholders approved the Company’s 2014 Equity Incentive Plan (the “2014 Plan”) and the reservation of 2,250,000 shares of our Common Stock thereunder. ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE**Transactions with Related Persons**

Parties are considered related to the Company if the parties, directly or indirectly, through one or more intermediaries, control, are controlled by, or are under common control with the Company. Related parties also include principal owners of the Company, its management, members of the immediate families of principal owners of the Company and its management and other parties with which the Company may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests. As required by SEC rules, the Company discloses all related party transactions in which the amount involved exceeds the lesser of \$120,000 or 1% of the average of the smaller reporting company's total assets at year-end for the last two fiscal years. During the fiscal year ended October 31, 2016, the Company had no such related party transactions.

Policy for Review of Related Party Transactions

The Company has a formal written policy governing the review and approval of related person transactions, which is posted under the heading “Corporate Governance” of the Investor Relations section of our website at www.polarityte.com. For purposes of this policy, consistent with The NASDAQ Stock Market rules, the terms “related person” and “transaction” are as defined in Item 404(a) of Regulation S-K under the Securities Act of 1933, as amended. The policy provides that each director and executive officer shall promptly notify our General Counsel of any transaction involving the Company and a related person. Such transaction will be presented to and reviewed by the Nominating and Governance Committee for approval, ratification or such other action as may be appropriate. The Nominating and Governance Committee shall approve only those related person transactions that are determined to be in, or not inconsistent with, the best interests of the Company and its stockholders, taking into account all available facts and circumstances as the Nominating and Governance Committee determines in good faith to be necessary. These facts and circumstances will typically include, but not be limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person’s interest in the transaction, whether there are any compelling business reasons for the Company to enter into the transaction, whether the transaction would impair the independence of an otherwise independent director and whether the transaction would present an improper conflict of interest for any director or executive officer, taking into account the size of the transaction, the overall financial position of the director, executive officer or other related person, the direct or indirect nature of the director’s, executive officer’s or other related person’s interest in the transaction and the ongoing nature of the proposed relationship. In reviewing and approving such transactions, the Nominating and Governance Committee shall obtain, or shall direct management to obtain on its behalf, all information that the Nominating and Governance Committee believes to be relevant and important to review prior to its decision as to whether to approve any such transaction.

The Board may adopt any further policies and procedures relating to the approval of related person transactions that it deems necessary or advisable from time to time.
