  - £ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 2.02. Results of Operations and Financial Condition.

On August 3, 2016, The Scotts Miracle-Gro Company (the “Company”) issued a news release reporting information regarding its results of operations for the three and nine-months ended July 2, 2016 and its financial condition as of July 2, 2016. The news release is furnished herewith as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference.

The news release includes the following non-GAAP financial measures as defined in Regulation G:

Adjusted net income (loss) attributable to controlling interest from continuing operations and adjusted diluted income per common share attributable to controlling interest from continuing operations (“Adjusted Earnings”) — These measures exclude charges or credits relating to impairments, restructurings, discontinued operations and other unusual items such as costs or gains related to discrete projects or transactions that are apart from and not indicative of the results of the operations of the business. In compliance with Regulation G, the Company has provided a reconciliation of adjusted net income (loss) attributable to controlling interest from continuing operations and adjusted diluted income (loss) per common share attributable to controlling interest from continuing operations to their most directly comparable financial measures calculated and presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”). These reconciliations of non-GAAP financial measures are provided solely for the purpose of complying with Regulation G and not as an indication that these non-GAAP financial measures are substitutes for any of the Company’s GAAP financial measures.

Adjusted EBITDA — This measure is calculated as income (loss) before interest, taxes, depreciation and amortization as well as certain other items such as the impact of the cumulative effect of changes in accounting, costs associated with debt refinancing and other non-recurring or non-cash items affecting net income (loss). This measure provides additional information for determining the Company’s ability to meet debt service requirements. The presentation of adjusted EBITDA is intended to be consistent with the calculation of that measure as required by the Company’s borrowing arrangements, and used to calculate a leverage ratio (maximum of 4.50 at July 2, 2016) and an interest coverage ratio (minimum of 3.00 for the twelve months ended July 2, 2016). The Company’s calculation of adjusted EBITDA does not represent and should not be considered as an alternative to net income (loss) or cash flow from operations as determined by GAAP. The Company makes no representation or assertion that adjusted EBITDA is indicative of its cash flows from operations or results of operations. The Company has provided a reconciliation of income (loss) from continuing operations to adjusted EBITDA solely for the purpose of complying with Regulation G and not as an indication that adjusted EBITDA is a substitute measure for income (loss) from continuing operations.

Pro Forma Adjusted Earnings — This measure is calculated as net income attributable to controlling interest, excluding charges or credits relating to impairments, restructurings and other unusual items such as costs or gains related to discrete projects or transactions that are apart from and not indicative of the results of the operations of the business. This measure also includes income (loss) from discontinued operations related to the SLS Business; however, excludes the gain on the contribution of the SLS Business to the Joint Venture. The Company has provided a reconciliation of income (loss) from continuing operations to Pro Forma Adjusted Earnings solely for the purpose of complying with Regulation G and not as an indication that Pro Forma Adjusted Earnings is a substitute measure for income (loss) from continuing operations.

The Company’s management believes that these non-GAAP financial measures are the most indicative of the Company’s ongoing earnings capabilities and that disclosure of these non-GAAP financial measures therefore provides useful information to investors and other users of the financial statements, such as lenders. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company’s reported results prepared in accordance with GAAP.

Item 9.01. Financial Statements and Exhibits.

- (a) Financial statements of businesses acquired:  
Not applicable.
- (b) Pro forma financial information:  
Not applicable.
- (c) Shell company transactions:  
Not applicable.
- (d) Exhibits:
