PROXY STATEMENT AND MANAGEMENT INFORMATION CIRCULAR

Annual Meeting of Shareholders to be held on June 6, 2018

GENERAL PROXY INFORMATION

SOLICITATION OF PROXIES

This Proxy Statement and Management Information Circular (this Circular) is furnished in connection with the solicitation of proxies by the management of MDC Partners Inc. (MDC Partners, MDC or the Company) for use at the annual meeting of shareholders of MDC Partners to be held at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders, and any adjournments or postponements thereof. Such meeting is hereinafter referred to as the **Meeting** . The information contained in this Circular is given as of the date hereof, except as otherwise noted herein. The address of the principal executive office of MDC Partners is 745 Fifth Avenue, 19th Floor, New York, NY 10151, and its registered address is 33 Draper Street, Toronto, Ontario M5V 2M3. This Circular, the accompanying notice and the enclosed form of proxy are expected to first be mailed to shareholders on or about Friday, April 28, 2018.

Management expects that proxies will be solicited primarily by mail. Employees of MDC Partners or persons retained by MDC Partners for that purpose may also solicit proxies personally or by telephone. Employees who help us in the solicitation will not be specially compensated for those services but they may be reimbursed for their out-of-pocket expenses incurred in connection with the solicitation. If a holder holds his, her or its shares in the name of a bank, broker or other nominee, see **Beneficial Owners** below.

MANNER IN WHICH PROXIES WILL BE VOTED

The shares represented by the accompanying form of proxy, if the same is properly executed in favor of Messrs. Kauffman and Gendel, the management nominees, and received at the offices of AST Trust Company (Canada), Attn: Proxy Department, P.O. Box 721, Agincourt, Ontario M1S 0A1 (the **Transfer Agent**) not later than 10:00 a.m. (Eastern Daylight Time) on Monday, June 4, 2018 (or, if the Meeting is adjourned, not later than 48 hours, excluding Saturdays, Sundays and holidays, preceding the time of such adjourned Meeting), will be voted or withheld from voting at the Meeting and, subject to Section 152 of the *Canada Business Corporations Act*, where a choice is specified in respect of any matter to be acted upon, will be voted in accordance with the specifications made. The proxy cut off time may be waived or extended by the Chairman of the Meeting without notice. **In the absence of such a specification, to the extent permitted, such shares will be voted (i) FOR the election of each of the eight (8)**

nominees for the Board of Directors of MDC Partners named in this proxy statement; (ii) FOR the appointment of BDO USA, LLP as auditors of MDC Partners and to authorize the Audit Committee to fix their remuneration; (iii) FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers; and (iv) FOR the approval of an amendment to the 2016 Stock Incentive Plan. The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the accompanying Notice of Annual Meeting of Shareholders, and with respect to other matters which may properly come before the Meeting. At the date hereof, management knows of no such amendments, variations or other matters.

At any meeting of shareholders (including the 2018 Annual Meeting of Shareholders), a quorum for the transaction of business will be not less than 33 1/3% of the shares entitled to vote at the meeting, represented either in person or by proxy. Only a shareholder of record at the close of business on April 16, 2018 (the **record date**) will be entitled to vote, or grant proxies to vote, his or her Class A Subordinate Voting Shares (**Class A Shares**) or Class B Shares at the Meeting (subject, in the case of voting by proxy, to the timely deposit of his or her executed form of proxy as described herein).

All matters are ordinary resolutions which must be passed by at least a majority of the votes cast by shareholders present in person or represented by proxy who voted in respect of the ordinary resolution at the

Meeting. Broker non-votes and abstentions are included in the calculation of the number of votes considered to be present at the Meeting for purposes of determining a quorum, but otherwise will not affect the voting outcome of the proposals. An automated system administered by the Transfer Agent tabulates the votes.

ALTERNATE PROXY

Each shareholder has the right to appoint a person other than the persons named in the accompanying form of proxy, who need not be a shareholder, to attend and act for him or her and on his or her behalf at the Meeting.

Any shareholder wishing to exercise such right may do so by inserting in the blank space provided in the accompanying form of proxy the name of the person whom such shareholder wishes to appoint as proxy and by duly depositing such proxy, or by duly completing and depositing another proper form of proxy and depositing the same with the Transfer Agent at the address and within the time specified under **Manner In Which Proxies Will Be Voted** above.

REVOCABILITY OF PROXY

A shareholder giving a proxy has the power to revoke it. Such revocation may be made by the shareholder by duly executing another form of proxy bearing a later date and duly depositing the same before the specified time, or may be made by written instrument revoking such proxy executed by the shareholder or by his or her attorney authorized in writing or, if the shareholder is a body corporate, by an officer or attorney thereof duly authorized, and deposited either at the corporate office of MDC Partners, 745 Fifth Avenue, 19th Floor, New York, NY 10151, not later than 10:00 a.m. (Eastern Daylight Time) on Monday, June 4, 2018 (or, if the Meeting is adjourned, not later than 48 hours, excluding Saturdays, Sundays and holidays, preceding the time of such adjourned Meeting), or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. If such written instrument is deposited with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

BENEFICIAL OWNERS

Most shareholders are **beneficial owners** who are non-registered shareholders. Their shares are registered in the name of an intermediary, such as a securities broker, financial institution, trustee, custodian or other nominee who holds the shares on their behalf, or in the name of a clearing agency in which the intermediary is a participant (such as The Canadian Depository for Securities Limited). Intermediaries have obligations to forward meeting materials to the non-registered holders, unless otherwise instructed by the holder (and as required by regulation in some cases, despite such instructions).

Only registered shareholders or their duly appointed proxyholders are permitted to vote at the Meeting. Non-registered holders should follow the directions of their intermediaries with respect to the procedures to be followed for voting. Generally, intermediaries will provide non-registered holders with either: (a) a voting instruction form for completion and execution by the non-registered holder, or (b) a proxy form, executed by the intermediary and restricted to the number of shares owned by the non-registered holder, but otherwise uncompleted. These are procedures to permit the non-registered holders to direct the voting of the shares that they beneficially own.

If the non-registered holder wishes to attend and vote in person at the meeting, they must insert their own name in the space provided for the appointment of a proxyholder on the voting instruction form or proxy form provided by the intermediary, and carefully follow the intermediary's instructions for return of the executed form or other method of

response.

If the non-registered shareholder does not provide voting instructions to its intermediary, the shares will not be voted on any proposal on which the intermediary does not have discretionary authority to vote. Under current rules, certain intermediaries may not have discretionary authority to vote shares at the Meeting on the proposal relating to the election of directors or the advisory vote on executive compensation. We encourage all non-registered shareholders to provide instructions to the securities broker, financial institution, trustee, custodian or other nominee who holds the shares on their behalf by carefully following the instructions provided.

The Series 4 Preference Shares do not entitle their holders to vote in the election of directors and, other than as required by applicable law, holders of the Series 4 Preference Shares will not have voting rights. The holders of the Series 4 Preference Shares have the right to convert the Series 4 Preference Shares at any time and from time to time into a number of Class A Shares equal to the then-applicable liquidation preference divided by the applicable conversion price at such time (the **Conversion Price**). The initial liquidation preference of each Series 4 Preference Share will be \$1,000, subject to an 8% accretion, compounded quarterly until March 7, 2022. The initial Conversion Price is \$10.00 per Series 4 Preference Share, subject to customary anti-dilution protection. The Series 4 Preference Shares are also convertible at the Company's option (i) on and after March 7, 2019, if the closing trading price of the Class A Shares over a specified period prior to conversion is at least 125% of the then-applicable Conversion Price or (ii) after March 7, 2022, if the closing trading price of the Class A Shares over a specified period prior to conversion is at least equal to the then-applicable Conversion Price.

The holders of the Class A Shares are entitled to one vote in respect of each Class A Share held in connection with each matter to be acted upon at the Meeting, the holders of the Class B Shares are entitled to twenty votes in respect of each Class B Share held in connection with each matter to be acted upon at the Meeting and the holders of the Series 4 Preference Shares are not entitled to vote in connection with the matters to be acted upon at the Meeting.

Approximately 99.9% of the aggregate voting rights attached to the issued and outstanding shares of MDC Partners are represented by the Class A Shares. Cumulative voting in the election of directors is not permitted.

The articles of MDC Partners contain provisions providing that, in the event an offer is made to purchase Class B Shares which must, by reason of applicable securities legislation or the requirements of a stock exchange on which the Class B Shares are listed, be made to all or substantially all of the Class B Shares, and which offer is not made on identical terms, as to price per share and percentage of outstanding shares, to purchase the Class A Shares, the holders of Class A Shares shall have the right to convert such shares into Class B Shares in certain specified instances.

Edgar Filing: MDC PARTNERS INC - Form DEF 14A

To the knowledge of the directors and officers of MDC Partners, and excluding the Series 4 Preference Shares, no person (or group of persons) beneficially owns, directly or indirectly, or exercises control or direction over, voting securities of MDC Partners representing more than 5% of the voting rights attached to any class of voting securities of MDC Partners other than: FMR LLC and Invesco Ltd. See Security Ownership of Management and Certain Beneficial Owners for details of shares beneficially owned by these persons and entities.

3

EXPENSES

MDC Partners will pay all of the expenses of soliciting proxies for management. In addition to the mailing of the proxy material, such solicitation may be made in person or by telephone by directors, officers and employees of MDC Partners, whose directors, officers and employees will receive no compensation for such solicitation other than their regular salaries or fees. MDC Partners also will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxy materials to beneficial owners. MDC Partners will, upon request, reimburse these institutions for their reasonable charges and expenses incurred in forwarding this proxy material to beneficial owners of shares.

4

PARTICULARS OF MATTERS TO BE ACTED UPON

ITEM 1 ELECTION OF DIRECTORS

The following eight (8) directors are to be elected to the Board of Directors (the **Board**) at the Meeting. Each director elected will hold office until the next annual meeting of shareholders or until his successor is duly elected or appointed, unless his office is earlier vacated in accordance with the by-laws of MDC Partners. Management does not contemplate that any of the nominees will be unable to serve as a director but, if that should occur for any reason prior to the Meeting, the persons named in the accompanying proxy reserve the right to vote for another nominee in their discretion. **Unless otherwise instructed, the persons named in the accompanying proxy (provided the same is duly executed in their favor and is duly deposited) intend to vote FOR the election of the nominees whose names are set forth below.**

With the exception of Mr. Kauffman and Mr. Gross, the Board has determined that all of the nominees are independent under applicable NASDAQ rules and the Board's governance principles, and are independent under applicable Canadian securities laws. Information about the Board and Corporate Governance

The Board oversees the management of the business and affairs of MDC Partners as required by Canadian law. The Board conducts its business through meetings of the Board and three standing committees: the Audit Committee, the Human Resources & Compensation Committee and the Nominating and Corporate Governance Committee.

The Board has established guidelines for determining director independence, and all current directors, with the exception of Mr. Kauffman and Mr. Gross, have been determined by the Board to be independent under applicable NASDAQ rules and the Board's governance principles, and applicable Canadian securities laws within the meaning of National Instrument 58-101 Disclosure of Corporate Governance Practices.

MDC Partners has also adopted a written **Code of Conduct** in order to help directors, officers and employees resolve ethical issues in an increasingly complex business environment. The Code of Conduct applies to all directors, officers and employees, including the Chief Executive Officer, the President, the Chief Financial Officer, the Chief Operating Officer, the General Counsel and any other employee with any responsibility for the preparation and filing of documents with the Securities and Exchange Commission. The Code of Conduct covers topics including, but not limited to, conflicts of interest, confidentiality of information and compliance with laws. The Code of Conduct also satisfies the requirements for a code of ethics, as defined by Item 406 of Regulation S-K promulgated by SEC. In addition, the Board of MDC Partners adopted a set of **Corporate Governance Guidelines** as a framework within which the Board and its committees conduct business.

The Company's Corporate Governance Guidelines contain a majority vote provision, which requires a director nominee who receives, in an uncontested election, a number of votes withheld that is greater than the number of votes cast for his or her election to promptly offer to resign from the Board. The Board shall accept the resignation absent exceptional circumstances. Unless the Board decides to reject the offer, the resignation shall become effective 60 days after the date of the election. In making a determination whether to reject the offer or postpone the effective date, the Board of Directors shall consider all factors it considers relevant to the best interests of the Company. A director who tenders a resignation pursuant to this Policy will not participate in any meeting of the Board at which the resignation is considered. The Company will promptly issue a news release with the Board's decision.

Copies of the charters of the Audit Committee, the Human Resources & Compensation Committee and the Nominating and Corporate Governance Committee, as well the Code of Conduct and Corporate Governance Guidelines, are available free of charge at MDC Partners' website located at <http://www.mdc-partners.com/investors/corporate-governance>. Copies are also available to any shareholder upon written request to 745 Fifth Avenue, 19th Floor, New York, NY 10151, Attn: Investor Relations.

Meetings

The Board held nine (9) meetings in 2017. All current members of the Board who served as directors during 2017 attended each Board meeting during the period in which they served in 2017.

The various Board committees met the number of times shown in parentheses: Audit Committee (5); Human Resources & Compensation Committee (5); and Nominating & Corporate Governance Committee (1). Each incumbent director that served as a director during 2017 attended all meetings of all Board committees on which they served during such period. MDC has a formal policy regarding attendance by directors at its annual general meetings of shareholders which states that all directors are expected to attend, provided that a director who is unable to attend such a meeting is expected to notify the Chairman of the Board in advance of any such meeting. All seven (7) members of the Board that served as directors during 2017 attended the 2017 annual meeting of shareholders.

Committees of the Board

The Board currently has three standing committees: the Audit Committee, the Human Resources & Compensation Committee and the Nominating & Corporate Governance Committee. In December 2014, the Board also formed the Special Committee, composed of Scott Kauffman and Irwin Simon, to oversee the production of documents and review issues related to the SEC investigation. The SEC investigation is now complete and resolved. Accordingly, the Special Committee is no longer active. The terms of reference and mandate for each committee of the Board are summarized below.

Audit Committee

The Audit Committee is currently composed of three members, all of whom are considered to be independent according to the applicable rules of NASDAQ, the Securities and Exchange Commission and applicable Canadian laws. The Audit Committee reviews all financial statements, annual and interim, intended for circulation to shareholders and reports upon these to the Board. In addition, the Board may refer to the Audit Committee on matters and questions relating to the financial position of MDC Partners and its affiliates. The Audit Committee is also responsible for overseeing and reviewing with management and the independent auditor the adequacy and effectiveness of the Company's accounting and internal control policies and procedures; risk oversight matters; reviewing with management its compliance with prescribed policies, procedures and internal controls; and reviewing with management and the independent auditor their reports on internal controls, as presented in Item 9A (Controls and Procedures) of the Company's Annual Report on Form 10-K for the year ended December 31, 2017. While the Audit Committee has the duties and responsibilities set forth above, the Audit Committee is not responsible for planning or conducting the audit or for determining whether the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management has the responsibility for preparing the financial statements and implementing internal controls and evaluating their effectiveness, and the independent auditor has the responsibility of auditing the financial statements and effectiveness of internal controls over financial reporting.

As of April 16, 2018, the current members of the Audit Committee are: Anne Marie O Donovan (Chairperson), Daniel Goldberg and Larry Kramer. The Board has determined that Ms. O Donovan qualifies as an audit committee financial expert under the Sarbanes-Oxley Act of 2002 and applicable NASDAQ and Securities and Exchange Commission regulations. In addition, each of the members of the Audit Committee is financially literate as required by applicable Canadian securities laws. The Audit Committee's current charter is appended hereto as Exhibit A and is available at <http://www.mdc-partners.com>.

Nominating & Corporate Governance Committee

The Nominating & Corporate Governance Committee is composed of three (3) members, all of whom are considered to be independent according to the applicable rules of NASDAQ and the Securities and Exchange Commission and by applicable Canadian securities laws. The Nominating & Corporate Governance Committee is responsible for reviewing and making recommendations to the full Board with respect to developments in the area of corporate

governance and the practices of the Board. The Nominating & Corporate Governance Committee is also responsible for evaluating the performance of the Board as a whole and for reporting to the Board with respect to appropriate candidates for nominations to the Board. The current members of the Nominating & Corporate Governance Committee are: Irwin Simon (Chairman), Daniel Goldberg and Anne Marie O'Donovan. The Committee's current charter is available at <http://www.mdc-partners.com/investors/corporate-governance>. The Company will disclose any amendments to, or waivers of, the charter on its website at www.mdc-partners.com in accordance with applicable law and the requirements of the NASDAQ corporate governance standards.

Human Resources & Compensation Committee

As of April 16, 2018, the current members of the Human Resources & Compensation Committee (the **Compensation Committee**) are: Clare Copeland (Chairman), Larry Kramer and Irwin Simon. All of the members of the Compensation Committee are considered to be independent according to the applicable rules of NASDAQ and the Securities and Exchange Commission and applicable Canadian securities laws, and outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and non-employee directors within the meaning of Rule 16b-3 under the Exchange Act. The Compensation Committee makes recommendations to the Board on, among other things, the compensation of senior executives. The Compensation Committee discusses personnel and human resources matters including recruitment and development, management succession and benefits plans and grants awards under the SARs Plan, the 2016 Stock Incentive Plan and the 2008 Key Partners Incentive Plan (each as defined below). Salary, bonus or other payments for the benefit of senior management are reviewed and approved by the Compensation Committee. From 2015 through 2018, the Compensation Committee engaged Mercer Human Resource Consulting LLC to review and evaluate the Company's executive compensation levels, and to make recommendations for compensation of the Company's executive officers based on comparable industry levels, which recommendations have been implemented by the Compensation Committee. The Compensation Committee's current charter is available at <http://www.mdc-partners.com/investors/corporate-governance>. The Company will disclose any amendments to the charter on its website at www.mdc-partners.com in accordance with applicable law and the requirements of the NASDAQ corporate governance standards.

Board Leadership, Executive Sessions and Communications with the Board

Presently, Mr. Kauffman, our Chief Executive Officer, is also the Chairman of the Board. The Board does not require the separation of the offices of Chairman of the Board and Chief Executive Officer. All of the Company's directors, whether members of management or not, have a fiduciary duty to exercise their business judgment in the best interests of the Company. The Board believes separating the roles of Chairman of the Board and Chief Executive Officer would not diminish or augment these fiduciary duties. The Board deliberates and decides, each time it selects a Chairman of the Board, whether the roles should be combined or separate, based upon the then current needs of the Company and the Board. The Board believes that the Company is currently best served by having Mr. Kauffman hold each of these positions, and by having a separate independent director (currently Mr. Simon) serve as **Presiding Director**. In the Board's view, the current leadership structure facilitates strong communication and coordination between management and the Board and enables the Board to adeptly fulfill its risk oversight responsibilities.

Non-employee directors frequently meet in executive sessions without management in conjunction with each regularly scheduled Board meeting. The Company's Presiding Director has the primary responsibility to preside over these sessions of the Board. The current Presiding Director is Irwin Simon; he was appointed to that position effective July 20, 2015. Additional information about the role of the Presiding Director is set forth in the Company's Corporate Governance Guidelines, which are available free of charge at MDC Partners' website at <http://www.mdc-partners.com/investors/corporate-governance>. Shareholders or other interested parties who wish to communicate with the Presiding Director or any other member of the Board may do so by mail or courier, to MDC Partners Inc., c/o Matt Chesler, VP, Investor Relations and Finance, 745 Fifth Avenue, 19th Floor, New York, NY 10151. To facilitate a response, in appropriate circumstances, shareholders are asked to provide the following information: (i) their name; (ii) an address, telephone number, fax number and e-mail address at which they can be reached; and (iii) the number of shares or aggregate principal amount of debt that they hold, and the date those securities were acquired.

The Board has extensive involvement in the oversight of risk management related to us and our business. The Board

accomplishes this oversight both directly and through its committees, each of which assists the Board in overseeing a part of our overall risk management and regularly reports to the Board. The Audit Committee represents the Board by periodically reviewing our accounting, reporting and financial practices, including the integrity of our financial statements, the surveillance of administrative and financial controls and our compliance with legal and regulatory requirements. Through its regular meetings with management, including the finance, legal and compliance and risk management functions, the Audit Committee reviews and discusses all significant areas of our business and summarizes for the Board all areas of risk and the appropriate mitigating factors. The Human Resources & Compensation Committee considers, and discusses

with management, management's assessment of certain risks, including whether any risks arising from our compensation policies and practices for our employees are reasonably likely to have a material adverse effect on us. The Nominating & Corporate Governance Committee oversees and evaluates programs and risks associated with Board organization, membership and structure and corporate governance. In addition, our Board receives periodic detailed operating performance reviews from management.

With respect to cybersecurity risk oversight, our Board of Directors and our Audit Committee receive periodic reports from the appropriate managers on the primary cybersecurity risks facing the Company and the measures the Company is taking to mitigate such risks. In addition to these periodic reports, our Board of Directors and our Audit Committee receive updates from management as to changes to the Company's cybersecurity risk profile or significant newly identified risks.

Director Nominations

The Nominating and Corporate Governance Committee identifies, selects and recommends to the Board individuals qualified to serve both on the Board and committees, including persons suggested by shareholders and others. While the Board has not adopted a formal policy for diversity in identifying director nominees, the Nominating and Corporate Governance Committee seeks to maintain at all times a Board with a diverse range of experience, talent, expertise and background appropriate for the business of the Company. Beginning in 2017, Spencer Stuart, a leadership consulting firm, conducted an extensive search for qualified nominees, resulting in the recommendation of Ms. O'Donovan, Mr. Kramer and Mr. Goldberg. In April 2018, the Company's internal recruiting department identified an extensive list of potential candidates to join the Board. From that list of potential candidates, the Chairman, the Presiding Director and the Nominating and Governance Committee determined to nominate Desirée Rogers, who was subsequently appointed to the Board on April 26, 2018. The Nominating and Corporate Governance Committee does not require any specific minimum qualifications or specific qualities or skills, but reviews each person's qualifications on the whole, including a candidate's particular experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board. Following that review, the Nominating and Corporate Governance Committee then selects nominees and recommends them to the Board for election by the shareholders or appointment by the Board, as the case may be. The Nominating and Corporate Governance Committee also reviews the suitability of each Board member for continued service as a director when that member's term expires or that member experiences a significant change in status (for example, a change in employment). The Nominating and Corporate Governance Committee has not implemented any particular additional policies or procedures with respect to suggestions received from shareholders with respect to Board or committee nominees.

Pursuant to its charter, the Nominating and Corporate Governance Committee may conduct or authorize investigations or studies into matters within its scope of responsibilities and may retain, at the Company's expense, such independent counsel or other consultants or advisers as it may deem necessary from time to time. The Nominating and Corporate Governance Committee has the sole authority to retain or terminate any search firm to be used to identify director candidates, including the sole authority to approve its fees and terms, with the Company bearing the cost of such fees.

In addition, Mr. Gross was nominated by Goldman Sachs pursuant to its rights in connection with the purchase of the Series 4 Preference Shares.

Compensation of Directors

MDC paid its directors who are not employees of MDC or any of its subsidiaries a \$60,000 annual retainer in respect of 2017. The amount of the annual retainer was increased to \$70,000 in 2018. MDC also pays a fee of \$2,000 for attendance at any Board or Committee meeting. Fees for director attendance at meetings are limited to two meetings per day. MDC pays an additional retainer for certain positions held by a director: \$75,000 for the Presiding Director, \$20,000 for the Audit Committee Chair, \$5,000 for the Audit Committee financial expert and \$15,000 for other Committee Chairs. In addition, non-employee directors receive an annual grant of restricted stock with a grant date market value of approximately \$100,000, vesting on the third anniversary of the grant date.

Mr. Kauffman is not entitled to receive any separate or additional compensation in connection with his services on the Board. Mr. Gross, the nominee director of Goldman Sachs, also does not receive any compensation for his services on the Board.

The following table sets forth the compensation paid to or earned during fiscal year 2017 by our non-management directors:

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (or **CD&A**) section outlines our compensation philosophy and describes the material components of our executive compensation practices for Mr. Kauffman (our CEO), David Doft (our CFO) and our other named executive officers (or **NEOs**).

EXECUTIVE SUMMARY

In 2017, the Compensation Committee reaffirmed its commitment to adhere to our pay-for-performance requirements, and determined to pay annual incentive awards based upon the Company's achievement of specified financial targets in 2017. In 2016, the Company did not pay any performance bonus to the CEO or NEOs given the Company's failure to achieve its 2016 financial performance targets.

Continued Improvements to Governance and Compensation Practices in Response to Shareholder Feedback:

Our annual Say-on-Pay advisory vote in 2017 continued to improve substantially, as approximately 98% of votes cast were voted in favor of our executive compensation program, as compared to only 53% in respect of 2015.

In response to the disappointing 2015 voting results, management and the Board undertook a concentrated effort to focus on shareholder outreach and solicitation of feedback in 2016 and 2017. Based on shareholder feedback, and as part of the Company's continuous efforts to implement executive compensation programs that align the interests of management with our shareholders, the Board adopted several governance and compensation-related changes in 2016 and 2017.

In addition, MDC's Board and management team implemented several governance and compensation-related remedial measures focused on improved internal controls and corporate governance initiatives. Each of the remedial measures and improved compensation practices summarized below, together with other initiatives adopted in 2017, were consistent with the changes suggested by our largest shareholders. Importantly, in January 2017, we announced that we fully settled the SEC investigation with no finding by the SEC of intentional wrongdoing by any current directors or officers, and we prevailed in having the U.S. securities class action litigation dismissed, with prejudice (each as described in greater detail in our Annual Report on Form 10-K for the year ended December 31, 2017).

Implementation of Pay for Performance Measures; Incentive Awards Based on Achievement of 2017

Performance Metrics. For 2017 incentive awards, the Compensation Committee reaffirmed its commitment to using pay-for-performance incentive arrangements based solely on the achievement of financial targets and individual performance criteria. The Company achieved the 2017 financial targets established by the Compensation Committee, and the CEO and each of the NEOs achieved their individual performance criteria (KPIs). Accordingly, the Compensation Committee determined to award cash incentives to the CEO and other NEOs in respect of their financial performance-based cash incentives.

Grants of Restricted Stock Awards with Vesting Based Solely on Financial Performance. All new grants of restricted stock to executive officers in 2016, 2017 and 2018 contain financial performance-based vesting requirements, and are not just subject to time-based vesting requirements. In 2017, no time-based restricted stock grants were made to executive officers except in connection with inducement grants under new executive employment agreements.

Greater Majority of Board of Directors Currently Independent. Several institutional shareholders suggested that a greater percentage of the Company's Board of Directors should be independent. As part of

the Board's commitment to stronger corporate governance initiatives announced in June 2017, the Board is currently composed of seven (7) non-management directors and one (1) management director. Accordingly, 88% of the current Board of Directors is comprised of non-management directors, as compared to April 2015, when only 57% of the Board was independent.

We firmly believe that the implementation of the foregoing improvements to our governance and compensation practices described above has appropriately addressed all of our key shareholders' concerns.

OVERVIEW OF OUR COMPENSATION PROGRAM FOR NAMED EXECUTIVE OFFICERS

The Company traditionally uses a mix of short- and long-term and fixed and variable elements in compensating the NEOs: base salary; annual cash bonus incentives; and long-term incentive awards. In prior years, long-term incentive awards often included equity-based awards that vested based solely on continued employment. However, as described in more detail below, the Compensation Committee redesigned the long-term incentive program for our NEOs so that all future long-term equity awards granted to NEOs will either be subject to performance-based vesting requirements or will have value only to the extent that our stock price increases following the grant date.

Compensation Philosophy

In 2017, the Compensation Committee reaffirmed its compensation strategy to appropriately link compensation levels with shareholder value creation by:

Aligning pay with financial performance as a meaningful component of total compensation;

Providing total compensation capable of attracting, motivating and retaining executives of outstanding talent;

Focusing our executives on achieving key objectives critical to implementing the Company's business strategy and achieving financial performance goals;

Imposing and enforcing appropriate claw-back repayment requirements for resignation or termination for cause; and

Safeguarding the Company's business interests, including protection from adverse activities by executives.

Risk Assessment

The Compensation Committee reviews with management the design and operation of the Company's performance goals and metrics used in connection with incentive awards and determined that these policies do not provide the Company's executive officers or other employees with incentive to engage in behavior that are reasonably likely to have a material adverse effect on the Company. As discussed below in greater detail, the principal measures of our business performance to which named executive officer compensation is tied are Adjusted EBITDA (as defined below) and individual key performance criteria, and in the case of equity incentive awards, the value returned to shareholders as measured by stock price appreciation, as compared to a specified peer group of companies.

Process for Determining the Compensation of our Named Executive Officers

Our Compensation Committee. As of April 1, 2018, the Compensation Committee was composed of three independent, non-employee directors. The Compensation Committee oversees the Company's executive compensation and benefit plans and practices, including its incentive compensation and equity-based plans, and reviews and approves the Company's management succession plans. Specifically, the Compensation Committee determines the salaries and the performance measures and awards under the annual bonus incentive program for the Chief Executive Officer and other executive officers. The Compensation Committee also determines the amount and form of long-term incentive awards, which typically take the form of equity incentive grants, including shares of restricted stock under the 2016 Stock Incentive Plan, and stock appreciation rights (SARs) under the SARs Plan.

Engagement of Compensation Consultant. In 2016 and 2017, the Compensation Committee retained Mercer Human Resource Consulting (**Mercer**), a compensation consulting firm, to provide objective analysis, advice and information to the Compensation Committee, including competitive market data and recommendations related to CEO and other named executive officer compensation. Mercer reports to the Compensation Committee Chairman and has direct access to Compensation Committee members. In addition

16

to the advice described above, the Compensation Committee engaged Mercer to assist in designing the new LTIP Plan to enhance pay-for-performance alignment. In accordance with NASDAQ listing standards and SEC regulations, the Compensation Committee assessed the independence of Mercer and determined that it was independent from management and that Mercer's work has not raised any conflict of interest.

Mercer has attended Compensation Committee meetings at the Compensation Committee's request and has also met with the Compensation Committee in executive session without management present. In particular, the Compensation Committee worked with Mercer to structure performance-based annual and long-term incentive programs designed to retain the Company's executive management team and to motivate them to achieve goals that increase shareholder value. The Compensation Committee sought to ensure that its incentive plans properly align management incentive compensation targets with the performance targets most relevant to shareholders. The Compensation Committee also considered recent trends in executive compensation.

The aggregate amount of fees billed by Mercer for services related to designing the LTIP awards and determining compensation for the Company's named executive officers was equal to approximately \$37,000 for 2017.

Role of Named Executive Officers in Compensation Decisions: Input from Senior Management. The Compensation Committee considers input from senior management in making determinations regarding the overall executive compensation program and the individual compensation of the named executive officers. As part of the Company's annual planning process, the CEO and CFO develop targets for the Company's incentive compensation programs and present them to the Compensation Committee. These targets are reviewed by the Compensation Committee to ensure alignment with the Company's strategic and annual operating plans, taking into account the targeted year-over-year improvement as well as identified opportunities and risks. Based on performance appraisals, including an assessment of the achievement of pre-established financial and individual key performance indicators, the CEO recommends to the Compensation Committee cash and long-term incentive award levels for the Company's other executive officers. Each year, the CEO presents to the Compensation Committee his evaluation of each executive officer's contribution and performance over the past year, and strengths and development needs and actions for each of the executive officers. The Compensation Committee exercises its discretionary authority and makes the final decisions regarding the form of awards, targets, award opportunities and payout value of awards. No executive officer participates in discussions relating to his or her own compensation.

ELEMENTS OF OUR COMPENSATION PROGRAM FOR OUR NAMED EXECUTIVE OFFICERS

The following table details the elements of our compensation program which are designed to achieve our compensation objectives for the named executive officers:

Compensation Program Elements	Description	How This Element Promotes Company Objectives
Base Salary	Fixed annual compensation that provides ongoing income.	Intended to be competitive with marketplace.
Annual, Short-Term Cash Incentive Awards; Repayment or Claw-back Requirements	Opportunity to earn performance-based compensation if the Company achieves financial performance goals, and if the executive achieves individual key performance indicators (KPIs). For 2017, financial performance goals were based on the Company's Adjusted EBITDA and individual performance criteria. Any future awards are expected to include claw-back requirements.	Motivates and rewards achievement of annual corporate and personal objectives that build shareholder value. Repayment or claw-back requirements encourage executive retention.
At-Risk Equity Incentive Awards (Restricted Stock)	Opportunity to earn equity incentive awards based upon three-year financial performance vesting terms.	Promotes achievement of key multi-year corporate objectives; the vesting requirements of these incentive awards are designed to motivate executives to achieve goals that align the executive's interests with shareholders. Long-term vesting promotes executive retention.
Cash LTIP Awards	Opportunity to earn performance-based compensation if the Company achieves financial performance goals (Adjusted EBITDA) and superior Relative Total Shareholder Return (TSR) as compared to a pre-defined industry comparator group over three (3) year measurement period following date of grant.	Grant and vesting requirements of these long-term incentive awards are designed to motivate executives to achieve stretch goals that align the executive's interests with shareholders, based on financial performance and relative shareholder value creation over a 3-year period. Long term vesting also promotes executive retention.
Stock Appreciation Rights	An award of SARs represents the right to receive cash or shares of the Company based upon the appreciation of the fair market value of the stock price following the grant date.	More highly leveraged risk and reward alignment with shareholder value; service-based vesting promotes executive's retention.

Compensation Program Elements	Description	How This Element Promotes Company Objectives
Severance Payments and Benefits	Payments and benefits upon termination of an executive's employment in specified circumstances.	Intended to provide assurance of financial security to attract lateral hires and to retain executives, especially in disruptive circumstances, such as a change in control and leadership transitions.
Benefits	Health and welfare benefits.	Fair and competitive programs to provide family health care protection, facilitate recruitment and retention.
Perquisites	Limited personal benefits provided as an element of compensation, including a fixed perquisite allowance to NEOs.	Fair and competitive programs to facilitate recruitment and retention.

In setting policies and administering the compensation of named executive officers, the Compensation Committee reviews all elements of total compensation, benefits and perquisites. The Compensation Committee reviews reports and analyses of executive compensation in consultation with its outside consultant, including current practices and trends among peer companies and the advertising and marketing services industry.

2017 Base Salaries. The Compensation Committee reviews base salaries annually or at other times when appropriate.

In determining the amount of base salary that each NEO receives, the Compensation Committee reviews the executive's current compensation, time in position, any change in the executive's position or responsibilities and the relation of the executive's position and compensation to those of other executives within the Company and in similar positions at peer companies. Effective January 2017, the Committee determined to increase Mr. Ross' annual base salary to \$500,000 per year based upon his expanded scope of responsibilities on strategic initiatives.

2017 INCENTIVE AWARDS: FINANCIAL AND INDIVIDUAL PERFORMANCE METRICS

Pay-for-Performance Analysis; Achievement of 2017 Financial Targets. The Company's compensation program is designed to reward performance relative to corporate financial performance criteria and individual incentive criteria. The Company's overall financial performance for 2017 exceeded the financial targets established by the Compensation Committee.

Specifically, the Company's 2017 financial performance of Adjusted EBITDA exceeded the Company's baseline Adjusted EBITDA target (\$203.4 million). The Compensation Committee also determined that the Company achieved certain other financial and strategic goals in 2017, including deleveraging the Company's balance sheet through the successful completion of a capital markets transaction with Goldman Sachs for its \$95 million convertible preferred financing; a further significant reduction in corporate expenses; the successful launch of a new data analytics platform with Gale Partners and Zero & One; and the successful extension of partnership relationships with key founding partners at several operating agencies. The Compensation Committee's executive compensation decisions in 2017 aligned with this financial and operational performance.

Calculation of 2017 Annual Incentive Awards; Individual Performance Metrics. In 2017, each NEO was eligible to earn an annual incentive award in an amount equal to his base salary. In determining the 2017 annual incentive awards to be paid to each of the named executive officers, following the conclusion of fiscal 2017 the Compensation

Committee reviewed actual financial and individual performance relative to individual incentive criteria. The Company does not apply a formula or use a pre-determined weighting when comparing overall performance against the various individual objectives, and no single objective is material in determining individual awards. However, the Compensation Committee assessed each executive's individual

performance to determine the actual bonus incentive award payable to Mr. Kauffman and each named executive officer, including the following:

Scott Kauffman: For Mr. Kauffman, the Compensation Committee considered the Company's strong financial performance, as well as Mr. Kauffman's effective leadership role in implementing the Company's strategic and operating plans. Specifically, the Compensation Committee recognized that Mr. Kauffman successfully led the capital markets transaction with Goldman Sachs for its \$95 million investment in 2017, together with several strategic initiatives, including the launch of a new data analytics platform and the further reduction of corporate expenses. Mr. Kauffman therefore received an annual bonus for 2017 equal to \$1,200,000.

David Doft: Mr. Doft implemented significant corporate cost reductions and managed improvements to the Company's working capital processes in 2017, resulting in achievement by the Company of its cash management targets. In addition, Mr. Doft was instrumental in the successful capital markets transaction with Goldman Sachs. As a result, Mr. Doft received an annual cash bonus for 2017 equal to \$650,000.

Mitchell Gendel: Mr. Gendel effectively managed all legal matters for the Company, including the successful resolution of the SEC's ongoing investigation in 2017 and the settlement of other legal claims. In addition, Mr. Gendel effectively managed the Company's Human Resources department, leading negotiations for several new executive employment and termination agreements and a new health benefit plan; managed the Real Estate department, executing office lease efficiencies in several key markets; and assisted in the remediation of identified internal control issues as part of the Company's improved corporate governance practices. As a result, Mr. Gendel received an annual cash bonus for 2017 equal to \$550,000.

Robert Kantor: Mr. Kantor successfully led the Company's new business initiatives, and significantly surpassed targeted performance goals with several global account wins across the Company's agency network. As a result, Mr. Kantor received an annual cash bonus for 2017 equal to \$500,000.

David Ross: Mr. Ross successfully led the Company's corporate development initiatives, driving parts of a strategic plan that included launching the Company's data-at-the center offering, implementing long-term management retention incentives at several of the Company's key agencies, and divesting certain identified non-core assets. As a result, Mr. Ross received an annual cash bonus for 2017 equal to \$500,000.

2017 LTIP Equity Incentive Awards. In 2017, the Compensation Committee determined to award the CEO and each NEO restricted stock grants under the 2016 Stock Incentive Plan. Vesting for these awards is conditioned upon achievement of three (3) year financial performance targets and continued employment pursuant to the terms of an award agreement made under the Plan (the "2017 LTIP Equity Incentive Awards"). Pursuant to the terms of the 2017 LTIP Equity Incentive Awards, the shares of restricted stock granted to our NEOs will vest based upon the Company's level of achievement of Actual Cumulative EBITDA (calculated as described below) over the performance period commencing on January 1, 2017 and ending on December 31, 2019 (the "Performance Period").

In addition, in order to more closely align the interests of our NEOs with those of our shareholders by tying a portion of their compensation to the market value of our Class A Shares, the Committee determined to award each of the NEOs (other than Mr. Kauffman) an amount equal to approximately 20% of their LTIP incentive award in the form of stock appreciation rights (SARs). These SARs grants vest on the third anniversary of the grant date and expire on January 31, 2022, subject to continued employment through such date, and will reward management only to the extent that the underlying Class A shares of the Company appreciate above the exercise price on the date of grant.

For purposes of the foregoing LTIP restricted stock awards, EBITDA is defined as the Company's consolidated earnings before interest, taxes, depreciation and amortization, plus any non-cash charges for stock-based

compensation which were deducted in the calculation of EBITDA. Actual Cumulative EBITDA is defined as the sum of the Company's actual annual EBITDA for the Company's 2017, 2018 and 2019 fiscal years, as determined by the Compensation Committee. Cumulative EBITDA Target is defined as the sum of the EBITDA targets as set forth in the Company's annual budget for each of the Company's 2017, 2018 and 2019 fiscal years, in each case as determined by the Compensation Committee at the beginning of each such fiscal year.

The Compensation Committee chose EBITDA as the financial performance measure under the 2017 LTIP restricted stock awards because it is a key indicator of Company profitability.

On January 31, 2017, the Company issued LTIP Equity Incentive Awards to each of the NEOs in the following target amounts: Scott Kauffman 300,000 shares; David Doft 80,000 shares; Mitchell Gendel 80,000 shares; Robert Kantor 70,000 shares; and David Ross 70,000 shares. Each of the foregoing 2017 LTIP Equity Incentive Awards will vest on March 1, 2020, based on the Company's Actual Cumulative EBITDA as described above. The Compensation Committee sets the EBITDA target for each of 2017, 2018 and 2019 at the beginning of each applicable year at levels the Compensation Committee believes are challenging but reasonably achievable. Under FASB ASC Topic 718, these restricted stock awards do not yet have an established grant date or grant date fair value because the financial performance target, the Cumulative EBITDA Target, is not yet established. As there is not yet a grant date under FASB ASC Topic 718, in accordance with the SEC's disclosure rules, amounts relating to these awards are not included in the Summary Compensation Table or the Grants of Plan-Based Awards in Fiscal Year 2017 table.

In addition, on January 31, 2017, the Company granted SARs awards to the NEOs other than Mr. Kauffman in respect of a number of our Class A Shares as follows: Mr. Doft 50,000 shares; Mr. Gendel 50,000 shares; Mr. Kantor 43,000 shares; and Mr. Ross 43,000 shares.

Partial Payout Under 2015 Cash LTIP Awards. In January 2015, the Committee granted to each of the NEOs (other than Mr. Kauffman) awards under the Company's 2014 Long-Term Cash Incentive Plan, with a target value equal to \$250,000. These grants vested at the end of the applicable three (3) year measuring period on December 31, 2017. The financial performance criteria were based on the following two specific metrics that are each given 50% weight: (i) three (3) year cumulative EBITDA growth as measured against the approved annual EBITDA targets for such period; and (ii) relative total shareholder return (TSR) based on share price appreciation and dividends as compared to a pre-defined comparator group over the same three (3) year period. The Company failed to achieve the 3-year TSR target for these awards, but the Company did achieve a portion of the 3-year cumulative EBITDA of \$580.1 million, or approximately 94% of the 3-year cumulative EBITDA target. Accordingly, the Company made a partial payment to each of the NEOs (other than Mr. Kauffman) in March 2018 in an amount equal to \$117,664 in respect of the 2015 Cash LTIP Awards.

Stock Ownership Guidelines. The Company's stock ownership guidelines require that each named executive officer own a significant equity stake in the Company during their employment. The Compensation Committee believes that stock ownership by senior managers strengthens their commitment to the future of the Company and further aligns their interests with those of our shareholders. The Board has adopted the following stock ownership guidelines: Chief Executive Officer and Chief Financial Officer to own stock with a value of at least four (4) times his base salary; and each other named executive officer, at least three (3) times their base salary. An executive must reach his target ownership level within four years after becoming subject to the stock ownership guidelines. As of December 31, 2017, the CEO and all other named executive officers were in full compliance with the Company's stock ownership guidelines.

Prohibition of Pledging or Hedging of the Company's Stock. The Board has adopted policies to prohibit any pledge or hedging of the Company's stock by officers and directors of the Company. Currently, no stock is pledged or hedged by any of the Company's directors or officers.

Employment Agreements. The Company has employment or services agreements with the CEO and all of the other named executive officers. These agreements formalize the terms of the employment relationship, and assure the executive of fair treatment during employment and in the event of termination while requiring compliance with restrictive covenants. Employment agreements promote complete documentation and understanding of employment terms, including strong protections for our business.

Claw-back Agreements. In connection with the payment of cash incentive amounts to the CEO and each of the other named executive officers in respect of 2017, the Company required that each agree in writing to repay the Company a pro rata portion of his cash incentive payment if he resigned his employment or his employment was terminated for cause prior to December 31, 2019. These agreements also encourage long term retention of key executives by the Company.

Business Protection Terms. The Company's named executive officers are subject to significant contractual restrictions intended to prevent actions that potentially could harm our business, particularly after termination of employment. These business protections include obligations not to solicit clients or employees, not to disparage us, not to reveal confidential information, and to cooperate with us in litigation. Business protection provisions are included in employment agreements and in connection with compliance with the Company's Code of Conduct.

Equity Award Grant Policies. The Board of Directors and the Compensation Committee have adopted policies and procedures governing the granting of any equity incentive awards, including the following:

Equity incentive awards granted to executive officers must be approved by the Compensation Committee or the full Board of Directors, and be made at quarterly in-person meetings and not be made via unanimous written consent. An attorney (who may be an employee of the Company) must be present at each such Compensation Committee or Board meeting.

If grants are required to be awarded in connection with hiring new employees in between quarterly Compensation Committee meetings, such grants may be approved at a special meeting, which may be telephonic or in-person.

Options, SARs and other equity incentive awards must be priced at the closing price on the date immediately prior to the date of the Compensation Committee meeting at which the grant is approved.

Comparator Companies. In determining compensation opportunities and payments to executives, the Compensation Committee may, from time to time, review competitive opportunities, payments, practices and performance among a comparator group of companies. Although we do not engage in formal benchmarking of NEO compensation, we intend that, if our named executive officers achieve individual and financial corporate objectives in a given year, they will earn total direct compensation that compares favorably with the total direct compensation earned by executives performing similar functions at comparator companies.

Retirement Programs. The Company offers each U.S.-based executive the opportunity to make individual contributions to a broad-based 401(k) Plan administered by the Company and generally available to the Company's U.S. employees. However, the Company does not make or match any employee contributions to the 401(k) Plan for the Company's employees. The Company does not provide any other specific retirement or pension benefits for its named executive officers.

Severance Policies. We provide severance protection to our named executive officers in employment agreements, as detailed below under the caption Potential Payments upon Termination or Change-In-Control. As discussed above, this protection is designed to be fair and competitive to aid in attracting and retaining experienced executives. We believe that the protection we provide, including the level of severance payments and post-termination benefits, is appropriate.

Section 162(m). Pursuant to Section 162(m), publicly-held corporations are prohibited from deducting compensation paid to the named executive officers except the Chief Financial Officer, as of the end of the fiscal year, in excess of \$1 million, unless the compensation is performance-based. Although the Compensation Committee considers the impact of Section 162(m) when making its compensation determinations, the Compensation Committee has determined that its need for flexibility in designing an effective compensation plan to meet our objectives and to respond quickly to marketplace needs has outweighed its need to maximize the deductibility of its annual compensation. The Compensation Committee reviews this policy from time to time.

As used in this Proxy Statement:

Adjusted EBITDA is a non-U.S. GAAP measure that represents operating income (loss) plus depreciation and amortization, stock-based compensation, deferred acquisition consideration adjustments, distributions from non-consolidated affiliates, and other items, adjusted for certain items at the discretion of the Compensation

Committee. A reconciliation of Adjusted EBITDA to the U.S. GAAP reported results of operations for the year ended December 31, 2017 is provided in the Annex to this proxy statement.

also entitled to participate in the retirement plans and benefits in accordance with the plans or practices of the Company made available to the senior executives of the Company. The employment agreement also provides for severance payments if Mr. Ross's employment is terminated under certain circumstances. The amount and circumstances giving rise to these severance payments are discussed in further detail under the heading Potential Payments Upon Termination or Change in Control.

2017 LTIP Equity Incentive Awards

On January 31, 2017, the Company issued LTIP Equity Incentive Awards to each of the NEOs in the following target amounts: Scott Kauffman 300,000 shares; David Doft 80,000 shares; Mitchell Gendel 80,000 shares; Robert Kantor 70,000 shares; and David Ross 70,000 shares. Each of the foregoing 2017 LTIP Equity Incentive Awards will vest on March 1, 2020, based on the Company's Actual Cumulative EBITDA as described above. The Compensation Committee sets the EBITDA target for each of 2017, 2018 and 2019 at the beginning of each applicable year at levels the Compensation Committee believes are challenging but reasonably achievable. Under FASB ASC Topic 718, these restricted stock awards do not yet have an established grant date or grant date fair value because the financial performance target, the Cumulative EBITDA Target, is not yet established. As there is not yet a grant date under FASB ASC Topic 718, in accordance with the SEC's disclosure rules, amounts relating to these awards are not included in the Summary Compensation Table or the Grants of Plan-Based Awards in Fiscal Year 2017 table.

In addition, the Committee determined to award each of the NEOs (other than Mr. Kauffman) an amount equal to approximately 20% of their LTIP incentive award in the form stock appreciation rights (SARS). As such, SARS awards were granted in respect of the following numbers of our Class A shares: David Doft 50,000 shares; Mitchell Gendel 50,000 shares; Robert Kantor 43,000 shares; and David Ross 43,000 shares. These grants vest on the third anniversary of the grant date and expire on January 31, 2022, and will reward management only to the extent that the underlying Class A shares of the Company appreciate above the exercise price on the date of grant. These SARS may be settled upon exercise in cash or stock at the option of the Company.

PENSION BENEFITS IN 2017

We do not provide our NEOs with any defined benefit pension arrangements.

NON-QUALIFIED DEFERRED COMPENSATION IN 2017

We do not maintain any non-qualified deferred compensation plans for our NEOs.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We have entered into employment agreements with each of our named executive officers. Under these agreements, we are required to pay severance benefits in connection with specified terminations of employment, including specified terminations in connection with a change in control of the Company. The employment agreements for each NEO and other executives require a double trigger for any change in control severance payments. In addition, some of our equity incentive plans provide for the accelerated payment or vesting of awards in connection with specified terminations of employment or a change in control of the Company. The following is a description of the severance, termination and change in control benefits payable to each of our named executive officers pursuant to their respective employment agreements and our equity incentive plans.

Definitions of terms such as change in control or for good reason vary between agreements, so when a definition is particular to an agreement, it is described for that agreement. For all named executive officers, a change of control means the closing of a transaction which results in (1) any person(s) or company(ies) acting jointly or in concert owning equity of the Company representing greater than 50% of the voting power of the Company's outstanding securities, or (2) the Company selling all or substantially all of its assets (in each instance other than any transfer by the Company or any of its affiliates of their respective interest in the Company to another wholly-owned subsidiary of another MDC Group company).

Scott L. Kauffman

Pursuant to his employment agreement, if MDC terminated Mr. Kauffman's employment in 2017 without cause, or if Mr. Kauffman terminated his employment for good reason, then MDC was required to pay Mr. Kauffman a severance payment within 60 days of the date of termination of 1.5 times Mr. Kauffman's then-current base salary plus the amount of his annual discretionary bonus paid or accrued in respect of the year immediately preceding the termination date. If Mr. Kauffman's employment had terminated under these circumstances on December 29, 2017, which was the last business day of 2017, the aggregate cash payment due to him under the agreement would have been \$1,800,000. As of December 29, 2017, Mr. Kauffman had 298,469 unvested restricted stock grants that would vest on termination of his employment agreement, with a fair value equal to \$2,910,070. In the event of termination of Mr. Kauffman's employment agreement following a change of control as of December 29, 2017, a total of 545,918 unvested restricted stock grants would fully vest, with a fair value equal to \$5,322,701.

If Mr. Kauffman's employment is terminated within one year following the closing of a change in control by MDC without cause, or by Mr. Kauffman for good reason, then Mr. Kauffman will be entitled to the same severance payments set forth above. In addition, in the event of a change of control, the Compensation Committee may in its sole discretion determine to make an additional payment to Mr. Kauffman. If there had been a change in control of MDC Partners on December 29, 2017 and Mr. Kauffman's employment terminated in connection with that change in control, the aggregate cash severance payment MDC would have paid him under the contract would be \$3,000,000.

David Doft

Pursuant to his employment agreement, if MDC terminates Mr. Doft's employment without cause, Mr. Doft terminates his employment for good reason, or the company gives a notice of non-renewal of the agreement, then MDC is required to pay Mr. Doft a severance payment within 10 days of the date of termination of one (1) times Mr. Doft's total remuneration, plus an amount equal to two (2) months base salary for each calendar year in which he was employed by the Company, up to a maximum of six (6) months. Total remuneration means the sum of his current base

salary, his perquisite allowance, plus the highest annual discretionary cash bonus he earned in the three years ending December 31 of the year immediately preceding the date of termination. If Mr. Doft's employment had terminated under these circumstances on December 29, 2017, the aggregate cash payment due to him under the agreement would have been \$1,571,375. Furthermore, Mr. Doft will also be allowed to continue participating for one year after termination on the same basis as before he was terminated in all benefit plans and, to the extent permitted under law, also in all retirement plans, provided however, that if Mr. Doft becomes entitled to receive coverage and benefits in the same type of plan from another employer, he will no longer be able to participate in these benefit and retirement plans. We will be obligated to pay him the economic equivalent of the benefits

in these plans if Mr. Doft is unable to participate in the plans. The aggregate amount of this benefit would have been approximately \$22,154 if Mr. Doft's employment had terminated as of December 29, 2017. As of December 29, 2017, Mr. Doft had 53,332 unvested restricted stock grants that would vest on termination of his employment agreement, with a fair value equal to \$520,000. In the event of termination of Mr. Doft's employment agreement following a change of control as of December 29, 2017, a total of (i) 120,000 unvested restricted stock grants would fully vest, with a fair value equal to \$1,170,000, plus (ii) 50,000 SARs would fully vest, with a fair value equal to \$157,500.

If Mr. Doft's employment is terminated without cause by the company within one year following the closing of a change in control, by Mr. Doft for good reason, or by the company giving a notice of non-renewal of the agreement, then Mr. Doft will be entitled to a payment of 2.0 times his total remuneration. He will also be eligible to receive a pro rata portion of his annual discretionary cash bonus for the year in which his employment terminates. If there had been a change in control of MDC Partners on December 29, 2017 and Mr. Doft's employment terminated in connection with that change in control, the aggregate cash severance payment MDC would have paid him under the contract would be \$2,492,750. Furthermore, Mr. Doft will also be allowed to continue participating for one year after termination on the same basis as before he was terminated in all benefit plans. We will be obligated to pay him the economic equivalent of the benefits in these plans if Mr. Doft is unable to participate in the plans. The aggregate amount of this benefit would have been approximately \$22,785 if Mr. Doft's employment had terminated as of December 29, 2017.

Mitchell Gendel

Pursuant to his employment agreement, if MDC terminates Mr. Gendel's employment without cause, Mr. Gendel terminates his employment for good reason, or the Company gives a notice of non-renewal of the agreement, then MDC is required to pay Mr. Gendel a severance payment within 10 days of the date of termination of one (1) times Mr. Gendel's total remuneration, plus an amount equal to six (6) months' base salary. Total remuneration means the sum of his current base salary, his perquisite allowance, plus the highest annual discretionary cash bonus he earned in the three years ending December 31 of the year immediately preceding the date of termination. If Mr. Gendel's employment had terminated under these circumstances on December 29, 2017, the aggregate cash payment due to him under the agreement would have been \$1,416,375. Furthermore, Mr. Gendel will also be allowed to continue participating for one year after termination on the same basis as before he was terminated in all benefit plans and, to the extent permitted under law, also in all retirement plans, provided, however, that if Mr. Gendel becomes entitled to receive coverage and benefits in the same type of plan from another employer, he will no longer be able to participate in these benefit and retirement plans. We will be obligated to pay him the economic equivalent of the benefits in these plans if Mr. Gendel is unable to participate in the plans. The aggregate amount of this benefit would have been approximately \$24,576 if Mr. Gendel's employment had terminated as of December 29, 2017. As of December 29, 2017, Mr. Gendel had 53,332 unvested restricted stock grants that would vest on termination of his employment agreement, with a fair value equal to \$520,000. In the event of termination of Mr. Gendel's employment agreement following a change of control as of December 29, 2017, a total of (i) 120,000 unvested restricted stock grants would fully vest, with a fair value equal to \$1,170,000, plus (ii) 50,000 SARs would fully vest, with a fair value equal to \$157,500.

If Mr. Gendel's employment is terminated within one year following the closing of a change in control by the company without cause, by Mr. Gendel for good reason, or by the company giving a notice of non-renewal of the agreement, then Mr. Gendel will be entitled to a payment of two (2) times his total remuneration. He will also be eligible to receive a pro-rata portion of his annual discretionary cash bonus for the year in which his employment terminates. If there had been a change in control of MDC Partners on December 29, 2017 and Mr. Gendel's employment terminated in connection with that change in control, the aggregate cash severance payment MDC would have paid him under the contract would be \$2,282,750. Furthermore, Mr. Gendel will also be allowed to continue participating for one year after termination on the same basis as before he was terminated in all benefit plans. We will be obligated to pay him

the economic equivalent of the benefits in these plans if Mr. Gendel is unable to participate in the plans. The aggregate amount of this benefit would have been approximately \$25,207 if Mr. Gendel's employment had terminated as of December 29, 2017.

Robert Kantor

Pursuant to his employment agreement, if MDC terminates Mr. Kantor's employment without cause, then MDC is required to pay Mr. Kantor a severance payment over the applicable twelve (12) month severance period, equal to one (1) times Mr. Kantor's base salary. If Mr. Kantor's employment had terminated under these circumstances on December 29, 2017, the aggregate cash payment due to him under the agreement would have been \$500,000. As of December 29, 2017, Mr. Kantor had 43,333 unvested restricted stock grants that would vest on termination of his employment agreement, with a fair value equal to \$422,500. In the event of termination of Mr. Kantor's employment agreement following a change of control as of December 29, 2017, a total of (i) 100,000 unvested restricted stock grants would fully vest, with a fair value equal to \$975,000, plus (ii) 43,000 SARs would fully vest, with a fair value equal to \$135,450.

If Mr. Kantor's employment is terminated within one year following the closing of a change in control by the company without cause, then Mr. Kantor will be entitled to a payment of two (2) times his total remuneration. Total remuneration means the sum of his current base salary, plus the highest annual discretionary cash bonus he earned in the three years ending December 31 of the year immediately preceding the date of termination. He will also be eligible to receive a pro-rata portion of his annual discretionary cash bonus for the year in which his employment terminates.

If there had been a change in control of MDC Partners on December 29, 2017 and Mr. Kantor's employment terminated in connection with that change in control, the aggregate cash severance payment MDC would have paid him under the contract would be \$2,200,000.

David Ross

Pursuant to his employment agreement, if MDC terminates Mr. Ross's employment without cause, or Mr. Ross terminates his employment for good reason, then MDC is required to pay Mr. Ross a severance payment within 10 days of the date of termination of one (1) times Mr. Ross's total remuneration. Total remuneration means the sum of his then-current base salary plus the highest annual discretionary cash bonus he earned in the three years ending December 31 of the year immediately preceding the date of termination. If Mr. Ross's employment had terminated under these circumstances on December 29, 2017, the aggregate cash payment due to him under the agreement would have been \$958,000. Furthermore, Mr. Ross will also be allowed to continue participating for one year after termination on the same basis as before he was terminated in all benefit plans and, to the extent permitted under law, also in all retirement plans, provided, however, that if Mr. Ross becomes entitled to receive coverage and benefits in the same type of plan from another employer, he will no longer be able to participate in these benefit and retirement plans. We will be obligated to pay him the economic equivalent of the benefits in these plans if Mr. Ross is unable to participate in the plans. The aggregate amount of this benefit would have been approximately \$22,785 if Mr. Ross's employment had terminated as of December 29, 2017. As of December 29, 2017, Mr. Ross had 43,333 unvested restricted stock grants that would vest on termination of his employment agreement, with a fair value equal to \$422,500. In the event of termination of Mr. Ross's employment agreement following a change of control as of December 29, 2017, a total of (i) 100,000 unvested restricted stock grants would fully vest, with a fair value equal to \$975,000, plus (ii) 43,000 SARs would fully vest, with a fair value equal to \$135,450.

If Mr. Ross's employment is terminated within one year following the closing of a change in control by the company without cause, or by Mr. Ross for good reason, then Mr. Ross will be entitled to a payment of two (2) times his total remuneration. He will also be eligible to receive a pro-rata portion of his annual discretionary cash bonus for the year in which his employment terminates. If there had been a change in control of MDC Partners on December 29, 2017 and Mr. Ross's employment terminated in connection with that change in control, the aggregate cash severance payment MDC would have paid him under the contract would be \$1,916,000. Furthermore, Mr. Ross will also be allowed to continue participating for one year after termination on the same basis as before he was terminated in all

benefit plans. We will be obligated to pay him the economic equivalent of the benefits in these plans if Mr. Ross is unable to participate in the plans. The aggregate amount of this benefit would have been approximately \$22,785 if Mr. Ross's employment had terminated as of December 29, 2017.

CEO Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K (**Item 402(u)**), the Company is providing the following reasonable estimate of the ratio of the median of the annual base salary compensation of all of our employees (except Scott L. Kauffman, our Chairman and Chief Executive Officer (CEO)), to the annual total compensation of Mr. Kauffman, calculated in a manner consistent with Item 402(u). For 2017, our last completed fiscal year:

The median of the annual base salary compensation of all of our employees, excluding our CEO, was \$80,300. The annual total compensation of our CEO was \$2,409,953, as disclosed in the Summary Compensation Total above.

Based on this information, the ratio of the annual total compensation of our CEO to the median of the annual base salary compensation of all of our employees except our CEO was approximately 30:1. The ratio of the annual base salary compensation of our CEO to the median of the annual base salary compensation of all of our employees except our CEO was approximately 15:1.

We determined that, as of December 31, 2017, our employee population consisted of approximately 5,500 individuals.

To identify our median employee from this employee population, we obtained from our internal compensation system base salary amounts for 2017 with respect to each employee in the employee population at the Company and its affiliates. We believe this consistently applied compensation measure reasonably reflects annual compensation across our employee base. Base salary amounts for employees located outside the United States and compensated in currencies other than U.S. dollars were converted to U.S. dollars based on the foreign exchange rates as of December 31, 2017. We annualized the base salary amounts for any permanent employees in the employee population who were employed by us for less than the full fiscal year. We then ranked the resulting base salaries for all the employees in the employee population other than our CEO to determine our median employee.

Management advised the Audit Committee that all financial statements were prepared in accordance with GAAP, and the Audit Committee discussed the statements with both management and the outside auditors.

With respect to MDC Partners' outside auditors, the Audit Committee, among other things, discussed with BDO USA, LLP matters relating to its independence, and received from BDO USA, LLP written disclosures and a letter from BDO USA, LLP as required by the applicable requirements of the Public Company Accounting Oversight Board. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by PCAOB Standards Section No. 1301, *Communications with Audit Committee*, as amended, which includes, among other items, matters related to the conduct of the annual audit of MDC Partners' financial statements.

On the basis of their reviews and discussions, the Audit Committee recommended to the Board that the Board approve (and the Board has approved) the inclusion of MDC Partners' audited financial statements in MDC Partners' Annual Report on Form 10-K for the fiscal year ended December 31, 2017, for filing with the Securities and Exchange Commission and the Canadian Securities Administrators.

Effective April 2006, the Company engaged BDO USA, LLP as its independent registered public accounting firm. The decision to engage BDO USA, LLP was made by the Audit Committee of the Board of Directors and the Board of Directors of the Company. The Committee and the Board have also approved, and submitted for shareholder approval, the selection of BDO USA, LLP as MDC Partners' independent auditors for the fiscal year ending December 31, 2018.

The Audit Committee's current charter is appended to this Circular as Exhibit A.

ITEM 3 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The guiding principles of the Company's compensation policies and decisions include aligning each executive's compensation with our business strategy and the interests of our shareholders and providing incentives needed to attract, motivate and retain key executives who are important to our long-term success. Consistent with this philosophy, a significant portion of the total incentive compensation for each of our executives is directly related to the Company's earnings and to other performance factors that measure our progress against the goals of our strategic and operating plans, as well as performance against our peers.

Shareholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, as well as the Summary Compensation Table and other related compensation tables and narrative, which discuss how our compensation design and practices reflect our compensation philosophy. The Compensation Committee and the Board of Directors believe that our compensation design and practices are effective in implementing our guiding principles.

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), and as a matter of good corporate governance, we are asking shareholders to approve the following advisory resolution at the 2018 Annual Meeting of Shareholders:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion contained in this Proxy Statement, is hereby APPROVED.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Board of Directors and the Compensation Committee value the opinions of our shareholders and will review and consider the voting results when making future decisions regarding our executive compensation program.

ITEM 4 AMENDMENT TO THE 2016 STOCK INCENTIVE PLAN

Background

The Company has established a stock incentive plan (the **2016 Incentive Plan**) to promote the interests of MDC Partners and its shareholders by providing incentives to the non-employee directors and employees of MDC Partners and its subsidiaries who are largely responsible for the management, growth and protection of the business of the Company. The 2016 Incentive Plan currently authorizes the issuance of awards with respect to 1,500,000 shares of MDC Partners Class A Subordinate Voting Shares or any other security into which such shares shall be changed (Shares). This amount currently represents approximately 2.5% of the Company's issued and outstanding shares. MDC Partners will not provide any financial assistance to participants under the 2016 Incentive Plan.

Eligible Participants and Types of Awards

The 2016 Incentive Plan provides for the grant to non-employee directors and employees of the Company and, at the discretion of any of the foregoing persons of non-qualified stock options (Options), tandem and stand-alone stock appreciation rights (SARs) and restricted stock and other stock-based awards (collectively referred to herein as Incentive Awards). Incentive Awards may be settled in cash or in Shares. Approximately 6,000 persons are currently eligible to participate in the 2016 Incentive Plan.

Shares Available for Awards and Award Limitations

Shares issued under the 2016 Incentive Plan may be either authorized and unissued Shares or treasury Shares. In addition to the limit on the aggregate number of Shares that are authorized to be issued pursuant to the 2016 Incentive Plan described above, the maximum number of Shares that may be covered by Incentive Awards granted to any single participant in the 2016 Incentive Plan (a Participant) in any fiscal year shall not exceed 300,000 Shares (representing significantly less than 1% of the current issued and outstanding Shares of the Company), prorated on a daily basis for any fiscal year that is shorter than 365 days, and the aggregate equity awards that may be issued under the 2016 Incentive Plan to executive officers in a given fiscal year may not exceed 2% of the Company's issued and outstanding Shares. In addition, each independent Director shall not receive Incentive Awards (including option grants) with a current market value in excess of \$150,000 or option grants with a current market value in excess of \$100,000 in any given fiscal year. There are no other limits on the number of Shares that may be granted under the 2016 Incentive Plan.

Minimum Vesting Period of One (1) Year for all Incentive Awards

In no event shall any new Incentive Award granted under the 2016 Stock Incentive Plan vest or otherwise become payable earlier than one (1) year following the date on which it is granted, other than upon the occurrence of a permitted acceleration event.

Effect of Change in Control

Any new Incentive Award granted under the 2016 Stock Incentive Plan that is subject to time-based vesting terms and

conditions shall not become fully and immediately vested and exercisable solely as a result of the occurrence of a change of control, absent a termination of employment without cause or for good reason following any such change of control. In addition, any new Incentive Award granted under the 2016 Stock Incentive Plan that is subject to performance-based vesting terms and conditions shall not become fully and immediately vested and exercisable solely as a result of the occurrence of change of control, absent a termination of employment without cause or for good reason following any such change of control and shall be adjusted on a pro-rata basis as determined by the Committee.

Prohibition on Substitutions and Repricing

In no event will any new Incentive Awards be issued in substitution for outstanding Incentive Awards previously granted to Participants, and no repricing of Incentive Awards is permitted at any time under any circumstances, unless the shareholders of the Company expressly approve such substitution or repricing.

Administration

The 2016 Incentive Plan is administered by the Human Resources & Compensation Committee of the Company's Board, or such other committee as the Board shall appoint from time to time (the Committee).

The Committee shall from time to time designate those persons who shall be granted Incentive Awards and the amount, type and other terms and conditions of such Incentive Awards.

The significant features of the Incentive Awards are summarized below:

Options. Each Option shall entitle the holder thereof to purchase a specified number of Shares. The exercise price of each Option will be at least equal to 100% of the fair market value of a Share on the date on which the Option is granted. Fair Market Value means, as of the applicable date of determination, the closing sales price on the immediately preceding business day of Class A Subordinate Voting Shares as reported on the principal securities exchange on which such shares are then listed or admitted to trading. Options will have terms that do not exceed ten years and will have vesting periods of at least one year, except that vesting may occur in less than one year in the event that performance conditions attached to the Option (or with respect to other Incentive Awards) are satisfied, there is a Change in Control of the Company (as defined in the 2016 Incentive Plan), an increase or decrease in the number of issued Shares resulting from a subdivision or consolidation or the payment of a stock dividend on the Class A Subordinate Voting Shares or any other increase or decrease in the number of such Shares effected without receipt or payment of consideration by the Company, a merger, consolidation, dissolution or liquidation of MDC Partners, or there is a termination of the employment of a Participant other than for cause or voluntary resignation prior to retirement (Permitted Acceleration Events). Each Option shall be subject to earlier termination, expiration or cancellation as provided in the 2016 Incentive Plan or in the agreement evidencing such Option.

Tandem Stock Appreciation Rights. The Human Resources & Compensation Committee of the Company's Board, or such other committee as the Board shall appoint from time to time (the Committee), which administers the 2016 Incentive Plan, may grant, in connection with any Option, a tandem SAR (Tandem SAR). The exercise price per Share of any Tandem SAR will be at least 100% of the fair market value of a Share on the date on which the Tandem SAR is granted, except that the exercise price of a Tandem SAR that is granted after the grant of the related Option may be less than such amount if it is at least equal to the exercise price of the related Option. In general, the exercise of a Tandem SAR by a Participant entitles the Participant to an amount (in cash, Shares or a combination of cash and Shares), with respect to each Share subject thereto, equal to the excess of the fair market value of a Share on the exercise date over the exercise price of the Tandem SAR. The exercise of a Tandem SAR with respect to a number of Shares causes the cancellation of its related Option with respect to an equal number of Shares, and the exercise, cancellation or expiration of an Option with respect to a number of Shares causes the cancellation of its related Tandem SAR with respect to an equal number of Shares.

Stand-Alone Stock Appreciation Rights. The Committee may grant SARs that do not relate to Options (Stand-Alone SARs). The exercise price per Share of any Stand-Alone SAR will be at least 100% of the fair market value of a Share on the date on which the Stand-Alone SAR is granted. In general, the exercise of a Stand-Alone SAR by a Participant entitles the Participant to an amount (in cash, Shares or a combination of cash and Shares), with respect to each Share subject thereto, equal to the excess of the fair market value of a Share on the exercise date over the exercise price of the Stand-Alone SAR.

Other Stock Based Awards. The Committee may grant equity-based or equity-related Incentive Awards other than Options and SARs in such amounts and subject to such terms and conditions as the Committee determines. Each such Incentive Award may (i) involve the transfer of actual Shares, either at the time of grant or thereafter, or payment in cash or otherwise of amounts based on the value of Shares, (ii) be subject to performance-based and/or service-based conditions and (iii) be in the form of phantom stock, restricted stock, restricted stock units, performance shares, or share-denominated performance units. No such Incentive Award will vest or otherwise become payable earlier than three years following the date on which it is granted, other than upon the occurrence of a Permitted Acceleration Event.

Options and SARs may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant.

Amendments to the 2016 Incentive Plan

The Board may at any time suspend or discontinue the 2016 Incentive Plan or revise or amend it in any respect whatsoever, except that, in general, no revision or amendment may, without the approval of shareholders of the Company, (i) increase the number of Shares that may be issued under the Plan or (ii) materially modify the requirements as to eligibility for participation in the 2016 Incentive Plan. No action may, without the consent of the Participant, reduce the Participant's rights under any previously granted and outstanding Incentive Award.

As of April 15, 2018, the aggregate number of Shares remaining available under the 2016 Incentive Plan is 72,297. To allow for more room in the option pool and to align the interests of non-employee directors and employees with the long-term interests of the Company, the Board recommends, subject to shareholder approval, that the 2016 Incentive Plan be amended to increase the maximum number of Shares that may be issued under the 2016 Incentive Plan from 1,500,000 to 2,750,000. The additional 1,250,000 share increase represents approximately 2% of the Company's issued and outstanding shares.

U.S. Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to the Company and to participants upon the grant and exercise of Incentive Awards under the Plan under the now applicable provisions of the Code and the regulations thereunder.

Tax Consequences to a Participant. In general, a participant will not be deemed to receive any income nor will he be taxed upon grant of an Option or SAR. Generally, a participant will have ordinary income upon exercise of an Option in an amount equal to the excess of the fair market value on the date of exercise of the shares purchased over the exercise price paid upon exercise. A participant generally will not recognize income at the time a restricted stock award is granted. When the restrictions lapse and the stock vests, the participant will recognize ordinary income equal to the fair market value of the common stock as of that date (less the amount he or she paid for the stock, if any). A participant may make a special election under Section 83(b) of the Code to be taxed on restricted stock at the time of grant, in which case subsequent appreciation will be taxable at capital gains rates. A participant generally will not recognize income upon grant of the restricted stock unit. Upon issuance of cash or shares of common stock in settlement of a restricted stock unit award, the participant will recognize ordinary income equal to the fair market value of the common stock underlying such award as of that date.

If the participant surrenders previously-owned shares in payment of any or all of the exercise price of an Option, the shares received upon exercise of such Option equal in number to the previously-owned shares so surrendered would have the tax basis and capital gain holding period applicable to such surrendered shares. The additional shares received upon exercise would have a tax basis equal to the amount taxable as ordinary income upon such exercise (as described in the immediately preceding paragraph) plus the cash paid on exercise (if any) and a new capital gain holding period commencing on the date following the date of exercise.

Tax Consequences to the Company. As a general matter, the Company or an affiliate of the Company that employs a participant will be entitled to take a deduction in an amount equal to the amount of ordinary income recognized by the participant at the time the participant recognizes ordinary income in respect of Incentive Awards. For example, with respect to an Option or SAR, the grant and vesting do not have tax consequences to the Company. The Company or an affiliate of the Company that employs a participant generally will be entitled to a federal income tax deduction in an amount equal to the amount of compensation income, taxable as ordinary income, recognized by the participant as a result of the exercise of an Option or SAR in the year of recognition by the participant, subject to any applicable limitations under Section 162(m) of the Internal Revenue Code.

The Resolution

The resolution approving the above-noted amendment to the 2016 Incentive Plan requires a simple majority of the votes cast at the Meeting, excluding votes of insiders of the Company who are entitled to participate in the Plan and their associates. The Board therefore seeks your approval and support for the following resolution:

RESOLVED:

THAT the reference to 1,500,000 Class A Shares in the first paragraph of Section 3(a) of the 2016 Stock Incentive Plan of the Company be deleted and replaced with 2,750,000 Class A Shares ; and

THAT any director or executive officer of the Company be and is hereby authorized to notify and/or to seek approval of The Toronto Stock Exchange Inc. and NASDAQ if required, of the approval of the above-noted amendments to the 2016 Stock Incentive Plan and to do all such acts and things and to execute and file such other documents, whether under the corporate seal of the Company or otherwise, that may be necessary or desirable to give effect to this resolution.

In carrying out its duties and responsibilities, the Committee's policies and procedures should remain flexible, so that it may be in a position to best react or respond to changing circumstances or conditions. While there is no blueprint to be followed by the Committee in carrying out its duties and responsibilities, the following should be considered within the authority of the Committee (it being understood that the Committee may diverge from such matters as considered appropriate given the circumstances):

Selection and Evaluation of Auditors

- (a) Select the firm of independent public accountants to audit the books and accounts of the Corporation and its subsidiaries for each fiscal year;
- (b) Annually review and approve the terms of engagement and approve the remuneration of Corporation's independent auditor; and

- (b) Pre-approve all audit and permitted non-audit services to be provided by the independent auditor. The Committee may approve policies and procedures for the pre-approval of services to be rendered by the independent auditor, which policies and procedures are detailed as to the particular service. All non-audit services to be provided to the Corporation or any of its subsidiaries by the independent auditor or any of its subsidiaries which are not covered by pre-approval policies and procedures approved by the Committee shall be subject to pre-approval by the Committee; and
- (c) Resolve all disagreements between management and the independent auditor regarding financial reporting.

Annually or more frequently as required, discuss with management the types of financial and operational information and earnings guidance to be disclosed to credit rating agencies that are subject to confidentiality

CORPORATE GOVERNANCE

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

(CANADIAN NATIONAL INSTRUMENT 58-101)

The directors of MDC Partners Inc. consider good corporate governance to be central to the effective and efficient operation of the Company. The business of the Company is supervised by its Board of Directors, directly and through its committees. The Canadian Securities Administrators require disclosure on an annual basis of the Company's corporate governance practices in accordance with Form 58-101 *Disclosure of Corporate Governance Practices*. The Company's corporate governance practices are set out below.

The Board of Directors

In determining whether a particular director is independent, the Board examines the factual circumstances in the context of that particular year. The Board proposed for election in this Circular is composed of seven (7) members, all of whom are considered to be independent directors with the exception of Mr Kauffman, who is a member of management. The following directors of MDC Partners also serve as directors (or senior executive officers) of companies that are reporting issuers (or the equivalent) in Canada or the U.S.:

Scott L. Kauffman: currently serves as the Chairman and Chief Executive Officer. He is also Chairman of Lotame, a venture-backed internet company.

Clare R. Copeland: currently serves as Vice Chairman of Falls Management Company. He is also a director of Chesswood and a trustee of RioCan Real Estate Investment Trust and Telesat.

Daniel S. Goldberg: currently serves as President and Chief Executive Officer of Telesat.

Bradley J. Gross: currently serves as a Managing Director at Goldman Sachs & Co. He is also a director of Americold Realty Trust, Griffon Corporation, Neovia Logistics Holdings, PSAV Holdings, Proquest Holdings and Open Road Parent LLC.

Desirée Rogers: currently serves as Chairman of Choose Chicago. She is also a director of World Business Chicago, The Economic Club of Chicago and Pinnacle Entertainment Inc.

Irwin D. Simon: currently serves as President, Chief Executive Officer and director of The Hain Celestial Group.

All independent directors frequently meet at the beginning or end of each regularly scheduled quarterly Board or Committee meeting without non-independent directors and management present. The Board has access to information independent of management through MDC Partners' auditor who reports to the Audit Committee. The specific responsibilities of the Board include reviewing and approving all major strategic decisions, including any change in the strategic direction of MDC Partners and acquisitions and/or divestitures and other matters (such as guarantees) in excess of \$5 million; reviewing and approving annual budgets, including capital expenditure plans; reviewing and approving operating results for each quarter and year to date. As part of its ongoing activities, the Board regularly receives and comments upon reports of management as to the performance of MDC Partners' business and management's expectations. The Board is therefore of the view that the appropriate structures and procedures are in place to ensure that it can function independent of management.

Effective as of July 20, 2015, the Board appointed Mr. Irwin Simon as the Presiding Director of the Board. Mr. Simon is independent.

Board Mandate

The Board of Directors recently adopted a set of Corporate Governance Guidelines as a framework within which the Board and its Committees will conduct its business. A copy of the Guidelines is available free of charge at MDC Partners' website at <http://www.mdc-partners.com/investors/corporate-governance>.

Position Descriptions

The Company's bylaws and the Charters of each Board committee provide a detailed description of the roles and responsibilities of the Board (including the Chairman), management and each committee of the Board and their respective chairs.

The primary functions of the CEO are to lead the management of our businesses and affairs in accordance with the Company's strategic plan and operating and capital budgets, as approved by the Board.

The Board has developed a written position description and mandate, which sets forth the CEO's key responsibilities. These responsibilities include the following: (a) develop and recommend to the Board a long-term strategy and vision for the Company that leads to creation of shareholder value; (b) develop and recommend to the Board annual business plans and budgets that support the Company's long-term strategy; (c) consistently strive to achieve the Company's financial and operating goals and objectives; and (d) develop the corporate and partner management teams and succession plans.

The Human Resources & Compensation Committee (described below) is responsible for establishing, monitoring and evaluating objectives and standards of performance for the Chief Executive Officer and other executive officers on an annual basis. Salary, bonus, loans or other payments for the benefit of the Chief Executive Officer must be reviewed and approved by the Human Resources & Compensation Committee. Related party expenses for services rendered and in the nature of expense reimbursement must also be approved by the Human Resources & Compensation Committee.

Orientation and Continuing Education

New directors to MDC Partners have generally been executives with extensive business experience and directorship responsibilities on the boards of other public and private institutions. Orientation for these individuals is provided through a review of past Board materials and other private and public documents concerning MDC Partners. In addition, Board members are encouraged to attend (at the cost and expense of the Company) continuing education programs identified by the Nominating and Corporate Governance Committee each year to ensure that they maintain the skills necessary for them to meet their obligations as directors.

Ethical Business Conduct

The Company has adopted a Code of Conduct, which applies to all directors, officers (including the Company's Chief Executive Officer and Chief Financial Officer) and employees of the Company and its subsidiaries. The Code of Conduct was adopted in order to help directors, officers and employees resolve ethical issues. The Code of Conduct covers topics including, but not limited to, conflicts of interest, confidentiality of information and compliance with laws. The Company's policy is to not permit any waiver of the Code of Conduct for any director or executive officer, except in extremely limited circumstances. The Board, through the Audit Committee, monitors and assesses and claims alleged under the Code of Conduct. Any waiver of this Code of Conduct for directors or officers of the Company must be approved by the Company's Board of Directors. Amendments to and waivers of the Code of

Conduct will be publicly disclosed as required by applicable laws, rules and regulations. The Code of Conduct is available free of charge on the Company's website at <http://www.mdc-partners.com>, or by writing to MDC Partners Inc., 745 Fifth Avenue, 19th Floor, New York, NY 10151, Attention: Investor Relations.

Nomination of Directors

The Nominating and Corporate Governance Committee is composed of three (3) members, all of whom are considered to be independent. The Nominating and Corporate Governance Committee is responsible for reviewing and making recommendations to the full Board with respect to developments in the area of corporate governance and the practices of the Board. The Nominating and Corporate Governance Committee

B-2

is also responsible for evaluating the performance of the Board as a whole and for reporting to the Board with respect to appropriate candidates for nominations to the Board. The current members of the Nominating and Corporate Governance Committee are Irwin Simon (Chairman), Larry Kramer and Anne Marie O'Donovan. The Nominating and Corporate Governance Committee's current charter is available at <http://www.mdc-partners.com/investors/corporate-governance>. The Company will disclose any amendments to, or waivers of, the charter on its website at www.mdc-partners.com in accordance with applicable law and the requirements of the NASDAQ corporate governance standards.

The Nominating and Corporate Governance Committee identifies, selects and recommends to the Board individuals qualified to serve both on the Board and on committees, including persons suggested by shareholders and others. In identifying candidates for nominations to the Board, the Nominating and Corporate Governance Committee seeks to maintain at all times a Board with a diverse range of experience, talent, expertise and background appropriate for the business of the Company. The Nominating and Corporate Governance Committee does not require any specific minimum qualifications or specific qualities or skills, but reviews each person's qualifications on the whole, including a candidate's particular experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board. Following that review, the Nominating and Corporate Governance Committee then selects nominees and recommends them to the Board for election by the shareholders or appointment by the Board, as the case may be. The Nominating and Corporate Governance Committee also reviews the suitability of each Board member for continued service as a director when that member's term expires or that member experiences a significant change in status (for example, a change in employment). The Nominating and Corporate Governance Committee has not implemented any particular additional policies or procedures with respect to suggestions received from shareholders with respect to Board or committee nominees.

Pursuant to its charter, the Nominating and Corporate Governance Committee may conduct or authorize investigations or studies into matters within its scope of responsibilities and may retain, at the Company's expense, such independent counsel or other consultants or advisers as it may deem necessary from time to time. The Nominating and Corporate Governance Committee has the sole authority to retain or terminate any search firm to be used to identify director candidates, including the sole authority to approve its fees and retention terms, with the Company bearing the cost of such fees.

Director Term Limits

The Board believes that the need to have experienced directors who are familiar with the business of the Company must be balanced with the need for fresh perspectives and a proactive approach. The Board has not adopted formal director term limits or other mechanisms of board renewal, in part, because the imposition of director term limits on a board implicitly discounts the value of experience and continuity among board members and runs the risk of excluding experienced and potentially valuable board members as a result of an arbitrary determination. In addition, imposing this restriction means the Board would lose the contributions of longer serving directors who have developed a deeper knowledge and understanding of the Company over time. The Board does not believe that long tenure impairs a director's ability to act independently of management.

Policies Regarding the Representation of Women on the Board

The Company has not adopted a written policy relating to the identification and nomination of women directors to the Company's board of directors but rather has an informal, unwritten policy, but the addition of at least one woman was a priority for 2018. The Company generally considers diversity of race, ethnicity, gender, age, cultural background

and professional experience in evaluating candidates for board membership. As evidence of this approach, the Board nominated Ms. O Donovan to join the Board in 2017, and Ms. Rogers to join the Board in April 2018.

Consideration of the Representation of Women in the Director Identification and Selection Process

In identifying and nominating candidates for election or re-election to the board of directors, the Board considers the level of representation of women on the board, in addition to the competencies, skills and personal and other diverse qualities required for new directors in order to add value to the Company in light

B-3

of opportunities and risks facing the Company. Selection of female candidates to the board will be, in part, dependent upon the pool of female candidates with the necessary skills, knowledge and experience. The ultimate decision will be based on merit and contribution the chosen candidate will bring to the board.

Consideration of the Representation of Women in Executive Officer Appointments

In appointing executive officers to the management team, the Company considers the level of representation of women in executive officer positions, and also takes into account the following factors: the competencies, skills and personal and other diverse qualities required for new executive officers in order to add value to the Company in light of opportunities and risks facing the Company.

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Company has not adopted a target for women on the board of directors because the Company does not believe that any director nominee should be chosen nor excluded because of gender. In selecting a director nominee, such as recently appointed Ms. O'Donovan, the Nominating and Corporate Governance Committee focuses on skills, expertise and background that would complement the existing Board. Directors will be recruited based on their ability and potential for meaningful contributions.

Similarly, the Company has not adopted a target for women in executive officer positions because the Company does not believe that any candidate for an executive officer position should be chosen nor excluded because of gender. In selecting candidates, the Company considers the skills, expertise and background that would complement the existing management team. Executive officers will be recruited based on their ability and contributions.

Number of Women on the Board and in Executive Officer Positions

As of the date of this Proxy Statement and Management Information Circular, (i) there are two women on the Company's Board of Directors, representing 25% of the directors and (ii) six (6) of the Company's executive officers are women, representing approximately 30% of the Company's executive officers.

Compensation

The Human Resources & Compensation Committee is composed of three members, all of whom are considered to be independent. The Human Resources & Compensation Committee makes recommendations to the Board on, among other things, the compensation of senior executives. The Human Resources & Compensation Committee discusses personnel and human resources matters including recruitment and development, management succession and benefits plans and grants awards under the 2011 Stock Incentive Plan, the 2016 Stock Incentive Plan and the SARs Plan. Salary, bonus or other payments for the benefit of senior management are reviewed and approved by the Human Resources & Compensation Committee. The Human Resources & Compensation Committee reviews the compensation of members of the Board on an annual basis and makes recommendations to the Board. The Board considers their remuneration appropriate given the time commitment, risk and responsibilities associated with the position. The current members of the Human Resources & Compensation Committee are Clare Copeland (Chairman),

Larry Kramer and Irwin Simon. The Human Resources & Compensation Committee's current charter is available at <http://www.mdc-partners.com/investors/corporate-governance>. The Company will disclose any amendments to, or waivers of, the charter on its website at www.mdc-partners.com in accordance with applicable law and the requirements of the NASDAQ corporate governance standards.

Other Board Committees

The Board conducts its business through meetings of the Board and three standing committees: the Audit Committee, the Human Resources & Compensation Committee and the Nominating and Corporate Governance Committee.

Copies of the charters of these committees are available, free of charge at MDC Partners' website located at <http://www.mdc-partners.com/investors/corporate-governance>.

In addition, from time to time, special committees may be established under the direction of the Board when necessary to address specific issues.

B-4

Assessments

The Nominating and Corporate Governance Committee is responsible for developing and recommending standards of performance of the Board, its committees and the individual directors through administration of an annual questionnaire. It is the responsibility of the Nominating and Corporate Governance Committee to assess the effectiveness of the Board as a whole and the committees of the Board. Participation of directors is expected at all Board and committee meetings. Directors are asked to notify MDC Partners if they are unable to attend, and attendance at meetings is duly recorded.
