Explanatory Note

Champion Industries, Inc. hereby amends its Form 10-K for the year ended October 31, 2004, filed on January 31, 2005, by amending Part II, Item 7, to reflect in Item 7 the information with respect to the number of ungranted stock options under the Company's 2003 stock option plan. The amount of ungranted options is 475,000 shares as of October 31, 2004.

PART II

ITEM 7 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

NEWLY ISSUED ACCOUNTING STANDARDS

In December 2004, the FASB issued SFAS No. 123R (revised 2004), *Share-Based Payment*. This statement revises SFAS No. 123, *Accounting for Stock-Based Compensation*, and requires companies to expense the value of employee stock options and similar awards. The effective date of this standard is interim and annual periods beginning after June 15, 2005.

Historically, the Company has elected to follow the intrinsic value method in accounting for its employee stock options. Accordingly, because the exercise price of the Company's employee stock options equals the market price of the underlying stock on the date of grant, no compensation expense is recognized.

Upon the adoption of SFAS No. 123R the Company will be required to expense stock options in its Statement of Operations when they are granted. For the years ended October 31, 2004, 2003 and 2002, total stock-based employee compensation expense, net of related tax effects determined under this new standard would have been \$109,962, \$62,250 and \$38,704. With the adoption of its 2003 Stock Option Plan, the Company has approximately 475,000 ungranted stock options. The Company will incur expense immediately upon the granting of these stock options in future years upon the effective date of this standard.
