DUPONT PROVIDES UPDATE ON SALE OF INVISTA™

WILMINGTON, Del., April 8, 2004 -- DuPont today announced that KED Fiber Ltd. and KED Fiber, LLC, subsidiaries of Koch Industries, have advised DuPont that they intend to accelerate the closing of the sale of INVISTA™ to April 30, 2004. DuPont and the Koch companies also have agreed to an amendment of the purchase agreement, adjusting the sale price to \$4.2 billion, including the assumption of debt and certain joint venture and equity interests covered under a non-binding letter of intent. No further details were disclosed.

On November 17, 2003, DuPont announced that it had reached a definitive agreement to sell INVISTA to subsidiaries of Koch Industries, Inc. for \$4.4 billion that also included assumption of debt and certain joint venture and equity interests covered under a non-binding letter of intent. At the time, closing of the transaction was expected by June 30, 2004.

"We are very pleased to have reached final agreement on this enormously complex commercial and financial transaction," said Gary M. Pfeiffer, DuPont chief financial officer. "We are pleased to have a specific target date for closing. We believe this transaction positions DuPont to create outstanding value for our shareholders."

DuPont is a science company. Founded in 1802, DuPont puts science to work by solving problems and creating solutions that make people's lives better, safer and easier. Forward-Looking Statements:

This news release contains forward-looking statements based on management's current expectations, estimates and projections. All statements that address expectations or projections about the future, including statements about the company's strategy for growth, product development, market position, expected expenditures and financial results are forward-looking statements. Some of the forward-looking statements may be identified by words like "expects," "anticipates," "plans," "intends," "projects," "indicates," and similar expressions. These statements are not guarantees of future performance and involve a number of risks, uncertainties and assumptions. Many factors, including those discussed more fully elsewhere in this release and in documents filed with the Securities and Exchange Commission by DuPont, particularly its latest annual report on Form 10-K

2

and quarterly report on Form 10-Q, as well as others, could cause results to differ materially from those stated. These factors include, but are not limited to changes in the laws, regulations, policies and economic conditions, including inflation, interest and foreign currency exchange rates, of countries in which the company does business; competitive pressures; successful integration of structural changes, including restructuring plans, acquisitions, divestitures and alliances; cost of raw materials, research and development of new products, including regulatory approval and market acceptance; and seasonality of sales of agricultural products.
