PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MAY 10, 2005

The enclosed proxy is furnished to the holders of common stock, no par value (the "Common Stock"), of Essex Corporation (the "Company") and is solicited by the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on May 10, 2005 and at any adjournments thereof (the "Annual Meeting"). The approximate date on which the Notice of Annual Meeting, Proxy Statement and proxy card are first sent or given to stockholders is April 12, 2005.

The shares represented by all properly executed proxies will be voted at the Annual Meeting in accordance with instructions thereon. If no instructions are indicated, the proxy will be voted FOR the nominees for director listed on the proxy and also listed under the caption "Proposal 1" herein; FOR ratification of restatement of the Company's 2004 Stock Incentive Plan to increase the number of shares reserved for the issuance thereunder from 1,000,000 shares to 1,300,000, "Proposal 2"; and FOR ratification of appointment of independent registered public accounting firm, "Proposal 3". The Company's Board of Directors recommends that the stockholders vote in favor of each of the proposals. All valid proxies obtained will be voted at the discretion of the Board of Directors with respect to any other business that may come before the Annual Meeting.

The Board of Directors has fixed the close of business on March 22, 2005 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment thereof.

As of the Record Date, there were outstanding 21,056,649 shares of the Common Stock. Holders of shares of Common Stock of record as of the close of business on the Record Date will be entitled to vote at the Annual Meeting. Holders of Common Stock are entitled to one vote on all matters presented at the meeting for each share held of record. The presence in person or by proxy of holders of record of at least one-third of the shares outstanding as of the Record Date shall be required for a quorum to transact business at the Annual Meeting. If a quorum should not be

1

present, the Annual Meeting may be adjourned from time to time until a quorum is obtained. The nominees to be selected as directors named in Proposal 1 must receive a plurality of the votes cast at the Annual Meeting with respect to Proposal 1. Proposals 2 and 3 must receive a greater number of affirmative votes than negative votes cast at the Annual Meeting. Abstentions and broker non-votes will have no effect on the proposals because broker non-votes will not be considered as present or voting and abstentions will be counted only for purposes of determining whether there is a quorum.

Proxies may be revoked before they are voted at the Annual Meeting by giving written notice of revocation to the Secretary, by submission of a proxy

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

bearing a later date, or by attending the Annual Meeting in person and voting by ballot.

The cost of preparing and mailing this Proxy Statement and the accompanying proxy card will be borne by the Company and the Company will pay the cost of soliciting proxies. In addition to solicitation by mail, certain officers and regular employees of the Company and employees of the Company's Transfer Agent may solicit the return of proxies by telephone, telegram or in person. The Company will also reimburse brokers, nominees and other fiduciaries for their expenses in forwarding solicitation materials to the beneficial owners of Common Stock and soliciting them to execute proxies.

Any document referenced in this Proxy Statement is available without charge to any stockholder of record upon request. All requests shall be made either in writing, and directed to the Company at its main office address, 9150 Guilford Road, Columbia, MD 21046, or orally and directed to the Secretary at 301-939-7000.

THE BOARD OF DIRECTORS AND COMMITTEES

The Company's Board of Directors (the "Board") generally meet quarterly. At such meetings, the Company's independent directors, within the meaning of Rule 10A-3(b) under the Exchange Act of 1934, as amended, and Nasdaq National Market Rule 4200(a)(15), who are Messrs. Hannon, Hicks, Johnson, Keeler, Money and Ms. Minton, (collectively the "Independent Directors") generally meet in executive session. Additionally, the By-Laws provide for special meetings and, as also permitted by Virginia law, Board action may be taken without a meeting upon unanimous written consent of all Directors. In 2004 the Board held four meetings; the entire membership of the Board was present at one of the meetings, two directors were absent from two meetings and one director was absent from one meeting.

The Board has two standing Committees: the audit committee and the ethics committee.

AUDIT COMMITTEE. Our audit committee is established in accordance with Section 3(a)(58)(A) of the Exchange Act of 1934 as amended, and composed of the following three directors: Messrs. Hicks and Keeler and Ms. Minton. Messrs. Hicks and Keeler and Ms. Minton are independent directors within the meaning of the independence standards of audit committee members of SEC Rule 10A-3(b) under the Securities Exchange Act of 1934 in addition to the current requirements of the Nasdaq National Market under Rule 4200(a)(15). Ms. Minton is an audit committee financial expert as defined by Item 401(h) of Regulation S-K of the Securities Act of 1933, as amended.

The primary responsibilities of the audit committee are to:

- o Oversee management's conduct of our financial reporting process and systems of internal accounting and financial control;
- o Monitor the independence and performance of our independent registered

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

public accounting firm;

- o Provide an avenue of communication among the independent registered public accounting firm, management and our board of directors;
- o Make reports and recommendations to our board and our shareholders as necessary under the rules of the Securities and Exchange Commission or as otherwise within the scope of its functions; and
- o Oversee and, where appropriate, report to our board on our review of and response to any government audit, inquiry or investigation, as they determine to be appropriate.

The Board has implemented all necessary changes to the audit committee's charter to comply with Nasdaq's revised listing standards and may consider further changes to its charter and designated responsibilities as it deems necessary and appropriate. The Audit Committee's responsibilities are as described in the written Charter (Appendix A) adopted by the Board. The Audit Committee held six meetings in 2004. One member was absent from one of the six meetings.

5

AUDIT COMMITTEE REPORT

The Audit Committee consists of Messrs. Hicks, Keeler and Ms. Minton. Messrs. Hicks and Keeler and Ms. Minton are "independent directors" within the meaning of the independence standards of audit committee members of SEC Rule 10A-3(b) under the Securities Exchange Act of 1934 in addition to the current requirements of the Nasdaq National Market under Rule 4100(a)(15). Ms. Minton is an audit committee financial expert as defined by Item 401(h) of Regulation S-K of the Securities Act of 1933, as amended. The Audit Committee's responsibilities are as described in a written Charter adopted by the Board of Directors.

In performing its oversight responsibilities, the Audit Committee has reviewed and discussed the Company's 2004 consolidated audited financial statements with the Company's management. The Audit Committee also has discussed with the independent registered public accounting firm, Stegman & Company, the matters required to be discussed by Statement on Auditing Standards No. 61, COMMUNICATIONS WITH AUDIT COMMITTEES, which include, among other items, matters related to the conduct of the audit of the Company's consolidated financial statements.

The Audit Committee has received written disclosures and the letter from the independent registered public accounting firm required by the Independence Standards Board Standard No. 1, INDEPENDENCE DISCUSSIONS WITH AUDIT COMMITTEES (which relates to the firm's independence from the corporation and its related entities) and has discussed with the firm their independence from the Company.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's 2004 audited consolidated financial statements be included in the Company's Annual Report on Form 10-K.

The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing, including in respect of accountant's independence. Members of the Audit Committee rely without independent verification on the

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

information provided to them and on the representations made by management and the independent registered public accounting firm. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions do not assure that the audit of the Company's consolidated financial statements has been carried out in accordance with auditing standards generally accepted in the United States of America, that the consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that the Company's independent registered public accounting firm are in fact "independent."

COMPENSATION. The requirements of the Nasdaq National Market allow companies to have a separate Compensation Committee or have independent directors of the Board vote on compensation related items. The Board agreed as a whole to have independent directors act as the Compensation Committee beginning March 16, 2004. The Independent Directors of the Board will recommend to the full Board the levels of compensation paid to the Chief Executive Officer and other executive officers. In particular, the Board based its review of the compensation for the CEO on such subjective criteria as satisfaction of Essex' financial goals (revenue and EPS) and completion of appropriate acquisitions. In addition, criteria included such subjective factors as investor relations, to include raising funds, and creation of a strong management team to support future growth.

The Company's executive compensation program is designed to attract and retain executives responsible for the Company's long-term success, to reward executives for achieving both financial and strategic company goals, to align executive and stockholder interests through long-term, equity-based plans, and to provide a compensation package that recognizes individual contributions as well as overall business results. As a result, a substantial portion of each executive's total compensation is intended to be variable and to be tied closely to the achievement of specific business objectives and corporate financial goals, as well as the attainment of the executive's individual performance objectives. The Company's executive compensation program also takes into account the compensation practices of companies with whom Essex competes for executive talent. These companies (the "peer companies") include the principal companies included in the peer group indices in the Stock Performance Graph section of this proxy statement and additional companies in various industries.

The three key components of the Company's executive compensation program are base salary, variable incentive compensation, and long-term incentive awards in the form of stock options. Overall compensation is intended to be competitive for comparable positions at the peer companies.

ETHICS COMMITTEE. Mr. Leonard E. Moodispaw and Mr. Frank E. Manning composed our ethics committee until April 2004. Current members are Mr. Leonard Moodispaw and Mr. John G. Hannon. The primary responsibilities of the ethics committee are to:

- o Advise our management and the entire board of directors of

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

means of ensuring that we adhere to the highest ethical standards in our day to day operations;

- o Ensure that a positive working environment is created and maintained for all our employees and that those employees are challenged to meet such a standard;
- o Provide a forum for advice to the corporate counsel, our management and any of our employees to consider ethical issues; and
- o Recommend to our management and the entire board of directors means of training managers and employees.

The Company has adopted a written code of ethics that is publicly available on the Company's website (WWW.ESSEXCORP.COM).

7

DIRECTOR COMPENSATION

Non-employee members of the board of directors receive a maximum of \$1,500 for each board meeting and \$750 for each board committee meeting they attend. Such members are also reimbursed for travel expenses incurred in connection with their attendance at board and committee meetings. Two members of the board of directors, Arthur L. Money and Marie S. Minton, receive \$1,500 per month for serving on an informal committee of the board with Messrs. Hannon and Leonard. The members of our board of directors who are affiliated with our significant shareholders, GEF and The Hannon Family LLC, have waived the right to receive any board fees. Employee directors do not receive fees for their service on our board of directors.

In addition, non-employee members of the board of directors are eligible to participate in our Restricted Stock Bonus Plan. Shares of restricted stock may be issued under this plan subject to forfeiture during a restriction period, fixed in each instance by the board of directors, whereby all rights of the grantee to the stock terminate upon certain conditions such as cessation of continuous membership on our board during the restriction period. Upon expiration of the restriction period, or earlier upon the death or substantial disability of the grantee, the restrictions applicable to all shares of restricted stock of the grantee expire. While this plan also provides that we may advance loans to a grantee to pay income taxes due on the taxable value of shares granted under the plan, we have never issued any such loans. The Board of Directors has prohibited these loans.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of our executive officers serves on the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board of directors or compensation committee.

DIRECTOR NOMINATION PROCESS. The Company's Independent Directors perform the nominating committee functions in lieu of a formal committee. The Directors performing these functions are Messrs. Hannon, Hicks, Johnson, Keeler, Money and Ms. Minton, all independent directors within the meaning of current Nasdaq listing rules. The Board believes it is more effective for the Independent Directors to manage the process of structuring the Board and nominating candidates than to delegate to a committee. Because a majority of the Board are independent, this decision saves time and cost for the entire Board.

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

The Independent Directors review potential candidates for the Board of Directors and recommends any nominees to the Board of Directors for their consideration. In reviewing potential candidates for the Board, the Independent Directors considers among other things, the individual's experience, the needs of the Company for an additional or replacement director, and the candidate's interest in the business of the Company.

The Company welcomes nominations from shareholders and encourages interested shareholders to submit candidates to the Independent Directors through the Secretary. The Company did not receive any recommended nominees from any shareholder in connection with the previous year's annual meeting. Stockholders can send nominations by e-mail to kim.dechello@essexcorp.com, by fax to (301) 953-7880 or by mail to Kim DeChello, Corporate

8

Secretary, Essex Corporation, 9150 Guilford Road, Columbia MD 21046. All nominations are reviewed based on their qualifications and potential contributions to Essex.

COMMUNICATION BETWEEN SHAREHOLDERS AND DIRECTORS

The Board recommends that stockholders initiate any communications with the Board in writing and send them in care of the Corporate Secretary. Stockholders can send communications by e-mail to kim.dechello@essexcorp.com, by fax to (301) 953-7880 or by mail to Kim DeChello, Corporate Secretary, Essex Corporation, 9150 Guilford Road, Columbia MD 21046. This centralized process will assist the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. The Board has instructed the Corporate Secretary to forward such correspondence only to the intended recipients; however, the Board has also instructed the Corporate Secretary, prior to forwarding any correspondence, to review such correspondence and, in her discretion, not to forward certain items if they are deemed of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration. In such cases, some of that correspondence may be forwarded elsewhere in the company for review and possible response.

DIRECTOR ATTENDANCE AT ANNUAL MEETING

It is the policy of the Company and Board of Directors that all directors attend the Annual Meeting of Shareholders and be available for questions from the shareholders. All sitting directors nominated for election were in attendance at the 2004 Annual Meeting of Shareholders except for Director Minton. It is anticipated that most directors nominated for election at the 2005 Annual Meeting of Shareholders also will be in attendance at that meeting.

9

DEFINED CONTRIBUTION RETIREMENT PLAN

The Essex Corporation Retirement Plan and Trust is a qualified defined contribution retirement plan which includes a 401(k) salary reduction feature for its employees. This plan calls for an employer matching contribution of up to 4.5% of eligible employee compensation under the salary reduction feature and a discretionary contribution as determined by the board of directors. We did not make any discretionary contribution between 2002 and 2004. The total authorized contribution under the matching contribution feature of this plan was approximately \$458,000 in 2004, \$130,000 in 2003 and \$75,000 in 2002. All employee contributions are 100% vested at all times and our contributions, prior to 2004, vested based on length of service. In accordance with the retirement plan and trust, as amended in 2004, employees vested 100% in our contributions. Vested contributions are distributable and benefits are payable only upon death, disability, retirement or break in service. Participants may request that their accrued benefits under the Section 401(k) portion of the plan be allocated among various investment options established by the plan administrator.

The Company terminated the qualified defined contribution and profit sharing retirement plan of the acquired company, Sensys Development Laboratories, Inc., in December 2004. Under this plan, the Company recognized the required contributions of 8% or approximately \$216,000 and \$154,000 and

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

additional contributions of 5% or approximately \$135,000 and \$96,000, for 2004 and for the period since acquisition, March 1, 2003 to December 28, 2003, respectively.

The Company contributions under the Retirement Plan for the persons referred to in the Summary Compensation Table are included in that Table.

EMPLOYEE INCENTIVE PERFORMANCE AWARD PLAN

The Company has an Employee Incentive Performance Award Plan under which bonuses are distributed to employees. All employees are eligible to receive such awards under flexible criteria designed to compensate for superior division and individual performance during each fiscal year. Awards are generally recommended annually by management and approved by the board of directors. These awards may be constrained by our overall financial performance. In 2004, we paid approximately \$1.3 million, including the \$337,000 awarded to the persons named in the Summary Compensation Table, under this plan. In 2003, we paid approximately \$269,000, including the \$197,000 awarded to three of the persons named in the Summary Compensation Table, under this plan. We did not make any awards under this plan in 2002.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities (the "Reporting Persons"), to file reports of ownership and changes in ownership of equity securities of the Company with the Securities and Exchange Commission ("SEC"). Officers, directors, and greater than ten percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file.

11

Based solely upon a review of Forms 3 and Forms 4 furnished to the Company pursuant to Rule 16(a)-3 under the Exchange Act during its most recent fiscal year and Forms 5 with respect to its most recent fiscal year, the Company believes that all such forms required to be filed pursuant to Section 16(a) of the Exchange Act were timely filed by the Reporting Persons during the fiscal year ended December 31, 2004.

OPTIONS TO PURCHASE SECURITIES

The Company has established several stock option and stock appreciation rights plans. These Plans provide for the grant of options to purchase shares of common stock of the Company, no par value per share (the "Common Stock"), which qualify as incentive stock options ("Incentive Options") under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), to persons who are our employees, as well as non-qualified options which do not so qualify to be issued to persons or consultants, including those who are not employees. These Plans also provide for grants of stock appreciation rights, or SARs, in connection with the grant of options under these Plans. The exercise price of an Incentive Option under these Plans may not be less than the "fair market value" of the shares of common stock at the time of grant; the exercise price of Non-Qualified Options and the appreciation base price of SARs are determined at the discretion of the Board of Directors except that the SAR appreciation base price may not be less than 100% of the fair market value of a share of common stock on the grant date with respect to awards to persons who are officers or directors of the Company. These Plans reserve 2,472,316 shares of Common Stock for issuance. As of March 22, 2005, there were 603,127 shares available for future grants of options or SARs under the Plans.

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

The Company grants non-plan, non-qualified options from time to time directly to certain parties. In 2003, the Company issued such options for 30,000 shares to our Chief Scientist and 10,000 shares to our Treasurer. We did not grant any non-plan, non-qualified options in 2004 or 2002.

ADMINISTRATION. The 2004 Plan is administered, with respect to grants to employees, directors, officers, and consultants, by the plan administrator (the "Administrator"), defined as the Board or one or more committees designated by the Board. With respect to grants to officers and directors, the committee shall be constituted in such a manner as to satisfy applicable laws, including Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended and Section 162(m) of Code.

TERMS AND CONDITIONS OF AWARDS. The 2004 Plan provides for the grant of stock options, restricted stock, restricted stock units, stock appreciation rights and dividend equivalent rights (collectively referred to as "awards"). Stock options granted under the 2004 Plan may be either incentive stock options under the provisions of Section 422 of the Code, or nonqualified stock options. Incentive stock options may be granted only to employees. Awards other than incentive stock options may be granted to employees, directors and consultants. Under the 2004 Plan, awards may be granted to such employees, directors or consultants who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time.

Subject to applicable laws, the Administrator has the authority, in its discretion, to select employees, directors and consultants to whom awards may be granted from time to time, to determine whether and to what extent awards are granted, to determine the number of shares of the Company's Common Stock or the amount of other consideration to be covered by each award (subject to the limitations set forth under the above section of this Proposal 2 "SHARES RESERVED FOR ISSUANCE UNDER THE 2004 PLAN"), to approve award agreements for use under the 2004 Plan, to determine the terms and conditions of any award, to construe and interpret the terms of the 2004 Plan and awards granted, to establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable non-U.S. jurisdictions and to take such other action not inconsistent with the terms of the 2004 Plan as the Administrator deems appropriate.

Each award granted under the 2004 Plan shall be designated in an award agreement. In the case of an option, the option shall be designated as either an incentive stock option or a nonqualified stock option. To the extent that the aggregate fair market value of shares of the Company's Common Stock subject to options designated as incentive stock options which become exercisable for the first time by a participant during any calendar year exceeds \$100,000, such excess options shall be treated as nonqualified stock options.

23

The term of any award granted under the 2004 Plan may not be for more than seven years (or five years in the case of incentive stock options granted to any participant who owns stock representing more than 10% of the combined voting power of the Company or any parent or subsidiary of the Company), excluding any period for which the participant has elected to defer the receipt of the shares or cash issuable pursuant to the award.

The 2004 Plan authorizes the Administrator to grant options at an exercise price not less than 100% of the fair market value of the common stock on the date the option is granted (or 110%, in the case of incentive stock options granted to any employee who owns stock representing more than 10% of the combined voting power of the Company or any parent or subsidiary of the Company). In the case of a stock appreciation right, the base amount on which

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

the stock appreciation is calculated shall be not less than 100% of the fair market value of the common stock on the date of grant. The exercise price is generally payable in cash, check, shares of common stock or with respect to options, payment through a broker-dealer sale and remittance procedure.

The 2004 Plan provides that (a) any reduction of the exercise price of any option awarded under the 2004 Plan shall be subject to stockholder approval and (b) canceling any option awarded under the 2004 Plan at a time when its exercise price exceeds the fair market value of the underlying shares in exchange for another award shall be subject to stockholder approval.

Under the 2004 Plan, the Administrator may establish one or more programs under the 2004 Plan to permit selected grantees the opportunity to elect to defer receipt of consideration payable under an award. The Administrator also may establish under the 2004 Plan separate programs for the grant of particular forms of awards to one or more classes of grantees. The awards may be granted subject to vesting schedules and restrictions on transfer and repurchase or forfeiture rights in favor of the Company as specified in the award agreements to be issued under the 2004 Plan.

TERMINATION OF SERVICE. An award may not be exercised after the termination date of such award as set forth in the award agreement. In the event a participant in the 2004 Plan terminates continuous service with the Company, an award may be exercised only to the extent provided in the award agreement. Where an award agreement permits a participant to exercise an award following termination of service, the award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the award, whichever comes first. Any award designated as an incentive stock option, to the extent not exercised within the time permitted by law for the exercise of incentive stock options following the termination of employment, shall convert automatically to a nonqualified stock option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the award agreement.

TRANSFERABILITY OF AWARDS. Under the 2004 Plan, incentive stock options may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised during the lifetime of the participant only by the participant. Other awards shall be transferable only by will or by the laws of descent

24

or distribution and to the extent provided in the award agreement. The 2004 Plan permits the designation of beneficiaries by holders of awards, including incentive stock options.

SECTION 162(M) OF THE CODE. The maximum number of shares with respect to which options and stock appreciation rights may be granted to a participant during a fiscal year of the Company is 500,000 shares. In addition, in connection with a participant's commencement of continuous service, a participant may be granted options and stock appreciation rights for up to an additional 500,000 shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately by the Administrator in connection with any change in the Company's capitalization due to a stock split, stock dividend or similar event affecting the common stock of the Company and its determination shall be final, binding and conclusive. Under Code Section 162(m) no deduction is allowed in any taxable year of the Company for compensation in excess of \$1 million paid to a Covered Employee. An exception to this rule applies to compensation that is paid pursuant to a stock incentive plan approved by stockholders and that specifies, among other things, the maximum number of shares with respect to which options

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

and stock appreciation rights may be granted to eligible participants under such plan during a specified period. Compensation paid pursuant to options or stock appreciation rights granted under such a plan and with an exercise price equal to the fair market value of the Company's Common Stock on the date of grant is deemed to be inherently performance-based, since such awards provide value to participants only if the stock price appreciates. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitation, if any option or stock appreciation right is canceled, the cancelled award shall continue to count against the maximum number of shares of Common Stock with respect to which an award may be granted to a participant.

For awards of restricted stock and restricted stock units that are intended to be performance-based compensation under Section 162(m) of the Code, the maximum number of shares subject to such awards that may be granted to a participant during a fiscal year of the Company is 500,000 shares. In order for restricted stock and restricted stock units to qualify as performance-based compensation, the Administrator must establish a performance goal with respect to such award in writing not later than 90 days after the commencement of the services to which it relates and while the outcome is substantially uncertain. In addition, the performance goal must be stated in terms of an objective formula or standard. The 2004 Plan contains the following list of performance criteria that may be considered by the Administrator when granting performance-based awards: (i) increase in share price, (ii) earnings per share, (iii) total stockholder return, (iv) operating margin, (v) gross margin, (vi) return on equity, (vii) return on assets, (viii) return on investment, (ix) operating income, (x) net operating income, (xi) pre-tax profit, (xii) cash flow, (xiii) revenue, (xiv) expenses, (xv) earnings before interest, taxes and depreciation, (xvi) economic value added, (xvii) market share and (xviii) personal management objectives.

CHANGE IN CAPITALIZATION. Subject to any required action by the stockholders of the Company, the number of shares of common stock covered by outstanding awards, the number of shares of common stock that have been authorized for issuance under the 2004 Plan, the exercise or purchase price of each outstanding award, the maximum number of shares of common stock that may be granted subject to awards to any participant in a fiscal year, and the like, shall be proportionally adjusted by the Administrator in the event of (i) any increase or decrease in the

25

number of issued shares of common stock resulting from a stock split, stock dividend, combination or reclassification or similar event affecting the common stock of the Company, (ii) any other increase or decrease in the number of issued shares of common stock effected without receipt of consideration by the Company or (iii) as the Administrator may determine in its discretion, any other transaction with respect to common stock including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete) or any similar transaction; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive.

CORPORATE TRANSACTION. Effective upon the consummation of a corporate transaction (as defined in the 2004 Plan), all outstanding awards shall terminate. However, all such awards shall not terminate to the extent the contractual obligations represented by the award are assumed by the successor entity. In the event an outstanding award is not assumed or replaced by the successor entity in connection with a corporate transaction, the award shall

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

automatically become fully vested and exercisable for all of the shares at the time represented by the award, immediately prior to the specified effective date of such corporate transaction.

CHANGE IN CONTROL. In the event of a change in control (as defined in the 2004 Plan), all outstanding awards shall automatically become fully vested and exercisable for all of the shares at the time represented by the award, immediately prior to the specified effective date of such change in control.

AMENDMENT, SUSPENSION OR TERMINATION OF THE 2004 PLAN. The Board may at any time amend, suspend or terminate the 2004 Plan. The 2004 Plan will terminate ten years from the date of its approval by the Company's stockholders, unless terminated earlier by the Board. To the extent necessary to comply with applicable provisions of federal securities laws, state corporate and securities laws, the Code, the rules of any applicable stock exchange or national market system, and the rules of any non-U.S. jurisdiction applicable to awards granted to residents therein, the Company shall obtain stockholder approval of any such amendment to the 2004 Plan in such a manner and to such a degree as required.

CERTAIN FEDERAL TAX CONSEQUENCES

The following summary of the federal income tax consequences of 2004 Plan transactions is based upon federal income tax laws in effect on the date of this proxy statement. This summary does not purport to be complete, and does not discuss non-U.S., state or local tax consequences or guidance that may be issued by the Treasury Department under Section 409A of the Internal Revenue Code.

NONQUALIFIED STOCK OPTIONS. The grant of a nonqualified stock option under the 2004 Plan will not result in any federal income tax consequences to the participant or to the Company. Upon exercise of a nonqualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares on the date of exercise. This income is subject to

26

withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of common stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

In the event a nonqualified stock option is amended, such option may be considered deferred compensation and subject to the rules of new Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently how the additional tax and penalties and interest will be applied is unclear.

INCENTIVE STOCK OPTIONS. The grant of an incentive stock option under the 2004 Plan will not result in any federal income tax consequences to the participant or to the Company. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of common stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a "disqualifying disposition"). The amount of such ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant's total compensation is deemed reasonable in amount.

The "spread" under an incentive stock option -- i.e., the difference between the fair market value of the shares at exercise and the exercise price -- is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the same calendar year in which the incentive stock options are exercised. However, such a sale

27

of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

In the event an incentive stock option is amended, such option may be considered deferred compensation and subject to the rules of new Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently how the additional tax and penalties and interest will be applied is unclear. In addition, the amendment of an incentive stock option may convert the option from an incentive stock option to a nonqualified stock option.

RESTRICTED STOCK. The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The Company does not receive a tax deduction for any such gain.

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

Recipients of restricted stock may make an election under Section 83(b) of the Code ("Section 83(b) Election") to recognize as ordinary compensation income in the year that such restricted stock is granted, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) Election must be made within thirty days from the time the restricted stock is issued.

STOCK APPRECIATION RIGHTS. Recipients of stock appreciation rights ("SARS") generally should not recognize income until the SAR is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the participant will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value the shares, if any, received upon such exercise. Participants who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of an SAR. Participants will recognize gain upon the disposition of any shares received on exercise of an SAR equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year.

The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to

28

such income (if required) and the participant's total compensation is deemed reasonable in amount.

To the extent that an SAR is settled in cash, such SAR will be considered deferred compensation and subject to the rules of new Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. An SAR subject to Section 409A of the Code which fails to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently how the additional tax and penalties and interest will be applied is unclear.

RESTRICTED STOCK UNITS. Recipients of restricted stock units generally should not recognize income until such units are converted into cash or shares of stock. Upon conversion, the participant will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value the shares, if any, received upon such conversion. Participants who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon conversion of the restricted stock units. Participants will recognize gain upon the disposition of any shares received upon conversion of the restricted stock units equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year.

The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

required) and the participant's total compensation is deemed reasonable in amount.

Restricted stock units also can be considered non-qualified deferred compensation and subject to the rules of new Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. A grant of restricted stock units that does not meet the requirements of Code Section 409A will result in an additional 20% tax obligation, plus penalties and interest to such participant. Currently, how the additional tax, penalties and interest will be applied is unclear.

DIVIDENDS AND DIVIDEND EQUIVALENTS. Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

6. TERMS AND CONDITIONS OF AWARDS.

(a) TYPES OF AWARDS. The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) cash or (iii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Restricted Stock Units or Dividend Equivalent Rights, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) DESIGNATION OF AWARD. Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, to the

A-8

extent that the aggregate Fair Market Value of Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company) exceeds \$100,000, such excess Options, to the extent of the Shares covered thereby in excess of the foregoing limitation, shall be treated as Non-Qualified Stock Options. For this purpose, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option.

(c) CONDITIONS OF AWARD. Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, the following: (i) increase in share price, (ii) earnings per share, (iii) total stockholder return, (iv) operating margin, (v) gross margin, (vi) return on equity, (vii) return on assets, (viii) return on investment, (ix) operating income, (x) net operating income, (xi) pre-tax profit, (xii) cash flow, (xiii) revenue, (xiv) expenses, (xv) earnings before interest, taxes and depreciation, (xvi) economic value added, (xvii) market share and (xviii) personal management objectives. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement.

(d) ACQUISITIONS AND OTHER TRANSACTIONS. The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) DEFERRAL OF AWARD PAYMENT. The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) SEPARATE PROGRAMS. The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(g) INDIVIDUAL LIMITATIONS ON AWARDS.

(i) INDIVIDUAL LIMIT FOR OPTIONS AND SARs. The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company shall be 500,000 Shares. In connection with a Grantee's commencement of

A-9

Continuous Service, a Grantee may be granted Options or SARs for up to an additional 500,000 Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(ii) INDIVIDUAL LIMIT FOR RESTRICTED STOCK AND RESTRICTED STOCK UNITS. For awards of Restricted Stock and Restricted Stock Units that are intended to be Performance-Based Compensation, the maximum number of Shares with respect to which such Awards may be granted to any Grantee in any fiscal year of the Company shall be 500,000 Shares. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below.

(iii) DEFERRAL. If the vesting or receipt of Shares under an Award is deferred to a later date, any amount (whether denominated in Shares or cash) paid in addition to the original number of Shares subject to such Award will not be treated as an increase in the number of Shares subject to the Award if the additional amount is based either on a reasonable rate of interest or on one or more predetermined actual investments such that the amount payable by the Company at the later date will be based on the actual rate of return of a specific investment (including any decrease as well as any increase in the value of an investment).

(h) EARLY EXERCISE. The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

(i) TERM OF AWARD. The term of each Award shall be no more than seven (7) years from the date of grant thereof (excluding any period for which the Grantee has elected to defer the receipt of the Shares or cash issuable pursuant to the Award). However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement (excluding any period for which the Grantee has elected to defer the receipt of the Shares issuable pursuant to the Incentive Stock Option).

(j) TRANSFERABILITY OF AWARDS. Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee. Non-Qualified Stock Options and other Awards shall be transferable (i) by will or by the laws of descent and distribution and (ii) during the lifetime of the Grantee, to the extent

A-10

and in the manner authorized by the Administrator. Notwithstanding the foregoing, the Grantee may designate one or more beneficiaries of the Grantee's Incentive Stock Option or Non-Qualified Stock Option in the event of the Grantee's death on a beneficiary designation form provided by the Administrator.

(k) TIME OF GRANTING AWARDS. The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other date as is determined by the Administrator.

7. AWARD EXERCISE OR PURCHASE PRICE, CONSIDERATION AND TAXES.

(B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of Non-Qualified Stock Options, the exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following:

(i) cash;

A-11

(ii) check;

(iii) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised, provided, however, that Shares acquired under the Plan or any other equity compensation plan or agreement of the Company must have been held by the Grantee for a period of more than six (6) months (and not used for another Award exercise by attestation during such period);

(iv) with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(v) any combination of the foregoing methods of payment.

(c) TAXES. No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any non-U.S., federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares or the disqualifying disposition of Shares received on exercise of an Incentive Stock Option. Upon exercise of an Award the Company shall withhold or collect from Grantee an amount sufficient to satisfy such tax obligations.

(b) EXERCISE OF AWARD FOLLOWING TERMINATION OF CONTINUOUS SERVICE.

(i) An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.

A-12

(ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.

(iii) Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

Edgar Filing: ESSEX CORPORATION - Form DEF 14A

(c) EFFECT OF ACCELERATION ON INCENTIVE STOCK OPTIONS.
