UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE  
SECURITIES EXCHANGE ACT OF 1934  
For the quarterly period ended May 3, 2013

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE  
SECURITIES EXCHANGE ACT OF 1934  
For the transition period from \_\_\_\_\_ to \_\_\_\_\_

Commission File Number 1-7898

LOWE'S COMPANIES, INC.  
(Exact name of registrant as specified in its charter)

NORTH CAROLINA (State or other jurisdiction of incorporation or organization) 56-0578072 (I.R.S. Employer Identification No.)

1000 Lowe's Blvd., Mooresville, NC (Address of principal executive offices) 28117 (Zip Code)

Registrant's telephone number, including area code (704) 758-1000

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Edgar Filing: LOWES COMPANIES INC - Form 10-Q

Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer   
Non-accelerated filer

Accelerated filer   
Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes  No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

CLASS	OUTSTANDING AT MAY 31, 2013
Common Stock, \$.50 par value	1,072,416,632

Lowe's Companies, Inc.  
Notes to Consolidated Financial Statements (Unaudited)

Note 1: Basis of Presentation - The accompanying consolidated financial statements (unaudited) and notes to the consolidated financial statements (unaudited) are presented in accordance with the rules and regulations of the Securities and Exchange Commission and do not include all the disclosures normally required in annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America. The consolidated financial statements (unaudited), in the opinion of management, contain all adjustments necessary to present fairly the financial position as of May 3, 2013, and May 4, 2012, and the results of operations, comprehensive income and cash flows for the three months ended May 3, 2013, and May 4, 2012.

These interim consolidated financial statements (unaudited) should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Lowe's Companies, Inc. (the Company) Annual Report on Form 10-K for the fiscal year ended February 1, 2013 (the Annual Report). The financial results for the interim periods may not be indicative of the financial results for the entire fiscal year.

Note 2: Fair Value Measurements - Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance for fair value measurements establishes a three-level hierarchy, which encourages an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of the hierarchy are defined as follows:

- Level 1 - inputs to the valuation techniques that are quoted prices in active markets for identical assets or liabilities
- Level 2 - inputs to the valuation techniques that are other than quoted prices but are observable for the assets or liabilities, either directly or indirectly
  - Level 3 - inputs to the valuation techniques that are unobservable for the assets or liabilities

Assets and Liabilities that are Measured at Fair Value on a Recurring Basis

The following tables present the Company's financial assets measured at fair value on a recurring basis as of May 3, 2013, May 4, 2012, and February 1, 2013, classified by fair value hierarchy:

(In millions)	Fair Value Measurements at Reporting Date			
	May 3, 2013	Level 1	Level 2	Level 3
Available-for-sale securities:				
Municipal obligations	\$ 52	\$ -	\$ 52	\$ -
Money market funds	51	51	-	-
Municipal floating rate obligations	15	-	15	-
Total short-term investments	\$ 118	\$ 51	\$ 67	\$ -
Available-for-sale securities:				
Municipal floating rate obligations	\$ 231	\$ -	\$ 231	\$ -
Municipal obligations	41	-	41	-
Total long-term investments	\$ 272	\$ -	\$ 272	\$ -

(In millions)	Fair Value Measurements at Reporting Date			
	May 4, 2012	Level 1	Level 2	Level 3
Available-for-sale securities:				
Municipal obligations	\$ 58	\$ -	\$ 58	\$ -
Money market funds	33	33	-	-
Municipal floating rate obligations	35	-	35	-
Other	8	8	-	-
Trading securities:				
Mutual funds	27	27	-	-
Total short-term investments	\$ 161	\$ 68	\$ 93	\$ -
Available-for-sale securities:				
Municipal floating rate obligations	\$ 621	\$ -	\$ 621	\$ -
Municipal obligations	89	-	89	-
Total long-term investments	\$ 710	\$ -	\$ 710	\$ -

(In millions)	Fair Value Measurements at Reporting Date			
	February 1, 2013	Level 1	Level 2	Level 3
Available-for-sale securities:				
Municipal obligations	\$ 56	\$ -	\$ 56	\$ -
Money market funds	49	49	-	-
Municipal floating rate obligations	14	-	14	-
Other	6	-	6	-
Total short-term investments	\$ 125	\$ 49	\$ 76	\$ -
Available-for-sale securities:				
Municipal floating rate obligations	\$ 230	\$ -	\$ 230	\$ -
Municipal obligations	41	-	41	-
Total long-term investments	\$ 271	\$ -	\$ 271	\$ -

When available, quoted prices were used to determine fair value. When quoted prices in active markets were available, investments were classified within Level 1 of the fair value hierarchy. When quoted prices in active markets were not available, fair values were determined using pricing models, and the inputs to those pricing models were based on observable market inputs. The inputs to the pricing models were typically benchmark yields, reported trades, broker-dealer quotes, issuer spreads and benchmark securities, among others.

## Assets and Liabilities that are Measured at Fair Value on a Nonrecurring Basis

During the three months ended May 3, 2013 and May 4, 2012, the Company had no significant measurements of assets and liabilities at fair value on a non-recurring basis subsequent to their initial recognition.

## Fair Value of Financial Instruments

The Company's financial instruments not measured at fair value on a recurring basis include cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities and long-term debt and are reflected in the financial statements at cost. With the exception of long-term debt, cost approximates fair value for these items due to their short-term nature. The fair values of the Company's unsecured notes classified as Level 1 were estimated using quoted market prices. The fair values of the Company's mortgage notes classified as Level 2 were estimated using discounted cash flow analyses, based on the future cash outflows associated with these arrangements and discounted using the applicable risk-free borrowing rate.

Carrying amounts and the related estimated fair value of the Company's long-term debt, excluding capitalized lease obligations, are as follows:

(In millions)	May 3, 2013		May 4, 2012	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Unsecured notes (Level 1)	\$ 8,628	\$ 10,089	\$ 9,174	\$ 10,340
Mortgage notes (Level 2)	18	22	20	24
Long-term debt (excluding capitalized lease obligations)	\$ 8,646	\$ 10,111	\$ 9,194	\$ 10,364

Note 3: Restricted Investment Balances - Short-term and long-term investments include restricted balances pledged as collateral primarily for the Company's extended protection plan program. Restricted balances included in short-term investments were \$116 million at May 3, 2013, \$109 million at May 4, 2012, and \$123 million at February 1, 2013. Restricted balances included in long-term investments were \$265 million at May 3, 2013, \$292 million at May 4, 2012, and \$263 million at February 1, 2013.

Note 4: Property - Property is shown net of accumulated depreciation of \$13.4 billion at May 3, 2013, \$12.7 billion at May 4, 2012, and \$13.2 billion at February 1, 2013.

Note 5: Extended Protection Plans - The Company sells separately-priced extended protection plan contracts under a Lowe's-branded program for which the Company is ultimately self-insured. The Company recognizes revenue from extended protection plan sales on a straight-line basis over the respective contract term. Extended protection plan contract terms primarily range from one to four years from the date of purchase or the end of the manufacturer's warranty, as applicable. Changes in deferred revenue for extended protection plan contracts are summarized as follows:

(In millions)	Three Months Ended	
	May 3, 2013	May 4, 2012
Deferred revenue - extended protection plans, beginning of period	\$ 715	\$ 704
Additions to deferred revenue	70	66
Deferred revenue recognized	(68 )	(54 )
Deferred revenue - extended protection plans, end of period	\$ 717	\$ 716

Incremental direct acquisition costs associated with the sale of extended protection plans are also deferred and recognized as expense on a straight-line basis over the respective contract term. Deferred costs associated with extended protection plan contracts were \$83 million at May 3, 2013, \$133 million at May 4, 2012, and \$95 million at February 1, 2013. The Company's extended protection plan deferred costs are included in other assets (noncurrent) on the consolidated balance

sheets. All other costs, such as costs of services performed under the contract, general and administrative expenses and advertising expenses are expensed as incurred.

The liability for extended protection plan claims incurred is included in other current liabilities on the consolidated balance sheets. Changes in the liability for extended protection plan claims are summarized as follows:

(In millions)	Three Months Ended	
	May 3, 2013	May 4, 2012
Liability for extended protection plan claims, beginning of period	\$ 20	\$ 21
Accrual for claims incurred	27	17
Claim payments	(27 )	(16 )
Liability for extended protection plan claims, end of period	\$ 20	\$ 22

Note 6: Shareholders' Equity - The Company has a share repurchase program that is executed through purchases made from time to time either in the open market or through private off-market transactions. Shares purchased under the repurchase program are retired and returned to authorized and unissued status. The current \$5.0 billion share repurchase program, authorized by the Company's Board of Directors on February 1, 2013, has no expiration and at May 3, 2013, the Company had remaining authorization under the share repurchase program of \$4.0 billion.

In February 2013, the Company entered into an Accelerated Share Repurchase (ASR) agreement with a third-party financial institution to repurchase \$1.0 billion of the Company's common stock. At inception, pursuant to the agreement, the Company paid \$1.0 billion to the financial institution, using cash on hand, and took delivery of 85% of the shares, or 23.2 million shares. On the date of purchase, the par value of the 23.2 million shares was \$12 million and was recorded as a reduction to common stock with the remaining \$988 million recorded as a reduction to capital in excess of par value and retained earnings.

Under the terms of the ASR Agreement, the Company would either receive additional shares from the financial institution or be required to deliver additional shares or cash to the financial institution at the settlement date of the contract. The Company controlled its election to either deliver additional shares or cash to the financial institution and was subject to provisions which limited the number of shares the Company would be required to deliver. Subsequent to the end of the first quarter of fiscal 2013, on May 23, 2013, the Company finalized the transaction for an additional 2.8 million shares. The par value of these shares was recorded as a reduction to common stock with the offsetting impact recorded to capital in excess of par value. The final number of shares upon settlement of the agreement was determined with reference to the volume-weighted average price of the Company's common stock over the term of the ASR agreement.

The ASR agreement was accounted for as a treasury stock transaction and a forward stock purchase contract. The initial repurchase of shares resulted in an immediate reduction of the outstanding shares used to calculate the weighted-average common shares outstanding for basic and diluted earnings per share. The forward stock purchase contract was considered indexed to the Company's own stock and was classified as an equity instrument under accounting guidance applicable to contracts in an entity's own equity.

Also in the first quarter of fiscal 2013, the Company repurchased 0.3 million additional shares of its common stock for \$10 million through the open market.

The Company also withholds shares from employees to satisfy either the exercise price of stock options exercised or the statutory withholding tax liability resulting from the vesting of restricted stock awards.

Shares repurchased for the three months ended May 3, 2013, and May 4, 2012 were as follows:

(In millions)	Three Months Ended			
	May 3, 2013		May 4, 2012	
	Shares	Cost 1	Shares	Cost 1
Share repurchase program	23.5	\$ 1,010	58.0	\$ 1,750
Shares withheld from employees	0.9	36	1.3	39
Total share repurchases	24.4	\$ 1,046	59.3	\$ 1,789

1 Reductions of \$972 million and \$1.7 billion were recorded to retained earnings, after capital in excess of par value was depleted, for the three months ended May 3, 2013 and May 4, 2012, respectively.

Note 7: Income Taxes - The Company is subject to examination by various foreign and domestic taxing authorities.

At May 3, 2013, the Company had unrecognized tax benefits of \$64 million. The Company is working to resolve federal items for fiscal years 2008 through 2011 identified under a previous audit cycle. However, the Company does not believe that these items, as well as the resultant state impact, will be determined within the next 12 months. It is reasonably possible that the Company will resolve \$7 million in state related audit items, within the next 12 months. There are also ongoing U.S. state audits covering tax years 2004 through 2011. The Company's Canadian operations are currently under audit by the Canada Revenue Agency for fiscal years 2008 and 2009. The Company believes appropriate provisions for all outstanding issues have been made for all jurisdictions and all open years.

Note 8: Earnings Per Share - The Company calculates basic and diluted earnings per common share using the two-class method. Under the two-class method, net earnings are allocated to each class of common stock and participating security as if all of the net earnings for the period had been distributed. The Company's participating securities consist of share-based payment awards that contain a nonforfeitable right to receive dividends and therefore are considered to participate in undistributed earnings with common shareholders.

Basic earnings per common share excludes dilution and is calculated by dividing net earnings allocable to common shares by the weighted-average number of common shares outstanding for the period. Diluted earnings per common share is calculated by dividing net earnings allocable to common shares by the weighted-average number of common shares as of the balance sheet date, as adjusted for the potential dilutive effect of non-participating share-based awards. The following table reconciles earnings per common share for the three months ended May 3, 2013, and May 4, 2012.

(In millions, except per share data)	Three Months Ended	
	May 3, 2013	May 4, 2012
Basic earnings per common share:		
Net earnings	\$ 540	\$ 527
Less: Net earnings allocable to participating securities	(3 )	(3 )
Net earnings allocable to common shares	\$ 537	\$ 524
Weighted-average common shares outstanding	1,088	1,206
Basic earnings per common share	\$ 0.49	\$ 0.43
Diluted earnings per common share:		
Net earnings	\$ 540	\$ 527
Less: Net earnings allocable to participating securities	(3 )	(3 )
Net earnings allocable to common shares	\$ 537	\$ 524
Weighted-average common shares outstanding	1,088	1,206
Dilutive effect of non-participating share-based awards	2	2
Weighted-average common shares, as adjusted	1,090	1,208

Edgar Filing: LOWES COMPANIES INC - Form 10-Q

Diluted earnings per common share	\$ 0.49	\$ 0.43
-----------------------------------	---------	---------

10

---

Stock options to purchase 1.5 million and 7.9 million shares of common stock for the three months ended May 3, 2013, and May 4, 2012, respectively, were excluded from the computation of diluted earnings per common share because their effect would have been anti-dilutive.

#### Note 9: Supplemental Disclosure

Net interest expense is comprised of the following:

(In millions)	Three Months Ended	
	May 3, 2013	May 4, 2012
Long-term debt	\$ 103	\$ 97
Capitalized lease obligations	9	9
Interest income	(1 )	(2 )
Interest capitalized	(1 )	(1 )
Interest on tax uncertainties	-	(3 )
Other	3	3
Interest - net	\$ 113	\$ 103

Supplemental disclosures of cash flow information:

(In millions)	Three Months Ended	
	May 3, 2013	May 4, 2012
Cash paid for interest, net of amount capitalized	\$ 193	\$ 177
Cash paid for income taxes, net	\$ 137	\$ 76
Non-cash investing and financing activities:		
Non-cash property acquisitions, including assets acquired under capital lease	\$ 10	\$ 8
Cash dividends declared but not paid	\$ 174	\$ 165

Note 10: Recent Accounting Pronouncements - In February 2013, the Financial Accounting Standards Board (FASB) issued authoritative guidance that adds new disclosure requirements for items reclassified out of accumulated other comprehensive income (AOCI). Under the new guidance, entities are required to either: (i) present parenthetically significant reclassifications made into net income on the face of the financial statement where net income is presented or (ii) disclose in the notes to the financial statements significant amounts reclassified out of AOCI and the net income statement line item affected. In addition, entities are required to disaggregate the total change in each component of AOCI by separately disclosing reclassification adjustments and current period other comprehensive income. The guidance was effective for interim and annual periods beginning after December 15, 2012. The adoption of the guidance by the Company did not have a material impact on its consolidated financial statements.

To the Board of Directors and Shareholders of Lowe's Companies, Inc.  
 Mooresville, North Carolina

We have reviewed the accompanying consolidated balance sheets of Lowe's Companies, Inc. and subsidiaries (the "Company") as of May 3, 2013 and May 4, 2012, and the related consolidated statements of current and retained earnings, comprehensive income, and cash flows for the fiscal three-month periods ended May 3, 2013 and May 4, 2012. These consolidated interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of the Company as of February 1, 2013, and the related consolidated statements of earnings, shareholders' equity, and cash flows for the fiscal year then ended (not presented herein); and in our report dated April 1, 2013, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet of the Company as of February 1, 2013 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

/s/ DELOITTE & TOUCHE LLP

Item 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This discussion and analysis summarizes the significant factors affecting our consolidated operating results, liquidity and capital resources during the three months ended May 3, 2013, and May 4, 2012. This discussion and analysis should be read in conjunction with the consolidated financial statements and notes to the consolidated financial statements that are included in our Annual Report on Form 10-K for the fiscal year ended February 1, 2013 (the Annual Report), as well as the consolidated financial statements (unaudited) and notes to the consolidated financial statements (unaudited) contained in this report. Unless otherwise specified, all comparisons made are to the corresponding period of 2012. This discussion and analysis is presented in seven sections:

- Executive Overview
  - Operations
- Lowe's Business Outlook
- Financial Condition, Liquidity and Capital Resources
  - Off-Balance Sheet Arrangements
- Contractual Obligations and Commercial Commitments
  - Critical Accounting Policies and Estimates

EXECUTIVE OVERVIEW

Net earnings for the first quarter of 2013 increased 2.5% to \$540 million, and diluted earnings per share increased 14.0% to \$0.49. Net sales for the first quarter of 2013 decreased 0.5% to \$13.1 billion. Comparable sales decreased 0.7% driven by a 3.7% decrease in comparable transactions, partially offset by a 3.1% increase in comparable average ticket. Sales during the quarter were negatively impacted by the colder, wetter weather experienced throughout the northeast, southeast, midwest and plains states, compared to the prior year which experienced better than average weather. Although we were well-prepared and coordinated for the spring selling season with seasonal inventories built earlier and deeper in our stores, seasonal categories, such as Lawn & Garden and Seasonal Living fell short of expectations. With our indoor products accounting for approximately two-thirds of our first quarter business, comparable sales for indoor categories increased approximately 3% while comparable sales for outdoor categories decreased approximately 7%. In addition, during the quarter, we continued to experience strength in our Pro Services business which outperformed the company average.

The upper northwest and California delivered the strongest performance in the quarter, but we also experienced strength along the Texas Gulf Coast and Florida. While the weather was more favorable in these regions of the country, the housing recovery also created solid demand in these markets. In the northeast, the negative impact of the weather was partially offset by the continued benefit from Hurricane Sandy recovery efforts which aided first quarter comparable sales by approximately 45 basis points.

We continue to deliver on our commitment to return excess cash to shareholders, aided by strong operating cash flows of \$2.0 billion in the first quarter. During the first quarter of 2013, we paid \$178 million in dividends and repurchased approximately 23.5 million shares of common stock totaling \$1.0 billion through our share repurchase program.

In addition, we continue to focus on our key initiatives: Value Improvement, Product Differentiation, and Store Labor Investment. The Value Improvement Program remains our most important 2013 initiative. The goal is to enhance line designs and maintain better in-stock positions, as well as to simplify deal structures that allow us to offer competitive prices every day. At the end of the first quarter of 2013, we completed resets representing over half of

our business, with the remainder of the initial round of resets expected to be completed during 2013. We are also leveraging compelling displays and enhanced merchandising flexibility from our Product Differentiation program. Through Product Differentiation, stores that have completed resets have end caps that now focus on highly innovative products and significant values and showcase private and national brands. In addition, we have revamped the promotional spaces to better promote seasonally relevant, high value items to drive sales and improve the shopping experience.

In addition, during the quarter, we added an average of 150 hours per week to the staffing model for nearly two-thirds of our stores, apart from our normal seasonal staffing increase, to provide more customer-facing hours during peak weekday times. While initially we have experienced payroll deleverage with the addition of these hours, as these employees progress up the learning curve, we expect these hours to contribute to future sales growth.

From an economic perspective, the housing market continues to show improvement; however, growth in other key indicators, particularly employment, slowed in the first quarter. As such, we expect growth to remain modest through mid-year as consumers adjust to higher taxes and the fiscal drag intensifies. However, we expect that the lagged effects of recent gains in housing will benefit home improvement demand as the year progresses. The macroeconomic transition from recovery to sustainable expansion, together with our initiatives and improving operational collaboration, give us confidence in our Business Outlook for 2013 included herein.

## OPERATIONS

The following tables set forth the percentage relationship to net sales of each line item of the consolidated statements of earnings (unaudited), as well as the percentage change in dollar amounts from the prior period. These tables should be read in conjunction with the following discussion and analysis and the consolidated financial statements (unaudited), including the related notes to the consolidated financial statements (unaudited).

	Three Months Ended		Basis Point	Percentage
	May 3, 2013	May 4, 2012	Increase / (Decrease) in Percentage of Net Sales from Prior Period	Increase / (Decrease) in Dollar Amounts from Prior Period
Net sales	100.00%	100.00%	N/A	(0.5)%
Gross margin	34.80	34.70	10	(0.2)
Expenses:				
Selling, general and administrative	24.62	24.65	(3)	(0.6)
Depreciation	2.69	2.81	(12)	(4.7)
Interest - net	0.86	0.78	8	10.0
Total expenses	28.17	28.24	(7)	(0.8)
Pre-tax earnings	6.63	6.46	17	2.2
Income tax provision	2.50	2.45	5	1.8
Net earnings	4.13%	4.01%	12	2.4%
EBIT margin 1	7.49%	7.24%	25	3.0%

Other Metrics	Three Months Ended	
	May 3, 2013	May 4, 2012
Comparable sales (decrease)/increase <sup>2</sup>	(0.7 ) %	2.6 %
Total customer transactions (in millions)	201	208
Average ticket <sup>3</sup>	\$ 64.99	\$ 63.09
At end of period:		
Number of stores	1,755	1,747
Sales floor square feet (in millions)	197	197
Average store size selling square feet (in thousands) <sup>4</sup>	113	113
Return on invested capital <sup>5</sup>	9.5 %	9.0 %

<sup>1</sup> EBIT margin, also referred to as operating margin, is defined as earnings before interest and taxes as a percentage of sales.

<sup>2</sup> A comparable location is defined as a location that has been open longer than 13 months. A location that is identified for relocation is no longer considered comparable one month prior to its relocation. The relocated location must then remain open longer than 13 months to be considered comparable. A location we have decided to close is no longer considered comparable as of the beginning of the month in which we announce its closing.

<sup>3</sup> Average ticket is defined as net sales divided by the total number of customer transactions.

<sup>4</sup> Average store size selling square feet is defined as sales floor square feet divided by the number of stores open at the end of the period.

<sup>5</sup> Return on invested capital is a non-GAAP financial measure. See below for additional information.

#### Return on Invested Capital

Return on Invested Capital (ROIC) is a non-GAAP financial measure. We believe ROIC is a meaningful metric for investors because it measures how effectively the Company uses capital to generate profits.

We define ROIC as trailing four quarters' net operating profit after tax divided by the average of ending debt and equity for the last five quarters. Although ROIC is a common financial metric, numerous methods exist for calculating ROIC. Accordingly, the method used by our management to calculate ROIC may differ from the methods other companies use to calculate their ROIC. We encourage you to understand the methods used by another company to calculate its ROIC before comparing its ROIC to ours.

We consider return on average debt and equity to be the financial measure computed in accordance with generally accepted accounting principles that is the most directly comparable GAAP financial measure to ROIC. The difference between these two measures is that ROIC adjusts net earnings to exclude tax adjusted interest expense.

The calculation of ROIC, together with a reconciliation to the calculation of return on average debt and equity, the most comparable GAAP financial measure, is as follows:

Edgar Filing: LOWES COMPANIES INC - Form 10-Q

(In millions, except percentage data) Calculation of Return on Invested Capital	For the periods ended			
		May 3, 2013	May 4, 2012	
Numerator 1				
Net earnings	\$	1,972	\$	1,905
Plus:				
Interest expense - net		433		386
Provision for income taxes		1,183		1,111
Earnings before interest and taxes		3,588		3,402
Less:				
Income tax adjustment 2		1,346		1,253
Net operating profit after tax	\$	2,242	\$	2,149
Effective tax rate		37.5	%	36.8
Denominator				
Average debt and equity 3	\$	23,554	\$	23,966
Return on invested capital		9.5	%	9.0

Calculation of Return on Average Debt and Equity

Numerator 1				
Net earnings	\$	1,972	\$	1,905
Denominator				
Average debt and equity 3	\$	23,554	\$	23,966
Return on average debt and equity		8.4	%	7.9

1 Amounts used in the calculation of the numerator are based on the trailing four quarters.

2 Income tax adjustment is defined as earnings before interest and taxes multiplied by the effective tax rate.

3 Average debt and equity is defined as average debt, including current maturities and short-term borrowings, plus total equity for the last five quarters.

Net Sales – Net sales decreased 0.5% to \$13.1 billion in the first quarter of 2013. Comparable sales decreased 0.7% over the same period, primarily driven by a 3.7% decrease in comparable customer transactions, offset by a 3.1% increase in comparable average ticket.

Sales during the first quarter were negatively impacted by unfavorable weather conditions due to a cold, wet spring in the current year compared to an early spring experienced in the prior year. Over the course of the quarter, comparable sales decreased 0.6% and 9.8% in February and March, respectively, but recovered in April with an increase of 10.3% as spring began to reach most of the country. Geographically, the upper northwest of the U.S., Texas Gulf Coast and Florida, delivered stronger results during the quarter as weather trends were more normalized and housing recovery trends generated solid demand. The impact of the unseasonable weather was further demonstrated in product categories as comparable sales for indoor categories increased approximately 3% while comparable sales for outdoor categories decreased approximately 7%. However, sales in areas of the northeast U.S. continued to benefit from Super Storm Sandy recovery efforts.

The negative impact of the weather was partially offset by positive results from our strategic initiatives, including Value Improvement and Product Differentiation, as well as inflation and our proprietary credit value proposition, which offers customers the choice of 5% off every day or promotional financing.

During the quarter, we experienced comparable sales increases above the company average in the following categories: Plumbing; Kitchens & Appliances; Flooring; Home Fashions, Storage, & Cleaning; Lumber & Building

Materials; Hardware; and Fashion Electrical. Many of these products benefited from improved line designs and deeper inventory in key items after having completed their Value Improvement resets, along with strength in these products associated with our Pro Services business. The Kitchen & Appliances category was also aided by effective promotions during the quarter.

Comparable sales were below the company average in Lawn & Garden, Seasonal Living, and Tools & Outdoor Power Equipment due to the delayed spring selling season.

Gross Margin – For the first quarter of 2013, gross margin increased 10 basis points as a percentage of sales. Gross margin was positively impacted 25 basis points by Value Improvement, offset by our proprietary credit value proposition driven by higher sales penetration of our proprietary credit program.

SG&A – For the first quarter of 2013, SG&A expense leveraged three basis points as a percentage of sales compared to the first quarter of 2012. This was primarily driven by leverage of 31 basis points associated with casualty insurance as a result of a favorable actuarial adjustment recorded during the quarter due to improved claim closure rates. Additionally, we experienced leverage of 19 basis points associated with incentive compensation, due to lower attainment levels compared to the prior year. This was offset by 30 basis points of deleverage in operating salaries resulting from the Company's store labor investment to provide for additional staffing during peak weekday selling times. Higher store repair and reset expenses also resulted in nine and five basis points of deleverage, respectively.

Depreciation – Depreciation expense leveraged 12 basis points for the first quarter of 2013 compared to the prior year due to a lower asset base. Property, less accumulated depreciation, decreased to \$21.3 billion at May 3, 2013 compared to \$21.8 billion at May 4, 2012. As of May 3, 2013 and May 4, 2012, we owned 89% of our stores, which included stores on leased land.

Interest – Net – Interest expense was \$113 million and deleveraged eight basis points as a percentage of sales for the first quarter compared to the prior year primarily due to the issuance of \$2 billion of unsecured notes in April 2012.

Income Tax Provision – Our effective income tax rates were 37.8% and 38.0% for the first quarters of 2013 and 2012, respectively. Our effective income tax rate was 37.6% for fiscal 2012.

## LOWE'S BUSINESS OUTLOOK

As of May 22, 2013, the date of our first quarter 2013 earnings release, our fiscal year 2013 guidance expected total sales to increase approximately 4% and comparable sales to increase approximately 3.5%. We expected to open approximately 10 stores during 2013. Earnings before interest and taxes as a percentage of sales (operating margin) were expected to increase approximately 60 basis points. In addition, the effective income tax rate was expected to be approximately 38.1%. Diluted earnings per share of \$2.05 were expected for fiscal 2013.

We repurchased \$1.0 billion under our share repurchase program in the first quarter of fiscal 2013. Our guidance assumed approximately \$2.8 billion in additional share repurchases for a total of \$3.8 billion for the fiscal year.

## FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

### Cash Flows

Cash flows from operating activities continued to provide the primary source of our liquidity. However, the decrease in net cash provided by operating activities for the three months ended May 3, 2013, versus the three months ended May 4, 2012, was primarily driven by an increase in inventory balances due to the delayed spring selling season and the change in accounts payable due to the timing of purchases. The decrease in net cash used in investing activities for the three months ended May 3, 2013, versus the three months ended May 4, 2012, was driven primarily by a decrease in capital expenditures. The increase in net cash used in financing activities for the three months ended May 3, 2013, versus the three months ended May 4, 2012, was driven primarily by a decrease in net proceeds from the issuance of long-term debt due to the issuance of \$2.0 billion of unsecured notes in April 2012. This was partially

offset by a decrease in cash used for the repurchase of common stock, which included shares repurchased under our share repurchase program and shares withheld from employees to satisfy statutory tax withholding liabilities upon vesting of restricted stock awards.

## Sources of Liquidity

In addition to our cash flows from operations, liquidity is provided by our short-term borrowing facilities. We have a \$1.75 billion senior credit facility that expires in October 2016. The senior credit facility supports our commercial paper program and has a \$500 million letter of credit sublimit. Letters of credit issued pursuant to the senior credit facility reduce the amount available for borrowing under its terms. Borrowings made are unsecured and are priced at fixed rates based upon market conditions at the time of funding in accordance with the terms of the senior credit facility. The senior credit facility contains certain restrictive covenants, which include maintenance of a debt leverage ratio as defined by the senior credit facility. We were in compliance with those covenants at May 3, 2013. Thirteen banking institutions are participating in the senior credit facility. There were no outstanding borrowings or letters of credit under the senior credit facility and no outstanding borrowings under our commercial paper program at May 3, 2013.

We expect to continue to have access to the capital markets on both short- and long-term bases when needed for liquidity purposes by issuing commercial paper or new long-term debt. The availability and the borrowing costs of these funds could be adversely affected, however, by a downgrade of our debt ratings or a deterioration of certain financial ratios. The table below reflects our debt ratings by Standard & Poor's (S&P) and Moody's as of June 4, 2013, which we are disclosing to enhance understanding of our sources of liquidity and the effect of our ratings on our cost of funds. Although we currently do not expect a downgrade in our debt ratings, our commercial paper and senior debt ratings may be subject to revision or withdrawal at any time by the assigning rating organization, and each rating should be evaluated independently of any other rating.

Debt Ratings	S&P	Moody's
Commercial Paper	A-2	P-2
Senior Debt	A-	A3
Senior Debt Outlook	Negative	Stable

We believe that net cash provided by operating and financing activities will be adequate not only for our operating requirements, but also for investments in information technology, investments in our existing stores, expansion plans, and acquisitions, if any, and to return cash to shareholders through both dividends and share repurchases over the next 12 months. There are no provisions in any agreements that would require early cash settlement of existing debt or leases as a result of a downgrade in our debt rating or a decrease in our stock price. In addition, we do not have a significant amount of cash held in foreign affiliates that would not be available to fund domestic operations.

## Cash Requirements

### Capital expenditures

Our fiscal 2013 capital budget is approximately \$1.25 billion, inclusive of approximately \$50 million of lease commitments, resulting in a planned net cash outflow of \$1.2 billion. Approximately 40% of the planned net cash outflow is for investments to enhance the customer experience, including enhancements in information technology. Investments in our existing stores are expected to account for approximately 35% of net cash outflow including investments in store equipment, resets and remerchandising. In addition, approximately 15% of the planned net cash outflow is for store expansion. Our expansion plans for 2013 consist of approximately 10 stores, which includes one leased store. Approximately 30% of these new stores are expected to be on leased land. Other planned capital expenditures, accounting for 10% of planned net cash outflow, are for investments in our distribution network, including one additional regional distribution center which opened during the first quarter of 2013.

### Debt and capital

We have an ongoing share repurchase program that is executed through purchases made from time to time in the open market or through private off-market transactions. Shares purchased under the share repurchase program are retired and returned to authorized and unissued status. In February 2013, we entered into an Accelerated Share Repurchase (ASR) agreement with a third-party financial institution to repurchase \$1.0 billion of our common stock. At inception, pursuant to the agreement, the Company paid \$1.0 billion to the financial institution, using cash on hand, and took delivery of 85% of the shares, or 23.2 million shares. Subsequent to the end of the first quarter of fiscal 2013, on May 23, 2013, the Company finalized the transaction for an additional 2.8 million shares. The final number of shares upon settlement of the

agreement was determined with reference to the volume-weighted average price of the Company's common stock over the term of the ASR agreement. Also in the first quarter of fiscal 2013, the Company repurchased 0.3 million additional shares of its common stock for \$10 million through the open market. As of May 3, 2013, we had a remaining repurchase authorization of \$4.0 billion with no expiration date. Our Business Outlook included herein assumes approximately \$3.8 billion in share repurchases for 2013, spread evenly across the four quarters.

On May 31, 2013, the Board of Directors declared a quarterly cash dividend of \$0.18 per share, which represents a 12.5% increase over previously declared quarterly dividends of \$0.16 per share.

#### OFF-BALANCE SHEET ARRANGEMENTS

Other than in connection with executing operating leases, we do not have any off-balance sheet financing that has, or is reasonably likely to have, a material, current or future effect on our financial condition, cash flows, results of operations, liquidity, capital expenditures or capital resources.

#### CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS

As of May 3, 2013, there were no material changes to our contractual obligations and commercial commitments outside the ordinary course of business since the end of 2012. Refer to the Annual Report on Form 10-K for additional information regarding our contractual obligations and commercial commitments.

#### CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our significant accounting policies are described in Note 1 to the consolidated financial statements presented in our Annual Report. Our critical accounting policies and estimates are described in Management's Discussion and Analysis of Financial Condition and Results of Operations in the Annual Report. Our significant and critical accounting policies have not changed significantly since the filing of our Annual Report.

#### FORWARD-LOOKING STATEMENTS

This Form 10-Q includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 (the "Act"). Statements of the Company's expectations for sales growth, comparable sales, earnings and performance, shareholder value, capital expenditures, cash flows, the housing market, the home improvement industry, demand for services, share repurchases, the Company's strategic initiatives and any statement of an assumption underlying any of the foregoing, constitute "forward-looking statements" under the Act. Such forward-looking statements are found in, among other places, "Management's Discussion and Analysis of Financial Condition and Results of Operations." Statements containing words such as "expects," "plans," "strategy," "projects," "believe," "opportunity," "anticipates," "desires," and similar expressions are intended to highlight or indicate "forward-looking statements." Although we believe that the expectations, opinions, projections, and comments reflected in these forward-looking statements are reasonable, we can give no assurance that such statements will prove to be correct. A wide variety of potential risks, uncertainties, and other factors could materially affect our ability to achieve the results either expressed or implied by our forward-looking statements including, but not limited to, changes in general economic conditions, such as continued high rates of unemployment, interest rate and currency fluctuations, higher fuel and other energy costs, slower growth in personal income, changes in consumer spending, changes in the rate of housing turnover, the availability and increasing regulation of consumer credit and of mortgage financing, inflation or deflation of commodity prices, and other factors which can negatively affect our customers, as well as our ability to: (i) respond to adverse trends in the housing industry, such as the psychological effects of lower home prices, and in the level of repairs, remodeling, and additions to existing homes, as well as a general reduction in commercial building activity; (ii) secure, develop, and otherwise implement new technologies and processes designed to enhance

our efficiency and competitiveness; (iii) attract, train, and retain highly-qualified associates; (iv) manage our business effectively as we adapt our traditional operating model to meet the changing expectations of our customers; (v) to maintain, improve, upgrade and protect our critical information systems; (vi) respond to fluctuations in the prices and availability of services, supplies, and products; (vii) respond to the growth and impact of competition; (viii) address changes in existing or new laws or regulations that affect consumer credit, employment/labor, trade, product safety, transportation/logistics, energy costs, health care, tax or environmental

Table of Contents

issues; and (ix) respond to unanticipated weather conditions that could adversely affect sales. In addition, we could experience additional impairment losses if the actual results of our operating stores are not consistent with the assumptions and judgments we have made in estimating future cash flows and determining asset fair values. For more information about these and other risks and uncertainties that we are exposed to, you should read the "Risk Factors" and "Critical Accounting Policies and Estimates" included in our Annual Report on Form 10-K to the United States Securities and Exchange Commission (the "SEC") and the description of material changes therein or updated version thereof, if any, included in our Quarterly Reports on Form 10-Q.

The forward-looking statements contained in this Form 10-Q are based upon data available as of the date of this report or other specified date and speak only as of such date. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf about any of the matters covered in this report are qualified by these cautionary statements and the "Risk Factors" included in our Annual Report on Form 10-K to the SEC and the description of material changes, if any, therein included in our Quarterly Reports on Form 10-Q. We expressly disclaim any obligation to update or revise any forward-looking statement, whether as a result of new information, change in circumstances, future events, or otherwise.

Item 3. - Quantitative and Qualitative Disclosures about Market Risk

The Company's market risk has not changed materially from that disclosed in our Annual Report on Form 10-K for the fiscal year ended February 1, 2013.

Item 4. - Controls and Procedures

The Company's management, with the participation of the Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's "disclosure controls and procedures," (as such term is defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended, (the Exchange Act)). Based upon their evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of May 3, 2013, the Company's disclosure controls and procedures were effective for the purpose of ensuring that the information required to be disclosed in the reports that the Company files or submits under the Exchange Act with the Securities and Exchange Commission (the SEC) (1) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and (2) is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

In addition, no change in the Company's internal control over financial reporting occurred during the quarter ended May 3, 2013 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Table of Contents

## Part II – OTHER INFORMATION

## Item 1. - Legal Proceedings

The Company is a defendant in legal proceedings considered to be in the normal course of business, none of which, individually or collectively, including the matter described below, are believed to have a risk of having a material impact on the Company's financial statements.

Item 103 of SEC Regulation S-K requires that we disclose legal proceedings to which the Company and a governmental authority is a party and that arise under laws dealing with the discharge of materials into the environment or the protection of the environment, if the proceeding reasonably involves potential monetary sanctions of \$100,000 or more. Disclosure also is required as to any such proceedings known by us to be contemplated by governmental authorities. In accordance with that requirement, we are disclosing that in March 2013, the U.S. Environmental Protection Agency (EPA) notified the Company's principal operating subsidiaries that, after completing a review of records pertaining to work performed by independent contractors of the Company's principle operating subsidiaries and their compliance with the EPA's rules regarding lead-based paint renovation activities, the EPA had calculated a civil penalty in excess of \$100,000. Since this time, the EPA and the Company have reached an agreement in principal, which will include a civil penalty and possible supplemental environmental projects collectively totaling \$500,000 to be incorporated into a consent decree with these subsidiaries. Although the Company is continuing to cooperate fully with the EPA in this matter, as it has since the EPA began its review of these records, the terms of any settlement, including the amount of any civil penalty to be paid, remain subject to negotiation.

## Item 1A. - Risk Factors

There have been no material changes in our risk factors from those disclosed in our Annual Report on Form 10-K for the fiscal year ended February 1, 2013.

## Item 2. - Unregistered Sales of Equity Securities and Use of Proceeds

## Issuer Purchases of Equity Securities

The following table sets forth information with respect to purchases of the Company's common stock made during the first quarter of 2013:

(In millions, except average price paid per share)	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Dollar Value of Shares that May Be Purchased Under the Plans or Programs
February 2, 2013 - March 1, 2013	24.2	\$ 36.66	23.3	\$ 3,999
March 2, 2013 - April 5, 2013	-	-	-	3,999

Edgar Filing: LOWES COMPANIES INC - Form 10-Q

April 6, 2013 - May 3, 2013	0.2		37.45	0.2		3,990
As of May 3, 2013	24.4	\$	36.67	23.5	\$	3,990

1 During the first quarter of fiscal 2013, the Company repurchased an aggregate of 24.4 million shares of its common stock. The total number of shares purchased also includes 0.9 million shares withheld from employees to satisfy either the exercise price of stock options or their statutory withholding tax liability upon the vesting of restricted share-based awards.

2 Authorization for up to \$5.0 billion of share repurchases with no expiration was approved on February 1, 2013. Although the repurchase authorization has no expiration, the Company expects to execute the program by the end of fiscal 2014 through purchases made from time to time either in the open market or through private off market transactions in accordance with SEC regulations.

Table of Contents

3 In February 2013, the Company entered into an Accelerated Share Repurchase (ASR) agreement with a third-party financial institution to repurchase \$1.0 billion of the Company's common stock. Pursuant to the ASR agreement, the Company paid \$1.0 billion to the financial institution and received an initial delivery of approximately 23.2 million shares in the first quarter of 2013. The average price paid per share reflected above was derived using the fair market value of the shares on the date the initial shares were delivered. See Note 6 to the Consolidated Financial Statements included in this report.

## Item 5. – Other Information

Submission of Matters to a Vote of Security Holders - The Company held its annual meeting of shareholders on May 31, 2013. For more information on the proposals, see the Company's Proxy Statement. Set forth below are the final voting results for each of the proposals included in the proxy statement on which a vote was taken at the annual meeting. Because the proponent failed to comply with the advance notice provisions of the Company's Bylaws for appointment of a representative to present his proposal, the shareholder proposal regarding executive stock retention requirements included in the Company's proxy statement for the annual meeting was ruled ineligible for consideration at the meeting, and the Company's shareholders did not vote on it. Had the proposal been eligible for consideration, based solely on the proxies received by the Company, the results of the voting on such proposal would have been 192,352,873 votes for; 636,504,396 votes against; 3,925,253 abstentions; and 127,005,425 broker non-votes.

## (1) Election of Director Nominees

	VOTES FOR	VOTES WITHHELD	BROKER NON-VOTES
