PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Mechanical Technology Incorporated (MTI or Company) for use at the 2005 Annual Meeting of Shareholders of the Company (Annual Meeting) to be held on Tuesday, June 28, 2005, at 10:00 a.m. local time, and any adjournment thereof, at Company Headquarters, 431 New Karner Road, Albany, New York.

The shares represented by properly completed proxies received prior to the vote will be voted FOR any proposal unless specific instructions to the contrary are given or an abstention from voting is indicated by the shareholder. The following proposals will be voted upon by the shareholders: 1) the election of directors; and 2) amendment to the Restated Certificate of Incorporation, as amended, to reduce the par value of the Company's common stock from \$1.00 to \$.01 per share. The proxy may be revoked any time before it is exercised.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to shareholders of the Company on or about May 16, 2005 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on May 2, 2005 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). Only holders of record of the Company's common stock, par value \$1.00 per share ("Common Stock"), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 30,676,626 shares of Common Stock outstanding and entitled to vote the Annual Meeting and approximately 550 stockholders of record. However, management believes that a significant number of shares are held by brokers under a "nominee name" and that the number of beneficial shareholders of our Common Stock exceeds 12,500. Each holder of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum

being present, the affirmative vote of a plurality of the votes is necessary to elect a nominee as a director of the Company. A quorum being present, the affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote at the Annual Meeting is required for approval of the amendment to the Restated Certificate of Incorporation, as amended, and the approval of any other actions.

Shares that reflect abstentions or "broker non-votes" (i.e., shares represented at the Annual Meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting. With respect to Proposal No. 1, the election of directors, votes may be cast in favor of or withheld from each nominee, votes that are withheld will be excluded entirely from the vote and will have no effect on the vote, and broker non-votes will have no effect on the outcome of the election of directors. With respect to Proposal No.2 and any other actions, the amendment to the Restated Certificate of Incorporation, as amended, to reduce the par value of the Company's common stock from \$1.00 to \$.01 per share, broker non-votes will have the effect of votes AGAINST Proposal No.2 and any other actions. Votes will be tabulated by inspectors of election appointed in accordance with the applicable provisions of the New York Business Corporation Law.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of the Company's Proxy Statement or Annual Report to Shareholders may have been sent to multiple shareholders who share an address. The Company will promptly deliver a separate copy of either document to any shareholder upon written or oral request. Requests may be made by mail to: Investor Relations Department, Mechanical Technology Incorporated, 431 New Karner Road, Albany, New York 12205; by e-mail: contact@mechtech.com; or by telephone: (518) 533-2200. Any shareholder who would like to receive separate copies of the Proxy Statement or Annual Report to Shareholders in the future, or any shareholder who is receiving multiple copies and would like to receive only one copy per household, should contact the shareholder's bank, broker, or other nominee record holder, or the shareholder may contact the Company directly at the address or phone number listed above.

Proposal No. 2

AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO REDUCE PAR VALUE OF THE COMPANY'S COMMON STOCK FROM \$1.00 TO \$.01 PER SHARE

The Board of Directors has approved, and recommends the adoption by shareholders of, an amendment to Paragraph 4 of the Company's Restated Certificate of Incorporation, as amended, to reduce the par value of the Company's common stock. The Restated Certificate of Incorporation, as amended, currently authorizes the issuance of shares of common stock with a par value of \$1.00 per share. The Board of Directors believes it is in the best interests of the Company to amend the Restated Certificate of Incorporation, as amended, to reduce the par value of the Company's common stock to \$.01 per share. The reduction in par value is intended to bring the Company in line with the practice of other public companies with respect to par value.

Historically, the concept of par value served to protect creditors and senior security holders by ensuring that a company received at least the par value as consideration for issuance of stock. Over time, the concept of par value has lost its significance for the most part. Many companies that incorporate today use a nominal par value or have no par

value.

The reduction in the par value of the Company's common stock would be effected by a reduction in the capital stock account (approximately \$38 million) on the Company's balance sheet and a corresponding increase in the additional paid-in (or surplus) capital account (approximately \$38 million). The reduction in the par value would not change the number of authorized shares of the Company's common stock. The reduction in the par value would reduce the amount required to be carried by the Company as capital, thereby potentially increasing the Company's surplus capital available for dividends and other distributions and for other corporate purposes. The Board of Directors has not proposed the reduction in the par value with the intention of declaring dividends on the common stock. The reduction in the par value should have no effect on the rights of the holders of the Company's common stock except for the minimum amount per share the Company may receive upon the issuance of authorized but unissued shares and added dividend flexibility.

If this proposal is approved, Paragraph 4 of the Restated Certificate of Incorporation, as amended, will be amended to read as follows:

"4. The aggregate number of shares which the Corporation shall have the authority to issue is Seventy-Five Million (75,000,000) shares, par value \$.01 per share."

The amendment to the Restated Certificate of Incorporation, as amended, will become effective upon the filing of such amendment with the Secretary of State for the State of New York.

If this proposal is approved, certificates representing shares of the Company's common stock, \$1.00 par value per share, issued and outstanding prior to the effective date of filing of the amendment to the Restated Certificate of Incorporation, as amended, will be changed to represent the same number of shares of the Company's common stock, \$.01 par value per share, as they did prior to such effective date. Existing certificates will not be exchanged for new certificates. Please do not return any certificates to the Company.

THE BOARD RECOMMENDS YOU VOTE FOR THE AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO REDUCE THE PAR VALUE OF THE COMPANY'S COMMON STOCK.

BOARD OF DIRECTORS MEETINGS AND COMMITTEES

The Board of Directors held fourteen meetings during 2004. All directors attended at least 75% of all of the Board and committee meetings that they were eligible to attend during 2004. The Board has no formal policy regarding attendance at the annual meeting; however, Directors are encouraged but not required to attend annual meetings of the Company's shareholders. All Directors of the Company as of the date of the 2004 Annual Meeting of Shareholders attended the meeting

with the exception of Dr. Robb. The Board of Directors has established an Audit Committee and a Compensation, Nominating and Governance Committee.

Audit Committee

The Audit Committee currently consists of Mr. Phelan (Chairman), Mr. O'Connor and Dr. Robb. The Board has determined that the current members of the Audit Committee are independent directors under the NASDAQ audit committee structure and membership requirements. During 2004, Mr. Fischer served as Audit Committee Chairman until July 29, 2004 when he was appointed CEO of the Company effective September 1, 2004. Further, Mr. David

Eisenhaure served on the Audit Committee from July 29, 2004 until September 13, 2004, when he resigned from the Board of Directors.

The Audit Committee met six times during 2004, and each member attended all of the meetings during the period in which such person served on the Audit Committee, except for Dr. Robb in one instance. The responsibilities of the Audit Committee are set forth in the charter of the Audit Committee, which was adopted by the Board of Directors of the Company on March 11, 2004. The Committee, among other matters, is responsible for the annual appointment of independent accountants as the auditors of the Company, and reviews the arrangements for and the results of the auditors' examination of the Company's books and records, auditors' compensation, internal accounting control procedures, and activities. The Audit Committee also reviews the Company's accounting policies, control systems and compliance activities and reviews the charter of the Audit Committee. The Audit Committee charter is published in the Investor Relations/Corporate Governance Section of the Company's website at www.mechtech.com.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors (the "Committee") is currently composed of three directors, each of whom is an independent director as defined in Rule 4200 (a)(15) under the Marketplace Rules of the National Association of Securities Dealers, Inc. and the applicable rules of the Securities and Exchange Commission (SEC). In addition, the Board has made a determination that Mr. Phelan qualifies as an "audit committee financial expert" as defined in Section 407 of the Sarbanes-Oxley Act of 2002. Mr. Phelan's designation by the Board as an "audit committee financial expert" is not intended to be a representation that he is an expert for any purpose as a result of such designation, nor is it intended to impose on him any duties, obligations, or liability greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board in the absence of such designation.

In accordance with the Committee's charter, management has the primary responsibility for the financial statements and the financial reporting process, including maintaining an adequate system of internal controls over financial reporting. The Company's independent auditors, PricewaterhouseCoopers LLP ("PwC"), report directly to the Committee and are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for auditing management's assessment of the Company's internal controls over financial reporting and for issuing separate reports thereon. In addition, PwC will express its own opinion on the effectiveness of the Company's internal control over financial reporting. The Committee, among other matters, is responsible for appointing the Company's independent auditors, evaluating such independent auditors' qualifications, independence and performance, determining the compensation for such independent auditor, and pre-approval of all audit and non-audit services. Additionally, the Committee is responsible for oversight of the Company's accounting and financial reporting processes and audits of the Company's financial statements including the work of the independent auditor. The Committee reports to the Board of Directors with regard to:

- ◆ the scope of the annual audit;
- ◆ fees to be paid to the auditors;
- ◆ the performance of our independent auditors;
- ◆ compliance with accounting and financial policies and financial statement presentation; and
- ◆ our procedures and policies relative to the adequacy of internal accounting controls.

The Committee reviewed and discussed with management of the Company and PwC, the Company's 2004 quarterly consolidated financial statements and 2004 annual consolidated financial statements, including, management's assessment of the effectiveness of the Company's internal control over financial reporting and PwC's evaluation of the Company's internal control over financial reporting. Management has represented to the Committee that the

Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

Additionally, the Committee has discussed with PwC any matters required to be discussed under Statement on Auditing Standards No. 61 (Communication with Audit Committees), which include, among other items, matters related to the conduct of the audit of the Company's annual consolidated financial statements. The Committee has also discussed the critical accounting policies used in the preparation of the Company's annual consolidated financial statements, alternative treatments of financial information within generally accepted accounting principles that PwC discussed with management, the ramifications of using such alternative treatments and other written communications between PwC and management.

PwC has provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with PwC that firm's independence. The Committee has also concluded that PwC's performance of non-audit services is compatible with PwC's independence.

The Committee also discussed with PwC their overall scope and plans for their audit and has met with PwC, with and without management present, to discuss the results of their audit, the evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting. The Committee also discussed with PwC whether there were any audit problems or difficulties, and management's response.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004. The Committee has also appointed PwC as the Company's independent auditors for the fiscal year ending December 31, 2005. This report is provided by the following independent directors, who constitute the Committee.

REPORT OF THE COMPENSATION, NOMINATING AND GOVERNANCE COMMITTEE

ON EXECUTIVE COMPENSATION

Until October 9, 2003, the Board of Directors did not have a nominating committee because director nominations were made by the Board of Directors as a whole, based on the advice of management. On October 9, 2003, the Board of Directors delegated the authority for nominations to the Board of Directors to the Compensation Committee, which has been renamed the Compensation and Nominating Committee. On April 28, 2004, the Board of Directors delegated the authority for governance to the Compensation and Nominating Committee, which has been renamed the Compensation, Nominating and Governance Committee. On April 28, 2004, the Board also adopted a Compensation, Nominating and Governance charter for the Company. That charter is published in the Investor Relations/Corporate Governance section of the Company's website at www.mechtech.com. The Compensation, Nominating and Governance Committee consists of Drs. Robb and Sternlicht and Mr. O'Connor, who are all independent directors in accordance with the NASDAQ National Market System director independence standards. Mr. O'Connor is Chairman of the Compensation, Nominating and Governance Committee.

The role of the Compensation, Nominating and Governance Committee is to assist the Board of Directors by 1) identifying, evaluating and recommending the nomination of Board members; 2) setting the compensation for the Company's Chief Executive Officer; 3) establishing bonus and option pool amounts for other employees and performing other compensation oversight; 3) establishing Director compensation; 4) selecting and recommending Director candidates to the Board of Directors; 5) recommending improved governance of the Company to the Board of Directors; and 5) assisting the Board of Directors with other assigned tasks as needed.

Prior to the delegation of nomination responsibilities to the Compensation, Nominating and Governance Committee, Directors were nominated by the full Board of Directors, based on input from individual directors and management. In appraising potential Director candidates, the Compensation, Nominating and Governance Committee continues to focus on the same characteristics and qualifications historically considered by the full Board. These include business savvy and experience, concern for the best interests of the Company's shareholders, proven success in the application of skills relating to the Company's areas of business activities, adequate availability to participate actively in the Board's affairs, high levels of integrity and sensitivity to current business and corporate governance trends and legal requirements and, since 2003, that candidates meet the director independence standard of the NASDAQ National Market System. The Compensation, Nominating and Governance Committee has adopted as a formal policy the consideration of director candidates recommended by shareholders. A shareholder wishing to submit such a recommendation should forward it in writing to the Secretary of the Company at 431 New Karner Road, Albany, New York 12205. The mailing envelope should include a clear notation that the enclosure is a "Director Nominee

Recommendation." The recommending party should be identified as a shareholder and should provide a brief summary of the recommended candidate's qualifications, taking into account the historic characteristics and qualifications considered for potential Board members and mentioned above.

The Compensation, Nominating and Governance Committee administers the executive compensation program for the Company and MTI Instruments. This Committee is responsible for establishing the policies that govern base salary, as well as short and long-term incentives for the Company's and MTI Instruments' senior management teams. The executive compensation program for MTI Micro, our majority-owned subsidiary, is managed by the Compensation Committee of MTI Micro. The Compensation, Nominating and Governance Committee of MTI approves the size of the option pool for MTI Micro officers, directors and employees. The Compensation, Nominating and Governance Committee met seven times during 2004.

The Committee believes that the primary objectives of the Company's compensation policies are to attract and retain a management team that can effectively implement and execute the Company's strategic business plan. These compensation policies include (i) an overall management compensation program that is competitive with management compensation programs at companies of similar sizes and lines of business; and (ii) long-term incentive compensation in the form of stock options which will encourage management to continue to focus on shareholder return.

The Committee's goal is to use compensation policies to closely align the interests of management with the interests of shareholders in building long-term value for the Company's shareholders. The Committee reviews its compensation policies from time to time in order to determine the reasonableness of the Company's compensation programs and to take into account factors which are unique to the Company.

As described below, Messrs. Fischer, Church and Soucy and Drs. Acker and Gottesfeld have Employment Agreements with the Company defining the employees' duties, salary, severance arrangements and restrictions on competition with the Company. For more detailed information on such employment arrangements, see "Employment Agreements" below.

Base Salary.

The Committee's goal is not only to assure a base salary sufficient to attract and retain key executives, but also to balance that goal with long-term incentives which assure that a significant portion of annual compensation is dependent upon the performance of the Company.

Bonus.

No cash bonuses were paid to Messrs. Fischer or Church or Drs. Acker or Gottesfeld in 2004. Mr. Soucy was paid a cash bonus in 2004 based on his performance during the year.

Stock Options.

The Company issues options, to purchase MTI common stock, to its employees, directors and senior management, and has in the past issued such options to the employees and senior management of MTI Micro. MTI Micro issues options, to purchase MTI Micro common stock, to its employees, directors and senior management of MTI Micro and also issues options in MTI Micro to directors of the Company. In the past, MTI Micro has issued stock options in MTI Micro to employees and senior management of the Company.

In examining stock option, equity incentive, phantom stock and other plans typically provided to senior management in publicly held companies, the Compensation, Nominating and Governance Committee determined that the Company should provide equity incentives to its senior management. Stock options, and in the case of Mr. Church, restricted

stock, have been issued in recognition of the performance of the senior management team to date in improving the Company's financial position, establishing important strategic relationships with distributors, and developing technology and bringing to market innovative new products. The Committee also believes that the granting of stock options is a valuable incentive tool for management to continue to focus on realizing strategic goals and in building value for all shareholders. Most of the stock option grants vest over a multi-year period.

Compensation of Chief Executive Officer.

Steven N. Fischer has been the Company's Chief Executive Officer since September 1, 2004 and received salary compensation of \$62,308 for the year ended December 31, 2004. The compensation for Mr. Fischer was based upon careful analysis of other comparable public companies' chief executive officer's compensation and the performance of the Company, including progress on the development and commercialization of MTI Micro's direct methanol micro fuel cell system, revenue generation at MTI Instruments and Mr. Fischer's efforts in identifying potential funding sources for the Company and its subsidiaries.

Compliance with Internal Revenue Code Section 162(m).

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Corporation's Chief Executive Officer and the four other most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Committee periodically reviews the potential consequences of Section 162(m) and may structure the performance-based portions of its executive compensation to comply with certain exemptions to Section 162(m). However, the Committee reserves the right to use its judgment to authorize compensation payments that do not comply with the exemptions to Section 162(m) when the Committee believes that such payments are appropriate and in the best interests of the shareholders, after taking into consideration changing business conditions or the officer's performance.

For information concerning the committee members' relationship to the Company, see "Security Ownership of Certain Beneficial Owners and Management" and "Certain Relationships and Related Transactions."

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Management believes transactions among related parties are as fair to the Company as obtainable from unaffiliated third parties.

On March 29, 2004, the Company acquired 4,762 shares of its common stock for \$25 thousand from its then CEO, Dale Church, in connection with a revised tax liability of Mr. Church resulting from the vesting of restricted stock in

October 2003. The Company had previously acquired 15,724 shares in connection with the payment of Mr. Church's original tax liability as reported on October 28, 2003.

During 2003, the Company sold 773,600 shares of SatCon Technology Corporation ("SatCon") common stock and as of December 31, 2003 held no shares of SatCon common stock. David B. Eisenhaure, a director of the Company at the time

of such transaction, was President, Chief Executive Officer and Chairman of the Board of Directors of SatCon during 2003.

On December 20, 2002, the Company and First Albany Companies Inc. ("FAC") completed a share exchange transaction in which FAC exchanged 8 million shares of the Company's common stock owned by FAC for 2,721,088 shares of Plug Power common stock owned by the Company. As a condition of the exchange, FAC agreed not to sell its remaining shares of the Company for two years ("lock-up agreement"). The Company waived this lock-up agreement in late December 2002 to permit FAC to gift shares. The Company recorded a non-cash gain on the exchange transaction of \$8.006 million and recorded treasury stock at a non-cash cost of \$13.606 million. As of December 31, 2002, FAC owned 2,991,040 shares, or approximately 10.83%, of the Company.

As a result of the transaction, the Company became no longer required to account for its remaining holdings in Plug Power under the equity method of accounting. Under the equity method of accounting, the Company was required to report its proportionate share of Plug Power's financial results.

During the twelve months ended December 31, 2002, FAC sold 662,705 shares of the Company's common stock in the public markets.

As of December 31, 2002, the Company owned approximately 4.58% of SatCon's outstanding stock. David B. Eisenhaure, a director of the Company at such time, was President, Chief Executive Officer and Chairman of the Board of Directors of SatCon during 2002.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and holders of more than 10% of the Company's common stock to file with the SEC initial reports of ownership of the Company's common stock and other equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of the Company's records and written representations by the persons required to file such reports, all filing requirements of Section 16(a) were satisfied with respect to the Company's most recent calendar year.

Shareholder Communications with the Board of Directors

Shareholders who wish to communicate with the Board of Directors or a particular Director may send a letter to the Secretary of the Company at 431 New Karner Road, Albany, New York 12205. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Shareholder-Board Communication." All such letters must identify the author as a shareholder and clearly state whether the intended recipients are all members of the Board or certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the appropriate director or directors.

Code of Ethics

The Company has adopted a Code of Ethics for employees, officers and directors. The Code of Ethics was filed on March 10, 2004 as Exhibit 14.1 to the Company's Form 10-K for the year ended December 31, 2003. A copy may be obtained at no charge by written request to the attention of the Secretary of the Company at 431 New Karner Road, Albany, New York 12205. - Potential realizable value is based on the assumption that the common stock appreciates at the annual rate shown, compounded

annually, from the date of grant until expiration of the 10-year term. These numbers are calculated based upon SEC requirements and do not reflect the Company's projection or estimate of future stock price growth. Potential realizable values are computed by multiplying the number of shares of common stock subject to a given option by the fair market value on the date of grant, assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire 10-year term of the option and subtracting from that the aggregate option exercise price.

- Options vest on a two-year vesting schedule, fifty percent vesting on each anniversary of the date of grant.

The number of shares beneficially owned by each shareholder is determined under rules promulgated by the SEC and includes voting or investment power with respect to securities. Under these rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power and includes any shares as to which the individual or entity has the right to acquire beneficial ownership within 60 days after February 28, 2005, through the exercise of any warrant, stock option or other right. The inclusion in this schedule of such shares, however, does not constitute an admission that the named shareholder is a direct or indirect beneficial owner of such shares. The number of shares of common stock outstanding used in calculating the percentage for each listed person includes the shares of common stock underlying options held by such person, which are exercisable within 60 days of February 28, 2005, but excludes shares of common stock underlying options held by any other person. Pursuant to a contractual limitation, Fletcher may not acquire any shares of common stock pursuant to exercises of additional investment rights without first providing us sixty-five days notice of such exercise if such exercise would result in Fletcher beneficially owning more than 9.25% of the total outstanding number of shares of our common stock. Includes shares held in one or more accounts managed by Fletcher Asset Management, Inc. ("FAM") for Fletcher. FAM is an investment adviser to Fletcher and is registered under Section 203 of the Investment Advisors Act of 1940, as amended. By reason of the provisions of Rule 13d-3 under the Securities Exchange Act of 1934, Fletcher and FAM may each beneficially own the securities registered under the registration statement of which this prospectus is a part. Additionally, by virtue of Alphonse Fletcher, Jr.'s position as chairman and chief executive officer of FAM, Mr. Fletcher may have the shared power to vote or direct the vote of, and the shared power to dispose or direct the disposition of, these securities. For these reasons, Mr. Fletcher may also be a beneficial owner of these securities.
