Item 1.01. Entry Into a Material Definitive Agreement.

On March 29, 2017, Mercury General Corporation (the “Company”) entered into a Credit Agreement (the “Agreement”), with Bank of America, N.A., as administrative agent (“Bank of America”), and the Lenders party thereto.

The Agreement is a revolving credit facility that provides for loans of up to \$50 million and bears interest, at the Company’s option, at either (a) the rate per annum equal to the British Bankers Association London Interbank Offered Rate (“LIBOR”) plus an additional percentage between 1.125% and 1.625% depending upon the Company’s debt to capitalization ratio from time to time, or (b) a fluctuating rate per annum equal to the highest of (i) the Federal Funds Rate plus 0.50%, (ii) Bank of America’s prime rate, and (iii) the LIBOR rate plus 1.00%, plus, in each case, an additional percentage between 0.125% and 0.625% depending upon the Company’s debt to capitalization ratio from time to time. The Agreement matures on March 29, 2022, and, subject to minimum repayment requirements, amounts outstanding under the Agreement may be voluntarily prepaid in whole or in part at any time without premium or penalty. The obligations of the Company under the Agreement and all related documents are unsecured general obligations of the Company.

The Agreement contains representations and warranties, and affirmative, negative and financial covenants customary for such a borrowing agreement, including, without limitation, maintenance of a minimum consolidated net worth and of specified statutory surplus levels, a limitation on the amount of debt the Company is permitted to incur, maintenance of a minimum amount of risk based capital in any material insurance subsidiary of the Company, delivery of financial and other information; notification of specified events and occurrences; payment of amounts due under the Agreement; preservation and maintenance of the Company’s existence, assets and books and records; and limitations on liens, investments, indebtedness, mergers and acquisitions, asset divestitures, the payment of dividends if a default exists or would result from such payment, changes in the nature of the Company’s business, transactions with affiliates, burdensome agreements, and the use of proceeds.

The Agreement contains customary events of default for credit facilities of this nature, including, without limitation, non-payment defaults, covenant defaults, inaccuracy of representations and warranties, cross-defaults to other indebtedness, bankruptcy and insolvency defaults, inability to pay debt or attachment defaults, judgment defaults, ERISA defaults, invalidity of loan and collateral documents defaults, insurance regulatory defaults, and change of control defaults. If an event of default occurs and is continuing, the lenders may declare the unpaid principal amount of all outstanding loans and interests accrued under the Agreement immediately due and payable and exercise their rights under the other loan documents.

The foregoing is a summary description of certain terms of the Agreement and is qualified in its entirety by reference to the full text of the Agreement, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by this reference.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 of this Current Report on Form 8-K is incorporated into this Item 2.03 by reference.
