PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
MAY 21, 2013

INTRODUCTION

This proxy statement is furnished in conjunction with the solicitation by the Board of Directors of American National Bankshares Inc. (the “Company”) of the accompanying proxy to be used at the Annual Meeting of Shareholders of the Company (the “Annual Meeting”) and at any adjournment thereof. The meeting will be held on Tuesday, May 21, 2013, 9:00 a.m., at The Wednesday Club, 1002 Main Street, Danville, Virginia, 24541, for the purposes set forth below and in the Notice of Annual Meeting of Shareholders. The approximate mailing date of this proxy statement and the enclosed proxy is April 12, 2013.

Voting Rights of Shareholders

Only shareholders of record at the close of business on April 5, 2013, are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof. As of the close of business on April 5, 2013, there were 7,862,701 shares of the Company’s common stock outstanding, of which 7,669,967 were entitled to vote at the Annual Meeting. For the reasons explained below, the number of shares entitled to vote is less than the number of shares of the Company’s common stock outstanding on such date. The Company has no other class of stock outstanding. Each share of common stock entitles the record holder thereof to one vote upon each matter to be voted upon at the Annual Meeting.

A majority of the votes entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business. Shares for which the holder has elected to abstain or to withhold the proxy’s authority to vote on a matter will count toward a quorum but will not be included in determining the number of votes cast with respect to such matter.

Shares held by brokers or banks in street name (“broker shares”) that are voted on any matter are included in the quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

Ambro and Company, the nominee name that the Company’s banking subsidiary, American National Bank and Trust Company (the “Bank”), uses to register the securities it holds in a fiduciary capacity for customers, held 192,734 shares of the Company’s common stock as sole fiduciary (with no qualifying co-fiduciary having been appointed) as of April 5, 2013, which constituted 2.45% of the issued and outstanding shares of the Company’s common stock on that date. Under Virginia law, such shares cannot be voted at the Annual Meeting and are not deemed to be outstanding and entitled to vote for purposes of determining a quorum.

Voting of Broker Shares

If a beneficial owner of broker shares does not provide the broker or other nominee that holds the shares with specific voting instructions, then under applicable rules, such organization may generally vote on “routine” matters but cannot vote on “non-routine” matters. If the broker or other nominee that holds such shares does not receive instructions from the beneficial owner on how to vote shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to the shares. This is generally referred to as a “broker non-vote.”

The ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company’s independent registered public accounting firm for 2013 (Proposal Two) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal Two. The election of directors (Proposal One) and the advisory vote on the Company’s executive compensation (Proposal Three) are matters considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore broker non-votes may exist in connection with Proposals One and Three.

Revocation and Voting of Proxies

Execution of a proxy will not affect a shareholder’s right to attend the Annual Meeting and to vote in person. Any shareholder who has executed and returned a proxy may revoke it by attending the Annual Meeting and requesting to vote in person. A shareholder may also revoke his or her proxy at any time before it is exercised by filing a written notice with the Company or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any adjourned session of the Annual Meeting.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitation is being made by mail, and if necessary, may be made in person, by telephone or Internet or special letter by officers and employees of the Company or the Bank, acting on a part-time basis and for no additional compensation.

PROPOSAL ONE – ELECTION OF DIRECTORS

The Company’s Board of Directors currently consists of 15 persons. The Board is divided into three classes (I, II and III), each class as nearly equal in number as possible. The term of office for current Class II directors will expire at the Annual Meeting. Nominees to serve as Class II directors are set forth below. All of the nominees currently serve as directors of the Company. Continuing members of the Board of Directors also are set forth below.

The persons named in the accompanying proxy will vote for the election of the nominees named below unless authority is withheld. If for any reason the persons named as nominees below should become unavailable to serve, an event that management does not anticipate, proxies will be voted for such other persons as the Board of Directors may designate.

The Board of Directors recommends the nominees, as set forth below, for election. The Board of Directors recommends that shareholders vote FOR these nominees. The election of each nominee requires the affirmative vote of a plurality of the shares of the Company’s common stock cast in the election of directors.

The names of the nominees for election and the other continuing members of the Board of Directors, their principal occupations and qualifications to serve as directors, their ages as of December 31, 2012, and certain other information with respect to such persons are as follows:

Executive Officers

Board Independence

The Company's Board of Directors has determined that, except for Mr. Majors and Mr. Jeffrey Haley, each director is independent within the director independence standard of the NASDAQ Stock Market LLC ("NASDAQ"), as currently in effect, and within the Company's director independence standards, as established and monitored by the Company's Corporate Governance and Nominating Committee.

Michael P. Haley is not related to Jeffrey V. Haley, President and Chief Executive Officer of the Company and the Bank. In order to avoid any confusion, Michael P. Haley will be referred to as Michael Haley and Jeffrey V. Haley will be referred to as Jeffrey Haley in this proxy statement.

Board Members Serving on Other Publicly Traded Company Boards of Directors

Certain of the Company's directors are also directors of other publicly traded companies.

Dr. Hudson served as a director of American Electric Power Company, Inc. from 1987 until April 2012. Michael Haley has been a director of Stanley Furniture Company, Inc. since 2003, LifePoint Hospitals, Inc. since 2005, and Ply Gem Holdings, Inc. since 2006.

Board of Directors and Committees

Directors are expected to devote sufficient time, energy, and attention to ensure diligent performance of their duties, including attendance at board, committee, and shareholder meetings. The Board of Directors of the Company met seven times during 2012. In accordance with the Company's Corporate Governance Guidelines, the independent directors held seven executive sessions during 2012. The Chairman of the Corporate Governance and Nominating Committee presides at such sessions. The Board of Directors of the Bank, which consists of all members of the Company's Board, met 11 times during 2012.

All incumbent directors and director nominees attended at least 75% of the aggregate total number of meetings of the boards of directors and committees on which they served in 2012. Fourteen directors attended the 2012 Annual Meeting of Shareholders. The Boards of Directors of the Company and the Bank have established various committees, including the Audit and Compliance Committee, the Operational Risk and Security Committee, the Corporate Governance and Nominating Committee, and the Human Resources and Compensation Committee. Membership and other information on these committees are detailed below.

The Audit and Compliance Committee met four times in 2012. This Committee currently consists of Messrs. Blair, Maddux, Ward, and Michael Haley. Dr. Maddux serves as the Chairman. The Committee reviews significant audit, accounting and compliance principles, policies and practices; is directly responsible for engaging and monitoring the independent auditors of the Company; and provides oversight of the internal auditing and compliance functions. A more detailed description of the functions of this Committee is contained under the heading "Report of the Audit and Compliance Committee." All of the members of this Committee are considered independent within the meaning of Securities and Exchange Commission ("SEC") regulations, the listing standards of NASDAQ, and the Company's Corporate Governance Guidelines. Michael Haley and Robert Ward, members of the Committee, are each qualified as an audit committee financial expert within the meaning of SEC regulations and the Board has determined that both

have accounting and related financial management expertise within the meaning of the listing standards of NASDAQ.

The Operational Risk and Security Committee met three times in 2012. This Committee currently consists of Mrs. Medley and Messrs. Blair, Harris, and Love. Mr. Harris serves as the Chairman. The Committee reviews significant operational risk and security related matters. These risks include, but are not limited to, information security, fraud, physical security, insurance, and vendor management. In effect, this Committee focuses on operational and physical risk and the Audit and Compliance Committee focuses on financial and regulatory risk.

The Corporate Governance and Nominating Committee met four times in 2012. Current members of the Committee are Messrs. Crist, Maddux, Hornaday, and Owen. Mr. Owen serves as the Chairman. The Committee is responsible for developing and implementing policies and practices relating to corporate governance, including reviewing and monitoring implementation of the Company's Corporate Governance Guidelines. In addition, the Committee develops and reviews background information on candidates for the Board and makes recommendations to the Board regarding such candidates. The Committee also supervises the Board's annual review of director independence, oversees the Board's performance self-evaluation and makes recommendations to the Board of Directors regarding director compensation. All the members of this Committee are considered independent within the meaning of SEC regulations, the listing standards of NASDAQ, and the Company's Corporate Governance Guidelines.

The Human Resources and Compensation Committee met three times in 2012. The Committee currently consists of Messrs. Davenport, Michael Haley, Hudson, and Pleasant. Dr. Hudson serves as the Chairman. This Committee is responsible for establishing and approving the compensation of executive officers of the Company, except for the compensation of the Executive Chairman and the Chief Executive Officer. The compensation of the Executive Chairman and the Chief Executive Officer is reviewed, discussed, and approved by the independent members of the Board of Directors, upon recommendation of the Committee. The Committee also makes recommendations to the Board of Directors regarding promotions and related personnel matters. The Committee oversees succession planning for the Chief Executive Officer and makes recommendations to the Board of Directors regarding such activities. The Committee also reviews and approves the travel related expenses of the Executive Chairman and the Chief Executive Officer. Reference is made to the "Compensation Discussion and Analysis" section of this proxy statement for further information on the duties and responsibilities of this Committee. No member of the Human Resources and Compensation Committee is a current officer or employee of the Company. All members of this Committee are considered independent within the meaning of SEC regulations, the standards of NASDAQ, and the Company's Corporate Governance Guidelines.

The charters of the Board Committees are available on the Company's website, www.amnb.com. For access to the charters, select the "Investor Relations" icon, then select "Governance Documents."

Compensation Committee Interlocks and Insider Participation

No member of the Human Resources and Compensation Committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Director Nominations Process

The Company's Board of Directors has adopted, as a component of its Corporate Governance Guidelines, a process related to director nominations (the "Nominations Process"). The purpose of the Nominations Process is to describe the manner by which candidates for possible inclusion in the Company's recommended slate of director nominees are selected. The Nominations Process is administered by the Corporate Governance and Nominating Committee of the Board.

The Committee considers candidates for Board membership suggested by its members, other Board members, management, and shareholders. A shareholder who wishes to recommend a prospective nominee for the Board may, at any time, notify the Company's President or any member of the Committee in writing with supporting material the shareholder considers appropriate. The Committee will consider the shareholder's recommendation and will decide whether to recommend to the Board the nomination of any person recommended by a shareholder pursuant to the provisions of the Company's bylaws relating to shareholder proposals, as described in the "Shareholder Communications and Proposals" section of this proxy statement.

Once the Committee has identified a candidate, it makes an initial determination whether to conduct a full evaluation of the candidate based on information accompanying the recommendation and the Committee members' knowledge of the candidate, which may be supplemented by inquiries to the person making such recommendation or to others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the candidate can satisfy the evaluation factors established in the Corporate Governance Guidelines. The Committee may seek additional information about the candidate's background and experience. The Committee then evaluates the candidate against the criteria in the Company's Corporate Governance Guidelines, including, but not limited to, independence, availability for time commitment, skills such as an understanding of the financial services industry, general business knowledge and experience, all in the context of an assessment of the perceived needs of the Board at that point in time. The Committee does not have a formal policy with respect to diversity on the Board. However, it considers diversity as a prerequisite for adequately representing the interests of the various stakeholders in the Company – shareholders, customers, and employees. The Committee seeks diversity in overall board composition. In the Committee's nominee considerations, diversity is a much broader concept than just the traditional racial and gender dimensions, as it also includes education, geography, business and professional experience and expertise, and civic involvement and responsibility, especially within the Company's market area. In connection with this evaluation process, the Committee determines whether to interview the candidate, and if warranted, one or more members of the Committee will conduct such interview. After completing the evaluation, the Committee makes a recommendation to the Board of Directors as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation of the Committee.

Corporate Governance and Risk Oversight Practices

In a financial institution, the role of the Board is critical to the success or failure of the enterprise. The Board of Directors is led by the Company's Executive Chairman, Mr. Majors. The Chairman of the Corporate Governance and Nominating Committee, Mr. Owen, functions as the lead independent director. He chairs the Board in the absence of the Executive Chairman and the Chief Executive Officer or when the Board's independent directors meet in executive session. Mr. Owen is a retired Chairman and Chief Executive Officer of a publicly traded tobacco company and a

former non-executive board chairman of another public company, and his background and experience prepare him well for this role. Meetings of the independent directors are held numerous times throughout the year.

This structure has evolved incrementally over the past 19 years, during the tenure of Mr. Majors as Chief Executive Officer. In the opinion of the Board, it has served the interests of the shareholders, customers, employees and regulators well, as vouched by the Company's consistently higher than peer average asset quality, earnings, and total return to shareholders.

The Board of Directors of a financial institution is the strategic linchpin in the risk oversight process. Financial institutions deal with credit risk, liquidity risk, interest rate risk, operational risk, reputation risk, and regulatory risk in the day to day conduct of business. In order to better manage the risk oversight process, in 2009 the Board created an Operational Risk and Security Committee, which assumed some of the oversight duties previously addressed by the Audit and Compliance Committee. In effect, the Board has one committee to address the financial and regulatory related risks: the Audit and Compliance Committee, and a second committee to address the physical and operational risks: the Operational Risk and Security Committee. The Operational Risk and Security Committee is developing an enterprise wide risk management strategy for the Bank, not to supplant the efforts of other committees, but to insure the material risks are all addressed. Both committees receive information frequently from senior management's Enterprise Risk Management Committee as well as the Executive Chairman, Chief Executive Officer, Chief Financial Officer, operational risk manager, internal auditor, compliance officer, other key officers, external auditors, and regulators. In the opinion of the Board, this structure provides for an improved and constantly evolving approach to risk oversight.

Corporate governance is, or should be, a constantly evolving and improving process. Companies have to be prepared to adjust to changing circumstances and react appropriately. During 2009, Mr. Majors and the Board began planning for his eventual retirement on an orderly schedule. In December 2009, the Board engaged an outside firm to assist in the succession planning process. This process concluded in mid-2010 and resulted in the selection of Jeffrey Haley to serve as President of the Bank. At that time, Mr. Majors retained the position of President and Chief Executive Officer of the Company, as well as Chief Executive Officer of the Bank. After review in December 2011, the Board decided to appoint Mr. Haley as President and Chief Executive Officer of the Bank and President of the Company, effective January 1, 2012. In that role, he assumed operating responsibility for the Bank. Mr. Majors retained the position of Chief Executive Officer of the Company and was appointed Chairman of the Company, also effective January 1, 2012. The Board evaluated progress on the transition during late 2012. Effective January 1, 2013, Mr. Haley was appointed President and Chief Executive Office of the Company and the Bank. Also on that date, Mr. Majors was appointed Executive Chairman of the Company and the Bank. The Board believes this strategy made for an effective transition.

Board Tenure Policy

The Board of the Company has a long-standing policy for the Company and the Bank with respect to the tenure of directors. In summary, it provides for the following:

- ü No director will allow himself to be nominated for reelection to the Board of the Company after reaching the age of 72;
- ü No director will allow himself to be nominated for reelection to the board of the Bank, unless at the time of such reelection he was eligible to serve as a director of the Company;
- ü Any director who retires or resigns from or severs his current employment, or relocates outside the market area of the Bank, will tender his resignation. The Board may accept it, delay acceptance, or decline to accept it;

- ü No inside director will continue to serve as a director after his retirement, resignation or other severance of employment status. However, the Board may waive this requirement if it is deemed in the best interests of the Company or the Bank;

- ü No director will be eligible for reelection if he is absent from all meetings for the 12 month period preceding the Annual Meeting of Shareholders at which such election would be held; Any former director may be elected as a Director Emeritus for a one year term, but may not serve more than three years or after reaching age 75. A Director Emeritus will be entitled to attend and participate in Board meetings, but will not be eligible to vote and his presence will not be considered in the determination of a quorum.

COMPENSATION COMMITTEE REPORT

The Human Resources and Compensation Committee of the Board of Directors has reviewed and discussed with management the Company's Compensation Discussion and Analysis. Based upon this review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's definitive proxy statement on Schedule 14A for its Annual Meeting, which is incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, as filed with the Securities and Exchange Commission.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's Executive Compensation Philosophy

The Human Resources and Compensation Committee of the Board of Directors is responsible for establishing and approving the compensation of the executive and senior officers of the Company, except for the compensation of the Executive Chairman and the Chief Executive Officer, which are approved by the independent members of the Board of Directors. The Committee considers a variety of factors and criteria in arriving at its decisions and recommendations for compensation. The Committee's objective is to attract and retain a superb leadership team with market-competitive compensation and to align the team member's interests with those of the Company, its customers and its shareholders. Accordingly, a portion of the executive compensation program is designed to motivate and reward achievements that make a positive impact on the Company's profitability and total shareholder return.

Each director who served on the Committee during 2012 qualifies as a "non-employee director" as such term is defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934 and is an "independent director" as such term is defined in NASDAQ Marketplace Rule 5605(a)(2).

The Committee considers the results of the shareholder advisory say-on-pay vote in its deliberations regarding compensation of the named executive officers. At the Company's 2012 Annual Meeting, 90.8% of shareholders who voted at the meeting voted for the approval of the compensation levels and programs provided to the named executive officers.

The Board of Directors and the Committee do not enlist the assistance of outside compensation consultants in connection with determining the compensation of the named executive officers.

Salary

The base salary of each executive officer named in the Summary Compensation Table (the "named executive officers") is designed to be competitive with that of the Company's peer banks and bank holding companies. In establishing the base salaries for the named executive officers, the Committee and Board relies upon an evaluation of each officer's level of responsibility and performance and on comparative information, including the Virginia Bankers Association's Salary Survey of Virginia Banks and the SNL Bank Compensation Review. In establishing the base salary for the

Chief Financial Officer, the only named executive officer other than the Executive Chairman and Chief Executive Officer, the Committee also receives and takes into account the individual compensation recommendations of the Chief Executive Officer. In executive session, the independent directors collectively evaluate the performance of the Executive Chairman and Chief Executive Officer, especially as their performance inures to the benefit of the shareholders. Subsequently, the Chairman of the Committee meets individually with the two executive officers to review the results of the evaluation. The salaries of the Executive Chairman and Chief Executive Officer are ultimately reviewed, discussed, and approved by the independent members of the Board of Directors in executive session, upon recommendation of the Committee.

Profit Sharing and Performance Compensation Programs

The Company has a profit sharing program that is designed to recognize and reward the efforts of eligible qualified full-time employees for their contribution toward the attainment of the Company's financial goals. Also, there is a discretionary and informal performance compensation program that is designed to recognize and reward Company officers, including the named executive officers, whose achievements resulted in a positive impact to the Company.

Both the profit sharing program and performance compensation program were active during 2012. In recognition of the aggregate efforts of the Company's employees, the Board approved in late December 2012 an across the board profit sharing distribution to full-time employees equal to 3.0% of their earned base salary for the year ended December 31, 2012, which was paid in January 2013. The named executive officers received payments under the profit sharing program on the same basis as other full-time employees.

For 2013 and future years, the Company will establish annually the criteria necessary to determine what awards can be earned under the profit sharing and performance compensation programs.

In the opinion of the Committee and the Board of Directors, the Company's compensation practices do not encourage excessive or inappropriate risk taking and are not reasonably likely to have a material adverse effect on the Company, but rather will have a positive effect on the Company.

Stock Compensation Plans

The Company maintains the 2008 Stock Incentive Plan ("2008 Plan"), which is designed to attract and retain qualified key personnel, provide employees with a proprietary interest in the Company as an incentive to contribute to the success of the Company, and reward employees for outstanding performance and the attainment of goals. The 2008 Plan was adopted by the Board of Directors of the Company on February 19, 2008 and approved by the shareholders on April 22, 2008 at the Company's 2008 Annual Meeting. The 2008 Plan provides for the granting of restricted stock awards and incentive and non-statutory options to employees and directors on a periodic basis, at the discretion of the Board or a Board designated committee. The 2008 Plan authorizes the issuance of up to 500,000 shares of common stock. The 2008 Plan replaced the Company's earlier stock option plan that was approved by the shareholders at the 1997 Annual Meeting and expired in December 2006 (the "1997 Option Plan").

The 2008 Plan is administered by a Committee of the Board of Directors of the Company comprised of independent directors. Under the 2008 Plan, the Committee determines which employees will be granted restricted stock awards and options, whether such options will be incentive or non-statutory options, the number of shares subject to each option, whether such options may be exercised by delivering other shares of common stock, and when such options become exercisable. In general, the per share exercise price of an incentive stock option must be at least equal to the fair market value of a share of common stock on the date the option is granted. Restricted stock is granted under terms and conditions established by the Committee.

Stock options become vested and exercisable in the manner specified by the Committee. Each stock option or portion thereof shall be exercisable at any time on or after it vests and is exercisable until ten years after its date of grant. No stock options have been backdated or repriced. As of December 31, 2012, 74,300 shares remain exercisable under the 1997 Option Plan and 52,000 shares are exercisable under the 2008 Plan, and options for 114,217 shares are exercisable under options assumed in the MidCarolina Financial Corporation (“MidCarolina”) merger. The MidCarolina shares will be issued from the 2008 Plan. There were no stock options awarded in 2012.

The Company from time-to-time grants shares of restricted stock to key employees and non-employee directors. The Company believes the awards help align the interests of these employees and directors with the interests of the shareholders of the Company by providing economic value directly related to increases in the value of the Company’s stock. The value of the stock awarded is based on the fair market value of the Company’s common stock at the time of the grant, which is the closing price of the stock on the NASDAQ Global Select Market on the grant day. The Company recognizes expense, equal to the total value of such awards, proportionately over the vesting period of the stock grants.

The grants vest 24 or 36 months after the date of issue. On January 18, 2012, the Company issued 15,290 shares of restricted stock to its three named executive officers and ten other senior bank officers.

Nonvested restricted stock for the year ended December 31, 2012 is summarized in the following table.

Restricted Stock	Shares	Grant Date Fair Value per Share
Nonvested at January 1, 2012	38,349	\$20.53
Granted	15,290	\$19.30
Vested	(14,312)	\$20.20
Forfeited	-	-
Nonvested at December 31, 2012	39,327	\$20.17

As of December 31, 2012, there was \$346,000 of total unrecognized compensation cost related to nonvested restricted stock granted under the 2008 Plan. This cost is expected to be recognized over the next 12 to 24 months.

The summary stock option plan table is referenced in Part II, Item 5 of the Company’s Annual Report on Form 10-K for the year ended December 31, 2012, and is contained in Note 13 to the Company’s audited financial statements for the year ended December 31, 2012 included in such Form10-K.

Deferred Compensation

The Bank entered into a deferred compensation agreement with Charles H. Majors, the Company’s current Executive Chairman and former Chief Executive Officer, initially as of February 22, 1993, and most recently amended and restated as of December 31, 2008. The agreement requires an annual payment of \$50,000 for a period of ten years to Mr. Majors or his designated beneficiary, commencing within three months of his termination of employment or death, whichever occurs first. The amount of this payment is fixed and the funds for this payment are not established in an account that allows for additional contributions or earnings growth. Mr. Majors is an unsecured creditor for the

payments under this agreement. Payments under this agreement are independent of, and in addition to, those under any other plan, program, or agreement between Mr. Majors and the Company or the Bank. There are no deferred compensation arrangements with any of the other named executive officers.

Retirement Plan

Through December 31, 2009, the Company's retirement plan was a non-contributory defined benefit pension plan that covered all full-time employees of the Company who were 21 years of age or older and who had at least one year of service. Advanced funding of the plan was accomplished by using the actuarial cost method known as the "collective aggregate cost method".

The plan was closed to new participants at December 31, 2009. On that date, the Company converted the plan to a cash balance plan. Participant balances at that date reflected the net present value of the plan's then existing obligation to the participants. Beginning January 1, 2010, participants will earn each year, with some adjustments, income based on the ten year U. S. Treasury note yield established at December 31 of the prior year. The Company expects this change will reduce the on-going cost of the program.

401(k) Employee Savings Plan

The Company sponsors a 401(k) Employee Savings Plan in which all full-time employees (age 21 and older) are eligible to participate. Effective January 1, 2010, the Company matches 100% of employee contributions on the first 3% of earned compensation and 50% of employee contributions of the second 3% of earned compensation. Perquisites received by executive officers are not included as earned compensation under this plan. While employee contributions are immediately vested, the Company's contributions at or prior to December 31, 2009 are subject to a stated vesting schedule. Effective January 1, 2010, the Company's contributions are not subject to a vesting schedule.

Perquisites

Due to the geographic size of the Company's market area, the Company provides the Executive Chairman and the Chief Executive Officer each with an automobile and reimburses for the cost of fuel and maintenance for the vehicles. Additionally, the Company reimburses the Executive Chairman and the Chief Executive Officer for the estimated amount of personal income tax on the personal use of the vehicle. The value of this perquisite is included in the Summary Compensation Table.

Other Benefit Plans

Executive officers participate in the Company's benefit plans on the same terms as other employees. These plans include medical, dental, life, and disability insurance. The Company provides life insurance coverage equal to four times the employee's salary for all eligible employees. Coverage in excess of \$50,000 is subject to taxation paid by the employee based on Internal Revenue Service guidelines.

Executive Severance Agreements

The Company recognizes that, as a publicly held company in the financial services industry, the possibility of a change in the control of the Company exists. In order to protect the interests of the shareholders, to promote continuity in the event of a change in control and to minimize uncertainty among executive management, the Company has entered into change in control agreements with each of the named executive officers. Mr. Jeffrey Haley and Mr. Traynham are the only named executive officers that currently have operative change in control agreements; Mr. Major's agreement terminated in 2010 as explained below.

In general, "change in control" is defined in the agreements as a change in the majority composition of the Board of Directors over a 24-month period; a change in the ownership of a majority of the Company's voting stock, or a sale of a majority of the Company's assets. The terms of each agreement generally reflect provisions used in current industry practice for executive officers of financial institutions. The terms of the agreements are effective upon a change in control and for three years thereafter. The agreements provide that each executive officer's base salary and profit sharing and incentive compensation cannot be reduced during such three-year period. Each agreement also provides for the executive officer to receive continued salary and benefits if his employment is terminated "without cause" (as such term is defined in the agreement) during the term of the agreement. If employment is terminated during the first year after a control change, the executive officers will receive continued salary and benefits until the second anniversary of the change in control. If the termination of employment occurs more than 12 months after the control change, the executive officers will receive continued salary and benefits until the earlier of the first anniversary of termination of employment or the third anniversary of the control change.

The agreements also provide for continued salary and benefits if the executive officer resigns under certain circumstances. Beginning in the fourth month after a control change, and through the twelfth month after the transaction, each executive officer may resign for any reason and receive continued salary and benefits for 12 months. After the first anniversary of the control change, an executive officer may resign and receive continued salary and benefits for the same period (but not beyond the third anniversary of the control change) if his resignation is on account of a reduction in the executive's compensation, a required relocation of his office more than thirty miles from Danville, Virginia, or a reduction in the duties or title assigned to him as of the first anniversary of the control change.

The agreements are governed by two limitations. First, the agreement for any executive terminates after the executive attains age 65. Mr. Majors, Executive Chairman effective January 1, 2013, and previously Chief Executive Office of the Company, attained age 65 in 2010 and, consequently, his agreement was terminated. Second, no amounts are payable and no benefits will be provided under the agreements to the extent that such payments or benefits, together with other payments or benefits under other plans, agreements or arrangements, would make the executive liable for the payment of an excise tax under Section 4999 of the Internal Revenue Code of 1986. The amounts otherwise payable and the benefits otherwise to be provided under the agreements would be reduced to the extent necessary to avoid the imposition of the excise tax liability; provided, however, that the executive would have the right to direct which payments or benefits under the agreement is to be reduced in order to avoid any excise tax liability.

Potential Payments upon Termination or Change in Control

Of the named executive officers, only Mr. Majors would receive payments in the event of retirement or termination unrelated to a change in control. If Mr. Majors' employment had terminated on December 31, 2012, due to a change in control or otherwise, he would receive annual payments of \$50,000 for ten years under the terms of the deferred compensation agreement discussed in the "Deferred Compensation" section of this proxy statement.

If a change in control had occurred on December 31, 2012, and the named executive officers were terminated on that same date, the benefits that would be payable to each of the named executive officers under the terms of their executive severance agreements are identified in the following table. This hypothetical scenario would require payment of salary and bonus and coverage under the Company's healthcare, other insurance benefits, and pension plans through December 31, 2014. The benefits payable under any other change in control termination scenario would be less than or equal to the amounts shown.

Name	Salary (24 months) (\$)	Bonus (24 months) (\$)	Stock Awards (24 months) (\$)	Other (24 months) (\$)	Change in Pension Value (Lump sum) (\$)
Charles H. Majors	-	-	-	-	-
Jeffrey V. Haley	500,000	80,000	120,000	17,302	32,208
William W. Traynham	385,000	20,000	80,000	18,558	-

The salary calculations are based on annualized salary amounts in effect as of December 31, 2012, which are then multiplied by two to reflect the continuation of such amounts for a period of 24 months. The information in the Stock Awards column is estimated as twice the value of the stock award granted to the executive officers in 2012. The information in the Other column is estimated as twice the amount provided to the executive officer in 2012 for healthcare and other insurance benefits. The Change in Pension Value is estimated as twice the 2012 amount reflected in the "Summary Compensation Table."

Tax and Accounting Considerations

The Company's practice is to expense salary, bonus and incentive compensation, and benefit costs as they are incurred for tax and accounting purposes. Salary, bonus and incentive compensation, and some benefit payments are taxable to the recipient as ordinary income. The tax and accounting treatment of the various elements of compensation is not a major factor in the Company's decision making with respect to executive compensation. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy requiring all compensation to be deductible.

Security Ownership Guidelines and Hedging of Securities

The Company does not have any formal security ownership guidelines for executive officers, but all of our executive officers own a number of shares with some having substantial ownership. The Committee has recently adopted a policy which requires that any grants of restricted stock to executive officers be held by the grantee as long as she or he is employed by the Company. The Company does not have any policies regarding our executive officers' hedging the economic risk of ownership of our shares.

Financial Restatement

The Board of Directors does not have a policy with respect to adjusting retroactively any cash or equity based incentive compensation paid to the Company's executive officers where payment was conditioned on achievement of certain financial results that were subsequently restated or otherwise adjusted in a manner that would reduce the size of an award or payment, or with respect to recovery of any amount determined to have been inappropriately received by an individual executive. If such a restatement were ever to occur, the Board would expect to address such matters on a case-by-case basis in light of all of the relevant circumstances.

COMPENSATION TABLES

Summary Compensation Table

The following table reflects total compensation paid to or earned by the named executive officers for the periods indicated below. The Company has no executive officers other than those named in the table. The named executive officers are the highest paid employees of the Company and the Bank.

In accordance with SEC rules, the amounts in the columns for stock awards reflect the grant date fair market value of the stock and option awards. Assumptions made in the calculation of these amounts are contained in Note 13 to the Company's audited financial statements for the year ended December 31, 2012, included in the Company's 2012 Annual Report on Form 10-K.

- (1) Amounts shown represent the aggregate full grant date fair value of each award calculated in accordance with FASB ASC Topic 718. The assumptions made in the calculation of these amounts are contained in Note 13 to the Company's audited financial statements for the year ended December 31, 2012, included in the Company's 2012 Annual Report on Form 10-K.
 - (2) Since the pension plan was converted to a cash balance plan and frozen effective December 31, 2009, the assumptions used to determine the present value of accumulated benefit for each participant were changed so that the present value of accumulated benefit shown as of the end of that year was equal to the opening balance under the cash balance plan. This is the same amount that would have been payable under the prior plan had the participant terminated employment and elected a lump sum payment. There were no benefit increases for any participant attributable to the cash balance plan conversion.
 - (3) Mr. Majors served as Chief Executive Officer of the Company through December 31, 2012.
 - (4) The \$197,602 change in pension value for Mr. Majors is attributable to an actuarial increase in benefits due to continued employment beyond normal retirement age (\$94,457) plus a reduction in interest rates used to determine the present value of the accumulated benefit (\$103,145). Interest rates may go up or down in the future, resulting in a corresponding decrease or increase in the present value of the accumulated benefit.
 - (5) Mr. Jeffrey Haley became Chief Executive Officer of the Company effective January 1, 2013.

All other compensation includes the use of an automobile with tax gross-ups for commuting expense for the Executive Chairman and Chief Executive Officer, company contributions to the 401(k) Employee Savings Plan for all named executive officers, and company paid insurance premiums for all named executive officers. It also includes a profit sharing distribution of 3.0%, 3.5% and 3.0% of their earned income in 2012, 2011 and 2010, respectively.

Grants of Plan-Based Awards

The following table provides information on the restricted stock awards granted to the named executive officers during the year ended December 31, 2012. The amounts in the column for the grant date fair value of the stock awards reflect the grant date fair market value of the stock awards. Assumptions made in the calculation of these amounts are contained in Note 13 to the Company's audited financial statements for the year ended December 31, 2012, included in the Company's 2012 Annual Report on Form 10-K. There were no stock options granted in 2012.

There were no payments made from the pension plan to any of the named executive officers during 2012.

Nonqualified Deferred Compensation

The Nonqualified Deferred Compensation Table is not presented since the Company does not offer a deferred compensation plan that requires or allows any named executive officer to make annual contributions, nor does it have a fund of monies established for any named executive officer that increases in value due to earnings on that fund.

Director Compensation

In December 2011, the Board amended its Corporate Governance Guidelines to include the recommendation that each director receive at least a portion of their compensation in restricted stock until such director owns shares of the Company's common stock with a relative market value equal to at least two times the average annual compensation for all directors.

During 2012, directors of the Company were eligible to receive their monthly retainer in the form of either (i) \$1,250 in cash, (ii) shares of restricted stock with a market value of \$1,562.50, or (iii) a combination of \$450 in cash and shares of restricted stock with a market value of \$1,000. These amounts or shares were paid or distributed quarterly. The attendance fee for each committee meeting or Bank board meeting is \$600 in cash or restricted stock with a market value of \$750, also paid or distributed quarterly. In addition, the chairmen of the four standing board committees of the Company receive annual retainers. The chairman of the Audit and Compliance Committee receives \$2,000 in cash or shares of restricted stock with a market value of \$2,500. The chairmen of the Corporate Governance and Nominating Committee, Human Resources and Compensation Committee and Operational Risk and Security Committee receive \$1,200 in cash or shares of restricted stock with a market value of \$1,500. During 2012, the Board approved an unfunded, nonqualified deferred compensation plan within the meaning of Section 409A of the Internal Revenue Code. This plan grants the outside directors the option to defer cash or restricted stock

compensation. To date, three of the outside directors have elected this option.

Board policy requires the directors to retain ownership of any shares received under this arrangement as long as they are on the Board of Directors. All dividends paid on the shares are reinvested. The purpose of the stock for fees payment option is to encourage greater equity ownership in the Company and, thereby, further align the interests of each director with the interests of the shareholders at large. The Board of Directors sets the retainer and attendance fee based upon recommendation from the Corporate Governance and Nominating Committee. In making its recommendation, the Committee reviews the director compensation of peer banks. There is no tax gross-up provided by the Company for any director compensation. Non-employee directors living outside the Danville area are reimbursed for meeting-related travel and lodging expenses. Non-employee directors were excluded from the Company's retirement plan and, therefore, do not qualify for pension benefits. Directors who are employees of the Company do not receive any director compensation. No changes are planned in director compensation for 2013.

The following table reflects the director compensation earned or paid during 2012.

RELATED PARTY TRANSACTIONS

In the ordinary course of its business, the Bank makes loans to, accepts deposits from, and provides other banking services to, certain directors and executive officers of the Company, their associates, and members of their immediate families. Loans are made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable loans with persons not affiliated with the Bank, and do not involve more than the normal risk of collectability or present other unfavorable features. Such loans are processed through the Bank's normal credit approval procedures, but ultimate approval authority rests with the Board of Directors of the Bank. Rates paid on deposits and fees charged for other banking services and other terms of these transactions, are also the same as those prevailing at the time for comparable transactions with persons not affiliated with the Bank. The Bank expects to continue to enter into transactions in the ordinary course of business on similar terms with the directors, officers, principal shareholders, their associates, and members of their immediate families. Loans outstanding to such persons at December 31, 2012 and 2011 totaled \$16,240,000 and \$17,410,000, respectively. None of such loans have been on non-accrual status, 90 days or more past due, or restructured at any time.

From time to time the Company may also enter into other types of business transactions or arrangements for services with the Company's directors, officers, principal shareholders or their associates. These types of transactions or services might include, among others, purchases of equipment or provision of legal services. The Company will only enter into such arrangements if it is determined that the prices or rates offered are comparable to those available to us from unaffiliated third parties. Management approves such transactions on a case by case basis. The Company does not have written policies or procedures with respect to such approvals. As of December 31, 2012, the Company has no such reportable transactions.

REPORT OF THE AUDIT AND COMPLIANCE COMMITTEE

The Audit and Compliance Committee assists the Board of Directors in its oversight of (1) the integrity of the Company's financial statements and its financial reporting and disclosure practices, (2) the appointment, compensation, retention and oversight of the independent accountants engaged to prepare or issue an audit report on the financial statements of the Company, (3) the soundness of the Company's systems of internal controls regarding finance and accounting compliance, (4) the independence and performance of the Company's internal audit staff, and (5) compliance with significant applicable legal, ethical, and regulatory requirements. The Committee strives to provide an open avenue of communication between the Board of Directors, management, the internal auditor, the compliance officer, and the independent accountants.

All of the members of this Committee are considered independent within the meaning of SEC regulations, the listing standards of NASDAQ, and the Company's Corporate Governance Guidelines. Additionally, each member is considered an "independent director," as that term is defined by NASDAQ Marketplace Rule 5605(a)(2).

Mr. Michael Haley and Mr. Ward, members of the Committee, are each qualified as an audit committee financial expert within the meaning of SEC regulations and the Board has determined that both have accounting and related financial management expertise within the meaning of the listing standards of NASDAQ.

The Audit and Compliance Committee has reviewed and discussed with management the Company's audited consolidated financial statements as of and for the year ended December 31, 2012. The Committee has discussed with Yount, Hyde and Barbour, P.C., the Company's independent accountants during fiscal year 2012, the matters required to be discussed by Statement of Auditing Standards No. 61, Communications with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants. The Committee received from Yount, Hyde and Barbour, P.C. and reviewed the written disclosures and the letter required by Auditing Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Yount, Hyde and Barbour, P.C. the auditing firm's independence.

Based on these reviews and discussions, the Audit and Compliance Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, and be filed with the SEC.

The Audit and Compliance Committee pre-approves all audit, audit-related, and tax services on an annual basis, and, in addition, authorizes individual engagements that exceed pre-established thresholds. Any additional engagement that falls below the pre-established thresholds must be reported by management at the Audit and Compliance Committee meeting immediately following the initiation of such an engagement.

PROPOSAL TWO – RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Compliance Committee has appointed Yount, Hyde and Barbour, P.C. as the Company's independent registered public accounting firm for 2013, subject to ratification of the shareholders. The services that Yount, Hyde and Barbour, P.C. will perform will consist primarily of the examination and audit of the Company's financial statements, tax reporting assistance, and other audit and accounting matters. Representatives of Yount, Hyde and Barbour, P.C. are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The ratification of the appointment of Yount, Hyde and Barbour, P.C. requires that the votes cast "for" exceed the number of votes cast "against" the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

The Board of Directors recommends that you vote FOR the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013. Proxies solicited by the Board will be voted in favor thereof unless a shareholder has indicated otherwise on the proxy.

PROPOSAL THREE – ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with recent legislation, the Company is providing shareholders with an advisory (non-binding) vote on the compensation programs for the named executive officers (sometimes referred to as “say on pay”). Accordingly, shareholders may vote on the following resolution at the Annual Meeting:

“Resolved, that the shareholders approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this proxy statement.”

This vote is nonbinding. The Board and the Human Resources and Compensation Committee, which is comprised of independent directors, expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described in detail under “Compensation Discussion and Analysis” the Company’s compensation programs are designed to attract and retain a superb leadership team with market-competitive compensation to align the team member’s interests with those of the Company, its customers and its shareholders. Accordingly, a portion of the executive compensation program is designed to motivate and reward achievements that make a positive impact on the Company’s profitability and total shareholder return. The Company believes that its compensation program, with its balance of short-term and long-term incentives and share ownership guidelines, rewards sustained performance that is aligned with long-term shareholder interests. Shareholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in the proxy statement.

The Board of Directors unanimously recommends that shareholders vote FOR the approval, on an advisory basis, of the compensation of the Company’s named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this proxy statement.
