Item 2.02 Results of Operation and Financial Condition

On December 22, 2017, during the quarterly financial reporting period which ends December 31, 2017, the President signed the Tax Cuts and Jobs Act (H.R. 1) (the “Tax Act”) into law. The many changes in the Tax Act include a permanent reduction in the maximum federal corporate income tax rate from 35% to 21% effective as of January 1, 2018.

The corporate income tax rate reduction requires Independent Bank Corp. (the “Company”) to revalue its deferred tax assets and liabilities and to reassess the value of its low income housing project investments (“LIHTC investments”). The Company estimates that the Tax Act requires, effective as of the financial reporting period in which the Tax Act was enacted, the Company to reduce the value of its net deferred tax assets by approximately \$1.7 million and to reduce its LIHTC investment value by approximately \$500,000.

The Company will continue to analyze the full effects of the Tax Act on its financial statements. The impact of the Tax Act may differ from this estimate, possibly materially, due to, among other things, changes in interpretations and assumptions the Company has made, guidance that may be issued and actions the Company may take as a result of the Tax Act.

The information disclosed in this Item 2.02 shall be considered “furnished” but not “filed” for purposes of the Securities Exchange Act of 1934, as amended.
