The Company's independent registered public accounting firm reports directly to the audit committee, which controls their engagement. The audit committee pre-approves the provision of all audit and non-audit related services by the Company's independent registered public accounting firm and meets with management and the accounting firm at each audit committee meeting in separate executive sessions, if deemed necessary, to review the Company's financial statements and significant findings based on the auditor's review processes. Item 11. Executive Compensation.

Compensation Discussion and Analysis

Compensation Committee. We have a compensation committee of the Board of Directors (the “Committee”) that consists of Messrs. Geneen (Chairman), Groot and Lackner. The Committee operates pursuant to a written charter, which is available on our website, www.amsafety.com. The charter is reviewed annually by the Committee. The Board of Directors has determined that the members of the Committee are “non-employee directors” (within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended), “outside directors” (within the meaning of Section 162(m) of the Internal Revenue Code) and “independent directors” (within the standards set forth by the New York Stock Exchange). In addition, no Committee member is a current or former employee of the Company or any of its subsidiaries. Generally, the Committee is responsible for recommending to the Board of Directors matters regarding executive compensation. The Committee generally meets quarterly, and on an as-needed basis.

General Philosophy. We compensate our senior management through a combination of base salary, bonus and equity compensation that we design to be competitive with comparable employers and to align our management’s incentives with the long-term interests of our shareholders. The purpose of our compensation program generally is to develop and implement a fair, consistent and competitive program, which will attract, motivate and retain highly qualified talent. The Committee views the compensation program as a management tool that, through the setting of goals and objectives, encourages management to achieve or exceed the Company’s business objectives. In making compensation decisions, we establish target overall cash compensation and then allocate that compensation among base salary and bonus. We then determine what level, if any, of equity compensation is appropriate. At the senior management level, we design incentive compensation to reward company-wide performance by tying awards to the achievement of goals and objectives which relate to (i) our performance in such areas as growth and return on equity, (ii) individual performance and (iii) business unit performance, as discussed below under **Annual Cash Bonuses and Equity Compensation**. The compensation for each of our named executive officers (“NEOs”) consists of a base salary, an annual bonus opportunity, stock options, restricted stock awards, health insurance and other benefits and perquisites.

Our management incentive plans are designed to be self-funding and provide participant target incentive awards that increase or decrease based on individual and Company performance results. Incentive compensation will become a larger portion of an executive’s total direct compensation as he or she assumes significant responsibilities and has a significant impact on the financial or operational success of the Company.

Committee Process. The Committee designs, evaluates and approves our executive compensation plans, policies and programs. The Committee annually reviews and evaluates the goals and objectives relevant to the compensation of our NEOs and annually evaluates the performance of

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form 10-K/A

our Chief Executive Officer in light of those goals and objectives. In addition, the Committee reviews and approves compensation levels and compensation awards for our other NEOs recommended by the Chief Executive Officer, who reviews individual and corporate performance for the other NEOs and makes recommendations to the Committee. These recommendations are generally approved. In all cases, however, the Committee is an active participant in establishing the goals for bonuses.

The Committee also administers our equity-based compensation plan, although it has delegated to our Chief Executive Officer the authority to make limited awards to newly-hired executives and other key employees as necessary or appropriate to attract and retain highly qualified individuals to the Company. The Committee is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties. The Committee reports regularly to the Board of Directors on matters relating to the Committee's responsibilities, and it is common for all of our non-employee directors to attend Committee meetings. The Committee follows regulatory and legislative developments and considers corporate governance best practices in performing its duties.

Targeted Overall Compensation for 2008. The goal of our comprehensive compensation program is to fairly compensate our executives in a manner to be competitive with comparable employers and to align our executives' incentives with the short term operational and financial success of the Company and the long-term interests of our stockholders. Our compensation programs will support management's goal of hiring, retaining and rewarding qualified executives who embrace the Company's mission of providing innovative insurance solutions for specialty risks in underserved markets and who are committed to providing continuing value to our stockholders. All of our compensation programs are strategy-focused, competitive and, where appropriate, may include supplemental and perquisite programs.

Going forward, base compensation generally will be established at a level competitive with a defined peer group but in no event less than the 50th percentile of peer data. Total direct compensation will be targeted at the 75th percentile when targeted goals are achieved. Generally the goal for direct compensation of senior executives will be 50% for base salary, 25% for annual cash bonus and 25% for long-term equity. Executives will be eligible for annual performance-based salary adjustments if they achieve pre-established performance goals and objectives.

Where appropriate, executives will be selected to participate in the Company's supplemental or perquisite programs, depending upon comparable data, retention value of the executive and cost to the Company.

Our Chief Executive Officer, Chief Financial Officer and the three other executive officers of the Company who received a combined salary and bonus in excess of \$100,000 during 2008 (our "NEOs") include Stephen R. Crim, William C. Tepe, Joseph D. Scollo, Jr., Randolph Hutto and Guy Cloutier. Mr. Tepe resigned from the Company on March 31, 2009.

With respect to Stephen R. Crim, our President and Chief Executive Officer, we considered Mr. Crim's responsibilities and his contributions to the Company's operating results during his tenure in establishing his targeted overall compensation for 2008. Although we do take into consideration compensation levels at similar or peer companies, we did not perform a formal survey of those levels nor did we retain a compensation consultant to advise us with respect to compensation levels for 2008. Given our size and what we consider modest levels of compensation, we did not believe that the benefits of these processes justify the cost. Rather we subjectively assessed the appropriate areas of compensation levels. We followed a similar process when establishing targeted compensation for our other NEOs, Joseph D. Scollo, Jr., our Executive Vice President and Chief Operating Officer, William C. Tepe, our Chief Financial Officer, and Randolph Hutto, our General Counsel and Secretary, and Guy Cloutier, the Senior Vice President of our reinsurance subsidiary. The Chief Executive Officer reviews the other NEO's performance and makes compensation recommendations to the Committee, which are reviewed by the Committee in light of the overall compensation.

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form 10-K/A

Base Salaries. The base salaries for our NEOs during the year ended December 31, 2008, were established by contract in the case of each of Messrs. Crim, Scollo, Tepe and Hutto, and by considering his performance and contribution to the Company and his business responsibilities in the case of Mr. Cloutier. These amounts reflect levels that we concluded were appropriate based on our general experience. Our base salaries are intended to be competitive with base salaries paid by other similar insurance companies to executives with similar qualifications, experience and responsibilities, although we do not follow a formal practice in this regard. The Committee periodically discusses salary recommendations with the Chief Executive Officer with regard to other Company executive officers. These salary recommendations are generally based on an evaluation of the individual's performance of the position held, the Company's operating results, and the individual's contribution to the Company's operating results.

The compensation of our Chief Executive Officer, Stephen R. Crim, Executive Vice President and Chief Operating Officer, Joseph D. Scollo, Jr., Chief Financial Officer, William C. Tepe, and General Counsel, Randolph L. Hutto, are governed primarily by employment agreements, the material terms of which are more specifically described below under **Employment Agreements**. These employment agreements provide for a base salary of \$420,000 for Mr. Crim, \$345,000 for Mr. Scollo, \$315,000 for Mr. Tepe and \$308,850 for Mr. Hutto effective as of August 1, 2007, subject to annual review and adjustment. Compensation, including base salary and bonus opportunity, for Mr. Cloutier was based on a determination by the Chief Executive Officer, discussed with and approved by the Committee. The base salaries for Messrs. Crim, Scollo, Tepe, Hutto and Cloutier in 2008 were \$420,000.00, \$368,765.58, \$322,245.39, \$317,036.33 and \$350,000.00, respectively.

2008 Long-Term Incentive Plan. In 2007, the Committee retained the Lockton Benefits Group to review the Company's compensation programs. Based on the results of this review, the Compensation Committee adopted the 2008 Long-Term Incentive Plan (the "LTIP"). Commencing with calendar 2008, the Committee has implemented this comprehensive, long-term incentive compensation program. The LTIP is administered by our Human Resources Department, with input from the Chief Executive Officer and the Committee.

The LTIP is designed to compensate and retain those executives and key employees that contribute most to driving revenue and profitability. This philosophy represents a modification from prior year plans, which were more focused on title than revenue and profitability. Under the 2008 structure, there are 3 groups eligible for stock awards or stock options in addition to a cash bonus. All NEOs are in Group 1 and are eligible to receive stock options, restricted stock grants and annual performance-based cash bonus awards. Restricted stock awards are designed as an aid in retention of personnel and are not directly tied to performance. Restricted stock vests 25% on each of the first and second anniversaries of the award, with the final 50% vesting on the third anniversary of the award. The stock options are designed to reward long term performance and vest on the third anniversary of the grant date.

The incentive payouts generally applicable to NEOs based on meeting established targets, expressed as a value % of the NEO's base salary, include 40% cash bonus, 25% stock options and 15% restricted stock awards. The targets are established each year. The Committee reserves the right to modify the bonus payout terms of the LTIP for select individuals deemed to contribute most to the Company's financial performance. Any modifications to the bonus payouts as described above will be at the sole discretion of the Committee based upon recommendations made by the Chief Executive Officer and based on the individual's contributions to the Company's financial performance.

The cash bonus portion of the LTIP is designed to reward short term performance, and is distributed based on a combination of achieving annual financial targets and established qualitative goals. For 2008, weighting of 30%/70% for growth verses profitability was used as respects financial targets, but a portion of the bonus is based upon achievement of other personal and qualitative goals established annually. Our NEOs receive 80% of their cash bonus based on meeting certain corporate financial goals and 20% of their cash bonus based on meeting certain personal and qualitative goals.

To reward NEOs for achieving optimal results, leverage ratios apply to performance bonus amounts for exceeding or missing financial targets. The following leverage ratios apply to the cash bonus portion under the LTIP:

% ACHIEVED OF TARGET	LEVERAGE RATIO
120%	150%
110%	120%
100%	100%
90%	50%

The following table provides an overview of the total incentive compensation under the LTIP, consisting of cash bonus, stock options and restricted stock awards, that participants may receive depending on the level of achievement of established targets. For example, if 100% of the target is reached for the three year period, NEOs would receive a cash bonus of 40% of salary, stock options equal to 25% of salary, and a restricted stock award equal to 15% of salary, for total incentive compensation under the LTIP for that year of 80% of salary:

TARGET	BONUS AT 110% OF TARGET	BONUS AT 120% OF TARGET	BONUS AT 90% OF TARGET
80%	93%	112.5%	47.5%

Note that the information in the table above represents the total incentive compensation, including cash, restricted stock and stock options, and is expressed as a % of the NEO's base salary.

Annual Cash Bonuses. For 2008, each NEO was eligible for an annual cash bonus under the LTIP. Cash bonus awards to our NEOs under the LTIP are based on the achievement of goals and objectives established by the Committee which relate to (i) our performance in such areas as premium growth and return on equity and (ii) individual performance. As management responsibility increases, the bonus potential increases and goals and objectives are more heavily weighted toward overall Company performance. The goals and objectives were established by the Committee in January 2008 and consisted primarily of targets for premium growth, profitability, return on equity, strategic planning and operational efficiency. The Committee established goals and objectives for 2009 in January 2009. These goals and objectives for 2009 are similar to those established for 2008, with components for profitability, strategic planning, and realization of certain operational efficiencies.

Due to the performance of the Company for the year ended December 31, 2008, Messrs. Crim, Scollo, Tepe, Hutto, and Cloutier received no cash bonuses.

Equity Compensation. The Committee believes strongly that equity-based awards are an integral part of total compensation for employees with significant responsibility for our long-term results. Incentive stock options and nonqualified stock options that are tied to corporate performance provide an effective means of delivering incentive compensation and also encourage stock ownership on the part of management. As part of our compensation program, each NEO was eligible for a stock option grant and a restricted stock award pursuant to the LTIP.

All options and restricted stock awards granted under the LTIP are issued under the Company's 2007 Incentive Stock Plan (the "2007 Plan") approved by our shareholders in June 2007. The 2007 Plan is intended to further the interests of the Company and its shareholders by attracting, retaining and motivating officers, employees, consultants and advisors to participate in the long-term development of the Company through stock ownership and is the successor plan to the 1998 Incentive Stock Option Plan (the "1998 Plan"). The 2007 Plan defines the incentive arrangements for eligible participants and authorizes the granting of incentive stock options, nonqualified options, restricted stock awards and other forms of equity compensation, which may be made subject to the discretion of the Committee and, for annual awards, are generally made in conjunction with the achievement of the goals and objectives detailed in the LTIP as discussed above. The Committee is authorized to determine the terms and conditions of all option grants, subject to the limitations set forth in the 2007 Plan. In accordance with the terms of the 2007 Plan, the option price per share will not be less than the fair market value of the common shares on the date of grant, the term of any options granted may be no longer than ten years and there may or may not be a vesting period before any recipient may exercise any of those options. The rights of recipients receiving these stock options generally vest equally over three years, beginning with the first anniversary date of grant. All options expire ten years from the date of grant, unless sooner exercised. However, in some instances, particularly with initial option grants to new key employees, the options vest 100% on the fifth anniversary of the grant date. Generally, the vesting of options issued under either the 1998 Plan or the 2007 Plan is accelerated in the event of a change in control of the Company.

With the exception of significant promotions and new hires, we generally make these types of awards at a meeting of the Committee each year following the availability of the financial results for the prior year and prior to March 15. The 2008 grant awards discussed below were made at the Committee's meeting on March 4, 2008. This timing was selected because it enabled us to consider the Company's prior year performance, the performance of the potential recipients and our expectations for future years. The Committee's schedule is determined several months in advance, and the proximity of any awards to earnings announcements or other market events is coincidental. During the year ended December 31, 2008, 135,303 total options, valued at \$1,358,442.12, were granted pursuant to the 2007 Plan (calculated by using fair market value on dates of grant).

Pursuant to their employment agreements, each of Messrs. Crim, Scollo, Tepe and Hutto is eligible to participate in all Company equity plans. Under the LTIP, all NEOs are eligible to receive awards under the 2007 Plan. In 2008, Mr. Crim, Mr. Scollo, Mr. Tepe and Mr. Hutto were granted options valued at \$320,898.48 (\$220,498.48 incentive based and \$100,400.00 discretionary), \$256,421.60 (\$181,121.60 incentive based and \$75,300.00 discretionary), \$193,430.64 (\$118,130.64 incentive based and \$75,300.00 discretionary) and \$166,011.40 (\$115,811.40 incentive based and \$50,200.00 discretionary), respectively, under the 2007 Plan. These grants were made on March 15, 2008 at an exercise price of \$17.95 per share and vest ratably over three years. As a part of his overall compensation package, Mr. Cloutier received an annual grant with respect to 2,500 shares under the 2007 Plan valued at \$25,100.00 and with an exercise price of \$17.95 per share, vesting ratably over a three year period. In 2008, Mr. Crim, Mr. Scollo, Mr. Tepe, Mr. Hutto and Mr. Cloutier were granted Restricted Stock Awards valued at \$46,987.20, \$28,945.32, \$26,425.28, \$25,913.24 and \$19,578.00, respectively, under the 2007 Plan.

Severance Benefits. We believe that companies should provide reasonable severance benefits to certain of their employees. With respect to senior management, these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. They should also disentangle the Company from the former employee as soon as possible. We do not have a general severance plan in place but severance benefits are detailed in their respective employment agreements for certain of our NEOs, as detailed in the section entitled "Potential Payments Upon Termination or Change-In-Control."

Retirement Plans The Company offers its employees a "safe harbor 401(k) plan" (the "401(k) Plan"). All employees are eligible to participate in the 401(k) Plan. Participants in the 401(k) Plan may elect to defer up to 92% of their compensation each year in lieu of receiving such amount in cash. However, a participant's total deferral each year is subject to dollar limitations that are set by law. For 2008 the limit was \$15,500. This limit may be increased after 2008 for cost of living changes. In addition, participants over age 50 may elect to defer additional amounts, referred to as catch-up contributions, of up to \$5,500 in 2008. In order to maintain the safe harbor status of the 401(k) Plan, the Company contributes the total amount of each participant's salary deferrals each plan year and makes a safe harbor matching contribution equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's compensation and 50% of the amount between 3% and 5% of the compensation. A participant is always 100% vested in amounts attributable to his or her salary deferrals. Matching contributions vest 20% per year of service beginning with the second year of service with the Company.

Change in Control. Each of the 1998 Plan and the 2007 Plan provides for the immediate vesting of all options in the event of a change in control of the Company. However the Company has no change in control program in place and none of the current employment agreements with senior executives provide for any separate benefits solely in connection with a change in control, although severance benefits are enhanced in the event of a termination after or in connection with a change in control, as discussed in the section entitled “Potential Payments Upon Termination or Change In Control.”

Perquisites and Other Benefits. The Committee annually reviews the perquisites that senior management receives. The primary perquisites for senior management are the payment of a monthly car allowance and the payment of annual insurance premiums. The Committee believes that these perquisites are modest and appropriate.

Senior management also participates in the Company’s other benefit plans on the same terms as other employees. These plans include medical and dental insurance and life insurance.

The value of perquisites and other benefits received by our NEOs for 2008 are shown in the Summary Compensation Table under the heading of “All Other Compensation.”

Stock Ownership Guidelines. The Company does not have established stock ownership guidelines for any of its officers. The Company believes that its awards under the LTIP sufficiently align the interests of its officers with those of its shareholders.

Employment Agreements. Stephen R. Crim was employed by the Company as its Chief Executive Officer pursuant to an employment agreement dated March 21, 2005, the term of which commenced on January 1, 2005. Effective August 1, 2007, Mr. Crim executed a new employment agreement approved by the Compensation Committee (the “Crim Agreement”) and superseding the March 21, 2005 agreement. The Crim Agreement provides for an initial term of three years, with automatic one year extensions unless either party gives notice of non-renewal at least 120 days prior to the expiration of the initial or then current renewal term. The Crim Agreement provides for a base salary for Mr. Crim in 2007 of \$420,000, which may be increased pursuant to a merit increase at each annual performance evaluation. In addition Mr. Crim is eligible to receive an annual cash bonus, in an amount to be determined by the Board of Directors, pursuant to the Company’s LTIP. Mr. Crim is also eligible to participate in all Company stock option plans, including the 2007 Plan. The Crim Agreement provides for a monthly automobile allowance of \$1,000, up to \$25,000 per year in reimbursement of the premium cost of a universal life insurance policy or other mutually agreeable similar instrument on Mr. Crim’s life or reimbursement for the cost of a supplemental long-term disability policy. The Crim Agreement further provides that Mr. Crim will be entitled to the same perquisites and fringe benefits on a basis no less favorable than any other senior executive of the Company.

Joseph D. Scollo, Jr. is employed by the Company as its Executive Vice President and Chief Operating Officer pursuant to an employment agreement dated March 21, 2005, as subsequently amended on January 1, 2006 and January 1, 2007. Effective August 1, 2007, Mr. Scollo entered into a new employment agreement approved by the Committee (the “Scollo Agreement”) superseding the March 21, 2005 agreement. With the exception of salary and perquisite levels, the Scollo Agreement is identical to the Crim Agreement. It provides for a 2007 base salary for Mr. Scollo of \$345,000, which may be increased pursuant to a merit increase at each annual performance evaluation. The Scollo Agreement provides for a monthly automobile allowance of \$750 and up to \$20,000 per year in reimbursement of the premium cost of a universal life insurance policy or other mutually agreeable similar instrument on Mr. Scollo’s life.

William C. Tepe was employed by the Company as its Chief Financial Officer pursuant to an employment agreement dated November 14, 2005. Effective August 1, 2007, Mr. Tepe entered into a new employment agreement approved by the Committee (the “Tepe Agreement”) superseding the November 14, 2005 agreement. With the exception of salary and perquisite levels, the Tepe Agreement is identical to the Crim Agreement. The Tepe Agreement provides for a 2007 base salary of \$315,000 per year, which may be increased pursuant to a merit increase at each annual performance evaluation. The Tepe Agreement provides for a monthly automobile allowance of \$700 and up to \$15,000 per year in reimbursement of the premium cost of a universal life insurance policy or other mutually agreeable similar instrument on Mr. Tepe’s life.

Randolph L. Hutto was employed by the Company as its Secretary and General Counsel in October 2006. Effective August 1, 2007, Mr. Hutto entered into an employment agreement approved by the Committee (the “Hutto Agreement”). With the exception of salary and perquisite levels, the Hutto Agreement is identical to the Crim Agreement. The Hutto Agreement provides for a 2007 base salary of \$308,850 per year, which may

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form 10-K/A

be increased pursuant to a merit increase at each annual performance evaluation. The Hutto Agreement provides for the reimbursement of up to \$6,500 of country club dues and up to \$15,000 per year in reimbursement of the premium cost of a universal life insurance policy or other mutually agreeable similar instrument on Mr. Hutto's life.

Under each of the employment agreements, Messrs. Crim, Scollo, Tepe and Hutto (the "Executives") have each agreed not to reveal, divulge, or disclose any confidential information and will not use or make use of any confidential information during the employment period plus the longer period of 12 months from termination or the end of each applicable severance period (the "Restricted Period"). Additionally, the Executives have each further agreed not to transmit or disclose any trade secret or make use of any such trade secret for himself or for other without the prior written consent of the Company for any time throughout the terms of the employment agreements and after termination of the employment agreements. The Executives have also agreed not to solicit or induce any protected employees to terminate their employment relationship with the Company or to enter into employment with any other person during the Restricted Period. The Executives have each agreed not to solicit, divert, take away or attempt to solicit, divert or take away any of the Company's protected customers with whom they may have had contact on the Company's behalf during the twelve (12) months immediately preceding the termination without the Company's prior written consent. The Executives will not seek or obtain a competitive position in the restricted territory with a competitor during the Restricted Period without the prior written consent of the Company.

Each of the respective employment agreements also provides for certain termination provisions for Messrs. Crim, Scollo, Tepe and Hutto, which are further discussed in the section entitled "Potential Payments Upon Termination or Change In Control."

Pension Benefits

The Company does not have or provide any supplemental executive retirement plan or similar plan that provides for specified retirement payments or benefits.

Nonqualified Deferred Compensation

The Company does not have or provide any defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

Potential Payments Upon Termination or Change In Control

There are no specified payments accruing to the benefit of Mr. Cloutier upon such termination as a result of a contract, agreement, plan or arrangement between Mr. Cloutier and the Company. Because of their employment agreements, Messrs. Crim, Scollo, Tepe and Hutto are eligible for certain benefits in the event of termination of their employment as more specifically discussed below. The amount of potential payments to each such NEO is dependent upon the nature of the termination as discussed below. The amounts of potential payments as referenced in the table assume that such triggering event was effective as of December 31, 2008. The actual amounts to be paid out upon termination or change in control can only be determined at the time of such event.

For purposes of this discussion, “Executive” refers to each of Messrs. Crim, Scollo, Tepe and Hutto and:

(1) “Cause” means (i) the continued failure of Executive to perform substantially Executive’s duties with the Company (other than any such failure resulting from incapacity due to physical or mental illness, and specifically excluding any failure by Executive, after reasonable efforts, to meet performance expectations), after a written demand for substantial performance is delivered to Executive by the Board which specifically identifies in detail the manner in which the Board believes that Executive has not substantially performed Executive’s duties, (ii) any act of fraud, misappropriation, embezzlement or similar dishonest or wrongful act by Executive, (iii) Executive’s abuse of alcohol or any substance which materially interferes with Executive’s ability to perform services on behalf of the Company, (iv) Executive’s conviction for, or plea of guilty or *nolo contendere* to, a felony, (v) Executive’s acceptance of employment with an employer other than the Company or any affiliate or subsidiary of the Company, or (vi) Executive’s conviction for any crime of moral turpitude.

(2) “Good Reason” means (i) a reduction by the Company in Executive’s base salary or benefits as in effect on the Effective Date or as the same may be increased from time to time, unless a similar reduction is made in salary or benefits of substantially all senior executives of the Company (or any of its affiliates and any of their respective subsidiaries with respect to which the Company exerts control over compensation policies); (ii) the Company’s requiring Executive, without his consent, to be based at any office or location other than in the greater metropolitan area of the city in which his office is located at the Effective Date; or (iii) the Company’s changing the reporting structure so that Executive no longer reports directly to the Board.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Messrs. Birdwell, Brueggen, Crim and Mueller, members of the Company’s Board of Directors, are also directors of American Safety Risk Retention Group, Inc. (“ASRRG”), a non-subsiary affiliate, which is managed by American Safety Insurance Services, Inc., the Company’s principal U.S. program development, underwriting and administrative services subsidiary, on a fee-for-service basis. This entity is consolidated with the Company for accounting purposes but, for purposes of independence analysis, is considered an affiliate of the Company. American Safety Risk Retention Group, Inc. is a stock captive insurance company licensed in Vermont and is authorized to write liability insurance in all 50 states as a result of the federal Risk Retention Act. The directors of American Safety Risk Retention Group, Inc. are elected annually by its shareholder/insureds. Additionally until December 31, 2007, Mr. Brueggen served as Senior Vice President of Finance of Anson Industries, Inc. Mr. Weaver is Chief Executive Officer of Specialty Systems, Inc. ASRRG, the non-subsiary affiliate, provides insurance-related products and services to each of these entities in the ordinary course of business and may in the future continue to provide insurance-related products and services to these entities.

Mark Mueller, the brother of Thomas Mueller, a member of the Company’s Board of Directors, serves as an advisory director of the Company.

Pursuant to the Company’s Code of Business Conduct and Ethics, all “related party transactions” involving the Company, its subsidiaries or affiliates shall be approved in advance by (a) a majority of the independent members of the Company’s Board of Directors, or (b) a majority of the members of a committee of the Company’s Board of Directors consisting solely of independent directors, such as the Audit Committee or the Nominating and Corporate Governance Committee. For purposes of this discussion a “related party transaction” is one in which the Company is a participant and that, individually or taken together with related transactions, exceeds, or is reasonably likely to exceed, \$50,000 in amount in any year and which any of the following individuals (a “covered person”) has a direct or indirect material interest:

1. any director or executive officer;
2. any nominee for election as a director;
3. any securityholder who is known by the Company to own of record or beneficially more than 5% of any class of the Company’s voting securities; or

4. any immediate family member of any of the foregoing persons, including any child; stepchild; parent; stepparent; spouse; sibling; mother-, father-, son-, daughter-, brother-, or sister-in-law; and any person (other than a tenant or employee) sharing the same household.

A material interest in a transaction shall not be deemed to exist when a covered person's interest in the transaction results from (a) the covered person's (together with his immediate family's) direct or indirect ownership of less than a 10% economic interest in the other party to the transaction, and/or the covered person's service as a director of the other party to the transaction, or (b) the covered person's pro rata participation in a benefit received by him solely as a security holder.

A transaction shall be deemed to involve the Company if it involves a vendor or partner of the Company or any of its subsidiaries and relates to the business relationship between the Company or any of its subsidiaries and that vendor or partner.

The Company is subject to the NYSE listing standards which require the Board of Directors and certain Board committees of listed companies to meet certain independence requirements. See "Corporate Governance" in Item 10 of this Form 10-K/A for disclosure regarding director independence.

Item 14. Principal Accounting Fees and Services.

(2)The audit-related fees for 2008 and 2007 were related to BDO's review of the Company's registration statement on Form S-8 along with the review of responses to SEC comment letters.

The audit committee of the Company's Board of Directors considered the provision of non-audit services by BDO Seidman LLP and determined that the provision of such services was consistent with maintaining the independence of such independent registered public accounting firm.
