ITEM 8.01 OTHER EVENTS

As disclosed in its Annual Report on Form 10-K for the year ended June 30, 2005, the Company adopted SFAS 123(R) effective July 1, 2005 which requires that all stock-based compensation, including grants of employee stock options, be accounted for using a fair-value-based method. The Company has elected to adopt SFAS 123(R) using the modified retrospective method under which prior years' results will be revised to give effect to the value of options granted in fiscal years beginning on or after July 1, 1995. The recognized compensation expense will be consistent with the amounts previously reported in the Company's pro forma footnote disclosure for stock-based compensation on Form 10-K for the year ended June 30, 2005. Consistent with the Company's basis of measurement for segment performance, the additional expense associated with stock-based compensation under SFAS 123(R) will be also reflected in segment results.

The attached exhibits are intended to provide investors more insight into
