DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

All statements other than statements of historical or current facts included in this annual report of form 10-K or incorporated by reference herein, including, without limitation, statements regarding our future financial position, business strategy, budgets, projected costs and plans and objectives of management for future operations, are forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology such as "may", "will", "expect", "intend", "estimate", "anticipate", "believe" or "continue" or the negative thereof or variations thereon or similar terminology. Although we believe that the expectations reflected in such forward-looking statements are reasonable, we can give no assurance that such expectations will prove to have been correct. Important factors that could cause actual results to differ materially from our expectations ("cautionary statements") are disclosed under "Risk Factors" and elsewhere in this annual report of form 10-K, including, without limitation, in conjunction with the forward-looking statements included in this annual report of form 10-K.

We urge you to review carefully the section "Risk Factors" beginning on page 10 in this annual report of form 10-K for a more complete discussion of the risks of purchasing our common stock. All subsequent written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements.

PART I

ITEM 1. BUSINESS.

OVERVIEW

We were incorporated in Delaware in February 1990. We are a leading developer, owner and operator of branded gaming facilities and related lodging

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

and entertainment facilities in growing markets in the United States. We wholly own and operate thirteen gaming facilities located in Lake Charles and Bossier City, Louisiana; Lula, Biloxi, Vicksburg, Natchez and Tunica, Mississippi; Kansas City and Boonville, Missouri; Bettendorf, Davenport and Marquette, Iowa; and Las Vegas, Nevada. We also own a 57% interest in and receive a management fee for operating a gaming facility in Black Hawk, Colorado. All but two of these gaming facilities operate under the name "Isle of Capri" and feature our distinctive tropical island theme. In addition, we wholly own and operate a pari-mutuel harness racing facility in Pompano Beach, Florida. For the twelve fiscal months ended April 28, 2002, we had total revenue of \$1,085.3 million and EBITDA or "earnings before interest, income taxes, depreciation and amortization" of \$171.9 million (see EBITDA defined at footnote 3 to Item 6 on page 47).

COMPETITIVE STRENGTHS

Strong Brand Identity. All of our casino properties, with the exception of our Davenport and Las Vegas properties, operate under the "Isle of Capri" name, and the facilities were designed to incorporate our distinctive tropical island theme. Most of our gaming facilities contain similar amenities, including hotels, one or more of our trademark restaurants (Farradays' fine dining restaurant, Calypso's buffet, and Tradewinds Marketplace), a Banana Cabana gift shop, an entertainment center for performances and meetings and ample parking. Each Isle of Capri branded facility also offers all customers membership in the Island Gold Players Club rewards program, which rewards loyal customers with Isle Gold points and complimentary items which can be redeemed at any of our properties by using our players club card. We believe our brand name conveys excitement, entertainment, consistent high-quality service and value to our customers.

Standardized Quality and Services. We have developed and implemented standardized procedures for operating our casinos, hotels, restaurants and other non-gaming amenities, which has allowed us to fully and effectively integrate the eight properties we have developed or acquired during the past two years. We utilize management development and employee training programs to implement these procedures throughout our facilities, which we believe help us efficiently operate our facilities. This standardization encourages high quality service and provides our customers with a consistent experience.

Superior Locations in Geographically Diverse Markets. We operate our gaming facilities in six states and thirteen distinct geographic markets, allowing us to maintain diverse sources of revenue and cash flow. Most of our gaming facilities are conveniently located near major highways. We have located our facilities so that, in most cases, they are either the first casino reached by customers arriving from major nearby cities or are within a cluster of facilities, allowing us to generate significant customer traffic.

Substantial Capital Investment in Our Properties. We completed four years of expansion and acquisitions with the opening of the Isle-Boonville on December 6, 2001. During that time, we have grown from four to fourteen gaming facilities. The substantial investment in our properties over the past four years has improved the competitive position of many of our properties.

Effective Utilization of Proprietary Database. We have developed an extensive proprietary database of primarily slot-oriented customers that allows us to create effective targeted marketing and promotional programs, merchandise giveaways, game tournaments and other special events. To date, we have implemented the first and second phases of our Isle One marketing system. Phase I allows our customers to use our players club card at all of our properties other than the Lady Luck-Las Vegas. Phase II of our Isle One marketing system was implemented in May 2002, and includes our Isle Miles program which includes

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

rewards through a partnership with Carnival Cruise Lines. These promotional programs are designed to reward customer loyalty and maintain high recognition of our "Isle of Capri" brand. As of April 28, 2002, our database contained approximately 4.6 million members, of whom approximately 1.3 million receive regular communications from us. We have effectively used our database to encourage repeat visits, increase customers' length of stay and improve our operating results.

Experienced, Stable Management Team. We are an experienced gaming operator and opened our first gaming facility approximately ten years ago. Each member of our senior management team has been with us for at least six years and has extensive gaming or related industry experience.

LOUISIANA

The Isle-Bossier City

The Isle-Bossier City, which commenced operations in May 1994, is located on a 38-acre site along the Red River approximately one-quarter mile off Interstate 20, the main highway connecting Dallas/Ft. Worth, Texas to Bossier City/Shreveport, Louisiana. The property consists of a dockside casino offering

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

1,139 slot machines and 34 table games, a 305-room on-site deluxe hotel, a 225-room off-site hotel located approximately two miles from the casino, a 39,000 square foot land-based pavilion and entertainment center, and 2,005 parking spaces including approximately 900 spaces in an attached parking garage. The pavilion and entertainment center offer a wide variety of non-gaming amenities, including a 77-seat Farradays' restaurant, a 301-seat Calypso's buffet, a 30-seat Tradewinds Marketplace and Caribbean Cove, which features free live entertainment and can accommodate 563 customers.

The Bossier City/Shreveport market consists of five dockside gaming facilities, which, in the aggregate, generated gaming revenues of approximately \$806.1 million in calendar 2001. Among the other operators of dockside gaming facilities in this market are Harrah's Entertainment, Hollywood Casinos, Horseshoe Gaming, and Pinnacle Entertainment. Additionally, Louisiana Downs, a pari-mutuel facility located six miles east of the Isle-Bossier City, may develop a slot facility. Bossier City/Shreveport is the closest gaming market to the Dallas/Ft. Worth, Texas metropolitan area, which has a population of approximately 5.2 million and is located approximately 190 miles west of Bossier City/Shreveport. We believe that the Isle-Bossier City attracts customers primarily from the local area, northeastern Texas and the Dallas/Ft. Worth metropolitan area. Approximately 550,000 and 1.8 million people reside within 50 and 100 miles, respectively, of the Isle-Bossier City.

The Isle-Lake Charles

The Isle-Lake Charles, which commenced operations in July 1995, is located on a 19-acre site along Interstate 10, the main thoroughfare connecting Houston, Texas to Lake Charles, Louisiana. The property consists of two dockside casinos offering 1,688 slot machines and 82 table games, a 252-room deluxe hotel, a separate 241-room hotel, a 105,000 square foot land-based pavilion and entertainment center, and 2,200 parking spaces, including approximately 1,400 spaces in an attached parking garage. The pavilion and entertainment center offers customers a wide variety of non-gaming amenities, including a 97-seat Farradays' restaurant, a 360-seat Calypso's buffet, a 128-seat Tradewinds Marketplace, a 140-seat Kitt's Kitchen and Rum Mill, and Caribbean Cove, which features free live entertainment and can accommodate 180 customers. The pavilion also has a 14,750 square foot activity center comprised of a 1,100-seat special events center designed for live boxing, televised pay-per-view events, concerts, banquets and other events, meeting facilities and administrative offices.

The Lake Charles market consists of two dockside gaming facilities (the other of which is operated by Harrah's Entertainment), a Native American casino and a pari-mutuel facility (which is operated by Boyd Gaming) that recently installed slot machines. In addition, the last remaining license in Louisiana was recently awarded to Pinnacle Entertainment for a new development. The two dockside gaming facilities, in the aggregate, generated gaming revenues of approximately \$371.2 million in calendar 2001. Lake Charles is the closest gaming market to the Houston metropolitan area, which has a population of approximately 4.7 million and is located approximately 140 miles west of Lake Charles. We believe that the Isle-Lake Charles attracts customers primarily from southeast Texas, including Houston, Beaumont, Galveston, Orange and Port Arthur and from local area residents. Approximately 490,000 and 1.6 million people reside within 50 and 100 miles, respectively, of the Isle-Lake Charles.

MISSISSIPPI

The Isle-Biloxi

The Isle-Biloxi, which commenced operations in August 1992, is located on

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

an eight-acre site at the eastern end of a cluster of facilities known as "Casino Row" in Biloxi, Mississippi and is the first property reached by visitors coming from Alabama, Florida and Georgia via Highway 90. The property consists of a dockside casino offering 1,193 slot machines and 28 table games, a 367-room hotel, a 119-seat Farradays' restaurant, a 504-seat Calypso's buffet, a 50-seat Tradewinds Marketplace and Caribbean Cove, and an open-air lounge area that can accommodate 116 customers and 1,227 parking spaces. The pavilion and entertainment center offers a wide variety of non-gaming amenities, including a 119-seat Farradays' restaurant, a 504-seat Calypso's buffet, a 50-seat Tradewinds Marketplace and Caribbean Cove, and an open-air lounge area that can accommodate 116 customers.

The Mississippi Gulf Coast market (which includes Biloxi, Gulfport and Bay St. Louis) is one of the largest gaming markets in the United States and consists of 12 dockside gaming facilities which, in the aggregate, generated gaming revenues of approximately \$1.2 billion in calendar 2001. Among the other operators of dockside gaming facilities in this market are MGM Mirage, Park Place Entertainment, Penn National Gaming and Pinnacle Entertainment. The Mississippi Gulf Coast, a regional tourist destination, is the closest gaming market to the Mobile, Alabama metropolitan area, which has a population of approximately 540,000 and is located approximately 60 miles east of Biloxi. We believe that the Isle-Biloxi attracts customers from the local area, Alabama, Florida, Georgia and southeastern Louisiana, including New Orleans and Baton Rouge. Approximately 800,000 and 2.9 million people reside within 50 to 100 miles, respectively, of the Isle-Biloxi.

The Isle-Lula

The Isle-Lula, which was acquired in March 2000, is strategically located off of Highway 49, the only road crossing the Mississippi River from Mississippi to Arkansas for more than 50 miles in either direction. The property consists of two dockside casinos containing 1,521 slot machines and 35 table games, two on-site hotels with a total of 486 rooms, a land-based pavilion and entertainment center, and 1,780 parking spaces. The pavilion and entertainment center offer a wide variety of non-gaming amenities, including a 100-seat Farradays' restaurant, a 300-seat Calypso's buffet and a 48-seat Tradewinds Marketplace.

The Isle-Lula is the only gaming facility in the Coahoma County, Mississippi market and generated gaming revenues of approximately \$93.6 million in calendar 2001. The Isle-Lula is the closest gaming facility to the Little Rock, Arkansas metropolitan area, which has a population of approximately 580,000 and is located approximately 120 miles northwest of the property. Coahoma County is also located approximately 60 miles southwest of Memphis, Tennessee, which is primarily served by 10 casinos in Tunica, Mississippi. Approximately 850,000 people reside within 150 miles of the property's primary target market.

The Isle-Natchez

The Isle-Natchez, which was acquired in March 2000, is located off of Highways 84 and 85 in western Mississippi. The property consists of a dockside casino offering 708 slot machines and 13 table games, a 143-room hotel located approximately one mile from the casino, an 85-seat Farradays' restaurant, a 150-seat Calypso's buffet and 908 parking spaces.

The Isle-Natchez is the only gaming facility in the Natchez market and generated gaming revenues of approximately \$35.8 million in calendar 2001. We believe that the Isle-Natchez attracts customers primarily from among the 110,000 people residing within 50 miles of the Isle-Natchez.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

The Isle-Tunica

The Isle-Tunica, which commenced operations in July 1999, is located off of U.S. Highway 61, the main thoroughfare connecting Memphis, Tennessee to Tunica, Mississippi. The property consists of a dockside casino offering 895 slot machines and 13 table games, a 227-room hotel, a 75-seat Farradays' restaurant, a 180-seat Calypso's buffet, a 35-seat Tradewinds Marketplace, two live entertainment theatres and 1,772 parking places.

The Tunica market consists of 10 dockside gaming facilities that, in the aggregate, generated gaming revenues of approximately \$1.1 billion in calendar 2001. Among the other operators of dockside gaming facilities in this market are Boyd Gaming, Hollywood Casinos, Harrah's Entertainment, Horseshoe Gaming, Mandalay Resort Group and Park Place Entertainment. The Tunica market is the closest gaming market to the Memphis, Tennessee metropolitan area. We believe the Isle-Tunica attracts customers primarily from Memphis, which has a population of 1.1 million and is located approximately 40 miles north of the Isle-Tunica.

On March 14, 2002, we announced that our Board of Directors authorized us to embark on plans to sell or otherwise dispose of the Isle-Tunica, as well as the Lady Luck-Las Vegas. During the fourth fiscal quarter of fiscal 2002, we recorded a pre-tax asset impairment charge of \$59.2 million representing the difference between the Isle-Tunica's and the Lady Luck-Las Vegas' net book values and their estimated fair values less estimated costs to sell.

The Isle-Vicksburg

The Isle-Vicksburg, which commenced operations in August 1993, is located on an 18-acre site approximately one-mile north of Interstate 20, the main road connecting Jackson, Mississippi to Vicksburg, Mississippi. The property consists of a dockside casino offering 770 slot machines and 24 table games, a 122-room hotel, a 12,483 square foot land-based pavilion and entertainment center, 1,100 parking spaces and a 67-space recreational vehicle park, a 68-seat Farradays' restaurant, a 340-seat Calypso's buffet, a Tradewinds Marketplace and live entertainment.

The Vicksburg market consists of four dockside gaming facilities that, in the aggregate, generated gaming revenues of approximately \$232.7 million in calendar 2001. Among the other operators of dockside gaming facilities in this market are Alliance Gaming, Ameristar Casinos and Harrah's Entertainment. The Jackson metropolitan area is also served by a Native American gaming facility. Vicksburg is the closest gaming market to the Jackson, Mississippi metropolitan area, which has a population of approximately 440,000 and is located approximately 40 miles east of Vicksburg. We believe that the Isle-Vicksburg attracts customers primarily from the local area, Jackson and northeastern Louisiana. Approximately 530,000 people reside within 50 miles of the Isle-Vicksburg.

MISSOURI

The Isle-Boonville

The Isle-Boonville, which opened on December 6, 2001, is conveniently located off of Interstate 70, approximately halfway between Kansas City and St. Louis. The property consists of a dockside casino offering 909 slot machines and 28 table games, a 16,000 square foot pavilion and entertainment center and 884 parking spaces. The pavilion and entertainment center offers customers a wide variety of non-gaming amenities, including a 60-seat Farradays' restaurant, a

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

282-seat Calypso's buffet, a 36-seat Tradewinds Marketplace and a historic display area.

The Isle-Boonville is the only gaming facility in central Missouri. We believe the Isle-Boonville attracts most of its customers from the approximately 733,000 persons living within a 75 mile radius in central Missouri, including Jefferson City and Columbia.

The Isle-Kansas City

We acquired the Isle-Kansas City in June 2000. The facility is the closest facility to downtown Kansas City and consists of a dockside casino offering 1,104 slot machines and 25 table games, a 72-seat Farradays' restaurant, a 325-seat Calypso's buffet, a 24-seat Tradewinds Marketplace and 2,054 parking spaces.

The Kansas City market consists of four dockside gaming facilities that, in the aggregate, generated gaming revenues of approximately \$581.7 million in calendar 2001. Among the other operators of dockside gaming facilities in this market are Ameristar Casinos, Argosy Gaming and Harrah's Entertainment. We believe that the Isle-Kansas City attracts customers primarily from the Kansas City metropolitan area, which has approximately 1.7 million residents.

IOWA

The Isle-Bettendorf

The Isle-Bettendorf, which we acquired in March 2000, is located off of Interstate 74, an interstate highway serving the Quad Cities metropolitan area. The property consists of a riverboat casino offering 1,060 slot machines and 36 table games, a 256-room hotel, approximately 104,056 square feet of convention space, a 125-seat Farradays' restaurant, a 325-seat Calypso's buffet and 1,539 parking spaces.

The Quad Cities market, which consists of Bettendorf and Davenport, Iowa and Moline and Rock Island, Illinois, consists of our two gaming facilities—the Isle-Bettendorf and the Rhythm City-Davenport—and one smaller operator. This market generated, in the aggregate, gaming revenues of approximately \$191.1 million in calendar 2001. We believe that the Isle-Bettendorf and the Rhythm City-Davenport attract customers primarily from the Quad Cities area that has approximately 360,000 residents.

The Isle-Marquette

The Isle-Marquette, which we acquired in March 2000, is located in Marquette, Iowa, which is 60 miles north of Dubuque, Iowa, which has two gaming facilities. The property consists of a riverboat casino offering 758 slot machines and 13 tables games, a land-based facility including a 25-room hotel, a 160-seat Calypso's buffet restaurant, a Tradewinds Marketplace and an entertainment showroom, a marina and 750 parking spaces.

The Isle-Marquette is the only gaming facility in the Marquette, Iowa market, and generated gaming revenues of approximately \$34.5 million in calendar 2001. We believe the Isle-Marquette draws most of its customers from northeast Iowa and Wisconsin and to some extent, competes for those customers with another riverboat facility and a racetrack with slot machines, both of which are in the Dubuque area.

The Rhythm City-Davenport

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

The Rhythm City-Davenport, which we acquired in October 2000, is located between Interstates 74 and 280. The property consists of a riverboat gaming facility offering 1,017 slot machines and 19 table games, a 191-room hotel located approximately four blocks from the casino, a 90-seat High Notes restaurant, a 290-seat Hit Parade buffet, a 76-seat Rock Around the Clock deli, a 112-seat The Club restaurant and 984 parking spaces.

COLORADO

The Isle-Black Hawk

The Isle-Black Hawk, which commenced operation in December 1998, is located on an approximately 10-acre site and is one of the first gaming facilities reached by customers arriving from Denver via Highway 119, the main thoroughfare connecting Denver to Black Hawk. The property currently consists of a land-based casino with 1,128 slot machines and 14 table games, a 237-room hotel and 1,100 parking spaces in an attached parking garage. The Isle-Black Hawk also offers customers a wide variety of non-gaming amenities, including a 92-seat Farradays' restaurant, a 244-seat Calypso's buffet, a 32-seat Tradewinds Marketplace and a 4,000 square foot event center that can be used for meetings and entertainment. We own 57% of the Isle-Black Hawk through an unrestricted subsidiary, and receive a management fee for operating the facility.

The Black Hawk market consists of 19 gaming facilities (eight of which have more than 600 slot machines), which, in aggregate, generated gaming revenues of approximately \$538.1 million in calendar 2001. Black Hawk is the closest gaming market to the Denver, Colorado metropolitan area, which has a population of approximately 2.5 million and is located approximately 40 miles east of Black Hawk. We believe that the Isle-Black Hawk attracts customers primarily from Denver, Boulder, Fort Collins and Golden, Colorado and Cheyenne, Wyoming.

NEVADA

The Lady Luck-Las Vegas

In September 2000, we acquired the Lady Luck-Las Vegas from Gemini, Inc. The property, which is located in downtown Las Vegas, consists of a casino offering 759 slot machines and 19 table games, a 792-room hotel, an entertainment facility, a 56-seat Burgundy Room restaurant, a 156-seat Lady Luck Express Buffet and a 42-seat Third Street Grill and 454 parking spaces in an attached parking garage.

The Lady Luck-Las Vegas is one of 13 casinos in downtown Las Vegas, Nevada generating greater than \$12.0 million in gaming revenues in calendar 2001. The downtown Las Vegas market generated gaming revenues, in the aggregate, of approximately \$616.0 million in calendar 2001. This market serves both tourists and the approximate 1.5 million population of Las Vegas. We believe that the Lady Luck-Las Vegas attracts customers primarily from the local area, Southern California and the midwest portion of the United States.

On March 14, 2002, we announced that our Board of Directors authorized us to embark on plans to sell or otherwise dispose of the Lady Luck-Las Vegas as well as the Isle-Tunica. During the fourth fiscal quarter of fiscal 2002, we recorded a pre-tax asset impairment charge of \$59.2 million representing the difference between the Lady Luck-Las Vegas' and the Isle-Tunica's net book values and their estimated fair values less estimated costs to sell.

POMPANO PARK

In 1995, we acquired Pompano Park, a harness racing track located in

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

Pompano Beach, Florida. Pompano Park is conveniently located off of Interstate 95 and the Florida Turnpike on a 220-acre owned facility, midway between Miami and West Palm Beach. Pompano Park is the only racetrack licensed to conduct harness racing in Florida. Pompano Park can accommodate up to 14,500 customers and has 4,000 parking spaces and 1,040 horse stalls. The six-story, air-conditioned facility includes a box seat area, a 260,000 square foot clubhouse, a large grandstand, a 1,250-seat dining area from which the races can be viewed, five concession stands, five bars and a 180-seat Player's Lounge cafeteria.

We believe that Pompano Park would be an attractive location for casino-style gaming if such gaming were to be legalized in Florida. Pompano Park would be one of eleven facilities in south Florida to benefit from legislation. This facility draws most of its customers from the 2.6 million people residing within a 25-mile radius.

MARKETING

We attract customers to our casinos by designing and implementing marketing and promotional programs that emphasize our Isle of Capri and Rhythm City themes and reward loyal customers. We have developed an extensive proprietary database of primarily slot-oriented customers that allows us to create effective targeted marketing and promotional programs, merchandise giveaways, game tournaments and other special events. These programs are designed to reward customer loyalty, attract new customers to our properties and maintain high recognition of our brands.

As of April 28, 2002, our database contained approximately 4.5 million members, of whom approximately 1.3 million receive regular mailings. To develop this database, we offer all of our customers membership in the Island Gold Players Club at Isle of Capri properties and the Fan Club at the Rhythm City-Davenport. These programs reward loyal customers with Isle Gold points that can be redeemed at our casinos by using our players club card. Currently, the players club card allows us to track the member's gaming preferences, maximum, minimum and total amount wagered and frequency of visits. Players are classified in groups according to these characteristics. Our database is used for direct

mailings, giveaways and other promotional events that are tailored to these specific groups of players. We have effectively used our database to encourage repeat visits, increase customers' length of stay and improve our operating results.

We place significant emphasis on attracting local residents and seek to maintain a strong local identity in each market in which we operate by initiating and supporting community and special events. We use radio and television media to promote the 'Isle of Capri' brand name and attract customers to our properties. To further enhance our tropical island theme, we have engaged a well-known actor to narrate our radio and television advertisements.

EMPLOYEES

As of April 28, 2002, we employed approximately 12,000 people. None of our employees is subject to a collective bargaining agreement. We believe that our relationship with our employees is satisfactory.

SEASONALITY

We typically generate the major portion of our income in our first and fourth fiscal quarters that end in July and April, respectively.

RISK FACTORS

WE FACE SIGNIFICANT COMPETITION FROM OTHER GAMING OPERATIONS THAT COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR FUTURE OPERATIONS.

We face intense competition in the markets in which we operate. We have numerous competitors, including land-based casinos, dockside casinos, riverboat casinos, casinos located on Native American reservations and at racing and pari-mutuel operations. Several of our competitors have substantially better name recognition, marketing and financial resources than we do. Legalized gaming is currently permitted in various forms throughout the United States. Certain states have recently legalized, and other states are currently considering legalizing, casino gaming in designated areas. In addition, many Native American tribes conduct casino gaming on reservations throughout the United States that have the advantages of being land-based and exempt from certain state and federal taxes. Some Native American tribes are either in the process of establishing, or are considering the establishment of, gaming at additional locations. There is no limit on the number of gaming licenses that may be granted in several of the markets in which we operate. As a result, new licenses could be awarded to gaming facilities in such markets, which could have an adverse effect on our operating results. In particular, we face significant new competition in the Lake Charles, Louisiana market. In February 2002, Boyd Gaming opened a casino with 15,000 square feet of gaming space with approximately 1,500 slot machines at Delta Downs, a horse racing facility. Delta Downs is 25 miles closer to Houston than the Isle-Lake Charles, making it the closest gaming facility to Houston. In addition, the last available Louisiana gaming license was recently awarded to Pinnacle Entertainment for a new development in the Lake Charles market. Expansion of existing gaming facilities and the development of new gaming facilities and casinos on Native American reservations will increase competition for our existing and future operations.

We also compete with other forms of legalized gaming and entertainment such as online computer gambling, bingo, pull tab games, card parlors, sports books, pari-mutuel or telephonic betting on horse racing and dog racing, state-sponsored lotteries, jai-alai, video lottery terminals and video poker terminals. For example, there currently is legislation pending in Florida that, if passed, would legalize video poker, electronic games of chance or video lottery terminal gaming at pari-mutuel gaming facilities, including our facility in Pompano Beach, which could have an adverse effect on the operations of the Isle-Biloxi.

Our existing gaming facilities compete directly with other gaming properties in Louisiana, Mississippi, Missouri, Iowa, Colorado and Nevada. We also compete with gaming operations in other gaming jurisdictions such as Atlantic City, New Jersey. Our existing casinos attract a significant number of their customers from Houston and Dallas/Fort Worth, Texas; Mobile, Alabama; Jackson, Mississippi; Memphis, Tennessee; Little Rock, Arkansas and Denver, Colorado. Our continued success depends upon drawing customers from each of these geographic markets. Legalization of gaming in jurisdictions closer to these geographic markets than the jurisdictions in which our facilities are located would have a material adverse effect on our operating results. We expect competition to increase as new gaming operators enter our markets, existing competitors expand their operations, gaming activities expand in existing jurisdictions and gaming is legalized in new jurisdictions. We cannot predict with any certainty the effects of existing and future competition on our operating results.

THE FAILURE OF LOCAL REAUTHORIZATION OF CASINO GAMING IN IOWA COULD RESULT IN THE SHUT-DOWN OF SOME OR ALL OF OUR IOWA CASINO PROPERTIES, WHICH MAY HAVE A MATERIAL ADVERSE EFFECT ON US.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

Iowa law provides that each county shall hold a referendum every eight years as to whether to continue to allow casino gaming within its boundaries. Each referendum requires the vote of a majority of the persons voting. The Isle-Bettendorf and the Rhythm City-Davenport are located in Scott County, Iowa and the Isle-Marquette is located in Clayton County, Iowa. The next referendum in each of these counties will be held in November 2002. If a reauthorization referendum is defeated in either of these counties, Iowa law provides that any previously issued gaming license in such county shall remain valid and subject to periodic renewal for a total of nine years from the original issue, unless otherwise terminated by the Iowa Racing and Gaming Commission. Therefore, if the reauthorization referendum is defeated in Scott County or Clayton County, our gaming licenses in such county would expire in 2009. We cannot assure you that the reauthorization referendum will pass or that casino gaming in either of these counties will continue to be authorized. Any failure of either of these counties to reauthorize casino gaming could result in the complete shut-down of our casino gaming operations in such county, which may have a material adverse effect on our business, financial condition and results of operations.

WE ARE SUBJECT TO EXTENSIVE REGULATION FROM GAMING AUTHORITIES THAT COULD ADVERSELY AFFECT US.

Licensing Requirements.

As owners and operators of gaming facilities, we are subject to extensive state and local regulation. State and local authorities require us and our subsidiaries to demonstrate suitability to obtain and retain various licenses and require that we have registrations, permits and approvals to conduct gaming operations. The regulatory authorities in the jurisdictions in which we operate may, for any reasonable cause, limit, condition, suspend or revoke a license to conduct gaming operations or prevent us from owning the securities of any of our gaming subsidiaries. In addition, regulatory authorities in certain jurisdictions must approve, in advance, any restrictions on, transfers of, agreements not to encumber or pledges of equity securities that are issued by a corporation that is registered as an intermediary company with such state, or holds a gaming license. If these restrictions, transfers, agreements or pledges are not approved in advance, they will be invalid. Like all gaming operators in the jurisdictions in which we operate, we must periodically apply to renew our gaming licenses. We cannot assure you that we will be able to obtain such renewals. Regulatory authorities may also levy substantial fines against us or seize our assets, or the assets of our subsidiaries. Any of these events could have a material adverse effect on our business.

We have demonstrated suitability to obtain and have obtained all governmental licenses, registrations, permits and approvals necessary for us to operate our existing gaming facilities. We cannot assure you that we will be able to retain them or continue to demonstrate suitability to obtain any new licenses, registrations, permits or approvals. If we expand our gaming operations in the jurisdictions in which we currently operate or to new jurisdictions, we will have to meet suitability requirements and obtain additional licenses, registrations, permits and approvals from gaming authorities in these jurisdictions. The approval process can be time-consuming and costly and there is no assurance that we will be successful.

Potential Changes in Regulatory Environment.

From time to time, legislators and special interest groups have proposed legislation that would expand, restrict or prevent gaming operations in the jurisdictions in which we operate. In addition, from time to time, certain anti-gaming groups propose referenda that, if adopted, would limit our ability to continue to operate in those jurisdictions in which such referenda are adopted. Any expansion of gaming or restriction on or prohibition of our gaming operations could have a material adverse effect on our operating results.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

Taxation

State and local authorities raise a significant amount of revenue through taxes and fees on gaming activities. We believe that the prospect of significant revenue is one of the primary reasons that jurisdictions permit legalized gaming. As a result, gaming companies are typically subject to significant taxes and fees in addition to normal federal, state, local and provincial income taxes, and such taxes and fees are subject to increase at any time. We pay substantial taxes and fees with respect to our operations. From time to time, federal, state, local and provincial legislators and officials have proposed changes in tax laws, or in the administration of such laws, affecting the gaming industry. In addition, worsening economic conditions could intensify the efforts of state and local governments to raise revenues through increases in gaming taxes. For example, in June 2002, the state legislature in Illinois, a state in which we do not own or operate any casinos, voted to increase gaming taxes to fund a budget shortfall. Some of the states in which we own or operate casinos also have budget shortfalls and may increase gaming taxes to raise more revenue. It is not possible to determine with certainty the likelihood of changes in tax laws or in the administration of such laws. Such changes, if adopted, could have a material adverse effect on our business, financial condition and results of operations.

WE ARE SUBJECT TO NON-GAMING REGULATION THAT COULD ADVERSELY AFFECT US.

Several of our riverboats must comply with U.S. Coast Guard requirements as to boat design, on-board facilities, equipment, personnel and safety and must hold U.S. Coast Guard Certificates of Documentation and Inspection. The U.S. Coast Guard requirements also set limits on the operation of the riverboats and mandate licensing of certain personnel involved with the operation of the riverboats. Loss of a riverboat's Certificate of Documentation and Inspection could preclude its use as a riverboat casino. Each of our riverboats is inspected annually and, every five years, is subject to dry-docking for inspection of its hull, which could result in a temporary loss of service.

We are required to have third parties periodically inspect and certify all of our casino barges for stability and single compartment flooding integrity. Our casino barges must also meet local fire safety standards. We would incur additional costs if any of our gaming facilities were not in compliance with one or more of these regulations.

We are also subject to certain federal, state and local environmental laws, regulations and ordinances that apply to non-gaming businesses generally, such as the Clean Air Act, the Clean Water Act, the Resource Conservation Recovery Act, the Comprehensive Environmental Response, Compensation and Liability Act and the Oil Pollution Act of 1990. Under various federal, state and local laws and regulations, an owner or operator of real property may be held liable for the costs of removal or remediation of certain hazardous or toxic substances or wastes located on its property, regardless of whether or not the present owner or operator knows of, or is responsible for, the presence of such substances or wastes. We have not identified any issues associated with our properties that could reasonably be expected to have an adverse effect on us or the results of our operations. However, certain of our properties are located in industrial areas or were used for industrial purposes for many years. As a consequence, it is possible that historical or neighboring activities have affected one or more of our properties and that, as a result, environmental issues could arise in the future, the precise nature of which we cannot now predict. The coverage and attendant compliance costs associated with these laws, regulations and ordinances may result in future additional costs.

Regulations adopted by the Financial Crimes Enforcement Network of the U.S. Treasury Department require us to report currency transactions in excess of

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

\$10,000 occurring within a gaming day, including identification of the patron by name and social security number. Substantial penalties can be imposed against us if we fail to comply with these regulations.

We are also subject to a variety of other local rules and regulations, including zoning, environmental, construction and land-use laws and regulations governing the serving of alcoholic beverages.

IF OUR KEY PERSONNEL LEAVE US, OUR BUSINESS WILL BE SIGNIFICANTLY ADVERSELY AFFECTED.

Our continued success will depend, among other things, on the efforts and skills of a few key executive officers and the experience of our property managers as well as our ability to attract and retain additional highly qualified personnel with gaming industry experience and qualifications to obtain the requisite licenses. We do not maintain "key man" life insurance for any of our employees. There is no assurance that we would be able to attract and hire suitable replacements for any of our key employees. We need qualified executives, managers and skilled employees with gaming industry experience to continue to successfully operate our business. We believe a shortage of skilled labor in the gaming industry may make it increasingly difficult and expensive to attract and retain qualified employees. We expect that increased competition in the gaming industry will intensify this problem.

INCLEMENT WEATHER AND OTHER CONDITIONS COULD SERIOUSLY DISRUPT OUR BUSINESS, FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Dockside and riverboat facilities are subject to risks in addition to those associated with land-based casinos, including loss of service due to casualty, mechanical failure, extended or extraordinary maintenance, flood, hurricane or other severe weather. Our riverboats and barges face additional risks from the movement of vessels on waterways.

Reduced patronage and the loss of a dockside or riverboat casino from service for any period of time could adversely affect our results of operations. For example, as a result of flooding of the Mississippi River, we closed the Isle-Marquette from April 18 to May 2, 2001, and the Rhythm City-Davenport from April 18 to May 20, 2001. While our business interruption insurance provided sufficient coverage for those losses, we cannot assure you that the proceeds from any future claim will be sufficient to compensate us if one or more of our casinos experiences a closure.

Access to a number of our facilities may also be affected by road conditions, such as construction and traffic. In addition, severe weather such as high winds and blizzards occasionally limits access to the Isle-Black Hawk.

WE EXPERIENCE QUARTERLY FLUCTUATIONS IN RESULTS OF OPERATIONS.

Our quarterly operating results fluctuate because of seasonality and other factors. We typically generate the major portion of our income in our first and fourth fiscal quarters, which end in July and April, respectively.

ENERGY AND FUEL PRICE INCREASES MAY ADVERSELY AFFECT OUR COSTS OF OPERATIONS AND OUR REVENUES.

Our casino properties use significant amounts of electricity, natural gas and other forms of energy. While no shortages of energy have been experienced, the recent substantial increases in the cost of electricity in the United States will negatively affect our results of operations. In addition, energy and fuel price increases in cities that constitute a significant source of customers for our properties could result in a decline in disposable income of potential

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

customers and a corresponding decrease in visitation to our properties, which would negatively impact our revenues. The extent of the impact is subject to the magnitude and duration of the energy and fuel price increases, but this impact could be material.

A DOWNTURN IN GENERAL ECONOMIC CONDITIONS MAY ADVERSELY AFFECT OUR RESULTS OF OPERATIONS.

Our business operations are subject to changes in international, national and local economic conditions, including changes in the economy related to future security alerts in connection with threatened or actual terrorist attacks such as those that occurred on September 11, 2001, which may affect our customers' willingness to travel. A recession or downturn in the general economy, or in a region constituting a significant source of customers for our properties, could result in fewer customers visiting our properties, which would adversely affect our results of operations.

OUR SUBSTANTIAL INDEBTEDNESS COULD ADVERSELY AFFECT OUR FINANCIAL HEALTH.

We now have a significant amount of indebtedness. As of April 28, 2002, we had \$1,009.3 million of total debt outstanding.

Our significant indebtedness could have important consequences, such as:

- limiting our ability to obtain additional financing to fund our working capital requirements, capital expenditures, debt service, general corporate or other obligations, including our obligations with respect to the notes;
- limiting our ability to use operating cash flow in other areas of our business because we must dedicate a significant portion of these funds to make principal and interest payments on our indebtedness;
- increasing our interest expense if there is a rise in interest rates, because a portion of our borrowings under our senior secured credit facility are subject to interest rate periods with short-term durations (typically 30 to 180 days) that require ongoing refunding at the then current rates of interest;
- causing our failure to comply with the financial and restrictive covenants contained in the indenture and agreements governing the notes, and the indenture and agreements governing the 8.75% senior subordinated notes due 2009, the 9.00% senior subordinated notes due 2012, our senior secured credit facility and our other indebtedness which could cause a default under those instruments and which, if not cured or waived, could have a material adverse effect on us;
- placing us at a competitive disadvantage to our competitors who are not as highly leveraged; and
- increasing our vulnerability to and limiting our ability to react to changing market conditions, changes in our industry and economic downturns.

Any of the factors listed above could have a material adverse effect on our business, financial condition and results of operations. In addition, as of April 28, 2002, we had the capacity to issue additional indebtedness, including the ability to incur additional indebtedness under the revolving portion of our senior secured credit facility, of approximately \$175.0 million, subject to the limitations imposed by the covenants in the senior secured credit facility and the indentures governing our notes. The indenture governing our notes and the senior secured credit facility contain financial and other restrictive covenants, but will not fully prohibit us from incurring additional debt. If new debt is added to our current level of indebtedness, related risks that we and you now face could increase.

We have made and will need to make significant capital expenditures at our existing facilities to remain competitive with current and future competitors in our markets. Our senior secured credit facility and the indentures governing our notes contain operating and financial restrictions that may limit our

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

ability to obtain the financing to make these capital expenditures.

Our agreements governing our indebtedness, among other things, limit our ability to:

- borrow money;
- make capital expenditures;
- use assets as security in other transactions;
- make restricted payments or restricted investments;
- incur contingent obligations; and
- sell assets and enter into leases and transactions with affiliates.

REGULATION AND LICENSING

The ownership and operation of casino gaming facilities are subject to extensive state and local regulations. We are required to obtain and maintain gaming licenses in each of the jurisdictions in which we conduct gaming. The limitation, conditioning or suspension of gaming licenses could (and the revocation or non-renewal of gaming licenses, or the failure to reauthorize gaming in certain jurisdictions, would) materially adversely affect our operation in that jurisdiction. In addition, changes in law that restrict or prohibit our gaming operations in any jurisdiction could have a material adverse effect on us.

LOUISIANA

In July 1991, Louisiana enacted legislation permitting certain types of gaming activity on certain rivers and waterways in Louisiana. The legislation granted authority to supervise riverboat gaming activities to the Louisiana Riverboat Gaming Commission and the Riverboat Gaming Enforcement Division of the Louisiana State Police. The Louisiana Riverboat Gaming Commission was authorized to hear and determine all appeals relative to the granting, suspension, revocation, condition or renewal of all licenses, permits and applications. In addition, the Louisiana Riverboat Gaming Commission established regulations concerning authorized routes, duration of excursions, minimum levels of insurance, construction of riverboats and periodic inspections. The Riverboat Gaming Enforcement Division of the Louisiana State Police was authorized to investigate applicants and issue licenses, investigate violations of the statute and conduct continuing reviews of gaming activities.

In May 1996, regulatory oversight of riverboat gaming was transferred to the Louisiana Gaming Control Board, which is comprised of nine voting members appointed by the governor. The Louisiana Gaming Control Board now oversees all licensing matters for riverboat casinos, land-based casinos, video poker and certain aspects of Native American gaming other than those responsibilities reserved to the Louisiana State Police.

The Louisiana Gaming Control Board is empowered to issue up to 15 licenses to conduct gaming activities on a riverboat of new construction in accordance with applicable law. However, no more than six licenses may be granted to riverboats operating from any one designated waterway.

The Louisiana State Police continues to be involved broadly in gaming enforcement and reports to the Louisiana Gaming Control Board. Louisiana law permits the Louisiana State Police, among other things, to continue to (1) conduct suitability investigations, (2) audit, investigate and enforce compliance with standing regulations, (3) initiate enforcement and administrative actions and (4) perform "all other duties and functions necessary for the efficient, efficacious, and thorough regulation and control of gaming activities and operations" under the Louisiana Gaming Control Board's jurisdiction.

Louisiana gaming law specifies certain restrictions relating to the

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

operation of riverboat gaming, including the following:

- agents of the Louisiana State Police are permitted on board at any time during gaming operations;
- gaming devices, equipment and supplies may only be purchased or leased from permitted suppliers and, with respect to gaming equipment, from permitted manufacturers;
- gaming may only take place in the designated gaming area while the riverboat is docked on a designated river or waterway;
- gaming equipment may not be possessed, maintained or exhibited by any person on a riverboat except in the specifically designated gaming area or in a secure area used for inspection, repair or storage of such equipment;
- wagers may be received only from a person present on a licensed riverboat;
- persons under 21 are not permitted in designated gaming areas;
- except for slot machine play, wagers may be made only with tokens, chips or electronic cards purchased from the licensee aboard a riverboat;
- licensees may only use docking facilities and routes for which they are licensed and may only board and discharge passengers at the riverboat's licensed berth;
- licensees must have adequate protection and indemnity insurance;
- licensees must have all necessary federal and state licenses, certificates and other regulatory approvals prior to operating a riverboat; and
- gaming may only be conducted in accordance with the terms of the license and Louisiana law.

To receive a gaming license in Louisiana, an applicant must be found to be a person of good character, honesty and integrity and a person whose prior activities, criminal record, if any, reputation, habits and associations do not (1) pose a threat to the public interest of the State of Louisiana or to the effective regulation and control of gaming or (2) create or enhance the dangers of unsuitable, unfair or illegal practices, methods and activities in the conduct of gaming or the carrying on of business and financial arrangements of gaming activities. In addition, the Louisiana Gaming Control Board will not grant a license unless it finds that, among other things:

- the applicant can demonstrate the capability, either through training, education, business experience or a combination of the preceding, to operate a gaming operation;
- the proposed financing of the riverboat and the gaming operations is adequate for the nature of the proposed operation and is from a suitable and acceptable source;
- the applicant demonstrates a proven ability to operate a vessel of comparable size, capacity and complexity to a riverboat so as to ensure the safety of its passengers;
- the applicant submits with its application for a license a detailed plan of design of the riverboat;

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

- the applicant designates the docking facilities to be used by the riverboat;
- the applicant shows adequate financial ability to construct and maintain a riverboat; and
- the applicant has a good faith plan to recruit, train and upgrade minorities in all employment classifications.

An initial license to conduct riverboat gaming operations is valid for a term of five years and legislation passed in the 1999 legislative session provides for renewals every five years thereafter. Louisiana gaming law provides that a renewal application for the period succeeding the initial five-year term of an operator's license must be made to the Louisiana Gaming Control Board and must include a statement under oath of any and all changes in information, including financial information, provided in the previous application. The transfer of a license or an interest in a license is prohibited. A gaming license is deemed to be a privilege under Louisiana law and, as such, may be denied, revoked, suspended, conditioned or limited at any time by the Louisiana Gaming Control Board. The Isle-Bossier City and the Isle-Lake Charles each received a five-year renewal of their license on July 20, 1999.

Certain persons affiliated with a riverboat gaming licensee, including directors and officers of the licensee, directors and officers of any holding company of the licensee involved in gaming operations, persons holding 5% or greater interests in the licensee and persons exercising influence over a licensee, are subject to the application and suitability requirements of Louisiana gaming law.

The sale, purchase, assignment, transfer, pledge or other hypothecation, lease, disposition or acquisition by any person of securities which represent 5% or more of the total outstanding shares issued by a licensee is subject to the approval of the Louisiana Gaming Control Board. A security issued by a licensee must generally disclose these restrictions. Prior approval from the Louisiana Gaming Control Board is required for the sale, purchase, assignment, transfer, pledge or other hypothecation, lease, disposition or acquisition of any ownership interest of 5% or more of any non-corporate licensee or for the transfer of any "economic interest" of 5% or more of any licensee or affiliated gaming person. An "economic interest" is defined as any interest whereby a person receives or is entitled to receive, by agreement or otherwise, a profit, gain, thing of value, loan, credit, security interest, ownership interest or other benefit.

Fees payable to the state for conducting gaming activities on a riverboat include (1) \$50,000 per riverboat for the first year of operation and \$100,000 per year per riverboat thereafter, plus (2) 21.5% of net gaming proceeds. Legislation was passed during the 2001 legislative session that allowed those riverboats that had been required to conduct cruises, including the riverboats at the Isle-Lake Charles, to remain permanently dockside beginning April 1, 2001. The legislation also increased the gaming tax for operators from 18.5% to 21.5%. A statute also authorizes local governing authorities to levy boarding fees. We have development agreements with the local governing authorities in the jurisdictions in which we operate pursuant to which we make payments in lieu of boarding fees.

A licensee must notify and/or seek approval from the Louisiana Gaming Control Board in connection with any withdrawals of capital, loans, advances or distributions in excess of 5% of retained earnings for a corporate licensee, or of capital accounts for a partnership or limited liability company licensee, upon completion of any such transaction. The Louisiana Gaming Control Board may issue an emergency order for not more than ten days prohibiting payment of

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

profits, income or accruals by, or investments in, a licensee. Unless excepted or waived by the Louisiana Gaming Control Board, riverboat gaming licensees and their affiliated gaming persons must notify the Louisiana Gaming Control Board 60 days prior to the receipt by any such persons of any loans or extensions of credit or modifications thereof. The Louisiana Gaming Control Board is required to investigate the reported loan, extension of credit or modification thereof and to determine whether an exemption exists on the requirement of prior written approval and, if such exemption is not applicable, to either approve or disapprove the transaction. If the Louisiana Gaming Control Board disapproves of a transaction, the transaction cannot be entered into by the licensee or affiliated gaming person. We are an affiliated gaming person of our subsidiaries that hold the licenses to conduct riverboat gaming at the Isle-Bossier City and the Isle-Lake Charles.

The failure of a licensee to comply with the requirements set forth above may result in the suspension or revocation of that licensee's gaming license. Additionally, if the Louisiana Gaming Control Board finds that the individual owner or holder of a security of a corporate license or intermediary company or any person with an economic interest in a licensee is not qualified under Louisiana law, the Louisiana Gaming Control Board may require, under penalty of suspension or revocation of the license, that the person not:

- receive dividends or interest on securities of the corporation;
- exercise directly or indirectly a right conferred by securities of the corporation;
- receive remuneration or economic benefit from the licensee;
- exercise significant influence over activities of the licensee; or
- continue its ownership or economic interest in the licensee.

A licensee must periodically report the following information to the Louisiana Gaming Control Board, which is not confidential and is available for public inspection: (1) the licensee's net gaming proceeds from all authorized games, (2) the amount of net gaming proceeds tax paid and (3) all quarterly and annual financial statements presenting historical data, including annual financial statements that have been audited by an independent certified public auditor.

During the 1996 special session of the Louisiana legislature, legislation was enacted placing on the ballot for a statewide election a constitutional amendment limiting the expansion of gaming, which was subsequently passed by the voters. As a result, local option elections are required before new or additional forms of gaming can be brought into a parish.

Proposals to amend or supplement Louisiana's riverboat gaming statute are frequently introduced in the Louisiana State legislature. There is no assurance that changes in Louisiana gaming law will not occur or that such changes will not have a material adverse effect on our business in Louisiana.

MISSISSIPPI

In June 1990, Mississippi enacted legislation legalizing dockside casino gaming for counties along the Mississippi River, which is the western border for most of the state, and the Gulf Coast, which is the southern border for most of the state. The legislation gave each of those counties the opportunity to hold a referendum on whether to allow dockside casino gaming within its boundaries.

Gaming vessels in Mississippi must be located on the Mississippi River, on

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

navigable waters in eligible counties along the Mississippi River or in the waters lying south of the counties along the Mississippi Gulf Coast. Mississippi law permits unlimited stakes gaming on permanently moored vessels on a 24-hour basis and does not restrict the percentage of space, which may be utilized for gaming. There are no limitations on the number of gaming licenses that may be issued in Mississippi.

The ownership and operation of gaming facilities in Mississippi are subject to extensive state and local regulation intended to:

- prevent unsavory or unsuitable persons from having any direct or indirect involvement with gaming at any time or in any capacity;
- establish and maintain responsible accounting practices and procedures for gaming operations;
- maintain effective control over the financial practices of licensees, including establishing minimum procedures for internal fiscal affairs and safeguarding of assets and revenues, providing reliable record keeping and making periodic reports;
- provide a source of state and local revenues through taxation and licensing fees;
- prevent cheating and fraudulent practices; and
- ensure that gaming licensees, to the extent practicable, employ Mississippi residents.

The regulations are subject to amendment and interpretation by the Mississippi Gaming Commission. Changes in Mississippi laws or regulations may limit or otherwise materially affect the types of gaming that may be conducted in Mississippi and such changes, if enacted, could have an adverse effect on us and our Mississippi gaming operations.

We are registered as a publicly traded holding company under the Mississippi Gaming Control Act. Our gaming operations in Mississippi are subject to regulatory control by the Mississippi Gaming Commission, the State Tax Commission and various other local, city and county regulatory agencies (collectively referred to as the "Mississippi Gaming Authorities"). Our subsidiaries have obtained gaming licenses from the Mississippi Gaming Authorities. Any proposed gaming operations outside of Mississippi are also subject to approval by the Mississippi Gaming Commission. The licenses held by our Mississippi gaming operations have terms of three years and are not transferable. The Isle-Biloxi received a renewal gaming license in May 2000, the Isle-Vicksburg obtained a renewal gaming license in February 2001, and the Isle-Tunica obtained a renewal gaming license in May 2001. The Isle-Natchez received its current license in June 2000, and the Isle-Lula received its current licenses in July 2000. There is no assurance that new licenses can be obtained at the end of each three-year period of a license. Moreover, the Mississippi Gaming Commission may, at any time, and for any cause it deems reasonable, revoke, suspend, condition, limit or restrict a license or approval to own shares of stock in our subsidiaries that operate in Mississippi.

Substantial fines for each violation of Mississippi's gaming laws or regulations may be levied against us, our subsidiaries and the persons involved. A violation under a gaming license held by a subsidiary of ours operating in Mississippi may be deemed a violation of all the other licenses held by us.

We, along with each of our Mississippi gaming subsidiaries, must periodically submit detailed financial, operating and other reports to the

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

Mississippi Gaming Commission and/or the State Tax Commission. Numerous transactions, including substantially all loans, leases, sales of securities and similar financing transactions entered into by any of ours operating a casino in Mississippi, must be reported to or approved by the Mississippi Gaming Commission. In addition, the Mississippi Gaming Commission may, at its discretion, require additional information about our operations.

Certain of our officers and employees and the officers, directors and certain key employees of our Mississippi gaming subsidiaries must be found suitable or be licensed by the Mississippi Gaming Commission. We believe that all required findings of suitability related to all of our Mississippi properties have been applied for or obtained, although the Mississippi Gaming Commission at its discretion may require additional persons to file applications for findings of suitability. In addition, any person having a material relationship or involvement with us may be required to be found suitable or licensed, in which case those persons must pay the costs and fees associated with such investigation. The Mississippi Gaming Commission may deny an application for a finding of suitability for any cause that it deems reasonable.

Changes in certain licensed positions must be reported to the Mississippi Gaming Commission. In addition to its authority to deny an application for a finding of suitability, the Mississippi Gaming Commission has jurisdiction to disapprove a change in a licensed position. The Mississippi Gaming Commission has the power to require us and any of our Mississippi gaming subsidiaries to suspend or dismiss officers, directors and other key employees or to sever relationships with other persons who refuse to file appropriate applications or whom the authorities find unsuitable to act in such capacities.

Employees associated with gaming must obtain work permits that are subject to immediate suspension under certain circumstances. The Mississippi Gaming Commission will refuse to issue a work permit to a person who has been convicted of a felony, committed certain misdemeanors or knowingly violated the Mississippi Gaming Control Act, and it may refuse to issue a work permit to a gaming employee for any other reasonable cause.

At any time, the Mississippi Gaming Commission has the power to investigate and require the finding of suitability of any record or beneficial stockholder of ours. The Mississippi Gaming Control Act requires any person who individually or in association with others acquires, directly or indirectly, beneficial ownership of more than 5% of our common stock to report the acquisition to the Mississippi Gaming Commission, and such person may be required to be found suitable. In addition, the Mississippi Gaming Control Act requires any person who, individually or in association with others, becomes, directly or indirectly, a beneficial owner of more than 10% of our common stock, as reported to the U.S. Securities and Exchange Commission, to apply for a finding of suitability by the Mississippi Gaming Commission and pay the costs and fees that the Mississippi Gaming Commission incurs in conducting the investigation.

The Mississippi Gaming Commission has generally exercised its discretion to require a finding of suitability of any beneficial owner of more than 5% of a registered publicly traded holding company's stock. However, the Mississippi Gaming Commission has adopted a policy that generally permits certain institutional investors to own beneficially up to 15% of a registered publicly traded holding company's stock without a finding of suitability. If a stockholder who must be found suitable is a corporation, partnership or trust, it must submit detailed business and financial information, including a list of beneficial owners.

Any person who fails or refuses to apply for a finding of suitability or a license within 30 days after being ordered to do so by the Mississippi Gaming Commission may be found unsuitable. We believe that compliance by us with the

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

licensing procedures and regulatory requirements of the Mississippi Gaming Commission will not affect the marketability of our securities. Any person found unsuitable who holds, directly or indirectly, any beneficial ownership of our securities beyond such time as the Mississippi Gaming Commission prescribes may be guilty of a misdemeanor. We are subject to disciplinary action if, after receiving notice that a person is unsuitable to be a stockholder or to have any other relationship with us or our subsidiaries operating casinos in Mississippi, we:

- pay the unsuitable person any dividend or other distribution upon its voting securities;
- recognize the exercise, directly or indirectly, of any voting rights conferred by its securities;
- pay the unsuitable person any remuneration in any form for services rendered or otherwise, except in certain limited and specific circumstances; or
- fail to pursue all lawful efforts to require the unsuitable person to divest itself of the securities, including, if necessary, our immediate purchase of the securities for cash at a fair market value.

We may be required to disclose to the Mississippi Gaming Commission upon request the identities of the holders of any of our debt securities. In addition, under the Mississippi Gaming Control Act, the Mississippi Gaming Commission may, in its discretion, (1) require holders of our securities, including the notes, to file applications, (2) investigate such holders and (3) require such holders to be found suitable to own such securities. Although the Mississippi Gaming Commission generally does not require the individual holders of obligations such as the notes to be investigated and found suitable, the Mississippi Gaming Commission retains the discretion to do so for any reason, including but not limited to a default, or where the holder of the debt instrument exercises a material influence over the gaming operations of the entity in question. Any holder of debt securities required to apply for a finding of suitability must pay all investigative fees and costs of the Mississippi Gaming Commission in connection with such an investigation.

The Mississippi regulations provide that a change in control of us may not occur without the prior approval of the Mississippi Gaming Commission. Mississippi law prohibits us from making a public offering of our securities without the approval of the Mississippi Gaming Commission if any part of the proceeds of the offering is to be used to finance the construction, acquisition or operation of gaming facilities in Mississippi, or to retire or extend obligations incurred for one or more such purposes. The Mississippi Gaming Commission has the authority to grant a continuous approval of securities offerings and has granted such approval for us, subject to renewal every two years.

Regulations of the Mississippi Gaming Commission prohibit certain repurchases of securities of publicly traded holding corporations registered with the Mississippi Gaming Commission, including holding companies such as ours, without prior approval of the Mississippi Gaming Commission. Transactions covered by these regulations are generally aimed at discouraging repurchases of securities at a premium over market price from certain holders of greater than 3% of the outstanding securities of the registered publicly traded corporation. The regulations of the Mississippi Gaming Commission also require prior approval for a "plan of recapitalization" as defined in such regulations.

We must maintain in the State of Mississippi current stock ledgers, which may be examined by the Mississippi Gaming Authorities at any time. If any securities are held in trust by an agent or by a nominee, the record holder may

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

be required to disclose the identity of the beneficial owner to the Mississippi Gaming Authorities. A failure to make such disclosure may be grounds for finding the record holder unsuitable. We must render maximum assistance in determining the identity of the beneficial owner.

Mississippi law requires that certificates representing shares of our common stock bear a legend to the general effect that the securities are subject to the Mississippi Gaming Control Act and regulations of the Mississippi Gaming Commission. The Mississippi Gaming Commission has the authority to grant a waiver from the legend requirement, which we have obtained. The Mississippi Gaming Commission, through the power to regulate licenses, has the power to impose additional restrictions on the holders of our securities at any time.

The Mississippi Gaming Commission enacted a regulation requiring that, as a condition to licensure or license renewal, an applicant must provide a plan to develop infrastructure facilities amounting to 25% of the cost of the casino and a parking facility capable of accommodating 500 cars. In 1999, the Mississippi Gaming Commission approved amendments to this regulation that increased the infrastructure development requirement from 25% to 100% for new casinos (or upon acquisition of a closed casino), but grandfathered existing licensees and development plans approved prior to the effective date of the new regulation (including the Isle-Tunica and the Isle-Lula). "Infrastructure facilities" include any of the following:

- a 250-room or larger hotel of at least a two-star rating as defined by the current edition of the Mobil Travel Guide;
- theme parks;
- golf courses;
- marinas;
- entertainment facilities;
- tennis complexes; and
- any other facilities approved by the Mississippi Gaming Commission.

Parking facilities, roads, sewage and water systems or civic facilities are not considered "infrastructure facilities." The Mississippi Gaming Commission may reduce the number of rooms required in a hotel if it is satisfied that sufficient rooms are available to accommodate the anticipated number of visitors.

License fees and taxes are payable to the State of Mississippi and to the counties and cities in which a Mississippi gaming subsidiary's respective operations will be conducted. The license fee payable to the state of Mississippi is based upon gross revenue of the licensee (generally defined as gaming receipts less payout to customers as winnings) and equals 4% of gross revenue of \$50,000 or less per month, 6% of gross revenue in excess of \$50,000 but less than \$134,000 per calendar month, and 8% of gross revenue in excess of \$134,000 per calendar month. The foregoing license fees are allowed as a credit against the licensee's Mississippi income tax liability for the year paid. Additionally, a licensee must pay a \$5,000 annual license fee and an annual fee based upon the number of games it operates. The gross revenue tax imposed by the Mississippi communities and counties in which our casino operations are located equals 0.4% of gross revenue of \$50,000 or less per calendar month, 0.6% of gross revenue over \$50,000 and less than \$134,000 per calendar month and 0.8% of gross revenue greater than \$134,000 per calendar month. These fees have been

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

imposed in, among other cities and counties, Biloxi, Vicksburg, Tunica County and Coahoma County. Certain local and private laws of the state of Mississippi may impose fees or taxes on the Mississippi gaming subsidiaries in addition to the fees described above.

The Mississippi Gaming Commission requires, as a condition of licensure or license renewal, that casino vessels on the Mississippi Gulf Coast that are not self-propelled must be moored to withstand a Category 4 hurricane with 155 mile-per-hour winds and 15-foot tidal surge. We believe that all of our Mississippi gaming locations currently meet this requirement. A 1996 Mississippi Gaming Commission regulation prescribes the hurricane emergency procedure to be used by the Mississippi Gulf Coast casinos.

The sale of food or alcoholic beverages at our Mississippi gaming locations is subject to licensing, control and regulation by the applicable state and local authorities. The agencies involved have full power to limit, condition, suspend or revoke any such license, and any such disciplinary action could (and revocation would) have a material adverse effect upon the operations of the affected casino or casinos. Certain of our officers and managers and our Mississippi gaming subsidiaries must be investigated by the Alcoholic Beverage Control Division of the State Tax Commission in connection with liquor permits that have been issued. The Alcoholic Beverage Control Division of the State Tax Commission must approve all changes in licensed positions.

On three separate occasions since 1998, certain anti-gaming groups have proposed referenda that, if adopted, would have banned gaming in Mississippi and required that gaming entities cease operations within two years after the ban. All three referenda were declared invalid by Mississippi courts because each lacked a required government revenue impact statement.

MISSOURI

Conducting gambling games and operating an excursion gambling boat in Missouri are subject to extensive regulation under Missouri's Riverboat Gambling Act and the rules and regulations promulgated thereunder. The Missouri Gaming Commission was created by the Missouri Riverboat Gambling Act and is charged with regulatory authority over riverboat gaming operations in Missouri, including the issuance of riverboat gaming licenses. In June 2000, IOC-Kansas City, Inc., a subsidiary of ours, was issued a riverboat gaming license in connection with our Kansas City operation. Additionally, in December 2001, IOC-Boonville, Inc., a subsidiary of ours, was issued a riverboat gaming license for our Boonville operation.

In order to obtain a riverboat gaming license, the proposed operating business entity must complete a Class A Riverboat Gaming Application, comprised of comprehensive application forms, including corroborating attachments, and undergo an extensive background investigation by the Missouri Gaming Commission. In addition, each key person associated with the applicant (including owners of a significant direct or indirect interest in the applicant, directors, officers, and managers) must complete a Riverboat Gaming Application Form I and undergo a background investigation. An applicant will not receive a license to conduct gambling games and to operate an excursion gambling boat if the applicant and its key persons have not established good repute and moral character and no licensee shall either employ or contract with any person who has pled guilty to, or been convicted of, a felony, to perform any duties directly connected with the licensee's privileges under a license granted by the Commission. Each license granted entitles a licensee to conduct gambling games on an excursion gambling boat or to operate an excursion gambling boat and the equipment thereon from a specific location. The duration of the license initially runs for two one-year terms; thereafter, two-year terms. The Commission also licenses the serving of alcoholic beverages on riverboats and adjacent facilities. In

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

addition, all local income, earnings, use, property and sales taxes are applicable to licensees.

In determining whether to grant a license, the Commission considers the following factors, among others: (i) the integrity of the applicants; (ii) the types and variety of games the applicant may offer; (iii) the quality of the physical facility, together with improvements and equipment, and how soon the project will be completed; (iv) the financial ability of the applicant to develop and operate the facility successfully; (v) the status of governmental actions required by the facility; (vi) management ability of the applicant; (vii) compliance with applicable statutes, rules, charters and ordinances; (viii) the economic, ecological and social impact of the facility as well as the cost of public improvements; (ix) the extent of public support or opposition; (x) the plan adopted by the home dock city or county; and (xi) effects on competition.

A licensee is subject to the imposition of penalties, suspension or revocation of its license for any act that is injurious to the public health, safety, morals, good order, and general welfare of the people of the state of Missouri, or that would discredit or tend to discredit the Missouri gaming industry or the state of Missouri, including without limitation: (i) failing to comply with or make provision for compliance with the legislation, the rules promulgated thereunder or any federal, state or local law or regulation; (ii) failing to comply with any rules, order or ruling of the Missouri Gaming Commission or its agents pertaining to gaming; (iii) receiving goods or services from a person or business entity who does not hold a supplier's license but who is required to hold such license by the legislation or the rules; (iv) being suspended or ruled ineligible or having a license revoked or suspended in any state of gaming jurisdiction; (v) associating with, either socially or in business affairs, or employing persons of notorious or unsavory reputation or who have extensive police records, or who have failed to cooperate with any officially constituted investigatory or administrative body and would adversely affect public confidence and trust in gaming; (vi) employing in any Missouri gaming operation any person known to have been found guilty of cheating or using any improper device in connection with any gambling game; (vii) use of fraud, deception, misrepresentation or bribery in securing any license or permit issued pursuant to the legislation; (viii) obtaining any fee, charge, or other compensation by fraud, deception or misrepresentation; and (ix) incompetence, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties regulated by the Missouri Riverboat Gambling Act.

An ownership interest in a license or in a business entity that holds a license, other than a publicly held business entity, may not be transferred without the approval of the Missouri Gaming Commission. In addition, an ownership interest in a license or in a business entity which holds either directly or indirectly a license, other than a publicly held business entity, may not be pledged as collateral to other than a regulated bank or savings and loan association without the Missouri Gaming Commission's approval.

Every employee participating in a riverboat gaming operation must hold an occupational license. In addition, the Missouri Gaming Commission issues supplier's licenses, which authorize the supplier licensee to sell or lease gaming equipment and supplies to any licensee involved in the operation of gaming operations.

Riverboat gaming operations may only be conducted on the Missouri River or Mississippi River. Although, all of the excursion gambling boats in Missouri are permanently moored boats or barges, a two hour simulated cruise is imposed in order to ensure the enforcement of loss limit restrictions. Missouri law imposes a maximum loss per person per cruise of \$500. Minimum and maximum wagers on

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

games are set by the licensee and wagering may be conducted only with a cashless wagering system, whereby money is converted to tokens, electronic cards or chips that can only be used for wagering. No person under the age of 21 is permitted to wager, and wagers may only be taken from a person present on a licensed excursion gambling boat.

The Missouri Riverboat Gambling Act imposes a 20% wagering tax on adjusted gross receipts (generally defined as gross receipts less winnings paid to wagerers) from gambling games. The tax imposed is to be paid by the licensee to the Commission on the day after the day when the wagers were made. Of the proceeds of that tax, 10% goes to the local government where the home dock is located, and the remainder goes to the state of Missouri.

The Missouri Riverboat Gambling Act also requires that licensees pay a \$2.00 admission tax to the Missouri Gaming Commission for each person admitted to a gaming cruise. The licensee is required to maintain public books and records clearly showing amounts received from admission fees, the total amount of gross receipts and the total amount of adjusted gross receipts.

IOWA

In 1989, the State of Iowa legalized riverboat gaming on the Mississippi River and other waterways located in Iowa. The legislation authorized the granting of licenses to not-for-profit corporations that, in turn, are permitted to enter into operating agreements with qualified persons who also actually conduct riverboat gaming operations. Such operators must likewise be approved and licensed by the Iowa Racing and Gaming Commission (the "Iowa Gaming Commission").

Isle-Bettendorf has the right to renew its operator's contract with the Riverbend Regional Authority, a not-for-profit corporation organized for the purpose of facilitating riverboat gaming in Bettendorf, Iowa, for succeeding three-year periods as long as Scott County voters approve gaming in the jurisdiction. Under the operator's contract, Isle-Bettendorf pays the Riverbend Regional Authority a fee equal to 4.1% of the adjusted gross receipts. Further, Isle-Bettendorf generally must pay a fee to the City of Bettendorf equal to 1.65% of adjusted gross receipts.

In June 1994, Upper Mississippi Gaming Corporation, a not-for-profit corporation organized for the purpose of facilitating riverboat gaming in Marquette, Iowa, entered into an operator's agreement for the Isle-Marquette for

a period of twenty-five years. Under the management agreement, the non-profit organization is to be paid a fee of \$0.50 per passenger. Further, pursuant to a dock site agreement (which also has a term of twenty-five years), Isle-Marquette is required to pay a fee to the City of Marquette in the amount of \$1.00 per passenger, plus a fixed amount of \$15,000 per month and 2.5% of gaming revenues (less state wagering taxes) in excess of \$20.0 million but less than \$40.0 million; 5% of gaming revenues (less state wagering taxes) in excess of \$40.0 million but less than \$60.0 million; and 7.5% of gaming revenues (less state wagering taxes) in excess of \$60.0 million.

On October 2000, the Riverboat Development Authority, a not-for-profit corporation organized for the purpose of facilitating riverboat gaming in Davenport, Iowa, entered into an operator's agreement with Isle-Davenport, Inc. to conduct riverboat gaming in Davenport, Iowa. The operating agreement requires Isle-Davenport to make weekly payments to the qualified sponsoring organization equal to 4.1% of each week's adjusted gross receipts (as defined in the enabling legislation) or \$38,461.54, whichever is greater. This agreement will remain in effect through March 31, 2009 and may be extended by Isle-Davenport so long as it holds a license to conduct gaming. In addition, Isle-Davenport pays a docking fee, gaming tax and a payment in lieu of taxes to the City of Davenport.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

Pursuant to a development agreement with the City, Isle-Davenport has exclusive docking privileges in the City of Davenport until March 31, 2017 in consideration of this docking fee. The docking fee has both a fixed base and a per passenger increment. The fixed fee commenced April 1, 1994 at \$111,759 and increases annually by 4%. The incremental component is a \$0.10 charge for each passenger in excess of 1,117,579 passengers (which charge also increases by 4% per year). The City is also guaranteed an annual gaming tax of \$558,789.50 per year (based on a minimum passenger floor count of 1,117,579 passengers at \$0.50 per passenger). Finally, Isle-Davenport is obligated to pay a payment in lieu of taxes to support the downtown development district. This annual lump sum payment is in the amount of \$123,516 plus \$0.20 per passenger in excess of 1,117,579 passengers. This payment in lieu of taxes is further subject to a minimum \$226,179 per year payment.

Iowa law permits gaming licensees to offer unlimited stakes gaming on games approved by the Iowa Gaming Commission on a 24-hour basis. Dockside casino gaming is authorized by the Iowa Gaming Commission although the licensed vessel is required to conduct at least one two-hour excursion cruise each day for at least 100 days during the excursion season. The legal age for gaming is 21.

The enabling legislation gives each county the opportunity to hold a referendum on whether to allow casino gaming within its boundaries. A referendum was passed in Scott County in April 1994, with 80% voting in favor of passage and authorizing casino gaming in Bettendorf and Davenport for a period of nine years from the issuance dates of the respective licenses. Similarly, a referendum was passed in Clayton County with approximately 60% voting in favor of passage. Another referendum will be held on November 5, 2002 and if approved, subsequent referenda will occur at eight-year intervals.

All Iowa licenses were approved for renewal at the March 7, 2002 Iowa Gaming Commission meeting. These licenses are not transferable and will need to be renewed in March 2003 and prior to the commencement of each subsequent annual renewal period.

The ownership and operation of gaming facilities in Iowa are subject to extensive state laws, regulations of the Iowa Gaming Commission and various county and municipal ordinances (collectively, the "Iowa Gaming Laws"), concerning the responsibility, financial stability and character of gaming operators and persons financially interested or involved in gaming operations. Iowa Gaming Laws seek to: (1) prevent unsavory or unsuitable persons from having direct or indirect involvement with gaming at any time or in any capacity; (2) establish and maintain responsible accounting practices and procedures; (3) maintain effective control over the financial practices of licensees (including the establishment of minimum procedures for internal fiscal affairs, the safeguarding of assets and revenues, the provision of reliable record keeping and the filing of periodic reports with the Iowa Gaming Commission); (4) prevent cheating and fraudulent practices; and (5) provide a source of state and local revenues through taxation and licensing fees. Changes in Iowa Gaming Laws could have a material adverse effect on the Iowa gaming operations.

Gaming licenses granted to individuals must be renewed every year, and licensing authorities have broad discretion with regard to such renewals. Licenses are not transferable. The Iowa gaming operations must submit detailed financial and operating reports to the Iowa Gaming Commission. Certain contracts of licensees in excess of \$50,000 must be submitted to and approved by the Iowa Gaming Commission.

Certain officers, directors, managers and key employees of the Iowa gaming operations are required to be licensed by the Iowa Gaming Commission. Employees associated with gaming must obtain work permits that are subject to immediate suspension under specific circumstances. In addition, anyone having a material

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

relationship or involvement with the Iowa gaming operations may be required to be found suitable or to be licensed, in which case those persons would be required to pay the costs and fees of the Iowa Gaming Commission in connection with the investigation. The Iowa Gaming Commission may deny an application for a license for any cause deemed reasonable. In addition to its authority to deny an application for license, the Iowa Gaming Commission has jurisdiction to disapprove a change in position by officers or key employees and the power to require the Iowa gaming operations to suspend or dismiss officers, directors or other key employees or sever relationships with other persons who refuse to file appropriate applications or whom the Iowa Gaming Commission finds unsuitable to act in such capacities.

The Iowa Gaming Commission may revoke a gaming license if the licensee:

- has been suspended from operating a gaming operation in another jurisdiction by a board or commission of that jurisdiction;
- has failed to demonstrate financial responsibility sufficient to meet adequately the requirements of the gaming enterprise;
- is not the true owner of the enterprise;
- has failed to disclose ownership of other persons in the enterprise;
- is a corporation 10% of the stock of which is subject to a contract or option to purchase at any time during the period for which the license was issued, unless the contract or option was disclosed to the Iowa Gaming Commission and the Iowa Gaming Commission approved the sale or transfer during the period of the license;
- knowingly makes a false statement of a material fact to the Iowa Gaming Commission;
- fails to meet a monetary obligation in connection with an excursion gaming boat;
- pleads guilty to, or is convicted of a felony;
- loans to any person, money or other thing of value for the purpose of permitting that person to wager on any game of chance;
- is delinquent in the payment of property taxes or other taxes or fees or a payment of any other contractual obligation or debt due or owed to a city or county; or
- assigns, grants or turns over to another person the operation of a licensed excursion boat (this provision does not prohibit assignment of a management contract approved by the Iowa Gaming Commission) or permits another person to have a share of the money received for admission to the excursion boat.

If it were determined that the Iowa Gaming Laws were violated by a licensee, the gaming licenses held by a licensee could be limited, made conditional, suspended or revoked. In addition, the licensee and the persons involved could be subject to substantial fines for each separate violation of the Iowa Gaming Laws in the discretion of the Iowa Gaming Commission. Limitations, conditioning or suspension of any gaming license could (and revocation of any gaming license would) have a material adverse effect on operations.

The Iowa Gaming Commission may also require any individual who has a

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

material relationship with the Iowa gaming operations to be investigated and licensed or found suitable. The Iowa Gaming Commission, prior to the acquisition, must approve any person who acquires 5% or more of a licensee's equity securities. The applicant stockholder is required to pay all costs of this investigation.

Gaming taxes approximating 20% of the adjusted gross receipts will be payable by each licensee on its operations to the State of Iowa. In addition, there are costs that include a \$50,000 initial application fee, yearly operations fees and all costs associated with monitoring and enforcement by the Iowa Gaming Commission and the Iowa Department of Criminal Investigation.

COLORADO

The State of Colorado created the Division of Gaming (the "Colorado Division") within the Department of Revenue to license, implement, regulate and supervise the conduct of limited gaming under the Colorado Limited Gaming Act. The Director of the Colorado Division (the "Colorado Director"), pursuant to regulations promulgated by, and subject to the review of, a five-member Colorado Limited Gaming Control Commission (the "Colorado Commission"), has been granted broad power to ensure compliance with the Colorado gaming laws and regulations (collectively, the "Colorado Regulations"). The Colorado Director may inspect, without notice, impound or remove any gaming device. The Colorado Director may examine and copy any licensee's records, may investigate the background and conduct of licensees and their employees, and may bring disciplinary actions against licensees and their employees. The Colorado Director may also conduct detailed background investigations of persons who loan money to, or otherwise provide financing to, a licensee.

The Colorado Commission is empowered to issue five types of gaming and gaming-related licenses, and has delegated authority to the Colorado Director to issue certain types of licenses and approve certain changes in ownership. The licenses are revocable and non-transferable. The Isle-Black Hawk's failure or inability, or the failure or inability of others associated with the Isle-Black Hawk, including us and our wholly owned subsidiary, Casino America of Colorado, Inc., to maintain necessary gaming licenses or approvals would have a material adverse effect on our operations. All persons employed by Isle-Black Hawk, and involved, directly or indirectly, in gaming operations in Colorado also are required to obtain a Colorado gaming license. All licenses must be renewed annually, except those for key and support employees, which must be renewed every two years.

As a general rule, under the Colorado Regulations, no person may have an "ownership interest" in more than three retail gaming licenses in Colorado. The Colorado Commission has ruled that a person does not have an ownership interest in a retail gaming licensee for purposes of the multiple license prohibition if:

- that person has less than a 5% ownership interest in an institutional investor that has an ownership interest in a publicly traded licensee or publicly traded company affiliated with a licensee;
- a person has a 5% or more ownership interest in an institutional investor, but the institutional investor has less than a 5% ownership interest in a publicly traded licensee or publicly traded company affiliated with a licensee;
- an institutional investor has less than a 5% ownership interest in a publicly traded licensee or publicly traded company affiliated with a licensee;
- an institutional investor possesses voting securities in a fiduciary capacity for another person, and does not exercise voting control over 5% or more of the outstanding voting securities of a publicly traded licensee or of a publicly traded company affiliated with a licensee;

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

- a registered broker or dealer retains possession of voting securities of a publicly traded licensee or of a publicly traded company affiliated with a licensee for its customers and not for its own account, and exercises voting rights for less than 5% of the outstanding voting securities of a publicly traded licensee or publicly traded company affiliated with a licensee;
- a registered broker or dealer acts as a market maker for the stock of a publicly traded licensee or of a publicly traded company affiliated with a licensee and exercises voting rights in less than 5% of the outstanding voting securities of the publicly traded licensee or publicly traded company affiliated with a licensee;
- an underwriter is holding securities of a publicly traded licensee or publicly traded company affiliated with a licensee as part of an underwriting for no more than 90 days after the beginning of such underwriting if it exercises voting rights of less than 5% of the outstanding voting securities of a publicly traded licensee or publicly traded company affiliated with a licensee;
- a book entry transfer facility holds voting securities for third parties, if it exercises voting rights with respect to less than 5% of the outstanding voting securities of a publicly traded licensee or publicly traded company affiliated with a licensee; or
- a person's sole ownership interest is less than 5% of the outstanding voting securities of the publicly traded licensee or publicly traded company affiliated with a licensee.

Hence, our business opportunities, and those of persons with an "ownership interest" in us, Casino America of Colorado, Inc. or the Isle-Black Hawk, are limited to interests that comply with the Colorado Regulations and the Colorado Commission's rule.

In addition, pursuant to the Colorado Regulations, no manufacturer or distributor of slot machines or associated equipment may, without notification being provided to the Colorado Division within ten days, knowingly have an interest in any casino operator, allow any of its officers or any other person with a substantial interest in such business to have such an interest, employ any person if that person is employed by a casino operator, or allow any casino operator or person with a substantial interest therein to have an interest in a manufacturer's or distributor's business. A "substantial interest" means the lesser of (i) as large an interest in an entity as any other person or (ii) any financial or equity interest equal to or greater than 5%. The Colorado Commission has ruled that a person does not have a "substantial interest" if such person's sole ownership interest in such licensee is through the ownership of less than 5% of the outstanding voting securities of a publicly traded licensee or publicly traded affiliated company of a licensee.

We are a "publicly traded corporation" under the Colorado Regulations.

Under the Colorado Regulations, any person or entity having any direct or indirect interest in a gaming licensee or an applicant for a gaming license, including, but not limited to, us and Casino America of Colorado, Inc. and their security holders, may be required to supply the Colorado Commission with substantial information, including, but not limited to, background information, source of funding information, a sworn statement that such person or entity is not holding his or her interest for any other party, and fingerprints. Such information, investigation and licensing (or finding of suitability) as an "associated person" automatically will be required of all persons (other than certain institutional investors discussed below) which directly or indirectly

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

beneficially own 10% or more of a direct or indirect beneficial ownership or interest in Isle-Black Hawk, through their beneficial ownership of any class of voting securities of us, Casino America of Colorado, Inc. or Isle-Black Hawk. Those persons must report their interest within 10 days and file appropriate applications within 45 days after acquiring that interest. Persons who directly or indirectly beneficially own 5% or more (but less than 10%) of a direct or indirect beneficial ownership or interest in Isle-Black Hawk, through their beneficial ownership of any class of voting securities of Isle-Black Hawk, us or Casino America of Colorado, Inc., must report their interest to the Colorado Commission within 10 days after acquiring that interest and may be required to provide additional information and to be found suitable. (It is the current practice of the gaming regulators to require findings of suitability for persons beneficially owning 5% or more of a direct or indirect beneficial ownership or interest, other than certain institutional investors discussed below.) If certain institutional investors provide specified information to the Colorado Commission and are holding for investment purposes only, those investors, in the Colorado Commission's discretion, may be permitted to own up to 14.99% of Isle-Black Hawk through their beneficial ownership in any class of voting securities of Isle-Black Hawk, Casino America of Colorado, Inc., or us, before being required to be found suitable. All licensing and investigation fees will have to be paid by the person in question. The associated person investigation fee currently is \$62 per hour.

The Colorado Regulations define a "voting security" to be a security the holder of which is entitled to vote generally for the election of a member or members of the board of directors or board of trustees of a corporation or a comparable person or persons of another form of business organization.

The Colorado Commission also has the right to request information from any person directly or indirectly interested in, or employed by, a licensee, and to investigate the moral character, honesty, integrity, prior activities, criminal record, reputation, habits and associations of: (1) all persons licensed pursuant to the Colorado Limited Gaming Act; (2) all officers, directors and stockholders of a licensed privately held corporation; (3) all officers, directors and stockholders holding either a 5% or greater interest or a controlling interest in a licensed publicly traded corporation; (4) all general partners and all limited partners of a licensed partnership; (5) all persons that have a relationship similar to that of an officer, director or stockholder of a corporation (such as members and managers of a limited liability company); (6) all persons supplying financing or loaning money to any licensee connected with the establishment or operation of limited gaming; (7) all persons having a contract, lease or ongoing financial or business arrangement with any licensee, where such contract, lease or arrangement relates to limited gaming operations, equipment devices or premises; and (8) all persons contracting with or supplying any goods and services to the gaming regulators.

Certain public officials and employees are prohibited from having any direct or indirect interest in a license or limited gaming.

In addition, under the Colorado Regulations, every person who is a party to a "gaming contract" (as defined below) or lease with an applicant for a license, or with a licensee, upon the request of the Colorado Commission or the Colorado Director, must promptly provide the Colorado Commission or Colorado Director all information which may be requested concerning financial history, financial holdings, real and personal property ownership, interests in other companies, criminal history, personal history and associations, character, reputation in the community and all other information which might be relevant to a

determination of whether a person would be suitable to be licensed by the Colorado Commission. Failure to provide all information requested constitutes sufficient grounds for the Colorado Director or the Colorado Commission to require a licensee or applicant to terminate its "gaming contract" or lease with

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

any person who failed to provide the information requested. In addition, the Colorado Director or the Colorado Commission may require changes in "gaming contracts" before an application is approved or participation in the contract is allowed. A "gaming contract" is defined as an agreement in which a person does business with or on the premises of a licensed entity.

The Colorado Commission and the Colorado Division have interpreted the Colorado Regulations to permit the Colorado Commission to investigate and find suitable persons or entities providing financing to or acquiring securities from us, Casino America of Colorado, Inc. or Isle-Black Hawk. As noted above, any person or entity required to file information, be licensed or found suitable would be required by us to pay the costs thereof and of any investigation. Although the Colorado Regulations do not require the prior approval for the execution of credit facilities or issuance of debt securities, the Colorado regulators reserve the right to approve, require changes to or require the termination of any financing, including if a person or entity is required to be found suitable and is not found suitable. In any event, lenders, note holders, and others providing financing will not be able to exercise certain rights and remedies without the prior approval of the Colorado gaming authorities. Information regarding lenders and holders of securities will be periodically reported to the Colorado gaming authorities.

Except under certain limited circumstances relating to slot machine manufacturers and distributors, every person supplying goods, equipment, devices or services to any licensee in return for payment of a percentage, or calculated upon a percentage, of limited gaming activity or income must obtain an operator license or be listed on the retailer's license where such gaming will take place. With respect to the foregoing requirement, it is the current practice of the Colorado Division to require manufacturers and distributors to obtain an operator's license if the limited exceptions do not apply to them and to require other persons to be listed as associated persons on the license of the applicable retailer.

An application for licensure or suitability may be denied for any cause deemed reasonable by the Colorado Commission or the Colorado Director, as appropriate. Specifically, the Colorado Commission and the Colorado Director must deny a license to any applicant who, among other things: (1) fails to prove by clear and convincing evidence that the applicant is qualified; (2) fails to provide information and documentation requested; (3) fails to reveal any fact material to qualification, or supplies information which is untrue or misleading as to a material fact pertaining to qualification; (4) has been convicted of, or has a director, officer, general partner, stockholder, limited partner or other person who has a financial or equity interest in the applicant who has been convicted of, specified crimes, including the service of a sentence upon conviction of a felony in a correctional facility, city or county jail, or community correctional facility or under the state board of parole or any probation department within ten years prior to the date of the application, gambling-related offenses, theft by deception or crimes involving fraud or misrepresentation, is under current prosecution for such crimes (during the pendency of which license determination may be deferred), is a career offender or a member or associate of a career offender cartel, or is a professional gambler; or (5) has refused to cooperate with any state or federal body investigating organized crime, official corruption or gaming offenses.

If the Colorado Commission determines that a person or entity is unsuitable to directly or indirectly own interests in us, Casino America of Colorado, Inc. or Isle-Black Hawk, then we, Casino America of Colorado, Inc., or Isle-Black Hawk may be sanctioned, which may include the loss of our approvals and licenses.

The Colorado Commission does not need to approve in advance a public offering of securities but rather requires a filing of notice and additional

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

documents with regard to a public offering of voting securities prior to such public offering. The Colorado Commission may, in its discretion, require additional information and prior approval of such public offering.

In addition, the Colorado Regulations prohibit a licensee or affiliated company thereof, such as Casino America of Colorado, Inc. or us, from paying any unsuitable person any dividends or interest upon any voting securities or any payments or distributions of any kind (except as set forth below), or paying any unsuitable person any remuneration for services or recognizing the exercise of any voting rights by any unsuitable person. Further, under the Colorado Regulations, Isle-Black Hawk may repurchase its voting securities from anyone found unsuitable at the lesser of the cash equivalent to the original investment in Isle-Black Hawk or the current market price as of the date of the finding of unsuitability unless such voting securities are transferred to a suitable person (as determined by the Colorado Commission) within sixty (60) days after the finding of unsuitability. A licensee or affiliated company must pursue all lawful efforts to require an unsuitable person to relinquish all voting securities, including purchasing such voting securities. The staff of Colorado Division has taken the position that a licensee or affiliated company may not pay any unsuitable person any interest, dividends or other payments with respect to non-voting securities, other than with respect to pursuing all lawful efforts to require an unsuitable person to relinquish non-voting securities, including by purchasing or redeeming such securities. Further, the regulations require anyone with a material involvement with a licensee, including a director or officer of a holding company, such as Casino America of Colorado, Inc. or us, to file for a finding of suitability if required by the Colorado Commission.

Because of their authority to deny an application for a license or suitability, the Colorado Commission and the Colorado Director effectively can disapprove a change in corporate position of a licensee and with respect to any entity which is required to be found unsuitable, or indirectly can cause us, Casino America of Colorado, Inc. or Isle-Black Hawk to suspend or dismiss managers, officers, directors and other key employees or sever relationships with other persons who refuse to file appropriate applications or whom the authorities find unsuitable to act in such capacities.

The sale, lease, purchase and conveyance or acquisition of a controlling interest in Isle-Black Hawk is subject to the approval of the Colorado Commission. Under some circumstances, we may not sell any interest in our Colorado gaming operations without the prior approval of the Colorado Commission. On April 1, 2002, the Colorado Division requested comments with respect to a proposed amendment to the Colorado Gaming Regulations. Under the proposed regulation, a publicly traded corporation could not directly or indirectly acquire control of a licensed publicly traded corporation or of a publicly traded corporation which is an affiliated company, without a determination by the Colorado Division as to whether prior approval by the Colorado Commission would be required. Under the proposal, information would need to be submitted to the Division within 10 business days after the signing or completion of a contract or proposed offer with respect to the changes in management, and general source of funding. Within 15 business days after receipt of the documentation, the Colorado Division would notify the licensee whether the acquisition would require the prior approval of the Colorado Commission. There is no assurance that the proposal will be adopted or that it will not be amended, for example to include any person, in addition to a publicly traded corporation, seeking to acquire control of a licensee or to include additional information to be submitted to the Colorado Division.

Isle-Black Hawk must meet specified architectural requirements, fire safety standards and standards for access for disabled persons. Isle-Black Hawk also must not exceed specified gaming square footage limits as a total of each floor and the full building. The casino at Isle-Black Hawk may operate only between

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

8:00 a.m. and 2:00 a.m., and may permit only individuals 21 or older to gamble in the casino. It may permit slot machines, blackjack and poker, with a maximum single bet of \$5.00. Isle-Black Hawk may not provide credit to its gaming patrons.

A licensee is required to provide information and file periodic reports with the Colorado Division, including identifying those who have a 5% or greater ownership, financial or equity interest in the licensee, or who have the ability to control the licensee, or who have the ability to exercise significant influence over the licensee, or who loan money or other things of value to a licensee, or who have the right to share in revenues of limited gaming, or to whom any interest or share in profits of limited gaming has been pledged as security for a debt or performance of an act. A licensee, and any parent company or subsidiary of a licensee, who has applied to a foreign jurisdiction for licensure or permission to conduct gaming, or who possesses a license to conduct foreign gaming, is required to notify the Colorado Division. Any person licensed by the Colorado Commission and any associated person of a licensee must report criminal convictions and criminal charges to the Colorado Division.

The Colorado Commission has broad authority to sanction, fine, suspend and revoke a license for violations of the Colorado Regulations. Violations of many provisions of the Colorado Regulations also can result in criminal penalties.

The Colorado Constitution currently permits gaming only in a limited number of cities and certain commercial districts in such cities.

The Colorado Constitution permits a gaming tax of up to 40% on adjusted gross gaming proceeds, and authorizes the Colorado Commission to change the rate annually. The current gaming tax rate is 0.25% on adjusted gross gaming proceeds of up to and including \$2.0 million, 2% over \$2.0 million up to and including \$4.0 million, 4% over \$4.0 million up to and including \$5.0 million, 11% over \$5.0 million up to and including \$10.0 million, 16% over \$10.0 million up to and including \$15.0 million and 20% on adjusted gross gaming proceeds in excess of \$15.0 million. The City of Black Hawk has imposed an annual device fee of \$750 per gaming device and may revise it from time to time.

Colorado participates in multi-state lotteries.

The sale of alcoholic beverages is subject to licensing, control and regulation by the Colorado Liquor Agencies. All persons who directly or indirectly hold a 10% or more interest in, or 10% or more of the issued and outstanding capital stock of, Isle-Black Hawk, through their ownership of Casino America of Colorado, Inc. or us, must file applications and possibly be investigated by the Colorado Liquor Agencies. The Colorado Liquor Agencies also may investigate those persons who, directly or indirectly, loan money to or have any financial interest in liquor licensees. In addition, there are restrictions on stockholders, directors and officers of liquor licensees from being a stockholder, director, officer or otherwise interested in some persons lending money to liquor licensees or from making loans to other liquor licensees. All licenses are revocable and transferable only in accordance with all applicable laws. The Colorado Liquor Agencies have the full power to limit, condition, suspend or revoke any liquor license and any disciplinary action could (and revocation would) have a material adverse effect upon the operations of Isle-Black Hawk, Casino America of Colorado, Inc. and us. Isle-Black Hawk holds a hotel and restaurant liquor license for its casino, hotel and restaurant operations, rather than a gaming tavern license.

Accordingly, no person directly or indirectly interested in Isle-Black Hawk may be directly or indirectly interested in most other types of liquor licenses, and specifically cannot be directly or indirectly interested in an entity that hold a gaming tavern license. The remedies of certain lenders may be limited by

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

applicable liquor laws and regulations.

NEVADA

The ownership and operation of casino gaming facilities in Nevada are subject to: (i) the Nevada Gaming Control Act and the regulations promulgated thereunder (collectively, "Nevada Act"); and (ii) various local regulations and ordinances. We are subject to the licensing and regulatory control of the Nevada Gaming Commission ("Nevada Commission"), the Nevada State Gaming Control Board ("Nevada Board") and the City of Las Vegas. The Nevada Commission, the Nevada Board and the City of Las Vegas are collectively referred to as the "Nevada Gaming Authorities."

The laws, regulations and supervisory procedures of the Nevada Gaming Authorities are based upon declarations of public policy which are concerned with, among other things: (i) the prevention of unsavory or unsuitable persons from having a direct or indirect involvement with gaming at any time or in any capacity; (ii) the establishment and maintenance of responsible accounting practices and procedures; (iii) the maintenance of effective controls over the financial practices of licensees, including the establishment of minimum procedures for internal fiscal affairs and the safeguarding of assets and revenues, providing reliable record keeping and requiring the filing of periodic reports with the Nevada Gaming Authorities; (iv) the prevention of cheating and fraudulent practices; and (v) the provision of a source of state and local revenues through taxation and licensing fees. Changes in such laws, regulations and procedures could have an adverse effect on our gaming operations.

Our subsidiary that operates Lady Luck-Las Vegas, Gemini, Inc. ("Gemini"), is required to be licensed by the Nevada Gaming Authorities. The gaming license requires the periodic payment of fees and taxes and is not transferable. Gemini is licensed to conduct nonrestricted gaming operations. Our wholly owned subsidiary LL Holding Corporation ("LLHC") is registered as an intermediary company and has been found suitable to own the stock of Gemini. We are registered by the Nevada Commission as a publicly traded corporation ("Registered Corporation") and have been found suitable to own the stock of LLHC. Gemini is a corporate licensee and LLHC is a registered intermediary company (each individually a "Gaming Subsidiary" and collectively, the "Gaming Subsidiaries") under the terms of the Nevada Act. As a Registered Corporation, the Company is required periodically to submit detailed financial and operating reports to the Nevada Commission and furnish any other information that the Nevada Commission may require. No person may become a stockholder of, or receive any percentage of profits from the Gaming Subsidiaries without first obtaining licenses and approvals from the Nevada Gaming Authorities. We and the Gaming Subsidiaries have obtained from the Nevada Commission the various registrations, approvals, permits and licenses (individually a "Gaming License" and collectively, "Gaming Licenses") required in order to engage in gaming activities in Nevada.

The Nevada Gaming Authorities may investigate an individual who has a material relationship to, or material involvement with us or the Gaming Subsidiaries in order to determine whether such individual is suitable or should be licensed as a business associate of a gaming licensee. Officers, directors and certain key employees of the Gaming Subsidiaries must file applications with the Nevada Gaming Authorities and may be required to be licensed or found suitable by the Nevada Gaming Authorities. Officers, directors and key employees of ours who are actively and directly involved in gaming activities of the Gaming Subsidiaries may be required to be licensed or found suitable by the Nevada Gaming Authorities. The Nevada Gaming Authorities may deny an application for licensing for any cause that they deem reasonable. A finding of suitability is comparable to licensing, and both require submission of detailed personal and financial information followed by a thorough investigation. The applicant for

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

licensing or a finding of suitability must pay all the costs of the investigation. Changes in licensed positions must be reported to the Nevada Gaming Authorities and in addition to their authority to deny an application for a finding of suitability or licensure, the Nevada Gaming Authorities have jurisdiction to disapprove a change in a corporate position.

If the Nevada Gaming Authorities were to find an officer, director or key employee unsuitable for licensing or unsuitable to continue having a relationship with us or the Gaming Subsidiaries, the companies involved would have to sever all relationships with such person. In addition, the Nevada Commission may require us or the Gaming Subsidiaries to terminate the employment of any person who refuses to file appropriate applications. Determinations of suitability or of questions pertaining to licensing are not subject to judicial review in Nevada.

We and the Gaming Subsidiaries are required to submit detailed financial and operating reports to the Nevada Commission. Substantially all material loans, leases, sales of securities and similar financing transactions by us and the Gaming Subsidiaries must be reported to, or approved by, the Nevada Commission and/or the Nevada Board.

If it were determined that the Nevada Act was violated by a Gaming Subsidiary, the Gaming Licenses it holds could be limited, conditioned, suspended or revoked, subject to compliance with certain statutory and regulatory procedures. In addition, us, the Gaming Subsidiaries and the persons involved could be subject to substantial fines for each separate violation of the Nevada Act at the discretion of the Nevada Commission. Further, a supervisor could be appointed by the Nevada Commission to operate Lady Luck-Las Vegas and, under certain circumstances, earnings generated during the supervisor's appointment (except for the reasonable rental value of the premises) could be forfeited to the State of Nevada. Limitation, conditioning or suspension of any Gaming License or the appointment of a supervisor could (and revocation of any Gaming License would) materially adversely affect our gaming operations.

Any beneficial holder of our voting securities, regardless of the number of shares owned, may be required to file an application, be investigated, and have its suitability as a beneficial holder of our voting securities determined if the Nevada Commission has reason to believe that such ownership would otherwise be inconsistent with the declared policies of the state of Nevada. The applicant must pay all costs of investigation incurred by the Nevada Gaming Authorities in conducting any such investigation.

The Nevada Act requires any person who acquires beneficial ownership of more than 5% of our voting securities to report the acquisition to the Nevada Commission. The Nevada Act requires that beneficial owners of more than 10% of our voting securities apply to the Nevada Commission for a finding of suitability within thirty days after the Chairman of the Nevada Board mails the written notice requiring such filing. Under certain circumstances, an "institutional investor," as defined in the Nevada Act, which acquires more than 10%, but not more than 15%, of our voting securities may apply to the Nevada Commission for a waiver of such finding of suitability if such institutional investor holds the voting securities for investment purposes only. An institutional investor shall not be deemed to hold voting securities for investment purposes unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of our board of directors, any change in our corporate charter, bylaws, management, policies or our operations, any of our gaming affiliates, or any other action that the Nevada commission finds to be inconsistent with holding our voting securities for investment purposes only. Activities that are not deemed to be inconsistent with holding voting securities for investment purposes

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

only include: (i) voting on all matters voted on by stockholders; (ii) making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in its management, policies or operations; and (iii) such other activities as the Nevada Commission may determine to be consistent with such investment intent. If the beneficial holder of voting securities who must be found suitable in a corporation, partnership or trust, it must submit detailed business and financial information including a list of beneficial owners. The applicant is required to pay all costs of investigation.

Any person who fails or refuses to apply for a finding of suitability or a license within thirty days after being ordered to do so by the Nevada Commission or the Chairman of the Nevada Board, may be found unsuitable. The same restrictions apply to a record owner if the record owner, after request, fails to identify the beneficial owner. Any stockholder found unsuitable and who holds, directly or indirectly, any beneficial ownership of the common stock of a Registered Corporation beyond such period of time as may be prescribed by the Nevada Commission may be guilty of a criminal offense. We are subject to disciplinary action if, after we receive notice that a person is unsuitable to be a stockholder or to have any other relationship with us, we (i) pay that person any dividend or interest upon our voting securities, (ii) allow that person to exercise, directly or indirectly, any voting right conferred through securities held by that person, (iii) pay remuneration in any form to that person for services rendered or otherwise, or (iv) fail to pursue all lawful efforts to require such unsuitable person to relinquish his voting securities, including, if necessary, the immediate purchase of the voting securities for cash at fair market value.

The Nevada Commission may, in its discretion, require the holder of any debt security of a Registered Corporation to file applications, be investigated and be found suitable to own the debt security of a Registered Corporation. If the Nevada Commission determines that a person is unsuitable to own such security, then pursuant to the Nevada Act, the Registered Corporation can be sanctioned, including the loss of its approvals, if without the prior approval of the Nevada Commission, it: (i) pays to the unsuitable person any dividend, interest, or any distribution whatsoever; (ii) recognizes any voting right by such unsuitable person in connection with such securities; (iii) pays the unsuitable person remuneration in any form; or (iv) makes any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation, or similar transaction.

We are required to maintain a current stock ledger in Nevada that may be examined by the Nevada Gaming Authorities at any time. If any securities are held in trust by an agent or by a nominee, the record holder may be required to disclose the identity of the beneficial owner to the Nevada Gaming Authorities. A failure to make such disclosure may be grounds for finding the record holder unsuitable. We are also required to render maximum assistance in determining the identity of the beneficial owner. The Nevada Commission has the power to require our stock certificates to bear a legend indicating that the securities are subject to the Nevada Act. However, to date, the Nevada Commission has not imposed such a requirement on us.

We may not make a public offering of our securities without the prior approval of the Nevada Commission if the securities or the proceeds therefrom are intended to be used to construct, acquire or finance gaming facilities in Nevada, or to retire or extend obligations incurred for such purposes. In August 2001, the Nevada Commission granted us prior approval to make public offerings for a period of two years, subject to certain conditions ("Shelf Approval"). However the Shelf Approval may be rescinded for good cause without prior notice upon the issuance of an interlocutory stop order by the Chairman of the Nevada Board and must be renewed at the end of the one-year period. The Shelf Approval

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

also applies to any affiliated company wholly owned by us ("Affiliate"), which is or would thereby become a publicly traded corporation pursuant to a public offering. The Shelf Approval also includes approval for the Gaming Subsidiaries to guarantee any security issued by, or to hypothecate their assets to secure the payment or performance of any obligations evidenced by a security issued by, us or an Affiliate in a public offering under the Shelf Approval. The Shelf Approval also includes approval to place restrictions upon the transfer of, and to enter into agreements not to encumber the equity securities of the Gaming Subsidiaries ("Stock Restrictions"). The Shelf Approval does not constitute a finding, recommendation or approval by the Nevada Commission or the Nevada Board as to the accuracy or adequacy of the prospectus or the investment merits of the securities offered. Any representation to the contrary is unlawful.

Changes in control of us through merger, consolidation, stock or asset acquisitions, management or consulting agreements, or any act or conduct by a person whereby it obtains control, may not occur without the prior approval of the Nevada Commission. Entities seeking to acquire control of a Registered Corporation must satisfy the Nevada Board and Nevada Commission in a variety of stringent standards prior to assuming control of such Registered Corporation. The Nevada Commission may also require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control, to be investigated and licensed as part of the approval process relating to the transaction.

The Nevada legislature has declared that some corporate acquisitions opposed by management, repurchases of voting securities and corporate defense tactics affecting Nevada gaming licensees, and Registered Corporations that are affiliated with those operations, may be injurious to stable and productive corporate gaming. The Nevada Commission has established a regulatory scheme to ameliorate the potentially adverse effects of these business practices upon Nevada's gaming industry and to further Nevada's policy to: (i) assure the financial stability of corporate gaming operators and their affiliates; (ii) preserve the beneficial aspects of conducting business in the corporate form; and (iii) promote a neutral environment for the orderly governance of corporate affairs. Approvals are, in certain circumstances, required from the Nevada

Commission before we can make exceptional repurchases of voting securities above the current market price thereof and before a corporate acquisition opposed by management can be consummated. The Nevada Act also requires prior approval of a plan of recapitalization proposed by our Board of Directors in response to a tender offer made directly to the Registered Corporation's stockholders for the purpose of acquiring shares of the Registered Corporation.

License fees and taxes, computed in various ways depending on the type of gaming or activity involved, are payable to the State of Nevada and to the counties and cities in which the Nevada licensee's respective operations are conducted. Depending upon the particular fee or tax involved, these fees and taxes are payable either monthly, quarterly or annually and are based upon either: (i) a percentage of the gross revenues received; (ii) the number of gaming devices operated; or (iii) the number of table games operated. A casino entertainment tax is also paid by casino operations where entertainment is furnished in connection with the serving or selling of food or refreshments or the selling of any merchandise. Nevada licensees that hold a license as an operator of a slot route, or a manufacturer's or distributor's license, also pay certain fees and taxes to the State of Nevada.

Any person who is licensed, required to be licensed, registered, required to be registered, or is under common control with such persons (collectively, "Licensees"), and who proposes to become involved in a gaming venture outside of Nevada is required to deposit with the Nevada Board, and thereafter maintain, a revolving fund in the amount of \$10,000 to pay the expenses of investigation of

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

the Nevada Board of their participation in such foreign gaming. The revolving fund is subject to increase or decrease at the discretion of the Nevada Commission. Thereafter, Licensees are required to comply with certain reporting requirements imposed by the Nevada Act. Licensees are also subject to disciplinary action by the Nevada Commission if it knowingly violates any laws of the foreign jurisdiction pertaining to the foreign gaming operation, fails to conduct the foreign gaming operation in accordance with the standards of honesty and integrity required of Nevada gaming operations, engages in activities or associations that are harmful to the State of Nevada or its ability to collect gaming taxes and fees, or employs, contracts or associates with a person in the foreign operation who has been denied a license or finding of suitability in Nevada on the grounds of unsuitability.

FLORIDA

On June 15, 1995, the Florida Department of Business and Professional Regulation, acting through its division of pari-mutuel wagering (the "Florida Division"), issued its final order approving Pompano Park as a pari-mutuel wagering permit holder for harness and quarter horse racing at Pompano Park. The Florida Division approved Pompano Park's license to conduct a total of 152 live evening performances for the season beginning July 1, 2002 to June 30, 2003. Although we do not presently intend to conduct quarter horse racing operations at Pompano Park, we may do so in the future, subject to Florida Division approval. The Florida Division must approve any transfer of 10% or more of stock of a pari-mutuel racing permit holder such as Pompano Park.

The Florida Statute and the applicable rules and regulations thereunder (the "Florida Statute") establishes license fees, the tax structure on pari-mutuel permit holders and minimum purse requirements for breeders and owners. The Florida Division may revoke or suspend any permit or license upon the willful violation by the permit holder or licensee of any provision of the Florida Statute. Instead of suspending or revoking a permit or license, the Florida Division may impose various civil penalties on the permit holder or licensee. Penalties may not exceed \$1,000 for each count or separate offense.

Pursuant to a Florida Division order and recent enactments to the Florida Statute, Pompano Park is also authorized to conduct full-card pari-mutuel wagering on: (1) simulcast harness races from outside Florida throughout the racing season and (2) night thoroughbred races within Florida if the thoroughbred permit holder has decided to simulcast night races. Pompano Park has been granted the exclusive right in Florida to conduct full-card simulcasting of harness racing on days during which no live racing is held at

Pompano Park. However, on non-race days, Pompano Park must offer to rebroadcast its simulcast signals to pari-mutuel facilities that are not thoroughbred parks. In addition, Pompano Park may transmit its live races into any dog racing or jai alai facility in Florida, including Dade and Broward counties, for intertrack wagering. The Florida Statute establishes the percentage split between Pompano Park and the other facilities receiving such signals. Recent legislation in Florida provided certain reductions in applicable tax and license fees related to intertrack wagering on broadcasts of simulcast harness racing and thoroughbred racing. We believe that simulcast rights at Pompano Park and the recent changes in the Florida Statute are important to Pompano Park's operating results.

The Florida Statute permits pari-mutuel facilities licensed by the Florida Division to operate card rooms in those counties in which a majority vote of the County Commission has been obtained and a local ordinance has been adopted. Pompano Park closed its card room in fiscal 2001 due to lack of profits.

NON-GAMING REGULATION

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

We are subject to certain federal, state and local safety and health, employment and environmental laws, regulations and ordinances that apply to non-gaming businesses generally, such as the Clean Air Act, Clean Water Act, Occupational Safety and Health Act, Resource Conservation Recovery Act, the Comprehensive Environmental Response, Compensation and Liability Act and the Oil Pollution Act of 1990. We have not made, and do not anticipate making, material expenditures with respect to such environmental laws and regulations. However, the coverage and attendant compliance costs associated with such laws, regulations and ordinances may result in future additional costs to our operations. For example, the Department of Transportation has promulgated regulations under the Oil Pollution Act of 1990 requiring owners and operators of certain vessels to establish through the Coast Guard evidence of financial responsibility for clean up of oil pollution. This requirement has been satisfied by proof of adequate insurance.

Our riverboats operated in Louisiana and Iowa must comply with U.S. Coast Guard requirements as to boat design, on-board facilities, equipment, personnel and safety and hold U.S. Coast Guard Certificates of Documentation and Inspection. The U.S. Coast Guard requirements also set limits on the operation of the riverboats and requires licensing of certain personnel involved with the operation of the riverboats. Loss of a riverboat's Certificate of Documentation and Inspection could preclude its use as a riverboat casino. Each of our riverboats is inspected annually and, every five years, is subject to dry-docking for inspection of its hull, which could result in a temporary loss of service.

The barges are inspected by third parties and certified with respect to stability and single compartment flooding integrity. Our casino barges must also meet local fire safety standards. We would incur additional costs if any of our gaming facilities were not in compliance with one or more of these regulations.

Regulations adopted by the Financial Crimes Enforcement Network of the U.S. Treasury Department require us to report currency transactions in excess of \$10,000 occurring within a gaming day, including identification of the patron by name and social security number. Substantial penalties can be imposed against us if we fail to comply with these regulations.

All of our shipboard employees, even those who have nothing to do with our operation as a vessel, such as dealers, waiters and security personnel, may be subject to the Jones Act that, among other things, exempts those employees from state limits on workers' compensation awards.

ITEM 2. PROPERTIES

The Isle-Bossier City

We own approximately 38 acres of land in Bossier City, Louisiana for use in connection with the Isle-Bossier City and we own a 225-room hotel on approximately 10.5 acres of land located 2.5 miles east of the Isle-Bossier City.

The Isle-Lake Charles

We own approximately 2.7 acres and lease approximately 16.25 acres of land in Calcasieu Parish, Louisiana for use in connection with the Isle-Lake Charles. This lease currently expires in March 2005 and we have the option to renew it for sixteen additional terms of five years each. Rent under the Isle-Lake Charles lease is currently \$1.5 million per year and is subject to increases based on the Consumer Price Index and construction of hotel facilities on the property.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

The Isle-Biloxi

We lease the Biloxi berth from the Biloxi Port Commission at an annual rent of the greater of \$500,000 or 1% of the gross gaming revenue net of state and local gaming taxes. The lease terminates on July 1, 2004 and we have the option to renew it for seven additional terms of five years each subject to increases based on the cost of living index.

We lease our land-based facilities from the City of Biloxi at an annual rent of \$530,000 per year, plus 3% of the Isle-Biloxi's gross gaming revenues, net of state and local gaming taxes and fees, in excess of \$25.0 million. The lease terminates on July 1, 2004, but it is renewable at our option for five additional terms of five years each and a sixth option renewal term, concluding on January 31, 2034, subject to rent increases based on the Consumer Price Index. In April 1994, we entered into an addendum to this lease that requires us to pay 4% of our gross non-gaming revenue, net of sales tax, complimentaries and discounts.

In April 1994, in connection with the construction of a hotel, we entered into a lease for additional land adjoining the Isle-Biloxi. This lease with the City of Biloxi is for an initial term of 25 years, with options to renew for six additional terms of ten years each and a final option period concluding December 31, 2085. Annual rent is \$444,000 plus 4% of gross non-gaming revenue, as defined in the lease, and renewals are subject to rent increases based on the Consumer Price Index.

We are a party to a lease for the exclusive use of approximately 133 parking spaces and the additional use of 169 spaces in another parking lot on property adjacent to the Isle-Biloxi. This lease expires on November 30, 2005. We have also entered into a joint venture arrangement to sublease property containing a two-level parking garage next to the Isle-Biloxi. The annual rent under this lease is approximately \$178,359. We have an option to renew this lease every five years.

The Isle-Lula

We lease approximately 1,000 acres of land in Coahoma County, Mississippi and utilize approximately 50 acres in connection with the operations of the Isle-Lula. Unless terminated by us at an earlier date, the lease expires in 2033. Rent under the lease is currently 5.5% of gross gaming revenue as established by the Mississippi Gaming Commission, as well as \$3,333 per month for the hotel. We also own approximately 100 acres in Coahoma County, which may be utilized for future development.

The Isle-Natchez

Through numerous lease agreements, we lease approximately 64 acres of land in Natchez, Mississippi that is used in connection with the operations of the Isle-Natchez. Unless terminated by us at an earlier date, the lease expiration dates vary from 2002-2037. Rents under the leases currently total approximately \$60,000 per month. We also lease approximately 7.5 acres of land that is utilized for parking at the facility. We also own approximately 6 acres of property in Natchez, Mississippi, as well as the property upon which our hotel is located.

The Isle-Tunica

We lease approximately 122 acres of land in Tunica County, Mississippi for use in connection with the Isle-Tunica. The initial lease term is five years and we have the option to renew the lease for seven additional terms of five years.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

Base rent for each lease year equals the greater of 2% of gross gaming revenue or \$800,000. Once gross gaming revenue exceeds \$40.0 million during any lease year, the base rent in the following months of such year shall be increased by an amount equal to 2% of such excess. The landlord is entitled to receive additional rent based on excess available cash, as defined in the lease.

The Isle-Vicksburg

We own approximately 13.1 acres of land in Vicksburg, Mississippi for use in connection with the Isle-Vicksburg. We own an additional 13 acres of land in Vicksburg on which we operate off-site parking and a recreational vehicle park. We also entered into a lease for approximately five acres of land adjacent to the Isle-Vicksburg to be used for additional parking.

The Isle-Boonville

We entered into a lease agreement with the City of Boonville. Under the terms of agreement, we lease the site for a period of 99 years. We were required to pay \$1.7 million to the City of Boonville as a lump sum rent payment during construction of the casino. There is no rent due after the casino opening date.

During the one year period after the casino opening date, after the City of Boonville has received \$0.8 million in admission fees, we will receive a dollar for dollar rebate, up to \$0.2 million, of the lump sum rent for every additional dollar which the City of Boonville receives from the admission fees. As of April 28, 2002, the City of Boonville has received \$1.0 million in admission fees.

The Isle-Kansas City

We lease approximately 28 acres from the Kansas City Port Authority in connection with the operation of the Isle-Kansas City. The term of the lease is 5 years and we have the option to renew the lease for 8 additional terms of 5 years each. Rent under the lease is currently \$3.0 million per year, subject to the higher of \$3.0 million (minimum rent) per year, or 3.25% of gross revenues, less complimentaries.

The Isle-Bettendorf

We own approximately 24.6 acres of land in Bettendorf, Iowa used in connection with the operations of the Isle-Bettendorf. We also lease approximately 8 acres of land on a month-to-month basis from an entity owned by members of Bernard Goldstein's family, including Robert S. Goldstein and Jeffrey D. Goldstein, which we utilize for parking and warehouse space. The initial term of the lease expires 60 days after written notice is given to either party and rent under the lease is currently \$23,360 per month.

The Isle-Marquette

We lease the dock site in Marquette, Iowa that is used in connection with the operations of the Isle-Marquette. The lease expires in 2019, and rent under the lease is currently \$15,000 per month, plus \$1.00 per passenger, plus 2.5% of gaming revenues (less state wagering taxes) in excess of \$20.0 million but less than \$40.0 million; 5% of gaming revenues (less state wagering taxes) in excess of \$40.0 million but less than \$60.0 million; and 7.5% of gaming revenues (less state wagering taxes) in excess of \$60.0 million. We also lease approximately 5 acres of land used for the employee parking lot. That is a year-to-year lease that renews every August 15th, and rent is currently \$833 per month. We also own approximately 25 acres of land for the pavilion, hotel, satellite offices, warehouse, lots by the marina, and other property.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

The Rhythm City-Davenport

We lease approximately 12 acres of land in Davenport, Iowa used in connection with the operations of Rhythm City-Davenport and own a 191-room hotel on approximately one acre of land located several blocks northeast of the Rhythm City-Davenport.

The Isle-Black Hawk

The Isle-Black Hawk owns approximately 10.1 acres of land in Black Hawk, Colorado for use in connection with the Isle-Black Hawk.

The Lady Luck-Las Vegas

We own and lease approximately 186,000 square feet of land in Las Vegas, Nevada for use in connection with the Lady Luck-Las Vegas including a 792-room hotel.

Pompano Park

We own approximately 220 acres at Pompano Park.

Other

We own all of the riverboats and barges utilized at our facilities. We also own or lease all of our gaming and non-gaming equipment.

We lease our corporate office in Biloxi and our corporate office in Boca Raton, Florida.

We have various property leases and options to either lease or purchase property which are not directly related to our existing operations which may be utilized in the future in connection with expansion projects at our existing facilities or development of new projects.

We also own the following currently idle marine assets that are held for development or sale: a riverboat casino, a floating pavilion, a partially completed vessel and several barges.

ITEM 3. LEGAL PROCEEDINGS.

One of our subsidiaries has been named, along with numerous manufacturers, distributors and gaming operators, including many of the country's largest gaming operators, in a consolidated class action lawsuit pending in Las Vegas, Nevada. These gaming industry defendants are alleged to have violated the Racketeer Influenced and Corrupt Organizations Act by engaging in a course of fraudulent and misleading conduct intended to induce people to play their gaming machines based upon a false belief concerning how those gaming machines actually operate and the extent to which there is actually an opportunity to win on any given play. The suit seeks unspecified compensatory and punitive damages. A motion for certification of the class is currently pending before the court and no discovery as to the merits of the alleged claims has begun. We are unable at this time to determine what effect, if any, the suit would have on our financial position or results of operations. However, the gaming industry defendants are committed to defend vigorously all claims asserted in the consolidated action.

In August 1997, a lawsuit was filed which seeks to nullify a contract to which Louisiana Riverboat Gaming Partnership is a party. Pursuant to the contract, Louisiana Riverboat Gaming Partnership pays a fixed amount plus a percentage of revenue to various local governmental entities, including the City

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

of Bossier and the Bossier Parish School Board, in lieu of payment of a per-passenger boarding fee. Summary judgment in favor of Louisiana Riverboat Gaming Partnership was granted on June 4, 1998. That judgment was not appealed and is now final. On June 11, 1998, a similar suit was filed and the lower court rendered judgment in our favor on September 16, 1999. The case was reversed on appeal and remanded to the lower court for further proceedings; however, on October 8, 2001, the trial court dismissed the case again, this time on the basis that the plaintiffs lack standing. The plaintiffs have amended the petition and continue to pursue this matter. We intend to vigorously defend this suit. In addition, a similar action was recently filed against the City of Bossier City, challenging the validity of its contracts with Louisiana Riverboat Gaming Partnership and other casinos. Exceptions have been filed requiring joinder of all interested parties, including Louisiana Riverboat Gaming Partnership. We believe the claims are without merit and we intend to continue to vigorously defend this suit along with the other interested parties.

Lady Luck and several joint venture partners are defendants in a lawsuit brought by the country of Greece and its Minister of Tourism before the Greek Multi-Member Court of First Instance. The action alleges that the defendants failed to make specified payments in connection with the gaming license bid process for Patras, Greece. The payment we are alleged to have been required to make aggregates approximately 2.1 billion drachma (which was approximately \$5.6 million as of April 28, 2002 based on published exchange rates). Although it is difficult to determine the damages being sought from the lawsuit, the action may seek damages up to that aggregate amount plus interest from the date of the alleged breach. The court granted summary judgment in our favor and dismissed the lawsuit, but the Ministry of Tourism has appealed the matter and the appeal was heard in April 2002. There has been no announcement as to whether there has been a decision on the appeal. Accordingly, the outcome is still in doubt and cannot be predicted with any degree of certainty. We believe the claims against us to be without merit and we intend to continue vigorously defending the claims asserted in this action.

We are engaged in various other litigation matters and have a number of unresolved claims. Although the ultimate liability of this litigation and these claims cannot be determined at this time, we believe that they will not have a material adverse effect on our consolidated financial position or results of operations.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

Annual Meeting of Stockholders

The Annual Meeting of Stockholders was held October 2, 2001 at which time the following matters were submitted to a vote of the stockholders:

- (1) To elect eight persons to the Company's Board of Directors; and
- (2) To ratify the Company's selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending April 28, 2002.

At the Annual Meeting of Stockholders, each of the following individuals were elected to serve as directors of the Company until his successor is elected and qualified or until his earlier death, resignation, removal or disqualification:

(b) Holders of Common Stock. As of June 14, 2002, there were 1,320 holders

of record of our common stock.

(c) Dividends. We have never declared or paid any dividends with respect to

our common stock and the current policy of our board of directors is to retain earnings to provide for the growth of the company. In addition, our Senior Secured Credit Facility and the indentures governing our 8.75% Senior Subordinated Notes and our 9.00% Senior Subordinated Notes limit our ability to pay dividends. See "Item 8-Index to Consolidated Financial Statements-Isle of Capri Casinos, Inc.-Notes to Consolidated Financial Statements-Note 8." Consequently, no cash dividends are expected to be paid on our common stock in the foreseeable future. Further, there can be no assurance that our current and proposed operations will generate the funds needed to declare a cash dividend or that we will have legally available funds to pay dividends. In addition, we may fund part of our operations in the future from indebtedness, the terms of which may prohibit or restrict the payment of cash dividends. If a holder of common stock is disqualified by the regulatory authorities from owning such shares, such holder will not be permitted to receive any dividends with respect to such stock. See "Item 1-Business-Regulatory Matters."

ITEM 6. SELECTED CONSOLIDATED FINANCIAL AND OTHER DATA.

The following table presents our selected consolidated financial data for the five most recent fiscal years, which is derived from our audited consolidated financial statements and the notes to those statements. Because the data in this table does not provide all of the data contained in our financial statements, including the related notes, you should read "Management's Discussion and Analysis of Financial Condition and Results of Operations," our consolidated financial statements, including the related notes contained elsewhere in this document and other data we have filed with the U.S. Securities and Exchange Commission.

(1) The data presented for fiscal years prior to fiscal 1999 is not comparable to other fiscal years presented because it does not include the operating results of the Isle-Black Hawk that opened December 30, 1998. The data presented for fiscal years prior to fiscal 2000 is not comparable to other fiscal years presented because it does not include the operating results of the Isle-Tunica that opened July 26, 1999 and the Isle-Natchez, the Isle-Lula, the Isle-Bettendorf, and the Isle-Marquette that we acquired on March 2, 2000. The

(2) Excludes amortization of goodwill and other intangible assets.

(3) EBITDA, or "earnings before interest, income taxes, depreciation and amortization," is a supplemental financial measurement used by Isle of Capri's management, as well as industry analysts, in the evaluation of its business. EBITDA is defined as net income (loss) plus (a) income taxes, (b) interest expense (net of interest income) and (c) depreciation and amortization. EBITDA also excludes equity in income (loss) of unconsolidated joint ventures and minority interest. EBITDA should only be read in conjunction with all of our

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

financial data summarized above and our consolidated financial statements and the notes to those statements prepared in accordance with generally accepted accounting principles ("GAAP") appearing elsewhere in this annual report on Form 10-K. EBITDA is presented not as an alternative measure of operating results or cash flow from operations (as determined in accordance with GAAP), but because it is a widely accepted financial indicator of a company's ability to incur and service debt. All companies do not calculate EBITDA in the same manner. As a result, EBITDA as presented here may not be comparable to similarly titled measures reported by other companies. Fiscal 2002 EBITDA includes an impairment charge of \$61.4 million related to the Isle-Tunica and the Lady Luck-Las Vegas. Fiscal 1999 EBITDA includes an extraordinary loss on extinguishment of debt, net of income tax benefit of \$36.3 million.

(4) This data is as of the end of the respective period.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

You should read the following discussion together with the financial statements, including the related notes and the other financial information in this Form 10-K.

CRITICAL ACCOUNTING POLICIES

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States that require our management to make estimates and assumptions about the effects of matters that are inherently uncertain. We have summarized our significant accounting policies in Note 1 to our consolidated financial statements. Of our accounting policies, we believe the following may involve a higher degree of judgment and complexity:

GOODWILL

At April 28, 2002, we had a net goodwill and other intangible asset balances of \$364.6 million, representing 27% of total assets. Effective April 30, 2002, we elected to adopt Statement of Financial Accounting Standards No.142 "Goodwill and Other Intangible Assets" ("SFAS 142"), which established a new method of testing goodwill and other intangible assets using a fair-value based approach and does not permit amortization of goodwill as was previously required. Upon adoption, amortization of goodwill and other intangible assets ceased. Amortization would have been \$15.6 million for the fiscal year ended April 28, 2002.

SFAS 142 requires that goodwill and other intangible assets be tested for impairment annually or if an event occurs or circumstances change that may reduce the fair value of the Company below its book value. Should circumstances change or events occur to indicate that the fair market value of the Company has fallen below its book value, management must then compare the estimated fair value of goodwill and other intangible assets to book value. If the book value exceeds the estimated fair value, an impairment loss would be recognized in an amount equal to that excess. Such an impairment loss would be recognized as a non-cash component of operating income. We completed our impairment test as required under SFAS 142 and determined that goodwill and other intangible assets are not impaired. This test required comparison of our estimated fair value at April 28, 2002 to our book value, including goodwill and other intangible assets. The estimated fair value includes estimates of future cash flows which are based on reasonable and supportable assumptions and represent our best estimates of the cash flows expected to result from the use of the assets and

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

their eventual disposition.

PROPERTY AND EQUIPMENT

At April 28, 2002, we had a net property and equipment balance of \$803.5 million, representing 60% of total assets. We capitalize the cost of purchases of property and equipment and capitalize the cost of improvements to property and equipment which increases the value or extends the useful lives of assets. Costs of normal repairs and maintenance are charged to expense as incurred. Costs incurred in connection with our "all properties enhancement," "maintenance projects" and "capital improvements" programs include individual capital expenditures related to the purchase of furniture and equipment and upgrade of hotel rooms, restaurants and other areas of our properties. These expenditures include such items as computer equipment and software, signage, furniture, and restaurant and casino equipment. We depreciate the property and equipment on a straight-line basis over their estimated useful lives. The estimated useful lives are based on the nature of the assets as well as our current operating strategy. Future events such as property expansions, new competition and new regulations, could result in a change in the manner in which we are using certain assets requiring a change in the estimated useful lives of such assets. In assessing the recoverability of the carrying value of property and equipment, we must make assumptions regarding future cash flows and other factors. If these estimates or the related assumptions change in the future, we may be required to record impairment loss for these assets. Such an impairment loss would be recognized as a non-cash component of operating income.

For the fourth quarter 2002, we determined that we would not be able to recover the net book value of the Isle-Tunica or the Lady Luck-Las Vegas based on current real estate and market conditions and recent offers to purchase the properties. As a result, we recognized an impairment charge of \$59.2 million in the fourth quarter of fiscal 2002. The post-impairment carrying value less estimated costs to sell of approximately \$21.5 million, and we anticipate that we will continue to use these assets until sold or otherwise disposed of.

SELF INSURANCE LIABILITIES

We are self-funded up to a maximum amount per claim for our employee-related health care benefits program, workers' compensation insurance and general liability insurance. Claims in excess of this maximum are fully insured through a stop-loss insurance policy. We accrue for these liabilities based on claims filed and estimates of claims incurred but not reported. While the total cost of claims incurred depends on future developments, such as increases in health care costs, in our opinion, recorded reserves are adequate to cover future claims payments.

SLOT CLUB AWARDS

We reward our slot customers for their loyalty based on the dollar amount of play on slot machines. We accrue for these slot club awards based on an estimate of the outstanding value of the awards utilizing the age and prior history of redemptions. Future events such as a change in our marketing strategy or new competition could result in a change in the value of the awards. Such a change would be recognized as a non-cash component of net revenues.

GENERAL

SIGNIFICANT EVENTS

Fiscal Year 2002

-The Isle-Boonville opened December 6, 2001.

-On November 16, 2001, the Isle-Black Hawk entered into a \$90.0

-The Isle-Marquette closed due to flooding from April 18 - May 2, 2002.

Our results of operations for the fiscal year ended April 28, 2002 reflect the consolidated operations of all of our subsidiaries and includes the following properties: the Isle-Bossier City, the Isle-Lake Charles, the Isle-Biloxi, the Isle-Lula, the Isle-Natchez, the Isle-Tunica, the Isle-Vicksburg, the Isle-Kansas City, the Isle-Bettendorf, the Isle-Marquette, the Rhythm City-Davenport, the Isle-Black Hawk, the Lady Luck-Las Vegas and Pompano Park. Results also include the Isle-Boonville subsequent to its opening in December 2001.

Our results of operations for the fiscal year ended April 29, 2001 reflect the consolidated operations of all of our subsidiaries and includes the following properties: the Isle-Bossier City, the Isle-Lake Charles, the Isle-Biloxi, the Isle-Lula, the Isle-Natchez, the Isle-Tunica, the Isle-Vicksburg, the Isle-Bettendorf, the Isle-Marquette, the Isle-Black Hawk and Pompano Park. Results also include the Isle-Kansas City subsequent to its purchase in June 2000, the Lady Luck-Las Vegas subsequent to its purchase in September 2000 and the Rhythm City-Davenport subsequent to its purchase in October 2000.

We believe that our historical results of operations may not be indicative of our future results of operations because of the substantial present and expected future increase in competition for gaming customers in each of our markets, as new gaming facilities open and existing gaming facilities add to or enhance their facilities.

On March 14, 2002, we announced that our Board of Directors authorized us to embark on plans to sell or otherwise dispose of the Isle-Tunica and the Lady Luck-Las Vegas properties. We recorded a pre-tax asset impairment charge of approximately \$61.4 million in our fiscal fourth quarter ended April 28, 2002.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

This charge consists of \$59.2 million related to the write-down of the Isle-Tunica and the Lady Luck-Las Vegas properties and \$2.2 million related to the write-down of barges and hulls held by us for sale. The impairment loss on the write-down of assets, net of tax, was approximately \$39.9 million, or \$1.41 per diluted share.

RESULTS OF OPERATIONS

FISCAL YEAR ENDED APRIL 28, 2002 COMPARED TO FISCAL YEAR ENDED APRIL 29, 2001

Gross revenue for the fiscal year ended April 28, 2002, was \$1.3 billion, which included \$1.1 billion of casino revenue, \$56.0 million of rooms revenue, \$23.5 million of pari-mutuel commissions and \$152.2 million of food, beverage and other revenue. This compares to gross revenue for the fiscal year ended April 29, 2001 of \$1.2 billion, which included \$957.1 million of casino revenue, \$50.7 million of rooms revenue, \$22.2 million of pari-mutuel commissions and \$148.3 million of food, beverage and other revenue.

Casino revenue increased \$99.8 million, or 10.4% when compared to the prior year. This is the result of the \$31.2 million increase in casino revenue at the Isle-Kansas City due to the renovations that improved the property in the prior year and a full year of operations (the Isle-Kansas City was acquired in June 2000), \$28.7 million increase in casino revenue at the Rhythm City-Davenport, which was acquired in October 2000, and the addition of \$25.0 million in casino revenue from the Isle-Boonville which opened in December 2001. These positive variances from the prior year were partially offset by the \$16.2 million decline in casino revenue at the Isle-Bossier City, primarily attributable to the heightened competition in that market resulting from the opening of Hollywood Casino's gaming facility and additional hotel rooms at Harrah's gaming facility during our 2001 fiscal third quarter.

The rooms revenue increase of \$5.2 million or 10.3% over the prior year was the result of new hotels being completed in the prior year at the Isle-Black Hawk in August 2000, and the Isle-Tunica and the Isle-Lake Charles in November 2000. Additionally, the Lady Luck-Las Vegas had a full year of operations in the current year. The Lady Luck-Las Vegas property was acquired in September 2000.

Food, beverage and other revenue increased \$3.9 million when compared to the prior year primarily as a result of a \$3.5 million increase in food, beverage and other revenue at the Rhythm City-Davenport due to the full year of operations, \$3.0 million in such revenue generated by the Isle-Boonville that opened in the third fiscal quarter of this year, partially offset by the \$2.2 million decline in such revenue at the Isle-Biloxi. Pari-mutuel commissions and fees have remained stable compared to the prior year.

Casino operating expenses for the fiscal year ended April 28, 2002 totaled \$203.9 million, or 19.3% of casino revenue, versus \$192.2 million, or 20.1% of casino revenue, for the fiscal year ended April 29, 2001. These expenses are primarily comprised of salaries, wages and benefits and other operating expenses of the casinos. The increase in casino operating expenses is commensurate with the increase in casino revenue.

For the fiscal year ended April 28, 2002, state and local gaming taxes totaled \$227.1 million, or 21.5% of casino revenue, compared to \$192.6 million, or 20.1% of casino revenue, for the fiscal year ended April 29, 2001, which is consistent with each state's gaming tax rate for the applicable fiscal years. The increase of \$34.5 million in gaming taxes or 17.9% was primarily the result of the increases in casino revenue at the Isle-Kansas City, the Rhythm City-Davenport and the Isle-Boonville. The increase was also due to higher tax rates at our Louisiana properties. Legislation was passed during the 2001

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

Louisiana legislative session that increased the gaming tax for operators from 18.5% to 21.5%. This 3% increase was effective immediately in the Lake Charles market and at the rate of 1% per year in the Bossier City market.

Operating expenses for the fiscal year ended April 28, 2002, also included room expenses of \$13.3 million, or 23.8% of gross room revenue from the hotels at all casino properties except the Isle-Boonville compared to \$12.1 million or 23.8% of gross room revenue for the fiscal year ended April 29, 2001, for the same properties. The \$1.3 million or 10.5% increase in rooms expense was equivalent to the increase in rooms revenue.

Pari-mutuel operating costs of Pompano Park totaled \$16.8 million for the fiscal year ended April 28, 2002, compared to \$16.2 million for the fiscal year ended April 29, 2001. Such costs consist primarily of compensation, benefits, purses, simulcast fees and other direct costs of track operations. Pari-mutuel operating costs as a percentage of pari-mutuel revenues have remained relatively stable at 71.4% for the fiscal year ended April 28, 2002, compared to 73.2% for the fiscal year ended April 29, 2001.

Food, beverage and other expenses totaled \$35.8 million for the fiscal year ended April 28, 2002, compared to \$32.0 million for the fiscal year ended April 29, 2001. These expenses consist primarily of the cost of goods sold, salaries, wages and benefits and other operating expenses. Food, beverage and other operating expenses as a percentage of gross food, beverage and other revenues increased from 21.6% for the fiscal year ended April 29, 2001, to 23.5% for the fiscal year ended April 28, 2002 as a result of the start up costs of the restaurants at Isle-Boonville, which opened December 6, 2001, and a full year of operating results of Lady Luck-Las Vegas, acquired in September 2000 in the prior fiscal year. Lady Luck-Las Vegas's food and beverage expense expressed as a result of food and beverage revenue is significantly higher than other Isle properties.

Marine and facilities expenses totaled \$70.0 million, or 6.5% of net revenue, for the fiscal year ended April 28, 2002, versus \$63.6 million, or 6.5% of net revenue for the fiscal year ended April 29, 2001. These expenses included salaries, wages and benefits, operating expenses of the marine crews, insurance, housekeeping and general maintenance of the riverboats and floating pavilions. The \$6.4 million, or 10.0% increase in marine and facility expenses are in line with the 10.4% increase in net revenue during the same period. Marine and facilities expenses as a percentage of net revenue have remained stable at 6.5% for the fiscal years ended April 28, 2002, and April 29, 2001.

Marketing and administrative expenses totaled \$274.6 million, or 25.3% of net revenue for the fiscal year ended April 28, 2002, versus \$249.9 million, or 25.4% of net revenue for the fiscal year ended April 29, 2001. Marketing expenses included salaries, wages and benefits of the marketing and sales departments, as well as promotions, advertising, special events and entertainment. Administrative expenses included administration and human resource department expenses, rent, new development activities, professional fees and property taxes. The \$24.7 million, or 9.9% increase in marketing and administrative expense is in line with the increase in net revenue. Marketing and administrative expenses as a percentage of net revenue have remained stable.

During the fourth quarter of fiscal 2002, we recorded a valuation charge totaling \$61.4 million that reflects the impairment charge of \$59.2 million related to the write-down of our assets at the Isle-Tunica and the Lady Luck-Las Vegas. We acquired the Isle-Tunica in fiscal 2000 and the Lady Luck-Las Vegas in connection with the purchase of Lady Luck Gaming Corporation in fiscal 2001. These properties were marginal performers since the date of their acquisition; however, we continued to invest in these properties, primarily the Isle-Tunica where we invested in a hotel and theaters at the casino location. Although some

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

improvement in the operations was realized as a result of these actions, these properties were not projected to have substantial growth in profits as compared to other Isle properties. Further, these properties required substantial amounts of management resources and additional capital investments to achieve the earnings levels that were originally envisioned when we purchased these properties. As a result, we began a process of evaluating our options, including retaining an advisor to assist in the assessment, as disclosed in our third quarter 2002 Form 10-Q.

During the time we held these properties, while the operating results were marginal, management continued to believe that these properties were not impaired. In addition, we had considered whether indicators of impairment of long-lived assets at the Isle-Tunica and the Lady Luck-Las Vegas were present. We considered operating losses and negative EBITDA

or "earnings before interest, income taxes, depreciation and amortization" (as defined at footnote 3 to Item 6 on page 47) at these properties as indicators of impairment and further evaluated the sum of the estimated undiscounted future cash flows attributable to the assets in question to determine if these cash flows were less than their carrying amounts. Some of the assumptions that were used in connection with the estimate of undiscounted cash flows included current operating results, costs associated with the ongoing maintenance and improvements of the assets, other operating expenses, trends and prospects, as well as the effect of obsolescence, demand, competition and other economic factors. Based on this evaluation and other factors considered, we determined that a lower valuation of these properties was not appropriate prior to the write-off in the fourth quarter of fiscal 2002.

At the end of our fiscal 2002 third quarter, we continued to be committed to turning both of these properties around and had begun the process resulting in modest positive cash flow at the Isle-Tunica and reduced losses at the Lady Luck-Las Vegas during the fourth quarter of fiscal 2002. Our efforts to increase these properties' performance included focused marketing campaigns and extensive cost reductions. However, on March 14, 2002, our Board of Directors resolved to sell or otherwise dispose of the property and equipment at the Isle-Tunica and the Lady Luck-Las Vegas. This decision was made in consideration of the substantial and disproportionate amount of management resources devoted to the turnaround of these properties, the lack of significant growth potential, current tax benefits to be derived from a sale or disposition and the additional capital required to improve these properties in Tunica and Las Vegas.

Under the provisions of SFAS No. 121, we determined in connection with the Board's directive that we would not be able to recover the carrying values of the Isle-Tunica or the Lady Luck-Las Vegas based on current real estate and market conditions in these markets. As such, we recorded an impairment write-down of \$59.2 million, representing the difference between the Isle-Tunica's and the Lady Luck-Las Vegas' carrying values of \$80.7 million and their estimated fair values less estimated costs to sell of \$21.5 million. Fair values were based on our estimate of the likely sale price for these assets, in response to our Board's decision. In addition, we committed to a disposal plan in the fourth quarter of 2002 and began aggressively seeking a buyer of the Isle-Tunica and the Lady Luck-Las Vegas. We expect to dispose of the Isle-Tunica and the Lady Luck-Las Vegas before the end of fiscal 2003.

In fiscal 2003, in connection with the sale or other disposition of the Isle-Tunica and the Lady Luck-Las Vegas, we expect to pay approximately \$2.0 million related to involuntary termination costs. We expect to recognize these costs as expenses and to fund these costs through existing cash flows from operations before the end of calendar 2002. Also included in fiscal 2002 was an impairment charge of \$2.2 million relating to marine assets that have been in storage for future development that will be offered for sale in fiscal 2003.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

The valuation charge for the fiscal year ended April 29, 2001 totaling \$1.0 million consisted of the write-down of certain marine assets held for development or sale to their estimated fair value less estimated costs to sell.

Preopening expenses of \$3.9 million for the fiscal year ended April 28, 2002 and \$0.2 million for the fiscal year ended April 29, 2001 represent salaries, benefits, training, marketing and other non-capitalizable costs, which were expensed in connection with the opening of the Isle-Boonville in December 2001.

For the prior fiscal year ended April 29, 2001, other charges totaling \$8.2 million included a \$3.0 million loss due to the write-off of abandoned expansion projects assets at the Isle-Biloxi, a \$2.9 million loss due to the termination of the Enchanted Capri joint venture as a result of Bankruptcy Court filings by Commodore Holdings, Ltd., the operator of the Enchanted Capri and owner of the remaining 50% interest in the joint venture, a \$1.4 million buyout of the Crowne Plaza license at the Isle-Biloxi and a \$0.9 million loss relating to the write-off of the theater production contracts at the Isle-Tunica.

Depreciation and amortization expense was \$72.1 million for the fiscal year ended April 28, 2002, and \$69.1 million for the fiscal year ended April 29, 2001. These expenses relate to property and equipment, berthing and concession rights and the amortization of intangible assets. Depreciation expense increased by \$17.7 million compared to the prior year consistent with an increase in fixed assets placed into service or acquired. This increase was partially offset by the elimination of the amortization of goodwill and other intangible assets of \$14.7 million in 2002 due to our early adoption of Financial Accounting Standards (SFAS) No. 142, "Goodwill and Other Intangible Assets," effective April 30, 2001. During the fourth quarter of fiscal 2002, we reclassified the Isle-Tunica's and the Lady Luck-Las Vegas' property and equipment as assets held for sale under Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of" due to the impairment of the assets. Under this classification, we will no longer depreciate these assets. We estimate that the benefit from suspending depreciation associated with the assets held for sale will be approximately \$7.1 million in fiscal 2003.

Interest expense was \$88.3 million for the fiscal year ended April 28, 2002 net of capitalized interest of \$1.3 million and interest income of \$0.9 million versus \$93.8 million for the fiscal year ended April 29, 2001 net of capitalized interest of \$3.8 million and interest income of \$5.1 million. Interest expense primarily relates to indebtedness incurred in connection with the acquisition of property, equipment, leasehold improvements and berthing and concession rights. Additionally, interest expense of \$9.7 million net of interest income of \$0.2 million related to the Isle-Black Hawk is included in interest expense for the fiscal year ended April 28, 2002. This compares to interest expense of \$11.1 million net of capitalized interest of \$0.7 million and interest income of \$0.2 million for the fiscal year ended April 29, 2001.

Our effective tax rate was 46.5% prior to extraordinary items for the fiscal year ended April 28, 2002, and 44.9% for the fiscal year ended April 29, 2001, which includes the effects of non-deductible goodwill amortization for income tax purposes. The effective tax rate for the fiscal year ended April 28, 2002, was relatively high as a result of the relatively low state income tax benefit rate related to the impairment of assets at the Isle-Tunica and the Lady Luck-Las Vegas.

FISCAL YEAR ENDED APRIL 29, 2001 COMPARED TO FISCAL YEAR ENDED APRIL 30, 2000

Gross revenue for the fiscal year ended April 29, 2001 was \$1.2 billion, which included \$957.1 million of casino revenue, \$50.7 million of rooms revenue,

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

\$22.2 million of pari-mutuel commissions and \$148.3 million of food, beverage and other revenue. This compares to gross revenue for the previous fiscal year ended April 30, 2000, of \$759.8 million, which included \$619.4 million of casino revenue, \$24.8 million of room revenue, \$22.1 million of pari-mutuel commissions and \$93.6 million of food, beverage and other revenue.

Casino revenue increased \$337.8 million or 54.5% primarily as a result of a full year of operations of the former Lady Luck properties and the Isle-Tunica, approximately 11 months of operating results from the acquisition of the Isle-Kansas City, approximately eight months of operating results from the acquisition of the Lady Luck-Las Vegas, approximately seven months of results from the acquisition of the Rhythm City-Davenport, and the improvements at the Isle-Black Hawk and the Isle-Lake Charles. Room revenue, food, beverage and other revenue have increased primarily as a result of the acquisitions of the former Lady Luck properties, the Isle-Kansas City, the Lady Luck-Las Vegas, the Rhythm City-Davenport and the opening of new hotels at the Isle-Black Hawk, the Isle-Tunica and the Isle-Lake Charles. Pari-mutuel commissions and fees have remained stable compared to the prior year.

Casino operating expenses for the fiscal year ended April 29, 2001 totaled \$192.2 million, or 20.1% of casino revenue versus \$116.1 million, or 18.7% of casino revenue, for the fiscal year ended April 30, 2000. These expenses are primarily comprised of salaries, wages and benefits and other operating expenses of the casinos. The increase in casino operating expenses is attributable to the additional properties as well as improved casino revenue for the combined original Isle of Capri properties.

Operating expenses for the fiscal year ended April 29, 2001 also included room expenses of \$12.1 million or 23.8% of gross room revenue from the hotels at the Isle-Lake Charles, the Isle-Bossier City, the Isle-Biloxi, the Isle-Vicksburg, the Isle-Natchez, the Isle-Lula, the Isle-Bettendorf, the Isle-Marquette, the Isle-Tunica, the Isle-Black Hawk, the Lady Luck-Las Vegas and the Rhythm City-Davenport compared to \$5.8 million, or 23.5% of gross room revenue for the fiscal year ended April 30, 2000, from the hotels at the Isle-Lake Charles, the Isle-Bossier City, the Isle-Biloxi, the Isle-Vicksburg, the Isle-Lula, the Isle-Bettendorf, the Isle-Natchez and the Isle-Marquette. These expenses directly relate to the cost of providing hotel rooms. Other costs of the hotels are shared with the casinos and are presented in their respective expense categories.

For the fiscal year ended April 29, 2001, state and local gaming taxes were paid in Louisiana, Mississippi, Colorado, Iowa, Missouri and Nevada totaling \$192.6 million, or 20.1% of casino revenue, compared to \$122.6 million, or 19.8% of casino revenue, for the fiscal year ended April 30, 2000, which is consistent with each state's gaming tax rate for the applicable fiscal years. For the fiscal year ended April 30, 2000, state and local gaming taxes were only paid in Louisiana, Mississippi, Iowa and Colorado. Legislation was passed that allowed Louisiana riverboats, including the riverboats at the Isle-Lake Charles, which had been required to conduct cruises to remain permanently dockside beginning April 1, 2001. The legislation also increased the gaming tax for operators from 18.5% to 21.5%.

Pari-mutuel operating costs of Pompano Park totaled \$16.2 million for the fiscal year ended April 29, 2001, compared to \$16.4 million for the fiscal year ended April 30, 2000. Such costs consist primarily of compensation, benefits, purses, simulcast fees and other direct costs of track operations. Pari-mutuel operating costs as a percentage of pari-mutuel revenues have remained relatively stable at 73.2% for the fiscal year ended April 29, 2001, compared to 74.4% for the fiscal year ended April 30, 2000.

Food, beverage and other expenses totaled \$32.0 million for the fiscal year

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

ended April 29, 2001 compared to \$19.1 million for the fiscal year ended April 30, 2000. These expenses consist primarily of the cost of goods sold, salaries, wages and benefits and other operating expenses of these departments. Food and beverage and other operating expenses as a percentage of gross food, beverage and other revenues increased from 20.4% for the fiscal year ended April 30, 2000, to 21.6% for the fiscal year ended April 29, 2001. This was attributable to the inclusion of eight months of operations of the Lady Luck-Las Vegas operations in the downtown Las Vegas market, whose food and beverage expense is significantly higher than other Isle properties. The increase was also due to the start up costs related to the opening of food and beverage outlets related to the opening of hotels at the Isle-Lake Charles and the Isle-Tunica and the newly acquired outlets at the Isle-Kansas City that were not converted to Isle standards until the fourth quarter 2001.

Marine and facilities expenses totaled \$63.6 million for the fiscal year ended April 29, 2001 versus \$39.9 million for the fiscal year ended April 30, 2000. These expenses include salaries, wages and benefits, operating expenses of the marine crews, insurance, housekeeping and general maintenance of the riverboats and floating pavilions. These expenses have increased as a result of the increase in the number of properties operated by us and continued expansion of our facilities. Marine and facilities expenses as a percentage of net revenue have remained relatively stable at 6.5% for the fiscal year ended April 29, 2001, compared to 6.2% for the fiscal year ended April 30, 2000.

Marketing and administrative expenses totaled \$249.9 million, or 25.4% of net revenue, for the fiscal year ended April 29, 2001, versus \$167.6 million, or 25.9% of net revenue, for the fiscal year ended April 30, 2000. Marketing expenses include salaries, wages and benefits of the marketing and sales departments, as well as promotions, advertising, special events and entertainment. Administrative expenses include administration and human resource department expenses, rent, new development activities, professional fees and property taxes. Marketing and administrative expenses as a dollar amount have increased as a result of the expansion in the number of properties operated by us and continued expansion of our facilities, but as a percentage of net revenue have slightly decreased.

Preopening expenses of \$0.2 million for the fiscal year ended April 29, 2001 and \$3.4 million for the fiscal year ended April 30, 2000, represent salaries, benefits, training, marketing and other non-capitalizable costs, which were expensed in connection with the opening of the Isle-Boonville in December 2001 and the Isle-Tunica in July 1999.

The other charges of \$8.2 million include a \$3.0 million loss due to the write-off of abandoned expansion projects assets at the Isle-Biloxi, a \$2.9 million loss due to the termination of the Enchanted Capri joint venture as a result of Bankruptcy Court filings by Commodore Holdings, Ltd., the operator of the Enchanted Capri and owner of the remaining 50% interest in the joint venture, a \$1.4 million buyout of the Crowne Plaza license at the Isle-Biloxi, and a \$0.9 million loss relating to the write-off of the theater production contracts at the Isle-Tunica.

The valuation allowance totaling \$1.0 million reflects the write-down of marine assets held for development or sale to their net realizable value.

Depreciation and amortization expense was \$69.1 million for the fiscal year ended April 29, 2001 and \$42.3 million for the fiscal year ended April 30, 2000. These expenses relate to property and equipment, berthing and concession rights and the amortization of intangible assets. The 63.2% increase in depreciation and amortization expense is consistent with the increase in fixed assets placed into service or acquired.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

Interest expense was \$93.8 million for the fiscal year ended April 29, 2001 net of capitalized interest of \$3.8 million and interest income of \$5.1 million versus \$55.6 million for the year ended April 30, 2000 net of capitalized interest of \$2.4 million and interest income of \$4.8 million. Interest expense primarily relates to indebtedness incurred in connection with the acquisition of property, equipment, leasehold improvements and berthing and concession rights. Additionally, interest expense of \$11.5 million net of capitalized interest of \$0.7 million and interest income of \$0.2 million related to the Isle-Black Hawk is included in interest expense in fiscal 2001. This compares to interest expense of \$10.8 million, net of capitalized interest of \$1.1 million and interest income of \$0.4 million in fiscal 2000.

Our results of operations for the fiscal year ended April 29, 2001 included a gain on sale of assets of \$0.3 million compared to \$3.1 million for the fiscal year ended April 30, 2000. Both gains related to the sale of an option to purchase 135 acres of land adjacent to Pompano Park.

Our effective tax rate was 44.9% prior to extraordinary items for the fiscal year ended April 29, 2001, and 44.3% for the fiscal year ended April 30, 2000, which includes the effects of non-deductible goodwill amortization for income tax purposes.

LIQUIDITY AND CAPITAL RESOURCES

At April 28, 2002, we had cash and cash equivalents of \$76.6 million, compared to cash and cash equivalents of \$76.7 million at April 29, 2001. The \$0.1 million decrease in cash and cash equivalents is the net result of \$153.6 million net cash provided by operating activities, \$100.5 million net cash used in investing activities and \$53.2 million net cash used in financing activities.

INVESTING ACTIVITIES

We invested \$98.3 million in property and equipment during the fiscal year ended April 28, 2002, primarily for the development of the Isle-Boonville and implementation of a company-wide slot enhancement program. Approximately \$21.3 million was expended on capital expenditures, which enhance the value to the property or prolongs its useful life. The following table reflects expenditures for property and equipment on major projects:

In May 2000, we acquired the Isle-Boonville and spent 19 months developing the casino project. We opened the facility in December 2001. The total investment in this casino project is approximately \$71.0 million, which includes the purchase price of \$11.5 million, a portion of which was allocated to goodwill. Approximately \$6.6 million of preopening and other expenditures were incurred through the opening of the facility. As of April 28, 2002, we have spent \$67.9 million on this project.

We made \$21.3 million in capital improvements during fiscal 2002 to maintain our existing facilities and remain competitive in our markets and \$32.7 million for our slot enhancement program. The "all properties enhancement program" of \$21.3 million consists of numerous individual capital expenditures related to the purchase of furniture and equipment and upgrade of hotel rooms, restaurants and other areas of our properties. These expenditures include such items as computer equipment and software, signage, furniture, and restaurant and casino equipment. We expect to make \$33.4 million in capital improvements during fiscal 2003 to maintain our existing facilities and remain competitive in our markets and \$30.3 million for our slot enhancement program.

During the fiscal year ended April 28, 2002, we used net cash of \$53.2 million in the following financing activities:

- We borrowed \$50.0 million under the "Greenshoe Option" on our term loans that was used to reduce the revolving credit facility portion of our senior credit facility.
- The Isle-Black Hawk borrowed \$80.0 million under a new secured credit facility and used the proceeds primarily to redeem \$75.0 million in principal outstanding and to pay \$4.9 million in payment premiums on its 13% first mortgage notes.
- We issued \$200.0 million in 9% senior subordinated notes due 2012 and used the proceeds to partially repay our senior credit facility.
- We entered into an amended and restated credit facility which refinanced our prior facility.
- We made principal payments on our senior credit facility and other debt as well as premium payments for the early retirement of debt of \$596.7 million mainly from refinancings and new borrowings.
- We made net reductions to our line of credit of \$18.0 million.
- We purchased 1.1 million shares of our common stock at a total cost of \$8.0 million and made cash distributions to a minority partner totaling \$7.7 million.

On June 18, 2001, we exercised the "Greenshoe Option" under our \$600.0 million senior credit facility to add \$50.0 million of additional term loans

under the same terms, conditions and covenants to bring the total senior credit facility to \$650.0 million. Proceeds from the loans were used to reduce outstanding borrowings under our \$125.0 million revolving loan facility.

On November 16, 2001, the Isle-Black Hawk entered into a \$90.0 million secured credit facility that is non-recourse debt to us primarily for the purpose of funding the redemption of the 13% first mortgage notes. The secured credit facility provides for a \$10.0 million revolving credit facility, a \$40.0 million Tranche A term loan maturing on November 16, 2005 and a \$40.0 million Tranche B term loan maturing on November 16, 2006. The Isle-Black Hawk is required to make quarterly principal payments on the term loan portions of the new credit facility that began in March 2002. Such payments on the Tranche A

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

term loan initially will be \$2.0 million per quarter with scheduled increases to \$2.5 million per quarter commencing March 2003 and to \$3.0 million per quarter commencing March 2005. Such payments on the Tranche B term loan initially will be \$0.1 million per quarter with a scheduled increase to \$9.6 million per quarter commencing March 2006.

On December 18, 2001, the Isle-Black Hawk redeemed all of its outstanding 13% first mortgage notes in the principal amount of \$75.0 million. The redemption price of the first mortgage notes was 106.5% of the principal amount plus accrued and unpaid interest to the date of redemption, equaling a redemption price of \$1,065 for each \$1,000 principal amount of notes, plus accrued and unpaid interest. We recorded an extraordinary loss of \$2.4 million, net of taxes of \$1.4 million, during the fiscal year ended April 28, 2002, on the extinguishment of the first mortgage notes related to the payment of early payment premiums and the write-off of debt acquisition costs.

On March 27, 2002, we issued \$200.0 million of 9% senior subordinated notes due 2012. These notes are guaranteed by all of our significant subsidiaries, excluding the subsidiaries that own and operate the Isle-Black Hawk. The 9% notes are general unsecured obligations and rank junior to all existing and future senior indebtedness, senior to any subordinated indebtedness and equally with all of our existing and future senior subordinated debt, including the \$390.0 million in aggregate principal amount of our 8.75% senior subordinated notes. Interest on the 9% notes is payable semi-annually on each March 15 and September 15 through maturity. Interest payments for both the 8.75% notes and the 9% notes total \$26.1 million semi-annually. Proceeds from the 9% notes of \$195.0 million were used to partially repay the term loans under the senior credit facility. We recorded an extraordinary loss of \$1.9 million, net of taxes of \$1.3 million, during the fiscal year ended April 28, 2002, on the partial repayment of the senior credit facility related to the write-off of debt acquisition costs.

On April 26, 2002, we entered into an amended and restated senior credit facility which refinanced our prior facility. This amended and restated senior credit facility consists of a \$250.0 million revolving credit facility maturing on April 25, 2007, and a \$250.0 million term loan facility maturing on April 25, 2008. We are required to make quarterly principal payments on the \$250.0 million term loan portion of our amended and restated senior credit facility. Such payments are initially \$625,000 per quarter starting in June 2002 and increase to \$59.4 million per quarter beginning in June 2007. In addition, we are required to make substantial quarterly interest payments on the outstanding balance of our amended and restated senior credit facility. The proceeds were used to refinance \$336.8 million of the prior facility.

Our amended and restated senior credit facility, among other things, restricts our ability to borrow money, make capital expenditures, use assets as security in other transactions, make restricted payments or restricted investments, incur contingent obligations, sell assets and enter into leases and transactions with affiliates. In addition, our credit facility requires us to meet certain financial ratios and tests, including: a minimum consolidated net worth test, a maximum consolidated total leverage test, a maximum consolidated senior leverage test, and a minimum consolidated fixed charge coverage test. As of April 28, 2002, we were in compliance with all debt covenants.

We expect that available cash and cash from future operations, as well as borrowings under our existing amended and restated senior credit facility and lines of credit will be sufficient to fund future expansion and planned capital expenditures, service debt, and meet working capital requirements. As of April 28, 2002, we had \$175.0 million of unused credit capacity with the revolving loan commitment of our amended and restated senior credit facility and \$4.0 million of available credit with our lines of credit. The revolving loan

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

commitment is a variable rate instrument based on, at our option, either LIBOR or our lender's prime rate, and is effective through April 2007. Our lines of credit are also at variable rates based on our lender's prime rate and are subject to annual renewal in April 2003. There is no assurance that these sources will in fact provide adequate funding for the expenditures described above or that planned capital investments will be sufficient to allow us to remain competitive in our existing markets.

We are currently in compliance with all covenants contained in our senior and subordinated debt instruments as of April 28, 2002. If we do not maintain compliance with these covenants, the lenders under the amended and restated senior credit facility have the option (in some cases, after the expiration of contractual grace periods), but not the obligation, to demand immediate repayment of all or any portion of the obligations outstanding under the amended and restated senior credit facility. Any significant deterioration of earnings could affect certain of our covenants. Adverse changes in our credit rating or stock price would not impact our borrowing costs or covenant compliance under existing debt instruments. Future events, such as a significant increase in interest rates can be expected to increase our costs of borrowing under our amended and restated senior credit facility. The indentures governing our 8.75% notes and our 9.0% subordinated notes restrict, among other things, our ability to borrow money, create liens, make restricted payments, and sell assets.

We are highly leveraged and may be unable to obtain additional debt or equity financing on acceptable terms. As a result, limitations on our capital resources could delay or cause us to abandon certain plans for capital improvements at our existing properties and development of new properties. We will continue to evaluate our planned capital expenditures at each of our existing locations in light of the operating performance of the facilities at such locations.

SUBSEQUENT EVENT

PROPOSED STOCK OFFERING

On May 24, 2002, we filed a registration statement with the SEC for a proposed offering of up to 6,152,500 shares of our common stock (which includes 802,500 shares to cover over-allotments). We would sell up to 4,802,500 of such shares and certain stockholders, consisting of Bernard Goldstein, our Chairman and Chief Executive Officer, and certain members of his family and affiliated entities would sell up to the remaining 1,350,000 shares. The registration statement relating to these shares has not become effective, and we can give no assurances that it will become effective. In addition, we can provide no assurances as to whether any such offering will ultimately occur, the timing of any such offering or the price at which any shares may be sold, and therefore, the amount of proceeds we might raise.

RECENTLY ISSUED ACCOUNTING STANDARDS

In August 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143") which requires companies to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred and a corresponding increase in the carrying amount of the related long-lived asset. SFAS 143 will be effective for financial statements for fiscal years beginning after June 15, 2002. We believe the adoption of SFAS 143 will not have a material impact on our financial position or results of consolidated operations.

In October 2001, the Financial Accounting Standards Board issued Statement

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), which addresses financial accounting and reporting for the impairment or disposal of long-lived assets and supersedes SFAS 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of," and the accounting and reporting provisions of APB Opinion No. 30, "Reporting the Results of Operations" for a disposal of a segment of a business. SFAS 144 is effective for fiscal years beginning after December 15, 2001. We do not expect that the adoption of SFAS 144 will have a significant impact on our financial position and results of consolidated operations.

In April 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB No. 13, and Technical Corrections" ("SFAS 145"). SFAS 145 will require gains and losses on extinguishments of debt to be classified as income or loss from continuing operations rather than as extraordinary items as previously required under SFAS 4. SFAS 145 will be effective for fiscal years beginning after May 15, 2002. We will adopt SFAS 145 at the beginning of fiscal 2004, April 28, 2003. Upon adoption, the extraordinary loss on extinguishment of debt recorded in fiscal 2002 of \$4.3 million, net of income tax benefit of \$2.7 million, would be reclassified and included in income from operations on a pre-tax basis. As a result, operating income for fiscal 2002 would decrease from \$104.0 million to \$97.0 million. Net income and earnings per share for fiscal 2002 will remain unchanged.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, including interest rates, foreign currency exchange rates, commodity prices and equity prices. Our primary exposure to market risk is interest rate risk associated with our senior credit facility and the Isle-Black Hawk's secured credit facility.

SENIOR CREDIT FACILITY

We entered into three interest rate swap agreements in the fourth quarter of fiscal 2001 and one interest rate swap agreement in the first quarter of fiscal 2002 that effectively convert portions of our variable rate debt to a fixed-rate basis for the next one to two years, thus reducing the impact of interest rate changes on future interest expense. The notional value of the swaps that were designated as cash flow hedges was \$200.0 million, or 61.5% of our variable rate term debt outstanding under our senior credit facility as of April 28, 2002. We evaluate the effectiveness of these hedged transactions on a quarterly basis. The interest rate swaps terminate as follows: \$50.0 million in 2003 and \$150.0 million in 2004. We found no portion of the hedging instruments to be ineffective during the fiscal year ended April 28, 2002. Accordingly, no gain or losses have been recognized on these cash flow hedges.

ISLE-BLACK HAWK'S SECURED CREDIT FACILITY

The Isle-Black Hawk entered into three interest rate swap agreements in the fourth quarter of fiscal 2002 that effectively convert portions of their variable rate debt to a fixed-rate basis for the next three years, thus reducing the impact of interest rate changes on future interest expense. The notional value of the swaps that were designated as cash flow hedges was \$40.0 million or 51.3% of their variable rate term debt outstanding under the Isle-Black Hawk's secured credit facility as of April 28, 2002. The interest rate swaps terminate in 2005. We evaluate the effectiveness of these hedged transactions on a quarterly basis. We found no portion of the hedging instruments to be ineffective during the fiscal year ended April 28, 2002. Accordingly, no gain or losses have been recognized on these cash flow hedges.

REPORT OF INDEPENDENT AUDITORS

The Board of Directors and Stockholders
Isle of Capri Casinos, Inc.

We have audited the accompanying consolidated balance sheets of Isle of Capri Casinos, Inc. as of April 28, 2002 and April 29, 2001, and the related consolidated statements of operations, stockholders' equity, and cash flows for the years ended April 28, 2002, April 29, 2001 and April 30, 2000. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Isle of Capri Casinos, Inc. at April 28, 2002 and April 29, 2001, and the consolidated results of its operations and its cash flows for the years ended April 28, 2002, April 29, 2001 and April 30, 2000, in conformity with accounting principles generally accepted in the United States.

As discussed in Note 1 to the consolidated financial statements, the Isle of Capri Casinos, Inc. adopted Statement of Financial Accounting Standards No. 142 in the year ended April 28, 2002.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

Isle of Capri Casinos, Inc. (the "Company" or "Isle of Capri") was incorporated as a Delaware corporation on February 14, 1990. The Company, through its subsidiaries, is engaged in the business of developing, owning and operating branded gaming facilities and related lodging and entertainment facilities in growing markets in the United States. The Company wholly owns and operates

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

thirteen gaming facilities located in Bossier City and Lake Charles, Louisiana; Biloxi, Lula, Natchez, Vicksburg, and Tunica, Mississippi; Boonville and Kansas City, Missouri; Bettendorf, Marquette and Davenport, Iowa; and Las Vegas, Nevada. The Company also owns a 57% interest in and receives a management fee for operating a gaming facility in Black Hawk, Colorado. All but two of these gaming facilities operate under the name "Isle of Capri" and feature our distinctive tropical island theme. In addition, the Company wholly owns and operates a pari-mutuel harness racing facility in Pompano Beach, Florida.

FISCAL YEAR-END

The Company's fiscal year ends on the last Sunday in April. This fiscal year creates more comparability of the Company's quarterly operations, by generally having an equal number of weeks (13) and week-end days (26) in each quarter. Periodically, this system necessitates a 53-week year and fiscal 2000 was one such year. Fiscal 2002 commenced on April 30, 2001 and ended on April 28, 2002.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of the Company and its subsidiaries. Investments in unconsolidated affiliates that are 50% or less owned are accounted for under the equity method. All significant intercompany balances and transactions have been eliminated in consolidation.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments purchased with an original maturity of three months or less as cash equivalents. Cash equivalents are placed primarily with high-credit-quality financial institutions. The carrying amount of cash equivalents approximates fair value because of the short maturity of these instruments.

INVENTORIES

Inventories generally consist of food and beverage and retail merchandise, and are stated at the lower of cost or market. Cost is determined by the weighted average method.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. The Company capitalizes the cost of purchases of property and equipment and capitalizes the cost of improvements to property and equipment which increases the value or extends the useful lives of the assets. Costs of normal repairs and maintenance are charged to expense as incurred. This policy applies to the purchase of property and equipment included in the Company's "all properties enhancement," "maintenance projects" and "capital improvements" programs as discussed in Item 7 of Form 10-K. Gains or losses on dispositions of property and equipment are included in the determination of income. Depreciation is computed using the straight-line method over the following estimated useful lives of the assets:

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

	YEARS
Slot machines, software and computers.	3
Furniture, fixtures and equipment. . .	5-10
Leasehold improvements	10-39.5
Riverboats and floating pavilions. . .	25
Buildings and improvements	39.5

Capital leases are depreciated over the estimated useful life of the assets or the life of the lease, whichever is shorter.

GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill, representing the excess of the cost over the net identifiable tangible and intangible assets of acquired businesses, is stated at cost. Other intangible assets represent the license value attributed to the Louisiana gaming licenses acquired through the Company's acquisition of St. Charles Gaming Company, Grand Palais Riverboat, Inc. and Louisiana Riverboat Gaming Partnership (the "Licenses") and the value of the Lady Luck trademarks and player databases acquired in the acquisition of Lady Luck Gaming Corporation. Prior to fiscal 2002, the Company estimated that the Licenses had a useful life of 25 years. Beginning in fiscal year 2002, the Company concluded that the Licenses had indefinite lives as the Company determined that there are no legal, regulatory, contractual, economic or other factors that would limit the useful life of the Licenses, and the Company intends to renew and operate the Licenses indefinitely. In addition, other key factors in the Company's assessment that these Licenses now should be classified as having an indefinite life included: (1) the Company's license renewal experience confirmed that the renewal process is perfunctory and renewals would not be withheld except under extraordinary circumstances; (2) the renewals related to these Licenses confirmed the Company's belief that the renewal process could be completed without substantial cost and without material modification of the Licenses; (3) the economic performance of the operations related to the Licenses support the Company's intention of operating the Licenses indefinitely; and (4) the continued limitation of gaming licenses in Louisiana limits competition in the jurisdictions where these Licenses are maintained.

Through April 29, 2001, goodwill and other intangible assets were being amortized over a twenty-five year period using the straight-line method. In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, "Business Combinations," ("Statement 141") and No. 142, "Goodwill and Other Intangible Assets," ("Statement 142") effective for fiscal years beginning after December 15, 2001. Statement 141 requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001. Under Statement 142, goodwill and intangible assets with indefinite useful lives are no longer subject to amortization. Statement 142 requires that these assets be reviewed for impairment at least annually. Based on its review, other than the asset impairment write-downs noted in Note 15, the Company believes that, as of April 28, 2002, there were no significant impairments of its long-lived assets. However, the Company intends to continue to evaluate

ISLE OF CAPRI CASINOS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

GOODWILL AND OTHER INTANGIBLE ASSETS (CONTINUED)

intangible assets that are not being amortized at least annually to determine

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

whether events and circumstances continue to support an indefinite useful life. If these assets are subsequently determined to have a finite useful life, they will be tested for impairment, and then amortized prospectively over the estimated remaining useful lives and accounted for in the same manner as other intangible assets that are subject to amortization.

LONG-LIVED ASSETS

The Company periodically evaluates the carrying value of long-lived assets to be held and used in accordance with Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of" ("SFAS 121"). SFAS 121 requires impairment losses to be recorded on long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amounts. In that event, a loss is recognized based on the amount by which the carrying amount exceeds the fair market value of the long-lived assets. Loss on long-lived assets to be disposed of is determined in a similar manner, except that fair market values are reduced for the cost of disposal. Based on its review, other than the asset impairment write-downs noted in Note 15, the Company believes that, as of April 28, 2002, there were no significant impairments of its long-lived assets.

DEFERRED FINANCING COSTS

The costs of issuing long-term debt are capitalized and are being amortized over the term of the related debt.

SELF INSURANCE

The Company is self-insured for various levels of general liability, workers' compensation, and employee medical and life insurance coverage. Self-insurance reserves are estimated based on the Company's claims experience and are included in current accrued liabilities on the consolidated balance sheets.

SLOT CLUB AWARDS

The Company provides slot patrons with incentives based on the dollar amount of play on slot machines. An accrual has been established based on an estimate of the outstanding value of these incentives, utilizing the age and prior history of redemptions. This amount is reflected as a current accrued liability on the consolidated balance sheets.

DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

Effective April 30, 2001, the Company adopted Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities," ("SFAS 133") as amended. The Company utilizes derivative financial instruments to manage interest rate risk associated with variable rate borrowings. Derivative financial instruments are intended to reduce the Company's exposure to interest rate risk. The Company accounts for changes in the fair value of a derivative instrument depending on the intended use of the derivative and the resulting designation, which is established at the inception of a derivative. SFAS 133 requires that a company formally document, at the inception of a hedge, the hedging relationship and the entity's risk management objective and strategy for undertaking the hedge, including identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged, the method used to assess effectiveness and the method that will be used to measure hedge ineffectiveness of derivative instruments that receive hedge accounting treatment. For derivative instruments designated as cash flow hedges,

changes in fair value, to the extent the hedge is effective, are recognized in other comprehensive income until the hedged item is recognized in earnings. Hedge effectiveness is assessed quarterly based on the total change in the derivative's fair value.

REVENUE RECOGNITION

In accordance with gaming industry practice, the Company recognizes casino revenues as the net win from gaming activities, which is the difference between gaming wins and losses. Casino revenues are net of accruals for anticipated payouts of progressive slot jackpots and certain table games. Such anticipated jackpot payments are reflected as current liabilities in the accompanying balance sheets. Revenues from the hotel, food, beverage, entertainment, and the gift shop are recognized at the time the related service or sale is performed/made.

NET REVENUES

Net revenues do not include the retail amount of food, beverage and other items provided gratuitously to customers. These amounts that are included in promotional allowances were as follows:

NET REVENUES (CONTINUED)

Effective for fiscal 2001, the Company adopted new guidance issued by the Emerging Issues Task Force ("EITF") of the Financial Accounting Standards Board relative to EITF Issue No. 00-14, "Accounting for Certain Sales Incentives," and EITF Issue No. 00-22, "Accounting for Points and Certain Other Time-Based Sales Incentive Offers, and Offers for Free Products or Services to Be Delivered in the Future." EITF Issue No. 00-14 requires the redemption of coupons for cash to be recognized as a reduction of revenue and EITF Issue No. 00-22 requires the redemption of "points" for cash to be recognized as a reduction of revenue. The Company has complied with the requirements of this new guidance in the accompanying statements of operations.

ADVERTISING

Advertising costs are expensed the first time such advertisement appears. Total advertising costs (including direct mail marketing) were \$18.7 million in fiscal 2002, \$21.1 million in fiscal 2001 and \$14.7 million in fiscal 2000.

PREOPENING EXPENSE

Preopening, pre-operating and organization activities are expensed as incurred.

CAPITALIZED INTEREST

The interest cost associated with major development and construction projects is capitalized and included in the cost of the project. When no debt is incurred specifically for a project, interest is capitalized on amounts expended on the project using the weighted-average cost of the Company's outstanding borrowings. Capitalization of interest ceases when the project is substantially complete or development activity is suspended for more than a brief period.

EQUITY METHOD OF ACCOUNTING FOR INVESTMENTS

Investments in companies in which the Company has a 20% to 50% interest are carried at cost, adjusted for the Company's proportionate share of their operating and financial activities.

INCOME TAXES

Income taxes are accounted for in accordance with the provisions of Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes." Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in tax rates related to deferred tax assets and liabilities is recognized in income in the period that includes the enactment date.

The Company routinely faces challenges from federal and other tax authorities regarding the amount of taxes due. These challenges include questions regarding the timing and amount of deductions and the allocation of income among various tax jurisdictions. The Company records reserves for probable exposures

associated with the various filing positions.

EARNINGS (LOSS) PER SHARE OF COMMON STOCK

In accordance with the provisions of Financial Accounting Standards Board's Statement of Financial Accounting Standards No. 128, "Earnings Per Share," basic earnings (loss) per share ("EPS") is computed by dividing net income (loss) applicable to common stock by the weighted average common shares outstanding during the period. Diluted EPS reflects the additional dilution for all potentially dilutive securities such as stock options.

STOCK-BASED COMPENSATION

The Company grants stock options for a fixed number of shares to employees with an exercise price equal to the fair value of the shares at the date of grant. The Company accounts for stock option grants in accordance with APB Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25") and related Interpretations. Under APB 25, because the exercise price of the Company's employee stock options equals the market price of the underlying stock on the date of grant, no compensation expense is recognized.

CERTAIN RISKS AND UNCERTAINTIES

The Company's operations are dependent on the continued licensing or qualification of the Company. Such licensing and qualification are reviewed periodically by the gaming authorities in the state of operation.

The Company receives a significant amount of its revenue from patrons within 50 miles of the properties. If economic conditions in these areas were to decline materially or additional casino licenses were awarded in these locations, the Company's results of operations could be materially affected.

RECLASSIFICATION

The consolidated financial statements for prior years reflect certain reclassifications to conform with the current year presentation.

RECENTLY ISSUED ACCOUNTING STANDARDS

In August 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143") which requires companies to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred and a corresponding increase in the carrying amount of the related long-lived asset. SFAS 143 will be effective for financial statements for fiscal years beginning after June 15, 2002. The Company believes the adoption of SFAS 143 will not have a material impact on its financial position or results of consolidated operations.

In October 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), which addresses financial accounting and reporting for the impairment or disposal of long-lived assets and supersedes SFAS 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of," and the accounting and reporting provisions of APB Opinion No. 30, "Reporting the Results of Operations" for a disposal of a segment of a business. SFAS 144 is effective for fiscal years beginning after December 15, 2001. The Company does not expect that the adoption of the Statement will have a significant impact on the Company's financial position and results of consolidated operations.

RECENTLY ISSUED ACCOUNTING STANDARDS (CONTINUED)

In April 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB No. 13, and Technical Corrections" ("SFAS 145"). SFAS 145 will require gains and losses on extinguishments of debt to be classified as income or loss from continuing operations rather than as extraordinary items as previously required under SFAS 4. SFAS 145 will be effective for fiscal years beginning after May 15, 2002. The Company will adopt SFAS 145 at the beginning of fiscal 2004, April 28, 2003. Upon adoption, the extraordinary loss on extinguishment of debt recorded in fiscal 2002 of \$4.3 million, net of income tax benefit of \$2.7 million, would be reclassified and included in income from operations on a pre-tax basis. As a result, operating income for fiscal 2002 would decrease from \$104.0 million to \$97.0 million. Net income and earnings per share for fiscal 2002 will remain unchanged.

8.75% SENIOR SUBORDINATED NOTES

On April 23, 1999, the Company issued \$390.0 million of 8.75% Senior Subordinated Notes due 2009 (the "8.75% Senior Subordinated Notes"). The 8.75% Senior Subordinated Notes are guaranteed by all of the Company's significant subsidiaries, excluding the subsidiaries that own and operate the Isle-Black Hawk. Interest on the 8.75% Senior Subordinated Notes is payable semi-annually on each April 15 and October 15 through maturity. The 8.75% Senior Subordinated Notes are redeemable, in whole or in part, at the Company's option at any time on or after April 15, 2004 at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest to the applicable redemption date, if redeemed during the 12-month period beginning on April 15 of the years indicated below:

The Company issued the 8.75% Senior Subordinated Notes under an indenture between the Company, the subsidiary guarantors and a trustee. The indenture, among other things, restricts the ability of the Company and its restricted subsidiaries to borrow money, make restricted payments, use assets as security in other transactions, enter into transactions with affiliates, or pay dividends on or repurchase its stock or its restricted subsidiaries' stock. The Company is also restricted in its ability to issue and sell capital stock of its subsidiaries and in its ability to sell assets in excess of specified amounts or merge with or into other companies.

A substantial part of the proceeds from the 8.75% Senior Subordinated Notes was used to prepay long-term debt, including all of the \$315.0 million of 12.5% Senior Secured Notes due 2003. The proceeds were also used to pay prepayment premiums, accrued interest and other transaction fees and costs.

9% SENIOR SUBORDINATED NOTES

On March 27, 2002, the Company issued \$200.0 million of 9% Senior Subordinated Notes due 2012 (the "9% Senior Subordinated Notes"). The 9% Senior Subordinated Notes are guaranteed by all of the Company's significant subsidiaries, excluding the subsidiaries that own and operate the Isle-Black Hawk. The 9% Senior Subordinated Notes are general unsecured obligations and rank junior to all existing and future senior indebtedness, senior to any subordinated indebtedness and equally with all of existing and future senior subordinated debt, including the \$390.0 million in aggregate principal amount of the existing 8.75% Senior Subordinated Notes. Interest on the 9% Senior Subordinated Notes is payable semi-annually on each March 15 and September 15 through maturity. The 9% Senior Subordinated Notes are redeemable, in whole or in part, at the Company's option at any time on or after March 15, 2007 at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest to the applicable redemption date, if redeemed during the 12-month period beginning on March 15 of the years indicated below:

Additionally, the Company may redeem a portion of the Notes with the proceeds of specified equity offerings.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

The Company issued the 9% Senior Subordinated Notes under an indenture between the Company, the subsidiary guarantors and a trustee. The indenture, among other things, restricts the ability of the Company and its restricted subsidiaries to borrow money, make restricted payments, use assets as security in other transactions, enter into transactions with affiliates, or pay dividends on or repurchase its stock or its restricted subsidiaries' stock. The Company is also restricted in its ability to issue and sell capital stock of its subsidiaries and in its ability to sell assets in excess of specified amounts or merge with or into other companies.

A substantial part of the proceeds from the 9% Senior Subordinated Notes was used to prepay long-term debt, including \$195.0 million outstanding under the Amended and Restated Senior Credit Facility. The proceeds were also used to pay accrued interest and other transaction fees and costs.

SENIOR SECURED CREDIT FACILITY

Senior Credit Facility

Simultaneously with the issuance of the 8.75% Senior Subordinated Notes, the Company entered into a \$175.0 million five-year credit facility (the "Senior Credit Facility") comprised of a \$50.0 million term loan and a \$125.0 million revolver. On March 2, 2000, the Company amended and restated the Senior Credit Facility in connection with the acquisition of Lady Luck and BRDC, as well as, to provide financing for the pending acquisitions of the Flamingo Hilton Riverboat Casino in Kansas City, Missouri and of Davis Gaming Boonville, Inc. The previous \$175.0 million Senior Credit Facility was expanded under the amended and restated agreement to a \$600.0 million facility ("Amended and Restated Senior Credit Facility"). On June 18, 2001, Isle of Capri exercised an option under its existing \$600.0 million Amended and Restated Credit Agreement to add \$50.0 million of additional term loans under the same terms, conditions and covenants to bring the total Amended and Restated Senior Credit Facility to \$650.0 million.

Amended and Restated Senior Credit Facility

The \$650.0 million Amended and Restated Senior Credit Facility was comprised of a \$125.0 million revolving credit facility, a \$100.0 million Tranche A term loan maturing on March 2, 2005, a \$226.7 million Tranche B term loan maturing on March 2, 2006, and a \$198.3 million Tranche C term loan maturing on March 2, 2007. On April 26, 2002, the Company amended the existing \$650.0 million Amended and Restated Senior Credit Facility with a \$500.0 million Senior Secured Credit Facility (the "Senior Secured Credit Facility").

Senior Secured Credit Facility

The Senior Secured Credit Facility provides for a \$250.0 million revolving credit facility maturing on April 25, 2007 and a \$250.0 million term loan facility maturing on April 25, 2008. The proceeds were used to refinance \$336.8 million of the existing Amended and Restated Senior Credit Facility with the remainder being available for general corporate purposes.

At the Company's option, the revolving credit facility may bear interest at (1) the higher of 0.05% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 1.75%, or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 2.75%. The term loan may bear interest at the Company's option at (1) the higher of 0.05% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 1.5% or (2) a rate

ted to a LIBOR rate plus an applicable margin of up to 2.5%.

The Senior Secured Senior Credit Facility provides for certain covenants, including those of a financial nature. The Amended and Restated Senior Credit Facility is secured by liens on substantially all of the Company's assets and guaranteed by all of its significant restricted subsidiaries, excluding Casino America of Colorado, Inc., Isle-Black Hawk, and their subsidiaries.

The weighted average effective interest rate of total debt outstanding under the Senior Secured Credit Facility at April 28, 2002 was 6.27%.

13% FIRST MORTGAGE NOTES

On August 20, 1997, Isle-Black Hawk issued \$75.0 million of 13% First Mortgage Notes ("First Mortgage Notes") with contingent interest, due August 31, 2004, that was non-recourse debt to the Isle of Capri Casinos. Interest on the First Mortgage Notes was payable semi-annually on February 28 and August 31 of each year, commencing February 28, 1998. Additionally, contingent interest was payable on the First Mortgage Notes on each interest payment date, in an aggregate principal amount of 5% of the Consolidated Cash Flow (as defined in the Indenture governing the First Mortgage Notes). Every six months Isle-Black Hawk had been required to pay contingent interest in accordance with the Indenture. The amount of contingent interest expense totaled \$1.0 million in fiscal 2002, \$1.5 million in fiscal 2001 and \$1.1 million in fiscal 2000.

On December 18, 2001, Isle-Black Hawk redeemed all of its outstanding 13% First Mortgage Notes in the principal amount of \$75.0 million. The redemption price of the First Mortgage Notes was 106.500% of the principal amount plus accrued and unpaid interest to the date of redemption, equaling a redemption price of \$1,065 for each \$1,000 principal amount of Notes, plus accrued and unpaid interest. Isle of Capri recorded a \$2.4 million extraordinary loss, net of taxes of \$1.4 million during the fiscal year ended April 28, 2002, relating to the extinguishment of the First Mortgage Notes resulting from the payment of early payment premiums and the write-off of previously recorded debt acquisition costs.

ISLE-BLACK HAWK SECURED CREDIT FACILITY

On November 16, 2001 Isle-Black Hawk entered into a \$90.0 million secured credit facility (the "Secured Credit Facility"), that is non-recourse debt to the Isle of Capri, primarily for the purpose of funding the redemption of the 13% First Mortgage Notes. The Secured Credit Facility provides for a \$10.0 million revolving credit facility, a \$40.0 million Tranche A term loan maturing on November 16, 2005 and a \$40.0 million Tranche B term loan maturing on November 16, 2006.

Isle-Black Hawk is required to make quarterly principal payments on the term loan portions of the Secured Credit Facility that commenced in March 2002. Such payments on the Tranche A term loan initially will be \$2.0 million per quarter with scheduled increases to \$2.5 million per quarter commencing March 2003 and to \$3.0 million per quarter commencing March 2005. Such payments on the Tranche B term loan initially will be \$0.1 million per quarter with a scheduled increase to \$9.6 million per quarter commencing March 2006.

At Isle-Black Hawk's option, the revolving credit facility and the Tranche A term loan may bear interest at (1) the higher of 0.05% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 2.50%, or (2) a

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

rate tied to a LIBOR rate plus an applicable margin of up to 3.50%. At Isle-Black Hawk's option, the Tranche B term loan may bear interest at (1) the higher of 0.05% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 3.00%, or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 4.00%.

The Secured Credit Facility provides for certain covenants, including those of a financial nature. Isle-Black Hawk was in compliance with these covenants as of April 28, 2002. The Secured Credit Facility is secured by liens on the Isle-Black Hawk's assets.

8. LONG-TERM DEBT (CONTINUED)

The weighted average effective interest rate of total debt outstanding under the Secured Credit Facility at April 28, 2002 was 6.82%.

INTEREST RATE SWAPS

The Company entered into three interest rate swap agreements in the fourth quarter of fiscal 2001 and four interest rate swap agreements in fiscal 2002 that effectively convert portions of the floating rate term loans to a fixed-rate, thus reducing the impact of interest-rate changes on future interest expense. The notional value of the swaps, which were designated as cash flow hedges, was \$240.0 million or 73.2% of the Isle of Capri's variable rate term loans as of April 28, 2002. The interest rate swaps terminate as follows: \$50.0 million in fiscal 2003, \$150.0 million in fiscal 2004 and \$40.0 million in fiscal 2005.

For the fiscal year ended April 28, 2002, other comprehensive loss included \$4.1 million for changes in the fair value of derivative instruments for cash flow hedges. The fair value of the estimated interest differential between the applicable future variable rates and the interest rate swap contracts, expressed in present value terms totals \$6.4 million, of which \$1.2 million is recorded in other accrued current liabilities and \$5.2 million is recorded in other accrued long-term liabilities in the accompanying consolidated balance sheets. There was no effect on income related to hedge ineffectiveness.

At April 28, 2002, the Company does not expect to reclassify any net gains (losses) on derivative instruments from accumulated other comprehensive income to earnings during the next twelve months due to the payment of variable interest associated with the floating rate debt.

VARIABLE RATE TIF BONDS

As part of the City of Bettendorf Development Agreement dated June 17, 1997, the City issued \$9.5 million in tax incremental financing bonds ("TIF Bonds"), \$7.5 million of which was used by Isle-Bettendorf to construct an overpass, parking garage, related site improvements and pay for disruption damages caused by construction of the overpass. To enable financing of the City's obligations, Isle-Bettendorf will pay incremental property taxes on the developed property assessed at a valuation of not less than \$32.0 million until the TIF Bonds mature. Additionally, the TIF Bonds will also be repaid from the incremental taxes on the developed property within the defined "TIF District" which includes Isle-Bettendorf and over 100 other tax paying entities. As the TIF District will repay the TIF Bonds, Isle-Bettendorf may not be required to fully repay the \$7.5 million. In the event that the taxes generated by the project and other qualifying developments in the redevelopment district do not fund the repayment of the total TIF Bonds prior to their scheduled maturity, Isle-Bettendorf will pay the City \$0.25 per person for each person entering the boat until the

remaining balance has been repaid.

OTHER

The Isle of Capri has \$264.0 million in bank lines of credit including the Senior Secured Credit Facility and the Secured Credit Facility. As of April 28, 2002, Isle of Capri had \$75.0 million outstanding under these lines of credit.

The Isle-Black Hawk obtained a letter of credit, as a requirement to guarantee the City of Black Hawk ("the City of Black Hawk") improvements according to the subdivision improvement agreement with the City of Black Hawk. The letter of credit, totaling \$0.4 million and insured by \$0.2 million of restricted cash, could be drawn upon by the City of Black Hawk for repair on the public improvements during the one-year warranty period. The Company leases approximately 16.25 acres of land in Calcasieu Parish, Louisiana for use in connection with the Isle-Lake Charles. The initial term of this lease expires in March 2005 and we have the option to renew it for sixteen additional terms of five years each. Rent under the Isle-Lake Charles lease is currently \$1.5 million per year and is subject to increases based on the Consumer Price Index.

The Company has an agreement with the Biloxi Port Commission that provides the Company with certain docking rights. This agreement expires in July 2004, with seven renewal options of five years each. Annual rentals are the greater of \$500,000 or 1% of gross gaming revenue, as defined. Annual rent during each renewal term is adjusted for increases in the Consumer Price Index, limited to

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

6% for each renewal period.

In addition, the Company leases certain land, buildings, and other improvements from the City of Biloxi under a lease and concession agreement. This agreement expires in July 2004, with options to renew for six additional terms of five years each. Annual rent is \$530,000 plus 3% of gross gaming revenue, as defined, in excess of \$25.0 million. Annual rent during each renewal term is adjusted for increases in the Consumer Price Index, limited to 6% for each renewal period.

In April 1994, the Company entered an Addendum to the lease with the City of Biloxi, which requires the Company to pay 4% of gross non-gaming revenues received as defined, net of sales tax, comps and discounts. Additional rent will be due to the City of Biloxi for the amount of any increase from and after January 1, 2016 in the rent due to the State Institutions of Higher Learning under a lease between the City of Biloxi and the State Institutions of Higher Learning (the "IHL Lease") and for any increases in certain tidelands leases between the City of Biloxi and the State of Mississippi.

In April 1994, in connection with the construction of a hotel, the Company entered a lease for additional land. The Company first acquired the leasehold interest of Sea Harvest, Inc., the original lessee, for consideration of \$8,000 per month for a period of ten years. The Company's lease is with the City of Biloxi, Mississippi, for an initial term of 25 years, with options to renew for six additional terms of 10 years each and a final option period with a

termination date commensurate with the termination date of the IHL Lease, but in no event later than December 31, 2085. Annual rent (which includes payments to be made pursuant to the purchase of a related leasehold interest) is \$444,400, plus 4% of gross non-gaming revenue, as defined. The annual rent is adjusted after each five-year period based on increases in the Consumer Price Index, limited to a 10% increase in any five-year period. The annual rent will increase 10 years after the commencement of payments pursuant to a termination of lease and settlement agreement, to an amount equal to the sum of annual rent as if it had been \$500,000 annually plus adjustments thereto based on the Consumer Price Index.

The Company leases approximately 1,000 acres of land in Coahoma County, Mississippi and utilizes approximately 50 acres in connection with the operations of the Isle-Lula. Unless terminated by the Company at an earlier date, the lease expires in 2033. Rent under the lease is currently 5.5 % of gross gaming revenue as established by the Mississippi Gaming Commission, as well as \$3,333 per month for the Rhythm & Blues hotel.

Through numerous lease agreements, the Company leases approximately 64 acres of land in Natchez, Mississippi, which is used in connection with the operation of the Isle-Natchez. Unless terminated by the Company at an earlier date, the lease expiration dates vary from 2002-2037. Rents under the leases currently total approximately \$60,000 per month. The Company also leases approximately 7.5 acres of land, which is utilized for parking at the facility.

In March 1999, the Company entered into a lease for land in Tunica County, Mississippi for use in connection with the Isle-Tunica. The initial lease term is five years with the option to renew the lease for seven additional terms of five years. Base rent for each lease year equals the greater of 2% of gross gaming revenue or \$800,000. Once gross gaming revenue exceeds \$40.0 million during any lease year, the base rent in the following months of such year shall

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

be increased by an amount equal to 2% of such excess. The landlord is entitled to receive additional rent based on excess available cash, as defined in the lease.

The Company entered into a lease agreement with the City of Boonville ("the City of Boonville"). Under the terms of agreement, the Company leases the site for a period of 99 years. The Company was required to pay \$1.7 million to the City of Boonville as lump sum rent payment during construction of the casino. There is no rent due after casino opening date.

During the one year period after the casino opening date, after the City of Boonville has received \$0.8 million in admission fees. The Company will receive a dollar for dollar rebate, up to \$0.2 million, of the lump sum rent for every additional dollar which the City of Boonville receives from the admission fees. As of April 28, 2002, the City of Boonville has received \$1.0 million in admission fees.

Under terms of the agreement, the Company is required to make quarterly payments of 3.5% of gross revenues to a construction escrow account. The maximum amount required to be paid into the account is \$1.0 million. Within two years of the casino opening date, the Company is required to commence construction of an amphitheater or a community project, funded by the escrow account. If the Company does not commence construction, the amount in the escrow account reverts to the City of Boonville. As of April 28, 2002, the Company had paid \$0.7 million into the escrow account.

The Company leases approximately 28 acres from the Kansas City Port Authority in connection with the operation of the Isle-Kansas City. The term of the lease is 5 years and we have the option to renew the lease for 8 additional terms of 5 years each. Rent under the lease is currently \$3.0 million per year, subject to the higher of \$3.0 million (minimum rent) per year, or 3.25% of gross revenues, less complimentaries.

The Company leases riverfront land from the City of Marquette, Iowa, under a lease agreement. This agreement expires in December 2019. Annual rent is \$180,000 payable in equal monthly installments due on the first of each month. In addition to the base rent, the Company must also pay the following amounts: (1) \$0.50 per customer per day due the 15th day following each month and (2) 2.5% of net gambling receipts, as defined, from \$20.0 million to \$40.0 million, plus 5% of net gambling receipts, as defined, from \$40.0 million to \$60.0 million, plus 7% of net gambling receipts, as defined, in excess of \$60.0 million, due annually.

In February 1995, in conjunction with its planned Cripple Creek Colorado development, the Company entered into a land lease. The lease has an initial term of 25 years, with options to renew for seven additional terms of 10 years each. The base rent is \$250,000 per year increased by \$10,000 each year until the annual rent is \$300,000. After seven years, and every two years thereafter, the annual rent is adjusted based on increases in the Consumer Price Index, limited to a 4% increase in any two-year period.

Future minimum payments under capital leases and noncancelable operating leases with initial terms of one year or more consisted of the following at April 28, 2002:

The Company leases approximately eight acres of land on a month-to-month basis from an entity owned by members of Bernard Goldstein's family, including Robert S. Goldstein and Jeffrey D. Goldstein, which is used for parking and warehouse space by the Isle-Bettendorf. The initial term of the lease expires 60 days after written notice is given to either party and rent under the lease is currently \$23,360 per month.

The Company reimburses Alter Trading Corporation, a company owned by Robert S. Goldstein, Jeffrey D. Goldstein and other members of the Goldstein family, for annual lease payments of approximately \$99,000 with respect to property leased by Alter Trading Corporation. The land was leased at the Company's request in order to secure a site for possible casino operations.

STOCK-BASED COMPENSATION - DEFERRED BONUS PLAN

In the fiscal 2001, the Company's stockholders approved the Deferred Bonus Plan.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

The Plan provides for the issuance of nonvested stock to eligible officers and employees who agree to receive a deferred bonus in the form of nonvested stock. The vesting of the stock is dependent upon continued service to the Company for a period of five years. At April 28, 2002, the nonvested stock issued in connection with the Plan totaled 355,898 shares, of which 40,277 shares were issued during fiscal year ended April 28, 2002, at \$8.92, the weighted-average fair value of the nonvested stock at the grant date. For the fiscal year ended April 28, 2002, the Company recorded an unearned compensation contra account in consolidated stockholders' equity equal to the fair value of the nonvested award and recorded compensation expense for the portion of unearned compensation that had been earned through April 28, 2002. Compensation expense related to stock-based compensation totaled \$376,000 in fiscal 2002, \$900,000 in fiscal 2001, and \$0 in fiscal 2000.

STOCK REPURCHASE

In November 2000, the Company's Board of Directors approved a stock repurchase program allowing for the purchase of up to 1.5 million shares of the Company's outstanding common stock. In January 2001, the Board of Directors approved an additional 1.5 million shares under the stock repurchase program. In October 2001, the Board of Directors resolved that the Company buy up to \$25.0 million of stock in the Corporation even if the total number of shares to be purchased exceeds the 3.0 million shares previously authorized by the board. As of April 28, 2002, a total of 3.0 million shares of common stock had been repurchased at a total cost of \$24.7 million.

STOCKHOLDER RIGHTS PLAN

In February 1997, the Company adopted a Stockholder Rights Plan. The Plan is designed to preserve the long-term value of the shareholders' investment in the Company. Under the Plan, each shareholder will receive a distribution of one Right for each share of the Company's outstanding common stock. The Rights were distributed to shareholders of record on March 3, 1997 and will expire ten years thereafter. Each right entitles the holder to purchase one one-thousandth (1/1,000) of a share of a new series of participating preferred stock at an initial exercise price of \$12.50. Initially the rights are represented by the Company's common stock certificates and are not exercisable. The rights become exercisable shortly after a person or group acquires beneficial ownership of 15% or more of the Company or publicly announces its intention to commence a tender or exchange offer that would result in the 15% beneficial ownership level. Under certain circumstances involving a buyer's acquisition of a 15% position in the Company, all Rights holders except the buyer will be entitled to purchase common stock at half price. If the Company is acquired through a merger, after such an acquisition, all Rights holders except the buyer will be entitled to purchase stock in the buyer at half price. The Company may redeem the Rights at one cent each at any time before a buyer acquires 15% of the Company's stock.

12. EMPLOYEE BENEFIT PLANS

401(K) PLAN

The Company has a 401(k) plan covering substantially all of its employees. The Company's contribution expense related to the 401(k) plan was approximately \$2.0 million in fiscal 2002, \$1.8 million in fiscal 2001 and \$0.9 million in fiscal 2000. The Company's contribution is based on a percentage of employee contributions and may include an additional discretionary amount. The 401(k) plan allows employees to invest no more than 5% of their contribution in the Company's common stock.

INSURANCE PLAN

The Company has a qualified employee insurance plan covering all employees who

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

work an average of 32 hours or more per week on a regular basis. The plan, which is self-funded by the Company with respect to claims below a certain maximum amount, requires contributions from eligible employees and their dependents. The Company's contribution expense for the plan was approximately \$40.3 million in fiscal 2002, \$28.8 million in fiscal 2001 and \$14.5 million in fiscal 2000.

13. BUSINESS INTERRUPTION INSURANCE RECOVERIES

During the fiscal year ended April 28, 2002, the Isle of Capri recorded \$4.2 million in business interruption insurance proceeds. These amounts are recorded in the accompanying consolidated statements of operations in the line item "Marketing and Administrative Operating Expenses." All of the business interruption insurance proceeds relate to the flooding of the Mississippi River that closed the Isle-Marquette from April 18, 2001 through May 2, 2001 and the Rhythm City-Davenport from April 18, 2001 through May 20, 2001.

14. ACCRUED LITIGATION SETTLEMENT

During the fiscal year ended April 28, 2002, Isle of Capri recorded a \$2.6 million charge for an accrued litigation settlement, net of insurance proceeds, related to the Isle-Lake Charles.

15. VALUATION CHARGE

During the fourth quarter of fiscal 2002, the Company recorded a valuation charge totaling \$59.2 million related to the write-down of the assets at the Isle-Tunica and the Lady Luck-Las Vegas. Although both properties had been operating with losses, the Company was committed to improving the results at these properties with additional capital spending and had begun the process resulting in modest positive cash flow at the Isle-Tunica and reduced losses at the Lady Luck-Las Vegas during the fourth quarter of fiscal 2002. Isle of Capri's efforts to increase these properties' performance included focused marketing campaigns and extensive cost reductions. However, on March 14, 2002, the Board resolved to sell or otherwise dispose of the property and equipment at the Isle-Tunica and the Lady Luck-Las Vegas. Under the provisions of SFAS No. 121, the Company then determined that it would not be able to recover the carrying value of the Isle-Tunica or the Lady Luck-Las Vegas based on current real estate and market conditions in these markets. As such, the Company recorded in the line item "Valuation Charge" in the accompanying consolidated statements of operations an impairment write-down of \$59.2 million, representing the difference between the Isle-Tunica's and the Lady Luck-Las Vegas' carrying values of \$80.7 million and their estimated fair values less estimated costs to sell of \$21.5 million. Fair values were based on the most recent offer to purchase the assets. In addition, as the Company committed to a disposal plan in the fourth quarter of 2002 and begun aggressively seeking a buyer of the Isle-Tunica and the Lady Luck-Las Vegas, the Company reclassified the carrying value of these properties to "Property held for sale" in the accompanying consolidated balance sheets as of April 28, 2002. The Company expects to dispose of the Isle-Tunica and the Lady Luck-Las Vegas before the end of fiscal 2003.

In addition, the Company recorded a valuation allowance totaling \$2.2 million in fiscal 2002 and \$1.0 million in fiscal 2001 to reflect the write-down of marine assets held for sale.

16. PREOPENING EXPENSES

Preopening expenses of \$3.9 million, \$0.2 million and \$3.4 million represent salaries, benefits, training, marketing and other costs incurred in connection with the opening of the Isle-Boonville on December 6, 2001, the Isle-Boonville on December 6, 2001 and the Isle-Tunica on July 26, 1999, respectively.

17. OTHER CHARGES

During fiscal 2001, other charges of \$8.2 million included a \$3.0 million loss due to the write-off of abandoned expansion projects assets at the Isle-Biloxi, a \$2.9 million loss due to the termination of the joint venture as a result of Bankruptcy Court filings by Commodore Holdings, Ltd., the operator of the Enchanted Capri and owner of the remaining 50% interest in the joint venture, a \$1.4 million buyout of the Crowne Plaza license at the Isle-Biloxi, and a \$0.9 million loss relating to the write off of the theater production contracts at the Isle-Tunica.

18. INCOME TAXES (CONTINUED)

At April 28, 2002, the valuation allowance on the deferred tax assets was no longer required. Goodwill related to the Isle-Lake Charles acquisition was reduced to reflect the elimination of the valuation allowance.

At April 28, 2002, the Company had alternative minimum tax credits that can be carried forward indefinitely to reduce future regular tax liabilities. Additionally, as of April 28, 2002, the Company had federal net operating loss carryforwards of \$87.0 million for income tax purposes, with expiration dates from 2008 to 2019. The net operating losses are subject to limitation under the income tax regulations, which may limit the amount ultimately utilized.

The Internal Revenue Service ("IRS") has completed examinations of our federal consolidated income tax returns for fiscal years ending April 1994-April 1997 and currently is examining the returns for fiscal years ending April 1998-April 2000. The IRS has proposed adjustments in connection with the examinations for the April 1994-April 1998 returns but a final determination has not been made. We believe that the Company's positions comply with applicable tax law and intend to defend the Company's positions vigorously. The ultimate disposition of these matters could require the Company to make additional payments to the IRS. Nonetheless, we believe that the Company has adequately provided for any foreseeable payments related to these matters and consequently do not anticipate any material earnings impact from the ultimate resolution of these matters.

19. EXTRAORDINARY LOSS

The Company incurred pre-tax extraordinary losses totaling \$7.0 million in fiscal 2002 and \$1.6 million in fiscal 2000. For fiscal year 2002, these losses related to the extinguishment of debt, in connection with the refinancing of the Isle-Black Hawk's \$75.0 million 13% First Mortgage Notes on December 18, 2001, and the refinancing of the Isle of Capri's Amended and Restated Credit Facility on March 27, 2002. These losses included early payment premiums, as well as the write-off of debt acquisition costs. For fiscal 2000, this loss was associated with the extinguishment of debt, primarily related to debt associated with the acquisition of the Lady Luck on March 2, 2000. This loss included the write-off

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

of debt acquisition costs. The income tax benefit from the extraordinary losses was approximately \$2.7 million in fiscal 2002 and \$0.6 million in fiscal 2000.

20. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and cash equivalents - The carrying amounts approximate fair value because of the short maturity of these instruments.

Short-term investments - The carrying amounts approximate fair value because of the short maturity of these instruments.

Restricted cash - The carrying amounts approximate fair value because of the short maturity of these instruments.

Long-term debt - The fair value of the Company's long-term debt is estimated based on the quoted market price of the underlying debt issue or, when a quoted market price is not available, the discounted cash flow of future payments utilizing current rates available to the Company for debt of similar remaining maturities. Debt obligations with a short remaining maturity are valued at the carrying amount.

21. CONTINGENCIES

One of our subsidiaries has been named, along with numerous manufacturers, distributors and gaming operators, including many of the country's largest gaming operators, in a consolidated class action lawsuit pending in Las Vegas, Nevada. These gaming industry defendants are alleged to have violated the Racketeer Influenced and Corrupt Organizations Act by engaging in a course of fraudulent and misleading conduct intended to induce people to play their gaming machines based upon a false belief concerning how those gaming machines actually operate and the extent to which there is actually an opportunity to win on any given play. The suit seeks unspecified compensatory and punitive damages. A motion for certification of the class is currently pending before the court and no discovery as to the merits of the alleged claims has begun. The Company is unable at this time to determine what effect, if any, the suit would have on our financial position or results of operations. However, the gaming industry defendants are committed to defend vigorously all claims asserted in the consolidated action.

In August 1997, a lawsuit was filed which seeks to nullify a contract to which Louisiana Riverboat Gaming Partnership is a party. Pursuant to the contract, Louisiana Riverboat Gaming Partnership pays a fixed amount plus a percentage of revenue to various local governmental entities, including the City of Bossier and the Bossier Parish School Board, in lieu of payment of a per-passenger boarding fee. Summary judgment in favor of Louisiana Riverboat Gaming Partnership was granted on June 4, 1998. That judgment was not appealed and is now final. On June 11, 1998, a similar suit was filed and the lower court rendered judgment in our favor on September 16, 1999. The case was reversed on appeal and remanded to the lower court for further proceedings; however, on October 8, 2001, the trial court dismissed the case again, this time on the basis that the plaintiffs lack standing. The plaintiffs have amended the petition and continue to pursue this matter. The Company intends to vigorously defend this suit. In addition, a similar action was recently filed against the City of Bossier City, challenging the validity of its contracts with Louisiana Riverboat Gaming Partnership and other casinos. Exceptions have been filed requiring joinder of all interested parties, including Louisiana Riverboat Gaming Partnership. The Company believes the claims are without merit and to continue to vigorously defend this suit along with the other interested parties.

21. CONTINGENCIES (CONTINUED)

Lady Luck and several joint venture partners are defendants in a lawsuit brought by the country of Greece and its Minister of Tourism before the Greek Multi-Member Court of First Instance. The action alleges that the defendants failed to make specified payments in connection with the gaming license bid process for Patras, Greece. The payment the Company is alleged to have been required to make aggregates approximately \$2.1 billion drachma (which was approximately \$5.6 million as of April 28, 2002 based on published exchange rates). Although it is difficult to determine the damages being sought from the lawsuit, the action may seek damages up to that aggregate amount plus interest from the date of the alleged breach. The court granted summary judgment in our favor and dismissed the lawsuit, but the Ministry of Tourism has appealed the matter and the appeal was heard in April 2002. There has been no announcement as to whether there has been a decision on the appeal. Accordingly, the outcome is still in doubt and cannot be predicted with any degree of certainty. The Company believes the claims against us to be without merit and the Company

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K/A

intends to continue vigorously defending the claims asserted in this action.

The Company is engaged in various other litigation matters and has a number of unresolved claims. Although the ultimate liability of this litigation and these claims cannot be determined at this time, we believe that they will not have a material adverse effect on our consolidated financial position or results of operations.

The Company is subject to certain federal, state and local environmental protection, health and safety laws, regulations and ordinances that apply to businesses generally, and is subject to cleanup requirements at certain of its facilities as a result thereof. The Company has not made, and does not anticipate making, material expenditures or incurring delays with respect to environmental remediation or protection. However, in part because the Company's present and future development sites have, in some cases, been used as manufacturing facilities or other facilities that generate materials that are required to be remediated under environmental laws and regulations, there can be no guarantee that additional pre-existing conditions will not be discovered and that the Company will not experience material liabilities or delays.

Quarterly data may not necessarily sum to the full year data reported in the Company's consolidated financial statements.

The third quarter of fiscal 2001 includes other charges of \$4.3 million related to the \$2.9 million loss on investment in joint venture and a \$1.4 million write-off of the Crowne Plaza license at the Isle-Biloxi. On April 20, 1998, a subsidiary of the Company formed a joint venture with Commodore Holdings Limited, parent company of Commodore Cruise Line, to operate a cruise ship docking from New Orleans. Cruise operations began in early June 1998. In December 2000, the cruise ship ceased operations as a result of Bankruptcy Court filings by Commodore Holdings, Ltd. and certain subsidiaries, the owner of the remaining 50% interest in the joint venture and the operator of the ship. The Company no longer owns an interest in the joint venture and recorded a charge of approximately \$2.9 million related to the write-off of its investment and related costs.

The fourth quarter of fiscal 2001 includes other charges of \$3.9 million related to the \$3.0 million write-off of abandoned expansion project assets at the Isle-Biloxi, and \$0.9 million relating to the

write-off of the theater production contracts at the Isle-Tunica. In May 1999, the Isle-Biloxi started design and engineering work to build a parking garage that would act as a podium for a timeshare development. In fiscal 2001, the Isle-Biloxi was unable to acquire all the permits, approvals and a lease with the City of Biloxi for this particular development. As a result, the design and engineering costs had to be abandoned. A subsequent similar project has been proposed, and the Company expects expect to obtain all approvals. Other than the lost design and engineering costs of approximately \$3.0 million and the delay in the project, there is no impact on the Isle-Biloxi's results or operations.

The first quarter of fiscal 2002 includes \$0.25 million related to business interruption proceeds at the Isle-Marquette and \$0.4 million related to preopening expenses incurred in preparation for the opening of the Isle-Boonville on December 6, 2001.

The second quarter of fiscal 2002 includes \$1.25 million and \$0.25 million related to business interruption proceeds at the Rhythm City-Davenport and the Isle-Marquette, respectively. The second quarter of fiscal 2002 also includes \$1.1 million related to preopening expenses incurred in preparation for the opening of the Isle-Boonville on December 6, 2001.

The third quarter of fiscal 2002 includes \$2.15 million and \$0.25 million related to business interruption proceeds at the Rhythm City-Davenport and the Isle-Marquette, respectively. The third quarter of fiscal 2002 also includes \$2.3 million related to preopening expenses incurred in preparation for the opening of the Isle-Boonville on December 6, 2001.

The fourth quarter of fiscal 2002 includes \$59.2 million related to a valuation charge for the difference between net book value and estimated fair value less estimated costs to sell at the Isle-Tunica and the Lady Luck-Las Vegas. Also included in the fourth quarter of fiscal 2002, is a valuation charge of \$2.2 million for a barge and hulls that have been in storage for future development and will be offered for sale in fiscal 2003 and \$2.6 million related to an accrued litigation settlement at the Isle-Lake Charles.

24. SUBSEQUENT EVENT

PROPOSED STOCK OFFERING

On May 24, 2002, the Company filed a registration statement with the SEC for a proposed offering of up to 6,152,500 shares of our common stock (which includes 802,500 shares to cover over-allotments). The Isle of Capri would sell up to 4,802,500 of such shares and certain stockholders, consisting of Bernard Goldstein, the Company's Chairman and Chief Executive Officer, and certain members of Mr. Goldstein's family and affiliated entities would sell up to the remaining 1,350,000 shares. The registration statement relating to these shares has not become effective, and the Company can give no assurances that it will become effective. In addition, the Company can provide no assurances as to whether any such offering will ultimately occur, the timing of any such offering or the price at which any shares may be sold, and therefore, the amount of proceeds the Company might raise.
