Report of Independent Registered Public Accounting Firm

To the Plan Administrator
Isle of Capri Casinos, Inc. Retirement
Trust and Savings Plan
Biloxi, Mississippi

We have audited the accompanying statements of net assets available for benefits of the Isle of Capri Casinos, Inc. Retirement Trust and Savings Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements, referred to above present fairly, in all material respects, the net assets available for benefits of Isle of Capri Casinos, Inc. Retirement Trust and Savings Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2005, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Note A - Description of Plan

The following description of the Isle of Capri Casinos, Inc. Retirement Trust and Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering the employees of Isle of Capri Casinos, Inc., and its subsidiaries, who are age 21 or older and have completed one year of service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and participants' accounts - Each participant's account is credited with the participant's elective deferral contribution up to 15% of their salary not to exceed the limits under Code Section 402(g), an employer matching contribution equal to 25% of the participant's elective deferral contribution, rollover contributions, transfers from other plans, voluntary contributions, employer vacation contributions, and an allocation of (a) employer's qualified non-elective contributions, if made; (b) employer's discretionary contributions, if made; (c) Plan earnings; and (d) forfeitures of terminated participants' non-vested accounts. Allocations are based on compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective deferral contributions, rollover contributions, transfers in from other plans, voluntary contributions, qualified non-elective employer contributions, employer matching contributions, employer vacation contributions, and actual earnings thereon. Participants are vested in discretionary employer contributions, including forfeitures, if any, after the completion of seven years of service or earlier attainment of the normal retirement age or death while employed by the employer.

Payment of benefits - Upon termination of service, or at normal retirement age, participants can receive a lump sum amount equal to the vested portion of their account. Participants may request to receive installment payments instead of the normal lump sum distribution.

Participant loans receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 5.00% to 10.5%. Principal and interest is paid ratably through monthly payroll deductions.

Note B - Summary of Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

(Continued)**

Investment valuation - The Plan's investments are stated at fair value and represent the plan's share of the market value of fund holdings or are based on quoted market prices. Loans to Participants, which are subject to various interest rates, are carried at cost (original loan less repayments) which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of benefits - Benefits are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note E - Income Tax Status

On March 28, 2005 the plan was amended to state that in the event of a mandatory distribution greater than \$1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan or to receive the distribution directly, then the Administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Administrator.
