Management Information Circular
Notice of 2019 Annual and Special Meeting
to be held on June 6, 2019

CHAIRMAN'S LETTER TO SHAREHOLDERS

April 24, 2019

Dear fellow shareholders:

On behalf on the Board, please join us at our annual and special meeting of shareholders of Intertape Polymer Group (“IPG”) to be held on June 6, 2019 at the Omni King Edward Hotel, Belgravia Meeting Room, 37 King Street East, Toronto, Ontario M5C 1E9 at 10:00 a.m. (eastern time). After the formal proceedings, management will provide an update of our corporate progress and our growth plans.

On the business front, we continued to execute our strategy during the course of 2018 to position IPG as a global leader in packaging and protective solutions. We have strengthened our unique product bundle, expanded our geographic footprint and made operational improvements at the plant level. We delivered on these items while also achieving record revenue, surpassing \$1 billion in fiscal 2018, up more than 17 percent from 2017. This improvement was driven by both organic growth from the base business and our acquisition strategy.

One of the major growth initiatives we executed is our capital expenditure program. In the past two years, we essentially doubled our capital expenditures at the plant level - investing in our facilities to further strengthen our competitive position as a low-cost producer of tapes, films, woven, and now today, protective packaging solutions. We deployed more than \$160 million combined in 2017 and 2018 as part of this program, including at three greenfield facilities consisting of Midland, North Carolina for water-activated tape and at two new facilities in India producing tapes and woven materials. This capital investment has improved our operations from both a production capacity and an operational efficiency perspective. The capital expenditure program is now winding down and we expect to return to a more normal level of investment in the range of \$45 to \$55 million in 2019 which should result in improved free cash flow generation.

While investing and building out our existing assets, we have also been active on the business acquisition front. During 2018, we announced two significant acquisitions, Polyair and Maiweave. Our acquisition of Polyair is very exciting. In our view, it significantly strengthens our product bundle as protective packaging solutions was the one major product category that we were missing. We believe our scale and our network of distributor relationships can make a meaningful impact for Polyair.

We believe 2019 represents an inflection point for the business. The investments we have made through our capital program and our acquisitions position us for continued success.

The Management Information Circular attached to this letter provides information on the compensation for directors and executive management, our governance practices, directors to be elected at the meeting and certain other items to be voted upon as set out in the notice of meeting.

If you are unable to attend the meeting in person, we encourage you to exercise your right to vote by completing the proxy, or if applicable, the voting instruction form and return it within the deadline indicated to ensure your vote is counted as part of the process. If you require any assistance or have questions please contact IPG’s strategic shareholder advisor and proxy solicitation agent, Kingsdale Advisors, by telephone at 1-855-682-9437 (toll-free within North America) or 1-416-867-2272 (collect call outside North America) or by email at contactus@kingsdaleadvisors.com.

On behalf of the Board and the entire organization we appreciate your continued support.

Sincerely

“Jim Pantelidis”

MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES BY MANAGEMENT

This Management Information Circular (the “Circular”) is furnished in connection with the solicitation by the management of Intertape Polymer Group Inc. (the “Company”) of proxies to be used at the annual and special meeting of shareholders (the “Meeting”) of the Company to be held at the time and place and for the purposes set out in the Notice of Meeting and all adjournments thereof. Except as otherwise stated, the information contained herein is given as of April 24, 2019 and all dollar amounts in this Circular are in US dollars. The solicitation of proxies by management will be made primarily by mail. However, directors, officers and employees of the Company may also solicit proxies by telephone, telecopier, e-mail or in person. The total cost of solicitation of proxies will be borne by the Company. The Company has also engaged Kingsdale Advisors (“Kingsdale”) as its strategic shareholder advisor and proxy solicitation agent, and will pay fees of approximately \$40,000 to Kingsdale for the advisory and proxy solicitation services in addition to certain out-of-pocket expenses. Kingsdale can be reached by telephone, toll-free in North America at 1-855-682-9437 or at 416-867-2272 outside of North America (collect call) or by e-mail at contactus@kingsdaleadvisors.com.

INTERNET AVAILABILITY OF PROXY MATERIALS

Notice-and-Access

The Company has again this year elected to use “notice-and-access” rules (“Notice-and-Access”) under National Instrument 54-101 Communication with Beneficial Owners of Securities of a Reporting Issuer (“NI 54-101”) for distribution of Proxy-Related Materials (as defined below) to shareholders who do not hold common shares of the Company (“Shares”) in their own names (referred to herein as “Beneficial Shareholders”). Notice-and-Access is a set of rules that allows issuers to post electronic versions of proxy-related materials on SEDAR and on one additional website, rather than mailing paper copies. “Proxy-Related Materials” refers to this Circular, the Notice of Meeting, a voting instruction form and the Company’s 2018 annual report containing the Company’s annual audited consolidated financial statements as of and for the year ended December 31, 2018 and the related Management’s Discussion and Analysis.

The use of Notice-and-Access is more environmentally friendly as it helps reduce paper use. It also reduces the Company’s printing and mailing costs. Beneficial Shareholders may obtain further information about Notice-and-Access by contacting AST Trust Company (Canada) toll free at 800-387-0825 (within North America) or 416-682-3860 (outside North America).

The Company is not using Notice-and-Access for delivery to shareholders who hold their Shares directly in their respective names (referred to herein as “Registered Shareholders”). Registered Shareholders will receive paper copies of this Circular and related materials via prepaid mail.

Websites Where Proxy-Related Materials are Posted

The Proxy-Related Materials are available on the Company’s website at www.itape.com and under the Company’s profile on SEDAR at www.sedar.com (Canada) and at www.sec.gov (United States). All shareholders are reminded to review the Proxy-Related Materials, including this Circular, before voting.

Notice Package

Although the Proxy-Related Materials have been posted on-line as noted above, Beneficial Shareholders will receive paper copies of a notice package (“Notice Package”) via prepaid mail containing information prescribed by NI 54-101 such as the date, time and location of the Meeting, the website addresses where the Proxy-Related Materials are posted, a voting instruction form (“VIF”), and a supplemental mail list return card for Beneficial Shareholders to request that they be included in the Company’s supplementary mailing list for receipt of the Company’s interim financial statements for the 2019 fiscal year.

How to Obtain Paper Copies of Proxy-Related Materials

Beneficial Shareholders may obtain paper copies of this Circular, the Company’s 2018 annual report and other Proxy-Related Materials free of charge by contacting the Company toll free at 866-202-4713 or by email at [Itp\\$info@itape.com](mailto:Itp$info@itape.com). Any request for paper copies which are required in advance of the Meeting should be sent so that the request is received by the Company by 5:00 p.m. (eastern time) on May 22, 2019 in order to allow sufficient time

for Beneficial Shareholders to receive their paper copies and to return their voting instruction form by its due date.

APPOINTMENT AND REVOCATION OF PROXIES

General

As mentioned above, shareholders may be “Registered Shareholders” or “Beneficial Shareholders”. If Shares are registered in the name of an intermediary and not registered in the shareholder’s name, they are said to be owned by a “Beneficial Shareholder”. An intermediary is usually a bank, trust company, securities dealer or broker, or a clearing agency in which an intermediary participates. The instructions provided below set out the different procedures for voting Shares at the Meeting to be followed by Registered Shareholders and Beneficial Shareholders.

The persons named in the enclosed instrument appointing a proxy holder are officers or directors of the Company. Each shareholder has the right to appoint a person or company (who need not be a shareholder) to attend and act for him at the Meeting other than the persons designated in the enclosed form of proxy by inserting such other person’s name in the blank space provided in the form of proxy and signing the form of proxy or by completing and signing another proper form of proxy. Shareholders who have given a proxy also have the right to revoke it insofar as it has not been exercised. The right to appoint an alternate proxy holder and the right to revoke a proxy may be exercised by following the procedures set out below under “Registered Shareholders” or “Beneficial Shareholders”, as applicable. If any shareholder receives more than one proxy or voting instruction form, it is because that shareholder’s Shares are registered in more than one form. In such cases, shareholders should sign and submit all proxies or voting instruction forms received by them in accordance with the instructions provided.

Registered Shareholders

Registered Shareholders have two methods by which they can vote their Shares at the Meeting; namely in person or by proxy. To assure representation at the Meeting, Registered Shareholders are encouraged to return the proxy included with this Circular. Sending in a proxy will not prevent a Registered Shareholder from voting in person at the Meeting. The vote will be taken and counted at the Meeting. Registered Shareholders who do not plan to attend the Meeting or do not wish to vote in person can vote by proxy.

To be valid, the duly-completed form of proxy must be deposited at the offices of AST Trust Company (Canada), P.O. Box 721, Agincourt, Ontario M1S 0A1 prior to 5:00 p.m. (eastern time) on June 5, 2019 or with the Chairman of the Meeting before the commencement of the Meeting or any adjournment thereof. A Registered Shareholder may return the completed proxy as follows:

- (a) by mail in the enclosed envelope;
- (b) by the Internet by accessing the following Internet site: www.astvotemyproxy.com and entering the personalized 13-digit e-voting control number printed on the form of proxy and following the instructions on the website;
- (c) by fax to 416-368-2502 or toll free in Canada and the United States to 1-866-781-3111;
- (d) by telephone by calling 1-888-489-7352 as described on the enclosed proxy;
- (e) by email by scanning the proxy and emailing it to proxyvote@astfinancial.com; or
- (f) by registered mail, by hand or by courier to the attention of AST Trust Company (Canada), 1 Toronto Street, Suite 1200 Toronto, Ontario M5C2V6.

To exercise the right to appoint a person or company to attend and act for a Registered Shareholder at the Meeting, such shareholder must strike out the names of the persons designated on the enclosed instrument appointing a proxy and insert the name of the alternate appointee in the blank space provided for that purpose. The instrument appointing a proxy holder must be executed by the shareholder or by his attorney authorized in writing or, if the shareholder is a corporate body, by its authorized officer or officers.

To exercise the right to revoke a proxy, in addition to any other manner permitted by law, a shareholder who has given a proxy may revoke it by instrument in writing, executed by the shareholder or his attorney authorized in writing, or if the shareholder is a corporation, by a duly-authorized officer or attorney thereof, and deposited: (i) with AST Trust Company (Canada), P.O. Box 721, Agincourt, Ontario M1S 0A1 at any time up to and including prior to 5:00 p.m.

(eastern time) on June 5, 2019, or (ii) with the Chairman of the Meeting on the date of the Meeting, or at any adjournment thereof, and upon either of such deposits the proxy is revoked.

Shareholders who have any questions should contact Intertape Polymer Group Inc.'s strategic shareholder advisor and proxy solicitation agent, Kingsdale Advisors, at 1-855-682-9437 (toll-free within North America) or 416-867-2272 (collect call outside North America) or by e-mail at contactus@kingsdaleadvisors.com.

BENEFICIAL SHAREHOLDERS

Beneficial Shareholders who have not objected to their intermediary disclosing certain ownership information about themselves to the Company are referred to as "NOBOs". Beneficial Shareholders who have objected to their intermediary disclosing the ownership information about themselves to the Company are referred to as "OBOs". As mentioned above, the Company is using Notice-and-Access to provide Proxy-Related Materials to Beneficial Shareholders. Therefore, a Notice Package will be sent via prepaid mail directly to the NOBOs and, indirectly, through intermediaries to the OBOs; the Company is assuming the cost of such delivery to OBOs.

Meeting Materials Received by OBOs from Intermediaries

The Company has distributed copies of the Notice Package to intermediaries for distribution to OBOs. Intermediaries are required to deliver the Notice Package to all OBOs of the Company who have not waived their right to receive these materials, and to seek instructions as to how to vote Shares. Often, intermediaries will use a service company (such as, for example, Broadridge Financial Solutions, Inc.) to forward the Notice Package to OBOs.

OBOs who receive the Notice Package will typically be given the ability to provide voting instructions in one of two ways:

Generally, an OBO will be given a VIF which must be completed and signed by the OBO in accordance with the (a) instructions provided by the intermediary. In this case, the mechanisms described above for Registered Shareholders cannot be used and the instructions provided by the intermediary must be followed.

Occasionally, an OBO may be given a proxy that has already been signed by the intermediary. This form of proxy (b) is restricted to the number of Shares owned by the OBO but is otherwise not completed. This form of proxy need not be signed by the OBO but must be completed by the OBO and returned to AST Trust Company (Canada) in the manner described above for Registered Shareholders.

The purpose of these procedures is to allow OBOs to direct the proxy voting of the Shares that they own but that are not registered in their name. Should an OBO who receives either a form of proxy or a VIF wish to attend and vote at the Meeting in person (or have another person attend and vote on its behalf), the OBO should strike out the persons named in the form of proxy as the proxy holder and insert the OBO's (or such other person's) name in the blank space provided or, in the case of a VIF, follow the corresponding instructions provided by the intermediary. In either case, OBOs who received a Notice Package from their intermediary should carefully follow the instructions provided by the intermediary.

To exercise the right to revoke a proxy, an OBO who has completed a proxy (or a VIF, as applicable) should carefully follow the instructions provided by the intermediary.

Proxies returned by intermediaries as "non-votes" because the intermediary has not received instructions from the OBO with respect to the voting of certain Shares or, under applicable stock exchange or other rules, the intermediary does not have the discretion to vote those Shares on one or more of the matters that come before the Meeting, will be treated as not entitled to vote on any such matter and will not be counted as having been voted in respect of any such matter. Shares represented by such "non-votes" will, however, be counted in determining whether there is a quorum at the Meeting.

Meeting Materials Received by NOBOs from the Company

As permitted under NI 54-101, the Company has used a NOBO list to send the Notice Package directly to the NOBOs whose names appear on that list. If you are a NOBO and the Company's transfer agent, AST Trust Company (Canada), has sent the Notice Package directly to you, your name and address and information about your holdings of Shares have been obtained from the intermediary holding such Shares on your behalf in accordance with applicable securities regulatory requirements.

As a result, NOBOs can expect to receive in the Notice Package a scannable VIF from AST Trust Company (Canada). Please complete and return the VIF to AST Trust Company (Canada) in the envelope provided. In addition, telephone and Internet

5

voting are available, as further described in the VIF. Instructions with respect to the procedures for telephone and Internet voting can be found in the VIF. AST Trust Company (Canada) will tabulate the results of VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Shares represented by VIFs received by AST Trust Company (Canada).

By choosing to send the Notice Package to you directly, the Company (and not the intermediary holding Shares on your behalf) has assumed responsibility for delivering the Notice Package to you and executing your proper voting instructions. The intermediary holding Shares on your behalf has appointed you as the proxy holder of such Shares, and therefore you can provide your voting instructions by completing the proxy included with this Circular in the same way as a Registered Shareholder. Please refer to the information under the heading “Appointment and Revocation of Proxies - Registered Shareholders” for a description of the procedure to return a proxy, your right to appoint another person or company to attend the meeting, and your right to revoke the proxy.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of his or her broker, a Beneficial Shareholder may attend the Meeting as proxy holder for the Registered Shareholder and vote the Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Shares as proxy holder for the Registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.

The Company may utilize the Broadridge QuickVote™ service to assist non-registered Shareholders with voting their Common

Shares over the telephone. Alternatively, Kingsdale Advisors may contact such non-registered Shareholders to assist them

with conveniently voting their Common Shares directly over the phone. Shareholders who have any questions should contact Intertape Polymer Group Inc.’s strategic shareholder advisor and proxy solicitation agent, Kingsdale Advisors, at 1-855-682-9437 (toll-free within North America) or 416-867-2272 (collect call outside North America) or by e-mail at contactus@kingsdaleadvisors.com.

EXERCISE OF DISCRETION BY PROXIES

Where a choice is specified, the Shares represented by proxy will be voted for, withheld from voting or voted against, as directed, on any poll or ballot that may be called. Where no choice is specified, the proxy will confer discretionary authority and will be voted in favour of all matters referred to on the form of proxy. Accordingly, in the absence of any direction to the contrary, Shares represented by properly-executed proxies in favour of the persons designated in the enclosed form of proxy will be voted FOR the: (i) election of directors, (ii) appointment of the auditor and authorization of the directors to fix its remuneration, (iii) resolution accepting, in an advisory, non-binding capacity, the Company’s approach to executive compensation disclosed in the Circular, (iv) the adoption of a new Executive Stock Option Plan of the Company, and (v) the continuation of the shareholder rights plan agreement of the Company, the whole as stated under such headings in this Circular.

The proxy also confers discretionary authority to vote for, withhold from voting or vote against amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters not specifically mentioned in the Notice of Meeting but which may properly come before the Meeting. Management has no present knowledge of any amendments or variations to matters identified in the Notice of Meeting or any business that will be presented at the Meeting other than that referred to in the Notice of Meeting. However, if any other matters not known to management should properly come before the Meeting, the accompanying form of proxy confers discretionary authority upon the persons named therein and, in such case, it is their intention to vote in accordance with the recommendations of management of the Company.

VOTING SHARES

As of April 24, 2019, there were 58,670,935 Shares issued and outstanding. Each Share entitles the holder thereof to one vote. The Company has fixed April 24, 2019 as the record date (the “Record Date”) for the purpose of determining shareholders entitled to receive notice of the Meeting. Pursuant to the Canada Business Corporations Act (the “CBCA”), the Company is required to prepare, no later than ten days after the Record Date, an alphabetical list of shareholders

entitled to vote as of the Record Date that shows the number of Shares held by each shareholder. A shareholder whose name appears on the list referred to above is entitled to vote the Shares shown opposite the shareholder's name at the Meeting. The list of shareholders is available for inspection during usual business hours at the registered office of the Company, 800 Place Victoria, Suite 3700, Montreal, Québec H4Z 1E9 and at the Meeting.

BUSINESS OF THE MEETING**Receiving the Financial Statements**

The audited consolidated financial statements of the Company as of and for the year ended December 31, 2018 and the Auditor's Report thereon will be placed before the Meeting. These audited consolidated financial statements may be obtained from the Company upon request and will be available at the Meeting. The audited consolidated financial statements of the Company as of and for the fiscal year ended December 31, 2018 are available on the Company's website at www.itape.com under "Investor Relations". They have also been filed with the Canadian securities regulatory authorities as well as the United States Securities and Exchange Commission (the "SEC") and are available under the Company's profile on SEDAR at www.sedar.com (Canada) and at www.sec.gov (United States).

Election of Directors

The Company's Articles of Amalgamation provide that the Company shall have a minimum of three and a maximum of eleven directors. Eight directors have been nominated for election to the Board of Directors for the year to come. Each director elected at the Meeting will hold office until the next annual meeting of shareholders or until the election of his successor, unless the director's seat on the Board of Directors becomes vacant for any reason.

Unless authority to do so is withheld, the persons named in the accompanying form of proxy intend to vote FOR the election of the eight nominees whose names appear on pages 15 to 23 hereof. Management does not expect that any of the nominees will be unable to serve as a director.

Appointment of Auditor

Management and the Board of Directors propose that Raymond Chabot Grant Thornton LLP be appointed as the Company's auditor until the close of the next annual meeting of shareholders. Raymond Chabot Grant Thornton LLP has been the Company's auditor for more than five years.

The Audit Committee has a policy that restricts the services that may be provided by, and the fees paid to, the auditor. All services provided by the auditor must be permitted by law and by the Audit Committee policy and be pre-approved by the Audit Committee in accordance with the policy. Fees paid to the auditor for the past two fiscal years ended December 31, 2018 and 2017 are set out below:

	2018 (CDN\$)	2017 (CDN\$)
Audit Fees	803,000	837,500
Audit-Related Fees	273,800	213,000
Tax Fees	201,365	187,152
All Other Fees	—	136,000
Total	1,278,165	1,373,652

The nature of each category of fees is described below.

Audit Fees. Audit fees were for professional services rendered for the integrated audit of the Company's consolidated financial statements and internal control over financial reporting, assisting its Audit Committee in discharging its responsibilities for the review of the Company's interim unaudited consolidated financial statements and services that generally only the independent auditor can reasonably provide, such as consent letters and assistance and review of documents filed with the SEC and Canadian securities regulatory authorities.

Audit-Related Fees. Audit-related fees were for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated interim unaudited financial statements and are not reported under the caption "Audit Fees" above. These services included consultations concerning financial accounting and reporting standards as well as services related to the business acquisitions and notes offering made in 2018.

Tax Fees. Tax fees were for tax compliance, tax advice and tax planning. These services included the preparation of the Canadian subsidiaries' income tax returns, assistance with questions regarding tax audits from the various taxation authorities in Canada and tax planning relating to common forms of domestic and international taxation, including tax planning related to the business acquisitions made in 2018.

All Other Fees. All other fees are defined as services provided other than the audit fees, audit-related fees and tax fees described above. In 2017 other fees related to acquisition due diligence services that were provided.

The Audit Committee charter provides for the required pre-approvals of services to be rendered by the external auditors. The pre-approval process takes place annually and is presented by the Company's internal accountants and the external auditors for planned activity including audit, tax and non-audit services and includes reasonable detail with respect to the services covered. The pre-approval of all non-audit services allows the Audit Committee to consider the effect of such services on the independence of the external auditor. Any such services that may arise in addition to the pre-approved plan must be presented separately to the Audit Committee for pre-approval. The charter states that this responsibility cannot be delegated to management of the Company in any way whatsoever.

Except where authorization to vote with respect to the appointment of the auditor is withheld, the persons named in the accompanying form of proxy intend to vote FOR the appointment of Raymond Chabot Grant Thornton LLP as the auditor of the Company until the next annual meeting of shareholders, at remuneration to be determined by the Board of Directors.

See "Advisory Vote on Executive Compensation" below for information regarding the advisory, non-binding vote. The Board of Directors recommends that shareholders vote in favour of the resolution accepting, in an advisory, non-binding capacity, the Company's approach to executive compensation disclosed in the Circular. Unless authority to do so is withheld, the persons named in the accompanying form of proxy intend to vote FOR the foregoing advisory, non-binding resolution.

Adoption of the 2019 Executive Stock Option Plan of the Company

At the Meeting, Shareholders will be asked to consider and, if deemed advisable pass a resolution in the form annexed as Schedule B to the Circular, to approve the adoption of a new Executive Stock Option Plan of the Company (the "2019 ESOP"). See below for information regarding the proposed 2019 ESOP. The Board of Directors recommends that shareholders vote in favour of the resolution approving the adoption of the 2019 ESOP. Unless authority to do so is withheld, the persons named in the accompanying form of proxy intend to vote FOR the foregoing resolution.

Continuation of the Company's Shareholder Rights Plan Agreement

At the Meeting, Shareholders will be asked to consider and, if deemed advisable pass a resolution in the form annexed as Schedule C to the Circular, to approve the continuation of the shareholder rights plan agreement between the Company and AST Trust Company (Canada) (formerly CST Trust Company), as rights agent (the "Rights Plan"). See below for information regarding the continuation of the Rights Plan. The Board of Directors recommends that shareholders vote in favour of the resolution approving the continuation of the Rights Plan. Unless authority to do so is withheld, the persons named in the accompanying form of proxy intend to vote FOR the foregoing resolution.

Other Matters

Management has no present knowledge of any amendments or variations to matters identified in the Notice of Meeting or any business that will be presented at the Meeting other than that referred to in the Notice of Meeting. However, if any other matters not known to management should properly come before the Meeting, the accompanying form of proxy confers discretionary authority upon the persons named therein and, in such case it is their intention to vote in accordance with the recommendations of management of the Company.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

At the Meeting, as part of the Company's commitment to strong corporate governance practices, shareholders will have an opportunity to cast an advisory "Say on Pay" vote on the Board of Directors' approach to executive compensation. The Company held a "Say on Pay" vote at the 2017 and 2018 annual meetings and currently intends to hold an advisory "Say on Pay" vote at each annual meeting as part of its process of shareholder engagement. At the 2018 annual meeting, shareholders adopted a resolution accepting, in an advisory, non-binding capacity, the Company's approach to executive compensation as disclosed in the Company's 2018 management information circular, with 36,551,064 Shares voted in favour of the "Say on Pay" resolution (87.27%) and 5,329,461 Shares voted against (12.73%).

The purpose of an advisory "Say on Pay" vote is to provide shareholders with an opportunity to indicate their acceptance of the Board of Directors' overall approach to executive compensation. The Board of Directors, through its Human Resources and Compensation Committee, remains fully responsible for compensation decisions and is not relieved of these responsibilities by either a positive or negative advisory vote by shareholders. The vote by shareholders is advisory only and non-binding on the Board of Directors and the Company. However, the Board of Directors and the Human Resources and Compensation Committee will consider the outcome of the vote as part of an ongoing review of the executive compensation program of the Company together with feedback received from shareholders in the course of regular communications.

The Board of Directors diligently reviews the Company's executive compensation plans and consults third-party experts to design the terms of these plans relative to the current marketplace. To fully understand the objectives, philosophy and principles the Board of Directors has used in its approach to executive compensation decisions, shareholders should carefully read the section of the Circular entitled "Compensation of Executive Officers and Directors – Compensation Discussion and Analysis" starting on page 34 of this Circular.

That section describes the Company's compensation philosophy, the objectives and elements of the program, the measurement and assessment process used by the Company and why a large portion of the Company's executive compensation is linked to business performance and earned over the longer term, thereby aligning the interests of the Company's executives with those of its shareholders.

Shareholders are encouraged, prior to casting their votes at the Meeting, to provide any specific feedback, questions or concerns they may have regarding executive compensation directly to the Board of Directors by writing to the attention of the Chairman of the Board at the following address: 800 Place Victoria, Suite 3700, Montréal, Québec H4Z 1E9, c/o Fasken Martineau Dumoulin LLP.

The Board of Directors recommends that shareholders vote FOR the advisory, non-binding resolution accepting the Company's approach to executive compensation. Unless otherwise specified, the persons named in the accompanying form of proxy or voting instruction form intend to vote FOR the advisory, non-binding resolution accepting the Company's approach to executive compensation. The text of the resolution accepting the Company's approach to executive compensation is annexed as Schedule A to this Circular.

APPROVAL OF THE 2019 ESOP

The Company adopted the ESOP in 1992, which has since been amended on several occasions (the "ESOP"). As a result of an amendment approved by shareholders at a special meeting of shareholders of the Company held on September 5, 2007, the ESOP provides that the total number of Shares reserved for issuance thereunder is equal to 10% of the issued and outstanding Shares from time-to-time. The ESOP is considered to be an "evergreen" plan, since the number of Shares subject to options which have been exercised will be available for subsequent grants under the ESOP and the number of Shares available for option grants increases as the number of issued and outstanding Shares increases from time-to-time. As such, under the rules of the Toronto Stock Exchange (the "TSX"), a security-based compensation arrangement such as the ESOP must, when initially put in place, receive shareholder approval at a duly-called meeting of shareholders, and all unallocated options are subject to ratification by shareholders every three years thereafter. Shareholders last ratified unallocated options under the ESOP at an annual and special meeting of shareholders of the Company held on June 4, 2015. In accordance with the TSX rules, no further grants of stock options have been made under the ESOP since June 4, 2018, the date on which the ESOP has elapsed. However, Options may be granted under

the 2019 ESOP with the exercise of such Options being subject to Shareholder approval of the 2019 ESOP at the Meeting.

On March 12, 2019, the Board of Directors adopted the 2019 ESOP. Accordingly, at the Meeting, shareholders will be asked to consider and if deemed advisable, to approve with or without variation, an ordinary resolution (the “2019 ESOP Resolution”)

9

approving the 2019 ESOP, as required by the TSX. The text of the 2019 ESOP Resolution is annexed as Schedule B to this Circular.

In accordance with the rules of the TSX, in order to be adopted, the 2019 ESOP Resolution must be approved by a majority of the votes cast by the shareholders of the Company, either present in person or represented by proxy at the Meeting. The Board recommends that shareholders vote in favour of the adoption of the 2019 ESOP Resolution. Unless otherwise specified, the persons named in the accompanying form of proxy or voting instruction form intend to vote FOR the 2019 ESOP Resolution.

On March 28, 2019, subject to shareholder approval of the plan, the Company granted an aggregate of 392,986 stock options under the 2019 ESOP, as follows:

	Number of Options	Option Exercise Price (CDN\$)	Option Expiration Date
Officers who are also directors	176,395	17.54	3/28/2029
Officers who are not directors	123,766	17.54	3/28/2024
Employees/consultants	92,825	17.54	3/28/2024

If the 2019 ESOP Resolution is not passed at the Meeting, the above grants will be cancelled and no further grants of stock options will be made under the 2019 ESOP.

The purpose of the 2019 ESOP is to promote a proprietary interest in the Company among the executives, key employees and consultants of the Company and its subsidiaries, in order to both encourage such persons to further the development of the Company and assist the Company in attracting and retaining key personnel necessary for the Company's long-term success. The Board of Directors designates from time-to-time those persons to whom options are to be granted and determines the number of common shares subject to such options. Generally, participation is limited to persons holding positions that can have an impact on the Company's long-term results. The number of common shares to which the options relate is determined by taking into account, inter alia, the market value of the common shares and each optionee's base salary.

The following is a description of certain features of the 2019 ESOP. A copy of the 2019 ESOP is attached as Appendix A to Schedule B hereto. The following summary is qualified in its entirety by the actual text of the 2019 ESOP.

The 2019 ESOP allows for the grant of Options to the employees and consultants of the Company and its subsidiaries. The 2019 ESOP does not allow for the grant of Options to non-management, non-employee members of the Board of Directors. Our Board of Directors shall be responsible for administering the 2019 ESOP, and the HRCC shall make recommendations to the Board of Directors in respect of matters relating to the 2019 ESOP.

The Board of Directors, in its sole discretion, shall from time to time designate the employees or consultants to whom Options shall be granted, the number of Common Shares to be covered by each Option granted and the terms and conditions of such Option.

The maximum number of Common Shares issuable under the 2019 ESOP shall not exceed 10% of the issued and outstanding Common Shares, as calculated on the date of grant of each Option. The foregoing maximum does not include the Options previously granted pursuant to the ESOP. All of the Common Shares covered by exercised, expired, cancelled or forfeited Options shall become available Common Shares for the purposes of Options that may be subsequently granted under the 2019 ESOP.

Any holder, at the time of the granting of the Option, may hold more than one Option. However, no holder will be able to hold Options under the 2019 ESOP or any other security based compensation arrangement of the Company to purchase Common Shares exceeding 5% of the number of Common Shares issued and outstanding from time to time. The number of Common Shares issuable to insiders of the Company, at any time, under the 2019 ESOP or any other security based compensation arrangement of the Company cannot exceed 10% of the Company's total issued and

outstanding Common Shares. In addition, the number of Common Shares issued to insiders of the Company, within any one year period, under the 2019 ESOP or any other security based compensation arrangement of the Company cannot exceed 10% of the Company's total issued and outstanding Common Shares.

The exercise price for each Common Share covered by an Option shall be established by the Board at the time of grant, but shall not be less than the closing market price of the Common Shares on the TSX on the trading day immediately preceding the date of grant of the Option. The Board of Directors has the discretion to determine the vesting schedule of the Option and the Board shall have the full power and authority to accelerate the vesting or exercisability of all or any portion of any Option.

10

An Option shall be exercisable after satisfaction of the vesting conditions, if any, established by the Board and shall terminate not later than ten years after the date of the granting of the Option. The 2019 ESOP provides that the exercise period shall automatically be extended if the date on which it is scheduled to terminate shall fall during a blackout period or within ten business days after the last day of a blackout period. In such cases, the extended exercise period shall terminate ten business days after the last day of the blackout period, provided that the Option shall terminate earlier on the scheduled termination date if necessary for compliance with Section 409A of the Internal Revenue Code of 1986, as amended.

The 2019 ESOP also provides that equitable adjustments, if any, will be made by the Board of Directors in connection with any reorganization, change in the number of issued and outstanding Common Shares of the Company by reason of stock dividend, stock split, reverse stock split, recapitalization, merger, consolidation, combination or exchange of shares or other similar corporate change, including adjustments to the kind of shares issuable under the 2019 ESOP, exercise price and/or the number or kind of shares to which a holder is entitled upon exercise of Options.

The following table generally describes the impact of certain events upon the rights of holders of Options under the 2019 ESOP:

Event	Provisions
	Forfeiture of all unvested Options
Resignation or termination for any reason (other than for fraud or other serious misconduct)	Exercise vested Options before the earlier (i) 90 days after termination, or (ii) the expiration of the Option period (or as otherwise expressly provided in an employment or consultant contract)
Termination for fraud or other serious misconduct	Forfeiture of all vested and unvested Options Immediate vesting of all unvested Options
Death, Retirement or permanent disability	Exercise vested Options before the earlier (i) 365 days after event, or (ii) the expiration of the Option period
Involuntary termination (other than for fraud or other serious misconduct) or Resignation for Good Reason (as defined in the 2019 ESOP), in each case, within 2 years of a Change of Control	Immediate vesting of all unvested Options
Change of Control	As determined by the Company in its sole discretion: (i) continuation of the Option in accordance with its terms; (ii) equitable assumption, conversion or exchange of Options into or for options, rights or other securities in any entity participating in or resulting from a Change of Control; (iii) cancellation or deemed exercise of Options (whether vested or unvested) with fully vested payment to the holder of an amount per cancelled or deemed exercised Option share (whether vested or unvested) equal to the positive difference between the per share Change of Control price and the applicable exercise price and taxes; and/or (iv) cancellation without payment to the holder (with possibility to exercise all vested and unvested Options for fully vested shares within 21 days prior to the Change of Control or such other reasonable period under the circumstances).
	To the extent that (i) and/or (ii) applies to an Option and such Option will cease to cover securities listed on a North American stock exchange, the holder can exercise all vested and unvested

Options for fully vested shares within 21 days prior to the Change of Control or such other reasonable period under the circumstances.

For the purposes of the 2019 ESOP, "Change of Control" means (i) the sale of all or substantially all of the assets of the Company on a consolidated basis, in one transaction or a series of related transactions, to a person that is not a subsidiary, (ii) a merger, reorganization or consolidation pursuant to which the holders of the Company's outstanding voting rights immediately prior to such transaction do not own a majority of the outstanding voting rights of the resulting or successor entity (or its ultimate parent, if applicable) immediately upon completion of such transaction, (iii) any person or a group of persons acting jointly or in concert becoming the beneficial owner, directly or indirectly, of shares carrying at least a majority of the outstanding voting rights of the

Company, or (iv) any other transaction in which the owners of the Company's outstanding voting rights prior to such transaction do not own at least a majority of the outstanding voting rights of the Company or any successor entity immediately upon completion of the transaction other than as a result of the acquisition of securities directly from the Company.

The Board of Directors may amend the 2019 ESOP or any Option at any time without the consent of the holders of Options provided that such amendment shall (i) not adversely alter or impair any Option previously granted except as permitted by the terms of the 2019 ESOP, (ii) be subject to any required approval of any securities regulatory authority or the TSX, and (iii) be subject to shareholder approval, where required, by law, the requirements of the TSX or the 2019 ESOP, provided however that shareholder approval shall not be required for the following amendments and the Board of Directors may make any changes which may include but are not limited to:

- amendments of a general housekeeping or clerical nature that, among others, clarify, correct or rectify any ambiguity, defective provision, error or omission in the 2019 ESOP;
- amendments necessary to comply with applicable laws or the requirements of any securities regulatory authority or stock exchange;
- modifying the terms and conditions, including restrictions, not inconsistent with the terms of the 2019 ESOP, of any Option, which terms and conditions may differ among individual Option grants and holders of Options;
- modifying the periods referred to in the 2019 ESOP during which vested Options may be exercised, provided that the Option period is not extended beyond ten years after the date of the granting of the Option (subject to the extension applicable in the event of a blackout period) or, in the case of an Options subject to U.S. taxation with an original maximum term of less than ten years, beyond such term;
- amendments with respect to the vesting period or with respect to circumstances that would accelerate the vesting of Options;
- any amendment resulting from or due to the alteration of share capital as more fully set out in the 2019 ESOP;
- amendments to the provisions relating to the administration of the 2019 ESOP; and
- suspending or terminating the 2019 ESOP.

For greater certainty, the Board of Directors shall be required to obtain shareholder approval to make the following amendments:

- a reduction in the exercise price of Options or a cancellation and reissuance of Options or other entitlements;
- an extension of the maximum exercise period of an Option beyond the maximum original expiry date established for such Option at the time of grant (subject to the extension applicable in the event of a blackout period);
- any amendment to remove or to exceed the limits on holdings by insiders;
- an increase to the maximum number of Common Shares issuable under the 2019 ESOP;
- any amendment to expand the definition of "Optionee" provided in the 2019 ESOP, including an amendment that may permit the introduction or reintroduction of a member of a Board who is not an employee of the Company or a subsidiary as an eligible participant;
- any amendment that would extend the term of an Option granted to an insider for the purposes of the TSX Company Manual;
- any amendment which would permit Options granted under the 2019 ESOP to be transferable or assignable other than for normal estate settlement purposes; and
- any amendment to the amendment provisions of the 2019 ESOP.

For the first three bullet points above, the votes attached to shares held directly or indirectly by insiders benefiting directly or indirectly from the amendment must be excluded. In addition, with respect to the last bullet point above, where the amendment will disproportionately benefit one or more insiders over other holders of Options, the votes of shares held directly or indirectly by those insiders receiving the disproportionate benefit must be excluded.

Options granted under the 2019 ESOP are not assignable or transferable other than by will or under the law of succession.

A copy of the 2019 ESOP is available under the Company's profile on SEDAR at www.sedar.com and can be obtained at no charge by contacting the Secretary of the Company at 9999 Cavendish Blvd., Suite 200, Ville St. Laurent, Québec H4M 2X5, telephone (514) 731-7591.

APPROVAL OF THE RIGHTS PLAN CONTINUATION

The Company originally adopted the Rights Plan on December 14, 2015. The Rights Plan was adopted to (i) provide shareholders and the Board of Directors with adequate time to consider and evaluate any take-over bid made for the outstanding Shares; (ii) provide the Board of Directors with adequate time to identify, develop and negotiate value-enhancing alternatives to any such take-over bid; (iii) encourage the fair treatment of shareholders in connection with any take-over bid made for the outstanding Shares; and (iv) generally prevent any person from acquiring beneficial ownership of or the right to vote more than 20% of the outstanding Shares (or where such person already owns more than 20% of the Shares, from acquiring ownership of or the right to vote any additional Shares) while this process is ongoing or entering into arrangements or relationships that have a similar effect.

In order to remain effective, the terms of the Rights Plan require that its continued existence be ratified at the Meeting by the "independent shareholders" (as such term is defined in the Rights Plan) and, in accordance with the rules of the TSX, at every third annual meeting of the Company thereafter. If the Rights Plan resolution is passed by the shareholders at the Meeting, the existing Rights Plan will remain in effect without amendment. If the Rights Plan resolution is not passed by the shareholders at the Meeting, the Rights Plan will be cancelled and any rights issued thereunder will be redeemed or cancelled immediately following the termination of the Meeting.

Subject to ratification by shareholders at the Meeting, and provided a Flip-In Event has not occurred prior to such time, the Rights Plan will be in effect until the end of the annual meeting of the shareholders to be held in 2022, unless shareholders adopt a resolution for the continuance of the Rights Plan prior to or at such meeting. If the shareholders approve such resolution, the Rights Plan, in order to be continued, will require shareholders approval of continuance of the Rights Plan at every third annual meeting of shareholders of the Company.

The following description of the Rights Plan is qualified in its entirety by the terms of the Rights Plan Agreement entered into between the Company and CST Trust Company, now AST Trust Company (Canada).

Objective of the Rights Plan

The objective of the Rights Plan is to provide the Board of Directors with additional time, in the event of an unsolicited take-over bid, to develop and propose alternatives to the bid and negotiate with the offeror, as well as to ensure, to the extent possible, that all of the Company's shareholders will be treated equally and fairly in connection with any take-over bid for the Company, and lessen the pressure on shareholders to tender to a bid.

The Rights Plan is designed to prevent the use of coercive and/or abusive take-over techniques and to encourage any potential acquirer to negotiate directly with the Board of Directors for the benefit of all of the Company's shareholders. In addition, the Rights Plan is intended to provide increased assurance that a potential acquirer would pay an appropriate control premium in connection with any acquisition of the Company.

The Rights Plan utilizes the mechanism of a "Permitted Bid" (as defined therein) to attempt to ensure that a person seeking to acquire beneficial ownership of 20% or more of the Company's Shares gives shareholders and the Board of Directors sufficient time to evaluate the transaction, negotiate with the proposed acquirer, encourage competing bids to emerge, and ensure that all alternatives to the transaction designed to maximize shareholder value have been considered.

The Rights Plan will provide the Board of Directors with time to review any unsolicited take-over bid that may be made and to take action to identify, develop and negotiate value-enhancing alternatives, if appropriate, to any unsolicited take-over bid. The Rights Plan attempts to protect shareholders by requiring all potential offerors to comply with the conditions specified in the Permitted Bid provisions, failing which such offerors are subject to the dilutive features of the Rights Plan. By creating the potential for substantial dilution of an offeror's position, the Rights Plan encourages an offeror to proceed by way of a Permitted Bid or to approach the Board of Directors with a view to negotiation.

13

Operation of the Rights Plan

Pursuant to the Rights Plan, one Right was issued in respect of each Share issued and outstanding on the date of signature of the Rights Plan Agreement entered into between the Company and CST Trust Company, now AST Trust Company (Canada). In addition, one Right will be issued for each additional Share issued thereafter. Each Right initially entitles the registered holder thereof to purchase from the Company one Share at a price equal to (i) until the “Separation Time” (as defined in the Rights Plan), an amount equal to four times the “Market Price” (as defined in the Rights Plan), from time to time, per Share; and (ii) from and after the Separation Time, an amount equal to four times the Market Price, as at the Separation Time, per Share, subject to certain anti-dilution adjustments. The Rights are not exercisable until the Separation Time.

Trading and Exercise of Rights

Until the Separation Time, the Rights trade together with the Shares. After the Separation Time, the Rights are exercisable, and are transferable separately from the Shares.

Flip-In Event

The acquisition by a person or any of its affiliates or associates or any person acting jointly or in concert with any of them of beneficial ownership of 20% or more of the Shares, other than by way of a Permitted Bid or certain other exceptions, is referred to as a “Flip-In Event”. Any rights beneficially owned by an “Acquiring Person” upon the occurrence of a Flip-In Event will be void, as will any Rights beneficially owned by associates, affiliates or persons acting jointly or in concert with an Acquiring Person, and transferees thereof. After the occurrence of a Flip-In Event, each Right (other than those that are void) will permit the holder to purchase Shares from the Company with an aggregate Market Price on the date of consummation or occurrence of the Flip-In Event equal to twice the “Exercise Price” (as defined in the Rights Plan) for an amount in cash equal to the Exercise Price.

Permitted Bid Requirements

The requirements of a Permitted Bid include the following:

1. the take-over bid must be made by way of a take-over bid circular;

2. the take-over bid must be made to all holders of Shares as registered in the books of the Company (other than Shares held by the offeror or any associate or affiliate of the offeror or any person acting jointly or in concert with any of them);

3. the take-over bid must contain, and the take-up and payment for securities tendered or deposited thereunder is subject to, irrevocable and unqualified conditions that: (i) no Shares shall be taken up or paid for pursuant to the take-over bid prior to the close of business on a date that is earlier than 60 days following the date on which the take-over bid was made or such longer period as may be prescribed as the minimum deposit period under applicable Canadian law; and (ii) no Shares shall be taken up or paid for pursuant to the take-over bid unless at the date referred to in (i) above, more than 50% of the aggregate outstanding Shares held by “independent shareholders” shall have been deposited or tendered pursuant to the take-over bid and not withdrawn;

4. the take-over bid must contain an irrevocable and unqualified provision that unless the take-over bid is withdrawn, Shares may be deposited pursuant to such take-over bid at any time during the period of time between the date of the take-over bid and the date on which Shares may be first taken up and paid for as provided in clause (3)(i) above and that any Shares deposited pursuant to the take-over bid may be withdrawn until taken up and paid for; and

5. the take-over bid must contain an irrevocable and unqualified provision that unless the take-over bid is withdrawn, if on the date on which Shares may be taken up or paid for, more than 50% of the aggregate outstanding Shares held by “independent shareholders” shall have been deposited or tendered pursuant to the take-over bid and not withdrawn, the offeror will make a public announcement of that fact and the take-over bid will remain open for deposits and

tenders of Shares for not less than ten business days from the date of such public announcement.

The usual provisions regarding “permitted lock-up agreements” are included in the Rights Plan.

The Rights Plan allows a competing bid to be made while a Permitted Bid or a “Competing Permitted Bid” (as defined in the Rights Plan) (the “Prior Bid”) is in existence. A competing bid must satisfy all the requirements of a Permitted Bid, except that Shares may be taken up under a competing bid only on the later of (i) 35 days after the date of the competing bid or such longer

period as may be prescribed as the minimum deposit period under applicable Canadian law; and (ii) the earliest date on which Shares may be taken up or paid under any Prior Bid in existence at the date of competing bid.

Waiver and Redemption

The Board of Directors may, prior to a Flip-In Event, waive the dilutive effects of the Rights Plan in respect of a particular Flip-In Event relating to a take-over bid to all holders of Shares provided that, if waived or deemed to have been waived in respect of any take-over bid made to all shareholders, it shall thereafter be deemed to have been waived in respect of any other take-over bid made to all shareholders prior to the expiry of the former take-over bid. At any time prior to the occurrence of a Flip-In Event, the Board of Directors may, with the prior consent of the holders of Rights, redeem all, but not less than all, of the then-outstanding Rights at a redemption price of \$0.00001 each.

In order to be adopted, the resolution approving the continuation of the Rights Plan requires a majority of the votes cast by shareholders voting in person or by proxy at the Meeting. The resolution approving continuation of the Rights Plan is annexed as Schedule C to the Circular. The Board of Directors recommends that shareholders vote FOR the resolution approving continuation of the Rights Plan. In Camera Meetings

It is the practice of the Board of Directors to hold, on a regular basis following in-person meetings of the Board of Directors, in camera sessions at which only independent directors are in attendance. In 2018, there were ten such in camera sessions.

Director Tenure

The following chart sets out the tenure of the members of the Board of Directors as of April 24, 2019:

As of April 24, 2019, the approximate average tenure of the members of the Board of Directors was eight years and three months. As of April 24, 2019, the approximate average tenure of the independent, non-management members of the Board of Directors was seven years and seven months.

The CGNC regularly considers the composition of the Board. The key considerations are to balance the need for board refreshment to bring in new perspectives and the belief that longer-tenure directors possess institutional knowledge, each of which is critical to the success of our Board and the long-term interests of our shareholders. As a result, in November 2018, the Company formalized its director tenure policy. See “Director Tenure Policy” below.

Director Independence

The following table sets out the independence status of the directors, as defined in National Instrument 52-110 Audit Committees:

Director	Independent	Reason for non-independence
Robert M. Beil	Yes	
Frank Di Tomaso	Yes	
Robert J. Foster	Yes

Serving Together on Other Boards of Directors

The approach of the Board of Directors to “board interlocks” is that no more than two of the Company’s directors may sit on the same board of directors of a public company (other than the Company). The Board of Directors has determined that there are at present, among the Company’s directors, no common memberships on boards of directors of public companies.

Minimum Share Ownership Requirement

Directors who are not executive officers of the Company are required to own a minimum of 10,000 Shares within five years of joining the Board of Directors in order to remain eligible for future grants of Deferred Share Units (“DSUs”) under the Deferred Share Unit Plan (the “DSU Plan”). On February 3, 2016, the Board determined that DSUs will be included in determining whether the minimum share ownership requirements have been satisfied, on the basis that each DSU is equivalent to one Share for purposes of such determination. As of April 24, 2019, all seven directors who are not executive officers of the Company are in compliance with the minimum share ownership requirement. See section “Securities Authorized for Issuance under Equity Compensation Plans - Deferred Share Unit Plan” for more details on the 2018 DSU Plan amendment.

(“Crucible”) from May 2008 to May 1, 2009. On May 6, 2009, Crucible and one of its affiliates filed voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code in the US Bankruptcy Court for the District of Delaware. On August 26, 2010, the Bankruptcy Court entered an Order confirming Crucible’s Second Amended Chapter 11 Plan of Liquidation, or

(c) has, within the last ten years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or become subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold his assets.

None of the foregoing nominees for election as director of the Company has been subject to:

(a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or

(b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

Majority Voting for Directors

In April 2013, the Board of Directors adopted a majority voting policy. Under this policy, in an uncontested election of directors, any nominee proposed for election as a director who receives a greater number of “withheld” votes than “for” votes is expected, to promptly following the date of the shareholders’ meeting at which the election occurred, tender his or her resignation to the Chairman of the Board of Directors for consideration by the CGNC, with the resignation to take effect upon acceptance by the Board of Directors. This policy applies only to “uncontested elections”, that is elections in which the number of nominees for director is equal to the number of directors to be elected.

The Board of Directors will act on the CGNC’s recommendation within 90 days following the date of the shareholders’ meeting at which the election occurred. Following the Board of Directors’ decision on the CGNC’s recommendation, the Board of Directors will promptly disclose, by way of a press release, the Board of Directors’ decision whether or not to accept the director’s resignation offer, together with an explanation of the process by which the decision was made and, if applicable, the Board of Directors’ reason or reasons for rejecting the tendered resignation.

The CGNC will be expected to accept the resignation except in situations where extenuating circumstances would warrant the applicable director continuing to serve on the Board of Directors. In considering whether or not to accept the resignation, the CGNC will consider all factors deemed relevant by the CGNC including, without limitation, the stated reason or reasons why shareholders “withheld” votes from the election of that nominee, the length of service and the qualifications of the director whose resignation has been tendered (including, for example, the impact the director’s resignation would have on the Company’s compliance with the requirements of applicable corporate and securities laws and the rules of any stock exchange on which the Company’s securities are listed or posted for trading), such director’s contributions to the Company, and whether the director’s resignation from the Board of Directors would be in the best interests of the Company.

The CGNC will also consider a range of possible alternatives concerning the director’s tendered resignation as the Committee deems appropriate including, without limitation, acceptance of the resignation, rejection of the resignation, or rejection of the resignation coupled with a commitment to seek to address and cure the underlying reasons reasonably believed by the CGNC to have substantially resulted in the “withheld” votes.

A director who tenders his or her resignation will not participate in any meetings to consider whether the resignation will be accepted.

Shareholders should note that, as a result of the majority voting policy, a “withhold” vote is effectively the same as a vote against a director nominee in an uncontested election.

Election of Directors - 2018

At the annual meeting of shareholders of the Company held on June 7, 2018, all candidates proposed as directors were duly elected to the Board of Directors of the Company by a majority of the votes cast by shareholders present or represented by proxy at such meeting, as follows:

Minimum Share Ownership Requirement

The Board of Directors has determined that the Company's minimum share ownership requirement shall apply to the CEO, CFO and all the Company's other NEOs as identified in the Company's management information circular. The Board of Directors has further determined that, for the CEO, the minimum Share ownership requirement is Shares having a value equal to at least two times his annual salary, and for the CFO and the three other NEOs, the minimum share ownership requirement is Shares having a value equal to at least one time their respective annual salaries, with such share ownership requirement to be satisfied not later than five years from the later of May 11, 2015 and the date of hiring of the executive.

The Board of Directors has also adopted a policy of "once met always met" and a review process every three years. Specifically, if an executive satisfies the minimum share ownership requirement, he or she will continue to satisfy the minimum requirement notwithstanding a subsequent decrease in the value of Shares held due to market conditions. Further, the HRCC will review every three years whether an executive will be required to purchase additional Shares to satisfy the minimum share ownership requirement, including as a result of an increase in compensation. If the HRCC determines that an additional purchase of Shares is required, the executive will have one year in which to do so.

As of April 24, 2019, all NEOs are in compliance with the minimum share ownership requirement.

Compensation of Executive Officers and Directors – Compensation Discussion and Analysis

This discussion describes the Company's compensation program for the NEOs. It addresses the Company's philosophy and objectives and provides a review of the process that the HRCC follows in deciding how to compensate the NEOs. This section also provides discussion and analysis of the HRCC's specific decisions regarding the compensation of the NEOs for the financial year ended December 31, 2018.

Human Resources and Compensation Committee

The HRCC is composed of four directors, namely Robert M. Beil (chairman), Robert J. Foster, Jorge N. Quintas and Mary Pat Salomone, none of whom is or has been at any previous time an employee of the Company or any of its subsidiaries, and all of whom are considered independent within the meaning of National Instrument 52 – 110 Audit Committees. The HRCC reviews annually the performance of the executives and ensures that the compensation and incentive programs in place are market competitive and aligned with good compensation governance practices. The Board of Directors is of the view that the members of the HRCC collectively have the knowledge, experience and background to fulfill its mandate, and that each of the members of the HRCC has direct experience relevant to his or her responsibilities regarding executive compensation. Each of the members of the HRCC is an experienced senior executive. In particular, Messrs. Foster and Quintas are presidents of their respective firms, Mr. Beil has extensive experience with the design and implementation of executive compensation packages and Ms. Salomone was Chief Operating Officer of a publicly-traded company and is currently the Chair of the compensation committee of another publicly traded company. These collective skills and extensive experience enable the HRCC to make decisions on the suitability of the Company's compensation policies and practices.

Compensation Program Philosophy

The Company's executive compensation philosophy and program objectives are directed primarily by two guiding principles. First, the program is intended to provide competitive levels of compensation, at expected levels of performance, in order to attract, motivate and retain talented executives. Second, the program is intended to create an alignment of interest between the Company's executives and shareholders so that a significant portion of each executive's compensation is linked to creating long-term shareholder value. In support of this philosophy, the executive compensation program is designed to reward performance that is directly relevant to the Company's short-term and long-term success. The Company provides both short-term and long-term incentive compensation that varies based on corporate and individual performance.

Three primary components comprise the Company's compensation program. They are base salary, annual incentive bonus based on the Company's performance and a long-term incentive plan comprised of PSUs and Restricted Share Units ("RSUs") pursuant to the PRSU Plan and stock options pursuant to the ESOP. As previously mentioned in this Circular under "Approval of the 2019 ESOP", the current ESOP has elapsed and the 2019 ESOP is subject to Shareholders' approval at this Meeting.

Each element of compensation fulfills a different role in attracting, retaining and motivating qualified executives and employees. The Company provides a balanced compensation program with both short-term (salary and annual bonus) and long-term (PSUs,

34

RSUs and stock options) compensation. The following describes the Company's executive compensation program by component of compensation and discusses how each component relates to the Company's overall executive compensation objective.

Base salaries provide a base level of annual compensation for the Company's NEOs generally set at a level that is (a) within a competitive range of the median of companies that compete with the Company for business and executive talent (the "Compensation Peer Group");

(b) Annual incentive bonuses encourage and reward performance over the financial year compared to predefined goals and objectives and reflect progress toward predetermined company-wide and individual objectives; and

(c) Long-term incentives such as PSUs and RSUs reward NEOs for the achievement of long-term growth, resulting in increased shareholder value and align the interest of the NEOs with the interest of the shareholders.

In 2018, the Company did not grant any SARs under the Company's Stock Appreciation Rights Plan (the "SAR Plan") and it is likely that no SARs will be issued in the near future. The Company has issued PSUs and RSUs under the PRSU Plan and stock options under the ESOP in 2018, prior to June 4, 2018. Annual incentive bonuses are based on predetermined performance goals and may form a greater or lesser part of the entire compensation package in any given year, depending on performance.

Purpose

The Company's executive compensation program has been designed to accomplish the following long-term objectives:

(a) create a proper balance between building shareholder wealth and providing competitive executive compensation while following good corporate governance practices;

(b) produce long-term, positive results for the Company's shareholders;

(c) align executive compensation with corporate performance and appropriate peer-group comparisons; and

(d) provide market-competitive compensation and benefits that will enable the Company to recruit, retain and motivate the executive talent necessary to be successful.

Compensation Process

The HRCC administers the Company's compensation program in accordance with the mandate set out in the HRCC's charter, which has been adopted by the Board of Directors. Part of the mandate is to evaluate and recommend to the Board of Directors compensation policies and programs for the Company's directors, executive officers and senior management, including option grants under the ESOP, awards of SARs under the SAR Plan, and awards of PSUs and RSUs under the PRSU Plan, as described below. The HRCC also has the mandate to recommend to the Board of Directors grants under the DSU Plan.

The CEO makes recommendations to the HRCC as to the compensation of the Company's executive officers, other than himself. The HRCC annually reviews the compensation levels for the executive officers and certain other members of senior management. The HRCC makes recommendations to the Board of Directors as to the compensation of the CEO and the other NEOs for approval, in accordance with the same criteria upon which the compensation of all other executive officers is based.

For the fiscal year ended December 31, 2018, the HRCC reviewed information it received from the CEO. It used this information to determine and approve such changes to the general compensation levels that it considered appropriate. In addition, on the recommendation of the CEO, the HRCC recommended to the Board of Directors share unit and stock option grants for executive officers and other members of senior management. The HRCC also recommended to the Board of Directors share unit and stock option grants for the CEO.

Independent Executive Compensation Advisor

The HRCC has the authority to retain compensation consultants to assist in the evaluation of director, CEO and senior executive compensation. In June, 2017, the Company retained Meridian Compensation Partners, LLC ("Meridian") to

provide independent advice to the HRCC. Prior to that, Buck Consultants, LLC, now known as Conduent HR Services Company provided advice to the HRCC. The services provided by Meridian may include, but are not limited to, (i) competitiveness and appropriateness of the compensation programs of the Company for the CEO and other key executives; (ii) advice on base salaries, short-term, medium-term and long-term incentive program design, target setting and assessment of performance against target; (iii) employment and change of control terms; (iv) compensation risk; and (v) compensation trends, regulatory developments, and legislative updates

35

relevant to executive compensation. In connection with these services, Meridian may review the Company's compensation policies (including making recommendations on the companies forming part of the Compensation Peer Group, as described below); the relationship between compensation and performance, performance measures, etc.; and the design of the programs and the levels of compensation compared to market. Meridian may make observations and recommendations regarding amendments where appropriate. Based on the information provided by Meridian to the HRCC, the HRCC determined that Meridian is independent of management. Meridian provides no advice or services to management.

Executive compensation-related fees consist of fees for professional services billed by each consultant or advisor, or any of its affiliates, that are related to determining compensation for any of the Company's directors and executive officers. For services rendered during the fiscal years ended December 31, 2018 and 2017, the Company paid to its independent compensation consultants the following fees:

	2018	2017
	(\$)	(\$)
Meridian Compensation Partners	84,334	87,951
Buck Consultants LLC/Conduent HR Services Company	—	28,400
Total	84,334	116,351
Percentage of work provided to the HRCC	100%	100%

Although the HRCC may rely on information and advice obtained from consultants, all decisions with respect to executive compensation are made by the Board of Directors upon recommendation of the HRCC and may reflect factors and considerations that differ from information and recommendations provided by such consultants, such as merit and the need to retain high-performing executives. Accordingly, the Board of Directors may exercise discretion to reduce or increase the size of any award or payout to one or more NEOs. During 2018, Meridian met with the HRCC Chair and attended relevant portions of HRCC meetings, as necessary.

Compensation Peer Group

In arriving at its decisions, the HRCC reviewed the compensation data of the Compensation Peer Group, a group of companies in similar businesses to the Company, which generally ranged from one third to three times the Company's size based on revenue, with the Company positioned as approximately the median of the group. The HRCC uses this compensation data as a reference point in determining the compensation for the Company's executive officers, and does not align executive compensation to a specific competitive position relative to the market. For the fiscal year ended December 31, 2018, the Compensation Peer Group was comprised of the following companies: Akorn, Inc., Balchem Corporation, Calgon Carbon Corporation, Ferro Corporation, P.H. Glatfelter Company, Kraton Corporation, LANXESS Solutions, Multi-Color Corporation, Myers Industries, Inc., OMNOVA Solutions Inc., Schweitzer-Mauduit International, Inc., Stepan Company, Tredegar Corporation and Winpak Ltd.

Base Salaries

The base salaries of the NEOs are reviewed annually and adjusted periodically to take into account the following factors: market and economic conditions; levels of responsibility and accountability of each NEO; skills and competencies of each NEO; retention considerations; and level of demonstrated performance.

Variable Cash Incentive Awards – Bonuses

The HRCC's philosophy with respect to executive officer bonuses is to align the payouts with the performance of the Company, based on predefined goals and objectives established by the HRCC.

Each of the NEOs received a performance bonus for 2018. Bonuses were paid based on the level of achievement of financial objectives of the Company. The Company attributes to each executive, depending on his or her management level, a bonus target level set as a percentage of his or her salary, representing the amount that will be paid if all objectives are achieved according to the targets set. Actual bonuses may vary between zero and 200% of the target bonus, based on the level of achievement of the predetermined objectives set out at the beginning of the fiscal year. The objectives and weight attached thereto are re-evaluated on an annual basis by the HRCC and communicated to the relevant individuals. The HRCC has discretion to adjust bonus payments upwards or downwards to ensure that payouts are aligned with the Company's performance and reflect the level of risk undertaken to achieve results. For the fiscal year ended December 31, 2018, the bonuses were based on the Company achieving target levels of:

Compensation Adjusted EBITDA, which the HRCC defines as Adjusted EBITDA excluding: (i) performance bonus expense; and (ii) the positive or negative impact on Adjusted EBITDA of the Polyair and Maiweave acquisitions in the current year. The Company defines Adjusted EBITDA as net earnings (loss) before: (i) interest and other finance costs (income); (ii) income tax expense (benefit); (iii) amortization of intangible assets; (a) (iv) depreciation of property, plant and equipment; (v) manufacturing facility closures, restructuring and other related charges (recoveries); (vi) advisory fees and other costs associated with mergers and acquisitions activity, including due diligence, integration and certain non-cash purchase price accounting adjustments ("M&A Costs"); (vii) share-based compensation expense (benefit); (viii) impairment of goodwill; (ix) impairment (reversal of impairment) of long-lived assets and other assets; (x) write-down on assets classified as held-for-sale; (xi) (gain) loss on disposal of property, plant, and equipment; and (xii) other discrete items as disclosed; and

Compensation Cash Flows, which the HRCC defines as cash flows from operating activities excluding: (i) the cash flows from operating activities of the Polyair and Maiweave acquisitions in the current year; (ii) M&A Costs paid (b) in the current year excluding certain costs associated with planned acquisition integration activities; (iii) discretionary contribution to US defined benefit pension plans made in the current year and (iv) the income tax effect of these items.

At the HRCC's recommendation, the Board of Directors elected to use Compensation Adjusted EBITDA and Compensation Cash Flows in determining bonuses for 2018 because certain expenses and charges expected (at the time of the Board's election) to be incurred by the Company during the year (e.g., M&A Costs and manufacturing facility closures, restructuring and other related charges) were viewed to be in the long term interest of the Company and that such amounts should not impact the ability of senior management to achieve the performance bonus targets. The target amount for Compensation Adjusted EBITDA for 2018 was set at \$144.4 million (the "Compensation Adjusted EBITDA Target") and the target amount for Compensation Cash Flows for 2018 was set at \$101.0 million (the "Compensation Cash Flows Target"). The Compensation Adjusted EBITDA for 2018 used for the purposes of determining bonuses was \$140.9 million, which was 97.5% of the Compensation Adjusted EBITDA Target. The Compensation Cash Flows for 2018 was \$105.5 million, which was 104.5% of the Compensation Cash Flow Target. The following table presents the target incentive compensation as a percentage of salary, the indicators used in 2018 to measure the Company's performance for purposes of the short-term incentive compensation program and their relative weight.

Maximum	200	% 150	% 100	% 100	% 100	%

Total	100	% 100	% 100	% 100	% 100	%

The bonus is calculated using, for each of the Compensation Adjusted EBITDA and Compensation Cash Flows objectives, the following formula and is equal to the sum of all results:

Annual Eligible Base salary at target	X	Bonus percentage (as determined based on the Company's performance relative to the applicable objective's target and as capped by the applicable maximum)	X	Weight of financial indicator
---------------------------------------	---	---	---	-------------------------------

For purposes of the above calculation, bonus percentage is between 50% and 100% if between approximately 90% and 100% of the target objectives were achieved by the Company, respectively. For achievement between 90% and 100%, the bonus percentage is interpolated between 50% and 100%. The Company's actual Compensation Adjusted EBITDA for 2018 yielded a bonus

37

percentage of 86.4%. For achievement above 100%, the bonus percentage is capped at 100% for purposes of calculating the bonuses for each of the Compensation Adjusted EBITDA and Compensation Cash Flows objectives but such achievement triggers respective additional “reach” bonuses described below.

The NEOs were also eligible for an additional bonus calculated using a Compensation Adjusted EBITDA target amount of \$157.4 million (the “Reach Adjusted EBITDA Target”). This additional bonus is calculated using the following formula (note that the fraction below is capped by the applicable maximum (i.e., it cannot exceed 1)):

$$\frac{\text{Actual Compensation Adjusted EBITDA} - \text{Compensation Adjusted EBITDA Target}}{\text{Reach Adjusted EBITDA Target} - \text{Compensation Adjusted EBITDA Target}} \times \frac{\text{Maximum bonus amount} - \text{Target bonus amount}}{\text{Weight of financial indicator}}$$

The NEOs were also eligible for an additional bonus calculated using a Compensation Cash Flows target amount of \$110.0 million (the “Reach Cash Flows Target”). This additional bonus is calculated using the following formula (note that the fraction below is capped by the applicable maximum (i.e., it cannot exceed 1)):

$$\frac{\text{Actual Compensation Cash Flows} - \text{Compensation Cash Flows Target}}{\text{Reach Cash Flows Target} - \text{Compensation Cash Flows Target}} \times \frac{\text{Maximum bonus amount} - \text{Target bonus amount}}{\text{Weight of financial indicator}}$$

The following table presents the objectives for 2018 approved by the Board of Directors and the results achieved by the Company:

	Target (\$)	Actual (\$)	Evaluation of Performance (%)

Clawback Policy

In April 2014, the Board of Directors adopted a “clawback” policy, pursuant to which the Company may recoup from executive officers or employees of the Company and its subsidiaries, as the case may be, annual incentive bonuses, special bonuses, other incentive compensation and equity-based awards, whether vested or unvested, paid, issued or granted to them, in the event of fraud, restatement of the Company’s financial results, material errors or omissions in

the Company's financial statements, or other events as may be determined from time to time by the Board of Directors in its discretion. To-date, the Company has not been required to apply the "clawback" policy.

Executive Stock Option Plan

The 2019 ESOP is described in detail above under the heading “Approval of the 2019 ESOP”.

The HRCC recommends the granting of stock options from time to time based on its assessment of the appropriateness of doing so in light of the long-term strategic objectives of the Company, its current stage of development, the need to retain or attract particular key personnel, the number of stock options already outstanding and overall market conditions. During the fiscal year ended December 31, 2018, the HRCC recommended the granting of an aggregate of 198,545 stock options to the NEOs pursuant to the ESOP prior to plan lapse in June 2018.

Performance and Restricted Share Unit Plan

The purpose of the PRSU Plan is to provide executive officers and employees with a proprietary interest in the Company through the granting of PSUs and RSUs. The PRSU Plan is also intended to increase the interest in the Company’s welfare of those executive officers and employees who share primary responsibility for the management, growth and protection of the business of the Company, to furnish an incentive to such executive officers and employees to continue their services for the Company and its subsidiaries and to provide a means through which the Company and its subsidiaries may attract able persons to enter their employment.

During the fiscal year ended December 31, 2018 the HRCC recommended the granting of an aggregate of 90,541 PSUs and 45,271 RSUs to the NEOs. For more information on the PRSU Plan, see the section entitled “Securities Authorized for Issuance Under Equity Compensation Plans”.

2012 Stock Appreciation Rights Plan

The purpose of the SAR Plan is to (a) promote a proprietary interest in the Company among its executives and directors; (b) encourage the Company’s executives and directors to further the Company’s development; and (c) attract and retain the key employees necessary for the Company’s long-term success. The SAR Plan is administered by the HRCC and authorizes the Company to award SARs to eligible persons. A SAR is a right to receive a cash payment equal to the difference between the base price of the SAR and the market value of a Share on the date of exercise. During the fiscal year ended December 31, 2018, the HRCC did not recommend the granting of SARs to the NEOs or directors. For more information on the SAR Plan, see the section entitled “Securities Authorized for Issuance Under Equity Compensation Plans”.

As of December 31, 2018, there were no SAR awards outstanding.

Group Benefits/Perquisites

The HRCC believes that the perquisites for NEOs should be limited in scope and value and commensurate with perquisites offered by peer group companies considered by the Committee. The perquisites, including property or other personal benefits provided to an NEO that are not generally available to all employees in the year ended December 31, 2018 did not exceed in any case the lesser of \$50,000 or 10% of the NEO’s total salary. See “Summary of the Compensation of the Named Executive Officers” starting on page 41 for additional details.

Assessment of Risk Associated with the Company’s Compensation Policies and Practices

The HRCC has assessed the Company’s compensation plans and programs for its executive officers to ensure alignment with the Company’s business plan and to evaluate the potential risks associated with those plans and programs. The HRCC has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Company.

The HRCC considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans and programs.

Hedging Prohibition

Neither NEOs nor directors are permitted to purchase financial instruments (such as prepaid variable forward contracts, equity swaps, collars, or units of exchange funds) that are designed to hedge or offset a decrease in market value of equity securities of the Company granted as compensation or held, directly or indirectly, by the NEO or director.

Performance Graph

The following graph compares the cumulative five-year total return provided to shareholders on the Company's Shares relative to the cumulative total returns of the Standard & Poor's/TSX Composite Total Return Index ("S&P/TSX Composite"). An investment of \$100 (with reinvestment of all dividends) is assumed to have been made in the Company's Shares and in the Index on December 31, 2013 and their relative performance is tracked through December 31, 2018.

The Company's Share price in comparison to the S&P/TSX Composite Index over-performed for the 2013 through 2016 periods and performed below the Index in 2017 and in 2018.

In 2013 through 2018, there were variable cash incentive awards based on the financial performance of the Company. The aggregate annual compensation of the NEOs has varied and is presented in the table below under "Summary of the Compensation of the Named Executive Officers."

The HRCC does not establish compensation or incentive levels based solely on the market value of the Shares. The HRCC believes that there are a variety of factors that have an impact on the market value of the Shares that are not reflective of the underlying performance of the NEOs, including general market volatility.

(1) Represents amounts included in each executive's W-2, rather than the base salary amount.

The amount shown for each share-based PSU award is the grant date fair value of PSUs that were granted to the NEO under the PRSU Plan during the specified financial year. The actual value received, if any, could be different

(2) and could also be nil, depending on the level of attainment of the performance objectives of the plan. For more information on the PRSU Plan, see the section entitled "Securities Authorized for Issuance Under Equity Compensation Plans".

For PSU awards granted prior to December 31, 2017, the number of Shares earned can range from 0 to 150% of the grant amount, based on entity performance criteria, specifically the total shareholder return ranking versus a self-selected peer group of companies. The base value (or grant date fair value) of a PSU is an estimate using the Monte Carlo simulation model implemented in a risk-neutral framework considering the following assumptions:

PSU Grant Date	March 20, 2017	December 20, 2016	March 21, 2016
Grant recipient	All NEOs above	Gregory A. C. Yull	All NEOs above

For PSU awards granted subsequent to December 31, 2017, the number of Shares earned can range from 0 to 175% of the grant amount, based on entity performance criteria, specifically the total shareholder return ranking versus a specified peer group of companies and the Company's average return

on invested capital over the measurement period as compared to internally developed thresholds ("ROIC Performance"). The base value (or grant date fair value) of a PSU is based 50% on the volume weighted average trading price ("VWAP") of the Shares on the TSX for the five trading days preceding the grant date (CDN\$ 21.22, USD\$ 16.29) and 50% on an estimated value derived using the Monte Carlo simulation model implemented in a risk-neutral framework considering the following assumptions:

PSU Grant Date	March 21, 2018
Grant recipient	All NEOs above
Performance period starting price	CDN\$21.13
Valuation date stock price	CDN\$20.59
Estimated dividend yield	0%

Canadian risk-free interest rate	1.96%
Estimated volatility	30%
Term	3 years

(3) At the time of settlement, a cash payment was made to each NEO in an amount equal to the product that results from multiplying the number of settled PSUs by the amount of cash dividends per Share declared and paid by the Company from the date of grant of the PSUs to the settlement date. For more information on the PRSU Plan, see the section entitled "Securities Authorized for Issuance Under Equity Compensation Plans".

(4) The amount shown for each share-based RSU award is the grant date fair value of RSUs that were granted to the NEO under the PRSU Plan during the specified financial year which is calculated as the VWAP of the Shares on the TSX for the five trading days preceding the date. The actual value received, if any, could be different and could also be nil, depending on the value of the Shares on the date of settlement. For more information on the PRSU Plan, see the section entitled "Securities Authorized for Issuance Under Equity Compensation Plans".

(5) The amount shown for each option-based award is the grant date fair value of options that were granted to the NEO under the ESOP during the specified financial year. In accordance with the TSX rules, no further grants of stock options have been made under the ESOP since June 4, 2018, the date on which the ESOP has elapsed. The actual value received, if any, could be different and could also be nil, depending on the value of the Shares on the date of exercise. The grant date fair value of awards is estimated at the date of the grant using the Black-Scholes option pricing model with the following assumptions:

Option Grant Date	March 13, 2018	March 13, 2018
Grant recipient	All NEOs above except Gregory A.C. Yull	Gregory A. C. Yull

Grant date fair value	CDN\$4.33 (USD\$3.38)	CDN\$5.06 (USD\$3.95)

(6) The amounts shown for annual incentive plans represent amounts awarded under the Company's senior management bonus plan. Award amounts are based on the level of achievement of financial objectives of the Company. See the section above entitled "Variable Cash Incentive Awards – Bonuses" for additional information.

(7) Represents the Company's contribution to its defined contribution pension plan, which qualifies as a deferred salary arrangement under section 401(k) of the United States Internal Revenue Code. See section below entitled "Pension and Other Post-Retirement Benefit Plans" for additional information.

Except as otherwise indicated, the value of perquisites received by each of the NEOs, including property or other personal benefits provided to the NEOs that are not generally available to all employees, were not in the aggregate (8) greater than the lesser of \$50,000 or 10% of the NEO's total salary for the financial year. Amounts presented are related to an auto allowance and club membership pursuant to the terms of Mr. Yull's employment agreement and a club membership, pursuant to the term's of Mr. Crystal's employment agreement.

The Company does not have any non-equity long-term incentive plans.

US Deferred Compensation

In the US, the Company provides a deferred compensation plan to certain employees, including the members of senior management. Earnings and losses on the deferral and amounts due to the participants are payable based on participant elections. Assets are held in a Rabbi trust and are composed of corporate owned life insurance policies. Participant investment selections are used to direct the allocation of funds underlying the corporate owned life insurance policies. The following table sets out the eligible compensation deferred in 2018 and the accumulated value as of December 31, 2018 for each NEO.

This column contains the aggregate value of in-the-money unexercised options as of December 31, 2018, calculated based on the difference between the closing price of the Shares on the TSX on December 31, 2018 (being CDN\$ 16.92) and the exercise price of the stock options. Actual gains, if any, on exercise will depend on the value of the Shares on the date of exercise. There is no guarantee that gains will be realized.

⁽²⁾ Represents unexercised options that were not in-the-money as of December 31, 2018.

Incentive Plan Awards - Outstanding Share-Based Awards

The following table sets out the details of the share-based incentive plan awards outstanding for the NEOs at December 31, 2018, the end of the most recently-completed financial year of the Company.

Name	PSUs		RSUs	
	Number of PSUs Outstanding ⁽¹⁾ (#)	Value of PSUs Outstanding ⁽²⁾ (CDN\$)	Number of RSUs Outstanding (#)	Value of RSUs Outstanding ⁽²⁾ (CDN\$)
Gregory A.C. Yull	255,979	4,239,012	28,390	470,138
Jeffrey Crystal	62,440	1,034,006	6,522	108,004

Shawn Nelson	33,142	548,832	3,453	57,182
Joseph Tocci	30,934	512,267	3,453	57,182

The final number of PSUs that vest will range from 0% to 175% of the initial number awarded based on ⁽¹⁾ predetermined performance criteria. Based on the Company's performance as of December 31, 2018, the number of PSUs earned if all of the outstanding awards were to be settled at December 31, 2018, would be as follows:

Grant Date	Performance
March 21, 2016	50 %
December 20, 2016	0 %
March 20, 2017	50 %
March 21, 2018	113 %

The fair value of the PSUs and RSUs is based on the five-day VWAP of Shares on the TSX on December 31, 2018 ⁽²⁾ (CDN\$ 16.56). Actual gains, if any, on the settlement of awards will depend on the value of the Shares on the date of settlement. There is no guarantee that gains will be realized. The actual value received on settlement, if any, will be different and could also be nil, depending on variations in the price of the Shares.

Incentive Plan Awards – Value Vested, Settled or Earned During the Year

The following table sets out, for each NEO, the value of option-based awards and share-based awards which vested or settled during the year ended December 31, 2018 and the value of non-equity incentive plan compensation earned during the year ended December 31, 2018. No RSUs were vested during the year ended December 31, 2018.

Name	Option-Based Awards Value Vested During the Year ⁽¹⁾ (CDN\$)	Share-Based Awards – Value Vested During the Year (CDN\$)		Non-Equity Incentive Plan Compensation – Value Earned During the Year ⁽⁴⁾
		PSUs - settled ⁽³⁾	PSUs Dividend Equivalent - settled ⁽⁴⁾	
Gregory A.C. Yull	338,800	1,587,610	153,216	757,417
Jeffrey Crystal	51,269	447,168	43,155	316,082
Douglas Nalette	68,819	326,400	31,500	175,987
Shawn Nelson	68,819	326,400	31,500	167,534
Joseph Tocci	42,350	226,522	21,861	156,550

The value is calculated as if the stock options were exercised on the vesting date of each relevant grant. The value ⁽¹⁾ is equal to the difference between the closing price of the Shares on the vesting date and the exercise price on the vesting date. Actual gains, if any, on exercise will depend on the value of the Shares on the date of exercise. There is no guarantee that gains will be realized.

For settled PSUs, the value is calculated as the number of PSUs on settlement date multiplied by the actual percentage of target based on the PSU Agreement and the VWAP of Shares on the TSX for the five consecutive trading days immediately preceding the date of settlement. The following table provides the percentage of target attained on the PSUs settled in 2018:

Grant Date	Date Settled	Performance
June 11, 2014	June 22, 2017	150 %
March 14, 2015	March 21, 2018	100 %
May 14, 2015	May 22, 2018	100 %
May 20, 2015	May 28, 2018	50 %

For more information on the PRSU Plan, see the section entitled “Securities Authorized for Issuance Under Equity Compensation Plans”.

At the time of settlement, a cash payment was made to each NEO in an amount equal to the product that results from multiplying the number of settled PSUs by the amount of cash dividends per Share declared and paid by the Company from the date of grant of the PSUs to the settlement date. For more information on the PRSU Plan, see the section entitled “Securities Authorized for Issuance Under Equity Compensation Plans”.

The amounts shown for annual incentive plans represent amounts awarded under the Company’s senior management bonus plan. Award amounts are based on the level of achievement of financial objectives of the Company. See the section above entitled “Variable Cash Incentive Awards – Bonuses” for additional information.

Termination and Change of Control Benefits

The following agreements between the Company and NEOs were in effect at the end of the Company’s most recently-completed financial year.

The Company entered into “change of control, non-interference and confidentiality” agreements as of January 28, 2001 with Shawn Nelson, as of October 28, 2004 with Douglas Nalette, and as of September 8, 2006 with Joseph Tocci. These agreements include provisions regarding confidentiality, non-interference and non-solicitation covenants, and ownership of intellectual property, among other things. The non-interference and non-solicitation covenants survive for 12 months following the employee's voluntary termination of employment, provided however that if the employee resigns within six months after a Change of Control (as defined in such agreements), such covenants shall be null and void.

The “change of control, non-interference and confidentiality” agreements provide also that if, within a period of six months after a Change of Control of the Company: (a) the executive voluntarily terminates his employment with the Company; or (b) the Company terminates the executive’s employment without cause, such executive will be entitled to (i) severance equal to 12 months of such executive’s base salary at the effective date of such resignation or termination and 12 months of car allowance, if applicable, (ii) 12 months of continued health insurance coverage then in effect if permitted by its carrier and, if applicable, 12 months’ use of the company car, and (iii) accelerated vesting of any unvested stock options.

Furthermore, without regard to whether the executive has terminated employment, these agreements also provide that if during the term of the executive’s employment a bona fide offer is made to all shareholders of the Company which, if accepted, would result in a change of control of the Company, then, subject to any applicable law, all of the executive’s stock options which have not yet become vested and exercisable shall become vested and exercisable immediately. Upon expiry of such bona fide offer, if it does not result in a change of control of the Company, all of the executive’s unexercised stock options which were not vested prior to such offer, shall immediately revert to their unvested status and to their former provisions with respect to the time of their vesting.

On August 2, 2010, the Company entered into an Executive Employment Agreement with Gregory A.C. Yull, as supplemented to date (the “Yull Agreement”). The Yull Agreement includes provisions regarding base salary, annual bonuses, benefits, confidentiality, non-solicitation and non-compete covenants, and ownership of intellectual property, among other things. The non-compete and non-solicitation covenants survive for 12 months following termination of employment, provided however that in the event of a termination of employment resulting in severance being payable following termination other than for cause or resignation for Good Reason (as defined in the Yull Agreement) more

than 24 months after a Change of Control (as defined in the Yull Agreement) as described below, the covenants survive for 24 months following termination of employment.

In the event the Company terminates Mr. Yull's employment without Cause, or Mr. Yull terminates his employment for Good Reason (except as otherwise summarized in the next paragraph), Mr. Yull shall be entitled to receive a pro-rated performance bonus that he would have received in respect of the fiscal year in which the termination occurred, based upon the average performance bonus paid to Mr. Yull in the last two fiscal years and severance pay in an amount equal to two times the sum of his annual base salary and the average performance bonus paid to Mr. Yull in the last two fiscal years ending on the date prior to his date of termination. In addition, all unvested options that would otherwise vest during the 24 months following the

date of termination shall be immediately vested and remain exercisable for a period of 12 months. Mr. Yull shall also be entitled to participate, at active employee rates, in the benefits under the Company's medical and dental benefit program for 24 months and will receive disability and life insurance benefits pursuant to any benefit plans and programs then provided by the Company generally to its executives for a period of 18 months following the date of termination. Lastly, the defined benefit supplemental pension summarized below shall vest.

In the event that the Company terminates Mr. Yull's employment without Cause or Mr. Yull terminates his employment for Good Reason within two years of a Change of Control, then he shall be entitled to receive a pro-rated performance bonus that he would have received in respect of the fiscal year in which the termination occurred, based upon the average performance bonus paid to Mr. Yull in the last two fiscal years and severance pay in an amount equal to three times the sum of his annual base salary and the average performance bonus paid in the last two fiscal years immediately preceding the date of termination. In addition, all unvested stock options held by Mr. Yull that would otherwise vest during the 36 months following the date of termination shall immediately vest and remain exercisable for a period of 36 months following the date of termination. Mr. Yull shall also be entitled to participate, at active employee rates, in the benefits under the Company's medical and dental benefit program for 36 months (or, if earlier, until such time as he reaches the age of eligibility for coverage under Medicare) and will receive disability and life insurance benefits pursuant to any benefit plans and programs then provided by the Company generally to its executives and continue for a period of 36 months following the date of termination. Lastly, the defined benefit supplemental pension summarized below shall vest.

Under the Yull Agreement, in the event that Mr. Yull's employment is terminated as a result of his Permanent Disability, as defined in the Yull Agreement, or death, he shall be entitled to receive a pro-rated performance bonus that he would have received in respect of the fiscal year in which the termination occurred and all unvested stock options held by Mr. Yull shall immediately vest and remain exercisable for a period of nine months following the date of termination for Permanent Disability or death.

Pursuant to a retirement agreement, dated August 10, 2017 amending and restating certain retirement benefit provisions in the Yull Agreement, unless terminated by the Company for Cause (as defined in the Yull Agreement), he shall receive a defined benefit supplemental pension annually for life equal to the lesser of: (i) \$600,000 if he separates from service at age 65 or older, \$570,000 at age 64, \$540,000 at age 63, \$510,000 at age 62, \$480,000 at age 61, or \$450,000 at age 60 or younger; and (ii) two percent of the average of his total cash compensation (base salary and performance bonus) for the highest five years of his employment during the prior ten years as of the time of separation, multiplied by his years of service with the Company, with such payments to begin at age 60. In the event of Mr. Yull's death, his surviving spouse would receive 50% of the annual supplemental pension benefit that was being paid to Mr. Yull at the time of his death or that would have been paid to Mr. Yull if he had retired on the date of his death. The retirement benefits set forth above were vested upon the completion of five years of service.

On May 5, 2017, the Company entered into an Executive Employment Agreement with Jeffrey Crystal (the "Crystal Agreement"), which supersedes the previous terms of employment mutually agreed upon by the Company and Mr. Crystal on March 21, 2014. The Crystal Agreement includes provisions regarding base salary, annual bonuses, benefits, confidentiality, non-solicitation and non-competition covenants, and ownership of intellectual property, among other things. The non-competition and non-solicitation covenants survive for 24 months following termination of employment.

In the event that Mr. Crystal's employment is terminated by the Company other than for cause or in connection with a Change of Control (as defined in the Crystal Agreement), then he shall be entitled to receive a pro-rated performance bonus that he would have received in respect of the fiscal year in which the termination occurred, based upon the average performance bonus paid to Mr. Crystal in the last two fiscal years and severance pay in an amount equal to one and a half times the sum of his annual base salary and the average performance bonus paid in the last two fiscal years immediately preceding the date of termination.

Alternatively, if Mr. Crystal is involuntarily terminated or terminates his employment for Good Reason (as defined in the Crystal Agreement) within six months of a Change of Control, then he shall be entitled to receive a pro-rated performance bonus that he would have received in respect of the fiscal year in which the termination occurred, based upon the average performance bonus paid to Mr. Crystal in the last two fiscal years and severance pay in an amount equal to two times the sum of his annual base salary and the average performance bonus paid in the last two fiscal

years immediately preceding the date of termination.

If Mr. Crystal is entitled to severance payments and elects continuation coverage of any Company medical insurance benefits, the Company will pay to the plan(s) on Mr. Crystal's behalf for the duration of the period in which he is receiving severance payments.

46

Under the Crystal Agreement, in the event that Mr. Crystal's employment is terminated as a result of his death or disability, he shall be entitled to receive a pro-rated performance bonus that he would have received in respect of the fiscal year in which the termination occurred, based upon the average performance bonus paid to Mr. Crystal in the last two fiscal years.

Refer to the section set out below under "Securities Authorized for Issuance Under Equity Compensation Plans" for termination clauses applicable to the Performance and Restricted Share Unit Plan and the Executive Stock Option Plan.

- (2) Represents continuation of benefits, including medical, dental and other insurance benefits.
- (3) Change of Control as defined by the applicable employment agreement and plan documents. The same amount would be payable if PSUs and RSUs were not assumed in the event of Change of Control. For PSUs and RSUs the amounts above apply only to terminations other than for cause by the Company (and not resignations) within 12 months of a Change of Control.

As of December 31, 2018, unvested stock options were not in-the-money and as such would have resulted in nil incremental value to each NEO if his employment had been terminated on December 31, 2018. There would be nil incremental amounts payable to each NEO if his employment had been terminated for cause on December 31, 2018.

Director Compensation

Compensation of directors is established in order to allow the Company to attract and retain highly-qualified directors with varied and relevant experience, taking into account the numerous segments of activities in which the Company engages, and to align the interests of the directors with those of the shareholders.

On April 22, 2014, the Board of Directors adopted the DSU Plan, which was amended on February 17, 2017 and September 10, 2018. The purpose of the DSU Plan is to provide participants with a form of compensation which promotes greater alignment of the interests of the participants and the shareholders of the Company in creating long-term shareholder value. See “Securities Authorized for Issuance under Equity Compensation Plans - Deferred Share Unit Plan” below for a description of the DSU Plan.

Directors receive annual fees paid semi-annually. The following table presents the different components of the compensation the directors may be entitled to receive, with the exception of Gregory A. On March 28, 2019, subject to shareholder approval of the plan, the Company granted an aggregate of 392,986 stock options under the 2019 ESOP, representing 0.67% of outstanding Shares as of March 28, 2019, leaving 9.33% of outstanding Shares, or 5,473,545 securities, remaining available for future issuance as of March 28, 2019, if it is approved by shareholders at the Meeting.

Stock Appreciation Rights Plan

On June 20, 2012, the Board of Directors of the Company adopted the SAR Plan. The purpose of the SAR Plan is to (a) promote a proprietary interest in the Company among its executives and directors; (b) encourage the Company’s executives and directors to further the Company’s development; and (c) attract and retain the key employees necessary for the Company’s long-term success. The SAR Plan is administered by the HRCC and authorizes the Company to award SARs to eligible persons. On February 3, 2016, the Board of Directors amended the SAR Plan by adding the provision set out at (e) below and, on March 18, 2016, amended the SAR Plan by adding the provision set out at (b) below. Under the policies of the TSX and the terms of the SAR Plan, the two amendments were not subject to shareholder approval.

A SAR is a right to receive a cash payment equal to the difference between the base price of the SAR and the market value of a Share on the date of exercise. SARs can be settled only in cash. No SARs were granted in 2018.

The following is a description of certain features of the SAR Plan:

a. SARs expire not later than ten years after the date of grant. The expiry date of SARs, and their vesting schedule, if any, will be set out in the applicable agreement evidencing the grant of SARs to a participant;

b. once the expiry date of SARs is determined in the applicable agreement, such expiry date may not be extended;

c.

the aggregate number of SARs that may be granted to directors who are not employees of the Company cannot exceed 1% of the number of issued and outstanding Shares;

- d. the base price of a SAR will be the closing price of the Shares on the TSX on the trading day immediately preceding the day on which a SAR is granted; and

e. the base price of each SAR is confirmed in writing by the HRCC to the participant at the time of grant and once so confirmed, may not be changed; and

f. upon the occurrence of a change in control (as defined in the SAR Plan), all SARs outstanding at such time will become fully and immediately vested and will remain exercisable until their expiration, termination or cancellation pursuant to the terms of the SAR Plan and the applicable grant agreement.

The award agreements for the SARs granted in 2012 provide that the SARs granted to employees and executives will vest and may be exercisable 25% per year over four years and that the SARs granted to directors, who are not officers of the Company, will vest and may be exercisable 25% on the grant date, and a further 25% will vest and may be exercisable per year over three years.

As of December 31, 2018, there were no SARs outstanding.

Performance and Restricted Share Unit Plan (formerly known as the Performance Share Unit Plan)

The purpose of the PRSU Plan is to provide executive officers and employees with a proprietary interest in the Company through the granting of PSUs and RSUs. The PRSU Plan is also intended to increase the interest in the Company's welfare of those executive officers and employees who share primary responsibility for the management, growth and protection of the business of the Company, to furnish an incentive to such executive officers and employees to continue their service to the Company and its subsidiaries, and to provide a means through which the Company and its subsidiaries may attract able persons to enter their employment.

On May 9, 2016, the Board of Directors amended the Performance Share Unit Plan ("PSU Plan") to provide for accelerated vesting of PSUs on retirement of an executive officer or employee, subject to certain conditions, and upon the death or total and permanent disability of the executive officer or employee, and to provide for the possibility of settling PSUs in cash, at the discretion of the Board of Directors. The amendment provided that in the event of cash settlement, the cash payment will equal the number of Shares that would otherwise have been issued or delivered to the participant, multiplied by the VWAP of the Shares on the TSX for the five consecutive trading days immediately preceding the day of payment and that the Board had full discretion to determine the form of settlement of the PSUs. Under the policies of the TSX and the terms of the PSU Plan, the amendment was not subject to shareholder approval. On November 10, 2016, the Board of Directors adopted a "Supplement for US Participants" to the PSU Plan for participants in the PSU Plan who are residents of the United States for tax purposes. The "Supplement for US Participants" was not subject to shareholder approval.

On February 17, 2017, the Board of Directors again amended the PSU Plan, to provide for only cash settlement of PSUs. The amendment provides that the Company will settle PSUs by delivering to the executive officer or employee an amount in cash equal to the product that results by multiplying the number of settled PSUs by the VWAP of the Shares on the TSX for the five consecutive trading days immediately preceding the day of payment to the executive officer or employee. Under the policies of the TSX and the terms of the PSU Plan, the amendment was not subject to shareholder approval.

All of the foregoing amendments to the PSU Plan were approved by the TSX.

On March 7, 2018, the Board of Directors approved the addition of RSUs as an available award type, thus renaming the plan the Amended and Restated Performance and Restricted Share Unit Plan.

The following is a summary of the material terms of the PRSU Plan and is subject to, and qualified by, the full text of the PRSU Plan.

The Board of Directors, in its sole discretion, may from time to time approve the grant of PSUs and RSUs to one or more executive officers or employees in respect of future services, the number of PSUs and RSUs to be granted and the terms and conditions of such PSUs and RSUs. Each grant will be evidenced by a grant letter from the Company addressed to the executive officer or employee, setting out the date of grant, the number of units granted, the performance objective(s) which must be attained in order for PSUs and RSUs to be earned, any applicable reduction or increase in the number of PSUs depending on the level of attainment of the relevant performance objective(s), the vesting conditions, the settlement period, and any other terms and conditions applicable to such PSUs and RSUs.

For PSUs granted prior to the March 7, 2018 amendment, the number of PSUs which will be eligible to vest can range from 0% to 150% of the Target Shares ("Target Shares" reflects 100% of the PSUs granted) based on the Company's total shareholder return ("TSR") ranking relative to a self-selected peer group of companies ("Peer Group") over the

measurement period as outlined in

54

the following table. Further, first quartile means the top performing quartile and fourth quartile means the bottom performing quartile.

TSR Ranking Relative to the Peer Group	Percent of Target Shares Vested (%)
First Quartile TSR ranking	150
Second Quartile TSR ranking	100
Third Quartile TSR ranking	50
Fourth Quartile TSR ranking	0

For PSUs granted after the March 7, 2018 amendment, the number of PSUs which will be eligible to vest can range from 0% to 175% of the Target Shares as determined by multiplying the number of PSUs awarded by the adjustment factors as follows:

50% based on the Company's TSR relative to the Peer Group over the measurement period as set out on the table below.

50% based on the Company's ROIC Performance as set out on the table below.

The relative TSR performance adjustment factor is determined as follows:

TSR Ranking Relative to the Peer Group	Percent of Target Shares Vested (%)
Less than the 25th percentile	0
25th percentile	50
50th percentile	100
75th percentile	150
90th percentile or higher	200

The ROIC Performance adjustment factor is determined as follows:

ROIC Performance	Percent of Target Shares Vested (%)
1st Tier	0
2nd Tier	50
3rd Tier	100
4th Tier	150

TSR is measured as the five-day VWAP as of the applicable vesting date as divided by the five-day VWAP from the applicable grant date. The TSR measures are estimated based on the conventional method, which considers the reinvestment of any potential dividends in the Company's stock.

The TSR performance and ROIC Performance adjustment factors between the numbers set out in the two tables above is interpolated on a straight-line basis.

The level of attainment of the performance objective(s) and the number of PSUs earned and eligible to vest will be determined by the Board of Directors from time to time. Upon such determination by the Board, the Company will deliver to the executive officer or employee a letter confirming the number of PSUs earned by the executive officer or employee. Any PSUs not earned in accordance with the foregoing will expire and the executive officer or employee will not have any rights or entitlements whatsoever in respect of any such PSUs.

Each grant of RSUs shall be evidenced by a Grant Letter from the Company addressed to the Participant setting out the date of grant, the number of RSUs granted, the vesting conditions, and any other terms and conditions applicable to such RSUs. The vesting of RSUs is determined by the Board of Directors from time to time.

Once a PSU or RSU is earned and has vested in accordance with the grant letter and the PRSU Plan, it may be settled during a period established by the Board of Directors in accordance with the grant letter.

An executive officer or employee may request the settlement of PSUs and RSUs which are earned and have vested in accordance with the grant letter and PRSU Plan, at any time during the settlement period, in such manner as the Board of Directors may determine from time to time and in accordance with such rules and regulations as the Board of Directors may prescribe from time to time. As soon as reasonably practicable following the settlement date, the Company will settle the PSUs or RSUs by delivering to the executive officer or employee an amount in cash equal to the product that results by multiplying the number of settled PSUs or RSUs by the VWAP of the Shares on the TSX for the five consecutive trading days immediately preceding the day of payment to the executive officer or employee, subject to statutory withholdings by the Company.

Additionally, as soon as reasonably practicable following the settlement date, the Company or a subsidiary will make a lump-sum cash payment to an executive officer or employee, net of any withholdings, in an amount equal to the product that results from multiplying the number of settled PSUs and RSUs by the amount of cash dividends per Share declared and paid by the Company from the date of grant of the PSUs and RSUs to such executive officer or employee to the settlement date.

PSUs expire on the business day preceding December 31 of the third calendar year following the first year in which the executive officer or employee rendered services in respect of the grant of PSUs. Any PSU which has vested in accordance with the applicable grant letter and the PSU Plan but which has not been settled at the expiry date will be automatically settled on such date.

In the event of a "Change of Control" of the Company, as that term is defined in the PRSU Plan, all unvested PSUs and RSUs shall (i) either be assumed or continued by the successor entity or shall be replaced by or substituted for a new plan and new PSUs and RSUs of the successor entity with identical terms and conditions, subject to an equitable adjustment as set forth in the PRSU Plan, or (ii) if not assumed, continued, replaced, or substituted as contemplated in clause (i), the Board shall accelerate vesting of all unvested PSUs and RSUs, with effect as of the "Change of Control", with, in the case of PSUs, the deemed attainment of 100% of the relevant performance objective(s) or such higher level of deemed attainment as is determined by the Board in its discretion. In the event a holder of PSUs or RSUs ceases to be an executive officer or employee of the Company or one of its subsidiaries as a result of termination without cause within one year following a "Change of Control", all unvested PSUs and RSUs shall vest on the date that is his or her last day of work for the Company or a Subsidiary, with deemed attainment of 100% of the relevant performance objective(s) in the case of PSUs.

Notwithstanding any provision of the PRSU Plan to the contrary, if an executive officer or employee ceases to be an executive officer or employee by reason of death or total and permanent disability (which has been certified by a physician acceptable to the Board), all unvested PSUs or RSUs held by the executive officer or employee as of his or her last working day, as defined by the PRSU Plan, shall automatically vest; furthermore, if an executive officer or employee ceases to be an executive officer or employee by reason of retirement at age 59 and 1/2 or older and has completed at least five years of service with the Company or one of its subsidiaries, all unvested PSUs or RSUs which the executive officer or employee has held for at least one year as of the executive officer's or employee's last working day shall automatically vest. If, prior to the vesting date, a holder of PSUs or RSUs ceases to be an executive officer or employee of the Company or one of its subsidiaries for any other reason, including, without limitation, retirement (other than noted above), resignation, voluntarily departure, termination for cause or termination without cause (other than noted above regarding "Change of Control"), all unvested PSUs and RSUs shall be cancelled and be of no further force or effect whatsoever.

PSUs and RSUs may not be assigned or transferred, other than by will or the laws of succession.

As of December 31, 2018, there were 1,034,239 PSUs and 111,819 RSUs outstanding.

Deferred Share Unit Plan

On April 22, 2014, the Board of Directors adopted the DSU Plan. The purpose of the DSU Plan is to provide participants with a form of compensation which promotes greater alignment of the interests of the participants and the shareholders of the Company in creating long-term shareholder value. The DSU Plan is administered by the HRCC and authorizes the Company to award DSUs to any member of the Board of Directors of the Company who is not an executive officer or employee of the Company. Under the DSU Plan, each director may receive DSUs as a result of a grant and/or in lieu of cash for semi-annual directors' fees. DSUs are settled, in cash only, when the director ceases to be a member of the Board of Directors of the Company.

The Board of Directors amended the DSU Plan on September 10, 2018 in order to provide that the participants in the DSU Plan be also entitled to a dividend equivalent payment, payable in additional DSUs equal to the amount of dividends paid on Shares to which the DSUs held by them relate.
As of December 31, 2018, there were 198,993 DSUs outstanding.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

Aggregate Indebtedness

None of the executive officers, directors, employees or former executive officers, directors and employees of the Company and its subsidiaries as of April 24, 2019, owe any indebtedness to the Company and its subsidiaries, and no indebtedness of such persons to other entities was the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company or any subsidiary thereof.

Indebtedness of Directors and Executive Officers under Securities Purchase and Other Programs

During the fiscal year ended December 31, 2018, and as of the date of this Circular, none of the directors, executive officers, employees (or previous directors, executive officers or employees of the Company) or proposed nominees for election as a director of the Company (or any associate of a director, executive officer or proposed nominee) was or is indebted to the Company with respect to the purchase of securities of the Company and for any other reason pursuant to a loan.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

For the purposes of this Circular, “informed person” means: (i) a director or executive officer of the Company; (ii) a director or executive officer of a person or Company that is itself an informed person or subsidiary of the Company; (iii) any person or Company who beneficially owns, or exercises control or direction over, directly or indirectly, voting securities of the Company or a combination of both, carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company, other than voting securities held by the person or Company as underwriter in the course of a distribution; and (iv) the Company if it has purchased, redeemed or otherwise acquired any of its own securities, for so long as it holds any of its securities.

To the best of the Company’s knowledge, no informed person or proposed director of the Company, and no associate or affiliate of the foregoing persons, at any time since the beginning of its last completed financial year, has or had any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any transaction since the beginning of its last completed financial year that has materially affected the Company or any of its subsidiaries, or in any proposed transaction that could materially affect the Company or any of its subsidiaries, or in any matter to be acted upon at this Meeting.

SHAREHOLDER PROPOSALS

The CBCA provides that a Registered Shareholder or a Beneficial Shareholder that is entitled to vote at an annual meeting of the Company may submit to the Company notice of any matter that the person proposes to raise at the meeting (referred to as a “Proposal”) and discuss at the meeting any matter in respect of which the person would have been entitled to submit a Proposal. The CBCA further provides that the Company must set out the Proposal in its management proxy circular along with, if so requested by the person who makes the Proposal, a statement in support of the Proposal by such person. However, the Company will not be required to set out the Proposal in its management proxy circular or include a supporting statement if, among other things, the Proposal is not submitted to the Company at least 90 days before the anniversary date of the notice of meeting that was sent to the shareholders in connection with the previous annual meeting of shareholders of the Company. As the notice in connection with the Meeting is dated April 24, 2019, the deadline for submitting a Proposal to the Company in connection with the next annual meeting of shareholders is January 25, 2020.

The foregoing is a summary only. Shareholders should carefully review the provisions of the CBCA relating to Proposals and consult with a legal advisor.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board of Directors and management of the Company believe that the highest standards of corporate governance are essential in the effective management of the Company as well as in the Company's ability to build sustainable worth for

its customers, business partners, employees and investors. The Board of Directors is committed to maintaining a high standard of corporate governance, and regularly reviews and updates its corporate governance systems in light of changing practices, expectations and legal requirements.

The Company is a Canadian reporting issuer and the Shares are listed and posted for trading on the TSX. The Company's corporate governance practices reflect applicable rules and guidelines adopted by the Canadian Securities Administrators as set out in National Policy 58-201 Corporate Governance Guidelines and National Instrument 58-101 Disclosure of Corporate Governance Practices (collectively, the "CSA Guidelines"). Further, the Company's governance practices also comply with the governance rules of the SEC applicable to foreign issuers and those mandated by the United States Sarbanes-Oxley Act of 2002.

The CSA Guidelines set out a series of guidelines for effective corporate governance. The guidelines address matters such as the composition and independence of corporate boards, the functions to be performed by boards and their committees, and the effectiveness and education of board members. The Company's corporate governance practices are substantially in alignment with the CSA Guidelines. In accordance with the CSA Guidelines, the Company discloses, on an annual basis and in prescribed form, the corporate governance practices that it has adopted.

Pursuant to its mandate, the Board of Directors supervises the management of the business and affairs of the Company, including the development of major policy and strategy and the identification of the risks of the Company's business and implementation of the appropriate systems to manage these risks. The Board of Directors has explicitly assumed responsibility for the stewardship of the Company and has adopted a formal mandate setting out its stewardship responsibilities. The Board of Directors discharges its responsibilities either directly or through its committees.

In regards to the identification and management of risk, the Board of Directors receives reports from management of the Company on a regular basis with respect to risks which the Company encounters in its business. Among others, the Board considers and discusses risks such as: trends in the costs of raw materials and commodities; fluctuations in interest rates and foreign exchange rates; environmental and safety issues; cyber security; availability of capital; tax implications; execution by the Company of its capital expenditure projects; business continuity; and integration of businesses acquired by the Company. Many of the risks considered and discussed by the Board are set out in the Company's Management's Discussion and Analysis for the 2018 fiscal year and in the section entitled "Risk Factors" in the Company's annual report on Form 20-F for the fiscal year ended December 31, 2018, both of which are available under the Company's profile on SEDAR at www.sedar.com.

The Board of Directors has established four committees, namely the Audit Committee, HRCC, CGNC and Executive Committee to facilitate the carrying out of its duties and responsibilities and to meet applicable statutory requirements. The Board of Directors has adopted a formal mandate for each committee. The Board of Directors has developed a description of the role and responsibilities for each of the Chairman of the Board, the Lead Director, where applicable, the Chair of each committee of the Board of Directors and the Chief Executive Officer.

The Company has adopted a Code of Conduct and Business Ethics to which all directors, management personnel and employees of the Company are expected to adhere. A copy of the Code of Conduct and Business Ethics is available under the Company's profile on SEDAR at www.sedar.com.

The following discloses the Company's current governance practices in accordance with the CSA Guidelines.

Board of Directors

The Company complies with the CSA Guidelines which set out that a majority of the directors of the Company must be independent.

According to section 1.4 of National Instrument 52 – 110 Audit Committees, a director is independent if he or she has no direct or indirect material relationship with the Company, which includes a relationship which could, in the view of the Board of Directors, reasonably interfere with the exercise of the director's independent judgment. After having examined the role and relationships of each of the directors and based on information provided by the directors as to their individual circumstances, the CGNC has established that six of the eight directors proposed as nominees by

management for election as directors are, as of the date hereof, independent of the Company, namely:

Robert M. Beil

Frank Di Tomaso

58

Robert J. Foster
James Pantelidis
Jorge N. Quintas
Mary Pat Salomone

This determination was made based on the following factors, that is, whether:

(i) the director is, or has been within the last three years, an employee or executive officer of the Company or a subsidiary, or an immediate family member of the director is, or has been within the last three years, an executive officer of the Company or a subsidiary;

(ii) the director is a current partner or employee of a firm that is the Company's internal or external auditor, or was within the last three years, a partner or employee of that firm and personally worked on the Company's audit within that time;

(iii) an immediate family member of the director is a current partner of a firm that is the Company's internal or external auditor, or is a current employee of that firm and participates in its audit, assurance or tax compliance (but not tax planning) practice, or was, within the last three years a partner or employee of that firm and personally worked on the Company's audit within that time;

(iv) the director, or an immediate family member of the director, is or has been within the last three years, an executive officer of an entity on which any of the Company's current executive officers serve or served at that time on the entity's compensation committee; or

(v) the director or an immediate family member of the director who is employed as an executive officer of the Company has received, during any twelve-month period within the last three years, more than \$75,000 in direct compensation from the Company, other than (a) director and committee fees, (b) pension or other forms of deferred compensation for prior service provided that such compensation is not contingent in any way on continued service, and (c) compensation for previously acting as an interim chief executive officer of the Company or previously acting as a Chairman of the Board of Directors on a part-time basis.

An "immediate family member" includes a person's spouse, parents, children, stepchildren, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares the person's home.

After having examined the role and relationships of each director, the CGNC has established that, of the eight directors proposed by management to sit on the Board of Directors, the following two directors are not independent from the Company, namely:

Gregory A. C. Yull, who is the Chief Executive Officer of the Company; and
Melbourne F. Yull, whose "immediate family member" (Gregory A. C. Yull) is Chief Executive Officer of the Company.

The Board of Directors considers that, as of the date hereof, six of the eight directors are independent, meaning that 75% of the proposed nominees for election as directors are independent.

In addition, during the fiscal year ended December 31, 2018, all of the members of each of the Audit Committee, HRCC and CGNC were independent directors. At December 31, 2018: the members of the Audit Committee were Frank Di Tomaso (chairman), Robert J. Foster, and Mary Pat Salomone, the members of the HRCC were Robert M. Beil (chairman), Robert J. Foster, Jorge N. Quintas and Mary Pat Salomone, and the members of the CGNC were James Pantelidis (chairman), Robert M. Beil and Frank Di Tomaso. If necessary, the independent members of the Board of Directors can meet without the presence of the non-independent directors.

The following directors are currently directors of other issuers that are reporting issuers (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction:

Name of Director	Issuer
Frank Di Tomaso	ADF Group Inc.
	Birks Group Inc.
James Pantelidis	Parkland Fuel Corporation
Mary Pat Salomone	TransCanada Corporation
	TransCanada Pipelines Limited
	Herc Holdings, Inc.

James Pantelidis, Chairman of the Board of Directors, is an independent director. The positions of Chairman of the Board of Directors and Chief Executive Officer are split. The Board of Directors believes that separating the roles of Chairman of the Board of Directors and Chief Executive Officer allows the Board of Directors to more effectively oversee management, enhance accountability and avoid potential conflicts of interest.

The Board of Directors uses electronic board books. This allows information to be disseminated effectively and allows the Board of Directors to conduct its business efficiently. The use of electronic board books also reduces the use of paper by the Board of Directors, which also has the corollary benefit of reducing costs and is consistent with the Company's dedication to be an environmental leader.

Board Mandate

The Board of Directors has approved its written mandate. The mandate of the Board of Directors is to supervise the management of the business and affairs of the Company, including the development of major policies and strategies and the identification of the risks of the Company's business and the implementation of the appropriate systems to manage these risks. The complete text of the mandate of the Board of Directors is available on the Company's website.

Position Descriptions

The Board of Directors has developed a description of the role and responsibilities of the Chairman of the Board of Directors, the Chair of each committee of the Board of Directors and the Chief Executive Officer.

The description of the role and responsibilities of the Chairman of the Board of Directors was approved by the Board of Directors. The description of the role and responsibilities of the Chairman of the Board of Directors establishes that the Chairman of the Board of Directors provides leadership and develops guiding principles for the Board of Directors and represents the Board of Directors with the shareholders at the annual meeting of shareholders. The Chairman of the Board of Directors also sets the agenda for meetings of the Board of Directors, chairs meetings of the Board of Directors, oversees its effectiveness and ensuring that it meets its obligations and responsibilities, and ensures that board members receive clear information on a timely basis and ensures that the performance of the Board of Directors is assessed on a regular basis. In addition, the Chairman of the Board of Directors supervises the chairs of the committees.

Descriptions of the role and responsibilities of the chairs of the Audit Committee, the HRCC and the CGNC were approved by the Board of Directors. They provide, among other things, that the chairman of each committee sets the agenda and chairs committee meetings and reports regularly to the Board of Directors.

A description of the role and responsibilities of the Chief Executive Officer was approved by the Board of Directors. The Board of Directors also determines with the Chief Executive Officer his or her priorities and responsibilities. The description provides that the Chief Executive Officer is ultimately responsible for directing the business and affairs of the Company, setting objectives and providing strategic directions to the management of the Company so that the Company may achieve expected results. He is responsible for: (i) directing the objectives, policies and operating plans consistent with the Board of Directors' mandate, (ii) fostering a corporate culture that promotes integrity and ethical conduct and responsibility, (iii) monitoring the Company's compliance with current regulatory and disclosure rules, (iv) evaluating performance of senior management and developing and retaining personnel in order to provide for the future management of the Company, and (v) building the Company's profile with the public and with investor communities and ensuring that the appropriate information and disclosure are being provided to the shareholders of the Company.

The position descriptions of the Chairman of the Board of Directors and of the Chief Executive Officer are available on the Company's website.

Orientation and Continuing Education

The Board recognizes the importance of ongoing education for directors. Directors are encouraged to attend seminars, conferences and other continuing education programs to help ensure that they stay current on relevant issues such as corporate governance, financial and accounting practices and corporate ethics. The Company encourages directors to attend appropriate continuing education programs and will contribute to the cost of attending such programs. As well, written materials likely to be of interest to directors that have been published in periodicals, newspapers or by legal or accounting firms are routinely forwarded to directors. Furthermore, the Company also believes that serving on other corporate and not for profit boards is a valuable source of ongoing education.

Upon a director's election or appointment to the Board of Directors, the director receives all of the various corporate governance documents that have been adopted by the Company. Additionally, the director participates in meetings with members of management of the Company, is given a tour of certain of the Company's operational facilities and is briefed on the strategic policies and strategic direction of the Company, all of which is designed with a view to familiarize new directors with the Company, its management structures and operations, and key legal, financial and operational issues.

New directors are also provided with information regarding corporate governance and structure and procedures of the Board of Directors and any committee on which the director will serve.

Upon joining the Board of Directors, a new director will have multiple one-on-one sessions with the Chairman and Chief Executive Officer to discuss the function of the Board of Directors and the nature of the Company's business activities. Individual meetings will also be scheduled with executive management to educate new directors in more detail with respect to the Company's operations. A secure website is also available to directors, where they have access to important Board of Directors' materials, including board books, charters, guidelines and codes.

The Company has developed an education program for new directors. The main objective of the education program is to offer for each new director the opportunity to learn the business of the Company and for each director to better understand the challenges to which the Company is exposed. This education program is addressed, inter alia, to new directors to inform them as to the role of the Board of Directors, its committees and its directors, the nature and functioning of the Company, and the operations and management of the Company. Each director receives a Director Information Handbook that is regularly updated. The Director Information Handbook contains material pertinent to the affairs of the Company, including the mandate of the Board of Directors and its committees, descriptions of the role and responsibilities of each committee chair and of the Chairman of the Board of Directors, details of directors' compensation, details regarding the directors' liability insurance, the role and responsibilities of the President and Chief Executive Officer, the Company's Code of Business Conducts and Ethics (the "Code of Conduct") and its policies. The Company relies on the fact that each director has had considerable prior corporate experience and that each director has the necessary expertise to serve as an effective director of the Company. Various members of senior management of the Company report to the Board of Directors on an informal and formal basis regularly in order to keep the directors up-to-date on various matters concerning the business and affairs of the Company. Counsel to the Company in both the United States and Canada are also available to advise the Board of Directors on new developments in relevant areas of the law.

Ethical Business Conduct

The Company's Code of Conduct applies to each of the Company's directors, officers and employees. A copy of the Code of Conduct is available under the Company's profile on SEDAR at www.sedar.com.

All directors, officers and employees of the Company are strongly encouraged to discuss all issues with appropriate personnel at the Company in cases in which they suspect that a potential breach of the Code of Conduct may have occurred. Any waiver of a provision of the Code of Conduct for executive officers or directors of the Company may be made only by the Board of Directors or a committee thereof and will be promptly disclosed as required by law or by the regulations of the TSX. To the knowledge of the directors and officers of the Company, there has not been any instance of departure from the Code of Conduct within the last twelve months. Persons who violate the standards set out in the Code of Conduct will be subject to disciplinary action. The Board of Directors did not grant any waivers with respect to the Code of Conduct to any director, executive or executive officer during the last fiscal year.

Therefore, no material change report pertaining to any conduct of a director, executive or executive officer that constitutes a departure from the Code of Conduct was filed.

61

The Code of Conduct is provided to each employee of the Company at the time of his or her commencement of employment, as well as to each director and officer of the Company at the time of his or her election or appointment. The Code of Conduct covers a variety of subject matters that are related to proper business conduct and ethics, including conflicts of interest, discrimination and harassment in the work place, the health and safety of employees, confidentiality obligations and insider-trading prohibitions. Compliance with these subject matters is ultimately monitored by the Board of Directors in different ways depending on the specific matter in question.

For example, as concerns insider trading, at the designated time during each financial quarter, a member of management informs the Company's personnel in writing when the regular trading black-out period begins and ends, as set out in the Company's Insider Trading Policy. Further, members of the Board of Directors may be involved when a decision has to be made as to whether an additional trading black-out period is warranted in the event that certain material information may be accessible by the Company's personnel prior to its divulgence to the public.

As concerns matters such as discrimination and harassment and the health and safety of employees, it is the Company's supervisors and managers who are responsible for regularly monitoring such matters. These managers prepare written reports dealing with such matters on a regular basis. The reports are then reviewed by members of senior management, who are responsible for bringing any specific concerns to the attention of the Board of Directors.

The Code of Conduct sets out that employees are to discuss any compliance matters or concerns with a supervisor or manager, human resources, the Company's legal department, or through the IPG Business Conduct and Ethics Hotline. The Company's supervisors and managers and counsel at Holland & Knight LLP, as the case may be, each have ready access to the Board of Directors.

Under the CBCA, the Company's governing statute, a director or officer of the Company must disclose to the Company, in writing or by requesting that it be entered in the minutes of meetings of the Board of Directors, the nature and extent of any interest that he or she has in a material contract or material transaction, whether made or proposed, with the Company, if the director or officer: (a) is a party to the contract or transaction; (b) is a director or an officer, or an individual acting in a similar capacity, of a party to the contract or transaction; or (c) has a material interest in a party to the contract or transaction. Subject to limited exceptions set out in the CBCA, the director cannot vote on any resolution to approve the contract or transaction.

Further, it is the policy of the Company that an interested director or officer recuse himself or herself from the decision-making process pertaining to a contract or transaction in which he or she has an interest.

In 2007, the Audit Committee established the "Whistle Blower Policy and Procedures" as part of the Code of Conduct. The purpose of the "Whistle Blower Policy and Procedures" is to provide a means by which accounting and audit-related complaints can be handled by the Audit Committee, thus providing an anonymous method by which employees can report, if any, questionable accounting, internal accounting controls, and auditing matters which would constitute a violation of the Company's accounting policies, without fear of retaliation against good-faith whistleblowers.

Nomination of Directors

The CGNC identifies and recommends to the Board of Directors, when appropriate, skill sets and individuals who could add value to the Board of Directors. If the Board of Directors determines that new candidates for Board nomination are advisable, the process by which the Board of Directors identifies new candidates for Board nomination will begin with the approval by the Board of Directors of an outline of the skill-set and background which are desired in a new candidate. Board members and management will have an opportunity to suggest candidates for consideration. A search firm may be employed. Prospective candidates will be interviewed by the Chairman and other members of the Board of Directors on an ad hoc basis. An invitation to join the Board of Directors will be extended only after the Board of Directors has reached a consensus on the appropriateness of the candidate.

The members of the CGNC are James Pantelidis (chairman), Robert M. Beil and Frank Di Tomaso. The CGNC is composed entirely of independent directors, as is a majority of the members of the Board of Directors, ensuring any candidate recommended to the Board of Directors by the CGNC is approved by independent members of the CGNC and a majority of independent members of the Board of Directors.

The members of the CGNC are appointed by the Board of Directors annually. The charter of the CGNC is available on the Company's website and states that the committee will inter alia:

- (i) develop and recommend to the Board of Directors a set of corporate governance principles applicable to the Company;

62

- (ii) monitor corporate governance issues, trends and proposed, new or amended regulatory requirements and, as appropriate, make recommendations to the Board of Directors;
- (iii) advise the Board of Directors with respect to the charters, structure and operations of the various committees of the Board of Directors and qualifications for membership thereon;
 - in consultation with the Chairman of the Board of Directors and the Chief Executive Officer of the Company,
- (iv) make recommendations to the Board of Directors regarding which directors should serve on the various committees of the Board of Directors;
 - authorize any waiver of the compliance by an executive officer or a director with the Company's Code of Conduct,
- (v) oversee the investigation of any alleged breach of the Code of Conduct and make recommendations to the Board of Directors regarding any measures to be taken by the Board of Directors with respect thereto;
- (vi) exercise oversight of the policies and processes adopted by it or the Board of Directors relating to director orientation and continuing education;
- (vii) exercise oversight of the processes adopted by the Board of Directors for evaluating (a) the overall performance and workings of the Board of Directors as a whole, and (b) the performances of individual directors;
 - establish a process for determining the "independence" of directors, the identification of "financial experts", and the "financial literacy" of directors, as those terms are defined from time to time under the requirements or guidelines
- (viii) for board service under applicable securities laws and the rules of any stock exchange on which the Company's securities are listed for trading; and
- (ix) review the size and composition of the Board of Directors.

Compensation

The Board of Directors has given the HRCC a mandate to examine the compensation of executive officers and make recommendations with respect thereto.

The Board of Directors has established a HRCC that is composed entirely of independent directors within the meaning of National Instrument 52-110 Audit Committees. The members of the HRCC for the fiscal year ended December 31, 2018 were Robert M. Beil (chairman), Robert J. Foster, Jorge N. Quintas and Mary Pat Salomone.

The mandate of the HRCC is described above under the heading "Compensation of Executive Officers and Directors —Named Executive Officer Profiles". The charter of the HRCC is available on the Company's website.

In determining executive compensation, the Board of Directors retains the services of compensation consultants from time to time.

For more detailed information with respect to the compensation of the Company's officers, see "Compensation of Executive Officers and Directors – Compensation Discussion and Analysis – Compensation Process" above.

Other Committees of the Board of Directors

The only committee of the Board of Directors other than the Audit Committee, HRCC and CGNC is the Executive Committee, which is comprised of James Pantelidis, Robert J. Foster, Gregory A. C. Yull and Melbourne F. Yull (chairman). The function of the Executive Committee is to provide strategic direction for the Company. The charter of the Executive Committee is available on the Company's website.

Assessments

Annually all directors are required to complete a director's questionnaire designed to assist the Board of Directors in assessing the Board of Directors as a whole, and each committee of the Board of Directors. The results of these assessments are discussed at a meeting of the Board of Directors. The Audit Committee follows a similar procedure to assist members of the Audit Committee in assessing the Committee.

Director Tenure Policy

On November 27, 2018, the Board adopted a policy to ensure appropriate and ongoing renewal of the Board in order to sustain Board performance and maintain Board expertise (the “Director Tenure Policy”). Pursuant to the Director Tenure Policy, the Board will seek to maintain an average tenure of ten years or less for its independent non-management directors. The Board believes that this approach is more advisable than establishing a specific limit for the overall length of time an independent director, because it will allow directors who have served on the Board for an extended period to continue to provide valuable insight into the operations and future of the Company based on their experience with, and understanding of, the Company’s history, policies, and objectives.

Furthermore, in determining whether to recommend a director for re-election every year, the CGNC considers the director’s participation in and contributions to the activities of the Board and past meeting attendance.

Policies Regarding the Representation of Women on the Board

On August 10, 2018, the Board of Directors adopted a written Diversity Policy (the “Diversity Policy”), which sets forth the Company’s approach to achieving and maintaining diversity on the Board of Directors. The Company is committed to a merit-based system for Board composition within a diverse and inclusive culture which solicits multiple perspectives and views and is free of conscious or unconscious bias and discrimination.

In accordance with the current Diversity Policy, the Company will, when assessing Board composition or identifying suitable candidates for appointment or re-election to the Board of Directors, consider candidates on merit against objective criteria having due regard to the benefits of diversity and the needs of the Board of Directors. The Company will periodically assess the expertise, experience, skills and backgrounds of its directors, including the extent to which the current composition of the Board of Directors reflects a diverse mix of knowledge, experience, skills and backgrounds, including an appropriate number of women directors. The Company aspires to attain and maintain a Board composition in which at least 30% of the directors are women.

The Board of Directors will review the Diversity Policy annually and assess its effectiveness in promoting a diverse Board which includes an appropriate number of women directors.

Consideration of the Representation of Women in the Director Identification and Selection Process

When the CGNC recommends candidates for director positions, it considers not only the qualifications, personal qualities, business background and experience of the candidates, it also considers the composition of the group of nominees, to best bring together a selection of candidates allowing the Board of Directors to perform efficiently and act in the best interest of the Company and its stakeholders. The Company is aware of the benefits of diversity both on the Board and at the executive level, and therefore female representation is one factor taken into consideration during the search process to fill director positions.

Consideration Given to the Representation of Women in Executive Officer Appointments

When the Board of Directors selects candidates for executive officer positions, it considers not only the qualifications, personal qualities, business background and experience of the candidates, it also considers the composition of the group of nominees, to best bring together a selection of candidates allowing the Company’s management to perform efficiently and act in the best interest of the Company and its stakeholders. The Company is aware of the benefits of diversity both on the Board and at the executive level, and therefore female representation is one factor taken into consideration during the search process to fill leadership roles within the Company.

Targets Regarding the Representation of Women in Executive Officer Positions

The Company has not adopted a “target” regarding women in executive officer positions. The Company considers candidates based on their qualifications, personal qualities, business background and experience, and does not feel that targets necessarily result in the identification or selection of the best candidates.

Number of Women on the Board and in Executive Officer Positions

There is one woman on the Board of Directors of the Company. Of the nine executive officers of the Company, including its major subsidiaries, as defined in National Instrument 58-101 Disclosure of Corporate Governance Practices, two (22.2%) are women.

The Board, in its sole discretion, shall have full and complete authority to administer and interpret the Plan and to prescribe such rules and regulations and make such other determinations as it deems necessary or useful for the administration of the Plan, including the power and authority:

3.1.1 to select the Optionees to whom Options may be granted from time to time;

Notwithstanding the foregoing, the Board may not take any actions hereunder, and no Options shall be granted, that would violate any applicable Canadian securities law or any other applicable Canadian governing statute or law.

4. Shares Subject to the Plan

The number of Shares issued to Insiders of the Corporation, within any one year period, under the Plan and any other Security Based Compensation Arrangement of the Corporation cannot exceed ten 10% of the Corporation's total issued and outstanding shares.

5.5 Each grant of Options shall be evidenced by a letter from the Corporation addressed to the Optionee or an agreement between the Corporation and the Optionee, setting forth the date of the grant, the number of Shares covered by such Options, the Exercise Price, the Option Period, any vesting conditions and any other terms and conditions applicable to such Options.

6. Exercise Price

The exercise price for each Share covered by an Option (the "Exercise Price") shall be established by the Board at the time of grant, but shall not be less than the fair market value of the Shares on the date of grant, which shall be computed by reference to the closing market price of the Shares on the TSX on the trading day immediately preceding the date of the granting of the Option.

7. Option Period

7.1 Subject to Section 7.2, once an Option has vested, it shall be exercisable during a period established by the Board (the "Option Period") which shall commence not earlier than the date of the granting of the Option and shall terminate not later than the later of (x) 10 years after the date of the granting of the Option or (y) if applicable, the time set forth in Section 7.3.

7.2 Notwithstanding Section 7.1 and subject to Section 14.2.5:

7.2.1 except as provided in Section 7.2.2 or 7.2.3 (or as may otherwise be expressly set forth in Optionee's employment or consulting agreement in compliance with Section 7.1), if an Optionee's employment or consulting relationship with the Corporation or Subsidiary terminates for any reason, all unvested Options shall be forfeited on the date that is his or her Last Working Day or the date of termination of the consulting relationship, as applicable, and the Option Period of all vested Options shall terminate on the earlier of: (i) the date that is 90 days following his or her Last Working Day or the date of termination of the consulting relationship, as applicable or (ii) the expiration of the maximum Option Period established pursuant to Section 7.1;

7.2.2 if an Optionee's employment or consulting relationship with the Corporation or a Subsidiary is terminated for fraud against the Corporation or a Subsidiary, misappropriation of money or other property of the Corporation or a Subsidiary, material violation of any material policy of the Corporation or a Subsidiary, other serious misconduct (as determined by the Corporation in its sole discretion), material breach of the Optionee's employment or consulting agreement, if any, or for any reason which constitutes just cause at law, all vested and unvested Options shall be forfeited with immediate effect;

7.2.3 subject to Section 7.2.2, if an Optionee ceases to be an Employee or Consultant by reason of death, Retirement or Permanent Disability, all unvested Options shall vest immediately and the Option Period of all vested Options shall terminate on the earlier of (i) the date that is 365 days following the date of the Optionee's death, Retirement or Permanent Disability or (ii) the expiration of the maximum Option Period established pursuant to Section 7.1.

7.3 If the date on which the maximum Option Period established pursuant to Section 7.1 is scheduled to terminate shall fall during a Blackout Period or within 10 business days after the last day of a Blackout Period, the Option Period shall instead terminate 10 business days after the last day of a Blackout Period; provided, however, that the Option shall terminate earlier on the scheduled termination date if necessary for compliance with Section 409A of the Internal Revenue Code of 1986, as amended. For the avoidance of doubt, this Section 7.3 shall not apply to the post-termination exercise periods set forth in Sections 7.2.1 and 7.2.3.

7.4 All rights conferred by an Option not exercised at the termination of the Option Period shall be forfeited.

8. Exercise of Option

8.1 Subject to Section 8.2, the vested portion of an Option may be exercised at any time, or from time to time subject to any restrictions set forth in the applicable grant agreement (such as on account of Blackout

Periods), during its term by giving written notice of the election to exercise to the Corporation, and (b) by delivering a cash payment (including cash raised through a broker-assisted cashless exercise) equal to the Exercise Price for each Share to be acquired pursuant to the exercise of such Option plus the applicable taxes contemplated by Section 9, subject to such procedural requirements as may be established by the Corporation from time to time.

The exercise of any Option shall be subject to the condition that if at any time the Corporation shall determine in its sole discretion that it is necessary or desirable to comply with any legal requirement or the requirements of the 8.2 TSX or other regulatory authority as a condition of, or in connection with, such exercise or the issue of Shares as a result thereof, then in any such event such exercise shall not be effective unless such compliance shall have been effected on conditions satisfactory to the Corporation.

8.3 Upon actual receipt by the Corporation of written notice addressed to the Secretary of the Corporation and payment for the Shares to be purchased, the person exercising the Option shall be registered in the books of the Corporation as the holder of the appropriate number of Shares.

9. Withholdings

9.1 The Corporation or any Subsidiary may withhold, or cause to be withheld, and deduct, or cause to be deducted, from any amount to be paid to the Optionee, any amount the Corporation or any Subsidiary is entitled or required to withhold or deduct on account of income taxes, social security charges or other deductions that may be required by any applicable law or by any Canadian, foreign, federal, provincial, territorial, state or local governmental authority in respect of (i) the grant, surrender or exercise of an Option, (ii) the issuance of, the disposition of, or other transaction involving Shares purchased under the Plan, or (iii) any payment or benefit under the Plan (the "Withholding Amount"). Any Withholding Amount retained or received from the Optionee will be remitted to the appropriate governmental authority by the Corporation or a Subsidiary.

9.2 The Optionee accepts that the Corporation or any Subsidiary shall have the right to require payment by the Optionee of the Withholding Amount, and may take any means necessary (but is not obligated to take any particular means) to obtain payment from the Optionee thereof, including:

9.2.1 permitting the Optionee to pay to the Corporation, in addition to and concurrently with the Exercise Price, the Withholding Amount upon exercise of the Option;

9.2.2 withholding the necessary amount from the Optionee's cash remuneration payment or any other amounts owing by the Corporation to the Optionee following the exercise of the Option; or

9.2.3 selling, or arranging to sell, in the market or as the Corporation may determine, on behalf of the Optionee, a sufficient number of such Shares to realize net cash proceeds sufficient (after taking into account any transaction cost which will be borne by the Optionee) to pay the Withholding Amount; whereby, the Optionee directs such net cash proceeds to be paid to the Corporation or a Subsidiary in satisfaction of the Optionee's obligation to pay the Withholding Amount.

9.3 If the Corporation or any Subsidiary does not withhold an amount or require payment of an amount by an Optionee sufficient to satisfy all obligations referred to in 9.1, the Optionee shall forthwith make reimbursement, on demand, in cash, of any amount paid by the Corporation or any Subsidiary to a governmental authority to satisfy any such obligation.

10. Non-assignable

No Option or any interest therein shall be assignable or transferable by the Optionee other than by will or under the law of succession.

11. Not a Shareholder

An Optionee shall have no rights as a shareholder of the Corporation with respect to any Shares covered by his or her Options until he or she shall have become the holder of record of such Shares.

12. Change of Control

12.1

Notwithstanding any other provision of this Plan, in the event of a Change of Control, all Options that are outstanding immediately prior the Change of Control shall, as determined by the Corporation in its sole discretion:

12.1.1 remain in full force and effect in accordance with their terms after the Change of Control;

73

12.1.2 be equitably assumed, converted or exchanged into or for options, rights or other securities in any entity participating in or resulting from a Change of Control;

12.1.3 be cancelled or deemed exercised (whether vested or unvested) with fully vested payment to the Optionee of an amount per Option Share that is cancelled or deemed exercised (whether vested or unvested) equal to the positive difference between the per share Change of Control price of the Shares and the applicable Exercise Price and applicable taxes; and/or

12.1.4 be cancelled without payment to the Optionee, provided the holder of such Option (including any beneficiary or representative of a decedent or permanently disabled Optionee) shall have been given the opportunity, contingent on the closing of the Change in Control, to exercise the Option in full (whether vested or unvested) for fully vested Shares within twenty-one (21) days prior to the Change of Control (or such other reasonable period under the circumstances).

12.2 To the extent that Section 12.1.1 and/or 12.2.2 applies to an Option and such Option will cease to cover securities listed on a North American stock exchange, the holder of such Option (including any beneficiary or representative of a decedent or permanently disabled Optionee) shall be given the opportunity, contingent on the closing of the Change in Control, to exercise such Option in full (whether vested or unvested) for fully vested Shares within twenty-one (21) days prior to the Change of Control (or such other reasonable period under the circumstances).

12.3 In the event that within two years on or after a Change of Control an Optionee resigns his or her employment for Good Reason or such employment is involuntarily terminated (other than in circumstances described in Section 7.2.2), the vesting of such Optionee's outstanding Options shall accelerate in full.

12.4 Upon the Corporation entering into a binding purchase agreement relating to a transaction which, if completed, would result in a Change of Control, the Corporation shall give written notice of the proposed Change of Control to the Optionees, together with a description of the effect of such Change of Control on outstanding Options, twenty-one (21) days prior to the closing of the transaction resulting in the Change of Control (or such other reasonable period under the circumstances).

12.5 For the avoidance of doubt, the provisions of this Section 12 shall be in addition to, and shall not override, any rights with respect to Options contained in any offer letter, employment agreement or contract between Optionee and the Corporation.

13. Effects of Alteration of Share Capital

In the event of any reorganization, change in the number of issued and outstanding Shares of the Corporation by reason of any stock dividend, stock split, reverse stock split, recapitalization, merger, consolidation, combination or exchange of shares or other similar corporate change, an equitable adjustment shall be made by the Board in the kind of Shares issuable under the Plan, in the number and/or kind of Shares subject to outstanding Options and in the Exercise Price of such outstanding Options. Such adjustment will be final, binding and conclusive on all parties.

14. Amendment and Termination

14.1 The Board bears full responsibility with regard to the Plan, which includes, but is not limited to, the power and authority to amend, suspend or terminate the Plan, in whole or in part, or amend the terms and conditions of outstanding Options, provided that such amendment, suspension or termination shall:

14.1.1 be subject to obtaining approval of the shareholders of the Corporation, unless not required pursuant to Section 14.2 or applicable securities law or TSX requirements;

14.1.2 be subject to obtaining any required approval of any securities regulatory authority or the TSX; and

not adversely alter or impair any Option previously granted (provided that the Board may at its discretion
14.1.3 accelerate the vesting of any Option regardless of any adverse or potentially adverse tax consequences resulting
from such acceleration).

Subject to Section 14.3, shareholder approval is not required with respect to certain amendments including,
14.2 without limitation, those set forth below in this Section 14.2, provided that they are made in accordance with
applicable securities law and TSX requirements:

74

- 14.2.1 amendments of a general housekeeping or clerical nature that, among others, clarify, correct or rectify any ambiguity, defective provision, error or omission in the Plan;
- 14.2.2 amendments necessary to comply with applicable laws or the requirements of any securities regulatory authority or stock exchange;
- 14.2.3 modifying the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Option, which terms and conditions may differ among individual Option grants and Optionees;
 - 14.2.4 modifying the periods referred to in Section 7.2 of the Plan during which vested Options may be exercised, provided that the Option Period is not extended beyond the later of (x) 10 years after the date of the granting of the Option or (y) if applicable, the time set forth in Section 7.3 (or, in the case of an Option subject to United States taxation, provided that the Option Period is not extended beyond the earlier of (i) 10 years after the date of the granting of the Option or (ii) the original maximum term of the Option);
- 14.2.5 amendments with respect to the vesting period or with respect to circumstances that would accelerate the vesting of Options;
- 14.2.6 any amendment resulting from or due to the alteration of share capital as more fully set out in Section 13, hereof;
- 14.2.7 amendments to the provisions relating to the administration of the Plan; and
- 14.2.8 suspending or terminating the Plan.
- 14.3 Notwithstanding Section 14.2, shareholder approval is required for:
 - 14.3.1 a reduction in the Exercise Price of Options or a cancellation and reissuance of Options or other entitlements;
 - 14.3.2 Subject to Section 7.3, an extension of the maximum Option Period of an Option beyond the maximum original expiry date established for such option at the time of grant (for example, beyond 7 years from the date of grant, subject to extension under Section 7.3 in the case of a Blackout Period, for an option granted with a 7-year term);
 - 14.3.3 any amendment to remove or to exceed the limit in Section 5.3 or 5.4;
 - 14.3.4 an increase to the maximum number of Shares issuable under the Plan;
 - 14.3.5 any amendment to expand the definition of Optionee, including an amendment that may permit the introduction or reintroduction of a member of a Board who is not an Employee of the Corporation or a Subsidiary as an eligible participant;
 - 14.3.6 any amendment that would extend the term of an Option granted to an Insider of the Corporation for the purposes of the TSX Company Manual;
 - 14.3.7 any amendment which would permit Options granted under the Plan to be transferable or assignable other than for normal estate settlement purposes; and
 - 14.3.8 any amendment to the provisions of this Section 14.3.

With regard to shareholder approval as required pursuant to Section 14.3.1, 14.3.2 or 14.3.3, the votes attached to 14.4 shares held directly or indirectly by Insiders benefiting directly or indirectly from the amendment must be excluded.

75

With regard to shareholder approval as required pursuant to Section 14.3.5, where the amendment will disproportionately benefit one or more Insiders over other Optionees, the votes attached to shares held directly or indirectly by those Insiders receiving the disproportionate benefit must be excluded.

14.6 In the event that the Board terminates the Plan, all Options granted to Optionees will become fully exercisable by the Optionees, unless the Board, in its sole discretion, determines otherwise.

15. Final Provisions

15.1 The Corporation's obligation to issue Shares upon the exercise of Options is subject to compliance with applicable laws and regulations in respect of the issuance or distribution of securities and with the rules of the TSX. Each Optionee shall agree to comply with such laws, regulations and rules and to provide to the Corporation any information or undertaking required to comply with such laws, regulations and rules.

15.2 The participation in the Plan of an Employee or Consultant shall be entirely optional and shall not be interpreted as conferring upon an Employee or Consultant any right or privilege whatsoever, except for the rights and privileges set out expressly in the Plan. Neither the Plan nor any act that is done under the terms of the Plan shall be interpreted as restricting the right of the Corporation to terminate the employment of an Employee at any time.

15.3 No Employee or Consultant to whom Options have been granted acquires an automatic right to be granted one or more Options under the terms of the Plan by reason of any previous grants of Options under the Plan.

15.4 The Plan does not provide for any guarantee in respect of any loss or profit which may result from fluctuations in the price of the Shares.

15.5 The Corporation shall assume no responsibility as regards the tax consequences that participation in the Plan will have for an Employee or Consultant, and such persons are urged to consult their own tax advisors in such regard.

15.6 The Plan and any Option granted under the terms of the Plan shall be governed and interpreted according to the laws of the province of Québec and the federal laws of Canada applicable thereto.

15.7 Each Optionee agrees with the Corporation that this Plan and all agreements, notices, declarations and documents accessory to the Plan be drafted in English only. Chaque bénéficiaire consent avec la société à ce que ce Plan ainsi que toutes conventions, avis, déclarations et documents afférents au Plan soient rédigés en anglais seulement.

15.8 This Plan becomes effective as of March 12, 2019 and applies to any Options granted on or after such date (including any Options that are granted subject to approval of this Plan by the shareholders of the Corporation).

Addendum to the
STOCK OPTION PLAN FOR
EMPLOYEES AND CONSULTANTS
OF INTERTAPE POLYMER GROUP INC. AND ITS SUBSIDIARIES
(United States Participants)

Notwithstanding anything stated to the contrary in Stock Option Plan for Employees and Consultants (the “Plan”) of Intertape Polymer Group Inc. (the “Corporation”), this Addendum (this “Addendum”) to the Plan shall apply for purposes of all Options granted under the Plan to natural persons who are Employees or Consultants and are subject to United States income tax (collectively, the “US Participants”). All capitalized terms, to the extent not defined herein, shall have the meanings set forth in the Plan. Except as specifically provided in this Addendum, the provisions of the Plan shall control.

1. Definitions.

As used in this Addendum, the following terms shall have the following meanings:

“US Code” means the United States Internal Revenue Code of 1986, as amended, and any successor Code, and related rules, regulations and interpretations.

“Exchange Act” means the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder.

“Fair Market Value” means the fair market value of the Shares as of the relevant date, which shall be computed by reference to the closing market price of the Shares on the TSX on the trading day immediately preceding such date.

“Incentive Stock Option” means any Option designated and qualified as an “incentive stock option” as defined in Section 422 of the US Code.

“Non-Qualified Stock Option” means any Option that is not an Incentive Stock Option.

“Section 409A” means Section 409A of the US Code and the regulations and other guidance promulgated thereunder.

“Securities Act” means the Securities Act of 1933, as amended, and the rules and regulations thereunder.

“Stock Option Award Agreement” means a written or electronic agreement setting forth the terms and provisions applicable to an Option granted under the Plan. Each Stock Option Award Agreement may contain terms and conditions in addition to those set forth in the Plan and this Addendum; provided, however, that except to the extent explicitly provided to the contrary, in the event of any conflict in the terms of the Plan and this Addendum and the Award Agreement, the terms of the Plan and the Addendum shall govern.

“US Optionee” means a US Participant to whom an Option has been granted under the Plan and this Addendum.

2. Eligibility. US Optionees under the Plan will be such US Participants who are selected from time to time by the Board in its sole discretion.

3. Special Option Grant Rules. Any Option granted under the Plan and this Addendum must be made pursuant to a Stock Option Award Agreement in such form as the Board may from time to time approve. Stock Option Award Agreements need not be identical. Options granted under the Plan shall be Non-Qualified Stock Options.

(a) Exercise Price; Exercise. The exercise price per share for the Shares covered by an Option shall be determined by the Board at the time of grant but shall not be less than 100% of the Fair Market Value on the date of grant. The Board shall determine the Fair Market Value of the Shares in accordance with Section 6 of the Plan based on the reasonable application of a reasonable valuation method not inconsistent with Section 409A of the US Code.

(b) Option Term. The term of each Option shall be fixed by the Board in accordance with Section 7 of the Plan.

(c) Non-Transferability of Stock Options. No Option shall be transferable by the US Optionee otherwise than by will or by the laws of descent and distribution and all Options shall be exercisable, during the US Optionee's lifetime, only by the US Optionee, or by the US Optionee's legal representative or guardian in the event of the US Optionee's incapacity.

4. Tax Withholding. Each US Optionee shall, no later than the date as of which the value of an Option, Shares or other amounts received thereunder first becomes includable in the gross income of the US Optionee for U.S. Federal income tax purposes, pay to the Corporation, or make arrangements satisfactory to the Board regarding payment of, any U.S. Federal, state, or local taxes of any kind required by law to be withheld by the Corporation with respect to such income. The Corporation and any Subsidiary shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the US Optionee. The Corporation's obligation to deliver stock certificates to any US Optionee is subject to and conditioned on any such tax withholding obligations being satisfied by the US Optionee.

5. Information to Holders of Options. In the event the Corporation is relying on the exemption from the registration requirements of Section 12(g) of the Exchange Act contained in paragraph (f)(1) of Rule 12h-1 of the Exchange Act, the Corporation shall provide the information described in Rule 701(e)(3), (4) and (5) of the Securities Act to all holders of Options in accordance with the requirements thereunder. The foregoing notwithstanding, the Corporation shall not be required to provide such information unless the US Optionee has agreed in writing, on a form prescribed by the Corporation, to keep such information confidential.

6. Effective Date; Stockholder Approval. This Addendum shall be approved by stockholders in accordance with applicable law and the Corporation's governing documents within twelve (12) months after adoption by the Board. If the stockholders fail to approve this Addendum within twelve (12) months after its adoption by the Board, then any Options granted to US Participants pursuant to this Addendum shall be rescinded and no additional grants shall thereafter be made under this Addendum. Subject to such approval by stockholders and to the requirement that no Shares may be issued hereunder prior to such approval, Options may be granted hereunder on and after adoption of this Addendum by the Board.
