NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

March 31, 2007 and December 31, 2006

(expressed in thousands of U.S. dollars)

(unaudited)

1. BASIS OF PREPARATION AND CONSOLIDATION

Our condensed consolidated balance sheet at March 31, 2007 and the condensed consolidated statements of earnings, comprehensive income, shareholders' equity and cash flows for the three months ended March 31, 2007 and 2006 have not been audited. These statements have been prepared in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, these financial statements reflect all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of our financial position and results of operations as at the end of and for the periods presented. The results of operations for any interim period are not necessarily indicative of the results for a full year. All significant inter-company accounts and transactions have been eliminated. In these notes, the terms we, us, our, or the Company refer to Enstar Group Limited and its direct and indirect subsidiaries. The following information is unaudited and should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2006.

Adoption of New Accounting Standards

The terms FAS and FASB used in these notes refer to Statements of Financial Accounting Standards issued by the United States Financial Accounting Standards Board.

On July 13, 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes An Interpretation of FASB Statement No. 109 (FIN 48). This Interpretation provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. Under FIN 48, the tax benefits of uncertain tax positions may only be recognized when the position is more-likely-than-not to be sustained upon audit by the relevant taxing authorities. The amount recognized represents the largest amount of tax benefit that is greater than fifty percent likely of being recognized. The adoption of FIN 48 increased retained earnings by \$4,858 as of January 1, 2007.

Accounting Standards Not Yet Adopted

In September 2006, the FASB issued FAS No. 157, Fair Value Measurement (FAS 157). This Statement provides guidance for using fair value to measure assets and liabilities. Under this standard, the definition of fair value focuses on the price that would be received to sell the asset or paid to transfer the liability (an exit price), not the price that would be paid to acquire the asset or received to assume the liability (an entry price). FAS 157 clarifies that fair value is a market based measurement, not an entity-specific measurement, and sets out a fair value hierarchy with the highest priority being quoted prices in active markets and the lowest priority being unobservable data. Further, FAS 157 requires tabular disclosures of the fair value measurements by level within the fair value hierarchy.

(unaudited)

1. BASIS OF PREPARATION AND CONSOLIDATION (cont d)

FAS 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. Although early adoption is permitted as of January 1, 2007, we have not yet adopted FAS 157 and are evaluating the potential impact of adoption on our financial condition, results of operations and cash flows.

In February 2007, the FASB issued FAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities (FAS 159). This standard permits an entity to irrevocably elect fair value on a contract-by-contract basis as the initial and subsequent measurement attribute for many financial instruments and certain other items including insurance contracts. An entity electing the fair value option would be required to recognize changes in fair value in earnings and provide disclosure that will assist investors and other users of financial information to more easily understand the effect of the company's choice to use fair value on its earnings. Further, the entity is required to display the fair value of those assets and liabilities for which the company has chosen to use fair value on the face of the balance sheet. This standard does not eliminate the disclosure requirements about fair value measurements included in FAS 157 and FAS No. 107, Disclosures about Fair Value of Financial Instruments . FAS 159 is effective for fiscal years beginning after November 15, 2007. Although early adoption is permitted as of January 1, 2007, we have not yet adopted FAS 159 and are evaluating the potential adoption impact on our financial condition, results of operations and cash flows.

2. ACQUISITIONS

On January 31, 2007, the Company completed the merger (the Merger) of CWMS Subsidiary Corp., a Georgia corporation and its wholly-owned subsidiary (CWMS), with and into The Enstar Group, Inc. (EGI). As a result of the Merger, EGI, renamed Enstar USA, Inc., is now a direct wholly-owned subsidiary of the Company.

On January 31, 2007, the Company also acquired the 55% of the shares of B.H. Acquisition Ltd. (BH) that it previously did not own. The Company acquired 22% of BH from an affiliate of Trident II, L.P. for total cash consideration of \$10,164 and acquired EGI's 33% interest in BH as part of the Merger. BH wholly owns two insurance companies in run-off, Brittany Insurance Company Ltd., incorporated in Bermuda, and Compagnie Européenne d Assurances Industrielles S.A., incorporated in Belgium. After completion of the acquisition and the Merger, the Company owns all outstanding shares in BH.

2. ACQUISITIONS (cont d)

The acquisitions have been accounted for using the purchase method of accounting, which requires that the acquirer record the assets and liabilities acquired at their estimated fair value.

The purchase price and fair value of assets acquired for the EGI and BH acquisitions were as follows:

Purchase price	\$ 506,189
Direct costs of acquisition	3,149
Total purchase price	\$ 509,338
Net assets acquired at fair value	\$ 514,986
Excess of net assets over purchase price	\$ (5,648)

2. ACQUISITIONS (cont d)

On February 23, 2007, the Company completed the acquisition of Inter-Ocean Holdings Ltd. (Inter-Ocean) for total consideration of \$57,504. Inter-Ocean owns two reinsurance companies, one based in Bermuda and the other based in Ireland.

The purchase price and fair value of assets acquired for Inter-Ocean was as follows:

Purchase price	\$ 57,201
Direct costs of acquisition	303
Total purchase price	\$ 57,504
Net assets acquired at fair value	\$ 73,187
Excess of net assets over purchase price (negative goodwill)	\$ (15,683)

The negative goodwill of \$15,683 relating to the acquisition of Inter-Ocean arose primarily as a result of the strategic desire of the vendors to achieve an exit from such operations and therefore to dispose of Inter-Ocean at a discount to fair value.

The following summarizes the estimated fair values of the assets acquired and the liabilities assumed at the date of the acquisition:

Cash, restricted cash and investments	\$ 479,760
Accounts receivable and accrued interest	5,620
Reinsurance balances receivable	149,043
Losses and loss adjustment expenses	(415,551)
Insurance and reinsurance balances payable	(145,317)
Accounts payable	(368)
Net assets acquired at fair value	\$ 73,187

The fair values of reinsurance assets and liabilities acquired are derived from probability weighted ranges of the associated projected cash flows, based on actuarially prepared information and management's run-off strategy. Any amendment to the fair values resulting from changes in such information or strategy will be recognized when they occur.

3. LOANS PAYABLE

On February 22, 2007, a wholly-owned subsidiary of the Company, Oceania Holdings Ltd. (Oceania Holdings), entered into a term facility agreement for \$26,825 with a London-based bank (the Oceania Facility). The Oceania Facility is repayable within four years and is secured by a first charge over Oceania Holdings' shares in Inter-Ocean. The Oceania Facility contains various financial and business covenants, including limitations on liens on the stock of restricted subsidiaries, restrictions as to the disposition of the stock of restricted subsidiaries and limitations on mergers and consolidations. As of March 31, 2007 all of the financial covenants relating to the Oceania Facility were met.

6. COMMITMENTS

On April 15, 2007, the Company entered into a Third Party Equity Commitment Letter (the "Commitment Letter") with J.C. Flowers II L.P. (the "Flowers Fund"). The Commitment Letter provides for the Company to contribute up to an aggregate of \$200 million to one or more co-investment vehicles (the "Co-Investment Vehicles") that will be created to participate alongside the Flowers Fund and certain other investors in the proposed acquisition of SLM Corporation, commonly known as Sallie Mae. The Company's investment is conditioned upon the conditions to the closing of the proposed acquisition of Sallie Mae being satisfied or waived by the Flowers Fund. Pursuant to the terms of the Commitment Letter, in the event that the transaction is consummated, a Flowers Fund designee would be named general partner and managing member of each Co-Investment Vehicle.

Although the Company has committed to invest up to \$200 million, the Flowers Fund will seek to obtain additional investors to fund some or all of the Company's commitment. In the event the Flowers Fund successfully obtains investments from other investors, the amount payable by the Company with respect to its \$200 million commitment will be reduced.

The Commitment Letter and the Company's obligations thereunder will terminate immediately upon termination of the agreement to acquire Sallie Mae.

The Company has previously committed to invest an aggregate of \$100 million in the Flowers Fund. The commitment to invest in the Co-Investment Vehicles pursuant to the Commitment Letter is in addition to that prior \$100 million commitment.

J.C. Flowers II L.P. is a private investment fund for which JCF Associates II L.P. is the general partner and J.C. Flowers & Co. LLC is the investment advisor. JCF Associates II L.P. and J.C. Flowers & Co. LLC are controlled by J. Christopher Flowers, a director and one of the largest shareholders of the Company. In addition, John J. Oros, a director and Executive Chairman of the Company, is a Managing Director of J.C. Flowers & Co. LLC.

7. TAXATION

The Company adopted the provisions of FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" (FIN 48), on January 1, 2007. As a result of the implementation of FIN 48, the Company recognized a \$4,858 increase to the January 1, 2007 balance of retained earnings.

At January 1, 2007, the total amount of liability for unrecognized tax benefits related to income taxes from all jurisdictions was approximately \$4,858. The total amount of unrecognized tax benefits that, if recognized, would affect the effective tax rate is \$Nil.

The Company recognizes accruals for interest and penalties, if any, related to unrecognized tax benefits in Income tax expense. As of January 1, 2007, the Company has recorded \$705 in liabilities for tax related interest in its consolidated balance sheet.

As a result of the Company's merger with EGI on January 31, 2007, the Company assumed approximately \$15,208 of liabilities for unrecognized tax benefits related to various U.S., state and local income tax matters, and \$2,491 of accrued interest related to uncertain tax positions as a result of EGI's adoption of FIN 48 on January 1, 2007. The total amount of unrecognized tax benefits that, if recognized, would affect the effective tax rate is

\$6,152.

Within specific countries, the subsidiaries may be subject to audit by various tax authorities and may be subject to different statutes of limitations expiration dates. With limited exceptions, the Company's major subsidiaries which operate in the U.S. and U.K. are no longer subject to audits for years before 2002 and 2005, respectively.

It is reasonably possible that the amount of the unrecognized tax benefit with respect to certain of the unrecognized tax positions could significantly decrease by up to approximately \$2,921 within the next 12 months if the statute of limitations expires on certain tax periods.

8. SEGMENT INFORMATION

The determination of reportable segments is based on how senior management monitors the Company's operations. The Company measures the results of its operations under two major business categories: consulting and reinsurance. Consulting fees for the reinsurance segment are intercompany fees paid to the consulting segment. Salary and benefits for the reinsurance segment relate to the discretionary bonus expense on the net earnings before taxes of the reinsurance segment.

9. RESTATEMENT OF FINANCIAL STATEMENTS

Subsequent to the issuance of the Company's March 31, 2006 unaudited condensed consolidated financial statements, the Company's management determined that the presentation of net foreign exchange (gain) loss and net reduction in loss and loss adjustment expense liabilities should have been part of expenses, rather than part of income as previously reported. As a result, the accompanying unaudited condensed consolidated statements of earnings and certain disclosures for the three-month period ended March 31, 2006 have been restated to reflect the reclassifications between income and expense. The table below summarizes the effects of the restatement.

	Three Months Ended March 31, 2006	
	As previously reported	As restated
Total income	\$ 18,936	\$ 16,009
Total expenses	\$ 11,087	\$ 8,160

The reclassification had no impact on net earnings or any related per share amounts.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders

of Enstar Group Limited (formerly known as Castlewood Holdings Limited)

We have reviewed the accompanying condensed consolidated balance sheet of Enstar Group Limited and subsidiaries (the Company) as of March 31, 2007, and the related condensed consolidated statements of earnings, comprehensive income, changes in shareholders' equity and of cash flows for the three month periods ended March 31, 2007 and 2006. These interim financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to such condensed consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Enstar Group Limited and subsidiaries as of December 31, 2006 and the related consolidated statements of earnings, comprehensive income, changes in shareholders' equity and cash flows for the year then ended; and in our report dated March 16, 2007, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of March 31, 2007 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

As discussed in Note 9, the accompanying 2006 condensed consolidated statement of earnings has been restated.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following is a discussion and analysis of our results of operations for the three months ended March 31, 2007 and 2006. This discussion and analysis should be read in conjunction with the attached unaudited condensed consolidated financial statements and notes thereto and the audited consolidated financial statements and notes thereto contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2006. Management's Discussion and Analysis has been revised for the effects of the restatement discussed in Note 9 of the Unaudited Condensed Consolidated Financial Statements on page 19 of this quarterly report.

Business Overview

Enstar Group Limited (formerly Castlewood Holdings Limited) was formed in August 2001 under the laws of Bermuda to acquire and manage insurance and reinsurance companies in run-off, and to provide management, consulting and other services to the insurance and reinsurance industry. Since our formation, we, through our subsidiaries, have completed several acquisitions of insurance and reinsurance companies and are now administering those businesses in run-off. We derive our net earnings from the ownership and management of these companies primarily by settling insurance and reinsurance claims below the recorded loss reserves and from returns on the portfolio of investments retained to pay future claims. In addition, we have formed other businesses that provide management and consultancy services, claims inspection services and reinsurance collection services to our affiliates and third-party clients for both fixed and success-based fees.

Recent Transactions

On January 31, 2007, we completed the merger, or the Merger, of our wholly-owned subsidiary, CWMS Subsidiary Corp., with and into The Enstar Group, Inc., a Georgia corporation, or EGI. As a result of the Merger, EGI, renamed Enstar USA, Inc., is now our direct wholly-owned subsidiary.

On February 23, 2007, we and Oceania Holdings Ltd., our wholly-owned subsidiary, completed the previously announced acquisition of Inter-Ocean Holdings Ltd., or Inter-Ocean. We acquired Inter-Ocean by purchasing all of the outstanding capital stock of Inter-Ocean from its stockholders for a total purchase price of approximately \$57 million, which was funded with available cash on hand and the proceeds of approximately \$26.8 million in new bank debt. Inter-Ocean owns two reinsurers, one based in Bermuda and one based in Ireland. Both companies wrote international reinsurance and had in place retrocessional policies providing for the full reinsurance of all of the risks they assumed. In April 2005, the board of directors of Inter-Ocean decided to cease underwriting. We provided management services to Inter-Ocean for approximately 13 months prior to the completion of the acquisition.

Comparison of the Three Months Ended March 31, 2007 and 2006

We reported consolidated net earnings of approximately \$13.4 million for the quarter ended March 31, 2007 compared to approximately \$12.3 million for the same period in 2006. Included as part of net earnings for 2007 and 2006 are extraordinary gains relating to negative goodwill of \$15.7 million and \$4.3 million (net of minority interest of \$4.3 million), respectively. For the quarter ended March 31, 2007, we reported a loss before extraordinary gains of approximately \$2.3 million compared to net earnings before extraordinary gains of approximately \$8.0 million for the same period in 2006. The decrease of approximately \$10.3 million was primarily a result of an increase in loss and loss adjustment expenses of approximately \$2.5 million, primarily relating to our decision to commute one of the

group's largest reinsurance receivables, additional share-based compensation expense of \$1.2 million, a special bonus of \$2.0 million paid to two directors in recognition of their contribution to the Merger, and a further increase in salary and general administrative costs of approximately \$4.1 million resulting from our expansion and additional costs of being a public company. Increased investment income was offset by lower net reduction in loss and loss adjustment expense liabilities (excluding the impact of the commutation referred to above), lower consulting fee income, reduced foreign exchange gains, increased income taxes and interest expense.

We earned consulting fees of approximately \$4.7 million and \$6.4 million for the three months ended March 31, 2007 and 2006, respectively. The reduction in consulting fees primarily relates to external fees generated from Brampton Insurance Company, or Brampton, prior to its acquisition on March 30, 2006 (which are now paid by the reinsurance segment to the consulting segment) together with the expiry of one external consulting fee engagement.

Internal management fees of \$6.2 million and \$3.6 million were paid in the quarters ended March 31, 2007 and 2006, respectively, by our reinsurance companies to our consulting companies. The increase in fees paid to the consulting segment by reinsurance companies that were acquired in 2006 was \$2.2 million.

Net Investment Income and Net Realized Gains/(Losses):

	Three Months Ended March 31,			Three Months Ended March 31,

Total	\$ 19,938	\$ 9,660	\$ 10,278	\$ 571	\$	\$ 571

Net investment income for the three months ended March 31, 2007 increased by \$10.3 million to \$19.9 million, as compared to \$9.7 million for the same period in 2006. The increase was primarily attributable to the increase in average balances from \$862.6 million to \$1,502.3 million for the three months ended March 31, 2006 and 2007, respectively, and additional investment income earned from private equity fund investments. The increase in average cash and investment balances was due to the acquisitions of Brampton on March 30, 2006, Cavell Holdings Limited, or Cavell, on October 4, 2006, Unione Italiana (UK) Reinsurance Company on November 20, 2006, B.H. Acquisition Ltd., or B.H. Acquisition, on January 31, 2007 and Inter-Ocean on February 23, 2007.

The average return on the cash and fixed maturities investments for the three months ended March 31, 2007 was 5.31%, as compared to the average return of 4.48% for the three months ended March 31, 2006. The increase in yield was primarily the result of increasing U.S. interest rates – the U.S. Federal Funds Rate has increased from 4.25% on January 1, 2006 to 5.25% on March 31, 2007. In respect of our fixed income investments at March 31, 2007, 87.2% had a Standard & Poor's credit rating of AAA.

Net realized gains for the three months ended March 31, 2007 and 2006 were \$0.6 million and \$Nil, respectively. Based on our current investment strategy, we do not expect net realized gains and losses to be significant in the foreseeable future.

Net Increase/(Reduction) in Loss and Loss Adjustment Expense Liabilities:

The net increase in loss and loss adjustment expense liabilities for the three months ended March 31, 2007 was \$2.5 million and was attributable to an increase in estimates of ultimate losses of \$2.2 million, the amortization, over the estimated payout period, of fair value adjustments relating to companies acquired amounting to \$5.6 million,

compared to \$1.4 million for the same period in 2006, partially offset by the reduction in estimates of loss adjustment expense liabilities of \$5.3 million, to reflect 2007 run-off activity, compared to \$3.9 million for the same period in 2006. The increase in estimates of ultimate losses of \$2.2 million resulted from the commutation of one of the company's largest reinsurance receivables. The company believes that future investment income resulting from this commutation will ultimately exceed the loss of \$2.2 million.

The following table shows the components of the movement in the net increase (reduction) in loss and loss adjustment expense liabilities for the three months ended March 31, 2007 and 2006.

Salaries and benefits, which include expenses relating to our discretionary bonus and employee share plans, were \$12.8 million and \$7.9 million for the three months ended March 31, 2007 and 2006, respectively. The increase in the salaries and benefits for the consulting segment was due primarily to three factors. First, the payment of a special bonus to Mr. John J. Oros and Mr. Nimrod T. Frazer, totaling \$2 million, in recognition of their contributions to the successful completion of the Merger. Second, the agreement related to the Merger provided for the modification of the employee share plan from a book value plan to a fair value plan. As a result of the modification to a fair value plan, the share based compensation expense for the three months ended March 31, 2007 was \$1.7 million as compared to \$0.5 million for the three months ended March 31, 2006 (which was the expense on a book value basis). As 58% of the unvested stock at March 31, 2007 vested on April 7, 2007, this charge is expected to reduce to approximately \$0.2 million per quarter for the balance of 2007. Third, the growth in staff numbers from 174, as of March 31, 2006, to 200, as of March 31, 2007, following our expansion during 2006 and 2007.

We expect that staff costs will continue to increase moderately during 2007 as we continue to grow and add staff. Bonus accrual expenses will be variable and dependent on our overall profitability.

Table of Contents

General and administrative expenses attributable to the consulting segment increased by \$0.9 million during the three months ended March 31, 2007, as compared to the three months ended March 31, 2006, due primarily to increased professional fees relating to legal and accounting costs associated with our reporting obligations as a public company.

General and administrative expenses attributable to the reinsurance segment increased by \$1.6 million during the three months ended March 31, 2007, as compared to the three months ended March 31, 2006. The increased costs for the current period related primarily to additional general and administrative expenses of \$0.4 million incurred in relation to companies that we acquired subsequent to March 31, 2006 together with an increase of \$0.9 million in professional fees and computer expenses.

Total	\$ 3,176	\$ 0	\$ (3,176)

Interest expense of \$3.2 million was recorded for the three months ended March 31, 2007. This amount relates to the following: 1) \$1.0 million of interest on the funds that were borrowed from a London-based bank to assist with the financing of the 2006 acquisitions of Brampton and Cavell and the 2007 acquisition of Inter-Ocean; and 2) Interest expense of approximately \$2.2 million in respect of interest credited to retrocessionaires of Inter-Ocean for the period from February 23, 2007 to March 31, 2007. Under the terms of certain of Inter-Ocean's reinsurance contracts an investment return is credited to the benefit of retrocessionaires on loss and loss adjustment expense liabilities and insurance balances payable.

Our share of equity in earnings of partly-owned company for the three months ended March 31, 2007 and 2006, were \$Nil million and \$0.1 million, respectively. The share of earnings of \$0.1 million for the three months ended March 31, 2006 represents our proportionate share of equity in the earnings of B.H. Acquisition. On January 31, 2007, the date of completion of the Merger, B.H. Acquisition became a wholly-owned subsidiary, as a result, we now consolidate the results of B.H. Acquisition rather than report our proportionate share of B.H. Acquisition's income.

Table of Contents

Income tax (expense) recovery of \$(1.0) million and \$0.2 million were recorded for the three months ended March 31, 2007 and 2006, respectively. The variance between the two periods arose because, in 2006, we applied available loss carryforwards from our U.K. insurance companies to relieve profits in our UK consulting companies.

In July 2006, the FASB issued FASB Interpretation No. 48 (FIN 48), Accounting for Uncertainty in Income Taxes. FIN 48 prescribes detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements in accordance with FASB Statement No. 109,

Accounting for Income Taxes. Tax positions must meet a more-likely-than-not recognition threshold at the effective date to be recognized upon the adoption of FIN 48 and in subsequent periods. During the three months ended March 31, 2007, we reviewed our uncertain tax positions and recorded a reduction in our deferred tax liability of \$4.9 million. The cumulative effect of \$4.9 million has, in accordance with FIN 48, been reported as an adjustment to the opening balance of retained earnings for 2007.

Minority Interest:

	Three Months Ended March 31,		
	2007	2006	Variance

Consulting	\$	\$	\$
Reinsurance	(2,248)	(212)	(2,036)
Total	\$ (2,248)	\$ (212)	\$ (2,036)

We recorded a minority interest in earnings of \$2.2 million and \$0.2 million for the three months ended March 31, 2007 and 2006, respectively, reflecting the 49.9% minority economic interest held by a third party in the earnings from Hillcot Holdings Limited and Brampton. The increase was due primarily to the fact that Brampton was acquired on March 30, 2006 and therefore no minority interest in earnings of Brampton was recorded in the three months ended March 31, 2006.

Negative Goodwill:

	Three Months Ended March 31,		
	2007	2006	Variance
	(in thousands of U.S. dollars)		
Consulting	\$	\$	\$
Reinsurance	15,683	4,347	11,336
Total	\$ 15,683	\$ 4,347	\$ 11,336

Negative goodwill of \$15.7 million and \$4.3 million (net of minority interest of \$4.3 million) was recorded for the three months ended March 31, 2007 and 2006, respectively. For the three months ended March 31, 2007 the negative goodwill of \$15.7 million was earned in connection with our acquisition of Inter-Ocean and represents the excess of the cumulative fair value of net assets acquired of \$73.2 million over the cost of \$57.5 million. This excess has, in accordance with SFAS 141 Business Combinations, been recognized as an extraordinary gain in 2007. The negative goodwill arose primarily as a result of the strategic desire of the vendors to achieve an exit from such operations and therefore to dispose of the companies at a discount to fair value. The negative goodwill of \$4.3 million (net of minority interest of \$4.3 million) for the three months ended March 31, 2006 related to the acquisition of Brampton and arose primarily as a result of the income earned by Brampton between the date of the balance sheet on which the agreed purchase price was based, December 31, 2004, and the date the acquisition closed, March 30, 2006.

Liquidity and Capital Resources

As we are a holding company and have no substantial operations of our own, our assets consist primarily of our investments in subsidiaries. The potential sources of the cash flows to the holding company consist of dividends, advances and loans from our subsidiary companies.

Our future cash flows depend upon the availability of dividends or other statutorily permissible payments from our subsidiaries. The ability to pay dividends and make other distributions is limited by the applicable laws and regulations of the jurisdictions in which our insurance and reinsurance subsidiaries operate, including Bermuda, The United Kingdom and Europe, which subject these subsidiaries to significant regulatory restrictions. These laws and regulations require, among other things, certain of our insurance and reinsurance subsidiaries to maintain minimum solvency requirements and limit the amount of dividends and other payments that these subsidiaries can pay to us, which in turn may limit our ability to pay dividends and make other payments.

As of March 31, 2007, the insurance and reinsurance subsidiaries' solvency and liquidity were in excess of the minimum levels required. Retained earnings of our insurance and reinsurance subsidiaries are not currently restricted as minimum capital solvency margins are covered by share capital and additional paid-in-capital with the exception of one subsidiary where retained earnings of \$22.0 million requires regulatory approval prior to distribution.

Our capital management strategy is to preserve sufficient capital to enable us to make future acquisitions while maintaining a conservative investment strategy. We believe that restrictions on liquidity resulting from restrictions on the payments of dividends by our subsidiary companies will not have a material impact on our ability to meet our cash obligations.

Our sources of funds primarily consist of the cash and investment portfolios acquired on the completion of the acquisition of an insurance or reinsurance company in run-off. These acquired cash and investment balances are classified as cash provided by investing activities. We expect to use these funds acquired, together with collections from reinsurance debtors, consulting income, investment income and proceeds from sales and redemption of investments, to pay losses and loss expenses, salaries and benefits and general and administrative expenses, with the remainder used for acquisitions, additional investments and, in the past, for dividend payments to shareholders. We expect that our reinsurance segment will have a net use of cash from operations as total net claim settlements and operating expenses will generally be in excess of investment income earned. We expect that our consulting segment operating cash flows will generally be breakeven. We expect our operating cash flows, together with our existing capital base and cash and investments acquired on the acquisition of our insurance and reinsurance subsidiaries, to be sufficient to meet cash requirements and to operate its business. We currently do not intend to pay cash dividends on our ordinary shares.

Our total assets were \$2,489 million at March 31, 2007, including \$1,008.9 million in investments, \$661.2 million in cash and cash equivalents, and \$529.6 million in reinsurance balances receivable as compared to total assets of \$1,774 million at December 31, 2006. The increase in total assets was due primarily to the completion of the merger with EGI on January 31, 2007 and the completion of the acquisition of Inter-Ocean on February 23, 2007. Shareholders' equity was \$400.7 million at March 31, 2007, up from \$318.6 million at December 31, 2006. The increase in shareholders' equity was primarily a result of additional net assets of approximately \$58.4 million acquired in connection with the merger with EGI on January 31, 2007, net earnings of \$13.4 million for the quarter ended March 31, 2007, an increase in other paid-in capital arising from employee share awards of \$5.5 million recorded in the quarter ended March 31, 2007 and an increase in net retained earnings of \$4.8 million following the adoption of FIN 48 (Accounting for Uncertainty in Income Taxes - an Interpretation of FASB 109).

Source of Funds

Operating

Net cash provided by (used in) operating activities for the three months ended March 31, 2007 was \$123.6 million compared to \$(1.0) million for the three months ended March 31, 2006. This increase in cash flows is attributable to higher investment income and the sales of trading security investments held by us, offset by higher general and administrative and interest expenses and lower consulting fee income for the three months ended March 31, 2007 as compared to the same period in 2006.

Investing

Investing cash flows consist primarily of cash acquired and used for acquisitions along with net proceeds on the sale and purchase of investments. Net cash provided by investing activities was \$77.1 million during the three months ended March 31, 2007 compared to \$48.1 million during the three months ended March 31, 2006. The increase in the cash flows was due to the sale and maturity of investments held by us, offset by less cash acquired on purchase of subsidiaries during the three months ended March 31, 2007 as compared to the same period of 2006.

Financing

Net cash provided by financing activities was \$9.6 million during the three months ended March 31, 2007 compared to \$43.8 million during the three months ended March 31, 2006. Cash provided by financing activities was primarily attributable to the combination of the receipt of a bank loan, offset by our repurchase of 7,180 of our ordinary shares pursuant to a contractual obligation. In 2006, cash flow provided by financing activities represented capital contributions by the minority interest shareholder relating to the purchase of Brampton.

Commitments and Contingencies

On April 15, 2007, we entered into a Third Party Equity Commitment Letter, or the Commitment Letter, with J.C. Flowers II L.P., or the Flowers Fund. The Commitment Letter provides for us to contribute up to an aggregate of \$200 million to one or more co-investment vehicles, or the Co-Investment Vehicles, that will be created to participate alongside the Flowers Fund and certain other investors in the proposed acquisition of SLM Corporation, commonly known as Sallie Mae. Our investment is conditioned upon the conditions to the closing of the proposed acquisition of Sallie Mae being satisfied or waived by the Flowers Fund. Pursuant to the terms of the Commitment Letter, in the event that the transaction is consummated, a Flowers Fund designee would be named general partner and managing member of each Co-Investment Vehicle.

Although we have committed to invest up to \$200 million, the Flowers Fund will seek to obtain additional investors to fund some or all of our commitment. In the event the Flowers Fund successfully obtains investments from other investors, the amount payable by us with respect to our \$200 million commitment will be reduced.

The Commitment Letter and our obligations thereunder will terminate immediately upon termination of the agreement to acquire Sallie Mae.

We are, from time to time, involved in various legal proceedings in the ordinary course of business, including litigation regarding claims. We do not believe that the resolution of any currently pending legal proceedings, either individually or taken as a whole, will have a material adverse effect on our business, results of operations or financial condition.
