Item 1.01. Entry into a Material Definitive Agreement.

On September 13, 2007, ORBCOMM Inc. (the Company) and the U.S. Coast Guard entered into an Amendment of Solicitation/Modification of Contract (the Amendment) amending the Validation Services Agreement dated as of May 20, 2004 by and between the Company and the U.S. Coast Guard (the VSA). The U.S. Coast Guard awarded the VSA to the Company to develop and demonstrate the ability to receive, collect and forward Automatic Identification System (AIS) data over the Company's satellite system. The U.S. Coast Guard has paid the Company the full

contract price of \$7.2 million for the construction and launch of the Coast Guard Demonstration Satellite (the CDS), which has an AIS receiver in addition to the Company's standard communications payload.

The Amendment extends the definitive launch date for the CDS to December 31, 2007. In consideration for this extension, the Company has agreed to the following with respect to the CDS:

- o provide up to 200 hours of additional technical support for up to 14 months after the launch date at no cost;
- o reduce the cost of the U.S. Coast Guard's existing option under the VSA to receive additional post-launch maintenance services for the period January 1, 2009 through December 31, 2009 from \$397,913 to \$200,000; and
- o reduce the cost of each of the U.S. Coast Guard's existing options under the VSA to receive AIS data transmission services for the period January 1, 2009 through December 31, 2009 from \$396,000 to \$196,000 for the medium usage option and from \$594,000 to \$394,000 for the high usage option (the cost for the low usage option for such period will remain unchanged at \$198,000).

The Company has obtained a dedicated launch vehicle for the CDS and the Company's Quick-Launch satellites that is available for launch before the end of 2007. The Company expects to launch the CDS together with some of its Quick-Launch satellites before the end of 2007.
