PROXY STATEMENT

GENERAL INFORMATION

This year our Company is furnishing proxy materials to our stockholders on the Internet instead of mailing printed copies of those materials to all of our shareholders, as permitted by rules recently adopted by the U.S. Securities and Exchange Commission. This option allows our Company to provide our stockholders with information they need, while reducing our use of natural resources and saving on paper, printing and mailing costs.

If you received a Notice of Internet Availability of Proxy Materials (“Notice of Internet Availability”) by mail, you will not receive a printed copy of the proxy materials unless you request one in accordance with the instructions provided in the Notice of Internet Availability. The Notice of Internet Availability is being mailed to our stockholders on or about August 14, 2009 and provides instructions on how you may access and review the proxy materials on the internet as well as how to vote your shares.

Who May Vote

Holders of record of our Common Stock at the close of business on August 5, 2009 may vote at the Meeting.

How to Vote

You may vote in person at the Meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the Meeting. You can always change your vote at the Meeting.

If you are a registered stockholder (meaning your name is included on the securityholder file maintained by our transfer agent, Computershare Trust Co. N.A.), you can vote in person or by using the internet or telephone as instructed on the Notice of Internet Availability or by completing, signing, dating and returning your proxy card in the enclosed envelope.

If your shares are held in the name of your bank, brokerage firm or other nominee, you will receive instructions from them that you must follow in order to have your shares voted. Please note that if your shares are held by a bank, brokerage firm or other nominee, and you decide to attend and vote at the annual meeting, your vote in person at the annual meeting will not be effective unless you present a legal proxy, issued in your name from your bank, brokerage firm, or other holder of record.

Whether or not you expect to personally attend the Annual Meeting, we urge you to vote your shares by phone, via the internet or by signing, dating and returning the enclosed proxy card. Voting early will ensure the presence of a quorum at the meeting and will save our company the expense and extra work of additional solicitation. An addressed envelope, postage paid if mailed in the United States, is enclosed if you wish to vote your shares by returning your completed proxy card by mail. Submitting your proxy now will not prevent you from voting at the meeting, as your vote by proxy is revocable at your option as set out below.

Voting by the internet or telephone is fast, convenient, and your vote is immediately confirmed and tabulated. Most important, by using the internet or telephone, you help us reduce postage and proxy tabulation costs.

How Proxies Work

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the Meeting in the manner you direct. You may vote for all, some or none of our director candidates.

If you give us your signed proxy but do not specify how to vote, we will vote your shares in favor of the election of the seven director candidates that have been nominated and in favor of the proposal to approve the amendment to the Certificate of Incorporation and increase the authorized shares of Common Stock.

Matters to be Presented

We are not aware of any matters to be presented other than those described in this proxy statement. If any matters not described in this proxy statement are properly presented at the Meeting, the proxies will use their own judgment to determine how to vote your shares. If the Meeting is postponed or adjourned, the proxies will vote your shares on the new Meeting date in accordance with your previous instructions, unless you have revoked your proxy.

Revoking a Proxy

If you are a registered stockholder, you may revoke your proxy before it is voted by:

- Notifying our Secretary in writing before the Meeting at the address given on the cover page of this proxy statement; or
- Voting in person at the Meeting.

If your shares are held in the name of your bank, brokerage firm or other nominee, you should follow the instructions received from them or contact your broker, in order to change your vote.

VOTING SECURITIES AND PRINCIPAL HOLDERS

Outstanding Shares and Voting Rights

At the close of business on August 5, 2009 (the "Record Date"), we had 72,805,756 outstanding shares of Common Stock.

Each holder of Common Stock is entitled to one (1) vote per share at the Meeting.

In order to carry on the business of the Meeting, we must have a quorum. This means that a majority of our issued and outstanding shares entitled to vote must be present in person or by proxy in order to constitute a quorum at the Meeting.

Assuming a quorum is present, the Director candidates who receive the most "for" votes will be elected to fill the seven available seats on our Board and the proposal to amend the Certificate of Incorporation to increase the authorized shares of Common Stock will be approved if it receives the favourable vote of a majority of the shares of common stock present, in person or by proxy, and voted at the meeting. Shares represented at the Meeting by a proxy reflecting abstentions or broker non-votes will be counted for the purpose of determining whether or not a quorum is present at the Meeting but will have no effect on the result of the votes on the election of Directors or the proposal to amend the Certificate of Incorporation to increase the authorized shares of Common Stock. Broker non-votes occur on a matter when a bank, brokerage firm or other nominee is not permitted to vote on that matter without instruction from the owner of the shares and no instruction is given. Absent instructions from you, your broker may vote your shares on the election of Directors and in favor of the proposal to approve the adoption of the amendment to our Certificate of Incorporation.

MANAGEMENT RECOMMENDS A VOTE "FOR" EACH OF THE ABOVE NOMINEES

PROPOSAL 2. APPROVE AN AMENDMENT OF OUR CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK WE ARE AUTHORIZED TO ISSUE.

The Board of Directors of our company has recommended an amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock, \$.001 par value, from 100,000,000 shares to 125,000,000 shares. The proposed form of the Certificate of Amendment respecting the amendment to the Certificate of Incorporation to increase the number of shares of Common Stock authorized is attached hereto as Exhibit A.

The amendment has received the unanimous approval of our Board of Directors and will be adopted by stockholders upon receiving the affirmative vote of a majority of the outstanding stock entitled to vote thereon at the Meeting.

We are currently authorized to issue 100,000,000 shares of Common Stock, of which 72,805,756 shares were outstanding at the close of business on the Record Date for the Meeting. Also at the Record Date, we had reserved an additional 21,514,716 shares under the terms of outstanding options and warrants and convertible securities, including shares reserved for future grants under the terms of our 2008 Stock Incentive Plan. Accordingly, at the Record Date, under our Certificate of Incorporation as effective at that date, we have 5,679,528 unissued shares of Common Stock authorized for issuance which are not reserved for issuance under outstanding options and warrants and our 2008 Stock Incentive Plan.

In order for our company to have sufficient shares unreserved and available for issuance for other corporate purposes, we are seeking stockholder approval of an amendment to our Certificate of Incorporation to increase the number of shares of Common Stock we are authorized to issue to 125,000,000 shares from 100,000,000 shares.

Other than shares intended for issuance upon the exercise of options and warrants outstanding or that may be granted, we have no present plans to issue any additional shares of our Common Stock or other options, warrants or convertible securities requiring the issuance, on exercise or conversion, any additional shares of Common Stock.

Reasons for the Proposed Increase in Authorized Shares.

Our Board of Directors recommends an increase in the number of authorized shares of the Company's Common Stock from 100,000,000, shares to 125,000,000 shares. Our Board of Directors believes it is desirable to increase the authorized shares of Common Stock in order to meet its existing contractual obligations under outstanding options and warrants and options that may be granted under the terms of our 2008 Stock Incentive Plan, as well as for future use for other corporate purposes, including possible acquisitions, financings, or stock dividends. We have no plans at present to issue any of the additional shares of Common Stock we are seeking to have authority to issue. Our Board of Directors generally will have the power to issue the additional authorized shares without stockholder approval. All newly authorized shares will have the same rights as the presently authorized shares, including the right to cast one vote per share and to participate in dividends when and to the extent declared and paid. Under our Certificate of Incorporation, stockholders do not and will not have pre-emptive rights. Accordingly, the issuance of additional shares of Common Stock might dilute, under certain circumstances, the ownership interest and voting rights of existing stockholders.

Adoption of the Proposal requires the affirmative vote of the holders of a majority of the outstanding shares of Common Stock.

Also, our Directors will be reimbursed for their reasonable out-of-pocket expenses in attending meetings and will be entitled to be paid additional compensation for any additional or special services they may provide. Pursuant to the terms of our 2008 Stock Incentive Plan, each non-employee Director automatically receives an option grant for 50,000 shares on the date such person joins the Board. In addition, on the date of each annual stockholder meeting provided such person has served as a non-employee Director for at least six months, each non-employee Board member who is to continue to serve as a non-employee Board member will automatically be granted an option to purchase 50,000 shares. Each such option has a term of ten years, subject to earlier termination following such person's cessation of Board service, and is subject to certain vesting provisions. For the purposes of the automatic grant provisions of our stock incentive plans, all of our Directors, other than Messrs. Roy and Kent are considered non-employee Board members.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee were officers or employees of our company during the year ended December 31, 2008 or were former officers of our company or had any other relationship with our company requiring disclosure.

Compensation Discussion and Analysis Policies and Objectives

Our Compensation Committee believes that our compensation policies and objectives should align with and reflect the stage of development of our operations, our operating objectives and the extent of realization of our objectives. Our Compensation Committee believes that our policies and objectives must take into consideration our specific business objectives and manner of achieving those objectives and our ability to implement those objectives under the terms of the PSCs to which we are a party. Accordingly, our compensation policies and objectives should be based on both our successes in entering into and pursuing joint venture arrangements, as well as the progress and success of the exploration and drilling activities of those ventures, whether undertaken directly by us or through the operators of the exploration blocks.

Our Compensation Committee also believes that the compensation of our executive officers should be based on the principles that the levels of compensation must enable our company to motivate and retain the talent we need to lead and make our company grow. Our Compensation Committee further believes that the compensation levels must be competitive with similar other companies, be fair and reasonable and, where appropriate, reward successful performance. Our Compensation Committee relies upon its judgment in making compensation decisions.

Because it believes such a structure is most appropriate to our company's stage of development, the Compensation Committee has followed the practices established in 2005 of providing a compensation package to our executive officers consisting of monetary compensation and stock options. Our Compensation Committee believes that the impact of applicable Canadian, United States and other foreign tax laws should be considered with respect to the compensation paid and the form of the compensation. Our Compensation Committee does not establish any specific performance or target goals.

In 2007, our Compensation Committee retained Lane Caputo Compensation, Inc., a Calgary, Alberta based compensation consulting company, to review and recommend fair and justifiable compensation for our executive positions and directors as well as to make recommendations for future compensation practices. Lane Caputo Compensation, Inc. reviewed our compensation arrangements relative to a selected peer group of Canadian public companies trading on Canadian and/or International securities exchanges that are focused on international oil and gas exploration and production, with a focus on exploration. The Committee relied on the December 10, 2007 report from Lane Caputo Compensation, Inc. as a basis for recommending the 2008 compensation for the CEO and CFO.

The fifteen companies in this peer group and the exchange on which their securities are traded are as follows:

- Africa Oil Corp. (TSX-V)
- Pan Orient Energy Ltd. (TSX-V)
- Cirrus Energy Corp. (TSX-V)
- CGX Energy Inc. (TSX-V)
- Falcon Oil & Gas Ltd. (TSX-V)
- Pacific Stratus Energy Ltd. (TSX)
- Canoro Resources Ltd. (TSX-V)
- Serica Energy PLC. (TSX-V)
- Stratic Energy Corp. (TSX-V/AIM)
- Verenex Energy Inc. (TSX)
- Candax Petroleum Inc. (TSX)
- Sterling Resources Ltd. (TSX-V)
- Mart Resources, Inc. (TSX-V)
- Winstar Resources Ltd. (TSX)
- Ithaca Energy Inc. (TSX-V/AIM)

Exchanges: TSX-V -- Toronto Stock Exchange (Venture); TSX -- Toronto Stock Exchange; and AIM -- London AIM Market Exchange

Our Compensation Committee believes that, at this stage of our company's development, it is appropriate for our monetary compensation to stay within the median values of our peer group.

Although Compensation Committee meetings are held in executive session, without management's presence, the Compensation Committee (and from time to time individual members of the Committee) may meet with senior officers of our company to discuss objectives, explain the rationale for certain objectives and to assure that it has management's input in assessing the consequences of decisions made in the Compensation Committee meetings, including, for instance, the impact that its decisions may have on our financial statements. The Compensation Committee's interactions with management seek to achieve a balance between receiving management's opinion but still ensuring that management is not, in effect, establishing the terms and parameters for its own compensation.

Direct Monetary Compensation

Although our Compensation Committee did not hold any meetings during the year ended December 31, 2008, a meeting was held in December 2007 which encompassed compensation for the year 2008. At the meeting, the Compensation Committee considered, among other things, in arriving at compensation for the fiscal year 2008, the level of compensation for the executive officers during the prior fiscal years, the compensation levels paid by the peer group of companies as found in the Lane Caputo report, the growth and complexity of the executive officers tasks during the year and our company's overall business plans for further growth in the following fiscal years.

The direct monetary compensation of our executive officers is based on the scope of their duties and responsibilities and the executives' individual performance in fulfilling those duties and responsibilities, in addition to the other factors described above. Because of the inherent nature of our activities, the uncertain nature of the outcome of our activities, and the extended period of time over which the success of our activities will be determined, the Compensation Committee believes that, because the company's ability to achieve its objectives is greatly dependent upon the activities of the operators of the drilling blocks in which we have an interest, the company's success in its exploration and drilling activities during a particular year should not be the sole measure by which the direct monetary compensation of our executive officers is determined. The Compensation Committee also recognizes that our company's opportunity to enter into additional production-sharing contracts or acquire interests in ventures that are parties to such contracts is limited by availability of contracts and our company's capital. However, the Committee recognizes that future successes may lead it to award cash or other bonuses determined at that time and in the light of future events.

Based on the Compensation Committee's policies and objectives, the Committee believes that the direct monetary compensation of our executive officers for fiscal 2008 was at or below the median level of the peer group selected by Lane Caputo Compensation, Inc.

Equity Compensation

Our Compensation Committee believes that a material element of executive compensation should be the award of equity grants. This element of compensation has taken the form of grants of options under our Stock Incentive Plan but other forms of equity grants may be considered. The Compensation Committee believes the award of equity grants has the effect of aligning executive officers compensation to the future growth and success of our company.

Equity grants are the only form of long-term compensation utilized to compensate our executive officers at this time. The Compensation Committee does not consider any relationship between Direct Monetary Compensation and Equity Compensation in making equity grants. These grants are not based on any strict formula but rather are determined in the light of practices at the peer group selected, our company's past practices, and our overall corporate performance during the period relative to our progress made in achieving our overall business plan objectives and achieving stockholder value.

The Compensation Committee did not award any equity grants to our executive officers in 2008. The Compensation Committee reached this conclusion based on, among other factors, the market performance of the company's common stock during the year.

Other Benefits - Change of Control

We have no arrangements with our executive officers or Directors regarding any monetary payments to them in the event of a change in control of our company.

In the event that our company is acquired by merger or sale of substantially all of its assets or securities possessing more than 50% of the total combined voting power of our outstanding securities, outstanding options granted under our 1998 Stock Incentive Plan and/or our 2008 Stock Incentive Plan containing vesting provisions, including those held by executive officers and Directors, are subject to immediate vesting. Each outstanding option which is not to be assumed by the successor corporation or otherwise continued in effect will automatically accelerate in full and become immediately fully vested, subject to certain exceptions. Our Stock Incentive Plans contains discretionary provisions regarding the grant of options with vesting provisions. Options may also immediately vest in connection with a change in the majority of the Board of Directors of our company by reason of one or more contested elections for Board membership.

Perquisites

Our executive officers also receive perquisites in the form of medical insurance coverage for the executives and their families. In addition, travel expenses of Mr. Roy's family will be paid for travel to India as approved by the Board of Directors based on the duration and purpose of the trip.

Mr. Roy, through Roy Group (Barbados) Inc., a corporation wholly owned by Mr. Roy, is reimbursed for out-of-pocket expenses on a cost recovery basis for expenses such as travel, hotel, meals, entertainment, computer costs and amounts billed to third parties incurred by Mr. Roy.

Mr. Kent, through D.I. Investments Ltd., a corporation wholly owned by Mr. Kent, is reimbursed for out-of-pocket expenses on a cost recovery basis for expenses such as travel, hotel, meals and entertainment expenses incurred by him in the performance of services to our company.

Structure of Compensation Arrangements

We have entered into the following arrangements regarding our executive officers.

We have an agreement with Roy Group (Barbados) Inc. whereby, under the agreement, Roy Group (Barbados) Inc. agreed to perform such geologic and geophysical duties as are assigned to it by our company. Mr. Roy performs services for us in his capacity as an employee to Roy Group (Barbados) Inc. and we pay compensation to Roy Group (Barbados) Inc. In addition, we pay for medical insurance for Mr. Roy and his family. Expenses incurred by Mr. Roy in connection with our company are reimbursed to Roy Group (Barbados) Inc. for his travel expenses, hotel, meals, entertainment, computer costs and amounts billed to third parties.

Mr. Kent's services are provided through D.I. Investments Ltd., a company controlled by Mr. Kent pursuant to an oral agreement. In addition, we pay for medical insurance for Mr. Kent and his family. Expenses incurred by Mr. Kent in connection with our company are reimbursed to him for travel, hotel, meals and entertainment expenses.

Director Compensation

Effective May 11, 2009, our company's Board of Directors adopted an Independent Director Compensation Policy. Under the Policy, commencing as of May 11, 2009, each of our Independent Directors, as such term is defined under the NYSE/AMEX Company Guide, will receive an annual retainer of \$24,000, payable in monthly instalments and the Chairperson of the Company's Audit Committee will receive an additional annual retainer of \$6,000, payable in monthly instalments. Also, our Directors will be reimbursed for their reasonable out-of-pocket expenses in attending meetings and will be entitled to be paid additional compensation for any additional or special services they may provide. This compensation is in addition to the automatic annual and other grants of options under the provisions of the Company's 2008 Stock Incentive Program.

Pursuant to the terms of our 2008 Stock Incentive Plan, each non-employee Director automatically receives an option grant for 50,000 shares on the date such person joins the Board. In addition, on the date of each annual stockholder meeting provided such person has served as a non-employee Director for at least six months, each non-employee Board member who is to continue to serve as a non-employee Board member will automatically be granted an option to purchase 50,000 shares. Each such option has a term of ten years, subject to earlier termination following such person's cessation of Board service, and is subject to certain vesting provisions. For the purposes of the automatic grant provisions of our Stock Incentive Plan, all of our Directors, other than Messrs. Roy and Kent, are considered non-employee Board members.

In the event the consent is denied, neither party is entitled to assert any claim against the other except as is specifically set forth in the agreement.
