(d)-(e) During the past five years, neither Alliant Energy nor Resources and, to the best of their knowledge, none of their respective executive officers and directors named above, (i) has been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) has been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

ITEM 3. Source and Amount of Funds or Other Consideration.

Alliant Energy and Resources beneficially own 1,080,000 shares of the Issuer's Common Stock, which were issued in the Share Exchange (as defined in Item 4).

ITEM 4. Purpose of Transaction.

On November 25, 2003, Resources transferred all of the outstanding stock of its wholly-owned subsidiary, Whiting Oil and Gas Corporation, to the Issuer in exchange for 18,330,000 shares of the Common Stock of the Issuer, which constituted all of its outstanding Common Stock, and a promissory note from the Issuer in the aggregate principal amount of \$3.0 million (collectively, the Share Exchange). Immediately after the completion of the Share Exchange, Resources sold 17,250,000 shares of the Issuer's Common Stock in an underwritten initial public offering (the Initial Public Offering) priced at \$15.50 per share to the public.

After the completion of the Initial Public Offering, Resources owned 1,080,000 shares of the Issuer's Common Stock. Alliant Energy and Resources currently intend to divest their remaining interest in the Issuer, subject to market conditions. Resources has agreed, with exceptions, not to sell or transfer any of the Issuer's Common Stock for 180 after November 19, 2003. See Item 6.

ITEM 4. Purpose of Transaction.

Edgar Filing: WHITING PETROLEUM CORP - Form SC 13D

Thomas L. Aller, an executive officer of both Alliant Energy and Resources, serves as a director of the Issuer.

6

Except as indicated in this Schedule 13D, Alliant Energy and Resources currently have no specific plans or proposals that relate to or would result in any of the matters described in subparagraphs (a) through (j) of Item 4 of Schedule 13D.

ITEM 5. Interests in Securities of the Issuer.

(a)-(b) Resources beneficially owns 1,080,000 shares of the Issuer's Common Stock, which represents approximately 5.9% of the outstanding shares of the Issuer's Common Stock.

Alliant Energy, as the parent corporation of Resources, may be deemed to beneficially own the shares of the Issuer's Common Stock beneficially owned by Resources.

As of the completion of the Initial Public Offering and to the knowledge of Alliant Energy and Resources, none of their respective executive officers or directors beneficially owned any shares of the Issuer's Common Stock.

(c) Except as described in Item 4, neither Alliant Energy nor Resources and, to the best of their knowledge, none of their respective executive officers and directors has engaged in any transaction in shares of the Issuer's Common Stock during the sixty day period immediately preceding the date hereof.

(d) Not applicable.

(e) Not applicable.

ITEM 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer.

In connection with the Initial Public Offering, the Issuer, Alliant Energy and Resources entered into a Registration Rights Agreement on November 25, 2003. The Registration Rights Agreement provides that, at any time until the third anniversary of the completion of the Initial Public Offering, Alliant Energy will have the right to demand three registrations of its shares of the Issuer's Common Stock. The Issuer has agreed to use its best efforts to file a registration statement with the SEC within 45 days of receipt of a request to do so and use its best efforts to cause such registration statement to become effective as soon as possible. If the Issuer's board of directors determines in good faith that a registration statement would cause the Issuer to disclose material nonpublic information that would be materially detrimental to the Issuer or that would materially interfere with any material financing, acquisition, corporate reorganization or merger or other transaction involving the Issuer, then the Issuer may postpone filing a registration statement for up to 45 days once in a twelve month period. The Registration Rights Agreement also provides that, until the third anniversary of the completion of the Initial Public Offering, Alliant Energy will have the right to participate in any registration of shares of Common Stock by the Issuer, subject to customary limitations. All expenses payable in connection with such registrations will be paid by the Issuer, except that Alliant Energy will pay all underwriting discounts and commissions applicable to the sale of its shares of the Issuer's Common Stock and the fees and expenses of its separate advisors and legal counsel.

7

In connection with the Initial Public Offering, Resources agreed, with exceptions, not to sell or transfer any of the Issuer's Common Stock for 180 days after November 19, 2003 without first obtaining the written consent of the underwriters for the Initial Public Offering.

The foregoing description of these agreements is qualified in its entirety by reference to the copies of such agreements that are filed as exhibits to this Schedule 13D and are incorporated by reference herein.
