PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD
ON MAY 16, 2003

The accompanying proxy is solicited on behalf of the Board of Directors of CyberOptics Corporation (the "Company") for use at the Annual Meeting of Shareholders to be held Friday, May 16, 2003, at 3:00 p.m. at the Marquette Hotel, 710 Marquette Avenue, Minneapolis, Minnesota 55402, and at any adjournments thereof. The cost of solicitation, including the cost of preparing and mailing the Notice of Annual Meeting of Shareholders and this Proxy Statement, will be paid by the Company. Representatives of the Company may, without cost to the Company, solicit proxies for the management of the Company by means of mail, telephone or personal calls.

The only matters the Board of Directors knows will be presented are those stated in Proposals 1 and 2 of this Proxy Statement. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE IN FAVOR OF PROPOSALS 1 AND 2. Should any other matter properly come before the meeting, it is intended that the persons named in the enclosed proxy will have authority to vote such proxy in accordance with their judgment on such matter.

VOTING RIGHTS AND PROCEDURES

Shares of the Company's common stock, no par value (the "Common Stock"), represented by proxies in the form solicited will be voted in the manner directed by a shareholder. If no direction is made, the proxy will be voted for the election of the nominees for director named in this Proxy Statement, for the amendments to the Employee Stock Purchase Plan, and in the discretion of the proxies with respect to any other matters properly brought before the meeting. Shares voted as a "withhold vote for" one or more directors will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting and as unvoted, although present and entitled to vote, for purposes of the election of the directors with respect to which the shareholder has abstained. If a broker submits a proxy that indicates the broker does not have discretionary authority to vote certain shares, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting, but will not be considered as present and entitled to vote with respect to the matters voted on at the meeting.

Proxies may be revoked at any time before being exercised by delivery to the Secretary of the Company of a written notice of termination of the proxies' authority or a duly executed proxy bearing a later date. Only holders of record of Common Stock at the close of business on April 1, 2003, will be entitled to receive notice of and to vote at the meeting. On April 1, 2003, the Company had 8,190,416 shares of Common Stock outstanding. Each outstanding share is entitled to one vote on all matters presented at the meeting.

A copy of the Company's Annual Report to Shareholders for the year ended December 31, 2002, is being furnished to each shareholder with this Proxy Statement. This Proxy Statement and a form of proxy are being mailed to

COMPENSATION OF DIRECTORS

Directors who are not also employees receive directors' fees of \$1,000 per meeting attended, and \$500 per meeting held by conference call. Until 1999, directors who were not also employees also received an option to purchase 18,000 shares vesting over a period of four years upon their initial election to the Board of Directors, or upon shareholder approval of the Stock Option Plan for Nonemployee Directors in 1993 and 1997, if they were directors on the dates of approval. Mr. Cimochofski and Mr. Quist each received options in 1993 and 1997, Mr. Kelen received options in 1995 and 1997, and Ms. Iverson received options in 1998 under this arrangement.

In 1999, the Stock Option Plan for Nonemployee Directors was amended to provide for the grant to each nonemployee director of an option to purchase 4,500 shares, which are exercisable from the date of grant, at each annual meeting at which the director is elected or reelected, commencing with the annual meeting at which previous options are fully vested. Ms. Qualters and Mr. Selzer each received an option to purchase 4,500 shares under the amended plan in each of 1999, 2000, 2001 and 2002. Mr. Cimochofski and Mr. Kelen each received an option to purchase 4,500 shares under the amended plan in 2002.

COMMITTEES/MEETINGS

Except for its Compensation Committee and Audit Committee, the Company does not have any standing committees, including any nominating committee, of the Board of Directors. The Audit Committee, which consists of Ms. Qualters, Mr. Cimochofski and Mr. Selzer, assists the Board of Directors in monitoring the financial statements of the Company and the Company's internal controls and retains, approves the compensation for and oversees the work of the Company's independent accountants in connection with their audit of the Company's financial statements. The Compensation Committee, which consists of Mr. Kelen and Mr. Selzer, administers the Company's stock benefit plans and determines compensation policy and levels for the Company's executive officers. During the fiscal year ended December 31, 2002, the Board of Directors of the Company met six times and acted four times by writing in lieu of meeting, the Compensation

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

Committee met four times and acted once by action in lieu of meeting, and the Audit Committee met six times and acted three times through its designated chair. Every nominee for director attended at least 75 percent of the aggregate of the total number of meetings of the Board and the total number of meetings of the Board Committees for which such nominee was a member.

EXECUTIVE OFFICERS

In December 2002, Mr. Quist retired as the Company's Chief Executive Officer, and Ms. Iverson was named as his replacement. The current executive officers include Ms. Iverson, Dr. Case and Scott G. Larson, 42, who started as Controller with the Company in October 1995, was promoted to Director of Financial Reporting in February 2000, and was promoted to Vice President--Finance and Chief Financial Officer in August 2000. Mr. Larson was Controller of Medisys, Inc., a publicly traded medical device company, from 1991 until joining the Company.

PROPOSAL II--APPROVAL OF THE AMENDMENT TO THE COMPANY'S 1992 EMPLOYEE STOCK PURCHASE PLAN

As of March 21, 2003, the Company's Board of Directors adopted, subject to shareholder approval, an amendment (i) to increase the number of shares of Common Stock available for issuance under the CyberOptics Corporation 1992 Employee Stock Purchase Plan (the "Purchase Plan") by 100,000 shares and (ii) to extend the term of the Purchase Plan to the completion of the purchase period which ends on the first business day occurring on

4

or after July 31, 2012. As of March 31, 2003, there were 171,849 shares remaining that could be issued under the Purchase Plan.

The Purchase Plan provides an attractive means for employees to accumulate ownership in the Company as well as to assist the Company in attracting highly skilled and qualified individuals. Therefore, the Board of Directors believes that it is desirable to amend the Purchase Plan to continue its utility by increasing the number of shares of Common Stock authorized for issuance thereunder and to extend its term.

The Purchase Plan was initially approved by the Company's shareholders in 1992 and is administered by the Compensation Committee of the Board of Directors (the "Compensation Committee"). The Purchase Plan reserves shares of the Company's Common Stock for sale to participating employees at the lower of 85% of the fair market value of the Company's Common Stock on the first business day, or the last business day, of the applicable purchase period. Under the terms of the Purchase Plan, purchase periods begin on the first business day of August of each year and end on the last business day of July of the following year.

Participating employees may direct the Company to make payroll deductions of between 1% and 10% of their compensation during a purchase period that will be applied to the purchase of shares under the Purchase Plan and may withdraw from the Purchase Plan at any time (although no employee may enroll again after a withdrawal until commencement of the next purchase period). No participant may purchase more than 10,000 shares or shares having a market value exceeding \$25,000 under the Purchase Plan during any purchase period. If total purchases during a purchase period would result in the sale of more than 100,000 shares under the Purchase Plan, each participant is allocated a pro rata portion

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

of the 100,000 shares that may be sold in the purchase period.

Any employee of the Company or any of its subsidiaries (other than employees who have been employed by the Company or any of its subsidiaries fewer than six months or whose customary employment by the Company or any of its subsidiaries is less than 20 hours per week or six months per calendar year) is eligible to participate in the Purchase Plan, provided that no employee who holds more than 5% percent of the outstanding Common Stock may participate. As of March 31, 2003, approximately 150 employees were eligible to participate in the Purchase Plan.

Upon a participant's termination of employment with the Company for any reason other than approved retirement or death, participation in the Purchase Plan will cease and the balance of the participant's share purchase account will be paid, in cash, to the participant within 30 days. Upon the death or approved retirement of a participant, no further contributions will be made to the participant's share purchase account and the balance in the account will either be used to purchase shares of Common Stock at the end of the current purchase period or be paid in cash if requested, provided that in the case of approved retirement, no purchase of Common Stock shall be allowed if the last day of the purchase period in which such retirement occurs is more than 3 months following the date of such retirement.

The Purchase Plan may be amended by the Board of Directors at any time, except that the Board of Directors cannot, without shareholder approval, adopt any amendment that (i) would cause Rule 16b-3 under the Exchange Act to become unavailable with respect to the Purchase Plan, (ii) requires shareholder approval under any rules or regulations of the National Association of Securities Dealers, Inc. or any securities exchange applicable to the Company, or (iii) permits the issuance of Common Stock before payment in full.

The Board of Directors adopted the amendments to the Purchase Plan in order to allow the Company to continue to provide a convenient and advantageous way for its employees to make systematic purchases of Common Stock and therefore to develop a stronger incentive to work for the continued success of the Company. The amendments to the Purchase Plan are being submitted to the shareholders for approval in order to comply with the requirements of the Internal Revenue Code of 1986, as amended.

THE AFFIRMATIVE VOTE OF THE HOLDERS OF A MAJORITY OF THE COMMON STOCK REPRESENTED AT THE MEETING IS REQUIRED FOR APPROVAL OF THE AMENDMENTS TO THE PURCHASE PLAN DESCRIBED ABOVE. THE BOARD RECOMMENDS A VOTE FOR AMENDING THE PURCHASE PLAN AS DESCRIBED ABOVE.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT OF THE BOARD OF DIRECTORS

The Company's executive compensation policies are recommended and administered by the Compensation Committee of the Board of Directors. The Compensation Committee is currently composed of two independent, outside directors.

The principal objective of the Company's compensation policy is to increase shareholder value by providing an incentive to officers and employees to maximize the Company's performance. Although the Compensation Committee normally reviews and resets base salary, annual incentive compensation and

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

long-term equity incentives annually, because the Company's performance had declined significantly as a result of the depressed conditions in the electronics industry, and because Mr. Quist had announced plans to retire mid-year, the Compensation Committee did not increase salaries of its executives from 2001 to 2002. In fact, executive management accepted a 10% reduction in salaries to help reduce expenses in mid-2001 and agreed to continue the 10% salary reduction through November 2002. Other non-executive employees received a 5% salary reduction, but full salaries for other employees were reinstated before executives' salaries in July 2002.

As a result, the base salary of Mr. Quist, as Chief Executive Officer of the Company, declined by 10% from 2001 to 2002. Further, in anticipation of his retirement and to further reduce expense, Mr. Quist accepted a 50% reduction in pay commencing in July 2002. Ms. Iverson, who started with the Company in January 2002 and became Chief Executive Officer in January 2003, negotiated her employment terms after the salary reduction had been implemented. The terms upon which the Company retained Ms. Iverson, including her \$225,000 salary, a \$38,500 hiring bonus and a \$ 30,000 guaranteed bonus, reflect in part the desire to defer cash expense.

Although the Company established an executive bonus program in early 2002 which would pay bonuses based on a matrix that was dependent on increases in revenue and in net income before income taxes, because revenue and net income declined, no bonuses based on performance were paid. Further, although some portion (30% for Mr. Quist) of executive bonuses was based on a sliding scale directly related to the percentage by which the year's revenue exceeded budget, revenue targets were not achieved in 2002 and no bonuses were paid (except the guaranteed bonus for Ms Iverson mentioned above).

Although stock options have historically been used as long-term incentives, the Company used stock options during 2002 primarily as a retention mechanism for employees, including executives. In February 2002, the Company granted stock options to substantially all of its employees in recognition of the continuation of the salary reductions that they had accepted, but that they had expected would be lifted in early 2002. The size of these grants ranged from options to purchase 100 shares for non-technical employees to options to purchase 1500 shares for employees such as Mr. Quist. Ms. Iverson received, as a condition to her employment, options to purchase 50,000 shares, and as a condition to her promotion to chief executive officer, options to purchase an additional 35,000 shares. Further, the Company granted to Dr. Case and Mr. Larson, its Chairman and its Chief Financial Officer, additional options to purchase 75,000 shares and 25,000 shares, respectively, in May 2002 (immediately after the annual meeting) as incentives and to retain them during a period of increased responsibility and decreased pay and to replace options that had expired.

The Compensation Committee believes that the compensation program for executive officers during the year 2002 achieved the principal objectives for which it was designed.

It does not have any employment agreements with any of the executive officers named in the Summary Compensation Table, except for a retirement agreement with Mr. Quist and a separation agreement with Mr. Farmer. In accordance with his retirement agreement, Mr. Quist served from July 2002 through December 2002 at an annual salary rate of \$110,000. Mr. Quist also signed a consulting agreement under which he agreed to provide management consulting for up to twelve days during 2003 for fees of \$2,000 per day. Although he originally intended to retire on December 31, 2002, in order to assist with management transitions at the Company's Portland, Oregon operations, Mr. Quist also agreed to serve on a part-time basis as manager of CyberOptics SemiConductor through December 31, 2003 at an annual salary of \$80,000. As part of his retirement agreement, the Company accelerated the vesting for options held by Mr. Quist so that they were fully vested on December 31, 2002, and extended the deadline for exercising his

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

options to December 31, 2004. Mr. Quist and his spouse also receive certain health insurance benefits under his retirement agreement. Under his separation agreement, Mr. Farmer continues as an employee through July 10, 2003, at full salary but he resigned as an officer and his duties were reduced as of September 30, 2002. The Company also accelerated the vesting of options held by Mr. Farmer so that they were fully vested on January 10, 2003, and extended the deadline for exercising his options to September 30, 2004.

CERTAIN TRANSACTIONS

AVANTI OPTICS CORPORATION. On August 7, 2000, the Company entered into an organization agreement with Avanti Optics Corporation ("Avanti"), a newly formed entity for which Dr. Steven K. Case, the Chairman of the Company, served as Chairman and Chief Executive Officer, and for which Erwin A. Kelen, a director of the Company, served as a director. Avanti was formed to pursue the development of products for the photonics markets. Dr. Case and his family members acquired 13,500,000 shares, or approximately 65% of the outstanding shares, of Avanti for \$1,350,000 cash. The Company acquired 3,833,250 shares, or approximately 12% of the outstanding shares, of Avanti for approximately \$190,000 cash, the right to hire certain Company employees, title to equipment the Company had used in photonics research, a potential business agreement with a telecommunications company for a photonics inspection system, and a license to use certain intellectual property the Company had developed for the electronics markets. The Company also agreed to partially fund development of a photonics inspection system that Avanti was pursuing in return for rights to the technology that was developed. The Company provided Avanti with a total of \$224,516 of funding under this arrangement in 2000, but terminated funding when the development effort was terminated.

Between August 2000 and April 2002, Avanti completed a venture capital financing in which it sold preferred stock and completed several smaller sales of common stock, raising \$3,400,000 to finance operations. The Company determined not to invest in these financings because it obtained no commercial advantage through the financings and because it had determined to focus its development efforts on its core business.

In early 2002, Avanti again approached the Company for additional equity financing, which the Company refused. Nevertheless, after considerable negotiation, on April 30, 2002, the Company loaned an additional \$1.5 million to Avanti under a convertible promissory note that was secured by all of Avanti's intellectual property and accompanied by warrants and exclusive rights to manufacture and distribute manual and semi-automated equipment that Avanti was developing. The note bore interest at 3% above the prime rate of interest and was repayable on April 30, 2003, or upon an earlier event of default. The loan and any accrued interest was to automatically convert to the type of equity

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

shares Avanti issued at the closing of the next qualifying equity financing occurring on or before the maturity date of the loan at 80% of the price in that equity round, and if there was a change of control prior to conversion, the Company was entitled to receive twice the principal and interest then outstanding on the loan. In consideration of the loan, the Company also received a five-year warrant to purchase the number of shares of Avanti equity securities as was equal to \$450,000 (30% warrant coverage) divided by the price per share in the next equity financing of Avanti. The exercise price of the warrant was equal to the price in such next equity financing. The loan was made in part to acquire the exclusive rights to manufacture and distribute manual and semi-automated equipment for the assembly of surface mountable optical components that were then under development by Avanti. The Board of the Company, with Dr. Case and Mr. Kelen not participating, concluded that there was substantial potential for these manual and semi-automated assembly machines and that the transaction was on as good, or better, terms as could be obtained from other companies in Avanti's industry.

Although Avanti met its development objectives, primarily because of the dramatic disintegration of markets and financing for photonics equipment companies and equipment manufacturers, Avanti was unable to locate additional financing. By December 31, 2002, it had virtually depleted its funds, significantly curtailed operations and notified the Company that it was unlikely to be able to repay its obligations under the loan. In February 2003, Avanti completely ceased business operations. By settlement agreement dated February 14, 2003, the Company foreclosed on the intellectual property assets of Avanti, and accepted certain capital equipment and cash as partial payment for the interest accrued under its loan. Three of Avanti's employees, including Dr. Case, became full-time employees of the Company.
