Tanger Properties Limited Partnership Yes No

The aggregate market value of voting shares held by non-affiliates of Tanger Factory Outlet Centers, Inc. was approximately \$3,196,018,193 based on the closing price on the New York Stock Exchange for such shares on June 30, 2013.

The number of Common Shares of Tanger Factory Outlet Centers, Inc. outstanding as of February 1, 2014 was 95,439,454.

Documents Incorporated By Reference

Part III incorporates certain information by reference from Tanger Factory Outlet Center, Inc.'s definitive proxy statement to be filed with respect to the Annual Meeting of Shareholders to be held May 16, 2014.

PART I

EXPLANATORY NOTE

This report combines the annual reports on Form 10-K for the year ended December 31, 2013 of Tanger Factory Outlet Centers, Inc. and Tanger Properties Limited Partnership. Unless the context indicates otherwise, the term, Company, refers to Tanger Factory Outlet Centers, Inc. and subsidiaries and the term, Operating Partnership, refers to Tanger Properties Limited Partnership and subsidiaries. The terms “we”, “our” and “us” refer to the Company or the Company and the Operating Partnership together, as the text requires.

Tanger Factory Outlet Centers, Inc. and subsidiaries is one of the largest owners and operators of outlet centers in the United States and Canada. The Company is a fully-integrated, self-administered and self-managed real estate investment trust, ("REIT"), which, through its controlling interest in the Operating Partnership, focuses exclusively on developing, acquiring, owning, operating and managing outlet shopping centers. The outlet centers and other assets are held by, and all of the operations are conducted by, the Operating Partnership and its subsidiaries. Accordingly, the descriptions of the business, employees and properties of the Company are also descriptions of the business, employees and properties of the Operating Partnership.

The Company owns the majority of the units of partnership interest issued by the Operating Partnership through its two wholly-owned subsidiaries, Tanger GP Trust and Tanger LP Trust. Tanger GP Trust controls the Operating Partnership as its sole general partner. Tanger LP Trust holds a limited partnership interest. As of December 31, 2013, the Company, through its ownership of Tanger GP Trust and Tanger LP Trust, owned 94,505,685 units of the Operating Partnership and other limited partners (the "Non-Company LPs") collectively owned 5,145,012 Class A common limited partnership units. Each Class A common limited partnership unit held by the Non-Company LPs is exchangeable for one of the Company's common shares, subject to certain limitations to preserve the Company's REIT status. Class B common limited partnership units, which are held by Tanger LP Trust, are not exchangeable for common shares of the Company.

Management operates the Company and the Operating Partnership as one enterprise. The management of the Company consists of the same members as the management of the Operating Partnership. These individuals are officers of the Company and employees of the Operating Partnership. The individuals that comprise the Company's Board of Directors are also the same individuals that make up Tanger GP Trust's Board of Trustees.

We believe combining the annual reports on Form 10-K of the Company and the Operating Partnership into this single report results in the following benefits:

- enhancing investors' understanding of the Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminating duplicative disclosure and providing a more streamlined and readable presentation since a substantial portion of the disclosure applies to both the Company and the Operating Partnership; and
- creating time and cost efficiencies through the preparation of one combined report instead of two separate reports.

There are only a few differences between the Company and the Operating Partnership, which are reflected in the disclosure in this report. We believe it is important, however to understand these differences between the Company and the Operating Partnership in the context of how the Company and the Operating Partnership operate as an interrelated consolidated company. As stated above, the Company is a REIT, whose only material asset is its ownership of partnership interests of the Operating Partnership through its wholly-owned subsidiaries, the Tanger GP Trust and Tanger LP Trust. As a result, the Company does not conduct business itself, other than issuing public equity from time to time and incurring expenses required to operate as a public company. However, all operating expenses incurred by the Company are reimbursed by the Operating Partnership, thus the only material item on the Company's income statement is its equity in the earnings of the Operating Partnership. Therefore, the assets and liabilities and the revenues and expenses of the Company and the Operating Partnership are the same on their respective financial statements, except for immaterial differences related to cash, other assets and accrued liabilities that arise from public company expenses paid by the Company. The Company itself does not hold any indebtedness but does guarantee certain debt of the Operating Partnership, as disclosed in this report. The Operating Partnership holds all of the outlet centers and other assets, including the ownership interests in consolidated and unconsolidated joint ventures. The Operating Partnership conducts the operations of the business and is structured as a partnership with no publicly traded equity. Except for net proceeds from public equity issuances by the Company, which are contributed to the Operating Partnership in exchange for partnership units, the Operating Partnership generates the capital required through its operations, its incurrence of indebtedness or through the issuance of partnership units.

Noncontrolling interests, shareholder's equity and partners' capital are the main areas of difference between the consolidated financial statements of the Company and those of the Operating Partnership. The limited partnership interests in the Operating Partnership held by the Non-Company LPs are accounted for as partners' capital in the Operating Partnership's financial statements and as noncontrolling interests in the Company's financial statements.

To help investors understand the significant differences between the Company and the Operating Partnership, this report presents the following separate sections for each of the Company and the Operating Partnership:

- Consolidated financial statements;

- The following notes to the consolidated financial statements:

- Debt of the Company and the Operating Partnership;

- Shareholders' Equity and Partners' Equity;

- Earnings Per Share and Earnings Per Unit;

- Accumulated Other Comprehensive Income of the Company and the Operating Partnership;

- Liquidity and Capital Resources in the Management's Discussion and Analysis of Financial Condition and Results of Operations.

This report also includes separate Item 9A. Controls and Procedures sections and separate Exhibit 31 and 32 certifications for each of the Company and the Operating Partnership in order to establish that the Chief Executive Officer and the Chief Financial Officer of each entity have made the requisite certifications and that the Company and Operating Partnership are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934 and 18 U.S.C. §1350.

The separate sections in this report for the Company and the Operating Partnership specifically refer to the Company and the Operating Partnership. In the sections that combine disclosure of the Company and the Operating Partnership, this report refers to actions or holdings as being actions or holdings of the Company. Although the Operating Partnership is generally the entity that enters into contracts and joint ventures and holds assets and debt, reference to the Company is appropriate because the business is one enterprise and the Company operates the business through the Operating Partnership.

As the 100% owner of Tanger GP Trust, the general partner with control of the Operating Partnership, the Company consolidates the Operating Partnership for financial reporting purposes. The separate discussions of the Company and the Operating Partnership in this report should be read in conjunction with each other to understand the results of the Company on a consolidated basis and how management operates the Company.

Item 1. Business

The Company and the Operating Partnership

Tanger Factory Outlet Centers, Inc. and subsidiaries is one of the largest owners and operators of outlet centers in the United States and Canada. We are a fully-integrated, self-administered and self-managed REIT, which focuses exclusively on developing, acquiring, owning, operating and managing outlet shopping centers. As of December 31, 2013, our consolidated portfolio consisted of 37 outlet centers, with a total gross leasable area of approximately 11.5 million square feet. These outlet centers were 99% occupied and contained over 2,400 stores, representing approximately 400 store brands. We also had partial ownership interests in 7 outlet centers totaling approximately 1.7 million square feet, including 3 outlet centers in Canada.

Our centers and other assets are held by, and all of our operations are conducted by, Tanger Properties Limited Partnership and subsidiaries. The Company owns the majority of the units of partnership interest issued by the Operating Partnership, through its two wholly-owned subsidiaries, Tanger GP Trust and Tanger LP Trust. Tanger GP Trust controls the Operating Partnership as its sole general partner. Tanger LP Trust holds a limited partnership interest.

As of December 31, 2013, the Company, through its ownership of the Tanger GP and Tanger LP Trusts, owned 94,505,685 units of the Operating Partnership and the Non-Company LPs collectively owned 5,145,012 Class A common limited partnership units. Each Class A common limited partnership unit held by the Non-Company LPs is exchangeable for one of the Company's common shares, subject to certain limitations to preserve the Company's REIT status. Class B common limited partnership units, which are held by Tanger LP Trust, are not exchangeable for common shares of the Company.

Ownership of the Company's common shares is restricted to preserve the Company's status as a REIT for federal income tax purposes. Subject to certain exceptions, a person may not actually or constructively own more than 4% of our common shares. We also operate in a manner intended to enable us to preserve our status as a REIT, including, among other things, making distributions with respect to our then outstanding common shares and preferred shares, if applicable, equal to at least 90% of our taxable income each year.

The Company is a North Carolina corporation that was incorporated in March 1993 and the Operating Partnership is a North Carolina partnership that was formed in May 1993. Our executive offices are currently located at 3200 Northline Avenue, Suite 360, Greensboro, North Carolina, 27408 and our telephone number is (336) 292-3010. Our website can be accessed at www.tangeroutlet.com. A copy of our 10-Ks, 10-Qs, 8-Ks and any amendments thereto can be obtained, free of charge, on our website as soon as reasonably practicable after we file such material with, or furnish it to, the Securities and Exchange Commission (the "SEC"). The information found on, or otherwise accessible through, our website is not incorporated into, and does not form a part of, this annual report on Form 10-K or any other report or document we file with or furnish to the SEC.

Recent Developments

Acquisition of Rental Property

Deer Park, Long Island, New York

In October 2003, we and two other owners each having a 33.3% ownership interest, established a joint venture to develop and own a shopping center in Deer Park, New York ("Deer Park"). In August 2013, Deer Park successfully negotiated new financing of the debt obligations for the previous mortgage and mezzanine loans totaling approximately \$238.5 million, with a \$150.0 million mortgage loan. The new five year mortgage loan bears interest at a 150 basis point spread over LIBOR. The previous mortgage and mezzanine loans were in default, and as part of the refinancing, all default interest associated with the loans was waived. Utilizing funding from our existing unsecured lines of credit, we loaned approximately \$89.5 million at a rate of LIBOR plus 3.25% and due on August 30, 2020 to Deer Park representing the remaining amount necessary to repay the previous mortgage and mezzanine loans. As a result of the refinancing, Deer Park recorded a gain on early extinguishment of debt of approximately \$13.8 million. Our share of this gain along with our share of the income from the settlement of a lawsuit by Deer Park with a third party totalled approximately \$7.8 million, which has been included in equity in earnings (losses) of unconsolidated joint ventures in the consolidated statement of operations for the year ended December 31, 2013.

On August 30, 2013, we acquired an additional one-third interest in the Deer Park property from one of the other owners, bringing our total ownership to a two-thirds interest, for total consideration of approximately \$27.9 million, including \$13.9 million in cash and 450,576 in Class A common limited partnership units of Tanger Properties Limited Partnership, which are exchangeable for an equivalent number of the Company's common shares. This transaction was accounted for as a business combination resulting in the assets acquired and liabilities assumed being recorded at fair value as a result of the step acquisition. The fair value of the net assets acquired totaled \$83.8 million, consisting of \$319.4 million in rental property and lease related intangibles, \$2.3 million in other identifiable assets and liabilities, and \$237.9 million in debt. Upon acquiring an additional one-third interest, we determined, based on the acquisition agreement and other transaction documents which amended our rights with respect to the property and our obligations with respect to the additional one-third interest, that we control the property assets and direct the property's significant activities and therefore, consolidate the property's assets and liabilities as of August 30, 2013.

Following the acquisition, we and the noncontrolling interest restructured certain aspects of our ownership of the property, whereby we receive substantially all of the economics generated by the property and have substantial control over the property's financial activities. Under the new structure, we serve as property manager and control the management, leasing, marketing and other operations of the property. In addition, we and the noncontrolling interest have entered into an agreement whereby they may require us to acquire their ownership interest in the property on the second anniversary of the acquisition date for a price of \$28.4 million, and we have the option to acquire their ownership interest on the fourth anniversary of the acquisition date at the same price.

The Deer Park center offers over 90 brand name and designer outlet stores, approximately 10 restaurants, and a 16 screen movie theater which serve the 18 million people that reside within a 60 mile radius.

Rental Property Development

Foxwoods, Connecticut

In September 2013, we broke ground on Tanger Outlets at Foxwoods located at Foxwoods Resort Casino in Mashantucket, Connecticut. We own a controlling interest in the project, which will be consolidated for financial reporting purposes. The approximately 314,000 square foot center will feature approximately 80 brand name and

designer outlet stores and will be suspended above ground to join the resort's two casino floors, which attract millions of visitors each year. We currently expect the property to open in the second quarter of 2015.

Grand Rapids, Michigan

We also intend to develop an approximately 350,000 square foot wholly-owned outlet center in the Grand Rapids, Michigan market. The site is located 11 miles south of downtown Grand Rapids at the southwest quadrant of US-131 and 84th Street in Byron Center, Michigan with visibility from both roads. The center will be located approximately 30 miles east of Lake Michigan and its lakeside communities that are frequented by vacationers. Currently, we estimate the center will open in the second half of 2015.

Current Portfolio Expansions

During 2013, we completed two expansions at existing properties within our wholly-owned portfolio. In April, we expanded Tanger Outlets Gonzales in Gonzales, Louisiana by approximately 40,000 square feet, bringing the center's total gross leasable area to approximately 319,000 square feet. In September, we expanded Tanger Outlets Sevierville in Sevierville, Tennessee by approximately 20,000 square feet, bringing the center's total gross leasable area to approximately 438,000 square feet.

Unconsolidated Joint Venture Development

National Harbor, Washington D.C. Metro Area

In November 2013, we and our 50/50 joint venture partner hosted the grand opening of Tanger Outlets National Harbor. Located within the National Harbor waterfront resort in the Washington D.C. metropolitan area, the center is accessible from I-95, I-295, I-495, and the Woodrow Wilson Bridge. The nation's capital welcomes approximately 33 million tourist visitors annually. The center includes approximately 336,000 square feet and features approximately 80 brand name and designer outlet stores.

RioCan Canada

During 2013, our joint venture in Canada broke ground on two development projects. In May 2013, construction commenced on Tanger Outlets Ottawa, the first ground up development of a Tanger Outlet Center in Canada. Ottawa is the nation's capital and its fourth largest city, with 1.2 million residents and 7.5 million annual visitors. Located in suburban Kanata off the TransCanada Highway (Highway 417) at Palladium Drive, the 303,000 square foot center will feature approximately 80 brand name and designer outlet stores and is currently expected to open in time for the 2014 holiday shopping season.

Also in May 2013, the joint venture broke ground on a major expansion and renovation of Tanger Outlets Cookstown. The project will expand the 156,000 square foot property, which was acquired in December 2011, to nearly double its size to approximately 310,000 square feet when complete. Currently expected to be a holiday 2014 opening, the project will expand the property's tenancy by approximately 35 new brand name and designer outlet stores, while creating an updated exterior for the existing space consistent with that of the expansion. Cookstown is 30 miles north of the Greater Toronto Area directly off Highway 400 at Highway 89. This region is a well-traveled year round vacation area where visitors enjoy snow skiing in the winter and lakeside activities in the summer.

Charlotte, North Carolina

In September 2013, we and our 50/50 joint venture partner broke ground on a new outlet center in the Charlotte, North Carolina market. The center will be located eight miles southwest of uptown Charlotte at the interchange of I-485 and Steele Creek Road (NC Highway 160), two major thoroughfares for the city. The approximately 400,000 square foot project will feature approximately 90 brand name and designer outlet stores and is expected to open during the third

quarter of 2014.

7

Savannah, Georgia

In January 2014, we announced our plans to develop Tanger Outlets Savannah through a joint venture arrangement. The center will include approximately 385,000 square feet and feature approximately 90 brand name and designer outlet stores. In January 2014 we purchased the land on which the center is being developed for \$12.9 million and contributed it to the joint venture in February 2014. As of the date of this filing our equity contributions totaled \$17.1 million and our partner's equity contribution totaled \$7.4 million. The site is located on I-95, just north of I-16 in Pooler, Georgia, adjacent to the City of Savannah, and near the Savannah International Airport. We expect the center's location to capitalize on the Tanger Outlets brand equity in the region and to provide marketing and management synergies with our centers in Charleston, Hilton Head, and Myrtle Beach, South Carolina; and Commerce and Locust Grove, Georgia.

Other Potential Future Developments and Asset Dispositions

As of the date of this filing, we are in the initial study period for potential new developments, including sites located in Columbus, Ohio; and Scottsdale, Arizona; as well as planned expansions of existing centers in Park City, Utah; Branson, Missouri and Glendale, Arizona. The Columbus site and the Glendale expansion, if developed, will be undertaken by joint ventures. We may also use joint venture arrangements to develop other potential sites. There can be no assurance, however, that these potential future developments will ultimately be developed.

In the case of projects to be wholly-owned by us, we expect to fund these projects from amounts available under our unsecured lines of credit, but may also fund them with capital from additional public debt and equity offerings. For projects to be developed through joint venture arrangements, we may use collateralized construction loans to fund a portion of the project, with our share of the equity requirements funded from sources described above.

From time to time, we may sell one or more outlet centers that do not meet our long-term investment criteria. As of the date of this filing, we are marketing 5 outlet centers for sale. We have not entered into a binding contract and have not obtained approval from our Board of Directors to sell the outlet centers, thus we can give no assurance that the sales will be completed. Proceeds generated by these asset sales, if completed, will be used to fund the development projects discussed above, pay down outstanding debt and/or for other general corporate purposes.

Financing Transactions

\$150.0 Million Derivative Transactions

In October 2013, we entered into interest rate swap agreements to reduce our floating rate debt exposure by locking the interest rate on the \$150.0 million mortgage we assumed as part of the Deer Park acquisition described above. The loan bears interest at LIBOR plus 1.50% and matures in August 2018. The interest rate swap agreements fix the base LIBOR rate at an average of 1.30%, creating a contractual interest rate for the loan of 2.80% through August 2018.

Extension of Unsecured Lines of Credit

In October 2013, we closed on amendments to our unsecured lines of credit, extending the maturity, and reducing the overall borrowing costs. The maturity of these facilities was extended from November 10, 2015 to October 24, 2017 with the ability to further extend the maturity for an additional year at our option. The annual commitment fee, which is payable on the full \$520.0 million in loan commitments, was reduced from 0.175% to 0.15%, and the interest rate spread over LIBOR was reduced from 1.10% to 1.00% based on our current credit rating.

\$250.0 Million Unsecured Senior Notes

In November 2013, we announced that Tanger Properties Limited Partnership, completed a public offering of \$250 million in senior notes due 2023 in an underwritten public offering. The notes were priced at 98.360% of the principal amount to yield 4.076% to maturity. The notes will pay interest semi-annually at a rate of 3.875% per annum and mature on December 1, 2023.

The net proceeds from the offering, after deducting the underwriting discount and offering expenses, were approximately \$243.6 million. We used the net proceeds from the sale of the notes to repay borrowings under our unsecured lines of credit.

The Outlet Concept

Outlets are stores operated by manufacturers and brand name retailers that sell primarily first quality, branded products to consumers at significant discounts from regular retail prices charged by department stores and specialty stores. Outlet centers offer advantages to manufacturers and brand name retailers as they are often able to charge customers lower prices for brand name and designer products by eliminating the third party retailer. Outlet centers also typically have lower operating costs than other retailing formats, which enhance their profit potential. Outlet centers enable them to optimize the size of production runs while continuing to maintain control of their distribution channels.

We believe that outlet centers will continue to present attractive opportunities for capital investment in the long-term. We further believe, based upon our contacts with present and prospective tenants that many companies will continue to utilize the outlet concept as a profitable distribution vehicle. However, due to present economic conditions and the potential for increased competition from other developers announcing plans to develop outlet centers, new developments or expansions may not provide an initial return on investment as high as has been historically achieved.

Our Outlet Centers

Each of our outlet centers carries the Tanger brand name. We believe that our tenants and consumers recognize the Tanger brand as one that provides outlet shopping centers where consumers can trust the brand, quality and price of the merchandise they purchase directly from the manufacturers and brand name retailers.

As one of the original participants in this industry, we have developed long-standing relationships with many of our tenants. Because of our established relationships, we believe we are well positioned for the long-term.

Our consolidated outlet centers range in size from 24,619 to 741,981 square feet and are typically located at least 10 miles from major department stores and manufacturer-owned, full-price retail stores. Historically, manufacturers prefer these locations so that they do not compete directly with their major customers and their own stores. Many of our outlet centers are located near tourist destinations to attract tourists who consider shopping to be a recreational activity. Additionally, our centers are often situated in close proximity to interstate highways that provide accessibility and visibility to potential customers.

We have a diverse tenant base throughout our consolidated portfolio, comprised of approximately 400 different well-known, upscale, national designer or brand name concepts, such as American Eagle, Ann Taylor, Banana Republic, Brooks Brothers, Carters, Calvin Klein, Coach Leatherware, Eddie Bauer, GAP, J. Crew, Kate Spade, Michael Kors, Nike, Old Navy, Polo Ralph Lauren, Saks Fifth Avenue - Off Fifth, Tommy Hilfiger, Under Armour and others.

No single tenant, including all of its store concepts, accounted for 10% or more of our combined base and percentage rental revenues during 2013, 2012 or 2011. As of December 31, 2013, no single tenant accounted for more than 7.8% of our leasable square feet or 5.0% of our combined base and percentage rental revenues. Because our typical tenant is a large, national manufacturer, we generally do not experience any material losses with respect to rent collections or lease defaults.

Only small portions of our revenues are dependent on contingent revenue sources. Revenues from fixed rents and operating expense reimbursements accounted for approximately 90% of our total revenues in 2013. Revenues from contingent sources, such as percentage rents, vending income and miscellaneous income, accounted for approximately 10% of our total revenues in 2013.

Business History

Stanley K. Tanger, the Company's founder, entered the outlet center business in 1981. Prior to founding our company, Stanley K. Tanger and his son, Steven B. Tanger, our President and Chief Executive Officer, built and managed a successful family owned apparel manufacturing business, Tanger/Creighton, Inc., which included the operation of five outlet stores. Based on their knowledge of the apparel and retail industries, as well as their experience operating Tanger/Creighton, Inc.'s outlet stores, they recognized that there would be a demand for outlet centers where a number of manufacturers could operate in a single location and attract a large number of shoppers.

Steven B. Tanger joined the Company in 1986, and by June 1993, the Tangers had developed 17 centers totaling approximately 1.5 million square feet. In June 1993, we completed our initial public offering, making Tanger Factory Outlet Centers, Inc. the first publicly traded outlet center company. Since our initial public offering, we have grown our portfolio through the strategic development, expansion and acquisition of outlet centers and are now one of the largest owner operators of outlet centers in the United States and Canada.

Business Strategy

Our company has been built on a firm foundation of strong and enduring business relationships coupled with conservative business practices. We partner with many of the world's best known and most respected retailers and manufacturers. By fostering and maintaining strong tenant relationships with these successful, high volume companies, we have been able to solidify our position as a leader in the outlet industry for well over a quarter century. The confidence and trust that we have developed with our retail partners from the very beginning has allowed us to forge the impressive retail alliances that we enjoy today with our brand name retailers and manufacturers.

We have had a solid track record of success in the outlet industry for the past 33 years. In 1993, Tanger led the way by becoming the industry's first outlet center company to be publicly traded. Our seasoned team of real estate professionals utilize the knowledge and experience that we have gained to give us a competitive advantage in the outlet business.

As of December 31, 2013, our consolidated outlet centers were 99% occupied with average tenant sales of \$387 per square foot. Our portfolio of properties has had an average occupancy rate of 95% or greater on December 31st of each year since 1981. We believe our ability to achieve this level of performance is a testament to our long-standing tenant relationships, industry experience and our expertise in the development and operation of outlet centers.

Growth Strategy

Our goal is to build shareholder value through a comprehensive, conservative plan for sustained, long-term growth. We focus our efforts on increasing rents in our existing centers, renovating and expanding our mature centers and reaching new markets through ground-up developments or acquisitions of existing outlet centers. We expect new development to continue to be important to the growth of our portfolio in the long-term. Future centers may be wholly-owned by us or developed through joint venture arrangements.

Increasing Rents at Existing Centers

Our leasing team focuses on the marketing of available space to maintain our standard for high occupancy levels. Leases are negotiated to provide for inflation-based contractual rent increases or periodic fixed contractual rent increases and percentage rents. Due to the overall high performance of our shopping centers, we have historically been able to renew leases at higher base rents per square-foot and attract stronger, more popular brands to replace underperforming tenants.

Developing New Centers

We believe that there continue to be opportunities to introduce the Tanger brand in untapped or under-served markets across the United States and Canada in the long-term. We believe our 33 years of outlet industry experience, extensive development expertise and strong retail relationships give us a distinct competitive advantage.

In order to identify new markets across North America, we follow a general set of guidelines when evaluating opportunities for the development of new centers. This typically includes seeking locations within markets that have at least 1 million people residing within a 30 to 40 mile radius with an average household income of at least \$65,000 per year, frontage on a major interstate or roadway that has excellent visibility and a traffic count of at least 55,000 cars per day. Leading tourist, vacation and resort markets that receive at least 5 million visitors annually are also closely evaluated. Although our current goal is to target sites that are large enough to support centers with approximately 90 stores totaling at least 350,000 square feet, we maintain the flexibility to vary our minimum requirements based on the unique characteristics of a site, tenant demand and our prospects for future growth and success.

In order to help ensure the viability of proceeding with a project, we gauge the interest of our retail partners first. We typically prefer to have signed leases or leases out for negotiation with tenants for at least 50% of the space in each center prior to acquiring the site and beginning construction; however, we may choose to proceed with construction with less than 50% of the space pre-leased under certain circumstances. Construction of a new outlet center has typically taken us nine to twelve months from groundbreaking to grand opening of the center.

Expanding and Renovating Existing Centers

Keeping our shopping centers vibrant and growing is a key part of our formula for success. In order to maintain our reputation as the premiere outlet shopping destination in the markets that we serve, we have an ongoing program of renovations and expansions taking place at our outlet centers. Construction for expansion and renovation to existing properties typically takes less time, usually between six to nine months depending on the scope of the project.

Acquiring Centers

As a means of creating a presence in key markets and to create shareholder value, we may selectively choose to acquire individual properties or portfolios of properties that meet our strategic investment criteria. We believe that our extensive experience in the outlet center business, access to capital markets, familiarity with real estate markets and our management experience will allow us to evaluate and execute our acquisition strategy successfully over time. Through our tenant relationships, our leasing professionals have the ability to implement a remerchandising strategy when needed to increase occupancy rates and value. We believe that our managerial skills, marketing expertise and overall outlet industry experience will also allow us to add long-term value and viability to these centers.

Operating Strategy

Increasing cash flow to enhance the value of our properties and operations remains a primary business objective. Through targeted marketing and operational efficiencies, we strive to improve sales and profitability of our tenants and our outlet centers as a whole. Achieving higher base and percentage rents and generating additional income from temporary leasing, vending and other sources also remains an important focus and goal.

Leasing

The long-standing retailer relationships that we enjoy allow us the ability to provide our shoppers with a collection of the world's most popular outlet stores. Tanger customers shop and save on their favorite brand name merchandise including men's, women's and children's ready-to-wear, lifestyle apparel, footwear, jewelry and accessories, tableware, housewares, luggage and domestic goods. In order for our centers to perform at a high level, our leasing professionals continually monitor and evaluate tenant mix, store size, store location and sales performance. They also work to assist our tenants through re-sizing and re-location of retail space within each of our centers for maximum sales of each retail unit across our portfolio.

Marketing

Our marketing plans deliver compelling, well-crafted messages and enticing promotions and events to targeted audiences for tangible, meaningful and measurable results. Our plans are based on a basic measure of success - increase sales and traffic for our retail partners and we will create successful centers. Utilizing a strategic mix of print, radio, television, direct mail, website, internet advertising, social networks, smart phone applications and public relations, we consistently reinforce the Tanger brand. Our marketing efforts are also designed to build loyalty with current Tanger shoppers and create awareness with potential customers. The majority of consumer-marketing expenses incurred by us are reimbursable by our tenants.

Capital Strategy

We believe we achieve a strong and flexible financial position by attempting to: (1) maintain a conservative leverage position relative to our portfolio when pursuing new development, expansion and acquisition opportunities, (2) extend and sequence debt maturities, (3) manage our interest rate risk through a proper mix of fixed and variable rate debt, (4) maintain access to liquidity by using our lines of credit in a conservative manner and (5) preserve internally generated sources of capital by strategically divesting of our underperforming assets and maintaining a conservative distribution payout ratio. We manage our capital structure to reflect a long-term investment approach and utilize multiple sources of capital to meet our requirements.

We intend to retain the ability to raise additional capital, including public debt or equity, to pursue attractive investment opportunities that may arise and to otherwise act in a manner that we believe to be in the best interests of our shareholders and unit holders. The Company is a well-known seasoned issuer with a shelf registration that allows us to register unspecified amounts of different classes of securities on Form S-3. To generate capital to reinvest into other attractive investment opportunities, we may also consider the use of additional operational and developmental joint ventures, the sale or lease of outparcels on our existing properties and the sale of certain properties that do not meet our long-term investment criteria. Based on cash provided by operations, existing lines of credit, ongoing relationships with certain financial institutions and our ability to sell debt or issue equity subject to market conditions, we believe that we have access to the necessary financing to fund our planned capital expenditures during 2014.

We anticipate that adequate cash will be available to fund our operating and administrative expenses, regular debt service obligations, and the payment of dividends in accordance with REIT requirements in both the short and long-term. Although we receive most of our rental payments on a monthly basis, distributions to shareholders and unitholders are made quarterly and interest payments on the senior, unsecured notes are made semi-annually. Amounts accumulated for such payments will be used in the interim to reduce the outstanding borrowings under our existing lines of credit or invested in short-term money market or other suitable instruments adhering to our investment policies.

We believe our current balance sheet position is financially sound; however, due to the uncertainty and unpredictability of the capital and credit markets, we can give no assurance that affordable access to capital will exist between now and 2015 when our next significant debt maturities occur. As a result, our current primary focus is to continually strengthen our capital and liquidity position by controlling and reducing construction and overhead costs, generating positive cash flows from operations to cover our distributions and reducing outstanding debt.

Competition

We carefully consider the degree of existing and planned competition in a proposed area before deciding to develop, acquire or expand a new center. Our centers compete for customers primarily with outlet centers built and operated by different developers, traditional shopping malls and full- and off-price retailers. However, we believe that the majority

of our customers visit outlet centers because they are intent on buying name-brand products at discounted prices. Traditional full- and off-price retailers are often unable to provide such a variety of name-brand products at attractive prices.

Tenants of outlet centers typically avoid direct competition with major retailers and their own specialty stores, and, therefore, generally insist that the outlet centers not be within a close proximity of a major department store or the tenants' own specialty stores. For this reason, our centers generally compete only to a limited extent with traditional malls in or near metropolitan areas.

We compete with institutional pension funds, private equity investors, other REITs, small owners of outlet centers, specialty stores and others who are engaged in the acquisition, development or ownership of outlet centers and stores. In addition, the number of entities competing to acquire or develop outlet centers has increased and may continue to increase in the future, which could increase demand for these outlet centers and the prices we must pay to acquire or develop them. Nevertheless, we believe the high barriers to entry in the outlet industry, including the need for extensive relationships with premier manufacturers and brand name retailers, will continue to minimize the number of new outlet centers developed each year.

Financial Information

As of December 31, 2013, and 2012, we had one reportable operating segment. For financial information regarding our segment, see our Consolidated Financial Statements.

Corporate and Regional Headquarters

We rent space in an office building in Greensboro, North Carolina in which our corporate headquarters is located as well as a regional office in Miami, Florida.

We maintain offices and employ on-site managers at 39 centers. The managers closely monitor the operation, marketing and local relationships at each of their centers.

Insurance

We believe that as a whole our properties are covered by adequate comprehensive liability, fire, flood, earthquake and extended loss insurance provided by reputable companies with commercially reasonable and customary deductibles and limits. Northline Indemnity, LLC, ("Northline"), a wholly-owned captive insurance subsidiary of the Operating Partnership, is responsible for losses up to certain levels for property damage (including wind damage from hurricanes) prior to third-party insurance coverage. Specified types and amounts of insurance are required to be carried by each tenant under their lease agreement with us. There are however, types of losses, like those resulting from wars or nuclear radiation, which may either be uninsurable or not economically insurable in some or all of our locations. An uninsured loss could result in a loss to us of both our capital investment and anticipated profits from the affected property.

Employees

As of February 1, 2014, we had 279 full-time employees, located at our corporate headquarters in North Carolina, our regional office in Miami and 39 business offices. At that date, we also employed 335 part-time employees at various locations.

Item 1A. Risk Factors

Risks Related to Real Estate Investments

We may be unable to develop new outlet centers or expand existing outlet centers successfully.

We continue to develop new outlet centers and expand existing outlet centers as opportunities arise. However, there are significant risks associated with our development activities in addition to those generally associated with the ownership and operation of established retail properties. While we have policies in place designed to limit the risks associated with development, these policies do not mitigate all development risks associated with a project. These

risks include the following:

- significant expenditure of money and time on projects that may be delayed or never be completed;
- higher than projected construction costs;
- shortage of construction materials and supplies;

failure to obtain zoning, occupancy or other governmental approvals or to the extent required, tenant approvals; and late completion because of construction delays, delays in the receipt of zoning, occupancy and other approvals or other factors outside of our control.

Any or all of these factors may impede our development strategy and adversely affect our overall business.

The economic performance and the market value of our outlet centers are dependent on risks associated with real property investments.

Real property investments are subject to varying degrees of risk. The economic performance and values of real estate may be affected by many factors, including changes in the national, regional and local economic climate, inflation, unemployment rates, consumer confidence, local conditions such as an oversupply of space or a reduction in demand for real estate in the area, the attractiveness of the properties to tenants, competition from other available space, our ability to provide adequate maintenance and insurance and increased operating costs.

Real property investments are relatively illiquid.

Our outlet centers represent a substantial portion of our total consolidated assets. These assets are relatively illiquid. As a result, our ability to sell one or more of our outlet centers in response to any changes in economic or other conditions is limited. If we want to sell an outlet center, there can be no assurance that we will be able to dispose of it in the desired time period or that the sales price will exceed the cost of our investment.

Properties may be subject to impairment charges which can adversely affect our financial results.

We periodically evaluate long-lived assets to determine if there has been any impairment in their carrying values and record impairment losses if the undiscounted cash flows estimated to be generated by those assets are less than their carrying amounts or if there are other indicators of impairment. If it is determined that an impairment has occurred, we would be required to record an impairment charge equal to the excess of the asset's carrying value over its estimated fair value, which could have a material adverse effect on our financial results in the accounting period in which the adjustment is made. Our estimates of undiscounted cash flows expected to be generated by each property are based on a number of assumptions that are subject to economic and market uncertainties including, but not limited to, demand for space, competition for tenants, changes in market rental rates and costs to operate each property. As these factors are difficult to predict and are subject to future events that may alter our assumptions, the future cash flows estimated in our impairment analysis may not be achieved.

We face competition for the acquisition and development of outlet centers, and we may not be able to complete acquisitions or developments that we have identified.

We intend to grow our business in part through acquisitions and new developments. We compete with institutional pension funds, private equity investors, other REITs, small owners of outlet centers, specialty stores and others who are engaged in the acquisition, development or ownership of outlet centers and stores. These competitors may succeed in acquiring or developing outlet centers themselves. Also, our potential acquisition targets may find our competitors to be more attractive acquirers because they may have greater marketing and financial resources, may be willing to pay more, or may have a more compatible operating philosophy. In addition, the number of entities competing to acquire or develop outlet centers has increased and may continue to increase in the future, which could increase demand for these outlet centers and the prices we must pay to acquire or develop them. If we pay higher prices for outlet centers, our profitability may be reduced. Also, once we have identified potential acquisitions, such acquisitions are subject to the successful completion of due diligence, the negotiation of definitive agreements and the satisfaction

of customary closing conditions. We cannot assure you that we will be able to reach acceptable terms with the sellers or that these conditions will be satisfied.

We may be subject to environmental regulation.

Under various federal, state and local laws, ordinances and regulations, we may be considered an owner or operator of real property and may be responsible for paying for the disposal or treatment of hazardous or toxic substances released on or in our property or disposed of by us, as well as certain other potential costs which could relate to hazardous or toxic substances (including governmental fines and injuries to persons and property). This liability may be imposed whether or not we knew about, or were responsible for, the presence of hazardous or toxic substances.

Risks Related to our Business

Our earnings and therefore our profitability are entirely dependent on rental income from real property.

Substantially all of our income is derived from rental income from real property. Our income and funds for distribution would be adversely affected if a significant number of our tenants were unable to meet their obligations to us or if we were unable to lease a significant amount of space in our centers on economically favorable lease terms. In addition, the terms of outlet store tenant leases traditionally have been significantly shorter than in other retail segments. There can be no assurance that any tenant whose lease expires in the future will renew such lease or that we will be able to re-lease space on economically favorable terms.

We are substantially dependent on the results of operations of our retailers.

Our operations are subject to the results of operations of our retail tenants. A portion of our rental revenues are derived from percentage rents that directly depend on the sales volume of certain tenants. Accordingly, declines in these tenants' results of operations would reduce the income produced by our properties. If the sales of our retail tenants decline sufficiently, such tenants may be unable to pay their existing rents as such rents would represent a higher percentage of their sales. Any resulting leasing delays, failures to make payments or tenant bankruptcies could result in the termination of such tenants' leases.

A number of companies in the retail industry, including some of our tenants, have declared bankruptcy or have voluntarily closed certain of their stores in recent years. The bankruptcy of a major tenant or number of tenants may result in the closing of certain affected stores, and we may not be able to re-lease the resulting vacant space for some time or for equal or greater rent. Such bankruptcy could have a material adverse effect on our results of operations and could result in a lower level of funds for distribution.

Certain of our properties are subject to ownership interests held by third parties, whose interests may conflict with ours and thereby constrain us from taking actions concerning these properties which otherwise would be in our best interests and our shareholders' interests.

We own partial interests in outlet centers with various joint venture partners. The approval or consent of the other members of these joint ventures is required before we may sell, finance, expand or make other significant changes in the operations of these properties. We also may not have control over certain major decisions, including approval of the annual operating budgets, selection or termination of the property management company, leasing and the timing and amount of distributions, which could result in decisions that do not fully reflect our interests. To the extent such approvals or consents are required, we may experience difficulty in, or may be prevented from, implementing our plans and strategies with respect to expansion, development, property management, on-going operations, financing (for example, decisions as to whether to refinance or obtain financing, when and whether to pay down principal of any loan and whether and how to cure any defaults under loan documents) or other similar transactions with respect to such properties.

An uninsured loss or a loss that exceeds our insurance policies on our outlet centers or the insurance policies of our tenants could subject us to lost capital and revenue on those centers.

Some of the risks to which our outlet centers are subject, including risks of war and earthquakes, hurricanes and other natural disasters, are not insurable or may not be insurable in the future. Should a loss occur that is uninsured or in an amount exceeding the combined aggregate limits for the insurance policies noted above or in the event of a loss that is subject to a substantial deductible under an insurance policy, we could lose all or part of our capital invested in and anticipated revenue from one or more of our outlet centers, which could adversely affect our results of operations and financial condition, as well as our ability to make distributions to our shareholders.

Under the terms and conditions of our leases, tenants generally are required to indemnify and hold us harmless from liabilities resulting from injury to persons and contamination of air, water, land or property, on or off the premises, due to activities conducted in the leased space, except for claims arising from negligence or intentional misconduct by us or our agents. Additionally, tenants generally are required, at the tenant's expense, to obtain and keep in full force during the term of the lease, liability and property damage insurance policies issued by companies acceptable to us. These policies include liability coverage for bodily injury and property damage arising out of the ownership, use, occupancy or maintenance of the leased space. All of these policies may involve substantial deductibles and certain exclusions. Therefore, an uninsured loss or loss that exceeds the insurance policies of our tenants could also subject us to lost capital and revenue.

Consumer travel, shopping and spending habits may change.

Most shoppers use private automobile transportation to travel to our outlet centers and many of our centers are not easily accessible by public transportation. Increasing fuel costs may reduce the number of trips to our centers thus reducing the amount spent at our centers. Such reductions in traffic could adversely impact our percentage rents and ability to renew and release space at favorable rental rates.

Shoppers may also choose to spend a greater percentage of their disposable income to purchase goods through e-commerce channels, which could also reduce the number of trips to our centers and the average amount spent per visit. Such a change in consumer spending habits could adversely affect the results of operations of our retail tenants and adversely impact our percentage rents and ability to renew and release space at favorable rental rates.

Risks Related to our Indebtedness and Financial Markets

We are subject to the risks associated with debt financing.

We are subject to the risks associated with debt financing, including the risk that the cash provided by our operating activities will be insufficient to meet required payments of principal and interest. Disruptions in the capital and credit markets may adversely affect our operations, including the ability to fund the planned capital expenditures and potential new developments or acquisitions. Further, there is the risk that we will not be able to repay or refinance existing indebtedness or that the terms of any refinancing will not be as favorable as the terms of existing indebtedness. If we are unable to access capital markets to refinance our indebtedness on acceptable terms, we might be forced to dispose of properties on disadvantageous terms, which might result in losses.

Risks Related to Federal Income Tax Laws

The Company's failure to qualify as a REIT could subject our earnings to corporate level taxation.

We believe that we have operated and intend to operate in a manner that permits the Company to qualify as a REIT under the Internal Revenue Code of 1986, as amended. However, we cannot assure you that the Company has qualified or will remain qualified as a REIT. If in any taxable year the Company were to fail to qualify as a REIT and certain statutory relief provisions were not applicable, the Company would not be allowed a deduction for distributions to shareholders in computing taxable income and would be subject to U.S. federal income tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. The Company's failure to qualify for taxation as a REIT would have an adverse effect on the market price and marketability of our securities.

The Company is required by law to make distributions to our shareholders.

To obtain the favorable tax treatment associated with the Company's qualification as a REIT, generally, the Company is required to distribute to its shareholders at least 90% of its net taxable income (excluding capital gains) each year. The Company depends upon distributions or other payments from the Operating Partnership to make distributions to the Company's common shareholders. A recent IRS revenue procedure allows the Company to satisfy the REIT income distribution requirement by distributing up to 90% of the dividends on its common shares in the form of additional common shares in lieu of paying dividends entirely in cash. Although we reserve the right to utilize this procedure in the future, we currently have no intent to do so. In the event that the Company pays a portion of a dividend in shares, taxable U.S. shareholders would be required to pay income tax on the entire amount of the dividend, including the portion paid in shares, in which case such shareholders might have to pay the income tax using cash from other sources. If a U.S. shareholder sells the shares it receives as a dividend in order to pay this income tax, the sales proceeds may be less than the amount included in income with respect to the dividend, depending on the market price of our shares at the time of the sale.

Risks Related to our Organizational Structure

The Company depends on distributions from the Operating Partnership to meet its financial obligations, including dividends.

The Company's operations are conducted by the Operating Partnership, and the Company's only significant asset is its interest in the Operating Partnership. As a result, the Company depends upon distributions or other payments from the Operating Partnership in order to meet its financial obligations, including its obligations under any guarantees or to pay dividends or liquidation payments to its common shareholders. As a result, these obligations are effectively subordinated to existing and future liabilities of the Operating Partnership. The Operating Partnership is a party to loan agreements with various bank lenders that require the Operating Partnership to comply with various financial and other covenants before it may make distributions to the Company. Although the Operating Partnership presently is in compliance with these covenants, there is no assurance that the Operating Partnership will continue to be in compliance and that it will be able to make distributions to the Company.

Risks Related to Cyber Security

Cyber-attacks or acts of cyber-terrorism could disrupt our business operations and information technology systems or result in the loss or exposure of confidential or sensitive customer, employee or Company information.

Our business operations and information technology systems may be vulnerable to an attack by individuals or organizations intending to disrupt our business operations and information technology systems. We use such systems to manage our outlet centers and other business processes. Disruption of those systems could adversely impact our ability to operate our business and to serve our customers timely. Accordingly, if such an attack or act of terrorism were to occur, our operations and financial results could be adversely affected. In addition, we use our information technology systems to protect confidential or sensitive customer, employee and Company information developed and maintained in the normal course of our business. Any attack on such systems that would result in the unauthorized release or loss of customer, employee or other confidential or sensitive data could have a material adverse effect on our business reputation, increase our costs and expose us to additional material legal claims and liability. As a result, if such an attack or act of terrorism were to occur, our operations and financial results could be adversely affected.

Item 1B. Unresolved Staff Comments

There are no unresolved staff comments from the Commission for either the Company or the Operating Partnership.

Item 2. Properties

As of February 1, 2014, our consolidated portfolio consisted of 37 outlet centers totaling 11.5 million square feet located in 24 states. We own interests in seven other outlet centers totaling approximately 1.7 million square feet through unconsolidated joint ventures, including three outlet centers in Canada. Our consolidated outlet centers range in size from 24,619 to 741,981 square feet. The centers are generally located near tourist destinations or along major interstate highways to provide visibility and accessibility to potential customers.

We believe that the centers are well diversified geographically and by tenant and that we are not dependent upon any single property or tenant. Our Deer Park, New York, center is the only property that represents 10% or more of our consolidated total assets for the year ended December 31, 2013. See "Properties - Significant Property" for further details.

We have an ongoing strategy of acquiring centers, developing new centers and expanding existing centers. See "Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources" for a discussion of the cost of such programs and the sources of financing thereof.

Of the 37 outlet centers in our consolidated portfolio, we own the land underlying 31 and have ground leases on six. The following table sets forth information about the land leases on which all or a portion of the six centers are located:

Outlet Center	Acres	Expiration	Expiration including renewal terms
Myrtle Beach Hwy 17, SC	40.0	2027	2096
Atlantic City, NJ	21.3	2101	2101
Ocean City, MD	18.5	2084	2084
Sevierville, TN	42.8	2086	2086
Riverhead, NY ⁽²⁾	47.0	2014	2039
Rehoboth Beach, DE	2.7	2044	(1)

(1) Lease may be renewed at our option for additional terms of twenty years each.

(2) The ground lease automatically renews in 2014 for a period of 5 years.

Generally, our leases with our outlet center tenants typically have an initial term that ranges from 5 to 10 years and provide for the payment of fixed monthly rent in advance. There are often contractual base rent increases during the initial term of the lease. In addition, the rental payments are customarily subject to upward adjustments based upon tenant sales volume. Most leases provide for payment by the tenant of real estate taxes, insurance, common area maintenance, advertising and promotion expenses incurred by the applicable center. As a result, the majority of our operating expenses for the centers are borne by the tenants.

The following table summarizes certain information with respect to our consolidated outlet centers as of February 1, 2014:

State	Number of Centers	Square Feet	% of Square Feet
South Carolina	5	1,576,888	15
New York	2	1,471,715	7
Pennsylvania	3	874,474	8
Georgia	2	691,582	6
Texas	2	619,729	6
Delaware	1	564,593	5
Alabama	1	557,014	5
North Carolina	3	505,225	5
New Jersey	1	489,762	4
Tennessee	1	438,076	4
Michigan	2	437,222	4

Lease Expirations

The following table sets forth, as of February 1, 2014, scheduled lease expirations for our consolidated outlet centers, assuming none of the tenants exercise renewal options:

Year	No. of Leases Expiring	Approx. (1) Square Feet	Average Annualized Base Rent per sq. ft	Annualized Base Rent (2)	% of Gross Annualized Base Rent Represented by Expiring Leases
2014	176	713,000	\$19.38	\$13,821,000	7
2015	322	1,361,000	20.80	28,302,000	13
2016	348	1,521,000	21.24	32,310,000	14
2017	312	1,490,000	21.14	31,497,000	14
2018	326	1,613,000	24.58	39,643,000	15
2019	173	801,000	26.25	21,023,000	7
2020	123	751,000	18.06	13,560,000	7
2021	158	854,000	21.37	18,250,000	8
2022	139	525,000	29.55	15,516,000	5
2023	155	684,000	25.45	17,410,000	6
2024 & thereafter	58	446,000	24.85	11,085,000	4
	2,290	10,759,000	\$22.53	\$242,417,000	100

Excludes leases that have been entered into but which tenant has not yet taken possession, vacant suites, space (1) under construction, temporary leases and month-to-month leases totaling in the aggregate approximately 778,000 square feet.

(2) Annualized base rent is defined as the minimum monthly payments due as of February 1, 2014 annualized, excluding periodic contractual fixed increases and rents calculated based on a percentage of tenants' sales. The annualized base rent disclosed in the table above includes all concessions, abatements and reimbursements of rent to tenants.

Rental and Occupancy Rates

The following table sets forth information regarding the expiring leases for our consolidated outlet centers during each of the last five calendar years:

Year	Total Expiring		Renewed by Existing Tenants	
	Square Feet	% of Total Center Square Feet (1)	Square Feet	% of Expiring Square Feet
2013	1,950,000	18	1,574,000	81
2012	1,814,000	17	1,536,000	85
2011	1,771,000	18	1,459,000	82
2010	1,460,000	16	1,217,000	83
2009	1,502,000	16	1,218,000	81

(1) Represents the percentage of total square footage at the beginning of each year that is scheduled to expire during the respective year.

The following table sets forth the weighted average base rental rate increases per square foot on a straight-line basis (includes periodic, contractual fixed rent increases) for our consolidated outlet centers upon re-leasing stores that were turned over or renewed during each of the last five calendar years:

Year	Renewals of Existing Leases				Stores Re-leased to New Tenants (1)			
	Square Feet	Average Annualized Base Rents (\$ per sq. ft.)			Square Feet	Average Annualized Base Rents (\$ per sq. ft.)		
		Expiring	New	% Increase		Expiring	New	% Increase
2013	1,574,000	\$20.09	\$23.96	19	510,000	\$22.19	\$30.57	38
2012	1,536,000	18.70	21.75	16	450,000	20.60	31.72	54
2011	1,459,000	18.16	20.54	13	548,000	18.82	28.24	50
2010	1,217,000	18.00	19.65	9	432,000	19.21	24.18	26
2009	1,218,000	16.80	18.43	10	305,000	18.83	24.66	31

The square footage released to new tenants for 2013, 2012, 2011, 2010 and 2009 contains 224,000, 137,000, (1) 172,000, 91,000, and 73,000, respectively, that was released to new tenants upon expiration of an existing lease during the respective year.

Occupancy Costs

We believe that our ratio of average tenant occupancy cost (which includes base rent, common area maintenance, real estate taxes, insurance, advertising and promotions) to average sales per square foot is low relative to other forms of retail distribution. The following table sets forth for tenants that report sales, for each of the last five years, tenant occupancy costs per square foot as a percentage of reported tenant sales per square foot for our consolidated outlet centers:

Year	Occupancy Costs as a % of Tenant Sales
2013	8.6
2012	8.4
2011	8.4
2010	8.3
2009	8.5

Tenants

Significant Properties

The Deer Park, New York outlet center is the only property that comprises 10% or more of our consolidated total assets. In August 2013, we acquired an additional one-third ownership interest in the property, bringing our total ownership to a two-thirds interest, and then restructured certain aspects of the remaining one-third ownership of the property, the effects of which gave us a controlling ownership interest. With the acquisition of a controlling ownership interest, we have consolidated Deer Park in our balance sheet and statements of operations since the acquisition date. Previously Deer Park was reported within our unconsolidated portfolio of properties.

Tenants at the Deer Park outlet center principally conduct retail sales operations. The following table shows occupancy and certain base rental information related to this property as of December 31, 2013:

Deer Park	Square Feet	2013	
Center Occupancy	741,981	95	%

Average base rental rates per weighted average square foot ⁽¹⁾ \$29.73

(1) Note that center was acquired during August 2013. Represents average base rental rates per weighted average square foot since the acquisition date.

Depreciation on the outlet centers is computed on the straight-line basis over the estimated useful lives of the assets. We generally use estimated lives ranging from 33 years for buildings, 15 years for land improvements and 7 years for equipment. Expenditures for ordinary repairs and maintenance are charged to operations as incurred while significant renovations and improvements, including tenant finishing allowances, which improve and/or extend the useful life of the asset are capitalized and depreciated over their estimated useful life. Real estate taxes assessed on this center during 2013 amounted to \$3.9 million. Real estate taxes for 2014 are estimated to be approximately \$4.0 million.

The following table sets forth, as of February 1, 2014, scheduled lease expirations for the Deer Park outlet center assuming that none of the tenants exercise renewal options:

Year	No. of Leases Expiring ⁽¹⁾	Square Feet ⁽¹⁾	Annualized Base Rent per Square Foot	Annualized Base Rent ⁽²⁾	% of Gross Annualized Base Rent Represented by Expiring Leases	
2014	4	11,000	\$11.47	\$130,000	1	
2015	7	21,000	24.30	499,000	3	
2016	11	55,000	31.37	1,715,000	9	
2017	4	13,000	27.01	341,000	2	
2018	26	147,000	33.94	4,982,000	26	
2019	23	128,000	38.24	4,895,000	26	
2020	2	6,000	33.60	213,000	1	
2021	1	3,000	51.90	180,000	1	
2022	3	12,000	36.41	458,000	2	
2023	7	54,000	20.97	1,129,000	6	
2024 and thereafter	3	185,000	23.59	4,361,000	23	
Total	91	635,000	\$29.77	\$18,903,000	100	%

(1) Excludes leases that have been entered into but which tenant has not taken possession, vacant suites, temporary leases and month-to-month leases totaling in the aggregate approximately 107,000 square feet.

(2) Annualized base rent is defined as the minimum monthly payments due as of February 1, 2014, excluding periodic contractual fixed increases and rents calculated based on a percentage of tenants' sales. The annualized base rent

disclosed in the table above includes all concessions, abatements and reimbursements of rent to tenants.

Item 3. Legal Proceedings

We are subject to legal proceedings and claims that have arisen in the ordinary course of our business and have not been finally adjudicated. In our opinion, the ultimate resolution of these matters is not expected to have a material effect on our results of operations or financial condition.

Item 4. Mine Safety Disclosures

EXECUTIVE OFFICERS OF TANGER FACTORY OUTLET CENTERS, INC.

The following table sets forth certain information concerning the Company's executive officers. The Operating Partnership does not have executive officers:

NAME	AGE	POSITION
Steven B. Tanger	65	Director, President and Chief Executive Officer
Frank C. Marchisello, Jr.	55	Executive Vice President - Chief Financial Officer
Thomas E. McDonough	56	Executive Vice President - Chief Operating Officer
Chad D. Perry	42	Executive Vice President - General Counsel and Secretary
Carrie A. Geldner	51	Senior Vice President - Chief Marketing Officer
Lisa J. Morrison	54	Senior Vice President - Leasing
James F. Williams	49	Senior Vice President - Chief Accounting Officer and Controller
Virginia R. Summerell	55	Senior Vice President - Treasurer and Assistant Secretary
Manuel O. Jessup	58	Senior Vice President - Human Resources

The following is a biographical summary of the experience of our executive officers:

Steven B. Tanger. Mr. Tanger is a director of the Company and was named President and Chief Executive Officer effective January 1, 2009. Mr. Tanger served as President and Chief Operating Officer from January 1, 1995 to December 2008. Previously, Mr. Tanger served as Executive Vice President from 1986 to December 1994. He has been with Tanger related companies for most of his professional career, having served as Executive Vice President of Tanger/Creighton for 10 years. Mr. Tanger is a graduate of the University of North Carolina at Chapel Hill and the Stanford University School of Business Executive Program. Mr. Tanger provides an insider's perspective in Board discussions about the business and strategic direction of the Company and has experience in all aspects of the Company's business.

Frank C. Marchisello, Jr. Mr. Marchisello was named Executive Vice President - Chief Financial Officer in April 2003. Previously he was named Senior Vice President and Chief Financial Officer in January 1999 after being named Vice President and Chief Financial Officer in November 1994. He served as Chief Accounting Officer from January 1993 to November 1994. He was employed by Gilliam, Coble & Moser, certified public accountants, from 1981 to 1992, the last six years of which he was a partner of the firm in charge of various real estate clients. Mr. Marchisello is responsible for the Company's financial reporting processes, as well as supervisory responsibility over the senior officers that oversee the Company's accounting, finance, investor relations and information systems functions. Mr. Marchisello is a graduate of the University of North Carolina at Chapel Hill and is a certified public accountant.

Thomas E. McDonough. Mr. McDonough was named Executive Vice President - Chief Operating Officer in August 2011. He joined the Company in August 2010 as Executive Vice President of Operations. Previously, he was the Co-Founder and Principal of MHF Real Estate Group, a real estate asset management firm, from September 2009 to August 2010. He served as Chief Investment Officer and was a member of the Investment Committee at Equity One, Inc. from July 2007 to April 2009. From April 2006 to July 2007, Mr. McDonough was a partner at Kahl & Goveia, and from February 1997 to April 2006, he was employed by Regency Centers Corp., and its predecessor, Pacific Retail Trust, as the national director of acquisitions and dispositions. Previously, from July 1984 to January 1997, Mr. McDonough served in various capacities, including partner and principal, with Trammell Crow Company. Mr. McDonough has supervisory responsibility over the senior officers that oversee the Company's operations, construction and development, leasing and marketing functions. Mr. McDonough is a graduate of Stanford University and holds an MBA degree from Harvard Business School.

Chad D. Perry. Mr. Perry joined the Company in December 2011 as Executive Vice President - General Counsel and was additionally named Secretary in May 2012. Previously, he was Executive Vice President and Deputy General Counsel of LPL Financial Corporation from May 2006 to December 2011. From January 2005 to April 2006, he served as Senior Corporate Counsel of EMC Corporation. Previously, Mr. Perry was a Senior Associate of international law firm Ropes & Gray from September 1997 to January 2005. His responsibilities include corporate governance, compliance, and other legal matters, as well as management of outside counsel relationships and the Company's in house legal department. Mr. Perry is a graduate of Princeton University, holds a J.D. degree from Columbia University, and is a member of both the Massachusetts and California bar associations.

Carrie A. Geldner. Ms. Geldner was named Senior Vice President - Chief Marketing Officer in January 2012. Previously, she held the positions of Senior Vice President - Marketing from May 2000 to January 2012, Vice President - Marketing from September 1996 to May 2000 and Assistant Vice President - Marketing from December 1995 to September 1996. Prior to joining Tanger, Ms. Geldner was with Prime Retail, L.P. for 4 years where she served as Regional Marketing Director responsible for coordinating and directing marketing for five outlet centers in the southeast region. Previously, Ms. Geldner was Marketing Manager for North Hills, Inc. for five years and also served in the same role for the Edward J. DeBartolo Corp. for two years. Her major responsibilities include managing the Company's marketing department and developing and overseeing implementation of all corporate and field marketing programs. Ms. Geldner is a graduate of East Carolina University.

Lisa J. Morrison. Ms. Morrison was named Senior Vice President - Leasing in August 2004. Previously, she held the positions of Vice President - Leasing from May 2001 to August 2004, Assistant Vice President of Leasing from August 2000 to May 2001 and Director of Leasing from April 1999 until August 2000. Prior to joining the Company, Ms. Morrison was employed by the Taubman Company and Trizec Properties, Inc. where she served as a leasing agent. Previously, she was a marketing coordinator for Nelson Ross Properties. Her major responsibilities include managing the leasing strategies for our operating properties, as well as expansions and new developments. She also oversees the leasing personnel and the merchandising and occupancy for Tanger properties. Ms. Morrison is a graduate of the University of Detroit and holds an MA degree from Michigan State University.

James F. Williams. Mr. Williams was named Senior Vice President - Chief Accounting Officer and Controller in March 2013. Mr. Williams joined the Company in September 1993, was named Controller in January 1995 and was also named Assistant Vice President in January 1997, Vice President in April 2004, and Senior Vice President in February 2006. Prior to joining the Company, Mr. Williams was the Financial Reporting Manager of Guilford Mills, Inc. from April 1991 to September 1993 and was employed by Arthur Andersen from 1987 to 1991. His major responsibilities include oversight and supervision of the Company's accounting and financial reporting functions. Mr. Williams is a graduate of the University of North Carolina at Chapel Hill and is a certified public accountant.

Virginia R. Summerell. Ms. Summerell was named Senior Vice President - Treasurer and Assistant Secretary of the Company in May 2011. Since joining the Company in August 1992, she has held various positions including Vice President Treasurer, Assistant Secretary and Director of Finance. Her major responsibilities include oversight of corporate and project finance transactions, developing and maintaining banking relationships, management of treasury systems and the supervision of the Company's credit department. Prior to joining the Company, she served as a Vice President and in other capacities at Bank of America and its predecessors in Real Estate and Corporate Lending for nine years. Ms. Summerell is a graduate of Davidson College and holds an MBA from Wake Forest University Babcock School of Business.

Manuel O. Jessup. Mr. Jessup joined the Company as Senior Vice President of Human Resources in September 2012. Previously Mr. Jessup worked with Fine Mark National Bank & Trust as the Executive Vice President of Human Resources from October 2010 to July 2012. From September 2006 to August 2010, he served as Senior Vice President of Human Resources and later Executive Vice President and Chief Human Resources Officer at Chico's FAS, Inc. Previously, Mr. Jessup was employed by Sara Lee Branded Apparel from September 1985 through August 2006. While at Sara Lee Branded Apparel, Mr. Jessup held numerous leadership roles in human resources, including Vice President of Human Resources, with responsibility for domestic and international operations in Asia and Latin America. His responsibilities include oversight and supervision of the Company's Human Resources function. Mr. Jessup is a graduate of the University of South Carolina and holds an MBA from Wake Forest University Babcock School of Business.

PART II

Item 5. Market For Registrant's Common Equity, Related Shareholder Matters and Issuer Purchases of Equity Securities

Tanger Factory Outlet Centers, Inc. Market Information

The common shares commenced trading on the New York Stock Exchange on May 28, 1993. The following table sets forth the high and low sales prices of the common shares as reported on the New York Stock Exchange Composite Tape, during the periods indicated:

	High	Low	Common Dividends Paid
2013			
First Quarter	\$36.48	\$33.43	\$0.2100
Second Quarter	39.45	31.54	0.2250
Third Quarter	35.85	30.06	0.2250
Fourth Quarter	35.71	31.40	0.2250
Year 2013	\$39.45	\$30.06	\$0.8850
2012			
First Quarter	\$30.27	\$27.72	\$0.2000
Second Quarter	32.75	28.94	0.2100
Third Quarter	34.09	31.50	0.2100
Fourth Quarter	34.46	30.87	0.2100
Year 2012	\$34.46	\$27.72	\$0.8300

Holdings

As of February 1, 2014, there were approximately 453 common shareholders of record.

Dividends

The Company operates in a manner intended to enable it to qualify as a REIT under the Internal Revenue Code, or the Code. A REIT is required to distribute at least 90% of its taxable income to its shareholders each year. We intend to continue to qualify as a REIT and to distribute substantially all of our taxable income to our shareholders through the payment of regular quarterly dividends. Certain of our debt agreements limit the payment of dividends such that dividends shall not exceed funds from operations ("FFO"), as defined in the agreements, for the prior fiscal year on an

annual basis or 95% of FFO on a cumulative basis.

28

Securities Authorized for Issuance under Equity Compensation Plans

The information required by this Item is set forth in Part III Item 12 of this document.

Performance Graph

The following Performance Graph and related information shall not be deemed “soliciting material” or to be “filed” with the Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Act, or the Securities Exchange Act of 1934, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into such filing.

The following share price performance chart compares our performance to the index of equity REITs prepared by the National Association of Real Estate Investment Trusts ("NAREIT"), and the SNL Shopping Center REIT index prepared by SNL Financial. Equity REITs are defined as those that derive more than 75% of their income from equity investments in real estate assets. The NAREIT equity index includes all tax qualified real estate investment trusts listed on the New York Stock Exchange, American Stock Exchange or the NASDAQ National Market System.

All share price performance assumes an initial investment of \$100 at the beginning of the period and assumes the reinvestment of dividends. Share price performance, presented for the five years ended December 31, 2013, is not necessarily indicative of future results.

Index	12/31/2008	Period Ended				
		12/31/2009	12/31/2010	12/31/2011	12/31/2012	12/31/2013
Tanger Factory Outlet Centers, Inc.	100.00	108.27	147.29	173.75	208.14	199.79
NAREIT All Equity REIT Index	100.00	127.99	163.76	177.32	212.26	218.32
SNL REIT Retail Shopping Ctr Index	100.00	98.72	128.15	124.48	157.17	167.92

Tanger Properties Limited Partnership Market Information

There is no established public trading market for the Operating Partnership's common units. As of December 31, 2013, the Company's wholly-owned subsidiaries, Tanger GP Trust and Tanger LP Trust, owned 94,505,685 units of the Operating Partnership and the Non-Company LPs owned 5,145,012 units. We made distributions per common unit during 2013 and 2012 as follows:

	2013	2012
First Quarter	\$0.210	\$0.200
Second Quarter	0.225	0.210
Third Quarter	0.225	0.210
Fourth Quarter	0.225	0.210
	\$0.885	\$0.830

(1) For the year ended December 31, 2013, income from continuing operations and net income includes a \$26.0 million gain on our previously held interest in Deer Park upon the acquisition of an additional one-third interest in August 2013, and the consolidation of Deer Park into our financial statements.

(2) For the year ended December 31, 2010, income from continuing operations and net income include a loss on termination of derivatives of \$6.1 million.

(3) For the year ended December 31, 2009, income from continuing operations and net income include a \$10.5 million gain on early extinguishment of debt from an exchange offer of common shares for convertible debt; a \$31.5 million gain on acquisition of previously held unconsolidated joint venture interest and a \$5.2 million impairment charge

related to a property held and used in the year the charge was taken.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Cautionary Statements

Certain statements made in Item 1 - Business and this Management's Discussion and Analysis of Financial Condition and Results of Operations below are forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Reform Act of 1995 and included this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe our future plans, strategies, beliefs and expectations, are generally identifiable by use of the words "believe", "expect", "intend", "anticipate", "estimate", "project", or similar expressions. You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect our actual results, performance or achievements. Factors which may cause actual results to differ materially from current expectations include, but are not limited to, those set forth under Item 1A - Risk Factors.

The following discussion should be read in conjunction with the consolidated financial statements appearing elsewhere in this report. Historical results and percentage relationships set forth in the consolidated statements of operations, including trends which might appear, are not necessarily indicative of future operations.

General Overview

At December 31, 2013, we had 37 consolidated outlet centers in 24 states totaling 11.5 million square feet. The table below details our development activities at consolidated centers that significantly impacted our results of operations and liquidity from January 1, 2011 to December 31, 2013:

Center	Date Acquired/Open/Disposed/Demolished	Purchase Price (in millions)	Square Feet (in thousands)	Centers	States
As of January 1, 2011			9,190	31	21
Redevelopment:					
Hilton Head I, SC	March 2011		177	1	—
Acquisitions:					
Jeffersonville, OH	June 2011	\$134.0	410	1	1
Atlantic City, NJ and Ocean City, MD ⁽¹⁾	July 2011	\$200.3	689	2	2
Hershey, PA ⁽²⁾	September 2011	\$49.8	247	1	—
Other			11		
As of December 31, 2011			10,724	36	24
Expansion:					
Locust Grove, GA	Second quarter 2012		26	—	—
Other			(13)	—
As of December 31, 2012			10,737	36	24
Expansion:					
Gonzales, LA	First and second quarters 2013		40	—	—
Sevierville, TN	Third quarter 2013		19	—	—
Acquisition:					
Deer Park, NY ⁽³⁾	August 2013		742	1	—
Other			(1)	—
As of December 31, 2013			11,537	37	24

(1) Substantially all of the economic interests in Phase I & II of Atlantic City Outlets The Walk and Ocean City were purchased on July 15, 2011, and substantially all of the economic interest in Phase III of Atlantic City Outlets The Walk was purchased on November 1, 2011.

(2) Excludes a \$6.2 million loan to the noncontrolling interest holder collateralized by their ownership interest in the property.

(3) On August 30, 2013, we acquired an additional one-third interest in Deer Park, bringing our total ownership to a two-thirds interest, for total consideration of approximately \$27.9 million. As a result of acquiring a controlling ownership interest, Deer Park has been consolidated in our balance sheet and statements of operations since the acquisition date. The fair value of the net assets acquired, on a consolidated basis, totaled \$83.8 million, consisting of \$319.4 million in rental property and lease related intangibles, \$2.3 million in other identifiable assets and liabilities, and \$237.9 million in debt. Previously Deer Park was reported within our unconsolidated portfolio of properties.

Leasing Activity

The following table provides information for our consolidated outlet centers regarding space re-leased or renewed during the years ended December 31, 2013 and 2012, respectively:

	2013		Average	Average	Average	Net Average
	# of Leases	Square Feet	Annual Straight-line Rent (psf)	Tenant Allowance (psf)	Initial Term (in years)	Annual Straight-line Rent (psf) ⁽¹⁾
Re-tenant	154	510,000	\$30.57	\$40.69	8.68	\$25.88
Renewal	341	1,574,000	23.96	0.86	4.71	23.78
	2012		Average	Average	Average	Net Average
	# of Leases	Square Feet	Annual Straight-line Rent (psf)	Tenant Allowance (psf)	Initial Term (in years)	Annual Straight-line Rent (psf) ⁽¹⁾
Re-tenant	136	450,000	\$31.72	\$42.25	8.57	\$26.79
Renewal	322	1,536,000	21.75	0.04	4.56	21.74

(1) Net average straight-line rent is calculated by dividing the average tenant allowance costs per square foot by the average initial term and subtracting this calculated number from the average straight-line rent per year amount. The average annual straight-line rent disclosed in the table above includes all concessions, abatements and reimbursements of rent to tenants. The average tenant allowance disclosed in the table above includes landlord costs.

Results of Operations

2013 Compared to 2012

NET INCOME

Net income increased approximately \$56.8 million in the 2013 period to \$113.3 million as compared to \$56.5 million for the 2012 period. The increase in net income was a result of a \$28.0 million increase in operating revenues, a \$26.0 million increase from a gain on a previously held interest in an acquired joint venture and a \$14.3 million increase in equity in earnings from unconsolidated joint ventures. Subsequent to the third quarter of 2012, we developed or acquired 5 additional unconsolidated joint venture outlet centers. These increases in income were partially offset by an increase in property operating expenses of \$9.9 million, increase in general and administrative expenses of \$1.7 million and an increase in interest expense of \$1.8 million.

BASE RENTALS

Base rentals increased \$18.2 million, or 8%, in the 2013 period compared to the 2012 period. The following table sets forth the changes in various components of base rentals (in thousands):

	2013	2012	Increase/ (Decrease)
Base rentals from existing properties	\$245,985	\$233,553	\$12,432
Base rentals from 2013 acquisitions	7,494	—	7,494
Termination fees	609	877	(268)
Amortization of net above and below market lease values	(686)	803	(1,489)
	\$253,402	\$235,233	\$18,169

Base rental income generated from existing properties in our portfolio increased due to increases in rental rates on lease renewals, incremental rents from re-tenanting vacant spaces, as well as incremental rental revenue from the

expansion of one center in 2012 and two centers in 2013.

In August 2013, we acquired an additional one-third interest in the Deer Park property from one of the partners, bringing our total ownership to a two-thirds interest. As a result of acquiring a controlling ownership interest, we have consolidated the results of the property since the acquisition date for financial reporting purposes.

At December 31, 2013, the combined net value representing the amount of unamortized above market lease assets and below market lease liability values, recorded as a part of the purchase price of acquired properties, was a net above market lease asset which totaled approximately \$10.7 million. If a tenant terminates its lease prior to the original contractual termination date of the lease and no rental payments are being made on the lease, any unamortized balance of the related above or below market lease value will be written off and could materially impact our net income positively or negatively. The decrease in base rent recognized from the amortization of above and below market lease values related primarily to the amortization of net above market lease assets recorded from the Deer Park acquisition. In addition, several below market leases from previous acquisitions became fully amortized at the end of 2012 thus causing a decrease in base rent in the 2013 period compared to the 2012 period.

EXPENSE REIMBURSEMENTS

Expense reimbursements increased \$8.5 million, or 8%, in the 2013 period as compared to the 2012 period. The following table sets forth the changes in various components of expense reimbursements (in thousands):

	2013	2012	Increase/ (Decrease)
Expense reimbursements from existing properties	\$106,061	\$100,832	\$5,229
Expense reimbursements from 2013 acquisitions	3,317	—	3,317
Termination fees allocated to expense reimbursements	276	278	(2)
	\$109,654	\$101,110	\$8,544

Expense reimbursements, which represent the contractual recovery from tenants of certain common area maintenance, insurance, property tax, promotional, advertising and management expenses, generally fluctuate consistently with the reimbursable property operating expenses to which they relate. Existing property expense reimbursements increased in the 2013 period compared to the 2012 period as a result of an increase in recoverable property operating expenses, a modest increase in the portfolio's overall average occupancy rate, and due to a number of leases recently executed which require a higher reimbursement amount of our operating expenses.

OTHER INCOME

Other income increased \$1.2 million, or 13%, in the 2013 period as compared to the 2012 period. The following table sets forth the changes in various components of other income (in thousands):

	2013	2012	Increase/ (Decrease)
Other income from existing properties	\$7,496	\$7,637	\$(141)
Other income from 2013 acquisitions	213	—	213
Fees recognized from unconsolidated joint ventures	2,993	1,845	1,148
	\$10,702	\$9,482	\$1,220

Other income increased primarily from fees earned from the unconsolidated joint ventures added to the portfolio during the fourth quarter of 2012 and from the National Harbor joint venture which opened during November 2013.

PROPERTY OPERATING EXPENSES

Property operating expenses increased \$9.9 million, or 9%, in the 2013 period as compared to the 2012 period. The following table sets forth the changes in various components of property operating expenses (in thousands):

	2013	2012	Increase/ (Decrease)
Property operating expenses from existing properties	\$115,979	\$111,160	\$4,819
Property operating expenses from 2013 acquisitions	5,067	—	5,067
	\$121,046	\$111,160	\$9,886

Property operating expenses increased at existing properties due to increases in mall office operating costs, snow removal costs, property insurance and real estate taxes.

GENERAL AND ADMINISTRATIVE EXPENSES

General and administrative expenses increased \$1.7 million, or 4%, in the 2013 period as compared to the 2012 period. In the 2012 period general and administrative expenses included \$1.3 million of compensation expense related to 45,000 common shares that vested immediately, granted to Steven B. Tanger, pursuant to an amendment to his employment contract. Excluding this charge, general and administrative expenses increased approximately \$3.0 million. This increase was mainly due to additional share-based compensation expense related to the 2013 grants of restricted shares to directors and certain officers of the Company and the grant of performance shares to senior officers under a new long term incentive plan. Also, the 2013 period included higher payroll related expenses on a comparative basis to the 2012 period due to the addition of new employees throughout 2012 and 2013.

ACQUISITION COSTS

The 2013 period included costs related to the acquisition of the additional ownership interest in the Deer Park property as well as costs from other potential acquisitions of operating properties that were never completed. The 2012 period included acquisition costs incurred by us related to the two acquisitions through our RioCan joint venture in November 2012.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization decreased \$2.9 million, or 3%, in the 2013 period as compared to the 2012 period. The following table sets forth the changes in various components of depreciation and amortization (in thousands):

	2013	2012	Increase/ (Decrease)
Depreciation and amortization from existing properties	\$88,920	\$98,683	\$(9,763)
Depreciation and amortization from 2013 acquisitions	6,826	—	6,826
	\$95,746	\$98,683	\$(2,937)

Depreciation and amortization costs decreased at existing properties as certain construction and development related assets, as well as lease related intangibles recorded as part of the acquisition price of acquired properties, which are amortized over shorter lives, became fully depreciated during the reporting periods.

INTEREST EXPENSE

Interest expense increased approximately \$1.8 million, or 4%, in the 2013 period compared to the 2012 period. The primary reason for the increase in interest expense was the increase in the average amount of debt outstanding from approximately \$1.1 billion for the 2012 period to approximately \$1.2 billion for the 2013 period. The higher debt levels outstanding were a result of fundings for additional investments in unconsolidated joint ventures in both Canada and the United States and the acquisition of the additional ownership interest in Deer Park.

GAIN ON PREVIOUSLY HELD INTEREST IN ACQUIRED JOINT VENTURE

In August 2013, we acquired an additional one-third ownership interest in the Deer Park property, bringing our total ownership to a two-thirds interest. With the acquisition of a controlling ownership interest, we have consolidated the property for financial reporting purposes since the acquisition date. The acquisition resulted in a gain of approximately \$26.0 million, representing the difference between the recorded value and the fair market value of our original equity interest.

37

EQUITY IN EARNINGS (LOSSES) OF UNCONSOLIDATED JOINT VENTURES

Equity in earnings of unconsolidated joint ventures increased approximately \$14.3 million in the 2013 period compared to the 2012 period. The primary reasons for the increase related to transactions at the Deer Park property prior to our acquisition of an additional one-third interest and its subsequent consolidation for financial reporting purposes. As a part of the refinance of the debt at Deer Park, a gain on early extinguishment of debt of \$13.8 million was recorded. In addition a lawsuit was settled which resulted in income to Deer Park of approximately \$9.5 million after expenses. Our one-third share of these transactions, recorded through equity in earnings prior to the acquisition, was approximately \$7.8 million. Incremental earnings from the addition of four outlet centers held in unconsolidated joint ventures to the portfolio during the fourth quarter of 2012 accounted for the remainder of the increase.

2012 Compared to 2011**NET INCOME**

Net income increased approximately \$5.5 million in the 2012 period to \$56.5 million as compared to \$51.0 million for the 2011 period. The increase in net income was a result of a \$41.8 million increase in operating revenues, a \$2.6 million decrease in acquisition costs and a \$158,000 decrease in abandoned development costs, partially offset by a \$10.9 million increase in operating expenses, a \$7.3 million increase in general and administrative expenses, \$4.4 million in higher interest costs, \$14.7 million in higher depreciation and amortization amounts and \$1.7 million in higher losses on unconsolidated joint ventures.

BASE RENTALS

Base rentals increased \$27.6 million, or 13%, in the 2012 period compared to the 2011 period. The following table sets forth the changes in various components of base rentals (in thousands):

	2012	2011	Increase/ (Decrease)
Base rentals from existing properties	\$199,129	\$190,423	\$8,706
Base rentals from new developments	3,947	2,601	1,346
Base rentals from 2011 acquisitions	30,477	13,408	17,069
Termination fees	877	508	369
Amortization of net above and below market lease values	803	697	106
	\$235,233	\$207,637	\$27,596

Base rental income generated from existing properties in our portfolio increased due to increases in rental rates on lease renewals and incremental rents from re-tenanting vacant spaces.

During the first quarter of 2011, we completed the redevelopment of our 177,000 square foot outlet center in Hilton Head I, South Carolina and throughout 2011 acquired a total of four outlet centers adding approximately 1.3 million square feet to our consolidated outlet center portfolio.

At December 31, 2012, the combined net value representing the amount of unamortized above market lease assets and below market lease liability values, recorded as a part of the purchase price of acquired properties, was a net above market lease asset which totaled approximately \$5.2 million. If a tenant terminates its lease prior to the original contractual termination date of the lease and no rental payments are being made on the lease, any unamortized balance of the related above or below market lease value will be written off and could materially impact our net income positively or negatively.

PERCENTAGE RENTALS

Percentage rentals, which represent revenues based on a percentage of tenants' sales volume above predetermined levels, increased \$2.1 million, or 23%, in the 2012 period compared to the 2011 period. The following table sets forth the changes in various components of percentage rentals (in thousands):

	2012	2011	Increase/ (Decrease)
Percentage rentals from existing properties	\$9,325	\$8,495	\$830
Percentage rentals from new developments	248	66	182
Percentage rentals from 2011 acquisitions	1,599	523	1,076
	\$11,172	\$9,084	\$2,088

The increase in percentage rentals is partially related to new developments and acquisitions completed in the 2011 period. In addition, percentage rentals from existing properties increased 10% due to higher tenant sales productivity. Reported tenant comparable sales for our consolidated properties for the rolling twelve months ended December 31, 2012 increased 2.9% to \$376 per square foot. Reported tenant comparable sales is defined as the weighted average sales per square foot reported in space open for the full duration of each comparison period.

EXPENSE REIMBURSEMENTS

Expense reimbursements increased \$11.5 million, or 13%, in the 2012 period as compared to the 2011 period. The following table sets forth the changes in various components of expense reimbursements (in thousands):

	2012	2011	Increase/ (Decrease)
Expense reimbursements from existing properties	\$87,619	\$83,800	\$3,819
Expense reimbursements from new developments	1,532	1,172	360
Expense reimbursements from 2011 acquisitions	11,681	4,397	7,284
Termination fees allocated to expense reimbursements	278	251	27
	\$101,110	\$89,620	\$11,490

Expense reimbursements, which represent the contractual recovery from tenants of certain common area maintenance, insurance, property tax, promotional, advertising and management expenses, generally fluctuate consistently with the reimbursable property operating expenses to which they relate. Existing property expense reimbursements increased in the 2012 period compared to the 2011 period as a result of an increase in the portfolio's overall average occupancy rate, as well as a number of leases recently executed which require a higher reimbursement amount of our operating expenses.

OTHER INCOME

Other income increased \$600,000, or 7%, in the 2012 period as compared to the 2011 period. The following table sets forth the changes in various components of other income (in thousands):

	2012	2011	Increase/ (Decrease)
Other income from existing properties	\$7,158	\$7,475	\$(317)
Fees recognized from unconsolidated joint ventures	1,845	1,216	629
Other income from new developments	73	50	23
Other income from 2011 acquisitions	406	141	265
	\$9,482	\$8,882	\$600

The increase in fees recognized from unconsolidated joint ventures increased due to our entry into five new joint ventures in the 2011 and 2012 periods.

PROPERTY OPERATING EXPENSES

Property operating expenses increased \$10.9 million, or 11%, in the 2012 period as compared to the 2011 period. The following table sets forth the changes in various components of property operating expenses (in thousands):

	2012	2011	Increase/ (Decrease)
Property operating expenses from existing properties	\$94,048	\$93,184	\$864
Property operating expenses from new developments	1,740	1,496	244
Property operating expenses from 2011 acquisitions	15,372	5,566	9,806
	\$111,160	\$100,246	\$10,914

Increases at existing properties related to higher mall office operating costs, security and property insurance. These costs were partially offset by lower snow removal costs across the portfolio.

GENERAL AND ADMINISTRATIVE EXPENSES

General and administrative expenses increased \$7.3 million, or 24%, in the 2012 period as compared to the 2011 period. This increase was mainly due to additional share-based compensation expense related to the 2012 restricted share grant to directors and certain officers of the Company and share-based compensation. In addition, the 2012 period included \$1.3 million of compensation expense related to 45,000 common shares that vested immediately, granted to Steven B. Tanger, pursuant to an amendment to his employment contract. In addition, the 2012 period included higher payroll related expenses on a comparative basis to the 2011 period due to the addition of new employees since January 1, 2011.

ACQUISITION COSTS

The 2012 period included acquisition costs incurred by us related to the two acquisitions through our RioCan joint venture in November 2012. The 2011 period included costs related to the four acquisitions of consolidated properties described above in "General Overview," as well as one acquisition through our RioCan joint venture in December, 2011.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization increased \$14.7 million, or 17%, in the 2012 period as compared to the 2011 period. The following table sets forth the changes in various components of depreciation and amortization (in thousands):

	2012	2011	Increase/ (Decrease)
Depreciation and amortization from existing properties	\$68,374	\$70,860	\$(2,486)
Depreciation and amortization from new developments	2,092	1,090	1,002
Depreciation and amortization from 2011 acquisitions	28,217	12,065	16,152
	\$98,683	\$84,015	\$14,668

Depreciation and amortization costs increased in the 2012 period compared to the 2011 period primarily as a result of the additional centers added to the portfolio during 2011. The depreciation and amortization from acquisitions includes the amortization of lease related intangibles recorded as part of the acquisition price of the acquired properties which are amortized over shorter lives. Depreciation and amortization from existing properties decreased as certain construction and development related assets and lease related intangible assets from these properties became fully depreciated during 2012.

INTEREST EXPENSE

Interest expense increased approximately \$4.4 million, or 10%, in the 2012 period compared to the 2011 period. The primary reason for the increase in interest expense was the increase in the average amount of debt outstanding from approximately \$870.1 million for the 2011 period to approximately \$1.1 billion for the 2012 period. The higher debt

levels outstanding were a result of the mortgages assumed as part of the acquisition of four properties, additional funding necessary for the development and acquisition projects described above and other general operating purposes.

The increase in interest expense associated with the higher debt outstanding was partially offset by lower interest rates on our unsecured lines of credit. These facilities were recast during the fourth quarter of 2011 resulting in the credit spread over LIBOR being reduced from 190 basis points to 125 basis points. In addition, in February 2012, we entered into a term loan for \$250.0 million with an initial interest rate of LIBOR + 1.80%.

EQUITY IN LOSSES OF UNCONSOLIDATED JOINT VENTURES

Equity in losses of unconsolidated joint ventures increased approximately \$1.7 million, or 111%, in the 2012 period compared to the 2011 period. The increase in loss is due primarily to acquisition costs and abandoned due diligence costs incurred by our RioCan joint venture. The remaining increase in losses is attributable to joint ventures added during the year which in aggregate have depreciation in excess of their earnings before depreciation.

Liquidity and Capital Resources of the Company

In this “Liquidity and Capital Resources of the Company” section, the term, the Company, refers only to Tanger Factory Outlet Centers, Inc. on an unconsolidated basis, excluding the Operating Partnership.

The Company's business is operated primarily through the Operating Partnership. The Company issues public equity from time to time, but does not otherwise generate any capital itself or conduct any business itself, other than incurring certain expenses in operating as a public company, which are fully reimbursed by the Operating Partnership. The Company does not hold any indebtedness, and its only material asset is its ownership of partnership interests of the Operating Partnership. The Company's principal funding requirement is the payment of dividends on its common shares. The Company's principal source of funding for its dividend payments is distributions it receives from the Operating Partnership.

Through its ownership of the sole general partner of the Operating Partnership, the Company has the full, exclusive and complete responsibility for the Operating Partnership's day-to-day management and control. The Company causes the Operating Partnership to distribute all, or such portion as the Company may in its discretion determine, of its available cash in the manner provided in the Operating Partnership's partnership agreement. The Company receives proceeds from equity issuances from time to time, but is required by the Operating Partnership's partnership agreement to contribute the proceeds from its equity issuances to the Operating Partnership in exchange for partnership units of the Operating Partnership.

The Company is a well-known seasoned issuer with a shelf registration which expires in June 2015 that allows the Company to register unspecified, various classes of equity securities and the Operating Partnership to register unspecified, various classes of debt securities. As circumstances warrant, the Company may issue equity from time to time on an opportunistic basis, dependent upon market conditions and available pricing. The Operating Partnership may use the proceeds to repay debt, including borrowings under its lines of credit, develop new or existing properties, to make acquisitions of properties or portfolios of properties, to invest in existing or newly created joint ventures or for general corporate purposes.

The liquidity of the Company is dependent on the Operating Partnership's ability to make sufficient distributions to the Company. The Operating Partnership is a party to loan agreements with various bank lenders that require the Operating Partnership to comply with various financial and other covenants before it may make distributions to the Company. The Company also guarantees some of the Operating Partnership's debt. If the Operating Partnership fails to fulfill its debt requirements, which trigger the Company's guarantee obligations, then the Company may be required to fulfill its cash payment commitments under such guarantees. However, the Company's only material asset is its investment in the Operating Partnership.

The Company believes the Operating Partnership's sources of working capital, specifically its cash flow from operations, and borrowings available under its unsecured credit facilities, are adequate for it to make its distribution payments to the Company and, in turn, for the Company to make its dividend payments to its shareholders. However, there can be no assurance that the Operating Partnership's sources of capital will continue to be available at all or in amounts sufficient to meet its needs, including its ability to make distribution payments to the Company. The unavailability of capital could adversely affect the Operating Partnership's ability to pay its distributions to the Company, which will in turn, adversely affect the Company's ability to pay cash dividends to its shareholders.

For the Company to maintain its qualification as a real estate investment trust, it must pay dividends to its shareholders aggregating annually at least 90% of its taxable income. While historically the Company has satisfied this distribution requirement by making cash distributions to its shareholders, it may choose to satisfy this requirement by making distributions of cash or other property, including, in limited circumstances, the Company's own shares. Based on our 2013 taxable income to shareholders, we were required to distribute approximately \$59.7 million to our shareholders in order to maintain our REIT status as described above. We distributed approximately \$83.4 million to shareholders which significantly exceeds our required distributions.

As a result of this distribution requirement, the Operating Partnership cannot rely on retained earnings to fund its on-going operations to the same extent that other companies whose parent companies are not real estate investment trusts can. The Company may need to continue to raise capital in the equity markets to fund the Operating Partnership's working capital needs, as well as potential developments of new or existing properties, acquisitions or investments in existing or newly created joint ventures.

As the sole owner of the general partner with control of the Operating Partnership, the Company consolidates the Operating Partnership for financial reporting purposes. The Company does not have significant assets other than its investment in the Operating Partnership. Therefore, the assets and liabilities and the revenues and expenses of the Company and the Operating Partnership are the same on their respective financial statements, except for immaterial differences related to cash, other assets and accrued liabilities that arise from public company expenses paid by the Company. However, all debt is held directly or indirectly at the Operating Partnership level, and the Company has guaranteed some of the Operating Partnership's unsecured debt as discussed below. Because the Company consolidates the Operating Partnership, the section entitled "Liquidity and Capital Resources of the Operating Partnership" should be read in conjunction with this section to understand the liquidity and capital resources of the Company on a consolidated basis and how the Company is operated as a whole.

Liquidity and Capital Resources of the Operating Partnership

General Overview

In this "Liquidity and Capital Resources of the Operating Partnership" section, the terms "we", "our" and "us" refer to the Operating Partnership or the Operating Partnership and the Company together, as the text requires.

Property rental income represents our primary source to pay property operating expenses, debt service, capital expenditures and distributions, excluding non-recurring capital expenditures and acquisitions. To the extent that our cash flow from operating activities is insufficient to cover such non-recurring capital expenditures and acquisitions, we finance such activities from borrowings under our unsecured lines of credit or from the proceeds from the Operating Partnership's debt offerings and the Company's equity offerings.

We believe we achieve a strong and flexible financial position by attempting to: (1) maintain a conservative leverage position relative to our portfolio when pursuing new development, expansion and acquisition opportunities, (2) extend and sequence debt maturities, (3) manage our interest rate risk through a proper mix of fixed and variable rate debt, (4) maintain access to liquidity by using our lines of credit in a conservative manner and (5) preserve internally generated sources of capital by strategically divesting of our underperforming assets and maintaining a conservative distribution payout ratio. We manage our capital structure to reflect a long-term investment approach and utilize multiple sources of capital to meet our requirements.

Statements of Cash Flows

The following table sets forth our changes in cash flows from 2013 and 2012 (in thousands):

	2013	2012	Change
Net cash provided by operating activities	\$187,269	\$165,738	\$21,531
Net cash used in investing activities	(174,226)	(147,909)	(26,317)
Net cash provided by (used in) financing activities	(7,072)	(15,415)	8,343
Effect of foreign currency rate changes on cash and equivalents	\$(1,282)	\$15	\$(1,297)
Net increase in cash and cash equivalents	\$4,689	\$2,429	\$2,260

Operating Activities

Cash provided by operating activities during 2013 was positively impacted by an increase in operating income throughout the consolidated portfolio, the acquisition of Deer Park in August 2013, and a \$4.8 million increase in cash received from unconsolidated joint ventures as a result of the addition of five centers held in unconsolidated joint ventures since the third quarter of 2012.

Investing Activities

Cash used in investing activities was higher in the 2013 period compared to the 2012 period due primarily to a loan of approximately \$89.5 million to Deer Park representing the remaining amount necessary to repay the previous mortgage and mezzanine loans. This impact was partially offset by additional cash received from unconsolidated joint ventures that represented a return of investment, the most significant of which related to the Galveston/Houston joint venture. This venture closed on a mortgage loan with the ability to borrow up to \$70.0 million. The joint venture received total loan proceeds of \$65.0 million and distributed the proceeds equally to the partners.

Financing Activities

The change in cash used in financing activities is primarily due to an increase in cash dividends paid to shareholders. Significant transactions that impacted the cash used in financing activities in 2013 and 2012 are as follows:

In November 2013, we announced that Tanger Properties Limited Partnership, completed a public offering of \$250.0 million in senior notes due 2023 in an underwritten public offering. The net proceeds from the offering, after deducting the underwriting discount and offering expenses, were approximately \$243.6 million. We used the net proceeds from the sale of the notes to repay borrowings under our unsecured lines of credit.

On February 24, 2012, the Operating Partnership closed on a seven-year \$250.0 million unsecured term loan. We used the net proceeds of the term loan to reduce the outstanding balances on our unsecured lines of credit.

Current Development Activities

We intend to continue to grow our portfolio by developing, expanding or acquiring additional outlet centers. In the section below, we describe the new developments that are either currently planned, underway or recently completed. However, you should note that any developments or expansions that we, or a joint venture that we are involved in, have planned or anticipated may not be started or completed as scheduled, or may not result in accretive net income or FFO. See the section "Funds From Operations" in the Management's Discussion and Analysis section for further discussion of FFO. In addition, we regularly evaluate acquisition or disposition proposals and engage from time to time in negotiations for acquisitions or dispositions of properties. We may also enter into letters of intent for the purchase or sale of properties. Any prospective acquisition or disposition that is being evaluated or which is subject to a letter of intent may not be consummated, or if consummated, may not result in an increase in liquidity, net income or funds from operations.

Rental Property Development of Consolidated Properties

Foxwoods, Connecticut

In September 2013, we broke ground at Foxwoods Resort Casino in Mashantucket, Connecticut on Tanger Outlets at Foxwoods. We own a controlling interest in the project, which will be consolidated for financial reporting purposes. To date, we have contributed approximately \$7.7 million to the project for construction and development activities. The center will feature approximately 80 brand name and designer outlet stores. The approximately 314,000 square foot project will be suspended above ground to join the resort's two casino floors, which attract millions of visitors each year. We currently expect the property to open in the second quarter of 2015.

Grand Rapids, Michigan

We also intend to develop an approximately 350,000 square foot wholly-owned outlet center in the Grand Rapids, Michigan market. The site is located 11 miles south of downtown Grand Rapids at the southwest quadrant of US-131 and 84th Street in Byron Center, Michigan with visibility from both roads. The center will be located approximately 30 miles east of Lake Michigan and its lakeside communities that are frequented by vacationers. Currently, we estimate the property will open in the second half of 2015.

Current Portfolio Expansions

During 2013, we completed two expansions at existing properties within our wholly-owned portfolio. In April, we expanded Tanger Outlets Gonzales in Gonzales, Louisiana by approximately 40,000 square feet, bringing the property's total gross leasable area to approximately 319,000 square feet. In September, we expanded Tanger Outlets Sevierville in Sevierville, Tennessee by approximately 20,000 square feet, bringing the total gross leasable area to approximately 438,000 square feet.

Other Potential Future Developments and Asset Dispositions

As of the date of this filing, we are in the initial study period for potential new developments, including sites located in Columbus, Ohio; and Scottsdale, Arizona; as well as planned expansions of existing centers in Park City, Utah; Branson, Missouri and Glendale, Arizona. The Columbus site and the Glendale expansion, if developed, will be undertaken by joint ventures. We may also use joint venture arrangements to develop other potential sites. There can be no assurance, however, that these potential future developments will ultimately be developed.

In the case of projects to be wholly-owned by us, we expect to fund these projects from amounts available under our unsecured lines of credit, but may also fund them with capital from additional public debt and equity offerings. For projects to be developed through joint venture arrangements, we may use collateralized construction loans to fund a portion of the project, with our share of the equity requirements funded from sources described above.

From time to time, we may sell one or more outlet centers that do not meet our long-term investment criteria. As of the date of this filing, we are marketing the potential sale of 5 of our consolidated outlet centers. We have not entered into a binding contract and have not obtained final approval from our Board of Directors to sell these outlet centers, thus we can give no assurance that these sales will be completed. Proceeds generated by these asset sales, if completed, will be used to fund the development projects discussed above, pay down outstanding debt and/or for other general corporate purposes.

Unconsolidated Joint Venture Developments

We have formed joint venture arrangements to develop outlet centers that are currently in various stages of development in several markets. See "Off-Balance Sheet Arrangements" for a discussion of unconsolidated joint venture development activities.

Financing Arrangements

As of December 31, 2013, unsecured borrowings represented 81% of our outstanding debt and 80% of the gross book value of our real estate portfolio was unencumbered. We maintain unsecured lines of credit that provide for borrowings of up to \$520.0 million and bear interest at a rate of LIBOR + 1.00%. The unsecured lines of credit include a \$20.0 million liquidity line and a \$500.0 million syndicated line. The syndicated line may be increased to \$750.0 million through an accordion feature in certain circumstances. The unsecured lines of credit have an expiration date of October 24, 2017 with an option for a one year extension. The Company guarantees the Operating Partnership's obligations under these lines.

2013 Transactions

Assumption of \$150.0 Million Mortgage and Entrance into Derivatives

In August 2013, as part of the acquisition of a controlling interest in Deer Park, we assumed a \$150.0 million interest only mortgage loan, including a fair value discount of \$1.6 million. The loan has a 5 year term and carries an interest rate of LIBOR + 1.50%. In October 2013, we entered into interest rate swap agreements to reduce our floating rate debt exposure by locking the interest rate on the \$150.0 million mortgage. The interest rate swap agreements fix the base LIBOR rate at an average of 1.30%, creating a contractual interest rate for the loan of 2.80% through August 2018.

Extension of Unsecured Lines of Credit

In October 2013, we closed on amendments to our unsecured lines of credit, extending the maturity, and reducing the overall borrowing costs. The maturity of these facilities was extended from November 10, 2015 to October 24, 2017 with the ability to further extend the maturity for an additional year at our option. The annual commitment fee, which is payable on the full \$520.0 million in loan commitments, was reduced from 0.175% to 0.15%, and the interest rate spread over LIBOR was reduced from 1.10% to 1.00% based on our current credit rating.

\$250.0 Million Unsecured Senior Notes

In November 2013, we announced that Tanger Properties Limited Partnership, completed a public offering of \$250 million in senior notes due 2023 in an underwritten public offering. The notes were priced at 98.360% of the principal amount to yield 4.076% to maturity. The notes will pay interest semi-annually at a rate of 3.875% per annum and mature on December 1, 2023. The net proceeds from the offering, after deducting the underwriting discount and

offering expenses, were approximately \$243.6 million. We used the net proceeds from the sale of the notes to repay borrowings under our unsecured lines of credit.

2012 Transactions

\$250.0 Million Unsecured Term Loan

In February 2012, the Operating Partnership closed on a seven-year \$250.0 million unsecured term loan. The term loan will be interest only, matures in the first quarter of 2019 and is pre-payable without penalty beginning in the first quarter of 2015. Based on our current credit ratings, the loan has an interest rate of LIBOR + 1.60%. We used the net proceeds of the term loan to reduce the outstanding balances on our unsecured lines of credit.

2011 Transactions

\$150.0 Million Senior Unsecured Bridge Loan

In June 2011, the Operating Partnership closed on a \$150.0 million senior unsecured bridge loan at an interest rate of LIBOR + 1.60% and used the proceeds from the loan to fund the acquisition of the Jeffersonville, Ohio outlet center. In November 2011, the Operating Partnership repaid this bridge loan in conjunction with the recast of its unsecured lines of credit.

4.6 Million Common Share Offering

In July 2011, the Company completed a public offering of 4.6 million common shares at a price of \$25.662 per share. The net proceeds to the Company from the offering, after deducting estimated offering expenses, were approximately \$117.4 million. Net proceeds from the offering were contributed to the Operating Partnership in exchange for 52,000 general partnership common units and 4,548,000 limited partnership common units. The Operating Partnership used the net proceeds from the offering to repay borrowings under its unsecured lines of credit and for general corporate purposes.

We intend to retain the ability to raise additional capital, including public debt or equity, to pursue attractive investment opportunities that may arise and to otherwise act in a manner that we believe to be in the best interests of our shareholders and unitholders. The Company is a well-known seasoned issuer with a shelf registration that allows us to register unspecified amounts of different classes of securities on Form S-3. To generate capital to reinvest into other attractive investment opportunities, we may also consider the use of additional operational and developmental joint ventures, the sale or lease of outparcels on our existing properties and the sale of certain properties that do not meet our long-term investment criteria. Based on cash provided by operations, existing lines of credit, ongoing relationships with certain financial institutions and our ability to sell debt or issue equity subject to market conditions, we believe that we have access to the necessary financing to fund the planned capital expenditures during 2014.

We anticipate that adequate cash will be available to fund our operating and administrative expenses, regular debt service obligations, and the payment of dividends in accordance with REIT requirements in both the short and long-term. Although we receive most of our rental payments on a monthly basis, distributions to shareholders and unitholders are made quarterly and interest payments on the senior, unsecured notes are made semi-annually. Amounts accumulated for such payments will be used in the interim to reduce the outstanding borrowings under our existing lines of credit or invested in short-term money market or other suitable instruments.

We believe our current balance sheet position is financially sound; however, due to the uncertainty and unpredictability of the capital and credit markets, we can give no assurance that affordable access to capital will exist between now and 2015 when our next significant debt maturities occur. As a result, our current primary focus is to strengthen our capital and liquidity position by controlling and reducing construction and overhead costs, generating positive cash flows from operations to cover our dividend and reducing outstanding debt.

Capital Expenditures

The following table details our capital expenditures for the years ended December 31, 2013 and 2012, respectively (in thousands):

	2013	2012	Change
Capital expenditures analysis:			
New center developments	\$17,600	\$5,525	\$12,075
Center redevelopment	—	392	(392)
Major center renovations	4,595	10,129	(5,534)
Second generation tenant improvement allowances	16,843	10,794	6,049
Other capital expenditures	11,090	7,871	3,219
	50,128	34,711	15,417
Conversion from accrual to cash basis	(2,692)	6,572	(9,264)
Additions to rental property-cash basis	\$47,436	\$41,283	\$6,153

New center development expenditures, which includes first generation tenant improvement allowances, included expansions in Gonzales, Louisiana and Sevierville, Tennessee and the initial development costs associated with the construction of our center at the Foxwoods Resort Casino in Connecticut in the 2013 period. The 2012 period included expansions to our centers in Locust Grove, Georgia and Gonzales, Louisiana.

Major center renovations in the 2013 period included renovation activities at our Gonzales, Louisiana center. The 2012 period included on-going renovation efforts at the centers acquired during the second and third quarters of 2011.

- Other capital expenditures in 2013 increased over the 2012 period due to a higher number of other capital expenditure projects within our existing consolidated portfolio.

Contractual Obligations and Commercial Commitments

The following table details our contractual obligations over the next five years and thereafter as of December 31, 2013 (in thousands):

Contractual Obligations	2014	2015	2016	2017	2018	Thereafter	Total
Debt ⁽¹⁾	\$3,603	\$282,343	\$20,283	\$36,708	\$153,183	\$834,278	\$1,330,398
Interest payment ⁽²⁾	59,373	56,713	41,111	40,580	38,124	84,133	320,034
Operating leases	5,602	5,234	5,015	4,875	4,850	280,983	306,559
Deferred financing obligation ⁽³⁾	—	28,388	—	—	—	—	28,388
	\$68,578	\$372,678	\$66,409	\$82,163	\$196,157	\$1,199,394	\$1,985,379

(1) These amounts represent total future cash payments related to debt obligations outstanding as of December 31, 2013.

(2) These amounts represent future interest payments related to our debt obligations based on the fixed and variable interest rates specified in the associated debt agreements. All of our variable rate debt agreements are based on the one month LIBOR rate, thus for purposes of calculating future interest amounts on variable interest rate debt, the one month LIBOR rate as of December 31, 2013 was used.

(3) As part of the acquisition of a controlling ownership interest in Deer Park, we and the noncontrolling interest have entered into an agreement whereby they may require us to acquire their ownership interest in the property on the second anniversary of the acquisition date for a price of \$28.4 million, and we have the option to acquire their ownership interest on the fourth anniversary of the acquisition date at the same price. Due to the other owner's ability to require us to purchase their interest, we have recorded an obligation to redeem their interest at the redemption price as a deferred financing obligation in the other liabilities section of the balance sheet.

In addition to the contractual payment obligations shown in the table above, we have commitments of \$71.4 million remaining as of December 31, 2013 related to contracts to complete construction and development activity at centers throughout our consolidated portfolio. These amounts would be primarily funded by amounts available under our unsecured lines of credit but could also be funded by other sources of capital, such as collateralized construction loans or public debt and equity offerings. In addition, we have commitments to pay approximately \$14.4 million in tenant allowances for leases that are executed but where the tenant improvements have not been constructed. Payments are only made upon the tenant opening its store, completing its interior construction and submitting the necessary documentation required per its lease. Our portion of contractual commitments to complete construction and development activity related to our unconsolidated joint ventures amounted to approximately \$42.9 million at December 31, 2013. In addition, our portion of commitments related to tenant allowances at our joint ventures totalled approximately \$3.7 million as of December 31, 2013.

Our debt agreements contain covenants that require the maintenance of certain ratios, including debt service coverage and leverage, and limit the payment of dividends such that dividends and distributions will not exceed funds from operations, as defined in the agreements, for the prior fiscal year on an annual basis or 95% on a cumulative basis. We have historically been and currently are in compliance with all of our debt covenants. We expect to remain in compliance with all our existing debt covenants; however, should circumstances arise that would cause us to be in default, the various lenders would have the ability to accelerate the maturity on our outstanding debt.

We believe our most restrictive covenants are contained in our senior, unsecured notes. Key financial covenants and their covenant levels include the following:

Senior unsecured notes financial covenants ⁽¹⁾	Required	Actual	
Total consolidated debt to adjusted total assets	< 60%	48	%
Total secured debt to adjusted total assets	< 40%	9	%
Total unencumbered assets to unsecured debt	> 150%	188	%

(1) For a complete listing of all debt covenants related to our senior unsecured notes, as well as definitions of the above terms, refer to our applicable supplemental indenture filing with the SEC.

We operate in a manner intended to enable us to qualify as a REIT under the Internal Revenue Code, or the Code. A REIT which distributes at least 90% of its taxable income to its shareholders each year and which meets certain other conditions is not taxed on that portion of its taxable income which is distributed to its shareholders. Based on our 2013 taxable income to shareholders, we were required to distribute approximately \$59.7 million to our shareholders in order to maintain our REIT status as described above. We distributed approximately \$83.4 million to shareholders which significantly exceeds our required distributions. If in any taxable year the Company were to fail to qualify as a REIT and certain statutory relief provisions were not applicable, we would not be allowed a deduction for distributions to shareholders in computing taxable income and would be subject to U.S. federal income tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates.

Off-Balance Sheet Arrangements

The following table details certain information as of December 31, 2013 about various unconsolidated real estate joint ventures in which we have an ownership interest:

Joint Venture	Center Location	Ownership %	Square Feet	Carrying Value of Investment (in millions)
Charlotte	Charlotte, NC	50.0	—	\$11.6
Galveston/Houston	Texas City, TX	50.0	352,705	7.4
National Harbor	Washington D.C. Metro Area	50.0	336,286	16.7
RioCan Canada	Various	50.0	432,836	85.7
Westgate	Glendale, AZ	58.0	331,739	16.1
Wisconsin Dells	Wisconsin Dells, WI	50.0	265,086	2.5
Other			—	0.2
Total				\$140.2

Each of the above joint ventures contain make whole provisions in the event that demands are made on any existing guarantees. In addition, the joint venture agreements contain other provisions where a venture partner can force the other partners to either buy or sell their investment in the joint venture. Should this occur, we may be required to sell the property to the venture partner or incur a significant cash outflow in order to maintain ownership of these outlet centers.

We provide guaranties to lenders for our joint ventures which include standard non-recourse carve out indemnifications for losses arising from items such as but not limited to fraud, physical waste, payment of taxes, environmental indemnities, misapplication of insurance proceeds or security deposits and failure to maintain required insurance. For construction and term loans, we may include a guaranty of completion as well as a principal guaranty ranging from 5% to 100% of principal. The principal guaranties include terms for release based upon satisfactory completion of construction and performance targets including occupancy thresholds and minimum debt service coverage tests.

Charlotte, North Carolina

In May 2013, we formed a joint venture for the development of an outlet center in the Charlotte, NC market. Subsequently, during the third quarter of 2013, the joint venture began construction on the outlet center which will be located eight miles southwest of uptown Charlotte at the interchange of I-485 and Steele Creek Road (NC Highway 160), two major thoroughfares for the city. The approximately 400,000 square foot center will feature approximately 90 brand name and designer outlet stores and is expected to open during the third quarter of 2014.

As of December 31, 2013, we and our partner had each contributed approximately \$11.5 million in cash to the joint venture to fund development activities. We are providing development services to the project; and with our partner, are jointly providing leasing services. Our partner will provide property management and marketing services to the center once open.

Galveston/Houston, Texas

In June 2011, we announced the formation of a joint venture for the development of a Tanger Outlet Center south of Houston in Texas City, Texas. Tanger Outlets Texas City, which opened October 19, 2012, contains approximately 353,000 square feet, with room for expansion for a total build out of approximately 470,000 square feet. The development was initially fully funded with equity contributed to the joint venture by Tanger and its partner. In July 2013, the joint venture closed on a \$70.0 million mortgage loan with a rate of LIBOR + 1.50% and a maturity date of July 1, 2017, with the option to extend the maturity for one additional year. The joint venture received total loan proceeds of \$65.0 million and distributed the proceeds equally to the partners. We used our share of the proceeds to reduce amounts outstanding under our unsecured lines of credit. We provide property management and marketing services to the center; and with our partner, are jointly providing development and leasing services.

National Harbor, Washington, D.C. Metro Area

In May 2011, we announced the formation of a joint venture for the development of a Tanger Outlet Center at National Harbor in the Washington, D.C. Metro area. In November 2012, the joint venture broke ground and began development and both parties made equity contributions of \$17.2 million to fund initial development costs. In May 2013, the joint venture closed on a construction loan with the ability to borrow up to \$62.0 million and which carries an interest rate of LIBOR + 1.65%. As of December 31, 2013, the balance on the loan was \$52.4 million. The approximately 336,000 square feet center opened in November 2013 and contains approximately 80 brand name and designer outlet stores. We provide property management, leasing and marketing services to the joint venture; and with our partner, jointly provided site development and construction supervision services.

RioCan Canada

We have entered into a 50/50 co-ownership agreement with RioCan Real Estate Investment Trust to develop and acquire outlet centers in Canada. Any projects developed or acquired will be branded as Tanger Outlet Centers. We provide leasing and marketing services and RioCan provides development and property management services.

In December 2011, the co-owners purchased the Cookstown Outlet Mall. The existing outlet center was acquired for \$47.4 million, plus an additional \$13.8 million for excess land upon the seller meeting certain conditions, for an aggregate purchase price of \$61.2 million. In connection with the purchase, the co-owners assumed the in place financing of \$29.6 million. In March 2012, the co-owners retired the outstanding loan and we contributed an additional \$15.1 million to fund our portion of the payment. In March of 2013 the co-owners acquired the land adjacent to the existing Cookstown Outlet Mall for \$13.9 million. The land is being used for the expansion of the Cookstown Outlet Mall which began in May 2013. The expansion, which is expected to open in the fourth quarter of 2014, will add approximately 153,000 square feet to the center and will add approximately 35 new brand name and designer outlet stores to the center.

In November 2012, the co-owners acquired two existing outlet centers in the Montreal, Quebec market for an aggregate purchase price of approximately \$94.8 million. The purchase price included the assumption of mortgages totaling \$18.7 million at Les Factoreries Saint-Sauveur, which carry a weighted average interest rate of 5.7% and mature in 2015 and 2020. There is no in-place financing associated with the Bromont Outlet Mall acquisition.

Les Factoreries Saint-Sauveur, is located northwest of Montreal adjacent to Highway 15 in the town of Saint-Sauveur, Quebec. The property was built in 1980 and expanded in 2006, and is approximately 116,000 square feet with the potential to expand to approximately 131,000 square feet.

The Bromont Outlet Mall, is located east of Montreal near the eastern townships adjacent to Highway 10 in the town of Bromont, Quebec. The property was built in 2004 and expanded through 2011, and is approximately 162,000 square feet with the potential to expand to approximately 251,000 square feet.

Also, during the second quarter of 2013, the co-owners purchased land for \$28.7 million and broke ground on Tanger Outlets Ottawa, the first ground up development of a Tanger Outlet Center in Canada. Located in suburban Kanata off the TransCanada Highway (Highway 417) at Palladium Drive, this center will contain approximately 303,000 square feet and will feature approximately 80 brand name and designer outlet stores. The center is currently expected to open in the fourth quarter of 2014.

Savannah, Georgia

In January 2014, we announced our plans to develop Tanger Outlets Savannah through a joint venture arrangement. The center will include approximately 385,000 square feet and feature approximately 90 brand name and designer outlet stores. In January 2014 we purchased the land on which the center is being developed for \$12.9 million and contributed it to the joint venture in February 2014. As of the date of this filing our equity contributions totaled \$17.1 million and our partner's equity contribution totaled \$7.4 million. The site is located on I-95, just north of I-16 in Pooler, Georgia, adjacent to the City of Savannah, and near the Savannah International Airport. We expect the center's location to capitalize on the Tanger Outlets brand equity in the region and to provide marketing and management synergies with our centers in Charleston, Hilton Head, and Myrtle Beach, South Carolina; and Commerce and Locust Grove, Georgia.

Westgate, Glendale, Arizona

On May 4, 2012, we formed a joint venture for the development of a Tanger Outlet Center in Glendale, Arizona. On June 27, 2012, the joint venture closed on a construction loan with the ability to borrow up to \$48.3 million, which carries an interest rate of LIBOR + 1.75%. As of December 31, 2013, the joint venture's balance on the loan was \$43.1 million. The approximately 332,000 square feet center, which opened on November 15, 2012, features approximately 80 brand name and designer outlet stores in the first phase, with room for expansion for a total build out of approximately 410,000 square feet. We provide property management, construction supervision, leasing and marketing services to the joint venture.

Wisconsin Dells, Wisconsin

In March 2005, we established the Wisconsin Dells joint venture to construct and operate a Tanger Outlet Center in Wisconsin Dells, Wisconsin. In December 2012, the joint venture closed on the refinance of its \$24.3 million mortgage loan. The refinanced interest-only, non-recourse mortgage loan has a 10 year term and carries an interest rate of LIBOR + 2.25%. We are providing property management, leasing and marketing services to the joint venture.

The following table details the debt maturities of the unconsolidated joint ventures as of December 31, 2013 (in millions):

Joint Venture	Total Joint Venture Debt (in millions)	Maturity Date	Interest Rate
Galveston/Houston	\$65.0	July 2017	LIBOR + 1.50%
National Harbor	52.4	May 2016	LIBOR + 1.65%
RioCan Canada	17.9	June 2015 and May 2020	5.10% to 5.75%
Westgate	43.1	June 2015	LIBOR + 1.75%
Wisconsin Dells	24.3	December 2022	LIBOR + 2.25%

Fees we received for various services provided to our unconsolidated joint ventures during 2013, 2012 and 2011, which we believe approximate current market rates, were recognized as follows (in thousands):

	Year Ended December 31,		
	2013	2012	2011
Fees:			
Development and leasing	\$595	\$193	\$5
Loan guarantee	161	80	—
Management	1,831	1,301	1,048
Marketing	493	433	163
Total Fees	\$3,080	\$2,007	\$1,216

Critical Accounting Estimates

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our consolidated financial statements.

Principles of Consolidation

The consolidated financial statements of the Company include its accounts and its wholly-owned subsidiaries, as well as the Operating Partnership and its subsidiaries. The consolidated financial statements of the Operating Partnership include its accounts and its wholly-owned subsidiaries. Intercompany balances and transactions have been eliminated in consolidation. Investments in real estate joint ventures in which we have a non-controlling ownership interest are accounted for using the equity method of accounting.

In accordance with amended guidance related to the consolidation of variable interest entities which became effective January 1, 2010, we perform an analysis of all of our real estate joint ventures to determine whether they qualify as variable interest entities, (“VIE”), and whether the joint venture should be consolidated or accounted for as an equity method investment in an unconsolidated joint venture. Our analysis includes our judgment with respect to our level of influence or control of an entity and whether we are the primary beneficiary of a VIE. We consider various factors including the form of our ownership interest, our representation in an entity's governance, the size of our investment, our ability to participate in policy making decisions and the rights of the other investors to participate in the decision making process to replace us as manager and or liquidate the venture, if applicable. If we do not evaluate these joint ventures correctly under the amended guidance, we could significantly overstate or understate our financial condition and results of operations.

Acquisition of Real Estate

We allocate the purchase price of acquisitions based on the fair value of land, building, tenant improvements, debt and deferred lease costs and other intangibles, such as the value of leases with above or below market rents, origination costs associated with the in-place leases, and the value of in-place leases and tenant relationships, if any. We depreciate the amount allocated to building, deferred lease costs and other intangible assets over their estimated useful lives, which generally range from 3 to 33 years. The values of the above and below market leases are amortized and recorded as either an increase (in the case of below market leases) or a decrease (in the case of above market leases) to rental income over the remaining term of the associated lease. The values of below market leases that are considered to have renewal periods with below market rents are amortized over the remaining term of the associated lease plus the renewal periods when the renewal is deemed probable to occur. The value associated with in-place leases is amortized over the remaining lease term and tenant relationships is amortized over the expected term, which includes an estimated probability of the lease renewal. If a tenant terminates its lease prior to the contractual termination date of the lease and no rental payments are being made on the lease, any unamortized balance of the related deferred lease costs is written off. The tenant improvements and origination costs are amortized as an expense over the remaining life of the lease (or charged against earnings if the lease is terminated prior to its contractual expiration date). We assess fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information.

If we do not allocate appropriately to the separate components of rental property, deferred lease costs and other intangibles or if we do not estimate correctly the total value of the property or the useful lives of the assets, our computation of depreciation and amortization expense may be significantly understated or overstated.

Cost Capitalization

We capitalize all incremental, direct fees and costs incurred to originate operating leases as deferred charges. We amortize these costs to expense over the minimum lease term. We capitalize all costs incurred for the construction and development of properties, including interest costs, during the active development period.

If we incorrectly estimate the amount of costs to capitalize, we could significantly overstate or understate our financial condition and results of operations.

Impairment of Long-Lived Assets and Investments in Unconsolidated Entities

Rental property held and used by us is reviewed for impairment in the event that facts and circumstances indicate the carrying amount of an asset may not be recoverable. In such an event, we compare the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount, and if less, recognize an impairment loss in an amount by which the carrying amount exceeds its fair value. If we do not recognize impairments at appropriate times and in appropriate amounts, our consolidated balance sheet may overstate the value of our long-lived assets. We believe that no impairment existed at December 31, 2013.

On a periodic basis, we assess whether there are any indicators that the value of our investments in unconsolidated joint ventures may be impaired. An investment is impaired only if management's estimate of the value of the investment is less than the carrying value of the investments, and such decline in value is deemed to be other than temporary. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the investment over the value of the investment. Our estimates of value for each joint venture investment are based on a number of assumptions that are subject to economic and market uncertainties including, among others, demand for space, competition for tenants, changes in market rental rates and operating costs of the property. As these factors are difficult to predict and are subject to future events that may alter our assumptions, the values estimated by us in our

impairment analysis may not be realized.

Revenue Recognition

Base rentals are recognized on a straight-line basis over the term of the lease. As a provision of a tenant lease, if we make a cash payment to the tenant for purposes other than funding the construction of landlord assets, we defer the amount of such payments as a lease incentive. We amortize lease incentives as a reduction of base rental revenue over the term of the lease. Substantially all leases contain provisions which provide additional rents based on each tenants' sales volume ("percentage rentals") and reimbursement of the tenants' share of advertising and promotion, common area maintenance, insurance and real estate tax expenses. Percentage rentals are recognized when specified targets that trigger the contingent rent are met. Expense reimbursements are recognized in the period the applicable expenses are incurred. Payments received from the early termination of leases are recognized as revenue from the time payment is receivable until the tenant vacates the space.

SUPPLEMENTAL EARNINGS MEASURES

Funds from Operations

Funds from Operations represents income before extraordinary items and gains (losses) on sale or disposal of depreciable operating properties, plus depreciation and amortization uniquely significant to real estate, impairment losses on depreciable real estate of consolidated real estate and after adjustments for unconsolidated partnerships and joint ventures, including depreciation and amortization, and impairment losses on investments in unconsolidated joint ventures driven by a measurable decrease in the fair value of depreciable real estate held by the unconsolidated joint ventures.

FFO is intended to exclude historical cost depreciation of real estate as required by United States Generally Accepted Accounting Principles ("GAAP"), which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO excludes depreciation and amortization unique to real estate, gains and losses from property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities and interest costs, providing perspective not immediately apparent from net income.

We present FFO because we consider it an important supplemental measure of our operating performance and believe it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is widely used by us and others in our industry to evaluate and price potential acquisition candidates. The National Association of Real Estate Investment Trusts, Inc., of which we are a member, has encouraged its member companies to report their FFO as a supplemental, industry-wide standard measure of REIT operating performance. In addition, a percentage of bonus compensation to certain members of management is based on our FFO performance.

FFO has significant limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

• FFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;

• FFO does not reflect changes in, or cash requirements for, our working capital needs;

• Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and FFO does not reflect any cash requirements for such replacements;

FFO, which includes discontinued operations, may not be indicative of our ongoing operations; and

Other companies in our industry may calculate FFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, FFO should not be considered as a measure of discretionary cash available to us to invest in the growth of our business or our dividend paying capacity. We compensate for these limitations by relying primarily on our GAAP results and using FFO only supplementally.

Below is a reconciliation of net income to FFO for the years ended December 31, 2013, 2012 and 2011 as well as other data for those respective periods (in thousands, except per share and unit amounts):

	2013	2012	2011
Funds from Operations:			
Net income	\$ 113,321	\$ 56,476	\$ 50,989
Adjusted for:			
Depreciation and amortization uniquely significant to real estate - consolidated	94,515	97,760	83,275
Depreciation and amortization uniquely significant to real estate - unconsolidated joint ventures	12,419	8,105	5,175
Gain on previously held interest in acquired joint venture	(26,002)	—	—
Impairment charges - unconsolidated joint ventures	—	140	300
Funds from operations	194,253	162,481	139,739
FFO attributable to noncontrolling interests in other consolidated partnerships	(202)	(26)	(37)
Allocation of FFO to participating securities	(2,025)	(1,576)	(1,240)
Funds from operations available to common shareholders and noncontrolling interests in Operating Partnership	\$ 192,026	\$ 160,879	\$ 138,462
Tanger Factory Outlet Centers, Inc.:			
Weighted average common shares outstanding ^{(1) (2)}	99,129	98,605	96,021
Dilutive funds from operations per share	\$ 1.94	\$ 1.63	\$ 1.44
Tanger Properties Limited Partnership:			
Weighted average Operating Partnership units outstanding ⁽¹⁾	99,129	98,605	96,021
Dilutive funds from operations per unit	\$ 1.94	\$ 1.63	\$ 1.44

(1) Includes the dilutive effect of options, restricted shares not considered participating securities, notional units and exchangeable notes.

(2) Assumes the Class A common limited partnership units of the Operating Partnership held by the noncontrolling interest are exchanged for common shares of the Company. Each Class A common limited partnership unit is exchangeable for one of the Company's common shares, subject to certain limitations to preserve the Company's REIT status.

Adjusted Funds from Operations

We present Adjusted Funds From Operations ("AFFO"), as a supplemental measure of our performance. We define AFFO as FFO further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized in the table below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating AFFO you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of AFFO should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

We present AFFO because we believe it assists investors and analysts in comparing our performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. In addition, we use AFFO, or some form of AFFO, when certain material, unplanned transactions occur, as a factor in evaluating management's performance when determining incentive compensation and to evaluate the effectiveness of our business strategies.

AFFO has limitations as an analytical tool. Some of these limitations are:

- AFFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;

- AFFO does not reflect changes in, or cash requirements for, our working capital needs;

- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and AFFO does not reflect any cash requirements for such replacements;

- AFFO does not reflect the impact of certain cash charges resulting from matters we consider not to be indicative of our ongoing operations; and

- other companies in our industry may calculate AFFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, AFFO should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using AFFO only supplementally.

Below is a reconciliation of FFO to AFFO for the years ended December 31, 2013, 2012 and 2011 as well as other data for those respective periods (in thousands, except per share and unit amounts):

	2013	2012	2011
Adjusted Funds from Operations:			
Funds from operations	\$ 194,253	\$ 162,481	\$ 139,739
Adjusted for non-core items:			
Acquisition costs	1,203	117	2,736
Abandoned development costs	—	—	158
Demolition costs	140	—	—
AFFO adjustments from unconsolidated joint ventures ⁽¹⁾	(7,422) 1,370	—
Adjusted funds from operations (AFFO)	188,174	163,968	142,633
AFFO attributable to noncontrolling interests in other consolidated partnerships	(202) (26) (37
Allocation of AFFO to participating securities	(1,958) (1,590) (1,266
Adjusted funds from operations available to common shareholders and noncontrolling interest in Operating Partnership	\$ 186,014	\$ 162,352	\$ 141,330
Tanger Factory Outlet Centers, Inc.:			
Weighted average common shares outstanding ⁽²⁾ ⁽³⁾	99,129	98,605	96,021
Dilutive adjusted funds from operations per share	\$ 1.88	\$ 1.65	\$ 1.47
Tanger Properties Limited Partnership:			
Weighted average Operating Partnership units outstanding ⁽²⁾	99,129	98,605	96,021
Dilutive adjusted funds from operations per unit	\$ 1.88	\$ 1.65	\$ 1.47

Includes our share of acquisition costs, litigation settlement proceeds, abandoned development costs and gain on (1) early extinguishment of debt from unconsolidated joint ventures. The gain on early extinguishment of debt was \$4.6 million and the litigation settlement proceeds were \$3.2 million, for the year ended, December 31, 2013.

(2) Includes the dilutive effect of options, restricted shares not considered participating securities, notional units and exchangeable notes.

(3) Assumes the Class A common limited partnership units of the Operating Partnership held by the noncontrolling interest are exchanged for common shares of the Company.

Same Center Net Operating Income

We present Same Center Net Operating Income (“NOI”) as a supplemental measure of our performance. We define Net Operating Income (“NOI”) as total operating revenues less property operating expenses. Same Center NOI represents the NOI for the properties that were operational for the entire portion of both comparable reporting periods and which were not acquired, renovated or subject to a material, non-recurring event, such as a natural disaster, during the comparable reporting periods. We believe that NOI and Same Center NOI provide useful information to our investors and analysts about our financial and operating performance because it provides a performance measure of the revenues and expenses directly involved in owning and operating real estate assets and provides a perspective not immediately apparent from net income or FFO. Because Same Center NOI excludes the change in NOI from properties developed, redeveloped, acquired and sold, it highlights operating trends such as occupancy levels, rental rates and operating costs on properties that were operational for both comparable periods. Other REITs may use different methodologies for calculating Same Center NOI, and accordingly, our Same Center NOI may not be comparable to other REITs.

Same Center NOI should not be viewed as an alternative measure of the Company's financial performance since it does not reflect the operations of the Company's entire portfolio, nor does it reflect the impact of general and administrative expenses, acquisition-related expenses, interest expense, depreciation and amortization costs, other non-property income and losses, and the level of capital expenditures and leasing costs necessary to maintain the operating performance of the Company's properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact the Company's results from operations.

Below is a reconciliation of income before equity in losses of unconsolidated joint ventures to Same Center NOI (in thousands):

	2013	2012
Same Center Net Operating Income		
Income before equity in earnings (losses) of unconsolidated joint ventures	\$ 102,281	\$ 59,771
Interest expense	51,616	49,814
Gain on previously held interest in acquired joint venture	(26,002)	—
Operating income	127,895	109,585
Adjusted to exclude:		
Depreciation and amortization	95,746	98,683
Other non-property income and losses	(8,821)	(5,615)
Acquisition costs	1,203	117
General and administrative expenses	39,119	37,452
Property net operating income	255,142	240,222
Less: non-cash adjustments and termination rents ⁽¹⁾	(5,596)	(5,470)
Property net operating income - cash basis	249,546	234,752
Less: non-same center and other NOI ⁽²⁾	(5,296)	(505)
Total same center NOI - cash basis	\$ 244,250	\$ 234,247

(1) Non-cash items include straight-line rent, net above and below market rent amortization and gains or losses on outparcel sales.

(2) Excluded from Same Center NOI are the following:

a. Locust Grove - 26,000 square foot expansion which opened during April 2012.

b. Gonzales - 40,000 square foot expansion which opened during March and April 2013.

c. Sevierville - 20,000 expansion which opened during September 2013.

d. Deer Park - The Company acquired a controlling interest in the 741,981 square foot center located in Deer Park, NY on August 30, 2013.

Economic Conditions and Outlook

The majority of our leases contain provisions designed to mitigate the impact of inflation. Such provisions include clauses for the escalation of base rent and clauses enabling us to receive percentage rentals based on tenants' gross sales (above predetermined levels, which we believe often are lower than traditional retail industry standards) which generally increase as prices rise. Most of the leases require the tenant to pay their share of property operating expenses, including common area maintenance, real estate taxes, insurance and advertising and promotion, thereby reducing exposure to increases in costs and operating expenses resulting from inflation.

While we believe outlet stores will continue to be a profitable and fundamental distribution channel for many brand name manufacturers, some retail formats are more successful than others. As is typical in the retail industry, certain tenants have closed, or will close, certain stores by terminating their lease prior to its natural expiration or as a result of filing for protection under bankruptcy laws.

Due to the relatively short-term nature of our tenants' leases, a significant portion of the leases in our portfolio come up for renewal each year. During 2013, approximately 2.0 million square feet, or 18%, of our then owned, consolidated portfolio came up for renewal and 1.6 million, or 14%, of our current consolidated portfolio will come up for renewal in 2014. During 2013, we renewed 81% of the square feet that came up for renewal with the existing tenants at a 19% increase in the average base rental rate compared to the expiring rate. We also re-tenanted 510,000 square feet at a 38% increase in the average base rental rate. In addition, we continue to attract and retain additional tenants. However, there can be no assurance that we can achieve similar increases in base rental rates. In addition, if we were unable to successfully renew or release a significant amount of this space on favorable economic terms, the loss in rent could have a material adverse effect on our results of operations.

Our outlet centers typically include well-known, national, brand name companies. By maintaining a broad base of well-known tenants and a geographically diverse portfolio of properties located across the United States, we reduce our operating and leasing risks. No one tenant (including affiliates) accounts for more than 7.8% of our square feet or 5.0% of our combined base and percentage rental revenues. Accordingly, although we can give no assurance, we do not expect any material adverse impact on our results of operations and financial condition as a result of leases to be renewed or stores to be released. As of December 31, 2013 and 2012, respectively, occupancy at our consolidated outlet centers was approximately 99% for both periods.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

Market Risk

We are exposed to various market risks, including changes in interest rates. Market risk is the potential loss arising from adverse changes in market rates and prices, such as interest rates. We may periodically enter into certain interest rate protection and interest rate swap agreements to effectively convert existing floating rate debt to a fixed rate basis. We do not enter into derivatives or other financial instruments for trading or speculative purposes. We are also exposed to foreign currency risk on investments in outlet centers that are located in Canada. Our currency exposure is concentrated in the Canadian Dollar. We typically reinvest net cash flow from our Canadian joint ventures to fund future Canadian development activity. We believe this strategy mitigates some of the risk of our initial investment and our exposure to changes in foreign currencies. We generally do not hedge currency translation exposures.

In August 2013, as part of the acquisition of a controlling interest in Deer Park, we assumed a \$150.0 million interest only mortgage loan, including a fair value discount of \$1.6 million. The loan has a 5 year term and carries an interest rate of LIBOR + 1.50%. In October 2013, we entered into interest rate swap agreements to reduce our floating rate debt exposure by locking the interest rate on the \$150.0 million mortgage. The interest rate swap agreements fix the

base LIBOR rate at an average of 1.30%, creating a contractual interest rate for the loan of 2.80% through August 2018. The fair value of the interest rate swap agreements represents the estimated receipts or payments that would be made to terminate the agreement. At December 31, 2013, the fair value of these contracts was \$1.3 million. The fair value is based on dealer quotes, considering current interest rates, remaining term to maturity and our credit standing.

As of December 31, 2013, 21% of our outstanding debt had variable interest rates, excluding variable rate debt with interest rate protection agreements in place, and therefore were subject to market fluctuations. An increase in the LIBOR index of 100 basis points would result in an increase of approximately \$2.7 million in interest expense on an annual basis. The information presented herein is merely an estimate and has limited predictive value. As a result, the ultimate effect upon our operating results of interest rate fluctuations will depend on the interest rate exposures that arise during the period, our hedging strategies at that time and future changes in the level of interest rates.

The estimated fair value of our debt, consisting of senior unsecured notes, unsecured term loan and unsecured lines of credit, at December 31, 2013 and 2012 was \$1.4 billion and \$1.2 billion, respectively, and its recorded value was \$1.3 billion and \$1.1 billion, respectively. A 100 basis point increase from prevailing interest rates at December 31, 2013 and 2012 would result in a decrease in fair value of total debt by approximately \$46.3 million and \$34.8 million, respectively. Fair values were determined, based on level 2 inputs, using discounted cash flow analysis with an interest rate or credit spread similar to that of current market borrowing arrangements.

Item 8. Financial Statements and Supplementary Data

The information required by this Item is set forth on the pages indicated in Item 15(a) below.

Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure

Not applicable.

Item 9A. Controls and Procedures

Tanger Factory Outlet Centers, Inc.

(a) Evaluation of disclosure control procedures.

The Chief Executive Officer, Steven B. Tanger (Principal Executive Officer), and Chief Financial Officer, Frank C. Marchisello Jr. (Principal Financial Officer), evaluated the effectiveness of the Company's disclosure controls and procedures on December 31, 2013 and concluded that, as of that date, the Company's disclosure controls and procedures were effective to ensure that the information the Company is required to disclose in its filings with the SEC under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms, and to ensure that information required to be disclosed by the Company in the reports that it files under the Exchange Act is accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

(b) Management's report on internal control over financial reporting.

Internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act, is a process designed by, or under the supervision of, the Company's Chief Executive Officer and Chief Financial Officer, or persons performing similar functions, and effected by the Company's board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, is responsible for establishing and maintaining policies and procedures designed to maintain the adequacy of the Company's internal control over financial reporting, including those policies and procedures that:

- (1) Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company;

Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (2) Provide reasonable assurance that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

The Company's management has evaluated the effectiveness of the Company's internal control over financial reporting as of December 31, 2013 based on the criteria established in a report entitled Internal Control-Integrated Framework (1992), issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on our assessment and those criteria, the Company's management has concluded that the Company's internal control over financial reporting was effective at the reasonable assurance level as of December 31, 2013.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The effectiveness of the Company's internal control over financial reporting as of December 31, 2013 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report which appears herein.

(c) There were no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our last fiscal quarter ended December 31, 2013 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Tanger Properties Limited Partnership

(a) Evaluation of disclosure control procedures.

The Chief Executive Officer, Steven B. Tanger (Principal Executive Officer), and Vice President and Treasurer, Frank C. Marchisello Jr. (Principal Financial Officer) of Tanger GP Trust, sole general partner of the Operating Partnership, evaluated the effectiveness of the registrant's disclosure controls and procedures on December 31, 2013 and concluded that, as of that date, the registrant's disclosure controls and procedures were effective to ensure that the information the registrant is required to disclose in its filings with the Commission under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms, and to ensure that information required to be disclosed by the registrant in the reports that it files under the Exchange Act is accumulated and communicated to the registrant's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

(b) Management's report on internal control over financial reporting.

Internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act, is a process designed by, or under the supervision of, the Operating Partnership's Principal Executive Officer and Principal Financial Officer, or persons performing similar functions, and effected by the Operating Partnership's board of trustees, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Operating Partnership's management, with the participation of the Operating Partnership's Principal Executive Officer and Principal Financial Officer, is responsible for establishing and maintaining policies and procedures designed to maintain the adequacy of the Operating Partnership's internal control over financial reporting, including those policies and procedures that:

- (1) Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Operating Partnership;

Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the
- (2) Operating Partnership are being made only in accordance with authorizations of management and trustees of the Operating Partnership; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Operating Partnership's assets that could have a material effect on the financial statements.

The Operating Partnership's management has evaluated the effectiveness of the Operating Partnership's internal control over financial reporting as of December 31, 2013 based on the criteria established in a report entitled Internal Control-Integrated Framework (1992), issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on our assessment and those criteria, the Operating Partnership's management has concluded that the Operating Partnership's internal control over financial reporting was effective at the reasonable assurance level as of December 31, 2013.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The effectiveness of the Operating Partnership's internal control over financial reporting as of December 31, 2013 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report which appears herein.

(c) There were no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our last fiscal quarter ended December 31, 2013 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information

All information required to be disclosed in a report on Form 8-K during the fourth quarter of 2013 was reported.

PART III

Certain information required by Part III is omitted from this Report in that the Company will file a definitive proxy statement pursuant to Regulation 14A, or the Proxy Statement, not later than 120 days after the end of the fiscal year covered by this Report, and certain information included therein is incorporated herein by reference. Only those sections of the Proxy Statement which specifically address the items set forth herein are incorporated by reference.

Item 10. Directors, Executive Officers and Corporate Governance

The information concerning the Company's directors required by this Item is incorporated herein by reference to the Company's Proxy Statement to be filed with respect to the Company's Annual Meeting of Shareholders which is expected to be held on May 16, 2014.

The information concerning the Company's executive officers required by this Item is incorporated herein by reference to the section at the end of Part I, entitled "Executive Officers of Tanger Factory Outlet Centers, Inc."

The information regarding compliance with Section 16 of the Exchange Act is incorporated herein by reference to the Company's Proxy Statement to be filed with respect to the Company's Annual Meeting of Shareholders which is expected to be held on May 16, 2014.

The information concerning our Company Code of Ethics required by this Item, which is posted on our website at www.tangeroutlet.com, is incorporated herein by reference to the Company's Proxy Statement to be filed with respect to the Company's Annual Meeting of Shareholders which is expected to be held on May 16, 2014. The information found on, or otherwise accessible through, our website is not incorporated into, and does not form a part of, this annual report on Form 10-K or any other report or document we file with or furnish to the SEC.

The information concerning our corporate governance required by this Item is incorporated herein by reference to the Company's Proxy Statement to be filed with respect to the Company's Annual Meeting of Shareholders which is expected to be held on May 16, 2014.

Item 11. Executive Compensation

The information required by this Item is incorporated herein by reference to the Company's Proxy Statement to be filed with respect to the Company's Annual Meeting of Shareholders which is expected to be held on May 16, 2014.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Shareholder Matters.

The information concerning the security ownership of certain beneficial owners and management required by this Item is incorporated by reference herein to the Company's Proxy Statement to be filed with respect to the Company's Annual Meeting of Shareholders which is expected to be held on May 16, 2014.

The table below provides information as of December 31, 2013 with respect to compensation plans under which our equity securities are authorized for issuance. For each common share issued by the Company, the Operating Partnership issues one corresponding unit of partnership interest to the Company's wholly owned subsidiaries. Therefore, when the Company grants an equity based award, the Operating Partnership treats each award as having been granted by the Operating Partnership. In the discussion below, the term "we" refers to the Company and the Operating Partnership together and the term "common shares" is meant to also include corresponding units of the Operating Partnership.

Plan Category	(a) Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights ⁽¹⁾	(b) Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	(c) Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a)) ⁽²⁾
Equity compensation plans approved by security holders	1,415,219	\$24.13	3,140,128
Equity compensation plans not approved by security holders	—	—	—
Total	1,415,219	\$24.13	3,140,128

Includes 933,769 restricted common shares that were issued in January 2014 under the 2010 Multi-Year Performance Plan. Under the plan, we issued 392,000 notional units, net of notional units forfeited, which would convert into restricted common shares on a one-for-one basis to one-for-three basis depending upon the amount by which the Company's common shares appreciated above a minimum level over a four year performance period ending December 31, 2013. Also includes 315,150 restricted common shares, the maximum amount of restricted common shares that may be issued under the 2013 Outperformance Plan (the "2013 OPP"). Under the 2013 OPP, award recipients may earn up to an aggregate of 315,150 restricted common shares of the Company based on the Company's absolute share price appreciation (or total shareholder return) and its share price appreciation relative to its peer group, over a three year measurement period from January 1, 2013 through December 31, 2015. The weighted average exercise price in column (b) does not take these awards into account.

(2) Represents common shares available for issuance under the Amended and Restated Incentive Award Plan. Under the Amended and Restated Incentive Award Plan, the Company may award restricted common shares, performance awards, deferred shares and share payments.

Item 13. Certain Relationships and Related Transactions, and Director Independence

The information required by this Item is incorporated herein by reference to the Company's Proxy Statement to be filed with respect to the Company's Annual Meeting of Shareholders which is expected to be held on May 16, 2014.

Item 14. Principal Accounting Fees and Services

The information required by Item 9(e) of Schedule 14A is incorporated herein by reference to the Company's Proxy Statement to be filed with respect to the Company's Annual Meeting of Shareholders which is expected to be held on May 16, 2014.

PART IV

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Tanger Factory Outlet Centers, Inc.:

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations, of comprehensive income, of shareholders' equity, and of cash flows present fairly, in all material respects, the financial position of Tanger Factory Outlet Centers, Inc. and its subsidiaries at December 31, 2013 and 2012, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2013 in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2013, based on criteria established in Internal Control - Integrated Framework (1992) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for these financial statements, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express opinions on these financial statements and on the Company's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Report of Independent Registered Public Accounting Firm

To the Partners of Tanger Properties Limited Partnership:

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations, of comprehensive income, of equity, and of cash flows present fairly, in all material respects, the financial position of Tanger Properties Limited Partnership and its subsidiaries at December 31, 2013 and 2012, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2013 in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, the Partnership maintained, in all material respects, effective internal control over financial reporting as of December 31, 2013, based on criteria established in Internal Control - Integrated Framework (1992) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Partnership's management is responsible for these financial statements, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in Management's Report on Internal Control over Financial Reporting. Our responsibility is to express opinions on these financial statements and on the Partnership's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS OF
TANGER FACTORY OUTLET CENTERS, INC. AND
TANGER PROPERTIES LIMITED PARTNERSHIP

1. Organization of the Company

Tanger Factory Outlet Centers, Inc. and subsidiaries is one of the largest owners and operators of outlet centers in the United States and Canada. We are a fully-integrated, self-administered and self-managed real estate investment trust ("REIT") which, through our controlling interest in the Operating Partnership, focuses exclusively on developing, acquiring, owning, operating and managing outlet shopping centers. As of December 31, 2013, we owned and operated 37 outlet centers, with a total gross leasable area of approximately 11.5 million square feet. All references to gross leasable area, square feet, occupancy, stores and store brands contained in the notes to the consolidated financial statements are unaudited. These outlet centers were 99% occupied and contained over 2,400 stores, representing approximately 400 store brands. We also had partial ownership interests in 7 outlet centers totaling approximately 1.7 million square feet, including 3 outlet centers in Canada.

Our outlet centers and other assets are held by, and all of our operations are conducted by, Tanger Properties Limited Partnership and subsidiaries. Accordingly, the descriptions of our business, employees and properties are also descriptions of the business, employees and properties of the Operating Partnership. Unless the context indicates otherwise, the term "Company" refers to Tanger Factory Outlet Centers, Inc. and subsidiaries and the term "Operating Partnership" refers to Tanger Properties Limited Partnership and subsidiaries. The terms "we", "our" and "us" refer to the Company or the Company and the Operating Partnership together, as the text requires.

The Company owns the majority of the units of partnership interest issued by the Operating Partnership through its two wholly-owned subsidiaries, Tanger GP Trust and Tanger LP Trust. Tanger GP Trust controls the Operating Partnership as its sole general partner. Tanger LP Trust holds a limited partnership interest. As of December 31, 2013, the Company, through its ownership of Tanger GP Trust and Tanger LP Trust, owned 94,505,685 units of the Operating Partnership and other limited partners (the "Non-Company LPs") collectively owned 5,145,012 Class A common limited partnership units. Each Class A common limited partnership unit held by the Non-Company LPs is exchangeable for one of the Company's common shares, subject to certain limitations to preserve the Company's REIT status. Class B common limited partnership units, which are held by Tanger LP Trust, are not exchangeable for common shares of the Company.

2. Summary of Significant Accounting Policies

Principles of Consolidation - The consolidated financial statements of the Company include its accounts and its consolidated subsidiaries, as well as the Operating Partnership and its consolidated subsidiaries. The consolidated financial statements of the Operating Partnership include its accounts and its consolidated subsidiaries. Intercompany balances and transactions have been eliminated in consolidation.

We evaluate our real estate joint ventures in accordance with the Consolidation guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"). As a result of our qualitative assessment, we concluded that our Westgate joint venture is a Variable Interest Entity ("VIE") and none of our other joint ventures are a VIE. Westgate is considered a VIE because the voting rights are disproportionate to the economic interests. Investments in real estate joint ventures in which we have a non-controlling ownership interest are accounted for using the equity method of accounting.

After making the determination that Westgate was a VIE, we performed an assessment to determine if we would be considered the primary beneficiary and thus be required to consolidate its balance sheet and results of operations. This

assessment was based upon whether we had the following:

- a. The power to direct the activities of the VIE that most significantly impact the entity's economic performance
- b. The obligation to absorb losses of the entity that could potentially be significant to the VIE or the right to receive benefits from the entity that could potentially be significant to the VIE

F-15

The operating, development, leasing, and management agreement of Westgate provides that the activities that most significantly impact the economic performance of the venture require unanimous consent. Accordingly, we determined that we do not have the power to direct the significant activities that affect the economic performance of the ventures and therefore, have applied the equity method of accounting for Westgate. Our equity method investment in Westgate as of December 31, 2013 was approximately \$16.1 million. We are unable to estimate our maximum exposure to loss at this time because our guarantees are limited and based on the future operating performance of Westgate.

Noncontrolling interests - In the Company's consolidated financial statements, the "Noncontrolling interests in Operating Partnership" reflects the Non-Company LPs percentage ownership of the Operating Partnership's units. The noncontrolling interests in other consolidated partnerships consist of outside equity interests in partnerships not wholly-owned by the Company or the Operating Partnership that are consolidated with the financial results of the Company and Operating Partnership because the Operating Partnership exercises control over the entities that own the properties. Noncontrolling interests are initially recorded in the consolidated balance sheets at fair value based upon purchase price allocations. Income is allocated to the noncontrolling interests based on their respective ownership interest.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Estimates are used in the calculations of impairment losses, costs capitalized to originate operating leases, costs incurred for the construction and development of properties, and the values of deferred lease costs and other intangibles related to the acquisition of properties. Actual results could differ from those estimates.

Operating Segments - We focus exclusively on developing, acquiring, owning, operating, and managing outlet shopping centers. We aggregate the financial information of all outlet centers into one reportable operating segment because the centers all have similar economic characteristics and provide similar products and services to similar types and classes of customers.

Rental Property - Rental properties are recorded at cost less accumulated depreciation. Costs incurred for the construction and development of properties, including certain overhead costs, are capitalized. The amount of overhead costs capitalized is based on our estimate of the amount of costs directly related to the construction or development of these assets. Direct costs to acquire existing centers are expensed as incurred. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets. We generally use estimated lives of 33 years for buildings and improvements, 15 years for land improvements and 7 years for equipment. Tenant finishing allowances are amortized over the life of the associated lease. Expenditures for ordinary maintenance and repairs are charged to operations as incurred while significant renovations and improvements which improve and/or extend the useful life of the asset are capitalized and depreciated over their estimated useful life. Interest costs are capitalized during periods of active construction for qualified expenditures based upon interest rates in place during the construction period until construction is substantially complete. Capitalized interest costs are amortized over lives which are consistent with the constructed assets.

In accordance with accounting guidance for business combinations, we allocate the purchase price of acquisitions based on the fair value of land, building, tenant improvements, debt and deferred lease costs and other intangibles, such as the value of leases with above or below market rents, origination costs associated with the in-place leases, the value of in-place leases and tenant relationships, if any. We depreciate the amount allocated to building, deferred lease costs and other intangible assets over their estimated useful lives, which range up to 33 years. The values of the above and below market leases are amortized and recorded as either an increase (in the case of below market leases) or a decrease (in the case of above market leases) to rental income over the remaining term of the associated lease. The values of below market leases that are considered to have renewal periods with below market rents are amortized over the remaining term of the associated lease plus the renewal periods when the renewal is deemed probable to occur. The value associated with in-place leases is amortized over the remaining lease term and tenant relationships is amortized over the expected term, which includes an estimated probability of the lease renewal. If a tenant terminates its lease prior to the contractual termination of the lease and no rental payments are being made on the lease, any unamortized balance of the related intangibles is written off. The tenant improvements and origination costs are amortized as an expense over the remaining life of the lease (or charged against earnings if the lease is terminated prior to its contractual expiration date). We assess fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. These cash flow projections may be derived from various observable and unobservable inputs and assumptions. Also, we may utilize third-party valuation specialists. As a part of acquisition accounting, the amount by which the fair value of our previously held equity method investment exceeds the carrying book value is recorded as a gain on previously held interest in acquired joint venture.

Buildings, improvements and fixtures consist primarily of permanent buildings and improvements made to land such as infrastructure and costs incurred in providing rental space to tenants. Interest costs capitalized during 2013, 2012 and 2011 amounted to approximately \$1.6 million, \$1.2 million and \$393,000, respectively, and internal development costs capitalized amounted to \$2.2 million, \$1.8 million and \$1.4 million, respectively. Depreciation expense related to rental property included in net income for each of the years ended December 31, 2013, 2012 and 2011 was \$74.7 million, \$73.7 million and \$66.2 million, respectively.

The pre-construction stage of project development involves certain costs to secure land control and zoning and complete other initial tasks essential to the development of the project. These costs are transferred from other assets to construction in progress when the pre-construction tasks are completed. Costs of unsuccessful pre-construction efforts are charged to operations when the project is no longer probable.

Cash and Cash Equivalents - All highly liquid investments with an original maturity of three months or less at the date of purchase are considered to be cash equivalents. Cash balances at a limited number of banks may periodically exceed insurable amounts. We believe that we mitigate our risk by investing in or through major financial institutions. Recoverability of investments is dependent upon the performance of the issuer. At December 31, 2013 and 2012, respectively, we had cash equivalent investments in highly liquid money market accounts at major financial institutions of \$670,000 and \$670,000, respectively.

Deferred Charges - Deferred charges includes deferred lease costs and other intangible assets consisting of fees and costs incurred to originate operating leases and are amortized over the expected lease term. Deferred lease costs capitalized, including internal lease costs and amounts paid to third-party brokers, during 2013, 2012 and 2011 were approximately \$4.0 million, \$5.1 million and \$10.7 million, respectively. Deferred lease costs and other intangible assets also include the value of leases and origination costs deemed to have been acquired in real estate acquisitions. Deferred financing costs include fees and costs incurred to obtain long-term financing and are amortized over the terms of the respective loans. Unamortized deferred financing costs are charged to expense when debt is retired before the maturity date.

Captive Insurance - Our wholly-owned subsidiary, Northline Indemnity, LLC, is responsible for losses up to certain deductible levels per occurrence for property damage (including wind damage from hurricanes) prior to third-party insurance coverage. Insurance losses are reflected in property operating expenses and include estimates of costs incurred, both reported and unreported.

F-17

Impairment of Long-Lived Assets - Rental property held and used by us is reviewed for impairment in the event that facts and circumstances indicate the carrying amount of an asset may not be recoverable. In such an event, we compare the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount, and if less, recognize an impairment loss in an amount by which the carrying amount exceeds its fair value. Fair value is determined using a market approach whereby we consider the prevailing market income capitalization rates and sales data for transactions involving similar assets. We recognized no impairment losses during the years ended December 31, 2013, 2012, and 2011 respectively. We believe there are no unrecorded impairment losses as of December 31, 2013.

Real Estate Assets Held For Sale - Real estate assets designated as held for sale are stated at the lower of their carrying value or their fair value less costs to sell. We classify real estate as held for sale when our Board of Directors approves the sale of the assets and it meets the requirements of current accounting guidance. Subsequent to this classification, no further depreciation is recorded on the assets. The operating results of real estate assets designated as held for sale and for assets sold, in which we will not have any significant continuing involvement, are included in discontinued operations for all periods presented in our results of operations.

Impairment of Investments - On a periodic basis, we assess whether there are any indicators that the value of our investments in unconsolidated joint ventures may be impaired. An investment is impaired only if management's estimate of the value of the investment is less than the carrying value of the investments, and such decline in value is deemed to be other than temporary. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the investment over the value of the investment. Our estimates of value for each joint venture investment are based on a number of assumptions that are subject to economic and market uncertainties including, among others, demand for space, competition for tenants, changes in market rental rates and operating costs of the property. As these factors are difficult to predict and are subject to future events that may alter our assumptions, the values estimated by us in our impairment analysis may not be realized. As of December 31, 2013, we do not believe that any of our equity investments were impaired.

Derivatives - We selectively enter into interest rate protection agreements to mitigate the impact of changes in interest rates on our variable rate borrowings. The notional amounts of such agreements are used to measure the interest to be paid or received and do not represent the amount of exposure to loss. None of these agreements are used for speculative or trading purposes.

We recognize all derivatives as either assets or liabilities in the consolidated balance sheets and measure those instruments at their fair value. We also measure the effectiveness, as defined by the relevant accounting guidance, of all derivatives. We formally document our derivative transactions, including identifying the hedge instruments and hedged items, as well as our risk management objectives and strategies for entering into the hedge transaction. At inception and on a quarterly basis thereafter, we assess the effectiveness of derivatives used to hedge transactions. If a cash flow hedge is deemed effective, we record the change in fair value in other comprehensive income. If after assessment it is determined that a portion of the derivative is ineffective, then that portion of the derivative's change in fair value will be immediately recognized in earnings.

Income Taxes - We operate in a manner intended to enable the Company to qualify as a REIT under the Internal Revenue Code. A REIT which distributes at least 90% of its taxable income to its shareholders each year and which meets certain other conditions is not taxed on that portion of its taxable income which is distributed to its shareholders. We intend to continue to qualify as a REIT and to distribute substantially all of the Company's taxable income to its shareholders. Accordingly, no provision has been made in the Company's consolidated financial statements for Federal income taxes. As a partnership, the allocated share of income or loss for the year with respect to the Operating Partnership is included in the income tax returns for the partners; accordingly, no provision has been made for Federal income taxes in the Operating Partnership's consolidated financial statements. In addition, we

continue to evaluate uncertain tax positions. The tax years 2010 - 2013 remain open to examination by the major tax jurisdictions to which we are subject.

F-18

For income tax purposes, distributions paid to the Company's common shareholders consist of ordinary income, capital gains, return of capital or a combination thereof. Dividends per share for the years ended December 31, 2013, 2012 and 2011 were taxable as follows:

Common dividends per share:	2013	2012	2011
Ordinary income	\$0.7894	\$0.8293	\$0.7938
Capital gain	0.0115	—	—
Return of capital	0.0841	0.0007	—
	\$0.8850	\$0.8300	\$0.7938

The following reconciles net income available to the Company's shareholders to taxable income available to common shareholders for the years ended December 31, 2013, 2012 and 2011:

	2013	2012	2011
Net income available to the Company's shareholders	\$107,557	\$53,228	\$44,641
Book/tax difference on:			
Depreciation and amortization	(10,697) 16,034	16,232
Loss on sale or disposal of real estate	(1,805) (1,543) (3,113
Equity in earnings from unconsolidated joint ventures	5,601	5,037	2,482
Share-based payment compensation	(3,818) (6,298) (491
Gain on previously held interest in acquired joint venture	(24,710) —	—
Other differences	(5,823) (850) 997
Taxable income available to common shareholders	\$66,305	\$65,608	\$60,748

Revenue Recognition - Base rentals are recognized on a straight-line basis over the term of the lease. Straight-line rent adjustments recorded in other assets were approximately \$30.9 million and \$25.1 million as of December 31, 2013 and 2012, respectively. As a provision of a tenant lease, if we make a cash payment to the tenant for purposes other than funding the construction of landlord assets, we defer the amount of such payments as a lease incentive. We amortize lease incentives as a reduction of base rental revenue over the term of the lease. Substantially all leases contain provisions which provide additional rents based on tenants' sales volume ("percentage rentals") and reimbursement of the tenants' share of advertising and promotion, common area maintenance, insurance and real estate tax expenses. Percentage rentals are recognized when specified targets that trigger the contingent rent are met. Expense reimbursements are recognized in the period the applicable expenses are incurred. Payments received from the early termination of leases are recognized as revenue from the time the payment is receivable until the tenant vacates the space. The values of the above and below market leases are amortized and recorded as either an increase (in the case of below market leases) or a decrease (in the case of above market leases) to rental income over the remaining term of the associated lease. If a tenant terminates its lease prior to the original contractual termination of the lease and no rental payments are being made on the lease, any unamortized balance of the related above or below market lease value will be written off.

We receive development, leasing, loan guarantee, management and marketing fees from third parties and unconsolidated affiliates for services provided to properties held in joint ventures. Development fees are recognized as revenue when earned over the development period. Leasing fees are charged for newly executed leases and lease renewals, and are recognized as revenue when earned. Profits from development and leasing fees received from unconsolidated affiliates are recognized as revenue to the extent of the third-party partners' ownership interest. Profits earned to the extent of our ownership interest are recorded as a reduction to our investment in the unconsolidated affiliate. Loan guarantee fees are recognized over the term of the guarantee. Management fees are charged as a percentage of revenues (as defined in the management agreement) and are recognized as revenue when earned. Marketing fees are charged as a percentage of marketing expenses incurred by the property. Fees recognized from these activities are shown as other income in our consolidated statement of operations. Fees received from consolidated joint ventures are eliminated in consolidation.

F-19

Concentration of Credit Risk - We perform ongoing credit evaluations of our tenants. Although the tenants operate principally in the retail industry, the properties are geographically diverse. No single tenant accounted for 10% or more of combined base and percentage rental income or gross leasable area during 2013, 2012 or 2011.

Supplemental Cash Flow Information - We purchase capital equipment and incur costs relating to construction of new facilities, including tenant finishing allowances. Expenditures included in construction trade payables as of December 31, 2013, 2012 and 2011 amounted to \$9.8 million, \$7.1 million and \$13.7 million, respectively.

Non-cash financing activities related to the acquisition of a controlling interest in Deer Park, as discussed in Note 3, included the assumption of debt totaling \$237.9 million, and the issuance of \$14.0 million in Class A common limited partnership units of the Operating Partnership as a portion of the consideration given. In addition, rental property and lease related intangible assets increased by \$27.9 million related to the fair value of the one-third interest owned by Deer Park's other remaining partner and \$26.0 million related to the fair value of our previously held interest in excess of carrying amount.

Non-cash financing activities that occurred during the 2011 period included the assumption of mortgage debt in the amount of \$112.7 million, including total net premiums of \$7.1 million related to the acquisitions described in Note 3.

Interest paid, net of interest capitalized, in 2013, 2012 and 2011 was \$48.0 million, \$46.8 million and \$45.4 million, respectively.

Accounting for Equity-Based Compensation - We may issue non-qualified options and other equity-based awards under the Amended and Restated Incentive Award Plan (the "Incentive Award Plan"). We account for our equity-based compensation plan under the fair value provisions of the relevant accounting guidance.

Foreign Currency Translation - We have entered into a co-ownership agreement with RioCan Real Estate Investment Trust to develop and acquire outlet centers in Canada for which the functional currency is the local currency. The assets and liabilities related to our investments in Canada are translated from their functional currency into U.S. Dollars at the rate of exchange in effect on the balance sheet date. Income statement accounts are translated using the average exchange rate for the period. Our share of unrealized gains and losses resulting from the translation of these financial statements are reflected in shareholders' equity as a component of Accumulated Other Comprehensive Income (loss) in the Company's Consolidated Balance Sheets.

New Accounting Pronouncements - There are no recently issued accounting pronouncements that are expected to have a material effect on our financial condition and results of operations in future periods.

Operating Partnership Unit Split - In August 2013, the Operating Partnership's operating agreement was amended to, among other things, effect a four-for-one split of the outstanding partnership units. After the effect of the split, each Class A common limited partnership unit held by Non-Company LPs may be exchanged for one common share of the Company. Prior to the split, each unit held by the Non-Company LPs was exchangeable for four common shares of the Company. All references to the number of units outstanding and per unit amounts reflect the effect of the split for all periods presented.

Reclassifications - Certain amounts related to reimbursements of payroll related expenses from unconsolidated joint ventures in the consolidated statement of operations for the year ended December 31, 2012 have been reclassified to the caption "expense reimbursements" from the caption "other income" to conform to the presentation of the consolidated statement of operations presented for the year ended December 31, 2013.

In addition, we have corrected the classification of certain amounts related to above and below market lease contracts in the consolidated balance sheet of the Company and Operating Partnership as of December 31, 2012. The amounts were previously reported net in the caption deferred lease costs and other intangibles, net. Below market lease values, net of accumulated amortization, in the amount of \$6.4 million, has been reclassified into the other liabilities line item in the consolidated balance sheet as of December 31, 2012. These revisions were not considered material to the previously issued financial statements.

3. Acquisition of Rental Property

2013 Acquisitions

In August 2013, Deer Park completed a refinancing of its existing debt and then immediately restructured the ownership whereby we acquired an additional ownership interest in the property from one of the partners which gave us a controlling interest. With the acquisition of this additional interest, we have consolidated the property for financial reporting purposes since the acquisition date, and remeasured our previously held interest that was accounted for as an equity method investment.

Prior to the acquisition, Deer Park successfully negotiated new financing of the debt obligations for the previous mortgage and mezzanine loans totaling approximately \$238.5 million, with a \$150.0 million mortgage loan. The new five year mortgage loan bears interest at a 150 basis point spread over LIBOR. The previous mortgage and mezzanine loans were in default, and as part of the refinancing, all default interest associated with the loans was waived. Utilizing funding from our existing unsecured lines of credit, we loaned approximately \$89.5 million at a rate of LIBOR plus 3.25% and due on August 30, 2020 to the Deer Park joint venture representing the remaining amount necessary to repay the previous mortgage and mezzanine loans. As a result of the refinancing, Deer Park recorded a gain on early extinguishment of debt of approximately \$13.8 million. Our share of this gain along with our share of the income from the settlement of a lawsuit by Deer Park with a third party totalled approximately \$7.8 million, which has been included in equity in earnings (losses) of unconsolidated joint ventures in the consolidated statement of operations for the year ended December 31, 2013.

Subsequent to the debt extinguishment, we acquired an additional one-third interest in the Deer Park property from one of the owners, bringing our total ownership to a two-thirds interest, for total consideration of approximately \$27.9 million, including \$13.9 million in cash and 450,576 in Class A common limited partnership units of Tanger Properties Limited Partnership, which are exchangeable for an equivalent number of the Company's common shares. This transaction was accounted for as a business combination resulting in the assets acquired and liabilities assumed being recorded at fair value as a result of the step acquisition. Prior to the acquisition, the joint venture was considered a variable interest entity and was accounted for under the equity method of accounting since we did not have the ability to direct the significant activities that affect the economic performance of the venture as a one-third owner. Upon acquiring an additional one-third interest, we determined, based on the acquisition agreement and other transaction documents which amended our rights with respect to the property and our obligations with respect to the additional one-third interest, that we control the property assets and direct the property's significant activities and therefore, consolidate the property's assets and liabilities.

The following table illustrates the fair value of the total consideration transferred and the amounts of the identifiable assets acquired and liabilities assumed at the acquisition date (in thousands):

Cash transferred	\$13,939
Common limited partnership units issued	13,981
Fair value of total consideration transferred to acquire one-third interest	27,920
Fair value of our previously held one-third interest	27,920
Fair value of noncontrolling interest	27,920
Fair value of net assets acquired	\$83,760

The aggregate purchase price of the property has been allocated as follows:

	Fair Value (in thousands)	Weighted-Average Amortization Period (in years)
Land	\$82,413	
Buildings, improvements and fixtures	172,694	
Deferred lease costs and other intangibles		
Above market lease value	18,807	11.9
Below market lease value	(12,658) 18.5
Lease in place value	28,846	7.6
Tenant relationships	27,594	19.0
Lease and legal costs	1,724	8.9
Total deferred lease costs and other intangibles, net	64,313	
Other identifiable assets acquired and liabilities assumed, net	2,265	
Debt	(237,925)
Total fair value of net assets acquired	\$83,760	

There was no contingent consideration associated with this acquisition. We incurred approximately \$1.0 million in third-party acquisition costs which were expensed as incurred. As a part of the acquisition accounting, we recorded a gain of \$26.0 million which represented the difference between the carrying book value and the fair value of our previously held equity method investment in Deer Park.

Although we do not anticipate any changes in the fair value measurements of the acquisitions, the measurements may be subject to change within 12 months of the business combination date if new facts or circumstances are brought to our attention that were previously unknown but existed as of the business combination date.

Following the acquisition, we and the noncontrolling interest restructured certain aspects of our ownership of the property, whereby we receive substantially all of the economics generated by the property and would have substantial control over the property's financial activities. We and the noncontrolling interest entered into a triple net lease agreement with a different wholly-owned subsidiary of ours which operates the property as lessee. Under the new structure, we will serve as property manager and control the management, leasing, marketing and other operations of the property. We and the noncontrolling interest will receive, in proportion to our respective ownership interests, fixed annual lease payments of approximately \$2.5 million, plus an amount necessary to pay the interest expense on debt related to the property. In addition, we and the noncontrolling interest have entered into an agreement whereby they may require us to acquire their ownership interest in the property on the second anniversary of the acquisition date for a price of \$28.4 million, and we have the option to acquire their ownership interest on the fourth anniversary of the acquisition date at the same price. Due to the noncontrolling interest's ability to require us to purchase their interest, we have recorded an obligation to redeem their interest at the redemption price as a deferred financing obligation in the other liabilities section of the consolidated balance sheet.

The results of operations from the property are included in the consolidated statements of operations beginning on the acquisition date. The aggregate revenues and net loss from the property from the acquisition date through December 31, 2013, were \$11.1 million and \$3.5 million, respectively. The following unaudited condensed pro forma financial information for the years ended December 31, 2013 and 2012 is presented as if the acquisition had been consummated as of January 1, 2012, the beginning of the previous reporting period (in thousands, except per share data):

	(unaudited) (Pro forma)	
	Year ended	
	December 31,	
	2013	2012
Total Revenue	\$408,333	\$381,388
Income from continuing operations	85,836	78,347
Net income attributable to Tanger Factory Outlet Centers, Inc.	80,621	73,219
Basic earnings per common share	0.86	0.80
Diluted earnings per common share	0.86	0.79

Supplemental pro forma earnings for 2013 were adjusted to exclude \$1.0 million of third-party acquisition costs incurred in 2013 and \$26.0 million of nonrecurring gain related to the fair value adjustment. Supplemental pro forma earnings for 2012 were adjusted to include those items.

2011 Acquisitions

Jeffersonville, Ohio

In June 2011, we purchased Prime Outlets at Jeffersonville, a 410,000 square foot outlet center, for \$134.0 million in cash. The cash purchase price was funded with proceeds from a \$150.0 million senior, unsecured bridge loan.

Atlantic City, New Jersey and Ocean City, Maryland

During 2011, we closed on our admission as a member into four existing entities that resulted in our acquiring substantially all of the economic interests of Atlantic City Outlets The Walk (Atlantic City, New Jersey) and Ocean City Factory Outlets (Ocean City, Maryland). The combined purchase price was approximately \$200.3 million, consisting of \$116.8 million in cash and the assumption of \$83.5 million in indebtedness.

Atlantic City Outlets The Walk is comprised of approximately 490,000 square feet and Ocean City Factory Outlets is comprised of approximately 199,000 square feet. The cash portion of the purchase price for Atlantic City Outlets The Walk and Ocean City Outlets was funded by amounts available under our unsecured lines of credit.

Hershey, Pennsylvania

In September 2011, we purchased substantially all of the economic interests in The Outlets at Hershey, a 247,000 square foot outlet center, for total consideration of \$56.0 million, consisting of \$24.6 million in cash and the assumption of \$31.4 million of indebtedness. The cash consideration included a \$6.2 million loan, which is included in other assets in the consolidated balance sheets, to the noncontrolling interest holder collateralized by their ownership interest in the property. The cash consideration for The Outlets at Hershey was funded by amounts available under our unsecured lines of credit.

The aggregate fair value purchase price of the properties acquired during the year ended December 31, 2011 has been allocated as follows:

	Value (in thousands)	Weighted-Average Amortization Period (in years)
Land	\$6,425	
Buildings, improvements and fixtures	298,147	
Deferred lease costs and other intangibles		
Above/below market lease value, net	5,166	7.1
Below market ground lease value	31,993	87.6
Lease in place value	24,232	4.0
Tenant relationships	28,628	10.2
Lease and legal costs	3,444	3.2
Total deferred lease costs and other intangibles, net	93,463	
Mortgage fair value adjustments	(7,081))
Net assets acquired	390,954	
Less: contingent consideration	(3,023))
Less: noncontrolling interests	(6,845))
Consideration transferred	\$381,086	

We incurred approximately \$2.7 million in third-party acquisition costs which were expensed as incurred. The aggregate revenues and net loss from the properties from the acquisition dates through December 31, 2011, were \$18.5 million, and \$1.5 million, respectively.

The results of operations of the acquired properties are included in the consolidated statements of operations beginning on their respective acquisition dates. The following unaudited condensed pro forma financial information for the year ended December 31, 2011 is presented as if the acquisitions had been consummated as of January 1, 2011, the beginning of the reporting period (in thousands):

	(Unaudited) (Pro forma) Year ended December 31, 2011
Total Revenue	\$336,838
Income from continuing operations	47,687
Net income attributable to Tanger Factory Outlet Centers, Inc.	41,045
Basic earnings per common share	0.49
Diluted earnings per common share	0.49

4. Development of Rental Properties

Foxwoods, Connecticut

In September 2013, we broke ground at Foxwoods Resort Casino in Mashantucket, Connecticut on Tanger Outlets at Foxwoods. We own a two-thirds controlling interest in the joint venture, which will be consolidated for financial reporting purposes. To date, we have contributed approximately \$7.7 million to the project for construction and development activities. The approximately 314,000 square foot project will be suspended above ground to join the casino floors of the two major hotels located within the resort, which attract millions of visitors each year. We currently expect the property to open in the second quarter of 2015.

Redevelopment: Hilton Head I, South Carolina

During the first quarter of 2011, we completed the redevelopment of our Hilton Head I outlet center at a cost of approximately \$34.5 million and celebrated a grand re-opening on March 31, 2011. As of December 31, 2013, the 177,000 square foot center was 98% occupied.

5. Investments in Unconsolidated Real Estate Joint Ventures

Our investments in unconsolidated joint ventures as of December 31, 2013 and 2012 aggregated \$140.2 million and \$126.6 million respectively. We have evaluated the accounting treatment for each of the joint ventures and have concluded based on the current facts and circumstances that the equity method of accounting should be used to account for the individual joint ventures. At December 31, 2013 and 2012, we were members of the following unconsolidated real estate joint ventures:

As of December 31, 2013

Joint Venture	Center Location	Ownership %	Square Feet	Carrying Value of Investment (in millions)	Total Joint Venture Debt (in millions)
Charlotte	Charlotte, NC	50.0	—	\$11.6	\$—
Galveston/Houston	Texas City, TX	50.0	352,705	7.4	65.0
National Harbor	Washington D.C. Metro Area	50.0	336,286	16.7	52.4
RioCan Canada	Various	50.0	432,836	85.7	17.9
Westgate	Glendale, AZ	58.0	331,739	16.1	43.1
Wisconsin Dells	Wisconsin Dells, WI	50.0	265,086	2.5	24.3
Other			—	0.2	—
				\$140.2	\$202.7

As of December 31, 2012

Joint Venture	Center Location	Ownership %	Square Feet	Carrying Value of Investment (in millions)	Total Joint Venture Debt (in millions)
Deer Park	Deer Park, Long Island NY	33.3	741,981	\$3.0	\$246.9
Deer Park Warehouse	Deer Park, Long Island NY	33.3	29,253	—	1.9
Galveston/Houston	Texas City, TX	50.0	352,705	36.7	—
National Harbor	Washington D.C. Metro Area	50.0	—	2.6	—
RioCan Canada	Various	50.0	434,562	62.2	20.1
Westgate	Glendale, AZ	58.0	332,234	19.1	32.0
Wisconsin Dells	Wisconsin Dells, WI	50.0	265,086	2.8	24.3
Other			—	0.2	—
				\$126.6	\$325.2

These investments are recorded initially at cost and subsequently adjusted for our equity in the venture's net income (loss), cash contributions, distributions and other adjustments required by the equity method of accounting as described below.

Fees we received for various services provided to our unconsolidated joint ventures were recognized as follows (in thousands):

	Year Ended December 31,		
	2013	2012	2011
Fees:			
Development and leasing	\$595	\$193	\$5
Loan guarantee	161	80	—
Management	1,831	1,301	1,048
Marketing	493	433	163
Total Fees	\$3,080	\$2,007	\$1,216

Our investments in real estate joint ventures are reduced by the percentage of the profits earned for leasing and development services associated with our ownership interest in each joint venture. Our carrying value of investments in unconsolidated joint ventures differs from our share of the assets reported in the “Summary Balance Sheets - Unconsolidated Joint Ventures” shown below due to adjustments to the book basis, including intercompany profits on sales of services that are capitalized by the unconsolidated joint ventures. The differences in basis (totaling \$1.6 million and \$2.0 million as of December 31, 2013 and 2012, respectively) are amortized over the various useful lives of the related assets.

Charlotte, North Carolina

In May 2013, we formed a joint venture for the development of an outlet center in the Charlotte, NC market. Subsequently, during the third quarter of 2013, the joint venture began construction on the outlet center which will be located eight miles southwest of uptown Charlotte at the interchange of I-485 and Steele Creek Road (NC Highway 160), two major thoroughfares for the city. The approximately 400,000 square foot project will feature approximately 90 brand name and designer stores and is expected to open during the third quarter of 2014.

As of December 31, 2013, we and our partner had each contributed approximately \$11.5 million in cash to the joint venture to fund development activities. We are providing development services to the project; and with our partner, are jointly providing leasing services. Our partner will provide property management and marketing services to the center once open.

Deer Park, Long Island, New York

As described in Note 3, we acquired an additional one-third ownership interest in Deer Park and have consolidated the property for financial reporting purposes since the acquisition date. Prior to August 30, 2013, this was an unconsolidated joint venture.

Deer Park Warehouse, Long Island, New York

In March 2013, in connection with a loan forbearance agreement signed in 2012 with the lender to the joint venture, the warehouse property was sold for approximately \$1.2 million. The proceeds were used to satisfy the terms of the forbearance agreement. There was no impact to the net income of the joint venture as a result of this sale and the retirement of the associated mortgage debt.

Galveston/Houston, Texas

In June 2011, we announced the formation of a joint venture for the development of a Tanger Outlet Center south of Houston in Texas City, Texas. Tanger Outlets Texas City, which opened October 19, 2012, contains approximately 353,000 square feet, with room for expansion for a total build out of approximately 470,000 square feet. The development was initially fully funded with equity contributed to the joint venture by Tanger and its partner. In July 2013, the joint venture closed on a \$70.0 million mortgage loan with a rate of LIBOR + 1.50% and a maturity date of July 1, 2017, with the option to extend the maturity for one additional year. The joint venture received total loan proceeds of \$65.0 million and distributed the proceeds equally to the partners. We used our share of the proceeds to reduce amounts outstanding under our unsecured lines of credit. We provide property management and marketing services to the center; and with our partner, are jointly providing development and leasing services.

National Harbor, Washington, D.C. Metro Area

In May 2011, we announced the formation of a joint venture for the development of a Tanger Outlet Center at National Harbor in the Washington, D.C. Metro area. In November 2012, the joint venture broke ground and began development and both parties made equity contributions of \$17.2 million to fund initial development costs. In May 2013, the joint venture closed on a construction loan with the ability to borrow up to \$62.0 million and which carries an interest rate of LIBOR + 1.65%. As of December 31, 2013 the balance on the loan was \$52.4 million. The approximately 336,000 square feet center opened in November 2013. We provide property management, leasing and marketing services to the joint venture; and with our partner, jointly provided site development and construction supervision services.

RioCan Canada

We have entered into a 50/50 co-ownership agreement with RioCan Real Estate Investment Trust to develop and acquire outlet centers in Canada. Any projects developed or acquired will be branded as Tanger Outlet Centers. We provide leasing and marketing services and RioCan provides development and property management services.

In December 2011, the co-owners purchased the Cookstown Outlet Mall. The existing outlet center was acquired for \$47.4 million, plus an additional \$13.8 million for excess land upon the seller meeting certain conditions, for an aggregate purchase price of \$61.2 million. In connection with the purchase, the co-owners assumed the in-place financing of \$29.6 million. In March 2012, the co-owners retired the outstanding loan and we contributed an additional \$15.1 million to fund our portion of the payment. In March of 2013 the co-owners acquired the land adjacent to the existing Cookstown Outlet Mall for \$13.9 million. The land is being used for the expansion of the Cookstown Outlet Mall which began in May 2013. The expansion, which is expected to open in the fourth quarter of 2014 and will add approximately 153,000 square feet to the center.

During the first quarter of 2012, the co-owners terminated an option contract to develop a center in Halton Hills, Ontario and accordingly wrote-off pre-development costs of approximately \$1.4 million.

In November 2012, the co-owners acquired two existing outlet centers in the Montreal, Quebec market for an aggregate purchase price of approximately \$94.8 million. The purchase price includes the assumption of mortgages totaling \$18.7 million at Les Factoreries Saint-Sauveur, which carry a weighted average interest rate of 5.7% and mature in 2015 and 2020. There is no in-place financing associated with the Bromont Outlet Mall acquisition.

Les Factoreries Saint-Sauveur, is located northwest of Montreal adjacent to Highway 15 in the town of Saint-Sauveur, Quebec. The property was built in 1980, and expanded in 2006, and is approximately 116,000 square feet with the potential to expand to approximately 131,000 square feet.

The Bromont Outlet Mall, is located east of Montreal near the eastern townships adjacent to Highway 10 in the town of Bromont, Quebec. The property was built in 2004 and expanded through 2011, and is approximately 162,000 square feet with the potential to expand to approximately 251,000 square feet.

F-27

Also, during the second quarter of 2013, the co-owners purchased land for \$28.7 million and broke ground on Tanger Outlets Ottawa, the first ground up development of a Tanger Outlet Center in Canada. Located in suburban Kanata off the TransCanada Highway (Highway 417) at Palladium Drive, this center will contain approximately 303,000 square feet and will feature approximately 80 brand name and designer outlet stores. The center is currently expected to open in the fourth quarter of 2014.

Westgate, Glendale, Arizona

On May 4, 2012, we formed a joint venture for the development of a Tanger Outlet Center in Glendale, Arizona. On June 27, 2012, the joint venture closed on a construction loan with the ability to borrow up to \$48.3 million, which carries an interest rate of LIBOR + 1.75%. As of December 31, 2013, the joint venture's balance on the loan was \$43.1 million. The approximately 332,000 square feet center opened on November 15, 2012. We provide property management, construction supervision, leasing and marketing services to the joint venture.

Wisconsin Dells, Wisconsin

In March 2005, we established the Wisconsin Dells joint venture to construct and operate a Tanger Outlet Center in Wisconsin Dells, Wisconsin. In December 2012, the joint venture closed on the refinance of its \$24.3 million mortgage loan. The refinanced interest-only, non-recourse mortgage loan has a 10 year term and carries an interest rate of LIBOR + 2.25%. We are providing property management, leasing and marketing services to the joint venture.

Condensed combined summary financial information of joint ventures accounted for using the equity method as of December 31, 2013 and 2012 is as follows (in thousands):

Condensed Combined Balance Sheets - Unconsolidated Joint Ventures	2013	2012
Assets		
Land	\$66,020	\$110,665
Buildings, improvements and fixtures	327,972	493,424

Note that revenues for the year ended December 31, 2013 include approximately \$9.5 million of other income from (1) the settlement of a lawsuit at Deer Park prior to our acquisition of an additional one-third interest in and the consolidation of the property.

The years ended December 31, 2012 and 2011, respectively, includes impairment charges recorded at the Deer Park Warehouse joint venture entity, of which our share is one-third based on our 33.3% ownership percentage. (2) There has been no significant amount of income or expense associated with the activities of this entity in any of the years presented. The assets related to the venture were sold in March 2013.

6. Deferred Charges

Deferred lease costs and other intangibles, net as of December 31, 2013 and 2012 consist of the following (in thousands):

	2013	2012
Deferred lease costs	\$60,657	\$56,327
Intangible assets:		
Above market leases	49,584	31,735
Lease in place value	102,085	75,910
Tenant relationships	62,438	37,360
Other intangibles	45,534	44,139

Accumulated amortization	(156,717) (138,056
Deferred lease costs and other intangibles, net	\$163,581	\$107,415

Below market lease intangibles, net of accumulated amortization, included in other liabilities on the consolidated balance sheets as of December 31, 2013 and 2012 were \$15.7 million and \$6.4 million, respectively

Amortization of deferred lease costs and other intangibles, excluding above and below market leases, included in depreciation and amortization for the years ended December 31, 2013, 2012 and 2011 was \$19.8 million, \$24.1 million and \$17.0 million, respectively.

Amortization of above and below market lease intangibles recorded as an increase or (decrease) in base rentals for the years ended December 31, 2013, 2012 and 2011 was \$(686,000), \$803,000 and \$697,000, respectively.

Estimated aggregate amortization of net above and below market leases and other intangibles for each of the five succeeding years is as follows (in thousands):

Year	Above/below market leases, net	Deferred lease costs and other intangibles
2014	\$2,157	\$14,109
2015	2,466	12,136
2016	2,101	10,578
2017	2,133	8,680
2018	1,970	7,612
Total	\$10,827	\$53,115

Deferred debt origination costs, net as of December 31, 2013 and 2012 consist of the following (in thousands):

	2013	2012
Deferred debt origination costs	\$20,112	\$16,110
Accumulated amortization	(9,294) (7,027
Deferred debt origination costs, net	\$10,818	\$9,083

Amortization of deferred debt origination costs included in interest expense for the years ended December 31, 2013, 2012 and 2011 was \$2.2 million, \$2.3 million and \$2.1 million, respectively.

7. Debt of the Company

All of the Company's debt is held by the Operating Partnership and its consolidated subsidiaries.

The Company guarantees the Operating Partnership's obligations with respect to its unsecured lines of credit which have a total borrowing capacity of \$520.0 million. As of December 31, 2013 and December 31, 2012, the Operating Partnership had amounts outstanding on these lines totaling \$16.2 million and \$178.3 million, respectively.

The Company also guarantees the Operating Partnership's unsecured term loan in the amount of \$250.0 million as well as its obligation with respect to the mortgage assumed in connection with the acquisition of the outlet center in Ocean City, Maryland in July 2011.

8. Debt of the Operating Partnership

Debt as of December 31, 2013 and 2012 consists of the following (in thousands):

	Stated Interest Rate(s)	Maturity Date	As of December 31, 2013 Principal	Premium (Discount)	As of December 31, 2012 Principal	Premium (Discount)
Senior, unsecured notes:						
Senior notes	6.15	% November 2015	\$250,000	\$(211)	\$250,000	\$(317)
Senior notes	6.125	% June 2020	300,000	(1,469)	300,000	(1,650)
Senior notes	3.875	% December 2023	250,000	(4,072)	—	—
Mortgages payable:						
Atlantic City ⁽¹⁾	5.14%-7.65%	November 2021- December 2026	48,535	4,091	52,212	4,495
Deer Park	LIBOR + 1.50%	August 2018	150,000	(1,478)	—	—
Hershey ⁽¹⁾	5.17%-8.00%	August 2015	29,970	993	30,631	1,582
Ocean City ⁽¹⁾	5.24	% January 2016	18,193	193	18,540	285
Note payable ⁽¹⁾	1.50	% June 2016	10,000	(396)	10,000	(547)
Unsecured term loan ⁽²⁾	LIBOR + 1.60%	February 2019	250,000	—	250,000	—
Unsecured term note	LIBOR + 1.30%	August 2017	7,500	—	—	—
Unsecured lines of credit	LIBOR + 1.00%	October 2017	16,200	—	178,306	—
			\$1,330,398	\$(2,349)	\$1,089,689	\$3,848

The effective interest rates assigned during the purchase price allocation to these assumed mortgages and note (1) payable during acquisitions in 2011 were as follows: Atlantic City 5.05%, Ocean City 4.68%, Hershey 3.40% and note payable 3.15%.

(2) This unsecured term loan is pre-payable without penalty beginning in February of 2015.

Certain of our properties, which had a net book value of approximately \$566.7 million at December 31, 2013, serve as collateral for mortgages payable. We maintain unsecured lines of credit that provide for borrowings of up to \$520.0 million. The unsecured lines of credit include a \$20.0 million liquidity line and a \$500.0 million syndicated line. The syndicated line may be increased to \$750.0 million through an accordion feature in certain circumstances.

The unsecured lines of credit and senior unsecured notes include covenants that require the maintenance of certain ratios, including debt service coverage and leverage, and limit the payment of dividends such that dividends and distributions will not exceed funds from operations, as defined in the agreements, for the prior fiscal year on an annual basis or 95% of funds from operations on a cumulative basis. As of December 31, 2013 we were in compliance with all of our debt covenants.

F-31

2013 Transactions

Assumption of \$150.0 Mortgage and Entrance into Derivatives

in August 2013, as part of the acquisition of a controlling ownership interest in Deer Park, we assumed an \$150.0 million interest only mortgage loan, including a fair value discount of \$1.6 million. The loan has a 5 year term and carries an interest rate of LIBOR + 1.50%. In October 2013, we entered into interest rate swap agreements to reduce our floating rate debt exposure by locking the interest rate on the \$150.0 million mortgage. The interest rate swap agreements fix the base LIBOR rate at an average of 1.30%, creating a contractual interest rate for the loan of 2.80% through August 2018.

Extension of Unsecured Lines of Credit

In October 2013, we closed on amendments to our unsecured lines of credit, extending the maturity, and reducing the overall borrowing costs. The maturity of these facilities was extended from November 10, 2015 to October 24, 2017 with the ability to further extend the maturity for an additional year at our option. The annual commitment fee, which is payable on the full \$520.0 million in loan commitments, was reduced from 0.175% to 0.15%, and the interest rate spread over LIBOR was reduced from 1.10% to 1.00% based on our current credit rating. Loan origination costs associated with the amendments totaled approximately \$1.5 million.

\$250.0 Million Unsecured Senior Notes

In November 2013, we announced that Tanger Properties Limited Partnership, completed a public offering of \$250.0 million in senior notes due 2023 in an underwritten public offering. The notes were priced at 98.360% of the principal amount to yield 4.076% to maturity. The notes will pay interest semi-annually at a rate of 3.875% per annum and mature on December 1, 2023. The net proceeds from the offering, after deducting the underwriting discount and offering expenses, were approximately \$243.6 million. We used the net proceeds from the sale of the notes to repay borrowings under our unsecured lines of credit.

2012 Transactions

In February 2012, the Operating Partnership closed on a seven-year \$250.0 million unsecured term loan. The term loan is interest only, matures in the first quarter of 2019 and is pre-payable without penalty beginning in February of 2015. Based on our current credit ratings, the loan has an interest rate of LIBOR + 1.60%. We used the net proceeds of the term loan to reduce the outstanding balances on our unsecured lines of credit.

2011 Transactions

\$150.0 Million Senior Unsecured Bridge Loan

In June 2011, the Operating Partnership closed on a \$150.0 million senior, unsecured bridge loan at an interest rate of LIBOR + 1.60% and used the proceeds from the loan to fund the acquisition of the Jeffersonville, Ohio outlet center. In November 2011, the Operating Partnership repaid this bridge loan in conjunction with the recast of its unsecured lines of credit.

Exchangeable Notes

In July 2011, the Operating Partnership issued a notice that it would redeem all outstanding senior exchangeable notes on August 18, 2011, the five year anniversary of the issuance of the notes. In response to this notice, all of the remaining noteholders exercised their exchange rights. In total during 2011, bonds in the amount of \$7.2 million were exchanged and 136,360 Company common shares were issued to note holders in addition to the principal repayments.

Assumption of Mortgages Payable

In association with the acquisitions during the third and fourth quarters of 2011 described in Note 3, the Operating Partnership assumed mortgage debt in the amount of \$112.7 million, including total fair value premiums of \$7.1 million.

F-32

Debt Maturities

Maturities of the existing long-term debt as of December 31, 2013 are as follows (in thousands):

Calendar Year	Amount
2014	\$3,603
2015	282,343
2016	30,283
2017	26,708
2018	153,183
Thereafter	834,278
Subtotal	1,330,398
Net discount	(2,349)
Total	\$1,328,049

9. Derivative Financial Instruments

The following table summarizes the terms and fair values of our derivative financial instruments, as well as their classifications within the consolidated balance sheets as of December 31, 2013 (in thousands):

Effective Date	Maturity Date	Notional Amount	Bank Pay Rate	Company Fixed Pay Rate	Fair Value 2013
Assets:					
November 14, 2013	August 14, 2018	\$50,000	1 month LIBOR	1.3075	% \$455
November 14, 2013	August 14, 2018	50,000	1 month LIBOR	1.2970	% 440
November 14, 2013	August 14, 2018	50,000	1 month LIBOR	1.3025	% 487
Total		\$150,000			\$1,382

The derivative financial instruments are comprised of interest rate swaps, which are designated and qualify as cash flow hedges, each with a separate counterparty. We do not use derivatives for trading or speculative purposes and currently do not have any derivatives that are not designated as hedges.

The effective portion of changes in the fair value of derivatives designated and qualifying as cash flow hedges is recorded in accumulated other comprehensive income (loss) and subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. The ineffective portion of the change in fair value of the derivative, if any, is recognized directly in earnings.

The following table represents the effect of the derivative financial instruments on the accompanying consolidated financial statements for the years ended December 31, 2013, 2012 and 2011, respectively (in thousands):

	Amount of Gain (Loss) Recognized in OCI on Derivative (Effective Portion) December 31,			Location of Gain (Loss) Reclassification from Accumulated OCI into Income (Effective Portion)	Amount of Gain (Loss) Reclassified from Accumulated OCI into Income (Effective Portion) December 31,		
	2013	2012	2011		2013	2012	2011
Interest Rate Swaps	\$1,382	\$—	\$—		\$—	\$—	\$—
Treasury Rate Lock	—	—	—	Interest Expense	371	351	331

In 2005, we settled two US treasury rate lock agreements associated with a 10 year senior, unsecured bond offering and received approximately \$3.2 million. The unamortized balance of the settled agreements as of December 31, 2013 and 2012 was approximately \$741,000 and \$1.1 million, respectively. As of December 31, 2013, we expect approximately \$395,000 of deferred gains on derivative instruments in accumulated other comprehensive income to be reclassified into earnings during the next twelve months.

10. Fair Value Measurements

Fair value guidance establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers are defined as follows:

Tier	Description
Level 1	Observable inputs such as quoted prices in active markets
Level 2	Inputs other than quoted prices in active markets that are either directly or indirectly observable
Level 3	Unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions

The following table sets forth our assets and liabilities that are measured at fair value within the fair value hierarchy:

	Total	Level 1 Quoted Prices in Active Markets for Identical Assets or Liabilities	Level 2 Significant Observable Inputs	Level 3 Significant Unobservable Inputs
Fair value as of December 31, 2013:				
Assets:				
Interest rate swaps (prepaids and other assets)	\$1,382	\$—	\$1,382	\$—
Total assets	\$1,382	\$—	\$1,382	\$—

As of December 31, 2012 our financial statements did not contain any assets or liabilities measured at fair value within the fair value hierarchy.

The estimated fair value of our debt, consisting of senior unsecured notes, mortgages unsecured term loans and unsecured lines of credit, at December 31, 2013 and 2012 was \$1.4 billion and \$1.2 billion, respectively, and its recorded value was \$1.3 billion and \$1.1 billion, respectively. Fair values were determined, based on level 2 inputs, using discounted cash flow analysis with an interest rate or credit spread similar to that of current market borrowing arrangements.

The carrying values of cash and cash equivalents, receivables, accounts payable, accrued expenses and other assets and liabilities are reasonable estimates of their fair values because of the short maturities of these instruments.

11. Shareholders' Equity of the Company

2013 Transactions

For the year ended December 31, 2013, Non-Company LPs exchanged a total of 67,428 Class A common limited partnership units of the Operating Partnership for an equal number of common shares of the Company. After the above described exchanges, the Non-Company LPs owned 5,145,012 Class A common limited partnership. Each Class A common limited partnership units is exchangeable for one common share of the Company.

2012 Transactions

For the year ended December 31, 2012, Non-Company LPs exchanged a total of 6,730,208 Class A common limited partnership units of the Operating Partnership for an equal number of common shares of the Company.

2011 Transactions

Common Share Offering

On July 6, 2011, the Company completed a public offering of 4.6 million common shares at a price of \$25.662 per share. The net proceeds to the Company from the offering, after deducting estimated offering expenses, were approximately \$117.4 million. Net proceeds from the offering were contributed to the Operating Partnership in exchange for 52,000 common general partnership units and 4,548,000 Class B common limited partnership units. Class B common limited partnership units, which are held by Tanger LP Trust, a wholly owned subsidiary of the Company, are not exchangeable for common shares of the Company. The Operating Partnership used the net proceeds from the offering to repay borrowings under its unsecured lines of credit and for general corporate purposes.

Redemption of Senior Exchangeable Notes

As discussed in Note 8, 136,360 common shares of the Company were issued in connection with the exchange of senior exchangeable notes during 2011.

Exchange of Operating Partnership Units for Company Common Shares

On August 17, 2011, 641,328 Class A common limited partnership units were exchanged for an equal number of common shares of the Company.

12. Partners' Equity of the Operating Partnership

In August 2013, the Operating Partnership's operating agreement was amended to, among other things, effect a four-for-one split of the outstanding partnership units. After the effect of the split, each Class A common limited partnership unit held by Non-Company LPs may be exchanged for one common share of the Company. Prior to the split, each unit held by the Non-Company LPs was exchangeable for four common shares of the Company. All references to the number of units outstanding and per unit amounts reflect the effect of the split for all periods presented.

All units of partnership interest issued by the Operating Partnership have equal rights with respect to earnings, dividends and net assets. When the Company issues common shares upon the exercise of options, the issuance of restricted share awards or the exchange of Class A common limited partnership units, the Operating Partnership issues a corresponding Class B common limited partnership unit to Tanger LP trust, a wholly owned subsidiary of the Company.

Also, in August 2013 as disclosed in Note 3, the Operating Partnership issued 450,576 Class A common limited partnership units as partial consideration for the acquisition of an additional one-third interest in Deer Park.

The following table sets forth the changes in outstanding partnership units for the years ended December 31, 2013, 2012 and 2011:

	General partnership units	Limited Partnership Units		Total
		Class A	Class B	
Balance December 31, 2010	948,000	12,133,220	80,048,068	92,181,288
Units issued in exchange for proceeds from the Company's common share offering	52,000	—	4,548,000	4,548,000
Exchange of Class A limited partnership units	—	(641,328) 641,328	—
Grant of restricted units	—	—	317,400	317,400
Units issued upon redemption of senior exchangeable notes	—	—	136,360	136,360
Units issued upon exercise of options	—	—	36,500	36,500
Balance December 31, 2011	1,000,000	11,491,892	85,727,656	97,219,548
Exchange of Class A limited partnership units	—	(6,730,028) 6,730,028	—
Grant of restricted units	—	—	566,000	566,000
Units issued upon exercise of options	—	—	37,700	37,700
Balance December 31, 2012	1,000,000	4,761,864	93,061,384	97,823,248
Exchange of Class A limited partnership units	—	(67,428) 67,428	—
Grant of restricted units	—	—	332,373	332,373
Units issued upon exercise of options	—	—	44,500	44,500
Units issued as consideration for business acquisition (see Note 3)	—	450,576	—	450,576
Balance December 31, 2013	1,000,000	5,145,012	93,505,685	98,650,697

13. Noncontrolling Interests

Noncontrolling interests in the Operating Partnership relate to the interests in the Operating Partnership owned by Non-Company LPs as discussed in Note 2. The noncontrolling interests in other consolidated partnerships consist of outside equity interests in partnerships not wholly owned by the Company or the Operating Partnership that are consolidated with the financial results of the Company and Operating Partnership because the Operating Partnership exercises control over the entities that own the properties.

As discussed in Note 11, Non-Company LPs exchanged during 2013 a total of 67,428 Class A common limited partnership units for an equal number of common shares of the Company and during 2012 exchanged 6,730,028 Class A common limited partnership units for an equal number of common shares of the Company. Therefore, the Company recorded an increase to additional paid-in capital of \$11.1 million during 2013 and \$34.9 million in 2012 to reflect the transfer of ownership interests from a noncontrolling unit holder to a shareholder of the Company's common shares. The changes in the Company's ownership interests in the subsidiaries impacted consolidated equity during the periods shown as follows:

	2013	2012
Net income attributable to Tanger Factory Outlet Centers, Inc.	\$ 107,557	\$ 53,228
Increase (decrease) in Tanger Factory Outlet Centers, Inc. paid-in-capital adjustments to noncontrolling interests ⁽¹⁾	11,130	34,910
Changes from net income attributable to Tanger Factory Outlet Centers, Inc. and transfers from noncontrolling interest	\$ 118,687	\$ 88,138

(1) In 2013 and 2012, adjustments of the noncontrolling interest were made as a result of increases in the Company's ownership of the Operating Partnership from additional units received in connection with the Company's issuance of common shares upon exercise of options, share-based compensation and the issuance of common shares upon exchange of Class A common limited partnership units.

14. Earnings Per Share of the Company

The following table sets forth a reconciliation of the numerators and denominators in computing earnings per share for the years ended December 31, 2013, 2012 and 2011 (in thousands, except per share amounts):

	2013	2012	2011
NUMERATOR			
Income from continuing operations attributable to Tanger Factory Outlet Centers, Inc.	\$ 107,557	\$ 53,228	\$ 44,641
Less allocation of earnings to participating securities	(1,126) (784) (684
Net income available to common shareholders of Tanger Factory Outlet Centers, Inc.	\$ 106,431	\$ 52,444	\$ 43,957
DENOMINATOR			
Basic weighted average common shares	93,311	91,733	83,000
Effect of notional units	849	846	965
Effect of exchangeable notes	—	—	93
Effect of outstanding options and certain restricted shares	87	82	71
Diluted weighted average common shares	94,247	92,661	84,129
Basic earnings per common share:			
Net income	\$ 1.14	\$ 0.57	\$ 0.53
Diluted earnings per common share:			
Net income	\$ 1.13	\$ 0.57	\$ 0.52

The notional units are considered contingently issuable common shares and are included in earnings per share if the effect is dilutive using the treasury stock method.

Outstanding senior, exchangeable notes were included in the diluted earnings per share computation, if the effect was dilutive, using the treasury stock method. In applying the treasury stock method, the effect was dilutive if the average market price of our common shares for at least 20 trading days in the 30 consecutive trading days at the end of each quarter were higher than the exchange price, which prior to redemption was \$17.83 per share. The remaining senior exchangeable notes were exchanged for the Company's common shares during 2011.

The computation of diluted earnings per share excludes options to purchase common shares when the exercise price is greater than the average market price of the common shares for the period. For the year ended December 31, 2013, no options were excluded from the computation, and for the years ended December 31, 2012 and 2011, 17,600, and 183,500 options were excluded from the computation, respectively. The assumed exchange of the partnership units held by the Non-Company LPs as of the beginning of the year, which would result in the elimination of earnings allocated to the noncontrolling interest in the Operating Partnership, would have no impact on earnings per share since the allocation of earnings to a common limited partnership unit, as if exchanged, is equivalent to earnings allocated to a common share.

Certain of the Company's unvested restricted common share awards contain non-forfeitable rights to dividends or dividend equivalents. The impact of these unvested restricted common share awards on earnings per share has been calculated using the two-class method whereby earnings are allocated to the unvested restricted common share awards based on dividends declared and the unvested restricted common shares' participation rights in undistributed earnings. Unvested restricted common shares that do not contain non-forfeitable rights to dividends or dividend equivalents are included in the diluted earnings per share computation if the effect is dilutive, using the treasury stock method.

F-38

15. Earnings Per Unit of the Operating Partnership

The following table sets forth a reconciliation of the numerators and denominators in computing earnings per unit for the years ended December 31, 2013, 2012 and 2011 (in thousands, except per unit amounts). Note that all per unit amounts reflect a four-for-one split of the Operating Partnership's units in August 2013:

	2013	2012	2011
NUMERATOR			
Income from continuing operations available to partners of the Operating Partnership	\$ 113,200	\$ 56,495	\$ 50,997
Allocation of earnings to participating securities	(1,129) (784) (684
Net income available to common unitholders of the Operating Partnership	\$ 112,071	\$ 55,711	\$ 50,313
DENOMINATOR			
Basic weighted average common units	98,193	97,677	94,892
Effect of notional units	849	846	965
Effect of exchangeable notes	—	—	93
Effect of outstanding options and certain restricted units	87	82	71
Diluted weighted average common units	99,129	98,605	96,021
Basic earnings per common unit:			
Net income	\$ 1.14	\$ 0.57	\$ 0.53
Diluted earnings per common unit:			
Net income	\$ 1.13	\$ 0.57	\$ 0.52

The notional units are considered contingently issuable common units and are included in earnings per unit if the effect is dilutive using the treasury stock method.

When the Company issues common shares upon the exercise of options or issues restricted share awards, the Operating Partnership issues one corresponding Class B common limited partnership unit to Tanger LP Trust, a wholly owned subsidiary of the Company, for each Company common share issued.

Outstanding senior, exchangeable notes were included in the diluted earnings per unit computation, if the effect was dilutive, using the treasury stock method. In applying the treasury stock method, the effect was dilutive if the average market price of the Company's common shares for at least 20 trading days in the 30 consecutive trading days at the end of each quarter were higher than the exchange price, which prior to redemption was \$17.83 per share. The remaining senior exchangeable notes were exchanged for the Company's common shares during 2011.

The computation of diluted earnings per unit excludes options to purchase common units when the exercise price is greater than the average market price of the common units for the period. The market price of a common unit is considered to be equivalent to the market price of a Company common share. For the year ended December 31, 2013, no options were excluded from the computation, and for the years ended December 31, 2012 and 2011, 17,600 and 183,500 options were excluded from the computation, respectively.

Certain of the Company's unvested restricted common share awards contain non-forfeitable rights to distributions or distribution equivalents. The impact of the corresponding unvested restricted unit awards on earnings per unit has been calculated using the two-class method whereby earnings are allocated to the unvested restricted unit awards based on distributions declared and the unvested restricted units' participation rights in undistributed earnings. Unvested restricted common units that do not contain non-forfeitable rights to dividends or dividend equivalents are

included in the diluted earnings per unit computation if the effect is dilutive, using the treasury stock method.

F-39

16. Equity-Based Compensation

We have a shareholder approved equity-based compensation plan, the Amended and Restated Incentive Award Plan of Tanger Factory Outlet Centers and Tanger Properties Limited Partnership (the "Plan"), which covers our independent directors, officers and our employees. For each common share issued by the Company, the Operating Partnership issues one corresponding unit of partnership interest to the Company's wholly owned subsidiaries. Therefore, when the Company grants an equity based award, the Operating Partnership treats each award as having been granted by the Operating Partnership. In the discussion below, the term "we" refers to the Company and the Operating Partnership together and the term "shares" is meant to also include corresponding units of the Operating Partnership.

We may issue up to 15.4 million common shares under the Plan. Through December 31, 2013, we had granted 7,332,760 options, net of options forfeited, and 3,678,193 restricted common share awards, net of restricted common shares forfeited, and notional units which may result in the issuance of a maximum of 1,248,919 common shares. Shares remaining available for future issuance totaled 3,140,128 common shares. The amount and terms of the awards granted under the Plan were determined by the Share and Unit Option Committee of the Board of Directors.

In February 2013, the Compensation Committee of the Company approved the general terms of the Tanger Factory Outlet Centers, Inc. 2013 Outperformance Plan (the "2013 OPP"). The 2013 OPP provides for the grant of performance shares under the Amended and Restated Incentive Award Plan of Tanger Factory Outlet Centers, Inc.

The 2013 OPP is a long-term incentive compensation plan pursuant to which award recipients may earn up to an aggregate of 315,150 restricted common shares of the Company based on the Company's absolute share price appreciation (or total shareholder return) and its share price appreciation relative to its peer group, over a three year measurement period from January 1, 2013 through December 31, 2015. The maximum number of shares will be earned under this plan if the Company both (a) achieves 35% or higher share price appreciation, inclusive of all dividends paid, over the three-year measurement period and (b) is in the 70th or greater percentile of its peer group for total shareholder return over the three-year measurement period. The maximum value of the awards that could be earned on December 31, 2015, if the Company achieves or exceeds the 35% share price appreciation and is in the 70th or greater percentile of its peer group for total shareholder return over the three-year measurement period, will equal approximately \$13.3 million.

Any shares earned on December 31, 2015 are also subject to a time based vesting schedule, with 50% of the shares vesting on January 4, 2016 and the remaining 50% vesting on January 3, 2017, contingent upon continued employment with the Company through the vesting dates.

With respect to 70% of the performance shares (or 220,605 shares), 33.33% of this portion of the award (or 73,535 shares) will be earned if the Company's aggregate share price appreciation, inclusive of all dividends paid during this period, equals 25% over the three-year measurement period, 66.67% of the award (or 147,070 shares) will be earned if the Company's aggregate share price appreciation, inclusive of all dividends paid during this period equals 30%, and 100% of this portion of the award (or 220,605 shares) will be earned if the Company's aggregate share price appreciation, inclusive of all dividends paid during this period, equals 35% or higher.

With respect to 30% of the performance shares (or 94,545 shares), 33.33% of this portion of the award (or 31,515 shares) will be earned if the Company's share price appreciation inclusive of all dividends paid is in the 50th percentile of its peer group over the three-year measurement period, 66.67% of this portion of the award (or 63,030 shares) will be earned if the Company's share price appreciation inclusive of all dividends paid is in the 60th percentile of its peer group during this period, and 100% of this portion of the award (or 94,545 shares) will be earned if the Company's share price appreciation inclusive of all dividends paid is in the 70th percentile of its peer group or greater during this period. The peer group will be based on the SNL Equity REIT index.

The performance shares will convert on a pro-rata basis by linear interpolation between share price appreciation thresholds, both for absolute share price appreciation and for relative share price appreciation amongst the Company's peer group. The share price targets will be reduced on a dollar-for-dollar basis with respect to any dividend payments made during the measurement period. The compensation expense is amortized using the graded vesting attribution method over the requisite service period. The fair value of the awards are calculated using a Monte Carlo simulation pricing model.

F-40

During 2013, 2012 and 2011, the Board of Directors approved the grant of 349,373, 346,000 and 329,000 restricted common shares, respectively, to the independent directors and the senior executive officers. The independent directors' restricted common shares vest ratably over a three year period and the senior executive officers' restricted common shares vest ratably over a five year period. For all of the restricted common share awards described above, the grant date fair value of the award was determined based upon the closing market price of the Company's common shares on the day prior to the grant date and the associated compensation expense is being recognized in accordance with the vesting schedule of each grant.

In addition, during February 2012, the Board of Directors approved the grant of 225,000 restricted common shares with a grant date fair value of \$25.44 to Steven B. Tanger, our President and Chief Executive Officer, under the terms of his amended and restated Employment Agreement (the "Employment Agreement") signed on February 28, 2012. Under the terms of the Employment Agreement, the Company granted Mr. Tanger the following: 45,000 fully-vested common shares; 90,000 restricted common shares that vest ratably over five years based on Mr. Tanger's continued employment with the Company and 90,000 restricted common shares that vest ratably over five years based on Mr. Tanger's continued employment with the Company and the Company achieving certain minimum total returns to shareholders.

In February 2011, the Company's Board of Directors approved the grant of 191,500 options to non-executive employees of the Company. The exercise price of the options granted during the first quarter of 2011 is \$26.06 which equaled the closing market price of the Company's common shares on the day prior to the grant date. The options expire 10 years from the date of grant and 20% of the options become exercisable in each of the first five years commencing one year from the date of grant. The fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model with the following weighted-average assumptions used for the 2011 grant: expected dividend yield 3.0%; expected life of 7 years; expected volatility of 32.8%; a risk-free rate of 2.9%; and forfeiture rates of 3.0% to 20.0% dependent upon the employee's position within the Company.

Also, during the first quarter of 2010, the Company's Compensation Committee Approved the general terms of the Tanger Factory Outlet Centers, Inc. 2010 Multi-Year Performance Plan, (the "2010 Multi Year Performance Plan"). Under the 2010 Multi-Year Performance Plan, we granted 392,000 notional units, net of notional units forfeited, to award recipients as a group, which would convert into restricted common shares on a one-for one basis, one-for two basis, or one-for-three basis depending upon the amount by which the Company's common shares appreciated above a minimum level over a four year performance period ending December 31, 2013, not to exceed a total value of approximately \$32.2 million. Based on the Company's performance over the four year measurement period, we issued 933,769 restricted common shares in January 2014 which will vest on December 31, 2014 contingent on continued employment through the vesting date. In accordance with the plan, on December 31, 2013, we accrued approximately \$3.8 million which represented cumulative dividends that would have been paid to the award recipients had the number of earned common shares been issued at the beginning of the performance period. The amount accrued was paid in January 2014.

We recorded share based compensation expense in general and administrative expenses in the consolidated statements of operations for the years ended December 31, 2013, 2012 and 2011, respectively, as follows (in thousands):

	2013	2012	2011
Restricted common shares	\$8,354	\$8,497	\$5,227
Notional unit performance awards	2,847	1,970	1,885
Options	175	209	179
Total share based compensation	\$11,376	\$10,676	\$7,291

(1) For the year ended December 31, 2012, includes approximately \$1.3 million of compensation expense related to 45,000 common shares that vested immediately upon grant related to the Employment Agreement described above.

Share-based compensation expense capitalized as a part of rental property and deferred lease costs during the years ended December 31, 2013, 2012 and 2011 was \$367,000, \$368,000 and \$234,000, respectively.

F-41

Options outstanding at December 31, 2013 had the following weighted average exercise prices and weighted average remaining contractual lives:

Exercise prices	Options Outstanding			Options Exercisable	
	Options	Weighted average exercise price	Weighted remaining contractual life in years	Options	Weighted average exercise price
\$9.71	9,200	\$9.71	0.32	9,200	\$9.71
11.81	12,000	11.81	0.84	12,000	11.81
26.06	145,100	26.06	7.10	48,200	26.06
	166,300	\$24.13	6.28	69,400	\$21.43

A summary of option activity under our Amended and Restated Incentive Award Plan as of December 31, 2013 and changes during the year then ended is presented below (aggregate intrinsic value amount in thousands):

Options	Shares	Weighted-average exercise price	Weighted-average remaining contractual life in years	Aggregate intrinsic value
Outstanding as of December 31, 2012	215,800	\$ 22.16		
Granted	—	—		
Exercised	(44,500) 14.37		
Forfeited	(5,000) 26.06		
Outstanding as of December 31, 2013	166,300	\$ 24.13	6.28	\$ 1,334
Vested and Expected to Vest as of December 31, 2013	140,020	\$ 23.76	6.11	\$ 1,174
Exercisable as of December 31, 2013	69,400	\$ 21.43	5.05	\$ 744

The total intrinsic value of options exercised during the years ended December 31, 2013, 2012 and 2011 was \$905,000, \$716,000 and \$652,000, respectively.

The following table summarizes information related to unvested restricted common shares outstanding as of December 31, 2013:

Unvested Restricted Common Shares	Number of shares	Weighted average grant date fair value
Unvested at December 31, 2012	1,047,993	\$24.39
Granted	349,373	31.01
Vested	(327,400) 23.26
Forfeited	(12,000) 25.61
Unvested at December 31, 2013	1,057,966	\$26.91

The total value of restricted common shares vested during the years ended 2013, 2012 and 2011 was \$10.9 million, \$10.6 million and \$7.1 million, respectively.

As of December 31, 2013, there was \$27.6 million of total unrecognized compensation cost related to unvested common share-based compensation arrangements granted under the Plan. That cost is expected to be recognized over a weighted-average period of 2.9 years.

17. Accumulated Other Comprehensive Income of the Company

The following table presents changes in the balances of each component of accumulated comprehensive income for the year ended December 31, 2013, 2012, and 2011 (in thousands):

	Tanger Factory Outlet Centers, Inc. Accumulated Other Comprehensive Income			Noncontrolling Interest in Operating Partnership Accumulated Other Comprehensive Income

Amortization of cash flow hedges	\$(371) \$(351) \$(331) Interest expense
Realized loss on foreign currency	129	—	—	Interest expense

19. Supplementary Income Statement Information

The following amounts are included in property operating expenses in income from continuing operations for the years ended December 31, 2013, 2012 and 2011 (in thousands):

	2013	2012	2011
Advertising and promotion	\$24,035	\$23,051	\$21,880
Common area maintenance	57,693	53,179	48,333
Real estate taxes	21,976	19,842	16,710
Other operating expenses	17,342	15,088	13,323
	\$121,046	\$111,160	\$100,246

20. Lease Agreements

We are the lessor to over 2,400 stores in our 37 consolidated outlet centers, under operating leases with initial terms that expire from 2014 to 2032. Future minimum lease receipts under non-cancellable operating leases as of December 31, 2013, excluding the effect of straight-line rent and percentage rentals, are as follows (in thousands):

2014	\$237,215
2015	217,055
2016	188,601
2017	158,404
2018	123,830
Thereafter	331,274
	\$1,256,379

21. Commitments and Contingencies

Our non-cancelable operating leases, with initial terms in excess of one year, have terms that expire from 2014 to 2101. Annual rental payments for these leases totaled approximately \$5.8 million, \$5.8 million and \$6.1 million, for the years ended December 31, 2013, 2012 and 2011, respectively. Minimum lease payments for the next five years and thereafter are as follows (in thousands):

2014	\$5,602
2015	5,234
2016	5,015
2017	4,875
2018	4,850
Thereafter	280,983
	\$306,559

Commitments to complete construction of our ongoing capital projects and other capital expenditure requirements amounted to approximately \$85.8 million at December 31, 2013. Commitments for construction represent only those costs contractually required to be paid by us. Our portion of contractual commitments for ongoing capital projects and other capital expenditure requirements related to our unconsolidated joint ventures amounted to approximately \$46.6 million at December 31, 2013.

We are also subject to legal proceedings and claims which have arisen in the ordinary course of our business and have not been finally adjudicated. In our opinion, the ultimate resolution of these matters is not expected to have a material effect on our results of operations, financial condition or cash flows.

22. Subsequent Events

In January 2014, we announced our plans to develop Tanger Outlets Savannah through a joint venture arrangement. The center will include approximately 385,000 square feet. In January 2014 we purchased the land on which the center being developed for \$12.9 million and contributed it to the joint venture in February 2014. As of the date of this filing our equity contributions totaled \$17.1 million and our partner's equity contribution totaled \$7.4 million. The site is located on I-95, just north of I-16 in Pooler, Georgia, adjacent to the City of Savannah, and near the Savannah International Airport.

23. Quarterly Financial Data of the Company (Unaudited)

The following table sets forth the Company's summarized quarterly financial information for the years ended December 31, 2013 and 2012 (unaudited and in thousands, except per common share data)⁽¹⁾. This information is not required for the Operating Partnership:

	Year Ended December 31, 2013			
	First Quarter	Second Quarter	Third Quarter ⁽²⁾	Fourth Quarter
Total revenues	\$88,689	\$91,015	\$97,903	\$107,402
Operating income	28,515	29,856	33,531	35,993
Net income	16,229	17,776	56,180	23,136
Income attributable to Tanger Factory Outlet Centers, Inc.	15,439	16,888	53,294	21,936
Income available to common shareholders of Tanger Factory Outlet Centers, Inc.	15,245	16,657	52,685	21,706
Basic earnings per share available to common shareholders				
Net income	\$0.16	\$0.18	\$0.56	\$0.23
Diluted earnings per share available to common shareholders				
Net income	\$0.16	\$0.18	\$0.56	\$0.23

(1) Quarterly amounts may not add to annual amounts due to the effect of rounding on a quarterly basis.

(2) For the third quarter, net income includes a \$26.0 million gain on our previously held interest in Deer Park upon the acquisition of an additional one-third interest in August 2013, and the consolidation of Deer Park into our financial statements.

	Year Ended December 31, 2012			
	First Quarter	Second Quarter	Third Quarter	Fourth Quarter
Total revenues	\$84,243	\$87,335	\$90,483	\$94,936
Operating income	22,620	25,736	29,042	32,187
Net income	8,834	12,458	16,170	19,014
