Exhibit 99.1

To our Shareholders:

The elements of recession, which prompted the Federal Reserve System to lower interest rates an unprecedented 11 times, totaling 4.75% during year 2001, has created challenges for all banks. With loans repricing more rapidly than deposits, the task of managing the balance sheet and controlling interest margins, the primary source of a bank's income, was made more difficult.

In spite of this environment, the Company's financial turnaround, that began well over a year ago, has continued and gained momentum through the end of 2001. Unaudited financial results reflect net profit after tax of \$1,059,000 as of December 31, 2001, compared to \$321,000 one year ago. Earnings for 2001 totaled \$0.40 per share, compared to

\$0.12 for year 2000. Shareholders equity stood at \$32.7 million at year-end 2001, or 10.68% of assets. The Company's asset base has contracted from \$325.2 million at December 31, 2000 to \$306.3 million as of December 31, 2001. The contraction, in conjunction with payoffs on adversely classified loans that amounted to over \$17 million, was orchestrated to aide the turnaround by keeping capital levels high, reducing interest expense, and increasing earnings to expedite the resumption of shareholder dividend payments.

The Company has made significant progress during 2001 as evidenced by the resumption of a 2001 shareholder dividend during the fourth quarter. Although we cannot predict the future, at this time Management is not aware of any factors that would adversely affect our future progress. The staff continues to make further inroads reinforcing existing and long-standing relationships, as well as developing and acquiring new business.

You may be assured that the Board of Directors and Management will continue to be diligent in their efforts to further strengthen the Bank and build shareholder value. Please assist us in promoting the Bank by encouraging your family, friends, and business associates to bank with CSB. Thank you for your ongoing loyalty and support.
