The Standard Register Employee Savings Plan

Dayton, Ohio

We have audited the accompanying statement of net assets available for benefits of the Standard Register Employee Savings Plan as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**THE STANDARD REGISTER EMPLOYEE SAVINGS PLAN**

**NOTES TO THE FINANCIAL STATEMENTS**

**DECEMBER 31, 2003**

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of The Standard Register Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan established to provide participating employees of The Standard Register Company (Company or employer) with the opportunity to plan a savings program for long-term financial security.

All full-time employees are eligible to participate in the Plan. Contributions to the Plan are made by both employer and participant within limitations stipulated in section 401(k) of the Internal Revenue Code.

**Participant Contributions**

Participants may elect to contribute between 1% and 50% of their eligible annual compensation, subject to limitations imposed by the Internal Revenue Code.

**Employer Contributions**

The Plan allows for an employer match of 50% (up to 6% of pay) of each dollar contributed by participants who participate in the Pension Equity Plan formula for benefits under the Stanreco Retirement Plan. For participants who participate in the Stanreco Retirement Plan's Traditional Formula, the employer contribution is 10% (up to 6% of pay) of each dollar contributed by the participant. The employer makes matching contributions at the end of each pay period.

## **Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant has no vested interest for the first three years of credited service. After three years, a participant is 100 percent vested. If a participant terminates or retires, the participant's non-vested portion of the employer match is used to reduce future employer contributions.

## **Distributions**

All distributions under the Plan are paid in lump sum or periodic installments. Installments (quarterly, semi-annually, or annually) may not exceed 15 years and are not allowed if the installment payment will be for an amount less than \$100 per month.

Distributions are not permitted while participants are employed by the Company, except for Hardship as defined by the IRS, when employees reach age 59½ or become disabled, and distributions of after-tax contributions and rollovers. Participants who have terminated or retired may elect an immediate distribution or may defer this distribution up to age 70½ if the fund balance is at least \$5,000.

---

## **NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)**

### **Participant Loans**

An active participant may obtain a loan by direct application with the trustee. A loan may be up to \$50,000 or 40% of the participant's nonforfeitable individual account balance, whichever is lower. The minimum loan amount shall be \$1,000. If the loan is to be used to acquire the participant's principal residence, then the minimum loan amount is \$10,000. The maximum loan term is four years, nine months for regular loans and 15 years for principal residence loans. The minimum term for all loans is one year.

### **Non-discrimination Tests**

There is a limit placed on the percent of compensation deferred by those participants found in the highest paid one-third of all eligible employees. The Company compares the deferral percentages against several tests as prescribed by law. If the tests are not met, the Company reduces the contribution percentage of the group comprising the highest paid one-third of all participants until the tests are met. If, at the end of the year, the tests are still not met, the Company reclassifies the amount of salary deferral made by the participants in this top one-third group. The Company then moves the necessary amount of pre-taxed money out of the salary deferral account, subjects this amount to taxability and refunds any excess to the participant. Excess contributions at December 31, 2003 and 2002 amounted to \$300,752 and \$355,011, respectively.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual method of accounting.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

### **Plan Trustee**

Investments are held by T. Rowe Price Trust Company, the Plan's trustee.

**Administrative Expenses**

A significant portion of the Plan's administrative expenses are paid by the Company.

**NOTE 3 - INVESTMENTS**

The T. Rowe Price Associates, Inc. mutual funds and Standard Register Company common stock are stated at fair value as determined by the market values of the underlying securities. Participant loans are stated at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

During 2003 and 2002, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value by a net \$37,300,029 and (\$26,195,204), respectively, as follows:

**NOTE 4 - PLAN TERMINATION**

The Company expects to continue the Plan indefinitely, but continuance is not assumed as a contractual obligation and the Company reserves the right at any time by action of its Board of Directors to terminate the Plan. The allocation and distribution of contributions would be in accordance with the approved Plan agreement.

**NOTE 5 - INCOME TAX STATUS**

The Plan obtained its latest determination letter on November 17, 2002 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

---

**NOTE 6 - PLAN AMENDMENTS**

Effective January 1, 2002, the Company amended the Plan to change the deferral amounts to those authorized by the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), to allow rollover contributions, to reduce the vesting schedule from five years to three years, and to reduce the suspension period for hardship withdrawals from twelve months to six months.

Effective January 1, 2003, the Company further amended the Plan to reflect certain additional changes that are allowed as a result of EGTRRA, to provide for a temporary suspension of investment transactions when administratively necessary (blackout period), and to make certain technical corrections to the language in the Plan document.

#### **NOTE 7 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
