**Press Release** 

July 22, 2008

On July 22, 2008, United Bancshares, Inc. issued the following release:

**United Bancshares, Inc.** (Nasdaq: UBOH news), a bank holding company headquartered in Columbus Grove, Ohio with consolidated assets of \$621 million, today announced for the quarter and six-month period ended June 30, 2008 operating results and that the Board of Directors declared a dividend of \$0.15 per share to shareholders of record on August 29, 2008, payable on September 15, 2008.

For the quarter ended June 30, 2008 the Corporation reported net income of \$1,749,000, or \$0.51 basic earnings per share. This compares to second quarter 2007 net income of \$1,455,000, or \$0.41 basic earnings per share. Compared with the same period in 2007, second quarter 2008 net income increased \$294,000 or 20.2%. The \$294,000 increase for the quarter was primarily the result of a \$553,000 increase in net interest income and a \$300,000 increase in non-interest income, offset by a \$295,000 increase in the provision for loan losses, a \$141,000 increase in non-interest expenses, and a \$123,000 increase in the provision for income taxes.

For the quarter ended June 30, 2008 non-interest income was \$1,306,000, compared to \$1,006,000 for the second quarter of 2007, a \$300,000 (29.8%) increase. For the quarter ended June 30, 2008, there was an increase in the fair value of mortgage servicing rights of \$374,000, compared to an increase in fair value of mortgage servicing rights of \$217,000 for the second quarter of 2007. The fair value of mortgage servicing rights increased during the quarter due to the easing of the market s perception of mortgage investment products, and a decrease in prepayment speeds as a result of rising mortgage interest rates.

Net income for the six-months ended June 30, 2008, totaled \$2,694,000, or \$0.78 basic earnings per share compared to net income of \$2,432,000, or \$0.69 basic earnings per share for the same period in 2007. Compared with the same period in 2007, net income increased \$262,000 or 10.8%. The \$262,000 increase for the six-month period ended June 30, 2008 was primarily the result of a \$924,000 increase in net interest income, and an increase of \$84,000 in non-interest income, offset by an increase of \$420,000 in the provision for loan losses, an increase of \$214,000 in non-interest expenses, and an increase in the provision for income taxes of \$112,000.

For the six-month period ended June 30, 2008 non-interest income was \$1,864,000, compared to \$1,780,000 for the six-month period ended June 30, 2007, an \$84,000 (4.7%) increase. For the six-month period ended June 30, 2008, there was an increase in fair value of mortgage servicing rights of \$122,000, compared to an increase in fair value of mortgage servicing rights of \$150,000 for the six-months ended June 30, 2007. Non-interest income for the six months ended June 30, 2008 included securities gains of \$44,000 compared to security losses of \$224,000 for the comparable 2007 period and gain on sale of loans of \$246,000 compared to \$161,000. Non-interest income for the six months period ended June 30, 2007 also included a \$355,000 one-time gain on sale of the credit card portfolio.

For the six-month period ended June 30, 2008 non-interest expenses were \$7,183,000, compared to \$6,969,000 for the six-months ended June 30, 2007, a \$214,000 (3.1%) increase. Non-interest expenses for the six-month period ended June 30, 2008, included a \$104,000 write down on other real estate owned.

Total assets amounted to \$621.3 million at June 30, 2008 compared to \$548.0 million at December 31, 2007, an increase of \$73.3 million, or 13.4%. The increase in assets was the result of an increase of \$58.1 million in gross loans and an increase in total cash and cash equivalents of \$27.9 million offset by a decrease of \$13.6 million in available-for-sale securities. Deposits during this same period increased \$65.4 million (16.6%) primarily related to increases in brokered certificates and public deposits. Other borrowings (consisting of Federal Home Loan Bank borrowings, securities sold under agreements to repurchase, customer repurchase agreements, and junior subordinated deferrable debentures) increased \$6.7 million (6.6%).

Shareholders equity increased from \$48.8 million at December 31, 2007 to \$49.6 million at June 30, 2008. This increase was the result of net income (\$2,694,000), and the issuance of 3,723 treasury shares (\$49,000) under the Corporation s Employee Stock Purchase Plan, offset by a \$156,000 increase in unrealized securities losses, net of tax, the payment of dividends (\$1,032,000), and the repurchase of 55,000 common shares (\$775,000). The increase in unrealized securities losses from January 1, 2008 to June 30, 2008, was the result of customary and expected changes in the bond market. Unrealized losses on securities are reported as accumulated other comprehensive income in the consolidated balance sheet.

Quarterly Report
June 30, 2008
Dear Shareholders, Customers and Employees,
I am pleased to report that during the first six months of 2008 the Company was able to increase net income, grow its
earnings assets and control its non-interest expenses.
The Company s net income for the first six months of 2008 was \$2.7 million or \$0.78 per share. This represents a \$0.09 per share (13.0%) increase as compared to the same period in 2007. Although the Company reported other various changes in income statement items as compared to the same period in 2007, the increase in net income was primarily the result of an increase in net interest income after provision for loan losses (\$504,000 or 6.1%).
During the first six months of 2008, the Corporation increased its total assets and loan portfolio, while maintaining non-interest expenses at what management believes to be an acceptable level. As compared to December 31, 2007, total assets and loans increased \$73.3 million (13.4%) and \$58.1 million (16.2%), respectively; while non-interest expenses for the six month period ended June 30, 2008 increased only 3.1% as compared to the same period in 2007.
The current global economic environment, in addition to continued balance sheet and capital pressures throughout the financial services industry will continue to present obstacles to the Company in the near future. Despite the challenges created by growing concerns in the market, management has and will continue to work diligently to

prudently manage its balance sheet and seek additional opportunities to add value to the institution. A appreciate your continued support.	As always, w	/e
Respectfully,		
Daniel W. Schutt
