Mexico City, Mexico, April 28, 2008. Grupo Casa Saba ("Saba", "GCS", "the Company" or "the Group"), one of the leading Mexican distributors of pharmaceutical products, beauty aids, personal care and consumer goods, general merchandise, publications and other products announces its consolidated financial and operating results for the first quarter of 2008.

QUARTERLY EARNINGS

NET SALES

During the first quarter, GCS's sales were \$6,934.03 million, an increase of 15.33%.

Sales for our Private Pharma division grew 18.11% during the first quarter of 2008, due to the consolidation of investments made within the sector over the course of the past several months as well as an increase in our market share.

Sales in our Health, Beauty, Consumer Goods, General Merchandise and Others division rose 4.26% compared to the first quarter of 2007.

Sales in our Government Pharma division increased 15.97% due to a significant increase in the number of units sold. This was due, in part, to an increase in sales to PEMEX.

Publication sales decreased 18.72% as a result of lower unit sales. This decrease was due to the calendar effect of Holy Week as well as a reduction in sales of political content magazines.

The sales mix changed this quarter, primarily as a result of an increase in Private Pharma sales, which represented 86.01% of total sales (compared to 83.99% during the first quarter of 2007). Government Pharma accounted for 2.68% (versus 2.66% during the first quarter of 2007), Health, Beauty, Consumer Goods, General Merchandise and Other represented 8.62% (compared to 9.53% in the first quarter of 2007) and Publications made up the remaining 2.69% (versus 3.82% during the first quarter of 2007).
