Magal Security Systems Ltd. Announces First Quarter 2005 Results

Monday May 2, 8:30 am ET

YAHUD, Israel, May 2 /PRNewswire-FirstCall/ -- Magal Security Systems Ltd. (Nasdaq NM: MAGS; TASE: MAGS) today announced its consolidated financial results for the three-month period ended March 31, 2005.

Revenues for the first quarter of 2005 reached US\$13.8 million, a decrease of 2.6 percent compared with the first quarter of 2004. Operating income reached US\$934,000 and net income reached US\$295,000, a decrease of 23.2 percent and 57.1 percent respectively compared with the first quarter of 2004.

Compared with the fourth quarter of 2004, revenues decreased by 18.5 percent, operating income increased by 9.2 percent and net income decreased by 33.3 percent.

Operating expenses for the first quarter of 2005 reached US\$5.3 million, an increase of 5.6 percent compared with the same period of last year and a decrease of 21.4 percent compared with the fourth quarter of 2004.

Diluted earnings per share for the first quarter reached US\$0.03, a decrease of 63 percent compared with the same period of last year.

Commenting on the results, Mr. Jacob Even-Ezra, Chairman of Magal, said: "Revenues for the first quarter of 2005 were in the upper range of our estimate of between \$12 to \$14 million that we provided in our press release of April 7, 2005. Usually, our first quarter of the year is the weakest quarter, as outdoor installations are more difficult during the winter months."

Mr. Jacob Even-Ezra continued: "In addition, the decrease in revenues in the first quarter resulted from a number of other factors. We signed the recent US \$6.1 million framework agreement with the Israeli Ministry of Defence (MOD) for the seam-line in Israel only at the end of March 2005 and revenues from that agreement will be recorded at the second and third quarters of the year. In comparison, we recorded revenues of approximately US\$2 million from the seam-line project in the first quarter of last year. Additionally, a number of orders that were expected to be received by our U.S.-based subsidiary in the first quarter were delayed to subsequent quarters."

Mr. Even-Ezra concluded: "Despite the first quarter results and based on the current backlog, management remains confident in its guidance issued in
