IMMEDIATE REPORT OF TAT INDUSTRIES LTD.

Notice is hereby given that on October 4th, 2006 , TAT Industries Ltd., the parent company of TAT Technologies Ltd. (the "Company") (NASDAQ -TATTF), (the "Parent Company"), filed an immediate report with the Israeli Securities Authority in response to an article that was published on such date in Yediot Ahronot, an Israeli daily newspaper.

In the immediate report the Parent Company announced as follows:

1. As of the purchase of Piedmont Aviation Component Services, LLC, ("Piedmont"), by Limco - Airepair Inc., ("Limco"), the Parent Company's subsidiary and a wholly owned subsidiary of the Company, in July 2005, the Parent Company has been searching for opportunities to expand its international activities, including an investment by a strategic investor and/or an offering of shares to the public abroad.
2. The Company, Limco and Piedmont are currently engaged in preliminary negotiations both with an international strategic investor, active in the same industry as these companies, and with U.S. underwriters in connection with the possibility of a public offering of Limco's shares in the U.S.
3. Under a confidentiality agreement executed on September 28, 2006 between the Company, Limco, Piedmont and the international strategic investor, and an oral agreement with the underwriters, it was agreed not to publish any information regarding such preliminary negotiations, unless required under any law. Disclosure of the preliminary negotiations could have precluded the continuance of such negotiations.
4. Only after the conclusion of the preliminary negotiations with the investor or the proposed underwriters, the Parent Company will be able to discuss the evaluation of Limco for purposes of such transactions, and accordingly it can not respond at this time to the information that was published in Yediot Ahronot regarding this matter.
