PROXY STATEMENT
FOR THE 2005 ANNUAL MEETING OF STOCKHOLDERS
May 19, 2005

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Gen-Probe Incorporated (sometimes referred to as the Company or Gen-Probe) is soliciting your proxy to vote at the 2005 Annual Meeting of Stockholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the annual meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

We intend to mail this proxy statement and accompanying proxy card on or about April 18, 2005 to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on March 23, 2005 will be entitled to vote at the annual meeting. On this record date, there were 50,436,851 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on March 23, 2005 your shares were registered directly in your name with Gen-Probe's transfer agent, Mellon Investor Services, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the annual meeting or vote by proxy. Whether or not you plan to attend the annual meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on March 23, 2005 your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the annual meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

Election of three directors;

Ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2005.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may abstain from voting for any nominee you specify.

For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the annual meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the annual meeting and vote in person if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote over the telephone, available for USA, Canada and Puerto Rico stockholders only, dial toll-free 1-866-540-5760 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:00 p.m. Eastern Standard Time on May 18, 2005 to be counted.

To vote on the Internet, go to <http://www.proxyvoting.com/gpro> to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:00 p.m. Eastern Standard Time on May 18, 2005 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Gen-Probe. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of March 23, 2005.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of all three nominees for director, and For the selection of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2005. If any other matter is

properly presented at the annual meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. The solicitation of proxies may also be supplemented through the use of a proxy solicitation firm. If used, a proxy solicitor will receive a customary fee which we estimate to be approximately \$10,000.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to Gen-Probe's Secretary at 10210 Genetic Center Drive, San Diego, California 92121.

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 19, 2005, to Gen-Probe's Secretary at 10210 Genetic Center Drive, San Diego, California 92121. These proposals must comply with the requirements as to form and substance established by the Securities and Exchange Commission (SEC) for such proposals in order to be included in the proxy statement. If you wish to submit a proposal that is not to be included in next year's proxy materials or nominate a director, you must do so by no later than February 27, 2006 and no earlier than January 28, 2006. If you fail to give notice by this date, then the persons named as proxies in the proxies solicited by the Board for the 2006 Annual Meeting may exercise discretionary voting power regarding any such proposal.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange

(NYSE) on which your broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

How many votes are needed to approve each proposal?

For the election of directors, the three nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected. Only votes For and Withheld will affect the outcome. Broker non-votes will have no effect.

To be approved, Proposal No. 2, ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2005, must receive a For vote from the majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by stockholders present at the meeting or by proxy. On March 23, 2005, the record date, there were 50,436,851 shares outstanding and entitled to vote. Thus, 25,218,426 of these shares must be represented by stockholders present at the meeting or by proxy to have a quorum. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in the Company's quarterly report on Form 10-Q for the second quarter of 2005.

PROPOSAL 1
ELECTION OF DIRECTORS

Gen-Probe's Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the director's successor is elected and qualified. This includes vacancies created by an increase in the number of directors.

The Board of Directors presently has eight members. There are three directors in the class whose term of office expires in 2008. Each of the nominees listed below is currently a director of the Company. Mr. Dittamore and Mr. Sofaer were elected to the Board in August 2002. Mr. Schneider was elected to the Board in November 2002. Mr. Dittamore, Mr. Sofaer and Mr. Schneider were recommended for election to the Board by Mr. Nordhoff, the Company's Chairman, President and Chief Executive Officer, in connection with the Company's spin-off from Chugai Pharmaceutical Co., Ltd. If elected at the annual meeting, each of these nominees would serve until the 2008 annual meeting and until his successor is elected and has qualified, or until the director's death, resignation or removal. It is the Company's policy to encourage our directors and nominees for directors to attend our annual meetings of stockholders. All of our directors attended the 2004 Annual Meeting of Stockholders, including the nominees for election as a director at the 2004 Annual Meeting of Stockholders.

Directors are elected by a plurality of the votes properly cast in person or by proxy. The three nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by the Company's management. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

The following is a brief biography of each nominee and each director whose term will continue after the annual meeting.

Independence of the Board of Directors

As required under The Nasdaq Stock Market (Nasdaq) listing standards, a majority of the members of a listed company s Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. The Board consults with the Company s counsel to ensure that the Board s determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent Nasdaq listing standards, as in effect time to time. Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, the Board affirmatively has determined that all of the Company s directors are independent directors within the meaning of the applicable Nasdaq listing standards, except for Mr. Nordhoff, our Chairman, President and Chief Executive Officer.

Information Regarding the Board of Directors and its Committees

In November 2003, the Board of Directors documented the governance practices followed by the Company by adopting Corporate Governance Guidelines to assure that the Board will have the necessary authority and practices in place to review and evaluate the Company s business operations as needed and to make decisions that are independent of the Company s management. The guidelines are also intended to align the interests of directors and management with those of the Company s stockholders. The Corporate Governance Guidelines set forth the practices the Board will follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Corporate Governance Guidelines were adopted by the Board to, among other things, reflect changes to the Nasdaq listing standards and SEC rules adopted to implement provisions of the Sarbanes-Oxley Act of 2002. The Corporate Governance Guidelines, as well as the charters for each committee of the Board, may be viewed at www.gen-probe.com.

As required under new Nasdaq listing standards, in 2004, the Company s independent directors met three times in regularly scheduled executive sessions at which only independent directors were present. Persons interested in communicating with the independent directors regarding their concerns or issues may address correspondence to a particular director or to the independent directors generally, in care of Gen-Probe Incorporated, Attention: Corporate Secretary, 10210 Genetic Center Drive, San Diego, California 92121.

The Board has three committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The following table provides membership and meeting information for fiscal 2004 for each of the Board committees:

Committee Members	January 1, 2004 to May 27, 2004			May 28, 2004 to December 31, 2004

Below is a current description of each committee of the Board of Directors. The Board of Directors has determined that each member of each committee meets the applicable rules and regulations regarding independence and that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment with regard to the Company.

Audit Committee

The Audit Committee of the Board of Directors oversees the Company's corporate accounting and financial reporting process. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's audit engagement team as required by law; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; reviews the financial statements to be included in the Company's Annual Report on Form 10-K; oversees the internal audit function of the Company; and discusses with management and the independent auditors the results of the annual audits and the results of the Company's quarterly financial statements. In 2004, the Audit Committee was comprised of Mr. Schneider (Chairman), Dr. Laubach and Mr. Sofaer until May 28, 2004. Four directors currently comprise the Audit Committee: Mr. Schneider (Chairman), Mr. Dittamore, Dr. Laubach and Mr. Sofaer. The Audit Committee met nine times during 2004.

The Board of Directors annually reviews the Nasdaq listing standards definition of independence for Audit Committee members and has determined that all members of the Company's Audit Committee are independent (as independence is currently described in Rule 4350(d)(2)(A)(i) and (ii) of the Nasdaq listing standards). The Board of Directors has determined that Mr. Schneider and Mr. Dittamore each qualify as an audit committee financial expert, as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Schneider's and Mr. Dittamore's level of knowledge and experience based on a number of factors, including their formal education and, in the case of Mr. Schneider, his experience as a chief financial officer for a public reporting company, and in the case of

Mr. Dittamore, his experience as a partner with Ernst & Young LLP. In addition to the Company's Audit Committee, Mr. Schneider also serves as Chairman

of the Audit Committee of CancerVax Corporation. In addition to the Company's Audit Committee, Mr. Dittamore also serves as Chairman of the Audit Committees of Invitrogen Corporation and Digirad Corporation. The Board of Directors has determined that such simultaneous service does not impair Mr. Schneider's or Mr. Dittamore's respective ability to effectively serve on the Company's Audit Committee.

Compensation Committee

The Compensation Committee of the Board of Directors reviews and approves the overall compensation strategy and policies for the Company. The Compensation Committee also reviews and approves corporate performance goals and objectives relevant to the compensation of the Company's executive officers and other senior management; reviews and approves the compensation and other terms of employment of the Company's Chief Executive Officer and the Company's other executive officers; and administers the Company's stock option and stock purchase plans. In 2004, the Compensation Committee was comprised of Dr. McNamee (Chairman), Dr. Laubach and Mr. Kessler until May 28, 2004. Four directors currently comprise the Compensation Committee: Mr. Kessler (Chairman), Dr. McNamee, Dr. Laubach and Dr. Jemison. All members of the Company's Compensation Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards). The Compensation Committee met three times during 2004.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for identifying, reviewing and evaluating candidates to serve as directors of the Company (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors, recommending to the Board candidates for election to the Board of Directors, making recommendations to the Board regarding the membership of the committees of the Board, assessing the performance of management and the Board, and developing a set of corporate governance principles for the Company. Our Nominating and Corporate Governance Committee charter can be found on our corporate website at www.gen-probe.com. In 2004, the Nominating and Corporate Governance Committee was comprised of Mr. Dittamore (Chairman), Mr. Kessler and Mr. Sofaer until May 28, 2004. Three directors currently comprise the Nominating and Corporate Governance Committee: Mr. Sofaer (Chairman), Mr. Kessler and Mr. Dittamore. All members of the Nominating and Corporate Governance Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards). The Nominating and Corporate Governance Committee met three times during 2004.

The Nominating and Corporate Governance Committee believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. The Nominating and Corporate Governance Committee also considers such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee considers skills, diversity, age, and such other factors as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee must be independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The

Nominating and Corporate Governance Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Corporate Governance Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. To date, the Nominating and Corporate Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates. To date, the Board has not rejected a timely director nominee from a stockholder or stockholders holding more than 5% of our voting stock.

At this time, the Nominating and Corporate Governance Committee does not consider director candidates recommended by stockholders. The Nominating and Corporate Governance Committee believes that it is in the best position to identify, review, evaluate and select qualified candidates for Board membership, based on the comprehensive criteria for Board membership approved by the Board.

Meetings of the Board of Directors

The Board of Directors met seven times during 2004. Each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he or she served, held during the period for which he or she was a director or committee member, respectively.

Stockholder Communications with the Board of Directors

Historically, the Company has not adopted a formal process for stockholder communications with the Board of Directors. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been excellent. During the upcoming year, the Nominating and Corporate Governance Committee will give full consideration to the adoption of a formal process for stockholder communications with the Board and, if adopted, publish it promptly and post it to the Company's website.

Code of Ethics

The Company has adopted the Gen-Probe Incorporated Code of Ethics that applies to all officers, directors and employees. The Code of Ethics is available on our website at www.gen-probe.com. If the Company makes any substantive amendments to the Code of Ethics or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website.

Report of the Audit Committee of the Board of Directors

The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial statements and reporting process, including the system of internal controls. The Audit Committee's function is more fully described in its charter, which the Board has adopted. The Audit Committee reviews the charter on an annual basis.

Each member of the Audit Committee is an independent director as determined by our Board of Directors, based on Nasdaq listing rules and the Company's independence guidelines. Each member of the Audit Committee also satisfies the SEC additional independence requirements for members of audit committees.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles and procedures designed to ensure compliance with accounting standards, applicable laws and regulations; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure

controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

The Company's independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the consolidated financial statements as well as expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, management's assessment of the effectiveness of the Company's internal control over financial reporting, and the effectiveness of internal control over financial reporting.

The Audit Committee has met and held discussions with management and the Company's independent auditors regarding the fair and complete presentation of the Company's results, the audited financial statements of the Company for the fiscal year ended December 31, 2004, and management's assessment of the effectiveness of the Company's internal control over financial reporting. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments.

During the course of the fiscal year ended December 31, 2004, management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management and Ernst & Young LLP at each Audit Committee meeting during the year. At the conclusion of the process, management provided the Audit Committee with and the Audit Committee reviewed a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee reviewed the report of management contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004 filed with the SEC, as well as Ernst & Young LLP's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule, (ii) management's assessment of the effectiveness of internal control over financial reporting, and (iii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's evaluation thereof in fiscal year 2005.

The Audit Committee has also discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards Board Standard No. 61, as amended (Communication with Audit Committees), as may be modified or supplemented. In addition, Ernst & Young LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as may be modified or supplemented, and the Audit Committee has discussed with Ernst & Young LLP that firm's independence. The Audit Committee has also concluded that Ernst & Young LLP's provision of audit and non-audit services to the Company and its affiliates is compatible with Ernst & Young LLP's independence.

Based on these reviews and discussions, on February 10, 2005 the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the SEC.

PROPOSAL 2**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2005, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the annual meeting. Ernst & Young LLP has audited the Company's financial statements since 1989. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors. However, the Audit Committee of the Board of Directors is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board of Directors in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Pre-approval Policies and Procedures

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent auditor, Ernst & Young LLP. The policy generally pre-approves

specified services in the defined categories of audit services, audit-related services, and tax services, up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

The Audit Committee has determined that the rendering of the services other than audit services by Ernst & Young LLP is compatible with maintaining the principal accountant's independence.

The Board of Directors recommends a vote in favor of Proposal 2.

Compensation of Directors

Each non-employee director of the Company receives an annual retainer of \$60,000, with twenty percent of the annual retainer paid in the form of common stock of the Company, if shares are then available for issuance under an equity incentive plan adopted by the Company. The twenty percent of the annual retainer received in the form of common stock must be held until the director retires from the Board. In addition, directors may elect to receive the remainder of their annual retainer in the form of common stock of the Company, subject to share availability. In 2004, non-employee directors elected to receive an aggregate of 3,660 shares of restricted common stock. Shares are granted as restricted stock awards under the Company's 2003 Incentive Award Plan and the number of shares is determined based on the fair market value on the date of grant, the first day of the calendar quarter following the director's service. Upon joining the Board, non-employee directors also receive an initial grant of an option to purchase 20,000 shares of the Company's common stock, if options are then available, under an equity incentive plan adopted by the Company. Such shares vest either over three years with one-third (1/3rd) of the shares vesting one year after the date of grant and the remainder of the shares vesting monthly thereafter over the following two years, or, such shares vest over one year at the rate of one-twelfth (1/12th) of the shares each month. The exercise price of the options is

based on the fair market value of the Company's common stock on the date of grant. Additionally, the Company pays an annual retainer of \$20,000 to the Chairman of the Audit Committee and \$10,000 to each of the chairs of the Compensation Committee and the Nominating and Corporate Governance Committee. In the fiscal year ended December 31, 2004, the total compensation paid to non-employee directors for service on the Board or committees of the Board was \$315,381. During the last fiscal year, the Company granted options to purchase 10,000 shares of our common stock to each non-employee director of the Company having been in office for at least six months as of May 28, 2004, at an exercise price per share of \$41.94, the fair market value of our common stock on the date of grant, for aggregate grants of 60,000 shares of common stock. Description of the 2002 New Hire Plan

General Nature and Purposes of the 2002 New Hire Plan. The principal purposes of the 2002 New Hire Plan (2002 Plan) are to provide incentives for certain employees of the Company and its subsidiaries through granting of options (2002 Plan Awards), thereby stimulating optionees' personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. The 2002 Plan was approved by the Board on November 11, 2002 without approval by the Company's stockholders.

A brief description of the principal features of the 2002 Plan follows, but the description is qualified in its entirety by reference to the 2002 Plan itself.

Administration of the Plan. The 2002 Plan is administered by the Compensation Committee of the Company's Board of Directors (or another committee or a subcommittee of the Board assuming the functions of the Compensation Committee under the 2002 Plan) (the Committee). The Committee consists of at least two members of the Board of Directors, each of whom is a non-employee director for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act, and such rule, Rule 16b-3), and an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Subject to the terms and conditions of the 2002 Plan, the Committee has the authority to select the persons to whom 2002 Plan Awards are to be made, to determine the number of shares to be subject thereto and the terms and conditions thereof, and to make all other determinations and to take all other actions necessary or advisable for the administration of the 2002 Plan. The Committee is also authorized to adopt, amend, interpret and revoke rules relating to the administration of the 2002 Plan.

Securities Subject to the 2002 Plan. The aggregate number of shares of common stock which may be issued upon exercise of options granted under the 2002 Plan is 200,000.

The shares available under the 2002 Plan upon exercise of stock options may be either previously unissued shares or treasury shares. The Committee has the discretion to make appropriate adjustments in the number of securities subject to the 2002 Plan and to outstanding 2002 Plan Awards to reflect dividends or other distributions; a recapitalization, reclassification, stock split, reverse stock split, or reorganization, merger or consolidation of the Company; the split-up, spin-off, combination, repurchase, liquidation or dissolution of the Company; or disposition of all or substantially all of the assets of the Company or exchange of common stock or other securities of the Company; or other similar corporate transaction or event (an extraordinary corporate event).

If any portion of a 2002 Plan Award terminates or lapses unexercised, or is canceled upon grant of a new 2002 Plan Award (which may be at a higher or lower exercise price than the Award so canceled), the shares which were subject to the unexercised portion of such 2002 Plan Award, will continue to be available for issuance under the 2002 Plan.

Term of the 2002 Plan and Amendments. The 2002 Plan will expire on November 10, 2012, unless earlier terminated. The 2002 Plan can be amended, modified, suspended or terminated by the Committee or the Board of Directors. Amendments of the 2002 Plan will not, without the consent of the participant, affect such person's rights under a 2002 Plan Award previously awarded, unless the 2002 Plan Award agreement governing such 2002 Plan Award itself otherwise expressly so provides.

Eligibility. 2002 Plan Awards may be granted only to newly hired employees of the Company (including newly hired officers or employee directors of the Company) who have not previously been employed by the Company.

Payment for Shares. The exercise price for all 2002 Plan Awards, together with any applicable tax required to be withheld, must be paid in full in cash at the time of exercise or the Committee may, in its sole and absolute discretion (i) allow a delay in payment up to 30 days from the date the option is exercised, (ii) allow payment, in whole or in part, through the delivery of shares of common stock which have been held by the holder for at least six months, (iii) allow payment, in whole or in part, through the surrender of shares of common stock then issuable upon exercise of the option having a fair market value on the date of option exercise equal to the aggregate exercise price of the option or exercised portion thereof, (iv) allow payment, in whole or in part, through the delivery of a notice that the holder has placed a market sell order with respect to shares of common stock then issuable upon exercise of the option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the option exercise price; provided, that the payment of such proceeds is then made to the Company upon settlement of such sale, and (v) allow payment through any combination of the consideration provided in the foregoing subparagraphs (ii), (iii) and (iv).

Awards under the 2002 Plan. The 2002 Plan provides that the Committee may grant or issue non-qualified stock options (NQSOs). NQSOs provide for the right to purchase common stock at the fair market value on the date of grant and usually will become exercisable (in the discretion of the Committee) in one or more installments after the grant date, subject to the participant's continued provision of services to the Company. NQSOs may be granted for any term specified by the Committee; provided that such term may not exceed 10 years.

Agreements; Consideration to the Company. Each 2002 Plan Award will be set forth in a separate agreement with the person receiving the 2002 Plan Award and will indicate the terms and conditions of the 2002 Plan Award. The dates on which 2002 Plan Awards under the 2002 Plan first become exercisable and on which they expire will be set forth in individual 2002 Plan Award agreements setting forth the terms of the 2002 Plan Awards. Such agreements generally will provide that 2002 Plan Awards expire upon termination of the participant's status as an employee, although the Committee may provide that Awards granted to employees continue to be exercisable following a termination without cause, or following a change in control of the Company (as defined in the 2002 Plan), or because of the grantee's retirement, death, disability or otherwise.

General Terms of 2002 Plan Awards under the 2002 Plan

Non-Assignability. No 2002 Plan Awards may be assigned or transferred by the grantee, except by will, the laws of descent and distribution or pursuant to a qualified domestic relations order, although the shares of common stock underlying such 2002 Plan Awards may be transferred if all applicable restrictions have lapsed. During the lifetime of the holder of any 2002 Plan Award, the 2002 Plan Award may be exercised only by the holder. Notwithstanding the foregoing, the Committee may grant NQSOs that may be assigned or transferred, subject to certain conditions, to permitted transferees, which include a child, grandchild, parent, spouse, niece or nephew of the holder.

Extraordinary Corporate Events. The Committee has discretion under the 2002 Plan to provide that 2002 Plan Awards will expire at specified times following, or become exercisable in full upon, the occurrence of certain specified extraordinary corporate events; but in such event the Committee may also give optionees the right to exercise their outstanding NQSOs in full during some period prior to such event, even though the NQSOs have not yet become fully exercisable.

Effect of Change in Control. Notwithstanding anything in the 2002 Plan or the provisions of any 2002 Plan Award to the contrary, in the event of a Change in Control (as defined in the 2002 Plan), each outstanding 2002 Plan Award shall, immediately prior to the effective date of the Change in Control, automatically become fully vested or exercisable, as applicable, for all of the shares of common stock at the time subject to such 2002 Plan Award and, as applicable, may be exercised for any or all of the shares of common stock subject to the 2002 Plan Award.

For purposes of the 2002 Plan, Change in Control means a change in ownership or control of the Company effected through either of the following transactions: (a) any person or related group of persons (other than the Company or a person that, prior to such transaction, directly or indirectly controls, is controlled by, or is under common control with, the Company) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer for securities of the Company; (b) there is a change in the composition of the Board over a period of thirty-six (36) consecutive months (or less) such that a majority of the Board members (rounded up to the nearest whole number) ceases, by reason of one or more proxy contests for the election of Board members, to be comprised of individuals who either (i) have been Board members continuously since the beginning of such period or (ii) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (i) who were still in office at the time such election or nomination was approved by the Board; (c) a merger or consolidation of the Company with any other corporation (or other entity), other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by

remaining outstanding or by being converted into voting securities of the surviving entity or another entity) more than 66²/₃% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; *provided, however*, that a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person acquires more than 25% of the combined voting power of the Company's then outstanding voting securities shall not constitute a Change in Control; or (d) a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

Transfer Restrictions. The Committee, in its discretion, may impose such restrictions on the transferability of the shares purchasable upon the exercise of a NQSO as it deems appropriate. Any such other restriction shall be set forth in the respective 2002 Plan Award agreement and may be referred to on the certificates evidencing such shares.

Withholding Tax Obligations. As a condition to the issuance or delivery of stock pursuant to the exercise of a 2002 Plan Award granted under the 2002 Plan, the Company requires participants to discharge applicable withholding tax obligations. Shares held by or to be issued to a participant may also be used to discharge tax withholding obligations related to exercise of 2002 Plan Awards, subject to the discretion of the Committee to disapprove such use.

Securities Law. The 2002 Plan is intended to conform to the extent necessary with all provisions of the Securities Act of 1933, as amended (the Securities Act), and the Exchange Act, and any and all regulations and rules promulgated by the Commission thereunder, including without limitation Rule 16b-3. The 2002 Plan will be administered, and options will be granted and may be exercised, only in such a manner as to conform to such laws, rules and regulations. To the extent permitted by applicable law, the 2002 Plan and options granted thereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

Employment Agreements

The Company entered into an employment agreement with its Chairman, President and Chief Executive Officer, Henry L. Nordhoff, on April 2, 2003, as amended on January 1, 2004, which specifies the terms and conditions of his employment. The agreement states that Mr. Nordhoff's base salary will equal his base salary on the date of the agreement (\$511,400 per year), which amount can be increased annually by the Board of Directors. The Agreement also provides that Mr. Nordhoff's salary may not be decreased during the term of the agreement. Mr. Nordhoff's target bonus will be 75% of his base salary, with the actual amount determined by the Board of Directors, upon recommendation of the Compensation Committee, at its discretion. This authority has been delegated by the Board to the Compensation Committee. The agreement further provides that Mr. Nordhoff will receive an annual grant of not less than 20,000 shares of restricted stock of the Company and not less than 100,000 options to purchase shares of the Company's common stock, if such options or restricted shares are then available under an equity participation plan adopted by the Company. The Company also is required to provide Mr. Nordhoff with a term life insurance policy providing for payment of \$1 million to his designated beneficiaries and to pay annual club dues on his behalf. Mr. Nordhoff is also eligible pursuant to the Agreement to participate in the Company's retirement, stock option, insurance and similar plans as in effect from time to time.

Mr. Nordhoff may terminate his employment with the Company at any time. In the event Mr. Nordhoff's employment is terminated for reasons other than cause, or if he terminates his employment for good reason (each as defined below), Mr. Nordhoff will receive severance pursuant to the Agreement in the form of 24 months salary continuation at his base salary rate in effect at the time of the termination, plus a pro rata portion of his targeted level bonus in the year of the termination and an amount equal to two times his targeted level bonus in the year of termination. If Mr. Nordhoff's termination is in connection with a change in control (as defined in the agreement), he will receive severance in the form of a lump sum payment, payable within 10 days of termination, equal to 36 months base salary, and an amount equal to three times his targeted level bonus in the year of the termination. A termination is considered in connection with a change in control if the termination occurs within the period six months before or 18 months after a change in control. The agreement

also requires the Company to provide continued health care coverage to Mr. Nordhoff and his eligible dependents without charge until the earlier of his 65th birthday or the first date that he is covered under another employer's health benefit program providing substantially the same or better benefits and to pay premiums on life insurance obtained under the Company's life insurance plan. After Mr. Nordhoff reaches age 65, the Company will provide for up to \$10,000 per year in medical reimbursement to cover medical and prescription expenses incurred but not covered by Medicare. Further, upon a termination without cause or for good reason, Mr. Nordhoff's interest in any unvested 401(k) contributions will vest as of the date of his termination and he will receive outplacement services for six months.

The agreement also provides that if it is determined that any payment or distribution of any type to Mr. Nordhoff or for his benefit by the Company, any of its affiliates, any person who acquires ownership or effective control of the Company or ownership of a substantial portion of its assets (within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended (Code) and the regulations thereunder), whether paid or payable or distributed or distributable pursuant to the terms of this Agreement or otherwise, would be subject to the excise tax imposed by Section 4999 of the Code or any interest or penalties with respect to such excise tax, then Mr. Nordhoff will be entitled to receive an additional gross up payment in an amount calculated to ensure that after Mr. Nordhoff pays all taxes (and any interest or penalties imposed with respect to such taxes), including any excise tax, imposed upon the gross-up payment, Mr. Nordhoff retains an amount of the gross-up payment equal to the excise tax imposed upon the total payments made to him. However, if the excise tax could be avoided by reducing the total payments by \$10,000 or less, then the total payments would be reduced to the extent necessary to avoid the excise tax and no gross-up payment would be required under the agreement.

For purposes of the agreement, good reason means any of the following events that are not consented to by Mr. Nordhoff: (i) the removal of Mr. Nordhoff from his position as the Chief Executive Officer of the Company; (ii) a substantial and material diminution in Mr. Nordhoff's duties and responsibilities; (iii) a reduction of Mr. Nordhoff's base salary or target bonus percentage; (iv) the location of Mr. Nordhoff's assignment on behalf of the Company is moved to a location more than 30 miles from its present location; (v) the failure of the Company to obtain a satisfactory agreement from any successor to the Company to assume and agree to perform the agreement; or (vi) a material breach by the Company of its obligations under the agreement after notice in writing from Mr. Nordhoff and a reasonable opportunity for the Company to cure or substantially mitigate any material adverse effect of such breach. In addition, cause means any of the following events: (i) any act of gross or willful misconduct, fraud, misappropriation, dishonesty, embezzlement or similar conduct on the part of Mr. Nordhoff; (ii) Mr. Nordhoff's conviction of a felony or any crime involving moral turpitude (which conviction, due to the passage of time or otherwise, is not subject to further appeal); (iii) Mr. Nordhoff's misuse or abuse of alcohol, drugs or controlled substances and failure to seek and comply with appropriate treatment; (iv) willful and continued failure by Mr. Nordhoff to substantially perform his duties under the agreement (other than any failure resulting from disability or from termination by Mr. Nordhoff for good reason) as determined by a majority of the Board after written demand from the Board of Directors for substantial performance is delivered to Mr. Nordhoff, and Mr. Nordhoff fails to resume substantial performance of his duties on a continuous basis within 30 days of such notice; (v) the death of Mr. Nordhoff; or (vi) Mr. Nordhoff's becoming disabled such that he is not able to perform his usual duties for the Company for a period in excess of six consecutive calendar months.

The Company also has entered into employment agreements with each of the following executives: Executive Vice President Development, James H. Godsey; Executive Vice President and Chief Scientist, Daniel L. Kacian, Ph.D., M.D.; Executive Vice President Sales and Operations, Niall M. Conway; Vice President General Counsel and Secretary, R. William Bowen; Vice President Human Resources, Diana De Walt; Vice President Regulatory, Quality & Government Affairs, Glen Paul Freiberg, RAC; Executive Vice President Commercialization, Molecular Light Technology Limited, Lynda A. Merrill; Vice President Strategic Planning and Business Development, Larry T. Mimms, Ph.D.; and Vice President Finance and Chief Financial Officer, Herm Rosenman. Each agreement provides that in the event the executive's employment is terminated for reasons other than cause, or if the executive terminates her or his employment for good reason (each as defined in the agreement), the executive will receive severance in the

form of continued compensation, at the executive's salary rate paid at the time of the termination plus costs of life insurance premiums, if any, for a period of 12 months. If the termination is due to a change in control (as defined in the agreement), the executive will receive severance in the form of a lump sum payment, payable within 10 days of termination equal to 18 months' base salary, and an amount equal to 1.5 times the greater of the executive's targeted level bonus in the year of the termination or the executive's highest discretionary bonus in the preceding three years. A termination is considered in connection with a change in control if the termination occurs within the period six months before or 18 months after a change in control. Each executive also is entitled to receive COBRA benefits for the executive and eligible dependents until the earlier of one year following the termination date or the first date that the executive is covered under another employer's health benefit program providing substantially the same or better benefits, and outplacement services for six months.

The Company also has entered into employment agreements with the following additional executives: Vice President Research, Lyle J. Arnold; Vice President Product Development, Valerie M. Day; Vice President Corporate Development, Martin B. Edelshain; Vice President Business Development, Paul E. Gargan, Ph.D.; Vice President Supply Chain Management, Gurney I. Lashley; Vice President Finance and Corporate Controller, Donald D. Tartre; and Vice President Intellectual Property, Peter R. Shearer. Each agreement provides that in the event the executive's employment is terminated for reasons other than cause, or if the executive terminates her or his employment for good reason (each as defined in the agreement), the executive will receive severance in the form of continued compensation at the executive's salary rate paid at the time of the termination, plus costs of life insurance premiums, if any, for a period of six months. If the termination is due to a change in control, the executive will receive severance in the form of a lump sum payment, payable within 10 days of termination equal to 12 months' base salary, and an amount equal to the greater of the executive's targeted level bonus in the year of the termination or the executive's highest discretionary bonus in the preceding three years. A termination is considered in connection with a change in control if the termination occurs within the period six months before or 18 months after a change in control. Each executive also is entitled to receive COBRA benefits for the executive and eligible dependents until the earlier of one year following the termination date or the first date that the executive is covered under another employer's health benefit program providing substantially the same or better benefits, and outplacement services for six months.

Change-in-Control Severance Compensation Plan

The Company has established the Gen-Probe Incorporated Change-in-Control Severance Compensation Plan (the Severance Plan), which provides eligible employees with severance pay benefits in the event of a change in control of the Company. Generally, all employees who are not officers of the Company are eligible to participate in the Severance Plan. The Company is entitled to amend or terminate the Severance Plan, in its sole discretion, at any time prior to a change in control. Under the Severance Plan, in the event of a change in control of the Company, as defined in the plan, eligible employees who are terminated without cause within one year of the change in control are entitled to receive a severance payment. The participant is entitled to receive a severance payment equal to the employee's weekly salary on the date of termination, to be paid for a minimum of three weeks and a maximum of 30 weeks (depending on the employee's position with the Company) and the Company will pay on the employee's behalf the costs of premiums under the Company's medical and dental plans during that period of time. Alternatively, the participant may elect to receive 90% of the aggregate cash severance payment due to him or her in one lump sum cash payment. If the participant commences full time employment with a new employer, the Company's obligation to pay the costs of premiums due under the Company's medical and dental plans will terminate, but the Company will still be obligated to pay the cash severance payment to the participant. Such payments may tend to discourage takeover attempts by increasing costs to be incurred by the Company in the event of a takeover. The Severance Plan will terminate on September 16, 2009 unless a change in control occurs prior to that date, in which event the Severance Plan will apply to any termination of employment occurring within 12 months after the change in control.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

The Compensation Committee is currently comprised of four directors of the Board, each of whom is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Section 162(m) of the Internal Revenue Code (the Code). The Compensation Committee receives and approves each of the elements of the executive compensation program of the Company and continually assesses the effectiveness and competitiveness of the program. In addition, the Committee administers the stock option program and other key provisions of the executive compensation program and reviews with the Board all aspects of the compensation structure for the Company's executives. Set forth below in full is the Report of the Compensation Committee regarding compensation paid by the Company to its executive officers during 2004.

Compensation for executives is based on the principles that compensation must (a) be competitive with other quality companies in order to help attract, motivate and retain the talent needed to lead and grow the Company's business; (b) be based on performance of the individual and performance of the business; (c) provide a strong incentive for key managers to achieve the Company's goals; and (d) make prudent use of the Company's resources.

Executive compensation is based on performance against a combination of financial and non-financial measures including business results and developing organizational capacity. In addition, executives are expected to uphold the fundamental principles embodied in the Company's Vision and Mission Statement. These include a commitment to providing products of value to our customers by encouraging innovation, developing our people, and investing in technologies while generating profits to fund aggressive growth. In upholding these objectives, executives not only contribute to their own success, but also help ensure that the Company's business, employees, stockholders and communities in which we live and work will prosper.

Compensation Philosophy

The Company's executive compensation program is based upon a pay-for-performance philosophy. The executive compensation program is designed to provide value to the executive based on the extent of individual performance, the Company's performance versus budgeted earnings targets and other financial measures, the Company's longer term financial performance and total return to stockholders, including the extent to which share price appreciation meets, exceeds or falls short of expectations.

Elements of the Executive Compensation Program

Base Salary. An executive's base salary is determined by an assessment of her or his sustained performance against her or his individual job responsibilities including, where appropriate, the impact of such performance on the Company's business results, industry pay levels, and experience and potential for advancement.

Annual Incentives. Cash payments under the Company's annual performance incentive plan are based on achieving personal and corporate goals. Corporate goals include revenues, profitability and product launches. Use of corporate goals establishes a direct link between the executive's pay and the Company's financial success.

Long-Term Incentives. The Company's long-term incentives will be primarily in the form of stock option awards. The objective of these awards is to advance the Company's longer-term interests and those of the Company's stockholders and to complement incentives tied to annual performance. These awards will provide rewards to executives based upon the creation of incremental stockholder value.

Stock options will only produce value to executives if the price of the Company's stock appreciates, thereby directly linking the interests of executives with those of stockholders. The number of stock options granted is based on the executive's position, performance in the prior year and the executive's potential for continued sustained contributions to the Company's success. The Compensation Committee does consider the number of options held by the executives when making grants. The executive's right to stock options vests over

a four-year period and each option is exercisable, but only to the extent that it has vested, over a ten-year period following its grant, so long as the executive continues to provide services to the Company. In order to preserve the linkage between the interests of executives and those of stockholders, the executives are encouraged to utilize the shares obtained on the exercise of their stock options, after satisfying the cost of exercise and taxes, to establish a significant level of direct ownership.

Chief Executive Officer Compensation

Henry L. Nordhoff's base salary was established pursuant to his employment agreement. The Compensation Committee believes that the total compensation of the Chairman, President and Chief Executive Officer is largely based upon the same policies and criteria used for other executive officers at comparable companies. Each year the Compensation Committee reviews the Chief Executive Officer's compensation arrangement, his individual performance for the calendar year under review, as well as the Company's performance. In determining Mr. Nordhoff's bonus for 2004, the Committee considered his contributions to the Company, particularly in connection with meeting and exceeding 2004 financial, operational, strategic and organizational performance objectives, and his role in implementing strategic and financial initiatives designed to augment the Company's development and growth efforts. For the fiscal year ended December 31, 2004, Mr. Nordhoff received a bonus of \$450,000. In June 2004, Mr. Nordhoff was granted options under the 2003 Plan to purchase 100,000 shares of Common Stock at \$41.94 per share, the fair market value on the date of grant, and a restricted stock award under the 2003 Plan for 20,000 shares of common stock. The stock option grant and restricted stock award are both subject to vesting over four years. On September 10, 2004, the Company converted Mr. Nordhoff's 2004 restricted stock award for 20,000 shares and a prior 2003 restricted stock award for 20,000 shares into 40,000 shares of deferred issuance restricted stock awards. The 40,000 shares of deferred issuance restricted stock awards are subject to the same vesting terms as the prior restricted stock awards. The Compensation Committee believes Mr. Nordhoff's compensation, including salary, bonus and equity awards, is at a level competitive with Chief Executive Officer salaries within the biotechnology industry.

Section 162(m) Compliance

Section 162(m) of the Code generally limits the tax deductions a public corporation may take for compensation paid to its Named Executive Officers to \$1 million per executive per year. Compensation above \$1 million may be deducted if it is performance based compensation within the meaning of the Code. The Company's stockholders have previously approved the 2000 Plan and the 2003 Plan, qualifying awards under these plans as performance based compensation exempt from the Section 162(m) limits. In addition, the Committee intends to evaluate the Company's executive compensation policies and benefit plans during the coming year to determine whether additional actions to maintain the tax deductibility of executive compensation are in the best interest of the Company's stockholders.

Conclusion

Through the programs described above, a significant portion of the Company's compensation program and realization of its benefits is contingent on both Company and individual performance.

The foregoing report has been furnished by the Compensation Committee.

Certain Transactions

In September 2000, the Company made a loan in principal amount of \$100,000 to Niall M. Conway, its Executive Vice President Sales and Operations. The Company made this loan to Mr. Conway in order to assist him with the purchase of his initial residence in San Diego, California. This loan is evidenced by a promissory note which matures upon the earlier of (a) the resale of his residence, or (b) termination of his employment with the Company. The loan by its original terms is not subject to interest.

During the fiscal year 2004 through February 14, 2005, certain of the Company's directors and executives officers purchased shares of the Company's common stock pursuant to the exercise of vested stock options as follows:

R. William Bowen, 47,000 shares for \$615,685; Niall M. Conway, 42,026 shares for \$516,500; Valerie

Day, 2,900 shares for \$39,054; Glen P. Freiberg, 22,379 shares for \$293,770; Paul E. Gargan, 18,000 shares for \$245,790; James H. Godsey, 11,446 shares for \$156,295; Armin M. Kessler, 8,333 shares for \$79,997; Kiyoshi Kurokawa (former director), 9,444 shares for \$63,747; Gurney Lashley, 38,000 shares for \$503,401; Brian McNamee, 12,000 shares for \$81,000; Lynda Merrill, 37,000 shares for \$486,361; Larry T. Mimms, 50,700 shares for \$672,243; Henry L. Nordhoff, 238,000 shares for \$3,129,770; Peter R. Shearer, 27,000 shares for \$354,666.

The Company has entered into indemnity agreements with its directors and officers which provide, among other things, that the Company will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of the Company, and otherwise to the fullest extent permitted under Delaware law and the Company's Bylaws.

The Company believes that all of the transactions described above were on terms at least as favorable to it as they would have been had the Company entered into those transactions with unaffiliated third parties.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Gen-Probe stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to Gen-Probe Incorporated, Attention: Investor Relations, 10210 Genetic Center Drive, San Diego, California 92121, or contact the Investor Relations Department at (818) 410-8000. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

Other Matters

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors

Henry L. Nordhoff
Chairman, President and Chief Executive Officer
