Timberland Bancorp, Inc. Announces Increased First Quarter Earnings

- \* Net Income Increases by 8%; Diluted Earnings Per Share Increases by 18%
- \* Loan Portfolio Increases by \$16.0 Million During Quarter
- \* Deposits Increase by \$83.6 Million During Quarter
- \* Acquisition of 7 Branches Closes in October

HOQUIAM, Wash. January 24, 2005 Timberland Bancorp, Inc. (Nasdaq: TSBK), ("Company") the holding company for Timberland Bank, ("Bank"), today reported net income of \$1.49 million, or \$0.40 per diluted share, for the quarter ended December 31, 2004. This compares to net income of \$1.39 million, or \$0.34 per diluted share that the Company earned for the quarter ended December 31, 2003. The increased income was primarily a result of increased net interest income and increased non-interest income.

The quarter was highlighted by the successful acquisition and integration of seven new offices from Venture Bank into Timberland's branch system. Subsequent to the acquisition, two of the acquired offices were consolidated into existing Timberland branch offices. "The acquisition added lower cost core deposits to our funding base and expanded our geographic reach. It also provided the opportunity for increased fee income from deposit related service fees as evidenced by the \$249,000 increase over the same quarter in the prior fiscal year", stated Timberland's President Michael Sand. Acquisition related expenses of \$183,000 during the quarter were offset by a \$245,000 pre-tax gain from the sale of \$1.5 million in credit card loans.

During the quarter net loans outstanding increased by \$16.0 million and total deposits increased by \$83.6 million. "The Bank's lower funding costs combined with an increase in net loans outstanding resulted in a \$607,000 increase in net interest income. Non-interest income also increased by \$426,000 when compared to the similar quarter in the prior fiscal year," stated Dean Brydon, Timberland's Chief Financial Officer.

"We are pleased to have increased our core deposits as interest rates have risen," added Sand. "The timing of the acquisition was good and we look forward

## Edgar Filing: TIMBERLAND BANCORP INC - Form 8-K

to bringing Timberland's brand of community banking to an expanded customer base," Sand also stated.

### Disclaimer

This report contains certain "forward-looking statements." The Company desires to take advantage of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and is including this statement for the express purpose of availing itself of the protection of such safe harbor with forward looking statements. These forward-looking statements may describe future plans or strategies and include the Company's expectations of future financial results. Forward-looking statements are subject to a number of risks and uncertainties that might cause actual results to differ materially from stated objectives. These risk factors include but are not limited to the effect of interest rate changes, competition in the financial services market for both deposits and loans as well as regional and general economic conditions. The words "believe," "expect," "anticipate," "estimate," "project," and similar expressions identify forward-looking statements. The Company's ability to predict results or the effect of future plans or strategies is inherently uncertain and undue reliance should not be placed on such statements.

### Comparison of Financial Condition at December 31, 2004 and September 30, 2004

**Total Assets:** Total assets increased \$73.8 million to \$534.2 million at December 31, 2004 from \$460.4 million at September 30, 2004 primarily due to a \$49.0 million increase in investment securities and overnights funds, a \$16.0 million increase in net loans receivable, a \$7.7 million increase in goodwill and core deposit intangible, and a \$2.0 million increase in premises and equipment. This growth was funded by the net cash received in connection with the acquisition of seven branch offices and related deposits from Venture Bank.

**Investments and Overnight Funds:** Investment securities, interest bearing deposits in banks, and federal funds sold increased by \$49.0 million to \$113.6 million at December 31, 2004 from \$64.6 million at September 30, 2004, as a portion of the funds received in connection with the acquisition of deposits from Venture Bank were placed into investment securities and overnight funds.

**Loans:** Net loans receivable, including loans held-for-sale, increased by \$16.0 million to \$360.6 million at December 31, 2004 from \$344.6 million at September 30, 2004. The increase in the portfolio was primarily a result of an \$11.8 million increase in commercial real estate loans, a \$3.0 million increase in one-to-four family mortgage loans, a \$1.4 million increase in construction loans (net of undisbursed portion), a \$592,000 increase in consumer loans, and a \$352,000 increase in land loans. These increases were partially offset by a

## Edgar Filing: TIMBERLAND BANCORP INC - Form 8-K

\$517,000 decrease in commercial business loans and a \$513,000 decrease in multi-family loans.

Loan originations totaled \$61.4 million for the three months ended December 31, 2004 compared to \$54.3 million for the same period a year earlier. The Bank sold loans totaling \$4.8 million (\$3.3 million in fixed rate one-to-four family mortgage loans and \$1.5 million in credit card loans) during the three months ended December 31, 2004, compared to \$10.2 million in fixed rate one-to-four family mortgage loans sold during the three months ended December 31, 2003.

Deposits: Deposits increased by \$83.6 million to \$403.2 million at December 31, 2004 from \$319.6 million at September 30, 2004, primarily due to the acquisition of \$86.3 million in deposits from Venture Bank in October 2004. The \$83.6 million deposit increase is comprised of a \$34.7 million increase in certificate of deposit accounts, a \$21.5 million increase in N.O.W. checking accounts, a \$14.0 million increase in savings accounts, a \$9.9 million increase in money market accounts, and a \$3.6 million increase in non-interest bearing accounts.

Shareholders' Equity: Total shareholders' equity increased by \$1.4 million to \$74.2 million at December 31, 2004 from \$72.8 million at September 30, 2004, primarily due to net income of \$1.5 million and a \$256,000 increase to additional paid in capital from the exercise of stock options and the vesting of shares associated with the Bank's benefit plans. Also increasing shareholders' equity were decreases of \$161,000 and \$132,000 in the equity components related to unearned shares issued to the Management Recognition and Development Plan and the Employee Stock Ownership Plan, respectively. Partially offsetting these increases to shareholders' equity was the payment of \$582,000 in dividends to shareholders and a \$154,000 increase in accumulated other comprehensive loss.

On February 27, 2004, the Company announced a plan to repurchase 360,670 shares of the Company's stock. This marked the Company's 12th stock repurchase plan. As of December 31, 2004, the Company has repurchased 214,086 of these shares at an average price of \$22.83 per share. Cumulatively the Company has repurchased 3,192,687 (48.3%) of the 6,612,500 shares that were issued when the Company went public in January 1998 at an average price of \$14.96 per share.

5

Comparison of Operating Results for the Three Months Ended December 31, 2004 and 2003

Net Income: Net income for the quarter ended December 31, 2004 was \$1.49 million, or \$0.40 per diluted share (\$0.42 per basic share) compared to \$1.39 million, or \$0.34 per diluted share (\$0.36 per basic share) for the quarter ended December 31, 2003. The \$.06 increase in earnings per share for the quarter ended December 31, 2004 was primarily a result of a \$657,000 (\$434,000 net of income tax - \$0.12 per diluted share) increase in net interest income after provision for loan losses, a \$426,000 (\$281,000 net of income tax - \$0.08 per diluted share) increase in non-interest income, and a lower number of weighted average shares outstanding which increased diluted earnings per share by approximately \$0.03. These items were partially offset by a \$934,000 (\$616,000 net of income tax - \$0.17 per diluted share) increase in non-interest expense.

Net Interest Income: Net interest income increased \$607,000 to \$5.47 million for the quarter ended December 31, 2004 from \$4.86 million for the quarter ended December 31, 2003, primarily due to increased interest income from a larger interest earning asset base. Total interest income increased \$562,000 to \$7.40 million for the quarter ended December 31, 2004 from \$6.84 million for the

## Edgar Filing: TIMBERLAND BANCORP INC - Form 8-K

quarter ended December 31, 2003 as average total interest earning assets increased by \$51.0 million. The increased interest earning asset balances were a result of investing the funds received in connection with the acquisition of deposits from Venture Bank. Partially offsetting the increased interest earning balances, was a reduction in the yield on assets. The yield on earning assets was 6.31% for the quarter ended December 31, 2004 compared to 6.54% for the quarter ended December 31, 2003.

Also contributing to the increased net interest income was a decrease in interest expense. Total interest expense decreased by \$45,000 to \$1.93 million for the quarter ended December 31, 2004 from \$1.98 million for the quarter ended December 31, 2003 as the Company's total cost of funds decreased to 1.92% from 2.30%. The lower funding costs were due in part to a change in the composition of interest-bearing liabilities, as average certificate of deposit accounts and FHLB advances decreased while N.O.W. checking accounts, a lower cost source of funds, increased.

As a result of these changes, the net interest margin increased to 4.66% for the quarter ended December 31, 2004 from 4.65% for the quarter ended December 31, 2003.

**Provision for Loan Losses:** The provision for loan losses for the quarter ended December 31, 2004 decreased \$50,000 from the quarter ended December 31, 2003 as there was no provision made during the current quarter. Even though the loan portfolio grew during the current quarter, the sale of the Bank's credit card portfolio, which carried the highest risk factors of any loan type, offset the need to increase the overall allowance for loan losses according to the Bank's comprehensive analysis. Management deemed the allowance for loan losses of \$3.99 million at December 31, 2004 (1.10% of loans receivable and 133.00% of non-performing loans) adequate to provide for probable losses based on an evaluation of known and inherent risks in the loan portfolio at that date. The allowance for loan losses was \$3.93 million (1.17% of loans receivable and 68.2% of non-performing loans) at December 31, 2003. The Company had a net recovery of \$3,000 for the current quarter compared to a net charge-off of \$15,000 in the same quarter of 2003.

The Company's non-performing assets to total assets ratio decreased to 0.63% at December 31, 2004 from 1.53% at December 31, 2003. The non-performing loan total of \$3.0 million at December 31, 2004 consisted of \$2.2 million in commercial real estate loans, \$349,000 in commercial business loans, \$333,000 in one-to-four family loans, \$115,000 in land loans, and \$6,000 in consumer loans.

**Non-interest Income:** Total non-interest income increased \$426,000 to \$1.44 million for the quarter ended December 31, 2004 from \$1.01 million for the quarter ended December 31, 2003, primarily due to \$249,000 increase in service charges on deposits, a \$135,000 increase in income from loan sales (gain on sale of loans and servicing income on loans sold), and a \$47,000 increase in ATM transaction fees. The increased service charges on deposits and the increased ATM transaction fees are primarily a result of the increased transaction account base acquired through the Venture Bank branch acquisition. The increased income from loan sales is primarily due to the sale of the Bank's \$1.5 million credit card portfolio, which resulted in a gain of \$245,000. Income from the sale of fixed rate one-to-four family loans decreased to \$42,000 for the quarter ended December 31, 2004 from \$152,000 for the quarter ended December 31, 2003 as fewer loans were sold. The Bank sold \$3.3 million in fixed rate one-to-four family mortgages during the quarter ended December 31, 2004 compared to \$10.2 million for the same period a year ago.

## Edgar Filing: TIMBERLAND BANCORP INC - Form 8-K

Non-interest Expense: Total non-interest expense increased by \$934,000 to \$4.76 million for the quarter ended December 31, 2004 from \$3.83 million for the quarter ended December 31, 2003, as the Bank acquired seven branch offices and the associated employees from Venture Bank in October 2004. The increase is primarily a result of a \$478,000 increase in salaries and employee benefits, \$183,000 in expenses associated with the branch acquisition, a \$85,000 core deposit intangible amortization expense, a \$66,000 increase in postage and courier expense, a \$59,000 increase in legal and professional fees, and a \$49,000 increase in premises and equipment expenses. The increased employee expenses are primarily due to the larger employee base resulting from the branch acquisition, annual salary adjustments, and increased medical insurance costs.

The Company's efficiency ratio increased to 68.92% for the quarter ended December 31, 2004 from 65.13% for the quarter ended December 31, 2003 and from 66.79% for the quarter ended September 30, 2004. Directly impacting the current quarter's higher ratio was the acquisition of seven branches as discussed above.

7
