YOUR VOTE IS IMPORTANT!

**VOTE THE WHITE PROXY CARD TODAY “FOR” THE AMALGAMATION AGREEMENT BETWEEN
PARTNERRE AND AXIS CAPITAL**

Dear PartnerRe Shareholder:

At the Special Meeting of Shareholders to be held on July 24, 2015, you will be asked to make an important decision related to your investment in PartnerRe and the future of the Company.

The PartnerRe Board's number one objective is to achieve the best outcome for all the Company's constituents, including our shareholders. Over the past several years we have engaged in a thorough process to explore various strategic options and a range of potential transactions with companies in the reinsurance and primary insurance markets, including considering if an outright sale made sense.

After evaluating this full range of alternatives, it became clear that merging with AXIS Capital – a strategic partner with a roughly even split of reinsurance and insurance businesses – is the most compelling opportunity for our shareholders at this time. This merger of equals was unanimously approved by the Boards of Directors of both companies.

The merged company will be an industry powerhouse – stronger, more diversified, less volatile, and highly capital efficient – with gross premiums written in excess of \$10 billion, approximately \$13 billion of combined shareholders equity, as well as cash and invested assets of more than \$31 billion.

The PartnerRe Board recommends that shareholders vote “FOR” the amalgamation agreement between PartnerRe and AXIS Capital to create a world-class global insurance/reinsurance company built to perform through secular and cyclical change and drive superior and stable value creation. **Please use the enclosed WHITE proxy card to vote today – by telephone, by Internet, or by signing, dating and returning the enclosed WHITE proxy card in the postage-paid envelope provided.**

Together, PartnerRe and AXIS Capital will be the “go to” market for clients, driving tremendous growth opportunities.

The combined company will be a *top five global reinsurer with increased scale and relevance*. In addition to greater business opportunities and the ability to expand the breadth of our products globally, the combined company will have a *leading specialty insurance franchise* and will be well positioned to *take advantage of growth opportunities* in the specialty insurance and life, accident and health markets throughout the world.

Combination results in double-digit EPS accretion and meaningful ROE expansion.

The financial rationale for the merger is clear.

We believe the merger *will result in double-digit earnings per share (“EPS”) accretion and a return on equity (“ROE”) of over 12%*. We see this combination adding over 3.5% of ROE accretion by 2017, which will *make us one of the premier performing companies in insurance and reinsurance*, and we expect to have the highest ROE within our peer group. We believe the combined company’s high ROE and low volatility profile will support a premium valuation relative to its peers.

Increased balance sheet strength and capital generation will provide flexibility in the deployment of capital, including reinvestment in the business, *the return of \$750 million to shareholders* immediately following closing, and an *additional \$2.2 billion of buybacks and dividends expected* through 2017, equivalent to 100% of operating earnings.

With four clear profitability drivers – *synergies, capital management, third party capital, and growth opportunities* – we are confident that we will have the necessary tools to become a market leader while creating sustainable value for our shareholders.

The merger will accelerate leadership in key markets while also making your Company more efficient.

The enhanced scale and breadth of the combined platform will better position your company to benefit from the growth in alternative capital vehicles that stand to *generate over \$60 million in annual fees and free up additional capital*, allowing further room for growth.

With the availability of third party alternative capital, the combined entity will create meaningful opportunities to leverage franchises, offer a broader range of cost effective solutions, generate attractive fee revenue, and release additional capital.

The combined company’s leadership team has extensive experience in successful expense reduction initiatives and *has a clear path to deliver at least \$200 million in identifiable and concrete cost synergies* once fully integrated.

The merger provides strength for a continued dividend

for holders of Common and Preferred shares.

Voting “FOR” the transaction is the best way to protect your investment and your dividend.

PartnerRe and AXIS Capital currently have A- Long-Term Ratings with “Stable Outlooks” from S&P. In addition, both PartnerRe and AXIS Capital are currently rated A+ by AM Best and S&P with respect to each Company’s financial strength. These strong ratings from leading global investor rating services result in a rating for preferred securities of BBB, reflecting the meaningful security of your dividends and the value of your investment.

Based on our analysis and initial feedback from the rating agencies, we are confident that these ratings would remain at their current strong levels upon closing of the agreed transaction with AXIS Capital and into the future. Importantly, for holders of preferred shares, the *current rating on PartnerRe Preferred Securities is unlikely to change.*

Your investment in the capital structure of the new merged Company will be supported by a stronger combined balance sheet and an increased equity base, and your dividend stream will be supported by the greater earnings of the merged Company.

The PartnerRe-AXIS Capital merger is the right path forward for your Company.

We are confident in the strategic and financial merits of PartnerRe’s combination with AXIS Capital, and we believe there is significant long-term economic value to be generated for PartnerRe shareholders.

As we look toward the future, we see significant opportunities for growth that will drive profitability while continuing to maintain an attractive and diverse risk portfolio. This is the best value proposition for you and we urge you to vote “FOR” the amalgamation agreement between PartnerRe and AXIS Capital today.
