Amended and Restated Pattern Development 1.0 Purchase Rights Agreement

On June 16, 2017, Pattern Energy Group Inc. (the “**Company**”, “**we**” or “**us**”) entered into the Amended and Restated Purchase Rights Agreement (the “**A&R 1.0 PRA**”) that amends and restates that certain Purchase Rights Agreement, dated as of October 2, 2013, by and among Pattern Energy Group LP (“**Pattern Development 1.0**”), the Company, Pattern Energy Group Holdings LP (solely with respect to Article IV therein) and Pattern Energy GP LLC (the “**Original 1.0 PRA**”), which was filed as Exhibit 10.3 to the Company’s Current Report on Form 8-K (File No. 001-36087) filed on October 2, 2013 (the “**Original 1.0 PRA 8-K**”) and is incorporated by reference herein.

The A&R 1.0 PRA modifies certain terms of the Original 1.0 PRA by, among other things, (a) expanding our first offer rights with respect to power generation or transmission facilities or projects that Pattern Development 1.0 decides to sell (other than certain projects that have been designated for transfer to Pattern Energy Group 2 LP (“**Pattern Development 2.0**” and together with Pattern Development 1.0, “**Pattern Development**”)) (which we refer to as our “**1.0 Project Rights**”) by allowing us to submit a Final Rights Project Offer (as defined therein) in the event Pattern Development 1.0 rejects a First Rights Project Offer (as defined therein) or we decline to submit a First Rights Project Offer; (b) allowing us to assign our right to submit a Final Rights Project Offer to Public Sector Pension Investment Board (“**PSP Investments**”) as contemplated by the Joint Venture Agreement (as defined below); (c) amending the term of our 1.0 Project Rights so that such rights survive until either (i) we deliver to Pattern Development 1.0 three First Rights Project Declinations (as defined therein) with respect to operational or construction-ready projects (other than the Conejo Project (as defined therein)) for which no Final Rights Project Offer is made or (ii) Pattern Development 1.0 is wound up in accordance with its governing documents; (d) specifying that, if Pattern Development 1.0 rejects our offer to acquire a project, such project can only be sold to a third party at a price that, in addition to being greater than or equal to 105% of our offer price (which was an existing requirement under the Original 1.0 PRA), is also greater than the Final Offer Price (as defined therein), if any and (e) setting forth a form of Purchase and Sale Agreement for acquisitions of projects pursuant to the A&R 1.0 PRA.

The A&R 1.0 PRA was recommended by the Conflicts Committee of our Board of Directors, which is comprised solely of independent directors, for approval by our Board of Directors, and was subsequently approved by our Board of Directors.

A copy of the A&R 1.0 PRA is attached as Exhibit 10.1 hereto and is incorporated by reference herein. The foregoing descriptions of the Original 1.0 PRA and the A&R 1.0 PRA do not purport to be complete and are qualified in their entirety by reference to the Original 1.0 PRA 8-K and Exhibit 10.1 hereto, respectively.

Amended and Restated Pattern Development 2.0 Purchase Rights Agreement

On June 16, 2017, we entered into the Amended and Restated Purchase Rights Agreement (the “**A&R 2.0 PRA**” and together with the A&R 1.0 PRA, the “**A&R PRAs**”) that amends and restates that certain Purchase Rights Agreement, dated as of December 8, 2016, by and among Pattern Development 2.0, the Company, Pattern Energy Group Holdings 2 LP (“**PEGH 2**”) (solely with respect to Article III therein) and Pattern Energy Group Holdings GP 2 LLC (the “**Original 2.0 PRA**”), which was filed as Exhibit 10.1 to the Company’s Current Report on Form 8-K (File No. 001-36087) filed on December 14, 2016 (the “**Original 2.0 PRA 8-K**”) and is incorporated by reference herein.

The A&R 2.0 PRA modifies certain terms of the Original 2.0 PRA by, among other things, (a) expanding our first offer rights with respect to power generation, storage or transmission facilities or projects that Pattern Development 2.0 decides to sell (which we refer to as our “**2.0 Project Rights**” and, together with the 1.0 Project Rights, the “**Project Rights**”) by allowing us to submit a Final Rights Project Offer (as defined therein) in the event Pattern Development 2.0 rejects a First Rights Project Offer (as defined therein) or we decline to submit a First Rights Project Offer; (b) allowing us to assign our right to submit a Final Rights Project Offer to PSP Investments as contemplated by the Joint Venture Agreement; (c) modifying Pattern Development 2.0’s right to transfer a project to, and PEGH 2’s or Pattern Development 2.0’s, as applicable, right to transfer a material portion of the equity interests or all or substantially all of the assets of Pattern Development 2.0 (a “**PEG 2.0 Interest**”) to a third party if Pattern Development 2.0 or PEGH 2, as applicable, rejects our offer to acquire the applicable project or PEG 2.0

Interest, by, among other things, (i) increasing the “clearing price” at which the project or PEG 2.0 Interest can be sold to 110% (as opposed to 105%) of the applicable Project Offer Price or PEG 2 LP Offer Price (as such terms are defined therein), (ii) in the case of a project, requiring that it be sold at a price greater than 100% of the Final Offer Price (as defined therein), if any and (iii) obligating Pattern Development 2.0 or PEGH 2, as applicable, to, subject to certain exceptions, sell the applicable project or PEG 2.0 Interest to us at a price equal to 96% of the Project Offer Price or PEG 2 LP Offer Price, as applicable, if Pattern Development 2.0 or PEGH 2, as applicable, does not enter into a definitive agreement to sell such project or PEG 2.0 Interest to a third party at a price equal to or greater than the clearing price within six months following its rejection of our offer (or does not consummate such transaction within twelve months following its rejection of our offer); (d) amending the term of our 2.0 Project Rights so that such rights survive until Pattern Development 2.0 is wound up in accordance with its governing documents; (e) giving us the right to acquire any Early Stage Project or Mid-Stage Project (as such terms are defined therein) that is abandoned by Pattern Development 2.0 at a price equal to Pattern Development 2.0’s cost basis in such project (as well as, in the case of a Mid-Stage Project, an earn-out payment to be paid to Pattern Development 2.0 if we subsequently sell such project to a third party) and requiring that Pattern Development 2.0 promptly sell (subject to our 2.0 Project Rights) any Advanced Project (as defined therein) that it abandons; (f) setting forth a form of Purchase and Sale Agreement for acquisitions of projects pursuant to the A&R 2.0 PRA and (g) providing us the option, if Pattern Development 2.0 rejects a development project that is offered for sale by a third party, to acquire such project directly from such third party.

The A&R 2.0 PRA was recommended by the Conflicts Committee of our Board of Directors, which is comprised solely of independent directors, for approval by our Board of Directors, and was subsequently approved by our Board of Directors.

A copy of the A&R 2.0 PRA is attached as Exhibit 10.2 hereto and is incorporated by reference herein. The foregoing descriptions of the Original 2.0 PRA and the A&R 2.0 PRA do not purport to be complete and are qualified in their entirety by reference to the Original 2.0 PRA 8-K and Exhibit 10.2 hereto, respectively.

Second Amended and Restated Non-Competition Agreement

On June 16, 2017, we entered into the Second Amended and Restated Non-Competition Agreement, by and among Pattern Development 1.0, the Company and Pattern Development 2.0 (the “**Second A&R Non-Competition Agreement**”), which further amends and restates the Amended and Restated Non-Competition Agreement, dated as of December 8, 2016, by and among Pattern Development 1.0, the Company and Pattern Development 2.0 (the “**Original Non-Competition Agreement**”), which was filed as Exhibit 10.3 to the Company’s Current Report on Form 8-K (File No. 001-36087) filed on December 14, 2016 (the “**Original Non-Competition Agreement 8-K**”) and is incorporated by reference herein. The Second A&R Non-Competition Agreement, among other things, grants Pattern Development 2.0 the exclusive right to pursue all power generation, storage or transmission development projects in the US, Canada and Mexico that have not completed construction, other than (a) development activities related to the expansion, improvement, enhancement, or protection of an existing power generation, transmission or storage facility that we may, directly or indirectly, manage or majority own from time to time; (b) continued development by Pattern

Development 1.0 of projects not transferred to Pattern Development 2.0; (c) development projects acquired by us or PSP Investments pursuant to the A&R PRAs and (d) projects that have achieved or issued, or are likely to achieve or issue within thirty days of closing an acquisition of such project, readiness for construction financing or issuance of full notice to proceed. The Second A&R Non-Competition Agreement does not restrict us from acquiring any company or business that is principally engaged in the business of owning and operating renewable energy facilities. However, if we desire to purchase a portfolio of projects that contains a mix of development, construction and/or operating projects, we are required to reasonably cooperate with Pattern Development 2.0 to divide such portfolio so that Pattern Development 2.0 may acquire the development projects in such portfolio and we may acquire the construction and operating projects in such portfolio. At any time that Tokyo, Japan-based Green Power Investment Corporation (“**Green Power**”) is majority owned by either us, Pattern Development 1.0 or Pattern Development 2.0, the Second A&R Non-Competition Agreement grants such majority owner exclusive development rights over power generation, storage or transmission projects in Japan (subject to the same exceptions set forth above in clauses (a) through (d) and the above provisions regarding operating businesses and the division of project portfolios). Pattern Development 1.0 currently owns a majority interest in Green Power.

The Second A&R Non-Competition Agreement shall terminate (a) with respect to Pattern Development 1.0, upon the termination of our collective purchase rights under the A&R 1.0 PRA and (b) with respect to Pattern Development 2.0, upon the termination of our collective purchase rights under the A&R 2.0 PRA or the earlier

wind-up of Pattern Development 2.0 or the valid rejection by Pattern Development 2.0 of three or more First Rights Project Offers (as defined in the A&R 2.0 PRA) representing a cumulative net capacity of at least 600 megawatts.

The Second A&R Non-Competition Agreement was recommended by the Conflicts Committee of our Board of Directors, which is comprised solely of independent directors, for approval by our Board of Directors, and was subsequently approved by our Board of Directors.

A copy of the Second A&R Non-Competition Agreement is attached as Exhibit 10.3 hereto and is incorporated by reference herein. The foregoing description of the Original Non-Competition Agreement and the Second A&R Non-Competition Agreement do not purport to be complete and are qualified in their entirety by reference to the Original Non-Competition Agreement 8-K and Exhibit 10.3 hereto, respectively.

Investment in PEGH 2

On June 16, 2017, we entered into the Second Amended and Restated Agreement of Limited Partnership of PEGH 2, dated as of June 16, 2017, by and among PEGH 2, the Class A Limited Partners set forth therein and the

Class B Limited Partners set forth therein (the “**A&R PEGH 2 LPA**”). Pattern Development 2.0 is a wholly owned subsidiary of PEGH 2. In July 2017, PEGH 2 is expected to receive funds pursuant to a capital call under the A&R PEGH 2 LPA (the “**Initial PEGH 2 Capital Call**”) from new limited partners (including us) in PEGH 2 (the “**New PEGH 2 Investors**”) to, among other things, (a) redeem approximately 49% of the total ownership interests held by existing limited partners in PEGH 2 (the “**Legacy PEGH 2 Investors**”), (b) acquire certain development assets from Pattern Development 1.0, and (c) provide working capital for general business purposes. After the funding of the Initial PEGH2 Capital Call (in which only the New PEGH 2 Investors will participate) and the consummation of the foregoing redemption of the Legacy PEGH 2 Investors’ ownership interests, the Legacy PEGH 2 Investors will hold approximately 31% of the total ownership interests in PEGH 2 (with the remaining approximately 69% of the total ownership interests in PEGH 2 being held by the New PEGH 2 Investors). In connection with the Initial PEGH2 Capital Call, we anticipate making an initial capital contribution to PEGH 2 of approximately \$60,000,000 (equating to approximately 29% of the total Initial PEGH 2 Capital Call), in exchange for an approximately 20% ownership interest in PEGH 2 (equating to approximately 29% of the 69% ownership interest in PEGH 2 held by the New PEGH 2 Investors immediately after the Initial PEGH 2 Capital Call). Under the A&R PEGH 2 LPA, we have also committed to contribute up to an additional approximately \$240,000,000 to PEGH 2 in one or more subsequent rounds of financing, which could result in our ownership interest in PEGH 2 increasing to up to approximately 29%. If we do not participate in such subsequent rounds of financing, our ownership interest in PEGH 2 may be diluted on a *pro rata* basis based on fair market value. We also have certain rights under the A&R PEGH 2 LPA to cause the dissolution of PEGH 2, including (a) at any time following the fifth anniversary of the date PEGH 2 issues its first capital call on or after June 16, 2017 and (b) at any time following PEGH 2’s board of directors’ rejection of three or more of our First Rights Project Offers or First Rights PEG 2 LP Offers (each as defined in the A&R 2.0 PRA) representing a cumulative net capacity of at least 600 megawatts.

The entry into the A&R PEGH 2 LPA was recommended by the Conflicts Committee of our Board of Directors, which is comprised solely of independent directors, for approval by our Board of Directors, and was subsequently approved by our Board of Directors.

A copy of the A&R PEGH 2 LPA is attached as Exhibit 10.5 hereto and is incorporated by reference herein. The foregoing description of the A&R PEGH 2 LPA does not purport to be complete and is qualified in its entirety by reference to such exhibit.

PSP Investments will invest in alongside us (although PSP Investments has no commitment to provide any such financing) and (c) we may add a person that has been designated by PSP Investments to our Board of Directors promptly following the PSP Compliance Date (as defined therein). The purchase price paid by PSP Investments under each of the Meikle PSA, the MSM PSA and the PH2 PSA (each defined below) will be applied towards the PSP Investments Co-Investment Amount. Under the Joint Venture Agreement we have also agreed to, in certain limited circumstances, allow PSP Investments to cause the early termination of contracts between PEGI and a jointly owned project, including the Sponsor Services Agreement (defined below) and the applicable MOMAs and PAAs (as defined therein) and have waived any early termination fees in those circumstances. In connection with the Joint Venture Agreement and the PEGI Share Acquisition (defined below), PSP Investments also agreed to a customary “standstill” for a period of twelve months.

The Joint Venture Agreement was recommended by the Conflicts Committee of our Board of Directors, which is comprised solely of independent directors, for approval by our Board of Directors, and was subsequently approved by our Board of Directors.

Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

During the course of planning and structuring the transactions contemplated by the agreements described in Item 1.01, in light of the additional workload required by each of Michael J. Such review considered the following factors:

A consideration of the base salaries of Mr. Lyon and Mr. Pedersen compared to persons holding comparable positions at the Company's peers;

The leadership efforts and additional workload placed upon Mr. Lyon and Mr. Pedersen in connection with the planning, structuring, negotiation, and execution of the agreements described under Item 1.01 and the consummation of the transactions contemplated thereby; and

A desire to continue to motivate and retain Mr. Lyon and Mr. Pedersen.

After consideration, a determination was made to make the following adjustments for each of Mr. Lyon and Mr. Pedersen effective and contingent upon the execution of the agreements described under Item 1.01 of this Current Report on Form 8-K:

A special one-time award of vested restricted shares amounting to \$250,000 to be issued under the Company's Equity Incentive Award Plan. The number of shares is determined based upon the Company's trailing 20 trading day volume weighted average share price for the period ending on and including one trading day prior to the execution of the agreements described under Item 1.01; and

A special one-time cash bonus of \$250,000.

Item 7.01. Regulation FD Disclosure.

(2) Represents year of actual or anticipated commencement of commercial operations.

(3) Rated capacity represents the maximum electricity generating capacity of a project in MW. The amount of electricity generated may vary based on a variety of factors.

Pattern Development-Owned capacity represents the maximum, or rated, electricity generating capacity of the (4) project in MW multiplied by Pattern Development 1.0's or Pattern Development 2.0's percentage ownership interest in the distributable cash flow of the project.

From time to time, we conduct strategic reviews of our markets. We have been conducting a strategic review of the market, growth, and opportunities in Chile. In the event we believe we can utilize funds that have already been (5) invested in Chile or funds that might otherwise be invested in Chile in a more productive manner elsewhere that could generate a higher return on investment, we may decide to exit Chile for other opportunities with greater potential. In addition, Pattern Development 1.0 is also concurrently exploring strategic alternatives for its assets in Chile.
