NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

(1) Basis of Presentation

The consolidated financial statements included herein include the accounts of A.C. Moore Arts & Crafts, Inc. and its wholly owned subsidiaries (collectively the "Company"). The Company is a chain of 55 retail stores selling arts and crafts merchandise. The stores are located throughout the Eastern United States.

These financial statements have been prepared by management without audit and should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000. Due to the seasonality of the Company's business, the results for the interim periods are not necessarily indicative of the results for the year. The accompanying consolidated financial statements reflect, in the opinion of management, all adjustments necessary for a fair presentation of the interim financial statements. In the opinion of management, all such adjustments are of a normal and recurring nature.

Edgar Filing: A C MOORE ARTS & CRAFTS INC - Form 10-Q

(2) Management Estimates

The preparation of these consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reported period and related disclosures. Significant estimates made as of and for the three and six month periods ended June 30, 2001 and 2000 include provisions for shrinkage, capitalized buying, warehousing and distribution costs related to inventory and markdowns of merchandise inventories. Actual results could differ materially from those estimates.

(3) Earnings Per Share

The weighted average shares outstanding plus impact of stock options for the three and six month periods ended June 30, 2001 excludes potentially dilutive shares as the result would be antidilutive.

(4) New Accounting Standard

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards ("SFAS") No. 133, Accounting for Derivative Instruments and Hedging Activities, which requires that all derivative financial instruments be recognized as either assets or liabilities in the balance sheet. SFAS No. 133, which was effective for the Company's first quarter of 2001, has not had a material impact on the Company's consolidated results of operation, financial position or cash flows.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis contains certain forward-looking statements. These forward-looking statements do not constitute historical facts and involve risks and uncertainties. Actual results could differ materially from those referred to in the forward-looking statements due to a number of factors, including, but not limited to, the following: customer demand, the effect of economic conditions, the impact of competitors' locations or pricing, the availability of acceptable real estate locations for new stores, difficulties with respect to new information system technologies, supply constraints or difficulties, the effectiveness of advertising strategies and the ability to meet capital needs. For additional information concerning factors that could cause actual results to differ materially from the information contained herein, reference is made to the information under the heading "Cautionary Statement Relating to Forward Looking Statements" in the Company's Annual Report on Form 10-K as filed with the Securities and Exchange Commission.

Due to the importance of the fall selling season, the fourth quarter has historically contributed, and the Company expects it will continue to contribute, disproportionately to the Company's profitability for the entire year. As a result, the Company's quarterly results of operations may fluctuate. In addition, results of a period shorter than a full year may not be indicative of results expected for the entire year.

Results of Operations

The following table sets forth, for the periods indicated, selected statement of

Three Months Ended June 30, 2001 Compared to Three Months Ended June 30, 2000

Net Sales. Net sales increased \$11.9 million, or 21.6%, to \$67.1 million in the three months ended June 30, 2001 from \$55.2 million in the comparable 2000 period. This increase resulted from (i) net sales of \$4.2 million from five new stores opened in 2001, (ii) net sales of \$5.3 million from stores opened in 2000 not included in the comparable store base, and (iii) a comparable store sales increase of \$2.4 million, or 4%. Stores are added to the comparable store base at the beginning of the fourteenth full month of operation.

Gross Margin. Cost of sales includes the cost of merchandise, plus certain distribution and purchasing costs. Cost of sales increased \$7.3 million, or 21%, to \$42.3 million in the three months ended June 30, 2001 from \$34.9 million in the three months ended June 30, 2000. The gross margin increased \$4.6 million, or 22.7%, to \$24.9 million in the three months ended June 30, 2001 from \$20.3 million in the three months ended June 30, 2000. The gross margin increased to 37.0% of net sales in the three months ended June 30, 2001 from 36.7% in the three months ended June 30, 2000. The increase is due to cost reductions achieved from our vendors and leveraging of our buying and distribution expense, offset by higher freight costs.

Selling, General and Administrative Expenses. Selling, general and administrative expenses include (a) direct store level expenses, including rent and related operating costs, payroll, advertising, depreciation and other direct

Edgar Filing: A C MOORE ARTS & CRAFTS INC - Form 10-Q

costs, and (b) corporate level costs not directly associated with or allocable to cost of sales including executive salaries, accounting and finance, corporate information systems, office facilities and other corporate expenses. Selling, general and administrative expenses increased \$4.8 million, or 24.1%, in the three months ended June 30, 2001 to \$24.7 million from \$19.9 million in the three months ended June 30, 2000. Of the increase, \$3.7 million was attributable to the stores opened in 2001 which were not open during 2000 and the stores opened in 2000 not in the comparable store base. Of the remainder, \$800,000 is due to increases in the comparable stores and \$300,000 is attributable to the increase in corporate costs to support the growth of the Company. As a percentage of sales, selling, general and administrative costs increased to 36.8% of net sales in the three months ended June 30, 2001 from 36.1% of net sales in the three months ended June 30, 2000. This increase is primarily due to newer stores, which, on average, have higher operating costs as a percent of sales than older stores.

Store Pre-Opening Expenses. The Company expenses store pre-opening expenses as incurred. Pre-opening expense for the two new stores opened in the second quarter of 2001, the new store which opened in July and one store which was relocated amounted to \$374,000. In the second quarter of 2000, the Company incurred store pre-opening costs of \$311,000 related to the three stores opened in that quarter.

Net Interest Expense (Income). In the second quarter of 2001, the Company had net interest expense of \$149,000 compared with interest expense of \$12,000 in 2000. The change is due to the use of short-term borrowing to fund the new stores added in 2000 and 2001.

Income Taxes. The Company's effective income tax rate was 38.0% for both the second quarters ended June 30, 2001 and June 30, 2000.

Six Months Ended June 30, 2001 Compared to Six Months Ended June 30, 2000.

Net Sales. Net sales increased \$25.6 million, or 23.7%, to \$133.6 million in the six months ended June 30, 2001 from \$108.0 million in the comparable 2000 period. This increase resulted from (i) net sales of \$6.5 million from five new stores opened in 2001, (ii) net sales of \$14.9 million from stores opened in 2000 not included in the comparable store base, and (iii) a comparable store sales increase of \$4.2 million, or 4%.

Gross Margin. Cost of sales increased \$15.9 million, or 23.4%, to \$84.2 million in the six months ended June 30, 2001 from \$68.3 million in the six months ended June 30, 2000. The gross margin increased \$9.6 million, or 24.3%, to \$49.3 million in the six months ended June 30, 2001 from \$39.7 million in the six months ended June 30, 2000. The gross margin increased to 36.9% of net sales in the six months ended June 30, 2001 from 36.7% in the six months ended June 30, 2000.

Selling, General and Administrative Expenses. Selling, general and administrative expenses increased \$9.6 million, or 25.0% in the six months ended June 30, 2001 to \$48.2 million from \$38.5 million in the six months ended June 30, 2000. Of the increase, \$7.6 million was attributable to the stores opened in 2001 which were not open during 2000 and the stores opened in 2000 not in the comparable store base. Of the remainder, \$1.2 million is due to increases in the comparable stores and \$800,000 is attributable to the increase in corporate costs to support the growth of the Company. As a percentage of sales, selling, general and administrative costs increased to 36.0% of net sales in the six months ended June 30, 2001 from 35.6% of net sales in the six months ended June

Edgar Filing: A C MOORE ARTS & CRAFTS INC - Form 10-Q

30, 2000. This increase is primarily due to the newer stores which, on average, have higher operating costs as a percent to sales than older stores.

Store Pre-Opening Expenses. Pre-opening expense for the five new stores opened in the first half of 2001, the new store which opened in July and two stores which were relocated during the period amounted to \$1.4 million. In the first six months of 2000 the Company opened five new stores and incurred pre-opening expenses of \$956,000.

Net Interest Expense (Income). In the first six months of 2001 the Company had net interest expense of \$181,000 compared with interest income of \$54,000 in 2000. The change is due to the use of short term borrowing to fund the new stores added in 2000 and 2001.

Income Taxes. The Company's effective income tax rate was 38.0% for both the six month periods ended June 30, 2001 and June 30, 2000.

Liquidity and Capital Resources

The Company's cash needs are primarily for working capital to support its inventory requirements and capital expenditures, store pre-opening costs and beginning inventory for new stores.

At June 30, 2001 and December 31, 2000 the Company's working capital was \$46.4 million and \$47.2 million, respectively. Cash used in operations was \$21.6 million for the six months ended June 30, 2001 primarily as a result of the seasonal reduction of accounts payable and accrued liabilities in the amount of \$10.4 million, payments for income taxes of \$3.1 million and an increase in inventory of \$10.1 million to support the new stores and as a result of accelerating the receipt of product for the fall and Christmas seasons.

9

Net cash used in investing activities during the six months ended June 30, 2001 was \$4.8 million. This use of cash was for capital expenditures, primarily related to new stores. In 2001, the Company expects to spend approximately \$11.0 million on capital expenditures, which includes approximately \$9.0 million for new store openings, and the remainder for remodeling and systems in existing stores, warehouse equipment and systems development. There are no other material commitments for capital expenditures other than new store openings in the next 12 months.

Net cash provided by financing activities includes \$17.5 million in borrowings under the Company's \$25 million revolving credit facility and \$2.8 million of proceeds from capital leases. The proceeds were used to fund new store openings, including related capital expenditures.

On August 3, 2001 the Company signed a new \$50 million three year revolving credit agreement with KeyBank, agent, and First Union National Bank. Borrowings under the credit agreement will bear interest rates that will vary between LIBOR plus 150 basis points and LIBOR plus 200 basis points, depending on the fixed charge coverage ratio. The Company believes the cash generated from operations during the year and available borrowings under the new financing agreement will be sufficient to finance its working capital and capital expenditure requirements for at least the next 12 months.
